Attend the Community Thanksgiving Hour To Be Held In The First Baptist Church, November 26 At 7:30 P. M. A Very Enjoyable Joint Program Will Be Given, Including The High School Band!

## Terry Countians Have Much To Be Thankful For

### Winchell Describes A Communist

The following portion of a syndicated article appearing in the daily papers of Tuesday, Nov. 11, by Walter Winchell, is just about as good description of a communist and their changeable attitude, as we have seen. Up until Hitler attacked Russia in June 1941, the commies in the USA were doing their dead level best to stop all preparedness preparation in the USA. Next day after Stalin's armies were being attacked, they were howling like wolves for the United States to get in the war against Germany.

start another war for profit... A Communist is a guy who picketed the White House when Hitler and Stalin were sweethearts and then stopped picketing the White House when Hitler attacked Russia. "An American Red is a punko who called World War II 'an imperialistic struggle' on June 20, 1941, the day before Mr. Shickelgruber invaded Russia. And then called it 'a holy crusade' after the German Panzers hit the Russian border... A Communist was a foreign agent who cried for an American Army to open a second front in 1943. And then belloyed: 'Bring the boys home!' in 1946... A Communist is sure that Wall Street is crushing the Bill of Rights but agrees the Soviet

## State Bank Deposits Goes Over \$7,000,000

The deposits of the Brownfield State Bank have passed the seven million mark and still going up, according to J. O. Gillham, President. Mr. Gillham would not hazard a guess at what the total may be by the end of the year, but was certain that the top has not been reached. Mr. Gillham also announced that a stockholders meeting had been called for early in December to vote on raising the capital of the bank to \$100,000.00. This increase in capital is necessary Mr. Gillham said, to take care of the rapid expansion of the bank's business and the continued growth of the community. This increase will be effected by a stock dividend of 33 1-0 per cent. This is the third time in the last five years that the capital of the bank has been raised. In 1943 a 100 per cent stock dividend was declared and another 50 per cent stock dividend was voted in 1946. These stock dividends have all been made in addition to regular cash dividends.

### Harvest Queen Returns From Hollywood

The first report of the Harvest Queen's Hollywood trip was given to the Herald by Minnie Hazel Bowman of the Go're Fashion Shop co-sponsor of Miss Glenna Winston, winner of the contest. The Queen, who was accompanied by her mother and Mrs. Bowman, arrived in Los Angeles a day late due to the grounding of her plane. The party checked into the Town House late Tuesday afternoon and dined at Ciro's famous restaurant that evening. The next day, Wednesday, was a busy one. It started with attendance at the NBC studio's for the Tom's Tomato Juice broadcast. Then lunch at the Brown Derby, a trip around town and dinner at the Town House as guests of the management. The evening was spent at the "Black-outs". Thursday, the Queen and her chaperons started the day as guests on Tom Brenneman's Breakfast Club Show and later they took part in the Bride and Groom broadcast. Lunch at Warner Studios was followed by a tour of the lot where they witnessed the filming of "Winter Meeting" with Bette Davis, Jim Davis and Janice Page. They also caught a glimpse of Errol Flynn who is working on a new thriller, "Don Juan".

**NATIONAL —**  
Truman has been warned that Russia is in a position to buy European political support with food at any time our export supplies run out... which may be next year.

**Eisenhower's Friends** believe that he is working under wraps until next April, when he will be trotted out as the most powerful dark horse in Republican memory.

**Congress and Marshall** may look horns over the secretary's spending ideas. Many Congressmen feel that General George is like all the rest of the generals in public office in that they all regard money as so much hay, to be tossed around by the bale.

**Admiral Louis E. Denfield** was appointed Chief of Naval Operations through the influence of Admiral Leahy, against the wishes of Defense Secretary Forrestal and Admiral Nimitz.

**Federal Controls** for business and the individual are being talked out, BUT, the Republicans control congress and they HATE CONTROLS — there should be no worry over the return of OPA.

**The New Air Force** had its wings clipped by James Forrestal. He decided that all three defense departments would submit their budget requests through his office... not separately as the Air Force had hoped. They had planned a big show before Congress.

**The Supreme Court**, according to Newsweek, rejected a \$3960.00 claim by two Idaho farmers for failure of their wheat crop. The farmers had failed to observe Federal Crop Insurance Corp regulations printed in the Federal Register. In dissenting, Justice Robert H. Jackson said sarcastically, "If every farmer were to peruse this dull publication, he would never need crop insurance, for he never would have time to plant any crops."

**PREDICTION**... three well known Air Force generals will be brought before the Senate Investigating Committee.

**TEXAS —**  
Story of the Week for Texans, regards Texas Congressman Teague. During his recent visit to Athens, Greece, he was introduced to his first drink of "Ouzo" the powerful Greek brandy, at an Embassy party. He drank one glass of it and noticed the furniture jumping around. "Plenty of power in that drink," said the bug-eyed Teague. "Not any more powerful than that Texas Red Eye," said the Ambassador, "We're having an earthquake."

**Hatton W. Summers**, veteran of 34 years in the House as Congressman from Texas is writing a book on the interpretation of the Constitution — it's a neat trick if he can do it.

**Big Spring, Howard County** — according to Matt Harrington, parade director, the biggest funnyman in the world will appear in the JayCees' Christmas parade Dec. 4th, he's just one of more than 50 mammoth balloon figures that will be part of the celebration... G. W. Chowns, Howard County director of the Bureau of Entomology numerous pink bollworms were discovered in trash from gins in that locality. He warns that 35 new counties have been infected this year... the H club held its third annual pig snow at the air field motor pool warehouse last Friday... Douglas Orme of this city was elected vice president of the Cosden Oil Corporation at a directors meeting in New York City last week... The Fall convention of the 19th American Legion District was held at Big Spring last Saturday. Howard County Post 355 was host. 19th District Commander, Bruce Zorns, of Brownfield presided. New membership was the most important subject on the agenda. A barbecue lunch was served Sunday noon and the meeting adjourned Sunday night.

**Plains, Yoakum County** — A meeting to organize an American Legion Auxiliary was held last Monday... the deep test Hall No. 1 well will be plugged back to 10,743 feet and will start producing at once.

### Brownfield Buries A War Victim

A large crowd of sympathizers, friends and relatives, Sunday received in their hearts as well as in fact, the first body of a World War II victim. Funeral services were conducted for Pfc. Jamie E. Smith, at the First Baptist church Sunday afternoon. Following funeral services the flag draped casket was carried to the Terry County Memorial cemetery, accompanied by a Guard of Honor of local Veterans organizations.

Pfc. Smith, entering the army from here, fell in the Battle of the Rhine, early in 1945. Pall bearers in uniform, were buddies in service at same time. Services conducted by Rev. Curtis Jackson of Plains, assisted by Pastor A. A. Brian at 2:30 p. m. Burial was directed by the Brownfield Funeral home.

### Election Notice To Land Owners

Soil Conservation election notices have been posted at Johnson, Tokio, and Wellman Communities calling attention to the election of one Supervisor on the night of December 5, 1947, in the Johnson school house at 7:30 P. M.

### Red Cross Meets At La Mecca Cafe

A special meeting of the Terry County Chapter, American Red Cross will be held Friday night, 7:30 P. M. at the La Mecca Cafe.

## To Hold Revival

WOODIE COLEMAN

The Church of the Nazarene located corner 2nd and Tate will begin a revival Sunday, November 30 to December 7, with a very outstanding Evangelist Rev. J. E. Moore of Dallas. Mr. Moore is well known throughout the South-west as a dynamic speaker and a great soul winner. You will enjoy his ministry.

Song services will be under the direction of Prof. Woodie Coleman of Bethany, Okla. Mr. Coleman is a student in Bethany Peniel College. You will hear the kind of singing you like in this meeting.

### Christmas Seal Sale Nov. 24 to Dec 25.

In a proclamation officially designating the period from November 24 to December 25 as Christmas Seal Month, Governor Beauford Jester pointed out yesterday that tuberculosis takes an average of 3,000 lives in Texas each year and kills more people between the ages of 15 and 45 than any other disease.

The Governor called attention to the fact that the Texas Tuberculosis Association and its affiliated county associations are waging an effective and continuous campaign to control this communicable disease, stating that the funds to carry on their work are derived from the annual sale of Christmas Seals. He urged Texans to be generous in their support of the campaign against tuberculosis by buying and using Christmas Seals.

### NEPHEW OF LOCAL WOMAN KILLED IN CAR WRECK

Mrs. R. H. McCormick of Lubbock Road was informed late last week that the young son of her brother, Henry Witt, was instantly killed in an automobile mishap near Farmington, N. M.

### Avalanche-Journal By-Liner Has Fun

A new to us Editorial Writer in the Sunday Avalanche-Journal popped up from behind his desk last week, with some stuff and comment of his own that he grabbed off south Plains weeklies. Copied just what he wanted from the Herald about our sewage system writup of a week or so ago, in which we stated we were glad that the west and north part of the city was to get a sewer line. His comment was to the effect that "he hoped (west siders) still had everything under control."

Likely the poor boy would like to leave the impression that he was never outside a big city limits, and didn't know what people do until they have sewage. He probably never saw a little "johnny house" about 4x6 with a sharp setting out in the back yard or in the peach orchard. Likely as not he never had the thrilling experience of visiting his grandpa's barn on a cold day, while visiting the old gent out in the country.

### Getting Cooperation On Mail Conditions

We wouldn't know whether or not our recent article on the slowness of incoming and outgoing mails got anything except lifted eyebrows from local people or the Chamber of Commerce. The citizens of Brownfield, or most of them perhaps are satisfied with conditions as is. At least we have had no other cooperation other than Postmaster James H. Dallas. Perhaps that is all that is needed.

### New Asst. Manager At Stell's Grocery

Mr. A. E. Burks, who was recently connected with a wholesale grocery house in Seagraves has been named assistant manager of the Stell Grocery store.

### James Lee Dies In Local Hospital

James Elmer Lee, 11, of O'Donnell died Monday morning in the Brownfield hospital.

### Melvin Lee Todd Dies Nov. 18th

Melvin Lee Todd, of Welch passed away November 18th at the age of 75. Interment was in the Fairview cemetery near Welch, November 19th. Elmer McClung of the Church of Christ of Lamesa officiated at the services.

### Unveiling of Christmas Windows Dec. 5th, 8 p. m.

The Jaycees are making their final plans for the big Christmas send-off next Friday at 8 p. m. The plans call for each merchant to dress his windows with Christmas merchandise. Special items or prices are to be featured.

### Survivors of Christmas Windows Dec. 5th, 8 p. m.

Survivors include his parents, Mr. and Mrs. Ernest Richard Lee, of Rt. 2, O'Donnell, eight brothers and one sister.

### Survivors of Christmas Windows Dec. 5th, 8 p. m.

Survivors are his wife, Mrs. Dovie Todd of Welch; five sons, J. C., Brownfield; W. S., Lamesa; M. L., jr., Hale Center; H. T. of Ashmore and B. L. off Welch. Two daughters, Mrs. Veleria Mercer, Lamesa and Mrs. Ruby Teague, Welch. Thirty-two grandchildren and 19 great grandchildren also survive.

According to the daily press, President Truman... The brass have acknowledged a miserable falling off of cadets to register for military training at West Point...

Some 45 carloads of food from Texas on the Friendship Train has left via Santa Fe for Chicago, free of charge. At the Windy City, the Chesapeake & Ohio will take the train on to Philadelphia...

Whatever the official position of America may be toward Europe there is no doubt that the people feel for the starving victims of the ruthless wars that have plagued Europe. The only thing that worries the average person in these United States about their donations for such things are CARE, the Friendship train and other demonstrations of the outpouring of mercy is that these good will offerings, prayerfully sent, may also fall into the hands of the same type of people whose greed and personal power have brought on the sufferings of that unhappy continent...

In order to settle our noon day lunch quickly, we usually read Gracie Allen's little sayso on the front page of the Star-Telegram. Monday, she had under consideration whether or not the English Labor Government would succeed in getting any work out of English peers, especially in the coal mines. Gracie rather suspected only document that we know of that never can be improved by the imagination of man.

The brass have acknowledged a miserable falling off of cadets to register for military training at West Point. And they profess they are unable to figure the reason. Everyone who is not a chump know the reason, and they know the brass know also. It is simply this: the reason that the general public and the young men who might go to the Military Academy are fed up on the many trials following the war, in which all the 3, 4 and 5 star boys did everything to shield fellow officers that made an ass of themselves during the war. Perhaps if the better grade of military men had helped to prosecute instead of shield the black sheep among them, the academy would soon reach the high standard it has known in the years past and gone. People have lost confidence in the run of the mine generals.

Whatever the official position of America may be toward Europe there is no doubt that the people feel for the starving victims of the ruthless wars that have plagued Europe. The only thing that worries the average person in these United States about their donations for such things are CARE, the Friendship train and other demonstrations of the outpouring of mercy is that these good will offerings, prayerfully sent, may also fall into the hands of the same type of people whose greed and personal power have brought on the sufferings of that unhappy continent...

Seven Texas Technological College students from Brownfield have recently pledged men's social clubs, the dean of men's office announces. F. F. McEwin, son of Mr. and Mrs. F. F. McEwin is pledging Kemas club. Pledging Socii club are Howard W. Brown, son of Mr. and Mrs. Wayne E. Brown; Robert Lee Craig, son of Mr. and Mrs. M. J. Craig; James W. Evans, son of Mrs. W. E. Lowe; Erwin and L. G. Moore, sons of Mr. and Mrs. L. G. Moore; and Robert B. White, son of Mr. and Mrs. William B. White.

Mrs. Henry Pulliam, one of family of three children to a pioneer family, Mr. and Mrs. M. E. Kinard, was in last week, and had the Herald sent to two of her sons by her first marriage, as a Christmas present. Mrs. Pulliam, better known to the old timers as Etta, stated that she did not know anything that the boys would appreciate more than a year's subscription to the Herald.

Legal Notice
L. C. PATRICK, PLAINTIFF
VS.
TED. B. SMITH, AMERICAN SURETY COMPANY OF N. Y. & TERRY COUNTY, TEXAS, DEFENDANTS
IN THE DISTRICT COURT OF TERRY COUNTY, TEXAS
Notice is hereby given that the above styled and numbered cause is now pending in the District Court of Terry County, Texas, wherein L. C. Patrick is plaintiff and Ted B. Smith, American Surety Company of New York and Terry County, Texas are defendants and numbered 3406 on the docket of said court.

Said suit is for the sum of \$3,109.66 alleged to be due and owing by defendants to plaintiff by reason of labor performed by plaintiff upon a public road construction job in Terry County, Texas, wherein Ted B. Smith was contractor, American Surety Company of New York was surety on said Contractors performance bond and Terry County, Texas let said contract.

This notice is given in accordance with Chapter 4 of Title 83 of the Revised Civil Statutes of Texas, 1925, and Amendments thereto, and all creditors of the said Ted B. Smith, contractor on said Terry County public road construction job are hereby given notice of the pendency of said suits and of their rights to intervene therein.

L. C. PATRICK, Plaintiff
BURTON G. HACKNEY, Brownfield, Texas, Attorney for Plaintiff.

Brownfield Students Pledge Clubs
Seven Texas Technological College students from Brownfield have recently pledged men's social clubs, the dean of men's office announces.

STOP DOSING YOUR STOMACH
WHEN constipation hangs on and you have that listless, "half alive" feeling chances are it's not your stomach but your intestinal tract that's at fault. Sluggish intestinal muscles permit waste to accumulate...

Vet Gets Break At Brownwood Sale
J. H. Childs, partially paralyzed Brownwood veterinarian, attended a WAA surplus sale at Camp Bowie last Thursday, hoping to buy a small building for use as a workshop.

Carroll Sisters Have Get-To-Gether
The Carroll sisters had the first reunion with all five present here over the week end in 20 years. Their father, the late J. W. Carroll passed away a few years ago, but their mother still survives and attended the reunion.

James Sandlin and family, Crowell; Mr. and Mrs. Henry Downing and family, Wichita Falls; Mr. and Mrs. Clarence Gremlin and family, Artesia, N. M.; Mr. and Mrs. Clarence Merritt and family, city. The brothers attending were Plato Carroll and family, Meadow, and Fowler Carroll and family, Crowell. About 59 in all attended the reunion.

Those attending were, the sisters, Mr. and Mrs. Elray Jones and family, city; Mr. and Mrs. James Sandlin and family, Crowell; Mr. and Mrs. Henry Downing and family, Wichita Falls; Mr. and Mrs. Clarence Gremlin and family, Artesia, N. M.; Mr. and Mrs. Clarence Merritt and family, city. The brothers attending were Plato Carroll and family, Meadow, and Fowler Carroll and family, Crowell. About 59 in all attended the reunion.

Be Quick To Treat Bronchitis
Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly silences the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

### Dr. I. Q. Joins Legion Post at Fort Wayne

FORTWAYNE, Ind.—The original and only Dr. I. Q. is now a member of Fort Wayne Post 47 of The American Legion.

Lew W. Valentine, nationally known as Dr. I. Q., on a network program of that name, was enrolled in the local post, the largest in Indiana, by Henry Poinsett, chairman of membership. Valentine joined the local post while appearing in the Dr. I. Q. show here.

Valentine gave his home as San Antonio, Texas. He entered World War II military service in Chicago, Ill., and served approximately three years in the U. S. Army.

### MEADOW CLUB REPORT

The Meadow H D Club held a regular meeting November 18 in the home of Mrs. Will Bell.

Minutes were read and approved. Council and committee reports were given.

The club voted to have two regular meetings in December, one being the Christmas party.

The annual Thanksgiving party will be in the home of Mrs. Will Bell.

Miss Dunlap gave a very interesting program on curing meats, greening plantings and cutting buds.

Refreshments of sandwiches, potato chips, coffee and cake were served to Mesdames J. C. Finley, W. J. Moss, Sam Gossett, M. Tournough, Lillian Doak, Miss Dunlap, a new member, Mrs. Eva Hicks and the hostess.

The meeting adjourned to meet Dec. 5 in the home of Mrs. Sam Gossett.

Don't let the milk wait on the door step or on the kitchen table after delivery; delay in refrigeration robs milk of food values and hastens spoilage.

### Super-Cushion On All Chrysler Models

Use of the Goodyear Super-Cushion tire as original equipment has been extended to all cars in the Chrysler line effective November 20. Chrysler, the first car manufacturer to use this new type of car, began putting it on all eight cylinder models about three months ago.

Reports from owners of Chrysler eights indicate enthusiastic reception of the Super-Cushion tire, for which the manufacturer claims an entirely different and superior kind of a ride, including increased comfort, greater handling ease, added safety features and less drive fatigue. Also claimed is greater tire mileage and less general wear and tear in the car because of the reduction of road shocks.

### Shannon Didn't Help Eject Hecklers

Rev. R. L. Shannon was in this week from Meadow, and mentioned the fact that he attended the State Baptist convention at Amarillo. Gunningly, we asked if he helped to eject the Norris hecklers last week. Rev. Shannon is a large, muscular man, who looks like he might eject a bull from a china shop.

But he is a very good natured man. He grinned and stated that at the time of the disturbance, he was at another place, as they are figuring on building a new Baptist church at Meadow. However, he announced that the buildings plans were not far enough along to announce them yet.

There are 461 million acres of commercial forest area in America, of which 75 per cent is privately owned and 25 per cent by the federal government, states and municipalities.

### Officers Helping The County Treasury

Local Peace Officers, through the County Court, added some \$300.00 to the County Treasury last week end.

Fines were assessed against two colored men, one charged with carrying a pistol, another for bootlegging and a white man for driving a car while drunk.

Several minor cases were also put in the judicial mill.

### Bids Wanted

The 13 school buses owned by the Brownfield school, according to new regulations by the State Highway Department will have to be repainted. For information on painting see Odie Kelly at the Bus Barn. Any one wishing to bid on the job, send or bring your bid to E. G. Brownlee, Box 392, Brownfield, Texas, or Supt. S. P. Cowan, care of High School, in the city of Brownfield. You, who have already placed bids, if desired, may make another bid.

Brownfield School Board. 18c

Texas leads all other states in the production of wool, with an average annual production in excess of 100 million pounds.

### CITATION BY PUBLICATION THE STATE OF TEXAS TO: THOMAS E. COBB GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 5th day of January, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said Plaintiff's petition was filed on the 18th day of November, 1947.

The file number of said suit being No. 3398.

The names of the parties in said suit are: Anna Lou Cobb as Plaintiff, and Thomas E. Cobb as Defendant.

The nature of said suit being substantially as follows, to-wit:

Plaintiff alleges that she and defendant were married on or about April 22, 1939; that they continued to live together as husband and wife until on or about February 4, 1947; that defendant was unkind, harsh and cruel to her; that he was a drunkard; that he often cursed and abused plaintiff and beat her; that they have

### Recent Bits of Local News—About Folks You Know

Mrs. A. Z. Couch, of Plainview were guests of Mr. and Mrs. J. E. Peek, of Meadow Sunday.

Mr. and Mrs. Lawrence Rentro, and daughter of Meadow visited Mr. and Mrs. Bennett in Lovington Sunday.

Mrs. Roy Brashear and Miss Imogene Tucky visited relatives in San Angelo, Coleman and Abilene over the week end. They were accompanied as far as Big Spring by Miss Elsie Wilborn who stopped off there to spend the week end with relatives.

Mrs. R. N. Huckabee, of Borger was a guest in the Looie Miller home Thursday.

Mmes. N. C. Crutcher and L. E. Limley of the Needmore community were in town Monday shopping.

Mr. and Mrs. Bill Richmond, Mrs. Ruth Lowe and Ed Durkee spent Sunday afternoon visiting in Sundown.

Mr. and Mrs. Loyd Nelson of Lubbock visited in the S. J. Murray home Sunday.

Mrs. George E. Tiernan had as her guests last week her brother and his wife, Mr. and Mrs. W. S. Hunter and their daughter and her husband, Mr. and Mrs. Charles Wright and daughter, all of Collin county, Texas.

Mr. and Mrs. Bill McKinney attended the Khiva Temple Shrine convention in Amarillo Saturday through Monday.

Raymond Culler and two companions from Denison, Texas, were through here last week from west of Carlsbad, N. M. on their way home, each having a deer. They stopped for lunch with Mr. and Mrs. Jack Stricklin, Jr., as Culler is a cousin of Mrs. Stricklin.

Mr. and Mrs. J. E. Peek, of Meadow were in town Wednesday visiting Mrs. Essie Gray and family.

A. Biggs, of Ropesville, was one child seven years of age, named Norma Kay Cobb. Plaintiff prays for divorce decree and for care, control and custody of said child.

Issued this the 18th day of November, 1947.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this 16th day of November A. D., 1947.

(seal) ELDORA A. WHITE, Clerk, District Court, Terry County, Texas. 20c

### Chevrolet Sold Record Number of Trucks

Chevrolet sold a record-breaking 29,461 trucks during October 1947, more truck sales than have been reported in any single previous month in Chevrolet's 35-year history, it was announced in Detroit by T. H. Keating, general sales manager.

Production and sales have been climbing steadily since the new "advance-design" line of trucks first was announced to the public last June. The previous record-breaking month for truck sales was June 1941, when 28,367 commercial units were sold. These figures represent sales in the U. S. by dealers to consumers.

Reflecting an increased demand for trucks over prewar conditions, Keating pointed out that approximately 31 per cent of the unfilled orders on Chevrolet books are for trucks. During the last years before the war, approximately 19 per cent of Chevrolet's total sales were trucks.

People living on farms owned an estimated \$22,077 million of currency, bank deposits, United States Savings Bonds and stock in cooperatives at the beginning of 1947, in comparison with only \$4,975 million early in 1940.

Cows are creature of habit. Proper handling of cows on a regular schedule is the essence of good dairy management.

down this week on business. Mr. Biggs stated that the Ropes sections were sustained and only slight damage to the vehicles, when a passenger automobile, being driven by Joe E. Bryant, and one by a Mr. Stange of this city, side-swiped each other on the Lamesa highway a few miles out of town, late Monday night.

tion made a fine crop this year, and that harvesting was progressing nicely.

Mr. and Mrs. Harry L. Evinger left last week to make their home in San Antonio. While here Mr. Evinger was employed by the Stanolind Co., but he is now playing polo and training polo ponies.

A little daughter was born to Mr. and Mrs. G. Chapman last week, rather premature, but Grandma John Gracey informed us that the little one gave every evidence of survival. By the way, out of several grand children the Graceys have no grandson yet, but still hope.

**MR. AND MRS. LEE ENTERTAIN WITH SUPPER**

Mr. and Mrs. Harvey Lee entertained personnel of the Magnolia company and their families with a chicken and spaghetti supper at their home in the Magnolia camp Saturday evening. After supper various card games were enjoyed.

Guests were Messrs. and Mesdames Harlan Glenn, Doyle Tier-son, Jiggs, Tankersley, Shorty Taylor of Sundown, Cletus Samples of Fullerton, W. L. Auvenshine, Bob Hodges, H. E. Schwartz, jr., Miss Bobbie Newsom, Mr. Johnny Goodrich and Mesdames J. R. Wright, Aycock and Guy White.

**HARMONY HD CLUB MEETS WITH MRS. ELLIS**

The Harmony HD Club met with Mrs. Pete Ellis Thursday afternoon, Nov. 20th with nine members present. The house was called to order by the president, Mrs. Bell. The topic for the afternoon was Shrubbery and Home Improvement.

Miss Dunlap exhibited specimens of shrubs and told the name of each. This educational program helped make each member shrub conscious and aroused interest in beautifying home grounds. Miss Dunlap and Mrs. Bell gave a good report on their tour with other club ladies on achievement event.

**WCS HAS THANKSGIVING LUNCHEON**

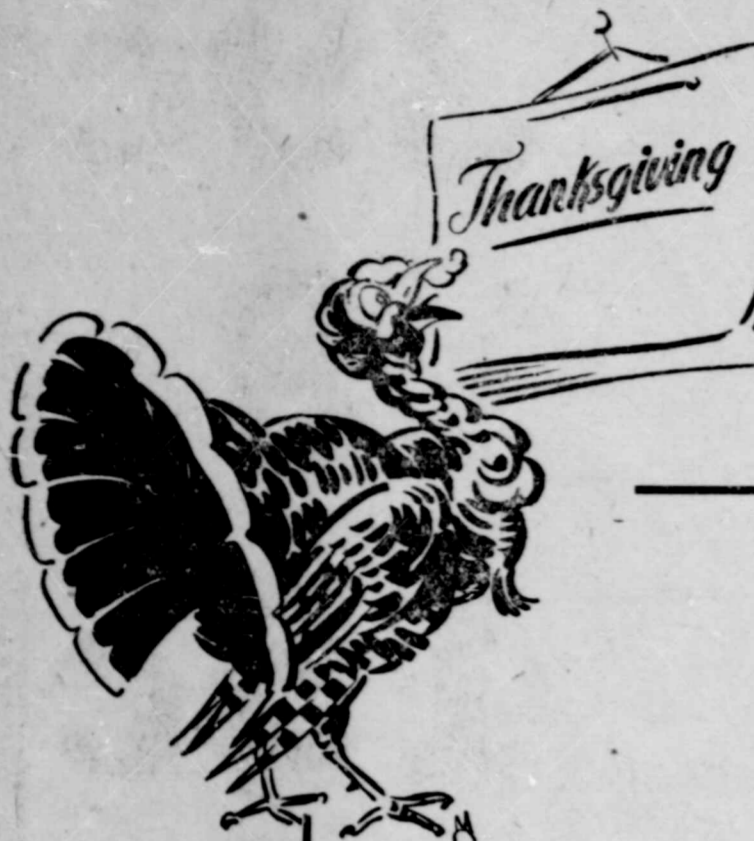

The Womens Society of Christian Service met in Fellowship Hall of the Methodist church Monday for a Thanksgiving luncheon. Mrs. J. H. Carpenter and Mrs. U. Gorton were hostesses. Mums and fern with place cards of cutout turkeys inscribed with

Bible verses gave the table a holiday touch. The program opened with the song, "Help Somebody Today" and a prayer by Mrs. Carpenter. Mrs. Glen Harris, assisted by Mesdames H. O. Longbrake and Carpenter gave reports on the prison system, describing the conditions now existing. During the business session tentative plans for the Christmas luncheon and tree which will be

Dec. 15th were made. If the weather permits a rummage sale will be held Saturday on the courthouse lawn. Present were Mesdames Longbrake, Harris, G. S. Webber, Cleve Williams, Maupin, B. L. Thompson, Cecil Acker, A. J. Loyd, Ed Tharpe, W. B. Downing and the hostesses.

**GIRL SCOUT LEADERS MEET**  
Mrs. E. C. Gerstenberger was hostess when the Girl Scout Leaders club met Thursday afternoon of last week at the Presbyterian church. Mrs. Massey gave a very interesting lecture and demonstration on stenciling. Coffee and cookies were served to Mesdames Jack Griggs, Herman Chesshir, Brady, Jack Blakely, John Butler, Mike Blair, Ed Mayfield, Marshall Drennan, Fred Cox and Ed Garnett.

# Wayland Choir To Go On Tour

The huge Wayland college choir will tour a two-state area starting November 26. Having been the subject of much high praise for performances it has presented at Wichita Falls, Amarillo, Here-

ford, and Las Vegas, New Mexico, the choir is directed by Dallas A. McD., a Wayland Graduate. Numbering over one hundred, the choir will be on the road six days, presenting a total of nine concerts in Ft. Worth, Dallas, Sul-

phur Springs, Arkadelphia, Ark., and Little Rock, Ark. Presenting special Thanksgiving music, the choir will spend the holidays on tour returning to Plainview on December 1. The organization is a new one. It is the largest choir

ever to represent the college, which is now in the midst of a major enlargement campaign. There is a possibility that the choir may tour South America next summer.

## Advertisements For Bids

Sealed proposals will be received by the City of Brownfield, Terry County, Texas, at the office of the city secretary until 10:00 A. M., December 11, 1947, for the construction of

**WATER MAIN IMPROVEMENTS** and at that time and place the proposals will be publicly opened and read.  
The proposals must be accompanied by a bidder's bond on a certified check, in the amount of One Thousand Eight Hundred, and no-100 DOLLARS (\$1800.00) payable, without recourse to the City of Brownfield, Texas, as a guarantee that the bidder will enter into a contract and execute a performance bond in the forms provided within Ten (10) days after notice of award of contract to him.

The successful bidder will be required to furnish a performance bond for 100 per cent of his total bid, written by a responsible

surety company, satisfactory to the city council commission. The city reserves the right to reject any or all bids and to waive formalities.

Bidders are expected to inspect the site of the work and to inform themselves regarding local conditions.

Plans, specifications, and other proposed contract documents are on file at the office of E. D. Jones, City Superintendent, at the City Hall, in the City of Brownfield, Texas, and at the office of the City Secretary at Brownfield, Texas.

The proposed work includes approximately the following:

Laying 4500 feet of eight inch water main and replacing the pavement; bidder to furnish everything.

City of Brownfield,  
FRANK JORDAN, Mayor,  
TOMMY ZORNS, City Secretary.

## Veteran's News

World War II veterans desiring to study abroad can qualify for benefits at the same time under both the G-I Bill and the Fulbright Act administered by the State Department, the Veterans Administration ruled this week.

The VA ruling held that payments of education and training benefits under the G-I Bill may be made to student-veterans regardless of any grants made to them under the Fulbright Act, since the funds used to administer the Fulbright Act were not secured from United States government appropriations.

The Fulbright Act, passed by the 75th Congress, provides for grants in aid to American students for study abroad or to foreign students for study in this country with costs defrayed by credits acquired through sale of surplus property abroad.

The Act also specifies that veterans of World Wars I and II

## Motor Transport Industry Growing

The commercial motor transportation business in Texas fell only slightly short of being a one-fourth billion dollar enterprise in 1946, according to figures released by the Railroad Commission on for-hire carriers under its jurisdiction.

Operating revenue was \$225,615,121, and operating expense was \$208,486,064, leaving the carriers a net income of \$17,129,057 for 1946.

It is hoped that a limited number of grants will be made under the Fulbright Act for the academic year 1948-49. Applications are not being received at this time, but persons desiring information on the program may obtain it from the Division of International Exchange of Persons, Department of State, Washington 25, D. C.

## G.I. Question And Answer Department

I am a World War I veteran and would like to know if I am eligible for medical care and hospitalization in a Veterans Administration hospital?

A. You are eligible for hospitalization in a VA hospital if you have a service-connected disability. If your disability is non-service-connected, you must state under oath that you are financially unable to pay for private treatment. Then you must wait until a bed is available in a VA hospital.

Q. What veterans have preference to Veterans Administration hospital beds?

A. Veterans suffering from service-connected disabilities and those requiring emergency treatment are given preference to hospital beds.

Q. Am I eligible to benefits under Public Law 16 if I was discharged for a service-connected disability before I had served 90 days in the armed forces?

A. Yes. For purposes of Public Law 16, service of 90 days in the armed forces is not required.

Q. Can you tell me what the deadline is for a disabled veteran to apply for one of the specially equipped automobiles?

A. The last date on which applications can be approved is June 30, 1948.

Q. May a veteran receiving disability compensation, receive at the same time subsistence allowance under Public Law 346?

A. Yes.

Mmes. L. B. Curtis and H. L. Wade and daughter, Dorothy, of Plains were in town Monday shopping.

Recent guests in the home of Mrs. Jessie G. Randal were Mrs. Charles Randal, of Seymour and Miss Anne Lingle of Lubbock.

Emphasizing the economic importance of the motor transportation business to the State, Lynn B. Shaw, General Manager of the Texas Motor Transportation Association, pointed out that the industry paid \$17,781,605 in taxes and licenses.

This item alone was greater than the 1946 net income of the operators, Shaw said. Included in the report were motor buses, common carriers of commodities, specialized motor carriers and contract carriers. The report does not include farm trucks and privately owned fleets, since there are not subject to Railroad Commission regulation.

# FURR'S SUPER MARKETS

**JustNosin' Around**  
By Hauser

Simon Legree got back at me last week. He kicked my "column" out of the paper. Guess he thought my nose was getting too big, so I went out and had it trimmed—maybe he'll let me back in this week.

After thinking about it, I'm glad he didn't let me run. Had some pretty harsh words in there that would have been mighty tough eating in case I had to take 'em back.

Spent my "suspension" looking over a few Government documents and recent court rulings, some of which might be of interest to Terry County business men and farmers. The dope is authentic, but if there are any questions I'll be glad to dig up the source. There are a few of the findings.

DON'T throw away your wartime price control records yet. The department of Commerce warns business men to keep all records relating to goods and services until Nov. 9 1949 . . . there may be some checking up.

In case you transfer your share of a partnership to another member of your family, you are NOT REQUIRED to pay income tax on your part of the income from it as long as you pay the GIFT TAX, according to a recent decision by a U. S. Circuit Court of

**Appeals.**

Federal Savings and Loan Associations may now offer broader service in the loan field. The Home Loan Bank Board has amended its regulations to provide for additional loans and short time savings accounts.

You, as an employer, are liable for failure to pay overtime wages regardless of the fact that Wage-Hour division agent may have given your books a clean bill of health. Any overtime due after the Fair Labor Standards Act took effect must be paid. Employers can make it stick and you'll be stuck with a fine.

A few sharpies thought they'd found a loophole in the Taft-Hartley Act, but no. In its first ruling since passage of the act, on who are exempt as agricultural workers, the Board decided that employees of a fruit packing and storage plant ARE COVERED by the new law. This interpretation would apply to cotton gin and grain elevators as well.

From the looks of things food rationing is still a possibility. The U. S. is not a bottomless larder, as the rest of the world seems to think. Last year's carry-over of food is either gone or spoken for already. Experts say we'll have 20 per cent less meat and five hundred million bushels less wheat next year . . . they better get back to work over there and start feeding themselves, because brother, this looks the end from good old, soft-hearted Uncle Sam.

Read And Use Herald Want Ads!

**uel.**

Thanks for the cooperation. My friend Bill Glick, Shoe Dept. Mgr. at Cobbs found a home for his family. He's now in Missouri picking up the wife and kiddies. Will be back on the job Friday or Saturday . . . just goes to show, there are places for rent when you make your wants known. And there's no better way than through the columns of the Herald—plug.

Last week well over 100 teachers gathered at the Esquire for a banquet and get-together. Everything went off beautifully—the chefs outdid themselves . . . the waitresses were on their toes . . . the group broke up rather late, well satisfied . . . the girls started to clear off the tables and lo and behold when it was all over they had collected 96c in tips . . . to be split among five girls. I merely use this as an example. Rotary, Lions, and clubs or groups in general are all guilty. All forget that the wages paid to waiters and waitresses are very low . . . that they couldn't survive if it weren't for tips. Ten per cent of the bill should be the very least. If you don't believe it, read Emily Post.

The Steak House changed hands a week ago, but haven't been out to see the new owners yet. Will report next week.

What with the high cost of preparing Thanksgiving dinner this year, small families will be monstey ahead to eat out. The La Mec-

ca, Grill, Ozark, Brownfield Coffee Shop and the Esquire are all featuring special old fashioned Thanksgiving Dinners with all the trimmings. Prices are very reasonable.

Used to handle the advertising for Young and Quinlan Ladies wear store up in Minneapolis and naturally have kept an eye on women's fashions ever since. Just qualified myself for the statement I'm about to make . . . You gals don't have to leave Brownfield in order to get smart stuff. Collins, Shelton's, Cobb's and Go're have just about anything you'll find in Houston or Dallas . . . unless you go for extreme style which wouldn't blend with the scenery here anyway.

Wonder if you noticed the new signature cuts used in Bayless Jewelry, Esquire and Collins ads. They dress up the ads and make the paper look better. Any merchant who desires one for his business may have it for the asking.

Have you noticed the new Stell Grocery and how they've improved it. Their values are of chain store variety, and the stock is large. You'll find many items on their shelves that are still on the hard-to-get list.

Will you readers give us a little help? We're trying to improve the paper as fast as we can. Looks like paper will be easier to get and next year we'll be able to include more of the features and

**Gin Fires May Not All Be Static**

Danger of fires in cotton gins may be reduced to a great extent by installation of a humidifying system, either to treat air throughout the entire gin or to treat cotton early in the ginning process, according to L. E. Parsons, head of the Texas Technological College textile engineering department.

For treating air throughout the gin, he suggested that water atomizers utilizing compressed air be installed, or jets constructed in conjunction with fans be used to disperse moisture. Some ginners find it practical to direct steam sprays in to the area.

In gin buildings that are not news that has had to be left out during the paper shortage. For a while we were lucky to be able to print at all . . . OK, here's what we want from you . . . CRITICISM, adverse or complimentary—we want you to let us know what you want. Do you like our Society page—Editorials?—the way we handle our ads?—National news?—Locals?—should this column be tossed out?—how about the News Round-up?—what should we add?—what should we eliminate. You are the ones that read it and should have a loud voice in the matter. Come on now, let's hear from you, All your letters will be answered, even if you tell us we should suspend publication.

weather tight, it would be more economical to inject moisture into cotton early in the ginning process, rather than attempting to maintain moisture in the air throughout the plant, Parsons said. Some gins are equipped with dryers of a type that can be utilized in applying a wetting agent directly and effectively to the cotton. Properly conditioned cotton can be ginned with minimum damage to the fibers and will produce a better sample.

The recent outbreak of gin fires in this area has been blamed by some people on static electricity. Parsons, however, expressed some doubt as to whether or not static electricity alone would cause combustion.

Without stating positively that static electricity could not cause a fire in this case, Parsons pointed out that the Texas Tech physics and textile departments conducted experiments several years ago during which they were unable to ignite dry cotton with sizeable static sparks.

"However, it is known that dry cotton may be ignited during the ginning process by sparks struck from small rocks or metallic objects in the cotton. Another danger is that cotton pickers sometimes even lose matches in their cotton sacks. In any event, weather conditions that create static charges, are ideal for fires from any cause," he explained.

Static electricity is most in evidence during cold, windy dry days, Parsons stated. When the atmosphere is relatively damp, static charges flow off objects to

**Incidence of Scarlet Fever Higher**

The incidence of scarlet fever is at present time nearly one-third higher than the seven-year median in Texas. One of the most disabling and dangerous of diseases usually associated with childhood, actually it is confined to no age limit, according to Dr. Geo. W. Cox, State Health Officer. Fifty-five cases were reported in the state during the week ending November 15, bringing the year's total to 1,242.

The Doctor described scarlet fever as an acute infectious disease, the onset of which is sudden. The first symptoms including

the ground, but they tend to collect in larger charges when the relative humidity is as low as 10 or 12 per cent.

sore throat, vomiting, fever and headache, may appear in three to five days after exposure. These are followed by the destructive scarlet rash which gives this disease its name, Dr. Cox stated.

Complications can result in prolonged disability or death. Children suffering with scarlet fever may develop sinusitis and middle-ear infections which can lead to mastoiditis. As the germs spread through the child's system, the joints, kidneys, and heart may become involved, causing life-long invalidism or crippling.

"A child with any kind of sore throat should be seen by the family physician promptly, Dr. Cox asserted. "If scarlet fever is present, the treatment the doctor prescribes will do much to alleviate discomfort, and reduce the possibility of dangerous complications."

# H D Club Accomplishments For Past Year

The home demonstration club women of Terry County, celebrated Armistice Day by making a tour visiting at least one member in the various clubs in the county. This was done to see the accomplishments of the members, and to help others meet similar problems of home improvement.

The first stop was made at the home of Mrs. R. E. Townzen in the Harmony Club. She showed her six room house, which she completely papered by herself this year. The women asked how one person could put on a ceiling without any help. Mrs. Townzen replied that it was an easy matter as long as a person has a broom to use.

As the women went through the house, they counted nine chairs which Mrs. Townzen had reupholstered. Six were dining room chairs, while the others were rockers or chairs that had springs to tie.

Earlier in the year, Mrs. Townzen made two pairs of tufted bed room curtains, that were hanging at the windows. She proudly showed three woven rugs that

her husband made for past time. On the wall by the bath tub and over the breakfast table, she had a thick cellophane paper, obtained from the lumber company, for protection of the paper.

The next home visited was that of Mrs. Lee Bartlett, president of the Needmore Club. Although this club was organized last May, the members had a display of handwork which the members did this year. Two child's dresses made of used garments by Mrs. Norval Hulse, were on display. One was of red wool, and the other was of velvet. Two rugs were on display, one made by Mrs. Dock Settles and the other one by Mrs. Lee Bartlett. Pet holders were also made of this type of weaving, and others were made of scraps. Others were crocheted.

Other types of handwork were displayed by sequin pins, aprons, pillow slips and dresser scarfs.

Mrs. Bartlett showed some of her own vegetable and fruit canning, as well as the kitchen, which she and a neighbor papered recently. Nearby were several pieces of white soap, made in her home

from lard that was not fit for cooking. It was made by the clod process and was not cooked.

Seven years ago, Mrs. Will Terry, living room demonstrator of the Pool club, bought a duofold and a large chair for twenty dollars. Early this year, the springs began giving away, and after having seen the reupholstering demonstration by Miss Helen Dunlap, County Home Demonstration Agent, she decided to work over the duofold and chair. She removed all the old material and tied the springs, padded them and put on a thickly woven wine colored fabric. For cloth under the cushions, she used sacks and dyed them wine, to make the furniture more attractive. The cost of reupholstering the one big chair and duofold was \$24.75.

Mrs. Terry told the women. Besides these two pieces, Mrs. Terry reupholstered another chair, using the better parts of the material he took off the duofold. From another chair, she removed the badly soiled material and cleaned it with naphtha. After retieing the springs, she replaced the cover-

ing, which looked new.

Mrs. Terry told the women that she made four woven rugs, but gave two away. On her floor were two, one blue and another red and blue one. Another rug that was blue, she dyed wine color.

Some week ago, Mrs. Terry papered the room with a soft grayed orchid paper, and on the wall hangs a calendar picture she had framed. At her windows were hanging blue drapes she made recently. The total cost of improving this room was \$59.50.

Mrs. J. M. Trussel, who lives at the next house up the road, was the next one to be visited. She and Mrs. Terry had worked together to help both their husbands build a new house for the Trussels this summer. Mrs. Trussel told the women that the house was built over an old cement cellar, in order to furnish a basement for the new house. The walls of the house were made of pumice blocks, which is fire and moisture proof. Both women worked together to help lay the blocks; put on the roof; and lay

the flooring. In fact, they worked alone some days while their husbands worked in the fields. After the outside was completed they helped nail on sheet rock; paper the walls, lay flooring; and apply the finishing in this five room house.

From the Pool community, the group assembled in the Tokio community house, where the home demonstration club women of that community acted as hostesses. The hostesses present were: Mrs. I. W. Bailey, president; Mrs. Derah Gauldin, secretary; Mrs. G. W. Couch had crocheted two wool children's hats from yarn. Mrs. P. W. Smith displayed a seven star quilt she made and quilted with the help of two neighbors.

Home gardening and canning by Miss Betty Kinney, member of the Willow Wells club was seen next. This is a new club which was organized just last March. Although the recent frost had killed most of her vegetables, there was evidences of a good fall garden, by the frozen green sweet Peppers and tomatoes yet on the vines. Betty stated that they had gathered one bushel of green tomatoes before the frost, which they wrapped for later use. During the summer, she stated that they grew 23 different vegetables for table use. Along with the garden work, she and her family together conserved 331 different containers of fruits, vegetables, pickles and meats. She opened a jar of ice water pickles which the visitors sampled and pronounced good.

Mrs. Stanley Emerson, living room demonstrator of the Well-

man Club showed that refinishing wood helped the appearance of her floor and table. The oak floor had never been finished, and it was rough and uneven. With the electric sander, it was smoothed and evened in preparation for varnish and wax finish she gave it. An oak table which had been in the family for years was finished by scraping all the old finish down to the wood and then sanded until it was smooth. The board underneath the top was removed and placed above the table on the wall for a book shelf. They were both varnished and waxed. The marquisette curtains were made to look like crepe, by hanging a weight in the hems as they hung to dry. Mrs. Emerson found that this saved work and it did give them a wrinkled appearance. The total cost of this room was \$22.75.

Mrs. Trez Key, living room demonstrator of the Gomez club, painted her walls and ceiling a pleasing cream shade with a no gloss paint. The drapes were made of fingered red and blue, rather heavy print. She reupholstered a barrel chair and made a slip cover for it of a loain wine material, using what was left from the drapes for the back and sides. Mrs. B. R. Lay, one of the club women, helped to make a slip cover for the duofold for a protection. By using an old bedspread, she made a seat out of a trunk to use in one of the bed rooms. It serves as storage as well as a chair.

Mrs. Ethel Montgomery, living room demonstrator of the Union

Club, told the women that she repainted her walls and ceiling a light cream, while the woodwork that was a very dark finish was painted white to help make the room lighter. The refinishing of the piano, Mrs. Montgomery says was one of the most difficult things she had to do. She and her mother, together scraped it with knives and sanded it smooth, before revarnishing and waxing. Besides this she refinshed one chair.

Mrs. Montgomery bought a new desk, venetian blinds, coffee table, curtains and a rug for her room, besides the paints, varnishes and wax. All this she paid for by the sale of sequin pins and by crochet articles she made.

The last home visited on this all day tour was that of Mrs. J. A. Cornett, who improved her house. Last May she set out her grass in rows about twelve inches apart. It has now completely set but for a few places where she was unable to keep the chickens away. In the front, she made a walk of stones picked up in the fields.

### USE OF GASOLINE FOR CLEANING DANGEROUS

Gasoline will not only shorten that new long skirt but also your life if you use it for dry cleaning. Texas housewives were warned today by Marvin Hall, State Fire Insurance Commissioner.

The Commissioner said that the improper use of gasoline caused 14 fires in August in Texas and 5 in September.

"Hundreds of women die tragically and needlessly every year because they insist on cleaning clothes or floors with gasoline in their homes," he continued. "Ten cents worth of gasoline is sufficient to blow up an ordinary house."

A gasoline explosion can result from two causes Hall explained. One is a static spark—from the friction of rubbing together the cloth being cleaned, scuffing your feet on a rug, or merely pouring the liquid from one can to another—set off in a place where gasoline vapor is present. The vapor off a one-gallon open can of gasoline can fill an ordinary kitchen in a few minutes.

Last year, farmers in the U. S. raised only about 50,000 mule colts and 205,000 horse colts, the smallest total since at least 1920.

# BROWNFIELD STATE BANK

OVER 40 YEARS CONTINUOUS SERVICE

Here's the Answer to SHORTER-MORE PROFITABLE Cotton Harvests!

Harvesting cotton in a once-over operation is the short cut to bigger profits. Get this advantage by stripping and delivering cotton, two rows at a time, with a labor-saving John Deere No. 15 Cotton Harvester.

Designed to work with the John Deere "A" and "B" Tractors, the No. 15 is a simple, sturdy, long-lived machine that does a fast, efficient job of saving bolls after the cotton plants have been killed by frost. Many gin operators state that cotton stripped by the John Deere is cleaner than that pulled by the average hand puller.

This year, to make short work of your cotton harvest—use a John Deere Cotton Harvester. See us for complete information the next time you're in town.

**Behind the Scenes in American Business**

By Reynolds Knight

The gulf between U. S. free enterprise and state-trading nations is enormous. Maybe it is too great a chasm ever to be bridged. The subject would be an academic one except for this: because the political state has taken over so many areas of business in other parts of the world, your clothes, your shoes and even your chocolate bars cost more. In Australia, wool mounts to new high prices as the wool-stabilizing cartel keeps supplies off the market.

African cocoa and Argentine hides are also under the heavy hand of the state, which is reaching for every penny it can get, and using the powerful resources of a people to obtain the final farthing. Sooner or later, of course, such efforts defeat themselves, and artificial prices crash. Twice such cartelization and price schemes were tried on rubber and twice they worked for a while, only to go to pieces under the impact of the law of supply and demand. "Oh liberty, what crimes are committed in your name," once cried the philosopher. Today, such economic crimes as cartelization are committed in the name of the welfare of the masses.

**POLICY PAY-OFF**—New tires would be costing you \$31 today instead of \$14.40 if it were not for the American-made rubber created to help win the war. That is what James J. Newman, vice president of B. F. Goodrich, says would be the case, on the "very conservative" assumption that Far East rubber would by now be at least \$1 a pound (instead of the 13 to 25 cents it has been since V-J Day). On the same basis we would have paid \$1,165,000,000 more for the Far East rubber we have actually used since then, than we have. That excess, Newman noted, is one-and-a-half

**Thomas Campbell Outstanding Student**

Thomas E. Campbell of Brownfield, son of Mrs. Earl S. Campbell, 221 W. Storey, was one of 21 North Texas State College students named this week as outstanding students from their departments to be featured in the 1948 yearbook as "Who's Who at North Texas."

A sophomore student, Campbell will represent the geography department. He is working on his bachelor of arts degree at NTSC.

Mrs. Ray Hailey visited her husband in Eastland over the week end.

times the \$700,000,000 it cost to build the plants as a war-emergency measure, so the facilities already have more than paid for themselves. He favors continuing mandatory use of a minimum quantity of this rubber in tires and recap stock as a "simpler and more workable method of assuring rubber for national security than by any methods based on subsidization, protective tariffs or cartelization."

**PRESS BOOM** — Plagued by spiraling costs which threaten to offset hard-won circulation and advertising gains, newspaper publishers are now bidding for new printing equipment at a rate almost double that of 1929, when the last great period of newspaper expansion and modernization ended. More than \$170,000,000 alone is being spent this year on new printing equipment, according to William L. Batt, president of SKF Industries, Inc., who says that printing presses now rival aircraft and intricate precision machine tools as prime users of anti-friction bearings. The program, he says, is sparked by the fact that the U. S. public is buying daily newspapers at a rate of 2,114,000 copies every hour around the clock while advertising revenues for this year are expected to top \$1,100,000,000.

**Two Local Youths In Who's Who**

Twenty-seven outstanding students of Texas Technological college have been named to Who's Who in American Colleges and Universities. Five of the group are named to Who's Who for the second year.

Selections were made by the dean of women and dean of men working with student representatives of the five undergraduate divisions of the college, and were based on scholarship, leadership, service to the college and participation in extra-curricular activities.

Those named for the second year include Robert Baumgardner, Wellington; Betty McMurry Devin, Vigo Park; Tom Hassell, Lubbock; Jackie Lewis, Lubbock; and Bill Nugent, Amarillo.

Among others listed are Chas. W. Hudson, Seagraves, James Ragan and Earl W. Sears of Brownfield.

Mrs. F. D. Auburg had as her week end guests Mr. and Mrs. M. V. Auburg and children of Turkey, and Mr. and Mrs. Sam Marshall of Silvertown. An early Thanksgiving dinner was enjoyed Saturday while the out of town members of the family were here. Dinner guests were Mr. and Mrs. Marshall Auburg and family and Mr. and Mrs. Charles Auburg of Brownfield.

Mr. and Mrs. Harvey Lee are leaving Sunday for a three weeks vacation to be spent visiting a daughter in east Texas and another in Lexington, Ky.

Mr. and Mrs. James Barber, of Colorado City were week end guests in the Joe Shelton home.

In each succeeding year it more clearly appears that our democratic principle needs no apology — Grover Cleveland.

**S. W. White Up From Lometa Section**  
Mr. and Mrs. S. W. White of the Lometa area are up visiting their children and other relatives at and near Meadow. The Whites moved to southwest Texas about two years ago.  
Mr. White stated that it was getting a bit dry down there but they have had some rains of late which they hope will bring up the oats and wheat. He is stock farming.  
They are liking pretty well, he stated, but gets pretty hot in summer. He dropped in to get his Herald up another notch. "Just must see each week how Terryites are behaving."  
Mr. and Mrs. Thad Swink are vacationing and visiting relatives at Aspermont and Dublin for the next two weeks. Mrs. Swink is one of the efficient waitresses at the Grill.

**CARD OF THANKS**  
We wish to sincerely thank all the many friends and neighbors for the deep sympathy and many floral tributes that were shown us during the long illness and death of our beloved wife and mother. We also want to take this time to thank all the nice ladies for the abundance of food and serving of meals.  
T. C. Garner,  
Mr. and Mrs. Val Garner,  
Mr. and Mrs. C. E. Barton.

**CARD OF THANKS**  
We wish to express our deepest gratitude for the words and tokens of kindness and sympathy tendered us during the recent death of Homer H. Lasiter.  
The Lasiter Family.  
Miss Melvina Jarratt, of Lubbock was here Monday night to discuss business pertaining to the Area Girl Scout Council, with Jack Griggs, area president and Lewis Simmonds, area treasurer.
