St. Louis, May 18. - Judge Mcand Colonel Oliver, sherift of Pulaski county, have arrived here, en route to Washington. Judge McClure says all the statements upon which Attorney General Williams predic ated his opinion in the Brooks-Bax ter case are false from beginning to end, and that the courts of the State including the Supreme Court, have never had under adjudication the case erroneously made up by Mr. Williams.

With regard to the present condi tion of Little Rock, he said the sit nation remained unchanged; that Brooks would continue to be recognized as the lawful Governor by the State Auditor, Treasurer, and Attorney General, and, in fact, by all the executive officers, except Mr. Johnson, Secretary of State; and that if Mr. Williams can dietate who is Governor against all the execu tive officers, and against the decisions of the court, then there is no longer a republican form of government in Arkansas. The whole question will be brought before Con-

gress. MEMPHIS, May 19 .- A fatal affray occurred at Cherry Creek, Pontotoc County, Miss., on last Thurs day evening. The parties engaged were Wm. Garner, Sim McCoy, Sam Reeder, W. McCoy, Sr., Lark Milam and George McCoy. Fire arms were freely used, and Wm. Garner was shot dead. Lark Milam was shot three times, each wound, however, proving to be slight. Wm. McCoy, Sr. had his arm broken, and Sim McCoy was slightly bruised. All the combatants had before this terrible affair been friendly toward each other, and in fact were all related. No other cause is assigned for the unfortunate and deadly collision than that the parties were at the time under the influence or ar dent spirits.

COLUMBUS, O., May 19 .- The trial of Robert Duniap for the murder of James Carpenter, in September, 1872, commenced to day. The indications are that the defense will set up that Dunlap was provoked to the deed by the knowledge of a criminal intimacy existing between his wife and Carpenter. The prosecution will set up that at the time Danlap was married to the woman known in this part of the country as his wite, he had a wife living in Virginia. This is done to secure the testimony of Mrs. Dunlap, who was the only witness to the murder.

The State Fair at Honston closed last Saturday, having commenced the Tuesday before. It has been decidedly successful. These annual Fairs, since their inauguration five years ago, have done much toward building up Houston, and promoting her prosperity. Fairs have now become popular in Texas. | San An tonio, Austin, Brenham, Waco, Dallas, Jefferson, and other cities, will all adopt them, and we shall, from this time forth, have annual fairs in all the centres in Texas. The rivalry between the different cities will tend greatly to the success of their respective fairs.

In addition, in most of the counties movements have been set on toot for the holding of annual-county fairs, and the time is not distant when these shall become general throughout the State, and the prosperity of each county will be gauged by the success of its annual

San Antonio, Brenhain and other places are preparing to hold their fairs during the coming autumn. In order to success, the work of pre paration should begin now, and everybody concerned should help with all the energy possible. We take it for granted that our fellow citizens who have the San Antonio Fair in charge were careful to have some representatives at Houston, to gather items, and to acquaint plans, and the miuntiæ which ob. 16th. tained such a splendid success. If they had not, they made a mistake. Let the San Antonio Fair this fall be made equal to any ever held in the State. Let it be advertised all over the Union, and all over Eu rope, and let thorough preparation be made for it.

Productive industry, agricultural, mechanical, and pastoral, constitute the basis of all prosperity, more especially in Texas. Could we get enough people here to develope all our industrial resources, and consequently, our commercial wealth, Texas would have forty millions of people, and would be richer than the whole Union is now. These fairs are well calculated to bring us people, and to fill our State with capital and industry.

#### Unity in San Autonio

We spoke yesterday of the new era about to dawn upon Sau Antonio in consequence of approaching railroad connection with the Union at large, and also of the importance of guiding the tuture of the city by a public spirited citizenship. In relation to the latter point we have a few more words to say.

It is all-important in developing the resources of a growing city that all the citizens should be united in sentiment and in action in relation to the common weal. They should not only be public spirited, but they should be harmonious. They should act in concert. In reference to the great object they all have in common, there should be no divisions, jealousies, or rivalries among them. Democrats and Republicans, Catholics and Protestants, native-born and foreign born; those of English blood and speech, and those of German, Spanish, French, or any other notionality; men of northern birth, and those of southern birth; merch ants and bankers, farmers and me chanics, railroad men and stock men; all should unite heartily in the work of building up the city, and pushing her forward to prosperity and greatness. Neither individuals nor a few men combined, can accomplish any great enterprise but a whole community united, and each doing all he can, will accomplish wonders.

There should be frequent meet ings together of the citizens to promote this unity of sentiment and this consent of action. They should meet together for consultation, and for the interchange of views for the weltare of the city. The various enterprises of the city, either now in process of development, or existing only in idea and purpose, will fur nish suitable occasions for these meetings. Not only will harmony of sentiment, wisdom of counsel, and vigor and enthusiasm of action. dations and good, cool beverages of every description.

developed, and men will be aston-

Men situated as the citizens of San Antonio are should not shut themselves up in their own shells, and selfishly devote themselves exclusively to their own private business. Each one should feel that he has a public duty, the duty of a citi zen of this promising and beautiful city, to perform, as well as the duties of his own private station. For the prosperity of the city will be the prosperity of its inhabitants, and men should not selfishly allow them selves to reap the benefits of the labors and enterprises of others. Each one should entitle himself to a share in those benefits by taking a share in the necessary labors.

GOV. COKE AND LIEUT GOV. AN TOINE. - Recently the Radicals here had a pow wow, which was addressed by the bullet-headed little black negro, Antoine, by the grace of Grant and the force of Federal bayonets, naw holding the position of Lieut. Gov. of the State of Lousiana. Among other subjects be alluded to that of the annexation of Caddo and De Soto parishes to the State of Texas, and triumphanily re marked that Lousiana would have something to say in the matter. This proud boast was received with thunders of applause by his sable auditory, which fact goes to show that Antoine and his followers are in full accord with Gov. Coke on themselves with the secrets, the this question .- Shreveport Times.

--To Alt, particularly invalids, spring is a trying season. Indications of sickness should at once be attended to. Fatal dis eases may be caused by allowing the bowto remain in a disordered condition, until the disorder has time to develop itself. An onnce of prevention is worth a pound of cure, is an old and truthful saying. Therefore, we advise all who are troubl with the complaints now very prevalent-headache, indigestion, disordered liver, want of appetite, nanses, or feverish skin, to take, without delay, Schenck's Man-drake Pills. We know of no remedy so harmless and decisive in its action. It at once strikes at the root of the disease and produces a healthy tone to the system People never need suffer from any disease arising from a disordered condition of the liver if they would take this excellent medicine when they feel the first indica-tions of the malady. Families leaving home for the summer months should take three or four boxes of these pills with them. They have an almost instantaneous effect. They will relieve the patient of headsche in one or two hours, and will rapidly cleanse the liver of surrounding bile, and will effectually prevent a bilions attack. They are sold by all druggiets.

But the System in Fighting Tune. The great object in cases of indigestion and its accompanying derangements of the liver, bowels and norves, is to put the the liver, bowels and norves, is to put the stomach in a condition to dissolve readily and without pain, the food submitted to its action. This is accomplished, and much more than this, by the daily use of Hostetters Stomach Bitters. A dose should be taken before every meal. The good effect will soon be apparent. The loss of flesh, strength and energy which usually occurs in dyspepsia will be arrested. The determination of bile to the skin will ceas, and that cathartic fluid will pass into the bowels and assist in keeping them Every organ connected with or de

ANOTHER slight sprinkle of rain fell yesterday afternoon. People on the street manifested no desire to get under cover, either from affection for the long-desired baptism, or from fear that it would cease if they got out of the way, or because they had no confidence its raining enough to wet anything.

READY made clothing in style and make not to be surpassed, always on hand at PANCOAST & SON. 14-3-1tf

THE PICNIC of the St. Joseph Society on Monday at the Abas place on the banks of the river above the city, was delightful and fully successful. It was one of the largest pienies ever witnessed at San Antonio. It is estimated that fully tifteen hundred persons were on the ground. The procession marched out about eight o'clock in the morning, and music and dancing at eace commenced, which was kept up dur ing the whole day, until the lengthening shadows of evening moved the festive pleasure-seekers homeward. Refreshments were plentiful, and the dinner excellent. The first table was set at two o'clock, and three successive tables had to be set be fore the appetites of the vast throng were satisfied. At the close appropriate addresses were delivered by Father Andres, Mr. Muench, and others. After paying all expenses, the picnic realized about \$400 for the benefit of St. Joseph's Church.

PANCOAST & SON are constantly receiving a good assortment of cloths, eassi meres and chevoits for custom trade. The New Braunfels cassimere for sale.

WHEN San Antonio becomes connected with the rest of the world by railway, she will not only flourish commercially, but she will also become a popular and attractive summer resort for people from all parts of the country. The salubrity of her climate and atmosphere is already famous throughout the world. She a bounds in springs and streams of living water, of the most healthful character, which also add greatly to her beauty. Her facilities for irrigation are wonderful; her gardens, and trees, and fields can be kept green and flourishing almost the entire year around; and the time is not far off when the whole of the rich and beautiful valley of the San Antonio river, and the vast plains west of the city, will be made to "rejoice and blossom as the rose." Irrigation will make this the finest agricultural and horticultural region in the State. Every thing here grows luxuriantly, and natural beauty of scenery only needs the help of art to bring it to full perfection. San Antonio homes will yet become famous for their charms and at-

THERE are a great many rumors affoat regarding the decision of the Supreme Court in the International Railroad Bond case. The truth of it is that no decision has been reached yet and will probably not be reached for a long while. It is understood that two of the judges are in favor of a decision compelling the Comptroller to sign the bonds, while two are opposed to it, which proves law and justice to have two sides like any other question and that going to the court is as much a game of chance as playing in the Galveston Gift Enterprise. If Coke had appointed a fifth judge with enough International on the brain, this perplexed question would have been solved at once. As it is, the State of Texas stands in the light of a repudiator, its credit abroad is and the Supreme Court presents the spectacle of a Polish dist, where resolutions are out of order. The end of it will be the transferring of the case to the United States Supreme Court, when the International Railroad will have a decision in its favor, and the State of Texas will be ordered to pay seven millions instead of the three now asked for.

A MEETING of the Board of Trustees of the Agricultural, Stockraising and Industrial Association took place on Monday at 5 P.M., in Firemen's Hall No. 1. Present were : Messrs. Norton, Dwyer, Chew, Slocum, Locke, Kingsbury, Brackenridge, Siemering and Crider.

On motion of Mr. Norton, Mr. A. Sieme ring was elected chairman and Dr. Kingsbury hearstary of the Board of Trustees. The motion of Major Waelder, offered in the meeting of Saturday last, was adopted and the following Executive Committee elected: Jos. Bentz, Maj. Dwyer, A. Siemering, H. Grenet, J. T. Thornton; said committee was instructed to fix place and time of the exhibition and propose a pro gramme for the conducting of the same, and to report as early as possible to a called meeting of the Board of Trustees. Dr. Kingsbury was elected a member of the Board of Trustees to fill a vacancy occasioned by the resignation of Dr. Slocum, who will be absent from San Autonio for some time. The meeting then adjourned subject to a call from the Executive Committee.
