ABDUCTOR HOLDS YOUNG WIFE

Lawfare Crossing Washington's Great Feat

WASHINGTON CROSSING, N. M. — What event, real or fanciful, in the life of George Washington is best remembered?

The text books leave enduring impressions too of Washington's inauguration as the nation's first president, and of his Farewell Address.

This being Washington's birthday, several experts and quite a few simply curious people thought to undertake some research. They also interviewed visitors to this national shrine.

A look into the records showed that Lord Cornwallis, who fought Washington and therefore had good reason to judge his adversary's abilities and exploits, later told his onetime enemy "Fame will gather your brightest laurels from the banks of the Delaware."

Sir George Trevelyan, the famous Cambridge historian and

Revolutionary War's final—the surrender of Cornwallis at Yorktown.

Husband Aids Police In Spectacular Capture Of Husky Colorado Gunman

PUEBLO, Colo. (AP)—A husky gunman was captured and his beautiful kidnap victim freed unharmed early today in a frenzied fight outlined by police spotlights on a lonely prairie.

One bullet fired during the brief battle wounded both the abductor, Eugene C. Hurst, 28, and Robert A. Jackson, 28, the kidnaped woman's husband. The bullet struck Hurst's left leg and Jackson's right.

Blonde Nancy Jackson, 27-year-old mother of three, escaped without injury. She was held captive for 2 1/2 hours.

Hurst, a stocky rousabout, was taken in handcuffs and shackles to St. Mary's Hospital here under heavy guard. He suffered a mass of deep head and face cuts from a battering by Tony Fortino, one of Mrs. Jackson's rescuers.

Fortino, Jackson—a well-to-do auto dealer — and Police Capt. Robert Mayber leaped on Hurst even as the crew-cut kidnaper held a loaded pistol at the head of his victim.

The weapon discharged as they grappled for it. Fortino, armed with a 22-caliber pistol, beat Hurst about the head until his weapon fell apart.

The anxious moment capped 150 minutes of torment for Mrs. Jackson, to whom the night "seemed interminable."

She said Hurst approached as she entered her car in a parking lot at Pueblo Junior College, where she had attended a night class.

"He asked me if Bob (her husband) was home," Mrs. Jackson said later. "When I told him no, he said: 'Get over, we're going for a ride.'"

Mrs. Jackson said she had never before seen her abductor, who covered her with his weapon and several times forced her to call

Parents Liable For Juveniles Who Drive Cars

J. D. Josey, juvenile officer, plans to crack down on teenage drivers of automobiles, he said today. "We are having entirely too many accidents involving juveniles without proper licenses," he said.

"I have been handling juvenile traffic offenders by lecturing and revoking licenses, when this seems effective," said Josey, "but this method is not sufficient when an accident involves a teenager who is driving with the consent of his parents."

"Unlicensed teenagers driving with consent of their parents must be stopped," he said. "Too many of these teenagers are causing serious accidents in the city and surrounding areas."

Josey expressed his warning in stern terms: "This is a public notice to teenagers and parents that I, as juvenile officer, will file against parents in the proper court for permitting an unlicensed operator to operate a motor vehicle."

Josey pointed out that state law and city ordinance make it unlawful for an unlicensed person to drive. "Parents are subject to a fine in these cases," he said.

Records in the juvenile officer's office show that last month there were 19 juvenile cases in Artesia, 12 of them traffic violations.

A juvenile under the age of 16 cannot obtain a driver's license, except for a driver training permit obtained at age 15 years and 9 months and a license to operate a motor scooter or not more than 5 horsepower obtained at age 14 and a half years.

Hatch refused to change his decision of Monday. At that time he dismissed a writ of habeas corpus and ordered Upton turned back to the state. The judge refused to certify probable cause for reversal of his order, thus making an appeal impossible. Such certificates are required in habeas corpus action.

Hatch said yesterday he did not believe Upton had exhausted remedies available in state courts. He said Upton's attorneys could ask a State Supreme Court sanity hearing or seek relief directly in the U. S. Court of Appeals.

Several weeks ago, the State

San Juan County Sheriff Suspended, Probe Begins

AZTEC, N. M. — State Policeman C. S. McCasland took over here today for Sheriff Lane as an investigation of his office began in full force. Lane was suspended yesterday for malfeasance and negligence, Asst. Atty. Gen. Walkegel said. An audit was begun immediately and continued today.

The sheriff, meanwhile, said that he didn't know what it was all about and said he was that once the investigation is concluded, he will once again be sheriff of San Juan County.

He said he had no knowledge beforehand of the action, which came yesterday afternoon. He said he returned from Santa Fe to find a letter from State Comptroller Dan Smith Jr., telling of the suspension.

"If there is anything wrong," he said, "it is news to me."

Kegel, working here with Asst. Dist. Atty. John Loeher on the case, said that the action followed an investigation lasting about a month. He said that Smith has "reason to suspect a loss of funds" and that the investigation was ordered accordingly.

No criminal charges have been filed, Kegel said. He added that an investigation of this nature could restrict itself to such things as faulty bookkeeping and would not necessarily mean that criminal violation was involved.

Kegel declined to elaborate on the nature of the complaints against Lane, where they came from or what the investigation so far has revealed.

He also declined to elaborate on a comment that he is continuing in the area to investigate other allegations.

In Aztec for the sessions yesterday were Kegel, Smith, State Police Chief Joe Roach and Carroll Lee of Smith's office.

Lee and Shibli George, an in-

Sendoff Set For Bulldogs

Artesia High School students are planning a big sendoff for Bulldog basketball when they leave Friday for a contest with Carlsbad High School.

Sendoff will consist of a team, Miss Hand said.

Deferred Action Sought In Water Pollution Suit

WASHINGTON (AP)—The Justice Department said yesterday that a comprehensive reclamation plan for the middle Rio Grande Valley progressing so well that it is being deferred in Texas and New Mexico can be filled.

The department asked the Supreme Court to defer action until it can be put into effect.

Chavez Calls For Study Of Defense Plans

WASHINGTON (AP)—Sen. Chavez called for study into evacuation cities in case of atomic attack and for plans to care of the people after they have been evacuated.

He said that the defense against atomic bomb is "immediate and important" but added, "equally important is a place to flee to and plans of getting there."

Chavez said a special Senate committee should be created to study such plans. He said in a floor speech that Russia has exploded multi-megaton H-bomb within last 60 days and that Russian leaders have boasted of capabilities of bombing the United States.

Do Little On Board Denver

ALBUQUERQUE (AP)—Construction executive L. Doolittle has been named a member of the board of Mountain States Telephone and Telegraph Co.

\$340,000 Bond Petitions Start In Circulation

Petitions went into circulation throughout the city yesterday for \$340,000 bond issue for construction and equipping of new school buildings and acquisition of sites.

The petitions will probably remain in circulation until about next Wednesday, Vernon Mills, superintendent of schools said.

There are petitions at the First National Bank, Nelson's Food Market, and both H&J Food stores, among other places. They will be circulated at civic meetings and possibly from door to door, Mills said. Each principal has a petition for circulation in his school area.

To be qualified to sign the petitions and vote on the bond issue, one must be a resident of and an owner of real estate in the school district.

Mills said the bond issue is sorely needed at this time for construction of additional High School plant and for classrooms in some of the elementary schools.

As an example of the needs facing the schools here, there will be 138 students graduating from High School this year and 240 entering High School next term. High School enrollment by 1962, based on present enrollments in lower grades, is forecast at 1,056. Present capacity of the High School building is 500 and there are now 508 students in High School.

Police Catch One Drag Racer; Three Escape

State police last night took part in a drag race on the farm-to-market road southeast of Artesia and overtook one of the racers who they said gave up at 100 mile-per-hour.

Three other racers got away, police said.

Alvin R. Jurgensen, an airman from Walker Air Base at Roswell, received a ticket for speeding after police overtook him.

Police slipped up on the racers at about 10 p.m. yesterday. A fourth would-be racer spotted the officers as he was about to enter the race and backed out.

The apprehended airman said that he was from California and "just loved to race." He said that he didn't know how the state police officers were able to slip up on him because he usually watched closely. Police said he was driving a super-dup model car.

CONFIDENCE VOTE LONDON

LONDON (AP)—A two-day debate on Britain's financial position has ended with a 325-259 vote of confidence in the Eden government's new anti-inflation moves.

PARK PROJECTS APPROVED WASHINGTON

WASHINGTON (AP)—The House has approved Park Service projects in New Mexico costing a total of almost \$331,000. They include \$104,000 for Aztec National Monument, \$177,100 for Chaco Canyon National Monument and \$50,000 for Fort Union National Monument.

Last Minute Sanity Test May Save James Upton From Chair

SANTA FE, N. M. — Condemned slayer James L. Upton gets a last minute sanity hearing before the State Supreme Court tomorrow morning.

The 9 a.m. hearing could save him from the electric chair. It will begin a scant 15 hours before the 22-year-old is to be executed.

Hit-Run Driver Given Fine Here

Manuel Moreno, 37, a laborer on a farm southeast of Artesia, was fined \$80 on a charge of leaving the scene of an accident and \$10 for driving without a license, in police court here today.

Moreno, while driving a pick-up truck belonging to his brother struck a car belonging to Henry T. Webb as it was parked at the curb at 511 W. Richardson. He left the scene of the accident, police said.

Damage to the Webb car was estimated at \$80. A neighbor of the Webbs caught the license number of the pick-up driven by Moreno as it left the scene. Police traced the hit-run vehicle through the license.

Moreno is in custody in lieu of payment of the fine.

Bernalillo Woman Announces Candidacy

ALBUQUERQUE (AP)—Mrs. J. R. Modrall of Albuquerque has announced her candidacy for a Democratic nomination for state representative.

"I think it is time for a woman to run for public office in Bernalillo County," she said.

Her husband, J. R. Modrall, is a former law partner of Gov. Simms. She is a former president of the Council of Social Agencies.

Twenty-Year-Old Youth With Cortex Injured In Auto Accident Lives In Coma Like Plant

DEMING, N. M. (AP)—Jimmy Smith, 20, is nearing the end of his fourth year of "living death."

Once a strapping high school student, he has been in a complete coma since March 30, 1952.

On that day he suffered a severe brain injury in an auto accident. Except for reflex automatic movements, he has not moved his head, legs or arms since.

Doctors here say he is now in one of the longest complete comas in history.

His case is also considered one of the strangest. Other people have been in long comas, but their functions have been maintained on higher levels. They can often see or move.

All Jimmy's thoughts and actions have been erased. He is fed water and nourishment just like a plant.

Brain specialists throughout the nation have not been able to offer any hope or suggestion for a cure. No doctor knows how long he can go on.

The Jimmy Smith story began here when his car turned over on him.

He was taken to the hospital practically dead. For more than 48 hours it was a question whether he would live.

Surgeons found the cerebral cortex shattered, with the brain stem automatically sustaining life.

He is in "excellent health" despite his paralysis, and feels none of the emotions of pleasure, anger or hunger.

Once an angular, blond youth of 16, at 20 he's a baby-faced brute with the appearance of a 10-year-old.

Milk is the main part of his diet. In addition, he is fed baby meats, baby vegetables, soft drinks, beer and water.

"Our greatest problem is his temperature control," his doctor says. At first his temperature soared to 107. Now it hovers between 97 and 102. Nurses control it with warm blankets or cool fans, depending on its variations.

He suffers no mental pains. Jabbing him with a medical needle only results in basic reflex actions as commonly seen in experimental animals that have had their brains severed.

To Jimmy's mother, he is now "just like a baby again."

She feels that everything certain in medicine since has been done for him. If he recovers, she says, it would be a "miracle."

It was only a few weeks ago that Jimmy's mother agreed to have him moved to the hospital. For more than 3 1/2 years, she and three special nurses cared for him at the Ben Smith home.

She had crowded everything else out of her life and kept a constant vigil on him. She is still not reconciled to the hospital change. She visits the hospital at all hours of the day and night to see him.

U. S. To Ask About Reports Of Slave Deal

UNITED NATIONS (AP)—The United States has served notice it will inquire in the U. N. Trusteeship Council about published reports of a slave trade between the French Cameroons and Saudi Arabia.

Benjamin Gurig, U. S. Delegate on the council, announced the move. The council is to review France's administration in the French Cameroons trust territory March 22.

France's Robert Barges confirmed that some trace of a slave trade had been uncovered between Islamic areas of French Equatorial Africa and pilgrimage cities in Saudi Arabia. He said the trade appeared to be slight.

Published charges by British opponents of the slave trade, so far not denied by France, said girls under 15 brought from \$500 to \$1,100 and men under 40 sold for \$400.

Spring-Like Weather Comes To New Mexico

By THE ASSOCIATED PRESS

The Weather Bureau predicts generally fair weather for most of the state for the next few days as the first signs of Spring are becoming more evident.

New Mexicans are beginning to rake the leaves from front yards and flowerbeds, are pruning trees and the rose bushes, and the fruit trees and worrying about the lawn seed.

The temperatures were expected to reach the 65 to 75 degree bracket in the south portion of the state today.

Civic Improvements Committee Meets

The Chamber of Commerce civic improvements committee met this morning under the direction of Chairman Bill Brittain. Ted Welch is vice chairman.

The group decided upon a list of citizens who will be asked to serve on the improvements committee, but the names were not announced pending notification and approval of those named.

The group also discussed the possibility of a civic improvements plan. They plan to contact Artesia citizens for ideas regarding changes which the city might like to make with a specified time.

LAS CRUCEN DIES

FORT WORTH, TX. (AP)—Elwood Turpentine, 41, a Las Cruces, N. M., auto dealer, died last night at the Western Hills Hotel after being stricken with what apparently was a heart attack.

GIVING TONSILS A WORKOUT. Striker Lou Tempura tells out police as they move him to neutral territory during violent outbreak at Republic Aviation Corp. plant, Farmingdale, N. Y. Machinists are striking in pay dispute. (International)

PAST PRESIDENTS of Park P-TA, honored at a founders day meeting of the chapter last night were, left to right: Mrs. Duane Sams, Ivan Herbert, principal of Park School, standing in for Mrs. Leroy Cranford, who could not be present; Mrs. Cecil Mitchell, Mrs. Hugh Parry, Mrs. Joe Little, and Mrs. M. G. Goodwin. (Advocate Photo)

Relaxed Pediatrician Chats On TV About Baby Problems

By CHARLES MERCER
NEW YORK (AP)—The consistent best entertainers on television are babies. You don't have to feed, change or discipline them. You can just sit back and watch 'em.
Baby watching is as therapeutic a sport as bird watching—as long as you are not responsible for the babies. A baby's clutching hands are the most fascinating devices in God's creation. The beatific smile of a born holler just before he dumps his cereal on the floor is a profound commentary on life.
Someday some smart TV producer is going to turn his cameras loose for half an hour on a nursery. No commentary will be necessary. The babies simply will go on yelling, fighting, growing, discovering without self-consciousness.
Until that day, however, baby watchers will have to be content with the glimpses of babies they catch on that excellent Sunday half-hour program conducted by that great friend of all babies, Dr. Benjamin Spock, on NBC-TV.
Even if you don't have a baby of your own you'll probably get a kick out of listening to and watching Dr. Spock chat with parents about raising kids. He'll never run out of material, of course, because babies keep being born and adults keep having new problems on them.
Dr. Spock undoubtedly conducts the most relaxed program on television. That's because he's so relaxed himself. Although a world-renowned pediatrician, he always seems to be learning from the parents he talks with.
Not long ago he told the TV audience that some viewers

Founders, Past Presidents Are Honored By P-TA

The Park School P-TA last night held a special Founders Day meeting at which the founders and past presidents were singled out for honors.
Mrs. John A. Mathis Jr., one of the founders of Park P-TA, described her efforts, and those of Mrs. J. J. Clarke Jr., her co-worker, to get a successful P-TA organization started at Park.
Mrs. E. E. Kinney, president of the P-TA chapter, spoke at the meeting and urged parents to consult more often with educators on academic problems that arise with their children and thus to promote better parent-teacher relations and understanding.
Mrs. Kinney then introduced the past presidents who were to be honored. They were Mrs. Duane Sams; Mrs. Leroy Cranford, who was not present; Mrs. Cecil Mitchell; Mrs. Jack McCaw, also not present; Mrs. Hugh Perry; Mrs. Joe Little; and Mrs. M. G. Goodwin.
The P-TA voted to sponsor a new Brownie Troop of 20 Girl Scouts.
The Melodettes—Donna Nelson, Melva Ann Morgan, and Jackie Stagg, accompanied by Linda Boone—sang several selections. Mrs. Harvey Yates was hospital-ity chairman in charge of refreshments.

Football Teams To Be Invited To Wedding Fete

MONTE CARLO, Monaco, (AP)—Monaco officials, bubbling over with plans for the April marriage of their prince to Grace Kelly, announced today that two American football teams will be invited over to play.
The teams were not disclosed, but officials said the game will be held in the Louis II Stadium, which never has seen such a contest before. It was set for April 17, the day Prince Rainier III and Miss Kelly will be united in a religious ceremony.
If Monacans are amazed at their first look at American football, the Americans probably will be astounded by a pregame twist their hosts plan. An acrobat is to cross the stadium on a tight wire, pausing before the royal box to unfurl big Monacan and America flags.
Palace sources said preliminary estimates of the bill for celebrating the wedding come to around 100 million francs—\$285,000.
To the growing list of celebrities who will be in Monaco for the wedding were added the names of British ballerina Margot Fonteyn, Bob Hope and Bing Crosby.

Hospital Report

Admissions: Feb. 21: Mrs. G. K. Stout, 604 W. Grand; John Buck-out, Mrs. Victor Clack, 909 S. Rose-lawn.
Dismissed: Feb. 21—Mrs. Robert Gates, Geo. E. Jr. Boggs.
Births: Feb. 21—Mr. and Mrs. James Sowers, son, 7 pounds, 11 ounces, 9:08 p. m.

CITY COUNCIL TO MEET
The City Council will meet tonight in the City Hall. Mayor Yeager said today that the council will probably receive a request from the Library Board that the city present a general obligation bond for \$125,000 for the purpose of selecting a site and building a new library.

World Program Is Discussed By BPW Club

A social meeting of the Business and Professional Women's club was held Tuesday night at Cliff's cafeteria. Attention was called to the fact that the present week is being observed by BPW as International Federation Week.
Artesia has earned the honor of a Club of Achievement through the combined efforts of the membership. This week there are some 165,000 members in clubs meeting in twenty countries of the free world marking the twenty-sixth anniversary of international organization.
Mrs. C. R. Blocker told about her visit in Europe and the need for the club's international program in conjunction with other nations.
Mrs. Hazel Thomas, school health nurse, spoke on conditions in school children's health program.
Civil Defense is the clubs present project, and a resume of details were briefed by president, Mrs. Olive Rogers.
Members and guests present were: Mrs. T. P. Rogers, Mrs. C. R. Blocker, Mrs. H. L. Bryant, Mrs. Leon Barker, Mrs. W. A. Brown, Miss Jewel Ford, Mrs. Beatrice Sumner, Mrs. E. A. Poe, Mrs. Hazel Thomas, Mrs. Catherine Sneed, Miss Hazel Hockensmith, Mrs. Virgie Copeland and Mrs. Walter W. Kennedy.

Four Artesians Participate In

The 61-piece Eastern New Mexico University orchestra and the brass choir will be heard in concert Sunday at 3:30 p. m. in the University gymnasium. C. M. Stookey, chairman of the School of Music, will conduct.
The largest out-of-town group is from Artesia and includes Johnnie and Erlene Ware, and Rachael and Bert Beasley.

In ENMU Concert College Band To Appear Here

The 65-piece New Mexico A&M College band resplendent in new uniforms, will play for 13 different high school audiences on a trip that will be climaxed by its appearance before the meeting of the American Bandmasters' Association in Santa Fe, March 7-8.
The band will appear in Artesia March 1, at 1 p. m.

BUGGY QUESTIONS

Sometimes officials of the Internal Revenue Service feel that somebody is pulling their legs. This feeling springs from some of the weird questions presented by taxpayers.
In Oklahoma the district office was requested to provide the procedure for figuring depreciation on a \$500 investment in a worm ranch.
In California a similar query sought specific detail in behalf of a farmer who had allegedly purchased \$200 worth of ladybugs to combat aphids. Somewhat uncertainly perhaps, inquirers were told they would have to take a physical inventory and claim death loss only.
Four Alabama players—Harry Gilmer, Ed Salem, Dixie Howell and Clell Hobson—have gained more than 1,000 yards in one season for the Crimson Tide. Gilmer did it twice.

Jack Guzik, Mastermind Gangster Dies In Chicago Of Heart Attack

CHICAGO, (AP)—Jack (Greasy Thumb) Guzik, who didn't fit any popular conception of a gang boss but who was ranked a big wheel in the underworld since the bloody days of Al Capone in the 1920's is dead.
The 69-year-old gang chief, who once was Capone's chief lieutenant and who reportedly masterminded the gang's way to riches and political power, died last night. Death was attributed to a heart attack.
Police were unable to confirm immediately if Guzik died at the home of his son-in-law, also on the South side.
Guzik, gray-haired, flabby and mild mannered, was regarded as the top gambling boss in Chicago after Capone abdicated. "Scarface Al" left Chicago, at the request of the federal government, to serve 11 years in prison for income tax evasion.
And it was for income tax evasion that Guzik met with his only reversal in his many brushes with the law in some 30 years. He was sentenced in 1930, with Capone, to serve five years in prison and fined \$17,500 for evasion of more than one million dollars in income taxes for 1927-1929.
He fought the conviction for two years before he started serving his sentence. He was in Leavenworth Federal Prison for three years and eight months.
Guzik was No. 10 on Chicago's original list of 28 public enemies compiled by the Chicago Crime Commission in 1930. At that time—the prohibition era—he was business manager of Capone's enterprises—illegal breweries, dog and race tracks, gambling and vice resorts.
While Capone's hoodlums resorted to guns and muscle to keep their many businesses operating, Guzik was known to carry a gun. The story is that he was given the nickname "Greasy Thumb" by the Capone mobsters who watched him count huge hankrolls.
Guzik's name has been in the public prints for years. He was picked up innumerable times by police for questioning about various crimes, particularly when a known hoodlum was slain in gangland style.
Only last week he filed suit in federal court seeking to charge police with false arrest and asked \$50,000 damages against seven members of the Police Department.
Lightweight boxing champion Wallace (Bud) Smith formerly worked for his father-in-law who is an undertaker.

Six Men Killed In Crashes Of Military Planes

WEST PALM BEACH, Fla. (AP)—Six men were killed late yesterday in two crashes of military planes in south Florida.
Five died when their Boeing KC97 Stratofreighter of the 174th Air Transport Squadron crashed and burned at the Palm Beach Air Force Base. A Marine Corps pilot was killed when his Douglas Skyraider fell 100 yards from the end of a runway at the Marine Corps Air Station at Opa-Locka, near Miami.
Names of the dead were withheld.
Witnesses said the left inboard engine was afire when the Stratofreighter was coming in for a landing. The plane struck the ground, nosed into an embankment, flipped over on its back, skidded across a road and burst into flames.

Hurry, hurry and you might win \$50,000

Your present car may win you one of 785 huge cash and travel prizes!

Like to win a barrel-full of money? Then hurry! Just a few days left in Plymouth's fabulous \$150,000 Lucky Motor Number Sweepstakes. First prize, \$50,000. All you do is take proof of ownership for your 1950 or newer car (any make) to any Plymouth dealer, and register the motor or serial number on the free entry blank. Nothing more. Hurry to your Plymouth dealer (who has official rules)—and you might win \$50,000!

785 PRIZES—\$150,000 IN ALL!

1st prize—\$50,000	5th prize—\$1,000
2nd prize—world trip for two by air, plus \$5,000	50 prizes of \$250
3rd prize—\$5,000	75 prizes of \$250
4th prize—\$2,500	100 prizes of \$100
	555 prizes of \$50

PLYMOUTH The car that's going places with the Young in Heart

Our Postseason Basketball Selections Fall; Louisville Stunned By Eastern Kentucky, 86-84

By The Associated Press

The Belt-the-Tournament Week in college basketball in two nights four postseason selections have been knocked out, including mighty Louisville ranked No. 3 in the Associated Press poll and a likely contender for the National Invitational Tournament title.

Eastern Kentucky, an unlikely giant killer, stunned Louisville 86-84 last night with Jack Mayes providing the clincher in the final seconds. The Cardinals have lost four games for a record.

Adams missed a short set after fouling out but recovered to score 25 points. Louisville was high for 33 points. Louisville had only 27 of 80 shots, hitting by Charlie Tyra, who scored 25 and tied it at 84 with two free throws.

Associated Press, an NCAA entry as the Conference champ, fell to Massachusetts 87-85. The team, suffering their first defeat of the season, made a 19-point deficit to tie it at 84. But Dick Eid and George R. Lavin of Girard, Ohio, settled themselves in the gallery's affections yesterday with an expert three-hour haul that produced 10 stylishly handled beives.

The three judges won't comment on any dog's performance before the end of the trial, and there were 29 yet to show. But thus far, at least, Tom's hunt was the one to beat.

The first brace up for a crack at it paired Fast Delivery Boy, owned by A. V. Holmes and H. A. Crane of Washington, D. C., and Bill's Gypsy Bird, owned by H. B. Pittman of Malakoff, Tex.

In the afternoon brace were Homestake, owned by W. A. Howell of Carbondale, Ill., and Billy Hope, owned by Bethea McCall of Birmingham, Ala.

Judge Tom M was paired with Running W. Wrangler, owned by R. M. Kleberg of the King Ranch in Texas. The Wrangler's nose was way off.

Southwest Conference Basketball Race Fades Into A Two-Team Affair

By THE ASSOCIATED PRESS

The Southwest Conference basketball race has faded to a two-team affair with Southern Methodist at the dormie stage—able to win its second straight championship by taking one of two remaining games.

The talented Methodists, who have stormed over every kind of defense thrown at them, won their tenth straight against no defeats Tuesday night as they leveled Baylor 89-68 with a minimum of effort, and clinched at least a tie for the title.

At the same time Texas was knocking Rice out of the running, 94-82. Rice can't even share the championship should SMU lose its last two games. The only team left with a chance of gaining a tie for the title is Arkansas.

Saturday night SMU plays Arkansas in Dallas, on a court where the Methodists have won 22 straight games, and if they are victorious, as expected, they'll have the championship stowed away and looking toward an NCAA playoff with the Border Conference king, whoever that may be.

Baylor tried a sinking zone defense in the first half Tuesday night and the Methodists stood off and whopped them good on the usual sensational outside shooting of Larry Showalter. Then they shifted to a man-for-man defense in the second half and the Methodists camped under their basket with giant Jim Krebs leading a rim-rattling barrage.

Wayne Connally, half-pint Baylor guard, ended up as high point man of the night. He had 22. Ronnie Morris flung in 21 points for the Ponies.

Texas' defeat of Rice was a rip-snorter of a game with the score being tied six times and the lead changing hands nine times in the first half.

Ray Downs scored 32 points and Texas teammate Norman Hooten 29. Temple Tucker led Rice with 26.

Texas A&M and Texas Christian meet at Fort Worth Wednesday night and A&M and Rice get together at College Station Friday night, this leading up to the big one—Arkansas vs. Southern Methodist at Dallas Saturday night. SMU will play its final against Rice at Houston next Tuesday night.

Ohio Pointer Is Favorite In Bird Dog Show

GRAND JUNCTION, Tenn. (AP)—An Ohio pointer was the big gallery favorite today as four more dogs came under the critical gaze of National Bird Dog Championship judges.

Judge Tom M, owned by W. E. Lavin of Girard, Ohio, settled himself in the gallery's affections yesterday with an expert three-hour haul that produced 10 stylishly handled beives.

The three judges won't comment on any dog's performance before the end of the trial, and there were 29 yet to show. But thus far, at least, Tom's hunt was the one to beat.

The first brace up for a crack at it paired Fast Delivery Boy, owned by A. V. Holmes and H. A. Crane of Washington, D. C., and Bill's Gypsy Bird, owned by H. B. Pittman of Malakoff, Tex.

In the afternoon brace were Homestake, owned by W. A. Howell of Carbondale, Ill., and Billy Hope, owned by Bethea McCall of Birmingham, Ala.

Judge Tom M was paired with Running W. Wrangler, owned by R. M. Kleberg of the King Ranch in Texas. The Wrangler's nose was way off.

LOUISVILLE LULU - - - By Alan Maver

Eddie Machen To Fight Cuban Julio Mederos

By THE ASSOCIATED PRESS

MIAMI, Fla. — Amoret (\$3) scored by a neck over her stablemate Miss Arlette in the Lotus Purse at Hialeah.

OLDSMAR, Fla. — Top Again (\$5.20) won the six-furlong feature at Sunshine Park.

NEW ORLEANS—Golden Admiral (\$4.80) romped to a 2½ length victory in the top event at the Fair Grounds.

ARCADIA, Calif.—Triple Jay (\$3.90) captured the feature at Santa Anita by 5 lengths.

MIAMI BEACH, Fla. — Al Andrews, 163, St. Paul, outpointed Billy Kilgore, 167½, Miami, 10.

SACRAMENTO, Calif.—Hoye Lopes, 136, Sacramento, outpointed Jorge Macias, 139, Mexico, 10.

HOUSTON, Tex.—Davey Walden, 130, Youngstown, Ohio, outpointed Al Tisi, 128, New York, 10.

KANSAS CITY, Kan.—Jesse Turner, 164, St. Louis, outpointed Leroy Green, 166, Kansas City, 10.

HOLYOKE, Mass.—Barry Allison, 151, Westover AFB, outpointed Wilbur Wilson, 146½, Boston, 10.

LOPES GETS DECISION

SACRAMENTO, Calif.—Joey Lopes, 136, Sacramento, hit Jorge Macias, 139, almost at will for the last eight rounds here last night, but he could not floor the durable Mexican. The 10-round decision was unanimous for Lopes.

Breaks All Marks

It will be Machen's first televised bout and the first fight in San Francisco's newest boxing palace, promoter Bennie Ford's San Francisco Garden.

Ten of Machen's 11 wins were by knockouts, one of which was over Howard King of Reno, who went 10 rounds but lost a decision to light heavyweight champ Archie Moore here Monday night. His longest fight was a 10-round decision over Ben Wise last December.

Mederos, on the other hand, has two knockouts to his credit. There is no question that the 23-year-old Cuban has on the whole fought better opponents than Machen.

HIGHLANDS LOSES

LAS VEGAS, N. M. — Highlands University failed to recover from a second-half spurt and lost a basketball game to Adams State of Alamosa, Colo., 77-67 here last night. Lionel Taylor led the losers with 23 and was high for the night.

Kelvin Kleber of Minnesota set a Big Ten punting record in 1955 when he averaged 44.2 yards on 25 kicks.

Cary Middlecoff Again Favorite To Capture Money In \$30,000 Houston Open Golf Event

HOUSTON (AP) — Cary Middlecoff, the golfer most frequently picked to win the Houston Open, will be the favorite against when the 72-hole, \$30,000 event starts tomorrow.

In two days, the former Memphis dentist has collected 14 birdies in practice rounds over the sprawling, 7,122-yard, par-72 Memorial Park course.

"I'd like to start tomorrow knowing I would have 14 birdies in two days," the tall golfer said.

Middlecoff won the Houston Open in 1950 and 1953.

Professionals Harry Dee, Hartsdale, N. Y., and Bob Gaida, Detroit, Mich., and amateur Bill Williamson, Charlotte, N. C., posted identical scores of 33-35-68 yesterday to share medalist honors as 51 out of 144 players qualified for tomorrow's field of 160.

Forty-nine qualified with scores of 74 or better. This left room for only three of the 14 tied at 75. Two of them, Joe Black, Ahilene, Tex., and Don Byrd, Lake Waua-see, Ind., qualified before darkness stopped a swiftest after two holes.

Henry Williams Jr., Reading, Pa., was the top money winner in the tournament's new \$3,750 pro-amateur event at the Sharpstown Country Club.

Williams' low score of 66 on the 6,840-yard, par-71 Sharpstown layout was good for \$450. Jackie Burke Jr., Kiamesha Lake, N. Y., had a 67 for \$275, while Jerry Barber, Los Angeles, won \$250 with a 68.

A team led by Bob Crow had a 58 for the low best ball. The Hopkins, Minn., pro collected \$250.

Tied at 69 in the qualifying round were Monte Bradley, Houston, and Gene Bone, Detroit, Mich., John Knight, Los Angeles, Hampton Auld, Norwalk, Ohio, and amateur Billy Dunn, Houston, had 70s. The 71 group included Jack Kay, Montreal, Canada; Buck White, Greenwood, Wis.; amateur Jimmum Tom Blair Jefferson City, Mo. and Murray Turcker, Toronto, Canada.

Other qualifiers included: Monte Sanders, Marshall, 72, and amateur Eddie Langert, Beaumont, 73.

Al Rosen's Index Finger Apparently Well Enough For Him To Grip Ball

By THE ASSOCIATED PRESS

Al Rosen, the Cleveland infielder who slumped to a .244 batting average after winning the American League's most valuable player award in 1953, was eagerly looking forward to the official start of baseball and spring training today.

The right index finger that caused Rosen so much trouble last season apparently is in good enough shape for him to properly grip a bat. Al showed yesterday that he can flex the finger.

"If I can bounce back along with some of the other players who had trouble last year like Bobby Avila and Vic Wertz," he said, "we'll be a definite pennant contender."

Injuries also were in the news elsewhere on major league fronts.

Manager Charley Grimm of the Milwaukee Braves said he thinks righthander Lew Burdette will be able to begin spring training workouts with the club Saturday despite his recent pitching hand surgery.

Burdette hurt his hand last week when a rusty piece of blade flew off a lawn mower and gashed his knuckles.

hand to begin preliminary work.

Last spring, Alston had no trouble whipping the squad into shape, for the "disappointment" he was talking about still was fresh in the players' minds. They thought they could win the pennant in 1954 any time they chose to make their move. But they didn't.

That hurt and they needed no persuasion to get into shape before the '55 campaign got under way. This year, Alston finds himself lacking a psychological motive.

He'll probably institute a mild "get tough" policy.

For example, he said that any other players who want to begin training with the battery men are welcome but that they'll have to do things his way.

"I don't want any of this business of sitting up and standing around after a few minutes," he said.

Carl Furillo, Gil Hodges and Rube Walker all were on hand when Alston arrived. The manager said there would be only one workout a day and that would last until he decided the players had had enough.

Banned For Life

ACCUSED of padding expense accounts, Marine Lt. Wes Santee, America's greatest miler, is banned by AAU from amateur status. (International)

Dodger Players Advance Guard Opens Training

VERO BEACH, Fla. — The advance guard of the world champion Brooklyn Dodgers began spring training today with words of caution from Manager Walt Alston.

"I've got to guard against overconfidence," he said. "I intend to keep reminding them of it even though I don't anticipate any trouble."

"Too many players on this team have been through disappointments before so they should know what to do. But all the same I'm taking no chances. They will hear plenty on the subject."

The main squad doesn't report for another week, but most of the pitchers and catchers were on

RESTAURANT MEN MEET

ALBUQUERQUE (AP) — Lloyd Bloodworth, secretary-manager of the New Mexico Restaurant Assn., said he expects about 350 members to attend the group's 11th annual convention here March 6-8.

Florida State's new assistant football coach, Hugh (Bones) Taylor, formerly starred for the pro Washington Redskins.

Serving The People?

PERHAPS we should ask more often just why we send members to congress, and who they are supposed to represent when they reach there.

There is little doubt but what if the representative or senator is sure why he or she is being sent to congress when they arrive it doesn't take them long to become convinced they are there to represent their own party and to do those things necessary to insure their re-election.

Bighorn Sheep To Be Captured For Texas Range

By The Associated Press How many little fish is your state going to take from its hatcheries and turn loose in streams and lakes this year?

two English units, two social science units, one mathematics unit one biology or physical science unit and one physical education chorus or band unit are the same for all Artesia High students, the courses of instruction are set up under three headings: College Preparatory or Academic Course, General Course and Vocational Course.

The vocational curriculum is designed for students who plan to enter related fields in college as well as for those students not planning to go to college or a university. There are four separate possibilities: home economics, vocational agriculture, industrial arts, commercial. Distributive education is considered a part of the vocational curriculum, but, for the most part it is definitely a terminal course.

A student who expects to go to college but it not sure which field he will enter is urged to take the following courses which will meet the requirements of almost all colleges or universities: English—3 units; mathematics—2 units; algebra and plane geometry (students planning to enter scientific or engineering pursuits should take 3 units of math in senior high school); science—2 units; social science—2 units; Spanish—1 or 2 units depending on whether he has a unit from junior high.

The general course curriculum is set up for those students who do not wish to take either the academic or the vocational course, but a combination of the two. The only requirements include completing thirteen units of work which must contain the mentioned basic required subjects.

Callers Voice Protest Against Man's Transfer

SANTA FE (AP)—A spokesman for Gov. Simms says Simms has received a number of telephone calls from Springer objecting to the recent transfer of State Police Capt. A. P. Winston to Las Cruces.

Winston was stationed at Springer more than 10 years. The spokesman said such transfers are routine, explaining the state police commission places such responsibility in the hands of the state police chief. "There is no indication the board plans a change" in the policy, he said.

State Office Leases Land For Oil, Gas

NOTICE State Engineer's Office

Number of Application RA-1343-S Santa Fe, N. M. February 1, 1956 Notice is hereby given that on the 26 day of January, 1956, in accordance with Chapter 131 of the Session Laws of 1931, R. T. Schenck of Artesia, County of Eddy, State of New Mexico, made application to the State Engineer of New Mexico for a permit to change location of shallow well by abandoning the use of Well No. RA-1343S, located at a point in the SW 1/4 NW 1/4 NE 1/4 of Section 14, Township 19 South, Range 26 East, N.M.P.M., for the purpose of continuing rights for the irrigation of 80 acres of land described as follows: Subdivision SE 1/4 SE 1/4 SW 1/4, Section 11, Township 19S., Range 26E., 7.40 Acres; Subdivision S 1/4 SE 1/4 Section 11, Township 19S., Range 26E., 20.26 Acres; Subdivision NE 1/4 NE 1/4 NW 1/4 Section 14, Township 19S., Range 26E., 29 Acres; Subdivision N 1/4 NE 1/4 Section 14, Township 19S., Range 26E., 52.05 Acres.

No additional rights over those set forth in License No. RA-1343 are contemplated under this application.

Appropriation of water from all sources combined not to exceed a total of 3 acre feet per acre per annum. Old well to be plugged. Any person, firm, association, corporation, or the United States of America, deeming that the granting of the above application will be truly detrimental to their rights in the waters of said underground source, may protest in writing the State Engineer's granting approval of said application. The protest shall set forth all protestant's reasons why the application should not be approved and shall be accompanied by supporting affidavits and by proof that a copy of the protest has been served upon the applicant. Said protest and proof of service must be filed with the State Engineer within ten (10) days after the date of the last publication of this notice. Unless protested the application will be taken up for consideration by the State Engineer on that date, being on or about the 5th day of March, 1956. S. L. Reynolds, State Engineer 2-8-15-22

Horse Attempts Palace Visit

LONDON (AP)—A horse went to Buckingham Palace all by himself last night to repay a visit by the Queen. Police halted him just short of the royal doorstep.

The animal, a 10-year-old white Arab named Caid, is in the care of the French revue "La Plume de Ma Tante" (The Pen of My Aunt). The revue is at the Garrick Theater, a few blocks from the palace. Queen Elizabeth II, the Duke of Edinburgh, Princess Margaret and Queen Mother Elizabeth went to see the show last night.

Not long after the final curtain, late homegoers were astonished to see Caid, riderless, trotting up the royal mall toward the palace. He was followed by a somewhat breathless bobby on the dead run and a Frenchman in cowboy regalia shouting, "Caid! Mon ami!"

At the palace gate a police car barred the procession and a detective jumped out and collared the animal. All hands retired to the nearest police station to sort things out. The Frenchman in the cowboy outfit, 32-year-old Bernard Vanot, said it's his job each night to ride Caid from the theater to a stable about a mile away.

"I left him tethered to a railing near the stage door while I went back for his saddle," Vanot explained. "When I came back he was gone."

"I think maybe he liked appearing before the Queen so much he went to Buckingham Palace to play an encore."

The cops released Caid in Vanot's custody.

700 EXPECTED FOR MEETING

ALBUQUERQUE (AP)—Officials of the Central Baptist Assn. say some 700 people are expected at the group's training union conference which ends here Friday.

HEADING FOR SAUDI ARABIA, this tank, one of 18 in shipment, is being loaded aboard steamer James Monroe at Brooklyn, N. Y. Lifting by President Eisenhower of two-day ban on shipment has split Congress. (International)

Four Air Force Officers Conduct Strange Revolt In Brazil Village

RIO DE JANEIRO, Brazil — One of the world's strangest rebellions is under way in Brazil. Four air force officers and 30 men have seized the city of Santarem, cutting all air and river traffic through the Amazon Valley. Not a shot has been fired. No one is sure why the men are in revolt. The government angrily denies the revolt leader is short in his accounts.

No other disorders have been reported over the country. Telephone service between Rio de Janeiro and Sao Paulo was cut last night but the telephone company said the difficulty was due to an accident on its lines. There was no report of troop movements or other unusual occurrences at Sao Paulo, Brazil's second city of more than two million persons 220 miles

southwest of Rio de Janeiro. Santarem, the revolt site, is a commercial center of some 15,000 persons 1,500 miles northwest of Rio de Janeiro and about 350 miles up the Amazon. The uprising has political overtones.

Maj. Haroldo Veloso fled from Rio de Janeiro in a training plane Feb. 11 and enlisted the river town's small garrison behind him. They blocked the airfield with gasoline drums and have been holding out ever since.

His action cut air traffic between Belem, near the mouth of the Amazon, and Manaus, the chief upriver port. Commercial planes need the Santarem field as a refueling stop.

River boats have not tried to run past Santarem. There are no railroads along the Amazon.

trated troops in Belem and has occupied emergency landing fields around the Santarem redoubt. But any plans of further action are "a military secret."

One reason for the government inactivity may be widespread disaffection reported in the air force. An attack resulting in the death of Veloso could make him a martyr. But if the government can wait for him to surrender, it might by kid-glove handling appease the reported air force feeling.

Presbyterian Committee To Study Heresy

PITTSBURGH — The North American Council of the World Presbyterian Alliance, continuing its three-day meeting today, has appointed a theological committee to study heresy.

The committee, headed by Dr. James I. McCord of Austin, Tex., was named yesterday to "tackle the problem of drawing up a statement or statements dealing with heresies of the day."

"In drafting a confessional statement for today," Dr. McCord said, "we must ask ourselves: Is it enough just to reaffirm opposition against doctrines of Roman Catholicism or should we rather place current issues of Christian faith and life... in the forefront of our statement?"

Dr. Eugene Carson Blake of Philadelphia, stated clerk of the Presbyterian Church in the U.S.A., said "We hope that the theologians will write in a way we preachers can understand and in language lay people can confess."

Dr. Marcel Pradervand of Geneva, Switzerland, told the delegates the most acute worldwide task facing Protestants is the problem of religious liberty.

He said the Alliance "will continue to fight for this essential freedom."

About 100 delegates, representing 5 1/2 million members of communions in the Reformed and Presbyterian traditions, are attending the sessions.

Four Paroles Given Inmates

SANTA FE — The State Parole Board has granted parole to four of 40 convicts and taken five cases under advisement.

The parole of four other convicts was revoked for parole violations.

Those for whom parole was approved included Tomas Bermudez, Lea County, three to five years, involuntary manslaughter (auto); and David Brooks, Chaves County, 18 months to two years, forgery.

Parole was denied Robert E. Barton Allen, former New Mexico University speech professor. He indicated a preference to serve full time so he can be released

without parole strings to ease possible acceptance of job offers. He was sentenced to 2 1/2 to five years in April, 1954, on a charge of contributing to the delinquency of a minor.

Those whose parole was revoked included George Rockey, Curry County, one to three years, forgery; Coye Lee Hall, Lea, three to seven, grand larceny.

Contractor Seeks Legislative Post

Mauldin, Albuquerque contractor and real estate man, says he will be a candidate for a Democratic nomination for State Representative from Bernalillo County.

He will run for Position No. 8, one of three new ones for the county. Never in politics before, he said he opposes the Loss Leader Law passed last year.

Balloon Flies From Japan To Near Africa

OPPAMA, Japan — The U. S. Navy said today a weather balloon it launched here Feb. 18 is nearly to Africa after crossing the Pacific, the United States and most of the Atlantic.

The Navy reported the 40-foot gas bag this morning was 700 miles west of French Morocco, traveling east-southeast at 30,000 feet and moving at about 140 miles an hour.

The balloon's automatic instruments were reported radioing reports of 55-below-zero temperatures from that altitude. The bal-

Possible, But Not Likely Sun Spots Cause Increase In Plane Crashes

SACRAMENTO PEAK OBSERVATORY, N. M. — An expert on sun spots says it is possible but not likely, that sun spots had something to do with the recent increase in aircraft crashes.

John Evans, one of the Harvard University staff that keeps a constant eye on the sun from this mountain-top observatory, said last night that solar activity can affect long-range radio communication and that this could have played a role in recent airplane accidents.

But he said that it would be very difficult to determine just how this could happen.

And an Air Force officer at Kirtland Air Force Base, Capt. Rhodes Arnold, said that few planes use the type of long-range radio that is either very high or high frequency.

long wave radio equipment would be affected by sun spots. Evans said that long range waves get their distance by bouncing off the ionosphere, a layer above the atmosphere about 100 miles up. He said that solar flares and magnetic storms, such as those involved in sun spots, alter the composition of this ionosphere layer. The result, he said, is that waves which are supposed to bounce don't, and instead there is a communication fade out. Evans recorded in the last few days such fade outs, he said, have not been recorded in the last few days.

Arnold said he felt such accidents to be unlikely since the planes now use that long range bounce-off-the-ionosphere type radio. He said the more common radio is either very high or high frequency.

ELECTRICAL CONTRACTOR

Residential and Commercial

Call our skilled electricians for all electrical needs. Be sure the job is done right!

the A-B-C's of Adequate Wiring!

It's easy to understand adequate wiring. First, you need a large enough entrance for Reddy to enter... this is called the service entrance panel... it's where the main switch is located. Next, you need large enough wires throughout the house to carry Reddy in ample quantities to the points of use... dishwasher, range, dryer, bathroom wall heater, etc. And, finally, for convenience you need plenty of electric outlets... places where it's easy to plug in lamps, toasters or other electrical appliances without running long, unsightly cords and without having "octopus" plugs in the outlets.

Get the simple A-B-C's of adequate wiring in your home... Ample service entrance, Bigger wires and Convenience outlets for A Better Conception of modern electric living.
