Pickett Says He Would Form State Cabinet

AS CRUCES (AP)—Ingram Pickett says he will set up a cabinet of state government if he is elected governor.
Pickett followed Gov. John Simms into the Mesilla Valley yesterday on a handshaking tour. Simms, one of his opponents in the Democratic nomination for governor.
If Lincoln had a cabinet and the other presidents had cabinets, why shouldn't a cabinet be composed of people who came up hand way and know their business? to be the advisors and counsils for the government of New Mexico?" Pickett asked in a state
John Simms would need 10 sets.
Why shouldn't the state of Mexico, which is the biggest mass in the state, avail itself to the best minds to give people business administration they deserve? the state corporation commissioner added.
He said he would pay his cabinet experts in various fields, a year out of my own pocket.
He said if New Mexicans like this system, "I'll go to the Legislature for constitutional authority such a plan."
Pickett said if elected he would set up desks, typewriters and other equipment in the governor's office for Bill Harrison, the Santa Fe columnist, the Associated Press, the United Press and any other newspaper which wants in."
He said no one wanting special privileges would ask for them "in the presence of these newspaper people."

Teachers Hear Dr. Hansen Outline Education's Goal

Speaking before almost 1,600 teachers of the Southern New Mexico Education Association, meeting at the Artesia Junior High School this morning, Dr. Kenneth H. Hansen, chairman of the division of education and psychology at Western State College of Colorado, and a text book author, outlined five rational goals of education and explained how these goals parallel those of science.
Following a general assembly this morning the educators split into 12 discussion groups with the following topics:
Facilities necessary for a good science program, opportunities for the gifted in high school science, scientists as citizens, the preparation for teaching elementary and junior high science, the role of the administrator in the science program, the science of human behavior;
Developing a readiness for science, attitudes toward science, competencies necessary for a good scientist, relationship of the three R's to science, and why a shortage of scientists exist.
The general theme of this year's conference was based on science and the school.
Other major speeches scheduled for later in the day include an address by Dr. David Simons, chief of the space biology lab at Holloman Air Development Center, who (Continued on Page Four)

Dismissal Said Made Without 'Good Cause'

SANTA FE (AP)—Fred A. Thompson, discharged as assistant director of the State Game Department, has sent his formal request for a hearing to the Game and Fish Commission.
His attorney had said earlier that a hearing would be sought.
Copies of correspondence made public by Frank Zinn, Thompson's attorney, showed that Thompson told the commission members that for him to accept summary dismissal by State Director Homer C. Pickett without protest "would be a disservice to the state, to the people in the employment of the department with whom I have served for many years, and to myself."
Thompson, with the department 18 years, was fired by Pickett after he refused to resign. Pickett charged him with "disloyalty and insubordinate activities."
In his letter to the commission, Thompson set forth the contents of Pickett's two brief letters, the first on March 2, demanding the resignation, and the second, dated March 14, telling him of his dismissal as of March 20.
Thompson also wrote Pickett, telling him he had asked for the hearing and asking that Pickett give Thompson and the commission the particular facts constituting cause for the dismissal.
He contended the March 14 letter failed to cite "good cause" for the discharge and added:
"Your earlier letter requesting that I resign, contained statements accusing me of disloyalty and insubordination. I request that these vague accusations, if they are to be the basis of your order discharging me, be stated with particularity as to the time and place of occurrence and the nature of the acts constituting the disloyalty and insubordination you allege."
"I believe that I am entitled to a statement of charges against me, and request that this information should be provided me before the commission hearing."
Pickett said he had no comment on either Thompson's letter to him or to the commission. Any (Continued on Page Four)

"I don't want such an honor," protested the speaker.
"It's not in honor of you," was the reply. "I'm trying to keep them awake."

France To Give Self-Rule To Colonial Areas

PARIS (AP)—France moved toward granting self-government to French West and Central Africa and Madagascar along the pattern forced by nationalist movements in Tunisia and Morocco.
The National assembly, in a session last until about 4 a.m., voted 477-99 to give the government special powers to make broad political and administrative changes in the overseas areas.
The measure now goes to the Council of the Republic, the upper chamber. It is expected to run into tougher opposition there but not enough to give Premier Guy Mollet Areas involved under the new measure in West and Central Africa have a total population of 20,396,000. The bill gives the government an almost free hand in ending the division in political and civic affairs between the European and native populations. It provides for ending the present split of local assemblies into European and native sections.
The bill also authorizes the government to take steps to raise living standards.
Separate clauses of the bill dealing with the island of Madagascar provides for restoration of popular government. The island has been held under rigid controls since the French crushed a local rebellion (Continued on Page Four)

RUSSIAN POLICE CHIEF ARRIVES, IRKS BRITISH

LONDON (AP)—The Kremlin's campaign to win friends and influence people in Britain fell flat on its face in the British Press today.
The cause: a short, squat man named Gen. Ivan A. Serov, who is the police chief of the Soviet Union.
He arrived here Thursday to check security arrangements for the visit next month of Premier Bulganin and Communist party boss Nikita Khrushchev. His arrival set off cries of outrage from the British papers which equaled—and may have surpassed—the vituperation heaped on Hitler, Himmler and Goebbels during the dark days of World War II.
Serov's coming probably undid whatever success the Kremlin achieved with its campaign of smiles and goodwill to assure a friendly reception for Bulganin and Khrushchev April 18.
Many observers consider Serov's trip a major blunder by the Kremlin, which certainly was aware that he was considered here the man responsible for the mass deportations and murders in eastern Europe.
The pro-Laborite Daily Mirror devoted its first two pages to an attack on Serov by its leading columnist, Cassandra. He wrote:
"An odious thug arrived at London Airport yesterday. His name is Ivan Alexandrovich Serov. Mark him well. Look upon his smiling face. For this man is the Himmler of the Soviet Union and his business is terror, torture and the grave."
The Daily Herald claimed Prime Minister Eden's government, which has made clear it disapproves of Serov's arrival, "is already worried over the protests about his present visit—protests which stem from his secret police record in Russia."

Dimes March Grosses \$8,003

A March of Dimes financial report released here yesterday by Fred Cole, treasurer, revealed that the drive grossed \$8,003.04 for the North Eddy County chapter.
This compares with \$10,660 last year, which was an all time record for the chapter. The total collected by the chapter during the past 10 years was \$50,254. Mrs. Francis Currier, this year's campaign chairman, has been a member of the chapter during that entire time. Fred Cole has been MOD treasurer since the inception of the March of Dimes, 24 years ago.
Besides the sums sent the National Foundation for research and emergency contributions, the local chapter has spent about \$15,000 for the care and treatment of local cases of polio. The chapter is still maintaining several cases now undergoing treatment.
The following is a breakdown of contributions during this year's drive:
MOD mail cards, \$1,210; mothers' march, \$1,208; business house collections, \$873; schools \$460; coin collectors, \$751; KSVF radio auction, \$719; teenage drive, \$840; National Guard, \$280; Rebekah dinner, \$200; seven coffee committee collections, \$794; Hope dance, \$139; DAV bingo party, \$55; Flamingo Room party at the Artesia Hotel, \$170; and miscellaneous events, \$132.

Prisoner Helps Convict Forger

ALBUQUERQUE (AP)—A reluctant witness, who said he feared reprisal both from the government and fellow convicts, gave testimony which helped in the conviction of a Hobbs forger.
Richard John Danaho, 22, Blythe, Ark., was found guilty of stealing and forging two of 150 checks stolen from the Western Construction Co. of Hobbs last May 30.
The prosecution's key witness, Billy James Barnett, was Danaho's admitted accomplice in one of the two counts charged against the Arkansas man. Barnett is now serving a term in a Texas prison, and is under sentence of 18 months for the Hobbs forgery when he completes his term.
Barnett pleaded the Fifth Amendment in declining some testimony which he said might be self incriminating. He also said he feared what would happen to him when he returned to the Texas prison if he "squaled." U. S. Judge Carl Hatch ruled he could withhold information for his own protection.
Barnett did testify Danaho was in Hobbs May 30 and he had a "check protector" and typewriter in his possession. A Hobbs grocery clerk identified Danaho as the man who gave her a forged check.
Danaho was convicted of filling out and passing two of the construction company checks in the amounts of \$98 and \$185.

Stephens Plans To Ask Pickett To Quit Race

ALBUQUERQUE (AP)—Robert F. Stephens, Santa Fe, running against Gov. John Simms and Corporation Commissioner Ingram Pickett for the Democratic nomination for governor, says he plans to ask Pickett to drop out.
"I'm going to give Pickett one more chance to get out of this race," he said, "even though he told me at Tucuman he was going to stay in and he was going to win."
"I know that in a head-to-head contest I can beat Johnny Simms for the nomination."
However, he said even with Pickett in the race, "I have it figured that I will get the plurality." He said he believes he can take all the "anti-Simms vote. Then all I have to do is cut down Pickett to his own normal vote and I've got Simms licked."

Forcible Entry Case Dismissed

Justice of the Peace John Elliott today dismissed cases against Polo Martinez, Marcelino Almagar and Ermina Chavez, charged with forcible entry of the home of Miss Francis Payne, on grounds of insufficient evidence.

In a civil suit tried before a jury here yesterday, the jury rendered judgment in favor of the plaintiff, Ray Fagan, and awarded Fagan \$145 damages to his car, resulting from an accident. The defendant was Mrs. Francis Supina.

House Committee Hits Procurement Practices

WASHINGTON (AP)—The House Appropriations Committee has made public a staff report criticizing Defense Department procurement practices as "unrealistic" and as giving contractors "a tremendous advantage."
Included in the 397-page document were formal replies from the Defense Department, the Army, the Navy and the Air Force, in general, they defended the criticized practices on grounds of the hurrryp or "crash" nature of the contract's involved made normal procedure impractical.
Rep. Whitten (D-Miss), a committee member, commented in the report that there were indications that "the government is spending billions needlessly to someone's profit."
The report, on which three teams of committee probes have been working since last April, made no charges of corruption or willful wrongdoing.
No specific time period was covered by the survey, but much of the material involved was ordered or delivered during the Korean War period. The report made no distinction between Republican and Democratic administrations. The wartime period included parts of both.
The report cited examples it said showed "serious deficiencies with respect to policy guidance... unconsionable delays" in making formal contracts, "unrealistic" delivery schedules, diversion of production funds into research and development, inadequate stock control, "flagrant deficiencies" in procurement and contract operations and reports of "political pressure" in contract dealings.
Secretary of Defense Wilson replied:
"I do not excuse these kinds of things if they are true. There is some explanation of it, probably, because people do not purposely do such sloppy things. That is, they sort of drift into it... all I can tell you is that one way and another we are trying to get hold of the thing."
The investigators said there have been substantial improvements in procurement practices and policies in recent years but "no useful purpose would be served by documenting those results in this report."
They complained that in all three services, the greatest portion of high cost procurements are accomplished through negotiated contracts rather than through competitive bidding.
They said that at North American Aviation, Inc., which is 99 percent devoted to government business, the government paid for most research and development costs, but did not share in the company's income from licenses (Continued on Page Four)

Judge Ed Gentry Makes Run Again

Probate Judge Ed W. Gentry of Carlsbad has announced his candidacy for re-nomination and reelection, subject to the May 8 Democratic primary.

In announcing his candidacy for a second term, Gentry stated: "When I took the job of probate judge, I agreed to take care of the duties of the office, and have done so. I shall continue to serve the people fairly and impartially and perform the duties of the office efficiently."

Born in Greenwood, Ark., Gentry left there 35 years ago. He spent 16 years in the coal mines in Arkansas and Oklahoma.

"There are many mining families who have come to Carlsbad and Eddy County with whom I worked," Gentry said. "The movement of these fine citizens was Oklahoma's and Arkansas' loss, and Carlsbad's good fortune."

Judge Gentry went to Hobbs as connection foreman for the Atlantic Pipeline in 1930, and came to Carlsbad in 1941. He was employed two years by International Minerals and Chemical Corp., then went to Price, Utah, to work in the coal mining industry for one and one-half years. He later served as district supervisor for the New Mexico gasoline tax division during former Gov. Thomas J. Mabry's term.

"I was fair with everyone in that job, and was told by my boss that I had one of the best districts in the state," Gentry said.

Gentry is married and has two children: Mrs. Rosemary G. Morgan, who spent nearly seven years with the Carlsbad city water department, and who is now a deputy in the office of County Treasurer Mrs. Billie Burns; and L. L. Gentry, a district supervisor for Shell pipeline.

"It is my pleasure to understand that the majority of attorneys in Artesia, whom I work very closely with, are in my favor."

Although Manager Walter Alston is undecided as to who will open the season at second, third and left field, he is well fortified at every position. Several of the younger element, such as Don Zimmer, Charley Neal and Chico Fernandez, probably would be regulars with a majority of the other clubs.

The team potentially has the best pitching in the league but its big asset is its home-run power. Duke Snider (42), Roy Campanella (32), Gil Hodges (27) and Carl Furillo (26). This quartet accounted for 440-RBIs last year. It was this kind of power that crushed the seven other clubs whose chief hope this year is that the Dodgers may be getting old.

Alston, by nature cautious, scoffs at this premise.

Bettors Favor Dodgers For League Flag

MIAMI BEACH, Fla. (AP)—If the Brooklyn Dodgers fail to win the National League pennant this year, they'll be the most overwhelming favorite ever to disappoint the form bettors. The early spring line has the Dodgers way out in front at 17-10 with Milwaukee next at 3-1.

The odds-makers are aware that the defending champions, despite the loss of southpaw Johnny Podres to the Army, have helped themselves as much, if not more,

Two Boxers Tell Of Fixes By Babe McCoy

LOS ANGELES (AP)—Two more boxers have given Gov. Goodwin Knight's special investigating committee testimony that they participated in "fixed" fights ordered by Babe McCoy, now a matchmaker at Los Angeles' Olympic Auditorium.

Soldier Eddie Stanley, a former fighter and manager, told Chief Investigator James Cox Thursday that he once took a heavyweight, Ira (Pinky) Hughes, to Portland, Ore., to box Joe Kahut.

"McCoy sent him up there and I was sent along," said Stanley. "McCoy told me: 'Take him up there and get him out in a hurry. I didn't tell Hughes until about 30 minutes before the bout. He was a little rambunctious but he finally cooled down. He took one in the eye in the fourth and the fight was over.'"

"Who gave you your instructions for this fight?" asked Cox. "I was instructed by McCoy," Stanley replied.

George Hansford testified McCoy sent him to a friend in the East, Chickie Bogad.

"McCoy told me to take my orders from Bogad," said the former fighter. "McCoy and Bogad were to split the manager's share of my purses."

Hansford told the committee that in a fight against Allie Stolz in Newark he received instructions from Bogad to look sharp and go the distance but not hurt or beat Stolz, who then was in line for a big money bout.

Hansford said that when he fought Enrique Bolanos in 1946 in San Antonio, "McCoy told me to make it look good for about four

Sheep Council Fails To Oust Top Executive

WASHINGTON (AP)—A motion picture calling for the ouster of the top paid executive of the American Sheep Producers Council was defeated 10 to 6 Thursday night.

The motion to dismiss J. W. Jones of Salt Lake City was introduced by Penrose Metcalf of San Angelo, vice president of the National Wool Growers Assn.

Metcalf said many members of the growers group felt Jones should be replaced to prevent friction between sheep raisers and the council. The Salt Lake City man was an executive of the growers organization before taking his post with the council.

The council was formed by Congress to promote and develop markets for the wool industry. Members meeting here have discussed methods with advertisement men.

Day In 4A Baseball Conference Gets Underway Today When Portales Rams Battle Clovis Team

PORTALES (P)—Play in the first round of the 4A baseball conference gets underway this afternoon when the Rams battle their arch-rival Clovis. The game will be the season opener for the Rams and the third game for the Clovis team. The Rams, losers of a twin bill to the Duro of Amarillo Saturday.

The remainder of the conference games will be played in Roswell, Hobbs, Carlsbad, Artesia do not swing into action until the first week in April. The defending loop champion, Clovis, will have the honors in the round robin last weekend. The Coyotes tripped 55 runners and hit 8-6 and Artesia 4-1 while the Rams were blanking the Cavendish.

This has been the procedure in the past two years, seasonal round play will determine the two teams in the state Class A tournament.

Every game mean something to the players. The Rams have added plenty of luster to their record on the East Side. The Clovis team is a runaway on the teams.

PORTALES — This is supposed to be the year for Coach Jack Barlow. The Rams are expected to win 20 conference games. The Rams are expected to win 20 conference games. The Rams are expected to win 20 conference games.

Bulldog-NMMI Return Match To Be Studded With Home Season Gaities

Bulldog baseballers play host to New Mexico Military at Municipal Park here tonight at 7:15 p.m. to open the home season with a return engagement after beating the Colts 21-15 at Roswell Tuesday.

Tonight's game will be studded with home season, opening night festivities. Mayor Bill Yeager will make the toss-out to Steve Lanning, president of the old New Mexico ball club, at 7:15, to open the first home game.

This game also will feature the first appearance of the Bulldogs in their new uniforms.

The Pep Club will be on hand to operate a coffee concession. Leading in season ticket sales, among Pep Club members, are Barbara Butts, first place; Gaynelle Brown, second; and Mabel Kinney, third. From the three girls with top ticket sales, the club will choose a "Miss Baseball." The girls have been vying for this honor by going all out to see who can sell the most tickets.

Ramsley must go from there.

HOBBS — The Eagles will be under Ralph Tasker, a new coach this year. He guided the basketball team to the state crown.

Kim Nash will do some of the pitching for the Eagles as will lefty Bill Carlisle. Bill Bridges looks good for one of the outfield posts. Tasker will have some good material up from Hobbs Legion team, and is doing plenty of experimenting prior to his season's late opening April 10 at home against Roswell.

Hobbs could be the conference "dark horse."

PORTALES — Also under a new coach this year, Howard Batson, the Rams have seven seniors back for action.

Scrappy Butch Duren will pitch and handle some outfield chores. Chubby Foreman is a dependable catcher. Verrill Pate set at third. Ken Dunaway is expected to be a slab mainstay as is Kingman Nix.

The Rams started fast last year, but faltered in May, the "stretch month."

ROSWELL — Seven lettermen from the 1955 4-A champs are a solid nucleus for the Coyotes again.

Curve-balling Pete Scheir places the Coyotes with speedy, hard-running John England right behind. Pete's brother Bob is on first. Ron McReynolds at second, all conference Jerry Kappas at short, Ray Keith on third and James Williams catching.

The Coyotes hope to extend their mastery over Carlsbad to seven straight games when the teams meet in their season conference opener April 3 at Carlsbad.

If Coach Bill Ayres can come up with a number two hurler, the Coyotes will be right at the top of the pack again.

They stood 23 on April 9 last year and closed with a rush to win five straight games, three on the road, for first place.

Another point is that five of the Coyotes last six conference games are on their home diamond.

It looks like another great year in 4A baseball warfare.

Meet In Roswell To Disclose Bulldog's Track Possibilities

The fleet-foot boys of the Artesia High track team—together with hurdlers, heavers and hurriers—will meet their first competition of the season at a practice meet in Roswell tomorrow at 9 a.m.

Coach Walt Bynum will be handling the team in the absence of Coach Reese Smith, who left yesterday for Oklahoma U to attend a football clinic.

As the Bulldogs make their first competitive performance, the lineup looks like this:

The 440 yard dash will feature James Golden, Bobbie Powell, and Charles Robinson.

Running the 100 will be Marshall Martin, Fred Casteal, and James Mitchell.

In the 220 are Golden, Robinson and Bill Belvin. The 880 run will feature Jim Stewart, Bill Phillips, Tommy Edmondson and Ronald Carder.

The 880 relay will see Martin, Bill Jones, Casteal and Mitchell. The 440 relay also will be run by Martin, Jones, Casteal and Mitchell. The mile relay will feature the same team.

Travis Scott, Rodriguez and Mitchell will heave the shot. Scott, French and Richard Vandever will hurl the discus. The javelin toss will be made by Jones, Rodriguez and Lopez.

High jumping will be Travis Smith, Rodriguez and Celestino Huertas; the broad jump, Casteal, Golden and French; and pole vaulting, Mitchell, French and Huertas.

The Roswell meet will tell Artesia coaches a lot about Bulldog track potentials.

Bell's Playing Wins For N. Y. In Stanley Play

By THE ASSOCIATED PRESS

Gordie Bell, a substitute goalie with vast minor league experience, got an automatic \$50 raise when he stepped into the New York Rangers' nets Thursday night against the powerful Montreal Canadiens.

And he earned it.

Filling in for the injured Gump Worsley, Bell turned in a sparkling performance as the Rangers defeated the Canadiens 4-2 in one of the biggest upsets in Stanley Cup history. The victory enabled the New Yorkers to even their best-of-seven semifinals series at 1-1.

In the other semi-final round, the Detroit Red Wings beat the Toronto Maple Leafs 3-1 to take a commanding 2-game lead.

Bell, called up from Three-Rivers of the Quebec League just prior to the playoffs, made his first National Hockey League appearance in 10 years. He was paid \$50 for sitting on the sidelines while Montreal slammed seven goals past Worsley in the opener Tuesday night. His salary for last night's effort was \$100.

At that price Gordie was a bargain. He turned back 32 shots in a steady and, at times, spectacular job.

St. Francis' Cinderella Team Falls To Dayton In Slow Rout

By ED WILKS

NEW YORK (P)—Midnight finally tolled for St. Francis' huddling Cinderella team in the National Invitation Basketball Tournament and now it's top-seeded Dayton against second-seeded Louisville in the championship final Saturday afternoon.

Dayton's Flyers, still looking for a title in their fourth trip to the final round in five tries, proved much too big and experienced for the Brooklyn Terriers 89-58 in the semifinals Thursday night. St. Francis had upset 4th-seeded Niagara in the quarterfinals.

Louisville, like Dayton, looked its best in whacking third-seeded St. Joseph's of Philadelphia 89-79 in the other half of the semifinal doubleheader that drew 16,125 to Madison Square Garden.

It will be the third meeting between Dayton and Louisville this season. Each has a 25-3 record. But it was the Cardinals who made off with two of Dayton's setbacks (66-64 in overtimes, and 59-56).

St. Joseph's and St. Francis meet to decide third place.

St. Joseph's (23-6) ended an 18-game winning streak by St. Francis (21-3) earlier this season, 80-76. Dayton's mastery of little St. Francis was slow starting, but once the Flyers got moving, it was a rout.

It was a contest for only 12 minutes, at which point the scrappy Terriers led 20-19. They got just two more points in the half—and before Dayton coach Tom Blackburn started yanking his regulars; the Flyers had gone on a 44-9 tear to lead 63-27 with 12 minutes left.

The Terriers had nothing with which to combat 7-foot Bill Uhl, who scored 13 points and finally gave an acceptable accounting for himself in the garden after nine failures, or 67 Jim Palmer and 6-6 Jim Paxson, both of whom capped 18 points.

The way Louisville moved against St. Joseph's, the title should be up for grabs, although

DENVER WHIPS KIRTLAND

ALBUQUERQUE (P)—Denver University took a 2-0 lead in a three game baseball series with Kirtland Air Force Base Thursday, pounding out an easy 12-3 victory. The two teams complete the series today.

RODEO SET

ALAMEDA (P)—More than 100 performers are expected Saturday and Sunday for a high school rodeo. Entrants already have signed from Cimarron, Gallup, Estancia, Albuquerque Indian School, Belen, Socorro, Magdalena, Corona and Valley and Highland of Albuquerque.

St. Francis Coach Danny Lynch picks Louisville "because they move the ball and run better and they pretty well match Dayton's height."

It was that height advantage that helped the Cardinals shatter St. Joseph's Charlie Tyra (6-8), who scored 29 points, and Bill Darragh (6-5) hauled down 36 of Louisville's 39 first half rebounds—while St. Joseph's managed only 25 as a team.

Louisville shot over and drove through St. Joseph's loose zone with ease, and by the half, it was 45-25.

Halt Sucker Schemes

EVERY community in the United States of any size suffers from sucker schemes—promotion deals that have no merit or value.

The only reason these communities suffer is because there are those in the community who buy the merchandise offered, fall for the proposition or donate to the cause.

It has reached the point today where we have some legitimate program soliciting funds practically every month in the year. When we add to these the various other promotion deals they prove very costly and take far too much money out of the community—money that should be used for some of the local programs or the local causes.

One of the most frequently worked deals is the sale of some kind and type of "so-called advertising". There are many promotions of this kind and type worked in every city in the nation. Most of them have no value whatsoever and only result in making money for the individual selling the space.

Frequently we have organizations and movements which become sponsors of such advertising promotion schemes. They are sold by some "fast talker" and convinced they can make money out of the proposition so their name is used. Often times they go out and help sell the advertising and then learn too late they don't get their share of the funds they had been promised or assured.

We have seen scores of the "advertising rackets" worked in this community by outsiders and sometimes by those within the community.

These promotions will continue, of course, just as long as the promoters can find sponsors and as long as our merchants, business people and professional people continue to buy space, donate or contribute to these various causes.

We, however, in this community can halt these sales, these promotions, and these rackets when we refuse to donate and give and when we refuse to buy space and refuse to sponsor or become a part of these programs.

In all communities there are those engaged in the sale of advertising as a business. They pay a license, taxes, provide jobs and payrolls and make a real contribution to our community.

It is time that we all join hands and eliminate those who want to come into our community to work these sucker schemes and we can do it when we refuse to buy space or have any part in such projects.

WALT DISNEY'S "Lady and the Tramp" opens Saturday at the Ocotillo Theater and plays Sunday and Monday. What a great big splash of charm, fascination and pure entertainment! As the first all-cartoon feature ever to be produced in Cinemascope, Disney's latest accomplishment in color by Technicolor certainly utilizes the broad expanse of screen available. Starting from the opening scene a whole wonderful world of dogs cavorts merrily, musically and magically to the delight of those who observe them.

Whether these personality differences had any significance in the Minnesota voting cannot be said now.

Nor can it be said the difference in their tactics was significant. Where there was almost an elegance about Stevenson, whisking around Minnesota in search of votes, the more casual Kefauver not only looped around shaking hands but looking for hands to shake.

Stevenson Plans Harder Work After Clubbing In Minnesota

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — President Eisenhower didn't really begin his all-out, slam-bang campaign for election in 1952 until after the Scripps-Howard newspapers complained he was running "like a deer creek."

Perhaps Adlai Stevenson will be affected the same way—if that's possible for him—in the clubbing he just took from Sen. Estes Kefauver in the presidential primary in Minnesota.

After reflecting on this sad news, Stevenson said he will now "work harder" for the Democratic nomination. This may have been an acknowledgement he thought he had the Minnesota vote in his pocket and was just breezing in his campaign there.

He's been no ball of fire so far. Perhaps it isn't in his nature to be. The slow-talking Kefauver has no edge on him in that department; he doesn't give off sparks either.

Up to now Stevenson has looked like a rerun of himself in 1952: dignified, scholarly and mild, even milder than in 1952 when Eisenhower beat him. Kefauver has a touch of the home town boy about him, even homespun.

Whether these personality differences had any significance in the Minnesota voting cannot be said now.

details he has to add to the dismissal he said, will be brought out at whatever hearing the commission may hold. He said he did not know when that would be, that that is a matter for the commission to decide.

Thompson said in his letter to the five commissioners:

"I have served in the department for nearly 18 years, with what I consider a good record of service and loyalty to the state and to the department. I believe that to accept a summary dismissal without protest would be a disservice to the state, to the people in the employment of the department with whom I have served for many years, and to myself.

"My formal education and 22 years of my life have been in the field and fish and game management. To have resigned or to accept being discharged under an allegation of disloyalty or insubordination without clearing myself of those untrue charges would mean an end to my career.

"I request I be given a hearing before the commission upon Mr. Pickens' order discharging me.

"To permit that hearing to be a real review of the question raised, whether Mr. Pickens' order discharging me was based upon 'good cause,' as contemplated by the law, I ask that Mr. Pickens be required by the commission to set forth with particularity the time and place of occurrence and the nature of the acts done by me which constitute the grounds or basis for his accusations of disloyalty and insubordination. I ask that he be required to provide the commission and me with this information in advance of the hearing date so that a true hearing can be held.

In addition, I ask that Mr. Pickens be required by the commission at

"It is my belief that this is the type of hearing contemplated by the law. Ike Dodges Civil Rights Stand By Urging Probe In Congress

By JAMES MARLOW

WASHINGTON, (AP)—President Eisenhower could, if he wanted to, create a commission to examine racial tensions in the South or he could call a White House conference of Southern white and Negro leaders to seek a solution.

Instead, he has passed the ball to Congress, suggesting the lawmakers set up a commission. When he proposed it Jan. 5, he said he hoped it would be done "promptly."

It hasn't been done. There's no sign it will be in a Congress where 101 Southern senators and representatives have just signed a "manifesto" seeking to reverse the Supreme Court ruling against public school segregation.

As of now, judging from what Eisenhower told his news conference this week, he has no intention of taking the bull by the horns and appointing a commission himself or calling a White House conference.

Why does he want Congress to do the job? He told his news conference a commission created by Congress would have power to issue subpoenas for witnesses and compel them to appear and testify.

He explained further: "Now, if I merely appoint, call in a party, and let everybody air their views, that would be one thing to do." He seemed to have in mind here not the appointment of a commission but the calling of a conference of whites and Negroes.

And he added: "But it is not the thing I want done. . . I would like to have that body organized, bipartisan, and with every point of view represented on it, and as quickly as possible."

Wonderful broiled chicken: rub the surface of a cut-up broiling chicken with lemon juice. Add 4 to a quarter cup of melted butter; teaspoons each of salt and sugar stir in a teaspoon of paprika and a dash of white pepper. Coat the chicken pieces with the butter mixture. Broil slowly, turning.

"I Am The Door"

—and NO MAN COMETH TO THE FATHER BUT BY ME." Friend, that's Jesus talking. You can't go over it, nor under it, nor around it. If you would have comradeship with God, YOU MUST COME IN AT THE DOOR. God offers life to all but he has definite qualifying requirements for us. Your church invites you. The door to God's heart is wide enough to include you. He wants you to knock... the door will open.
