NUMBER 359

Further Delay in Soil Bank Legislation

WASHINGTON (AP)—Sen. Russell (D-Ga.) said today he is "confident there will be a soil bank program adopted by the Congress this session."

He made this comment as he asked Secretary of Agriculture Benson to appear at a hearing of the Senate Appropriations subcommittee handling the annual farm money bill.

Russell, who heads the subcommittee, said he would question Benson and other Eisenhower administration officials about a Democratic proposal to vote \$200,000,000 for soil bank payments this year.

The soil bank proposal, President Eisenhower's major 1956 farm recommendation, contemplates paying subsidies to farmers to agree to remove from production land they otherwise would plant to crops already in surplus.

Many key Democrats have argued that if Congress votes the money, Benson can put a soil bank program into operation under authority of a 20-year-old soil conservation law. Benson disputes this, saying new authority is required, and there were indications that some Democrats at least are coming around to that view.

The soil bank was included in a bill which Eisenberger vetoed last week on grounds that high price supports and other provisions it contained would nullify the benefits he says will come from a soil bank.

He asked Congress to approve quickly a simple soil bank bill, and a number of Congress members have introduced such legislation.

Chairman Ellender (D-La.) of the Senate Agriculture Committee said in a separate interview that "I think the Senate should wait and see what the House does first."

He added: "After all, there are half a dozen different soil banks bills floating around now."

In the House, GOP Leader Martin of Massachusetts said the Republicans, with expected help from Democratic farm state members, have the votes now to hitch Eisenhower's soil bank program to the Agriculture Department's annual money bill.

Consideration of that bill, originally scheduled for today, was postponed until next week.

Athletes Get Suspensions For Rules Infractions

The High School athletic department yesterday released information that seven athletes were suspended from the Bulldog baseball team, and seven from the basketball team, and seven from the track team, all for infraction of training rules.

The spokesman for the athletic department declined to elaborate further on the suspensions.

CITY MANAGERS MEET

SANTA FE (AP)—City managers from throughout the state will attend their first get-together here May 11-12. It is believed they will organize a city managers' association within the state.

Ike Wins In Pennsylvania Contest

By THE ASSOCIATED PRESS
President Eisenhower won a Pennsylvania popularity contest with Democrat Adlai Stevenson by a comfortable margin yesterday. In another primary election in Massachusetts, Stevenson trailed Rep. McCormack, a Democrat favorite son candidate.

Returns from a third primary in Alaska were coming in at a snail-pace, but there Stevenson had taken a slight lead over Sen. Estes Kefauver on the basis of scanty returns.

Latest counts showed:
PENNSYLVANIA:
Democratic, 7,342 of 8,730 precincts; Stevenson 507, 282, Kefauver write-in 22,898.

Republican, 7,365 precincts: Eisenhower 779,938, Sen. Knowland (R-Calif) 36,839.

MASSACHUSETTS:
Democratic, 1,555 precincts of 1,767; McCormack 23,868, Stevenson 16,540, Kefauver 3,938, Eisenhower 1,816.

Republican, 1,559 precincts: Eisenhower 44,005, McGovern 738, Vice President Nixon 244.

ALASKA:
Stevenson 440, Kefauver 227, with 27 precincts in.

Voters displayed relatively little interest in two of the three contests. The turnout ranged from an estimated 24 per cent of eligible voters in Pennsylvania to 10 per cent in Massachusetts.

A heavy vote was reported in Alaska but counting was slowed by complicated ballots and vast distances involved.

In Pennsylvania, Republican State Chairman Miles Horst called the Eisenhower vote "a resounding endorsement" of the national administration.

Lions Experiment With Potion Of Hypnotism Juice

An adventure with "hypnotism juice" is one of the acts in this year's Lion's Club Minstrel and Variety Show, "The Lions Roar," to be presented at the High School auditorium, this Friday and Saturday at 8 p. m., April 28 and 29.

First it was Bridget Murphy, now it's Hypnotism Juice! The Lions in the show, "The Lions Roar" are taking advantage of the rising popularity of the powers of hypnotism. Of course, the Lions approach the subject of hypnotism differently than anyone before.

Seems as though one of the end men by the name of Applejack Sneathen is a scientist (or thinks he is). He concocts a secret formula and calls it hypnotism juice and then persuades his fellow entertainers to take a little sip. By the time, C. E. Key, Bert Jones, D. D. Archer, Hadley Kenlow and M. W. Phillips take a "little" sip things begin to happen and they keep on happening—or at least that's what Applejack says; and we quote, "There's no telling what you might do when you take a little sip of my hypnotism juice."

Unusual and beautiful staging is to be one of the main attractions in the Lions Club annual show.

One of the objectives of the Lions in presenting their show, is to give the public something different in the way of good clean entertainment each year. This is achieved to some degree by making the staging and lights as attractive as possible, on a limited budget.

Some of these stage tricks are: the use of black light and flours. (Continued on Page Four)

CULMINATING COLLEGE ROMANCE. Autherine Lucy, target of violence at University of Alabama when she tried to enroll as the first Negro student, marries Rev. Hugh C. Foster at Dallas, Tex. (International Soundphoto)

Segregated Seating Stopped In Some Southern Cities

By THE ASSOCIATED PRESS
Segregated seating had been abolished by bus companies in some Southern cities Wednesday but in Texas and most states there generally was no change at once in the operation of bus lines.

The report from Texas indicated operations "as usual" - meaning desegregated buses in a few cities, voluntary mixing of Negro and white passengers in some, and still others where the state law forcing Negroes to sit in the rear of buses was being enforced.

There was no clear indication two days after the Supreme Court ban on racial segregation on public transportation within a state as to the exact effect the ruling would have on the numerous state laws prohibiting integration.

Dallas Police Chief Carl Hanson ordered police not to move Negro passengers if they did not sit in the rear of the bus.

At Houston, Carl Frazer, president of the transit company, said "no serious effort has been made to technically enforce segregation during the past two years."

J. B. White, Houston public service director, said city officials decided quietly not to prosecute bus segregation violations two years ago.

San Antonio officials said they do not expect the Supreme Court ruling to cause much change in operation of buses.

Beaumont, Fort Worth, and other cities said they wanted to study the decision before making any comment.

San Angelo officials had said their municipally owned buses (Continued on Page Four)

U.S. At Maximum Effort In The Development Of Guided Missiles: Ike

Hopes Rise For Small Measure Of Agreement Believes Somewhere Around Position Of The Russians

WASHINGTON (AP)—President Eisenhower said today he believes the United States is somewhere around the limit of maximum effort in the development of guided missiles.

Eisenhower made the statement at a news conference in replying to questions dealing generally with missile production and with an assertion by Kremlin leader Nikita Khrushchev that Russia soon will have a hydrogen-bomb missile capable of striking any part of the world.

In the course of these remarks, the President rejected suggestions by Adlai Stevenson and others that this country halt its hydrogen bomb tests. A new test is scheduled in the Pacific next month.

One question put to Eisenhower was whether this country is making a maximum effort in development of guided missiles.

The reporter who asked the question said some Democrats were saying the United States is not making such effort.

With a smile, Eisenhower said he was sorry the reporter had mentioned Democrats because a lot of other people were also saying that.

Then he went on to say that there are only so many scientists and facilities and you get to the point where mere expenditure of money does no good.

As to employing the best scientists, Eisenhower said in his opinion the government is doing that and working at top speed.

Apparently reverting to the original question, he said his own feeling is that in the missile development field this country is certainly somewhere around the limit of maximum effort.

While refusing to comment specifically on the proposal by Stevenson, a candidate for the Democratic presidential nomination, Eisenhower said it was a bit paradoxical, when we are working as hard as we can on development of guided missiles, for anyone to advocate halting H-bomb tests.

The President said he wishes the money spent on such programs could be channeled to peaceful uses—and that in conducting the tests the United States is not simply trying to come up with what he termed a bigger bang than some other country.

But research in nuclear weapons fields without tests is useless and a waste of money, Eisenhower said. He added that as long as it is necessary to get into the weapons field, it should be done right.

As for Khrushchev's statement that the Soviet Union soon will have a guided missile with an H-bomb warhead, Eisenhower said he sees no reason why the Russian would make a misstatement on a matter like that. He added that he did not accuse him of doing so.

But the President went on to say there is a very big difference between the capacity to turn out such weapons and the actual production of efficient instruments of war.

Move Toward Reappraisal Of Foreign Policy

WASHINGTON (AP)—The Eisenhower administration seems to be moving reluctantly and under various pressures toward a reappraisal of its major cold war policies.

Secretary of State Dulles expects to discuss with Democratic chairmen of the Senate and House foreign policy committees in the next few days plans for setting up a committee of prominent citizens to investigate the whole foreign aid program. That is one of the chief instruments of government operations abroad.

Dulles leaves next Tuesday for a Paris meeting of the North Atlantic Treaty Council. There he will discuss with foreign ministers of the other 14 NATO nations the possibility of giving that essentially military organization new political and economic responsibilities.

Indications are that in moving to investigate foreign aid and expand the scope to NATO administration leaders are in part at least responding to pressures at home and abroad.

These pressures include claims that this country's policies, or at least its tactics, have not changed rapidly enough to deal with Russia's increasing emphasis on economic and political weapons in the cold war.

Russia's behavior under the Bulganin-Khrushchev regime has so shifted that fear of war is no longer a driving force in the Western alliance. Western leaders all have taken the line that the struggle to prevent expansion of Soviet power (Continued on Page Four)

Consumer Trade Survey Gets Under Way Here

At a meeting of the retail executive committee of the Chamber of Commerce held at 10 a. m. today in the Chamber building, plans were made to start a consumer trade survey to be in the mail by May 15.

Approximately 3,000 trade survey questionnaires will be mailed in Artesia and Artesia's trade territory.

The results of the survey, when compiled, will determine just what sort of a program will be carried on to improve services rendered by Artesia merchants and business firms.

La Fond Tells Of Stabbing

By AUSTIN ADKINSON
BOONE, N. C. (AP)—An FBI agent testified today that Leonard W. LaFond signed a statement saying that his girl friend suggested killing an elderly Chicago chemist and that he helped her stab him to death.

Herbert F. Greathouse, the FBI agent, said LaFond made the 11-page statement to him and other officers in Las Cruces, N. M., last Aug. 29.

The statement, read in Superior Court today where LaFond and Jo Ann Severson, 19, are on trial for first degree murder, said the couple, both from Milwaukee, were picked up by the victim while hitchhiking in Florida. The statement added that Lewis A. Finn, 71, "propositioned both me and Jo Anne and inquired if he could have relations with Jo Anne. I told him we would think about it." Jo Anne said it was up to me.

The three drove through Georgia into North Carolina, the statement set forth, and that, after about four days with Finn, "Jo Anne and I decided he could play around with her."

LaFond was quoted as saying that after they pitched their camp in a park in North Carolina, Jo Anne said to him as they lay in their tent, "Let's bump him off."

Accident, Fire, Fines, Feature Today's Beat

A car driven by Donna Nelson, 806 Runyon, was struck in the rear by one driven by Julia F. Smith, of 901 S. Second Street, as Miss Nelson was backing from the curb in front of the Artesia General Hospital late yesterday afternoon.

Mrs. Smith was going south on Roselawn and failed to see the Nelson car backing out. Damage to the left rear of the Nelson car was estimated at \$300 and damage to the right front of the Smith car was approximately \$250.

Floyd Ison, 1005 Hermosa Drive, reported the theft last night of two hub caps stolen from the rear wheels of his Cadillac. Mrs. T. D. Rhyne, 1104 W. Missouri, called to report a prowler in the neighborhood. She reported all dogs in the vicinity to be barking furiously.

At about 9:30 a. m. today, a gasoline fire was reported at the John Lively residence on Country Club Road. Firemen answered the call and found that Mrs. Lively had been cleaning some clothes with an explosive fluid and they caught fire. The fire was extinguished with no damage. Mrs. Lively suffered some very minor burns on her legs. Firemen rendered first aid.

Gruesome Details Related

DENVER (AP)—Gruesome details of picking 44 bodies from the shattered remains of an airliner were told today in the murder trial of John Gilbert Graham, 24, accused dynamiter of the plane.

Graham, charged in the death of his mother, Mrs. Daisie E. King, 35, chewed gum furiously and cupped his chin in his left hand but displayed no other emotion.

Some of five women and seven men jurors frowned and fidgeted in their seats at the chilling testimony of Jack Meyer, United Air Lines official who organized parties to recover the bodies.

Meyer testified after 30 blackened twisted metal fragments from the mid-section of the airliner were introduced and identified by William C. Mentzer, general manager of engineering for United.

The prosecution contends Graham planted a 25-stick dynamite time bomb in his mother's luggage, which was stored in cargo pit No. 4 in the center section of the airliner that blew up 11 minutes after leaving Denver.

Meyer said on his first inspection of the crash scene last Nov. 1 near Longmont, Colo., he saw "seven or eight bodies."

From the beginning of the search for bodies at about 8 p. m. until 4 a. m. Meyer said he and co-workers wrapped 35 bodies. Beside them, he said, steel posts with red flags were planted. Tags identifying them as adult male or adult female were attached to the post and the wrapping, he said.

After those 35 bodies were loaded in ambulances, Meyer said, a 25-ton hoist was used to pry apart the forward section of the airliner. He said the heavy aircraft parts had crushed seven persons in that section.

Richard Tucker was fined \$25 for taking the license from one car and placing it on another.

Fifteen C. D. Police Sworn In

Fifteen auxiliary police were sworn into the Civil Defense unit here last night. The officers were the carefully screened officers by Lt. Don Bartlett, of the National Guard unit.

The fifteen were Hill Hernandez, F. F. Elvin, W. H. Bentley, Willie B. Andrews, Frank Marind, Cruz Lug, Stephen Sanchez, William C. Bentley, Donald Gwynne, William Dammann, Hubert Burke, Ted Padilla, Kenneth Jones, who is chief of the detachment; Olive Rogers, and Betty Anderson.

Acquisition of badges and uniforms was discussed at the meeting and some orders for these items were placed.

A spokesman for the local Army Reserve unit, the 918th Transportation Co., said today that about 234 people turned out for the unit's open house last night, and 10 Artesians signed up to join the unit.

The prosecution contends Graham planted a 25-stick dynamite time bomb in his mother's luggage, which was stored in cargo pit No. 4 in the center section of the airliner that blew up 11 minutes after leaving Denver.

SPORTS

Track Star Accuses AAU Official Of Irregularities

LOS ANGELES (AP)—A former Stanford University track star has accused Daniel J. Ferris, secretary-treasurer of the American Amateur Athletic Union, of arranging for him to make a trip to Canada that exceeded AAU expense account rules. Ferris, in New York, quickly denied the allegation, branding it "ridiculous."

John T. Fulton, who was a half-brother of Stanwood and captain of the 1946 United States track team which toured Europe, held a long conference yesterday with Larry Houston, secretary of the Southern Pacific Assn. of the AAU. Then he announced he would place before the AAU Executive Committee a charge that Ferris was instrumental in my "defection" from amateurism.

It was the "shocking" lifetime suspension of miler Wes Santee that prompted Fulton's decision to air his case, he told newsmen. Fulton, 35, and now an independent television producer, displayed a letter dated March 19, 1956, from Ferris in answer to Fulton's wherein he told Ferris they both might be guilty of violating rules. Ferris disclaimed any knowledge of alleged irregularities. He said: "Your attempt to besmirch my reputation is definitely libelous. If you violated the amateur rule you certainly did it without my knowledge. Was your letter written in an attempt to intimidate me?"

Fulton told Houston and newsmen that in 1944 he competed in several Eastern indoor meets at the invitation of the AAU. He said he won events in the Millrose Games in New York and at the Boston Gardens. He said he was tired, had blisters on his feet, and so went to Ferris and told him he was returning home.

"The National Indoor Championships were coming up and Ferris asked me to stay on," Fulton related. "We agreed that I could take a trip to east Canada to visit my grandparents whom I had not seen since I was little. I got a

Hobbs Sports Take Top Spot With 11-8 Win Over Colts

By THE ASSOCIATED PRESS
The Hobbs Sports took over top place in the Southwestern League Wednesday night, drubbing the San Angelo Colts 11-8. In the other games, Pampa whipped Ballinger 18-9, Midland edged Plainview 7-5, El Paso trounced Roswell 10-5, and Clovis beat Carlsbad 8-6.

The 10 teams will be in the same places tonight, Plainview at Midland, El Paso at Roswell, Carlsbad at Clovis, Ballinger at Pampa and San Angelo at Hobbs. Hobbs grabbed a lead in the second, but San Angelo went ahead four times, the game was tied twice and Hobbs, in front three times, edged out an top in the eighth with four runs.

Al Ibut one of the Pampa Oilers hit safely against Ballinger. There were 38 base hits in the slugfest, including five homers and five doubles. The winners blasted three pitchers.

At Midland, Glen Selbo guided the Indians to their win with four hits in four trips, including a two-run homer in the fourth. Bucky Green gave up nine hits for his second victory.

Two homers by first baseman Doug Lewis sparked El Paso. His first was with none aboard, but he brought in three runs with his second.

TRYING FOR TOP By Alan Mover

Sanders Still In Lead At Pinehurst

By THE ASSOCIATED PRESS
Racing
NEW YORK — Rare Treat \$4 came fast in the stretch to take the Rego Park Handicap by a length at Jamaica. LINCOLN, R. I. — Brassy Miss (\$6) survived a foul claim and won the Wickford Purse at Lincoln Downs. LEXINGTON, Ky. — Lycka (\$17.40) led all the way to win the Elmendorf Purse at Keeneland. SAN BRUNO, Calif. — Hug-Me-Tight (\$6) rallied to score a length victory in the feature at Tanforan.

Twenty-two-year-old Doug went after a second round victory today against Howard Everitt of Northfield, N. J., with an amazing record behind him in his brief stay here. Sanders, who five years ago was National Junior Chamber of Commerce tournament winner, last weekend began to tune up his game for the tournament. He had practice rounds of 72, 71, 71, 70, then won the qualifying medal with a record 66. This was 6 under par for the 7,000-yard No. 2 course of the Pinehurst Country Club.

In his first match yesterday Sanders polished off Keely Grice of Charlotte, N. C., one of the finest amateurs in the Carolinas, 5 and 4, shooting 5 under par golf. If Sanders gets by Everitt in their morning match he next faces the winner of the Frank Strafaci Harry Haverstick match in the afternoon. Today's two rounds will cut the field to eight men for quarter-finals tomorrow.

Giants Manager Confident As The Team Faces Dodgers

NEW YORK (AP)—Manager Bill Rigney of the New York Giants was in a confident mood today as he prepared to send his team against the Brooklyn Dodgers in a night game. "The Dodgers didn't get off like they did last year," he observed. "And we're not going to let them get away in this series."

The series is only two games, but it's an important one for the Giants—probably far more important than it is to the Dodgers. "The fact that our two games in Pittsburgh were rained out was a tough break," said the rookie skipper. "We were just starting to hit."

In our first five games we didn't get more than four runs a game, and then we broke out with nine. I figured we were on our way. But now this I hope the boys don't lose their touch against Brooklyn because we'll need it." He also pointed out that Willie Mays appeared to be finding the range. That would take some of the burden off the younger players.

Then, of course, there's the pitching. "Jim Hearn definitely goes to-night," he said. "But there is a problem for the rest of the staff. If we win the first one, I'll probably start Al Worthington in the second game. "If Hearn loses, then I'll give them Johnny Antonelli in the second game. Rigney explained that Worthington thrives on work and that the big right-hander loses his control when he misses a turn.

Middlecoff Favored At Vegas Tourney

By THE ASSOCIATED PRESS
LAS VEGAS, Nev. —Golfer Cary Middlecoff remained the favorite to win the \$37,500 Tournament of Champions as he and 21 rivals got in final practice rounds today for the start of the event tomorrow. Middlecoff never has won this tournament in three tries, but he is the most consistent professional in action today and figures to be a strong candidate to carry off the \$10,000 top money. Middlecoff, Lloyd Mangrum and Sam Snead are the only eligibles to qualify for the Tournament of Champions in its three editions. The field is limited to winners of a major PGA Open in the preceding year up to and including the Masters in Georgia. Snead and the recent Masters winner, Jack Burke Jr., notified Tournament Director Howard Capps that business commitments would prevent them from participating this year.

Those who did qualify and are due to tee off tomorrow are Gene Littler, last year's winner; Mangrum, Middlecoff, Mike Souchak, Bo Winger, Dick Mayer, National Open Champion Jack Fleck, Tommy Bolt, Shelley Mayfield, Chandler Harper, Dow Finsterwald, Doug Ford, Henry Ransom, Julius Boros, Arnold Palmer, Ted Kroll, Max Evans, Frank Strahan, Al Balding, Don Fairfield, Mike Fetchik and Gardner Dickinson. Play is over the 7,102-yard, par 36-36-72 Desert Inn Country Club course.

Mizzell Cinch For 20 Games With Cards

By THE ASSOCIATED PRESS
Vinegar Bend Mizell appears to cinch to win 20 games for the St. Louis Cardinals this season provided Ellis Kinder's aging arm holds out.

The young left-handed Mizell has turned in victories in his first two starts but in each case he needed ninth inning assistance from the old right-hander Kinder. Last night, exactly a week after the pair had combined to down the Cincinnati Redlegs 4-2 in the season's opener, the Mizell-Kinder duo teamed up to defeat the Reds again, this time 5-3.

After walking the first batter in the ninth, Mizell was relieved by Kinder who promptly gave up a hit to Bob Thurman, that put the potential tying run on base. The 41-year-old relief bore down, however, to strike out George Crowe and persuaded Johnny Temple to hit into a game ending double play.

It's too early to make comparisons but the Mizell-Kinder act is reminiscent of the Reynolds - Page duo who pitched so successfully for the New York Yankees in 1949. Rain and cold weather raised havoc with the schedule yesterday, limiting the action to three games, two in the American League. In those, the Yankees whipped the Washington Senators 4-1 and the Detroit Tigers drubbed the Kansas City Athletics 7-4.

The home run ball was very much in evidence in the Yankee and Tiger victories. They accounted for all but three of the 11 runs made by the two teams. The Yankees hit two, one of them a three-run blast by Hank Bauer. The other was a solo blow by Yogi Berra. Bill Tuttle, Ray Boone and Reno Bertoia were the Tiger home-runners. Tuttle, who also singled, drove in four runs. Bertoia had two singles besides his four-bagger and scored three runs. Rain washed out the scheduled game between Boston and the Orioles in Baltimore. Cold weather forced the postponement of games between Milwaukee and Chicago, New York and Pittsburgh and Brooklyn and Philadelphia.

The postponement was a break for the Red Sox, who have lost three straight while Ted Williams, their big slugger, has been nursing a tender foot.

NAMED ACTING DEAN
LAS CRUCES (AP)—P. W. Cockerill assistant dean of agriculture for New Mexico A&M College, will serve as acting dean until a successor is chosen for Dr. A. A. Nichols, who recently resigned; the college has announced. Dr. Nichols has accepted a position as agricultural attaché to the U. S. Embassy in Buenos Aires, Argentina.

Ask about FAMILY FARES

Springtime is Plymouth Hardtop time!

The smart, budget-priced Plymouth Savoy 2-door Hardtop. V-8 or 6.

The incomparable Plymouth Belvedere 4-door Hardtop. V-8 or 6.

PLYMOUTH HARDTOP HONEYES... WHICH ONE IS YOURS?

Two doors or four doors, V-8 or 6, there's a Plymouth Hardtop for you—in two low price-ranges. Whichever you pick, Belvedere or Savoy, you'll be driving the biggest, smartest, handsomest Hardtop in the low-price three!

A special spring shipment of Plymouth Hardtops has just arrived at your dealers!

They're the biggest, most glamorous Hardtops in the low-price three—with jet-age styling that's really new. They're the only low-price Hardtops with positive, mechanical Push-Button Driving.

And they offer you far more safety and value features than any other car in their field.

So treat yourself to an exciting demonstration. Then ask about your dealer's modern finance plan. You'll find these Plymouth Hardtops are as easy to pay for as they are to drive!

PLYMOUTH costs less

From the day you buy it...through all the years you own it...you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.
