AND SNYDER SIGNAL

VOLUME XXXVIII

SNYDER, TEXAS, THURSDAY, APRIL 2, 1925

Number 43

MAYOR FRITZ SMITH'S SON IMPROVING.

The small son of Mr. and Mrs. Fritz R. Smith is now on the road to recovery after a close call from bleeding to death from an operation at Marlin for the removal of adenoids and tonsils. In some manner an artery was severed and the child almost bled to death before the flow of blood could be stopped. Although very weak from the loss of so much blood, it is now believed that the little fellow will recover.

INADALE GROWING FAST.

Inadale, the little new town on the R. S. & P. between Roscoe and Hermleigh and just over the line in Scurry county, continues to grow, stated Messrs. E. N. Cummins and W. H. Ammons who were in Sweetwater Tuesday. Mr. Cummins is postmaster at Inadale.

A new gin is soon to be built at that place by Standifer and Cranfill, this giving the community two gins. Plans are now under way for the construction of a new community church building, and half of the funds for the same have already been raised. J. F. Whitacre is laying out a new town site addition. Several small houses have been built and several nice homes will be built as soon as rain comes, the two above mentioned gentlemen said on their visit to The News office.

A few years ago the place where Inadale now stands there was nothing but pasture and farm land. Today a nice little city is rapidly springing into existence. The town boasts of good gin, one of the best lumber yards in the section, several stores and filling stations, with prospects for a number of other additional buildings next summer and fall. The farming land around Inadale is as fertile as any to be found anywhere in Nolan or Scurry counties.

The people of the Inadale community do a majority of their trading in Roscoe and Sweetwater.—Nolan County News.

TOM HUFFMAN INSTALLS BAR-BARBECUE "FACTORY."

Tom Huffman has just installed in the rear of his market what appears to the Times-Signal to be the "last word" in barbecuing meats. It is perfect in every respect, sanitation included. Barbecued meats are always in demand, when barbecued right, and people of Snyder and community will now get this popular meat any time they call for it.

TIMES-SIGNAL EDITOR NOT A CARTOONIST.

In order that the Times-Signal editor may be set right before his readers who are enjoying the cartoons that are now being run each week on the front page of the Times-Signal, we wish to say that Yours Truly is not a cartoonist. In fact, we couldn't draw a decent salary or a bucket of water if any artistic skill was required in accomplishing the act. The cartoons on the first page of the Times-Signal labeled "Martin" are the work of the editor's son, who is a student at Simmons College. He has the honor of illustrating the "Broncho," the Simmons Annual. He is only a boy and never had a lesson in cartooning or drawing.

LORAINÉ HAS MEXICAN SCHOOL.

Mr. Glenn Coon has been employed as teacher and a school for Mexican children opened in the Catholic church here. There are a number of Mexican children in the community and this is the first effort that has been made to care for them. The school opened Wednesday morning with a good number in attendance.—Lorraine Leader.

JUDGE BOREN MARRIES.

Last Sunday Judge J. M. Boren surprised his friends when he was married to Mrs. Della Bailey at Slaton where they had gone early in the afternoon for that purpose. Rev. Hardesty, pastor of the Baptist church, performed the ceremony.

Judge Boren is an old land mark of this country having been one of the men who organized the county. He was Garza county's first judge and was recently elected by an overwhelming majority. He is a splendid gentleman and his friends are legion.

His bride, Mrs. Della Bailey, is a widow with one child, a grown daughter. She has lived in Garza county about nine years and has a host of friends who wish her joy through her married life.

The Post extends congratulation. —Post City Post.

NOTES OF HAPPENINGS AT THE HIGH SCHOOL

Furnished by the Faculty and Students of Snyder High School.

WHY I GO TO SCHOOL.

Is it because every one else does? Ask yourself that and be given permission to quit, would you do it? If the second thought was considered you positively would not. The mother, while loving her child with the intensity of a sole affliction had schooled herself to hope for little other return than the waywardness of an April breeze.

I go to school to be capable of relieving the various ones who are moving the world along now. Some one will have to, sooner or later. Just like a building we have to have a foundation. There is no better place or way to obtain this life long foundation than at school or by going.—Alma Hood.

WHY I GO TO SCHOOL.

I go to school because everybody else does. Ask yourself that question. It is a problem many have tried to solve. If you had a chance to quit school would you? Many boys and girls quit school because they do not get along well in their work. They sometimes think it is the teachers' fault. Is it or is it not? If a mother loves her child she will encourage and help him to get an education so he will be ready for work when he gets older.

I go to school to concentrate my mind and thought to the studies I have so that when I get older I can help those who need and want to get on education.—Reva Lewis.

HOME ECONOMY NEWS.

The work of painting the tables is progressing nicely. We are working at them in odd times, but we will soon have them painted and our laboratory in order again.

The advanced class is beginning their work on tailored dresses. We are working hard in order to turn out some good work before the contest that meets in Austin, April 23. The design class has started the very interesting work of costume design. They are designing costumes for the different kinds of figures. They have completed their portfolios and some very good designs have been made.

The Home Economics Club meets this afternoon, March 31, in the auditorium and the following program will be given.

History of Opera—Omah Bullard. The Bohemian Girl—Doris Buchanan.

Vocal Selection, "Then You'll Remember Me"—Mary Francis Hamlett.

Life of Balfe—Vivian Davidson. Visitors are welcome at our meetings.—Ledy Potect.

PREACHING AT PRESBYTERIAN CHURCH.

There will be preaching services at the Snyder Presbyterian church Sunday. You are cordially invited to be present.

ROAD ELECTION CARRIED BY THREE VOTES.

The election held last Saturday carried by only three votes, the vote being 380 against and 383 for the proposition. Owing to the fact that the official count was not made until Thursday afternoon, the Times-Signal cannot give the vote by precincts.

MOORE NO. 2 MAY BE BIG PRODUCER.

Last week we promised our readers some good oil news, but at that time we did not know that we would be able to report the good news so quickly. Moore No. 2, another North-west Company's well now has 300 feet of oil in the hole. The well will be shot Saturday when it is thought that it will be good for as much or even more than either of the two other wells in that field.

There is no doubt but that there is a mother pool in the Snyder community, and the people of Scurry county had just as well get ready for the big boom, because it's coming. Jayton has a gas well that's been making 3,000,000 cubic feet daily, and with a good well at Justiceburg, it seems as if Scurry county might be right in the center of a big oil field.

SENIOR BOYS WIN FOR SNYDER HIGH SCHOOL.

Snyder high school was well represented in the Scurry county track meet which was held at Hermleigh last Friday, March 28. Hermleigh was well equipped with provisions for the track and field events and the meet was carried off nicely by the schedule which had been carefully planned. We won our share of the honors and we think that we did exceedingly well according to the time that we had trained. We expect to put the next three weeks in hard work so as to win at the district and send our best men to Austin.

The winners in the various events are:

One mile run—James Martin, Snyder, 1st; Chapman, Fluvanna, 2nd. 440-yard dash—Terrel Echols, Hermleigh, 1st; Vin McMaster, Snyder, 2nd; Merbert Hughes, Snyder, 3rd.

One-half mile run—Roy Fessimire, Snyder, 1st. 100-yard dash—Harrison Durham, Dunn, 1st. 220-yard dash—Harrison Durham, Dunn, 1st.

Shot put—James Martin, Snyder, 1st; Pennel, Canyon, 2nd; Chapman, Fluvanna, 3rd.

Pole Vault—Roy Fessimire, Snyder, 10 feet; Henry Cotton, Snyder, 10 feet; McMillan, Hermleigh, 8 ft. 6 inches.

Discuss throw—James Martin, Snyder, 1st; Herbert Hughes, Snyder, 2nd; Vin McMasters, Snyder, 3rd.

High Jump—Aubrey Rollins, Snyder, 1st; Roy Fessimire, Snyder, tied for 2nd; Jones Chapman, Fluvanna.

Broad jump—Aubrey Rollins, Snyder, 1st; Boynton Martin, Snyder, 2nd. Relay team—Snyder, Boynton Martin, Tim Cook, Elmer Spear, James Martin.—By Vin McMaster.

WHY I GO TO SCHOOL.

To high school—a medium for the mutual improvement of its members and higher learning. We are all eager to go. There is an appeal in it for fine arts—the art we are going to develop. I do not go for plain mathematics, Latin or history, but for the high ideals that they present. There are more things to be learned from our association with other students than we could ever learn out of books. One cannot isolate themselves and expect to grow. "Talent grows among people and things."

We all go to school to lay the one great foundation for our life's work. If a close estimate be given you will find the student who goes to school for something besides what he gets out of books—is by far the best student.—Tip Messimer.

SWEETWATER CIRCLE VISITS SNYDER.

Thirty-two members of the local Woodman Circle visited the Snyder Circle Tuesday evening and assisted in putting on the initiatory work for eight new members. Four candidates from Sweetwater, Mrs. Bob Wetherby, Misses Noreen and Anna Wilcox and Margaret Fultz were included in the class. Following the ritualistic work an interesting program by the Snyder Circle and a delightful plate luncheon was served. Among the visitors was Mrs. Tresse Goldsticker of Stamford, district deputy, who took part in the ceremonies.

Local people present were: Mr. and Mrs. J. H. Simms and son, Alton; Mr. and Mrs. J. H. Fultz and daughter, Miss Margaret; Mr. and Mrs. Bob Weatherby; Mr. and Mrs. Murray Hulbard; Mrs. N. P. and Lock Tuttle and Miss Ruth Tuttle; Mrs. Johnnie George; Mrs. Ora Brady; Mrs. Ben Stamps; Mrs. O. C. Cooper; Mrs. A. C. Smith; Mrs. Nena Cauthon; Mrs. Lois and T. H. Hampton; Mrs. Will Martin; Mrs. Wright; Mrs. Bradshaw; Mrs. Miller Aldrege; Mrs. Melvin Outlaw; Mrs. Henry Davis; Misses DeEtta Spillers; Noreen and Anna Wilcox, and Geraldine Whitfield.

Mr. C. S. Perkins, Sr., is here from Mineral Wells and Sweetwater this week. Mrs. Perkins came as far as Sweetwater with Mr. Perkins, but stopped over there for a visit. Mr. Perkins is fat and saucy and appears as if he is not worrying over the little dry spell.

Makers of Snyder

MORSE BANTAU

EARL FISH

We don't know where these two fellows were born. It doesn't make any difference anyway. The place has never become famous, and besides we could not blame it with them being here. However, we have it that they came from East Texas. Having become tired of plowing through sand and picking grass burrs out of their toes, they both came to Snyder. When they came here they thought Snyder was a good town, now they are convinced of it. They strive to give their best efforts for the betterment of the town.

Morse Bantau is a tailor. He has made a close study of it for 15 years. Ezle, Texas, was the scene of his first efforts. Weatherford next, and then Snyder, and for thirteen years this has been his home, and tailoring has been his business.

Earl Fish, the other half of this firm of Bantau and Fish, entered the tailoring business about one year ago, as Mr. Bantau's partner. Until this time Earl had been an accountant, first at Gorman, Abilene, then Snyder. So the keeping of the books of Bantau & Fish comes easy with him. Earl is also learning the art of tailoring, but says there is a lot of hard work to it. Bantau says Earl is a very apt pupil and learns fast. He also says if Earl had not wanted to work he should not have hired out.

Bantau & Fish offer the people of Snyder and Scurry county the service of a modern dry cleaning plant. This machinery represents a big investment, and is something unusual in a town this size, but Morse and Earl say that they want their customers to have the very best service possible and this is what they strive to give.

Morse and Earl say that one of the biggest assets to their business is advertising. They are firm believers in it, and run an ad in the Scurry County Times every week. It may be found on back page of this issue. They say advertising is an investment not an expense.

COMPANY "G" INSPECTED.

Captain J. H. Hildring, regimental instructor of the 144th Infantry, was here this week and inspected Company "G" 142nd Infantry at this place.

There was a large attendance, some coming as far as 80 miles in order to be present. This annual inspection is the means by which the Federal Government is able to get a line on what is being done by the various units. The total attendance of the several units in each state determines the appropriations of the State for the maintenance of the State's several units.

The boys of this unit have done some mighty hard and faithful work in order to hold the unit here, yet there seems to be a lack of interest on the part of some of the influential men of the county in the matter of giving the boys the proper support and encouragement. The local unit means more to Snyder and Scurry county than some seem to realize, financially and otherwise, and the Times-Signal would like to see a greater interest manifested in the future.

RECOVERS STOLEN CAR

A Maxwell owned by J. B. Curry was stolen Monday night. The thief made his get-away, but abandoned the car at Southland after running out of gas.

Bob Boles, brother of Mrs. W.C. Weninger, left Wednesday for Los Angeles, California, where he goes to accept a position.

KILLS MAD DOG.

W. R. Shultz came across a dog with rabies while on his way to Snyder last Friday. Mr. Shultz, observing that the animal was having fits and was frothing at the mouth, proceeded to dispatch his dogship without ceremony or any delay whatever. Mr. Shultz said that the dog appeared as if it might have been in a hard fight with some other dog or dogs as it appeared to have been bitten about the head and neck. This being the case, it might be well for dog owners to muzzle their dogs or else put them in an enclosure for several days.

FRED GREEN IS ARRESTER CHARGED WITH BURGLARY.

Constable O. F. Darby arrested Fred Green at Stile, Reagan county, one day this week and brought him back here to be tried for burglary. Green is accused of having entered Hub Taylor's shoe shop some time ago and of having taken three pairs of boots, and other articles. Mr. Green had in his possession one pair of boots bearing Mr. Taylor's mark when arrested, it is said.

LOCAL MERCHANT TO HOLD 98 CENT SALE.

In this issue will be found the ad of Dodson & Cooper, who are going to have a 98c sale next Saturday afternoon, commencing at 2 o'clock. Mrs. Dodson said "You have heard of Dollar Day Sales but this is going to eclipse any of them." After seeing some of the articles that will go in this lot, we kinder believe that this sale will be a humdinger.

MEETING OF SCURRY LODGE NO. 706.

Next Saturday night, April 4 is the stated meeting of Scurry Lodge No. 706, A. F. and A. M. Every member is requested to be present as business of importance to the craft may be presented at this meeting. Visiting brethren are invited to attend these meetings.

BACK FROM BIG FISHING TRIP.

Jess Edwards and son, "Greco," Joe Lockwood, Rod Grantham, and H. W. Harless returned last Thursday from a fishing trip on the Concho. Of course all of the big ones got away, but the "boys" declare that they caught all the fish they could eat, and no one doubts their claims, yet they are a little reticent when you ask them how many they caught. There is one thing certain—they got cured of their "fishitis," which, before they took their trip, has caused their temperature to run to about 104 in the shade.

SCHOOL ELECTION SATURDAY.

Don't forget that next Saturday is school election. Manifest an interest in your schools by going to the polls and voting. We understand that each trustee whose term expires will be a candidate for re-election. Snyder has one of the best schools in all West Texas, due in a great measure to the untiring efforts of our present school board. So why exchange horses in the middle of the stream? Keep the same old board and let's go on in our highly progressive and efficient way.

Mr. Car Owner, we can save you money. Call in and let us explain our method. We handle everything for your car and are anxious to serve you with the best.

We do first class auto painting. Wholesale and retailers of Texaco Products, the best by test.

INTERSCHOLASTIC LEAGUE MEET.

On last Friday and Saturday the county meet of the University Interscholastic League for Scurry county was held at Hermleigh. This institution is fostered and encouraged and held under the auspices of the University of Texas. Its rules and regulations made and enforced under the direction of the University of Texas. The University also gives it a great deal of assistance. The county meet is held for the purpose of selecting the best pupils in the county in the various departments in order that they may enter the district meet which is held in April. Our district meet will be held at Lubbock and the pupils selected to represent Scurry county will be entered there and contest with the best of the various counties of the Lubbock district.

There was a fine spirit among all of the eleven schools entering in the contests. There were sixteen member schools in the county but for some reason only eleven entered the events. The work Friday was given over largely to the literary events. In addition to those there were played off the Tennis Singles and Tennis doubles. In the chief literary events, the winners were as follows:

Boys Debate: Earl McCrary and Ted Patterson, Hermleigh.

Girls debate—Two girls from Snyder high school whose names I do not have a record of.

Declamation.

Rural Division—Senior girls, Pauline Lee, Canyon school; 2nd place, Vera Owen, Plainview. Junior girls, Vivian Sterling, Canyon school; second place, Vena Yeager, Plainview.

Class A Schools—Both senior and junior declamation contests won by Snyder for both boys and girls in this class. Snyder is the only class A school in the county. Hence had no competition so far as county championship is concerned. However, they competed with Hermleigh in all four of the declamation contests and out of the four Snyder won two first and two second places and Hermleigh won two first and two second places. James Martin of Snyder won first place in boys senior declamation while Willie Davies of Hermleigh won second place; Lester Pritchett of Snyder won first place in senior girls declamation while Ollie Coston of Hermleigh won second place; Martin Thompson of Hermleigh won first place in boys junior declamation while Robert Garner of Snyder won second place; Lillian Thompson of Hermleigh won first place in girls' declamation while Ruth Yoder of Snyder won second place.

In essay writing, Jean Mathews of Camp Springs won first place in the rural division while Gladys Bullard

of Big Sulphur school won second place. In class A schools Omah Bullard of Snyder won first place and in class B schools Ina Mae Caswell of Hermleigh won first place.

In music memory there were entries by Snyder only and they won. From the report of the Judges it seems that the score made by the Snyder team was almost perfect and if they work out well they stand a chance for State championship.

In the spelling contests it seems that first place as an individual speller was won by Paul Moores of Fluvanna, and the second place by Margaret Fields of Camp Springs, and the third place by Alta Boaers of Dunn in the subjunior division. In the junior division Harvey Lee Chenuault of Snyder won first place and Jean Mathews of Camp Springs second place and Elenor Hopkins of Plainview third place. In the senior division Inice Price of Snyder won first place and John Howard of Snyder won second place and Lita Gillihan of Dunn won third place.

In the matter of track and field events all counted in for all round county championship the standing of the schools is as follows:

Class A Schools.

Snyder won allround championship in this division and the points were not counted up as they had no competition for allround championship.

Class B Schools.

Hermleigh won first place with 115 points. Fluvanna runner up or second with 30 points. Dunn, third place with five points.

Rural Division.

Canyon won allround championship with 30 points. Strayhorn won second place with 20 points. Camp Springs won third place with 10 points. Plainview fourth with five points.

In the hurry of making up this report some errors may have been made. If so, and our attention to same is called we shall be more than pleased to make the corrections.

Taken all in all the meet seems to have been a very satisfactory one. It is a great pity that all the schools in the county did not get into it. In fact, it is the opinion of the best school men that the work done by the interscholastic League is the best work being done by the schools. It is to be hoped that year after year the interest may grow in Scurry county until every boy and girl in the county will enter contests in their respective schools.

Speaking for the citizenship of Hermleigh as hosts to the meet, I desire to say that we thank everyone for the great kindness and patience shown us in our efforts to entertain you. We thank you for your interest in the work of the League and trust that you enjoyed being with us

as much as we enjoyed having you in our midst.

As director general of the county I desire to thank the members of the executive committee for their untiring efforts to make the meet a success and I commend you for your fairness in the conduct of the meet. Further I desire to thank everyone for the patience and goodness you have shown me in the work and the fine spirit of good fellowship and good will that prevailed throughout the entire meet. I feel that no member of the League even thought of any unfair methods of winning but that all felt that the value of our work is not so much in the winning as in the spirit of the contests. Again thanking all for their kindness, I am,
E. A. WATSON,
Director General of Scurry County.

J. A. Jones was here from Fluvanna Friday. He said that chicken stealing seemed to be the most important thing happening in his town and community. But what puzzles the Times-Signal man is, why do people who lose chickens always come to Snyder the very first place to look for the thief? Of course

Snyder folk like chicken the same as other folks, but we are inclined to believe that not all of the chicken thieves live in Snyder. In fact, it is just a little too early for the editor to begin his raids on hen roosts, as fryers won't be ripe for several weeks yet.

Have you seen "The Covered Wagon" or "North of 36"?

If you have, you'll know what we mean when we say that "The Thundering Herd" belongs in the same class. The story by Zane Grey has the same historical importance.

The production is of the same gigantic dimensions. The result is just as thrillingly entertaining. Picture the setting—the Western wilderness of 1876. Enormous herds of buffalo running wild across the plains. The rush of pioneers to the new fields of fortune. The wanton slaughter of the buffalo by the hide-hunters, inciting the Indians to new and savage uprisings.

Picture Zane Grey's greatest romance against that thrilling background!

With a company of 1,000 recreating the amazing scenes and 2,000 maddened buffalo in a real stampede. And the stampede is just one clap of thunder in this drama of thundering thrills!

INDIANS SHED TEARS AS FILM RECALLS OLD DAYS.

The belief that the Indian does not show emotion, that he does not visibly register joy or sorrow, was disproved during the making of Paramount's "The Thundering Herd," which William K. Howard produced from Zane Grey's gripping historical novel.

While filming the buffalo hunt and stampede scenes for the picture, a group of Arapahoe Indians, also taking part in the production, stood behind the camera and watched the action. When the buffalo thundered across the plains in one bellowing mass, tears gathered in the eyes of the red men.

The Arapahoes, loaned to Paramount from the government reservation in Wyoming, were transported to the location in Yellowstone Park by Famous Players-Lasky Corporation. It was the first time in over thirty years any of them had seen a bison. When the players rode into the maddened herd, the Indians actually cried.

Among those watching the scene was Chief-Goes-In-Lodge, age seventy-two, who took part in many real buffalo killings during the late sixties and early seventies. The Chief, an historical character of note, portrays the same role in "The Thundering Herd" that he played in real life fifty years ago.

In rounding up the herd of buffalo for the picture, the entire camp of Indians assisted. Despite the fact that they had not come in contact with the animals for more than thirty years, the red men showed greater skill in herding the buffalo than most of the white men.

Featured in the cast of "The Thundering Herd" are Jack Holt, Lois Wilson, Noah Beery and Raymond Hatten.

MORE EVIDENCE.

If you want to find opinion divided, ask a number of Snyder men if they think the auto is putting the horse out of business. You will find them arguing on both sides of the question. But here comes new evidence to support those who contend that the auto is supplanting the horse—the U. S. Steel Corporation has quit manufacturing steel to be used in horseshoes. The big corporation says that the demand for this kind of steel has declined to about 18,000 tons a year, and that it does not pay them to tie up part of their plant making this class of steel in such a small quantity when they could be making railroad or building steel at better prices. They intimate that delivery trucks are fast taking the place of the horse, and that each new truck means a few less horseshoes, the demand being more and more from the farms and less from the cities and towns. We are not taking sides in the argument, however, because we want to go right on believing that the faithful old horse is going to be with us, and useful to us, for a long time to come.

There were only 622 laws enacted during the last general assembly. Think of it! With thousands of laws already on the statute books and with 622 new ones going on every two years, it is no wonder that the laws of Texas are not being enforced. How could all of those laws be enforced? If all of them were strictly enforced about half of the population of Texas would be in the penitentiary half the time. Not one lawyer in twenty, and we are not saying a word against lawyers, either, can tell you about one twentieth of the laws without looking them up. Nor is that half of it. Even after laws get on the statute books of Texas, and have been there for several years, and men and women have paid penalties for their violation, the supreme court declares them unconstitutional. For God's sake, give us a body of practical lawmakers, repeal about three-fourths of those laws now on the statute books and make the remaining fourth plain enough to be understood. As it is there are two classes of legislators. One, and that one seems to be in power, thinks of nothing but to make appropriations and levy taxes; the other is the young lawyer who thinks that the only way he can make the folks who sent him to Austin know that he is down there is to become the father of some freak bill and let it become a law. For goodness' sake, let's have a little more practical, conservative legislation!

The health of our community is good, that is we haven't learned of any one getting sick since the big dinner at Mr. Herrin's Saturday, the 28th. There will be a write-up about this affair elsewhere in this paper, so will not write much this week.—Farmer.

GUINN NEWS.

We are having some exceedingly good weather out here, except the sandstorms, which is not so agreeable. We have good indications for a rain for it has been cloudy several days. If it would rain it would help the farmers considerably, who are putting in new farms for it is so dry that they had to quit grubbing.

We have a new lane extending the Camp Springs road on south across the Gardner ranch, which will be of inestimable value to our community.

After school was out Earl Morton, the school teacher, moved back to Camp Springs community.

CO-OPERATIVE MEETING AT M. E. CHURCH.

The Missionary Societies of the Methodist church were hostesses to the other aids and missionary societies in Snyder Monday, March 31. The church was beautifully decorated with pot plants and cut flowers. At about 3 o'clock the ladies began to arrive and it was a real joy to see how the fellowship of one with another can produce so pleasant a scene. The auxiliary No. 2 had charge of the program. Their leader, Mrs. H. L. Towle read the Bible lesson and gave a beautiful interpretation. Mrs. Fish gave a solo with Mrs. Hamilton at the piano, after which the young ladies presented a missionary pageant which so aptly fitted our physical condition on Monday. This completed the program and the guests were invited to meet in the basement where the adult auxiliary served strawberry cream and cake to 125 visitors. The happy voices were intermingled with lovely strains of music by Mrs. Snider.

The most gratifying thing about this meeting was to see the interest manifested by these young women and we predict for them wonderful success in their work.

STRAYHORN.

As there has been no news from our community will tell what we are doing at this place.

Our school is progressing nicely, under the leadership of Mr. Earl Sparks and Miss Leola Blackard as teachers. Our school is one of the banner schools of the county, teachers, pupils and patrons taking great interest in studies and all games.

CHURCH OF CHRIST.

The services at the Church of Christ Sunday were well attended, and several visitors were present on both occasions. I believe that those present enjoyed the discourses by Bro. Christian who unwaveringly presents to his audience the truth as stated in the Bible.

Bro. Bankhead preached at Hermleigh and his discourse was highly enjoyed by the Hermleigh church, and he was invited back again. I spent a lovely day preaching two discourses—one at Ira and one at Sharon. It is a pleasure to meet with the good people at those places.

Bro. Christian will preach at Snyder again next Sunday. We wish to express our appreciation of the visitors present and hope that you will come again. J. D. BOREN.

W. H. Cauble was here from Albany Tuesday looking after his ranch interests near Snyder. Mr. Cauble says that it is dry at Albany, but that the people are still keeping a stiff upper lip and making the best of it.

Mr. and Mrs. Jodie Monroe took a drive over a portion of the eighteenth road district this week. Mr. Monroe is commissioner of the district and has begun to look the district over with the view of acquainting himself with the needs and general conditions. Mrs. Monroe went along to help Mr. Monroe keep the records straight.

H. C. Flournoy, one of the prosperous farmers of Arah, was in town Wednesday. While here he called and subscribed for fifty-two doses of the Times-Signal. It was a very pleasant April fool trick for the editor, Mr. Flournoy, and we hope to make the Times-Signal newsy enough to cause you to repeat the trick on April 1, 1926.

E. I. Thompson of the Northwest Company is again on the ground in the interest of his company and incidentally meeting old friends. Mr. Thompson is expecting to be able to give the Times-Signal some good oil news before long, as Moore No. 2, is now down to the depth at which oil in paying quantities is expected at any time.

BUFFALO.

Directing two thousand bearded actors that could not speak or understand any language was one of the many difficult feats accomplished by William K. Howard, Paramount director.

The actors, a huge herd of American buffalo, were used in filming the hunt and stampede sequences in Zane Grey's "The Thundering Herd." An entire company of players and staff members was on location in Yellowstone Park for more than four weeks photographing the animals.

WINDMILLS OF HOLLAND.

The windmills of Holland will be turning at the high school auditorium Friday, April 10, at eight o'clock.

Hertogenbosch, with his family and neighbors, has been living in contentment beneath the whirring wheels, until Bob Yankee, an American salesman, endeavors to introduce modern machinery to displace the picturesque windmills. But the Hollanders' love for the mills prevail and Bob is outdone. The farmer girls and work hands give a characteristic Holland background. Including a chorus of twenty girls the cast is as follows: :
Mynbeer Hertogenbosch—A rich Holland farmer.
Vrau Hertgenbosch—His wife.
Wilhelmina and Hilda—Their daughters.
Bob Yankee—American salesman.
Hans—A student of music.
Franz—A rich farmer's son.
Katrina—A rich farmer's daughter.

GYPSUM PLANT AT SWEETWATER TO BE ENLARGED.

SWEETWATER, Texas, April 2. For the second time since it went into full operation last May, the plaster and sheetrock plant of the United States Gypsum Company here will be enlarged this spring. In February new equipment was installed which increased Sweetwater's daily output of fireproof wallboard by 52 per cent. The new improvements will raise it 100 per cent more, and will double the output of plaster.

Including the purchase in January of 275 acres of mineral-bearing land from the Rowe ranch, adjoining the company's other property here, these expansions will increase its investment in Texas by several hundred thousand dollars and will make this one of the major gypsum-producing centers of the United States.

Two things have made these additions necessary. First, the state-wide building boom which is accompanying prosperity in Texas has increased the demand for Texas-made fireproof building materials so that additional production is required. Secondly, in making this one of its principal producing units, the United States Gypsum Company is increasing the number of materials manufactured here.

One new product is Oriental stucco, a combination of Portland cement base-coats with a finished coat into which mineral colors are ground, being available in nine colors and white. Another is Textone, an interior plastic paint that gives texture and tone in one coat. A third is Gyp-Lap, a new invention. It is a fireproof exterior sheathing that takes the place of building paper and of ship-lap or wood sheathing; it is fireproof and a heat-and-cold insulator.

All these and other building materials made here are shipped in mixed cars, insuring rapid service to builders, at minimum freight charges. This plant also will supply gypsum rock to the Portland cement factories of Texas, about 2 per cent of all this material being gypsum.

PRE-EASTER MEETING AT
CHRISTIAN CHURCH.

Next Sunday morning at 11 o'clock will see the start of the Pre-Easter meeting at the First Christian church and the pastor expects to see every member of the church on hand at that hour, unless he has a good and valid reason for being absent. There may be such a thing as a reason for either doing or not doing but there

COOK'S

Armorcote Varnish
FOR FLOORS

THERE'S no need to have worn, dingy or shabby floors. They can be made beautiful and serviceable with a coat of Cook's Armorcote Varnish. This varnish is waterproof and will stand up under the hardest kind of wear.

And its wearing qualities are even greater when used on furniture and other woodwork. Why not try out a small can on some of your furniture? It's real worthwhile economy!

is no such thing as an excuse. Sometimes we think that we have an excuse for not being present at Sunday School and church services, but we haven't. If we expect our pastor to do his best, we must be there so that our presence will lend encouragement and thus demonstrate to him we appreciate his efforts. Remember that 11 o'clock is the hour of the first sermon and they will continue for one week, or until Easter. Be there Sunday if you are not present another time during the meeting. If you can spend the week in town you most certainly can spend one hour in the house of the Lord.

NEWSPAPER ADVERTISING BEST.

Chas. E. Blackwell, the most successful merchant in the entire state of Washington, has no faith in calendar advertising. He says: "There are many lines of publicity that country stores can use to advantage, but the one they can use the best is the home town paper. I venture to say that if the money spent each year for fancy calendars and other knick-

knack give-aways were invested—I say invested, not spent or donated—in carefully planned newspaper advertising, the actual net returns of the advertising to the advertiser would be ten times as great, to say nothing of the advantage the small town newspaper would derive from the additional and much needed revenue. And we know as a business builder, it is without an equal in any town.—Exchange.

Boiled Down for Busy Readers

Rev. W. P. Harmonson, a well known Baptist minister, died at the home of his son in Southland the past week.

Oscar B. May of Sweetwater had his arm amputated the past week as a result of injuries sustained while working in the oil mill at that place.

Mr. D. C. Hutcheson, for forty years a resident of and near Merkel, died the past week at an advanced age.

Roby Methodists are tearing down the old church in that city preparatory to building a modern place of worship.

A runaway horse crashed headlong into an automobile driven by J. R. White in Big Spring Saturday afternoon. The car was badly damaged but fortunately none of the occupants of the car were injured.

Mrs. Roy Stallings, a bride of less than a year, died at her home in Big Spring Monday.

W. R. Thomas, a well known resident of Garza county, died at his home in the Grassland community Tuesday of cancer.

Mrs. Howard Johnson, aged 25 years, died at her home in Jayton the past week of the after-effects of influenza.

The Jayton telephone exchange burned last Thursday. Loss about \$7,500. The fire originated from an oil stove. The exchange was in the home of Mr. Whitaker.

The Rev. Charles Little of Houston has been called to the pastorate of the Merkel Presbyterian church.

"Aunt" Sally Johnson, a pioneer of Trent, died at that place last Friday.

Miss Annie Laura Rogers, a popular Sweetwater girl, and Mr. Hardy Taylor of San Angelo, were married at the home of the bride's parents, Mr. and Mrs. C. C. Rogers, last Sunday.

Albert Fine, a boy aged 15, was run down and probably fatally injured by an unknown autoist at Roscoe Saturday night. The accident occurred about three miles from Roscoe. Some friends who were passing by picked the lad up and took him to a physician. One leg had been badly crushed, and it is feared that he was injured internally. The car that struck him did not stop.

Christian people of Inadale are to erect a community church, most of the required amount having been subscribed.

E. K. Smith of Sweetwater was in town Tuesday meeting old friends and transacting business. E. K. says that everything is getting along fine down his way, but he is always glad of the opportunity of visiting Snyder.

R. M. Jones, employed at the Times-Signal office, and wife and son, spent the last of the week in Dallas.

W. A. Louder and "Red" Hassell of Hermleigh, were in town Monday night in attendance at the Royal Arch Chapter meeting at which time the Most Excellent Master's and Royal Arch degrees were conferred upon a trio.

The editor and family visited J. L. Martin, Jr., at Abilene Sunday.

C. S. Wills was here from Fluvanna Friday. Mr. Wills says that chick-thieves are about to clean up all the chickens in his town and community.

Dr. W. R. Little, who recently removed here from Arkansas, was in town Saturday. Dr. Little says that even if it is pretty dry out here he is still optimistic and that he thinks he is going to be mighty well pleased with Snyder and Scurry county.

THEY HIT IT.

Last fall we heard old-timers and even our younger, or amateur, weather prophets predicting a long, hard winter. Experts in Uncle Sam's weather bureau issued long reports to show that our winters, averaged by and large over a long period of years, are always pretty much the same. They contended that we have about the same amount of snow and cold each winter, although it may not always come in the same month.

But the old-timers and the amateur scoffed at this and said that the husk on last fall's corn was thicker than usual, that the fur on small animals was heavier than usual, that the squirrels were gathering nuts earlier than they ordinarily did, all of which they contended meant that we were to have a long hard winter. And if you've been keep-

ing any kind of track of the weather for the past four or five months you'll have to admit that they were right. Take the United States from one end to the other and it has passed through one of the longest and one of the most severe winters in its history. Middle Western States, especially, have to record more snow and more zero weather than for a good many winters.

Next time maybe it would be wise to give the old-timers and the amateur weather sharks a little more consideration. Maybe, after all, they are just as capable of peering into the future, so far as the weather is concerned, as are the men who make a business of it and who are paid fancy salaries by Uncle Sam. Some of our old-timers declare that there will be lots of rain in April. Well, we're waiting patiently.

PICKED UP ABOUT TOWN.

Perry Morris comes forward with some good advice. He says: "Just start whistling and business will come picking up."

What makes people who should be happy but are not madder than those who shouldn't be happy but are?

"And when a man does take his wife to a show," declares Tom McMillan, "she tells the neighbors that she knows he'll brag about it for a week."

Someone has said that a great deal in life is guess-work. That also includes cross-word puzzles.

"Another thing a man and his wife seldom agree on," says R. E. Gray, "is which one got the worst of the bargain."

Just so long as young people continue to believe that this thing of being good is out of date parents are

going to have a hard row to hoe.

"I'll be willing to believe the world is growing better," asserts Judge Holley "when I succeed in raising a tomato that is as pretty as the picture of it is on the seed catalog cover."

Joe Strayhorn declares that another reason why a woman has so little patience with her husband is that the old fool is always thinking more of being comfortable than he is of being in style.

TRACY SMITH WINS HONORS.

Tracy Smith, son of Mayor Fritz R. Smith of this city, is a member of the Simmons College Choral Glee Club and will be one of the number that will go with the club on its extended trip over the state. Tracy is one of Snyder's finest young men and his hundreds of friends here will be pleased to learn of his success.

NOTES OF HAPPENINGS AT THE HIGH SCHOOL
(Continued from Page 1)

Mrs. Thrane went into the first grade room Monday to tell about Peter Pan. A little boy was reading. Just as Mrs. Thrane was leaving the boy began reading. "Oh, Kate," Mrs. Thrane stopped very quickly and looked around to see who spoke to her.

Miss Mitchell went to Post Friday to act as a judge in the declamation contests. There were ten contestants in the class A division and fourteen in the rural division.
Essie Mae Biggs and Edna Upton of the Sophomore class were absent from school several days last week.

SENIORS HAVE LUNCH ON GROUND, APRIL 1.

The seniors had lunch on the creek Wednesday at noon hour. The girls brought sandwiches, deviled eggs and cake. The boys brought ice cream and made lemonade. The boys wore overalls and the girls wore aprons. The lunch, especially the lemonade, was enjoyed by all.—Joe Tant Johnson.

The junior play is now progressing nicely. Miss Elaine Rosser, coach.—Margaret Carrell.

ORGANIZATION OF GIRLS' BASEBALL.

The girls who played basket ball in 1924-1925 and those who expect to play in 1925-1926 met together with Miss Johnston Tuesday evening. The girls saw where they made their great mistake of this year by starting late. They determined to make another good record and started by electing the same captain. Hattie Glen, for another year. The girls the past year scored 256 to their opponents 128. They won second in district championship. They will have the same team next year with the exception of the three who are seniors. Katherine Cooper, Ora Lee Christian and Allener Doak. They are going to start early next year and bring home the "loving cup."
Everyone then voted to organize a

girls' baseball team. Plainview rural school team and Snyder faculty has been wanting to play. We will start Wednesday and expect to make a success with the co-operation of the entire school and city.—Alene Doak.

TENNIS CHAMPIONSHIP HELD BY SNYDER.

Both boys and girls played for county championship in tennis Friday at Hermleigh. The senior boys singles was won by Joe Tant Johnston; boys doubles by J. K. Woosely and Buster Stacey.
The junior boys won by default. Hal Yoder in singles and Jennings Ketner and Hal Yoder in doubles.
The senior girls singles was won by Rubie Sparks. The doubles was won by Ora Lee Christian and Katherine Cooper.

The boys' bootball sweaters that have been ordered for about two months arrived Thursday afternoon. Several of the sweaters were distributed Friday morning and were seen at the track meet at Hermleigh. Other boys were seen wearing theirs Saturday. A few of them have not been given to the boys yet. It is hoped that they will soon have what they have rightfully earned.—Raye Morgan.

We are proud of the splendid record made by our seniors in the interscholastic league. Eleven of the first honors were awarded to members of the senior class in Snyder high school. These were:
Debate—Margaret Rouse and Omah Bullard.
Spelling—Anice Price.
Essay—Omah Bullard.
Tennis (doubles)—Katherine Cooper and Ora Lee Christian.
Tennis (singles)—Rubie Sparks.
Tennis (singles)—Joe Tant Johnson.

Basket ball throw—Katherine Cooper.
1 mile relay—Tim Cook and Elmer Spear.
440-yard relay (A class)—Vin McMaster.
100-yard relay (A class)—Fritz R. Smith.

The Latin department is expecting to have an exhibit at the county school fair, consisting of Roman posters illustrated stories and charts. The Caesar class is working on maps. The first year class is giving special attention to the derivation of English words from Latin words.—Josie Curtis.

"PETER PAN."
"Peter Pan," one of Barries' latest books, was given at the Cozy Theatre Monday and Tuesday under the auspices of the Parent-Teachers' Association. This picture was especially interesting to the children and to the older who truly believe in fairies (of whom there should be many).
Peter Pan, a fairy of joy and youth, presented to us an ideal we should all imitate. He proved that right wins while might is defeated by the conflict with the pirates and "lost boys."—Nona Carr.

On March 27th and 28th the interscholastic county meet was held at Hermleigh. Snyder took the majority of first places in everything. On Friday and Saturday, April 17 and 18 the winners will go to Lubbock to the district championship meet. We feel assured that the contestants of Snyder will be as successful at the district meet as they were at the county meet.
Let's give them a boost. An ounce of encouragement is worth a pound of ability.—John Howard.

JUNIOR BOYS AND GIRLS EVENTS.

The Snyder junior boys and girls entered in everything that was offered in the county interscholastic league at Hermleigh this year excepting volleyball. Although we started late in our training we proved that Snyder grammar school has some very good young athletes and literary students now, and with years of training we expect to have the best the state has.

For information I will say that Scurry county schools are classed in A, B, C division and that Snyder is the only A school in the county and it wasn't necessary for us to compete with the other divisions of the county but as we did not care to have our track alone we competed against all the schools in the county winners and places of the Snyder boys and girls and places as follows:
Junior Spelling—Harvey Lee

Chenault.
Junior Music Memory Contest—Era Grubbs, Geraldine Morrow, Weldon Alexander, Maxey Chenault, Mary Bell Carrol.
50-yard dash junior boys—Vernon Littlepage, 3rd place; Ernest Christian, 4th place.

Running high jump—Bob Webb, 2nd place; Leroy Fesmire, 3rd place; Mack Jones, 4th place.
Potato Race junior boys—Curtis Larue, 1st place; Dodson Smith, 2nd place; Lowell Stoker, 3rd place.

Get Your Suit Off the Grind Stone

You wouldn't expect your suit to last very long if you held it against a grindstone. Yet the suit which doesn't visit the dry cleaner frequently is being rapidly ground away. Particles of grit become imbedded in the fabric, and make it old before its time. Dry cleaning takes your suit off the grindstone. It is an investment in good appearance and longer wear.
