

Mr. Muleshoe . . .

By J. M. Forbes

If war comes, there are certain limitations as to what this paper or any other may print, and by reasoning, a limit as to what you might repeat in conversation. For instance, the military wants no information published as to:

- Ultimate destination of units alerted.
- Designation of unit.
- Status of equipment.
- Strength.
- Date of movement from present location.
- Sailing time of transports from port of embarkation.
- Most of us are not in position to discuss with any accuracy any matter listed above but as time goes on it is well to familiarize ourselves with such things and to see that, even by carelessness we do not harm the cause.

A blessed event occurred in the swine herd at the C. W. Ramage farm the night before this editor and Ed White, the Voc. Ag. teacher, visited the place. A fine Poland China sow had a new litter of nine pigs. It was evident at once that as W. C. Fields said, there is an Ethiopian in the fuel supply, for these pigs are the red and black spottedest pigs you ever saw. Their sire was a Duroc and Mr. Ramage believes the mixture will make mighty fine porkers.

We visited the dairy herd that is being built up by Herbert Ramage, Mr. Ramage's Future Farmer son. It will be of interest to Muleshoe merchants who took part in the registered dairy heifer program first put on here by Mr. White and "Chief" Jones, to learn there are no less than five individuals in this herd from that beginning. A mother cow in the herd was bought with money donated by Morris Douglas. She has raised several calves. Then from the heifers bought at that time by Muleshoe State Bank, E. R. Hart Co., Ray Griffiths, and Pat R. Bobo, there are now four heifers in the young herd Herbert is building up. They are mighty fine looking individuals they have fine blood in them; any merchant who helped on that program would be repaid to go out to the Ramage farm and see this herd.

I missed Ed on the way back to the house and found him in the Ramage roasting ear field. I grabbed a few ears myself just to keep Ed from being sort of embarrassed. Ed says the Ramage hybrid corn ought to make 100 bushels to the acre.

We saw many other hybrid corn fields on the trip to the northeast and some of the finest feed and cotton crops in the country.

Further on out we visited the swine herd of Alton Taylor, now a Tech student, son of Roy Taylor, and saw a gilt Mr. White had purchased for Alton out of Oklahoma. I figure the local boys have grown from fighting against this stiff Oklahoma competition and are now joining them; at least we have quite a few of Oklahoma bred swine in the country now and the Oklahoma boys are going to find tougher and tougher competition at the regional shows in the next few years from our Bailey County boys. The Oklahoma lads have been making a clean sweep of the swine shows.

We stopped by George Weurlfein's and learned that he had lost 15 head of hogs because of cholera. George learned the hard way," George said, "From now on I won't put off vaccinating, but will have it done at weaning time." Fourteen head of hogs would bring a sizeable bunch of cash and we regret to hear of his loss. Forty-four animals were affected, twenty-two were free of cholera symptoms.

Attendance Rising In Lions Club

The luncheon room of the Lions Club at Gerald's Cafe was filled to capacity Wednesday noon when more than 40 Lions, and their guests were present for their regular weekly meeting. Miss Jane Scott favored the group with two musical selections, Prelude in C Sharp Minor by Sergei Rachmaninoff and Camana by Barkley Allen. W. Q. Casey was program director of the day and presented Miss Scott to the club. Guests present were W. C. Cox of Munday, former superintendent of Muleshoe schools, D. C. Morrison, Dennis Williams, Bo Bryant and John Charles Gilbreath. An attendance drive is on with Lions members divided into two factions and the losing side has to feed the winning side at a later date. Tye Young is the leader of one group and Bill Moore is the leader of the other. Both teams are now tied with 16 for each side Wednesday.

CARTOON CARNIVAL TO BE PRESENTED BY COX DRIVE-IN

Cox Drive-In As-U-R is presenting an unusual attraction in the nights of August 17 and 18. In addition to the regular feature, "So You Won't Talk," starring Joe E. Brown, a "Cartoon Carnival" will be presented featuring six other color cartoons which are enjoyed by grown-ups and youngsters alike. Tuesday and Wednesday nights are Bargain Nights at the theatre and an entire carload will be admitted for only \$1.00 per car.

The Muleshoe Journal

Parking Meters Opposed By Group Of Business Men

Opposition to the installation of parking meters in Muleshoe mounted this week. The opposition was spearheaded by a group of Main Street business men and women, who feel that the parking meters will adversely affect their businesses.

About thirty business firms were represented when a protest meeting was held in the fire hall Monday afternoon. N. H. Greer presided and after a motion had been adopted that a committee be appointed to examine legal aspects of the parking meter proposal, he named Houston Hart, Thurman White, and "Happy" Weirton to interview attorneys.

The group expressed the determination to seek an injunction restraining the city commission and the meter company from installing the meters in Muleshoe. Those present signified their willingness to contribute funds for the purpose of preventing the installation of the meters here.

It was the second meeting of the kind. Organized opposition to the meters developed last Friday morning after publication in The Journal of a news article telling of the city commission's decision to install parking meters for a six-month trial period. Three petitions asking the city commission to reverse their stand on the meters are said to have been completed. Then in the afternoon the city commission met with some of the business men and women to hear

ATTORNEY IS EMPLOYED

The committee appointed at the meeting held Monday have announced they have engaged Sam Aldridge, an attorney of Farwell, to represent the group opposed to the installation of parking meters in Muleshoe, and that he has begun his study of the case.

Arguments in the matter. The city commission members asserted their determination to go ahead with the installation of the meters whereupon the business people agreed to see what they could do to prevent it.

The City Commission last week announced they had signed a contract with a meter company to install about 160 meters here. The company under the contract will pay all costs of installation, the city to receive one-half of all revenues, the other half to go toward paying for the meters, which eventually would become the property of the city.

Many business people feel the meters will be discriminatory, since they would be installed principally on Main Street and partly on inter-sections, placing parking meters in front of one man's business but not in front of another man's business which is located farther out from the main business section.

REV. EDWARDS

Y. L. Revival To Begin August 18

Revival services will begin at the Y. L. Baptist Church Friday of next week, August 18, Rev. Dale Laverder, pastor has announced.

Rev. L. B. Edwards, pastor of the First Baptist Church of Lazbuddie will be the evangelist for the meeting.

Mrs. Glenn Phillips will be the director of music for the meeting. Three services will be held each day, with morning services at 10:30 a. m., prayer service at 8:00 p. m., and evening service at 8:30 p. m.

Everyone in the community is invited to attend this revival meeting, which will continue through August 27.

ON TRIP BACK EAST

Mr. and Mrs. Paul Craig and son, Randall, have returned from a long vacation trip to the east. They visited relatives in Shawnee, Maude and Oklahoma City, Okla., then traveled to Memphis, Tenn.

Mr. and Mrs. Craig and son, Randall, visited with other relatives.

Adams Lists Precautions On 2, 4-D Use To Avoid Possible Crop Damage

J. K. Adams, County Agent, this week took cognizance of the increasing use of 2,4-D in weed control and suggested that The Journal might print a list of precautions which have been drawn up by M. K. Thornton, Extension Agricultural Chemist and A. A. Dunlay, head of the Division of Plant Pathology and Physiology, Extension Service.

He pointed out that since use of the chemical is fairly new, farmers may damage their own or a neighbor's crop in spraying 2,4-D.

The precautions are as follows: 1. Do not use 2, 4-D dusts under any conditions. They drift easily and far.

2. The ester forms of 2,4-D are not recommended. They give off fumes readily.

3. Small liquid particles may drift in air currents. Dust blowing from a field sprayed with 2,4-D may carry harmful particles. Delayed drift effects may occur following changes in direction of the wind.

4. For ground sprayers, nozzles producing coarse particles are most desirable; use pressures below 40 lb. per sq. inch; do not apply in wind velocity greater than 5 m. per hour when susceptible crops are within one-half mile downwind or one eighth mile upwind (to susceptible crops).

5. No 2,4-D should be released from an airplane (either deliberately or accidentally) at altitudes higher than 10 feet above the ground, when wind velocities are greater or the distance from susceptible plants is less than the following: Up to 5 miles per hour downwind 1 mile, upwind 1-4 mile; 6 to 10 miles per hour, downwind 2 miles, upwind 1-8 mile.

In communities having inter-mixed small fields of susceptible and non-susceptible crops, it is difficult to meet the conditions set forth under paragraphs 4 and 5 above.

The statement lists the following susceptible plants: cotton, tomatoes, okra, vine crops such as cucumbers, sweet potatoes, le-

Local Schools To Open Sept. 4

Muleshoe schools will open on Monday, Sept. 4, with a full faculty, Superintendent of Schools C. W. Grandy announced this week. For the first time since consolidation, the schools are adequately housed. This will be the first full term that the new high school building will be used.

School services this year will be the school nurse, dietitian and grade supervisor. Fifty-six members will constitute this year's faculty.

The Junior High School building, formerly the old high school, has been renovated with much needed repair work done to the interior of the building to make it more serviceable and attractive. A new modern furnace has been installed that will keep the building comfortable on the coldest days.

Work has also been done on much of the furniture in the grade school building. Many of the fixtures that had not arrived for the new high school building when school was dismissed last spring has been installed and will be ready for use as soon as school begins.

The colored school is also scheduled to open September 4. This school has also been renovated and the same teacher, Miss Williams, will return again this year, Mr. Grandy announced.

LEAVE FRIDAY

Dr. and Mrs. A. E. Lewis and Charles plan to leave Friday for a month's vacation, visiting in Cowles, N. M. and Colorado.

Games such as blackeye peas, peanuts, snapbeans, fruit trees, grapes pecan trees, and many ornamentals.

Benefit Musical To Be Presented

Word has reached our ears that a big musical event, featuring the musical talents of our young people here in Muleshoe, is to take place in the beautiful auditorium of our new high school building, on the evening of August 25, only a few days hence. It is to be a benefit, all profits ensuing from sale of tickets to go toward the purchase of a grand piano for the Muleshoe high school.

A choral group of young men and women under the direction of Mrs. C. W. Grandy have been rehearsing every Monday night since June, preparing the music to "Ballad for Americans". This is music every one of you will love because it is taken strictly from the American scene. It is particularly timely at this hour of history when we will make you keenly aware of what we have here in America that no one else has.

Muleshoe has among its residents more talent than most people realize. The script is being written by Alice Lent Covert, who is a professional writer and this month has published a fictional novel in "Red Book." Mrs. Covert will also direct the dramatic part of the program.

Then Miss Joanne Darby, a recent graduate of Muleshoe high school and a highly gifted young pianist, will play typical music from the American scene — even "boogie" — as will Miss Jane Scott, popular young teacher of piano. These two will also be heard in several two piano numbers — ask anyone who has heard them how good they are.

Miss Dixie Lee Jennings and Dale Covert, who have graciously appeared on many local programs will each sing some of the numbers you all ask for. These two young people have been heard by many people in this area and always carry the audience with them. Recently they were heard in Littlefield as a result of that appearance Portales, Sudan, Hereford and Lubbock have asked to hear them. Mr. Covert will sing the lead bass-baritone role — in the "Ballad" itself.

Overall direction is in the hands of Mrs. Grandy, who has directed some outstanding musical events since coming here. It is hoped by all these worthy young people that the whole town will get behind them and help them attain their goal — the purchase of a very much needed piano for the auditorium. As it is now, no one can be asked to perform musically there. You will be learning more and more about this in the next few days. Be ready to help by buying a ticket!

New Lights Soon!!

Work of installing Muleshoe's new street lighting system will begin September 1. Jeff Peeler, manager of the Southwestern Public Service Co. and the Muleshoe City Commission announced this morning. Contract for a new "bright light" system, similar to that installed in Many Plains towns, was entered into several months ago. Materials have now arrived and the work will proceed at once, with completion promised in about two months.

TO TAKE NURSE TRAINING

Barbara Grandy, daughter of Supt. and Mrs. C. W. Grandy, has announced her intention to enter training in the School of Nursing at West Texas Hospital, Lubbock. Her training will begin September 4. She graduated from Muleshoe high school last spring.

REV. U. S. SHERRILL

Methodist Start Revival Aug. 13

The Rev. U. S. Sherrill, Pastor of the First Methodist Church at Sudan will hold a Revival meeting at the Muleshoe Methodist Church beginning Sunday, August 13, to continue through August 20.

Services will be held twice daily. The morning service will be at 7 o'clock, closing 10 minutes to 8. The evening service will begin at eight o'clock with prayer service in four groups. The preaching service will begin promptly at 8:30.

Miss Mary Neil Hanks will direct the music and work with the young people. A hearty invitation is extended to everyone to attend these services.

Cashway Stores To Close V-J Day

All cashway Stores will be closed Monday, August 14, in observance of V-J Day, Thurman White, manager of the Muleshoe store has announced. Stores in the Panhandle-South Plains cities of Hereford, Muleshoe, Earth, Olton, Dimmitt, Vega and Friona will be closed. The stores' 15-minute radio program broadcast over the Hereford station will feature this event on one of their programs.

Mr. White said they were closing in honor of the men and women who fought in World War II and those who died to preserve our American Way of life and as a salute to the boys in uniform today who are fighting in Korea to help curb the advance of Communism. He urges all of their customers to purchase their food needs for Monday on Friday or Saturday when the store will feature numerous special items at great savings.

Their ad appears on another page of this issue.

BARBERING AT MACK'S

Omer Kelton, formerly of Holland's Barber Shop, is now barbering in Mack's Barber Shop.

Local Markets

Cream50
Eggs, doz.30

Maize, cwt.	1.75
Kafir, cwt.	1.75
Wheat, bu.	2.00

Cobb's Clearance Sale Underway

Cobb's semi-annual clearance sale is now underway, offering the customers a variety of items on sale over the entire store. The sale started this morning and will last into next week, Hoyt Morgan, manager, announced.

The store was closed Wednesday in order to prepare for this sale. The store will open at 8:30 a. m. each day.

Among the items placed on sale are men's hats, suits, shirts, and shoes, ladies' dresses, bathing suits, children's shoes and sandals, and many other items.

Cobb's are celebrating their 10th year in Muleshoe and this sale is one way of showing their appreciation to their customers in this area for their patronage in the past. Everyone is invited to attend this sale and purchase the articles they need now and will need in months to come. Their double page ad appears on other pages of this issue.

JayCees Quit Paving Plan

At their regular meeting at the Cross Roads on Monday night the Muleshoe Junior Chamber of Commerce voted to discontinue their tentative paving plan for the present time and wait for action on the paving project to be proposed by the City of Muleshoe.

The project to be offered by the City differs from the one planned by the JayCees and will be released in the near future Mayor Harold King said last week.

The plan which was being investigated by the JayCees was one that has been used by several other small cities in the Panhandle and South Plains area. Each individual property owner was to have paid for the paving of streets fronting or siding his property. Paving all the way to his property line paving of drives, and curbs and gutters would have been optional.

Plans are being made for representatives of the Muleshoe Club to attend the regional convention which is to be held in Hereford August 26 and 27. Three Muleshoe JayCees, Myron Pool, II, Irvin St. Clair, and Paul Gardner, are planning to enter the golf tournament which will be held in connection with the convention.

4 Boys Awarded Lone Star Degree

Four Muleshoe boys have received the highest honors bestowed in Texas for Future Farmers of America work. The four, who received the Lone Star degree, ultimate goal of all boys who study Vocational Agriculture, are: Marion Waggoner, R. E. Williams, Eugene Henry, and Ted Harrison.

Degrees were awarded the four at a banquet for Area XI, held at Childress, Edward White, Voc. Ag. instructor in Muleshoe high school accompanied the boys on their trip to the banquet. Marvin Baumgardner, past national vice-president of FFA, was the principal speaker.

For the whole area, 67 boys received the Lone Star Farmer degree. Mr. White said, and added that it was the most boys to receive the degree of any area in the state.

The Muleshoe chapter itself has produced its share of Lone Star Farmers through the years.

MHS Football Camp Starts Aug. 21 - 40 Boys Invited

Nearly forty boys of this school district will attend a 9-day training camp for candidates for positions on the 1950 Muleshoe high school Yellow Jackets football squad. Coach Woodie Green announced this week, the camp to be held at the new high school beginning Monday, August 21.

The boys will take their meals in the school lunch room and will sleep in the building. The camp will launch preparations for what Coach Green called "the most ambitious football schedule ever arranged for Muleshoe high school."

The Yellow Jackets will take on 10 opponents this fall with the opening game scheduled for September 8, at Tahoka.

In the camp the boys will have workouts twice daily. Each boy is requested to bring his own cot, bedroll, and toilet articles. Their program will include a daily swim in the municipal swimming pool, located on the school grounds.

Coaches Assigned
This year Coach Green's assistants, Coach T. J. Bailey, and Coach Willard Hedges, will have their work cut out for them. Coach Bailey will work with the B Team and do all the scouting. Coach Hedges will handle the junior boys.

Coach Green pointed out that the B team will be composed of sophomore and junior boys who are inexperienced enough to make the A squad. The junior high team will be composed of boys of the 7th, 8th, and 9th grades, however.

Some of the ninth grade boys will make either the A or B Teams. A nine game schedule has been arranged, and their opening game will be here against Levelland B the night of September 7. All B team games will be played Thursday nights. Lots of coaching emphasis will be placed on the B squad this year because boys of this squad will be A squad material next year.

Scrimmage Set Aug. 24
First scrimmage of the new season has been set for the night of August 24, Coach Green said. The August 24, scrimmage Tullia high school's gridder that night on the Muleshoe field and will return the scrimmage at Tullia August 29.

Coach Green Told The Journal: "The attitude and spirit of the boys is better right now than it has ever been since I have been at Muleshoe. These kids will be green and will make lots of mistakes, but they will make up for that by their enthusiasm and hustle. We won't have a district challenger this year but we think we will be able to beat other teams a lot of trouble with a few ball games."

"We can have a good football camp this year provided every parent of boys I have invited to the camp will let their boys come and try for a team position. These boys will need encouragement from their parents more than from any other source. Athletics are certainly worth while. We hope that these parents will let these boys give it a trial."

MHS 1950 Football Schedule

Sept. 9	Tahoka	there
Sept. 15	Portales	here
Sept. 22	Slaton	there
Sept. 29	Brownfield	here
Oct. 6	Hereford	here
Oct. 13	Littlefield	there
Oct. 20	Morton	there
Oct. 27	Post	here
Nov. 3	Levelland	here
Nov. 10	Sudan	there

their enthusiasm and hustle. We won't have a district challenger this year but we think we will be able to beat other teams a lot of trouble with a few ball games.

Appreciation To Parents
"We can have a good football camp this year provided every parent of boys I have invited to the camp will let their boys come and try for a team position. These boys will need encouragement from their parents more than from any other source. Athletics are certainly worth while. We hope that these parents will let these boys give it a trial."

"This is probably the most ambitious schedule Muleshoe has ever had. Home games will be the best ones we have had yet, as Portales, Brownfield, Hereford, Levelland, and Post will all play here this year."

Programs will be printed this year and the money the athletic departments makes out of these programs will go to pay for the summer camp and for football shoes. Therefore, merchants who had advertisements in the program last year are invited to take the same space for this season. Coach Green and others will contact the merchants, but it is desired that this be kept on a "voluntary" basis, there will be no pressure, and if a merchant does not desire the space another firm will be contacted.

Thirteen Lettermen Back
The squad has thirteen lettermen returning to give the squad a strong nucleus. Returning lettermen are:

Captains Ed Nickels and Bill Gaede, Jim Gaede, Odell Spivey, John Whipple, Aubrey Heathington, Lewis Shafer, Dewayne Burkhead, Ronald Johnson, Jim Prather, Ray Kersey, Robert King and Charles Hornbrook. But there are some new boys, too, that look good and from whom much help is expected. The following boys have been invited to attend the camp besides the lettermen listed above:

Coach Green listed the following new boys who are expected to attend the camp and who are expected to provide a lot of help in the coming campaign:

Rex Briscoe, Gerald Byrd, R. E. Williams, David Taylor, Fred Harvey, Charles Lewis, Robert Waggoner, Benny Bickel, Don and Wayne Moore, Jim Beller, Marvin Mooney, Travis Clements, Charles Mayhew, Eugene Buhman, J. B. Moore, Archie Scarborough, Jim Sybert, Bobby Seid.

Wayne Wagoner, Eddie Lane, Bob Daniels, Johnny Ladd, Jerry Parsley, Dewayne Morris, Willard Dement, Elder Harrison, Cleve Hall, Gerald Elder, Jackie Dulin, Lloyd Krieger, and Howard Hale.

Coach Green said that Rex Briscoe gives promise of being a very outstanding performer. He promises to develop into a triple threat man with fine ability as a runner, passer and kicker.

David Taylor has possibilities of being an outstanding punter, as he consistently kicks 40 and 50 yards now.

Gerald Byrd, Coach Green said, is one of the best pass receivers he has ever coached.

R. E. Williams could make a very good lineman since he is big, fast, and aggressive.

"If these four boys meet the requirements expected of them, they will give us a fairly good nucleus with which to work," the coach said. "Benny Bickel, the coach Waggoner are also expected to give somebody lots of competition for halfback positions. Bickel is a freshman while Waggoner is a junior."

Coach Green urged parents to let the boys attend camp because, he said, the camp will provide the foundation for all the work to follow and a boy will be at a disadvantage in competing for a place on the team if he does not attend the camp.

Junior high boys will not report for training until after school starts. There will be a few exceptions to this rule, but Coach Green will get in touch with boys camp. Any boy who is not contacted by the coach and who wants to try out for a team position, should give to Coach Green and he will give an opportunity to come to camp and do so.

Licenses Due To Be Renewed Sept. 1

AUSTIN, Aug. 8.—The chief clerk of the Game, Fish and Oyster Commission said today all but eight of the 39 licenses issued by the Commission, including those for hunting and fishing, will be renewable September 1.

The license revenue provides a substantial part of the funds for Commission activities.

The Game Department's staff is now busy readying the licenses for distribution. The actual sales are made generally by game wardens, county clerks and licensed deputies mainly in retail stores of the state. Only nine of the 39 kinds of licenses are sold at the Austin headquarters.

Considerable Commission revenue comes from the \$1.65 individual fishing license and from the \$2.15 so-called big game hunting license. The \$2.60 resident hunting license represents only a small part of the collections. This is because the comparatively new big game license covers all kinds of hunting, except antelope which calls for a special fee of \$5.00.

The chief clerk explained that

Personal Hygiene Protects Health

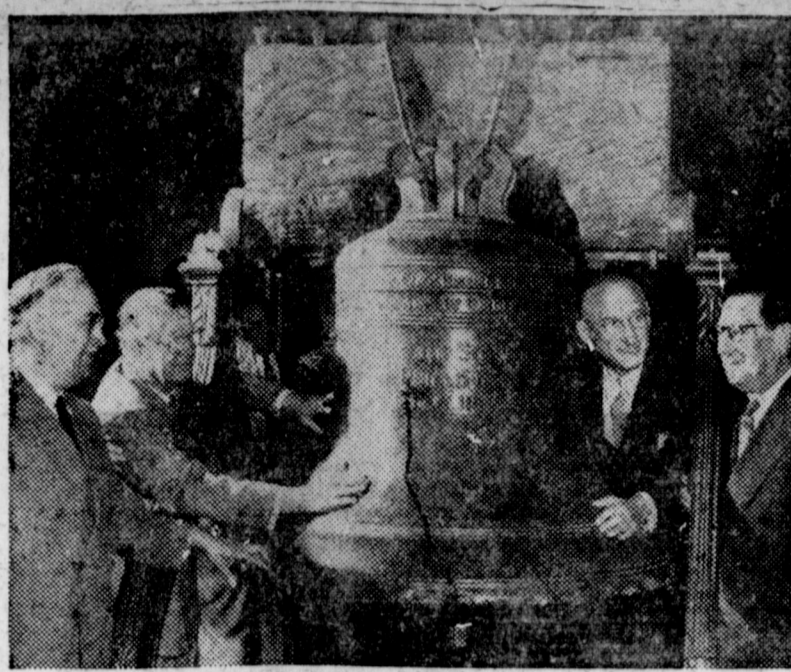

Austin, August 8.—In addition to general instructions for community sanitation which are important in preventing poliomyelitis, Dr. Geo. W. Cox, State Health Officer, today issued an urgent warning to every individual in Texas to practice strict personal hygiene to protect his own health and that of those about him.

"Of course, cleanliness and personal hygiene are ordinarily taken for granted," Dr. Cox said, "but at this time with the incidence of poliomyelitis having reached a total of 1395 cases, I would like to re-emphasize some personal sanitary measures which may help in preventing the spread of this crippling and often fatal disease."

The State Health Officer stressed the importance of scrupulous cleanliness of the person. Frequent bathing and immaculately clean clothing are vitally necessary. Oral hygiene with thorough brushing of the teeth and the use of a mild antiseptic are recommended. The nasal passages should be kept clean and dental defects corrected immediately.

Sanitation and thorough cleanliness in the home are instinctive with the average housewife, but at this time their importance to health must be re-emphasized. Home sanitation includes those taken-for-granted measures as washing the dishes in hot soapy water and rinsing them in hot clear water; keeping sinks, bathtubs and fixtures scoured clean and rinsed with a mild antiseptic solution; sunning and airing bed clothes, ridding the home of flies, rats and roaches which, since poliomyelitis is believed to be a filth-borne disease, are suspected as being responsible for transmission.

"If good personal hygiene is combined with good community sanitation and hygiene, it is hard for any disease to get a foothold," Dr. Cox said. "With such a dread disease as poliomyelitis prevalent in the state, no precaution should be overlooked and no bars should be left down for its entrance."

THE FAMED LIBERTY BELL replica draws together Chairman Fred F. Florence of the Texas Advertising Committee, U. S. Independence Savings Bond campaign (in dark suit with hand on bell on the right), and editorial and advertising executives of Texas newspapers, radio networks and outdoor advertising firms at a conference in Dallas to perfect plans for an intensive statewide program to push bond purchases. Chairman Florence, who is president of the Republic National Bank of Dallas and a business leader of the Southwest, emphasizes that "the savings bond campaign transcends politics and is a program in which patriotic citizens can work shoulder to shoulder, not only for personal financial independence, but for the preservation of our national freedom as well." Above, left to right, are: Martin Campbell, general manager of Radio Station WFAA at Dallas and an executive of the Texas Quality Network; W. A. Gibson, Jr., Fort Worth, president, Outdoor Advertising Committee of Texas; Mr. Florence, and Louis Goldberg, business manager of the American Statesman, newspapers of Austin.

Civil Service Exams Announced

The U. S. Civil Service Commission announces examinations for filling vacancies in the positions of Engineering Draftsman, Cartographic Draftsman and Statistical Draftsman, at entrance salaries ranging from \$2200 to \$3825 per annum. Employment will be with various Federal agencies in the state of Texas. Application forms and additional information may be secured from the post office; or from the Regional Director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

HERE'S A GASOLINE ECONOMY

QUIZ

For Car Owners

QUESTION: Are you losing engine efficiency and gas economy because of the condition of your battery, distributor points and electrical connections?

QUESTION: Are you wasting as much as one gallon of gasoline in ten because of badly burned or dirty spark plugs?

QUESTION: Are you sure that your octane selector (spark control device) is properly set for the particular grade of gasoline you are using.

QUESTION: Are you getting correct engine temperature through the proper functioning of your cooling system?

QUESTION: Are you dissipating power before it gets to the rear wheels because your clutch is slipping?

Now for the Jack Pot Question
WHAT CAN YOU DO ABOUT IT?

YOUR ANSWER—
Get A Summer Economy Check-Up at

C. & H. Chevrolet

Letters To The Editor ...

A Doubtful Compliment
Portales, N. M.

Dear Associated Press:
Thanks for sending the paper even without funds. Enjoy the paper very much, even though you do have something to do with it.

MARTY EZELL
Wow! But old Marty sent his check for renewal, which is the thing that counts most. Thanks.

FROM OKLAHOMA
Mrs. Art Shupe and Foy Ryan, both of Mountain Park, Okla., visited their mother, Mrs. Mabel Ryan, last week in the home of her father J. W. Ellis and sister Mrs. Maude E. Jones.

processing the license supplies represents a sizeable assignment because they have to be distributed to between 100 and 200 agencies.

The licenses range in cost from 50 cents for a duplicate individual fishing license to \$200 for a wholesale fish and oyster dealer permit.

GREEN TO COACH SCHOOL

Woodie Green, head football coach of Muleshoe high school last week attended the annual coaching school held in Austin. The school featured nationally famous coaches and was climaxed by the annual all-star Texas high school North vs. South game. The South won, 25 to 0.

To Our Many Friends and Customers

ALL CASHWAY STORES

WILL BE
CLOSED ON

MONDAY
AUGUST 14

Five years ago, August 14th, the guns of World War II ceased fire—therefore, we will be closed on this day, honoring thousands of men and women who fought so bravely and those who are fighting today to curb Communism and preserve our Democracy.

Let us take time out for reflection and consider our hard won victory five years ago and the victory yet to be won and resolve to make Democracy live—the cause for which so many men have died.

We extend a special invitation to our many friends and customers to do their shopping early Friday & Saturday and to stock up on their needs thru Monday, August 14th, V-J Day.

We will have for you many extra special values this week end. We are endeavoring at all times to maintain the cheapest possible prices for our customers in these times of rising costs of living.

Come in and check for yourself. Tell your friends.

Two Local Girls Enter "Miss Smile" Contest In Amarillo

Two Muleshoe girls, Miss Trixie Steinbock, and Mrs. Jean Haberer, are contestants for "Miss Smile of '50" who will be chosen in Amarillo, Friday night, August 18, from a host of beautiful girls of the area, according to Pat Flynn, "The Mad Irishman" of Radio Station KLYN in Amarillo. The contest closed midnight August 1 and on "Coronation Night" the public will have the opportunity to compare its judging ability with that of the official judges to choose the girl with the most typical West Texas smile.

The girls will be introduced first on the Paramount Theatre stage and later each girl and her escort will be honor guests at The Nat where the winner will be announced and where she will be presented a host of valuable awards.

Harold K. Carrington, ace newsreel and Television cameraman, will photograph the ceremonies and winner. "Miss Smile's" picture will be released nation-wide, Carrington said.

The only consideration to be given in the selection of "Miss Smile" is the smile of each contestant. The ceremony is strictly informal, although many of the contestants who possess talent for entertainment will be featured on the broadcasts.

Besides Amarillo, other Panhandle and South Plains towns having contestants in the "Miss Smile" contest are: Littlefield, Phillips, Borger, Anton, Crosbyton, Sudan, Dallas, McClean, Greenville, Wellington, Hartley, Hereford, Pampa, Happy, and Booker.

Miss Peggy June Wilson is the contestant from Sudan.

Teen Town Scene Of Party

A party was held at Teen Town, Friday night, August 4. The hostesses were Mrs. Coly Graves, Mrs. Jeff Peeler and Mrs. Harvey Toten. Those enjoying the refreshments and games were Bobbie Collins, Frances Toten, Norma Graves, Rita Peeler, Sammy Carroll, Jo Adline, Wagner, Donald Harrison, Jody Blaylock, Jimmy Hall, Dean Herrington, Kirk Herrington, Bobby Seid, J. B. Moore and Charles Roark.

Everyone enjoyed the evening, although it had been planned to go to Horseshoe Bend but because of the rain the party was held at Teen Town.

St. Clairs Honored

The beautiful flower bedecked home of Mrs. Tye C. Young, 1611 Avenue C, was the scene, Tuesday evening, August 8, of a miscellaneous nuptial wedding shower in honor of Mr. and Mrs. Billy Jim St. Clair.

Hostesses for the occasion were Mesdames Tye Young, W. H. Clements, W. B. LeVeque, Rufus Gilbreath, H. M. Gable, Jack Epps, Ray Morrison, Johnnie Glascock, Pat Bullock and E. M. Humiston. Guests were greeted at the door by Mrs. LeVeque, introduced to Mr. and Mrs. St. Clair, Mrs. Cooper, mother of the bride, and Mrs. Naomi St. Clair, mother of the groom who composed the receiving line.

Delicious refreshments of lime punch and individual cakes were served from the lace covered table by Mrs. Clements and Mrs. Epps.

Guests were registered in the bride's book by Mrs. Ray Morrison. Miss Jane Scott played throughout the evening and accompanied Mrs. Woodie Glascock and Jack Young who sang several duets.

The many lovely and useful gifts were opened before the more than 60 guests from Muleshoe, Lubbock, and Flora.

CARD OF THANKS

We take this means of publicly thanking each one who in any way assisted us during the recent death of our Mother, Mrs. Savannah Goodson. The lovely dishes of food, kind words, flowers and the many expressions of sympathy were appreciated beyond words. Gratefully, Mary Hart and Family

THE MULESHOE JOURNAL, Thursday, August 10, 1950

Mrs. Tunnell Hosts Monument Lake WSCS Women

The Monument Lake Women's Society of Christian Service met in the home of Mrs. Roy Tunnell, August 1.

Rev. Wallace Kirby installed the officers of the year. Rev. Kirby's brother Rev. Edmund Kirby of Sweetwater, who is holding a revival for the Monument Lake Methodist Church, brought a special message to the women on Mission work.

Refreshments were served to the following: Mesdames Jack Lowe, Louise Burleson, J. G. Ann, Mildred Tunnell, Lynn Galt, Carrie Huff, Jewel Hutchison, Mary Shackelford, Frances Stegall, Doris Kirby, May Phillips and Miss Vivian Ann.

MRS ENGRAM TO ENTERTAIN THE HALF CENTURY CLUB

Mrs. Daisy Engram will entertain the Half Century Club Thursday afternoon, August 17th, at the Yellow Jacket Inn, on Avenue D. All members are asked to be present.

ATTEND DISTRICT MEET

Mrs. Bernice Splawn and Mrs. E. E. Holland attended the district Ladies' meeting held at the Woman's Club building in Lubbock Monday.

Mrs. Harper Hosts Homemakers Class

The Homemakers Class of the First Baptist Church met in the home of Mrs. Harper, Tuesday afternoon in their regular business and social meeting.

In the absence of the president Mrs. E. E. Dyer, Mrs. Beulah Motheral had charge.

Mrs. Ellen Spence led the opening prayer. Mrs. Grace Winn brought the devotional from the 7th chapter of St. Matthew.

The group captains reports were read and approved. It was decided that the class will go to Girls Ranch, August 28. Each one is to take a basket lunch and eat with the girls.

A committee was appointed to nominate a teacher for the coming year. Mrs. Harper and Mrs. Spence were appointed to investigate the Yearbooks. Mrs. Harlan, Mrs. Winn and Mrs. Morris were appointed to nominate the class officers for the coming year.

Eight members and one honorary member were present. Mrs. Bessie Harlan dismissed with praise.

IN HOSPITAL

MSgt. Roger T. Thomas, son of Mr. and Mrs. J. L. Thomas of Muleshoe has spent the last two weeks at the Fort Dix Hospital in New Jersey with a broken ankle, he received while playing baseball. He is to return to his home in Fort Worth this week.

Ramm Family Holds Reunion

The brothers, sisters and mother of Mrs. Eddie Ramm gathered for a family reunion and delicious chicken barbecue at the Eddie Ramm home last Wednesday night, August 2.

Those present to enjoy the entertainment were: Mr. and Mrs. Ben Kube and Clarence, Mr. and Mrs. Albert Kube and Martin, Mr. and Mrs. Ernest Kube, Linda and Bobby Kaye, Mr. and Mrs. Fred Ramm, Mr. and Mrs. L. Kube, Laverne and Mary Kathryn of Bartlesville, Okla., Mrs. Mary Kube and Rudolph, Mr. and Mrs. Quicke and children, Miss Francis Dande, Mrs. Albert Ramm Sr., and Mr. and Mrs. Eddie Ramm, Ernest and Alice.

Mrs. Shofner Hosts Go And Sew Club

The Go and Sew Club met in the home of Mrs. Ida Mae Shofner, Thursday August 3.

The members pieced quilt blocks for the hostess.

Refreshments were served to Mesdames Lou Dudley, Cora Thomas, Lucille Thomas, Lou Testerman and Barbara Kloepper.

The next meeting will be in the home of Mrs. Lou Dudley, August 17, at 2:30 p. m.

TO COWLES, NEW MEXICO
Miss Mildred Davis is spending this week in Cowles, N. M.

The chicken was pit barbecued by the Kube brothers and served on the lawn at the Ramm home.

Muleshoe W. S. C. S. In Meeting

The Women's Society of Christian service met in Fellowship Hall August 9, with nine members present.

Mrs. H. C. Holt opened the meeting with a call to worship followed by the song, "We've A Story To Tell To The Nations," and a responsive reading, "The Lord Reigneth."

Reports from the School of Missions at Lubbock were brought by

Mrs. Holt and Mrs. F. B. Pierson. The theme of the school was "We Seek Him Together."

Mrs. Holt brought a report from the department of Christian Social Relations. She said, "That each society should have a fund for this work. That a survey of the area be made and continuous projects should be adopted."

Mrs. Pierson gave a report from the course, "The Near East," taught by Miss McConnell, editor of World Outlook.

It was voted not to meet next week because of the revival. The meeting closed with a prayer.

SECTION TWO

Classifications For Registrants

The Bailey-Lamb-Cochran County Selective Service Board released the following classifications and their meanings this week. They are:

- 1-A—Available for military service.
- 1-A-O—Conscientious objector available for non-combat service only.
- 1-C—Member of the armed forces of the United States or the Public Health Service and certain registrants separated from these services.
- 1-D—Member of the reserve component, National Guard, or student taking military service.
- 2-A—Deferred because of civilian employment (except agriculture).
- 2-C—Deferred because of employment in agriculture.
- 3-A—Deferred because of dependents.
- 4-A—A registrant who completed enough active duty service in World War II to be exempt from active service under the terms set forth in the draft law; any registrant who is the sole surviving son of a family whose sons or daughters died in service during World War II.
- 4-B—Official deferred by law.
- 4-C—Aliens.
- 4-D—Minister of religion or divinity student.
- 4-E—Conscientious objector opposed to both combatant and non-combatant military service.
- 4-F—Physically, mentally or morally unfit.
- 5-A—Registrants over the age of liability for military service (Any registrant who has reached his 26th birthday. Such a registrant is not liable for service under the Selective Service Law.)

BELL COUNTY GROUP TO MEET AT LUBBOCK PARK

All of the former residents of Bell County are invited to attend a reunion at MacKenzie State Park on Sunday, August 13, according to E. L. Hill, president of the Bell County Reunion Association.

The committee arranging the reunion expects some 300 persons to attend. Ample space has been arranged for the event at the park, located one mile east of Lubbock. Trees, cool water and seats will be provided at the site of the reunion for the comfort of those attending.

Delinquent Registrants

Delinquent registrants of the Bailey-Lamb-Cochran County Selective Service Board were announced this week. The below named persons should contact the local board in Muleshoe and give their present address. Selective Service records show Bailey County has no delinquents.

Lamb County delinquents are: Patalion Solazar Teneyuque, George Coleman, Jr., Juan Pena, Delphino Garcia, William Edward Bills, Gregae Cantillo, Benancio Trevino, Douglas Rogers, J. Francisco Garza, Elmer Edward Bradshaw, Addison Pritchett, Jr., Edward Johnson, Jr., all of Littlefield, and Harris Ortiz of Amherst.

The following Cochran County registrants are reported as delinquent: James Ward Farris, James Russell Mier, and Sims Wiley Saunders, Jr., all of Morton.

Reserve Officers May Ask Recall

AUSTIN, TEXAS, July 25—Colonel Oscar B. Abbot, Chief of the Texas Military District, announced here today that Company grade officers (through the rank of Captain) of the Active, Inactive or Honorary Reserve may request recall to active duty in the following services: Medical Corps, Dental Corps, Medical Service Corps, Chaplains, Corps of Engineers, Ordnance, Signal Corps, Staff (Branch Immaterial), Finance, Chemical, Infantry, Armored, Field Artillery, Coast Artillery, Army Nurse Corps and Women's Medical Specialist Corps.

Officers recalled must agree to serve for one, two or three years. Officers must be able to complete signed category prior to reaching the following ages: Combat Arms

Lions Prexy

PRESIDENT PETRY

CHICAGO, Aug. 5—Herbert C. Petry, Jr., Carlizo Springs, Texas, is the new president of the International Association of Lions Clubs, (Lions International). He was elected by unanimous vote at the 33rd annual convention of the Association which closed here at the Chicago Stadium today. Petry succeeds Walter C. Fisher, Queens-town, Ontario, Canada.

The convention concluded one of the most successful years in the history of Lions International, according to the report made by Melvin Jones, Chicago, Illinois, Secretary-General and founder of the Association. He reported the addition of 806 new Lions Clubs and 21,415 men to the roster of the Association during the twelve-month period ended June 30, 1950, for a total of 8,055 clubs and 402,841 members. He stated also that during the fiscal year Lions Clubs were established in two additional countries: England and Denmark. Lions International, he added, is the largest, strongest and most active service club organization in the world, with Lions Clubs in 28 countries on five continents.

VISITED FATHER

Bud Dyer spent the week end here with his father, C. L. "Happy" Dyer and with friends. Bud is on the road these days for Lubbock Sash & Door Company.

Lieutenant, thirty-five and Captain, forty-one; Services—Neutenant, 41 and captain, 45.

Selecting 1951 Committeemen

Although PMA committeemen elections are three or four months away, it is not too early to begin thinking about the selection of farmers to administer the 1951 Agricultural Conservation and other production and marketing administration programs, says B. F. Vance, chairman of the Texas State PMA Committee.

Chairman Vance holds that the provision for farmers to elect their neighbors as committeemen—to administer farm programs—is one of the most significant and progressive developments in agriculture. He adds, however, that "Unless farmers give careful consideration to the selections of committeemen and participate in elections, the administration of the farm program is not truly democratic nor representative."

He calls attention to the fact that many administrative positions in the Nation's agricultural structure ranging from state committeemen to the Under Secretary of Agriculture have been filled from committeemen ranks indicating the important place the relatively new farmer-administrative system has attained.

As representatives of the farmers in their community, the chairman points out, community committeemen are called into consultation to discuss and recommend on provisions of the various PMA programs as well as to help carry out the resulting programs in their communities.

County committeemen, he explains, are largely elected from the ranks of the community committeemen, and these farmers administer PMA programs on a county level.

State committeemen, although appointed by the Secretary of Agriculture, usually are selected from the county committee ranks. State committees administer PMA programs at the state level and have a voice in formulating and administering national programs.

Vance says that he is sure that if farmers realized the importance of the "committee way of administering farm programs" and what it means to the farmers of Texas to have these programs administered by farmers they have had a choice in selecting, "there would be no need to encourage greater attention and more participation in the responsibility."

An adult's skin varies in thickness from 1-25th of an inch on the eyelid to as much as 1/2 inch on the soles of the feet.

Castro's Annual Party Begins 12th

DIMMITT, Aug. 2—The Castro County Chamber of Commerce will revive the Annual Castro County Birthday Celebration August 12 after a lapse of twelve years. The last celebration was held in 1938 and was postponed in 1939 because of the construction of the county's present modern court house, and has not been held since.

The program will get under way Friday night Aug. 11 with the Annual Amateur Rodeo sponsored by the Dimmitt Rodeo Association in the lobby of the County Court House at 8:00 a. m. August 12 and a homecoming parade at 10:00 a. m. followed by the announcement of parade winners and presentation of prizes. A Queen will also be selected from those who participate in the parade. Beginning at 11:30 those who qualify as Old Settlers and pioneers of Castro County will be honored with a free barbecue sponsored by the Chamber of Commerce.

Beginning at 1:00 p. m. a general assembly will be held at the County Fair Grounds. The General Assembly program will consist of a short Memorial Service for deceased Castro County Pioneers, an address by Laura V. Harter, of Amarillo, Recognition of special guests and Old Settlers, and Election of Officers to head the 1951 Old Settlers Association. Joseph N. Cowen, local Real Estate Agent and President of the Chamber of Commerce has been appointed to serve as temporary chairman of the celebration.

Another Rodeo performance will be held at 3:00 p. m. and at 6:00 p. m. a water polo contest sponsored by the Dimmitt Fire Department with other Departments Participating.

The Birthday Celebration will be closed with an Old Time Street Square Dance which will begin at 8:30 p. m. However there will be a third rodeo performance held on Sunday afternoon August 13 which will conclude the Annual Rodeo.

RETURNS FROM TENNESSEE

S. L. Boles of Route 1, has just returned from a trip to Greenville, Tennessee, where he visited relatives and old friends. Mr. Boles has not been back to his birthplace in about 50 years. He also visited a sister in Cincinnati, Ohio, whom he had not seen for many years. He was accompanied on this trip by his daughter, Mrs. Barney Cockburn, of Artesia, N. M., and his sister, Miss Bertha Boles, of Davidson, Oklahoma.

Farmers Cotton Classing School To Begin Aug. 14

The Extension Service, represented by local County Agents, with the cooperation of the Cotton Branch of the Production and Marketing Administration, announces the dates for the 2nd Annual Farmer's Cotton Classing School. The school will be held from August 14 through August 25 at the government Classing Office, 1701 Avenue H, Lubbock, Texas under the direction of Mr. L. O. Buchanan.

The school is being conducted for farmers who raise cotton to better acquaint themselves with the classifications of cotton as well as the marketing of their product. Learn why there may be a variance in the classification of cotton even though the cotton comes off the same trailer. There are many other questions relative to cotton classing and the marketing of cotton that will be answered for you.

Any cotton farmer may attend the school free of charge. All farmers are urged to attend. Classes will be held daily from 9 a. m. to 3 p. m. Mondays through Fridays. You may attend one, two, five, or the entire ten days. A certificate of attendance will be given to all farmers who attend five or more days.

If you plan to attend, notify your County Agent or the Cotton Classing Office, 1701 Avenue H, Lubbock, Texas as soon as possible.

Dudley McCash On All-Star Team

SAN MARCOS, Aug. 8—Dudley McCash of Enochs will play for the West Basketball Team in the all-star tilt scheduled with the Texas Six-Man Conches Association Coaching School held at Southwest Texas State Teacher's College August 10-12.

The all-star basketball game will be held at the College Gym Aug. 11 at 8:30 p. m. Lawrence Brotherton of Gruver will coach the West all-star charges who were unanimously selected by the coaches and chairmen of their region. This is one of the top tributes paid to small school athletes.

The three-day school will feature J. H. England of College Springs, Iowa, as the guest six-man expert. England is noted throughout the middle-west for his success with six-man teams and working with that type of coaching school.

ON VACATION

Mr. and Mrs. Morris Childers and children are spending this week vacationing in Red River and other places in New Mexico.

Workman Lumber Is New Paint Dealer

It is now possible to buy paint in your choice of 1,322 colors! The paint is sold right over the counter with no waiting for a special factory mix job. It comes in all finishes including flat wall paint, gloss enamel, floor enamel, and even outside house paint.

The remarkable new paint, known as Komac "Colorizer" Paint, is the result of 10 years of research and is hailed as the greatest paint discovery since the introduction of ready-mixed paints over a half century ago.

Colors Easy To Select

It is easy to select any of the 1,322 colors in a few seconds. Each dealer has a large leather album containing actual samples of each color as well as a large selection of "paint chips" which customers may take home. This wide color choice ends the old hit-and-miss system of mixing paints under which it is almost impossible to accurately match other colors.

Comes in All Sizes

Persons using "Colorizer" have little or no waste paint because each of the 1,322 colors can be bought in 1/2 pints, pints, quarts, or gallons. You can buy just what you need.

Paint Can Always Be Rematched

Since each color is specially numbered, the user can always go back and buy additional quantities of the same color again. This is very important if you run low on paint during the job.

The Workman Lumber Co. has recently put in a full line of these "Colorizer" paints and cordially invites the public to see these paints. They sell at regular prices and are of top quality, being manufactured by the 50-year-old Kohler-McLester Paint Co.

Painters and contractors will be especially interested in seeing "Colorizer" paints, as it means they can now offer customers a selection of 1,322 colors at no increase in price.

James D. Keller Enlists in Navy

James D. Keller, of Muleshoe, last week enlisted in the United States Navy through the recruiting Station at Clovis. Keller enlisted for a four-year period, and will take his training at the Naval Training Center, San Diego, Calif.

The recruiting Station reported they still have lots of openings for regular Navy enlistments and invites men to visit them to learn what the Navy has to offer at this time.

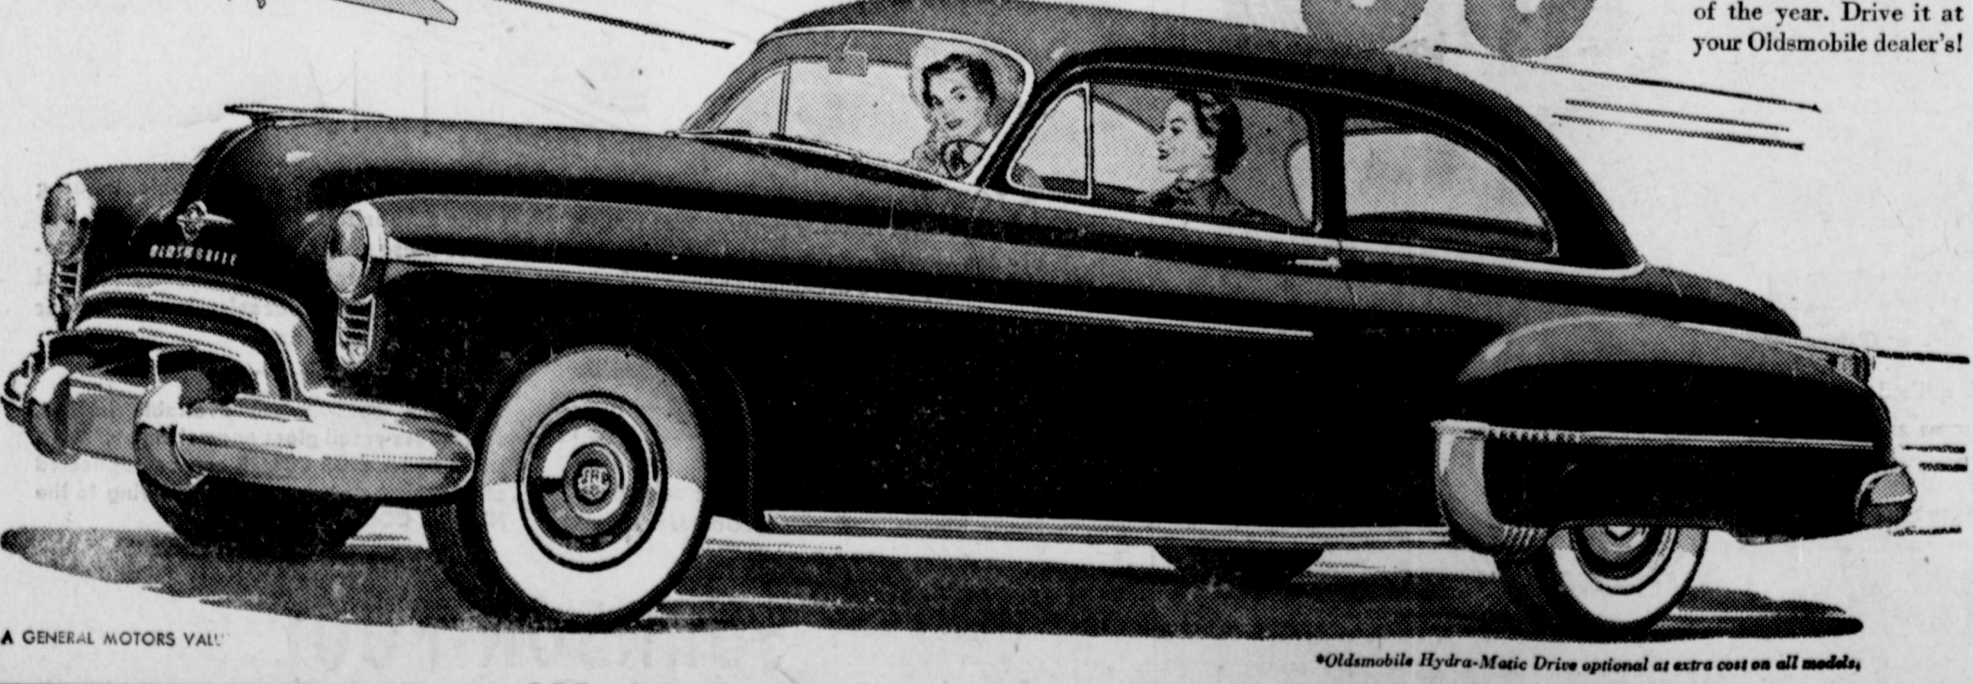

VACATION IN NEW MEXICO

Ramsey Praises Road Program

DALLAS, August 3—Texas \$78,000,000-a-year program of new highway construction—with emphasis on farm-to-market roads—was praised here today by Ben Ramsey of San Augustine, who is actively forwarding his runoff campaign for lieutenant governor.

"In every section of the state I've visited during my campaign, I have found farm-to-market roads completed or under construction," Ramsey said.

"Many more such roads are needed to further the development of our rural sections, and I pledge my fullest support to the members of the state highway commission who are seeking to continue this wise policy," he declared.

Seymour Davis Show Is Booked

LITTLEFIELD, Aug. 8—The Seymour Davis Productions of Oklahoma City, one of the Southwest's top entertainment attractions, will be brought to Littlefield for two big night shows on Aug. 30-31 under sponsorship of the County Wide News for benefit of the Lamb County Youth Center.

All proceeds from the shows will go to the youth center, Jimmie Richardson, Littlefield magician, showman and staging director of 15 years experience, will direct and promote the two-night presentation.

The Seymour Davis Productions has a wide popular appeal for both adults and children. It is a clean, wholesome show—a show for the entire family.

Davis, one of the nation's leading musicians, will bring five big acts to Littlefield, including Elmer Doolittle & Co.; Gene Stockwell, the Southwest's foremost dancer; Lord Hokum (George Royale), juggler; Seymour Davis with a dazzling display of magic; and Prof. Ignatz Baderwisky, the "Mad Pianist."

In addition, the Littlefield high school band will give a concert each night preceding opening of the show at 8:30 o'clock.

Seymour Davis has entertained audiences from New York to California, and from North Dakota to Texas.

Tickets for each show will be sold for \$1, tax included.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

THE REALITY OF GOD

"... they ... spent that day with Him ... John 1:39. Weymouth.) Read John 14:15-19.

In the 18th century as Lady Huntingdon stood beneath a great tree on her lawn, she sought for some assurance of God. God seemed to speak to her and say, "Live as though I were and you shall know that I am." To practice the presence of God is simply to live in the faith that He is. As the two disciples of John the Baptist spent the day with Jesus, so may such a wonderful experience be ours if we are willing to pay the price of putting out of our lives whatever He cannot allow.

Nearer is He to us than any two people are to each other. We may not see Him with the seeing of the eye nor hear Him with the hearing of the ear. He is constantly eager, however, to walk with His trusting disciples just as really as He walked with them of old along the Emmaus road. It is possible for us to spend the day with Jesus and have His constant companionship in the home, in the place of business,

in the social sphere, anywhere.

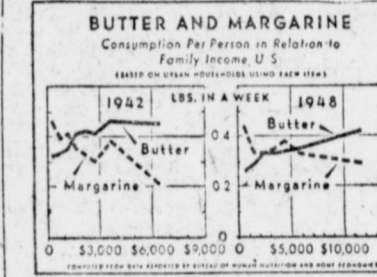

Prayer

Help us, blessed Lord, to believe in the promise of Thy Spirit's presence. If we but recognize them, Thou dost give many assurances that Thou art at our side to guide, to bless, to comfort, and to save. We thank Thee for Thy presence. In Jesus' name. Amen.

Thought For The Day
I will spend each day with Jesus.
H. M. Carter (Virginia)

Lazbuddie Revival To Begin Friday

A revival meeting will be held at the First Baptist Church in Lazbuddie August 11 through August 20, according to announcement of Rev. L. B. Edwards, pastor.
Rev. H. M. Weldon will be the preacher and Charles Hedman will direct the singing. Morning service will be at 10:30. A prayer service will be held at 8 p. m. and the evening worship hour will begin at 8:30.

Repeat of taxes on colored margarine July 1 is expected to increase consumption of that product. Whether this will decrease butter consumption still is unknown. Most of the increase in margarine consumption between 1942 and 1948 was the result of more families using it rather than an increased consumption per family.

BEYRL WINGO INJURED
Beyrl Wingo was painfully injured last Wednesday while working with a rock crusher near Tatum, N. M. His left hand was caught in a sprocket and bones of his wrist were broken and the flesh lacerated. He stepped on a loose rock, threw out his arm to prevent falling, catching the hand in the sprocket. At the same time his face was thrown in contact with another moving part and several stitches were required to close wounds in his face. He was taken to a Lubbock hospital for treatment.

ACCURATE SEEDING AT UNIFORM DEPTH
WITH MM Moline Monitor DOUBLE-RUN DRILLS
MM double run feeds will handle every variety of seed in even, continuous streams without bunching or skipping. Clogging is cut to a minimum even when dirty or trashy seed is used. Owners of MM Double-Run Feed Drills report that they get larger and healthier yields because Moline-Monitor Drills plant the seed accurately and properly. Tube holders are arranged so that operator can see the seed being delivered to the spouts at all times.
SINGLE OR DOUBLE DISC OPENER HELPS ASSURE BETTER YIELDS
MM disc openers cut through trash and do a better job of uniformly covering the seed. MM disc bearings are famous for their long life and light running. MM delivery of the seed ahead of the disc bearing assures better covering. These features make MM Double-Run Drills the preferred drills for more uniform seeding.

**TEXAS TUBERCULOSIS ASS'N
MAKES ANNUAL REPORT**

In its annual report just issued, the Texas Tuberculosis Association summarizes the situation as follows:

1. Great strides have been made.
2. But TB is still a menace in Texas, killing more than 2,400 Texans a year. TB leads all diseases as a cause of death between the ages of 15 and 44.
3. TB is an unnecessary disease

because its cause and methods of prevention are known. TB can be wiped out altogether by public and individual action.

4. The vital work of the tuberculosis associations depends on the success of the Seal Sale. The greater the sale, the more the tuberculosis associations can accomplish toward complete eradication of TB.

**4-Point Plan
For Ginning In
Texas Outlined**

COLLEGE STATION, August 8—A four point program for improving cotton ginning is now being promoted on a belt-wide basis, according to F. E. Lichte, extension cotton gin specialist of Texas A. & M. College.

This program was initiated because of complaints received from the spinners about the spinning qualities of the 1949 cotton crop.

Lichte says that the first point in the program is to maintain uniform loose rolls. In addition to giving better grades of cotton and higher income for the producer, this practice reduces the power cost of ginning.

The overflow should be kept to a minimum. A by-pass on ginning machinery allows overflow cotton to be ginned without the redrying and recleaning which often cause two-sided bales and damage to the cotton fiber.

If the valves and by-passes are installed in the ginning machinery, a selection of machines is possible, and only the necessary equipment must be used. Rough or machine-harvested cotton may require the use of 12 to 22 cleaning cylinders plus extractors. Clean hand-picked cotton should be handled carefully and with less equipment. Only enough drying should be used to insure smooth ginning. Green, damp or dew-laden cottons require drying only for smooth preparation. Mid-season trashy or machine-harvested cottons may require extra drying for better cleaning. Late-season harvested, weather damaged cotton can stand more drying than earlier premium cottons. Net values from drying should be measured in terms of both grade benefits and weight

**Pierce Brooks In
Plea For Economy**

Pierce Brooks, Dallas insurance executive who led a field of 11 opponents in the first primary, opened his runoff campaign for lieutenant governor with a charge that his opponent did nothing as a legislator to halt "the runaway cost of state government."

"My opponent was a member of the Texas senate from 1941 to 1948 when the cost of our state government increased approximately 500 per cent and he didn't or couldn't do anything about halting the runaway cost of state government. If he didn't or couldn't do anything about it then, what can the people expect him to do about it now?"

Brooks also charged that his opponent made no effort during his eight years as a senator to comply with the law providing for legislative redistricting after each federal census. The Dallas county

candidate said he always has been a staunch advocate of redistricting. Brooks hailed the result of the first primary which he lead, as convincing proof that the people of the state want a lieutenant governor who is completely free from entangling alliances and political obligations and who won't be dominated by "a certain group of money hungry and power thirsty individuals seeking to control the office of lieutenant governor through the election of one of their key men."

Brooks said that "any man who goes into public office with the all-out support of any special group must pay for that help, one way or another, when and if he goes into office."

"My sole allegiance," Brooks said, "is to my God and the people of Texas."

FARM RECEIVES HAIL DAMAGE

B. A. Dalton, manager of Western Auto Store, and who owns a farm in the Olton vicinity, reported his cotton received some hail damage Friday afternoon and then another storm Saturday afternoon almost completely destroyed the cotton crop. It was early cotton and had possibilities of being one of the best grown in that vicinity.

Brooks said he always has been a staunch advocate of redistricting. Brooks hailed the result of the first primary which he lead, as convincing proof that the people of the state want a lieutenant governor who is completely free from entangling alliances and political obligations and who won't be dominated by "a certain group of money hungry and power thirsty individuals seeking to control the office of lieutenant governor through the election of one of their key men."

Brooks said that "any man who goes into public office with the all-out support of any special group must pay for that help, one way or another, when and if he goes into office."

**PHYSICIANS, DENTISTS ARE
WANTED BY AIR FORCE**

Vacancies have been announced for civil physicians and dentists to be filled immediately at Reese Air Force Base. Entrance salary for physicians will be \$6400 a year and for dentists \$5400 annually.

In order to qualify for the physician positions, persons applying must have graduated from an ac-

credited school or hospital with a degree of medicine and possess a license to practice medicine or surgery, must have served an internship, and must in addition have at least one full year's experience as a General Practitioner or Specialist. Need exists for physicians with general practice experience with special consideration being given to those with X-Ray and/or eye experience.

Mrs. Carothers

Good Health Is Happiness Must In Middle Age

COLLEGE STATION, August 8—Good health is the biggest single factor in making the middle years of life profitable and happy. Many parents, says Mrs. Eloise Johnson, extension specialist in family life education of Texas A. & M. College do an excellent job of protecting their children from diseases but often forget about themselves. During the middle years, certain physical conditions need attention, especially the adjustments that must be made in connection with the aging process. This process of aging, she points out, is something that usually takes place slowly

REV. BLAINE CONDUCTS REVIVAL AT SUDAN

Rev. A. W. Blaine, pastor of the First Baptist Church of Muleshoe, Sunday will complete a revival meeting at the Sudan Baptist Church. The revival began July 30. Rev. Wayne O. Perry, pastor of the Sudan church, preached at both morning and evening services in the Muleshoe church. Rev. Lee Hemphill, pastor of the First Baptist Church of Littlefield, is to preach at the revival that will begin in the Muleshoe church the coming Sunday, August 13.

TOUR COLORADO

Mr. and Mrs. Alvin Farrell returned Sunday from a week's tour of Colorado, visiting Denver, Pike's Peak, Glenwood Springs, and the Royal Gorge among other places.

ON VACATION

Mr. and Mrs. Randy Johnson and children got into their merry Oldsmobile and hied away Saturday, with their destination undetermined. Fred Johnson, Oldsmobile dealer had just delivered them their new automobile.

VISIT IN COLORADO

Mrs. Eva Murrain and daughters, Dorothy and Jerene, have been visiting the scenic spots of Colorado and visiting with Mrs. Murrain's son, Dalton, at Alamosa.

and the warning signals furnished by nature should be heeded, for your future happiness may well depend upon whether or not you observe these signals.

According to Mrs. Johnson, medical authorities say that the body as a whole functions slower and somewhat differently and that not quite so much food is needed to keep the human machine functioning properly during this period. What folks eat is largely determined by habit, and if habits are followed, overeating usually results and that brings trouble.

She suggests smaller servings and fewer calories and that foods which are high in vitamins, minerals and the accessory factors be used. Overweight is one of the most common nutritional diseases of this period of life and in most cases, is caused from eating too much.

The middle-aged person usually requires less sleep and this means that adjustments have to be made. There is more time for reading, listening to the radio or just for relaxation and rest. This matter of rest is very important and there is a need for balancing rest with the activities that one performs. The best conservator of energy is to stop and rest whenever you feel fatigued. Short rest periods during the working hours make it possible for the older person to accomplish much more and at the same time leaves them feeling much better, Mrs. Johnson points out.

Violent exercise such as participating in active sports and lifting heavy loads should be taken in broken doses. Too much such exercise can be very harmful to the body and its proper functioning. On the other hand, regular exercise, not too strenuous, will help to keep the muscles, bones and joints supple and in good condition.

Regular physical check ups for those in this age group are recommended. This age can become the most profitable and enjoyable period of life if the rules of good health are followed and the advantages that go with experience, judgment, maturity and more leisure time are fully utilized by the individual, according to the specialist.

Schools To Have More Classrooms Better Trained Teachers This Year

AUSTIN, August 5—Texas' already vastly improved public school system will be on an even higher level during the 1950-51 school year it was predicted here today.

More classroom facilities and more and better trained teachers will be available, it was pointed out by L. P. Sturgeon, state associate commissioner of education. Under the new Gilmer-Aikin laws which went into effect last fall the teaching staff was increased by 2,000 and more than half of the school districts of the state added to their classroom facilities.

An additional 1,500 teachers will be hired for the next school year, Sturgeon said. A survey disclosed many more schools will increase their facilities, Sturgeon also said. Increase in pay for teachers has added to their morale and made the profession far more attractive to young people, Sturgeon pointed out. More young people are preparing for careers as teachers and these better trained instructors will be available in larger numbers next year to replace retiring instructors and those less adequately trained, according to Sturgeon.

School districts which met the requirements of state law in order to receive additional financial aid every twenty-five pupils in average daily attendance during the last school year, but many districts were forced to put pupils on a half-time basis.

"This will be partly alleviated during the 1950-51 school year by the construction of more classrooms and the availability of more teachers," Sturgeon said.

"This will add to the great benefits derived by a great many of our school children in the last school term through their being in smaller classes, where they could get more personal attention."

"During the 1948-49 school year a survey conducted by the Texas State Teachers Association disclosed that more than half of the classrooms in the entire state were badly overcrowded.

Sturgeon also had high praise for the state's teachers. "While the pay increases under the Gilmer-Aikin laws averaged only \$500 for teachers, their morale is at the highest in the history of Texas," he said.

"I can see that in their interest in and their attendance of professional meetings I have attended throughout the entire state.

"Superintendents are almost unanimous in their reports of the willingness of teachers to accept additional assignments and to participate in extra-curricular activities.

"Teachers are satisfied and are proud of their profession. That means better education for our children in rooms presided over by well-trained instructors. It is only reasonable that happy, efficient teachers can do far more in imparting knowledge than dissatisfied, inefficient persons.

Increased enrollment in courses leading to degrees in education in

Christian Science Services

"Soul" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 13.

The golden Text is: "The Lord is my portion, saith my soul; therefore will I hope in him" (Lamentations 3:24).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Yea, in the way of thy judgments, O Lord, have we waited for thee; the desire of our soul is to thy name, and to the remembrance of thee" (Isaiah 26:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Only by losing the false sense of Soul can we gain the eternal un-

Only Chevrolet offers such a wide and wonderful choice... and at the lowest prices, too!

You can choose between Styleline and Fleetline styling

Many an admiring glance will follow you when you roll by in your new Chevrolet with Body by Fisher. That's true whether you choose a Chevrolet Styleline model, with "notch back" styling, as the designers call it, or a Chevrolet Fleetline model, with "fast back" styling. Both are available on all Chevrolet sedans and at the same prices! Remember—Chevrolet is the only low-priced car that offers these two outstandingly beautiful types of styling... thus giving you an opportunity to express your own individual taste in motor car beauty.

You can choose between Automatic and Standard Drive

You have an enviable choice of engines and drives in Chevrolet, too. You can buy a Chevrolet combining Powerglide Automatic Transmission* and 105-h.p. Valve-in-Head Engine for the finest no-shift driving at lowest cost, or a Chevrolet combining the highly improved standard Chevrolet Valve-in-Head Engine and Silent Synchro-Mesh Transmission for the finest standard driving at lowest cost.

*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

You can choose between the Bel Air and the Convertible

And if it's a sports model you want, here's your car! Choose the fleet, fashionable, steel-topped Bel Air, with smart, racy lines, extra-wide windows, and gray, leather-trimmed upholstery, and you'll have the only car of its kind in the low-price field. Or choose the equally beautiful Chevrolet Convertible, with automatic top that lifts or lowers at the touch of a button, and you'll have the finest Convertible in its price range. Also available is an all-steel, four-door Station Wagon—smartest in its field—listing for \$260 less than last year.

Veterans May Qualify For Home Loans

Areas of the country in which 4 per cent mortgage financing is lacking, and in which eligible veterans of World War 2 may qualify for direct government mortgage loans as provided by a recent act of Congress, were designated today by the Veterans Administration. The eligible areas, virtually all of which are metropolitan centers, include about 2,200 of the 3,100 counties in the United States. It is estimated that about 4,000

000 veterans, or 30 percent of those still eligible for GI loan benefits, reside in those areas. The Housing Act of 1950 made available \$150,000,000, in areas where V-A found that 4 percent financing from private sources is not obtainable. In addition to location in such an area, the following conditions must be met:

1. The veteran must not previously have used any part of his GI loan guaranty entitlement;
2. The loan may not exceed \$10,000;
3. The veteran must be a satisfactory credit risk, and the monthly payments on his mortgage must bear a proper relationship to his income.
4. He must show that he is unable to obtain 4 percent financing from other sources, including loans from the Secretary of Agriculture in the case of farm housing.

As in the case of other GI loans, the V-A direct loan bears 4 percent interest, may be made repayable over periods up to 30 years, and the veteran receives a gratuity credit of 4 per cent of the amount which ordinarily would have been guaranteed by V-A, up to a maximum of \$160. Most V-A Officials have at least one county or

Coach Smith Talks At Rotary Meeting

Coach Francis Smith, whose Sudan football teams have been defeating Muleshoe high school teams as well as other teams over the territory for a long time, was a guest of the Rotary Club here at noon Tuesday. Smith is president of the Rotary Club at Sudan.

He was pressed into service to round out the program, and delighted those present by telling what he saw and heard at the coaches school held in Austin last week. He told of new formations which are being tried out by some of the large colleges and universities.

Art Haberer, member of the Rotary club at Rails, was another guest. He is an old timer around Earth and is now paying a visit to relatives in the community.

Grace was said by Ray Griffiths and Bob Gregorski club singing. Bud Holton described a fabulous catch of trout he made last week at some unnamed place in Colorado. Numerous questions failed to elicit specific information as to location of the fishing place he found.

part of a county designated as an eligible area. However, in 8 offices no direct loans were authorized. These offices serve Massachusetts, Rhode Island, Connecticut, Delaware, Hawaii, and the greater metropolitan areas of New York City, Philadelphia, and Washington D. C.

The 67 V-A regional offices which administer the GI loan guaranty program in their respective regions have been furnished a detailed listing of the areas in which veterans may apply for direct loans. Veterans who wish to apply for a direct home loan should write to the Loan Guaranty Officer at the nearest V-A Regional Office, stating the location and price of the property and the amount of the loan which will be required to finance the purchase or construction of the home. The V-A Office will supply an application form. The areas designated as eligible for direct loans were selected on the basis of records showing the relative unavailability of GI home loans for veterans from private sources, as well as upon recommendations of the Regional Loan Guaranty Officers who are familiar with current lending activity in their regions.

V-A stressed that mere submission of an application for a direct loan does not assure that it will be granted, even if the property desired is in a designated area. Both the property and the credit of the veteran will have to meet V-A standards.

V-A cautioned each veteran not to invest in land or materials or make a deposit on the assumption that he will receive a direct loan. Every applicant should wait until he hears from the V-A Regional Office handling his application.

V-A indicated that if time and funds permit, changes in the list of designated areas for direct loans will be made as the availability of private capital improves or falls below acceptable standards. Of the \$150,000,000 made available for direct loans, \$100,000,000 has been allocated for the use in the designated areas. The balance will be allocated to the areas where the greatest relative need is evident as the program progresses.

WINNING DESIGN

The 1950 Southern Methodist University School of Design fashion award for 1950 goes to the creator of this striking cotton style. The designer is Catherine Mills, a Chinese-Caucasian student who is studying costume design at the University. Her winning cotton costume has been adapted by a leading manufacturer for national distribution, the National Cotton Council reports.

HOARDING IS SILLY

Several days ago we remarked in these columns that hoarding of commodities by consumers in the United States is not only selfish but silly. Evidence accumulates to prove the point.

Example: In Allegan, Mich., a man lugged 250 pounds of sugar into a store and asked to exchange it for a fresh supply. He had

hoarded it all through World War II. Presumably, before now it was hard and lumpy.

Another example: A storekeeper in Washington, to test a theory, offered five-pound bags of sugar for 98 cents. A line formed and he sold 800 pounds while two stores across the street, selling the same amount for 59 cents, reported no unusual business.

The situation in some respects resembles a run on a perfectly solvent bank. The "bank" in this case is not only in a position to meet all legitimate demands but has an enormous surplus not of "heavy sugar" but of refined, granulated, cube, powdered, confectioners', light brown, dark brown, raw sugar, and blackstrap molasses piled up back through the warehouses and refineries to the cane and beet fields of Louisiana, Colorado, Cuba, Puerto Rico, Hawaii, and the Philippines.

One trouble about hoarding, just to be cynical about it, is that unless one were exceptionally well-informed and perceptive about commodities, he would be likely to hoard things that would be plentiful and be caught up along with everybody else on such shortages as might develop. Even if he guessed right, he would scarcely have the admiration of his competitors.

RABSON DISCUSSES Conserving Management

RABSON PARK, Mass., Aug. 4—"Poor Tom, he was such a nice guy. I was shocked to hear of his untimely death. He was still in his early fifties. . . . Conversations like this are heard too frequently today. I'm very much concerned about the way we are wasting our needed brain power.

Overexertion: A Symptom of Maladjustment

The struggle today for personal, economic, social and political survival is taxing many men to over-exertion. The business tempo becomes faster and faster whether you are on the production line, in the office, or part of management. Today's social responsibilities find men burning the candle at both ends. Hot and Cold War keep men nervous and jittery. The result: a civilization "on the go" of impatient, tense persons, characterized by hypertension, ulcers, insomnia, a high divorce rate, delinquency, and crime.

Have you too become touchy and sensitive about little things? Have family quarrels grown out of proportion to the incident? Do business associates make you irritable? Are headaches bothering you? Chances are, then, you have forgotten how to relax. My long years of active life have taught me that, if you are to survive, you will have to learn how to conserve and utilize economically your own physical and mental resources. You owe it not only to yourself and to your family, but to your country. A healthy, vigorous, emotionally well-balanced stock is especially essential to the democratic state if it is not to be submerged and overrun.

Hardwork vs. Overwork

Hard work never hurt anyone. There is, however, a very real difference between hard work and overwork. Hard work produces a pleasant, healthy, good-and-tired feeling easily dispelled by food and sleep. Overwork drives a tired body and mind on and on without rest and without thought of the consequences of overfatigue. Many overworked people can't seem to slow down. Instead they immerse themselves in more work or seek escape through overstimulating commercial amusements, or liquor. No matter what a man's goal may be—money, professional advancement, social prestige, or what have you—he must take time out periodically to restore body tonus.

Transport Workers Union have coined the appropriate slogan for the period: "Don't Be a Food Hog."

—Christian Science Monitor

Too many American business men are tense, headachy, and hurried, believing that if they are to attain their goals, they cannot take time out for quiet diversion. These individuals will not live long! They are "selling themselves for a mess of pottage." What most of these overworked individuals don't realize is that they could easily accomplish 50% better results if they would learn how to relax through regular periods of constructive body-mind-soul refreshment. Maintaining Maximum Output

Too few business leaders have concerned themselves with their own problems of prevention of psycho-physical breakdowns and increasing their own physical stamina, particularly those over forty. It is not my purpose to prescribe a course of action for such individuals. I shall be satisfied if I have made them aware of their own needs. They owe it to the concern for which they work.

Experience has taught me that in order to maintain maximum output, the average man must find a job he enjoys doing, maintain good health, learn how to play, achieve satisfaction in love, and keep spiritually refreshed. To live a useful, well-balanced life today requires vigor. Vigor comes primarily from physical, mental, and spiritual energy. Such energy can be built up only by alternating periods of powerful output with proper periods of relaxation and meditation—preparation for even greater achievement.

Take Quiet Vacations

This is vacation time. Take a vacation by all means. Take with you a book or two on relaxation, meditation, and prayer. It is an excellent time to set up a conservation program for your own resources!

CLYDE VISITORS

Mr. and Mrs. Clyde Holt visited their mother Mrs. J. R. Ward in Clyde during the past week end. Jimmy and Mary Jo Holt who have spent the summer with their grandmother returned to Muleshoe with their parents.

Fall Garden Can Pay Off In Fresh Vegetables For The Family Table

COLLEGE STATION, Aug. 3—In most sections of Texas, there are from 60 to 90 days of good growing weather during the fall season and that is sufficient to grow a good fall garden. Today's high prices may mean, says, John Hutchinson, extension horticulturist of Texas A. & M. College, that if we don't grow our vegetables, we may not have them.

He says in most areas of the state there is more art to growing a fall garden than a spring garden when nature may be in a more cooperative mood. He points out there is real satisfaction in having cool, crisp, tender fresh vegetables on the family table for the vitamins and minerals they supply not only add that fresh color to the cheeks but are just naturally good for everyone. Then there is another very important item, that fall garden will cut dollars aplenty from the family's food bill.

August weather is not always well-suited for outdoor work but now is the time to begin operations. It is best, says Hutchinson, to start with some of the old spring vegetables provided they can be rejuvenated and made to produce on into the fall. Tomatoes, okra, peppers, and egg plants if properly cared for will make good production records in the fall.

The soil around each individual plant should be worked and at the same time an application of about a half teaspoon of some complete fertilizer like 5-10-5 should be made. Work it into the soil, then put a two to three inch mulch of hay or similar material around the plant. The mulch will help to conserve moisture and to keep the ground cool. They should be irrigated every 5 to 7 days.

In the case of tomatoes, Hutchinson says it is best to select two or three suckers or sprouts that are growing near the base of the old plant and then remove the parts of the old plant which have lost their vigor. Give them the same treatment recommended for rejuvenating other plants.

Before new plantings are made, he says the garden area

should be cleaned up. Remove all trash, weeds and grass and if barnyard fertilizer is available broadcast a three or four inch layer over the plot and either spade or plow it under. In areas where commercial fertilizers can be used, he recommends the use of three to four pounds of 5-10-5 for each 100 feet of row space. It should be applied prior to planting.

Dry weather complicates the seed bed building but a thorough irrigation will help solve the problem. He says you'll be wise to use from 20 to 25 per cent more seed than you do in the spring and to cover the seed a little deeper.

Hutchinson cautions against over-planting and says the wise gardener is one who plants just what he can properly take care of. Prepare the rows so irrigation water can be run down the middles and at the same time make the beds high enough to keep vegetables from drowning out when the heavy fall rains come. Check your seed catalogue or with your local county extension agents for the

RECEIVES BEAUTY SCHOOL CERTIFICATE

Lucille Cherry, Muleshoe Beauty Shop was awarded a certificate as an "Associate in Arts" Friday by Isbell University of Beauty Culture Ft. Worth. Mrs. Cherry has completed two weeks of intensive training in hair shaping and styling under the personal supervision of the nationally famous hair stylist, Vernon Isbell. Mrs. Cherry return with the new and smart hair styles so popular throughout the country today.

RECENT VISITORS

Mr. and Mrs. R. L. Clark and small daughter of Austin were recent visitors in the home of her parents Mr. and Mrs. Clyde Waggoner and family. While in Muleshoe they visited other relatives and old friends.

VISIT IN ALBUQUERQUE

Mr. and Mrs. Red Glasscock are spending a few days in Albuquerque and other points in New Mexico this week.

varieties that can be planted now and later.

The big job at hand is to get the garden started, concludes Hutchinson.

Ramsey Gets Manford's Backing

SPEAKER ENDORSES RAMSEY—Speaker of the House Durwood Manford of Smiley, left, announced this week that he would support Ben Ramsey of San Augustine, right, for Lieutenant Governor. Manford said Ramsey's experience as a House member and as a Senator made him the best qualified man in the race. (Pol. Adv.)

26 YEARS OF GOOD CITIZENSHIP and PUBLIC SERVICE

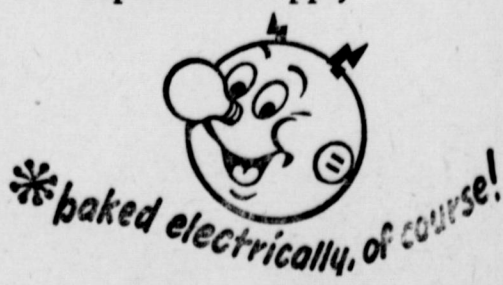

Good Citizenship and Public Service . . . the keystones upon which your Public Service Company was founded 26 years ago this month.

Through the years it has been our constant aim to keep good citizenship and public service our goal in our association with friends and customers.

In the future—just as in the past 25 years—we'll remain a part of the communities we serve . . . do our share to assist in the continued growth and prosperity of the vast Panhandle Plains-Pecos Valley area.

Furthermore we're keeping ahead of the rapidly-expanding electrical needs of this region . . . so that a dependable supply of low-cost electricity awaits the agricultural, residential and commercial requirements that are sure to come.

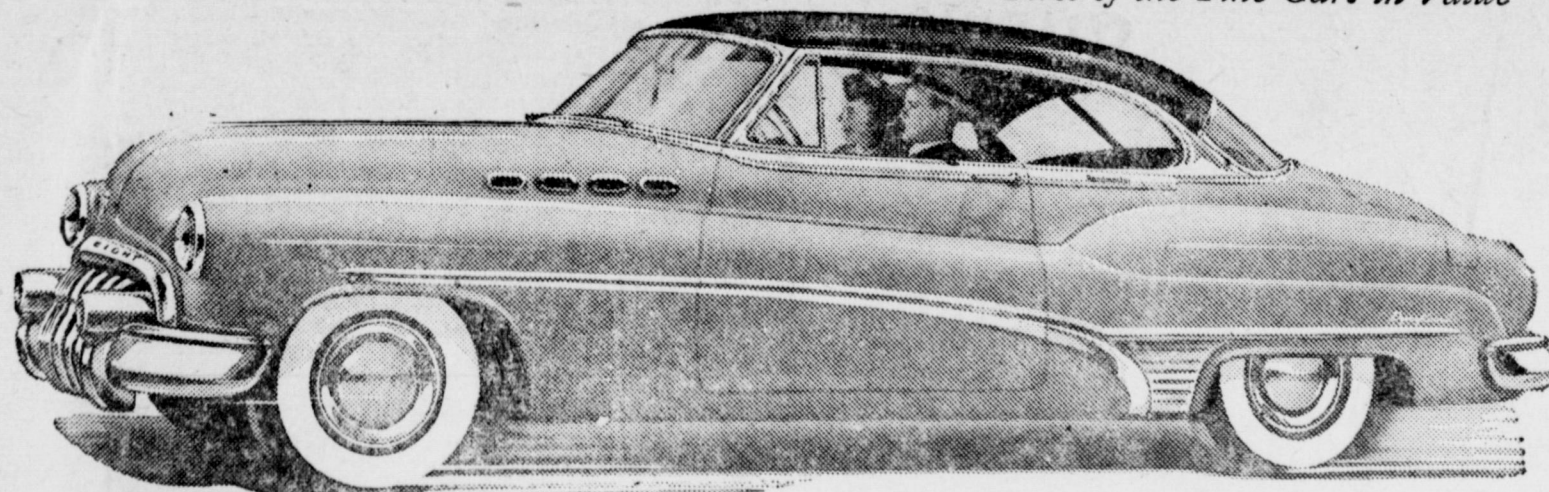

Yes, we're glad to have been your "neighbor" for 25 years . . . proud of our record as a good citizen wherever we serve.

First of the Fine Cars in Value

YOU can see this man has made his mark in life, and while his heart's still young.

You can tell he likes action for his money—that he knows a fine car needn't be the most expensive to give the greatest value.

Yes, such are the things you know of any man, when you note that his car is a ROADMASTER.

Follow him on his spirited way as he pilots this lively motorcar through traffic. Even the light-weights are no match for this road-steady husky—not with the 152-horsepower straight-eight Fireball engine that purrs beneath its bonnet.

Maneuver beside him at the next stop light. Then just try to get away as smoothly, swiftly and silently as Dynaflo Drive gets his ROADMASTER going—and keeps it rolling without shifting, even automatically.

But don't waste time merely envying the man in this great car! Why not emulate him?

With all its outsize room, interior luxury and exterior grace—with all its front-rank prestige, rare performance and matchless ride—a ROADMASTER can be yours for less than some smaller cars cost!

In fact, even if you had a fortune to spend, you couldn't make a more fortunate buy in the fine-car field.

So we suggest you try a few minutes behind the wheel. We're confident they will convince you that ROADMASTER has everything you could ever ask for in any motorcar—although your Buick dealer asks a good bit less for ROADMASTER than you might pay for other top-line cars.

FOUR-WAY FOREFRONT
This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.
