

# Mr. Muleshoe . . .

By J. M. Forbes

**Seen & Heard:**  
Jeff Peeler: I believe that Muleshoe could become one of the prettiest towns in the whole southwest. We have some natural advantages here over many Plains towns, with our hills and draws. I predict that as the years go by the people will more and more beautify their places and there will be countless public and private improvements to make our city a truly desirable and comfortable place in which to live.

**Football Fan:** (at Portales game): I been hearing for nine years that we would have a good team next year. Hanged if I don't believe this is next year.

**Progress Report**  
The Journal has become a two line newspaper this week. Sunday E. K. Angeley and Ray Wilson went to a neighboring town, yanked up an 8,600 pound machine and toted it up here, and, as crowded as we already were, we jabbid it right here in our shop and found by rearranging we still had lots of room, and I know you ain't going to believe that. Well, anyway, the machine, which we have had on lease, is back in our shop and will greatly increase the ease with which we can get our work done. Another machine which we are installing this week will facilitate the work in another direction; we are now well equipped to get out the Dallas News two or three times a day and still have plenty of time for coffee.

I had a lot more to tell you but the make-up boys wouldn't use it. Will see you next week.

## City Election Called Oct. 28

An election to determine whether Muleshoe shall change the form of government from Commission to Aldermanic has been ordered for Saturday, October 28. The City Commission ordered the election Sept. 18, after a petition signed by more than ten per cent of the qualified voters of the City of Muleshoe had been presented to them.

The election will be held in the city hall and Tom Zimmer will be the presiding officer. More details of this election may be found in the order of election published on another page of this paper.

## JayCees Meet Monday Night

The attendance contest of the Muleshoe Junior Chamber of Commerce began Monday night with Clio Middlebrook's team edging out the team headed by Travis Barnett by three points. The winning team Monday night had 10 members present, and the losing side had 12 members present, but one new member, Bob Harvey, representing Piggy-Wiggy, gave the winners an additional five points. This attendance contest is to run for two months.

A committee was appointed by club president Buddy Blackman to decide what to do with the sign board on the west side of town that belongs to the JayCees. Last Thursday night, three members of the local club visited with the Littlefield JayCees. They were Buddy Blackman, Travis Barnett and Harry Linderer.

Those from Muleshoe attending a banquet of the Levelland JayCees climaxed a membership drive Wednesday night were Mr. and Mrs. Willis Ferrell, Mr. and Mrs. Carroll Howell and Mr. and Mrs. Travis Barnett.

All members of the club are requested to be present at this meeting. Members of the Levelland and Littlefield Jaycees will meet with the local club to discuss the organization of a Junior Chamber of Commerce at Morton.

## Mobile X-Ray Machine Will Be Here October 17, 18 And 19

Persons of Bailey County and surrounding vicinity will have a chance for free chest X-rays on October 17, 18 and 19 in Muleshoe. These X-rays will not cost persons anything.

C. H. Hoover, field representative of the Tuberculosis Division of the State Health Department, in a meeting with committee chairman here last Thursday morning, stated persons were not to feel as if this were charity because it was being paid for by taxes and other means by the TB Association.

The Muleshoe Junior Chamber of Commerce and the Muleshoe Parent-Teacher Associations, with the assistance of other civic clubs, are heading the Bailey County Drive so that every person in the county above 15 years of age will have a chance for X-rays.

Tuberculosis is not the dreaded disease it was a few years ago because we have the answer to the cure. This is not true of heart diseases, cancer and tumor. Each year in the United States tuberculosis kills between 45,000 and 50,000 persons. Death rates are higher among men between the ages of 43 and 45 years, and among women between the ages of 25 and 34.

## More Than 150 Attend Mason Lodge Here For Special Ceremony Tuesday

A drill team composed of members of several lodges of the Panhandle and representing Khiva Shrine Temple, Amarillo, conferred the Master Mason degree on Ray Maberry in an impressive full uniform ceremony at the local lodge hall Tuesday night. Visitors from surrounding lodges added to the crowd, largest ever to attend a function here, nearly 160 being present.

The visit of E. A. Wells, executive secretary of the Scottish Rite Bodies in El Paso, who made a splendid speech after the degree work, brought additional interest to the meeting.

The Amarillo Shrine degree is composed of the following men: Cliff Rogers, captain; Sam Marshall, W. M.; Rola V. Cartwright, S. W.; Marvin W. McCuan, J. W.; Graham Hart, S. D.; W. L. Brown, J. D.; Herman Ford, M. C.

E. M. Benesch, F. M.; M. J. Campbell, 1R; Marvin McCuan, 2R; W. J. Fleisher, 3R; twelve fellowcrafts, Graham Hart, Fred L. Brannon, Herman Ford, S. W. Hudson, C. M. Spencer, H. C. Winborn, Jim Payne, H. C. Craig, K. V. Willis, D. W. Thorn, Perry Powell, and J. B. Canova.

The degree lecture was given by S. W. Hudson, charge by D. W. Thorn, apron lecture by Cliff Rogers.

A Texas flag was presented to the lodge on behalf of Khiva Temple by W. Perry Powell, Khiva Potentate, and was accepted by W. M. Herb Potter. After the degree was conferred, W. L. Bown presented a Bible, on which had been stamped his name, to Mr. Maberry.

After the Bible presentation, a brief supper was served by the local lodge, the meal having been prepared by the lodge stewards.

Mr. Wells' talk concerned what he described as a tendency away from "those heritages and liberties which we did nothing to acquire and seem to value so lightly." He warned that socialism and communism is insidiously creeping into American life and that it is the first duty of Masons and of citizens to transmit to the next generation those heritages we take for granted.

Socialism, he said, will poison American civilization; communism, on the other hand, will bludgeon our way of life with a club. "It is not time for pussy-footing, no time to mince words. These foreign ideas have taken root here and we must confront them," the speaker said.

There are 55,000 members of the Communist Party in the U. S., he said. These members are absolutely subservient to the wishes of the Kremlin. In addition there are some three to four hundred thousand "fellow travelers" who do the bidding of the party members.

Mr. Wells described in brief the conditions in England, which 15 to 20 years ago began its drift backward into socialism, a system that teaches men that somehow they ought to receive more than their efforts gain for them. And he warned that we, here in the U. S., when we take the same in government, must be prepared to give our liberties. The more the government gives, the more it will take.

His speech was cut short by the lateness of the hour and his audience keenly regretted he could not develop his theme in full, so true were his statements and so timely his warnings.

People of this part of the U. S. always are interested in livestock, and those who live in this vicinity will have the opportunity to see some fine animals in the Bailey County Fair, which began here in Muleshoe this morning and will continue through Friday and Saturday.

Anyone, anywhere is eligible to show livestock in the Bailey County Fair, and all animals judged will receive ribbons. \$125 will be awarded to the club boys for livestock prizes in addition to the ribbons. However, all animals that are to be shown must be registered animals or must be subject to registration.

Animals were in place in the Fair pavilions this morning, and may be seen during this evening and during Friday and Saturday.

The Fair was thrown open to any breed of dairy cattle and there were several classes provided for: a. Heifers under 1 year; b. Heifers under 2; c. Heifers under 3; d. Cows over 3; e. Bulls under 1; f. Bulls under 2; g. Aged bulls.

Cattle will be judged by breeds and there will be ribbons for first, second and third places. In the club show prize money will be given through five places as follows: 1st, \$4; 2nd, \$3; 3rd, \$2; 4th, \$1; and 5th, \$1.

**MANY SWINE ENTRIES**  
In the swine division of the Livestock show there will be classes for all breeds of registered hogs.

Classes will include: a. Sows b. Gilts; c. Barrows. Hogs will be judged by breeds. In the club show prize money will be given through five places with premiums as in

A person may have tuberculosis for several years without knowing it. This is the purpose of these X-rays—to discover it and cure it before it is too late and to protect other members of the family and associates from it.

These X-rays are quick, painless cause no inconvenience, and are perfectly safe. It takes less than 30 seconds to X-ray one person and there is absolutely no pain and there is no danger of X-ray burns because one cannot possibly be burned by the length of exposure of one X-ray. It causes no inconvenience as there's no disrobing below a shirt or dress and the X-rays are made standing up.

All X-rays are strictly confidential. Persons showing no signs of tuberculosis will receive a card within two weeks notifying them they are all right. Persons with X-rays showing possibility of lung infections are notified by letter and their family physician is also notified. These will be the only persons knowing.

This machine will be here October 17, 18, and 19 and will be located at the office of the Southwestern Public Service Co. Hours 9:30 a. m. to 5:30 p. m. More information will be announced later.

## Taylor Services Thursday Eve

Funeral services will be held this afternoon, (Thursday) at 4 p. m. in the First Baptist Church, Rev. A. W. Blaine, officiating, for Proctor David Taylor. Mr. Taylor was killed accidentally Tuesday afternoon when his body was caught on the belt of a feed grinder at his home 4 miles west of Muleshoe.

Mr. Taylor, who was 67 years old at the time of his death, was preceded in death by his wife two months ago. He had made his home in Bailey County for 17 years.

Survivors include four daughters, Mrs. Earl Hardy of Santa Anna, Texas; Mrs. D. G. Hands of Friona, Mrs. Woodrow Copeland of Modesto, Calif.; and Mrs. Worth Hawkins of Livermore, Calif.; four sons, Loyd David and Howard of Muleshoe, Sammie of Denver City, and Bennie of Abilene, Texas; 13 grandchildren; one sister, Mrs. Susie Hardy of Santa Anna; and one brother, Eddie Taylor of Three Rivers, Mich. Interment will be in Muleshoe Cemetery under the direction of the Muleshoe Funeral Home.

Survivors include four daughters, Mrs. Earl Hardy of Santa Anna, Texas; Mrs. D. G. Hands of Friona, Mrs. Woodrow Copeland of Modesto, Calif.; and Mrs. Worth Hawkins of Livermore, Calif.; four sons, Loyd David and Howard of Muleshoe, Sammie of Denver City, and Bennie of Abilene, Texas; 13 grandchildren; one sister, Mrs. Susie Hardy of Santa Anna; and one brother, Eddie Taylor of Three Rivers, Mich. Interment will be in Muleshoe Cemetery under the direction of the Muleshoe Funeral Home.

## Open House At School Lunch Rooms Monday

Open House will be held at both of the school lunch rooms Monday night from 7 to 9 o'clock.

Refreshments will be served at the high school lunch room. Persons interested in the school are urged to attend and see how the food is prepared, how it is transported from one lunch room to the other, etc.

Mrs. Willie Doyle, dietitian, and her assistants, Mesdames Mary Thomas, Roy White, Barbara Kloppepper, Beulah Kelton, Cox, Ruth Terrell, Zulla Terrell, Gracie McDaniel, and B. Creamer, will be on hand to show the rooms, serve the refreshments and to answer any questions patrons wish to ask.

Funeral services were held in Georgetown, Texas last Friday for Mrs. D. L. Hawkins, mother of Mrs. H. O. Barbour, in the first Methodist Church with interment in the Georgetown cemetery.

Mrs. Hawkins died last Wednesday at the age of 69.

Mr. and Mrs. H. O. Barbour and sons, H. L. "Pinkie" and Billie Don attended the services. Mrs. Barbour remained in Georgetown for a few days.

## Mrs. Hawkins Rites Conducted

Funeral services were held in Georgetown, Texas last Friday for Mrs. D. L. Hawkins, mother of Mrs. H. O. Barbour, in the first Methodist Church with interment in the Georgetown cemetery.

Mrs. Hawkins died last Wednesday at the age of 69.

Mr. and Mrs. H. O. Barbour and sons, H. L. "Pinkie" and Billie Don attended the services. Mrs. Barbour remained in Georgetown for a few days.

## To Amarillo For Tri-State Fair Muleshoe Band

One of the band's many community service activities is helping other towns and cities with their celebrations. In keeping with this idea, the Senior High Band journeyed to Amarillo on Wednesday to the Tri-State Fair. Leaving from school at 7:30 a. m. the band was met at the south city limits of Amarillo at 11 o'clock by a delegation of Amarillo business men and the highway patrol.

The band buses were escorted into the city, and down to Polk Street, where the band unloaded and staged a parade up Polk St. After the parade, the band boarded the buses and proceeded to the fair grounds, to spend the rest of the day sightseeing at the fair.

All the band members enjoyed the trip, although they were very tired by 8 p. m. when they returned to Muleshoe.

While commenting on the band this year, Director Bob Gray said, "The organization has 48 members this year, and with the addition of six new instruments, promises to be one of the best bands in several years. With a little time and a lot of practice, we should have a band of which the towns people and school patrons can really be proud."

## Water Meeting Held

Nearly 70 farmers Tuesday night attended the water meeting here and 95 per cent paid their assessments. Next week the editor and officials of the association will get together and map out a comprehensive statement to all interested persons on what has been done and what is planned.

## Kerr Now With Liquefied Gas

Ernest Kerr, formerly of Hereford, has bought stock in the Muleshoe Liquefied Gas Co. here and has moved to Muleshoe with his family. Mr. Kerr is the son-in-law of E. O. Baker, who until recently has been sole owner of the firm.

Mr. Kerr was connected with Kerr Implement Company at Hereford. He and Mrs. Kerr have a small daughter, Pamela Ruth.

## Sudan Rotarians On Program Here

Four members of the Rotary Club of Sudan were called in as pinch hitters on the program for the Muleshoe Club when the latter's scheduled program failed to materialize at the luncheon Tuesday. The four were Ves Terry, Drew Watkins, John Dean, and Sib Stone, the latter three all former presidents of the Sudan Club.

Watkins made it a special point to invite all Rotarians and all Muleshoites to Sudan on November 10. He revealed that Muleshoe and Sudan high school teams will play that day and he especially wanted local folks to see it.

"Seriously," he said, "the score in the game makes not a great lot of difference, but the friendly rivalry that has developed between Muleshoe and Sudan teams is a fine thing. It is fine for you and us, and it is fine for our youngsters."

Mr. Watkins spoke for a few minutes on Rotary's ideal of individual service and said that one's happiness depends upon the amount of service he gives to his fellow man, his community and country. He suggested the superintendents and principals of our schools might well present lectures on this subject to youth over 12 years of age, giving them this principle which will serve them in good stead as they go through life.

John Dean told his listeners about his recent trip to the east, where he visited Rotary Clubs in Pennsylvania, and in Washington, D. C. "Fellowship on the average throughout the United States is wonderful," he said. Mr. Stone suggested that the Rotary Club of Muleshoe should further develop its membership by studying classification lists, and that there are many men in Muleshoe who ought to be serving in the club.

Mr. Terry is an old citizen of this ginning business in Sudan and knows many people around Muleshoe.

Three men were voted into the membership of the Muleshoe Club: Wilbur B. Leveque, D. L. Morrison, and Kenneth Grissom. Morrison and Grissom are farmers, Leveque heads the Production Credit Association here.

Chosen as vice-president was Karl Lovelady. Jim Burkhead was elected secretary and treasurer.

On motion of Mr. Lovelady, the club voted to name each of the football dads as honorary vice-presidents.

The club also voted to set Friday noon as the official meeting time, and they will meet each week on the eve of the football game, thus generating more steam for the Mules' weekly contest throughout the football season.

The club served steaks to all squad members, coaches and some of the dads after the victorious game here Friday night at a local restaurant.

Membership dues for the club were set at \$6 and a campaign will be waged to get as many members as possible for the club this year.

## Local Markets

## City Commission Conferring With Engineers, Bond Co., On Paving

Preparations are being made by the city commission looking toward the calling of an election for the issuance of bonds for a paving program in Muleshoe. Central Investment Company, of Plainview, which has handled many of the city's issues in the past, is preparing a transcript covering details of the proposed bonds, and after this transcript is ready and the preliminary engineering report is prepared the commission will order an election.

The commission has spent considerable time with the bond company and with engineers to iron out details of the paving election. The job of engineering has not been given to any company yet, but three companies have been considered.

It is the plan of the city commission to inaugurate a program that will provide for paving of at least 85 per cent of the blocks in the city.

If the bonds are voted, the plan is for approximately 25 per cent of the funds to go to pay the city's part of the paving program and for recoating and repairing the present city paving, about 15 per cent for the new program and 10 per cent for renovation of existing paving.

The property owner, under present plans, would pay about 85 per cent of the cost of paving. The commission believes arrangements can be made to allow full cash payment, or terms of paying from three to five years.

The commission has been working with engineers to determine what would be a well-rounded paving program desirable to the majority of the property owners and in the best interests of all. Announcement of the day for the election and other details concerning the paving program will be carried from time to time in The Journal.

It is not yet known how much bond money will be needed. This will be determined after preliminary work is completed. All this information will be made public as soon as it is determined.

**REVOLUTIONARY HAYMAKER**—Pictured here is Anthony Jesko and the new F. M. C. Haymaker that was put into operation on his farm last week. This new machine enables hay to be mowed in the morning and to be baled in the afternoon. This is the first machine in this area, although others have been placed on order.

## New Haying Machine May Prove Valuable To Area Farmers

A new haying machine that may prove very valuable to area farmers went into operation on the Anthony Jesko farm, about 2 miles northwest of Muleshoe last week.

This machine permits hay to be mowed in the morning and raked and baled in the afternoon. It speeds field curing of all types of hay by cutting it in a 7 ft. swath picking the cut hay up immediately and passing it between two steel rollers under just enough pressure to crack the stems without losing the juice of the plant. This enables the hay to dry sufficiently to be baled in the afternoon.

Haymaker hay apparently remains green indefinitely. Some hay that has been cut for four years has maintained a good color. Another advantage is that hay processed by the Haymaker is bringing from \$300 to \$1000 more per ton than ordinary hay.

Increased milk production, greater gains in beef-type cattle, savings in feed supplement costs and avoiding weathering losses are some more of the benefits proved by Haymaker hay.

One can cut nutritious hay early to get more starch, sugar, and protein content. The quick drying saves valuable plant vitamins, retains the leaves, keeps the green color and holds the aroma.

Mr. Jesko will be glad to supply anyone interested in the machine with additional information. And anyone may go out and witness the machine while it is in operation.

Simon J. Berg Co., of Stonewall, Texas, is distributor for the machines and their advertisement may be seen on another page of this issue.

County Fair Art Exhibit Will Place Accent On Students Work

The Art Exhibit at the Bailey County Fair promises to draw as many visitors and as much interest as any other division. Any of the three schools

## Legumes Need Proper Inoculation And Fertilization To Build Soil

COLLEGE STATION, Sept. 20—Legumes are fine soil building crops if they are properly inoculated and fertilized. Most fields should be planted to a legume crop at least once every three years to improve the soil fertility and to make crop production more profitable.

For legumes to be effective in building up soil fertility, it is necessary that the seed be inoculated with the right kind of inoculant, says E. A. Miller, agronomist for the Texas A. & M. College Extension Service. The label on the inoculant container indicates the kinds of legume seed which the inoculant may be used on. The inoculation provides bacteria which live in the nodules on the leguminous plant roots and make it possible their utilization of nitrogen from the air.

Miller says that inoculated legumes may well be called nitrogen factories. Other crops such as cotton, corn and grain sorghums cannot utilize nitrogen from the air. They have to get it from the soil and, therefore, are soil depleting crops. To make sure that the plants will have plenty of nodules, many farmers now use a double dose of the inoculant.

The other important step in growing legumes, Miller emphasizes, is fertilizing properly. Good legume fertilizers for the depleted sandy and sandy loam soils in the eastern half of Texas are 3-12-12, 4-18-12, 5-10-5 and 4-12-1 applied at the rate of 300 to 400 pounds per acre. He says that 0-14-7 and 0-12-12 are suitable for use on the newer or better soils.

On the blackland soils in the

Gulf Coast Prairie, 200 pounds of 20 per cent superphosphate is suitable, but 0-14-7 and 4-12-5 are better for use on the sandy and sandy loam soils of this region.

In the blackland region of north, central, and south Texas and the Grand Prairie region, 200 pounds of 20 per cent superphosphate per acre is recommended for the blackland and 200 pounds of 4-12-4 or 0-14-7 for the sandy loam soils in the area.

The application of 200 pounds of 20 per cent superphosphate per acre on the better soils of the West Cross Timbers and Rolling Plains areas and the same amount of 0-14-7 on old sandy crop land in those areas is recommended.

Either 100 pounds of 11-48-0 or 200 to 300 pounds of 20 per cent superphosphate per acre are suitable for fertilizing legumes growing under irrigation on the High Plains.

Miller recommends using 200 pounds of 20 per cent superphosphate on the heavy soils of the Rio Grande Plain and 200 pounds of 4-12-4 on the sandy soils.

In the Lower Rio Grande, Winter Garden, Edwards Plateau, Pecos and El Paso irrigated valleys, Miller advises using 400 to 600 pounds of 20 per cent superphosphate on legumes.

He says your local county agricultural agent will be glad to give you the latest information on growing legume crops and suggests that you visit him soon.

### TO FLOYDADA MEETING

W. H. Thompson, manager of the Bailey County Electric Cooperative, attended a meeting of managers held in Floydada Monday.

## Letters To The Editor ...

### VERNON PEOPLE LEARN ABOUT MULESHOE HOSPITALITY

One of the most interesting letters to come to this department was written by Miss Audine Geuy, who lived here several years, just moved away to take a newspaper job at Vernon. She worked for several different firms here, including Johnson-Pool and the Union Compress & Warehouse Co. Her letter explains it all and reads in part as follows:

Vernon, Texas  
September 9, 1950  
Editor Of The Muleshoe Journal  
Dear Mr. Forbes:

Enclosed you will find a money order for the amount of \$2.50 for renewal of my subscription to the Muleshoe Journal.

Somehow your home town paper just seems to mean more to you when you are a few hundred miles away from there. I scan it every week from "Cover to Cover." You also have new readers of your paper. We have five different departments in the front offices of the Record and each department wants to read my Muleshoe Paper when I get it. The Publisher of our paper asked me if I would bring it in every week when I got it and let him look at it. Of course that makes me feel pretty proud, you know. Our Advertising Dept. says, "Boy that guy should make a Slew of Dough." They seem to think it has more advertising than any weekly paper they ever saw and just wish that the business people would advertise like that here. They all have told me that they thought we had a very nice paper in Muleshoe. If you don't mind just send me a quarter with the next issue.

Never in my life did I once think I would be working in a Newspaper Office. I certainly can assure you that I didn't know the first thing about one, but I can say I am learning. And believe it or not, I think I am going to like it very much.

Mom, Shirley, and I get pretty lonesome for our friends in Muleshoe, but I think we will like Vernon just fine after we get a little

more acquainted with the people.

They have a radio program here that is called, "The New Corners Program." On that program they interview all new comers to Vernon and find out where they came from, what they do, and why they came here, etc. The first week I was here everywhere I went all the people I met wanted to know "Why I moved to Vernon." To me, that was the most stupid question. I said, well I moved here because I always thought I would like to live here and I have a twin sister who lives in Frederick, Okla. My reason for moving here did not seem sufficient to them.

They more or less left the impression on me that they didn't want any new comers and that I looked like a spy or criminal. So they want me to appear on their New Corners program the following Sunday and do you know what—the first thing the girl that does the interviewing (who now is my best friend) asked me was, "Why did you move to Vernon?"

By that time I was pretty mad, because that was the first thing everybody asked me. "Heck, in Muleshoe we didn't ask people why they came there, in a free town we were glad they moved there, that we always welcomed new comers, hoped they liked us and Muleshoe." Guess that statement got me pretty well acquainted in Vernon. I told them that I thought we still lived in a free country and that we could move around as we pleased without having a special reason for doing it. "They make a joke out of it now and tease me about it. I'm always telling them that they don't know what real "Texas Hospitality" is until they journey out to Muleshoe. After that there is always room for a hot argument. You just keep The Muleshoe Journal coming down this way every week. Okay?

Sincerely yours,  
AUDINE GEUY.

### TO INSURANCE SCHOOL

Bob Gregory left Sunday for Dallas to enter a school for insurance company representatives at Southern Methodist University. His school will last until October 23. Mr. Gregory is representative in Muleshoe territory for Grand National Life Insurance Company.

### ATTEND BEAUTY SCHOOL

Mrs. Alton Cherry attended her three day show and clinic on hair styling at the Herring Hotel, Amarillo last week end. The show and clinic is sponsored by the Amarillo Unit of the Texas Association of Accredited Beauty Culturists, and is designed to make Amarillo the style center of the Tri-State area.

### ATTEND FAMILY REUNION

Mr. and Mrs. Walter Witte and Mrs. Ola Ragsdale attended the Witte family reunion at Glen Rose, Texas last week and returned by Big Spring. Mrs. Witte stayed over a few days with their daughter Mrs. Pete Jenkins and family. Mrs. Witte returned home Tuesday.

Think all you speak; but speak not all you think; for thoughts are your own; your words are so no more.

—Henry DeLuane

### MOVED TO MULESHOE

W. I. Nelson and family have moved to Muleshoe after 26 years in the neighboring town of Sudan. Mr. Nelson is this week opening the Nelson Service Station, handling Col-Tex gasoline and all brands of oils.

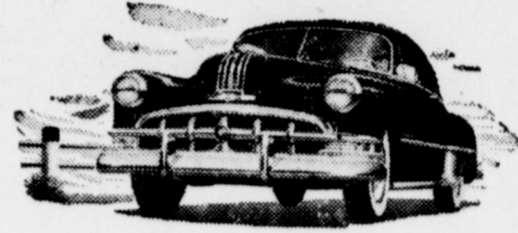

### RETURNS HOME

Mrs. Joe Mack Wagnon who has been under treatment in the Polio Ward of the Plainview Sanitarium and Clinic has returned to her home in Muleshoe. Mrs. Wagnon is much improved and is allowed to see visitors for a short time.

THE MULESHOE JOURNAL, Thursday, September 21, 1950

## Junior High Loses To Littlefield

The Littlefield Junior High Team scored two touchdowns in the first half, and coasted to a 13-7 win over the Muleshoe Junior High Team last Thursday afternoon in Littlefield.

Doyle Gibson was the big gun in the winner's offensive, running seven yards for one touchdown, throwing a ten yard pass for another, and running for Littlefield's only extra point.

Muleshoe began their drive in the third quarter. The Mules drove downfield in the middle of the period, with Jimmy Holt climaxing the drive on a 15 yard pass to Billy Willis. Bill Truelock ran across the double stripe for the seventh point.

Littlefield had 11 first downs against five first downs for the Mules.

They play Farwell at Farwell Thursday (today).

## Sudan Beats Lockney 33-0

Sudan's powerful Hornets, rising to the challenge of a top rated Class A high school team, clubbed Lockney's Longhorns into submission Friday night before 1,000 fans, 33 to 0.

The size of the score was not as impressive as the way it was achieved. The Hornets completely dominated the game and licked the Steers by a bigger score than Littlefield had won by a week before.

Tonight's victory also avenged a 20-19 defeat handed Sudan by Lockney last year, with Coach Francis Smith pouring it on the eleven manned behind the lines by Coach Curtis Kelley.

Sudan, slow to get rolling, scored once in the first quarter, added two in the second and punched over another pair in the final period.

## Three Way Friday Lazbuddie To Play

Schedule for the Longhorns is: Sept. 22—Pettit at Muleshoe Sept. 29—Bula at Bula Oct. 5—Bovina at Muleshoe Oct. 13—Open Oct. 19—Threeway at Muleshoe Oct. 27—Pettit at Pettit Nov. 2—Bula at Muleshoe Nov. 9—Bovina at Bovina All home games are scheduled to start at 8 p. m. Admission will be 25 cents for students and 65 cents for adults.

## Beginners Band Classes Start

Band Director Gray announced last week that Beginners Band Classes in Junior High School were being organized. Any student interested in the band should see Mr. Gray as soon as possible.

In commenting on the schools' bands, Gray said, "The Senior High Band numbers 49 pieces. We are anxious to get more students playing in the band in order to have an organization of which the school and the school patrons can be proud."

Any parents interested in starting their children in band should contact Mr. Gray as soon as possible.

### TO PORTALES

Rudolph Harvey, a graduate of Texas Tech at Lubbock, has accepted a position, beginning September 18, with the Farm Training Program at Portales, N. M. Rudolph is the son of Mr. and Mrs. H. G. Harvey of Muleshoe.

# Mules Trample Rams 39-0 In First Home Game of '50

## Amherst Bulldogs Nip Melrose, N. M.

The Amherst Bulldogs traveled to Melrose, N. M. Friday night and defeated the opposing team 12-0 in their opening game of the season. Coach A. D. Sahver's boys ran into a little hard luck last year, winning only one game in district 4-B. The Bulldogs are showing great improvement this year over last year's team.

The Amherst squad was suspended from the Interscholastic League last year because of an exchange of blows between referees and a fan and cannot play any "A" squad of a Texas school, no matter of scholastic standing.

**GALLOPING MULES**—Coming around right end with the pig skin tucked under his left arm is Ray Kersey, 145 pound right half of the undefeated Mules. Coming in through center to run interference is Donald Harrison, 130 pound guard.

6 for 50	Penalties	2 for 20

## Nickels Scores 3 Touchdowns; Johnson 2; Gaede 1 To Stop Rams

By Travis Barnett & Harry Linderer

Coach Woodie Green's Mule Train with Roald Johnson as engineer and Ed Nickels and Ray Kersey keeping a full head of steam, out ran the Portales Rams 39-0 here Friday night in their first home game of the season before a crowd of 2,000 excited football fans.

This was decidedly an upset, for the Rams had been picked to roll over the Mules by at least 12 points by several Panhandle and South Plains sports writers.

Muleshoe began their scoring late in the first quarter when Roald Johnson went over from the three-yard line after a drive that began on the Muleshoe 30-yard marker. Johnson's try for extra point through center was unsuccessful.

20 Points in 2nd Quarter Early in the second period of the game Ray Kersey intercepted a pass from B. Nelson on the Portales 42-yard line and the touchdown march was started again. Ed Nickels carried over from the three-yard line on a quarterback sneak. Johnson carried over for the extra point.

Muleshoe scored again minutes later after receiving a Portales fourth-down punt on the 30-yard line and Ray Kersey returned it to the Muleshoe 37-yard marker. After a 5-yard gain over tackle, Johnson was on the receiving end of one of Quarterback Ed Nickels' aerials that was good for another touchdown. This play was good for 58 yards. The successful try for extra point by Johnson was called back because of an off-sides penalty and on the next try Johnson was stopped a few inches short by the heavier Portales line.

As time was running out in the third quarter, Portales fumbled the Mules kickoff for the last touchdown and Muleshoe recovered on the Portales 32-yard line. Ray Kersey picked up four yards through center and on the next play Nickels heaved a pass to Bill Gaede which was good for 64 yards and another touchdown.

Kersey again carried over for the extra point.

Portales threatened seriously in the first part of the fourth quarter when they took over the pig skin on their own 48 yard line and drove downfield to the six where Nickels again carried over on a quarterback sneak. Kersey's end run for extra point was unsuccessful.

On the last play of the game, Nickels intercepted a pass that was thrown from the Portales two-yard line and again raced over for a touchdown. Kersey's try for extra point was successful.

Portales threatened seriously in the first part of the fourth quarter when they carried to the Mules 11-yard line, but lost the ball on a fumble. During the last quarter Coach Green sent in a contingent of reserves, many seeing action for the first time this year.

Tomorrow night the Mules will travel to Slaton for their second conference tilt of the season. The Mules are in good condition and are full of fire and should give Slaton one of their toughest battles of the year. A large crowd of fans will follow the Mules to Slaton.

THE MULESHOE JOURNAL, Thursday, September 21, 1950

**Garden Club Directs Flower Show Staged As Part Of County Fair**

The Muleshoe Garden Club will be in charge of the Flower Arrangement exhibit at the Bailey County Fair this week.

The exhibit will be in the first room on the right of the Vocational agricultural building.

The divisions of the flower exhibit will be divided as follows: 1. Church arrangements, 2. Mantel arrangements, 3. Coffee table arrangements, 4. Thanksgiving arrangements, 5. Pot plants.

Only one entry may be made in each division but any one person may enter as many divisions as they wish.

First, second and third place ribbons will be given in each division.

All entries must be in place before 6 p. m. on Thursday as the judging will be done immediately after 6.

**Pleasant Valley News**

Mrs. B. H. Bickle is home after minor surgery at the Green Hospital and Clinic in Muleshoe.

J. E. Dulin is home after spending five days at Green Hospital in Muleshoe.

Jim Prather suffered a small concussion last Wednesday and spent one night in the hospital but is back in school now.

Grandma Taylor who recently fell and broke her hip had surgery performed on it the other day and much improved at this writing.

Doris Bickle and Mr. and Mrs. Bill Bickle spent the week end at home. They are attending Texas Tech at Lubbock.

C. K. Warren of Three Oaks, Mich. was here on business last week.

T. G. Dulin spent Sunday in Amarillo visiting with a daughter Mrs. Dayton Short and family.

Mr. and Mrs. H. M. Thomas of Clovis, N. M. visited in the home of Mr. and Mrs. Jack Epps Sunday.

**Mrs. Roark Hosts West Camp Club**

The West Camp Pollyanna Club met Wednesday, September 13, in the home of Mrs. Everett Roark with 10 members and three visitors present.

In the absence of the president, Mrs. Johnnie Williams, vice-president, had charge of the meeting.

Mrs. Bert Williams read the minutes of the last meeting and roll call was answered with "a whole grain cereal product my family likes".

Mrs. Austin Jones gave council report.

The meeting was turned over to Mrs. A. W. Copley, Muleshoe, Mrs. J. J. Gross and Mrs. G. T. Maltby of Progress and Mrs. Seaborn Busbice of West Camp who gave a very interesting report on the State meeting at Big Spring.

The hostess served a delicious refreshment plate. The next meeting will be in the lunch room of the West Camp Baptist Church, September 27. The program will be copper pictures.

**LEAVES FOR SERVICE**

Jack Cummings, of Littlefield, son of Mr. and Mrs. Frank Cummings of Muleshoe, left for service in the Army Wednesday of last week. He went to Amarillo, from which point he expects to be sent to a training base.

Cummings has been employed by the Texas Highway Department.

**Recipes Of The Week**

**PRUNE CAKE**

By Mrs. J. H. Farley

1/2 cup Crisco  
1 1/2 cups sugar  
2 eggs separated  
3 cups Gold Medal flour  
3 teaspoons baking powder  
1/2 teaspoon salt  
1 cup milk  
1 1/2 cups chopped, cooked prunes  
1 cup chopped nuts  
1/2 cup raisins

Method: Cream Crisco, sugar and egg yolks until light, add the prunes and raisins and beat thoroughly. Add salt and baking powder to flour, which has been sifted, and add dry ingredients alternately with milk, a small amount at a time, beating after each addition. Add the chopped nuts, which have been dredged in flour, and fold in stiffly beaten egg whites. Put into well Criscoed tube pan and bake 1 hour at 350 F. Frost with your favorite frosting or serve with a custard sauce or whipped cream.

**CHERRY LOAF CAKE**

By Mrs. O. C. Kirk

2 1/2 cups flour  
1 1/2 cups sugar  
1 teaspoon baking powder  
1/2 teaspoon soda  
2 eggs beaten  
1 cup buttermilk  
1/2 cup soft butter

Method: Combine dry ingredients add butter, eggs, and milk. Last add one small bottle of chopped cherries and one cup of chopped pecans. Bake in loaf pan for about 1 hour at 375 F.

**Study Club In Initial Meeting**

The Muleshoe Study Club opened the first meeting of the year, September 14, with a steak barbecue and social in the patio of the home of Mrs. Vance Wagon.

A short business meeting was conducted in which Mrs. Marion Harris was elected president when the resignation of Mrs. H. D. King was accepted and Mrs. Naomi St. Clair was elected vice-president.

Mrs. Harris gave a preview of the program for the coming year.

A treasurer-librarian report was given by Mrs. Buck Ragsdale.

Members attending were Meses. Milton Forbes, M. F. Green, Clifton Griffiths, Harris, G. O. Jennings, Ray Keeling, A. E. Lewis, Lee Pool, Ragsdale, H. S. Sanders Jr., John Watson, Buck Wood, two guests, Mrs. C. W. Grandy and Mrs. Jack Holland and the hostess.

The next meeting will be September 28 with Mrs. G. O. Jennings, Mrs. Milton Forbes and Mrs. Clifton Griffiths will have charge of the program.

**High School P-TA In Meeting**

The Muleshoe high school P-TA met in the high school auditorium Monday night, Sept. 18, with 50 members present. Mrs. Leon Julian, president, was in charge of the meeting.

C. W. Grandy, superintendent of Muleshoe schools, made an interesting talk and introduced the high school teachers present.

It was decided to have a question and answer period at each

**Elementary P-TA Membership Drive Is On**

The Muleshoe Elementary unit of the Texas Congress of Parents and Teachers has designated the week of September 20-27 as Membership drive week.

The following rules copied from the Parent Teacher Manual, page 12, will be observed: Any person who is interested in the objects for which this Association is organized may become a member upon payment of dues as herein provided. Members pay all-inclusive dues of 50c. A national portion of the dues is 5c, as provided in the National by-laws. The state portion is 20c, as provided in the State by-laws. The remaining 25c is the local portion, as provided for in the local by-laws.

Members pay all-inclusive fees in each association in which they are members.

**Mrs. Beddingfield Host To Sorority**

The Epsilon Chi chapter of Epsilon Sigma Alpha sorority met in the home of Mrs. Dorothy Beddingfield, Wednesday night, September 13.

The beautiful and impressive pledge ceremony was held for Jane Scott.

Members discussed having a booth at the Bailey County Fair and it was decided to have charge of the Wheel of Fortune.

Present were Gwyneth Bigham, Jean Lovelady, Lois Witherspoon, Ann Howell, Ellen Gupton, Ruby Gregory, Tiny Forbes, Marjorie Prescoe, Joji Farrell, Betty Glazo, Billye Jones, Elizabeth Woodley and the new pledge Jane Scott.

September 27 members of the Sorority will be guests of Jean Lovelady for a watermelon feast.

The next meeting will be at the home of Gwyneth Bigham with Jane Scott in charge of the program.

The Sorority wishes to announce that any organization should feel free to call upon its members to assist in any way to help in sponsoring drives, etc. to help the community in any way.

**BACK FROM CALIFORNIA**

Mr. and Mrs. Sam Sims returned Tuesday from California where they have been vacationing the past two and one-half months.

meeting in which the school patrons will be allowed to ask questions concerning the school, operation of the school etc. Questions asked Monday night were answered by Principal Jerry Kirk and Mr. Grandy.

Regular meeting date was adopted as the third Monday night of each month, at 8 p. m.

Mrs. Ed Johnson resigned as treasurer and Mrs. G. S. Dowell was elected to succeed her.

Membership drive plans will be announced later as the membership committee is working them up this week.

After the meeting, Supt. Grandy conducted those present on a tour of the new building and answered questions concerning the building. Refreshments were served in the lunchroom.

**FROM AUSTIN**

Mrs. Cooper Morgan of Austin, mother of Mrs. Harold Weyer, arrived last week for an extended visit with her daughter and husband, Mrs. Morgan and Mrs. Weyer

were in El Paso last week end to attend the wedding of Mrs. Morgan's granddaughter Miss Beverly Morgan. Mrs. James Morgan of El Paso returned to Muleshoe with them for a few days visit.

**NOTICE COTTON PRODUCERS**

**A. S. STOVALL**  
COTTON BUYER

**TALK TO THE MAN WHO USES IT ...**

**WD TRACTOR TWO-CLUTCH CONTROL**

In heavy crops, his tractor power flows steadily to Corn Harvester, ALL-CROP® Harvester, ROTO-BALER® or Forage Harvester. A push on the transmission clutch lever lets him stop forward motion to clear overloads without clogging, breakage or crop waste.

Ask any owner of an Allis-Chalmers WD Tractor to show you the many places where you need two-clutch control. Let him demonstrate the safety and convenience of this system where the foot-operated engine clutch stops all power outlets — pulley, hydraulic lift, power take-off and rear wheels, and the transmission clutch stops forward motion only.

Watch your neighbor's WD — it will be time well spent.

\*ALL CROP and ROTO-BALER are Allis-Chalmers Trademarks.

**West Texas Gas Company**  
 HELPING BUILD WEST TEXAS SINCE 1927

**4-H Boy Acted  
 As Ambassador  
 Texas To Greece**

COLLEGE STATION, Sept. 20.—  
 Ed Hill, the only Texan partici-  
 pating in the 1950 International  
 Farm Youth Exchange program, re-  
 ports from Greece that, during the  
 first part of August, he saw the  
 northwestern section of the  
 country. His headquarters in  
 Greece are in Salonika, at the  
 American Farm School.

He has traveled extensively in  
 western Macedonia with mem-  
 bers of the staff from the Farm School  
 and says that this is probably the  
 largest agricultural section in  
 Greece but economically it hasn't  
 fared so well. The present condi-  
 tions are due to the destruction  
 that came with World War 2 but  
 chiefly from damages done by the  
 Communists during the period from  
 1945-49.

He reports on a visit made to  
 Verria (called Berea in the Bible  
 it was here that Apostle Paul pre-  
 ached on his journey through Mace-  
 donia. The city is noted for the  
 fine rugs and blankets that are  
 made there; Ed says the work is  
 done by hand and the finished  
 products are very beautiful. Months  
 are required for the weaving pro-  
 cess and the weavers will make  
 signs of blankets to meet any de-  
 sign or specification.

His travels took him to the Pres-  
 ba Lakes which form the boundaries  
 between Greece, Albania and Yug-  
 oslavia. The latter two countries  
 are controlled by the Communist  
 governments while Greece is the  
 one country in the Balkins with a  
 Democratic government. Two days  
 before his visit to this border area,  
 two Greek and 10 Albanian sol-  
 diers were killed in a border skir-  
 mish a few miles from where he  
 visited.

He tells of a visit with a Greek  
 mountain farmer in this area. He  
 was plowing a hillside farm with  
 his ox and a handmade wooden  
 plow. The field was very small—no  
 larger than one-fourth acre—but  
 six hours had been required for  
 the plowing job. Some fields in  
 this mountainous area have a  
 slope that approaches 45 degrees  
 and the use of any mechanized  
 machinery is practically an impos-

sibility.  
 Enroute back to Salonika, he  
 visited the resort city of Edessa.  
 He says the city is located on a  
 mountain side and overlooks the  
 greenest and most beautiful valley  
 he had ever seen. The valley is  
 famous for fine peaches. He visit-  
 ed the city of Naoussa which was  
 destroyed about two years ago by  
 Communist guerrillas. It was the  
 subject of a story in "Life Maga-  
 zine" several months ago.

He was accompanied on the tour  
 by three staff members from the  
 American Farm School and stops  
 were made in the farming villages  
 for the purpose of interviewing  
 prospective students. Boys between  
 the ages of 14 and 16 years and  
 who were orphaned from their  
 fathers and had completed the six  
 years of school work offered by the  
 village schools were interviewed.  
 Worthy boys are given schol-  
 arships to the American Farm  
 School.

Hill says next month will be  
 spent in the Peloponnese, and on  
 Crete and a number of other is-  
 lands near Athens and Crete in the  
 Aegean Sea. He will return to Sal-  
 onika around September 15 and  
 the remainder of his stay will be

**THE MULESHOE JOURNAL, Thursday, September 21, 1950**

spent in eastern Macedonia, west-  
 ern Thraee and on the Island of  
 Thasos.  
 He said in conclusion that he  
 was looking forward to his return  
 to Texas and an opportunity to  
 tell the 4-H members of the state  
 about his European experiences.  
 The exchange program is spon-  
 sored by the U. S. D. A.'s Agricul-  
 tural Extension Service and the  
 cooperating states.

Without knowing the force of  
 words, it is impossible to know  
 men.

**Just sharpen your pencil—  
 and there you are!**

ACROSS this broad land there are  
 thousands of people who have  
 been doing themselves a disfavor.  
 Seems they "just naturally assume"  
 a Buick is beyond their reach—and  
 so pass up the car they're really itch-  
 ing to own.  
 Now why "assume" anything as im-  
 portant to your happiness as a new  
 car?  
 Why not see for yourself how de-  
 livered prices run—how close Buick  
 matches your own budget—how fre-  
 quently it is priced under some cars  
 you may be considering?  
 Then—if there is a particular car in  
 mind—sharpen up your pencil a little.

Is it a six—or an eight, like Buick?  
 If an eight, is it a valve-in-head eight?  
 That adds a plus in efficiency, you  
 know, even without the extra edge  
 of Buick's Fireball power.  
 Will you ride on four soft coil springs,  
 as in Buick—or on only two? Will the  
 drive be through a sealed torque-tube  
 that keeps the rear wheel assembly  
 firmly aligned? It is in a Buick.  
 Do you get soft, low-pressure tires  
 as part of the price—or as extras?  
 Will you have bumper guards built  
 as part of the bumper, or a one-piece  
 cast metal grille that can be costly  
 to repair or replace?

Does the price include air cleaner;  
 oil filter; dual horns, windshield  
 wipers and sun visors; an automatic  
 dome light; self-locking luggage lid;  
 a single key for all locks?  
 And is there an automatic drive\*, or  
 one in which gears still shift in  
 normal driving?  
 Yes, sharpen your pencil—and there  
 you will be, in a Buick.  
 Whether it's a SPECIAL, a SUPER or  
 a lordly ROADMASTER, you'll be driv-  
 ing the big buy of its price class, and  
 getting a rich bonus of driving com-  
 fort, driving thrill and "fashion-first"  
 styling.  
 But you have to make the first move.  
 You are the one who has to find out.  
 How about starting now—with a call  
 on your Buick dealer?

\*Dynaflow Drive is standard on ROADMASTER,  
 optional at extra cost  
 on SUPER and SPECIAL models.

YOUR KEY TO  
 GREATER VALUE

**Only BUICK has Dynaflow—  
 and with it goes:**

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New  
 F-263 engine in SUPER models.)  
 NEW-PATTERN STYLING, with MULTI-GUARD forefront, taper-through fenders,  
 "double bubble" taillights.  
 WIDE-ANGLE VISIBILITY, close-up road view both forward and back.  
 TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging,  
 short turning radius.  
 EXTRA-WIDE SEATS cradled between the axles.  
 SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires,  
 side-steadying torque-tube.  
 WIDE ARRAY OF MODELS with Body by Fisher.

**ORDER OF ELECTION TO CHANGE FROM COMMISSION TO ALDERMANIC FORM OF GOVERNMENT.**

THE STATE OF TEXAS, COUNTY OF BAILEY.

WHEREAS, on the 18th day of September, A. D. 1950, a petition was presented to me, signed by more than ten per cent of the qualified voters of the City of Muleshoe, for an election to be held in the City of Muleshoe on the question of determining whether or not a majority of the legally qualified voters of the City of Muleshoe desire to change from the Commission Form of Government to the Aldermanic Form of Government.

It appearing to me that said petition is in due and legal form and is signed by more than ten per cent of the qualified voters of the City of Muleshoe, and that said city has been duly formed and created under the Commission Form of Government.

THEREFORE, I, in my capacity of Mayor of the City of Muleshoe, Texas, do hereby order that an election be held on the 28th day of October in the City Hall of the City of Muleshoe to determine whether or not a majority of the legally qualified voters of said city desire that the form of Government be changed to Aldermanic form.

I further order that said election shall be held at the City Hall within the city limits of the City of Muleshoe.

I further order that TOM ZIMMER be and he is hereby appointed presiding officer to hold said election and he shall select two judges and two clerks to assist him in holding the same and he shall within the time prescribed by law make due return thereof as is provided by law.

All persons who are legally qualified voters of the State of Texas, County of Bailey and who are resident voters within the city of Muleshoe shall be entitled to vote at said election, and all voters who favor the proposition to change from Commission Form to Aldermanic form shall have written or printed on their ballots, the words:

"FOR CHANGE TO ALDERMANIC FORM"  
And those opposed to the proposition to change to Aldermanic Form shall have written or printed on their ballots, the words:

"AGAINST CHANGE TO ALDERMANIC FORM"  
Notice of this election shall be given by publishing such notice in some newspaper within the city limits of the city of Muleshoe thirty days, if there be one, and if none, then by posting notices of same at three public places in said city of Muleshoe.

Dated this 18th day of September, A. D. 1950.  
H. D. KING  
Mayor of the City of Muleshoe, 39-3tc

STAPLING MACHINES and staples at The Journal, Phone 54, 37-1f

The Lone Star Trading Post in Muleshoe needs more listings, as we have some cash buyers who want land. I need Three sections of Grass somewhere in the Panhandle. If you want to sell, see Dave Aylesworth at the Lone Star Trading Post in Muleshoe.

● 320 acres good clean red land, well improved with No. 14 pump for sale at only \$157.50. This is a bargain.

● 150 acres good land, well improved, irrigated. Some alfalfa and permanent pasture. Priced at only \$225.00 per acre.

● 1 section good wheat land priced at \$50.00. Good terms.

● 1 new FHA house for sale. Located well and has \$6100 loan. This is a good buy. Immediate possession.

● New two bed-room house under construction. Worth the money.

● Other good houses in Muleshoe for sale.

● Good business in Muleshoe for sale. Will run about nine or ten thousand, including stock.

● Well-rated customer wants to borrow 50% on Brick Tourist Court. Well located.

### Controlled Storage Keeps Apples Prime

Regulated Atmosphere System Is Recommended

The answer to whether apples will taste as good in May as they do in September is "yes"—if they are apples from specially constructed controlled-atmosphere storage. That is the opinion of Prof. R. M. Smock, of Cornell university's agricultural experiment station. More than 100,000 bushels of apples are in 15 such storages in New York state, the first of their kind in the country. "When they come out in April or May or June," Smock says, "the apples are expected to be of prime quality."

Results of 10 years of experiments show that controlled-atmosphere storage will double the ordinary storage life of McIntosh, provided the rooms are properly constructed and operated. Good results also were obtained with Delicious and Northern Spy when the varieties were stored separately.

**Sweet Potatoes Make Valuable Farm Crop**

Many North Carolina farmers who have never planted sweet potatoes for market should be able to increase their farm income this year through the cultivation and sale of this root crop, according to H. M. Covington, extension horticulture specialist for the state college extension service.

The U. S. department of agriculture has requested farmers to increase their production of sweet potatoes by 12 per cent. Even if such an increase is planted, production would still be about 10 per cent under the 1937-46 annual average.

Farmers who plan to increase their sweet potato acreage this year to have some for sale, should consider market outlets before planting, Covington states.

**TO ALBUQUERQUE**

Mr. and Mrs. Frank Murdock were called to Albuquerque Wednesday because of the serious illness of their son, Gene, who lives there.

### Watson WMS In Royal Service

The Watson W. M. S. met at the Church, September 11, for the Royal Service program, with Mrs. Joe Smith, president in charge.

Mrs. A. D. Mitchell led the opening prayer. The subject of this month's program, "Can You Read," was rendered by Mrs. Chester Petree, Mrs. Calvin Calvert, and Mrs. Bernis Camp. Mrs. S. D. Key read the scripture.

Those present were Mesdames Joe Smith, A. D. Mitchell, Chester Petree, S. D. Key, Calvin Calvert, Bernis Camp and A. D. Crout.

The meeting was closed with a prayer led by Mrs. Key.

### Lazbuddy News

by Mrs. Wm. F. Steinbock

I. C. Mahan is seriously ill in the Friona Community Hospital.

Those who purchased seed wheat from Willie Steinbock recently were O. Burford, Elbert Nowell, Jean and R. E. Seaton, T. B. Vaughn, John Dyck and Charley Guston.

Mr. and Mrs. Arthur Jepsen and son of Bell, Calif., were here recently visiting in the Alex Steinbock home.

Mrs. Demp Foster entertained with a surprise birthday party honoring her husband Friday night. Those present were Mr. and Mrs. Ed. Willie, and Renny Steinbock, Tricie Steinbock, and Mr. and Mrs. Ben Foster. Demp received some nice gifts. Delicious refreshments of fruit salad, chicken sandwiches, cakes and coffee were served after several games of dominoes.

Mr. and Mrs. T. D. Vaughn and children and Mr. and Mrs. H. D. Hutchinson and girls visited Mrs. J. E. Vaughn at Hurwood last week.

Mr. and Mrs. Leonard Marhefky and Beverly Diane of Corpus Christi were here visiting Mrs. Otto Treider recently.

Mrs. J. L. Shuping has returned to her home in Dumas after a two weeks visit with relatives here.

Mr. and Mrs. Charles Neely and Mr. and Mrs. R. G. Trierder Jr. were visitors last week of the R. R. Treiders.

Mr. and Mrs. Walter Hansen and small daughter returned from an extended trip through the Black Hills of South Dakota, Window, Minn., and Winnipeg, Canada.

The report crops are very late due to late plantings and freezes have already visited in the low places of the north.

**.55 Inch Rain Fell Here Sunday**

Another shower, falling slowly, Sunday night added .55 inch of rain in this vicinity. The rain was heavier in places, running to as much as 2 inches over about the New Mexico line, according to reports.

The Sunday shower brought the September rainfall total to 2.60 in. R. J. Klump, weather recorder in Muleshoe said.

### Electric Co-op In Its New Home Here Next Week

Everybody connected with the Bailey County Electric Cooperative is looking forward to their occupancy next week of the fine new headquarters building now virtually complete except for final touches.

This building, most expensive business probably that has ever been erected in Muleshoe, has been a long time in the building but it will therefore be appreciated all the more when it is ready, by the manager, the office staff, field crews, by the officers and directors and by the patrons.

Its cost is between \$75,000 and \$80,000, including furniture and fixtures. Dolph Construction Co., of Dallas, was the builder, Lambert Plumbing Co. of Muleshoe had the plumbing sub-contract, and Cox Radio & Electric, of Muleshoe, installed and wired in the intercommunication system. Charles Lenau Lumber, of Muleshoe, had the contract for sidewalks and drives.

The building has a spacious lobby, and six office rooms besides the general office. It is 110x97 feet in dimensions and the front has been given some added treatment in the direction of beauty and attractiveness. Room has been provided for a demonstration kitchen, which will be in operation as soon as all equipment arrives. A central system provides air conditioning and heating from the same unit throughout the building.

W. H. Thompson, manager, announced that a date later will be set by the board of directors for a formal opening.

W. W. Branscum is president of the Cooperative; Tommy Galt is vice-president; Roy Sheriff, secretary; and board members are W. R. Adams, Pete Todd, J. T. Eubanks, and H. E. Schuster.

The Cooperative supplies electricity for lighting and power to 2,700 farms and homes with 1285 miles of line in Lamb, Bailey, Farmer, Cochran, and Hockley Counties. The Cooperative's headquarters are in Muleshoe, and they maintain a collection office in Merton.

### Pay-Off Sunday In WT-NM League

The pay-off game in the Texas-New Mexico Amateur Baseball League will be played the coming Sunday afternoon in Bell Park, Clovis, with Muleshoe still in the running for championship honors for the 1950 season. The Farm and Ranchers Team of Clovis will oppose Muleshoe's nine in the contest for the pennant.

At the close of the season, the two highest ranking teams of the west half were pitted against the two highest in the east half. Muleshoe was highest in the east half with Portales second; Clovis was high in the west half with McAllister team second. Muleshoe defeated McAllister Sunday to win the right to enter the championship play-off.

The Muleshoe boys plan to throw everything they have into this final do-or-die game Sunday afternoon. Likely a number of fans from this vicinity will journey to Clovis to witness the championship contest.

### Facts NO TEXAN SHOULD EVER FORGET

This chart shows how many hours an American, English, and Russian worker each has to put in to earn equivalent of what \$10 will buy in this country.

### SOCIAL SECURITY MAN WILL BE IN MULESHOE

John Hutton, manager of the Lubbock Social Security office, will be in Muleshoe at the postoffice at 9:30 a. m. Wednesday, September 27 to talk with persons age 65 and over whose claims for old-age insurance payments were previously rejected because of insufficient periods of work in covered employment.

Under the amended law, a worker now 65 years of age needs only six quarters of coverage acquired

### SYLVIA IS COMING HOME

Sylvia Pool, 6-year old daughter of Mr. and Mrs. Lee Pool, will be released Saturday by the Galveston Hospital. The family will leave Friday to return her here. She was badly burned in an accident several months ago.

at any time since 1936 to be eligible for benefits. Hutton urged these people to meet him when he visits Muleshoe and file new claims for monthly benefits under new social security law. Or, write direct to the Social Security Administration field office 1311 Texas, Lubbock.

### Peeler To Direct C. C. Formation

Jeff Peeler was made temporary chairman with the duty of steering the Muleshoe Chamber of Commerce through its organization stages when a group interested in revitalizing the body met this morning.

Mr. Peeler appointed teams to secure signed pledges. These already had been made, specifying the amount each firm would give to support the Chamber of Commerce, and now the firms will sign bank authorization cards will sign bank draft authorization cards or pay their pledges as they see fit.

The body will begin to cast about for a trained Chamber of Commerce manager. Further progress will be announced in the columns of this paper.

### Big Attendance At Lions Club

(Left Out Last Week)

One of the largest attendances in the history of the Muleshoe Lions Club was present for the meeting Wednesday noon at Gerards Cafe. Forty-three members and guests were present.

Tonight the Lions will entertain their wives and members of the school faculty and their families with a watermelon feast tonight at the high school football field. More than 100 persons are expected to attend his affair.

## Polio Chapter Elects Officers

A. S. Stovall, Muleshoe cotton merchant, was elected chairman of the Bailey County Infantile Paralysis Chapter when the board of directors met Tuesday in the office of Cecil H. Tate, county judge. Mr. Stovall will succeed Bondy Ray, who has served as head of the organization the past year.

Sam E. Fox was elected as vice-chairman. Mrs. Mary Frances Holt was named secretary and Miss Mildred Davis, treasurer.

Directors of the county chapter are Buford Datts, Noel Woodley, Pat R. Bobo, J. M. Forbes, and Cecil Tate.

Chairman Stovall will call the officers and directors together in October to map the coming drive for funds, the annual March of Dimes, which not only aid the National Foundation for Infantile Paralysis, but contributes directly toward the hospitalization whenever polio strikes in the county.

Attending the meeting Tuesday were: Mrs. Cecil Tate, Arthur Crow, Buford Butts, Noel Woodley, J. M. Forbes, A. S. Stovall, Pat R. Bobo, and Cecil Tate.

Mrs. Tate has served the past year as secretary and Mr. Crow has been treasurer for several years.

### FARLEY VISITORS

Mr. and Mrs. Neal H. Farley of Austin, Texas visited in the home of their aunt and uncle, Mr. and Mrs. J. H. Farley. They were en route to Dodge City, Kansas after touring the state of New Mexico and parts of old Mexico.

## Portales Paper Tells Home Folks Sad News Sunday

It was a sad day for Portales and for the Portales Rams and their proud followers when the "underdog" Muleshoe Mules Friday night handed them, according to the Portales Daily News, the "Worst Defeat in Five Years." The game, played here, ended 39 to 0 with the Mules on the long end of the score.

Excerpts from the Portales paper's write-up, composed by Sonny Foster, sports editor:

"Not since November 9, 1945, have the Rams been whipped with such finality. Then, it was Carlsbad roaring over Portales 46 to 0 on their way to the mythical state championship.

"Summed up briefly, the sad encounter Friday night showed the Rams could do nothing right. The Mules could do nothing wrong. So complete was the Muleshoe domination at Portales was held to 94 yards from scrimmage while the Texans were rolling up 215. While the Rams, aided by two penalties picked up five first downs, the mornin' Mules bucked to 13.

"Through the air, Portales picked up zero yards. Not one of 10 passes were completed and two were intercepted. On the other hand, the Mules tried only six passes and completed four for 129 yards.

"Although Ray Kersey and Road Johnson were just short of brilliant for the Mules, the game's most outstanding player was the Muleshoe quarterback, Ed Nickels. "Nickels' field generalship was terrific. He set up Kersey-Johnson gains with good quarterbacking and had a personal hand in four Muleshoe touchdowns. He passed for two of the six-pointers, sneaked over for another, and intercepted a Ram pass to crash 15 yards for still another touchdown."

## Baptists Plan State Convention

FT. WORTH, Sept. 8—There'll be room enough for all when the Baptist General Convention of Texas meets in Ft. Worth in November.

In addition to the hundreds of hotel rooms that will be available, thousands of homes, possibly 5,000 will be thrown open for the messengers (delegates) and visitors.

Sessions of the convention and two auxiliary meetings which will be held in the Will Rogers Memorial Coliseum and auditorium. The Coliseum will have a seating capacity in excess of 13,000 and there are 3,000 seats in the auditorium.

Work on the programs for the Woman's Missionary Union and Brotherhood, which meet Nov. 6 and 7, is progressive and plans for the general convention which will open the night of Nov. 7 will be completed soon.

Dr. R. G. Lee, Memphis, Tenn., president of the Southern Baptist Convention, will be the opening speaker.

Cong. Brooks Hays, Little Rock, Ark., vice-president of the Southern Baptist Convention, will be the main speaker at the opening session of the men's brotherhood.

Dr. Samuel E. Maddox, Richmond, Va., will speak for the women's convention. Maddox is personnel secretary for the Southern Baptist Foreign Mission Board.

## Have You Seen This Tahoka Dog?

An open letter to the people of Muleshoe and surrounding area:

Dear Friends:

Did you, or your child, ever lose a life-long pet? Many of you have had that experience and it hurts, doesn't it?

On Friday night, September 8th, many of you came to the football game between Muleshoe and Tahoka, at Tahoka. Some of you probably saw a blond Cocker Spaniel on the field. This dog disappeared that night and I have made every effort possible to locate him but to no avail. I write this letter as a last means of hope that some honest person has this dog.

Due to his playful nature he would get into most any one and it's possible that this happened. We are very fond of him and his loss has left an empty space in our home. Our little boy, my wife and myself miss him an awful lot.

So, if you have this dog or know of his whereabouts, please contact us at once. We will be glad to pay any expense involved and a reasonable reward for his return or any information leading to his recovery. No questions will be asked and no names will be called on information received.

This description may help. I have positive identification I'll give before claiming. Reddish-blonde, male, 3 years old. Answers to "Prince". No collar or harness when last seen.

Write or call:  
D. R. Grayson  
Tahoka, Texas  
Phone 464-W

## State Officials To Lubbock Fair

JOHN C. WHITE

LUBBOCK, Sept. 18—Price Daniel, Attorney General of Texas, and John C. White, newly elected State Commissioner of Agriculture, will lead the giant parade of "Progress" to be staged in Lubbock on the opening day of the Panhandle - South Plains Fair.

The parade will begin at 2:30 p. m. Monday, October 2.

Daniel and White will be principal speakers on the Old-Timers Day Program Monday afternoon. White will speak at 5 p. m. in front of the Fair Grounds grand stand. Daniel is scheduled to speak at 7 p. m. prior to the opening of "Panorama of the Plains."

Both Daniel and White will crown the winners of the "Miss Lubbock" and "Miss South Plains" contests during the court scene

### NOTICE TO PUBLIC

STATE OF TEXAS,  
BLANCO COUNTY:

The Blanco County Commissioners Court will receive bids for a cash lease on a 739 acre farm, located about 13 miles South East of Muleshoe in Bailey County.

Lease to run for 3 years, beginning January 1st, 1951, and ending January 1st, 1954. Lease payable annually, cash in advance each 1st day of January. A certified check for 1st year must accompany each bid.

Bids will be opened at 9 o'clock October 23rd, 1950, in Commissioners Court room in Johnson City, Blanco County, Texas. The Court reserves the right to reject any and all bids.

C. H. STEVENSON,  
County Clerk, Blanco County,  
Texas. (SEAL) 38-31c

### FLOWER SHOW

There is a flower show, described elsewhere in this paper, as a part of the Fair, and the Muleshoe Garden Club is taking the lead in

staging this department. Ribbons will be given for the first three place winners in each class, and any variety will make up a class. There also are classes for arrangement.

"Sure, I'm taking the family to the Fair and we're going to visit Texas Machinery Co.'s booth.

## Scout Caravan In This Area September 22, 23

The Coronado Caravan, comprised of Girl Scout good-will trippers from different sections of the Coronado Girl Scout Area, will tour the area September 22 and 23, according to Mrs. Jack McCullough, Area Public Relations chairman. The Coronado Area includes Curry, DeBaca, Quay, and Guadalupe counties in N. M., Farmer and Bailey Counties in Texas.

"Purpose of the caravan," said Mrs. McCullough, "is to 'pep-up' interest in and support of Girl Scouting in communities already organized and to assist with re-organizational plans in Vaughn, Muleshoe, and Texico-Farwell.

A panel, comprised of L. H. Rhodes, area president, a local Association president, a troop

### REPORT TO ARMY

Gordon Thurman has taken his physical and will report to the U. S. Army Wednesday, September 20. He is formerly of Muleshoe and recently resided on a ranch near Arch, N. M. He was in the Merchant Marine in World War II. Gordon is the son of Mr. and Mrs. T. Thurman, Route 2, Muleshoe.

leader, a Brownie, Intermediate, and Senior Scout, and Marilyn Chancey, area professional worker, will discuss "What Girl Scouting Means To Me."

C. M. Henderson, finance officer, and Mrs. Anna D. Cook, area program chairman, will also be on hand to assist with local problems.

All Girl Scout adult workers in the area who can go on the caravan are asked to notify Mrs. McCullough, 510 E. 6th, Clovis, N. M., as soon as possible.

A complete itinerary, including specific date and time the caravan will be in each community, will be announced later.

Mrs. A. J. Lenderson is publicity chairman for Bailey County.

## Ernest Tubbs To Be At Tri-State Fair

ERNEST TUBBS

Entertainer at Tri-State Fair in Amarillo

The Tri-State Fair opens in Amarillo next Monday at 11 a. m. with a colorful parade led by the 36th Division Military Band from New Braunfels. Featured in the parade will be units of the National Guard, Naval Reserve and ROTC from throughout the Panhandle.

In addition, the fair's official band, from Shamrock, bands from other cities, commercial floats and riding clubs from over the area will add gaiety and sparkle to the big parade.

General E. O. Thompson, commander of the Texas National Guard, and other high ranking military officers will be in Amarillo for the annual celebration.

At the Fairgrounds the star-studded Grand Ole Opry with Ernest Tubbs, Hank Williams, Minnie Pearl will appear at afternoon and evening performances. On the Midway Bill Hames' Carnival will delight grown-ups and children. Other attractions include two free acts twice daily on the Midway and the giving away of two cars, one Wednesday, Sept. 20, and one Saturday, September 23, by Amarillo auto dealers.

The agricultural, livestock and educational exhibits this year are said to be "bigger and better than ever." Fair dates are September 18 through September 23.

## New Manager At Airport

Royce Smith, recently of Fort Worth, has been made manager of the Muleshoe Airport, and has assumed his duties here. Mr. Smith has had about four years flying experience and is qualified as an instructor. He is employed by Elvie Jennings, who has the airport under lease from the city, also owns the Benger Flying Service in Friona.

Mr. and Mrs. Smith are now at home in Muleshoe. He succeeds Emanuel Jennings, who met death in a plane accident while dusting cotton a few days ago.

Mr. Smith said he had been contacting students who are taking flying lessons to let them know the airport is open.

## MULESHOE HIGH CHORUS ELECTS OFFICERS

The Muleshoe High School chorus elected officers Wednesday, September 13. They are: Cora Stinson, president; Jim White, vice-president; Tommy Ann Drinkard, treasurer; Betty Thurman, reporter; Bobby Pittman and Cora Stinson accompanists.

Miss Davis directs the choir which is made up of about 25 pupils.

## C. A. BARNETT INJURED

C. A. Barnett had the misfortune to get an eye out two weeks ago. He spent a week in an Amarillo hospital but has returned to his home. He is much improved and it is thought that he will not lose the sight in the eye.

### Electric Lights Increase Production Of Eggs, Lengthening Hen's Work Day

COLLEGE STATION, Sept. 20.—Poultrymen can increase their fall and winter egg production and take advantage of the high prices of these seasons of the year by using the simple electric light.

For maximum production, a hen needs 12 to 14 hours of light a day, says W. J. Moore, associate poultry husbandman for the Texas A. & M. College Extension Service.

He explains that the electric light can be used to artificially lengthen the hen's laying day.

The use of artificial light should begin about the middle of September, and should be used until next spring. Moore cautions that the light rays must fall on the birds for best results, even if they stay on the roosts.

Moore says that it is not the extra feed which the birds may eat that keeps egg production up during the winter, but the effect of

the light. And it makes no difference whether morning or evening lights are used, although morning lights are more common since they are more convenient for the poultryman to use.

In using morning lights, the recommended procedure is to turn the lights on about 30 minutes before daylight in the fall of the year as the days begin to get short, and to turn them on a little earlier each morning as the days get shorter.

When evening lights are used, the lights are turned on in the late afternoon before dark, and are allowed to burn until the birds have received their 12 to 14 hours of light per day. Moore cautions poultrymen to dim their lights for a few minutes before turning them completely off so the hens will have time to get on the roosts.

Extremely large light bulbs are not necessary for providing plenty

### Queen's Contest Nearing End

LUBBOCK, Sept. 19.—With less than one week to go in the Queen's contest being staged in connection with the Panhandle South Plains Fair, area girls are rushing in their votes.

A Hale Center girl, Betty Thomas is leading the South Plains contestants with 247,305 votes. She took the lead away from LaQuita Robertson of Tahoka, who now has 232,760 votes.

Other standings released this week show Jo Hogan, 145,000; Miss Wanda Faye Marlin, 135,000 and Miss Patsy Claudine Locke, 235,000, all of Tahoka.

In Lamesa, Lawson County, girls and votes are: Miss Shirley Magill, 88,000; Miss Phyllis Martin, 56,000; Miss Carol Jones, 36,000; and Miss Winifred Burleson, 21,000.

Brownfield, Terry County, Miss Carol Brady, 151,800, and Miss Daina McIlroy, 83,500.

In Littlefield, Lamb County: Miss Connie Wray Hopping, 122,750; and Miss Nancy Jane Garrett, 71,000.

Abernathy, Hale County: Miss Beth Winder, 90,000; Mrs. J. C. Reynolds, 79,000; and Miss Katie Lou Smith, 184,880.

Muleshoe, Bailey County, contestants: Billie Faye Graves, 38,000; Miss Dixie Lee Jennings, 37,500; Mrs. Gay Sanders, 40,450; Mrs. Melba Fudge, 38,000; and Miss Kay Malone, 70,750.

Plains, Yoakum County: Mrs. Louise O'Neal, 152,700.

Plainview, Hale County: Miss Virginia Fields, 166,500.

Abernathy, Hale County: Miss Stambaugh, 150,000; Miss Pat Dyer, 91,500; and Miss Jerry Norris, 101,000.

Rails, Crosby County: Miss Betty Ruth Noble, 99,000.

Anton, Hockley County: Miss Sylvia Francelle Bincham, 112,000.

Leveland, Hockley County: Miss Theima Dee Kech, 113,000; Miss Alma Deere, 86,500; and Miss Lela Paxton, 90,500.

Lockney, Floyd County: Miss Mary Jones, 30,000.

The contest ends Saturday, September 23. The Queens, Miss Lubbock and Miss South Plains, will be awarded an expense-paid trip via Braniff Airways to Havana, Cuba, or a cash prize of \$500.00. The Queens may take a companion of their choice on the Air trip to Havana.

**FFA TO GATHER**

Six thousand or more Future Farmers of America will gather in Kansas City, Mo., October 9-12 for that organization's 23rd annual convention. The Santa Fe Railway will sponsor 70 of these youngsters who hail from states served by the company.

—Santa Fe Magazine

of light for the laying hens. Moore recommends using two 25 to 40 watt bulbs for each 400 feet of floor space.

### Recreation Equipment For The Home Grounds Provides Much Enjoyment

COLLEGE STATION, Sept. 12.—A few well chosen pieces of recreation equipment will increase the pleasure provided by beautiful home grounds, and when people enjoy their home more, they are interested in making it more attractive and keeping it that way, says Sadie Hatfield, extension specialist in homestead improvement of Texas A. & M. College.

Recreation equipment need not be expensive. Much of it can be made at home from scrap lumber, brick, or native stone. More elaborate equipment can be purchased but this eliminates the fun of making it.

Home ground equipment is useful for entertaining Sunday school classes and 4-H Clubs as well as other visitors and Miss Hatfield says that suitable equipment can be arranged, no matter what age the children are. She points out that sand piles and swings are fine for small children. Sometimes little equipment is needed; children can use their imagination upon rough boards or scrap lumber, stones, and other objects.

For teenagers, Miss Hatfield recommends the use of games of skill such as tossing bean bags at a bean bag board. And if a bean bag board is not available, a wooden box may be substituted and stones tossed into it. Sometimes an old tire is hung up and the object is to see how many stones or sticks can be tossed through it.

A picnic or a barbecue area will probably be of more interest to older children who enjoy doing some outdoor cooking and entertaining. Chairs and tables should be included in the lawn furniture. Children as well as older people enjoy pitching horse shoes and silver dollars—large metal washers are often substituted for the silver dollars.

Miss Hatfield says that using recreation equipment around the home grounds is a good method of getting the men and boys in the family interested in helping to plant shrubs and trees, to mow the lawn, and to prune trees and keep them in good order.

The wear and tear on the lawn which might be caused by the constant tramping of the grass can be avoided to some extent by using games that can be moved from

place to place. Miss Hatfield says that in her opinion, a lawn worn by playing feet is more beautiful than one that looks as if it has never been walked upon.

Extension service bulletin B-133, which you can obtain from your local county extension agents, deals with the construction of barbecue pits, and contains drawings of chairs, picnic tables and trays for outdoor use. Your local home demonstration agent's office also has information on books and bulletins which might be useful to you in developing a home recreation area.

### TO PLAINVIEW FRIENDSHIP NIGHT

Miss Elizabeth Harden, Mrs. Viola Layne, Mrs. J. A. Farley and Mrs. Horace McAdams attended the Plainview OES Friendship Night last Friday night. Several grand officers were present and a

very enjoyable time was had. Mrs. McAdams had a part on the program which was very graciously received.

## Butane-Propane FOR YOUR ENGINES

### ENSIGN CARBURETION

Thousands of successful Butane-Propane engine installations using ENSIGN Carburetion return handsome dividends in fuel savings and in greatly reduced maintenance. There is no hard carbon. Lubricating oil can safely run three to four times as long. Because Butane-Propane burns as a dry gas, lubricating oil is neither diluted nor washed from cylinder walls. This means longer engine life than with gasoline or diesel fuel. Tractors, trucks and stationary engines burning Butane-Propane run three to four seasons without overhaul valve grind.

**CONSULT SPECIALISTS**

The carburetion you buy and its method of application is the key to successful engine operation on Butane-Propane. ENSIGN, carburetor specialists for 36 years, pioneered Butane-Propane Carburetion and has perfected an highly efficient vaporizer and carburetor for maximum power, economy and safety. Insist on ENSIGN. Your local authorized ENSIGN Dealer is trained to make good installations. Let him check your engines. He will tell you what you can expect from Butane.
