

Freedom Crusade In Muleshoe

The Crusade for Freedom Campaign is now in Muleshoe. Freedom Scrolls were placed in the various businesses this week for those desiring to sign them. October 24 is the last day to sign in order that they may be returned to national headquarters in time to be enshrined with the Freedom Bell in Berlin, Germany.

The Muleshoe JayCees are sponsoring the campaign. This drive is in connection with the Freedom Bell which has toured the state and will soon be shipped to Germany where it will ring on the first day of operation of the powerful broadcasting station, "Voice of Freedom," designed to blast Communism behind the iron curtain where no other source can reach the people dominated by the Communist countries.

It is the goal of the Texas JayCees to secure 500,000 signers on the Freedom Scrolls to be sent to Berlin and enshrined with the Freedom Bell. Anyone wishing to donate anything for the cause can reach the people dominated by the Communist countries.

Scrolls are located at Western Drug, Dammor Drug, Cobb's, 1661 Cafe, Cross Road Cafe, Lone Star Drive-In and the Journal. As many persons as possible are requested to sign by the end of the week.

New Elevator And Seed Plant In Operation

The completion of a new grain elevator by Gilbreath Seed and Grain Company makes available to farmers of this area one of the most modern seed cleaning plants this side of Fort Worth.

This new warehouse for sacked seed will house some 25,000 bags of cleaned seeds, or can be used for bulk storage of grain and seed. The cleaning equipment and machinery of this plant is one of the newest in every detail. A car of bulk seed, or 80,000 pounds, can be cleaned and loaded in the car in only four hours.

This company is shipping seed to leading seed concerns in almost every section of the United States. Gilbreath Seed and Grain Co. will clean, sack, and store your sultan seed for you, or will store it for you in bulk until you are ready to seed.

They can now give you better service on seed than ever before because of the new plant and the most modern seed handling equipment.

The business was founded by the late J. T. Gilbreath, who died in 1947. The business has been under the management of his son, Rufus Gilbreath, since 1945.

Mr. Gilbreath invites all farmers in this area to stop by and inspect the new seed cleaning plant and elevator. Their ad announcing the opening of this new business appears on another page of this issue.

Restrictions On Cotton Lifted

Cotton acreage allotments and marketing quotas are off for 1951, according to an announcement made by Charles F. Brannan, Secretary of Agriculture, this week. Cotton growers can produce all the cotton they can in 1951 with no restrictions, and still have the assurance of price supports. The present law says cotton prices must be supported at between 80 and 90 per cent of parity next year. The level of support will be announced later.

The announcement does not alter the marketing quota program in effect this year. Producers who have overplanted their 1950 farm cotton acreage allotment must pay the penalty on the excess cotton regardless of when the cotton is marketed. Even if the excess cotton is held over and marketed next year, the penalty must be paid. Brannan called for at least 16,000,000 bales to be harvested next year and stated that the removal of all restrictions will help to insure this production needed to take care of increased domestic and export demand and to bolster reserves.

H. C. HOLT BETTER

The condition of H. C. Holt, who was taken to a Littlefield Hospital last week, is much improved. He is allowed a few visitors at this time.

Two Muleshoe Boys Receiving Training At Lackland Air Force Base

Pvt. Williams

Pvt. Booth

Pvt. Jimmie L. Williams, 18, son of Mr. and Mrs. Leo L. Williams, Rt. 1, Farwell, and Pvt. James Wilson Booth, son of Mr. and Mrs. Bryan Booth of Rt. 2, Muleshoe, have begun a course of indoctrination training at Lackland Air Force Base, "The Gateway to the Air Force," San Antonio, Texas.

In the basic training at Lackland they will receive a well-rounded military preparatory schooling for progress in a specialized Air Force career. During this initial course they will be given completed vocational and aptitude testing along personal guidance counseling to determine his entrance into a suitable technical training on leaving the Gateway Base.

X-Ray Machine For Mass Survey Of Chest In Muleshoe October 17, 18, 19

Next week the mobile X-ray machine of the Tuberculosis Association will be in Muleshoe Tuesday, Wednesday and Thursday to make free chest X-rays of persons in this area to discover hidden tuberculosis. The machine will be located in the office of the Southwestern Public Service and hours of operation will be from 9 a. m. until 5 p. m. The program is being sponsored by the Muleshoe Junior Chamber of Commerce with the assistance of the P-TA units of Muleshoe.

Your chest X-ray will bring good news. If it shows that you have a healthy chest, that is good news. If it shows that you have already fought a round with tuberculosis germs, and have won, that is good news. If it shows that you have TB in the early stages, before you have begun to feel sick, that is good news, too.

By discovering tuberculosis in the early stage, it is possible to effect a cure before the disease can do great harm and before it spreads to your friends and other members of your family.

These X-rays are made possible by the sale of Christmas seals each year and is part of the national program to stamp out tuberculosis. Tuberculosis kills several thousand persons in the United States each year.

These X-rays cause very little inconvenience. It is quick, harmless and non-embarrassing. To make the X-ray requires less than 30 seconds and a few seconds more to fill out a card. There is no danger of X-ray burns. When you have an X-ray made, you do not even know when the picture is taken. There is no disrobing below a shirt or dress and the X-rays are made in a standing position. All you have to do is remove your coat, step in front of the machine, and it is all over.

All the information is kept in strict confidence. If your X-ray shows negative, you will be mailed a card within two weeks saying that you are all right. If you show traces of lung infection, you and your doctor will be the only ones to know. By discovering TB in its early stages, it can be cured and the person can lead a normal life without endangering the life of others.

These X-rays often discover other ailments such as heart trouble, tumors, and cancers. They have not yet found what causes these diseases, but they have found the answer to tuberculosis and can cure it.

All persons 15 years of age and over may have one of these X-rays made. Anyone not having a way to the X-ray machine, and who wishes to have one made, may contact any of the named persons in Muleshoe and transportation will be arranged for them: Buddie Blackman, Mrs. Leon Smith, Mrs. Leon Julian, Tootie Middlebrook, Mr. Jerry Kirk, Travis Barnett, Harry Linderer or any other person on any of the committees.

The JayCees, Parent-Teacher Associations, and the State Health Department urge everyone to have an X-ray made if at all possible.

TO HAVE BAKE SALE

Mrs. Thompson's fifth grade room is sponsoring a bake sale at the E. R. Hart Co., Saturday, October 21, to start at 10:30 a. m. Everyone is urged to come in and buy a delicacy for the Sunday meals.

X-Ray Group Meets Tuesday

Approximately 40 persons attended a meeting of the committee chairman and members of the mass X-ray Drive for Bailey County in the district court room of the courthouse Tuesday night.

Dr. M. F. Green, of the Green Hospital and Clinic, was principal speaker for the meeting and gave interesting facts and information concerning tuberculosis. He outlined the different stages of the disease, explained how it could be spread, and showed the group X-ray pictures of persons having tuberculosis and infected lungs.

The X-ray machine will be in Muleshoe, Tuesday, Wednesday, and Thursday for chest surveys of Bailey County residents. Any other person who does not live in Bailey County may feel free to have his chest X-rayed.

Travis Barnett, general chairman, was in charge of the meeting. Tootie Middlebrook, chairman of the house-to-house campaign, outlined the duties of this committee to members present from all communities in the county. Harry Linderer, chairman of the publicity committee, distributed literature and circulars on the X-ray program.

JayCee president Buddy Blackman, in charge of the location committee, also made a talk to the group and urged them to support the campaign to their utmost. Mrs. Leon Julian and Mrs. Leon Smith, presidents of the local P-TA organizations were present. Other committee chairmen present were Carroll Howell, and Jerry Kirk, transportation.

Miss Bessie Williams, teacher of the school here, and representatives to assist in the campaign in the Negro community in Muleshoe, were also present at the meeting.

FFA Boys To State Fair

The Future Farmers have 42 hogs in the Fair Show Barns on the high school grounds conditioning them for the Texas State Fair at Dallas.

Each hog gets a bath and a hair-do once a week and is taken for a walk in the sunshine each day. They get their meals cafeteria style and are served yellow corn, shorts, tankage, and minerals.

The boys who have hogs in the barn are Keith Bray, Delton Huggins, Ted Harrison, Billy Joe Morrison, Billy Wayne Wagnon, and Bennie Morrison. On Saturday the hogs will be carefully sifted and about 30 of the best ones will be loaded for the Dallas trip Sunday. Jack Heald and Mr. Morrison will take them and others to Dallas in trucks.

The boys will show on Wednesday and Thursday of next week and the hogs will be sold on Saturday. Mr. Dowell had been scheduled to take the boys down in his car but his business affairs will not permit him to leave Muleshoe at this time so Mr. White will take his place and accompany the boys.

Change In Form Of City Government Gets Airing; Election Is October 28

Group Favors Change To Five Man City Council - Reasons Explained

The Journal is presently carrying the legal advertisement for an election to be held in Muleshoe on the 28th day of October. This issue itself to determine whether or not the City of Muleshoe shall remain a commission form of government, which requires a mayor and two commissioners; or shall change to an Aldermanic form of government, which requires five aldermen and a mayor. Under the law, as we are informed, if the government is changed to an aldermanic form of government, there will be a vacancy of three commissioners, and the people will be afforded an opportunity of electing these commissioners.

The commissioners, whose candidacy will be offered, have expressed themselves as being opposed to the parking meters. This issue originally came up when the City Commission entered into a contract with a parking meter concern to install parking meters. The business men of Muleshoe, or at least a large number of them, felt that they should be consulted before parking meters were installed in front of their places of business and public meetings were called by Mayor H. D. King, at which time a large number of people voiced their opposition to the parking meters and requested the Mayor to call an election, as was done in whether or not the people wanted the parking meters; but the Mayor steadfastly refused to call an election and advised that he had made a contract and was going to stick with it.

The purpose of this election is to place three commissioners on the City Council who will either be willing to repeal the parking meter ordinance, or submit the question to the qualified voters of the City of Muleshoe, as the people requested.

Another matter which has caused considerable concern in our city government is the budget which provides for \$6,000.00 to be expended in the creation and maintenance of a city court. Many business men feel that Muleshoe now has two judges who have jurisdiction to try any case which would be involved over a city ordinance of the City of Muleshoe, and that neither of said judges is kept busy with this kind of work. In fact, many of the business men feel that two judges are too many at this time and that it is wholly unnecessary to expend \$6,000.00 per year for the maintenance of an uneeded court. This, and many other items will be threshed out in this election.

It might be of further interest to the readers to know that at the same time a petition was presented for the calling of an election to change the form of government, a petition was also presented for the calling of an election to elect three commissioners, and it was thought that both sides would place the names of three commissioners on the ticket, and the people would have an opportunity of selecting which aldermen they wanted. But the Mayor, we are informed, has refused to call this election and at present time it was not learned whether a mandamus suit would be filed against the Mayor requiring him to call this election, or not; but there was considerable talk on the streets that such action should be filed.

No definite decision has been reached on this matter at this particular time.

N. H. Greer, Houston Hart, "Happy" Wagnon, and Thurman White, Committee acting for group favoring change to Aldermanic form of City government.

Dr. A. S. Smith To Conduct Fertilizer Meeting At Jones Farm Store Oct. 18

Dr. Arthur M. Smith, Baltimore, Maryland, and chief agronomist of the Mathieson Chemical Corp., will be guest speaker at a fertilizer and soil meeting to be held at Jones Farm Store Wednesday night, October 18, at 8 p. m.

Dr. Smith has more than 20 years experience working with fertilizers at experiment stations and chemical companies all over the United States. He has been working with high analysis fertilizers and is one of the outstanding fertilizer authorities in the nation.

At present, he is making a survey of soils and fertilizers of the Plains area for Mathieson Chemical Corp., and this will be the subject of his talk.

Dr. Smith should be able to answer any question pertaining to fertilizer for this area.

Chief Jones, owner of the store, said, "This meeting should be of special interest to farmers in this area. It will give them an opportunity to hear one of the most outstanding authorities on the use of fertilizer in agriculture. It will probably be several years before we have an opportunity to hear anyone like Dr. Smith speak again." He invited everyone that is interested to attend this meeting. Refreshments will be served.

Other representatives of Mathieson Chemical Corp., who will be present at this meeting will be Ed Pearson of Houston and Walter O'Neil of Plainview.

Mr. Jones reported that the dairy meeting held at the store Tuesday night was successful, and that a large number of persons attended. Mr. Jones and other local men will leave here Saturday for St. Louis, Mo., where they will be guests of the Ralston-Purina Co. and will go through their research farm at Gray Summit, Mo.

part of the first quarter, secured a safety in the second and another tally in the third and fourth quarters. Muleshoe scored in the early part of the fourth quarter.

INJURED IN AUTO CRASH
Earl Ladd, owner of Muleshoe Implement & Supply, was injured Tuesday shortly after noon when the jeep he was driving was hit by a pickup. He is undergoing treatment at the Green Hospital and Clinic.

STEPHENVILLE VISITORS
Mr. and Mrs. Walter Seales of Stephenville spent the week end here with Mr. and Mrs. B. M. Seal, es.

HOME FOR THE WEEK END
Estelle Dawson and Christine Moore were home for the week end. They are both attending Wayland College in Plainview.

Don't forget to have your chest X-ray made Tuesday, Wednesday or Thursday. Don't wonder if you have TB. KNOW!

City Commission Members Review Their Acts, Plans For Progress

The people of the City of Muleshoe will go to the polls Saturday, October 28, to decide whether the present city commission form of city government shall be changed to the aldermanic form. The city commission members have prepared a statement outlining their work since assuming office. The Journal presents the statement here exactly as written, for the information of all concerned, as follows:

TO THE VOTERS OF THE CITY OF MULESHOE:

On the 28th day of October, 1950 the voters of our city will be asked to pass upon the question of whether the present City Commission form of government shall be continued or whether we shall revert to the outmoded and more expensive aldermanic form of city government. The real issue behind the calling of such an election and behind the activities of those who are supporting the proposed change has grown out of the controversy over installing parking meters in the Muleshoe business district on a try out basis for six months.

Apparently this campaign is being pitched upon the basis of becoming a vote of confidence, or a lack of confidence, in the administrative ability of the present city commission. We three Muleshoe citizens would like to make our position clear. Not a man of us asked for the onerous duties which have been imposed upon us as your City Commissioners. We were requested to stand for election to the City Commission as representative businessmen who might be able to apply sound business methods to the administration of the city's affairs.

We did not seek election upon any promises as to what we would be able to do, but when we got into the problems of city administration, we found that we were confronted with many problems. We do not intend to be critical of the previous administrations; it is just a matter of a small town growing larger and its problems growing larger as it grew. It is only natural that proposed changes always go against the grain of most of us, and especially those who prefer to sit on the sidelines and criticize instead of assuming their share of the responsibility for serving on the commission and for changes which are necessary if we are going to keep pace with progress.

We found when we took over the duties as your city commission that there was no established system of bookkeeping nor fiscal control. The gross receipts to the city from its tax program and its water and sewer system—which are its only source of revenue—amounted to approximately \$80,000.00 per year. Thus we thought this was a business of considerable proportions to be operated without any regular bookkeeping system. Furthermore, we found that there were approximately \$3,500.00 in delinquent accounts, some of which were more than two years old, which were just debts of the city and the continued neglect of which would certainly have seriously affected the credit standing of the city of Muleshoe. We also found there was no city court in existence and that all misdemeanor violations within the city of Muleshoe were being handled by the county, and all fines went into the county fund. The city was paying a night watchman, but all revenue produced by his efforts at enforcing the law within the city went to the county.

When we took over the duties as the City Commission on April 4, there was \$1,900.00 in the bank and all tax money for the previous year had been exhausted. Since then we have tried to build a foundation to work from.

(a) A regular system of bookkeeping has been established and a regular bookkeeper employed to handle all city funds upon a business basis. We have undertaken to make sure that that portion of the tax money which must be set aside to retire the bonded indebtedness of the city is properly differentiated from the tax monies available for general purposes.

(b) We have employed a City Attorney for a reasonable retainer to advise the city upon legal problems arising in the management of its affairs and to represent the city in the Corporation Court.

(c) We have created a Corporation Court having authority to handle all law violations properly within the jurisdiction of the city, and all fines imposed by the Corporation Court are now being paid to the city.

(d) We have begun a paving program which we hope may be continued without interruption as available funds will permit.

(e) A daytime policeman has been employed and speed zones have been established around the schools and hospital for the protection of the children of the city against irresponsible and reckless driving.

(f) We have paid all delinquent open accounts outstanding against the city and are undertaking to keep all city expenditures on a current basis.

There are a number of other improvements in the management of our city affairs which are badly needed and for which plans should be made as soon as the financial condition of the city will permit. Some of these you will readily recognize as being seriously needed:

(a) Our Fire Department equipment needs to be improved immediately. The State Board of Insurance Commissioners has warned the City Commission a number of times that unless improved equipment is installed at an early date that the 25% "good fire record credit" which is allowed upon our fire insurance premiums will be withdrawn. We have an excellent Volunteer Fire Department to be proud of, but it takes good equipment to maintain a good Fire Department, and especially one recognized and accepted by the State Board of Insurance Commissioners.

(b) There is a definite need for additional equipment both for street maintenance and garbage disposal, and we are trying to plan for the day when this needed equipment can be supplied.

(c) Our city street equipment and garbage disposal truck are now kept on the streets or parked on other people's property, and we should look forward to the early building of a suitable warehouse in which such equipment and water and sewer pipe and other supplies may be kept and maintained. This is only a matter of good business that all city equipment and supplies should be kept better, together and properly housed.

(d) If the city continues to grow, it is evident that we should look forward to a suitable location whereby enough property could be acquired for a city hall, improved fire trucks and warehouse facilities.

(e) We are planning a building code to be in force by which the proper standards of plumbing and wiring can be maintained as a protection against fire hazards and unsanitary conditions. Such a code should be established by city ordinance immediately, and we hope to have one framed and presented at an early date.

(f) We look forward to the time when the city's condition will be such that a full-time City Manager may be employed so that a closer supervision may be given to the management of the city's affairs generally, and particularly the water, sewer and garbage disposal system, and supervision of street maintenance. In our opinion, closer management of the city affairs would accomplish enough saving to pay the salary of such a full-time City Manager, when a competent man can be found that can carry out a well planned program.

If we are going to make Muleshoe a progressive place in which to live, we are going to have to keep a sound fiscal policy and sufficient sources of revenue to maintain a progressive program.

We urge that all voters turn out and help decide this issue on Saturday, October 28, 1950.

TO LUBBOCK AND MULESHOE
Misses Nell DeShazo, Carmeleta Raines and Jo Crook, teachers in Carlsbad, New Mexico school, attended the West Texas-Tech football game at Lubbock Saturday night and visited in the home of Nell's parents, Mr. and Mrs. J. J. DeShazo over the week end.

ATTEND DINNER AND MEETING
Dr. and Mrs. B. R. Putman of Muleshoe plan to attend a dinner to be given by the South Plains Optometric Society at 7:00 p. m. Thursday, October 12th at the Chicken Village, 1318 19th Street, in Lubbock. The out of town South Plains Optometric Society members and their wives will be dinner guests of the Lubbock members.

Following the dinner the South Plains Optometric Society members will hold their regular monthly meeting in the offices of Drs. Petty and Dean, 7 Park Place, and the Women's Auxiliary will meet in the home of Dr. and Mrs. C. M. Neel, 2621 23rd Street.

BABSON DISCUSSES "OUR CITIES"

BABSON PARK, MASS., Oct. 6—It is an old saying that "every cloud has a silver lining". Certainly, this applies to the bomb scares through which certain big cities are passing. These scares offer great opportunities to wide-awake small cities.

What Statistics Show
The figures which have come out show clearly that the largest cities have passed the zenith of population growth within their corporate limits. The indications are that many of the cities have had a distinct decline in rate of increase since 1945, while the suburbs are the greatest winners.

This trend against living in large cities has shown itself in other ways. Some insurance companies and banks are less willing to take loans on business property in such cities. Some investors are selling out their stocks of the public utilities of these vulnerable cities. Real estate operators are feeling

Roger W. Babson

the results of the public's fear of living in big cities with the accompanying increased demand for suburban home and business locations.

Importance Of Decentralization
Perhaps the most important factor against the big city and in favor of the small city are the official statements of our government against atomic bombs is decentralization. Those placing government orders for vital supplies are giving preference to manufacturers who have several decentralized plants. They strongly recommend to those with only one large city plant, that a supplemental plant be built in some small community a reasonable distance away.

Only a few weeks ago a bill was prepared for submission to Congress for an appropriation of \$150,000,000 to build a temporary "Capitol" about sixty miles from Washington in the hills of Maryland. The plan was tabled by two groups: (1) Senators from the central West believe that—in an emergency—the Federal Departments now in Washington should be distributed amongst the safe capital cities of the Central Western

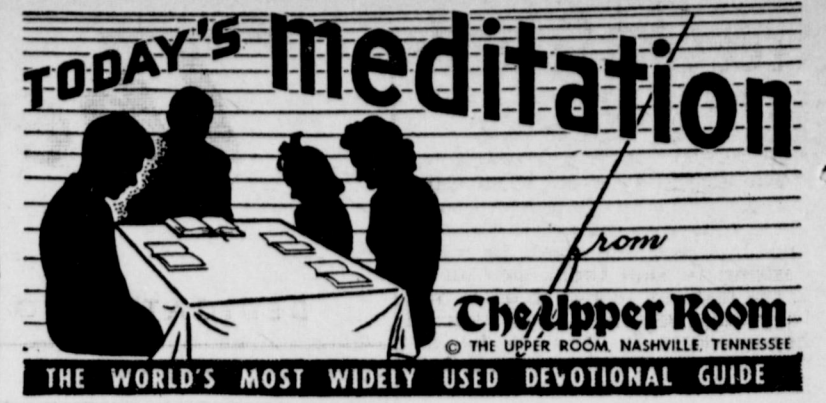

Prevention Of Rust Is Important For Good Service

DETROIT.—Prevention of rust and corrosion in automobile cooling systems is important for continued good service of the car, E. L. Harrig, manager of the Chevrolet service and mechanical department, said.

"Judging from the limited use of corrosion inhibitors with water it is apparent that many motorists do not realize the seriousness of this problem," Harrig said. "In the winter, the standard anti-freeze products contain inhibitors which prevent corrosion. But the problem is even more serious in warm weather or in southern climates because of higher operating temperatures."

Oxygen from the air in the cooling systems is the most serious cause of corrosion. Harrig cited other causes as presence of corrosive mineral salts in the water, exhaust gas leakage into the cooling system, use of unneutralized acid — or alkaline cleaner solutions and the use of certain acid containing stop leak preparations. Radiators should be flushed and cleaned before use of anti-freeze or corrosion inhibitor solutions. In cold climates, the inhibitor in the anti-freeze solution is adequate and should not be mixed with other inhibitors. In spring, the system should be drained and flushed and an inhibitor added for summer. However, if the permanent type anti-freeze (ethylene glycol) is used, it may be left in the cooling system during the summer.

In warmer climates, the cooling system should be flushed and cleaned every spring and fall, and a fresh filling of a good corrosion inhibitor added.

THANKS BE TO GOD
". . . there was great joy in that city (Samaria)." Acts 8:8. Read Acts 8: 1-8.

A pastor of the Evangelical Church in Egypt, formerly a Moslem, once gave this testimony about his change of faith. He said, "Christianity appealed to me as a religion of song." He saw that Christians were filled with joy. The ministry of Philip the Evangelist is a glowing witness to this great truth. If any man ever had reason to be sad, Philip was that man. He had lost a dear friend, Stephen, the first Christian martyr. The believers had been compelled to flee from Jerusalem. The Church was scattered. To all appearances, the cause to which he had consecrated his life was lost. Yet Philip could not abandon the Christ who had revealed a joy and hope that triumphed over persecution and peril. Wherever he went, he left a trail of joy behind him.

Of all the disciples in the New Testament, Philip is singled out with the title, "the evangelist," "the bringer of good news." His glad spirit was infectious because his life centered in Christ.

PRAYER
Eternal Father, the God of all blessings, we pray that the victory

of Christ over sin and death may bring thanksgiving, gladness, and peace to all people in our troubled world. In His name. Amen.

The FIRST and FINEST in the FIELD

The Humboldt STALK CUTTER

Farm Tested and Proven Over 3 Years NOW IMPROVED!

For Finer Shredding, Cleaner Plowing and Better Borer Control, get the HUMBOLDT CUTTER. It's the FIRST in the field . . . often copied, but never equalled. Over 10,000 users. Cuts and shreds corn stalks, cotton stalks, maize, beans, potato vines, etc., faster and finer. Saves discing time and results in easier, cleaner plowing.

CHECK THE HUMBOLDT FEATURES

- NEW LOWER PRICE—because of longer manufacturing experience and economical production.
- WIDER STALK RECEIVERS—for maximum stalk coverage.
- NO GEAR BOXES, NO CHAINS to break—V-belts absorb sudden shocks.
- FASTER—cuts and shreds the stalks instead of beating the ground.
- CUTS and SHREDS in WET, DRY, or FROZEN SOIL.

INVESTIGATE THE HUMBOLDT CUTTER
Tractor-driven from the power take-off. Cutting knives or swinging hammers whirling at more than 1,000 r.p.m., cut and mangle the stalks into small bits. Adjustable cutting height. GUARANTEED AGAINST FAULTY WORKMANSHIP AND MATERIALS.

States which already have the facilities for housing these Departments. (2) The real estate boards of the big cities—especially Washington—strongly oppose any such move for fear of it starting a real estate panic in these big cities.

What Your City Should Do
Certainly, this offers a great opportunity to the Chamber of Commerce of every small city. Don't be content with forming a "Defense Committee". Also form a "Decentralization Committee", to systematically canvass manufacturers with plants in nearby big cities to consider moving to your city, giving them its advantages and opportunities. There are several ways to do this but the most practical is as follows.

Hold a meeting of your businessmen and ask each firm to supply the secretary of your new "Decentralization Committee" with the names of concerns in large vulnerable cities from which they buy goods. Then have these big city firms allotted to different local businessmen who will be asked to write on their own letterheads to certain big city firms urging them:—first to protect their customers by having a plant in some safe small city; and secondly to consider "our city" for such a plant.

It is well for big cities to form DEFENSE COMMITTEES, but no such committee will advance its business concerns to move out. True defense depends upon the activity of DECENTRALIZATION COMMITTEES of the small and safe cities to urge such moving.

From where I sit . . . by Joe Marsh

Ought To "Polish Up" Her Traffic Manners!

Spent most of yesterday over at the Court House. "Tiny" Fields, the biggest and fastest-talking of our three policemen, was holding forth about his traffic troubles.

"Women drive just as good as men do," Tiny said, "and just as bad. For instance—a girl in a convertible today. She started a three-block tie-up all by herself.

"She's creeping down Main Street—left hand stuck out and sort of waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about something. Nobody dares to pass. When I stop her and ask what's up, she smiles sweetly and explains that she's drying her nail polish!"

From where I sit, that girl's typical of certain folks who are so wrapped up in themselves, they never notice they're not being fair to others. Our neighbor has a right to drive in safety—just as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.

Joe Marsh

Shower Honors Mrs. Jess Winn

A Miscellaneous wedding shower was given honoring Mrs. Jess Winn Monday, October 2, from 2:30 to 4 o'clock in the home of Mrs. Sue Whitley.

Mrs. Winn is the former Miss Laverne Lewallen.

Guests were received at the door by Miss LaQuitas Whitley and registered in the guest book.

Red and white dahlias decorated the table where the gifts were displayed. Mrs. Winn received many lovely gifts.

Eighth Grade Class Meeting

The Eighth Grade Class of Muleshoe Junior High School had its first class meeting Monday morning in the Study Hall. The principal Mr. Perkins met with the class along with the sponsors Mrs. Page, Mrs. Spivey and Mr. Davis. It has been decided to have two social activities sponsored by the school during the year.

Mrs. Spivey is chairman of the social committee; Mrs. Page is chairman of the refreshment committee and Mr. Davis is chairman of the nominating committee. The nominating committee will give its recommendations in the next meeting, which will be on October 15th.

The following students were selected to serve on that committee: Sybil Jackson, Maris Jo Henington, Barbara Douglass, Hulon Freeman, Jack Jones and Ernest Martin.

BAKE SALE SATURDAY
Progress W. S. C. S. will have a bake sale the coming Saturday, October 14, at the Piggly Wiggly Store.

Watson W. M. U. In Meeting

The W. M. U. of Watson Baptist Church met Monday, at the Church. A short business session was held with Mrs. J. Smith, president, presiding.

Rev. W. O. Wilson, led the group in a bible study of the fourth chapter of St. Matthew.

Some of this month's accomplishments by the WMU were: A Missionary offering and Day of Prayer program; a large package sent to Buckners Orphan Home; the setting out of grass for the Church lawn.

Present at the Monday meeting were Rev. and Mrs. W. O. Wilson, Mrs. Joe Smith, Mrs. A. D. Crow, Mrs. A. O. Mitchell, Mrs. Chester Petree and Mrs. Bernie Camp.

Bailey County Has Betsy Rosses

Two Bailey County women who are members of the Muleshoe Home Demonstration Club attending the training school held in Morton on October 6, in order that their County might have a United Nations Flag to display on United Nations Day, October 24.

Mrs. Roy Carney and Mrs. A. W. Copley were the modern Betsy Ross' who took their thimbles, needles, thread and cloth to Morton and made a United Nations Flag. This flag is three feet by five feet in size. The background is blue and in the center is the world, an emblem in white, and around this is a white wreath. This flag will say "we are behind the United Nations and our boys in Korea". It will be flying for us all. The United Nations is the hope of the world.

This flag-making plan was sponsored by the National Citizens Committee for United Nations Day. The Extension Service of the United States Department of Agriculture has made the information and demonstrations available through the county home demonstration agents. Since Bailey County does not have a homee demonstration agent at this time our women who made the flag to be flown in our county were permitted to attend the training school

THE MULESHOE JOURNAL, Thursday, October 12, 1950

SURPRISE BIRTHDAY PARTY HONORS MRS. STEPHENS

A surprise birthday party honoring Mrs. C. C. Stephens was held in the home of a son Lloyd Stephens and family last Thursday. Attending were Mr. and Mrs. Hubert Gammon and son, Mr. and Mrs. J. K. Adams and children, Mr. and Mrs. Clinton Busby and daughter, Mr. and Mrs. N. C. Tubbs and family, O. T. Carter of Stephenville and Mr. and Mrs. A. H. Freeman.

No one objects to how much you say if you say it in a few words.

given by Miss Mabel Ann Manley Cochran County home demonstration agent.

Plunkett Shows To Be Here Next Week Under Auspices Of JayCeers

PICTURED HERE is one of the outstanding acrobatic acts of the Plunkett Stage Shows which will be here next week. This feat is an example of the utmost in balance, precision, and strength.

The Plunkett Show, appearing under the auspices of the Muleshoe Junior Chamber of Commerce, will be in Muleshoe on Thursday, Friday and Saturday, October 19, 20 and 21. Their enormous tent will be located behind the telephone office on Ave. B. and West 2nd Street.

Thirty people will appear on the stage each night. A different 3-act musical comedy will be presented each night and will feature gorgeous girls, lovely wardrobes and spectacular lighting. This is the West's largest tented stage show and will seat 1200 persons.

Also appearing will be Capt. Plunkett with his trained seal and dog acts and "Congo", the chimpanzee with the human mind. Plays presented will be first night, "Turn in The Road," second night, "Saintly Hypocrites and Honest Sinners" and third night, "My Blue Heaven." A new feature has been added to the show this year. Corley Plunkett youngest of the boys featured in the show the last three years as America's No. 1 trampoline performer, does a triple full twister on the trampoline. He is also an accomplished singer, dancer and plays the trumpet.

The Muleshoe JayCeers will receive part of the proceeds to aid them in their local projects. All persons are invited out for good, clean entertainment the entire family will enjoy all three nights of the show.

New Garage To Open Soon

Another new auto repair service will open in Muleshoe in the near future. It will be located in a new brick building which is nearing completion on the highway at the west end of town. The business will be operated by B. A. Deering, assisted by T. H. Dearing. Mr. Dearing also plans to operate a used car lot in connection with the auto repair shop. Opening will be announced at a later date.

Auto Industry Given Review

Beginning with a construction of 4,192 units in 1900, the automotive industry in the U. S. climbed to a peak manufacture of 6,253,602 units in 1949. The 1949 production by the industry was valued at \$8,400,000,000.

These and other facts about the industry were brought out by Arnold Morris, of Arnold Morris Auto, speaking before the Muleshoe Rotary Club Tuesday. He gave his classification talk in the absence of a set program for the day.

He brought out that 25 per cent of the businesses of the U. S. are affected directly by the automobile business, perhaps the largest class of business in the U. S. For instance, 1 out of 7 workers in the country are employed in the automobile industry.

Mr. Morris said the development of the auto has done a lot to get us off the back porch and into the stream of development and advancement. The business probably influences more of our lives than any other single force. Schools operate about 98,000 buses to transport 24 per cent of the children of the country to and from school. Mr. Morris said that the mortality rate among brands of automobiles has been high; of 1,500 differently named automobiles, only 27 have survived and are still being made.

Guests for the day included Norman Abrams, member of the Waco, Texas, club; and Mac Woodrum, Lubbock, of the Veterans Administration. First issue of "The Wheel", publication of the local club was passed around at this meeting.

Use Of Water Shows Decline

Use of water during the six summer months of 1950 in Muleshoe fell 1,446,500 gallons under the amount used in the same months of 1949, figures released by the city office Wednesday show.

In the months May through September last year the pumping figure was 8,056,300; for 1950, the total was 6,609,800.

By months last year the pumping was:

May, 953,100; June, 1,398,100; July, 1,162,600; August, 1,761,100; September, 2,781,400.

For 1950 the pumping in these months was:

May, 1,187,900; June, 1,609,000;

Amarillo Men Visit Here Today

Amarillo's goodwill special train came to Muleshoe at 3 p. m. today, bearing a number of Amarillo business men and their band. The local school children turned out to greet the visitors and the high school band helped add to the festivities.

The Amarillo men were on a tour of the trade territory.

July, 1,416,400; August, 1,298,600; September, 1,097,900.

Copious rains this summer undoubtedly was the cause of the slump in water usage this year. During the last twelve months, R. J. Klump the city secretary, said consumption has totaled 11,817,100 gallons, or an average of nearly a million gallons per month.

Feed The Land And Fatten The Crops Is Good Slogan For Texas

COLLEGE STATION, Oct. 10.—"Feed the land and fatten the crops" is a good slogan for Texas farmers to adopt, because plants must have plenty of the right kind of food in order to grow well and produce big yields, says E. A. Miller, agronomist for the Texas A. & M. College Extension service.

Good crops cannot be grown without sufficient plant food, even when the best seed and cultivation methods are used. Miller points out that plants also need plenty of water and suitable soil conditions to grow in.

He states that feeding the land by plowing under a well-inoculated and fertilized legume is the best way to provide these important items. Legumes supply plant food, especially the high-priced and badly needed nitrogen, which they get from the air by means of bacteria in the nodules on the roots.

Organic matter or humus, supplied by the legumes when they're plowed under, improves the condition of the soil and thus makes it more suitable for plants to grow in. And the more organic matter there is in the soil, the more water there will be for the plants because the vegetation that decays in the soil acts like a sponge and increases the water holding capacity of the land.

Miller reports that increased cotton yields of over 100 pounds of lint per acre were obtained when cotton followed hairy vetch on the East Texas Experiment Substations at Nacogdoches and Tyler. And corn yields were more than doubled at these substations. On the more droughty soils at College Station, vetch increased cotton yields 59 pounds per acre.

At the Temple Substation in the blackland area, cotton following phosphated and inoculated hubam sweetclover produced a five-year average of 315 pounds of lint per acre—and the hubam was harvested for seed before being turned under. On similar land where no legumes were planted, the five-year average was 165 pounds of cotton per acre.

The sweetclovers, hubam, Madrid, and annual yellow blossom, increase the yield of crops that follow them. Hubam and annual yellow blossom are especially beneficial because they also reduce losses from cotton root rot. To farmers who are troubled by cotton dying on the blackland, Miller recommends the planting of these two sweetclovers in the rotation, for a feed crop, for grazing and to be plowed under green.

TO DALLAS

J. J. DeShazo left Monday for Veterans Hospital in Dallas, Texas.

Help combat tuberculosis by having a chest X-Ray made Tuesday, Wednesday or Thursday at the Southwestern Public Service office in Muleshoe.

The mobile X-Ray machine of the TB Association will be in Muleshoe Tuesday, Wednesday and Thursday. Have your chest X-Ray taken, no charge.

You May Need A Chest X-Ray

Look over this list. If you find yourself in it you need to have your chest X-rayed in Muleshoe Tuesday, Wednesday, or Thursday at the Southwestern Public Service Co. office.

- () I have never had a chest X-Ray.
- () I have not had a chest X-ray in the last two years.
- () There has been TB in my home.
- () I have worked with someone who had TB.
- () I want to know if my lungs are OK.
- () I feel tired all the time for no good reason. My appetite

is poor and I am losing weight.

- () I catch cold easily and it takes a long time to get over it. I have a cough that hangs on.
- () I have been told I have a congestion in the lungs, bronchitis, asthma, heart trouble, or sinus infection, but I have not had my chest X-rayed.

Recipes

UNCOOKED RELISH

By Elizabeth Harden
12 medium onions, 6 large apples (peel), 6 green sweet peppers, 4 red sweet peppers, 10 good sized carrots, 1 small cabbage, 1 bunch celery. Grind all except celery (chop), add ½ cup salt, let drain 2 hours. Add 2 pints vinegar, 6 cups sugar or less—Seal.

MAN'S CAKE

By Mrs. Roy Jordan
½ cup Crisco
1 cup sugar
2 eggs, separated
2½ cups flour
2 teaspoons baking powder
½ teaspoon salt
1 cup cold strong coffee
¾ cup walnuts
1 teaspoon vanilla

Method: Blend thoroughly in one operation, Crisco, sugar and egg yolks. Then add alternately the sifted dry ingredients and the coffee. Stir in nuts and vanilla and lastly fold in the stiffly beaten whites. Ice with cream icing.

Looking for POWER?

Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show.

Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, happy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that an engine burns less gas when it doesn't have to labor. At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

Only BUICK has Dynaflow Drive®
and with it goes HIGHER-COMPRESSION and with it goes FIREBALL VALVE-IN-HEAD power in three engines. Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD front-end, taper-through length for easier parking and SIZE, less over-all length for easier parking and maneuvering, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK low-pressure tires, ride-steadying torque-tube • Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

Rebekah's Annual Celebration To Be Held, Tuesday Night, October 17

The Muleshoe Rebekah Lodge met in regular session Tuesday night, October 10. The Rebekah

degree was conferred on Mrs. Bill Terrell. After the business meeting refreshments were served to 37 members and one visitor. The Annual Celebration will be next Tuesday night, October 17, all members and their families are urged to attend. A nice program has been arranged and all Lodges in this District have been mailed invitations.

Winsome Sunday School Class Has Installation Dinner

The Winsome Sunday School Class of the First Baptist Church held its installation dinner at a dinner, Monday, October 9, at the Postoffice Cafe. The theme of the installation program was a ship and its crew. Each new officer was presented with a pink dahlia corsage trimmed with gold bars, representing the officers rank. After the program, Mrs. Lela Barron, the teacher, was presented a gift from the class. The outgoing president and secretary were also presented gifts for their service. Present were Mesdames Rufus Gilbreath, John Watson, Lela Barron, Jack Oberhaus, C. W. Wilhite, Hazel West, Verney Towns, Ed Hicks, E. W. Evans, Eugene English, Melvin Lee, Billy Jo Garner, Clyde Brown, Byron Griffith, Elmo Evans, L. S. Barron, Bill Blackwood, Curtis Wellborn, Lee Pool, A. W. Blaine, Howard Cox, Troy Perkins, Edna Holt, Alton Epting, Vernal King and Rogers.

Goodland Greetings

Mrs. E. L. Gregg Mrs. Ina Cunningham was honored with a pink and blue shower on October 6, at 3 o'clock in the home of Mrs. Harold Carpenter. Hostesses for the event were Mrs. Carpenter and Mrs. L. D. Sander-son. The table was decorated in colors of pink and blue, and had a centerpiece consisting of a small doll with streamers leading from it to the gifts. The room was illuminated with lighted blue candles. Refreshments of hot chocolate, donuts and wafers were served. Among the guests attending the shower were Mesdames Orb Phillips, Don Lamar, Hazel Cunningham, L. D. Sander-son, Jr., Nora Lancaster, Harold Carpenter, Marvin Holt, Bob Anderson, Tom Cunningham, Mary Shackelford, and Emory Stokes and Misses Bonnie Ruth and Eva Dell Carpenter.

RETURN HOME Mr. and Mrs. W. R. Byers have been on an extended trip to South Texas. Mr. Byers stated on his return that the fishing around Corpus Christi was fine. David Beck, 18 year old son of R. L. Beck, was released from the Littlefield Hospital this week following surgery. David sustained a broken arm during football practice. An earlier fracture necessitated the operation causing David to remain in the hospital several days. Mrs. Lloyd Carpenter was in the Littlefield hospital early this week.

WILSON COMING HOME Reports that Sgt. Randal M. Wilson had been killed in action in Korea are erroneous, according to here. They said that Sgt. Wilson is believed to be returning to the States soon.

Vital Statistics Aid Health Dept. Planning

AUSTIN, Oct. 9.—It is the duty of the Texas State Department of Health, through its Bureau of Vital Statistics, to provide for the registration of the births and the

deaths occurring in Texas.

On the statistics made from the vital records much of the planning for the welfare of the people of Texas has been done. The number of births credited to the county or city of the residence of the mother can be used in planning hospitals and medical care. The medical certification of the birth record furnishes the Division of Maternal and Child Health with a list of children who may need additional care, because of

prematurity, congenital malformations or birth injuries. The birth certificates are used in establishing dependency benefits for veterans or members of the armed forces. They are also used in proving relationship in settlement of insurance claims and inheritance matters.

The statistics made from causes of death as gathered from medical certificates on death records are used in the prevention of disease, for control of epidemics, and immunization programs for children of pre-school and school ages. Leading causes of death statistics

People Of Many Nations Observe United Nations Day October 24

Hope is growing stronger in the world that the United Nations may yet enforce the peace and that war may be outlawed by this group of nations. And so, particular attention attaches to October 24, designated as United Nations Day. Therefore, the information printed below, the United Nations Flag Code and Regulations should be of interest everywhere.

When the United Nations Flag is displayed with one or more other flags, all flags should be on the same level and approximately the same size.

When flown with the flag of the United States, the United Nations Flag assumes the place of honor; i. e., to the right of the United States Flag in relation to people facing the flag.

On no account may any flag displayed with the United Nations Flag be displayed on a higher level than the United Nations Flag and on no account may any flag be displayed with the United Nations Flag be larger. (If the United Nations Flag is to be flown on the same flagstaff as the United States Flag and the Texas Flag, for instance, the United Nations Flag is at the top, then the United States Flag, then the Texas Flag.)

The United Nations Flag should normally only be displayed on buildings and on stationary flag-staffs from sunrise to sunset.

The United Nations Flag should not be displayed on days when the weather is inclement.

In a line, cluster or semi-circle grouping of flags, flags other than the United Nations Flag should be displayed in the English alphabetical order of the countries represented, reading clockwise, starting at the left. The United Nations Flag should either be displayed in the center of the line, cluster or semi-circle, or, in cases where two United Nations Flags are available, at either end of the line, cluster or semi-circle.

In presenting the United Nations Flag to President Truman, the following pledge was given by the 4-H club making the presentation: "As a loyal 4-H citizen of the United States, I pledge my full support to the United Nations, the one great hope for a peaceful world with freedom and safety for all."

Help combat tuberculosis by having a chest X-Ray made Tuesday, Wednesday or Thursday at the Southwestern Public Service office in Muleshoe.

furnish data for study and research which will lengthen life expectancy and improve health during the expected time.

Mortality statistics and the expected length of life are considered when determining insurance premium rates.

A rise in the number of deaths from diseases bred of filth can institute immediate action by the Bureau of Sanitary Engineers. Nutritional diseases can indicate a needed improvement in diet, and school lunch programs can help guard the health of Texas' school children.

Farmers Home Achievement Day Is October 17

House Speaker Sam Rayburn, who farms and raises livestock at his Fannin county home near Bonham, will be the chief speaker on Achievement Day at the State Fair of Texas, October 17, 1950. Rayburn's address will be a salute to more than three hundred farm families who will receive certificates of achievement for having paid their tenant purchase loans thirty or more years before due.

Farmers Home Administration State Director L. J. Cappelman stated the requirement for an achievement certificate is that the land debt must have been paid from agricultural income from the farm. Among other dignitaries who will be present for the ceremonies at Fair Park Auditorium on the State Fair grounds, will be Dillard B. Lasseter, National administrator of the government agency, who will introduce the speaker.

Dallas office of the Farmers Home Administration has been informed that farm families are coming from all parts of Texas for the ceremonies which start at 1 p. m.

Of the six thousand tenant purchase loans made in Texas since the program began in 1937, two thousand loans have been paid in full.

The ceremonies will include a radio interview of successful farm families. Among them will be Merrill J. Stewart, Lamar county, an FO borrower who was recently selected as the champion soil conservation farmer of Texas. Another will be Harold J. Dozier, Navarro county, and a third, Douglas D. Duty of Falls county. Radio farm program directors, Layne Beaty of WBAP, Fort Worth, and Murray Cox, WFAA, Dallas, will conduct the interviews in an effort to develop better farming methods followed.

The interview with Stewart will feature his fifteen sources of farm income. Dozier has a varied type of program and the interview will be sited to the home side of living. In the interview with Duty particular attention will be paid to cotton production and insect control, in which he has been unusually successful.

A large number of people from the high plains are expected to attend this meeting.

Krueger Aids In March Of Dimes

NEW YORK, N. Y.—Gen. Walter Krueger (Ret.), of San Antonio, Texas, has accepted appointment as Co-Chairman of the 1951 March of Dimes in the Lone Star State, it was disclosed today by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

In his capacity as co-chairman, Gen. Krueger will work with Texas State Chairman Ed S. Stewart, of Abilene, in coordinating the National Foundation's campaign directors' activities in counties and cities throughout the state.

Gen. Krueger has had a long and distinguished military career. He was graduated from the Infantry-Cavalry School in 1906 and from General Staff College the year following. He attended the Army War College in 1921 and the Naval War College in 1928.

Gen. Krueger served as private, corporal and sergeant in the U. S. Army 1898-1901, and in 1901 was

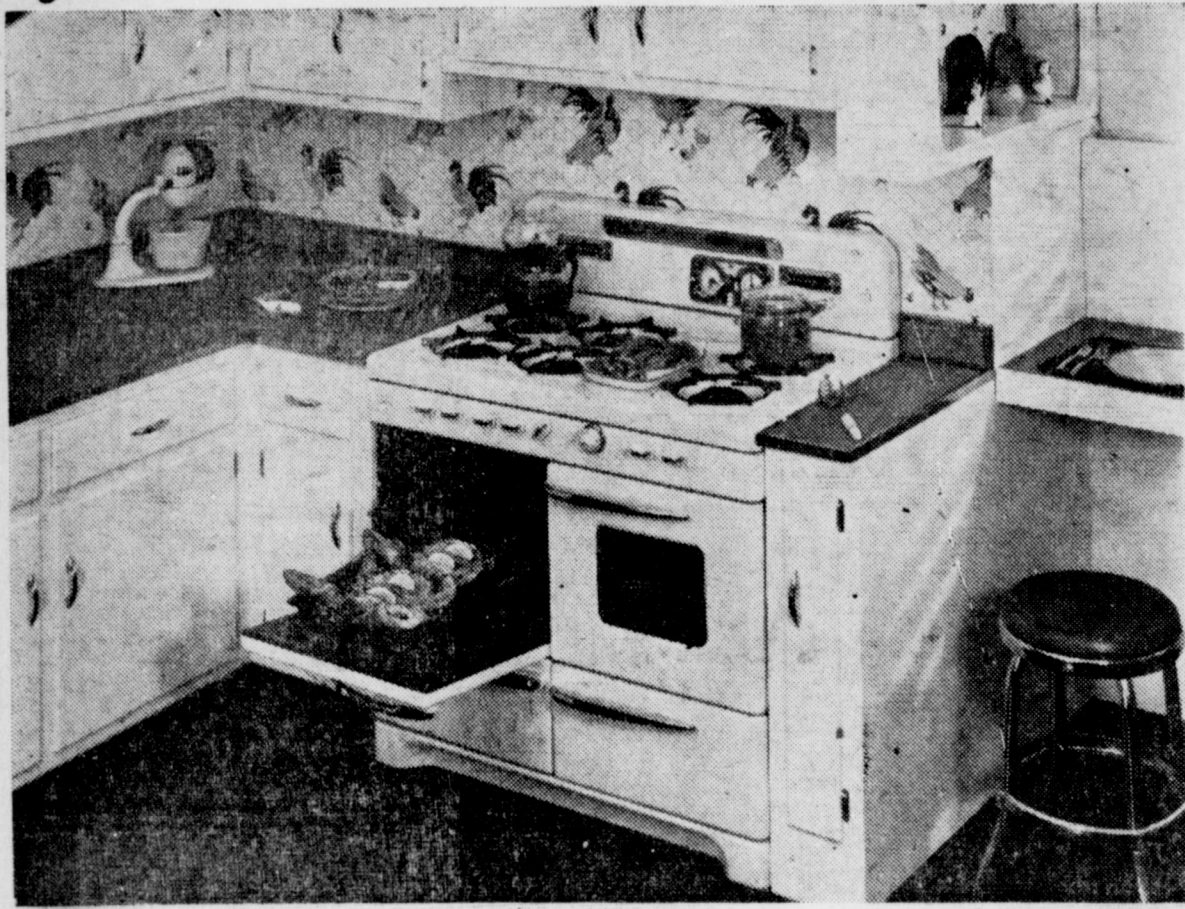

The mobile X-Ray machine of the TB Association will be in Muleshoe Tuesday, Wednesday and Thursday. Have your chest X-Ray taken, no charge.

CHEVROLET

Your Best Buy—by All Odds

It offers more for less—throughout
All these features at lowest cost: Center-Point Steering; Curved Windshield with Panoramic Visibility; Fisher Unisteel Body-Construction.

It operates more economically
Owners know that Chevrolet brings them an unequalled combination of thrills and thrift, because it's powered by a Valve-in-Head Engine... exclusive to Chevrolet in its field. Come in and see it!

It's better looking—all around
Yes, it's the best looking of all low-priced cars, as a recent independent nationwide survey shows—and, in addition, it's the longest, widest, heaviest car in its field.

It drives more easily
Finest no-shift driving at lowest cost with Chevrolet's Powerglide Automatic Transmission*... or finest standard driving at lowest cost with Chevrolet's Silent Synchro-Mesh Transmission.

It lasts longer, too
Chevrolet cars are extra-sturdy, extra-rugged, extra-durable. That's one reason why there are over a million more Chevrolets on the road than any other make.

It rides more smoothly
So smooth—so steady—so safe... the easiest riding car in its field... thanks to the famous Unitized Knee-Action Ride combined with airplane-type shock absorbers all around!

*Combination of Powerglide Automatic Transmission and 103-h.p. Engine optional on De Luxe model, at extra cost.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: WILLIAM D. MORRIS
GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 6th day of November, A. D. 1950, at or before 10 o'clock A. M., before the Honorable District Court of Bailey County, at the Court House in Muleshoe, Texas.

Said Plaintiff's petition was filed on the 21st day of September, 1950. The file number of said suit being No. 1665. The names of the parties in said suit are:
MADDELYN MORRIS as Plaintiff,
and
WILLIAM D. MORRIS as Defendant.
The nature of said suit being substantially as follows to-wit:
Suit for judgment of divorce, dissolving the marriage between plaintiff and defendant. On divers occasions, while plaintiff lived with defendant, defendant was guilty of excesses, cruel treatment and outrages toward plaintiff, of such a nature as to render their further living together insupportable, which culminated in defendant striking plaintiff upon face with his clenched fist, on May 15, 1949, under circumstances which showed an utter disregard for plaintiff's health. If not her life. Issued this the 21st day of September, 1950.
M. G. BASS, Clerk,
District Court, Bailey County, Texas
By Hazel Gilbreath, Deputy

More Quarter Backs Are Needed

More members are needed for the Muleshoe Quarterback Club, which goes all out to support the Muleshoe Mules in their grid campaign. Karl Lovelady, vice-president, who presided at the meeting Friday noon in place of Roy Bryant, who could not be there, said the club hopes to fill the dining room at Gerdy's in the future. He urged all local fans to get in and help the club.
Coaches Woodie Green and T. J. Bailey were present. Bailey said he didn't like to be head coach for one night, and that the night that the Mules are losing.
The coaches were told to bring three or four of the boys to the meeting each week, with the idea of having as many as guests as possible before the season closes.
"We are behind our team, regardless of whether they are winning or losing. Their losing a game doesn't enter into it, and we will continue to back them in any way possible," Mr. Lovelady said.

TO ABILENE

Mr. and Mrs. John Bickle visited her sister and husband, Mr. and Mrs. Arthur McMillen at Abilene over the week end.
CELEBRATE ANNIVERSARY
Mr. and Mrs. Willie Strong celebrated their 14th wedding anniversary last Friday night. Mrs. Strong's sister and family Mr. and Mrs. W. H. Wilcox and sons, Robert Leonard and Jim of Clovis and T. J. Strong and Frank Strong helped in the celebration.

WTSC Homecoming October 1

CANYON, TEX., Oct. 6—Homecoming at West Texas State College will be Saturday, October 21 and a full day of activity has been planned by the West Texas student body and the Homecoming Committee.
Festivities will begin Friday night when the currently undefeated West Texas State Frosh take on Hardin-Simmons Butts in Buffalo Stadium at 8 o'clock. Immediately following will be the annual Homecoming bonfire and dance.
The class of 1925 which is having a get-together during the day will have a breakfast Saturday morning at 7:15 o'clock in the Cafeteria. Meeting place of the class and their friends during the day will be the Museum. A dinner and open house for the class will be held in the Everts Haley home in the evening.
Dedication of the new Memorial Chapel will be held Saturday morning at 9:15 with President-Emeritus J. A. Hill in charge. At precisely 10:30 the big Homecoming parade will move through downtown Canyon and to the campus.
Feeding chutes at the tennis courts will be opened at 11:30 and Milton Morris and his crew will dish out barbecue to the visitors and exes. A meeting of the Ex-Student Association, Milton Morris in charge, will be held at 1 o'clock. The varsity football clash between West Texas and Sam Houston State will start at 2:30 to be preceded by crowning of the 1950 Football Queen. Social clubs and honorary organizations will have reunions beginning at 5:30 o'clock

MULESHOE VISITORS

Mr. and Mrs. E. J. Callaway, Jr. are visiting here this week with relatives and friends.
Have your chest X-Ray Tuesday, Wednesday or Thursday at the Southwestern Public Service Co., office in Muleshoe.

DORCAS BIBLE STUDY

The Dorcas Bible Study meets in Fellowship Hall every other Tuesday at 3 o'clock. The next meeting will be Tuesday, October 17. All young married women and young mothers are welcome.

Marketing Quotas Will Not Be Imposed on Wheat

The announcement of Secretary of Agriculture Charles F. Brannan that no marketing quotas will be proclaimed for the 1951 wheat crop is the result of compliance among most wheat growers throughout the wheat area with their 1950 acreage allotments, as they did for the 1950 crop, it may be possible to continue to avoid marketing quotas in the future.
In making the announcement of no 1951 marketing quotas, Brannan said, "If wheat growers in general plant within their 1950 acreage allotments, as they did for the 1950 crop, it may be possible to continue to avoid marketing quotas in the future."
The estimated total supply of wheat for the 1950-51 marketing year is 1,385 million bushels, or about 18 percent more than the normal supply of 1,179 million bushels.
and a Western Dance in Burton Gym and a modern dance in the Cafeteria starting at 8 o'clock will wind up the Homecoming program.

THE MULESHOE JOURNAL, Thursday, October 12, 1950

Progress WSCS In Church Meeting

The Progress Women's Society of Christian Service met October 9 at 1:45 with 14 members present. The meeting was opened with a prayer by Mrs. Adams. Minutes of the last meeting were read and approved. Plans for raising money take orders for dressed hens for Thanksgiving. The Society will sponsor a food sale Saturday, October 14.

On October 24, we plan to observe a quiet hour of prayer in our homes beginning at 9:30 a. m. to celebrate United Nations Day. This is to be a prayer for peace which is a prayer that should come from the lips of all people.

Our askings for supply work will be mailed this week, \$2.00 goes to Africa Central Congo and \$3.00 to Scarritt College in Tennessee.

The following program was given: song, The Church's One Foundation; scripture, Mrs. Johnnie Westbrook; prayer, Mrs. Carrol Jones; meditation, Mrs. Wedel and Mrs. Gray; Mrs. Musson presented the sixth chapter of Rural Prospect; a skit was given by five women representing Doctors who diagnosed the ailments of our church; Mrs. Earld Gross gave the second installment of the book "Sure of Life"; Mrs. John Thomson gave a brief sketch of two chapters of "Once There Were Two Churches"; Mrs. Musson dismissed the meeting with a prayer.

Let each member try to come to these meetings they are very informational and inspirational. Visitors are always welcome.

Muleshoe HD Club Birthday Party

The Muleshoe Home Demonstration Club had their birthday party October 6, in the home of Mr. and Mrs. Dave Aylesworth. The hostesses for the party were Mrs. Dave Aylesworth, Mrs. J. A. Bryant and Mrs. Roy White. The ladies received many nice and useful gifts. The game of 42 was played throughout the evening and was enjoyed by everyone. Mr. and Mrs. Marvin Wimberley's daughter played the piano and everyone joined her in singing some religious songs.

Refreshments of delicious home made cake and ice cream was served to the following families: Mr. and Mrs. John Mock, Mr. and Mrs. C. D. Julian and Elvin, Mr. and Mrs. S. C. Caldwell, Mr. and Mrs. Mack Hale, Mr. and Mrs. J. A. Bryant, Mr. and Mrs. E. H. Baugh, Mrs. Kitty Lawson, Mr. and Mrs. C. E. Briscoe, Mr. and Mrs. Marvin Wimberley, Mr. and Mrs. Roy White, Mr. and Mrs. Garlark Young, Mr. and Mrs. J. T. Boydston, Mr. and Mrs. O. L. Dutton, Mrs. Opal Eubanks and Mr. and Mrs. Dave Aylesworth.

Sorority Tea Honors Pledges

Lois Witherspoon and Dorothy Beddingfield, members of Epsilon Chi sorority were hostesses at Preferential Tea, Sunday, October 8, in the home of Lois Witherspoon, honoring the new pledges, Gwyneth Bigham, president; Jean Lovelady, vice-president; and Ruby Gregory, recording secretary stood in the receiving line to greet the guests. Elizabeth Woodley, sponsor of the chapter, served tea. Mixed nuts and individual decorated cakes carrying out the color scheme of the sorority were served. Favors of yellow chrysanthemums tied with blue ribbon with gold ESA letters were given to each one present.

The president, Gwyneth Bigham, gave a talk on the purpose of Epsilon Sigma Alpha.

Pledges signing the guest book were: Norma Osborn, Mary Frye, Mitzi Barnett, Mary Nell Chapman, Mary Anna Bryant and Marlene St. Clair.

Members present were: Elizabeth Woodley, Jean Lovelady, Ann Howell, Jeri Farrell, Bettie Glaze, Gwyneth Bigham, Ruby Gregory, Jane Scott, Ellen Gupton, Marjorie Precure, Billye Jones and the hostesses.

Fidelis SS Class In Meeting

The Fidelis Sunday School Class of the First Baptist Church met in the home of Mrs. A. W. Crow with Mrs. Eddie Lane as co-hostess, Thursday, October 5, for a regular business and social meeting.

Mrs. C. M. King, president, called the meeting to order. Mrs. R. D. Precure gave a very interesting devotional on "Prayer".

All business both old and new was discussed and cared for. The meeting was turned to the Fellowship chairman, Mrs. R. L. Jones who in turn called on Mrs. Clinton Bristow for special entertainment. Mrs. Bristow using her three musketeers, Gary Smith, Randy Beaty and Robert Case presented a program. Gary Smith read "Not Scared" and "Mouse"; Randy Beaty read, "Too Young"; Robert Case read, "Stomachache".

Sunshine gifts were exchanged. Beautifully decorated plates in Hallowe'en motif, with colors of orange and black, a colorful salad, pumpkin pie with whipped cream and coffee were served to the twenty members present.

Next regular meeting will be November 2, in the home of Mrs. R. D. Precure.

BACK ON JOB

Jack Holland has been released by the Hospital in Amarillo where he has been for some time and is back on the job.

Progress HD Club Achievement Day Meeting Is Big Success

Tuesday, October 3, the Progress HD Club met in the home of Mrs. Davis Guley, in an all-day achievement day meeting.

At 10 o'clock about 11 women began work on copper pictures, from small sets up to and including large pictures under the instruction of Mrs. Ada Murrah. After lunch several others began pictures. In all 18 pictures were completed and judged.

The picture winning first was a large one made by Mrs. Joe Simnacher, second, made by Mrs. Nettie Bratcher was a horse, third, by Mrs. Fern Davis was a ship. Judging was kept as all the pictures were very good.

At noon the dining table was covered with delicious food which was enjoyed by all present.

In the afternoon, the exhibits, which numbered from 50 to 75 were judged by Mrs. A. W. Copley and Mrs. Olan Dutton of the Muleshoe Club. Blue, red and white ribbons were given as judged.

Exhibits included satin comforts, leatherwork, large crochet items, embroidery work, textile painting, pot holders, aluminum etching and sewing.

Mrs. E. E. Holland gave a Lullaby's demonstration in the afternoon as a program for the club meeting. The group sang "Beautiful Dreamer". A recreation period was enjoyed.

Visitors present were Mesdames Viola Dutton, A. W. Copley, E. E. Holland, and Mabel Caldwell of the Muleshoe Club and Mrs. Manuel Self.

Members present were Mesdames Gosden, Bratcher, Stotts, Arnold Gross, Holly, Joe Simnacher, Davis, John Thomson, Lela Guley, Ray Maberry, Myers, Murrah, Maltby and the hostess Mrs. Guley.

The next meeting will be October 17, with Mrs. Troy McCain for election of officers.

Progress WMU Has Meeting

Progress W. M. U. met October 9 at the Church.

The opening song "The Lily of the Valley" was followed by a prayer by Mrs. Raymond Houston. The regular business meeting followed with the president, Mrs. H. T. Pugh, presiding.

The regular Bible quiz was

Mrs. Shofner Hosts Muleshoe HD Club

The Muleshoe HD Club met in the home of Mrs. H. M. Shofner with 14 members and one visitor present.

The Muleshoe Club has been invited to meet with the Progress Club, Tuesday Oct. 3, for an all day meeting for Achievement Day. Everyone is to bring a sack lunch.

Muleshoe HD Club is to have Achievement Day Oct. 12, at the home of Mrs. Wiley Bowers, everyone is to bring a covered dish. West Camp and Progress Club members have been invited.

Mrs. Caldwell gave the council report and Mrs. A. W. Copley gave a report on the making of a United Nations flag. The Club voted to make one for the Club.

There is to be a birthday party at the home of Mrs. D. R. Aylesworth, Oct. 6, honoring Mrs. Roy White, Bryant, and Mrs. Aylesworth. All members are urged to attend and bring your gift, dominoes, and tables.

Refreshments of pumpkin pie with whipped cream, potato chips cocoa and coffee were served to Mesdames Wiley Bowers, E. E. Simms, Dutton, Carney, Copley, White, Bryant, Hale, Aylesworth, Caldwell, Mays, Holland, Mock, Shofner, and one visitor, Mrs. V. M. Collins.

The next meeting will be with Mrs. Hanks, Monday, October 23.

Pleasant Valley Club Breakfast

A 9 o'clock breakfast in the home of Mrs. Floyd Andreas, September 28, provided a new setting for the Pleasant Valley Social Club.

The table was beautifully appointed and fall flowers were used throughout the entertaining rooms. Tiny "menus" were given guests and service ala diner was furnished. Later the regular meeting was held.

Mrs. Jimmie Dulin was voted the outstanding club member of the year and Mrs. Andreas was contest winner. Plans for the Club birthday party were formulated and ribbons from the Muleshoe Fair were viewed and discussed.

Mrs. Herman Haberer presided in the absence of the president. Attending were Mesdames Wiley Grizzle, Oscar Allison, Raymond Roubinek, Harold Allison, H. E. Reeder, Jerry Allison and H. Haberer.

TO KANSAS
Mr. and Mrs. A. C. Gaede left Monday for Wichita, Kansas.

Mrs. Jennings Hosts Study Club

Muleshoe Study Club met September 28, in the Postoffice Cafe banquet room with Mrs. G. O. Jennings as hostess.

Roll call was answered with miscellaneous subjects. Mrs. Marion Harris, president, was in charge of the business meeting. It was decided for all members to bring clothing for the family in Holland to the next meeting to be held in the home of Mrs. Buck Wood.

The program was in charge of Mrs. Milton Forbes who gave "The Press" and Mrs. Clifton Griffiths who gave "The Radio".

Those present were Mesdames Forbes, M. F. Green, Griffiths, Houston Hart, Harris, Ray Keeling, Julian Lennau, Buck Ragsdale, Vance Wagnon, John Watson, Buck Wood, A. J. Gardner and the hostess.

The next meeting is tonight, October 12, in the home of Mrs. Buck Woods with the program on

Lazbuddie WSCS Studies Near East

The Lazbuddie W. S. C. S. met at the Lazbuddie Methodist Church, October 6, at 2 o'clock with seven members present.

Mrs. H. W. Carpenter brought the devotional, taken from Revelations 21:1-4 followed by a prayer poem.

Gentlemen of the Press of the study "The Near East" was introduced followed by the 4th chapter, "Political and Economic Life" by Mrs. C. D. Guston, the 3rd chapter "The Cradle of Monotheism" by Mrs. W. C. Williams Jr. Mrs. J. L. Seaton gave the 2nd chapter of "Introducing Islam", "Faith and Practice of Islam".

The business meeting was in charge of the president, Mrs. H. L. Ivy. The minutes of the last meeting were read and approved.

Mrs. J. L. Seaton dismissed in prayer.

"Know Your Government", Mrs. Buck Ragsdale and Mrs. A. E. Lewis are in charge.

CHRISTIAN SCIENCE SERVICES

"Doctrine of Atonement" is the subject of the Lesson-Sermon that will be read in all Churches of Christ, Scientist, on Sunday, October 15.
The Golden Text is: "Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins" (1 John 4:10).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For you: for ye are not under the law, but under grace," Romans 6:14.
The Lesson - Sermon also includes the following passage from

AUXILIARY ZONE-MEETING

There is to be a zone meeting of the Legion Auxiliary at Littlefield, October 16. All members are urged to attend. Those attending are asked to meet at the Wood Drug.
The mobile X-Ray machine of the TB Association will be in Muleshoe Tuesday, Wednesday and Thursday. Have your chest X-Ray taken, no charge.
The Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Atonement is the exemption of man's unity with God, whereby man reflects divine Truth, Life, and Love" (page 18).

What's Tool-Vision?

HERE'S WHAT G TRACTOR OWNERS SAY

It's hoe-handle vision from a comfortable seat just over the crop row. It's front-mounted tools underneath an open arch with room for all types of plows, planters and cultivators.

It's a creeper gear which lets you throttle down to 3/4 miles per hour to see exactly what you are doing as you ease through tiny plants as carefully as hand hoeing.

You'll like Tool-Vision, and other G features... handling up to six rows at once in any spacing from ten inches up, mounting tools with two pins, using quarts of fuel in the rear engine instead of gallons.

Ask us to demonstrate the Tool-Vision Model G

Who Runs America?

the Congress? the President?
OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- American Farm Bureau Federation
- National Grange
- Veterans of Foreign Wars
- National Conference of Catholic Charities
- American Protestant Hospital Association
- American Legion
- National Association of Small Business Men
- United States Chamber of Commerce
- National Association of Retail Grocers
- National Retail Dry Goods Association
- American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudfest security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance map.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

You and Your Neighbor Run America!
