

Bailey Co. Schools Ending Year's Work

Mr. Muleshoe

The country right around Muleshoe has and always has had the reputation of being a small farm area.

But within walking distance of this city there are farms so large they would make most stranger's eyes bug out quite a bit. True, they are not as large as that big wheat farm an acquaintance of mine used to operate back in the depression days.

A fellow told me that this man had a "message center" just like an Army division headquarters, that the dispatcher would give a message to motorcycle rider No. 18 to be delivered to Rig No. 27. Cigarettes he said, were delivered to the men in a pickup. When the boss wanted lunches prepared for some of the men working near a little town, the restaurant had to be closed that day to the public. (I think it was a small restaurant.)

But all joking to one side, what do you think of six 4-row tractors planting cotton on one farm? These big farmers put about one bushel to an acre; on 2000 acres, for instance, this would be 2,000 bushels of cotton seed and cotton seed are worth \$3 per bushel. If a fellow had to replant a field like that because of too much rain, it would run him \$6,000 for seed alone, not to count tractor fuel and oil, wages of men, etc. This, my friend is big business, so big that there are just a few businesses in a town like Muleshoe that will equal it.

This column recently stirred up a veritable bee hive of gossip when it mentioned something about Life in connection with this territory. Dear friends, it isn't anything miraculous or even derogatory to the fair name of Muleshoe. It would just be a nice little bunch of publicity if it happened to mature. Mostly, this column just wanted to impress upon its readers that we are a jump ahead of things — we not only know things are going to happen, we know when!

Seen & Heard

Nominated for best rattlesnake killers in these parts: Col. Wanzor, Lefty McWilliams, Lee Gardenhire, et. al. Out there where Col. Wanzor is building that sales barn, Lefty and Wanzor hollered, "We have just killed two", and Lee said may be you ought to kill this one you just stepped over. I think Howard Elliott happened up in time to do some stepping, too. But those men out there had killed 33 the last I heard, and were still kind of on the look-out for more.

Lee said when he was out on the ranch he used to kill every snake he saw — he didn't play no favorites. Making a loop of his lariar, he'd lean over and stun the rattler with a blow on the head, then dismount and "it wasn't any trouble to pull his head off with the wire stretchers.

Seen & Heard:

Ross Goodwin: My cotton is up to a pretty stand. It was about to break through the ground when the rain came. The rain just kind of washed the dirt to one side and there was the cotton.

Next week will see the end of the present school term in several of the schools of Bailey County. In Muleshoe, commencement exercises for the high school are set for Wednesday night, May 21. Rev. Luther E. Sharp, pastor of the Presbyterian Church, Clovis, will be the commencement speaker. Margaret Davis is valedictorian of the class of 1947; Luana Walker is salutatorian. Diplomas will be presented to the graduates by N. H. Greer, president of the school board.

Baccalaureate services will be held Sunday evening, May 18, at 8:30, with Rev. A. W. Blaine, pastor of the First Baptist Church of Muleshoe, delivering the sermon.

Principal Jerry Kirk of the grade school announced that commencement exercises at his school will be held the evening of Tuesday, May 20. S. A. Ribble, Church of Christ minister, will deliver the address.

The seniors today are off on their trip to New Mexico and are to return Saturday. A final event on their social calendar is the baccalaureate tea, sponsored by Mesdames N. C. Moore, Ray Griffiths, I. L. St. Clair, A. D. McCarty, Lonnie Arnold and C. A. Barnett.

Supt. Cunningham announced that final examinations are now going on in the schools. Buses will not run on Monday. They will run on their regular trips Tuesday, and bring the kids in for All Kids Day festivities.

Bailey Fifth In Grain Sorghums

LUBBOCK — Nine of the ten top ranking grain sorghums producing counties in Texas for 1945 were on the South Plains, according to figures recently released by the United Census Bureau.

No. 1 county in the state was Lamb which grew 5,614,123 bushels of grain sorghum. The only county of the South Plains to break into the first ten. Nueces which raised 2,493,000 bushels and ranked ninth. Other South Plains counties and their rankings were Terry, second, 5,149,219 bushels; Lynn third, 4,682,052 bushels; Lubbock, fourth, 4,682,905 bushels; Bailey, fifth, 4,071,344 bushels; Hockley sixth, 3,827,482 bushels; Dawson seventh, 3,125,906 bushels; Palmer eighth, 2,919,001 bushels; and Castro tenth, 2,464,483 bushels.

The South Plains produced 57.5 per cent of the state total of 94,389,395 bushels of grain sorghum during 1945.

Mrs. W. B. LeVeque has returned from Springfield, Colorado, where she has been visiting her parents.

Howard Elliott: This stove me and my wife bought will broil steaks and make ice cream simultaneously.

For several years, Howard has put in long hours in his business, and he's tired out, so I don't pay any attention much when he makes statements like that. Sudden thought — You reckon he's telling the straight of this?

Mexican boy (hitch hiking from San Antonio): It has rained everywhere.

Hoshall Thomas: The reason there is so much knowledge in high school is that the freshmen bring in so much and the seniors take out so little.

And now Mr. E. A. Fowler leaves a dozen nice, just laid White Leghorn eggs for ye editor and wife. Now if someone would lend us a hen, we'd have her hatch these eggs and in years to come we'd have our own hens and no one would feel it necessary to leave eggs for us. They might have to give us a little feed for the hens now and then, but what's a little feed, between friends. Mr. Fowler, we appreciate this evidence of your kind feelings toward us. But if these big eggs are Leghorn eggs, I'd like to see some duck eggs your ducks would lay if you had some ducks.

Now, folks, don't forget about this All Kids Day the Lions have fixed up for the youngsters. When the Lions called it All Kids Day they meant ALL Kids and no foolin'. They want them all and have planned a great day for them. Fetch them in or have it done, and come yourself.

THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

TWENTY-FIFTH YEAR, NO. 20

MULESHOE — COUNTY SEAT OF BAILEY COUNTY, TEXAS

THURSDAY, MAY 15, 1947

Lazbuddy Graduation Exercises To Be May 22; Ten Seniors Listed

Progress To Vote

Progress and Muleshoe school districts will vote Saturday, May 17, on the question of consolidation.

Previously, Longview, Baileyboro and Liberty districts have voted to consolidate with Muleshoe, and the joining of Progress will make one of the big districts of Texas if it is decided upon.

Supt. W. C. Cunningham believes that the big new district will be enabled to build one of the finest school systems in West Texas, without any increase in taxes.

Meanwhile work is going ahead on the new football field, and Mr. Cunningham said today the field will be lighted and ready for use next fall when the season opens.

Progress School Graduates 13

Commencement exercises of the Progress Grade school will be held Friday night, May 16, in the school auditorium.

Graduating are Lora Sue Carr, James Edward Garrett, Eugene Henry Jo Ann Hill, Lillie Ruth Lee, Delores Locker, Carl Thomas Lumsden, Bobbie Dean Martin, Thomas Anderson, Wanell Redwine, Louise Shaw, Pat Vinson, R. E. Williams.

Most popular girl is Delores Locker; best all round boy, Carl T. Lumsden. The program will be as follows: Invocation, Doris Lumsden. Invoation, Rev. A. W. Blaine. Salutatory, Delores Locker. Class Song, The Class. Class History, Thomas Radney. Eighth grade regrets, Wanell Redwine.

Class Prophecy, Lillie Ruth Lee. Teachers, Lora Sue Carr. Song, The Class. Class will, Jo Ann Hill. Valedictory, Carl Thomas Lumsden. Presentation of Diplomas, O. E. Lumsden. Presentation of awards, E. W. Locker. Benediction, Rev. J. P. Cole. Recessional, Doris Lumsden.

Texas Butane Dealers Announce Schools

Taking one of the most forward steps in the history of the butane industry in the United States, the Texas Butane Dealers Association has begun fulfilling plans for a safety training school for dealers throughout Texas.

The Association's program is designed to train butane company employees in better and safer installation and servicing of appliances using butane gas for fuel.

The University of Texas in Austin has accepted a \$2000 grant from the safety training schools. Two training directors have been hired to conduct the night schools over the State. The courses will cover approximately ten hours, and employees completing the training school satisfactorily will be awarded a certificate of proficiency.

The two directors are at present completing a six weeks course in the art of teaching at the University. Their traveling itinerary will soon be announced through the Association office in Austin, and all dealers will be invited to have their employees attend these schools.

The directors are Voyle Tipton of Burnet and Carl Bewick of Big Lake. They will be assigned to their training programs under the auspices of a Butane Industry Committee, the University of Texas, and the State Board for Vocational Education.

The Texas Butane Dealers Association is the first in the nation to promote such a program for safety and safe practices in their industry.

Johnny Brown Wins In Essay Contest

The following story was a winner of a registered Poland China Gilt in an essay contest conducted by the County Agricultural Agent and sponsored by Sears Foundation.

WHY THE FARMER NEEDS LIVESTOCK ON THE FARM

by Johnny Brown

The farmer needs livestock on the farm to furnish himself and his family with food. Livestock fertilize and produce better crops, and last of all furnish the income. The cows furnish the farmer with milk for the family. What milk he doesn't use, he can use to fatten hogs. The cow furnishes the farmer with butter, cream and cheese for the table. Milk, butter, cream and cheese are very high in food value; and are very good for you. The cow may eat a lot of food, but in turn, she puts fertilizer on fields to raise better feed and crops.

The farmer needs hogs on the farm for meat on his table. They also furnish lard. They multiply yearly. The hogs are a good way to market the farmer's grain and they also fertilize the field.

The farmer needs chickens on his farm for eggs for the family use, and white meat for his table. He can also market his grain through his chickens. The milk, butter, cheese, cream and eggs are very high in protein which every growing child and adult needs. No one eats as much as he should if he has to buy it; so that is a very good reason why the farmer needs all three — the cow, the hog and the chicken. All the milk, cheese, butter, beef, pork cream and eggs that are not used at home can be sold. That is a means of income. The hog and hen and cow pays well for all it eats.

Family Reunion In Nickels Home

A family reunion was held at Mrs. L. E. Watson on Mother's Day, May 11 at the home of her daughter, Mrs. J. B. Nickels.

All of her children were present for the occasion. A. E. Watson, Stamford; T. W. Watson, Baileyboro; C. F. Watson and family, Dora, N. M.; C. A. Watson and family and her daughter and family, Mrs. J. B. Nickels and family of Muleshoe.

SPECIAL MEETING OF MASONIC LODGE FRIDAY

There will be a special meeting of Muleshoe Lodge No. 783, A. F. & A. M. at the lodge hall Friday night. Work is scheduled in the F. C. degree, with four candidates to be initiated. All members are requested to be present and all visiting masons are cordially invited.

Muleshoe, Earth League Nines To Tangle At Legion Field Sunday

Three Inches Rain Fell At Muleshoe

Rainfall totaling 3.95 inches had fallen at Muleshoe in the week beginning last Tuesday, R. J. Klump, weather recorder announced. The rainy spell followed several days of unseasonably hot weather.

Rains continued to fall intermittently, one good shower coming as late as Sunday. The weather remained unsettled and a rain cloud hovered in the vicinity of the city Wednesday night.

Farmers were making preparations to rush their planting as soon as the ground became dry.

Wheat was never better in this part of the country and local elevator men are expecting a record breaking shipment of grain from this point.

Some cotton was up, or about ready to break through the top crust of soil when the rains came. Other cotton had just been planted and some of this cotton will have to be replanted, since the rain has packed the top of the ground.

Meanwhile alfalfa is maturing at a rapid rate, and some hay probably would be ready to cut by the last of this week if weather and ground conditions permit.

They don't have any name yet, but the Muleshoe Club of the Capitol Baseball League brand of ball, having won two games out of three starts.

First off, they were defeated by Needmore in a game there. Then on the following Sunday the nine won from Amherst in a game played here, and last Sunday afternoon on a muddy track, they won from Enochs there, 16 to 2.

The line up Sunday for Muleshoe was: Robert Rundell, c; Pete Freeman, p; Lefty Lambert, 1b; Skinny Winn, 2b; F. L. Oliver, ss; Pinky Barbour, 3b; Leslie Lambert, 1f; Morris Hicks, c; Spud Thomas and Herbert Griffiths, rf.

Around 20 men are available on the local squad for play, others including Doc Howell, Embry, Lefty Toten and Dick Blackshear.

The coming Sunday local people will have the opportunity to see the local nine in action. They will play the Earth entry in the Capitol League at Legion Field, near the west city limits at 3 p. m. Admission is free, but once in a while someone takes up collection to help pay for the balls and bats, etc. The boys playing in this league are in a strictly amateur status.

Roland Bigham is manager of the Muleshoe nine and Tye Young is a coach and handles the heckling and batting departments.

Mulshoe Is Host At Kids Day Tuesday

Legion Junior Team Is Formed

Ben Richardson Post American Legion, of Muleshoe is organizing a junior baseball club among the boys of the community to take part in sectional competition this summer under Legion auspices.

Suits for the Muleshoe lads are to be furnished by Rocky Motor Co., Ford distributors here, and already have been ordered. They will be royal blue, trimmed in red, with red caps, red and blue socks, and with red letters across the front spelling "Muleshoe".

Boys who had not reached their 17th birthday before January 1, 1947 are eligible to compete, and any boy who feels that he would like to try to make the team is invited to try out.

The Legion has formed a regular league to foster competition among teams from various towns. The local boys will play in conjunction with the Muleshoe recreation program, directed by Coach Beam. Several former baseball players are giving some of their time to instruct the boys in the fine art of base running, etc.

The boys will furnish shoes and gloves, and the local post will furnish balls, bats, etc.

Former Resident Drowning Victim

Betty Lou Hawkins, junior Weatherford high school student, former Bailey County resident, drowned Wednesday night, April 30, in the Brazos River, near Weatherford according to word reaching friends here.

The girl was a daughter of Mr. and Mrs. M. M. Hawkins of Weatherford, who lived for several years in the Watson community of this county. The children attended Bula and Morton schools and the family is well remembered and have a host of friends in Bula, Enochs, Watson and Maple communities. News of Betty Lou's untimely death saddened all who knew the family.

Betty Lou went to the river early in the evening with some friends and went swimming at a point just above the Dennis Bridge. While in the water her strength gave out and two boys, Roy Jones and Billy Lee Chandler went to her rescue. It was said the under current was very strong, and Betty Lou, as is usual with persons near drowning, was very difficult to handle.

The boys succeeded in getting her near to the bank, when they too became exhausted; she slipped from their grasp and sank in deep water. Everything possible was done to find her after she had sunk, but her companions not being expert swimmers, their efforts were in vain.

As soon as word reached town, the sheriff's posse quickly rounded up a number of young men who were good divers and swimmers, secured boats and dragnets and went to the scene.

Just before eleven o'clock a dragnet was felt to catch on some object, when divers went down and brought the body to the surface.

Besides her parents, she is survived by her twin brothers, Claude Hawkins of Weatherford, and Clyde Hawkins in the Naval Air Forces serving in the Pacific; three sisters, Lois, Joan and LaVerne Hawkins, at home.

ARMY RECRUITER TO BE IN MULESHOE

The regular Army recruiting sergeant, T-Sgt. Leon A. Reynolds, from Clovis, N. M., will be in Muleshoe from 9:00 a. m. to 4:30 p. m. on Wednesday, May 21. He will be located in the post office and will interview anyone interested in seeking information about the conditions and advantages of the present day regular Army. He wishes to remind all seniors that there is an excellent opportunity to continue their education through the Army policies.

Next Tuesday, May 20, is "All Kids Day" in Muleshoe.

A full day of fun and feasting has been planned for the kids of this whole territory, and letters have gone out from the Muleshoe Lions Club, sponsors, to schools all over this section inviting the kids of those communities to come in and enjoy the day's frolic.

A big barbecue dinner will be served at noon and the program will include a picture show in the morning, games, contests, and cream cones for all just before the gathering breaks up.

Hundreds are expected to attend. Bill Moore, chairman of the club's committee, in charge of arrangements, hopes there will be 800 kids here on that day and says there will be plenty of barbecue for all.

Others on his committee are Fred Johnson, Roy Holland and Morris Douglas. Each of these men have sub-committees under them to take care of various phases of the day's activities.

For instance, Tye Young will have charge of the contests, and he promises to revive some old contests that haven't been thought of for quite some time and are remembered only by the old timers. There may be a greasy pig to catch, but whatever it is, he will have some fun provoking contests worked out for the kids to enjoy.

A large group has been named to direct the games, under the chairmanship of Coach James Beam. There will be several games for boys and girls with men and women there to direct them.

Briefly the program was outlined as follows:

- 9:00 a.m.—All kids meet in auditorium of Muleshoe high school.
10:00 a.m.—Picture show.
12:00 Noon—Barbecue dinner.
1:30 p.m.—Games.
3:00 p.m.—Contests.
4:00 p.m.—Cream cones for all.

The festive day will mark the end of the school term and will inaugurate Muleshoe's summer recreation program which will begin early in June under direction of Coach Beam.

LONGVIEW NEWS

Arthur Shafer of this community has been seen talking to Pat Barnett since all this nice rain. Someone said Pat had several pushers of cottonseed. We all just wonder what will happen if Pat lets Arthur talk him out of those cottonseed.

If Pat Barnett doesn't plant any cotton on his farm there is no need for the rest of us farmers to plant cotton.

A very large attendance was reported at the play and pie supper the other night at the Longview school house. This was to raise money for Needmore baseball players uniforms. The boys have received their new suits and Needmore is making a good showing in the Capitol League. The team is grateful to all the folks who gave so much of their time to help put on this play.

A pink and blue shower was given in the home of Mrs. J. N. Plunkett May 1 honoring Mrs. James Warren. Mrs. Warren expressed her thanks for all the lovely gifts. Many who were unable to attend sent gifts. Delicious cake and ice cream were served to the guests.

Mrs. James Warren and Mrs. Speed Thomas spent a week in Floyd, Texas, visiting a sister, Mrs. J. B. Smith.

SENATE JOINT RESOLUTION NO. 4

proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Sections 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

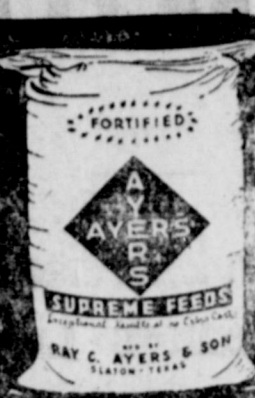

"Also, there is hereby levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any

part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"Funds raised from said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Institution	Per Cent of Total
John Tarleton Agricultural College	5.72107
North Texas Agricultural College	6.17028
Texas State College for Women	11.52992
Texas College of Arts and Industries	4.75551

in order to carry out the purpose of this amendment; and the State Treasurer shall play warrants so issued out of the special fund here-by created for said purpose."

"Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Boards are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of The University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August A. D. 1947 at which election all ballots shall have printed thereon:

"For the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payments for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"Against the amendment to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent im-

provements at state institutions of higher learning in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University

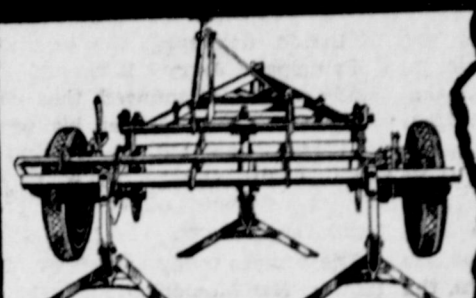

of Texas." Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

Section 4. The sum of Ten thousand (\$10,000.00) Dollars, or such thereof as may be necessary, hereby appropriated out of any funds in the treasury of the state not otherwise appropriated, to pay the expenses of such publication and election.

Industry Looks at Our Town

Maybe you read how a group of industrial experts have decided that the small town is the place for industry—not big cities. Reasons they give are better housing, pleasanter living, and more opportunity for wholesome recreation.

Well, looking around our town I'd say that was about right. Most of us own our homes, and keep them looking nice; we enjoy each other's company; and our recreations are mostly simple outdoor sports, and in the evening a mellow glass of beer with pleasant company.

As Doc Walters says, that sort of life just naturally sets you up for work the next day... whether it's in office, mill, or field. And Doc should know. He works fourteen hours, but never misses his morning "constitutional" or his evening glass of beer with friends.

From where I sit, any industry could profit from being in a town where wholesome living, temperance, and friendship are the rule.

EXTENSIVE RECRUITS INSECT REPORTERS

COLLEGE STATION — An army of "insect reporters" is being recruited by the Texas A and M College Extension Service to fight cotton pests this year.

In every cotton-growing county in the state, county Extension agents are lining up volunteer reporters who make weekly reports

on infestations of boll weevils, boll worms, flea hoppers, plant lice and leafworms—Texas cotton's five biggest insect pests.

The weekly surveys, which will include information on location and extent of infestations, will be turned in to the county agricultural agents, who will tabulate results and make recommendations for insect control when and where it is needed. Each county agricultural agent will submit his weekly survey to Extension entomologists at Texas A and M College, where the Extension Service's state report will be compiled.

IRRIGATION FOR PLAINS

COLLEGE STATION — What does agriculture on the High Plains of Texas need in order to stay permanently on an even keel?

Many Hockley County farmers think the answer is irrigation, says Hockley County Agricultural Agent A. B. Forehand. They believe that irrigated pastures, hay crops, cotton and grain sorghums will keep Plains agriculture on its feet, and tend to prevent the livestock industry from folding in the future.

Since equipment and labor have become plentiful, Hockley County farmers are becoming irrigation-conscious. County Agent Forehand says that by the time the year is out thousands of acres of dry cropland in the county will be fed by irrigation wells.

Some of the problems to be worked out in putting a farm under irrigation are: separating types of soil on one farm into different plots or fields, so the use of water will be most efficient; laying out rows which will have the proper slope and still be spaced so they may be worked with four row equipment; building elevated ditches and sub-ditches to carry the water; and locating well sites. The county agent says all these points must be considered if a farmer puts in a proper irrigation system.

PRESSURE CANNER GAUGE TEST

COLLEGE STATION — Running a test on the steam gauge of the pressure cooker now will save many a housewife trouble during the canning season.

Correct operation of the pressure gauge is all-important in home canning, says Miss Gwyndolyn Jones, food preservation specialist of the Texas A and M Extension Service.

Proper processing of low acid vegetables and meats depends on whether the gauge registers correctly. If the gauge is "off", warns Miss Jones, food may be underprocessed and lost by spoilage, or it may be overcooked, which results in loss of food value and flavor.

The food preservation specialist urges homemakers to watch for an announcement from their local county home demonstration agent about pressure cooker clinics which are being held over the state. At these meetings, the homemaker may take her cooker in and have it inspected and tested.

BIBLE CLUB MEETS

Again the Woman's Bible Club of the Goodland community met in regular session on May 5 in the home of Mrs. Stegall. 16 members answered roll call then participated in a very interesting Bible study taken from the first two chapters of Philippians.

The lesson was directed by Mitsy B. Humphrey. After the lesson study a most enjoyable program was rendered with program chairman, Mrs. Tommy Galt in charge. Agasin, as on former occasions, Mrs. Galt proved herself a genius in arranging a program.

After the program, Mrs. Peddette and Mrs. Stegall and other members of the welfare committee presented boxes of clothing they had collected for a family who were the unfortunate victims of the Higgins storm. The mother of this family is a sister of our friend and neighbor, Mrs. Bundrett.

This large box of clothing was a love offering and sponsored by the

Bible Club. The value of the box was estimated at \$200.00. After all had viewed its contents and given the committee a rising vote of thanks for their marvelous work, a most delightful refreshment of nut ice cream was served by the hostess with Hazel Gant assisting. There were five guests present.

The club adjourned to meet May 21 in the home of Mrs. Pedette.

Mr. and Mrs. E. E. Frost and Mr. and Mrs. R. L. Reeder of Lawton, Oklahoma, have been visiting in the homes of H. E. Reeder and family and W. D. Lackey and family.

THURSDAY, MAY 15, 1947

Women's News . Club Events Social Activities

Muleshoe H. D. Club

The Muleshoe home demonstration club met Thursday May 8 in the home of Mrs. S. C. Caldwell.

Mrs. Roy Carney, the president presided over the meeting.

The club ladies planned a pie and cake sale held Saturday, May 10, The total from the sale was \$15.

The Muleshoe club won first and second place in a contest of essay writing. First place winner was entitled "Why Recreation for Youth", written by Mrs. N. S. Abbott and "Program for the Community", by Mrs. Wylly Bowers, Second, "Health Mrs. Dave Aylesworth.

A food report was given by Mrs. Ernest Holland, which included how to prepare and can rhubarb for home use.

In Mrs. J. P. Hallmark's report on clothing, she gave a helpful suggestion of when letting down hems of woolen garments, take a damp rubber sponge and rub along the crease then press on the wrong side of the material, which often leaves no traces of the old crease.

Mrs. C. D. Julian gave a talk on what I like in my garden. Flowers in gardens add much to their beauty. Plant vegetables most enjoyed for canning and table use.

The proper vitamins give energy and health to growing children, stated in a talk on School lunches by Mrs. O. C. Kirk. Quick recipes were given to meet these needs.

Mrs. C. E. Briscoe received the hostess gift which was a beautiful butterfly chataleine made of pale green and pink sequins.

The next meeting will be with Mrs. C. E. Briscoe, Thursday, 3 p. m. May 22.

Refreshments were served to the visitors, Mrs. L. P. Pierce and Mrs. Carie Owen of Borger and the following members:

Mrs. C. E. Briscoe, C. D. Julian, Roy Carney, J. T. Shofner, J. P. Hallmark, Ila Mae Lawler, W. F. Hays, W. M. Dudley, L. V. Julian, H. M. Shofner, D. E. Beller, Ernest Holland, O. C. Kirk, and Kenneth Burton and the hostesses, Mrs. S. C. Caldwell and Mrs. N. S. Abbott.

Baileyboro Club

Baileyboro home demonstration club met in the home of Mrs. Florence Fine Tuesday, May 13, with five members and one visitor present.

The house was called to order by the president.

Mrs. Myser gave an interesting report on the Commissioners' supper. We decided to wait until the new Reading List is received to buy our club books.

Mrs. Myrs gave a very interesting talk on "Variety in School Lunches" and also discussed Treating Garden Seed.

Mrs. Minnie Underdown drew the hostess gift, a beautiful hand painted towel. It brought 60 cents.

The following were present: Mesdames Elizabeth Myers, Helen Schmitz, Minnie Underdown, Janie Moraw, and Florence Fine. Our visitor was Mrs. Oliver.

Next meeting will be with Mrs. Mrs. Oliver. At this time we will quilt so bring your thimbles.

Fidelis Class Meets With Mrs. Damron

The Fidelis Class of the Muleshoe First Baptist Church held their monthly business and social meeting at the home of Mrs. Joe Damron at 2:30 on the afternoon of May 8.

After a lovely devotional given by Mrs. J. C. Cummins a very favorable report was given on our May Day breakfast for our husbands.

Mrs. Griffiths presented each class member with a lovely carnation in keeping with Mothers Day. Plans were made for a Dutch luncheon for the officers and committees of the class to be held at the Cross Roads Cafe at 12:00 on May 13.

Delicious refreshments were served to the following members: Mesdames E. H. Kennedy, J. C. Cummins, E. R. Hart, H. E. Schuster, E. L. Busbie, Irvin St. Clair, L. C. Roddam, J. W. Holmes, H. L. McDaniel, F. H. Davis, C. E. Barnett, Cecil Tate, Eddie Lane, Ray Griffiths, A. E. Lewis, M. F. Green and the hostesses, Mrs. Joe Damron, Mrs. C. E. Layne and Mrs. R. B. McHorse.

L. N. Walker visited over the weekend with his sister, Mrs. O. M. Daw of Red Springs, Texas.

Mrs. Jack Lenderson Has Study Club

The Muleshoe Study Club met in the home of Mrs. Blanche Lenderson Thursday night, May 8.

The program for the evening consisted of highlights on world events. Miss Elizabeth Harden discussed world events in general. Mrs. Mary Frances Holt gave a sketch of the lives of prominent men in world affairs, including General Marshall, Henry Wallace, and President Aleman of Mexico. Miss Elizabeth Bailey gave the history of the Hope diamond.

After a short business meeting refreshments were served. The last meeting of the club year will be Thursday night, May 22, with a dinner at El Monterey in Clovis.

Senior Reception In St. Clair Home

The Senior Class of '47 were honored last Friday evening, May 9 by a reception given in the St. Clair home.

The house was beautifully decorated with the class colors of Gold and white. The table was decorated with a lace tablecloth and gold and white candles. A bouquet of sweet williams made the centerpiece of the table.

Mrs. E. H. Kennedy rendered the music for the evening. Donald Bryant and Charline Black gave a special rendition of "Let Me Call You Sweetheart". The class alma mater was played.

The hostesses for the occasion were Mesdames Joe Damron, A. W. Black, W. B. LeVeque, E. T. Bryant and Irvin St. Clair.

About 35 seniors were present. Refreshments of orange sherbet, cookies and nuts, carrying out the class colors were served.

Mr. and Mrs. Homer Pierce took pictures of the group.

AS YOU LIKE IT CLUB ENTERTAINED AT CLOVIS

Mrs. Harold Wyer and Mrs. Cecil H. Tate entertained the As You Like It Club last Wednesday at the El Monterey at Clovis. Those attending were:

Mesdames Rufus Gilbreath, Horace Holt, Morris Childers, Jack Lenderson, A. E. Lewis, Roy Jordan, one visitor, Mrs. Clyde Holt, and the hostesses.

DEMONSTRATION OF CHEESE MAKING IS SET

A demonstration of Neuchatel cheese making and production of clean milk will be held in the home-making department at Muleshoe high school Friday, May 23 at 2:00 p. m. Everyone is invited to attend. The demonstration is to be given by Mrs. Laurette Williamson, county home demonstration agent of Bailey County.

Roots of Culture Good Taste THEN and NOW

GRADUATION

RENAISSANCE BOYS OFTEN GRADUATED FROM COLLEGE AT 14. PARENTS CELEBRATED THE EVENT BY PRESENTING THEM WITH BUCKLES AND GEM-ENCORUSTED SWORDS.

FIRST AMERICAN GRADUATION WAS AT HARVARD IN 1642. GOVERNOR WINTHROP MAGISTRATES AND GENTLEMEN OF THE MASSACHUSETTS BAY COLONY ATTENDED. THERE WERE NINE GRADUATES.

THE FIRST FOUR GRADUATES OF VASSAR COLLEGE (1867) RECEIVED ONLY "TEMPORARY CERTIFICATES" BECAUSE THE AWARDED OF "BACHELOR" DEGREES TO FEMALES CAUSED AN UPROAR.

TODAY GRADUATIONS ARE STILL BIG MOMENTS, COMMEMORATED BY GIFTS WHICH WILL BE REMEMBERED FOR A LIFETIME.

Guild Met With Mrs. Harold Wyer

The Wesleyan Service Guild met in the home of Mrs. Harold Wyer, Monday evening, May 12, with the vice-president, Mrs. Curtis Spivey in charge.

Mrs. Jim Burkhead gave the devotional. Miss Elizabeth Harden gave a talk about some of the work done by the W. S. C. S. in different parts of the world for needy children.

During the short business session, names for Guild Sisters were drawn for May and June and gifts were exchanged.

Refreshments were served to one visitor, Miss Virginia Faye Nelson and the following members: Mmes. Marty Ezell, Curtis Spivy, Jack Lenderson, Delma McCarty, Ray Edwards, Homer Sanders, Jr., T. G. Craft, David Anderson, W. B. LeVeque, Miss Elizabeth Harden and the hostess.

Enochs HD Club

The Enoch home demonstration club met Thursday, May 8 in the home of Mrs. E. N. McCall.

Mrs. Williamson gave a demonstration on treating garden seeds.

We are sorry to report one of our members, Mrs. Carl Hall is on the sick list.

Members present were Mesdames Bill Dick, A. D. Hallford, R. P. McCall, Seagler, Stiles, H. H. Snow, C. W. Vanlandingham and four new members: Mesdames A. C. Archer, J. O. Dane, D. T. Johnson, C. S. Vandeventer, Mrs. Williamson and the hostess.

We would be glad to have more homemakers join our club.

P. T. A. MET MONDAY NIGHT

The P. T. A. met Monday night in Muleshoe high school. Roy Holland was guest speaker. The P. T. A. voted to give \$50.00 on the Youth program which is being sponsored by the Lions Club.

New officers were installed for the coming year as follows: president, Mrs. Morris Childers; vice-president, Mrs. Scott Donaldson; secretary, Mrs. J. Kirk; treasurer, Mrs. Dick Blackshear; historian, Mrs. J. J. DeShazo. Refreshments of ice cream and cookies were served by the refreshment committee.

The next meeting of the P. T. A. will be the first Monday night in September.

FRESHMAN CLASS HAS PARTY

Mesdames Bill Collins, Jenks Beller, Dave Aylesworth, Ila Mae Lawler, Carroll Goss and Earl Ladd sponsored a skating party for the Freshmen last Friday night at Morton. Forty pupils enjoyed the occasion.

Washday for Lamp Shades Makes Rooms Brighter

ROOMS will look brighter when you establish a washday for the lamp shades and light bulbs, the Rural Home editor of nationally-circulated Capper's Farmer advises housewives.

"In the days of kerosene lamps it was part of the weekly housecleaning to wash lamp chimneys," she points out in the farm magazine read by 1,300,000 farm families. "But not everyone realizes that electric lighting calls for a regular cleaning program."

"Your lamp shades will give better service and look much better if they are kept clean."

Here are her directions for giving amp shades a real soap and water treatment:

Remove a parchment or paper shade from lamp; go over it with a cloth rung quite dry from rich suds. Then go over the shade with a cloth wrung out of clear water. Finish by wiping it with a dry cloth. Examine the shade to see if bindings are glued or sewed on and if there are ornaments that might not be wash-

able. These should be cut off before washing. Make up a tub of good rich, lukewarm suds. Plunge the shade up and down in the suds. Rub obstinate spots gently with two well-soaped fingers. After the shade is bright and fresh looking, give it several rinses of the same even lukewarm temperature. Stand the shade to dry on a bath towel, away from sunlight or direct heat. You can hasten drying by blotting the shade between the palms of your hands with another bath towel. When the shade is partially dry, reverse its position. Don't forget, too, that electric bulbs should be cleaned regularly. Do not try to wash the electric bulbs in their sockets. The best way is to remove the bulb from the socket and wipe with a soft cloth wrung out of soapy water. Hold the bulb by the metal end while wiping the glass with the soapy cloth. This minimizes the risk of wetting the metal part. If the metal part of the bulb does get wet, be sure not to screw it back into its socket until it is completely dry.

The group went down by bus and Mrs. Alice Williams had charge of the bus. Refreshments of sandwiches and pops were served.

News Briefs

Miss Lela Barron of Santa Fe and Frank Lyman of Albuquerque visited with her mother, Mrs. Lela Barron over the weekend, returning Sunday afternoon.

Mr. and Mrs. Vernon Adair and children of Clovis visited Sunday in the home of his sister Mrs. Lillian Selars.

Mr. and Mrs. J. W. Bailey of Olton visited over the weekend in the home of their daughter, Elizabeth.

Miss Wanda Goodson spent the weekend in Childress with her parents.

Mr. and Mrs. W. H. Bethany and daughter, Mr. and Mrs. W. B. Mason, Jr., of Amarillo visited over the weekend in Muleshoe with relatives, Mrs. I. W. Harden, Mr. and Mrs. Buford Butts and family, Mr. and Mrs. Delma McCarty and family and Miss Elizabeth Harden. Mrs. Harden is the mother of Mrs. Bethany.

Mr. and Mrs. L. T. McKillip and son, Talmage visited over the weekend in Portales with their son, Mr. and Mrs. J. E. McKillip.

Mr. and Mrs. L. S. Barron and son Mike visited over the weekend in Lamesa with her mother, Mrs. A. J. Carr.

Mr. and Mrs. E. E. Dyer returned Friday from Lake Providence, La., where they have been visiting the past two weeks.

Miss Littleton Jones, who has been attending college at Canyon visited in Muleshoe over the weekend with her mother, Mrs. R. L. Jones and other friends and relatives.

Judge and Mrs. Cecil H. Tate attended the Plains Historical Society Banquet at WTSC at Canyon, Friday, May 9.

A clipping from a Fort Worth paper informs us Miss Pat Jennings of Muleshoe has been selected Treasurer of the Entre Amis Sorority of Texas Wesleyan College there for the 1947-48 term.

INSTALLATION FOR RAINBOW GIRLS POSTPONED

Public Installation for the Rainbow Girls will not be held Thursday, May 15 as formerly planned because of the Senior trip but will be held Thursday, June 5, 8:30 p. m. at the Fellowship Hall. The public is cordially invited.

Mr. and Mrs. Douglas Peddy, of Big Bear, California have been visiting here in the home of his sister, Mrs. L. N. Walker and family.

Your Home

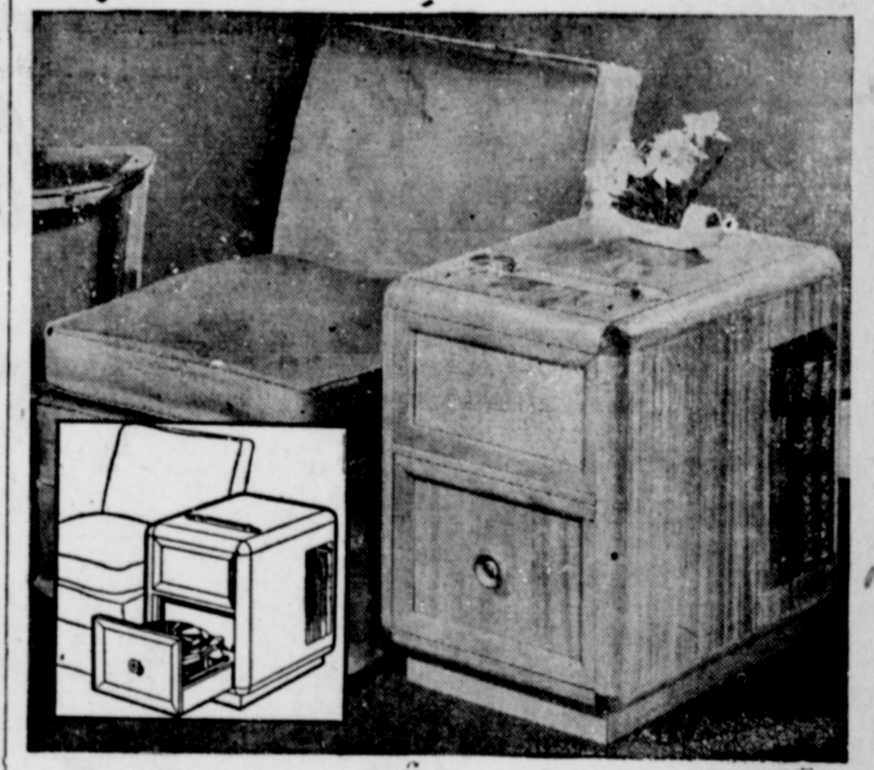

One afternoon last week, while browsing in the library, I ran across an article which shocked me greatly. An editorial in a 1900 New York paper described a dirty delivery boy taking a loaf of bread from his wagon . . . beating his horse with it . . . and then throwing the loaf back into the wagon to deliver later to some unsuspecting family!

Today, such a situation is practically impossible, for when we buy bread now we buy the freshest, tastiest, cleanest bread that was ever made . . . and the waxed paper it is wrapped in is our assurance that it will stay fresh and sanitary until we use it.

Not long ago, I went through one of the bakeries in our city and watched the wrapping process. Did you know that our bread is automatically sliced and wrapped without being touched by human hands? It was certainly interesting to watch the wrapper form around the bread, automatically pass through heated plates which temporarily melted the wax and sealed the ends of the wrapper to form a perfect enclosure. I was surprised to learn that the waxed paper wrapper is made with pure, tasteless, odorless paraffin—such as we use to preserve jellies—so no dust, dirt or insects could possibly penetrate it—and furthermore, it prevents outside odors from contaminating it.

You know, it's amazing that such protection can cost so little. The baker told me that the waxed paper used to keep our bread fresh and sanitary costs but a fraction of a cent per loaf. We housewives are certainly fortunate, aren't we—to be able to get maximum protection and minimum cost in these days of inflated prices!

LONE STAR EQUIPMENT CO.
1st. and Pile Street Box 413
Clovis, N. M.

Mr. and Mrs. Carie Owen of Borger, Texas are here visiting in the home of his parents, Mr. and Mrs. A. H. Owen his sister and family, Mr. and Mrs. W. M. Dudley and Mr. and Mrs. B. L. Pearson.

Mr. and Mrs. Foy Futrell of Lamesa spent the weekend here in the home of her parents, Mr. and Mrs. F. H. Davis. Their small son has been visiting with his grandparents for the past two weeks.

Mr. and Mrs. B. L. Pearson and daughter and Mr. and Mrs. Carie Owen were in Clovis shopping Saturday.

Pfc. Alonzo H. Clary of the U. S. Marine Corps, stationed at Camp Pendleton, Oceanside, California is here on furlough visiting his parents, Mr. and Mrs. M. M. Clary and other friends.

Mr. and Mrs. W. H. Awtrey, Sr., visited Sunday in the E. T. Ward home at Portales. Mrs. Awtrey's mother is there. She plans to visit the Awtrey's soon.

W. H. Awtrey and friends of Lubbock were guests in the Awtrey home Sunday Night.

Mr. and Mrs. R. G. Horsley had out of town guests over the weekend. A daughter and family, Mr. and Mrs. K. O. Pitner, and a son, Ches Horsley, of Snyder, visited them.

Miss Nell DeShazo, student at New Mexico A. and M. during the past year, is home for the summer with her parents, Mr. and Mrs. J. J. DeShazo.

Carroll Howell spent the weekend in Levelland visiting with his parents.

Watch out for stakes on farm-to-market roads.

Mr. and Mrs. O. N. Jennings made a business trip to Groom Wednesday.

Home Comfort

Dining-room chairs appear in slip covers at the kitchen breakfast bar. Mr. and Mrs. Harold Ford designed for their farm home in Pottawatomie county, Iowa, Betty Lindsay points out in nationally-circulated Capper's Farmer. These red water-proof plastic-coated fabric ones match leather-seat upholstery.

Comfort and convenience-promoting ideas abound in the Ford home. In each of the 10 years Mr. and Mrs. Ford have been married, they have made some improvements which will make farm work easier and the home more comfortable.

A busy homemaker who tends a large garden, prepares an abundance of food for freezing and canning and raises a large flock of chickens, Mrs. Ford manages to be a 4-H club leader, hold an office in the women's home project board and in a church society. Extra moments must be allotted for her flower garden, home improvement and personal care.

Please watch out for engineers' stakes along farm to market roads.

A POUND OF PREVENTION

COLLEGE STATION — A pound of DDT is worth 2000 pounds of beef to the Texas stockman during fly season this year.

A **tab** statement? Entomologist Charles A. King Jr., of the Texas A and M Extension Service, says "figure it up yourself." One pound of

wettable DDT powder, mixed in 25 gallons of water, will spray about 25 head of cattle. Stockmen who have used DDT spray the past two years will testify that beef animals will put on an average of 80 pounds of flesh as a result of thorough spraying throughout the fly season. When 25 head gain 80 pounds, that's 2000

pounds of beef from one pound of DDT.

ODESSA MAN BUYS TWO FARMS NEAR MULESHOE

Urbine Childers, Odessa, Monday closed a deal whereby he acquired ownership of 40 acres belonging to Odie Baker and an adjoining tract of 120 acres belonging to Leland Mounts. Childers announced he would plan some acreage to permanent pasture and a large part of the quarter section to alfalfa. J. A. McGee, local real estate man, handled the transaction.

PIERCE SELLS LEASE

S. H. Pierce reports he has sold the lease on a half section of land northeast of Muleshoe to O'Neil Röckel of Muleshoe. Pierce said the lease will change ownership August 1 and he expects to move with his family to Oregon shortly after wheat harvest is finished. The land is part of the former Joe C. McClelland estate.

Muleshoe Girl Scouts Growing

The Girl Scout school held at Clovis was well attended and an inspiration to the leader, Mrs. White and her helpers, Mrs. Smith, Mrs. Bowers and Mrs. Scarbrough.

who attended two days. The first day we learned how to plan a hike and outdoor camp. The second day we had "Our Day At Camp," how to prepare and cook a meal outdoors which was very interesting to the ladies.

Our Muleshoe Girl Scouts are growing. There are from two to three each week wanting to join, but lack of leaders keep them out. By fall we hope to have two more troops going.

The girls are working to be second class Scouts. These girls are eager to be an organization Mule-

shoe and surrounding communities will be proud of. Regular meeting is Thursday at 4 p. m. in the grade school building until school is out.

FISHING AT CONCHAS

Seen loading up Sunday morning for a few days fishing at Conchas Lake were Myron Pool, Travis Winters, N. H. Greer and Neil Rocky.

NEWCOMER SUBSCRIBES

G. H. Culp, of route 2 became a new subscriber to The Journal this week. Mr. Culp and family recently moved to the place they bought

from H. E. Musson, northwest of Muleshoe, from their former home near Clayton, N. M.

Mr. and Mrs. J. M. Forbes spent Mother's Day at Plainview with her parents.

Record Sheet Holder

KEEPING careful records of production and breeding dates is one of the best helps to a farmer in grading up his flocks and herds. It enables him to find and eliminate the culls more quickly than if he trusts solely to his powers of observation.

The best time to make the entries is as soon as the results are noted. If the record sheets are in the same building, with a good writing

surface available, the matter of making the entries promptly will not be overlooked. Illustrated above is a handy record sheet holder that folds up against the wall when not in use. It can be made with a few small pieces of wood, three hinges, a wing fastener and some nails. As the larger drawing above shows, the device is small and compact but still offers a good writing surface. Another advantage is that it keeps the paper clean. The smaller drawing shows the record sheet holder folded up and out of the way.

PROGRESS HAS "PARENTS DAY"

Friday, May 2, the Progress school had parents day. There was a large attendance that came to see the entire day. In the morning the following events took place in the school house. Number Sense with Tommy Lumsden, 1st place; Thomas Radney, 2nd; and Eugene Henry, 3rd.

Spelling in the upper grades: DeLores Locker, 1st; Wanell Redwine, 2nd; and Louise Shaw, 3rd.

Spelling in lower grades: Jon Ann Thomson, 1st; and Vanis Keith Sigman, 2nd.

Declamation winners were: Jon

Ann Thomson, 1st; Bobbie Dean Martin, 2nd; and Darlene Rogers, 3rd in girls, and Kenneth Henry, 1st in boys.

Story Telling places were Patricia Simnacher, 1st; Glyn McDorman, 2nd; and La Wana Sue Hill, 3rd.

Choral singing was presented in the auditorium.

At the noon hour a bountiful dinner was spread on a large table in front of the school building and was enjoyed by all.

In the afternoon the men played the boys in a game of baseball. The way the men played would make you think they were boys again. The men won. Next, the women

and girls played, with the girls winning at four and one half innings.

MODERN BABY BUNTIN'

A modern Baby Buntin' is little Roy Hardcastle of Memphis, Tenn., but his daddy hasn't gone a-huntin' for a rabbit skin to wrap his baby in. This Baby Buntin' wears the same cotton pajamas which two little brothers wore before him. Washed repeatedly, the sturdy cottons will still be around for little Hardcastle No. 4.

The track event were held then. The event and winners are as follows:

Pull up: 1st, Faroy Simnacher; 2nd, Tommy Lumsden.

High jump: 1st, Virgil Joiner; 2nd, Jim Johnson; 3rd, Thomas Radney.

Broad jump: 1st, Jim Johnson; 2nd, Thomas Radney; 3rd, Virgil Joiner. There were 9 entries.

In the running, Jo Ann Hill came out ahead as the fastest runner in school.

The 50 yd. dash winners were: 1st, Jo Ann Hill; 2nd, Eugene Shaw; 3rd, Virgil Joiner, 9 entries.

The 100 yd. dash winners were: 1st, Jo Ann Hill; 2nd, Virgil Joiner; 3rd, Jim Johnson, 6 entries.

A PTA meeting was called and officers were elected as follows: Gordon Murrah, president; Byron Gwyn, vice president; Mrs. Velma

McDorman, secretary - treasurer; Mrs. Ada Murrah, reporter.

Everyone reported a grand time and enjoyable day. You missed a grand time if you were not present.

Plainview Pioneer Round Up May 17

The 19th Pioneer Round-up is to be held in Plainview Saturday, May 17. Members of the business and professional women's club which sponsors the annual gatherings says that preparations are being completed and that the stage is ready for the largest round-up yet.

The reception will open the day's activities at 10 a. m., headquarters at the City Auditorium. Parade will be staged at 3 o'clock. All stores will close at this time. Chuck wagon style dinner served from 6 to 8 p. m.

The program and square dancing to follow.

A special invitation to all old timers - Come and bring your friends. Answered roll call then participated study a most enjoyable program leafworms - Texas cotton's five biggest insect pests.

CATFISH BY THE ACRE

COLLEGE STATION - Texas

farmers have grown cotton by the acre corn by the acre, beef to the acre of grass, and now its fish by the acre.

There are more than 100,000 ponds on farms and ranches in the state that are kept for stock water. Every year, more farmers and stockmen are putting more of these ponds in to fish production by stocking and fertilizing.

Trees And Grass Hold Steep Slopes

Trees and grass hold water on the hillside, storing the surplus in the subsoil. Each blade of grass, each tree, each bit of organic matter serves as a barrier, holding the water where it falls until it can be absorbed.

The sponge-like covering of dead leaves, twigs and other litter releases the water slowly... protects and holds the soil in place. The roots of trees and grasses bind together the soil particles, holding them where they will be a source of plant nutrients.

Restore the steep hillsides of your farm to trees or grass, depending upon which best fits your farming program.

Yes — We have no bananas. But, we do have Rebuilt Block Assemblies for V-8 and Chevrolets.

Also Motor Rhythm to break them in with, in pints, quarts and gallons.

We have three Air Conditioners that were left over from last year at the Old Price, Nice and quiet and throws lots of wind, heap more than I do. Better come and get one and save about 20%.

Radiator Grills, Radios, the best that money and skill can build, and I sho need to sell 'em.

Ready Lined Brake Shoes ready to put on. Almost as cheap as Linings alone. Frams, We fittum, Oil Bath Air Cleaners, Gas Strainers, etc.

BEAVERS MOTOR SUPPLY

SIDELIGHTS From Washington

West Texans will be interested in the annual appropriations bill for the Department of Agriculture which will be reported to the House of Representatives on Monday, May 19. There will be a storm of protest over the provisions of the bill and I shall join with others who are interested in agriculture in seeking to prevent unwarranted reductions in certain programs for agriculture.

Funds for agriculture research have been slashed. This seems to me as false economy at its worst. Research and development in weapons and airplanes played a major part in our military victory. Agri-

cultural research should play a major part in promoting peace-time agricultural prosperity.

Funds for soil conservation and cooperation with soil conservation districts have also been greatly reduced. This does not make sense to me. I think we need greater emphasis on soil conservation, and I shall support an amendment for the expansion of this activity.

The bill drastically reduces the funds for the AAA payment program. The president requested three hundred million dollars for this purpose in 1947 and producers have proceeded with the 1947 crop on that basis. As I see it, Congress in fairness is bound to follow through on this program for the 1947 crop, and any changes proposed for the 1947 crop could not be made to apply before the 1948 crop year. However, the bill as now written slashes funds for the 1947 AAA program.

Vet Gets a Home

HILLSIDE, N. J.—A home of his own! John Shroba, war veteran, receives the key to his new house from William M. Bristol, Jr. as Mrs. Shroba and two year old Diane look on happily. Mr. Shroba, a mixer and processor in the Bristol-Myers plant, was almost literally saved from living on a park bench by being allotted one of twelve four-room houses erected by the company. The houses, rented to returned veterans in the company's employ, were put up to take care of veterans who could not find a place to live.

The bill provides for drastic, and to my way of thinking, unjustifiable cuts in the Farmers Home Administration program. I hope these funds can be restored.

Certain economics of administration are contained throughout the bill, and these savings, of course, should be made.

People interested in rural electrification will be pleased to know that at this writing the bill contains the full amount requested by the President for the expansion of the REA program.

The bill which is to be reported next Monday was written by a subcommittee of 5 Republicans and 3 Democrats.

Debate on the measure and amendments thereto will require several days but a final vote should be taken by Friday of next week.

SOIL CONSERVATION NEWS

A complete plan of conservation operations has been worked up with J. E. Mills.

H. D. Huyck, Guy Carpenter, and G. T. Maltby were assisted by Soil Conservation Service technicians in laying out irrigation ditches.

A soil survey was completed for J. E. Mills.

Topographic maps have been completed on farms owned by H. F. Bryant, J. E. Mills and Gordon F. Murrain.

MULESHOE LIBRARY

Additional books ordered for the Muleshoe Library include:

The Vixens, Yerby; Young Claudia, Franken; Cider from Eden, Buff; Three Come Home, Keith; Children's books: Mrs. Piggly Wiggly, Betty McDonald; Little Fin Family, Brown; Tobias, Briggs; Blue Ridge Belly, Lenski; A Small Child's Bible; American Paul Revolver, Forbes; Starlight, Woody; Let's Have a Party, Woodward; Great Day in the Morning, Means; The Kid Comes Back, Tunis; Heart of Danger, Pease.

About the Library

A circular recently distributed concerning the library contains the following pertinent information:

Muleshoe library was opened in the late summer of 1939, and is located in the courthouse. The librarian, Mrs. E. R. Wright, has her salary paid by the City of Muleshoe and Bailey County. It is open Monday through Friday from 12 to 5 p. m. A library card costs 50 cents for 6 months or 75 cents a year.

BIRTHDAY LUNCHEON IN ZIMMER HOME

Mr. and Mrs. Tom Zimmer had for luncheon guests Tuesday, Mr. and Mrs. S. A. Ribble. The day was the birthday of Mrs. Zimmer and Mr. Ribble.

A splendid lunch was enjoyed and after eating, Mr. Zimmer and Mr. Ribble recalled a mutual friend of theirs at Abilene, Dan Vinson. Both expressed the wish that they might have the old friend in the company of the day. In the afternoon paper from Abilene was the report of Mr. Vinson's death. Even while they talked of the good times of the past with Mr. Vinson, he lay dead in his home at Abilene. Mr. Vinson, Mr. Zimmer and Mr. Ribble were near the same ages.

In the evening at eight o'clock, Mr. and Mrs. Ribble had four families of their children from Lubbock in their home for one of Mrs. Ribble's family-famous dinners in honor of Mr. Ribble's seventy first birthday. A very enjoyable meal was eaten. Those present were Mr. and Mrs. Overton W. Ribble and Sammie, Mr. and Mrs. Al O'Brian, Mr. and Mrs. Sam Ribble, Jr. and two children, Mr. and Mrs. D. C. Rogers and daughters, the Misses Joene, Ardele and Bethalene.

Mr. Ribble was the happy recipient of a shirt shower, and received a number of fine shirts, and some nice neckties along with many birthday cards from the children and many other friends. Its great to be so remembered on one's birthday, but they are coming so often it seems.

Mostly Static --

By Berry

Howdy Folks: We talked with a man who had recently seen a burlesque show and his reaction was that burlesque girls do little more than stand around and twiddle their tums.

Of course a burlesque girl's clothes are designed so that she is seen in the best places.

In burlesque, if the girl's clothes don't drop off, the attendance does.

That type of show does create a lot of competition. The girls all try to out strip one another.

Could you say that a young burlesque girl is a mere striping?

And a retired burlesque girl is one who isn't her old sylph any more.

Just a little more of this chatter and we'll be burlesque happy.

And how. We'll be happy to have you drop in and see us next time you need Anything Electrical. Drop in whether you buy anything or not.

The party broke up about ten. All enjoyed the occasion although two families of children were too far away to come.

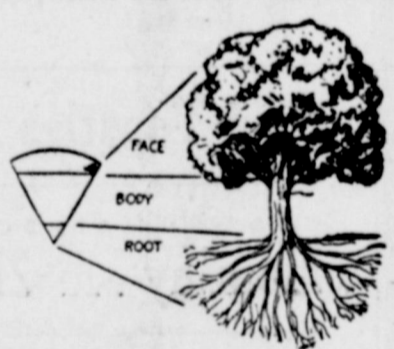

MULESHOE LIONS ATTEND ANTON ZONE MEETING

Five members of the Muleshoe Club attended the zone meeting of Lions held at Anton Monday night. At the banquet from this club were Lee Pool, Bill Moore, Rufus Gilbreath, Randy Johnson, Rev. G. T. Craft. Pool responded to the address of welcome with a few well chosen words, which included one of his famous acephalous jokes, and he said some of the folks acted as if they had never heard it before, from which he concluded it sure was a polite and nannerly gathering.

Lions were present from the Muleshoe, Littlefield, Olton, Anton Amherst and Dinamatt clubs.

Strength of Wood

"I have always compared a weld with that of a tree because of its substantial and mutual characteristics," says Frank J. Balistreri, Milwaukee, Wis.

Face, body and root are important in electric welding. Drawing—courtesy Lincoln Electric Co.

The strength of the weld (electric arc welding) is started from the root; it is the foundation of the weld.
