

Muleshoe Athletes Shine At State Meet

By Mrs. Muleshoe
Flowers for the Living Dept.
A nice bouquet of orchids to members of our city commission: Mayor Julian Lenau, and Commissioners Ray Edwards and Matt Dudley.
This writer recently had the privilege of meeting with these city dads for the first time and he has decided that we just sure have the right bunch on that important body. They are three level headed business men, all interested in the public welfare and willing to help develop our town and country. Let's make their jobs permanent. This is a job that takes a lot of one's time and few men are willing to sacrifice that time and do the public work. A big hand to these three men who are doing a good job without pay.

Credit Where Credit Is Due Dept.
Jesse Osborn saved the day on the fair next fall when he told the Chamber of Commerce that he contemplates building late in summer, and some 2 acres of ground as a temporary home for the fair. Still in a tentative state of mind, the body quickly went on record to sponsor, with the Lions, a local fair.
Mr. Osborn pointed out that old Lefty McWilliams, the Lenau brothers, and Col. Wanzor own land in the vicinity, and that their property might be used if the proper approach is made. He said that if the fair is held on a day other than Mr. Wanzor's sale day, he probably would lend his new facilities to the fair for livestock exhibits. Mr. Osborn's warehouse could be used for indoor exhibits.
Of course this would be purely temporary and a permanent deal will have to be worked out later, but goodness gracious, how much easier it seemed after all this developed. This property is just east of the city, in easy walking distance, and a paved road runs alongside.

And another nice bouquet of orchids, a dozen would do, for old Roy Holland, president of our Chamber of Commerce and member of everything else around here. Roy gives a lot of his time and a lot of his company's time to promotion of public projects; we are just lucky to have a man who can and will do these things. Roy doesn't want the credit for what he does, he just wants to get things done.
Of course he is ably abetted by Marion F. Harris, secretary. Marion devotes a world of his time to civic work and won't take pay for it. A nice hand for these two men.
We have got a lot of orchid awards left but scarcity of newspaper would prohibit our printing the names of all our men and women who are starting on the civic work front. The Lions Club is doing a nice job of work, and other organizations are busy trying to improve conditions here, but we can't name everybody.

Our best reporter, Miss Elizabeth Harden, who keeps us informed as to activities not only in the Bailey County courthouse but in a half dozen local organizations and the comings and goings of a lot of people as well.
Runner-up is "Chief" Jones, who, as long as he was associated with the schools never failed to give us a good story or a tip on one every week. We will miss Chief from his post there and the rest of the district will miss him, too.

Valley Theatre

Mon. thru. Fri. Open at 7:45 and Show Begins at 8:00 P. M.
Sat. and Sun. Matinee at 1:45 P. M., Begin Showing at 2:00 P. M. and Continuous Showing.
Thurs. and Fri. May 8 and 9, Sidney Greenstreet, Peter Lorre "THE VERDICT"
Saturday, May 10, Charles Starret in "FIGHTING FRONTIERSMAN"
Sun. and Mon. May 4 and 5 "CALIFORNIA"
Ray Milland, Barbara Stanwyck
Tues. and Wed., May 13 and 14 "OUT CALIFORNIA WAY"

Bailey County people ought to give the Muleshoe high school track and field team, coached by Jerry Kirk, a nice, big hand in recognition of the fine record they have hung up in this district, regional and state meets. Last Friday and Saturday Muleshoe was represented in several events by five boys, who were in there competing against veteran performers of every section of Texas, striving to bring back a state "first", and they came near to doing it.
R. L. Propps tied for third place in the pole vault. He vaulted the bar at 11 1-2 feet and went out on 12 feet.
Wiley Moore, who won the regional 100 yard dash with the time of 10.8 seconds, ran fourth in his race, which had a time of 10.1 seconds, only 2 off the winning race.
Jim Bickel also entered the 100 yard dash and was fourth in his race with a time of 10.2 which was very good.
Jim Bickel and Billy Jim St. Clair won sixth in the race they ran in the 220 yard dash with good time.
Arlo Farrell, Jim Bickel, Wiley Moore and Billy Jim St. Clair ran the 440 yard sprint relay. It was a very good race.
"I am very well pleased and I am very proud of the boys' performance," Coach Kirk said upon returning home. Out of seven boys working out on the Muleshoe team five took part in the state meet, and this is considered a great showing for these boys who were mostly inexperienced in track and field events competition.
Mr. and Mrs. Irvin St. Clair and Don Bryant furnished cars for the trip and accompanied the boys and Mr. Kirk to Austin. The boys had time out to see the capitol and other landmarks around Austin.

Wind Tuesday Caused Damage - .46 In. Rain Fell
Rain following several days of sultry weather fell here Tuesday night and amounted to .46 inch of moisture. R. J. Klump, weather recorder said.
The rain was accompanied by a terrific dust storm and very strong wind, which did some damage in the territory to windmills, sheds, etc. The paper has not been able to learn of any material hail damage, but some hail fell.
A hangar belonging to Bill Miller at the airport was moved about thirty feet but the plane inside it was only slightly damaged. A house being built west of town was blown off the foundation.
Unusually high temperatures for May were recorded on the four days preceding the storm: Saturday, 98 degrees; Sunday, 102; Monday, 98; and Tuesday, 96.
Guy Allen of Goodland community reported that the wind blew a windmill down at his place.
Several evidences of storm damage are visible along the highway between Muleshoe and Clovis it was said. Sheds and light outbuildings here and there were damaged.
A local lumberman said many farmers were buying post and nails Wednesday to make soil scratchers. Where they had just planted it was said the rain had packed the ground enough to keep the plants from coming through.
Arthur Shafer of Needmore community had just finished planting several hundred acres to cotton.

City Park Trailer Camp Will Be Set Up To House Road Workers
A trailer camp for families of men employed and to be employed on the various paving projects in Bailey County and in the City of Muleshoe, is to be established in the city park here by the Muleshoe Chamber of Commerce.
Members of the city commission Friday night gave their approval of the project which is meant to solve the housing problem for many of Muleshoe's temporary guests.
Toilet and shower facilities will be provided. The city will put a maintainer on the job and level the grounds, Wendell Young, street commissioner, said.
A sewer line already runs the length of the park, which consists of two blocks. Young said the city needs water lines in the park anyway, and he will have lines laid immediately.
The Chamber of Commerce took the lead in providing camping ground facilities for the workers and their families. President Roy Holland appointed on his committee to see after the job, Gil Wollard, chairman; Clyde Bray, Matt Dudley, and Jesse Osborn. These men will figure out what installations are needed, where they are to be put, and what it will cost. The occupants of the camp will pay a monthly rental which will be used by the Chamber of Commerce to pay for the installations, then the facilities will be permanent additions to the city park.
Members of the city commission told a Chamber of Commerce representative that they welcomed the opportunity to make improvements in the park. Grounds will be kept neat and clean at all times. Mr. Holland said the Southwestern Public Service Company will see that plenty of lights are installed there in the future.
Grass may be planted in the areas not actually occupied, and the city would supply water to keep the grass going.
Several individuals have at one time or another figured on installing a trailer camp, and the business men would have preferred this method of handling the situation, but since the matter was urgent and no individual had made definite plans, it was felt the Chamber of Commerce ought to provide this facility.
Attending the commission meeting Friday night were Mayor Julian Lenau, Commissioners Matt Dudley and Ray Edwards, City Secretary R. J. Klump and Street Commissioner Wendell Young.
Please watch out for engineers' stakes along farm to market roads.

Hospital News
Fred Johnson spent a few days here under medical care. He has been discharged.
J. A. Nickels, son of Mr. and Mrs. Guy Nickels, was in for medical care. He has been discharged.
Danny Petree, small son of Mr. and Mrs. C. A. Petree of the Maple community spent a day under medical care. He has gone home.
Tommy Loe, daughter of Mr. and Mrs. Alton Loe, underwent a tonsillectomy. She has gone home.
Mrs. A. S. Howard of Clovis is a medical patient She is doing fine.
Mrs. Arnold Brown, an accident patient from Earth, Texas, is a patient here. She is doing nicely.
Mr. Lester Kelley, of Earth, is a surgical patient here. He is doing fine.

CONGRATULATIONS:
To Mr. and Mrs. H. L. Sanders on the birth of a son, born April 30, weight 7 pounds, 5 ounces.
To Mr. and Mrs. Huel Helms, on the birth of a daughter, Deloris Dane, born May 6, weight 9 pounds, 7 ounces.
To Mr. and Mrs. R. J. Mitchell, on the birth of a son, Herman Ed, born May 3, weight 10 pounds.

Nomination for the best reporter for the Journal: Miss Elizabeth Harden, born May 3, weight 10 pounds.

James P. Upton Died Saturday

James Polk Upton, 73, passed away at 10:25 a.m., Saturday, May 3, at the home here of a daughter, Mrs. Royce Garth. He had been ill several months.
Mr. Upton was born January 27, 1874, at Gaston, Ala. He was married to Minnie Rebeckie Kines Sept. 14, 1913. To this union were born three children. One son preceded him in death, dying in infancy. His wife preceded him in death January 7, 1945.
Survivors are two daughters: Mrs. Royce Garth of Muleshoe and Mrs. Helene Lane, Flagstaff, Ariz.; a brother, John Upton, Wichita Falls, and a sister, Mrs. Lula Hargis, Kaufman; and four grandchildren, D. T. and Latoin Garth, Priscilla and Patricia Lane, and several nieces and nephews.
Mr. Upton was baptized into the Baptist church in 1930 at Baileyboro.
Funeral services were held in Baileyboro Church by Rev. Moore Sunday afternoon and interment was in Sudan cemetery under direction of Steed Funeral Home. Members of the I. O. O. F. lodge took charge of graveside services and members of the Rebekahs were flower bearers.
Palbearers were Chester Anderson, Wayne Vardeman, Louis Shoffner, Arthur Sheffner, Jack Nolton and A. P. Lambert.

1,963 Scholastics In Bailey County Now

Liberty Approves Consolidation Move
Liberty and Muleshoe school districts voted in favor of consolidation in elections held in both districts Saturday.
Liberty voters lined up 50 for the proposal to 16 against.
Muleshoe favored consolidation by 23 votes for an none against.
Liberty became the third school district to vote consolidation with Muleshoe in a move to build here a school system of the first class. Longview and Baileyboro, lying south of the Muleshoe district, voted for consolidation in elections held several week ago.
Progress community will vote on consolidation May 17.

MAPLE NEWS
Mr. and Mrs. Woodrow Chamberlain and son Charles, and J. W. Chamberlain of Weatherford were week end guests of relatives: H. W. Garvin; E. B. Fleming and George Tyson. The families ate lunch in the Tyson home and took several rolls of film.
The Three-Way Seniors plan to go to Colorado for their trip. They will probably leave about May 14. The seniors will graduate May 23. They sponsored a pie and box supper Tuesday night. The seniors have been working on the school annual the past two weeks.
The 7-8 grade will have a banquet Friday night, May 9.
Three-Way School will be dismissed May 30.

LAUNDRY WILL RECEIVE CLOTHES FOR THE ARMY
The J. M. Moore help self laundry, located on the Sudan highway, will accept clothing and other articles offered by local people, it is announced. The Army post at Littlefield has appealed for clothing to be passed on to needy persons.

Scholastics in Bailey County now number 1,963, according to figures released from the office of Cecil H. Tate, ex-officio county school superintendent, after returns were in from all districts in the recently completed enumeration.
By districts the scholastic population is as follows:

Muleshoe	709
Bula	215
Three Way	263
Progress	175
Circle Back	112
Liberty	105
West Camp	68
Baileyboro	76
Stegall	36

The Muleshoe figure includes pupils of the Fairview and Longview districts which have consolidated in recent months. It does not, however, include the figures for Baileyboro and Liberty, both of which are now consolidated with Muleshoe, giving this district a present total of 941 pupils.
Stegall district is soon to vote on consolidation with Three Way. If this merger goes through, Three Way will have a scholastic population of 382.
Stegall's pupils already are attending school at Three Way.
West Camp pupils have been attending the Farwell schools.

 - L. R. Hall, Sudan.
 - W. R. Herrington, Route 2.
 - J. T. Graham, Sudan.
 - Mrs. W. G. Panter, City.
 - Rev. D. R. Davidson, Munday.
 - J. K. Adams, City.

Local Summer Recreation Program Begins June 2

Coach James A. Beam, who will direct the Boys Summer Recreation Program sponsored by the Lions Club, has written a letter to the parents of this vicinity explaining the plan and asking that they enroll their boys. We print his letter below:
Dear Parent:
This is to announce the boys summer recreation program to be held in Muleshoe high school from June 2 to August 15.
Hours will be from 8:30 to 10:30 in the morning and from 5 in the afternoon until dark, each week day Monday through Friday.
All boys of school age are eligible to attend.
The program will include training in the fundamental skills of such activities as:
Track, football, baseball, volley ball, basketball and many similar modified games and activities.
At 5 in the afternoon we will centralize on baseball. We expect to have about 12 teams of various age groups, with a business man sponsoring each team.
We are also planning on having matched games with other high schools, which are having a similar program.
To climax this program we are going to have an overnight camp. If you are interested in having your boy enrolled in this summer program, please sign in the place indicated below and mail to Coach James A. Beam, Muleshoe High School, Muleshoe, Texas.

MRS. BRUNSON DIES

The death of Mrs. R. W. Brunson occurred April 23 at her home in Vernon. Mrs. Brunson, who was 85, was the mother of Mrs. Snow Davis and the grandmother of Miss Mildred Davis of Muleshoe. Mrs. Davis had been with her mother for some time. Interment was in Chillicothe, Texas, cemetery.

LODGE GROUPS HERE PLAN ANNIVERSARY CELEBRATION

Members of the Muleshoe Canton and Auxiliary, I. O. O. F. will gather at the lodge hall tomorrow, Friday night for a banquet and program celebrating their second anniversary. There will be chicken barbecue on the menu, and a social hour is planned. All members are urged to attend.

LIBERTY GRADUATES TO BANQUET MAY 9

Principal Carroll M. Jones of Liberty school will bring members of his graduating eighth grade class to Fellowship Hall in Muleshoe for a banquet the evening of Friday, May 9.

RAINBOW GIRLS INSTALL OFFICERS HERE MAY 15

Muleshoe Assembly of Rainbow Girls elected officers Thursday night. Installation service is set for the evening of May 15, at a banquet in Fellowship Hall, to which the public is invited.

1947 Yellow Jackets Put Up Fight But Go Down Before Team Of "Exes"

By Jack Wilterding
The regulars came boiling back however, and aided by good running by Bickel and Moore, plus a Moore heave to Barnett got the ball into scoring position. The exes were tiring fast and failed to stop Moore, who slammed across from the one. Lawler passed to Barnett for the extra point and the game ended 26 to 13.
Coach Beam was using Barnett and Curtis Goss at ends, Bobby Goss and Max Gardner at tackles, Henry and Garrett at guards and Weyer at center. The backfield had Moore, Lawler, Bickel and Sanders. Precure and Fudge acted as substitutes. "Parky" Farrell who was exes coach used Tibbets and Propps at ends, Baker and Tiller at tackles, Bryant and Mathews at guards, and Winn at center. St. Clair, McCarty, Huff and Griffiths played in the backfield.

Odd Fellows Met At Morton
A very large attendance was reported at the annual South Plains Association of I. O. O. F. and Rebekahs, the meeting being held at Levelland last week.
Members and teams of both Odd Fellows and Rebekahs of Needmore and Muleshoe lodges attended and took part in the contests and individual charges.
Muleshoe Rebekah team were on two points out of first place, winning second with 949 points to Levelland, out of a possible score of 1,000.
Lubbock had 948 points, Needmore Rebekahs had 947.

Record Wheat Crop Possible

John Santa Fe, in a recent crop condition report said: General condition of winter wheat throughout the Southwest was never better at this time of year than it is right now, and hopes are high for a record crop.

About the Texas situation, the report said:

Texas in general had fair weather during the last 30 days, with enough moisture to continue spring plowing and planting. A set-back for north and east Texas, and extending into south Texas, was a cold spell on April 16. Fort Stockton, Cleburne and Crockett had ice and much damage to cotton, watermelons, tomatoes and other crops resulted.

The freeze was fairly general, with damage running as high as 71 per cent in some cases, and many fields must be replanted. High winds also covered various parts of the state, leaving considerable crop damage. Hail was reported on April 20, in the general vicinity of Jacksonville, Crockett and Nacogdoches, but full extent of the damage is not known.

Uncle Sam Says

Whenever I hear one of my nephews say he has bought United States Savings Bonds, I feel like nudging him and saying: "Nephew, you haven't really bought anything. That may sound strange at first, but the proof is simple. Ordinarily when you buy something you have to spend your money. What you have actually done in acquiring savings bonds is to exchange non-interest bearing notes for interest bearing ones. You have merely converted your money into a different form, a form in which it will start growing from the day you buy it. In savings bonds, your money earns 4 1/2 per cent for every \$2 invested in ten years.

U. S. Treasury Department

The cotton acreage apparently will be above that of 1946, but planting operations have been severely hampered and many farmers report 100 per cent frost damage to the growing crop, others slight damage. Cotton is up in Wharton, Fort Bend and other counties north as far as Houston, Johnson and Pecos, the latter suffering heavy loss. The Wolfe City community reports approximately 100 acres of cotton planted.

Corn is through the ground in all parts of the state below the cap rock, good color, good stands and little frost damage. Probably 25 to 50 per cent of the rice acreage has been planted, some of which is being irrigated. The weather has been favorable for rice planting during the past 30 days, and prospects are that the acreage will be about as large as that of last year.

Oats were completely frozen out early in the year and much replanting has been done; however, 75 per cent of the land was switched to other crops. Wheat is in excellent condition, with no rust or green bugs reported. Practically all field crops are now planted, except rice, cotton and grain sorghums, which are getting attention at present. Although a reduction has been forecast, the crop acreage in Santa Fe territory should compare well with that of 1946.

Please call in your news or send it in. Phone 54—The Journal.

BACK TO THE FARM

Clarence Johnson Saturday was eagerly looking forward to Gil Wollard's early return to his duties as carrier on route 1 out of Muleshoe. Johnson said his farm in Oklahoma Lane community will keep him pretty busy when he is relieved of his job of substitute carrier on this route. Wollard, injured in the December postoffice explosion, was hoping to be back in the harness soon.

MAKE HONOR ROLL

Abilene—Two McMurry students from Muleshoe, Hoyt Cole and Bruce Horsley, made the mid-semester honor roll recently, according to an announcement by college officials.

The honor roll consisted of only the highest ten per cent of the entire student body. Cole is a freshman and Horsley is a sophomore at McMurry.

YOU BET YOUR LIFE

A booklet recently released by Travelers Insurance Companies is so effective in its warning that this writer wishes everyone could read it. Its various pointers include these ways in which You Bet Your Life:

When you use the street as your playground.

When you attempt to pass on a curve or a hill.

When you cross busy streets between intersections, and especially when you do so with your vision obscured by packages, etc.

When you take foolish liberties with an ancient and decrepit automobile.

When you shoot out of your drive way without looking both ways for oncoming traffic.

When you walk on the right side of the highway instead of the left, where you would be facing traffic.

When you choose your car with

an eye to its sleek appearance only, disregarding its mechanical condition or its safety factors.

When you depend on your 10 year old car and your 5 year old tires to carry you safely at high speeds.

WOOD LAUNDRY GROWS

An addition to the Wood Laundry here is being erected now, Willie Wood, proprietor said. The laundry was formerly the Hugh Laundry.

NEW MIX-UP

College Station—Something new in mixing bowls is coming up for the housewife.

Mrs. Bernice Claytor, home

management specialist of the Texas A. and M. College Extension Service, says that mixing bowls with finger grips and spouts for pouring dough are being manufac-

tured and are due to appear on the retail market soon.

The home management specialist says the newly-designed bowl promises to reduce the difficulty of holding a regular mixing bowl when stirring a mixture, and the small spout makes pouring convenient.

ANOTHER PARASITE?

College Station—Texas stockmen may have another cattle parasite problem on their hands.

In a report received by the Texas A. and M. College Extension Service entomologists of the U. S. Department of Agriculture state that they have discovered in Florida and Texas an African cattle parasite, the "tail louse." The scientists say that heavy infestations of lice can be a serious threat to cattle production. The lice sap cattle of their vitality and can make them too weak if infested heavily.

The lice infest the brush of the animal's tail, and Florida cattlemen have named it the "tail louse."

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO:

Joe E. Harris, Defendant. Greeting:

You are hereby commanded to appear before the Honorable District Court of Bailey County at the Court House thereof, in Muleshoe, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16th day of June A. D. 1947, then and there to answer Plaintiff's Petition filed in said Court, on the 24th day of April A. D. 1947, in this cause, numbered 1514 on the docket of said Court and styled Myrtle Harris Plaintiff, vs. Joe E. Harris Defendant.

A brief statement of the nature of this suit is as follows, to wit:

Plaintiff alleges that she has been a bona fide inhabitant, and resident of Bailey County, Texas, for more than twelve months next before the filing and exhibiting her petition; that she and defendant were legally married on or about December 9th., 1920, that they lived together as man and wife until on or about September 1st, 1935, that on last named date defendant permanently abandoned her, with the intention of never living with her as man and wife again; that there were two children born of said marriage, each more than sixteen years of age at the time of the filing of suit, that there is no community property existing between plaintiff and defendant.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Muleshoe, Texas this the 29th day of April A. D. 1947.

Attest:
M. G. Bass, Clerk.
District Court, Bailey County, Texas.
(SEAL)

THE MULESHOE JOURNAL

Hike Potato Sales By New Packaging Paper Bags Provide Ideal Retail Units

Millions of pounds of potatoes are getting a new ride to market this year.

They are riding in new paper bags, made of "wet strength" paper which

Wet strength paper bags meet with consumer acceptance.

absorbs moisture without breaking. They are going in 10, 15 and 50 pound quantities which retail stores can sell immediately without further sorting, sacking or handling.

At one time, not so long ago, all grades, sizes and quantities, including culls, were shipped in burlap bags. Merchants had to sort and package the vegetables. Today an ever-growing number of shippers are pre-packaging potatoes in the new paper bags. This means a little more work, but it pays in providing a better-selected, higher quality and more uniform product. The store gets clean, graded potatoes packaged in retail-size bags which can be sold at once.

Wet strength paper was developed before the war but its merchandizing potentialities were not utilized until this year.

Self-Regulating Vent

Cross-Section Showing Ventilating Windows.

A ventilator for barn, poultry house or other outbuilding should be arranged so that snow, rain or cold will not beat in. An ideal type is that shown in this drawing. It can be made to fit any size or type of roof.

KNOW YOUR BREED

Cheviot
By W. J. DRYDEN

Cheviot sheep are one of the oldest purebred varieties in the world. Prolific, hardy, with little oil in their

wool, they produce an exceptionally high class of fleece.

The mutton may be classed as among the very best. It contains about the right degree of fatness and is high in grain and flavor.

A beautiful breed, with fleece from 4 to 5 inches long in one year, and rams clipping between 8 and 10 pounds, it has proven its worth as a general purpose sheep. According to general standards a mature ram in good flesh should weigh 185 pounds or more and a mature ewe, 140 pounds or more.

Keeping the Farm in The Family Forever

Thousands of elderly farmers carried on while their sons were fighting the war. Many of them now are seeking a way to retire and transfer their farms to younger hands. Those retiring farmers want to be fair, both to the son and to his brothers and sisters. Today's swift-moving events demand that farm property arrangements be kept sound and continuous for the welfare of nation and family.

THERE GOES A SMART FARMER—HE USES—
CO-OP Tractor Tires

"Yes, sir, those brand new Co-op Tractor Rear Tires that have just come on the market, are far ahead in every respect. The farmers certainly have done a swell job in developing this new tire to meet their needs!"

Years of research on the part of farmers and their Co-op representatives have gone into the development and construction of this revolutionary new tractor tire. Tested and proven on the farms of America, by the farmers themselves, this excellent new tire is designed to give the best in service with the maximum efficiency. This tire is made for farmers, in farmer-owned molds, cooperatively—and it has to be good to meet the rigid specifications set up for it. This rugged and sturdy new tire is now on display. We invite you in to inspect it.

FARM CASH INCOME

Austin—As the first quarter of 1947 closed out, Texas farmers were still on the crest of prosperity in terms of cash income computed by The University of Texas Bureau of Business Research. Dollar value of March income reached \$77,372,000.

March intake almost doubled February's total and rose 36 per cent above the March 1946 level, placing the Bureau's seasonally-adjusted index at 342.1. (Base: 1935-39=100). February's index stood at 241 and in March 1946 at 252.2.

In February-to-March comparisons the Northern High Plains saw March farm cash income almost triple February's total. A gain of 122 per cent was marked up in the Southern High Plains and jumps were registered in five additional districts.

Mrs. Neill Rockey and Mrs. Howard Elliott and little daughter, Roberta, were visitors Sunday in the home of Mr. and Mrs. John Campbell of Lovington, N. M.

Mr. and Mrs. J. B. Ross of Plainview visited over the weekend with Mr. and Mrs. J. M. Forbes.

Picture OF A HAPPY FAMILY

A part of every dollar a man earns belongs to his family; he owes them the obligation of future as well as present protection.

Yes, sir, this is the picture of a happy family—one whose home will always be on the same street... in the neighborhood where Daddy and Mother want their youngster to grow up—a happy family whose present and future are both protected by Southwestern Life Insurance.

It's the picture of a family that didn't stop with building a home. Mother and Daddy both realized that unforeseen circumstances beyond their control might stop Dad's pay check. They wanted the mortgage on the home paid, in any event... an income for life for Mother... a retirement "nest egg" with a guaranteed return. They wanted baby's education assured, all the way through high school and college. So they arranged a complete program of protection through Southwestern Life Insurance.

How about the future financial picture of your family? Have you guaranteed it? Southwestern Life protection can be patterned to fit your needs, at a cost so reasonable you'll never miss the few dollars a month you put away to make it possible. Start your family a plan of guaranteed protection today.

Bobbie Collins Has Birthday Party

Mrs. Bill Collins entertained with a party Friday night, May 2, for her daughter Bobbie Frances on her 12th birthday.

The guests played games during the evening and then were served sandwiches, pop and cake. The lovely white and pink birthday cake was centered on the table with Happy Birthday written on it in pink and roses and an umbrella at the top of the cake.

Bobbie received many lovely gifts and the following guests attended: Frances Toten, Norma Gay Graves, Virginia Willis, Carolyn Kirk, Johannah Schuster, Rex Robinson, Roald Johnson, Davis Taylor, Mar-

etta Jo Blaylock, Jo Addine Waggon, Philip Provence, Charles Osborne, Johnny Ladd, Bettie Dell Collins, the honoree and the hostess.

HALF CENTURY CLUB

The Half Century Club met with Mrs. A. M. Moehler on May 1 with 15 members present.

All had a nice evening celebrating Mrs. Moehler's birthday. The president called the house to order and there were several business matters discussed. The hostess and her granddaughter served lovely refreshments after which we adjourned to meet on May 15 with Mrs. Beulah Motheral. We hope to have a full attendance, as we want to make plans for our va-

cation trip.

WATSON CLUB

The Watson H. D. club met in a regular meeting April 23 at 3 p.m. in the home of Mrs. Perry Fort. Our agent gave a good and educational demonstration on pruning and landscaping our shrubs and trees.

Hostess gift brought 33c and was drawn by Mrs. Gene Lowe.

Refreshments of punch and cake were served by the hostess to the following ladies: Mesdames Jim Henderson, Gene Lowe, Dave St. Clair, Andrew Wittner Albert Ellis, Homer Huff and Laurette Williamson.

PROGRESS CLUB

The Progress home demonstration club met May 6 in the home of Mrs. Charles Shaw, Jr.

Mrs. Brown, the president, opened the meeting with all repeating our club pledge.

It was decided that the club will sponsor another membership contest with Mrs. George Gross and Mrs. Birdie Garrett as leaders, ending in July.

The club voted to send \$5 to the Texas City relief fund.

Personal committee reported sending six "get well" cards and two "sympathy" cards.

Mrs. Sigman was appointed to prepare a short "Mother's Day" program at next club meeting.

Mrs. Maltby gave an educational discussion on treating seeds.

Mrs. Davis led a fifteen minute parliamentary drill.

Recreation was led by Mrs. Virgie Shaw and Mrs. Sigman. Mrs. Maltby drew the hostess gift.

Delicious refreshments of ice cream and cookies were served to 15 members and three visitors.

SUNSHINE CLUB

The Sunshine Club met May 1 in the home of Mrs. Dave Coulter

with ten members present.

The afternoon was spent in helping Mrs. Coulter with a pain and kemtone job in her living room.

A large box of clothing was collected by Mrs. Ware and Mrs. Odom last week and these articles were given to the Salvation Army to be sent to the storm stricken towns.

The next meeting will be with Mrs. H. C. Odom, May 15. New members are always welcomed.

Sandwiches, cookies and iced tea were served to the following: Mesdames Chambless, Odom, H. D. Crawford, Barnhouse, Tipton, J. O. Crawford, Sibert, L. E. Ware and the hostess, Mrs. Dave Coulter.

Mrs. Markwell Is Shower Honoree

A bridal shower was given Monday, May 5, in the home of Mrs. D. W. Winn honoring Mrs. Carroll A. Markwell, with Mrs. Beulah

Motheral and Mrs. Winn as hostesses.

Refreshments were served to Mesdames John Benson, Matt Dudley, Burnice L. Pierson and Gloria, E. H. Kennedy, Skinny Winn, Dan Winn, Jr., and children, Beulah Motheral and D. W. Winn.

Many who were unable to attend sent gifts.

The honoree is the former Miss Elzada Benson, daughter of Mr. and Mrs. John Benson.

PAULA PROVENCE WAS HONORED ON BIRTHDAY

Paula Provence was honored on her tenth birthday Friday afternoon when her mother entertained several little friends from 4 to 6 p. m. After games were played "freezer ice cream" and white cake were served to the following:

Bettie Collins, Betty Marie Ford, Barbara Douglass, Darla Myers, Quinell Elliott, Ann Woodley, Kay

Holt, Wayne Bristow, Gaylord Tate, Bobby Greer, Charles Lenau, John Charles Glibreath Stanley Fox, Phil Provence and the honoree. Also present were the grandparents, Mr. and Mrs. J. H. Sain and daughter, Nan.

Mr. and Mrs. Charles Lenau were in Lubbock, Monday on business.

Mr. and Mrs. Bob Kelly of Bovina are visiting this week with Mr. and Mrs. Lee J. Sanders.

Mr. and Mrs. Jess Osborn were in Amarillo, Monday attending the Shrine Convention.

Miss Mary Frances Jordan and Mrs. Pat Bobo were visitors in Lubbock last Thursday.

News Briefs

Dick DeShazo returned Tuesday from Stephenville, where he attended home coming week of John Tarleton College.

Mr. and Mrs. W. C. Cox of Munday, were visitors in Muleshoe over the week end.

Mr. and Mrs. Clay Beavers attended the annual Santa Rosa rodeo held in Vernon this week.

Mrs. L. N. Walker, son, Grady and daughter, Mrs. Mildred and the latter's little daughter visited last week in Lubbock in the home of another daughter of Mrs. Walker, Mrs. Clovis DeBord.

Dr. and Mrs. A. E. Lewis and Dr. and Mrs. Bernice Beatty of Leveland were in San Antonio last week attending the dental convention being held there.

Mr. and Mrs. A. L. Hargrove and son, Royce, and a nephew, Robert, of Anton spent Sunday here and attended church with Mr. and Mrs. L. D. Taylor.

Ralph Wenner has returned to his home in San Diego, Calif., after a two week's visit in the home of his parents, Mr. and Mrs. F. L. Wenner.

CARD OF THANKS

We wish to thank our many friends for all their kindnesses during the illness and death of our wife and mother.

Jack Hadaway
And Sons.

From where I sit... by Joe Marsel

Where's the Argument?

You should have heard Ed Carey and Spike Miller debating the merits of Guernseys versus Holsteins. Ed's our frechief, and Spike handles hardware—but to hear them argue you'd have thought that they'd been dairying for life.

Finally they put it up to Sam Carter, who breeds dairy cows! Sam hems and haws... and concludes there's a lot to be said for Holsteins, and about as much for Guernseys... take your pick!

Actually, Ed and Spike were like people arguing about—say, beer

versus buttermilk. Folks who've never tasted beer will sometimes get mighty vehement about their choice of beverages. And folks who've never tasted buttermilk will be equally pig-headed.

From where I sit, it's in things we know nothing about that we get bigoted and stubborn. But when it comes to things we know a lot about, we're able to see both sides... be tolerant and reasonable... and above all, understanding.

Joe Marsel

SIDELIGHTS From Washington

By GEORGE MAHON

The chorus of one of the favorite popular songs begins like this: It's a good day for singing a song. It's a good day for moving along. Well, the Republican-dominated

80th Congress is not moving along very fast. The Republican program is to cut government expenses, reduce taxes, and pass a few pieces of legislation otherwise. Government expenses are being cut. That comes as a necessary consequence of the conclusion of war spending. However, cuts being made are not as deep as had been promised. The House passed a tax reduction bill which will no doubt pass the Sen-

All Shipshape

PITTSBURGH—A new way to go cruising is examined by this young lady at one of nine Cruise-side Bureaus opening this month as a free service to pleasure boaters. The bureaus answer inquiries, in person, by mail or phone, about harbor facilities and cruise planning along the Atlantic and Gulf Coasts, Mississippi River and Great Lakes. Marine maps and literature are furnished. Gulf Oil is sponsoring the bureaus in cities strategic to Coasts and inland waters.

ate in modified form.

Last week the Republicans, after much difficulty, passed through the House a bill continuing rent control. Some of them who had promised the people freedom from all government war-time regulations hesitated to vote for the bill but did so under strong pressure from the party leaders.

Also during the week an appropriation bill providing over-due GI Bill payments to veterans in college cleared both Houses and went to the president for his signature. Democrats chided the Republicans over the three months delay in getting action. This bill also carried funds to pay over-due cotton crop insurance claims.

Both political parties are reluctantly supporting the request for necessary funds to combat starvation overseas. These costs are very great to the American taxpayer. The principal relief item is wheat and grain prices have risen as the demands have increased.

The House finally passed a bill designed to prevent abuses by labor and management but as this is being written the Senate is still debating the question. Congress is further behind with its regular work than at any time in recent years, but Speaker Joe Martin is seeking to speed up the program with the hope of Congressional adjournment by July 15.

The Washington highlight of last week was the enthusiastic demonstration of welcome which greeted President Aleman of Mexico upon his arrival from Mexico City. Though he addressed the joint session of Congress in Spanish which few people could understand, he got as much applause as Winston Churchill upon such an occasion several years ago. Everybody seemed to want to give a big hand in the name of the good neighbor policy.

The handsome Mexican president was apparently very happy over the reception given him. His young son, Miguel, did not seem so impressed. Observing the absence of skyscrapers in Washington—the tallest building being only 15 stories—he told his Washington Boy Scout friends that he was anxious to go on to New York and see the sights.

WHY THE DIFFERENCE?

WINTROATH VERTICAL TURBINE PUMPS

Why the difference? Fred and Howard started out with the same number of acres and the same amount of money.

Fred often admires Howard's prosperous farm, but seems to have forgotten that he "waited another year" even though Howard bought his Wintroath pump right off. He hasn't forgotten how much money he lost, though, as a result of that bad first year with the long dry spell. Every year he fell farther behind.

Don't take a chance like Fred did and "wait another year!" Be sure of enough water THIS YEAR! Check into the many economical features of Wintroath pumps! Now on display.

"Wherever Water Needs a Lift!"

You're Invited To

Our "Open House"

Featuring Today's

Finer FORD

MAY 5 THRU MAY 10

The welcome mat is out . . . we've spruced up our showroom . . . we're having an "Open House" Party now for you and all our friends.

The reason is a good one. Today's Ford has some new features we're certain you'll want to see!

For one, a choice of ten bright new colors.

For another, a newly styled instrument panel.

And new front-end appearance . . . new beauty inside and out . . . a longer, lower look!

Of course, you know already that Ford gives you the only power-choice in the low-priced field . . . famed Ford V-8 or brilliant Ford Six . . .

And you've heard about Ford's "Life-guard" body and "King-size" brakes . . . and all the other reasons why "Ford's Out Front."

So accept this invitation as soon as you can. Come to our "Open House." Bring your family. You'll all enjoy it, we're sure. And we'll enjoy meeting you and s' wing you why "Ford's Out Front."

P.S. Till the Ford in your future arrives, remember to bring the Ford in your present "back home" to us for Genuine Ford Service!

Mulching Helps To Hold Moisture

Summer is just around the corner, and that means hot weather and less rain for our vegetable gardens. Mrs. Laurette A. Williamson, county home demonstration agent of Bailey County reminds us that mulching will help ease up on garden work. A mulch about

an inch thick spread around the vegetables will hold moisture, and on late freshly planted seed will speed up germination. You can make mulch material from just about anything—barnyard manure, rotted leaves, well-weathered sawdust or cured lawn clippings.

In connection with watering, Mrs. Williamson reminds us that potatoes need plenty of water while

GREEK GUERRILLA

Kastenoftenk, Greece — Sound-photo — When the United Nations Greek Border Commission made first contact with the Greek guerrillas, they learned at first hand that there were many women among them. This woman soldier of the partisans is shown using an automatic rifle during target practice. President Truman in a recent speech asking Greek aid indicated that the partisans were communist-inspired.

they are making. Keep an eye on the leaves. If they wilt during the day, they need a drink. A wilted leaf is not taking in plant food. And no plant food—no potatoes.

Probably some of your crowded garden rows need thinning out now. Cucumbers need two feet of space between plants, squash needs three and a half feet between plants, and corn, two feet. Plenty of room to grow will make better-shaped, larger and healthier vegetables.

And by the way, here's a tip if you're setting out tomato and pepper plants now. Mrs. Williamson says give your plants a "quick meal" mixture, and this consists of watering them at time of planting with a mixture of two table-spoons of commercial fertilizer mixed in a gallon of water. Either 4-12-4 or 5-10-5 fertilizer will do the trick, brings on early growth. Plants that have already been set out a few days will get a lift from this quick meal mixture, too.

Those are just a few pointers that can help us keep our gardens growing. Remember that an abandoned garden means labor and materials wasted, so let's start what we finish.

Please watch out for engineers' stakes along farm to market roads.

The Earth Echo Is Texas' Newest Weekly Newspaper

Published in the plant of The Muleshoe Journal, The Earth Echo, Texas' newest weekly newspaper, made its initial appearance last week. It was a lustrous, 12-page newspaper, with advertising space representing nearly every business firm in the two communities of Earth and Springlake.

Mrs. Alma Stockstill, of Earth, is editor; Roy Neal is advertising representative; W. J. Fabian is publisher and Ben Oglesby, jr., is business manager of the new publication.

The people of Earth and Springlake communities were eager for a newspaper. The newspaper keeps people informed of happenings in their neighborhood, gives them news of their friends, news of business, churches, schools, etc., as no other medium yet devised by man can do.

It is the greatest agency yet found to promote cooperation and harmony among the people and foster the development of the community and its institutions. Therefore, the people were ready for a newspaper, and from all reports they were proud of Number 1, Volume I, which appeared last Friday. The Journal

wishes for The Earth Echo many Earth and Springlake and surrounding territory. years of service to the people of

Save COSTLY HAND LABOR WITH THE KILLALL BURNER

It kills WEEDS, GRASSES AND THEIR SEEDS, WITH CONTROLLED FIRE

Using the war-born flame-thrower principle, this modern weed burner does the work of ten men with hoes—and even more—in killing out unwanted weeds, grasses and their seeds. The concentrated fire from patented burner makes the weeds and grass wither and die. The Killall Burner is designed for easy operation. It burns along the fence rows, around culverts, in the ditches, up against the barn where an ordinary mower cannot go.

It's used on FARMS • RANCHES PARKS • CLUBS ESTATES HIGHWAYS MANUFACTURING PLANTS RAILROADS

Fixing Up the Farm

by BURTON WILLIAMS

Types of Asbestos Shingles

WITH good weather ahead, many farmers will be getting around to fixing up those roofs which gave so much trouble during the winter. Where a complete replacement is in order it is well to heed the advice of farm safety advisors and use fireproof or fire resistant roofing materials.

Among the fireproof roofings highly recommended for farm buildings are asbestos cement shingles. They can be obtained in three types, the Dutch or side lap, the French or hexagonal, and the American or rectangular.

Dutch lap shingles may be laid with either a one-third lap or a one-fourth lap. The one-third lap makes a tighter covering. The quarter-lap is somewhat lower in cost because less shingles are required.

Hexagonal shingles are designed so that a minimum amount of material is needed for overlapping. American method shingles are rectangular in shape, with a smaller exposed area than the other types. They are frequently made in strips, each strip being equal in coverage to two or more conventional sized American method shingles. When in place the strips give the effect of individually applied shingles.

All three types of asbestos shingles are fireproof, waterproof and highly resistant to wear and weather.

Please watch out for engineers' stakes along farm to market roads.

Parmer Is Added To 64th District

Governor Beauford H. Jester Friday signed into law HB481 which detaches Parmer county from the 69th judicial district and attaches it to the 64th judicial district, of which C. D. Russell is judge and H. M. LaFont is attorney.

Also included in the bill which amended section 64 and 69 of Article 199, RCS, were changes in terms of the 64th district. The new term will begin as follows: Hale—On first Monday in January, first Monday in June and third Monday in November; Lamb—first Monday in February; Swisher—first Monday in August; Swisher—first Monday in March, first Monday in September; Bailey—third Monday in March, first Monday in November; Castro, first Monday in May, third Monday in September; Parmer—second Monday in April, second

Monday in October.

The 64th district is now comprised of Lamb, Swisher, Castro, Hale, Bailey and Parmer counties.

Each term in each county may continue until the Saturday immediately preceding Monday for convening of the next regular term, the new bill ordered.

Special Baptist Hour Program On Mother's Day

A special Baptist Hour program originating from the Southern Baptist Convention in session at St. Louis, Mo., and featuring Mother's Day, will be broadcast next Sunday, May 11, according to the Radio Commission, S. B. C., S. F. Lowe, Director, Atlanta, Ga. Dr. Louie D. Newton, President of the Convention, will bring the second of his two messages, using as his

subject, "Our Mothers," as divulged in the announcement.

Mr. Lowe states that the interest in the broadcast is the best in the seven years of the Baptist Hour as is reflected in the universal cooperation of churches and pastors with this evangelic series, as well as in the fact of outstanding fan mail responses requesting copies of the messages to be used in personal work.

ARMY RECRUITER TO BE IN MULESHOE

The regular Army recruiting sergeant of Clovis, N. M., will be in Muleshoe from 9 a.m. to 4:30 p.m. on Wednesday, May 14. He will interview men interested in obtaining information of the present standing policies and vacancies existing in regular Army. Special notice is extended to all seniors as there are grand opportunities available for further education. The GI Bill is still in full effect.

BLACKWATER VALLEY SOIL CONSERVATION DISTRICT NEWS

O. C. Kirk is laying out borders for watering improved pasture.

D. W. Danielson, J. E. Mills, Byron Gwyn, and Ralph Randolph were assisted by Soil Conservation Service technicians in laying out irrigation ditches.

A complete plan of operations has been worked up with L. N. Erickson.

Mack Wilson, tenant for Erickson, is leveling 24 acres of land in preparation for seeding alfalfa.

O. A. Nowell is flooding wheat land. He was assisted in laying out his ditches by Soil Conservation Service technicians.

Applications for soil conservation assistance on 4,847 acres of land were received last week from Wilbert Kalbas, Grady Childress, Otis Neal, D. R. Davidson, and Mrs. Ethel Darnell.

Rotating Crops Restores Organic Matter

The maintenance of high organic-matter content in the soil is very important in the control of erosion. Organic matter increases the absorptive capacity of the soil. This reduces the amount of run-off water, thereby lessening erosion.

It is important, therefore, to follow a rotation system that will return large amount of organic matter to the soil. Close growing crops such as grasses and legumes, and cover crops which are plowed or disked under, are particularly beneficial in the rotation system for returning organic matter, thus increasing water-holding capacity. Trash mulching also is highly effective in the retention of water.

In a desirable soil conserving rotation, intertilled crops will occupy a field or strip a relatively small proportion of the time. Not more than one such crop every four years is desirable on moderately erosive land.

COBB'S

INSIDE RUSSIA

By T. G. CRAFT
 Concluding Rev. Crafts article dealing with conditions behind the Iron Curtain.

It might be of some interest to Americans to tell them that nearly all Russians hate Communism and all the five million communists that force the rest of the people to submit to his yoke of hell suffering. Mr. Travchenko has this out in his book. He knows the mind of Russia, and reveals it in bare facts.

What institution opposes Communism with all of its powers? The Church of Jesus Christ and all the institutions created by the church. What puzzles me above many things is the fact that here in America seventy five million people have nothing to do with the church that gave them this great nation. Moreover, why is it that millions of church people have as little to do with the church as they can. I know of a lot of church people who have their names on the church rolls of some church, but when they are asked to support the church with their presence, prayers and money, they are immediately insulted. These poor blind people do not know at what cost they enjoy their homes, their families, their property, their freedoms, and a thousand blessings kin to heaven. I cannot see, except it be ignorance, why any man in all America will deliberately refuse to unite with the Church of His choice, and praise God for the privilege.

America can ignore the things that I am talking about. The probability is that millions of Americans have made up their minds that they will never unite with any church and never confess our God. Moreover, there are some millions of church members who have quit the church for keeps, and have decided they can get on without it. They are bending their energies to gather into their coffers all the gold they can. Let me say a word to these Americans wherever they are. You people remember those little boys that you have in your home and that you love so much. They like mine, will be in the army of our country ten years from now. There will certainly be another war in our generation. This war we all know will be an atomic war. All that energy you are spending for earthly fortunes will be destroyed together with the most of us.

Do not kid yourselves that Stalin won't use the atom bomb. It will take less than 24 hours to destroy any nation. You and I surely have sense enough to realize these possibilities. You may say it won't happen here; so we can better be deluded from the true facts.

As a preacher, I am speaking now of the HELL that is going to happen right here on this earth. It is then that millions of short sighted and deluded Americans will realize too late I fear, that they they have been told by one who loves God, the church, and God's world. The men who made these atom bombs are now asking the preachers to tell the people that there is no defense against this deadly weapon. The only defense is God and brotherly love that will make all people friends. But you are not having anything to do with God, the church, and this brotherly love. You are going on seeking your fortunes, and letting the world move speedily on to destruction.

I know that you skeptics are saying to yourselves and to others, that you do not believe what I am telling you in this good day. Well, I say to you, if something is not done soon in America to first redeem America and then the world in the next ten years — the scientists say that we have just five years to save the world — such a destruction of fire caused by the atomic power will equal to the burning fires of HELL. I am pleading here with all my heart to help men to see their own and our own impending danger of total destruction.

Some people have lost their faith in the reality of God simply because they cannot see God walking around in a business suit. They are not able to see that the greatest realities are never seen. No one ever saw electricity, even though they see the light it makes. No one ever saw the soul of an individual; no one ever saw love, truth and mercy. But who doubts their existence? Oh men of this scientific age, who have been deluded by our false doctrines of materialism and mechanism.

You won't unite with a church because you have certain sinful habits which you have not given up. Are you men or mice? Are you but a weak grasshopper with no will power to direct your destiny to the God who can save you from your sins? Many millions have given up their sins, and found the God of Salvation and redemption. Others can if they will. The trouble with the world, says Mr. H. C. Ling, in his book, *The Rediscovery of Morals* (Link is the great American psychiatrist) is that the world has lost its God. Only

GI Joe Proving Good Loan Risk

Ex-GI-Joe thus far has proved to be a good loan risk, according to latest Veterans Administration figures on defaults for loans guaranteed by the government under the Servicemen's Readjustment Act (GI Bill).

As of March 25, VA has approved for guaranty more than 643,000 home loans with a face value of \$3,642,000,000 and carrying guarantee commitments of \$1,707,000,000.

As of the same date, claims had been made against the guaranty by lenders in only 212 home loan cases, and 42 of these subsequently were withdrawn by the claimants. Of the remainder, 135 claims in the net amount of \$235,400 have been paid—and this amount will be reduced by further recovery through liquidation of security for the loans.

VA said the small number of current defaults could not be expected to reflect the long-term trend. The loans are made repayable up to 25 years. The contracts have been negotiated since September, 1944, when the program went into effect.

SOUTHWESTERN PUBLIC SERVICE COMPANY

22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

RIGHT UP HERE, FOLKS, IN THE CORNER!

We are happy to announce that we have just received a Strate Kar Lode of Automatic Cut-offs for your irrigating motors.

Take a peke at that beautiful F. M. Bendix Radio set with record changer, settin' in our window. First one in with a pocket full of money gets it, and then we have cheaper ones to fit smaller pockets.

Still have one 1-2 mule Air Compressor cheap for a lot of cash.

Yes, we got that Kar Lode of Radiator Grills, all shiney and good looking.

Still have 30 or 40 sets Seat Covers left—all dolled up with a little leather and a lot of price.

You come in and look things over. Don't take my word—I might miss represent it.

BEAVERS MOTOR SUPPLY

Mr. and Mrs. J. W. McDermott and son Don, of Morton, were visitors here Sunday in the home of Mr. and Mrs. H. D. King and other friends. Mrs. Julian Lenau and Miss Myrtle Lenau were in Lubbock Saturday shopping.

Jimmy Clements Gilt Champion

A Chester White gilt owned by Jimmy Clements was adjudged grand champion of the Registered Gilt Show held here Saturday. Charles Mayhugh's Duroc gilt was reserve champion.

Five breeds of gilts, Poland China, Duroc, Hampshire, Berkshire, and Chester White were shown by the boys of the county, members of the Muleshoe F. F. A. chapter and of the 4-H Clubs of the county.

By breeds awards were as follows:

Chester White
Jimmy Clements, 1; Albert Thomas, 2; Bobby Hudson, 3; Vernon Thomas, 4; Jerry Julian, 5.

Duroc
Charles Mayhugh, 1; Marvin Dav- enport, 2; Curtis Goss, 3; Benny Goss, 4; Harvey Coffman, 5.

Poland China
Jack Heald, 1; Don Sanders, 2; Weldon McCarty, 3; Alton Taylor, 4; Junior Youngblood, 5.

Berkshire
Charles Brown, 1; Johnny Brown, 2.

Hampshire
Jimmy Cannon, 1; Bill Stinson, 2; Hoshall Thomas, 3; Gene Wine- gear, 4.

L. M. Hargraves, assistant teacher trainer at Texas Tech, judged the show.

"Here is a smooth, well balanced gilt, which is showing plenty of quality, is deep in her hams, trim in her jowl deep in her middle, doesn't have a wrinkle in her and is my pick for grand champion of the gilt show," Mr. Hargraves said

Mostly Static --

By Berry
Howdy Folks: We heard about a dog catcher who had a wooden leg. At first, it was hard to imagine how a dog catcher with a wooden leg could catch many dogs.

We mentioned it to one of the boys in the barber shop and he suggested that perhaps the dog catcher just stood on the corner and waited for the dogs to come to him.

BULL-TIN
When you buy a dog, be sure to get one that doesn't cost much for bargain dogs never bite, you know.

You know the tragedy of a mama flea's life is that she knows all her children will go to the dogs.

As one headache said to another headache, we better take a powder, especially after that last one.

We would like to take a minute to tell you about this especially good buy. It's our 12 Cu. Ft.

Deep Freeze Box. Just the size you need for your frozen foods. It's a dandy. Come in and look it over.

Berry Electric

Phone 98 Muleshoe

of the gilt owned by young Clements, a local F. F. A. boy.

Jimmy won a total of \$37 on his gilt. She was bred by Arlen Kregel, of Farwell, Texas, and purchased through the local merchants swine program.

Charles Murphy, owner of the reserve champion gilt, is a 4-H boy of Needmore community.

Twenty eight gilts of the five breeds were exhibited in the show Saturday.

J. E. Adams, well known breeder of Swisher County, father of J. K. Adams, Bailey County agricultural agent, was here as a representative of the Texas Swine Breeders Association. He said the Bailey County show, so far as he knows, is the only one of its type held in Texas.

Martin L. Davenport has moved back to Muleshoe from California and is making his home with his father, G. H. Davenport. Martin is employed with H. C. Lee, says he likes his work and his boss. Mr. Davenport says he is going strong and hopes to make several thousand miles yet if they keep on making sticks to walk with.
