

Church Of Christ Is Erecting New Building, To Cost About \$20,000

Mr. Muleshoe

Seen & Heard:

Businessman: Every town needs, and for that matter most organizations need a few "no" men. A few men who will throw cold water on the grandiose ideas of the others. This will cause those originally in favor of the plan to question it, to study it more carefully. Then, if the plan has any merit, it will cause them to work harder to get it approved by the group and then put over in a creditable manner, so no kickback will occur.

That there is probably a good thought. But if ye editor so much as demurs from the plans offered or sniffs at an idea put forth, he is put down as a moss-back, a man who ain't for the best interests of the town, a bolshevik, no less. I bet I am the best yes man in these parts.

Note to Muleshoe Gingers: The secret is out. It is now common knowledge that the first bale has been ginned in Muleshoe—further, that the second, third and fourth have been ginned here. It is such a widespreadly known fact that I am tempted to go ahead and publish it as news. Seriously, when other towns make a big do about their first bales, don't you think we could sort of do something about it? Cotton means a lot to Muleshoe and the other towns of this county and such a thing as the beginning of the ginning season is big news—remind us to keep a little closer in touch come next year.

Melon Feast Is Planned At New Football Stadium

A get acquainted session for members of the Muleshoe school faculty and their husbands or wives has been scheduled by the Muleshoe Lions Club for the coming Tuesday night, September 30.

It will be the occasion of a big watermelon feast to be held at the new football stadium. Business men and their wives are invited to come out and get acquainted with the teachers, many of whom are new here, and help welcome them into the community.

Mack Hale of the club has been appointed to find the melons and has informed the press for publication, that there will be plenty of succulent melons for all, no matter how many attend.

Legion Auxiliary To Elect Officers

Members of the American Legion Auxiliary here will gather the evening of October 2 in the gymnasium at the high school for the purpose of election of officers, Mrs. Homer Sanders, Jr., auxiliary president, announced. This is the same night for presentation of Victory Medals and American Defense Medals to veterans of World War II. The meeting will begin at 7:30.

Mrs. Mildred Lambert is the chairman of the nominating committee.

Construction of a new home for the Church of Christ to cost around \$20,000 has been started here. The building will be on practically the same site as the old building, and when completed will be about 40 feet wide and 90 feet long.

However, the main part of church auditorium, will be the first to be erected, and this part extends back 72 feet. It will be of brick veneer. Temporarily, the construction is held up because of shortage of steel and windows.

RANDOL IS NEW PASTOR

Minister Ebb Randol of Farwell, who has been serving various churches in this section as pastor

EB RANDOL

for the past several years, announced that he had accepted a call as pastor of the Church of Christ at Muleshoe and would assume his duties around the middle of September.

He added that he had purchased a home in Muleshoe and he and Mrs. Randol will receive possession when he begins his work here. Minister Randol has been pastor of the Church of Christ at Lariat since 1940. Prior to that he served as pastor of the Farwell church.

Odd Fellows And Rebekahs Observe Their Anniversaries

Muleshoe Odd Fellow and Rebekah lodges are celebrating joint anniversaries on Monday night, Sept. 29, at 8 o'clock. Muleshoe Odd Fellows, No. 58, being 3 years old and Muleshoe Rebekahs, No. 114, being two years old, is the occasion for the affair.

The celebration will be in the form of a program, including music, songs, and readings, to be followed by a feast of barbecued chicken and all the trimmings.

Come on, all you members, bring a covered basket and a friend. All neighboring Odd Fellows and Rebekahs and their families are also invited.

Yellow Jackets Defeat Crosbyton Chiefs Before Big Crowd Of Fans

Baptist Ass'n. Meet Held Here

A large number of pastors and laymen of the churches in the West Plains Baptist Association attended the twentieth annual session here Tuesday when the First Baptist church of Muleshoe was host.

The meeting began at 9 o'clock Tuesday morning. Lunch was served by the church at noon. Rev. Lee Hemphill of Littlefield preached the annual sermon at 11:15 a. m.

Dr. J. Howard Williams preached the missionary sermon at 5 o'clock Tuesday afternoon. The night program was featured by a "Message on Christian Education," by Dr. J. W. Marshall, president of Wayland College, Plainview.

Reports on various phases of the work were heard during the meeting, and association business was transacted.

McHorse TRANSFERS TO COLEMAN POSTOFFICE

R. B. McHorse, clerk in the Muleshoe postoffice, has exchanged places with Ralph Stubblefield in the Coleman postoffice, the change to become effective October 1.

McHorse, who has lived here since 1930, will move there with his family some time this week. The Stubblefields will arrive about Oct. 1 and will occupy the house the McHorse family has been occupying. Mr. and Mrs. Stubblefield have a nine year old son, Mr. McHorse's parents, Mr. and Mrs. W. M. McHorse, former Muleshoe citizen, now live in Coleman.

TWENTY-FIFTH YEAR, No. 39

MULESHOE — COUNTY SEAT OF BAILEY COUNTY, TEXAS

THURSDAY, SEPTEMBER 25, 1947

Traffic Signal Lights Sought

The City of Muleshoe, through the City Commission, has applied for permission to install two stop and go traffic signals on Highway 84 within the City limits of Muleshoe.

First, the city seeks to put a signal light at the Cross Roads, where Highway 214, running north and south, crosses Highway 84, east and west, and where Highway 70, from Plainview and the east forms a junction with the other two.

It is a very busy crossing. It is opposite the only railroad crossing within the city limits of Muleshoe, hence traffic from the north to the south sides of the town and vice versa have to use this crossing. Farmers from the north of town have to use it to get to the principal business district, and of course through traffic on Highway 214 must cross there.

Then the city would place a signal light at the point where Main Street runs into Highway 84, preventing local traffic from jumping in through and faster traffic. By synchronizing the two lights, it would be necessary for highway travelling vehicles to make only one stop.

Application for permission to install the lights has been made with the Highway Department through its district engineer, Mr. McCarty, at Lubbock.

Explosion Rocks Willman Elevator

An explosion in the farm elevator at the Dick Willman farm a few miles north of Muleshoe Monday did little damage but scared the daylight out of a man who was standing at the top of the elevator at the time. Mr. Willman had placed some high life in containers in the elevator, which was empty, to insure against weevils. When he placed a small electric light in a bin to look around a spark from the connection set off the gas which had formed.

The resulting explosion itself put out the flames. Muleshoe fire department answered a call for help.

WESTERN DRUG GETS NEW STORE FRONT

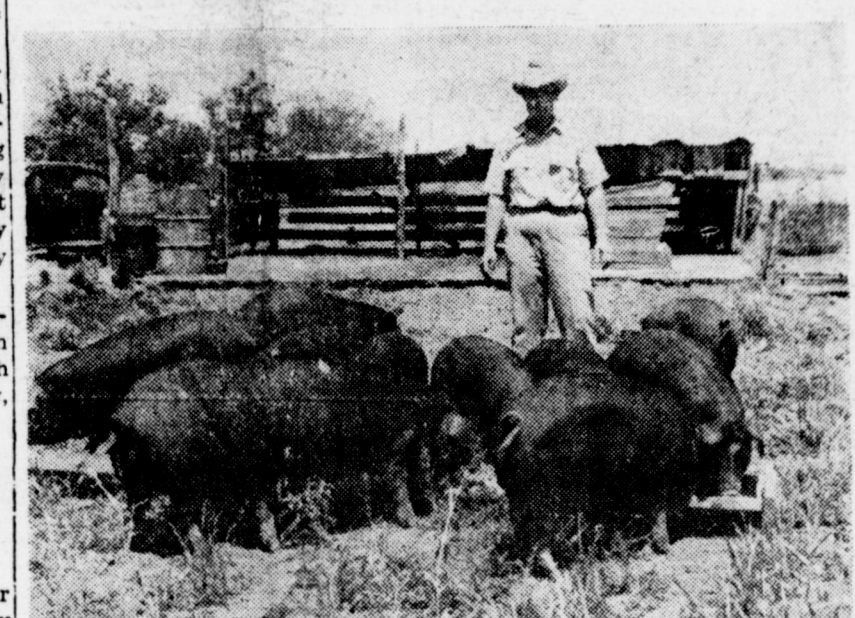

A new front is being installed in the Western Drug Store this week to give the store a more modern effect. N. H. Greer, manager, is having some new fixtures installed at the same time to further dress up the interior.

County Agent To Help Get Cotton Pickers This Year

Cotton pullers are not plentiful. Farmers are already wondering how far they will be required to travel in finding enough hands to get the job completed before some natural hazard comes along and takes the crop.

The county agent's office is also the clearing house for farm labor. Turn in your needs to Mrs. Mattie R. Hicks, farm labor clerk. Any crew that stops in looking for work will be sent to farmers asking for hands. The sum total of orders will be forwarded to the state office weekly and given state wide publicity. If enough orders come in, the publicity will help direct orders to Bailey County.

Heald To Show Pigs At Dallas

Jack Heald, Bailey County 4-H club boy is shown with his pig club members and their pigs. Jack will exhibit his litter at the Dallas Fair this year.

The litter that Jack took to Dallas last year went lame and ended up in eighth place, but this did not dampen his ambition, so he will try again.

Premium Given Ervin Campbell For First Bale To Be Ginned In City

Flower Show Winners Listed

The first annual Flower Show, sponsored by the Home Demonstration club women, was held September 20 in the office of the Southwestern Public Service Company.

There were 26 entries of dahlias, Zinnias, asters, marigolds, pot plants and other mixed bouquets. Awards were given for the (1) best specimen, (2) arrangement of mixed flowers, (3) potted plants, (4) dahlias, (5) dahlias without foliage, (6) arrangement of same species, (7) rare flowers.

The flowers were very capably judged by O. E. Bowman and Mrs. Ray N. Edwards.

The following awards were given:

Class I—Best Specimen. 1st place Mrs. N. L. (Red) Johnson; 2nd, Mrs. C. E. Roark; 3rd Mrs. H. M. Shofner.

Class II—Mixed Flowers. 1st place, Mrs. E. E. Holland; 2nd, Mrs. John Thomas; 3rd, Mrs. John Thomas.

Class III—Dahlia with foliage. 1st place, Mrs. E. E. Holland; 2nd, Mrs. C. E. Roark; 3rd Mrs. Lola Roark.

Class IV—Dahlias Without Foliage. 1st place, Mrs. Doc Wilhite; 2nd, Mrs. C. E. Roark; 3rd, Mrs. Lola Roark.

Class V—Potted Plants. 1st place, Mrs. C. E. Briscoe; 2nd, Mrs. C. E. Briscoe; 3rd Mrs. C. E. Briscoe.

Class VI—Arrangements. 1st place, Mrs. Doc Wilhite; 2nd, Mrs. John Thomas; 3rd, W. H. Awtrey.

Class VII—Rare Flowers. 1st place, Mrs. John Thomas; 2nd, Mrs. John Thomas; 3rd, Mrs. John Thomas.

The home demonstration club women wish to take this opportunity to express their thanks and appreciation to the judges, Mrs. Edwards and Mr. Bowman; to the E. R. Hart Company for the use of their containers, and to the Southwestern Public Service Company for the use of their office, and the fine cooperation of the personnel.

Fair Opens Tomorrow

Muleshoe Trippers Advertise Fair

Muleshoe Fair boosters carried out their second tour of the territory Tuesday, with the high school band furnishing the entertainment and nearly all the attraction. The trip went off with flying colors, the caravan leaving here at 9 in the morning, returning at 1 p. m. Thirteen cars carried a full complement of band boys and local people.

The trippers first visited Sudan, then went to Old Bula, Bula School, Enochs, Three Way, Maple, down to Morton, back to Needmore and to Muleshoe.

Muleshoe is poised for the beginning tomorrow, Friday, of the first annual Muleshoe Trade Territory Fair, to run through Friday and Saturday, September 26 and 27.

Committeemen in charge of the various departments today announced ready. Noel Woodley reported there will be a creditable number of interesting displays arranged by local merchants to show their merchandise.

The Lions Club had so far exceeded the time schedule on their entertainment booths as part of the carnival that they were able to open for business Tuesday night and have been open every night since. They have a bingo game, cigarette pitch, ducking pond and other concessions. The carnival also

Bank Building An Addition

Construction has begun on a new addition to the building of the Muleshoe State Bank Jesse M. Osborn, vice-president, said.

The addition will be the same size of their present quarters, 25 by 80 feet, but it will have only one story. At least a part of the addition will be used by the bank or perhaps all of it.

The building will be of brick construction. Held up because of steel shortage, construction was to be resumed this week when brick layers begin their part of the work.

Junior Class Has Elected Officers

The Junior class of 1947-48 of Muleshoe high school held their first meeting September 12. The meeting was called to order by the president of 1946-47, Joe Bob Horsley, assisted by the secretary for last year, Billie Bartlett. The following officers, sponsors and room mothers were elected:

President, Joe Bob Horsley, re-elected; vice-president, Jimmie Clements; secretary, Billie Bartlett, re-elected; sergeant-at-arms, Don Fudge; reporter, Bette Guthrie; Sponsors, Mrs. Newton, and Mr. Grandy;

Room mothers, Mrs. R. B. Fudge, Mrs. Jim Clements, Mrs. Delma McCarty, Mrs. Arthur Shafer; Mrs. F. H. Davis, Mrs. Clyde Waggoner, Mrs. Vivian Lee.

Center Parking In Muleshoe Marked For Elimination—New Officer Hired

Firemen Quickly Subdue Scrap Fire

Muleshoe firemen showed the results of their recent schooling Wednesday night when they were called to put out a blaze that for a time threatened the Taylor Produce building. Scrap lumber from the Cobb building that is being remodeled had caught on fire.

The boys had two lines playing on the fire before the echoes of the whistle had died away, and the fire was quickly put out.

Firemen have divided into two practice teams and after three meeting nights the slower team will buy the eats for the faster ones. The paper will print details in a later issue.

Lions To Stage All Ladies Show Here Oct. 15-16

Men of Muleshoe will become ladies for two nights when "The Easter Parade" is staged here under sponsorship of the Muleshoe Lions Club October 15 and 16.

Jack Lenderson, Glenn Rockey and Supt. W. C. Cunningham were named on a committee to arrange for the play when the club decided upon staging it at their noon luncheon last Wednesday.

Linderson said a professional play director will be here October 1 to make arrangements for costumes, scenery, casting, etc. Rehearsals will get under way shortly thereafter.

The men will be costumed as women.

so has a ferris wheel, merry mix-up, sky high thriller and cars for the kiddies.

Several communities will be represented by booths showing field and truck crops grown this year.

Glenn Rockey, chairman of the committee working on Fair details, predicted today the Fair will be a financial success. He had already started paying bills yesterday, so that all would know where the Fair Association stands when the Fair is over.

A large section of ground has been cleared for vehicle parking. Due to the fact that Col. Wanzor's sale had to be held Wednesday, the carnival was placed on ground just west of Copley Gin company's plant.

Not only will the merchants' building be full of exhibits but there will be machinery, etc., scattered all about the building. Earl Ladd, Allis-Chalmers dealer, plans to have a loader and another machine being operated there during the two days. Probably others will have machines in operation.

Lists of prizes have been printed in The Journal during the last few weeks.

J. K. Adams, county agent, says there will be a nice exhibit of cattle and swine in the Fair's quality livestock show, in which only registered animals will be on exhibit.

The H. S. Sanders Lumber is making a special offer to those who register at their booth during the Fair. Materials for the complete decoration of one room is the prize offered and all are urged to register there.

The women have taken a big share in staging this year's Fair and will have exhibits of their own, and visitors are reminded that a treat awaits them when they see the women's department.

There will be a rodeo here Saturday afternoon to add to the entertainment of the crowds. It is being staged under direction of the Muleshoe Roping Club with several hundred dollars being offered in prizes.

Mrs. Zula Bowen and daughter, Ollie Lou, of Mena, Ark., have come here to make their home during the winter with her brother and sister-in-law, Mr. and Mrs. J. W. Bowen. Mrs. Zula Bowen's son, J. W. Bowen, his wife and daughter of Gustine, Calif., were here to visit with them last week end.

Please watch out for engineers' stakes along farm to market roads.

City officials today issued a warning to all that center parking on Muleshoe streets will be eliminated, saying that a policeman will be on the job by the time this paper reaches its readers.

In the last few months center parking came again to Muleshoe after having been banned for a long time. It started in a small way and kept growing until at times the cars in the center left no room for others to pass down each side of the street. Business men have contributed money to a fund to pay the salary of a man to iron this situation out.

They felt it was better to do this before someone was killed or badly injured than to do it afterward.

This paper wishes to add to the officials warning a reminder that there are many vacant lots here that can be used for parking, some of them located right near the heart of the business district, within a few minutes walk of most any store or office. These places may be used when all parking spaces are taken up along the curb.

Other evils of parking will be ironed out, too, to make room for more automobiles.

You can't beat Mother Nature!

Nature's Finest!

Tiger or Giant Swallowtail (*Papilio thoas*) is the largest American butterfly. Lemon-yellow with velvety black. Wingspread to 5 1/4 in. Caterpillar, called "Orange Puppy," feeds on citrus fruits.

The Crude Is The Answer To Phillips 66 Fine Motor Oils

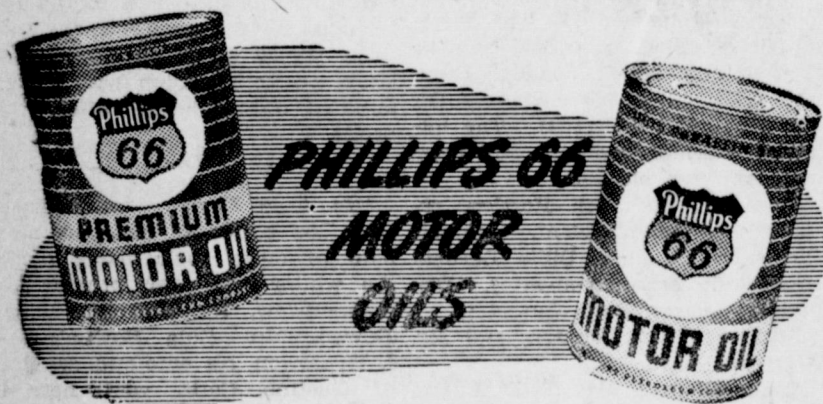

Mother Nature couldn't be beaten the day she made the Tiger Swallowtail butterfly—and she was doing a mighty fine job when she produced the crudes that go into Phillips 66 Motor Oils, too!

Then, Phillips special refining processes, Phillips practical skill and know-how, turned these exceptionally fine crudes into fine lubricants... lubricants that have what it takes to do an honest-to-goodness job of protecting your engine. Ask for Phillips 66 Motor Oil or Phillips 66 Premium Motor Oil.

Phillips 66 Motor Oil has made thousands and thousands of friends... and has chalked up an enviable record covering billions of miles of satisfactory performance!

Phillips 66 Premium Motor Oil is brand new! It cleans! It prevents bearing corrosion! It resists high temperatures and high pressures! In short, this oil is made especially for motorists who want something extra-special in lubrication.

You'll like them both... Phillips 66 and Phillips 66 Premium!

Erosion Prevented By Sound Practice Growing Crops Help In Saving the Soil

By W. J. DRYDEN

The late spring floods and heavy rains made many farmers realize that losses from water erosion can be serious. Michigan State col-

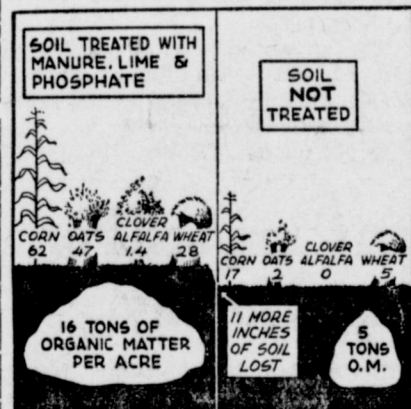

lege specialists list four rules to reduce water erosion on farm land.
1. Never leave the ground bare longer than necessary. Vegetation is important over the winter.
2. As the slope of the land increases, use more crops of grass and small grains and fewer cultivated crops.
3. If medium sloping land is cultivated, practice strip cropping, cross slope seeding and tilling, and use sod waterways and terraces.
4. Keep the soil in as high a state of fertility as possible. Add lime where necessary, use commercial fertilizers and add humus through natural manures, green manures or crop residues.

Soil Building

The difference between soil building and soil mining is shown in the chart below. Soil building means increasing the soil's organic matter and plant food supply and maintaining high crop yields. It means feeding the soil and letting the soil feed the crops, rather than trying to feed each individual crop.

The comparative results shown here were obtained at the Ewing soil experiment field in Illinois. One plot has had no soil treatment since the field was established in 1910. The other plot has had large amounts of

lime, phosphate and potash to get heavy stands of deep-rooted legumes. Corn stalks have been returned to this plot. The rotation on both plots has been corn, oats, clover and wheat.

Crop yields covering a four-year rotation tell the story. Corn production on the fertilized plot was four times greater than on the untreated field; oats nearly four times and wheat about eight times greater. Clover yield on the fertilized plot was 1.9 tons per acre; the untreated plot is too acid to grow legumes.

Despite the greater amounts of nitrogen and organic matter used in producing the higher yields, the fertilized plot still contains 4 1/2 tons more organic matter and 460 pounds more nitrogen than the untreated field.

Farm Hints That Pay In Better Products

The Cornell results are in line with earlier tests of vitamins for calf scours in Michigan and Ohio. Even though the use of vitamins lacks encouragement, there is promise in another direction—the sulfa drugs. Sulfaguanidine has been found helpful. Sulfathiazole, one of the faster acting sulfas, which has been used against dysentery in humans, also has been used successfully in calf scours treatment. In tests, a combination of sulfathiazole with kaolin and pectin was more effective than either sulfathiazole or sulfaguanidine alone.

Don't use binder twine for tying fleeces. Use paper twine instead. When binder twine is used pieces of the fiber break off and get into the wool. These fail to take color when dyed. Who loses? The sheepman.

Scientists Develop New Slow Fertilizer

A new, slow-acting nitrogen fertilizer which feeds crops over a long growing period has been developed by USDA soil scientists. The new product, a series of combinations of urea and formaldehyde, is called "unaform." Since both principal components are in short supply, commercial production will be small for a short time. Early reports from field and greenhouse have been very satisfactory.

Bula Defeated Three Way Squad

Bula's school's team defeated the Three Way squad in a 6-man football game played at the latter school last Friday.

The score was 13 to 12. Supt. W. D. Kay said it was a hard fought game, and complimented Chief Jones for the manner in which it was called. Both teams have carded further games, Kay said.

A Report From Europe

(By GEORGE MAHON)

As reported from Washington several weeks ago, an Act of the House of Representatives required the Speaker to appoint a Committee of 19 members to make a study and recommendation in regard to our program of feeding and financing Europe—our foreign aid program. I was appointed as a member of the Committee. There are 8 Democrats and 11 Republicans on the committee. It is headed by Christian Herter, a Republican from Boston. The committee is working under a mandate from Congress and is under great pressure to do a good job. The report of the committee may have a far reaching influence on our foreign policy at a very critical time in world history. The interests of the United States must come first and no aid to Europe should be recommended which will not also serve the best interests of America. The war has now been over for more than two years. What does Europe look like to a West Texan? First about England. In going by train the 70 miles from the

port of Southampton to London, I was struck with the intensity with which the land was cultivated. The grain was off the wheat fields but many other crops were growing. However, they were not growing very well because England is the midst of a terrific drought. I have since learned that most of Europe has been in a severe drought for about three months. This is making a marked reduction in the food supply. The clamor throughout Europe is Food, food, food! At home we complain at the prices of food but here the emphasis is on food at any price.

I noticed in England that the Victory gardens were still very much in evidence. In suitable areas the British are using such places as the right of way on the railroad for countless little gardens, and they are all well cared for. I went out in the country and met with what we would call the AAA committee for one of the counties. We looked at some of the farms. The farmer

are doing a good job. A farmer in England has to cooperate with the government program. If he fails to do so the government can take over his farm; but the farm committee explained that they had encountered no serious trouble in securing cooperation.

England is far from being self-sufficient in food and the people are up against it. They are not producing enough manufactured products to sell abroad to acquire enough dollars to pay for the food from abroad which they need. They call this the dollar crisis. The monetary complications are hard to understand but the results are quite easy to see. The people are reducing their import of food and struggling to increase their exports—doing this to get dollars and prevent the collapse of the government.

In spite of the fact that more than two years have elapsed since V-J Day, the British still have a severe rationing system which apparently works much better than our OPA ever did. The severity of the program is indicated by the fact that each person is allowed only one egg per week and only twenty cents worth of meat per week. Gasoline is strictly rationed. Clothing and textiles are strictly rationed also, and while the British produce large stocks of clothing they are not released in quantity for local sale but are exported, the idea being to acquire more dollars to be used for the purchase abroad of raw materials and food.

Begin At the Waist To Lengthen Skirts

Lubbock.—Women and girls who are making an effort to lengthen their skirts to conform with the new fashions should begin at the waist rather than at the hemline, according to Miss Mabel Erwin, head of the Texas Technological College clothing and textiles department. Tight fitting skirts will hang lower if the side seams are let out a bit. Inserts in the waist of dresses to lower the waist line usually look better than ruffles, pleats or bias piecing on the hem, she stated.

If sleeves on old dresses are sufficiently full, they may be removed and used for waist inserts and the frocks converted to jumpers, she suggested.

However, any alteration on a dress must be done very carefully, the Home Economics professor stated, and a great many people would do better to go ahead and wear an

old dress as it is, rather than risk making an unattractive "home-made" looking affair.

Mr. and Mrs. Dudley Buzard and children spent Sunday in Hereford with her parents, Mr. and Mrs. Ray Hershey and other relatives.

FOR AN AMPLE AUTOMATIC WATER SUPPLY

Install This Simple Jet Pumping System

Made By

Peerless Pumps

Advanced Peerless Jet Pumps

ECONOMICALLY PRODUCE THE WATER YOU REQUIRE FOR LIGHT INDUSTRIAL NEEDS

Capacities: 120 to 7500 Gals. per hour from Well Depths to 120 Feet
The Peerless engineering achievement of designing and building more efficient pumps with fewer moving parts has again been most successfully applied in the advanced Peerless Jet Pumping System. The troublefree Peerless Jet Pump principle ingeniously applies the natural force of gravity, plus a minimum of mechanical power, to lift water upward by pressure from the Jet and force it to a pressure tank by means of an impeller. There is no simpler pump principle now being utilized where water lift requirements are comparable.

Peerless Jet Pumps are easy to understand, install, operate and maintain. Once the constant pressure Jet Pump is in operation adjustment or repair is rarely needed. Extremely compact in design. Double or single pipe systems available in sizes from 1/4 to 3 H.P. Quietly supplies the water you require whether installed over the well or offset at a distance from the water source.

Ideally applied to wells 2" inside diameter and larger for water supply requirements of light industry including ice and refrigeration plants, creameries, dairies, milk plants, institutions, hotels, laundries, municipalities, motels, schools, etc.

SEE THE PEERLESS WATER KING

Unique in design and operation. For shallow well installation only. Capacities: 275 to 860 Gals. per hour. For trouble-free simplicity of operation, this unique pump utilizes the same "magic" pumping element of the Peerless Hi-Lift Pump. Hard chrome pumping element wholly positioned and protected within pump base is highly resistant to abrasive and corrosive action. Assures a clean, constant water supply. Requires a minimum of space and attention. 100% automatic. Easily installed over well or offset.

KITCHEN MEMO BY JEAN CLARKE

The Viennese have always been expert at icings and pastries. They way with Vienna Chocolate Icing makes a cake frosting that's especially rich. Melt 1/2 square unsweetened chocolate keeping the flame high to do a quick job of it. Then remove and add 1 cup confectioner's sugar, 2 tsp. hot water, blending thoroughly. Add 2 eggs, one at a time, beating thoroughly after each addition. Then add 6 tbsp. butter, two spoonful at a time remembering to beat well after each addition. Spread this mixture thickly over your layer cake. Then listen to the children say "Yummy."

Pottery is one of the greatest economizers of fuel because it retains heat so well. Never use a high fast flame for cooking food in pottery because it's a needless waste of gas and also, in time, cracks the glaze on the bottom. Preheat the pottery utensil with a medium low flame, then as soon as boiling begins, lower the flame to the lowest simmer point to maintain gentle boiling.

If you discover that raisins have become hard and dry after long pantry storage, here's how to plump them. Rinse in boiling water, drain, spread in a shallow pan, place in oven, turn the gas flame to moderate heat (about 350°). Takes about 10 to 15 minutes for the raisins to puff up. Raisins revived this way do not keep as long so plan to use them at once.

Rainbow Girls Held A Public Installation

A public installation for the Muleshoe Rainbow Assembly No. 161 was held Thursday evening, Sept. 18, at Masonic Hall. Installing officers were: Worthy Advisor, Virginia Faye Nelson, outgoing Worthy Advisor; Recorder, Mrs. Lela Barron; Marshal, Mrs. Melzine Elliott; Chaplain, Mrs. Grace Lane.

Members installed: Worthy Advisor, Jean Hogan; worthy asso-

ciate advisor, Doris Gatlin; Charity, Jo Winstead; Hope, Joyce Nickels; Faith, Marion Davis; Recorder, Dixie Lee Jennings; Chaplain, Kay Malone, drill leader, Billie Faye Graves;

Color stations: Sister of Love, Janie Jordan; Sister of Religion, Sondra Wagnon; Sister of Nature, Peggy Jo Robison; Sister of Immortality, Wanda Fern Black; Sister of Fidelity, Bette Guthrie; Sister of Patriotism, Helen Lambert; Sister of Service, Jeannete Kirk; Confidential Observer, Eva Truelock; Musician, Joy Snyder; Choir director, Patsy Ruth Lane; members

of choir, Barbara Barnett, Jerre White, Virginia Faye Nelson.

Several members who were not present will be installed at the next regular meeting in October which will be Thursday, Oct. 2nd.

Service bars were presented to the following Rainbow Girls who knew their secret work by Mrs. Janet Wagnon: Sondra Wagnon, Janice Jordan, Helen Lambert, Peggy Jo Robison, Kay Malone and Billie Margaret Collins.

Jean Hogan, newly installed Worthy Advisor presented her mother, Mrs. Roy Hogan for introduction and presented her with a corsage.

Mrs. Roy Hogan then presented Jean with a strand of ice blue pearls. Mrs. Lena Hite, Mother Advisor of Earth Rainbow Assembly, and Ysleta Newton, Worthy Advisor, were presented behind the bow for introduction. Several other members were present.

The outgoing Worthy Advisor presented a Past Worthy Advisor pin from the Assembly by the Worthy Advisor Jean Hogan.

The outgoing Worthy Advisor, Virginia Faye Nelson, presented the Assembly with a frame for its charter, to replace one that had been broken.

The advisory board served refreshments to all present.

Coming Events

Tuesday, Sept. 30, 1947, will be the regular meeting of the O. E. S. All members are urged to attend.

NEEDMORE REBEKAHS INITIATE NEW MEMBER

Faye Jerene Smith was initiated into the Needmore Rebekah Lodge Tuesday, September 16.

The initiation service was beautifully performed by the degree team consisting of: Noble Grand, Lily Belle Carpenter; Vice Grand, Jean Moore; Chaplain, Estelle Heald; Past Noble Grand, Minnie Sims; Warden, Dana Arnold; Conducor, Thelma Gage and other: Lois Witherspoon, Ruby Troutman, Birdie Warren, Edna Garland, Beulah Kelton, Gracie McDaniels, Martille Gabbert, Lorraine Tubbs, Florence Holmes, Juanita Busbee, Claudia Millsap and Maxine Ragsdale all taking part.

After Lodge was closed the refreshment committee, Maxine Ragsdale, Ruby Troutman and Maud Young, served very delicious refreshments of sandwiches, homemade cookies and cold drinks.

September 23, the Needmore Rebekahs met for their regular meeting. Several applications for membership were read, so we would like for all members to be present next Tuesday night to practice for initiation.

WESLEYAN SERVICE GUILD

Wesleyan Service Guild met Monday evening, September 22nd, at Fellowship Hall with Mrs. Jim Cox, President Mrs. G. O. Jennings had charge of the business meeting.

Mrs. Marty Ezell gave the first chapter of our study "The Christian Motive and Method in Stewardship" in a very interesting manner.

Next meeting will be with Mrs. Jim Burkhead, October 13.

Delicious refreshments were served to the following visitors and members: Mrs. F. B. Grandy, visitor, Mrs. Francis Gilbreath, a former member, Mesdames Marty Ezell, T. G. Craft, G. O. Jennings, Fred Johnson, Jim Burkhead, Harold Wier, Mrs. Curtis Spivey, Miss Elizabeth Harden and the hostess, Mrs. Jim Cox.

afternoon, September 22.

The house was called to order and the minutes were read. The council report was given by Naomi Black. The plans for the fair were completed. The Longview club is to have charge of the council booth from six until ten Friday evening.

A musical poem "When Earth's Life Picture Is Painted" was given by Katherine Black, accompanied by Mildred Newkirk. Also "In the Garden" was sung by them.

The club will meet October 14 in the home of Gladys Dorsey.

Sandwiches, cookies and tea were served to Mildred Newkirk, Rayni a Dawson, Gladys Dorsey, Katherine Buzard, Berta Kitchens and hostess, Naomi Black.

MISS CAROL EMMA JOHNSON IS BRIDE OF CLARK HARVEY

The marriage of Miss Carol Emma Johnson, daughter of Mr. and Mrs. Walter R. Johnson, of Cocoa, Fla., to Clark Harvey, son of Mr. and Mrs. H. G. Harvey, of Muleshoe, Texas, was an event of Friday, Sept. 5 at the First Baptist Church of Cocoa, The Rev. James A. Sawyer, minister of that church, officiated.

White gladioli, large white chrysanthemums and palms were used in decorating the church. A program of nuptial music was played by Mrs. Frank Johnson, church organist, who also played the traditional wedding marches. Vocal solos were by Miss Elizabeth Provence of Jacksonville, Fla. and Frank Johnston, Cocoa.

The brides' gown was of silvered Swiss imported white organdy, fashioned with a fitted bodice, a deep yoke of white lace, and bouffant skirt. The finger-tip veil, of imported illusion, fell from a crown of shirred illusion. She carried a Bible with a white orchid from which fell a shower of stephanotis. She was given in marriage by her father.

Sisters of the bride were her only attendants, Mrs. H. O. McNeill serving as matron of honor, and Miss Esther Johnson as maid of honor. Both wore silvered Swiss imported blue organdy gowns with matching muffs and carried corsages of white chrysanthemums and yellow roses.

Best man for the bridegroom was Mr. Frank Johnston. Ushers were Doyle Carlton, Bud Johnson and Russell Dixon.

The bride's mother was gowned in soft grey crepe and wore a corsage of small white chrysanthemums and pink sweetheart roses. The bridegroom's mother wore black crepe with a corsage of pink roses.

Following the ceremony a reception was held at the home of the bride's parents in North Cocoa. Sharing attention with the beautiful three-tiered bride's cake was the Swedish linen tablecloth, hand woven by the bride's paternal grandmother, which graced the bride's table.

Out-of-town guests were Miss Elizabeth Provence, Jacksonville, Miss Frith James, Tallahassee; Miss Mary Helen Tew, Sandford; and

Major and Mrs. Charles Johnson of West Palm Beach.

Following their wedding trip, the couple will be at home at 112 Tenth St., Ames, Iowa, where they will continue their graduate studies at Iowa State College.

The bride is a graduate of the local high school and has also attended Florida State University.

The bridegroom attended West Texas State College and Texas A.

& M. During the recent war he served four and one-half years as a lieutenant in the USN Air Corps.

Something New

MULESHOE'S FAIR

This is Muleshoe's 1st Annual Fair. It will do much to promote Agricultural progress in this area. We are 100% back of this exhibition and want to encourage every one to attend and participate in the FAIR.

OUR NEW BUILDING

We, too, are progressing with Muleshoe. Construction on our modernized, enlarged and improved building is nearing completion. We will offer to the people of this area better merchandise and better service in this new, improved shopping center.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: R. A. Tipton, Mrs. R. A. Tipton, and the unknown heirs and legal representatives of the said R. A. Tipton and Mrs. R. A. Tipton, if they be deceased, either of them, Defendants, Greeting:
You are hereby commanded to appear before the Honorable 64th District Court of Bailey County at the Court House thereof, in Muleshoe, Texas at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 10th day of November, A. D. 1947, then and there to answer Plaintiff's Petition filed in said court on the 22nd day of September, A. D. 1947, in this cause numbered 1534 on the docket of said court and styled J. B. Nicewarner, plaintiff, vs. R. A. Tipton and Mrs. R. A. Tipton, and the unknown heirs and legal representatives of either, should either be deceased, Defendants.
A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff sues for title and possession of all of Section No. 10, Block "C", Melvin Blum & Blum survey (Blum Lands) situated in Bailey County, Texas, and for damage in the amount of \$5,000.00. The suit is brought as well to try title as for damages. Plaintiff also sues for cost and for general relief as is more fully shown by Plaintiff's Petition on file in this suit.
The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
Issued and given under my hand and the Seal of Said Court, at office in Muleshoe, Texas, this the 22nd day of September, A. D. 1947.
Attest: M. G. BASS, Clerk. (SEAL) District Court Bailey County, Texas.

DAB is the original wipe-on auto paint. Dab is guaranteed for two years not to chip, crack, peel, fade. One can will paint any car—\$5.95 quart. But be sure you get DAB the miracle paint. Nationally advertised on radio and magazines. Just wipe it on with new powder puff (has no lint), and your paint job will be dust-free in an hour with a smooth, gloss finish. In 17 colors. Buy it in Muleshoe at Bove Motor Supply. 37-4tp

Thanks! Thanks!

We deeply appreciate the fine business you have tendered us during the sorghum grain harvesting season. We asked for it and you gave it to us and we thank you. We regret, however, that our elevator is now full of grain. At this writing it seems we will have to stop receiving grain until the powers that be send the Plains of Texas some box cars. When that happens we'll be ready to serve you again.

received assistance in laying out irrigation ditches for watering alfalfa.
 Irrigation ditch systems for watering improved pastures were laid out for Eddie Ramm and Grady Childress.
 Conservation surveys were made last week on a 100-acre farm owned by Floyd Marrs and on a 320-acre farm owned by G. P. Meissner.
 Joe Sinnacher was assisted by Soil Conservation Service technicians in laying out a complete border system for watering improved pasture.
 J. E. Mills received assistance in the application of a complete ditch and dyke system for irrigating alfalfa.
 "Chick" Otwell, tenant for H. F. Bryant, was assisted in laying out borders for watering wheat.
 It is requested that farmers desiring assistance in soil conservation work anticipate their needs a few days ahead as it is not always possible for the Soil Conservation Service office to give immediate assistance. Technicians arrange the work schedule week ahead and will appreciate your cooperation in giving advance notice in order that delay may be avoided.

CONTRACTOR IS GIVEN NEW STETSON HAT
 V. M. Collins, Muleshie building contractor who with his crew erected the bleacher stands for the new football stadium here, was presented a new Stetson hat by members of the board of trustees between halves at the game Friday night.
 Mr. Collins had worked night and day, as had his men, in finishing the stands in time for use at the first game here and the trustees wished to show their appreciation of his interest and cooperation.
 Mr. and Mrs. M. E. Finley visited Sunday afternoon in the home of Mr. and Mrs. John Davis in Fairview community.
 —Come To The Fair—

The Invisible Man Is Out— Says Garrison

By COL. HOMER GARRISON
 Director Dept. Public Safety
 Fix your light so that you can be seen by the other fellow and your brakes so that you can stop, and you'll be all right under the new traffic law, which went into effect Sept. 5.
 You must have two burning headlamps and a burning red tail light. The only thing which every motorist has to have after Jan. 1, 1948, which he may not have now is a little white light over the rear license plate. Formerly, reflectors were enough on trailers of all kinds, but after Jan. 1 a burning red tail light is required for any vehicle whatsoever on the road. Trucks and buses under 80 inches wide must have in addition to other lights a stop light and two red reflectors on the rear.
 Trucks or buses over 80 inches wide or having an actual or registered gross weight in excess of 3,000 pounds must have the following lights besides the headlamps, tail light, license plate light, stop light, and two red reflectors:
 amber clearance light at front outermost top corner on each side; red clearance light at back side; amber side marker near rear of each side; amber side marker near front of each side; amber side lamp near front on each side; red side lamp near back on each side.
 When disabled upon the highway, all types of trucks, busses, and trailers must have three properly spaced warning devices such as pot flares, electric lanterns, etc.
 All brakes must be capable of stopping the vehicle going 20 miles

per hour within a distance of 30 feet on a smooth, level surface and must be maintained in good working order so as to be applied evenly on all wheels. Any type trailer having an actual registered gross weight in excess of 3,000 pounds must have a separate set of brakes thereon.
 Please call in your news or send it in. Phone 54—The Journal.
 Please watch out for engine stakes along farm to market roads.

TURNING SOUR GAS INTO A Mighty INDUSTRY
 Carbon black produced in the area we serve dominates the industrial scene.
 Only in this area—with its vast resources of natural gas—is the mass production of this vital material possible. "Sour" gas, once considered worthless (on account of its high sulphur content), has become the basis of a great industrial operation. The automotive, rubber, paint and ink industries are but a few of those dependent on carbon black.
 We have so much confidence in the carbon black industry—and other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone!

Under the law you now have only 10 days in which to apply for transfer of title when buying or trading for a motor vehicle in Texas. A \$5 penalty attaches upon failure to comply with this regulation of not less than \$50 nor more than \$100. Your attention also is called to a provision of the new law which makes it a misdemeanor to

leave a part of transfer of title form blank, leaving out information that is required to be furnished, and such offense is punishable by a fine of \$200.

Farm Bureau Has Series Meetings

A series of 23 Farm Bureau district meetings will be held in Texas September 29 through October 14, it has been announced by J. Walter Hammond, president of the state organization.

In order that more farmers will be able to attend and take part in the discussions, two meetings have been scheduled for the District 2 area. One will be held in the City Auditorium, Plainview, on Friday,

October 3; the other will be held in the District Court room at Lubbock on Saturday, October 4. The meetings will start at 10:00 a. m. and W. R. Tilson of Meadow, state director, will preside.

The Texas Farm Bureau will attempt to get a cross-section in the thinking of farmers with reference to continuation of the national farm program, which is in jeopardy at this time, a farm-to-market road plan, and many other critical issues.

"Unless farmers make a determined fight for the retention of the farm program, it will be discontinued after 1948," President Hammond warns. "There was a move on the

Parmer County Talk Is About Good Wheat Seed

College Station—The big talk among Parmer County farmers now is about good wheat seed for planting.

County Agent Ollie F. Liner reports to Extension Service headquarters at Texas A. & M. College that farmers in the county are making a big effort this year to plant wheat varieties that will raise the percentage of quality grain in that area.

There will definitely be a wheat crop of higher quality in the county next year, says Liner. Farmers have attended educational meetings on the best adapted varieties, and grain elevators are pitching in to help by making available to wheat growers the better varieties of certified grain.

Varieties being recommended by the county agent are Westar, Comanche, Tenmarq and Wichita. Practically all the poor milling wheat will be eliminated in Parmer County next year, says Liner.

part of Congress during the past session to eliminate all price supports and AAA payments for soil conservation," he said, "and it is necessary that we rally all the support possible from our members if we are to retain our farm program."

J. M. Bowen, who is attending Texas Tech, spent the weekend here with his parents, Mr. and Mrs. J. W. Bowen.

PASTEL STRIPES

Pastel striped novelty cotton by Hope Skillman is used for this sprightly young junior dress, brightened by the wide dust ruffle at the hem. The dress has a cut out applied fabric bow at the neck, small pearl buttons to the waist, and a full all-around gathered skirt that falls from a set-in belt.

Lazbuddy News

There was a Sunday dinner given in the home of Mrs. Alma Steinbock. Those present were: Mr. and Mrs. Walter Steinbock and daughter, Nealy Mace; Mr. and Mrs. Rhiney Steinbock and daughters, Rita and Trixie; Mr. and Mrs. Alfred Steinbock and daughters, Theresa and Sherry Jo; Mr. and Mrs. Willie Steinbock and sons, Rex and Max; Mr. and Mrs. Alex Steinbock and daughters, Fern and Wanda Mae, Walter and Emil Hanson, Budie Jones, John and Herbert Dyck, Don Cantrell, Laverne Roberts, Mrs. Alma Winn and children Alma Jean and Danny Mack from Muleshoe; Mrs. Lorne Mehl and daughter, Mary Francis, from Frederick, Oklahoma.

There was a pink and blue shower given in the home of Mrs. Char-

lie Gustin in honor of Mrs. Henry McLianey. Those present were Mrs. Alex Steinbock, Mrs. Willie Steinbock, Mrs. Hedy, Mrs. Wadall, Mrs. Rhiney Steinbock, Mrs. Nancy Gleason, Mrs. Minnie Pharan, Mrs. C. C. Matthews, Mrs. Goodnough, Mrs. Troy McCain, Mrs. Carpenter, Mrs. Walter Steinbock, Mrs. Alfred Steinbock and a cousin of Mrs. Lainey. Those who sent gifts were: Mrs. Ed Steinbock, Mrs. Fern Clark, Mrs. Jimmy Setton, Mrs. Elvy Setton. Refreshments were served of sandwiches, punch and cookies.

Mr. and Mrs. Theron Vaughn and baby son are visiting their Lazbuddy friends and relatives.

Mrs. Magdalena Mehl has been visiting in the home of Mrs. Alex Steinbock for about 2 weeks. Mrs. R. O. Tucker and brother, Lorne Mehl, came and got her.

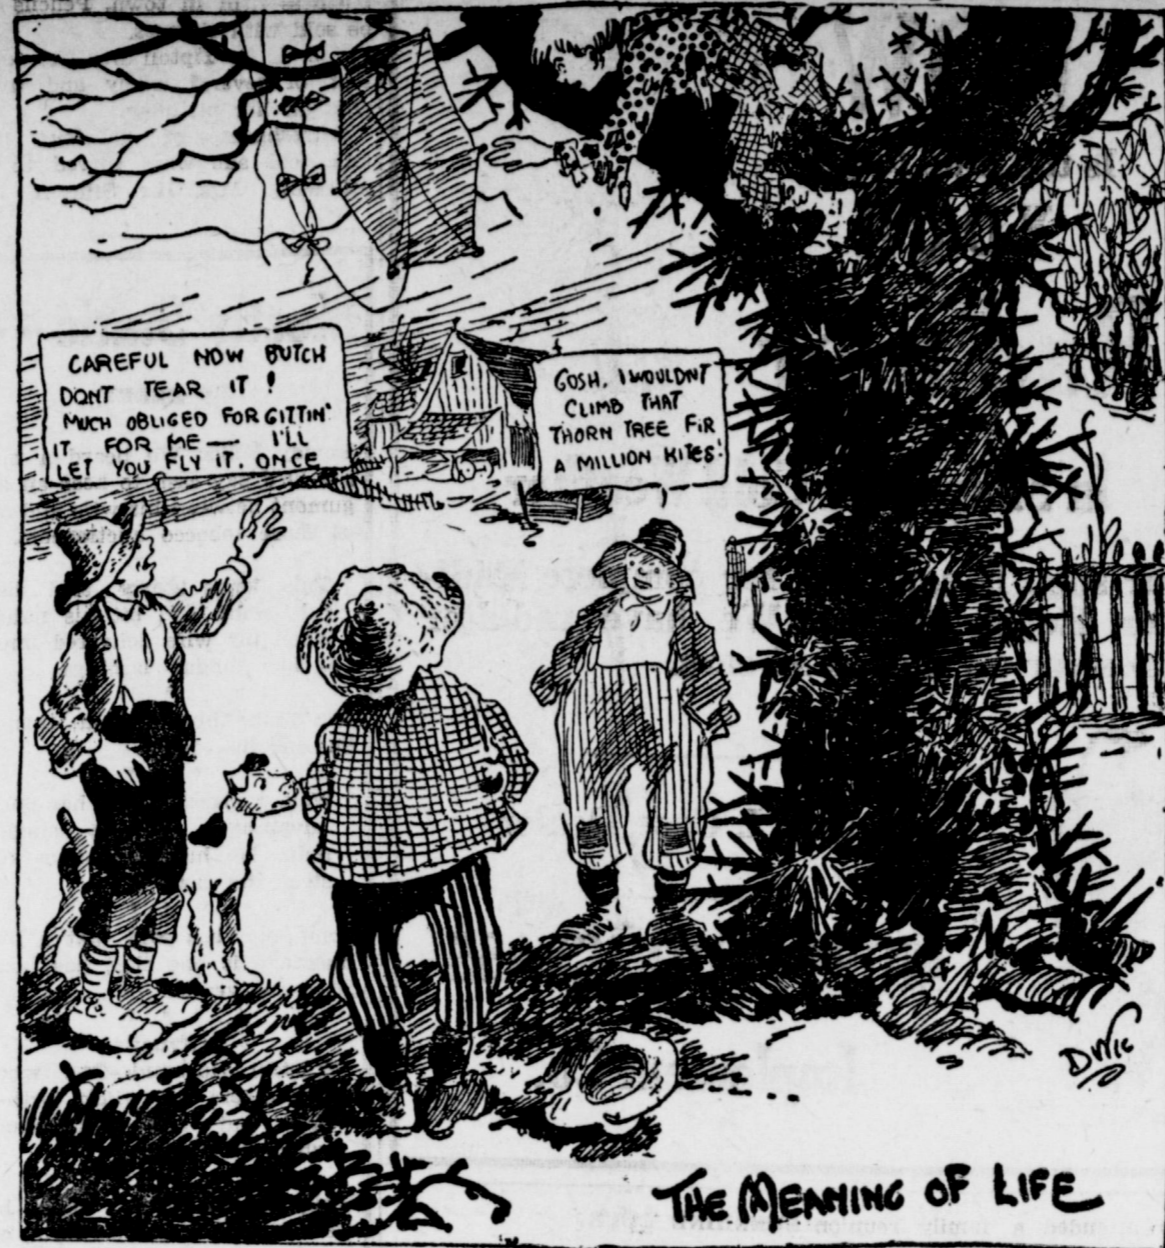

Alex Steinbock went Sunday evening to a baseball game in Lubbock.

Some farmers decided they needed a rest so they went to Buffalo Lake fishing. Those who went were: Walter and Emil Hanson, Mr. and Mrs. Rhiney Steinbock, Mr. and Mrs. Ed Steinbock, Mr. and Mrs. Judd Clark, F. L. and Marshall Oliver, Frank Swint, Laverne Roberts and John Dyck.

year's fair will exceed all 29 preceding ones in this respect. In addition to entries competing for prizes, Tech's department of animal husbandry has entered a model exhibit of sheep, swine, goats, cattle and horses.

Up to Sept. 20 entries had been received from fourteen counties for space in the Agricultural building. Among the counties represented are Terry, Floyd, Childress, Hockley, Crosby, Lynn, Lamb, Parmer, Briscoe, Swisher, Bailey, Hale, Castro and Garza.

A highlight of the 1947 Fair will be the fine entertainment officials have lined up. In addition to the Steiner rodeo each night, lightning fast midget autos will zoom around the 1-5 mile oval each afternoon, and the Bill Hames Shows will be going at full tilt on the Midway day and night.

Mostly Static --

By BERRY

Howdy Folks: We heard a man say he'd pay cash to hear an argument between his wife and one of those tobacco auctioneers.

This same party said he just stood and bit his nails when his wife delivered one of her tongue lashings.

She broke him of that, though. She hid his teeth.

Well, a married man has one advantage over a single man. He has two hands to steer the car.

Some one has said that a long marriage is one that has lasted 20 awed years.

Daffynation
Tactful Husband—One who remembers his wife's birthday, but can't remember which one it is.

Floyd Walker of Sudan, an accident patient, is resting well and will soon be discharged.

Mrs. W. B. Wagon has been in for medical care. She has gone home.

Henry Clements was in for medical care. He has been discharged.

Mrs. H. B. Duncan was in one day for medical care.

Congratulations:
To Mr. and Mrs. L. N. Wilhite on

the birth of a son, Delton Eugene, Sept 21; weight, 8 pounds, 14 ounces.

We have Miss Winona Blair of Muleshoe and Miss Betty Joe Campbell of Pampa on the hospital staff and are happy to have them. Both are graduates of St. Anthony's Hospital School of Nursing, Amarillo.

**OKLAHOMA MAN FETED
101st BIRTHDAY OF**

Mr. and Mrs. W. R. Kelton and

family attended a family reunion September 20 and 21 at Dustin, Okla., at which thirty persons were present, including two brothers and four sisters of Mrs. Kelton.

The reunion was in celebration of the 101st birthday of Grandpa Harrington.

Mrs. Kelton hadn't seen one of her sisters in 26 years, and another in 7 years.

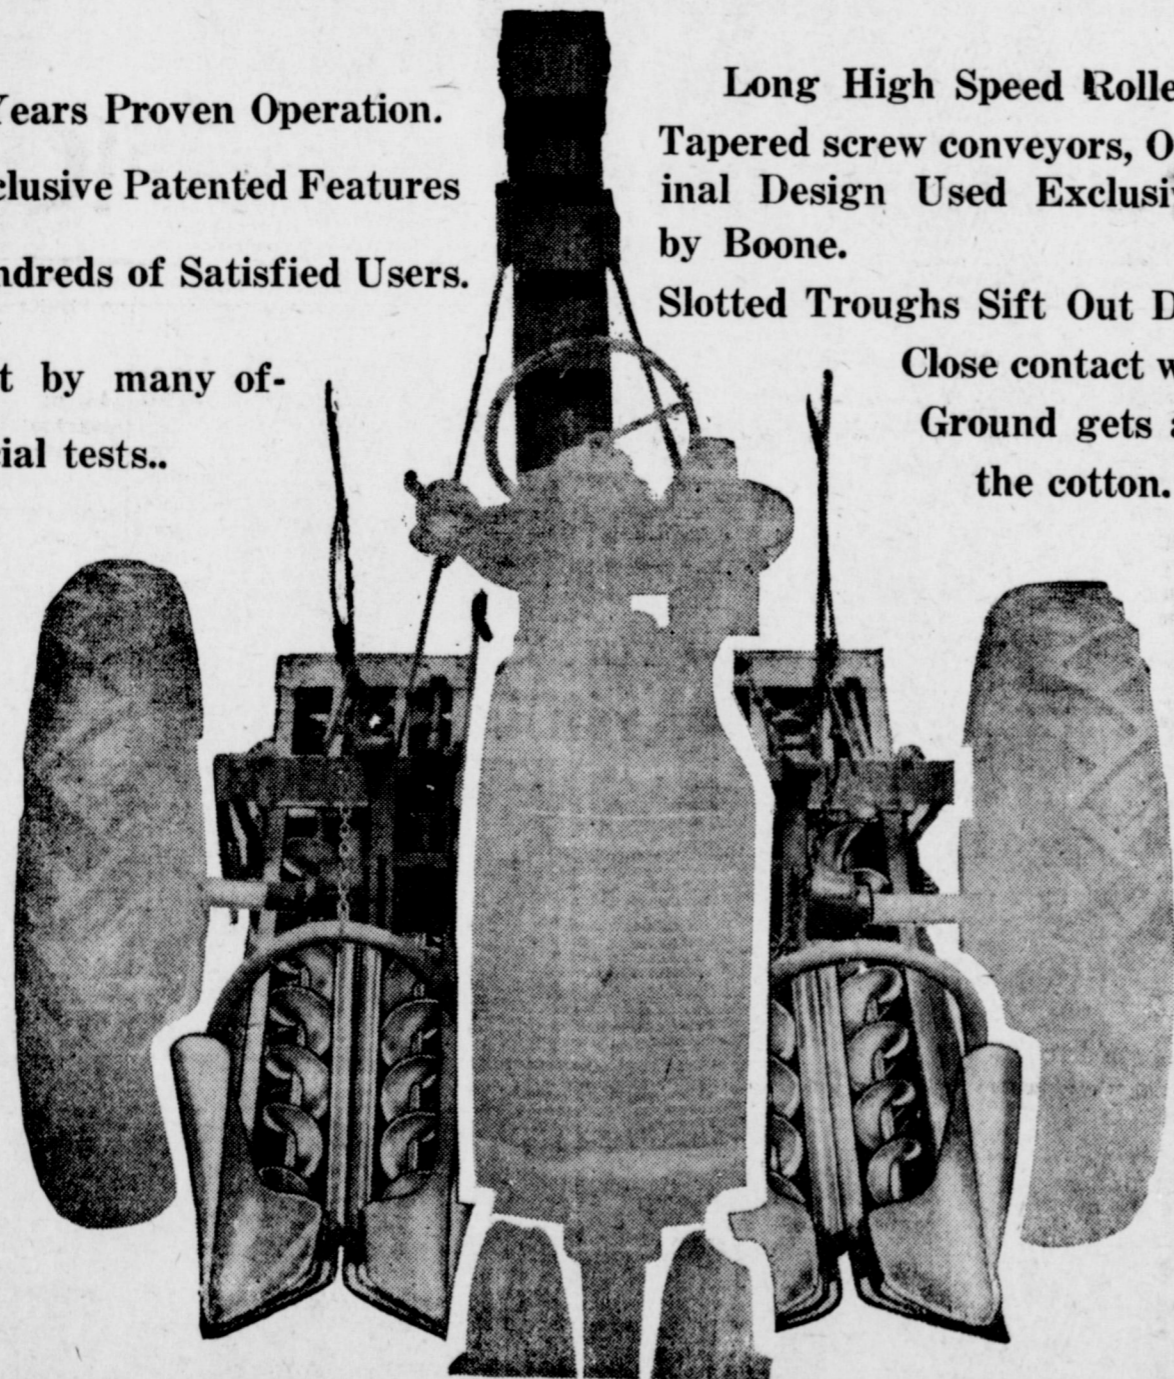

SUNSHINE CLUB

The Sunshine Club met September 18 with Mrs. Dave Coulter. Nine members were present. Our president, Mrs. Chambliss, called the house to order and roll was called.

The club booth at the fair was discussed. It was decided to put the exhibits in the community booth, since private booths are too expensive for our small club. The
