

Trial Date Set In Lundstrom Case

Monday, August 22, has been set as the date for the trial of Loyal Lundstrom on charges of murder in the shotgun death of his wife Doris at their Cisco Motel apartment last March 3rd, according to the docket of the 91st District Court on file Friday.

The trial date was set by Judge Jim Wright after a conference Thursday with District Attorney Emory Walton and Bill Hart, defense counsel.

Judge Wright denied a defense motion for a change of venue after a pre-trial hearing last month. Lundstrom remains free under a \$200,000 property bond.

Cisco Junior College Budget Approved

A budget estimating expenditures of \$4,455,492 during the 1983-84 school year was approved for Cisco Junior College by the board of regents at their monthly meeting Monday night. The new budget represents an increase of approximately 11 per cent over expenditures for the past year.

In other action, the board approved plans to spend some \$26,000 to remodel facilities and buy furniture for Cisco Junior College's new Abilene center in the Westgate Mall there. CJC recently leased space in the mall after their quarters at Catholic High School were sold.

The board accepted the resignation of Mrs. Nancy Hammes to head a new course in reading that the college will begin this fall, according to Dr. Norman Wallace, CJC president. Purpose of the course, he said, was to help students improve their reading skill.

Mrs. Hammes, who has been a member of the faculty for the Cisco Public Schools, for several years, holds bachelor's and master's degrees from ACU and has 24 hours in credits toward a doctor's degree. She is the wife of Dr. Ken Hammes, head of the CJC English Department.

The board accepted the resignation of Mrs. George Owens as director of the Wrangler Belles.

The 1983-84 budget provides for a 10 per cent increase in faculty salaries, Dr. Wallace said. Total salary appropriations call for \$1,011,833 for general

Picture Slides Shown To Lions

Picture slides made in the Big Bend Country of Texas and in northern Michigan were shown by Jack Farleigh as the program feature at the weekly luncheon of the Cisco Lions Club at noon Wednesday at the Colony Restaurant.

Mr. Farleigh visited upper Michigan while on a trip to his home at Battle Creek. The pictures showed the locks at Sault Ste. Marie, which permit ships to move between Lake Michigan and Lake Huron. His visit also included historic Mackinac Island and other points of interest.

The Big Bend pictures were made when the Farleighs accompanied relatives on a tour of the park. Highlights were scenes of a picnic and program attended on the border with both U.S. and Mexico people attending. There were scenes of mountains, canyons, old Fort Davis, McDonald Observatory and other places.

Vice President C.B. Dill, who presided, reported that progress was being made by parties who meet most late afternoons at City Park to work on the pavilion the club is erecting there.

Acknowledges Gifts

Dr. Norman Wallace, president of Cisco Junior College, acknowledges contributions to the Cisco Junior College Memorial Endowment Fund by Ralph Glenn, Mr. and Mrs. Ike Watts, Bob and Carlene Conner in memory of Earl McDaniel.

academic courses and \$830,419 for vocational-technical courses.

Other budget items call for appropriations as follows: general administration, \$610,899; general institutional, \$248,820; staff benefits, \$109,540; library, \$70,597; extension and public service, \$1,000; plant operation and maintenance, \$490,016; auxiliary enterprises, including athletics, transportation, cafeteria, dormitories, student center and other activities, \$584,412; grants and aids, \$302,898; and debt service, \$68,712.

Income estimated for the coming year includes state appropriations for coordinating board approved academic courses, \$1,316,772; vocational-technical courses, \$1,222,293; tuition, \$389,073; assorted fees, \$213,117; local taxes, \$160,000; auxiliary enterprises (athletics, transportation, student center, cafeteria, dormitories and the like), \$659,384; federal work and grant funds, \$250,000; total—\$4,455,492.

Dr. Wallace said the 1982-83 school year had a new attendance record and that the outlook for the coming year was very good.

Pat Owens Resigns As Wrangler Belle Director

PAT OWENS
RETIRING FROM CJC

The resignation of Mrs. George (Pat) Owens, director of the Wrangler Belles at Cisco Junior College for the past 15 years, was announced Thursday by Dr. Norman Wallace, president.

Mrs. Owens, who spent five years as a classroom teacher before accepting the college post, plans to retire "and do some things I've always wanted to do," she told The Press. She added that she decided Monday to retire, "went home and talked to her husband, and son Tracy thought about it some more, and then turned in a letter."

As director of the Belles, a precision drill team of from 30 to 45 girls, Mrs. Owens has achieved an outstanding reputation for herself and for the college. Dr. Wallace said. Approximately 1,000 young women have taken part in the Belle program under Mrs. Owens during her 15 years at CJC.

During the years, the Belles made numerous trips to perform, including several appearances on national television in the annual Thanksgiving Parade on NBC, performances at national events like the Apple Blossom Festival at Winchester, Va., appearing at the Cotton Bowl and Texas Stadium in football game half-time shows, and the like. And they have followed

Police Report Two Burglaries

Two burglaries and two auto mishaps were among incidents investigated by the Cisco Police Department during the past four days, Chief Billy Rains reported Friday.

The Tri-Tex Propane Company's quarters at the I-20 west Texaco Service Station was broken into last Wednesday night and a burglar alarm system valued at \$1,000 and \$350 in money were taken, Mr. Rains said. Officers were investigating.

A lawn mower was stolen from a local residence Wednesday afternoon and police recovered it two hours later. The mower owner declined to press charges.

Last Tuesday at 5:35 p.m. a 1975 Olds driven by Tomas Medina of Cisco was in collision with a 1981 GMC Truck driven by Adam Lopez of Ranger. Damages were light and no action was taken.

Two cars were in collision in the Thrift Mart parking lot. Damage was light and both had the same insurance company, so no action was taken at the company's request, Mr. Rains said.

In other activities, police investigated several cases of suspicious people reported to them, unlocked a car for a woman whose keys were left inside, answered four disturbance calls, broke up a fist fight at an oil supply company, called two Cisco business firms who had unlocked doors when police made their rounds after 11 p.m., and talked to a woman whose 19 year old daughter had been missing from home several days.

the CJC football team in its travels, including a number of bowl appearances. The Belles have appeared frequently in local and area street parades over the years.

A native of Anson, Pat Owens is a graduate of Hardin-Simmons University where she was soloist with the Cowboy Band for several years. She has appeared often with the CJC Stage Band as a soloist and is a favorite on musical programs. She sings often at the First Baptist Church where she is a member and her husband is a deacon.

Mr. and Mrs. Owens came to Cisco in 1956 when he accepted a job as an assistant football coach at Cisco High School. They considered the move to Cisco "a temporary one." Twenty-seven years later, Mr. Owens is president of S&M Supply Company, a builders supply firm serving a wide territory, and both George and Pat are involved in church and community activities.

Their son, Tracy, will go to Baylor University this fall to be a junior. Their daughter, Angie, is a registered nurse and the wife of Lee McMillan. The McMillans have two children and live in Cisco. The Owens live in a home they built a few years ago on Country Club Ridge.

Like her husband and son, Mrs. Owens enjoys golf and plays frequently at the local golf course. She enjoys playing the piano and singing.

"Fifteen years with the nice young ladies in the Belles has been an interesting and rewarding experience," Mrs. Owens said, "and I leave with mixed emotions. I know I will miss the Belles."

She hears frequently by letter, card or telephone from girls who have been in

Dennis Is Candidate For Council

ROY DENNIS

Roy Dennis, owner of Quickway Grocery, filed as a candidate for Place 3 on the City Council at City Hall last Wednesday afternoon. An election has been called for August 13 to fill the vacancy caused by the resignation of Loyal Lundstrom.

Mr. Dennis has lived in Cisco seven years. He is a native of Roby where he finished high school. He came to Cisco in 1968 to attend Cisco Junior College and went to Stephenville to attend Tarleton State University after finishing here.

Mr. Dennis and his wife are the parents of three children and own their home at 910 West 8th Street. They are members of the Church of Christ and take part in various community affairs. He is a member of the Cisco Lions Club and of the Chamber of Commerce.

Mr. Dennis said his decision to run for City Council was based on a desire to participate in community functions.

the Belle program, "and I hope to keep hearing from them frequently," she said.

Dr. Wallace said the resignation was a surprise. "Pat Owens has done an outstanding job at CJC," he said. "Replacing her will not be an easy task."

Bible School Begins Monday

Vacation Bible School begins Monday morning, 9:30 sharp at the First United Methodist Church, 405 W. 8th. The First Christian Church, First Presbyterian Church, and First United Methodist Church are working together to provide lots of fun-both work and play for those kids who manage to get up early Monday. The school will run from 9:30 a.m. to noon each day, Monday through Friday.

Classes will be offered for ages from Nursery (age 3) through 6th grade (1982-83).

The junior and senior high students will have youth choir and will help with recreation for the children.

"Jesus, Lord of Promises" is the theme for the school, and a back-to-basics approach to Christian living is offered in VBS.

Betty McGrew, Pat Deitiker, and Nanette Maxwell are the coordinators, and information needed concerning the Bible School may be directed to one of them.

All children are invited to attend the Church School, so come, bring the family, friends, and neighbors.

Lots of fun, food, and excitement are in store for those who come to join with their friends in this truly great experience of worship and sharing!

Waste Water Facility Land Option Approved

A group of property owners and residents of the area just east of Cisco appeared at the semi-monthly meeting of the City Council last Tuesday night to seek information about the city's plans to build a new waste water treatment facility.

The meeting agenda called for the Council to consider authorizing Mayor Eris Rit-

chie to execute a land purchase option for a proposed water treatment facility on a 44.23 acre tract located north of Highway 80 two to three miles east of Cisco.

Engineer Billy Jacob of Jacob and Martin, Inc., Abilene, who are preparing plans for the project, was present and answered questions asked by some 12 per-

sons. He told the group that the city has been seeking a suitable site for the facility for several years and that the site covered by the option was the first they had found that meets requirements and can be purchased.

In answers to questions, Mr. Jacob said the facility would not have an odor and that water from some 20

acres of ponds would be available for irrigation after it goes through a treatment process. He gave the group the names of area cities where similar projects have been built for their inspection and investigation.

Upgrading the waste-water system is a "must" for the city, City Manager Mike Moore said. He said the Texas Health Department has notified the city that its sewage disposal system is inadequate and must be upgraded along with the water system at Lake Cisco.

The Council approved by unanimous vote plans for Mayor Eris Ritchie to execute the agreement. The option contract calls for the city to have a year to make tests and obtain permits and clearance from state agencies to build the plant. The purchase price is \$1,000 per acre, and the land is owned by Mr. and Mrs. Alton McCune of Route 2, Cisco.

Mr. Moore said the city will make application to the State Department of Water Resources for a permit to build the plant. The state agency will conduct soil and other tests and hold a public hearing on the application. Standards set by EPA will have to be met for the site to be approved, Mr. Moore said.

The project will cost some \$720,000 and will be financed by a loan and grant from the state agency. Engineer Jacobs said it would be some six months before all details are handled for a permit to be issued.

In other action, Engineer Scott Hibbs of the Jacob and Martin firm told the Council that all plans and specifications for the Lake Cisco filtration plant and water system improvement program would be ready for approval late this month. He discussed minor changes in plans with the Council and approval was given.

The Council tabled the matter of contracting with Municipal Code Corporation for codification of City ordinances.

Mr. Jacobs said that a pre-contracting conference would be held soon on details of the Front Street paving program, which is scheduled to begin this month. He said that removing brick from the street and replacing them with base material and new curb and gutter for the street would cost an additional \$9,200. This was approved.

The Zack Burkett Company of Graham has been awarded a contract to pave the street and is making plans to begin work soon. Their contract bid was \$71,244.

The Council approved the proposed budget for 1984 for the Eastland County Appraisal District, which calls for spending \$244,600 in assessing and preparing tax statements for 18 political sub-divisions of the county. The city's share of the cost will be \$12,743, while the Cisco Independent School District will pay \$34,244, the Cisco Junior College District will contribute \$9,221 and the Cisco Hospital District's share will be \$6,090. A contract with the tax district was also approved for the coming year.

Mayor Eris Ritchie presided at the meeting and Councilmen Bobby Ingram, Bobby Rains, Brad Kimbrough and Linton Batteas were present along with City Manager Moore, City Secretary Ginger Johnson, and City Attorney Bill Wright.

Meeting Called To Study Light Costs Tuesday

Cisco residents will be given an opportunity to discuss a new street lighting contract at a town hall type meeting of the City Council on Tuesday night, June 28, at 7 o'clock at the high school auditorium, it was decided at the semi-monthly meeting last Tuesday night at City Hall.

The public meeting was decided on as the Council delayed action on a contract submitted by West Texas Utilities Company that calls for an increase in monthly charges from \$675.95 to \$2,674.37 effective July 1, 1983.

The new contract represents an increase of \$1,998.42 or 295.65 per cent per month over the rate under the expiring contract.

Mayor Eris Ritchie said the increase would have a substantial effect on the city's budget. The alternatives to accepting the new rates, which have been approved by the Public Utilities Commission for cities served by WTU, were listed by Mr. Ritchie as (1) Turn off part of the lights, (2) Take money allocated for other city services, or (3) raises city taxes from 5 to 7 per cent.

City Manager Mike Moore said the city has some 850 street lights. WTU provides street lighting equipment and services it, he added.

Mr. Ritchie said that the public should be permitted to help decide the best answer to the budget problem.

The WTU contract was accompanied by the following letter to Mayor Ritchie:

"Reference is made to the Street Lighting Contract between ourselves dated October 9, 1973.

"The terms, as stated in Article VII, was for an initial period of five years from July 1, 1973, and unless 30 days notice in writing is given by either party to the other, prior to the expiration of the first five year term, said agreement shall be automatically extended for an additional period of five years, and from year to year thereafter, unless 30 days notice in writing is given by either party to the other, prior to the expiration of any contract period.

"This letter is to serve as our notice to you that it is our desire to terminate our present Street Lighting Contract on July 1, 1983.

"Service rendered after

Thomas Leflore Receives 50 Year Prison Sentence

Thomas Leflore, 41, who entered a plea of guilty in the 1981 murder of Debra Garcia of Cisco, was sentenced to serve 50 years in the state penitentiary by Judge Jim Wright in 91st District Court last Tuesday.

Sheriff Johnny Morren reported Friday that Leflore and two other recently convicted men will be taken to the Huntsville prison Monday.

At the Tuesday hearing, most of the day was used for the sentencing and playing a taped conversation between Leflore and his court-

appointed attorney, Jim Farrar, of Eastland. In the taped interview, Leflore recounted his participation in the Nov. 29, 1981, crime.

Court officials said the tape was made in the county jail soon after a May 24 hearing in which a jury took 10 minutes to find Leflore competent to stand trial.

Testimony was given by psychologists that he was moderately retarded with an IQ of 38 to 52 but they did not agree on whether he understood the charge against him or the difference between right and wrong.

Attorney Farrar, who testified at the hearing, said that Leflore had told about the murder in the same way since he and Attorney Mike Eoff were appointed to defend him. Leflore's memory is not always clear, Mr. Farrar said, but he has a good recollection of the crime.

Testimony at the trial showed that Leflore has been hospitalized twice at mental institutions in Wichita Falls and was committed to Rusk State Hospital in 1973 after pleading not guilty by reason of insanity to a charge of burglary with intent to commit rape.

Before passing sentence, Judge Wright asked Leflore if he understood that he was waiving his right to appeal and his right to ask for a new trial. Leflore nodded head to show that he understood.

Leflore was one of three persons indicted in the Garcia death. His brother Charles plead guilty and was sentenced to 65 years in the case. Brenda Gail Andrews of Rising Star, who is free on \$10,000 bond, was the third person indicted in the case. The charge against her has been reduced from capital murder to murder, it was understood.

Mrs. Garcia was kidnapped from her job at Quickway Grocery in Cisco on Nov. 29, 1981, and her body was found three days later in a roadside ditch west of town. There was a bullet hole in her head.

Spotlights & Sidelights

Julia Worthy

Father's Day - Sequel To Mother's Day

It is unusual for Father's Day and "Juneteenth" to coincide, but this year they do.

The fact brings to mind a jumble of ideas about both celebrations and regret that I do not have access to a reference library at this hour of the morning, so I could check a few of those ideas and some dates.

However, I think I am safe in saying both events are our own national creations.

The establishment of a Father's Day was a natural sequel to Mother's Day. Perhaps the cross commercialism developed from both these Days is an equally natural sequel.

Unless your father has a hardridden hobby horse to clue you in on a gift, consider that he may prefer to pick out his own socks and shirts.

As for handkerchiefs, the development of paper tissues put a crimp in the handkerchief business. The men who carry handkerchiefs these days seem to use them to wipe their glasses instead of their noses.

My own reaction to the gift-giving ritual is more negative than positive. A reaction unpopular among merchants, I'm sure, and I'm not entirely comfortable with it myself. Most people like gifts.

This is a personal change in my ideas that has developed over the years. I believe part of the change may be because my own father's reaction to gifts for Father's Day, or any other time, was more likely to be, "You shouldn't have spent the money," instead of "Thanks." He didn't mean to be unappreciative; he didn't necessarily reject the gift; he just meant what he said.

A gift of time has come to

mean much more than money—probably because we can make money but not time. What Papa really liked was four-layer cake with chocolate fudge filling and seven-minute icing. How many places can you buy that?

The date of Father's Day and Juneteenth being the same this year brings to mind a conception of black fathers that borders on slander. Or so I think. It dates from the days that led to the Emancipation Proclamation (Isn't "Juneteenth" easier to say?). This conception is to the effect that most black households are run by the mothers, and the fathers are rarely even much of a figurehead.

Of course, any woman, black or white, knows she runs the house, but for some reason, men are supposed to be "Heads of Households."

In the days when black fathers were maintained as property, they didn't have any more control of their time than a domesticated animal did. I believe this could be the origin of the idea of absentee-fatherhood in black families.

I have not conducted a survey, nor do I intend to do so, but with the student flow through more than thirty years of classrooms, I can't rate black fathers as any less fatherly than white or red, brown or yellow.

Of course there have been, and will, be fathers honored on Father's Days from here on who can be designated as "sires" but not "fathers."

Fathers, even as mothers, earn the title by their actions toward their offspring. There are many "fathers" who never have sired a child even as their are "mothers" who never have borne

children. This could be a survival-of-humanity instinct built into all of us to insure the continuation of the race.

It pleases me that most of today's fathers are more involved with the care and growth of their children than fathers have been traditionally. A youngster should draw support from both parents.

Equal rights for women is an issue that has fretted me academically more than actually, but based on my observations, I'd say the emancipation of women in the business world is resulting in more rights for men on the homefront.

To repeat, children need nurturing from both parents to develop well-rounded personalities. After all, half their ancestors were women, half men. That's an even split any way you look at it.

Whatever the reason for celebrating the nineteenth of June this year, remember someone may be using you for a role model and you must watch your step.

Bass Tournament Winners Announced

June is jumping and results from our June tournament tell us all that great fishing is close at hand. Butch Willingham was first with 10 lbs. 7 oz., Al Sinerfite second 7 lbs. 10 oz. and Terry Wilson third 7 lbs. All three stringers came from Eastland Lake. Tommy Maynard was 4th and our big bass winner with one fish weighing 5 lbs. 13 oz. Tommy fished Lake Daniels. Ted Kerr came in 5th with 5 lb. 7 oz. from Cisco. All three of these impoundments are within a short drive and as you can see hold some fine fishing.

Don't forget June 25th at beautiful Lake Cisco we shall hold a night tournament. Fishing hours will be 7 p.m. until 1 a.m. So mark this date and begin making some plans. Keep plugging and lets hear about those hawks you catch.

Wrecking Crew Of Ranger Win Men's Spring League

The Ranger Wrecking Crew won the men's spring league with a 7 to 1 record.

Losing their only game by one run to the HTH Scammers. Calhoun's Sting took second with a 6 and 2 record with HTH at 5 and 3, Cisco Pump at 2 and 6 and Gorman

going without a win. A Round Robin will be played this weekend starting at 1 p.m., Saturday at The Crew field located due west of the Jaycee Rodeo Arena.

Five games will be played and it will start again Sunday at 1 p.m. as awards for

the players in the league will be presented Sunday at the conclusion of the Round Robin.

A large crowd is expected, so bring your lawn chairs out and enjoy some good slow-pitch softball on this Father's Day weekend. See ya at the ball park.

My Father -- The Talk Show Host

By Viola Payne
Feature Writer

The airwaves are alive with advice these nights. People with troubles almost impossible to imagine are airing them from coast to coast.

The quick solutions handed to the callers range from the good to what is probably very terrible. "I have the ability to read voices," explains one advice-giving "broadcaster".

The frightening thing is that some of the listeners may actually follow some of the advice. Like the suggestion to "Go for it!" when a 60 plus aged woman (married) has decided she is "in love" with an "exciting", much-younger man.

Fortunately I have memories of other "talk shows". When I was a child, my father, B.L. Autry, seems to have been involved in a lot of them, although I am sure there were other persons in the community who helped their neighbors solve problems.

They were always a part of my life - those wonderful sessions at the old farm in N.W. Mitchell County. On summer nights they were held on the front porch, where an incandescent moon made strange patterns from morning glory vines.

On long cold winter evenings discussions continued in the front room near a large mesquite-wood heater. Luckily this stove had a large enough space between it and the wall for a small girl to sit and pick up a lot of information.

Now I realize that our County Line Community was actually a cell for survival. Families were loosely clustered around a community school, and isolated on several sides by the Colorado River and large ranches. Within this geographical area everyone knew each other very well indeed.

Although our community was beyond the realm of doctors, lawyers, psychologists, financiers, insurance adjusters, trained musicians, ordained ministers or even lawmen - we managed to survive.

We functioned because there were certain self-policed rules of conduct, and because each responsible person in the community shared what he could of knowledge, skills or products with the rest of the people.

Evidently my father was considered as having his own life under control, for he was visited quite often by someone wanting to talk over the world in general or some specific trouble. And believe it or not - these were generally interesting people in spite of (or maybe because of) their being in what townspeople considered an outback of social structure.

There were such personalities as a fiddle player who had decided to sell his violin in order to buy his wife a cookstove, the proud citizen who had been reduced to poverty by drunken sons, and the person who was trying to care for a sick wife and make a cotton crop

at the same time.

Writers who portray farm and ranch men as using oaths and indulging in sexually explicit conversation would have been astounded at the tone of these sessions. There was no cursing, and no intimate sexual discussions. Public airing of the latter topic was considered too personal, and disrespectful to women.

But feelings - yes. Emotions such as love, hate, disgust, greed, selfishness, concern, courage and discouragement echoed around my ears.

"You know I'm really out of money," a visitor would say, "I can't borrow a dime. Sure, anybody who don't need money can always get it."

Arrangements for financing were worked out, sometimes with a loan from my father's own borrowed money. Then, advice on financing and business affairs: "Work hard, live on what you make, save money when you have it. Always pay back what you borrow, no matter how much it hurts you. Buy land instead of more farming equipment. Don't ever ask for any type of welfare or government money - no matter how hungry you get. When the government gives you anything, there are bound to be regulations with it."

Bullock's Records Show Eastlands Net Tax Payments

State Comptroller Bob Bullock today sent check totaling \$43.8 million in local sales tax payments to 974 cities that levy the one-percent sales tax.

"The cities who lean most heavily on oil and gas for their local receipts are still suffering, but the rest of the state is beginning to make up for the drops in revenue we saw earlier this year," Bullock said. So far this

year, local sales tax cities have received \$353.5 million, less than one percent behind the \$354 million total paid by this time last year.

Eastland County's net payment this period was \$29,454.03 compared to \$36,993.75 paid the prior year. Payments to date in Eastland County for 1983 are \$290,814.27 compared to \$319,659.74 payments to date in 1982.

I do not believe my father ever advised anyone to get a divorce, for he did not consider this a viable option. He did admit that it might be resorted to in cases of violence, infidelity or desertion. But no "no fault" cases here!

According to my father, there were principles of self-control to be followed, no matter how much emotion was involved. "The worse things are, the quieter you had better be," he said. "Shallow, rattlebrained people - they make a lot of noise."

"You go all to pieces, you'll never get out of anything."

On enduring pain: "Brave people, they don't let on. You can tell what a person is made of, once they start hurting. People who always whine around, always complain, they never get anything done."

"And people who are always putting things off, always making excuses, always scared of something - they never amount to anything either."

I did not always agree with the advice dispensed by my father. It was a heavy dose to put on a fun-loving, daydreaming, music-playing youngster. For that was the daytime of my life, and I didn't need the light of the stars.

Extension Service Sponsors Blazer Construction Class

Blazers and other tailored jackets are versatile additions to a wardrobe, but "Impossible" to sew? At least too difficult to tackle? No so.

If you've hesitated to make a blazer because you think it's too hard to do or will take too long, think again.

Today's patterns, fabrics and notions make tailored jackets easier than ever before and county extension agents, Janet Thomas and Christy Fuqua will show you how during a 4-day Blazer Construction Short Course, which will be free to the public.

An orientation meeting will be held on Thursday, June 30 from 2:00 - 4:00 p.m. in the Eastland National Bank Community Room. This meeting will cover requirements of the course, sewing skills needed and topics to be covered at each meeting. Participants will also receive a list of sug-

gested fabrics and patterns. PLEASE DO NOT PURCHASE FABRIC OR PATTERN BEFORE THIS MEETING. Participants will have three weeks between the orientation meeting and the first class day to purchase materials needed.

Classes will be held on July 28, August 4, 11 and 18th from 2-4 p.m. each day. Participants will sign up during the June 30th orientation meeting. Classes will be based on ready-to-wear construction techniques, including attaching the lining completely by machine.

For more information contact Christy Fuqua or Janet Thomas at the Eastland County Extension Office (629-2222).

County News Briefs

CISCO

Congregations of the First Baptist, Calvary Baptist and East Cisco Baptist Churches will hold a joint worship service at 7:00 p.m. Sunday, June 26 at the East Cisco Baptist Church. Arno Bentley of East Cisco Baptist will give the sermon. This will be the last pulp appearance before moving to Rising Star. An ice cream social will follow the service, and those attending are asked to bring a freezer of ice cream or a cake. The public is invited.

RANGER

The 31st annual reunion of the Colony Community will be held in the Ranger High School Cafeteria June 18 and 19. The first meeting will be Sat. at 7:00 p.m., with another meeting beginning at 10:00 a.m. Sunday morning. A large group of ex-residents, teachers, classmates and friends is expected to gather.

RISING STAR

Bruce Stovall of Cisco will be the evangelist for the seventh annual Heart of Texas Crusade, June 19-24 at the May tabernacle. Services begin at 11:00 a.m. June 19, with services beginning each evening at 7:30. Bruce Stovall pastored churches for 20 years, and is currently in the oil business and mission work in Mexico. Singer for the Crusade will be Gil McKee of Ft. Worth. Pat Walker of Rising Star will be pianist.

A revival will be held at Bible Baptist Church Sunday, June 19, through Wednesday, June 21. Rev. Carl Baugh will be evangelist for the meeting. Services start each evening at 7:00 p.m. The public is cordially invited.

The Church of Christ will be hosting a four day gospel meeting June 26 through 29. Brother J.C. Bailey of Hampton, Virginia will give nine lessons. The first will be at 9:30 Sunday morning the 26. There will also be a short devotional each morning Monday through Wednesday at 7:30 a.m.

Texas & The Legislature
 Senator Bob Glasgow

During the next few weeks I will be receiving different subject areas in which changes were made in the Texas law.

The area reviewed this week is laws relating to the family. Important changes were made to give police and the courts more latitude in handling family violence situations as well as tighter laws to prevent childnapping in violation of court orders.

The measure with the greatest impact is probably the measure that allows the voluntary assignment of a part of wages for child support. Also, a constitutional amendment was passed to be submitted to the voters this fall which would allow the involuntary assignment of child support when the individual was two or more payments behind. This provision would be effective only if approved by the voters.

Although the mere mention of the word "wage assignment" makes most legislators shudder, most felt that a tight and restrictive wage assignment was needed to meet the problems of delinquent child support. Texas ranks 49th out of 50 states in the collection of child support. Too many parents were not meeting their obligations to support their children. In many cases, the State was having to support them. I have seen figures from District Clerks that showed that only 30% of those obligated to make support payments make the full payment. Approximately 35% make no payments at all.

Another important bill that passed was a measure that would allow videotape testimony of a child younger than 12 who is the victim of a rape, sexual abuse or child abuse. This allows needed testimony from the child in such a case without the dominating atmosphere of a courtroom. Under the bill, the attorney for the defendant is still entitled to cross-examine the child.

Two measures passed dealing with the enforcement of child custody orders and prevention of childnapping. A Uniform Child Custody Act was passed that sets up a procedure for Texas to deal with other states concerning child custody. This bill allows reciprocal recognition of participating state's child custody orders. Procedures for hearings and recognition of decrees are set up.

The second measure allows damages to be recovered by a custodial parent by another in violation of a court order. Damages that may be recovered include expenses for locating the child, court costs and reasonable attorney's fees. Also, recovery for mental anguish and mental suffering is allowed. This is a major change in Texas law in recoverable damages.

Another measure sets up a procedure where a parent, foster parent or conservator may make a request to a local police department or sheriff's office for information concerning the location of their missing child. The law enforcement agency has the responsibility of requesting any information that the FBI may have on the location of the child.

Also passed was a bill that gives the prosecuting attorney the authority to seek a protective order from a court when there is evidence of family violence. This greatly expands the tools that may be used to prevent future instances of family violence.

These were just a few of the bills that made changes in family law. Hopefully they will have an impact on the problems they try to solve.

Jaycee Rodeo Queen Contest

Miss Charla Veale of Ranger is the 1983 Ranger Jaycee Rodeo Queen. Who will be the 1984 Rodeo Queen? It could be you, if you enter the contest.

All ladies, ages 14 to 25, who reside within a 25 mile radius of Ranger, are eligible to enter the Ranger Jaycee Rodeo Queen Contest. In addition, they must have a sponsor to pay their \$5.00 entry fee, the sponsor must also be within a 25 mile radius of Ranger.

Queen contestants are expected to ride in all three performances of the Rodeo and in the parade on Thursday, July 14.

Mrs. Donna Justice is the new Ranger Jaycee Rodeo Queen Contest Chairman. Mrs. Justice will be glad to help you enter this contest if you contact her at 647-3256 during the day or 629-8435 in the evening. Johnny Graham will also aid you in becoming a contestant, just call him at 647-3211, business or at home at 647-1987. You may write to

Ranger Jaycees, P.O. Box 41, Ranger, Texas 76470 and someone will be in touch with you.

Deadline to enter this prestigious contest is Tuesday, July 12th. So hurry!

Texas Cowboy Reunion In Stamford July 1 & 2

The Texas Cowboy Reunion Quarter Horse Show will be held in Stamford on July 1 and 2, according to Chairman Charles W. Stenholm, who has held the reins of the show since 1966. Three separate shows are held with three beautiful hand tooled TCR saddle going to the winners of each show.

The Open Youth is scheduled for Friday, July 1 and will have three age groups, 11 and under, 12 to 14 and 15 to 18 years. Trophies will be awarded to the first three places in this show and a saddle to the Over-All winner. Doug Householder of Texas A & M University Department of Animal Science will judge this show which will begin at 8 a.m.

The American Quarter Horse Show will be Saturday, July 2, with Halter Classes beginning at 8 a.m. Performance classes begin at 11 a.m. with classes for Junior and Senior Horses in Cutting, Western Pleasure and Reining. Other classes in this show will be barrel

and pole bending. Horses must enter a Halter Class to be eligible for the saddle. Judge will be Dennis Sigler of Manhattan, Kansas. American Quarter Horse Trophies to the winning Stallion, mare and Gelding in Halter Divisions.

The Registered Show will also be held Saturday, beginning at 10 a.m. Classes for Showmanship, Western Pleasure, Western Horsemanship, Reining, Barrel Racing and Pole Bending are scheduled. Winner of this show will receive a saddle as well as the AQHA trophy. Dennis Sigler will judge this show also.

Entries for the shows may be made at the arena just prior to the show time each day. Stalls are available at the arena. No admission is charged for the show. Further information may be obtained from Show Secretary, Pat Prewit, Box 346, Stamford, Texas 79653 or by calling 915/773-3684 or 915-773-2385.

History Of The Stamford "Texas Cowboy Reunion"

STAMFORD--Fifty-three years ago during the great depression, the West Texas town of Stamford was in search of some event which in some way might pull its people and community back together.

So, in February of 1930, directors of the Stamford Chamber of Commerce proposed a three day Cowboy Reunion as a publicity and advertising feature to promote Stamford. From that meek beginning was born the Texas Cowboy Reunion. Over the 53 years to July 1-4, 1983, the annual event has grown to become a "Living Legend" of the West. In over five decades, TCR has become the world's largest amateur rodeo.

Cleburne Huston, former publisher of the local newspaper, remembers the organizational meeting of 1930. "Several projects were discussed and laid aside. Finally, a rodeo, with attendant attractions was proposed. Stamford had staged rodeos from the time of its founding in 1900 but with no permanent organization or regularity of dates," said Huston.

"Various names were suggested and rejected," continued Huston. "Finally, pioneer Stamford photographer Ray Rector rose and spoke the words: 'I move that we call it the Texas Cowboy Reunion.' There was a moment of shocked silence in the room. The word 'Texas' covered a lot of territory and was more ambitious than most of us had contemplated. It was like aiming at the stars—a challenge beyond our reach."

Huston says there was neither time nor money to construct an arena or build grandstands. However, a natural amphitheater had been provided by nature in the shallow, red-clay ravines on Swenson ranchlands just outside city limits.

"The barren area had a flat, triangular space, with steep banks on the sides," recalls Huston. "Crude bleacher seats, partly shaded by cotton-bagging were built on one side of the ravine. The opposite side of the arena was strictly ear-

then with ledges carved out for seating.

"It required courageous spectators as well as tough cowboy contestants to endure the blazing sun and thick red dust of those first rodeo performances. But people came from near and far and scores of cowboys from West Texas ranches to make this first annual session a glorious success," adds Huston.

Active from the start were cowmen like: A.J. Swenson, manager of the far-flung SMS Ranches, R.L. Penick, one of the founders of Stamford and Charles E. Coombes, pioneer lawyer and for many years secretary and general manager of Texas Cowboy Reunion Association.

To the credit of the founders, the Texas Cowboy Reunion (TCR) has become much more than a simple rodeo. "It is in all senses a 'reunion' of men and women, young and old, who came together each summer at Stamford to enjoy the cowhand sports, riding and roping, to thrill at the sight of a parade, dine again on chuckwagon food, swap yarns at the meeting of the Oldtimers Association, dance the old dances, sing the old songs, share companionship and pay tribute to longtime friends who are gone," an Abilene newspaper columnist once said.

Since 1930, the TCR has

grown until today, it is of vast proportions.

The TCR can boast of being the originator of several of today's most popular rodeo events, such as: the first cutting horse contest before a paid audience, the first girls barrel racing contests and the first quarter horse contest.

These events are part of the traditions that make the TCR so popular.

Along with the daytime activities, rodeo performances begin at 8 p.m., July 1, 2 and 4.

This years entertainment will feature Leon Rausch and the Texas Panthers along with Bill Mounce performing on the evening of July 1, Sammi Smith on July 2 and on Monday, July 4, Sheb Wooley will perform.

The TCR also brings some of the best western art in the country to Stamford. Over 40 leading artists will participate in the 10th Annual Stamford Art Foundation's Exhibit and Sale. This will be at the John Selmon Memorial Gallery each day.

Other activities include an art and quarter horse auction, rodeo dances, a rodeo parade, a "Golden Horseshoe Hideaway" worth \$500 in cash and merchandise, chuck wagon dinners and much more.

Come to Stamford and be a part of the 53rd Annual Texas Cowboy Reunion...the World's Largest Amateur Rodeo.

National Award Winner

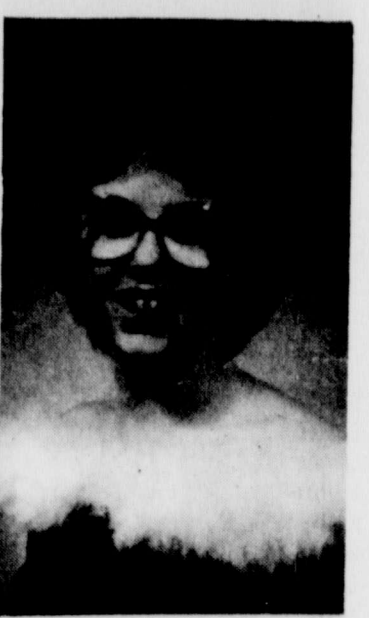

The United States Achievement Academy announced today that Charline R. Elam has been named a 1983 United States National Award winner in English.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Charline, who attended Stamford High School, was nominated for this National Award by Marilyn Bahney, a English teacher at the school.

Charline will appear in the United States Achievement Academy Official Yearbook, published nationally.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and im-

CHARLINE R. Elam

prove, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Charline is the daughter of Mr. and Mrs. James Elam. The grandparents are Mr. and Mrs. R.E. Blalock of Cisco, Mrs. Jess Davis of Abilene, and J.H. Elam of Scranton.

U.S. DEPENDENCE ON CRITICAL MINERALS IS TARGET OF SOVIETS IN NAMIBIA

The Soviets, operating through a "puppet" terrorist group known as SWAPO (South West Africa People's Organization), are trying to seize power in South West Africa/Namibia.

Namibia (South West Africa) is a country generally unknown to Americans despite the important U.S. national defense interests involved there.

Namibia is the gateway to ultimate Soviet control of the strategic minerals in southern Africa. Chrome, vanadium, the platinum group and about thirty other minerals are vital to the U.S. industrial base. Without access to these strategic minerals, U.S. electronics, computer, aircraft and defense industries will be hopelessly crippled.

Operating from military bases in the southern part of Soviet-controlled Angola with the help of 30,000 Cuban soldiers, SWAPO, armed with Soviet military equipment, is conducting a terrorist campaign across the border against the black civilian population of northern Namibia.

Not only does Namibia have the largest uranium mine in the world, and vast resources of copper, diamonds, lead, tungsten, tin, zinc and oil, but its western coast deep-water port can harbor Soviet nuclear submarines in a position to bisect the oil and mineral lifeline from the Persian Gulf to the U.S. and NATO countries of western Europe. More than 28,000 ships a year follow this sea route around the Cape of Good Hope.

If the Soviets and their SWAPO proxies can drag Namibia behind the "iron curtain", the U.S. loses another ally in the mineral "resource war" and Russia makes a huge gain in its campaign to deprive the U.S. of the strategic minerals in southern Africa.

The Soviet-dominated United Nations General Assembly provides SWAPO with about \$100 million a year. And the U.N. supplies \$1 million to other Soviet-sponsored terrorist groups such as the Palestine Liberation Organization (PLO), the Cuban guerrillas in Angola, the Caribbean, and elsewhere in Africa.

The U.S. Congress annually appropriates over \$1 billion of hard-earned U.S. taxpayers dollars to the United Nations - 1/4 of the total U.N. budget.

Few Americans are aware that to the extent they allow the United Nations to use American taxpayer contributions to finance pro-Soviet terrorists, they are helping finance their own destruction. Is it not time for U.S. taxpayers to ask their representatives in Congress to stop this flow of U.S. tax dollars through the U.N. to SWAPO, PLO, Cuban guerrillas and other Soviet-backed terrorist groups?

Write U.S. Congressman Henry Hyde, House Foreign Affairs Committee, 2104 Rayburn House Office Building, Washington, D.C. 20515, and enclose this message. p-49

Rain Or Watering Needed For Yards

COLLEGE STATION--Since Texas homeowners can't always rely on rain to keep their yards and gardens lush and growing, they need to get the most from irrigation water.

Everett E. Janne, landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M

University System, says much of the water used on yards and gardens is often wasted because of improper methods of application and poor cultural practices.

"It's important that water be applied no faster than the soil can absorb it, emphasizes the horticulturist

"Slow, deep watering will allow plant roots to penetrate deeper so that plants become more stress-resistant," Janne says.

"Newly transplanted trees and shrubs require special care," Janne points out. "Water both the base of the plant and the surrounding soil. An organic mulch of pine bark, chopped straw, hay or similar material will greatly reduce irrigation needs of both newly established and older plants."

Real Estate Consumer

David S. Jones

Most disagreements between tenants and managers occur because the parties fail to understand the terms of the lease.

If you rent, here are some tips to help avoid such misunderstandings. First, read your lease carefully and ask questions about anything that is unclear.

Make sure all communications are in writing, including--of course--the lease, any changes in the lease and any notices, requests or agreements.

When you move in, make a checklist noting conditions of the dwelling and furnishings. This list should be dated and signed by both you and the manager.

Be sure to pay your rent on time. Rental payments that are withheld or are delinquent can make you subject to eviction and liable for the months of rent remaining in the lease.

A pleasant renting experience requires that both the tenant and manager understand the rules and responsibilities.

GLOSSARY OF INVESTMENT TERMS AVAILABLE

If you would like to invest in real estate but you do not speak the language, you might be interested in a new publication now available from the Texas Real Estate Research Center.

It is called the Glossary of Appraisal and Investment Terms, and it contains 24 pages of definitions for terminology used by real estate investors.

You can learn the meaning of cash throw-off and functional obsolescence. Or you can find out about the J-factor and a Springfield mor-

tlage.

If you are into real estate investment on a large or small scale, you may find this pamphlet quite useful. To obtain the Glossary of Appraisal and Investment Terms, send your request to: Publications Room, Texas Real Estate Research Center, Texas A&M University, College Station, Texas 77843-2115. Please specify publication number 374, and enclose a check for \$1 to cover mailing and handling.

TEXANS PREFER SMALLER CITIES

Today's homeowners are conscious of the importance of residential location, not only because of the investment potential of a home, but also because of their preference for certain types of residential areas.

According to a recent Texas Real Estate Research Center survey, there is much

less interest now in purchasing a home in a large city--that is, one of 500,000 or more population. There is greater interest in buying homes in medium-sized or small urban areas.

One-fifth of new homebuyers actually prefer to live in large cities, while the remainder would prefer smaller cities. This means we can expect an even greater expansion of the housing market outside major cities in Texas.

This growth will occur in satellite communities of the biggest Texas cities, as well as in middle-sized urban areas of 50,000 to 500,000 population.

DEFERRED LOAN PAYMENTS FORESTALL FORECLOSURE

During the economic recession, many people have run into problems making loan payments.

Some have lost their jobs and lack income to make payments. Others have mov-

Understanding Lease Terms

ed and been faced with double payments from a previous home they were unable to sell.

Some savings and loan associations in Houston have devised a plan to aid such borrowers. Under the plan, borrowers may defer most of their loan payments for a number of years.

The unpaid amounts accumulate in a special account. When the borrower is in a position to resume payments, the accumulated amount is added to the loan balance. The interest rate on the loan also is increased a few percent to compensate the lender for deferring payments. The plan allows the lender to avoid foreclosure and the borrower is enabled to keep the home.

If you would like to find out

whether such a plan is available to you, ask the loan officer at your lending institution.

DECISION TO REFINANCE CAN SAVE MONEY

If you arranged a home mortgage loan since 1980, you may wish to consider refinancing it at today's lower interest rates.

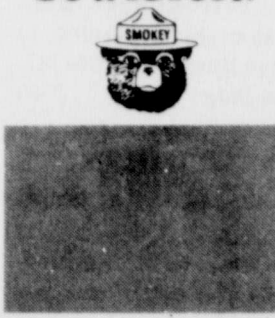

As an idea of the savings, a 16 percent rate, 30 year loan of \$50,000 requires monthly payments of \$672. At a 13 1/2 percent interest rate, which is now available at many lenders, the payment is only \$572--a \$100 per month saving.

It will cost money to refinance. As much as 5 percent of the loan balance will be required for an appraisal,

credit report, title insurance and so on.

Whether it is worthwhile to refinance depends on the difference in interest rates, the amount of transaction costs, and your income tax bracket. But in some cases it may take as little as 18 months of savings from reduced mortgage payments to recover your transaction costs.

This used to be a forest.

8 Public Hearings Set For Water For Texas Future

AUSTIN—The executive director of the Texas Department of Water Resources will conduct eight public hearings to receive public comments from citizens, government officials, and interest groups and organizations on the Department's

draft planning report, "Water for Texas: Planning for the Future." Hearings will begin Tuesday, June 21, in Longview, and end on July 26, in Baytown.

The draft report and comments obtained either at the hearings or in written form

will be used to amend the 1968 Texas Water Plan by the six-member citizen Texas Water Development Board, which is the policy making body for the Department.

Executive Director Charles E. Nemir said the water legislation considered by the Texas Legislature during the regular session had no direct connection

with the draft planning report.

Consequently, the eight regional hearings will be held as previously announced April 28. In addition to Longview and Baytown, regional hearings will be held in Dallas, June 28; McAllen, July 7; Lubbock, July 12; Abilene, July 14; El Paso, July 19, and Austin, July 21.

Nemir said water quality protection, water conservation, municipal and industrial water supply development, and water for environmental needs are emphasized in the report.

Interested citizens and public groups are urged to attend one or more of the hearings or submit written

comments on the draft planning report.

Copies of the 700-page report and a 39-page summary are available for review in each of the Department's district offices and in Texas state depository libraries. Copies may be obtained at no cost from the Planning and Development Division, Texas Department

of Water Resources, P.O. Box 13087, Austin, Texas 78711.

At the hearings, Nemir and members of his staff will make brief presentations on the goals of the draft planning report covering regional and statewide water planning and information to be submitted. Written comments should be mailed to the address above.

Testimony received at the hearings and written comments submitted prior, during, or after the hearings will be included in the record. The hearing record will be held open through August 26, to allow written statements and information to be submitted. Written comments should be mailed to the address above.

Regional Hearing Schedule

Region 5, North East Texas Region (Longview, June 21, 7 p.m., Contessa Inn)-the Lower Red, Sulphur, Cypress, Upper Sabine and the Upper Neches River Basins

Region 4, North Texas Region (Dallas, June 28, 2 p.m., Dunfee Dallas Hotel) - the Serman-Dennison area of the Red, Upper Trinity and Middle Brazos River Basins

Region 7, South Texas and Lower Gulf Coast Region (McAllen, July 7, 7 p.m., La Posada Motor Hotel) - the Lower Neches and Lower Rio Grande River Basins, and the Nueces-Rio Grande and San Antonio-Nueces Coastal Basins

Region 2, High Plains and Trans Pecos Region (Lubbock, July 12, 7 p.m., Lubbock Civic Center) - the Canadian, Upper Red, Upper Brazos and Upper Colorado River Basins, and the Pecos River

Region 3, West Central Texas Region (Abilene, July 14, 2 p.m., Kiva Inn) - the Middle Red, Upper and Middle Brazos, and the Middle Colorado River Basins

Region 1, Upper Rio Grande and Far West Texas Region (El Paso, July 19, 7 p.m., Chamber of Commerce) - the Upper Rio Grande River Basin

Region 6, South Central Texas Region (Austin, July 21, 1:30 p.m., Stephen F. Austin State Office Bldg.) - the Middle Colorado, Upper Guadalupe, Upper San Antonio, Upper Nueces and the Middle Rio Grande River Basins

Region 8, South East Texas and Upper Gulf Coast Region (Baytown, July 26, 2:30 p.m., Baytown Community Building) - the Lower San Antonio, Lower Guadalupe, Lavaca-Guadalupe, Lavaca, Colorado-Lavaca, Lower Colorado, Brazos-Colorado, Lower Brazos, San Jacinto-Brazos, San Jacinto, Trinity-San Jacinto, Lower Trinity, Neches-Trinity, Lower Neches and the Lower Sabine River Basins

Telephone Club Met At Eastland Park

The West of Brazos Club of Telephone Pioneers met at the Eastland City Park for a picnic Tuesday evening, June 14, at 7:00. A delicious meal was enjoyed by all, after which a short business meeting was held. Visiting together were Jim and Eunice Penn, Garl and Burnice Gorr, Zola McDonald, Theima Watson and Mildred

Shortes, all of Cisco, Anna Ola Saffell, Janie Stewart and Joan Perry, all of Breckenridge, Laura Lou Trammell, Ethel Leveridge, and Betty Hart, all of Eastland and Mr. and Mrs. Y.A. Wright of Olden.

The next meeting will be an ice cream social August 9, at the City Park in Cisco.

Gordon Spot County Extension Agent

DeMarquis Gordon

It seems this is going to be another big year of flea problems for Eastland County homeowners. Over the last 6-7 years fleas seem to have become more and more of a problem. The most common type of flea encountered by homeowners is the cat flea, which infest dogs or cats and will readily attack humans.

Flea bites are extremely annoying, but they may not be felt immediately. They generally become increasingly sore and irritated over a period of up to a week or more. Some relief from the itching can be obtained by applying cooling preparations such as carbolated vaseline, menthol, camphor, calamine lotion or ice. Severe allergic reactions or infections should be treated promptly by a physician.

Effective flea control must include treatment of the pets and thorough treatment of the entire premises - indoors

and outdoors. These three areas should be treated simultaneously in order to break the "flea cycle" and maximize control results.

Insecticides containing carbaryl (sevin), dichlorvos (DDVP), pyrethrin, rotenone, malathion, methoxychlor, or propoxur (Baygon or Sendran) are labeled for use on animals. Dusts or powders are generally preferred over sprays for treating pets, and should be used at 3-4 days in-

tervals when infestations are heavy. Rub the dust into the animals fur by hand. Flea collars which contain propoxur (Sendran) or naled (Dibrom) appear to be superior to those which only contain dichlorvos (DDVP).

Read the label before using any of these products and consult a veterinarian if questions arise.

Spray all infested outdoor areas such as the yard, porches, garages, and out-buildings with either chlorpyrifos (Dursban), diazinon,

propoxur (Baygon), or carbaryl (Sevin). Be sure to treat areas which are frequented by pets and let the spray dry before pets or children are allowed to use treated areas. Repeat the spray at approximately two weeks intervals until control is achieved. It is a good idea to mow and water the lawn a

day before this spray treatment and avoid mowing or watering for as long as possible after treating.

Inside the home, control measures should begin with thorough cleaning. Vacuum all floors and upholstery. Dispose of the vacuum sweepings immediately to prevent fleas escape and

subsequent reinfestation. Launder all pet bedding. Apply an insecticide spray of chlorpyrifos (e.g., Rid-A-Bug) to all floor areas, under and around upholstery cushions, and to pet bedding areas where fleas have been found. Also spray molding, baseboards, and drapery in flea infested areas to a height of one foot above floor level. Try to avoid further vacuuming and cleaning for 10-14 days after treatment.

While this insecticide should give 3-4 weeks of effective residual control indoors it will not give rapid knockdown of adult fleas present. In conjunction with the residual spray indoors, homeowners might also use a non-residual insecticide applied as a total-release aerosol or fogger. Products containing pyrethrin, resmethrin (SBP-1382), and dichlorvos (DDVP or Vapona) are available to provide this quick relief from fleas indoors. Some of these foggers contain both dichlorvos and a residual insecticide such as propoxur (Bagon). When these are used, additional spot spraying with other residual insecticides may not be necessary.

A relatively new chemical, methoprene is now available. It is among a group of chemicals known as insect growth regulators (IGR). When applied to the early larval stage of fleas,

methoprene prevents further development into pupal and adult stages. To animals it is virtually nontoxic, a great advantage. Products containing methoprene are available in total release aerosol formulations which can give 75 days of flea control.

A partial listing of

methoprene products currently available on the market is as follows: Zodiac IGR-75, Vet Kem Siphontrol-10 and D-Con Flea Stop.

These require very careful application for effective and safe control. Be sure to read and follow all directions on labels and insecticide used.

Four 4-H Members May Qualify For \$

Four current 4-H members who are interested in agricultural careers may qualify this year for a \$500 scholarship and trip to National 4-H Congress donated by DeKalb AgResearch, Inc.,

DeKalb, Ill.

The agricultural careers scholarship program is designed to encourage 4-H members to pursue careers in agriculture, says John Blair, county 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University System. Today's agriculture is a highly specialized, constantly expanding field, which encompasses more than 500 distinct occupations, ranging from farming and farm management to research and development to processing and marketing.

Scholarship winners are chosen by the Extension Service, which conducts the 4-H program. Awards are arranged by the National 4-H Council, a not-for-profit educational organization supporting the 4-H program with private resources.

More information on the agricultural careers scholarship program is available from the county extension office, says John Blair.

Insured Peanut Crops Planted By June 25

June 25 is the final planting date for insured peanuts (spring spanish) in Eastland County, Texas, according to Ardell M. Kalmbach, Director for the District 09 of the Federal Crop Insurance Corporation (FCIC).

"Acres of spring spanish peanuts planted by June 25, insured by FCIC (or by a private company reinsured by FCIC), must be reported by June 30 to receive full crop insurance coverage," says Kalmbach. Acreage planted after June 20 must also be reported on the June 30 report as being planted too late for insurance.

"Farmers unable to plant prior to June 25 because of excess moisture conditions may sign a 20-day late planting agreement, which permits insurance coverage, but provides for a lower guarantee due to the late planting," Kalmbach explained. June 20 is the final planting date for insured grain sorghum in Eastland

County, Texas, according to Ardell M. Kalmbach, Director for the District 09 of the Federal Crop Insurance Corporation (FCIC).

"Acres of grain sorghum planted by June 20, insured by FCIC (or by a private company reinsured by FCIC), must be reported by June 30 to receive full crop insurance coverage," says Kalmbach. Acreage planted after June 20 must also be reported on the June 30 report as being planted too late for insurance.

"Farmers unable to plant prior to June 20 because of excess moisture conditions may sign a 20-day late planting agreement, which permits insurance coverage, but provides for a lower bushel-per-acre guarantee due to the late planting," Kalmbach explained.

Farmers wishing additional information about the new late planting agreement should contact their local, authorized crop insurance agent.

Rain Or Watering Needed For Yards

COLLEGE STATION-- Since Texas homeowners can't always rely on rain to keep their yards and gardens lush and growing, they need to get the most from irrigation water.

Everett E. Janne, landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System, says much of the water used on yards and gardens is often wasted because of improper methods of application and poor cultural practices.

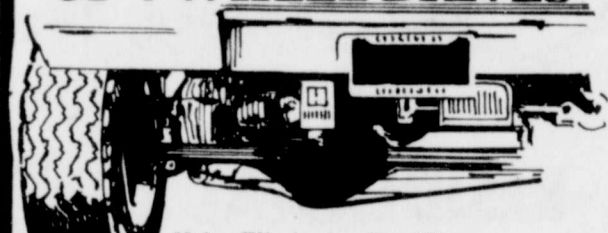

"Slow, deep watering will allow plant roots to

penetrate deeper so that plants become more stress-resistant," Janne says.

It's important that water be applied no faster than the soil can absorb it, emphasizes the horticulturist. If

"Newly transplanted trees and shrubs require special care," Janne points out. "Water both the base of the plant and the surrounding soil. An organic mulch of pine bark, chopped straw, hay or similar material will greatly reduce irrigation needs of both newly established and older plants."

summer bonus BONANZA

End-of-model rebates up to \$4,600 and a finance waiver offer to March 1, 1984 on new 40- to 228-hp John Deere 40 Series Tractors

There's no need for you to assign your PK preferences to buy a new John Deere tractor now. Not if you take advantage of now a limited-time offer on John Deere 40 Series tractors. Between June cash rebates up to \$3,200 (see chart) and your dealer's key cover downpayment, then you're a qualified buyer and finance with John Deere. Finance charges will be waived to March 1, 1984. Or you can take an additional cash rebate in lieu of waiver up to \$1,400. But you must act during June to take advantage of offers at this level. One other reminder: We're discounting from the list prices that date back to 1981 on the 40 Series.

Model	Cash Rebate on Purchase	June 83 Cash Rebate in Lieu of Waiver	Maximum Rebate
228hp 8040	\$3,200	\$1,400	\$4,600
179hp 8040	3,000	1,100	4,100

GUARDIAN'S RESPONSIBILITIES

All of us need help from time to time. But some people such as youngsters not of legal age, or others because of impaired mental or physical function, may need help all the time. When the situation arises that extensive help and management is required the court may appoint a guardian.

The person who is appointed guardian is charged with the responsibility to account for and conserve any assets.

Assets must be ascertained and in most cases they must be appraised to determine their value. If the guardian determines that any part of the assets should be disposed of to meet expenses, or to facilitate management, court approval is needed.

If these responsibilities have fallen on your shoulders you can count on me to help if you need something appraised or sold. And remember, when it comes to buying or selling AUCTION'S BEST

Ranchers Win Brucellous Battle - For Now

By Gary Slade

AUSTIN-In an afternoon press conference Wednesday Texas Governor Mark White announced that the U.S. Department of Agriculture had agreed to delay the brucellosis quarantine of Texas cattle until July 25.

The USDA maintains that the delay was granted in hopes that the state would be able to get an effective program started that would control Brucellosis in Texas cattle.

Governor White stated at the conference that he would try to make administrative changes in the rule and not changes in the law in hopes of solving the problem.

"I will not let the cattle industry in Texas be subjected to a quarantine and I will call a special session only if needed," White stated.

Brucellosis, also called Bangs disease is a highly contagious bacterial disease that affects mainly cattle in the United States, and to some extent swine, and sheep. In humans it is called Undulant Fever.

Brucellosis, in many cases, will cause abortions, weakened calves, reduced milk production, and in some instances will cause sterility in bulls.

The Texas Animal Health Commission reports that more than 98 percent of all cattle herds in Texas are free of Brucellosis infection, yet the subject of Brucellosis is controversial, and the disease is highly contagious.

Last year more than 1800 cases of Brucellosis was reported in Texas cattle and 27 cases of Undulant Fever in humans was reported.

Although Governor Mark White wants a law put into effect to check cattle for Brucellosis but not all ranchers agree that the test is the way to control the disease.

The Texas Animal Health Commission passed a uniform health code and later updated and revised it in October of 1981 in an effort to give all the states an effective law to go by.

Texas would have joined the set of uniform rules this year but the program did not pass in Austin as it lacked one vote going to the floor for approval.

One reason that it did not pass was because Texas had a program on its own, one that went into effect in 1965-66. A Texas court later ruled that the program could not be enforced, thus leaving Texas without a Brucellosis program and under the threat of a quarantine.

Eastland County Extension Agent DeMarquis Gordon pointed out that although Brucellosis is a state-wide program it is more common in South and East Texas where the climate is warm and humid.

"In the past it has been more widespread in dairy cattle we still want it cleaned up to prevent a quarantine," Gordon said.

Texas, Oklahoma, Arkansas, Louisiana, Mississippi, Alabama and Florida were the seven states reporting the most herds quarantined because of Brucellosis as of March 31, 1983. Texas was the leader with 2,148 quarantined herds out of more than 160,000 total herds.

Out of the 2,148 quarantined herds Eastland County reported six while northern neighbor Stephens County had zero.

Before the cattle are put up for sale at the area sale barns they are tested for Brucellosis. If the herd gets

a good report it can be sold, if not then it cannot be sold and the Texas Animal Health Commission will return in 60 days to check the herd again. Two negative tests on the herd must be passed before that herd is allowed to be sold.

Breckenridge rancher C. O. Thompson says he wants the problem solved as quickly as possible or it is going to hurt Texas and area ranchers more than it already has.

"In the short time that Brucellosis has become an issue the bad public relations has forced the price of Texas cattle down and some states are not accepting Texas cattle anymore," Thompson said.

Eastland rancher Lloyd Coan feels the same way. "We won't know how much it will hurt us until it happens, but it will be detrimental. We

just don't know how detrimental," Coan said. If the quarantine goes into effect officials estimate that it could cost Texas ranchers over \$130 million.

Texas Farm Bureau president S. M. True Jr. in a letter to Governor Mark White said, "Your support of Brucellosis legislation is important not only to the beef cattle and dairy industry, but to the economy of the state as a whole."

In his letter to White, True also stated, "Texas must go forward with an eradication program of Brucellosis." He called it important to the livestock industry and to public health because Brucellosis effects human beings as Undulant Fever.

At the request of the Texas Cattle Industry, the National Brucellosis Technical Commission was appointed in 1976 and after a two-year study the commission con-

cluded that Brucellosis could be eradicated.

With the threat of a federal quarantine on Texas cattle still possible cattlemen are being asked to vaccinate their herds for Brucellosis.

DeMarquis Gordon reports that vaccination with Strain 19 vaccine is an excellent tool in the control Brucellosis.

According to the National Brucellosis Technical Com-

mission, Strain 19 has proven to be about 95 percent effective against Brucellosis under average field conditions.

The state will pay for the vaccine as part of the revised Brucellosis Control Program.

Gordon states that for best results, and to decrease the number of false reactors in later tests, dairy heifer calves should be vaccinated

at four to six months of age, and beef heifer calves at three to 10 months of age.

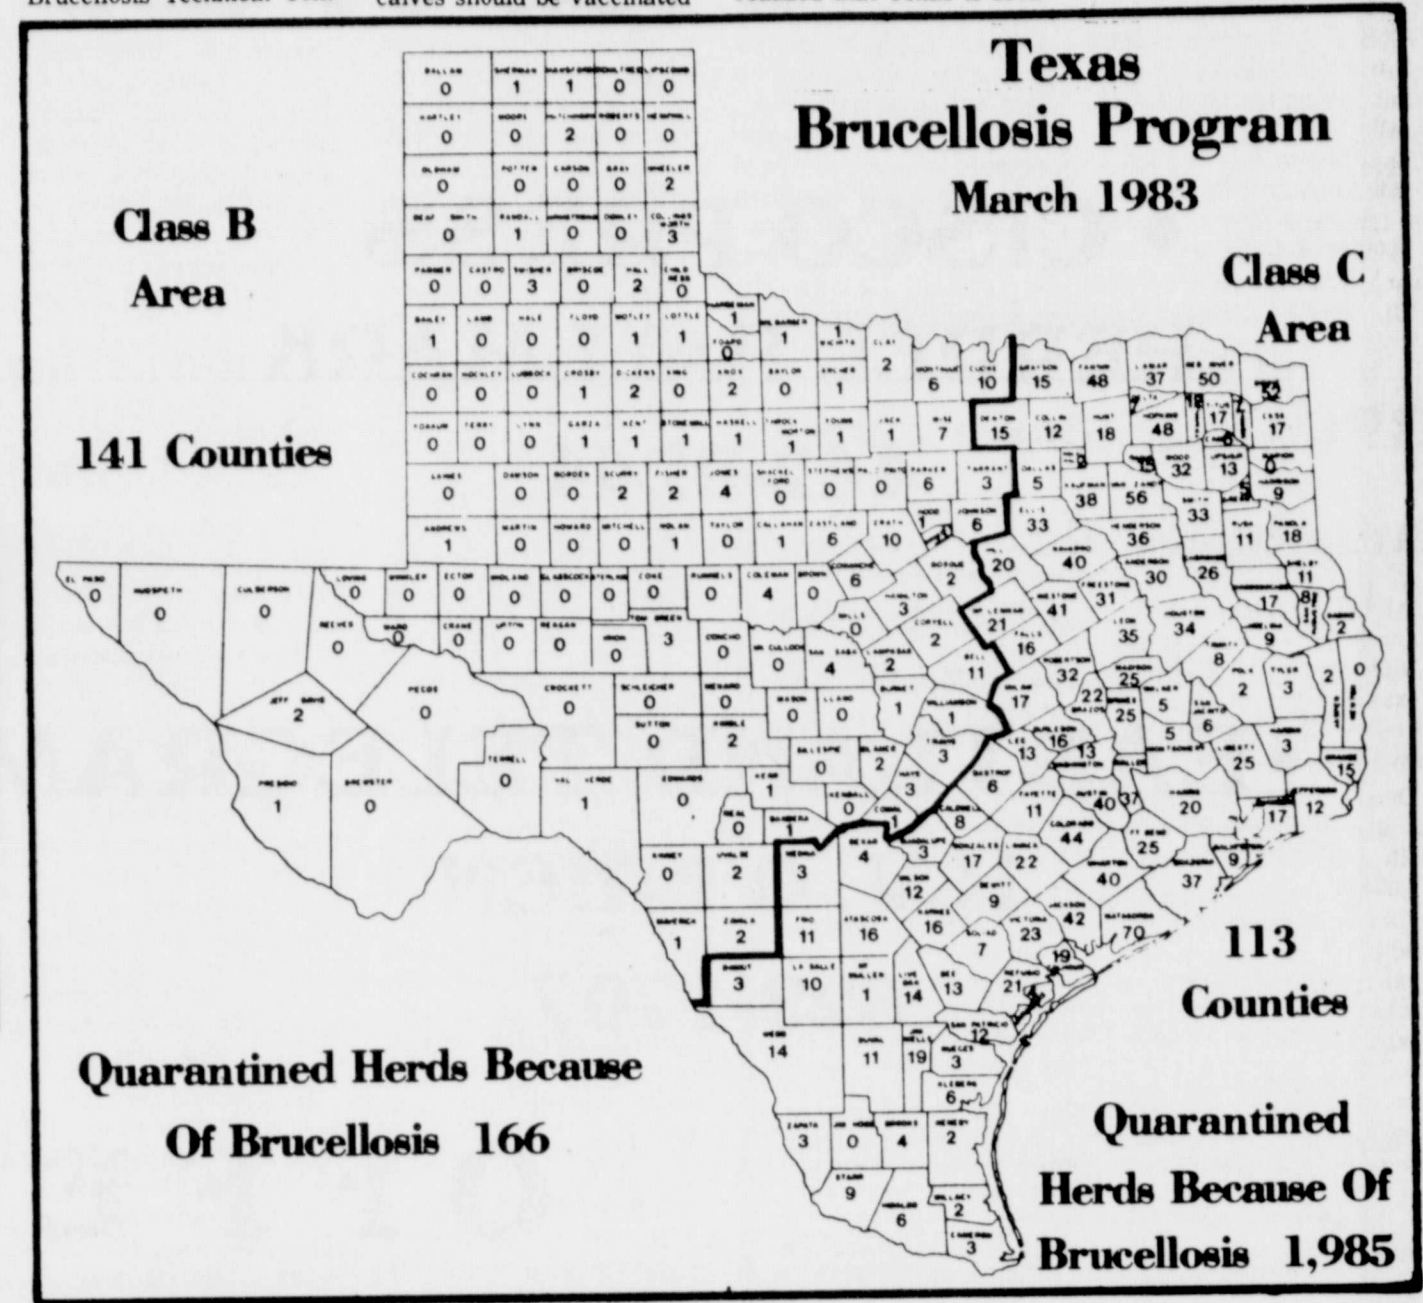

"Calfhood vaccination is an important element of the revised Texas Brucellosis Control Plan and should be considered as routine as vaccination for other diseases," Gordon said.

The USDA backed down on calling a quarantine for several reasons after they realized that Texas is seek-

ing a solution to the Brucellosis problem.

The USDA will republish proposed new rules for Brucellosis control in Texas in a routine matter rather than as a proposed emergency order.

That postponement will give the state 30 to 60 days to work out an administrative compromise. So for now, cattle are calling the postponement a major victory.

CELEBRATES 68TH BIRTHDAY--Twin sisters, Ada Blackstock and Ida Cooper celebrated their 68th birthday on June 10. They are the daughters of the late Onah and Henry Midkiff of Moran. Their mother was born in Moran in 1881 and their father was born in Grines County in 1883. (Photo by Cotton's Studio)

Mrs. Bill Gary Hosts Fellowship Meeting For The Bible Baptist Church Women

The Bible Baptist Church women met in the home of Mr. and Mrs. Bill Gary for their monthly fellowship meeting and Bible study. After Mrs. Louise Sowell gave the blessing for all the good food, a table loaded with a variety of food. They had the pleasure of feasting on all that good food and visiting. After the nourishment, Mrs. Nelda Gary lead them in prayer and a short business meeting was conducted by Mrs. Louise Sowell. The minutes were read by Mrs. Maunia Copeland.

Mrs. Linda Wells was speaker for the Bible study. The subject was about "The Holy Trinity and the Family" from Genesis 2:21-24. The Lord chose to compare a family with the Trinity. He called the head of the family, the man after his own name, Father. Then he likened the son or children of the family to his own son which is the second named Person in the Trinity. Now we have a person in the home that represents God which is the man, the children represents the son. That leaves the Holy Spirit and there is only one person left in the home that is the woman, the wife, mother. The mother represents the Holy Spirit. If you would like to know the duties in your life read in the

Bible what the H.S. is supposed to do. He teaches--so do M. He instructs so does M. He leads--so does M. Think of all the ministries of the H.S. has in the world. He's the unseen one so is M. He's the one who gives others attention and so does mother. We are the H.S. of the home.

Ladies it is up to us, as it was to Eve, to decide for there is in our breast all the loyalty of Sarah, the loveliness of Rachel, the tenderness of Mary, the servitude of Martha, the patience of the mother of Jesus, the gentleness of Rebecca. There is also in us a Jezebel and other wicked women in the Bible. It is up to us to decide which we portray. Whether good or bad there is one thing the woman determines the spirit where she is present.

Woman can make Eden a

paradise if she chooses or she can curse everything in it as she did. She can make an ark a lifeboat, the Nile River a nursery or she can curse her husband in Job's Ash heap it's our choice. She can ruin a nation like Jezebel did are we can be like Priscilla change a house into a church. We can make a preaching service by giving all or ruin one by withholding some as did Sapphira. We can fill the house with Mary's ointment or fill it with hatred like Michal. We can save a nation like Esther or be like Jezebel and destroy one.

I don't think any of us realize how important we are to our church and to our home. We are very special.

The closing prayer was given by Mrs. Elizabeth Lee. Those in attendance were Mmes. Wanda Payne, Faye

Owings, Carrie Collier, Louise Sowell, Linda Wells, Ruby Wells, Maunia Copeland, Lois Holder, Dian Crow, Elizabeth Lee and the hostess, Nelda Gary.

Acknowledges Memorials

Dr. Norman Wallace, president of Cisco Junior College, acknowledges a contribution to the Cisco Junior College Memorial Endowment Fund by Winston, Ruth and Mark Heidenheimer, Mrs. A.D. Anderson, Mr. and Mrs. Wm. E. Austin, Mr. and Mrs. John Muller in memory of Flora Mae Lee; by Madrine and Ralph Glenn in memory of Dr. Jack Clifford.

RRC Chairman Announces May Figures

AUSTIN—Railroad Commission Chairman Mack Wallace has announced that Texas operators reported 126 gas and 72 oil discoveries in May 1983.
 One year ago, 97 gas and 56 oil discoveries were filed with the state's energy regulatory agency.
 Gas discoveries in May included 38 in deep South Texas, 32 in Southeast Texas, 20 in West Central Texas, 14 in the Refugio area, 11 in the San Antonio area, three each in the San Angelo area and East Texas, two in East Central Texas, and one each in the Panhandle, North Texas, and the Midland area.
 Oil discoveries included 17 in West Central Texas, 12 in the Midland area, 10 in

Southeast Texas, eight in North Texas, seven in deep South Texas, five in the San Angelo area, four each in the San Antonio area and East Texas, two each in the Lubbock and Refugio areas, and one in the Panhandle.
 In May, operators reported 413 exploratory and field tests wound up as dry holes.
 New applications for permits to drill oil and gas tests totaled 2,599 in May, as compared to 2,266 during the same month a year ago.
 Applications to drill, deepen, plug back and for service wells in May amounted to 3,046 against 2,616 a year earlier.
 Operators filed 809 amended application to drill. A year earlier they submitted 767 amended requests.

Oil Facts

Oil and gas taxes provided \$1.1 billion - 38.8% - of state funds for public education in 1980 and \$1.5 billion - 47.3% - in 1981.
 The Texas petroleum industry paid approximately \$1.2 billion in local property taxes in 1981.
 Texas' motor fuel tax yielded \$480.8 million in 1981, with gasoline accounting for \$393.4 million and diesel and liquefied petroleum gas (LPG) providing \$87.4 million.
 The Texas motor fuel tax at the pump was 5 cents per gallon for gasoline and LPG and 6.5 cents for diesel.
 One-quarter of the motor fuel tax was used for public education, and three-quarters went for road construction and maintenance.

Many Good And Sincere Individuals

...give little thought to the question of values when we should measure them in terms of personal worth in everything he buys, enjoys or does. For example, some folks will buy real estate without any kind of evidence of title disregarding the fact that the principal value of the purchase is in the title, not in the land itself or the improvements thereon. This kind of thinking costs property owners thousands of dollars annually which could be saved and a part of the savings wisely spent for an abstract of title or title insurance.

Five Generations

Mrs. Jewell Herweck (second from left) of Ranger is shown with her descendants, daughter Cordelia McElroy (right of Mrs. Herweck) from Wichita Falls, Grandson George McElroy III (right) who is assistant District Attorney of Dallas County. He was born in West Texas Clinic in Ranger. Also pictured is great grandson, George McElroy IV (left) of Edmond, Oklahoma and great, great granddaughter Katie sitting in Mrs. Herweck's lap.

Homemaking Hints

County Extension Agent

Janet Thomas

The Eastland County Extension Service sponsors a "lunch and learn" program once a month during the noon hour. The primary purpose is to provide an interesting program to the public at a time when employed women can attend. The programs are offered free and any interested persons are invited to attend.

The "lunch and learn" program for this month will be on Thursday, June 23 at the Texas Electric Reddy Room.

Pat Morgan, R.N. and director of the Ranger Junior College Nursing School will be guest speaker. The program will be on "Stress and Relaxation Skills."

The program will begin at 12:10 p.m. and adjourn by 12:50 p.m. Bring a sack lunch and drinks will be provided.

that such stress probably plays a significant role in heart attacks, high blood pressure, some types of arthritis, migraine headaches, ulcers, and other health disorders.

Stress alone probably does not cause these disorders, rather it is one factor in their onset and progression.

Come to the program next Thursday at noon and learn ways in which stress can be controlled.

RECIPE FOR THE WEEK:

Last week I attended the Pleasant Hill E.H. Club at Arleta Shirey's home in Eastland. Mrs. Shirey served a delicious tea, and it was so refreshing! Arleta shared her recipe.

TEA

1 small can frozen lemonade
2 quarts water
4 teaspoons instant tea
3/4 cup sugar

Be careful.
All the time.

Tarleton Names Honor Students

STEPHENVILLE, TX--Students making the A and B honor rolls and the Distinguished Students list totaled 713 for the 1983 spring semester at Tarleton State University, according to TSU registrar John Whiting.

Freshman and Sophomore Distinguished Students must have a minimum GPR of 3.25 with no grade lower than C. Junior and Senior Distinguished Students have a minimum GPR of 3.50 with no grade lower than C.

Among the county students named to the Distinguished Students list was Charles M. Morgan from Carbon.

Named from Cisco were Debbie D. Barton also on the A Honor Roll, Janice L. Agnew also on the B Honor Roll and Athena D. Blanding also on the B Honor Roll. Meg R. Reynolds was named to the B Honor Roll.

Desdemona honor students include Jim F. Grimshaw named a Distinguished Student on the B Honor Roll, Mark L. Little-

john a Distinguished Student on the B Honor Roll and David Menzel on the B Honor Roll.

Jeff O. Bakker from Eastland was named a Distinguished Student on the B Honor Roll. Other students from Eastland are Patricia E. Lyerla a Distinguished Student on the B Honor Roll, Pamela A. Morren a Distinguished Student on the B Honor Roll, Sharon A. Davis on the B Honor Roll, Patricia L. Finley on the B Honor Roll, Mildred D. Fox on the B Honor roll and Donald J. Kinnaird on the B Honor Roll.

Honor Students from Gorman include Bobby R. Forrest named a Distinguished Student on the A Honor Roll, William F. Jeffs III named a Distinguished Student on the B Honor Roll and Ruth Ann Hagood on the B Honor Roll. Distinguished Students from Ranger were Loretta L. Brister also on the A Honor Roll and Toni R. McKinnerney also on the B Honor Roll. Bobby G. Adams

and Bobby D. Vick, both from Ranger were named to the B Honor Roll.

Charles S. Childers, Damon L. Cooper and Tancred W. Flippin, all from Rising Star were named Distinguished Students on the B Honor Roll.

Stress is something we deal with every day and learning how to cope with stress is a positive way is important for good health.

More and more evidence is relating body stress to health disorders. It is now thought-

Lights From The Christian World

Josephine Cleveland

Here are some fascinating facts: women who smoke have more facial wrinkles than nonsmokers.

When cleaning your face one should massage face with upward movements to help prevent wrinkles.

Bicycling one hour daily, five days a week for one year, will cause a weight loss of 25 pounds, provided food intake is not increased.

Live without salt, we are told by Baltell and Parsley, authors of the book, "Living Without Salt". You might think that's impossible. But salt is not the only seasoning say the authors. The "salt substitute" now available is a natural ingredient with a "plus" because it contains potassium. You can also use herbs, spices, seed, and season mix.

I tried this salt free recipe taken from the book and found it was delicious.

LUSCIOUS APRICOT SQUARES

¾ cup dried apricots, cooked or canned. 1 use the dried apricots (cooked). ½ cup unsalted margarine. ½ cup granulated sugar. ¾ cup unbleached flour. ¾ teaspoon baking powder substitute. 1 cup brown sugar. 2 eggs, ½ chopped walnuts or pecans, and ½ teaspoon vanilla extract.

Drain apricots. Chop finely. Set aside. In large mixing bowl, cream butter and granulated sugar. In separate bowl mix flours. Stir one cup flour mixture into creamy mixture until crumbly and completely blended. Pack crumb mixture into greased 8" square pan. Bake 25 minutes at 325 degrees.

While this is baking, mix remaining ½ cup of flour and baking powder substitute. In

large bowl, beat brown sugar and eggs at medium speed until well blended. Beat in flour mixture, walnuts or pecans, vanilla and apricots. Spread this over baked crumb layer. Bake 25-30 minutes. Sprinkle with powdered sugar.

Senior Citizens Nutrition Menu

What is the Senior Center? What do they do at the Senior Center? Who may come to the Senior Center? When do they meet?

Today, we want to tell everyone that the Senior Center is a place. A place where people meet for food, fellowship and education emphasis. What is any different from other organizations? Every walk of life comes to the Senior Center. All races, all faiths, all beliefs, but most of all a heap of love radiates from the members to other members.

If you come to the Senior Center you are part of the greatest group of people. All near the same age, with the same problems and the same backgrounds. The same group who want to share pictures of their children and grandchildren. A group who really cares for you.

Who may come? If you are 60 years old, or if your spouse is 60 years of age, you are eligible to come to the Senior Center.

Every Monday, Wednesday and Friday you will see many cars surrounding the Senior Center. You will see people unloading their passengers. Some with cane, some wheelchairs are provided, all are greeted at the door with a friendly hand. Why not call 442-1557 or 442-2263 and say I am planning to come to the Senior Center.

Last week the following

church services ...

Sunday, June 19, 1983

REDEEMER LUTHERAN CHURCH
Sunday School and Bible classes begin at 9:30 a.m. The worship service begins at 10:30 a.m. Pastor Crockett's message is entitled:

programs were presented: Pat Owens, CJC Wrangler Belle Director, played the piano and sang several beautiful songs. The Country and Western Band performed. Dinner music was presented by Marguerite King and Ruth Kendrick.

Cisco, Eastland and Cross Plains AARP members went to Breckenridge to help the Breckenridge Chapter celebrate its 10th Anniversary. Over 50 AARP members from the three chapters participated in the cake-cutting ceremony.

The menus for the coming week are:

Monday--swiss steak, spinach, new potatoes, cheese stick, fruit salad, bread, butter and drink.

Wednesday--oven baked chicken, macaroni/cheese, lettuce/tomato salad, green beans, pineapple jello/topping, bread, butter and drink.

Friday--macaroni/tomato/beef, green peas, tossed salad, apple crisp, bread, butter and drink.

"Mirror, Mirror on The Wall!" based on 2 Samuel 11:26-12:10, 13-15. Are families a thing of the past? It would seem so, with families splitting and members asking for more independence. Some family members rarely speak to others. What does God want families to be? Dr. Oswald Hoffman, Lutheran Hour speaker, explains God's plans for families in the message "Keep the Family Tie". Hear it on radio station KERC in Eastland Sunday at 12:30 p.m.

There will be a LWML outing and picnic Sunday at 3:00 p.m.

The youth camp at Merkel begins Sunday 19, and ends on Saturday 25th at noon.

Monday at 8:00 p.m. the Board for Parish Education will meet in the Parish Hall.

THE KIND OF emergency case that doesn't happen every day showed up at E.L. Graham Memorial Hospital here last Wednesday late. Mr. Clyde Parrish, acting postmaster at Moran, and a friend were fishing in a stock tank over that way. And the friend's fish hook, which he was throwing out to attract bass, hit Mr. Parrish and imbedded itself in the side of his neck - just below an ear.

They came to the hospital and Dr. Ayres Cermin of our town was called in. He took nippers and cut the end of the fish hook off and the rest of it came out without trouble. A bit of medicine and a bandage finished the case and Mr. Parrish and friend went back to Moran. They probably didn't fish any more that day.

DR. CERMAN HAD another unusual emergency case the other day. Britt Johnson, 3-year old son of the Terry Johnsons of Putnam, was bitten by a snake - a western massaogua (Dr. Cermin spelled it that way.) - and they rushed him here. The snake is a member of the rattlesnake family but is small and only has a button, and it is quite poisonous.

After treatment, the youngster had no significant ill effects. His parents, who live on Dr. Pruitt's place near Putnam, killed another snake like the one that bit their son when they got back home.

THEY HAD TO postpone the free golf lessons at the Cisco Country Club last Monday as Letha Stafford, the instructor, became ill and went to see her doctor and he put her in an Abilene hospital for a couple of days. She's up and out and ready to go again.

So...at 7 a.m. Monday, June 20, they'll begin the program at the Cisco Country Club. If you're a new member or a young person and want to start playing golf, go out for the free lessons.

BESIDES BEING a full-time mother to David, 12, and Cynthia, 10, Mrs. Betty Burton of 1410 Avenue O goes to Tarleton State University where she's in the third year in pursuing a degree in elementary education. And on Friday, June 10 (her birthday), she was leaving the TSU library where she had been studying after classes and her ankle turned and she fell.

They took Mrs. Burton to a Stephenville hospital in an ambulance where x-rays revealed that all of the bones just above the ankle were fractured. After a few days, they sent Mrs. Burton to Cisco and E.L. Graham Memorial Hospital.

Mrs. Burton will be in the hospital for a time while the bones commence mending. She is the daughter of Mr. and Mrs. Audy Moore of 1204 West 14th Street, and the Moores are helping to look after the Burton youngsters.

After Mrs. Burton's broken bones were set and she was sent to a hospital room at Stephenville, she was placed in a room with Mrs. Grace Mizell. They soon learned that they were both from Cisco. Mrs. Mizell, who lives at 400 West 19th Street and is back home, was sent to the hospital there by her Stephenville doctor.

MRS. BURTON'S dad, Mr. Audy Moore, underwent a new and unusual operation over at Baylor Hospital in Big D on May 17th. He had been having chest pains and his doctor sent him to a specialist at Baylor who determined that Mr. AM's right heart artery was about 75% clogged up. They called it angina pectoris.

The new artery dialation surgery was set up with a possible heart by-pass operation if the new idea didn't work. They enter an artery through the groin or arm and go to the site of the trouble. They send a small instrument in and it is inflated to open up the artery.

This worked perfectly for Mr. AM. He went home next day and hasn't a pain since he got home. His blood flow to the heart increased fully 50%, tests showed.

A retired Church of Christ minister who spent the past 17 years in Eastland and Callahan Counties with churches, Mr. AM and wife enjoy travel trailering when

they're not otherwise occupied.

THIS THING about brucellosis could be costly to ranchers of registered stock whose young heifers and bulls attract buyers from many states. So Mr. J.V. Heysler of Heysler Angus Ranch went to Austin the other day to attend a gathering of cattlemen who called on the governor.

Heysler heifers go to a dozen states each year. The news Thursday was good. The government's threat to quarantine Texas cattle was held up for a month or two to give the state time to act.

WANT TO RENT a kid for a chore like cleaning up the kitchen or the house or mowing the lawn or washing the car or looking after your kids?

Now's the time for a group of First United Methodist Church are raising money for a special project. Call 442-1051 (D.D. McGrew) or the church 442-1334 and they'll fill your order.

You don't pay any special charge. After your work is done, you make a donation to their project fund. They'll be in business until the end of June, we understand.

ANSWERING THE telephone at Cisco Junior College this week is a familiar voice - the one that used to answer when you called the Chamber of Commerce. It belonged to Mrs. Herman Dunlap who works out there and who was filling in for Mrs. C.B. (Pat) Dill, who's nice telephone voice was on vacation.

Mrs. Dunlap dad, Mr. Claude Frost of Brady, was seriously injured in an auto mishap recently. His injury was such that heart surgery will be required soon, she reports.

COACH JOHN Parchman of the Lobos has a full-time job this summer. He's in charge of the grass mowing crew at Chesley Field. They use a small tractor with a shredder to keep the grass under control.

Mr. Parchman tells us that the weight room at the High School Gym is open until 8:30 or 9 p.m. each night and that anybody is welcome to drop in and lift a few. A number of high school footballers are making regular trips there.

MRS. BUSTER (Frances) Frailey, who works at CJC, underwent surgery at Ranger Hospital Tuesday and is doing nicely. Wayne Pryor, who was seriously injured in an auto mishap a week or so ago, underwent surgery at Hendrick Memorial Hospital in Abilene Thursday. The mishap occurred near Ranger on I-20 and he spent several days in the Ranger hospital before being moved to Abilene. Saw Rick Roark cleaning up their travel trailer the other after-

noon. Guess they're preparing for a vacation. Mrs. Harold (Lois) Adling, who has been in Graham Hospital here for 10 days or so, is expected to go home this weekend. Their son Bill and family of Lubbock were here last weekend.

MR. GEORGE Owens of S&M Supply Co. was over in Denton the other day on business. Understand they're becoming a regional representative for a new idea in home building - steel. Bet we'll be hearing more about it and soon. Hats off to Don Hanvey Oil Interests, Inc. They bought the old Ford building on West 7th Street and have done a good job of remodeling it into their Cisco area headquarters. They drilled several wells for the City of Cisco and others and are gearing up to drill on the Fee Ranch (now leased by Heysler Angus Ranch) northeast of town. Coaches Bob Keyes and Rick Frasier of the CJC football team are a frequent twosome at the local golf course and both hit the ball with authority.

The Robert Mangum Service Center of Eastland sent equipment here to handle the wreck as the big truck and trailer were too heavy for the local wrecker service. The truck was owned by Nationwide Magazine and Book Distributors, Inc., Dallas. The driver was given emergency treatment at E.L. Graham Memorial Hospital and released Sunday.

Funeral services for Marvin Martin Sr., 68, of Cisco, a retired kiln operator for Universal Atlas Cement Co., were at 10 a.m. Saturday at Kimbrough Funeral Home. Rev. Marvin Martin Jr. of Fort Hancock Baptist Church officiated, assisted by Rev. Larry Sowell of Bible Baptist Church in Cisco. Burial was at Oakwood Cemetery.

Mr. Martin died at 2:40 a.m. Wednesday at Providence Hospital in El Paso. He was born Aug. 3, 1914, in Cisco. He married Jewell Christine Allen Sept. 13, 1933, in Eastland. He attended Bible Baptist Church and was a member of the Odd Fellows Lodge in Eastland.

Survivors include his wife; a son, the Rev. Marvin Jr. of Fort Hancock; a daughter, Mrs. Sandra Langford of Cisco; two sisters, Abbie Latham and Sudie Grozier, both of Cisco; seven grandchildren; and three great-grandchildren.

Nephews were pallbearers.

Firemen Given Praise For Aid In Truck Wreck

Members of the Cisco Volunteer Fire Department played a key role in freeing the driver from the cab of his overturned truck after an accident on I-20 here Friday night, June 10, according to reports to this newspaper.

Soon after the accident, which occurred at 12:30 a.m., Cisco firemen and a Ted's and Rex's Wrecker were at the scene. The local wrecker pulled the truck cab over so the driver, Preston C. Madill of West Caldwell, N.J., could be reached.

Firemen reporting to the scene were Richard Connell, David Gill, Kenneth Boyd, Bill Cozart, Rex Fields, Joe and John Jarvis, Kim Squires, and Chief C.W. Guthrie. Firemen Jesse Reynolds was on duty at the fire station. Firemen took three units to the scene. Fireman Connell was especially cited for his work in freeing the driver.

The Robert Mangum Service Center of Eastland sent equipment here to handle the wreck as the big truck and trailer were too heavy for the local wrecker service. The truck was owned by Nationwide Magazine and Book Distributors, Inc., Dallas. The driver was given emergency treatment at E.L. Graham Memorial Hospital and released Sunday.

"Too much cannot be said for the fine work of Cisco volunteer firemen," the report to the newspaper said.

VALERIE ELAINE STEFFEN

Rev. and Mrs. Milo L. Steffen, II, are proud to announce the birth of their daughter, Valerie Elaine, born June 6, 1983 at 2:49 a.m. She weighed 8 pounds and 14 ounces, and was 21 1/2 long.

Valerie's older sister, Rachel, welcomed her home. Maternal grandparents are Dr. and Mrs. Carlton D. Garrison of Albuquerque, New Mexico.

Paternal grandparents are Mr. and Mrs. Milo L. Steffen of Panhandle.

Baptists Plan Joint Service

The Rev. Armo Bentley will be the speaker for joint services of the congregations of the Calvary Baptist, East Baptist and First Baptist Churches at 7 p.m. Sunday at the East Cisco Baptist Church.

Mr. Bentley has accepted a call to become pastor of the Rising Star Baptist Church and will be leaving his pulpit at East Cisco Church at the end of the month.

An ice cream social will follow the Sunday night service, and those attending were asked to take a freezer of ice cream or a cake. The public was invited to attend.

Webb Attending State Meeting

Fire Marshal Bill Webb was in Beaumont this weekend to attend the annual convention of the Texas Fire Marshal's Association. Besides representing the City of Cisco, he was a delegate of the North Texas Council of the association, of which he is president.

The program included a number of educational panels dealing with methods of cutting fire insurance key rates, upgrading fire departments, reporting on the work of fire marshals and so forth.

Browning Reunion

Mr. and Mrs. T.L. Browning of Ranger were host to their family reunion at their home on June 11 and 12.

Attending were: Edith Caze of Hobbs, N.M., Chad and Brandi Caze, both of Odessa, Ima Jean Troclair of New Orleans, La. and Tommie Ruth Norton of Cedar Hill. From Duncanville were: Doug Browning, Glenna Browning, Angie Browning, Kim Browning, Trent Dagen and Daniel Dagen.

Also, Bertie linnegar and A.R. Britt, both of Ranger, Landon Browning and Sue Towner, both of W. Va., Joyanne Hoover of Ranger, Mr. and Mrs. June Davis, Karen, Wayne and Gordon of

Ghormley Reunion Held June 10-12

Descendants of the late James Edward and Tygelia Grace Ghormley met at Lake Cisco for their annual reunion, June 10, 11, 12, 1983. This was the 27th annual reunion. Fifty-two persons were in attendance.

Attending were James DeWitt and Laura Ghormley, Graham; John Carl Ghormley, Odessa; and Jayne Ghormley, Fort Worth; Virgil Guy and Viola Ghormley, Tahoka; Betty Faye Hasley, Mullins; Genalle, Laylan, Sr., Laylan, Jr., Melody and Lawanna Musick, Snyder; Cynthia, Randall Joe and Joslyn Davis, Goldthwaite; Omer, Jr. and Jerry Hogan, Fort Worth; Cecil Hogan, Mineral Wells; Brenda Hogan, Crowley; Ruby Hogan, Alfred and Tonya,

Dallas; Lawrence Hogan, Linda and Scott, Carbon; Nelda June, Duane, Shana and John McDaniel, Carbon; Billy, Sharon and Sheila Mitchell, Fort Worth; Gladys Eddie and Almus Hasting, Carbon; Jerry, Betty and Randy Hastings, Juanelle and Bruce Black, Cisco; Linnie, Johnnie, Karen Cox, Dalhart; Le Roy, Barbara, and Justin Layne, Lubbock; David Cox, Amarillo; Chuck Durning, III, El Paso.

Other guests were Ealy Black, Debra Harris, Cisco; Sylvia Hamilton and Mrs. Vinia Henson, Carbon; and a young friend of Ruby Hogan from Dallas.

A plaque was awarded to Almus and Eddie (Ghormley) Hastings for having the most family members present.

WORD of GOD

Fulfillment (New Testament)
But he said unto them, Except I shall see in his hands the print of the nails, and put my finger into the print of the nails, and thrust my hand into his side, I will not believe.

And after eight days again his disciples were within, and Thomas with them: then came Jesus, the doors being shut, and stood in the midst, and said, Peace be unto you.

Then saith he to Thomas, Reach hither thy finger, and behold my hands; and reach hither thy hand, and thrust it into my side; and be not faithless, but believing.

John 20:25-27

Cisco, Alisa Browning of Abilene, Candy Kitchens, Tracie Kitchens, Hoyet Lee Browning Sr and Maxine Browning, all of Richland Springs. Jack and Jane Browning of Brady, Eric David Browning of Midland, David Eaton from Cisco, Lori Browning of Brady, Terri Callihon of San Antonio and Leph Quarles of Lone Star.

Bible School To Hold Meeting

A planning meeting for workers and staff will be held Sunday at 3 p.m. in the fellowship hall of the First United Methodist Church.

Final plans will be made for Vacation Bible School and rooms will be assigned. Teachers may prepare their rooms at this time.

An assembly program will be held Monday morning at 9:30 in the fellowship hall.

Those not pre-registered may register Monday morning.

Helpers are still needed for recreation and transportation.

The Bible School will be held Monday through Friday, 9:30 a.m. to noon each day.

The First United Methodist, First Christian and Presbyterian Churches will be holding the Vacation Bible School at the First United Methodist Church.

Men In Service

JAMES ELAM

James Elam was selected in April as the 1st Battalion Colonel's Orderly of the Department of the Army, Headquarters, U.S. Army Ordnance Center and School in Aberdeen Proving Ground, Maryland.

This honor is in recognition of a soldier's appearance, poise and military bearing during the guard mount.

He is the son of Mr. and Mrs. James H. Elam of Stanford, and grandson of Mr. and Mrs. R.E. Blalock of Cisco, Jasper Elam of Scranton and Leph Quarles of Lone Star.

Mary Martha Sunday School Class Meets

The Mary Martha Sunday School Class of East Cisco Baptist Church met in the home of Ruth Carey, Tuesday evening, June 7th, for a salad supper and business meeting.

Following a delicious meal, the class meeting was opened by all members present repeating the class pledge, followed by prayer led by Marie Ivie.

Lela Britain gave an inspiring devotional concerning the role of women in God's Plan.

The business meeting with Chrystine Nance, acting president, in charge, consisted of selection of teachers and officers for another year.

The meeting was adjourned with prayer, led by Violet Lancaster.

Class members present were Mildred Foster, Chrystine Nance, Violet Lancaster, Marie Ivie, Lela Britain, Veneta Mitchell, and the hostess, Ruth Carey. Also present were two guests, Paul Ivie and Joe Britain.
