Mayor Victor Leal to resign in January

By MARSHALL STINNETT
Journal writer

Victor Leal told the *Journal* Tuesday he will be resigning as mayor of Muleshoe in January. Leal, who is serving his first year of a second term, is moving to Amarillo to open

a new Leal's Mexican Food Restaurant.

Leal said Mayor Pro Tem Clifford Black will be acting mayor until the city election next June.

"I regret having to leave my position as mayor," said Leal.

"It has been a great honor for my family and I to represent the City of Muleshoe."

Leal went on to say, "Muleshoe has a good city council, a great city manager and great department heads throughout the city."

Leal's to open in Amarillo

By MARSHALL STINNETT
Journal writer

Leal's Mexican Food Restaurant of Muleshoe is expanding into Amarillo according to the Victor Leal who is President of Samuel, Inc., the parent company which owns Leal's.

The new 180 seat restaurant will be located in the former Gardski's Restaurant in Wellington Square after extensive renovations are completed.

Leal who is currently serving the first year of his second term as mayor of Muleshoe told the *Journal* that he and his family will be moving to Ama-

rillo.

Leal said, "It is a good opportunity for our family. Unfortunately, sometimes when you expand you have to relocate." He added, "It is hard to leave a community that is home — where your heart will always be. Its tough to leave friends and family."

Leal continued, "I plan to have a presence in Muleshoe two or three days a week after we get the new restaurant up and running"

Leal's was opened in 1957 by Victor's parents, Jessie and Irma. Jessie originally came to

Muleshoe to work at Barrett Produce in 1954. The first Leal's was located near the present Alex's Tire Service.

Jessie and Irma retired eleven years ago when Victor returned to take over the restaurant.

Victor said he is leaving the Muleshoe Leal's in good hands with longtime employees Angelica Toscano, Ellen Orcutt, Maria Marques and a newcomer, Gary Sirkel.

He said, "We will continue to support the community and support the school and the local charities."

Former resident shares WWII experiences

By BEATRICE MORIN
Journal writer

(Editor's note: Veteran's Day, Nov. 11... a time set aside to remember soldiers past and present who have honorably served their country in a time of need. The *Journal* wishes to share this story as we reflect upon the courage of all the members of our armed forces throughout our nation's history.)

Jefferson G. Maner of Laguna, California, a former resident of Bailey County, now 85, was 22 when he enlisted into the U.S. Navy, November 9, 1940.

He lived in the Y-L School District and played basketball and football. He only completed the ninth grade, therefore never graduating from high school. He comes from a family of 12, all of whom are still living.

After spending six years in the Navy, he re-enlisted and remained in the service a

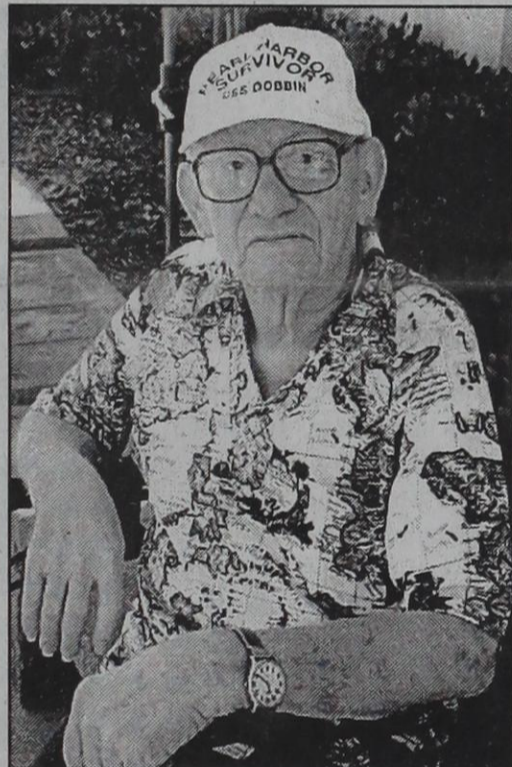

total of twenty years. He was a steam engineer.

In an interview through correspondence, he shares his experience during the attack on Pearl Harbor.

"On the morning of December 7, 1941, I was on deck reading the Honolulu Sunday paper [funnies]. I heard a loud explosion over my left shoulder on the rump toward Ford Island. A moment later, some Japanese planes pulled up over our ship, which was moored between two boats, with five destroyers moored to our port side. General Quarters was surrounded. An air bomb miss at starboard quarter (below deck) had a gas attack because of the explosions. We had to wear gas masks.

I reported to my battle station and began carrying ammunition — 30 caliber and then 50 — to machine guns on the gun

Local organization to launch 'BELIEVE'

By VANETA GREGORY
Journal writer

The Muleshoe Community Foundation is starting a new campaign called 'BELIEVE.' It is modeled after a campaign that was started in Baltimore, Maryland.

"We would like to use Baltimore's model to launch a campaign that will encourage community involvement to address the current social problems in Muleshoe," said Kay Graves, board member. "Even though drugs are a problem in Muleshoe, we also have problems with teen pregnancies, alcohol and poverty."

"Look at the public record in the paper every week," she continued. "If we took out the DWIs, drug crimes and family violence, there wouldn't be much left!"

According to Graves, the campaign will involve billboards, bumper stickers and local media. "We hope to influence the citizens of Muleshoe to 'BELIEVE' that every one of us can make a difference in our community," she said.

"We want every individual, regardless of their current situation or background, to 'BELIEVE' they can change their circumstances and make a difference in the community," said Gary Sirkel, president.

There are many different ways that an individual could help with the problems in the Muleshoe com-

deck. This was above the main deck. Here, I had a good view of the sinking of the USS Oklazona. I also saw the USS Oklahoma roll over on its side and many other sunken ships and damaged ones. I saw fire and smoke. I saw boats picking up the dead and wounded from the oil slicked waters and fire, etc. This is what I saw from my ship, the USS Dobbin [AD-3], that Sunday morning, December 7, 1941."

The USS Dobbin was a repair ship, the 'mother hen' of the ships in the harbor, according to Maner.

Maner received no injuries during the attack on Pearl Harbor. He spent most of WWII in Sydney, Australia.

He has traveled to Texas, California, Hawaii, Samoa, Australia and New Guinea while in the service. In 1944, he returned to Orange, Texas and was placed on a new destroyer in commission. He later returned to San Diego, Calif. and was part of the shakedown into Cuba. When the war was over with Japan,

he was in Boston, Massachusetts. He later returned to Hawaii and was sent to Japan for occupation duty.

"On November 11, 1955 at 7:20 a.m., while on-board the USS Hopewell [DD 661], I was burned from my head to my waist. I was not expected to live. Thanks to my shipmates and my family, I survived this disaster too," he said.

He met his wife, Annie (Ballard), in Chula Vista, California. They have two children: a daughter, Deborah, who is a sixth grade school teacher, and son-in-law, Jerry Derloshon, who is a law professor at Pepperdine University in California; and a son, David, who is in the building industry. They also have two grandchildren: a grandson, Samuel, who attends Pepperdine University and a granddaughter, Melody, who attends San Francisco University.

Mr. Maner worked at San Diego in astronautics for four years where he helped

in the research and development to help put man on the moon. He retired in 1960 and moved to Norwalk, Calif., where he worked for 15 years. He was also employed by the A.B.C. School District as a maintenance man, retiring in 1980.

He keeps in touch with many of his fellow shipmates said they are too many to mention.

Even though he doesn't have family in Bailey

County, he has many friends.

His last visit to Muleshoe was in 1986 for the opening of the Muleshoe Heritage Foundation Center.

His opinion about the war in Iraq is that "It must be good, only time will tell. It will cost a lot of lives and money."

Seventh grade Mules defeat Slaton, finish second in district

By DELTON WILHITE
Journal sportswriter

The seventh grade Mules finished second in the district with a record of 7-2-1. The Mules defeated their home turf by defeating the Slaton Tigers 30-14 Thursday night.

The Mules took the opening kick and drove to the Tiger 39 before stalling out. The Tigers went 61 yards on their first offensive play to jump in front 8-0.

Dillon Gallman stopped the Tiger's version of the hammer for short yardage. Wes and Lane Wood teamed up to push Slaton back a yard before a quarterback sneak was stopped short of a first down.

W. Wood rambled 52 yards on a quarterback option down the Slaton sideline. Victor Vasquez covered the final 15-yards to paydirt with back-to-back-to-back blasts up the middle. Vasquez

went around the end to add the 2-point conversion and tie the game at 8-8.

Slaton returned the ensuing kick 73 yards to retake the lead 14-8 just before intermission.

Austin Wright recovered the Mule's on-side kick to begin the second half. L. Wood went up the middle for 14 yards and Vasquez added 24 more. Vasquez tied the game at 14-14 with a 1-yard blast off tackle.

Marshal Head recovered a Tiger fumble on the Slaton 44. The Mules gave the ball back to the Tigers with a fumble on the Tiger 14. L. Wood stuffed the hole for a 2-yard loss to force Slaton to punt.

L. Wood squirted through a hole in the middle of the Slaton line for a 50-yard TD romp. W. Wood tossed to Gallman for the 2-point conversion to give the Mules a

22-14 advantage with 1:32 left in the third period.

Head recovered the Mules second on-side kick at mid-field. Vasquez plunged in from the three after he had gained 44-yards up the middle. W. Wood tossed to L. Wood for the 2-point conversion for the final points of the night.

Neugebauer testifies against control of aquifer

WASHINGTON, DC — Congressman Randy Neugebauer told a congressional panel Thursday that proposed legislation to coordinate local water research and conservation efforts at the federal level is bad for West Texas.

Neugebauer testified at a House Resources Subcommittee Hearing concerning legislation approved by the Senate that establishes a new federal program in the U.S. Geological Survey.

S. 212 the "High Plains Aquifer Hydrogeologic

Characterization, Mapping, Modeling and Monitoring Act," essentially duplicates the effort already underway by federal and state programs involved with studying, mapping and modeling the High Plains Aquifer. Neugebauer reaffirmed his belief that ground water resources are a local resource and should be managed on a local level.

"Communities in the Texas High Plains depend on the Ogallala Aquifer for drinking water and farmers depend on it for irrigation

water to supplement the 18 to 20 inches of annual rainfall in order for the region to maintain its agriculture productivity," Neugebauer said.

"West Texans know that this is an invaluable and limited recourse that must be protected. Locally coordinated efforts, not federal managed ones, are the best means to extend the life of the Ogallala Aquifer and these efforts are already having positive effects on water conservation," Neugebauer said.

The Ogallala is the main

geological unit of the High Plains Aquifer that covers 174,000 square miles under parts of eight states: Texas, New Mexico, Oklahoma, Kansas, Colorado, Nebraska, Wyoming and South Dakota. Nearly two million people depend on the aquifer for their drinking water.

Lloyd Arthur, a Crosby County farmer representing the Texas Farm Bureau and Kim Conkwright from Lubbock with the High Plains Underground Water Conservation District also testified against the bill.

UNDER CONTROL.

When Kenny was told the tumor in his brain was unsuitable for surgery, he and his family were naturally concerned. But soon he learned that another treatment, Stereotactic Radiosurgery, was right for him. Radiosurgery, as it's called, is a technique in which neurosurgeons and the radiation oncology team work together to administer high doses of radiation to precisely defined targets, minimizing the radiation dose to the rest of the brain. 381 **Facts About The BIBLE** BY JOHN LEHTI

This is a dramatized version of facts taken from the Book of Esther, intending to show some of the customs of these ancient and traditional times.

EVIL HAMAN
QUEEN ESTHER WAS LEARNED OF THE DECREE, INSTIGATED BY HAMAN, CONDEMNING ALL THE JEWS IN PERSIA TO DEATH! NO ONE KNOWS THAT ESTHER, HERSELF, IS A NIECE OF MORDECAI, THE JEW, AND NOW...

GO, HATACH! LEARN ALL ABOUT THIS TRAGIC THING FROM MORDECAI—SO WE CAN PLAN TO STOP IT!

...HAVING GOTTEN ALL THE DETAILS FROM MORDECAI, ESTHER BEGINS A COUNTERPLOT.

I MUST GET TO SEE THE KING, HIMSELF!

GO! TELL MORDECAI TO GATHER ALL THE JEWS IN PRAYER AND FASTING—FOR I GO TO THE KING, UNBIDDEN, AT THE RISK OF DEATH!

IT IS THE LAW THAT A PERSON MAY ONLY GO BEFORE THE KING IF THE KING SENDS FOR HIM—TO PRESENT ONESELF TO THE KING, UNBIDDEN, IS PUNISHABLE BY DEATH AND CAN ONLY BE AVERTED IF THE KING POINTS HIS GOLDEN SCEPTRE AT THE PERSON, THUS ACCEPTING HIS PRESENCE—SO EVEN ESTHER, QUEEN THOUGH SHE BE, IS RISKING HER LIFE BY THIS LAWBREAKING ACT!

WE MUST SEND WORD TO MY UNCLE MORDECAI!

Next Week A STRANGE REQUEST!

Members of the Blackwood Gospel Quartet joke with the crowd at Trinity Christian Center Church in Muleshoe Sunday, November 9. The nationally known gospel group made an impromptu stop at the church on their way to Amarillo from Clovis, NM. Members of the quartet (pictured left to right) Mark Blackwood, Wayne Little, Ken Turner and (not pictured) Dean Haskins mixed music, song and humor to captivate the audience. Bass singer Ken Turner "wowed" the crowd by singing four notes lower than what is considered humanly possible.

SENIOR CITIZENS NEWS

Forty people turned out last Tuesday for the morning games at the Senior Center. The game of choice for most seems to be "42," although many played dominoes or card games. Hostesses bring refreshments for this special time. Of course, all are invited for games, exercise or walking on the comfortable smooth carpet on Tuesdays, Wednesdays and Thursdays. The Library at the center continues to grow and many are taking books home to read and picking up additional books as they return those they've read.

Senior ladies will be joining their friends at the Catholic Center on Thursday morning to make tamales, beginning at 7:30 a.m. All those who have placed orders for tamales may pick them up at the Oneita Wagon Senior Center on Main Street after 1:00 p.m. this Thursday, November

13. The center will be open until 5:30 p.m.

Future plans include a bake sale in mid-December, and ringing the bells for the Salvation Army buckets in the Christmas season.

Our local Home Health office is planning regular activities for the center as well as being a part of the Health Fair planned for January.

In February, the center will host a Three-in-One Tournament which includes, bridge, "42" and dominoes.

On Thursday, December 11, the center will have a big Christmas Pot Luck lunch for all seniors, 60 and over. Seniors are asked to bring a favorite dish. There will be entertainment also, as well as a short business meeting. The center will host their monthly noon Pot Luck every second Thursday.

Ladies' cross-country team finishes seventh

By DELTON WILHITE
Journal sportswriter

Mae Simmons Park was damp and cool Saturday morning as the 169 class 3A runners broke in mass from the starting line. All seven members of the Lady Mule cross-country team ran a personal best for an average time of 13 minutes and 12.80 seconds.

The Lady Mules finished seventh behind Canyon, Borger, Bowie, Ballinger, Decatur and Little Elm. Canyon claimed the gold and silver individual medals with times of 11:41 and 11:45.

Ashley Gutierrez led the Lady Mules with a 16th place finish in a time of 12:34 and defeated both district opponents that had finished ahead of her in the district meet. Chelsi Hawkins was next for the Lady Mules in 33rd with a time of 12:59.

Jessica Withrow, Kate Lepard and Brandi Wood finished 57th, 58th and 60th with times of 13:28, 13:29 and 13:34 respectively. Sara Benham placed 86th and Sarah Sexton was 94th. They completed the course in 14:10 and 14:22.

"When I saw where our girls were placing I was

getting disappointed, but when I saw their times I was very pleased," said Lady Mule cross-country coach Carey Sudduth.

"Each girl had a personal best today and you can not ask for more than that. I was really proud of our kids. They competed well and did all they could do today. It was an extremely fast field."

"Ashley's (Gutierrez) time would have put her in the top 10 individuals last year and our team time would have put us in the top three. I have been proud of this team's effort all year. They worked very hard with a smile on their face and never complained."

"It is good to have a goal and sometimes you do not reach that goal. We were disappointed about missing our goal, but the girls stepped up and competed. The girls really grew up."

Sudduth concluded, "The value of athletics was illustrated today in that you work hard and do the best you can, then you are successful. We will build on that success next year as Sara Benham is our only senior. Good girls just keep coming through our system."

Eighth grade Mules pancake Slaton, win third district title

By DELTON WILHITE
Journal sportswriter

The eighth grade Mules downed the Slaton Tigers Thursday night 28-6 to take their third straight district title. The Mules finished the season with an 8-2 record.

Neither team could break the scoring ice in the first period but the Mules forced the Tigers to punt as the second period began. Garrett Riley connected with Amado Flores and Julio Bustillos to move the Mules from their 20 to the 42.

Riley connected with Flores for a second time on the drive with a 54-yard scoring toss and run with just under four minutes left in the half.

The Mules again forced Slaton to give up the ball on the Mule 39. Flores made a sliding catch on the Tiger 25 for a 36-yard gain. On the next play, Flores outraced the defense to the pylon in the corner of the

The Mules said goodbye to 14-seniors Friday night with a 33-0 shutout of the Slaton Tigers. Playing only for pride, the Mule defense held the Tigers to only two first downs and 48-yards of offense.

The Mules gained 250 yards on the ground with Juan Reyes running for 103 yards on 12 attempts. Landon Sheets completed five passes for 94 more for a total of 344-yards of offense. Canaan Heinrich made two grabs for 56 yards and one TD.

The two team's offenses sputtered in the first period. Sheets connected with Heinrich for a 25-yard TD toss and run with 4:33 left in the second period. Miguel Nuñez kicked the point-after to give the Mules a 7-0 advantage.

Brady Black blasted over from the 1-yard line prior to intermission and M. Nunez's kick was good to give the Mules a 14-0 margin. Black returned to the end zone at the 10:43 mark of the third period with a 9-yard run.

The Tigers only ran five plays on offense in the third period as the Mules controlled the ball and the clock.

Brant Hamilton faked a hand-off and rolled around right end on an option play. He outran the Tigers to the goal line on the first play of the final period. A 15-yard penalty moved the Mules back on the extra-point attempt.

M. Nunez split the uprights from 35-yards out to give the Mules a 27-0 lead with 11:54 left in the season. Reyes completed the night's scoring with a 9-yard hammer play.

end zone as time expired in the first half.

Jared Mendoza powered up the middle for the 2-point conversion to give the Mules a 14-0 advantage at intermission.

Richard Rojas returned the kick to start the second half to the Mule 37. Creston Standard pancaked the outside linebacker to free Flores for a 71-yard TD scamper off tackle. Riley hit Colby Carpenter for the 2-point conversion to push the Mule lead to 22-0.

The Tigers scored their only points with a five-yard quarterback keep with just under three minutes left in the third period. Jordan Marlow picked off a Tiger pass on the Slaton 38. The Tigers returned the favor and intercepted a Riley pass on the Tiger seven.

Colton Heinrich stepped in front of a Slaton receiver in the flat and raced 25 yards for the Mules final tally with only 32 seconds on the clock.

Brian King dropped the Tiger's for an 8-yard loss on their final offensive play. Miguel Castorena, Eduardo Pullido and Glen Scott each had the opportunity to play in the Mule backfield in the closing minutes of the game.

"Do Not Store Up for Yourself" Junk!

Once a decade or so, I get infected with a clean-up-and-throw-away sort of mood. A friend whose spiritual gift is "culling out junk" (and who is far more gifted than anybody I've seen on "Trading Spaces") has got some great ideas for

Yes, I admit that I still have a leaning tower of eight file boxes stacked in one corner. Even after I carted several large trash bags of junk out the door and to the dumpster, some of the stuff I culled had to go somewhere before being finally consigned to the trash. I might need some of that stuff. And I'll work my way through it—I hope before it falls on me. (Actually, it would be safer with one more box sandwiched on top to anchor it firmly to the ceiling. Hmm.)

a facelift for my office/study, but before anything like that could even begin to happen, we had to find the office.

As last week began, that area of the church looked like some archaeological site near Tel Aviv—maybe Tel Ashelburne, or something. Underneath various mounds were generations of accumulated junk and debris and more than a few historical artifacts such as football schedules from 1997 and *Christianity Today* magazines from at least as far back as 1977.

Throwing stuff away is hard for me. Yes, I will readily admit that since last week's cleaning, my little hobbit hole of an office (small but homey) looks better than it has in years, even before any real facelift. (You should come by and see it, just in case this doesn't last.) It looks really good and now boasts at least a few empty flat surfaces.

In the midst of the cleaning frenzy, I found a couple of books I'd almost forgotten I had. From one large pile of junk I rescued one of them with the title, *Five Days to an Organized Life*. The other one was actually up on a shelf behind some old pictures. It's a book entitled *The Now Habit* and is about dealing with procrastination. I plan to get around to reading it someday when I've got an organized life.

By no stretch of the imagination could you call much of the stuff I've accumulated over the years "treasure." (Even though lots of it was deeply buried.) Still, Christ's warning about moth and rust and thieves and not piling up for ourselves stuff that really doesn't matter, is something I need to ponder. In this case, though, if you know a good thief, he could save me some trouble. I might just give him a call—and a key.

Local woman attends classes; gets promoted

By VANETA GREGORY
Journal writer

Deb Stone, who began working as Justice of the Peace Herman Morrison's secretary in January, has been promoted to justice of the peace clerk recently.

Stone attended a 20 hour seminar that was presented by Texas Justice Court Training Center in Austin on October 21-24. Classes she took included the following: Welcome to the Judiciary, Representing Your Judge, Fundamentals of Civil Law, Traffic Cases, Non-traffic Cases, Evictions, Financial Management, Miscellaneous Dockets, Fundamentals of Criminal Law and Courtroom Security.

"Courtroom Security is the one I enjoyed the most," said Stone. "It was very interesting. They really made a point to let us know that problems begin when you think nothing terrible would happen in our town"

When asked what the difference was between the two positions, Stone commented, "I can visit more with the public and help with cases. I used to do only what Judge Morrison told me to do."

According to Stone, the office in Muleshoe hasn't had any problems dealing with irate individuals.

"Sometimes they are angry with police officers but mostly they are just confused about fines and new laws," she said. "I just listen and treat them with respect while letting them know I cannot change the circumstances."

"We have received many calls about the new laws which took effect in September," she continued. "The fines went up and people are confused."

Deb and her husband, Jack, have pastored the First Assembly of God Church in Muleshoe for the past eight years. "I like dealing with people," she said, "And I think that experience has helped me with this job too."

Stone will have to attend similar training sessions once a year in order to fulfill the continued education requirements of the new position.

The Stones have three adult children: Misty Hull, who is a professor of psychology at Pike's Peak Community College in Colorado Springs, Colo.; Micha Stone, who is the director of human resources at Cascade Resorts in Vail, Colo.; and Joey Stone, who is currently working on a registered nurse degree at Texas Tech University.

Pep Community holds Thanksgiving Festival

The Pep Community will hold their 58th annual Thanksgiving Festival to be held on Thanksgiving Day, Nov. 27 at St. Philip Neri Parish Hall in Pep, Texas. Pep is located in Hockley County on Highway 303; coming from Highway 54, turn south onto Highway 303; coming from Highway 114, turn north onto Highway 303.

The Pep Community comes together for a time of giving thanks by celebrating with a meal of Pep's famous German sausage and turkey with all the trimmings. This is the perfect day to welcome neighbors and friends from far and near to join the community for a day of good food and fellowship.

The dinner will be served from 11 a.m. until 2 p.m. Cost for adult plates will be \$7 and plates for children under 10 will be \$3. Take out plates will be available until 2 p.m. at the cost of \$7.

This year's festivities will include a Country Store

filled with homemade crafts, homemade baked goods and a fishpond and grab bags for the children.

An auction of various donated items will start at 2 p.m. in the dining room followed by the raffle drawing. Items on the raffle include \$500 in cash donated by the parish council, a queen-size hand stitched quilt donated by the Altar Society and \$250 in gift certificates to various Lubbock restaurants donated by the Knights of Columbus. Raffle tickets are \$1 each or 12 tickets for \$10. A donation of \$1 for one ticket will give you a chance at all three prizes. Winners need not be present to win. Raffle tickets may be purchased from any parish member before or during the festival.

Community Foundation will let the community know through the local media. In the meantime, anyone who 'BELIEVE's they can make a difference by volunteering, donating money or proposing ideas to help better our community can call Gary Sirkel at 272-3294.

Soon, a hotline will be established for people to call to get help, volunteer to help or to make donations. Eventually, the foundation would like to form contracts with individuals to help somehow or to get help if they need it. Also, they want to get motivational speakers to come to the schools and encourage Muleshoe's youth.

The Muleshoe Community Foundation wishes to insure that all people have the opportunity to succeed in the things that are important to them. "We 'BELIEVE' we can establish a place where we can connect as a community regardless of race, sex, socioeconomic status, or religion," Graves said.

"This will be an ongoing process," she said. "I don't know where we are going to get the money but I 'BELIEVE' we can find a place downtown for the kids to go after school. We haven't found it yet but it's out there somewhere."

The 'BELIEVE' campaign is still in the planning stages but as they make progress, the Muleshoe

OBITUARY

OUIDA LOWERY

Memorial services for Ouida Lowery, 80, of Lubbock were held November 6, 2003 at the Kingdom Hall of Jehovah's Witnesses in Lubbock with Gregg Hardman officiating. Burial was in the Bailey County Cemetery in

Lowery

Muleshoe.

Ellis Funeral Home handled arrangements.

Mrs. Lowery was born May 1, 1923 in Oklahoma. She married W. B. Lowery in Farwell on December 30, 1944. She died Wednesday, November 5, 2003 in Lubbock.

She moved to Lubbock from Burleson, Texas in 1964. She was a homemaker and a Jehovah's Witness.

She is survived by her husband of Lubbock; three

sons, Virgil Neal Lowery of Plainview, Samuel Floyd Lowery and Henry Allen Lowery, both of Lubbock; a daughter, Cathie Yvonne Nissen of Flower Mound, Texas; and a sister, Leveta West of Brownfield. She is also survived by 13 grandchildren and five great-grandchildren.

She was preceded in death by a sister, Amy Urisa Nichols; and three brothers, Chester, Paul and Lester Tandy.

Miller to perform in Lazbuddie

Grammy award winning artist Jody Miller will appear in concert on Sunday, November 23 at 10:30 p.m. The performance will be held at Lazbuddie Methodist Church, located at 665 FM 1172 in Lazbuddie.

Miller has traveled with Bob Hope and sang at the Inauguration Ball in Washington. Her records have been played on jukeboxes and radio stations across the country. She's received the highest accolades from her peers, and the most prestigious of all recording indus-

try honors, a Grammy Award. But her address is not Hollywood or New York City. It's Blanchard, Oklahoma.

Miller has been in and out of the spotlight for 40 years. In her prime she rivaled Reba McEntire for radio airplay. Through it all, she has kept her down-home humility.

While she's been off the music charts for a while, she's poised for a comeback. A new single, CD and DVD are in the works, and it couldn't have come at a bet-

ter time.

"I feel like I've come full circle," she says. "I realized one day there's more to life than being on stage singing love songs or making money."

Her new single "Higher" will be available for radio airplay October 21 and her new CD of the same name will be available at Christian Bookstores and Walmart just in time for Christmas.

For more information, please contact Lazbuddie Methodist Church at 965-2121.

Dimmitt merchants will greet visitors on Wednesday and Thursday, November 19-20 during regular business hours with in-store specials and the first chance of this holiday season to register for more than \$1,000 in gift certificates, merchandise and "Dimmitt Dollars." Some stores will extend their hours on Thursday and the first drawing for Dimmitt Dollars will be held at the end of Santa's visit that evening.

Perhaps you sent a lovely card,
or sat quietly in a chair.
Perhaps you sent a funeral spray,
if so we saw it there.
Perhaps you spoke the kindest words,
as any friend could say.
Perhaps you were not there at all,
just thought of us that day.
Whatever you did to console our hearts,
We thank you so much — whatever the part.
