Senator Bob Glasgow Due For CofC Banquet Feb. 23

Plans and preparations for the annual banquet of the Cisco Chamber of Commerce, which is scheduled for Thursday night, Feb. 23, at the Cisco Junior College Ag Building, are nearing

completion, Manager Randy Speegle reported Friday. Tickets are on sale at the CofC offices at \$7 each. The dinner will begin at 7 p.m. and Oscar's Barbecue of Cisco will cater the affair.

State Senator Bob Glasgow of the 22nd District, which includes Eastland County, will be the program speaker. He has lived in Stephenville most of his life. He is a graduate of Tarleton State University and the University of Texas Law School. He has been a member of the Senate since 1980 and is unopposed for reelection this year.

Dr. Norman Wallace, president of Cisco Junior College, is chairman of the banquet arrangements committee. Mayor Eris Ritchie will serve as the master of ceremonies.

The program will include annual awards for an outstanding municipal employee, a community "over-due" award, a community service award for 1983, a helping hand award, an outstanding senior citizen award, an outstanding young farmer award, and awards for excellence to boy and girl students of Cisco High School and Cisco Junior Col-

lege. Local residents were urged to buy their banquet tickets soon.

Senator Bob Glasgow was elected to the Texas Senate from the 22nd Senatorial District in 1980 and again in 1982.

Cited as an "instant superstar" by Texas Business magazine, Senator Glasgow's legislative record included the passage of forty bills that he sponsored during his first session. This ranked him first among freshmen legislators and seventh among the 181 senators and representatives. His second session reflects his sponsorship and passage of some 61 bills, ranking him third in the 68th Legislature.

Senator Glasgow, a former District Attorney, has carried many measures providing penalties for the manufacture and delivery of imitation controlled substances, a bill creating the offense of tampering

with food or drugs and providing for capital punishment for murder committed under this offense, a series of bills relating to oil field theft, and a measure enhancing the penalties for rape. He has also assisted in passing measures enhancing the penalties for sexual abuse of children and child abuse.

Senator Glasgow has also sponsored and passed legislation in such varied fields as setting standards for firemen's protective clothing and legislation dealing with use of solar energy in state office buildings; he has carried Sunset legislation to continue the State Banking Board, bills assisting other agencies and professions and bills of a local nature for the counties, cities, special districts and colleges in his district. In addition, he carried the legislation for the control of brucellosis in cattle and the bill requiring smoke alarms in sleeping quarters in hotels, motels and boarding

houses. He was a cosponsor of legislation restoring the lateral road fund to counties and increasing the counties' share of license tag receipts and a proposed constitutional amendment creating the Veterans Housing Assistance Program. Senator Glasgow serves on the Senate Economic Development (Vice Chairman), Finance and Jurisprudence Committees and has been appointed by the Lt. Governor as Chairman of the Subcommittee on Criminal Matters. He has also been appointed as a member of the Select Committee on the Judiciary.

The Senator was born on February 28, 1942, in Eastland County, Texas. He grew up in Stephenville and graduated from the local high school. He then served three years in the United States Army.

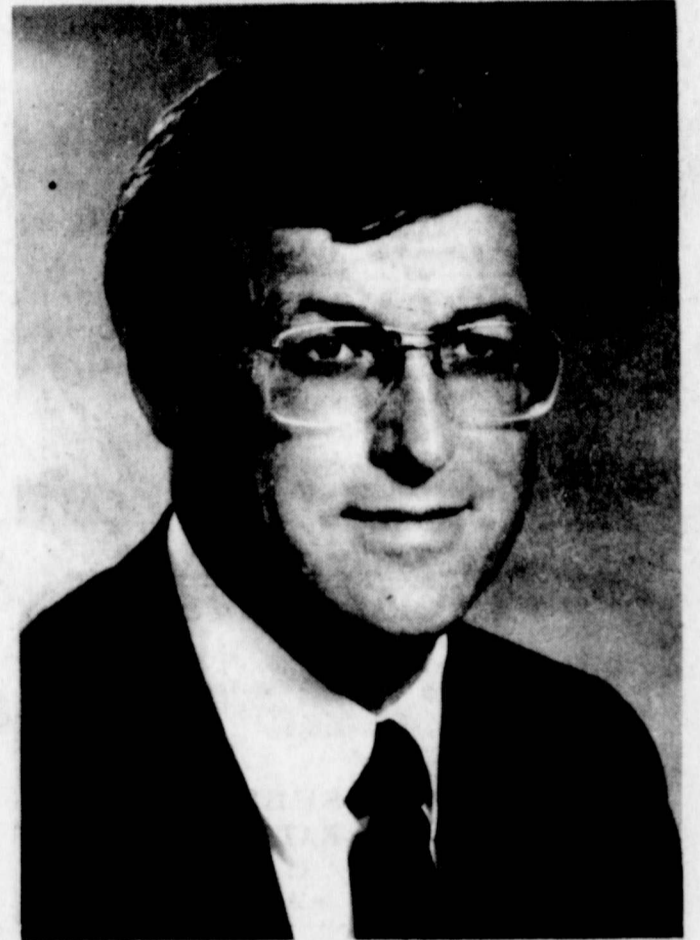

After his discharge, the Senator attended Tarleton State University in Stephenville where he received a Bachelor of Arts degree in 1967. While in Tarleton State he served as class president, student body president and was named to "Who's Who in American Colleges and Universities."

While attending Tarleton State he met a young lady named Deanna Carr of nearby Huckabay. They were married in 1965 and have three children: Delaina, Hollie, and Jody.

Upon graduating from Tarleton State, Senator Glasgow entered the University of Texas School of Law and received his Juris Doctorate in 1970. While attending law school, the Senator worked as an administrative aide to Governor Preston Smith and after graduation he served as Governor Smith's administrative assistant.

In January, 1971, Senator Glasgow returned to Stephenville to enter private law practice with former Stephenville High and Tarleton State classmate, Don Jones.

In October, 1972, the Senator was appointed District Attorney for the 29th Judicial District which serves Erath, Hood and Palo Pinto Counties. He was

BOB GLASGOW

elected to the post in November, 1972, and was reelected in 1976. He served in that capacity until January, 1980.

While living in Stephenville, the Senator has long been active in the community. He is a past chairman of the Pecan Valley Mental Health and Mental Retardation Center that serves several counties in the north central Texas area. He is a past member of the Board of Directors of the Tarleton State University Extension Students Association and a former member of the Texas

District and County Attorneys Association. The Senator is presently an active member of the Stephenville Chamber of Commerce and the Stephenville Optimist Club.

In addition, the Senator is a member of the American, Texas and Erath County Bar Associations, the Erath County Livestock Association, Texas Southwestern Cattle Raisers Association and the Texas Game Wardens Association.

Senator Glasgow is unopposed for re-election.

STATE FINALIST - Addy Wing, 6-year old daughter of Mr. and Mrs. Gerry W. Wing of Cisco, has been selected as a State Finalist in the North Texas National Little Miss Pageant to be held July 14th in Lubbock, Texas. She will compete with other young girls, between the ages of four and seven, for the opportunity to represent this region in the Texas National Little Miss Pageant to be held in August of 1984 in Dallas.

HALL OF REMARKS

BY HERREL HALLMARK

A RECENT article in this newspaper concerning the upcoming county elections reported a candidate for precinct 6, but he is really a candidate for precinct 4.

Ted J. Parrish is running unopposed for Constable of Precinct 4.

BE SURE and become informed about the candidates in the upcoming elections and ask God for his wisdom in voting for the persons to fill the posts which you are voting for during any election.

MAN'S SUNDAY was observed at the First Evangelical Methodist Church this past weekend and all the men present over the age of 21 received a book entitled "Maximized Manhood" from the pastor John Clinton.

It is an excellent book and should be recommended reading in all churches for both the men and women. It can be a real eye-opener and it can also guide you to improving your home-life, especially if you are married

and have children. But, like Rev. Clinton says, "don't just read the first chapter and quit, you have to read the whole book." You also have to keep an open mind about what you are reading.

I UNDERSTAND Roy Dennis of Quickway Grocery will soon be making an announcement about a new business venture he is making. Roy is joining up with the Woodmen in Cisco. Watch the Sunday paper for an announcement.

TEN STUDENTS from Cisco High School will be attending a weight-lifting meet in Sweetwater this Saturday. They are from the Lobo football squads and have been working out with weights in preparation for next year's football season.

From all indications, Cisco should have an excellent chance at going as far, or farther, in next year's quest for a championship title as they did this past season. The players, as well as the coaches, are looking forward to the new season and are counting the months in preparation.

SPEAKING OF CHS, the basketball season has ended and track workouts started in the past few weeks. Athletes are enjoying the nice weather for their outdoor practices and looking forward to their upcoming meets.

Scouts say the track team at CHS should be a winner this year.

Approximately 40 Enjoy Mother-Daughter Party

Approximately forty young girls and adults enjoyed the Mother-Daughter Valentine Party at the First United Methodist Church on Sunday, February 12, which was sponsored by the Cisco Girl Scouts. Following registration of contest Valentines, the mother-daughter teams enjoyed active games led by Brownwood Girl Scout staff members Claudia Hander and Brenda Hoy.

Refreshments of pink and white cookies, pink punch, and coffee were served from a table decorated with flower and ribbon-covered grapevine hearts and pink candles.

The Contest winners included Tammy Bivins for most unique and best

overall; Meredith Davies, for prettiest; and Ann Hounshell for funniest. Honorable mention awards went to Vicky Wilson and Stacey Wheeler. Contest judges Sharene Richardson, Ruth Heidenheimer and Jo Barrett announced that choosing winners was extremely difficult because the large number of creative ideas and beautiful results.

Registered guests and hostesses included Johnnie McLaughlin, Ruth Heidenheimer, Annie Wright, Jo Barrett, Sharene Richardson, Jo Ann Cermin, Louise Anderson, Youvonne McMillan, Mari Wheat, Amanda McGinness, Sara Hounshell, Bettye McGinness, Katie Keyes, Ruthie Keyes, Becky Elliott, Joan

Elliott, Michelle Ray, Shannon Anderson, Yolanda Anderson, Alison White, Sherry Ray, Audye Wagley, Sherry Ray, Meredith Davies, Lela Shults, Jane Hounshell, Vickie Wilson, Mandi Senterfitt, Stacey Wheeler, Thelma Bivins, Tammy Bivins, Ann Hounshell, Claudia Hander, Brenda Hoy, Alura Davies, Sherry Wright, Rachel Valek, Evelyn Valek, Twila Senterfitt and Becca Wright.

Attending mothers and daughters were advised that there will be a Scout-sponsored Workshop for all Cisco girls on April 7, which will last from 10 a.m. to 2:30 p.m. For more information about this workshop, please watch this paper, or contact Ms. Cermin at 442-3200.

C.J.C. Basketball Teams Will Play In Waco Thurs.

The Wranglers and Lady Wranglers of Cisco Junior College will be traveling to Waco Thursday night where they will play Texas State Technical Institute.

In their last two games, the Lady Wranglers defeated Ranger Saturday night and Southwest Christian College Monday night. The Ranger score was 76-to-56, while the SWCC score was 87-to-44.

In the men's games, Cisco lost to Ranger 71-to-56 on Saturday and again to SWCC by the score of 92-to-80 on Monday night at the CJC gym.

The Cisco Lady Wranglers are now 8-3 in conference and 16-10 overall. Nena Barber scored 22 points and Nancy Butler and Laney Oliver added 13 apiece to lead Cisco in its win over RJC. Cisco led by only one point at halftime and trailed by one two minutes into the second half.

But Ranger went scoreless for four minutes as Cisco built an eight-point lead and maintained that margin most of the game.

In Monday night's game, the Lady Wranglers led only 16-10 with six minutes left in the first half, then ran away for the win over SWCC. CJC outscored SWCC 20-8 in the final minutes to build a 36-18 half-time lead and coasted to the win.

In the men's games, the Saturday night game against Ranger was closer than the score. With 1:50 left, Cisco led 65-64, but Ranger's Johnny Tolbert pulled down

an offensive rebound and scored to give RJC a 66-65 lead. Cisco was forced to foul and Ranger eventually pushed the lead to six.

The difference in the Monday night's men's game came at the free throw line. CJC was only two of eleven on the free shots while SWCC was 14 of 19.

Jr. High Basketball Season Ends Feb 6

The Cisco Girls' Jr. High Basketball season came to a close on Monday, February 6, with both teams plying in Eastland. The seventh grade girls won by a score of 22-4 and the eighth grade girls won by a score of 24-12. The seventh grade girls ended their season tied with Albany

seventh grade girls for first place in district. The eighth grade girls ended their season in third place behind Albany and Baird.

Members of the seventh grade team were: Denise Adams, Cindy Choate, Tina Crozier, Katrina Denison, Cheryl Dowdy, Teresa Gaeta, Leila Hawari, Amy Hounshell, Patti Ikoren, Stephanie Kimbrough, Akiko Kleiner, Alicia Cambeth, Deana Cone, Diane Lane, Alice Lopez, Kimberly Rhodes, Cathy Scheuren, Lori Ann Speegle, and Julie Weathers.

Members of the eighth grade team were: Laurie Cagle, Leigh Callarman, Kery Campbell, Karen Cozart, Debbie Endsley, Leslie Gosch, Lacey Harrison, Samantha Hutt, Gina Kinser, Teresa Maxwell, Angela Nichols, Teresa Petree, Christy Purvis, Jill Reynolds, Krista Shepard, Christy Smith, Ingrid Valek, and Jenean Wells.

The seventh and eighth grade girls were coached this year by Coach JoAnn Rust. She states, "Both groups of young ladies worked very hard and cooperated well with me and the team. They improved every week and learned from their experiences on the court. Because of their hard work and dedication, this year's basketball season was very successful and I look forward to working with them in track and again next year."

Cisco School District Resumes Teen Involvement Program

Cisco I.S.D. has resumed its program of Teen Involvement. In the program this year working with fifth grade are: Angie Bradford and Joe Perry, Tracey

Couch and Patrick Qualls, Sabrenia Justice and John Bailey. Working with the sixth grade are: Rhonda Bradford and Keith Reich, Lucinda Hagan and Tommy

Elrod, Sue Scott and Robert Gorr.

This is the program in which eleventh and twelfth grade students serve as

youth facilitators and role models for elementary age children. The idea behind the Teen Involvement program is drug abuse prevention.

This program tries to deal with the underlying causes of drug abuse by helping elementary children and teenagers understand and

accept themselves and others.

The program was started last year and was so well received that it was continued this year. The Teen Involvement persons go approximately six times to the fifth and sixth grade classrooms to conduct class activities. These activities include ways for improving self esteem and interpersonal relationships, decision making skills, and specific drug and alcohol abuse discussions. It is hoped that when young people are provided with the tools necessary to make positive decisions, are taught to examine their own feelings, to feel good about themselves, and learn to understand the link between choices and consequences, they will be able to cope with such things as negative peer pressure and drug and alcohol abuse situations. The program sponsor, Mrs. Sharon Mouser, stated that, "It's difficult to evaluate the success of this type of program, but we feel if we help just one child say no to drug abuse then it has been worthwhile."

TRACEY COUCH and Patrick Qualls are helping fifth graders write compliments.

RHONDA BRADFORD and Keith Reich are helping sixth graders learn they are "Loveable and Capable."

SABRENIA JUSTICE and John Bailey are helping fifth graders learn how to make decisions.

ANGIE BRADFORD and Joe Perry are handing out "warm fuzzies."

LUCINDA HAGAN and Tommy Elrod are shown reading a "Warm Frizzy Tale" to sixth graders.

CJC Accepting Applications For 1984 LVN Program Here

Cisco Junior College is now accepting applications for the August 1984 Licensed Vocational Nursing program at Cisco.

In accord with certification requirements, applicants must make application in advance and pass a pre-entrance physical and examination.

The twelve month program will hold classes in Cisco with clinical work in the E.L. Graham Memorial Hospital in Cisco and the Eastland Memorial Hospital in Eastland on a rotating basis.

RJC Students Arrested And Charged There

Three Ranger Junior College students were arrested and charged with unauthorized use of a motor vehicle Tuesday morning by Sheriff Johnnie Morren and Chief Deputy Ben Sancillo.

Jacob E. Salgado, 20, of Monahans; Juan Luis Hernandez, 18, of Caguas, Puerto Rico; and Jose Manuel Ramos, 20, of Rio Grande City, were being held in Eastland County Jail Tuesday night. Eastland Justice of the Peace R.G. Lyerla read the men their rights and set bond at \$2,500 for each.

The three men took a 1974 Ford pick-up from Modesto Franco Jr. without permission and drove it through the weekend then returned it to Ranger.

On Wednesday Sheriff Morren, Chief Deputy Sancillo and Deputy Sheriff John Mackey arrested eight Ranger Junior College students and one was charged with burglary of a building and seven charged with theft.

Percy Charles Perry, 19, of Galveston, was charged with burglary of a building and Judge R.G. Lyerla set his bond at \$2500.00. Carl Campbell 19, of San Antonio, Carlos Nivens Quinones, 21, of Killeen, David Lee Ross, 19, of Houston, Terrance Scott Watters 18, of Garland, Darryl Ray McDonald, 23, of Austin, Bobby Terrance Bassett, 19, of Houston and Ricky Charles Bryant, 20, of San Antonio were each charged with theft and Judge Lyerla set their bond at \$500 each.

The investigation of this incident continues.

Satisfactory completion of the program entitles the student to a certificate from the college, and qualifies him/her to take the State Board of Vocational Nurse Examiner's examination.

A prospective student must be at least 17 years of age and must be in good physical and mental health. Students must be high school graduates or have successfully taken the GED examination establishing high school equivalency. The GED examination is given on the CJC main campus in Cisco.

Employment opportunities for a Licensed Vocational Nurse are very good; the demand for LVN's far surpasses the supply.

For full information, interested persons (male or female) may contact Vocational Dean, Gerald Bint or Program Instructor, Mrs. Wanda Wheatley in the Vocational-Technical building on the campus or by telephoning 817-442-2567.

The most efficient, the most economical heating and cooling system for your home.

THE Electric heat pump.

It's part of "the plan" — the Energy Saving Plan

THE ELECTRIC HEAT PUMP: It can save you money on your home energy bills. And when it's used along with other WTU-recommended energy conservation measures according to the ENERGY SAVING PLAN, you can save even more. WTU will pay YOU money when your home meets all the E.S.P. requirements that ensure your home to be energy efficient. That's where the ELECTRIC HEAT PUMP comes in — it's part of "the plan" because it's the *most* efficient system for heating and cooling. During the winter it removes heat from the outside air and pumps it into your home. In the summer it reverses the process and becomes an air conditioner, so you get even comfort year-round. Fires Erupt Along Railroad In County

At least 25 separate fires along the railroad tracks between Dothan and Ranger kept 38 firemen from five Eastland County communities plenty busy Wednesday afternoon.

Dothan is a tiny community on the western edge of Eastland County, about 2 miles north of Interstate 20.

Eastland firemen Cecil Hollyfield said that from 1:30 p.m. until 2:10 p.m., when an eastbound train was

stopped in Ranger, the fire phone "rang off the wall." The fires erupted along the tracks as the train passed, Hollyfield explained.

An attempt by Ranger Fire Chief Darrell Fox to stop the train failed, but firemen Roy Rodgers finally succeeded in halting the train.

Rodgers said he stopped his truck on the tracks with his lights shining on the approaching train.

"I had the truck in low gear ready to roll if it didn't stop - but it did," Rodgers said. "It pulled onto a siding and stopped to check things out," he added.

The train's diesel exhaust could have ignited the fires in the afternoon's high winds, according to one fireman.

Also, Rodgers said sometimes a brake shoe

dragging on a wheel throws sparks, which could have been the cause of the fires.

Trucks from Carbon, Olden, Cisco, Ranger and Eastland fought the fires, which were varying sizes until 4:30 p.m.

Some blazes were small enough to beat out with shovels, while the largest fire burned at least half a

mile, said Hollyfield. About 300 acres were affected, he said.

No structures burned, but firemen said it might have been different if the train had passed at night.

A representative from Missouri Pacific Railroad was in Eastland County Thursday to survey fire damage, said Tip Arther, Eastland city manager.

Emergency Farm Loan Applications Being Accepted

Applications for emergency farm loans for losses caused by this summer's drought and extremely high temperatures are being accepted at the Farmers Home Administration (FmHA) office located in Eastland, Texas, FmHA County Supervisor Jack S. Phillips said today.

Eastland County is one of 73 in Texas recently named by Secretary of Agriculture John R. Block as eligible for loans to cover part of actual

production losses resulting from the drought.

Phillips said farmers may be eligible for loans of up to 80 percent of their actual losses, or the operating loan needed to continue in business, or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate on the first \$100,000 borrowed is five percent; interest rate is 8 percent on the balance borrowed over that

amount. For farmers who can obtain commercial credit but who choose to borrow from FmHA, the interest rate is 13.75 percent.

As a general rule, a farmer must have suffered at least a 30-percent loss of production to be eligible for an FmHA emergency loan, Phillips said. Farmers participating in the PIK or federal crop insurance programs will have to figure in proceeds from those programs in determining their loss.

Applications for loans under this emergency designation will be accepted until August 1, 1984, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly carry over into the new farming season, Phillips said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens, and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Eastland is open from 8:00 a.m. until 12:00 noon, and from 1:00 p.m. to 5:00 p.m. Monday through Friday.

Super Duper Bakery Manager Named

Alec Tucker, a professional baker with 12 years experience, has been named Manager of the Bakery at Super Duper Grocery, according to Store Manager Ran-

dy Wheeler. Tucker comes to Eastland from Sequin where he successfully managed a bakery similar to the one in Eastland.

Spotlights & Sidelights

Julia Worthy

How are you doing with your New Year's Resolutions?

Well, I still have the resolution, but I'm not getting much done about them except keeping them in my head.

Do you suppose your brain can set up such a smokescreen of fake activity that you fool yourself into thinking you are really burning up records on the road to progress?

My head is getting all the activity, but it's bound to be as fat as the rest of me or the rest of me would not be so fat. That sounds like something I learned in school. Was it geometry? "Things equal to the same thing equal each other."

I never really believed that, but the mind is peculiar in what it chooses to accept. I spent months of one of my childhood years carefully keeping a crock of rainwater filled because in it I had a very long hair from a horse's tail. The horsehair was supposed to turn into a snake. I didn't even like snakes, but I was dead set on producing one.

By the time a cat knocked

over the jar, I was pursuing with great determination the equally scientific proposition that I could turn into a boy if I kissed my elbow.

Well, it could have worked. One of my girl friends got rid of a wart on her hand by finding where a cow had died in the pasture, picking up one of the bones, I know she did because it was summer, and we made a trip to that pile of bones every day for a week - then I had to go home.

The wart disappeared. Of course, that bone had something to do with it. I admit to being gullible anyway. Why my brain can't accept that my food should be only what it "good for me," I do not know. There are lots of foods besides those made with flour and sugar.

Instead of being sensible about what I eat, I latch on to such odd bits of information as that it takes 2.2 pounds to make one kilogram. So I don't weigh much at all - not in kilograms! Only I do.

Seems like most of my resolution about food is ir-resolution. When I command: "Get thee behind me, Satan!", he does. And pushes.

LET'S FEED THE BIRDS

There are many, many things, such as the gifts of Mother Nature that we are blessed with that we take for granted that will be with us day after day, and year after year.

Two of these blessings are our plants and our birds. We have learned throughout the year we must feed (fertilize) our plants and to provide them with the best environments and in turn we will be rewarded with increased blooms and fragrance.

When it comes to the birds it is not the year round, month to month feeding that we have with our plants. Feeding the birds is more critical during the winter months than any other time of the year. You may remember when our Grandmothers threw the burnt toast or bread out in the yard for the birds to eat. While still throwing our discarded bread scraps out to feed the birds is of great benefit to our feathered friend, feeding the birds has become a much more scientific operation as we have learned through the various studies of birds.

One must remember our feathered friends depend on Mother Nature to provide food if we do not help in some way when the birds can not find food in a given area they will move (fly) on to a new area where food is available. Mother Nature feeds her

birds with seed, grains as well as insects. If this food is not available the birds will leave the area.

With the unusual record breaking cold weather we have had this year it has been extremely hard on the birds to find food. The plant material has been killed or has virtually eliminated the insects. Therefore it is left up to us to take care of our feathered friends. The gardening public must remember that we need the birds to help with our growing of different plants in many ways including insect eradication and pollination to mention only a few.

There are many different types and styles of bird feeders available at a variety of prices. Recently I visited with Mr. Lilly of the Atlas Manufacturing Company in Tulsa, Oklahoma. This company has built bird houses and birdfeeders for many years and has devoted a lot of man hours to the study of bird feeding. They have a covered bridge bird feeder that would enhance any landscape and be a welcome addition by the birds.

If you would like additional information about this covered bridge bird feeder write "The Garden Editor" c/o this newspaper.

GOOD GARDENING UNTIL NEXT WEEK FROM YOUR GARDEN EDITOR, TED BRICE!!!!

Roy Thackerson Named Southern T.V. Manager

Maintaining the high quality of cable television service provided by Southern Television Systems is still the number one objective, New Manager Roy Thackerson reports.

Manager Thackerson and his staff have long years of experience in providing cable service in Cisco, Eastland and Ranger, served by the company. Southern first went into Cisco in 1967, Eastland in 1968 and into Ranger in 1963.

Thackerson was named manager following the resignation of John Neville about the first of the year.

With 21 years of Southern experience, Thackerson heads up a staff of skilled professionals. Office Manager Mrs. Zoma Edmonds has 22 years service. She is assisted by Secretary Kathy Embrey.

Steve Chick is service technician for Eastland.

In Cisco Delores Taylor is secretary and Joe Stewart Jr. is service technician.

In Ranger Laura Greenwood is secretary and W.R. Stewart is service technician.

Southern offers 11 regular channels and two (HBO and Disney) Premium channels.

Continual maintenance and upgrading are hallmarks of the company.

Savings Bond Sales Up

Sales of U.S. Savings Bonds during the period January through November 1983 in Texas amounted to \$246,681,983, an increase of 27.6% over the same period a year ago, T.J. Morrow, District Director for the U.S. Savings Bonds Division in Dallas, Texas, announced today. These sales represent 109.8% of the state's 1982 assigned dollar goal of \$224,700,000.

In Eastland County, sales of Series EE Bonds amounted to \$15,132 during November, 1983, Jim R. Wright, Volunteer County Chairman, said.

Total eleven-month sales of \$214,658 represent 138% of the County's 1983 assigned dollar goal.

Nationally, January through November 1983 sales of Series EE Bonds totaled \$3.5 billion, an increase of 21% over 1982 sales, representing 102.0% of the nation's \$3.5 billion goal. Savings Bonds held by the public amounted to \$71 billion as of November 30, 1983, the highest in three years.

During the severely cold weather this winter, stories were told about situations which seemed quite unusual. One such story was of exposed water lines which remained unfrozen until they were insulated, then they froze.

A possible explanation centers around the slow rate at which water gives up its heat and some information received from water personnel.

Editorial

by Richard Kurklin
During the severely cold weather this winter, stories were told about situations which seemed quite unusual. One such story was of exposed water lines which remained unfrozen until they were insulated, then they froze.

After the cold spell chilled temperatures, the water in Lake Leon remained warmer than the temperature of the air for a while.

If the warmer water was being used through an uninsulated line, it might not remain in the line long enough for its temperature to drop to freezing before it was used and replaced with more warmer water from the lake.

But finally as the lake water gave up its heat, the temperature of the water dropped to just above freezing and with much of the water at the surface of the lakes freezing into ice, the water flowing through the pipes was so near the freezing point that even in insulated pipes it would lose the remaining degree of heat that was keeping it liquid and freeze solid.

However, if the water was coming from a well where the water should remain warmer, it is still a mystery.

Beta Upsilon Meets At Lakewood

Beta Upsilon of Delta Kappa Gamma, International, met at 12:00 noon Saturday, February 4, 1984, at the Lakewood Recreation Center in Cross Plains, Texas for a luncheon in honor of the Chapter's forty-eighth birthday.

Following the luncheon Ella White of Cisco led the singing of "Happy Birthday" and Delta Kappa Gamma sang. Julie Weise played the piano for these songs. Ethel Sparks, president and from Eastland led the group in repeating the Collect. A collection for the scholarship

fund was taken from the thirty-two members present.

Mrs. Lois Marshall of Eastland introduced Mrs. Catherine Goleman of Ranger, who presented the program "School Days of 1999." Mrs. Goleman quoted from John Naisbett book Megatrends. Computers are very good teaching tools, but students still need a spiritual guide she said.

Hostesses were Dorothy Shook, Marie Stambaugh, Juanita Shaw, Frances Tyson, Julie Weise, O'live Schaefer, Billie Loving, Veda De Busk, and Jeannell Purvis.

Farm, Ranch Credit Conference To Meet

Agricultural loans are hard to come by in these tough economic times, and that issue will be a major focus of the 32nd Texas Farm and Ranch Credit Conference for Commercial Bankers.

The conference is set for Feb. 26-28 in Rudder Center at Texas A&M University and is a joint effort of the Texas Agricultural Extension Service and Texas Agricultural Experiment Station of the Texas A&M University System and the Texas Bankers Association.

Sessions on various types of farm and ranch loans will dominate the first day's program along with discussions of the banking business in various regions of Texas, says Dr. Richard Trimble, Extension economist and conference chairman.

Keynote speaker the first day will be U.S. Congressman Tom Loeffler of Kerrville, who will discuss the U.S. economic outlook at 8:45 a.m.

Texas A&M University president Dr. Frank Vandiver will open the conference at 8:30 a.m.

Also on the morning program will be Dr. Wayne Sharp with the Republic Bank Corp. of Dallas and Dr. Ron Knutson, Extension economist, who will discuss "The Current State of U.S. Agricultural Policy."

Texas Commissioner of Agriculture Jim Hightower will be the luncheon speaker. Jim Sexton, Texas banking commissioner, will discuss "The Future of Texas Banking Involvement

in Financing Agriculture" at the opening session the second day, Trimble points out.

That session will also feature several officials with the Texas Grain and Feed Association who will discuss current issues in grain handling.

A panel discussion on "Agricultural Loan Administration in Depressed Times" featuring several Texas bankers will conclude the morning program.

Discussions on the outlook for various agricultural commodities will highlight the concluding session of the annual conference, notes Trimble.

A special two-day Agricultural Credit Analysis Workshop will follow the conference. The workshop is specifically designed to help lesser experienced agricultural loan officers analyze loan demands and financial positions of larger commercial farm and ranch operations, says Trimble.

Foster Parent Training Set

Training for persons interested in becoming foster parents will begin February 20 and will meet every Monday night until April 2. These training sessions will be held at the Texas Electric Ready Room, 113 East Commerce, in Eastland. Political Rally, Dinner Feb. 18 At Eastland

A political rally will be held Saturday, Feb. 18, at 1 p.m. just outside the VFW grounds on Lake Leon Road near Eastland, according to Bill Kerr, senior vice commander of District 8. The rally will be open to the public, and everyone is urged to attend, Mr. Kerr added. He will serve as master of ceremonies.

Every candidate for political office in Eastland County and the 17th Congress-

sional District has been invited to speak at the rally.

Mr. Kerr expected incumbent Sheriff Johnny Morren to debate sheriff candidates Albert Biggs and Don Underwood. Also expected to debate were Albert Bush and Jesse Brown, candidates for Constable, Precinct 2.

A dinner of beef, potato salad, beans, tea or coffee will be served free to the public, Mr. Kerr said.

Art Club Plans Field Trip

The Parsons' home was the setting for Eastland Art Club's monthly meeting. Neta Fay served hot cider and hart cookies. The members enjoyed painting and learning from one another.

President Laverne Allgood reminded members that the March meeting will be with Joyce Grubbs. A field trip was planned if the weather will work with the club.

Neta Fay Parsons was voted to the secretary.

Gwenna Evans was asked to be a member. There were nine members and one guest.

EASTLAND

Applications for emergency farm loans for losses caused by last summer's drought are being accepted at the Farmers Home Administration (FmHA) office located in Eastland. FmHA County Supervisor Jack S. Phillips says farmers may be eligible for loans of up to 80% of their actual losses, or the operating loan needed to continue in business, or \$500,000, whichever is less. Applications for loans will be accepted until Aug. 1, 1984, but farmers should apply as soon as possible. The FmHA office is open from 8 a.m. until 12 noon, and from 1 p.m. to 5 p.m. Monday through Friday.

A political rally will be held Sat., Feb. 18, at 1 p.m. just outside the VFW grounds on Lake Leon Rd. near Eastland. Bill Kerr, Senior Vice Commander of District 8, VFW, urges the public to attend. He will be master of ceremonies, and every candidate for political office in Eastland County and the 17th Congressional District has been invited to speak. A dinner of beef, potato and salad and beans will be served free to the public.

A Soup and Pie luncheon will be served to the public at the First Baptist Church, 710 N. Seaman, Eastland, on Saturday, Feb. 25, beginning at 11 a.m. Cost of the lunch will be \$2.50 per person, and proceeds will go to the Building Fund. Pastor Wilburn Jones and the congregation invites everyone to come out and enjoy this good, homemade food.

CISCO

The annual Banquet for the Cisco Chamber of Commerce is scheduled for Thursday night, 7 p.m., Feb. 23, at the Cisco Junior College Ag Building. Oscar's Barbeque of Cisco will cater the affair. Tickets are now on sale at the CoC offices at \$7 each. Dr. Norman Wallace, President of Cisco Junior College, is chairman of the arrangements committee, and Mayor Eris Ritchie will serve as master of ceremonies. State Senator Bob Glasgow of the 22nd District will be the speaker. The program will also include a number of awards.

Cisco Junior College is now accepting applications for the August 1984 Licensed Vocational Nursing Program at Cisco. Interested persons must make application in advance and pass a pre-entrance physical and examination. For full information, contact Vocational Dean Gerald Bint or Program Instructor Wanda Wheatley in the Vo-Tex Building on campus, or by telephoning 442-2567.

Induction ceremonies will be held Thursday, Feb. 16, 7 p.m. at the high school auditorium for the new members of the Cisco High School National Honor Society. Those to be formally inducted are Juniors John Bailey, Angie Bradford,

HOLIDAY CLOSING

The Drivers License office Feb. 16, according to a report will be closed Thursday.

Sabrenia Justice, Leah Lambeth, Robert McDonald, Lynn Pittman, Jeanine Reich, Keith Reich, Shelly Schaefer and Vickie Stephenson. The public is cordially invited to attend the ceremonies and a reception afterward.

David Harmon, Chief Meteorologist at the Abilene Weather Bureau, will speak at the Ciso AARP meeting on Feb. 16, 6 p.m. at the Senior Center, Laguna Hotel. His subject will be "Killer Tornadoes", and he will give an illustrated lecture. The public is invited to hear this informative talk. A covered dish dinner will also be served.

Construction work on the City of Cisco's multi-million dollar water and sewage improvement program is making good progress, according to City Manager Mike Moore. The Ben Sira Company of Dallas is the contractor for the filter system and improvements at Lake Cisco. Work is due to be completed about Oct. 1, 1984. The Joe Fambro Co. of Stephenville is ditching and laying 12 inch pipe at College Hill, and will continue south to the water tower in south Cisco. This work is expected to be finished in mid-April. Plans for a new waste-water disposal plant are also moving along on schedule.

Bricks on a "first come, first served" basis are being offered for sale by the City of Cisco. Sale price is .15 cents per brick. (.5 cents for a partial or broken) and they may be purchased at the landfill from the gate keeper from 8:30 a.m. until 4:30 p.m. on Mondays, Tuesdays, Thursdays and Saturdays. Bricks were removed from city streets that were repaved.

CARBON

The Carbon Lions Club will hold a Farm Auction Consignment Sale Sat. Feb. 18, at 10 a.m. in the Birdsong Lot in Carbon. The sale will be conducted by Tucker Auction Co. Auctioneers will be Fred Tucker and Kenn Norris. Concessions will also be available.

At a location three miles south of Mineral Wells, Echo Production Inc. of Graham has finished a new gas producer in the Palo Pinto Regular Field.

The well is designated as the No. 3 Car, flowing gas at the rate of 189,000 CF per day on a 7/8 choke. The absolute open flow rating came in at 189,000 CFD.

Location is in a 41-acre lease in the J. Kimpkins Survey. Bottomed at 1,400 feet, the well will produce from perforations 1,334 to 1,346 feet into the hole.

Plug-and-abandon orders have been issued for the No. 5 Copeland, a wildcat venture of Midcentral Energy Corp. in Palo Pinto County. Spudded 6-15-83, the well had reached 3,875 feet total depth. Drillsite was five miles west of Strawn.

At a location two miles southeast of Caddo, Ridge Oil Co. of Breckenridge has finished a new gas producer in Stephens County's Pit-Rom Field.

On a one-inch choke, the No. 3 Coody showed potential to yield 1,062,000 CF gas per day. It was given a 1,600,000 CFD rating on open flow.

Location is in a 1,200-acre lease in the T&PRR Survey. Bottomed at 4,307 feet, the well will produce from perforations 3,910 to 3,920 feet into the hole.

A 4,000-ft. wildcat well is planned by Grover L. Chenoweth of Ranger, Stephens County. The location is in a 337-acre lease in the Guadalupe College Survey. Well's designation is the No. 1A Choate-Murphy.

McMillan Oil Inc. of Breckenridge has filed for permit to drill the No. 2A H.W. Hart, a 4,500-ft. developmental well five miles southeast of Breckenridge. Location is in a 265-acre lease in Stephens County's TE&L Survey. The well is in the Stephens Regular Field.

Ray Herring of Graham has revealed plans to drill four 4,400-ft. developmental wells in the Stephens Regular Field. Drillsite is 10 & 11 miles south of Breckenridge in the T&PRR Survey.

The No. B-3 Scarlett is located in an 80-acre lease.

Location of the No. C-6 Scarlett is in a 358-acre lease.

The No. 3 White and No. D-5 Scarlett are located in a 160-acre lease.

An Abilene-based operator has staked location for the No. 2 Nancy Coody Morales, a developmental well to be located six miles southeast of Caddo. With projected total depth of 3,200 feet, the well is in a 240-acre lease in the Stephens Regular Field, T&PRR Survey. The operator is Tutor Hydrocarbons Inc.

Leonard Brothers Operating Co. of Ft. Worth has filed for permit to drill the No. 3 A. Fambor "D", a 4,200-ft. developmental well four miles north of Wayland. Location is in a 111-acre lease in the Stephens Regular Field, T&PRR Survey.

Dry Weather Causes Road Problems

Thursday, February 16, 1984

A number of people met with the Eastland County Commissioners at Monday's meeting of the court to ask for help with the county roads north of Eastland. They stated that due to a lack of rain the roads had become almost impassable, and that they would provide clay to put on the roads and a wider right-of-way if needed.

Commissioner Richard Robinson agreed with them and stated that his crew of two men had finished the project they had been working on and were that very morning working on the roads mentioned.

A request that a locked gate that blocks a county road be removed along with a statement that a cattle guard would not be objected to was determined to be a matter for legal council. Also referred to legal

council was a dispute concerning abandoned road land, as they ownership could depend on where the land came from.

A request for review of the tax evaluation of personal business property which was said to be excessive was heard.

The property owner stated that the evaluation had been set without the evaluator having seen the property as he would not allow him to enter the plant while it was operating as his insurance would not cover it and as he had been sued in the past after allowing someone into the plant.

He also stated that he was being sued by the city of Cisco for taxes based on the evaluation.

After being brought to the courtroom, Mr. Steve Thomas reported that his

evaluation had already been reduced to a more acceptable amount, and that he would inform the city of Cisco that they were using the wrong evaluation in this case. He also stated that according to law, an evaluator must be admitted during business hours and that an individual must appear before the A.R.B. to get evaluations changed, not the Commissioners' Court.

A citizen who asked about the health of the Ranger Commissioner, who was excused from the meeting due to illness, and offered to assist him with road problems was referred to the Commissioner's road manager.

Legal council was suggested after a request for payment was received for repairs made to a loader belonging to the Ranger

precinct, as proper legal procedure had not been followed by the Commissioner when he had the work done.

The individual making the request stated that he realized that the Commissioner was ill and that a lien had been placed on the loader in an effort to collect the money.

It was stated that neither the required bid nor the bill had been considered by the court, and that the court could be sued if it paid the bill.

Judge Scott Bailey observed that everyone was losing on the matter.

A motion passed to allow the Eastland National Bank to swap some certificates of deposit that the county has with the bank.

Questions were raised as to how long old school

records must be kept and if Gorman was receiving the fire fighting money that was being sent.

The Commissioners Court then adjourned until its next meeting at 10 a.m. on Feb. 27.

Obituary

Mrs. Lyda Mae Walton, 89, a retired schoolteacher from Goldthwaite and mother of Eastland County District Attorney Emory Walton, died about 7 p.m. Sunday at Childress General Hospital.

Services were held at 2:30 p.m. Wednesday at the First Baptist Church.

The Rev. Doug Hotzclaw, pastor, officiated, assisted by Roland Fry, Church of Christ minister. Burial was held at Goldthwaite Memorial Cemetery, directed by Wilkins Funeral Home.

Born July 9, 1904, in Shaw Bend in San Saba County, she married John D. Walton April 18, 1917, in Nabors Creek community. She was a Baptist.

Her husband and a son, Larry, preceded her in death.

Survivors include three sons, Glyn of Goldthwaite, Emory of Eastland and Myron of Nashville, Tenn.; a daughter, Dolores Davee of Abilene; a brother, Bob Johnson of Goldthwaite; eight grandchildren; 14 great-grandchildren; and several nieces and nephews.

Singles Wanted

People who have always been single and people who have become single after having been married, are being invited to a workshop series that deals with problems faced by singles and to some accompanying fellowship.

After listening to a tape recording by an expert or advisor on a selected subject, those in attendance are given an opportunity to

discuss the problem with others in a similar circumstance, and some time is devoted to fellowship and making friends.

Workshop sessions will be held on Thursday nights starting at 7 p.m. at Camp Inspiration in Eastland.

The sessions are to be held in a Christian atmosphere, but people of all beliefs are asked to participate.

Audition Set

be traveling to New York City in November for its fifth appearance in the Macy's Thanksgiving Day Parade, to be televised on NBC.

Auditions on February 19 will be held from 1 to 5 p.m. in the CJC gymnasium. This audition is a qualifying round for the final tryout date of March 24. The audition is a screening process to identify girls who will have the best chance at being selected for the 1984-85 drill team.

If a girl is very interested and has the potential of being a Wrangler Belle but cannot make the audition she can still be invited to the final tryout. She needs to have two adults from her school or community write letters of recommendation concerning her performing skills, personality and attitude. She also needs to send a full length picture to the CJC office.

All Wrangler Belles receive scholarship grants each semester and participate with the Wrangler

Band in numerous performances.

Nicki Harle, who is serving her first year as Belles director, said the Belles will be performing April 28 in the San Antonio Fiesta night parade in addition to making an appearance in the Macy's parade.

The girls go through workouts everyday and are expected to perform at basketball games and other school functions such as the upcoming Nostalgia Night. The groups also goes on a tour of area high schools.

Viola Knight - Enduring Faith

By Viola Payne

Is it easy to trust God when you are physically disabled and living in a nursing home?

Easy or not, a lot of faith and love and appreciation can be found among such residents.

Take 89-year-old Mrs. Viola Heaberlin Knight for

example, who lives in Eastland Manor. As she navigates her wheel chair into her room it is easy to see what matters most to her.

On a table is her Bible, with an extra copy of the Psalms and other favorite Scriptures. And the wall above her bed is covered with cards and notes from her six living children and

numerous grandchildren and great-grandchildren.

A smile reaches across her carefully sculptured face, touching her gray eyes. She notes that one of her sons is Dr. Bruce Goleman of Ranger, Dean (Ret.) of Ranger Jr. College.

Dr. Goleman also taught music at Cisco Junior College, and was Chior Director at First Methodist Church of Cisco. He and his wife Catherine and their children are all mucially talented. A son, Thomas, is a Medical Doctor.

Mrs. Knight mentions these and other relatives with pleasure, then lifts the cover of her Bible. She has taped letters inside which she wrote to various newspapers in past years.

"I've been writing 'Letters To The Editor' for a long time," she explains. "I started when I was first married, to the Rusk Cherokee."

"I've written on a lot of topics, but my greatest interest is on religion."

"You can call me a 'Double Baptist,'" she chuckles. "When I was a child near Texarkana in the early 1900's I was first baptised. Then when my family moved over to Louisiana, I didn't understand about such things as church letters, so I was baptised into another church there."

"When I had children of my own I always took them to church - and kept on attending as long as I was able. I always enjoyed singing - I love the old songs."

Mrs. Knight explains that her great-grandfather Heaberlin, on her father's side, came to America before the Civil War. He and a brother landed at Richmond, Virginia.

"My great-grandfather came on to Texas, and his

brother settled in Pleasantville, Iowa. I hear there are a lot of Heaberlins around Pleasantville even now."

She remembers that her father, Samuel George Heaberlin, was a farmer in the Texarkana area. Her mother's maiden name was Laura Jeanette Byrd, and she was part German and part Scotch-Irish. Viola was born Aug. 26, 1894 at Maude, Texas.

"I had two brothers, none of whom are now living. My brothers helped my father, and I stayed at the house and helped mother. You can be sure she was a good cook and neat housekeeper. There was nothing out of place at our home! The Germans are still like that."

"When I way young we moved to Coshatta, La. I was married when I was 21 years old to Jesse Goleman, who was part Cherokee Indian."

"During the next 22 years I had 10 children. The oldest, Wallace, died when he was two years old, during the flu epidemic in World War I. Three others died later. The ones still living are Bruce Goleman of Ranger, Floyd Goleman of Houston, J.V. Goleman of Austin, Merle (Goleman) Hohensee of Houston, Virginia (Goleman) Morris of Houston, and Marjorie (Goleman) Bufford of Tyler.

The years Viola Knight spent in raising her children were busy ones, under the circumstances some would have called hard. She worked outside her home, as well as at the many tasks around the house.

Her children were well-trained, and assumed responsibility at early ages. They worked, and took advantage of all the educational opportunities they could. After they grew up they entered various profes-

sions and businesses.

During the depression Mrs. Knight worked in a County Clerk's office under a government program. She also did extra housework, nursing, or cooking. Eventually she moved to Houston, where she lived for about 21 years.

Her good cooking made it no problem for her to keep work in the city. She cooked in restaurants, since the salary for a Chef was higher than for some other skills. She bought her own home, and lived there comfortably. After her first marriage ended she remarried.

Mrs. Knight saw Eastland County for the first time in 1971, and liked it from the start. "It's beautiful country," she says.

She hasn't been able to get around to see as much of it as she would like to. For a few years ago, as the widow, suffering from arthritis and several other ailments, she entered the nursing home.

Life may be more confining, but it is far from over for Mrs. Knight. She looks remarkably well, is alert, gets around in her wheel chair, and keeps a sense of humor. And she enjoys joining in the singing at all the religious programs.

As she goes about her affairs, Viola Knight sums up all the good things she has to look forward to. And most important of these is a symbolic article of clothing she calls "My New Dress".

She sat down just before her 88th birthday, in 1982, and wrote about the "New Dress". These are part of her remarks, which were later printed in an area newspaper. She has saved this inside her Bible.

MY NEW DRESS
"Jesus has bought me a new dress...he bought it and paid cash for it. No one has

ever seen my dress, and will not until His marriage to the Church.

"I am in a hurry to get up there where I can dress in my new dress, and walk out so everyone can see my beautiful robe."

"It is no cheap, sleazy dress. It is the best, most beautiful that anyone has had before."

"Has Jesus bought you a new outfit? (Yes) He has bought it and paid for it. Have you told him you want it?"

"Don't wait too long to put in your claim on His wonderful mercy and love. There is none other like the One He has prepared for us."

"Look to Jesus and be saved in His service."

Pearline Beil looks over the Factory Outlet room at Beil's Draperies.

Beil's Draperies - Unique

By Viola Payne

So you think all the glitter of the holidays is over?

Drive out to Beil Drapery and Interior Decorating Shop on Highway 80 West in Eastland (1706 W. Commerce) and you will find that holiday splendor that lasts, all year long.

Owners Pearline and John Beil and employees Jane Carter and Loretta Keith and Doris Bennett work together in this establishment, offering some of the most beautiful home needs and decorative items between Ft. Worth and El Paso.

The unusual merchandise and the service available attract customers from a wide area. People come to Beils from Eastland and Stephens Counties, from Abilene, and towns as far away as Houston.

Pearline Beil, an interior decorator with 25 years of experience, offers suggestions on home decorating and decor when customers request it.

Her advice is particularly valuable on the subject of custom-made draperies, a feature which helped launch the shop about 10 years ago. The store carries a large selection of fabrics, and truly individualized draperies are constructed in the sewing room.

Visitors to the shop first notice the attractive gazebo out front, decorated now with red poinsettias. The bright flowers accent the glass walls of the showroom behind them.

Inside the showroom, crystal chandeliers flash rainbows of light. Some of the chandeliers have Austrian lead prisms; others are spangled with Strass crystal. The diffused light of the Phillipine shell chandeliers glows softly.

Unusual table lamps also decorate the showroom, and these include a Tiffany model made of leaded glass.

"The 'Country look' is the main trend in home decorating now," says attractive Pearline. "You can go simple or elegant with

this - either rustic or Victorian."

"We have a number of imports here in the showroom - things that are not generally found in this area. We do most of our buying direct from the World Trade Center in Dallas."

John Beil joins in the conversation, pointing out some of the giftwares. Among these are feather pictures of birds, made in China, with soft delicate colors and intricate work. There is also blown glass from Mexico and carved wooden animals from Kenya.

Eye-catching indeed is the workmanship on the sattinglass Bonzai trees. Tall brass palm trees from China vie for attention.

Mrs. Beil leads to a corner holding a collection of art objects from China. These include plant stands, jardineers and vases in ceramics and porcelain. Embroidered tablecloths and cadis shell candle holders are only part of the gifts on a table nearby.

Across the room long swatches of drapery materials invite customers to choose their own styles and colors. An extensive selection of wallpaper samples is also available.

Behind the main Showroom is the Factory Outlet room, where bedding and other household needs, and gifts are arranged for browsing. As in the showroom, the accent is on quality at the lowest prices possible. Bedspreads begin at low as \$20 each, and styles include the latest fashions in quilted materials.

Near the Factory Outlet is the Sewing Room, where Loretta Keith and Doris Bennett construct drapes ordered by customers. These will be installed in homes of the buyers.

The background of John and Pearline Beil has helped fit them for work with the Drapery Shop.

Both grew up in Houston, where they met during high school days. They married, then moved to Ft. Worth in

1954. With the exception of four years in Miami, Florida area, they lived in Ft. Worth until moving to Eastland in 1970.

The Beils were very happy to have their daughter and son-in-law, Mooneyan and Vic Stacy, move to Eastland soon after they did. The Stacy's have two children, enjoyable grandchildren for the Beils.

While in Ft. Worth - and also Florida - Pearline Beil worked at her profession of Interior Decorating, traveling about the Mextropex on assignments. She also went into the ceramics field, and taught classes in this art. She judged various ceramic shows in the area.

The Beils Drapery business began in Eastland when friends, realizing Pearline's background in decorating, asked her for help.

In 1974 she opened a small establishment in her home, and by 1975 larger quarters were needed. The present shop, then a three room cottage, was purchased. It has been periodically enlarged, adding the Showroom and then the Workroom.

After moving to Eastland, John Beil worked in Outside Sales for Victor Cornelius. He retired from this company recently, and plans to spend more time with Beil Draperies. His shop work includes outside sales, servicing, buying, and advertising. "You can say that Pearline's talents and knowledge are what built this business," he states.

"But John's talents help keep it going," smiles Pearline.

"I used to write some for the papers about Bird Watching," chuckles John. "But then I got so interested in this shop that I don't take time to go out and even look for them!"

"But whether I look for birds or not, it's good just to be in a town like Eastland. Coming here from the cities has been a real blessing to us."

Viola Heaberlin Knight, a resident of Eastland Manor. Mrs. Knight enjoys writing on religious topics. This picture was made on her 88th birthday.

Putnam News

By Mrs. R.B. Taylor

Putnam missed the rain again. We just had a sprinkle. But I am sure the places east of us who got rain needed it too. Let's hope and pray that we get a good rain next week. Charlie says we will have another chance.

So many stock tanks are dry, but as the "saying" goes there is something good in the worst of it. It has given the land owners a chance to have old tanks cleaned and made much larger. Douglas Fry has had about six of his cleared and made deeper. When it does rain, he will have water for a long time.

Our sick folks are all better. Mr. Loren Everett is scheduled to come home this week from De Leon hospital. Mr. Ken Cavanah is home now. Mrs. Evelyn Fry was sick Friday and unable to attend paint class. Her daughter, Joyce, has been with her.

We were so sorry about the death of Clara Cunningham of Baird. She was reared at Putnam and had many friends here. Attending the memorial service were Mr. and Mrs. Calvin King and Mrs. R.B. Taylor from Putnam and Mr. and Mrs. Doug Fry of Cisco.

Mrs. Jo Nerle McCormack of Arizona is visiting her father, Loren Everett and other relatives at Cisco. Mr. and Mrs. Douglas Fry of Cisco entertained friends with a fish fry at their camp house south of Putnam Tuesday night.

Mrs. Maxie Solomon and Mrs. Clydine Johnson of near Scranton went to Stephenville Thursday night for an eye check on Maxie's eyes.

Mrs. Maggie Cook of Baird spent Wednesday with Mrs. R.B. Taylor.

This week has been birthday week for the Ray Maxwells. Thursday was Ray's birthday. His sister, Dixie

Parten of Cisco, honored him with a dinner at her home. Guests were Mr. and Mrs. R.C. Irvin of Cisco, Mr. Henry Maxwell and Ray's family of Putnam.

Saturday was Belinda Maxwell's tenth birthday. Four of her school friends from Baird enjoyed a slumber party at the Maxwell's Saturday night, also cake and ice cream Saturday morning.

We talked to Mrs. George Weeks at Baird this week. She says she is getting homesick for Putnam and will be coming home to stay real soon. We miss you Myrtle.

Mary and Calvin King spent the week end at Lubbock visiting his mother and sister.

The Rev. Jackie Willoughby of the Baptist Church took a group of youngsters fishing at Cisco Lake Saturday. The Putnam Baptist Church is celebrating its 75th Anniversary this year. If there is anyone who was here then or who remembers the exact date of the opening of the Church, will you please contact Mrs. Mary King in Putnam, Texas.

Contestants Sought

Contestants are now being sought to represent Cisco and the surrounding communities in the official Texas State Preliminary of the U.S.A. Teen Miss Scholarship Pageant to be held in the Ballroom of the Marriott Hotel in Austin, Sunday, April 7th.

To qualify as a contestant, the Teen Miss must be between the age of 13 and 18 (inclusive) as of the 1984 July 4th National Finals, must be an USA citizen of good character and of a charismatic (leadership quality) personality. Only one contestant will be accepted from a community and will represent the pageant in appropriate local activities during their one year reigns.

Applications may be obtained by sending a stamped, self-addressed envelope to: Texas Teen Miss Applications, 31 Mill Plain Road, Danbury, Conn. 06810 or by calling the national headquarters at 203-748-6682.

MR. BENNY Butler, retired country editor de luxe, spends a lot of his retirement hours these days at the comfortable Butler home at West 11th and Avenue N - reading and writing along with the assorted chores that retired folks perform.

We met up with him in town and he reports that all's well at his house. What does he write? For one thing, he recently completed his memoirs of the life of a country editor living in or near Cisco since 1924 - 60 years.

This is the 60th anniversary year for Mr. BAB, as he signed his editor's columns for many years. What did he do with his memoirs when he finished writing them? He turned them over to Cisco Junior College. And if they ever appear in type, they'll surely be interesting reading for us all.

Mr. BAB particularly remembers the construction days of the Lake Cisco dam. He was here during the 1920's and writing about it. He recalls that the dam, modeled after one in Switzerland, was the first hollow concrete dam ever built in the USA. Some engineers were skeptical about it. But after more than half century, they needn't be.

A lot of continuous concrete pouring went into the building of the dam. Mr. BAB recalls that either two or three men were buried in the concrete. They fell into the forms as concrete was being poured and there just was no way they could be rescued, he says.

It is Mr. BAB's opinion that the dam was built in the wrong place. If it had been built on the Leon Creek south of town there would be a lot more water impounded.

It's always enjoyable to visit with Mr. BAB.

A LETTER HAS gone out to Chamber of Commerce members to invite participation in the annual Christmas in May program. The sum of \$3,500 is needed to pay for the work this year. Some 40% of the budget will be funded if each chamber member donates \$10, the letter notes.

Pledges of financial help need to be made by April 30. You can send or drop off a check at the CoC offices. The Christmas in May Committee, headed by Dr. Norman Wallace, is considering applications from those interested in benefiting from the program. Qualifications for assistance are: 1. Be 60 years old or older; 2. Be handicapped if not elderly; 3. Own your home or in process of buying it; and, 4. Have a low income and be unable to finance your own improvements.

MR. SUTTON Crofts, retired rancher, is left handed and he was given some news recently that made him sit back and think. A friend passed him an article from a

magazine that note that a government project is seeking to determine whether left handed people got that way because of some misarrangement of things in their head.

"In other words," Sut told us, "they're trying to determine if we have a screw loose."

Mr. Crofts enjoyed the article. It sounds like one of those things that the government funds from time to time to permit educators to investigate something or other - like why frogs sing only at night, for example.

Speaking of left handed folks, Mr. Dick Wooley is the only left handed bank president we ever knew.

MR. CHARLES Clark, retired CPA who is now a fairly full-time rancher and gentleman farmer, has been working on the 1943 model Jeep that son Charles Jr. gave him for Christmas. He put in a new windshield after a lengthy process of locating one. And other improvements are being made to qualify the Jeep for a safety sticker renewal.

Checking the Jeep over the other day, Mr. Clark noted that the speedometer has 300,000 plus miles logged on it. It has been around, wouldn't you say.

MR. MARK Heidenheimer, who has been a member of the staff of the Taylor County district attorney at Abilene for more than a year, made his first appearance before the Court of Civil Appeals in Eastland the other day. He has made numerous appearances in district courts as a trial lawyer.

Mark is the son of the Winston Heidenheimers of Cisco.

BY THE TIME you read this, we'll be down south somewhere. It's vacation time. First stop was San Antonio and plans called for other stops along the gulf coast en route to the Rio Grande Valley. Will report from there.

legal notices ..

NOTICE OF OPPORTUNITY FOR PUBLIC HEARING ON PERMIT APPLICATION FOR SOLID WASTE SITE

Notice is hereby given that the CITY OF CISCO presently holds Solid Waste Permit No. 190 as heretofore issued by the Texas Department of Health for the operation of a municipal solid waste site located within the north part of Cisco and immediately south of its north city limits and 600 feet east of State Highway 6, in Eastland County.

Said permit holder has now filed with the Texas Department of Health an application to amend the aforesaid permit as follows: To add a 21.22-acre extension to the western side and southwest corner of the existing disposal site. The total site will consist of 53.44 acres of land and is to daily receive 11 tons of solid waste under the regulatory jurisdiction of the Department.

The application is being processed and the final decision will be made by the Department pursuant to the provisions of the Texas Solid Waste Disposal Act (Article 4477-7, Vernon's Texas Civil Statutes), the Texas Department of Health Municipal Solid Waste Management Regulations, and the Administrative Procedure and Texas Register Act (Article 6252-13a, V.T.C.S.).

No public hearing will be held on this application unless a person affected has requested a public hearing. Any such request for a public hearing shall be in writing and contain the name, mailing address, and phone number of the person making the request; and a brief description of how the requester, or persons represented by the requester, has suffered or will suffer actual injury or economic damage by the granting of the application.

If a hearing is requested by a person affected, notice of such hearing will be provided to the requester and will also be published in a newspaper of general circulation in the area where

the site is located at least 30 days prior to the date of such hearing. If no request for a hearing is received within 30 days of the date of publication of this notice, the Department will make a decision.

Requests for a public hearing and/or requests for a copy of the technical summary of the application prepared by the Bureau of Solid Waste Management shall be submitted in writing to the Chief, Bureau of Solid Waste Management, Texas Department of Health, 1100 W. 49th Street, Austin, Texas 78756. A copy of the complete application may be reviewed at the bureau of Solid Waste Management or at the Department's Public Health Region 4 headquarters located at Commerce Plaza Office Building, 1290 S. Willis, Suite 100, Abilene, Texas 79605; telephone (915) 695-7170.

Issued this 8th day of February, 1984.

CHS Sponsoring College And Financial Aid Information

Cisco High School is sponsoring a college and financial aid information night for juniors, seniors, and their parents on Monday, February 20, 1984, at 7:00 p.m. in the Cisco High School library.

The main point of emphasis will be on financial

aid. As the cost of education after high school goes up each year, like just about everything else, many parents are wondering how to pay the bills. Even in the era of diminishing resources, there is a way to pay for college, and private financial aid funds available to assist students this year. You don't have to be poor to receive financial aid, but you do have to prove you need it. You are eligible for financial aid equal to the difference between college cost and the amount the family can afford to contribute toward meeting those costs. With cutbacks in aid a reality, families can improve their chances of receiving the aid they need by knowing what to do, when to do it, and how to do it right. A sample form will be filled out and discussed. Mr. Ralph Glenn of Cisco Junior College will be on hand to discuss financial aid and answer questions.

We hope this program will be of valuable assistance to college bound students and their parents.

For further information contact Mrs. Sharon Mouser at Cisco High School (442-3051).

local news in brief

Tom Terbush and children, Tommy, Margie and Lonnie of Altus, Oklahoma were visiting in Cisco this weekend with Mr. and Mrs. E.G. Morris and Mr. and Mrs. Herrel Hallmark and children.

Mr. Terbush, a Master Sergeant in the Air Force, also joined the Gun Club here in Cisco.
