CISD Board of Trustees Authorize New Building

The purchase of 7.1 acres of land as the site for a new primary school building was authorized by the board of trustees of the Cisco Independent School District at their monthly business meeting at the downtown school office Monday night.

The new school site is located between 15th and 16th Streets and Avenue J and H in the vicinity of the Girl Scout House. The 7.1 acres were purchased from Jerry Myrick of Fort Worth for the sum of \$25,000.

Supt. James Couch said the board hopes to have the new building ready for occupancy when the 1985-86 school year begins in September, 1985. Plans call for an architect to be employed in the near future for the detail work to begin, Mr. Couch said.

In other action, the board opened bids for services during the 1984-85 school year.

Gulf Oil Corporation's consignee at Eastland was the low bidder to supply gasoline for school vehicles, and Foremost Dairies submitted

the low bid for cafeteria milk supplies.

The board approved seven per cent salary increases for custodians of the various buildings and for the lunchroom employees, Mr. Couch reported.

The board agreed to permit Radio Station KVMX, Eastland FM station, to broadcast Lobo home foot-

ball games on a delayed basis (the next day after a game), Mr. Couch said.

Trustees will meet at the school office at 7 p.m. Monday, August 20, for a final hearing on the 1984-85 school budget. Preliminary budget figures were studied at the meeting last Monday night.

Supt. Couch told the board

that everything was in readiness for the 1984-85 school year to begin Monday, Aug. 20. He said that teachers would hold a work day at their various schools on Friday, August 17.

Board President Howard Worley presided at the meeting, and all members of the board were in attendance.

Up To Two Inches Of Rain Falls Here

Rainfall measuring up to two inches fell in the Cisco area during two cool front thundershowers last Sunday. Rain gauges registered up to an inch Sunday morning and another inch during an afternoon rain storm.

Fire Chief C.W. Guthrie and Fireman David Gill saw a tornado touch the ground

near the intersection of Highway 206 and the Scranton Farm Road south of town Sunday afternoon. They were on storm alert patrol at the time. There were reports that trees were blown down, but no property damage was reported.

The rainfall seemed to be heavier south of Cisco and the Scranton area received more than two inches, according to reports.

Lake Cisco rain gauges registered less than an inch, indicating that the rainfall

was lighter north and west of town. Putnam received over an inch last Saturday afternoon as a thunderstorm swept through that area.

Cooler temperatures prevailed Monday as a result of the cool front. The forecast called for possible showers Tuesday and again Friday and Saturday.

The area was still far behind normal for rainfall with only about eight inches for the year as compared with over 15 inches for normal.

Athletic Assoc. Is Ready

Final details are being attended to, and the Cisco Athletic Association is ready

to begin their football season for youth in grades 3 through 6.

Band Boosters Will Hold 1st Meet Of Year

The first Band Boosters meeting of the new school year will be at 7:30 p.m., Monday, August 20, 1984 at the Band Hall at the Cisco High School.

We need you there. If you have a child in the 6th grade, Jr. High or Sr. High School Band, you are a band booster member and everyone is needed to help plan and support the bands.

Several important items will be discussed. Please come out and meet Mr. White, the new band director, or come and get reacquainted.

See you Monday, August 20, at 7:30 p.m.

Try outs will be Saturday, August 25, beginning at 9 a.m. at Chesley Field. All interested should meet at Chesley Field, where they will receive a packet of information and registration forms at that time.

If you have any additional questions about this fine athletic program for youth, or if you would like to volunteer your services as a coach, please contact Randy Speigle at the Chamber of Commerce office, weekdays 9 a.m. to 5 p.m.

CHS Lobos Begin Workouts

TWO-A-DAYS—Cisco High School football team candidates started practice here Monday morning at the parking lot near Chesley Field. Head Coach John Parchman and his staff, consisting of Rick Land, Rusty McLeskey, Doyle Walker, Jerry Reeves, Steve Young and Ron

Mouser, put the players through their workouts twice a day in the morning and the afternoon. The Lobos will be playing in District 11-AA this season and will play their first game here Sept. 7th. (Staff Photo)

Plans Finalized For Little Mr. Cisco

Plans were being finalized here this week for the Little Mr. Cisco pageant which is scheduled to be held Saturday, August 18, at 2:00 p.m. in the Corral Room. A Chamber of Commerce sponsored sidewalk sale is also planned for the day by participating merchants.

Registration for the pageant will be open through Friday afternoon, August 17, with entry forms available at Madison's Western Store, Kid's Kountry and Little Shoes. To be eligible, the youths must live in the Cisco School District and not be over the age of five.

There will be a \$5.00 entry fee required payable when registered.

Advertisements by participating merchants in the Saturday sidewalk sale may be found elsewhere in this edition.

THANKS TO THE VERY MUCH NEEDED RAIN...

The Cisco Kiwanis Club Miniature Golf Tournament will be continuing this weekend, August 24, 25 and 26, at Lake Cisco Park.

HALL OF REMARKS

BY HERBERT HALLMARK

CONGRATULATIONS to Kay Bryant of 1409 W. 13th, Cisco, as the winner of the free ceiling fan given away by Interiors Unlimited in their Grand Opening open house last Saturday. Christy Cozart, daughter of Linda Cozart - the owner of Interiors, drew the winning name from all the entrants.

As you probably know, Interiors Unlimited was recently purchased by Steve and Linda Cozart of Cisco. The store has a new canvas awning in the colors of orange and black which catches your eye. The awning is attractive and a good addition to the store.

WE ARE praising God for the good rains Cisco received this past weekend. On Sunday, at our house we recorded one-half inch of rain in the morning and

another inch and a half that evening, for an all-day total of two inches.

During the evening rain, I was sitting inside a pickup waiting for the rain to let up so I could go inside the house when the wind picked up. Trees started blowing in all different directions and the rain started blowing around in circles.

I looked up and saw part of what appeared to be a tornado in the sky. I jumped out of the pickup and ran to the house to tell my wife and when we looked back outside it was gone.

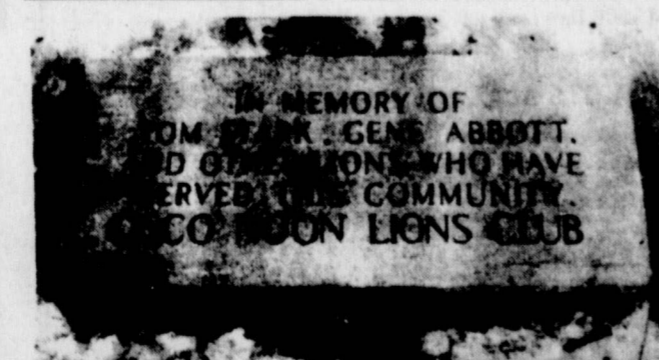

Area reports said two tornadoes were spotted near Cisco, but luckily no damage was reported other than to trees.

THE MINIATURE golf tournament at Lake Cisco Park last weekend was rained out, according to Joe Gosch of the Cisco Kiwanis Club. Joe reports the tourney will be continued this weekend on Friday, Saturday and Sunday.

Be sure and tell everyone you know to go out and enter the tourney.

CISD Board Of Trustees Plan Meet

The Board of Trustees for the Cisco Independent School District will meet at 7:00 p.m., August 20, 1984, at the School Tax Office, 610 Hilton Avenue, for the purpose of adopting a budget for the 1984-85 school year.

FORMAL Dedication ceremonies for the Lake Cisco Park Picnic Pavilion will be held Saturday night as the program feature at a family hamburger supper for members of the Cisco (noon) Lions Club. The affair will be held at the park in the pavillion. President Robert E. (Bob) Conner urged all Lions to attend with their families. District Governor Tim Cassie of Jacksboro has been invited to attend and participate in the service. A marker has been provided for the pavillion. It is shown in the above picture. (Staff Photo)

Law Banquet Set Saturday

A lawman and a citizen will be singled out for special honors at the Annual Eastland County Law Enforcement Banquet to be held Saturday, Aug. 18, at Siebert Elementary School in Eastland.

Tickets at \$5.50 each are available to the public and

may be secured from any law enforcement officer in Eastland County or at the District Attorney's office in the Courthouse. Oscar's Barbecue will cater.

Principal speaker will be Floyd Hacker, chief Criminal Law Division, Texas Department of Public Safety.

Purpose of the banquet is to call attention to the importance of cooperation between the public and the law enforcement agencies in this county.

The County Association presents a plaque to a citizen and a lawman is given a plaque by Eastland County Newspapers. Recipients are selected by a secret committee.

Among the lawmen honored over the years are Emory Walton, B.A. Bulter, L.E. Sublett, Johnnie Morren, Jerry Mathews, M.D. Underwood, Ben Sancillo, Jim Wright and one plaque was presented to the jail listing all officers.

Farnsworth Team Wins

A team captained by Dorothy Farnsworth posted a score of 13 under par for 18 holes to win first honors in a scramble golf tournament at the Cisco Country Club last Saturday afternoon. Eight teams, including 42 players, took part in the tourney.

Playing with Mrs. Farnsworth were Steve Simmel, Vandell Weathers, Laverne Stafford, Bonnie Rice and Carrel Smith.

Three teams fired scores of 59—nine under par—to tie for second place. In a playoff, the Bobby Smith team won the second place position with the Bennie Nichols teams coming in third and the Bob Bennie team winning 4th place.

Mr. Smith's team included James Cotton, B. Evatt, Evelyn Daniel, Steve Abbott, and Randy Housh.

Playing with Bennie Nichols were Keith Winnett, Robbie Robinson, C. Latham and Ed Wende. Bob Bennie's team included Geep Mitcham, Pat Owens, Ben Nichols, and Flo Robinson. Other team captains and their scores were Maryann Perry, 50; Gracy Owens, 52; Paul Schaefer, 52; and Penny Adamez, 53.

Man Arrested For Tuesday Theft

A 28-year-old white male with a Weatherford address has been arrested and set bond at \$10,000.00. The man is in Eastland County Jail at presstime in lieu of bond.

The chain of events began shortly after 1 a.m. Tuesday when City Patrolman Don Underwood spotted a pickup filling up with gasoline at a convenience store on the west side of Eastland. He radioed Central Dispatch who in turn notified County Sheriff Johnnie Morren.

After the arrest early Tuesday morning the man

was taken before Municipal Judge Robert Webb who read him his rights and set bond at \$10,000.00. The man is in Eastland County Jail at presstime in lieu of bond.

The chain of events began shortly after 1 a.m. Tuesday when City Patrolman Don Underwood spotted a pickup filling up with gasoline at a convenience store on the west side of Eastland. He radioed Central Dispatch who in turn notified County Sheriff Johnnie Morren.

Underwood kept the pickup under surveillance eastward and the lawman discovered it abandoned off the access road between the Dairy Queen and a residence there.

Sheriff Morren, Patrolman Underwood and Deputy Sheriff Albert Biggs began checking the building in that area including the Racquet Ball Club. The pickup left and Biggs apprehended it east of Ranger where a license check showed that the vehicle did not have the correct plates.

Upon checking a tool box in the pickup bed, Biggs discovered a bank bag bearing the name Republic Bank of Lubbock and inside were 14 smaller bags containing cash, checks and food stamps amounting to \$14,591.20. The man was arrested and brought to Eastland.

A key to the front door of the super market was found in the upholstery of Biggs Sheriff car Tuesday morning.

Officers theorized that the man apparently had a key to the front door and apparently knew the combination to the safe.

Super Duper officials were at the Sheriff's Office Tuesday checking on the contents of the money bag.

Long Branch Baptist Names New Pastor

Members of the Longbranch Baptist Church would like to invite everyone to come out and help welcome their new pastor and his wife.

He is Don Kitchens. His wife's name is Alma. They have to come pastor from Midland. Longbranch Baptist Church is located 11 miles south of Cisco on Hwy. 183. The members extend an invitation to anyone who would like to come.

County News Briefs

GORMAN
The Gorman Crime Stoppers is sponsoring a Drug Awareness Program Thursday, Aug. 16, at 7 p.m. at the Senior Center in Gorman. Lonnie Knight of the Cisco Police Department will present slides, tapes, and have a display of drug paraphernalia. Everyone is urged to come out to this educational program.

RANGER
The organization is well underway for the 3rd Annual Roaring Ranger Days. Oct. 13 is the date for this year for the big festival. A number of things are being lined up, including a Spanky and Our Gang Look Alike Contest for the kids, horseshoe pitching, washer pitching, and the usual popular attractions of Swamp Surfing, Almost Anything Goes, and the Street Dance. A new feature possibly will be an antique car show in the 3rd block of Main Street.

A work day on August 14 brought out some citizens to lay bricks in portions of the new downtown park, which will be located between the Joseph Building and Western Auto. Lee Cantrell and the City of Ranger got the lot ready for the workers.

CISCO
More than 200 football players, band members and drill team prospects will be among the students reporting to Cisco Junior College for the fall enrollment. The college opened a dormitory and the cafeteria on August 15 to accommodate persons arriving. Freshmen orientation is scheduled for August 23-24, and the fall semester will begin with registration Aug. 27.

The annual Pleasant Hill Community Homecoming will be at Pleasant Hill Baptist Church, nine miles south of Cisco, on Sunday, September 9. A number of residents and former residents are expected to attend. The church has an enjoyable program planned, beginning with registration at 10 a.m. Pastor Glenn Purvis will be Master of Ceremonies, and the Morning Message will be Dr. Elwin Skiles. A basket lunch will be served at noon, and the afternoon will be spent in fellowship. All interested persons are cordially invited to come and be a part of this Homecoming.

Cisco's nomination as a Texas Historical site has been accepted by the Texas Historical Commission's Board of Review. The acceptance followed a meeting of the Board at Palmer Methodist Episcopal Church in Houston on Saturday, July 28. At this meeting a slide presentation of the Cisco site was made. The nomination will now be submitted to the U.S. Department of Interior. Dr. and Mrs. Ayres Cermin represented Cisco at the Houston hearing. The Mobley Hilton Hotel became a national Historical site in 1983.

Dedication ceremonies for the picnic pavilion at the City Park will be held Saturday night, August 18 at a Ladies Night supper meeting of the Cisco Lions Club. The pavilion was completed with volunteer labor in time for the July 4 celebration, and is an attractive addition to the park.

EASTLAND
This week is being marked in Eastland by the opening of a number of new stores. One of these is Express Photo, on West Main, a shop owned by James and Marilyn Farmer. The film center offers processing on automatic sophisticated machines which turn out picture-perfect prints in record time. They offer one-hour processing if you need it, or "In by ten, out by four" service. They have contracts with Kodak, the company whose products they use, for special work, and will soon add equipment for color poster-size prints from regular roll film.

Ed and Joyce Carey, owner-operators of the new Wards store in Eastland, held their Grand Opening in conjunction with Heather's Hallmark store next door on East Highway 80. The Wards store has a good stock of merchandise, along with a two-bay auto tire and battery center. Owner-managers of Heather's Hallmark are Mrs. Ken Parker and Mrs. Allene Smith. The beautiful new shop has a complete Hallmark Greeting Card line as well as Russell Stover candies and Merle Norman cosmetics.

Doug and Carolyn White are opening their big new White's Ace Hardware store at 504 East Main. Around ten people will be employed at the store, which had a large inventory ranging from garden supplies to tools and home remodeling needs. The store will be open from 7 a.m. to 7 p.m. Mondays through Fridays, and 7 a.m. until 5 p.m. on Saturdays.

High Interest Rates Cutting Farm Income

COLLEGE STATION -- The recent rise in interest rates is putting further financial pressure on already hard-pressed Texas farmers and ranchers. "Both producers and agricultural lenders are concerned about this added burden," says Dr. Carl Anderson, economist with the Texas Agricultural Extension Service, Texas A&M University System. "High real interest rates not only increase costs, but they also strengthen the dollar against foreign currencies," Anderson points out. "And, a strong dollar discourages exports, encourages imports and stimulates foreign production." During the 1970s when interest rates adjusted for inflation ranged from 0 to 3 percent, farmers relied heavily on borrowed capital to expand operations. However, when interest rates skyrocketed in the late 70's, export markets began to disappear and stockpiles of surplus grain, cotton and dairy products started to appear, the economist notes. "Last year interest rates eased down slightly to average around 13 percent, but now they're back up to more than 14 percent," says Anderson, "and that spells bad news for Texas farmers and ranchers."

Outstanding agricultural debt in Texas exceeds \$13 billion, according to the economist. And, with most of this debt subject to changes in interest rates, a 1 percent rise in rates can easily add \$100 million to expenses. Then, with the income after expenses running \$1 billion or less, a 1 percent increase in interest rates reduces net farm income by 10 percent or more.

Letters to the Editor

All letters are subject to editing, and must be signed. Names withheld on request.

Dear Editor
Over the years, our state and its citizens have prospered through an abundance of natural resources. However, in recent years, population and industrial growth have been accompanied by increased demand on these resources and have resulted in their depletion. Most noticeable and publicized has been our supply of oil and natural gas. Somewhat overlooked, however, has been our most

precious of these resources - water.
Today this depletion has struck home as a result of drought compounded with increased demand. It has become most apparent in many of our major cities where rationing has become a fact of everyday life. And, I'm sorry to report, the situation is not getting any better. In fact, it won't go away and is likely to grow worse.
Statistical information ac-

culated through the Texas Department of Water Resources - the state agency responsible for the conservation and development of our water resources - indicated that groundwater (aquifers) is being depleted faster than it can be naturally recharged. Existing surface (reservoirs) water is not adequate for future growth. In fact, much of Texas' existing surface water reservoirs will barely be sufficient to meet water demands during critical droughts, a fact reflected in our current water rationing programs in many of our cities and shortages in our troubled agricultural areas. As industrialization and population continue to increase, our water requirements and water protection needs will continue to multiply.

That is why I implore you, my fellow citizens, to become more aware of the severity and magnitude of this problem. It will take your efforts and the efforts of your Legislature combin-

ed to find a solution to the problem of our water conservation and development needs that will benefit all Texans.

In the months between now and the next session of the Legislature in January, this office and other lawmakers will be working to devise water development and conservation plans for legislative consideration.

My staff is currently working with me in formulating a conceptual plan for water development and conservation. If you would like additional information on our efforts, please contact Ms. Mary Rinaldi, Research Department, Office of the Speaker, P.O. Box 2910, Austin, Texas 78769.

Your help is needed and I encourage your active participation in the process by contacting your elected representatives and transmitting your concerns and suggestions for addressing this critical issue.

You and future generations of Texans will be the major beneficiaries.

Thank you for your concern.
Sincerely,
Gibson D. "Gib" Lewis
Speaker

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

A college student asked, "What's right? What's wrong?" "Where," I answered, "can we find a court of final appeal?" "You must believe yourself," I answered; "or you must believe someone else. And you must have faith in the one you believe. You must make a choice."

I choose to believe the Lord. With the Psalmist I have said to Him, "I am but a pilgrim here on earth; how I need a map—and trace a step, or retract a Your commands are my word, or repent of a deed, chart and guide. I long for Your instructions more than I long for the Lord to trust?"

I have met many great men and I have heard many wise men. But I have never met one that I would rather trust than the Lord Jesus Christ. His greatness is not marred by littleness. His goodness is not tainted by imperfections or inconsistencies. His wisdom is not flayed by folly. He is altogether lovely and perfect. He never has had to retrace a step, or retract a word, or repent of a deed. Can you find a better person than the Lord to trust?

Soviets View Mondale As Mixed Blessing, Says Expert

One of the Soviet Union's long-standing tactics in dealing with the West has been to try to develop cleavages between the United States and its NATO allies, said a professor of political science at Texas Christian University.

"I think efforts along this line by the Soviets will prove valuable from a propaganda perspective in keeping alive the anti-war movement in Western Europe," said Dr. Ralph Carter. "This is almost by definition an anti-Reagan movement politically, and that will help make American NATO cooperation far more difficult even if Reagan should get re-elected."

Carter, on the other hand, feels the Russians see presidential candidate Walter Mondale as a mixed blessing. "They cannot help but be convinced that he

might potentially be more amenable to their interests than would Reagan. Yet the Soviets have shown time and again that they prefer adversaries whose behavior they can predict. While they did not like the politics of Richard Nixon and while they do not like the politics of Ronald Reagan, they admire the fact that these men take forthright stands and tend rarely to back down from them.

"In many ways across the bargaining table they find an individual who is very forthright and clear and who doesn't back down to be actually preferable to deal with in a negotiating format because they don't have to read between the lines," he said.

If Reagan is elected to a second term, Carter thinks there could be domestic constraints against his pursuing a more confrontational policy against the Soviets. Mondale will run a better

race against Reagan than Carter did in 1980. Consequently Reagan will not have the political mandate he did in his first term.

"I don't think Ronald Reagan is the simple-minded hawk that many people point him out to be. I think lurking beneath that television exterior is a person far shrewder than many people give him credit for."

"While I don't doubt his anti-Soviet, anti-Communist feelings, I also do not doubt his statements that he has lived through three different wars and has learned how devastating conflict is. I think he has a far greater respect for the destructive power of war than do, as example, many 25-year-olds for whom Vietnam is something they barely remember. In fact they are less familiar with Vietnam than the Korean War; at least they see the Korean War on M*A*S*H," he pointed out.

Know Your Food Additives

Food additives are found in grocery products ranging from baby foods to coffee creamer. In fact, Americans swallow about five to ten pounds of emulsifiers, preservatives, flavorings, colorings, acids and vitamins in their food each year.

Yet few consumers can distinguish between products that use additives for a useful purpose, versus those that use additives to make a less-nutritious product more attractive, says Marilyn Haggard, a Texas A&M University Agricultural Extension Service nutritionist.

On the positive side, she says, preservatives help prevent spoilage, while emulsifiers keep water and oil mixed together. Vitamins and minerals add nutritional value.

According to the nutritionist, some of the most common useful additives include:

- Calcium propionate - inhibits mold growth in bread.
- Polysorbate 60 - an emulsifier.
- Beta carotene - an artificial coloring that the body converts to vitamin A.
- Citric acid - an acid that occurs naturally in citrus fruit.
- Thiamin mononitrate - a nutrient (vitamin B-1).
- Sorbic acid - a preservative.
- Casein - a protein that is obtained from milk.
- Vanillin - the main flavor component of vanilla.

However, shoppers should be concerned when additives are used as a replacement for nutritional foods, says Haggard. For example, thickening agents are sometimes used to make a food look rich and thick, even if it contains smaller amounts of ingredients than a competing brand.

Artificial colorings and flavorings are sometimes substituted for fruit, chocolate or other real foods, she explains. Caramel coloring can make white bread look like whole wheat.

Flavor enhancers such as MSG, may suggest to the eater that a food contains more meat than it really does. And vitamins added to sugary, non-nutritious foods permit extravagant nutritional claims, notes Haggard.

All food additives are tested by private companies. The Food and Drug Administration (FDA) then evaluates the tests and decides whether the chemical may be used in food, says the nutritionist.

YOU AUTO KNOW

00000

IN THE INTEREST OF SERVING THIS AREA, JIM CALDWELL BRINGS YOU THESE IMPORTANT MONEY-SAVING ARTICLES:

Cars with diesel engines can be damaged by driving through standing water. Avoid water more than 8 inches deep; even in shallower areas, go slowly so water won't be splashed up and sucked into the engine through the air intake.

Harder steering and maneuvering, shimmy, and road wander are trouble signals. Suspect wheel bearing trouble and get the car services promptly.

Though today's new batteries no longer need to be filled with water regularly, they do require SOME attention. Be sure battery is firmly seated and clean. Have cable connections checked for looseness, corrosion, broken clamps, or fraying.

Wheel bearings and grease seals are usually serviced during a complete brake job.

Safety tip: if your gas sticks, tap it lightly to see if it will spring back. Use the toe of your shoe to pull it up—but don't take your eyes off the road. If you must stop, turn ignition OFF (but not into "steering lock" position) and apply brakes.

NEW-USED CARS

Car-buying tip: you'll get a good buy on a great new (or late-model used) car at JIM CALDWELL MOTORS, 314 W. Main, Eastland, 629-2636.

AUTO REPAIR

Safety tip: you'll get better performance on the road when your car gets better maintenance at JIM CALDWELL MOTORS, 314 W. Main, Eastland, 629-2636.

BODY SHOPS

Car owner's tip: your car will last longer—and keep its good looks—if you repair and repaint dents and scratches promptly. See the experts at JIM CALDWELL MOTORS, 314 W. Main, Eastland, 629-2636.

How To Avoid The "Opening Day Jitters"

HOUSTON-The first day of school can bring "opening day jitters" for even the most well-adjusted child, according to a psychiatrist at Baylor College of Medicine.

Martin Drell, M.D., a Baylor child psychiatrist, says parents need to prepare children for the first day in the classroom by explaining what school is like and how the child should behave.

"School isn't something to be sprung on the child at the last minute," Drell said. "Parents shouldn't say the child is going to the swimming pool and then end up at the school. It's important not to mislead the child."

Drell says parents should avoid overselling school to their youngsters, and should be realistic when describing how time will be spent during the school day.

"Some parents go overboard and make school sound slightly better than Disneyland," he said. "Under those circumstances, the big buildup backfires. The child goes to school and expects free time playing on the slide, but part of school is being able to sit down and get to business."

Parents can reduce children's normal fears by having them visit the school and meet the teacher before classes begin. Pointing out familiar faces of neighborhood children who will be classmates may also make the child less apprehensive.

Most children adjust to the new environment within a few days. Others may con-

tinue to have problems or may have a delayed reaction in which they develop problems getting along with other children or the teacher. Troubled children may reveal their problems in play, with the "mean" teacher or the classroom "bullies" as villains.

Parents should let children know that school rules are different from those at home. For example, playtime, naptime and bathroom visits will be coordinated by the teacher.

"The parent needs to let the child know that the teacher will be in control when the parent isn't around," Drell said. "This relieves the child and lets the teacher do the job."

Part of the ritual of going to school includes getting new supplies like pencils, a colorful lunch box, and even a backpack. The importance of having "in" things like velcro shoes or a T-shirt with a popular cartoon or movie character splashed across the front shouldn't be underestimated.

"One of the innate urges of children is to be like everyone else," Drell said. "They don't want to be different, and parents should let the child fit in with the crowd, at least at this age."

The most important thing is to get children used to playing and sharing with other children, Drell said, and to realize that there will be plenty of time to emphasize individuality after the child becomes adjusted to the classroom and the peer group.

A Closer Look At The Premium Frozen Dinner

COLLEGE STATION -- With their gourmet names and fancy packaging, today's "upscale" frozen dinners seem quite different from the ordinary TV dinner on an aluminum tray. But that difference is mostly a matter of cost and type of ingredients rather than nutrition, says a Texas A&M University Agricultural Extension Service nutritionist.

The premium frozen food category has enjoyed meteoric growth, gaining about 35 percent in sales volume last year, says Dr. Alice Hunt. Sales are expected to triple in the next several years, she adds.

To find out whether the premium products are really different from their competitors, Extension researchers at Cornell University compared several poultry dinners and entrees for differences in calories, sodium content, ingredients and cost, reports Hunt.

They found variation in food combinations, with the more expensive premium dinners offering rice and wild rice pilafs and unusual combinations of vegetable instead of mashed potatoes, peas and carrots.

The dinners also vary on the quality of the ingredient, she notes. The least expensive products are made from turkey rolls, for example, rather than whole turkey. Some products are labeled "gravy with turkey" indicating more gravy than turkey. Some of the least expensive products list broth first in their ingredient statement, showing that it is the most predominant ingredient by weight.

However, buying a premium dinner is no guarantee that you'll get

more food, says Hunt. According to the Cornell study, calorie counts are relatively uniform among both premium and TV dinners. Most contain 28 to 22 calories per ounce. The weight loss on many of the low-calorie meals is mostly a matter of portion control rather than low-calorie cooking, since the calorie count per ounce is about the same as other products, says the nutritionist.

In addition, neither type of prepared dinner could be recommended for low-sodium diets, she observes. Some premium products are lower in sodium than TV dinners, but they still contain more than one gram of sodium. Not all frozen products are labeled with nutrition information or sodium content, so people on low-sodium diets would need to be cautious, adds Hunt.

Except for sodium, frozen meals - whether premium or the TV variety - are about the same nutritionally as home prepared food, says Hunt, and many of them represent a well-balanced meal.

Moran News

By Mrs. Luke Huskey

Members of the Moran Birthday Club met at the Moran Snack Bar on Thursday night, August 9, for the regular monthly meeting. It was the first meeting in about 2 months. Mrs. Ezra Weir was the only one present to celebrate their birthday in August. Others who had birthdays were no present.

Mildred Smith showed slides pictures of her recent trip through the upper part of the United States and into Canada. She made comments on the pictures and questions were asked, making a very enjoyable evening.

Those present were Mr. and Mrs. Ezra Weir, Mrs. Faye Turnbull, Imo Hitt, Reese Woolfolk, Elma May Huskey, Mildred Smith, Mae Delle Jones, Margaret Schooler and John and Mrs. Mickey Miller.

Mrs. Bertha Warford and Mrs. Adeline McAvonia of Breckenridge visited with their cousin, Mrs. Daisy Smoot, last Thursday.

RAIN

Moran received some much needed rain Saturday and Sunday, with different amounts falling in other parts of the community. The City received .40 inches, which was badly needed.

Elma May Huskey spent the weekend with her sister-in-law, Mrs. Eddie L. Smith, in Jacksboro, and they attended the annual Smith Family reunion in Mineral Wells on Sunday. Forty six people were present for the reunion. Cities represented were Ft. Worth, Decatur, Allen, Jacksboro, Moran, Denham Springs, La., Fairbanks, Alaska, Yakima, Wa., Mineral Wells, Bridgeport, Munday, and Anchorage, Alaska. A very enjoyable time was had by all.

Mr. and Mrs. Robert Thompson are visiting friends in Dennison.

Mr. and Mrs. Steve Bennett and daughter of Oklahoma spent the weekend with his parents, Mr. and Mrs. J.W. Bennett.

Byron Finn of Abilene visited with his grandmother, Mrs. Jack Moore last Thursday.

MORAN COUNTRY MUSICAL

Due to illness and other reasons, the Moran Country Musical will NOT be held until January 25, 1985. It is hoped by that time, that the musical can be resumed, can be continued. Please, keep in mind that it will not be held until the fourth Friday night in January.

Mr. and Mrs. Ezra Weir, and Kamber Knowles attended the funeral for Bo Bartee in Hamilton, last Thursday. They were accompanied by Mrs. Basil Hitt of Cisco.

BRIDAL SHOWER
Susie Garrett, daughter of Mr. and Mrs. James Garrett, will be honored with a bridal shower on Saturday, August 25, from 2:30 p.m. to 4 p.m. in the Fellowship Hall of the Baptist Church in Moran. The public is invited.

Bert Jones is receiving treatment in Hendricks Hospital, Abilene. He had the misfortune of getting his eye hurt with some wire Sunday. Surgery was performed on Monday.

FLEA MARKET
The American Legion will sponsor a Flea Market on the fifth Saturday in September, which will be September 30. For a booth or a table contact the Post Commander, Hubert Brewster, or R.W. Miller.

On Saturday night, Sept. 1, the American Legion will be hosts for a Game Night-Chili Supper for members of the American Legion and their families and members of the American Legion. Auxiliary members and their families are urged to attend.

AUXILIARY MEETING
The President, Mrs. Shirley Brewster, called the auxiliary meeting to order on Monday night, August 6, 1984. The Chaplin, Mae Delle

Jones led the group in prayer.

The members repeated the Pledge to the Flag and the Constitution.

The president welcomed the new member and others present. She announced that the 1985 dues were due.

The secretary gave the financial report.

Various activities of the Auxiliary were discussed, but no activities were mentioned, to be held soon.

Due to the first Monday in September will be on Labor Day, no meeting will be held, but a short meeting may be held at the Game Night Chili Supper.

Mr. and Mrs. Bert Booth of Temple spent the weekend with his mother, Mrs. J.W. Booth.

Putnam News

By Mrs. R.B. Taylor

Another week has gone by and no rain, even though the weatherman promised 50 per cent chance of showers today. The rains we had here in July are about gone. The grass and weeds are getting blue and brown again. The stock tanks around town are still full of water, for which we are very thankful. Lets just hope and pray for good general rains soon.

The sick folks in our community are all better. Mr. Loren Everett who has surgery at Dallas Veterans Hospital was supposed to come home yesterday. Little Joseph Maxwell has been "puny" this week, his mother Judy took him to the doctor at Abilene two days this week. Mrs. Ruby Weatherman had the misfortune to fall at Cisco and severely injured a foot. She is on crutches, but luckily no broken bones.

This writer is happy to announce the addition of a new granddaughter-in-law to our family. Kirk Taylor, oldest son of Homer and Carolyn Taylor of Sweetwater, and Laura Price of Sweetwater were married at the Botanical Gardens at Ft. Worth August 2. Laura is the daughter of Mrs. Beth Price of Sweetwater. She is

employed as a teacher in Lubbock schools. Kirk is also working at Lubbock. They are living in Lubbock following a honeymoon in Jamaica. Kirk is also the son of the Arlin Bints near Cisco. Ollie Burnam went to Ft. Worth last week end where she attended the wedding of her granddaughter Charla Brown to Charlie Brady. Charla is the daughter of Retha and Bill Brown of Ft. Worth.

Mrs. Maggie Cook of Baird her sister Mrs. Annie Merle McGowan and son and wife of Sherman are spending the week at Las Vegas, Nevada.

Mr. and Mrs. John D. Isenhower went to Odessa Wednesday for a check up on John D.'s eyes. The Rythm Band composed of Cisco Senior Citizens entertained the folks at the Putnam Community Center Wed. They will be coming to Putnam again soon.

Visiting the Sid Weatherman's this week have been Terry Robinson and Children of Big Spring and Don Weatherman of San Antonio. Sid went home with Don for several days visit.

Tedra Ulmer, Home Demonstration Agent for Callahan County will be at

ALLSUP'S GRADUATES ASSISTANT MANAGER-Assistant manager Roy Grisham, (left), receives his diploma from Gary Whittington, instructor for Allsup's Assistant Manager's Training Course. The training is a requirement for all assistant managers and stresses store cleanliness and maintenance procedures as well as customer relations and company policies. According to Whittington, "Allsup's company philosophy is to provide better service and quality for our customer. This training is designed to help our employees meet those commitments." Grisham will return to #191, Allsup's store at 913 West 8th, in Cisco to assume the duties of assistant manager.

the Community Center August 20 to give a demonstration on cooking for one or two people.

Dorothy McKinney will be at the Community Center of Tuesday August 21 at 11:30 to take Blood Pressures. Anyone is urged to come regardless of age.

John David and Christi Isenhower of Coleman spent the weekend with their grandmother Ollie Burnam.

People n Things

MRS. EMMA Lee Donovan, vice president of the First National Bank, sustained an ankle fracture at the Donovan Ranch north of town last Saturday morning. She was a patient at E.L. Graham Memorial Hospital this week and her condition was reported as satisfactory.

Mrs. Donovan was helping husband Jibby with the ranch chores and jumped out of the back end of their pickup truck, turning her ankle and suffering the injury. Understand they put a steel plate in the ankle to facilitate proper setting of the broken bone.

She was expected to be in the hospital for several days.

YOU'LL BE GLAD to hear that the little son of Mr. and Mrs. Ronnie Webb, 908 Avenue H in Cisco, is doing nicely at Children's Medical Center, Fort Worth. The little lad, who was named Joshua, was born last Friday at E.L. Graham Memorial Hospital.

Soon after birth, it was decided that Joshua needed specialists to stabilize his condition. A Care Flight helicopter flew to Cisco and took the baby and his parents to Fort Worth and the hospital.

Ronnie, son of the Wayne Webbs, and wife Raejean were in Fort Worth with their first born. Mrs. Ronnie Webb is a native of Baird where her parents reside. Ronnie is a local contractor.

THE SOME 65 teachers of the Cisco Public Schools have been invited to a salad luncheon at noon Friday, August 17, at the First Baptist Church fellowship hall. Church members volunteered to prepare salads for the 8th annual such luncheon.

Retired teachers serve as waiters and waitresses for the function.

As you know, the 1984-85

school year opens next Monday in our town.

MR. TOMMIE Pope reports that the selling out sale at their Red Gap Western Store is doing nicely. He has had several inquiries about the building, he says... Understand the building from where Don's Cafe moved will soon become a barbecue restaurant. Hear good reports on Don's Cafe in their new location on East 14th Street... Saw Jackie Stevenson, son of Mrs. Jack Stevenson and the late Mr. Stevenson in town last weekend.

MR. RED OWENS, who ran a barber shop here for a good many years before retiring a few years ago, now make men's belts and sells them. They're nice looking belts of real leather. He told us that he has sold 125 of them... Home after a week of fishing and vacationing at Lake Buchanan are Mr. and Mrs. Jasper Cook of our town. He reports that they caught all the fish they wanted to eat, enjoyed visits with his daughter and family and the outing generally. Lake Buchanan is 22 feet low. Mr. Cook reports, and this has lake residents and concessionaires worried about their docks.

GUESS YOU CAN credit the Ed Bradshaws with last Sunday's good rain. They left a couple of weeks ago for a travel trailer vacation and everywhere they went it rained. At Ruidoso, N.M. it rained for a solid week. They had stops in Roswell and Clovis, N.M. and Plainview and it rained at all three places.

Coming home last Saturday, they ran into a heavy rain around Putnam. And, of course, it rained some two inches Sunday at their house and at all the other houses in Cisco.

OUT AT THEIR home near Lake Cisco, the Stanley Pirtles recently had a water well drilled in their back yard. At 365 feet, they stopped and put in pumping equipment. Water is now coming out, clear and cold and in good quantity.

Mr. Pirtle reports that he is getting organized to have the front of his oil company office building down on Hilton Ave. remodeled.

HATS OFF to Dr. and Mrs. Ayres Cermin and others of the Cisco Historical Society for the work they have done over several years to have Cisco designated as a historical site. The state association has approved Cisco's request, as you probably read in last Sunday's Press, and the official designation is expected to come through soon. You'll be hearing more and more about it all.

MR. TRACY Owens, son of the George Owens, is scheduled to pack up his gear and head to Baylor University at Waco this coming weekend. He will be a member of the Baylor Band this year and is due to begin rehearsals and drills on Monday... The Cats Ingrams and the Bobby Ingrams are home from Colorado and trout fishing. And they had pretty good luck... The Homer Smiths of Tyler were in town 1st weekend to visit in the home of relatives. Saw him playing golf at the Cisco Country Club.

THERE WAS A nice birthday party at the Dairy Queen here last Saturday afternoon. It was in observance of the 8th birthday of Jessica and John Gaeta, twins of Al and Helen Gaeta of our town. As you know, Jessica suf-

fered a bad fracture of a leg last winter and had to spend over a month in a hospital in traction and another month or two in bed. She is doing nicely and is ready for school to begin. She gets around without trouble but hasn't started running yet, reports her mother, who is office secretary at the Chamber of Commerce.

ALL MEMBERS OF the Cisco Lions Club (noon) and their wives have been asked to attend a hamburger party at the Cisco Park this coming Saturday night. Understand Mr. Brad Kimbrough will serve as the head chef for the affair.

The program will feature dedication ceremonies for the city park pavilion that Lions have built during the past year. An appropriate program has been arranged. President Bob Conner reports.

births

CODY PATRICK BOYD
Chad Paul Boyd is proud to announce the birth of his brother Cody Patrick, born at 12:26 p.m., August 7, 1984 at Hendrick Medical Center in Abilene.

Cody weighed 8 lbs and 6 ozs., and was 20 inches long. Proud parents are Kenneth Paul and Jeri Inez Boyd of Cisco.

Paternal grandparents are R.B. and Annette Boyd, Sr. of Cisco. Maternal grandparents are Chock Ingram of Cisco, and Tony and Dona Marsh of Cisco.

Great grandparents are Mrs. B.A. Ingram of Cisco, Alice Foelin of Ft. Worth, and Verzie Prickett of Cisco.

RECEIVES DIPLOMA-- Graduating Manager Patricia Martin (left) receives her diploma from Rick Garris, instructor of the Allsup's Store Manager Training Course. The class held at the company's home offices in Clovis, New Mexico, is required for all managers. According to Garris, "The eight day course is intensive, with theory, policy and procedure and practical application covered. It's a demanding class designed to prepare the managers to handle the duties of their challenging position and better serve our customers." Martin will return to her store at 913 West 8th Street in Cisco to assume her duties as manager.

Calling All Parents!

Call all parents - of Cisco High School students! With back to school time right around the corner, now is the time to plan for the school year. Many parents have voiced a desire to plan some activities for our high school students for this upcoming school year. Cisco, being a small town is limited in what it can offer our young people in the way of entertainment, and the time has come for the parents to offer something for our teenagers.

Plans are in the making for a back to school party, scheduled for Saturday, August 25. A popular Abilene disc jockey has been invited to the party to provide music for listening or dancing.

Definite party rules have been established and will be enforced. The rules are as follows:

1. Students may leave the party whenever they wish; however, once they leave the building, they may not return.
 2. No alcohol or drugs will be allowed.
 3. Only high school students, and their dates, will be invited to attend activities.
- If party rules are followed, other activities will be planned every four to six weeks. The activities that have been discussed include: a costume party for Halloween, a Victory party after a

football game, and a formal Christmas Party. All parties will be well chaperoned. All parents are invited and encouraged to attend.

In order to provide these activities for our high school students, parent participation is a must! It is necessary that we have your help by contributing money to defray party expenses and by being available to chaperone. You may also be called upon to help furnish refreshments.

If you have any questions, or would like to offer your help, please contact any of the following parents:

- Rick & Sandy Abbott, 442-3085.
 - Curt & Sue Covert, 442-4398.
 - Joe & Jan Cooper, 442-3994.
 - Johnny & Rachel Cagle, 442-1392.
 - Ted & Pennie Fields, 442-3535 or 442-1188.
 - Harold & Vernell Reich, 442-3575.
 - Joe & Andrea Seabourn, 442-1094.
 - Gus Smothers, 442-1291.
 - Don & Pat Wallace, 442-4627.
- Donations may be mailed to Curt & Sue Covert, Route 3, Box 53.
- A meeting will be held to finalize party plans at the Cisco Chamber of Commerce on Thursday, August 16, at 7:30 p.m.
