Lions Club Bowl

Tickets On Sale

Members of the Cisco Lions Club have made plans to put

special emphasis during the coming week on selling tickets

for the annual Lions Benefit Bowl football game scheduled

Saturday night, Sept. 22, in Breckenridge between Cisco

Junior College and Ranger JC, to be played at Buckaroo

Secretary Jasper Cook of the noon club, along with Clyde

Sublett of the evening Lions, urged Lions to re-double sales efforts in a talk at the weekly luncheon last Wednesday noon

at the Colony Restaurant. All Lions have tickets for sale and

tickets can be picked up at the Chamber of Commerce and at

The Press Office. Ticket prices are \$3 for adults and \$2 for

Ticket purchasers will save \$1 per ticket if they buy the

game tickets before going to the stadium. There will be no admission charges for children under 12 years of age.

Profits from the annual Breckenridge game are divided

between the Lions Clubs in Cisco, Eastland, Carbon, Ranger

and Breckenridge for use in their community work. Part of

the proceeds benefits the Lions Camp for Cripppled and

Announces For Justice Of Peace entertainment program for presentation at half-time. Also,

This newspaper has been authorized to announce my candidacy for the office of Justice Of The Peace, Precinct 4, as a write-in candidate.

I am a native of Cisco, attended Cisco High School, Chenier Business College, College, Harrisburg College, Southern Illinois University, Northwestern University, and Garrett Theological

Seminary. At the present time I am the Secretary of the Cisco Lions Noon Club, Zone Chairman of Zone 1-A. Region I, District, 2-E1. I am the administrator of the Cisco Welfare Fund Reserve, a member of the First United Methodist Church, Choir member, Sunday School Teacher, former Hospital Chaplin, veteran of World War II, and a retired

For the past two years I held the office of Municipal Court Judge in Cisco, and have attended three State approved schools for Judges, as required by law, and have several Citations and Awards for excelling in my studies and dutues as a Municipal Court Judge. I have also held the office of Vice President of the Organization of Municipal Courts of Texas.

Minister.

I often sing and play with the Senior Citizen's Band, sometimes sing with the Gospel Singers at the Cisco Nursing Center, conduct religious services at the Nursing Center, take part in community activities and support the City of Cisco 100 per cent.

Since I could not have my name on the ballot for the November election, I am therefore running as a writein candidate and ask the people of Cisco, Precinct 4, to vote for me by writing my name of the ballot when you vote. If you do this, you will be voting for a man who is not only qualified, but also experienced and has a great consideration for, and interest in, this community.

BURAL CHAMBERS **Bural Chambers**

Returns To **Funeral Home**

The Cisco Funeral Home announces the return of Bural Chambers to its professional staff as a licensed funeral director. Bural graduated with the Lambda Omieron Class of Dallas Institute of Funeral Service in Dallas on Friday, August 10, 1984 at the Gaston Avenue Baptist Church.

During graduation Bural was presented the Scholastic Achievements Award for maintaining a high academic average. His wife Mickey was awarded a certificate for attending a short course in Funeral Service Orientation offered to the spouses.

While in school Bural was initiated into Pi Sigma Eta, National Morticians Fraternity. In February he was elected treasurer of the Epsilom Chapter of the Fraternity. On August 29, 1984, he passed his State Board ex-

ams in Austin for Funeral Directing and Embalming. Bural graduated from Dublin High school in 1969, attended Cisco Junior College and Tarrant County Junior College majoring in business. He was employed from 1972 until 1983. He worked in retail management as Manager Trainee and assistant manager for nine years of that period.

In June 1983, Armo and Clifford Chambers bought remaining interest in the Cisco Funeral Home. At that time Bural made a decision to return to the family business. After the death of his father, Armo Chambers, Clifford joined his mother, De Alva Chamber, assuming duties of Funeral Director in Charge. The family has continued to serve the communi-

Bural was associated with his Father during the early years of Cisco Funeral Home before moving to the Fort Worth, Dallas area in 1972. He worked with Blessing-McInnis Funeral Home in Mansfield and Dalton and Sons Funeral Home in Lewisville before returning

home to Cisco. Bural, Mickey and their three children, Kedra age 9, Jeff age 6, and Beth, age 4 have moved to Cisco. They have purchased a home at 1401 Bullard. They are members of the Word of Life Church. Mickey is the former Mickey Martin graduating from Cisco High School in 1971. Mickey is a Certified Color Consultant by d'Saison.

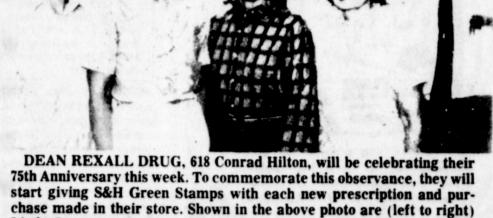

Bural and Mickey are both glad to be moving back to Cisco and are looking forward to being a part of the community.

Dean Drug Co. Is Celebrating 75th

The Dean Drug Company is celebrating its 75th anniversary this year. What makes it especially noteworth, it is the second oldest drugstore in the state of Texas under the same family ownership.

Owners are Lloyd and Betty McGrew. The organizatin began with Mrs. McGrew's grandparents, Mr. and Mrs. T.J. Dean.

Tom J. Dean, got his inspiration to become a druggist from planting tobacco slips in Smith County, Ten-nessee, where he was born. He didn't immediately aspire to become a druggist, but he did immediately resolve to do anything, the Lord willing, rather than slop around in muddy fields tobacco plants streaming muddy water down his legs. In 1909, the T.J. Deans moved from Big Spring to Cisco, to join Floyd Jones in operating the Dean Drug store. A few years later, Dean bought out Jones' interest in the store. The

Dean's had one daughter. Mr. Dean died in 1945, at the age of 75. Mrs. Dean, his widow, sold her interest in the store to her daughter.

Mrs. Ernest Lennon. Mrs. Lennon graduated from Cisco High School and Cisco Junior College and also attended Hardin-Simmons University.

In 1921, Mr. Lennon moved to Cisco and spent his first ten years here as an employee in a cleaning and pressing shop. He and Mrs.

Lennon were married in June, 1930. Nearly a year later he joined Dean Drug as a full time employee and part owner. The Lennons, had one

daughter, Betty, who was

born and raised in Cisco. She

graduated from Cisco High school and attended Cisco Junior College for one year. She then entered the University of Texas, and received A BS degree in

pharmacy. She then became a pharmacist in the family drug store. Betty met and married Lloyd McGrew, after both

had graduated from the University of Texas. Both took BS degrees in pharmacy

Lloyd McGrew is a native of Ponca City, Oklahoma. He came to Cisco first in 1949 to attend Cisco Junior College. He is a veteran of World War Force. McGrew is a private pilot and flies his own plane.

Mrs. McGrew's grandmother died in 1961, and her mother Mrs. Lennon, sold her interest in the store to the McGrews in 1971. Mrs. Lennon passed away earlier this year.

Lloyd and Betty were married soon after graduating from college. McGrew spent three years as a salesman for a pharmaceutical house before buying an interest in Dean Drug and joining the staff as a pharmacist.

Lloyd and Betty have two daughters, Mary Elizabeth, and Dee Dee. Both girls have graduated from Cisco High School. Mary has graduated from Cisco Junior College and Dee Dee is now attending there. Could there be a fourth generation business in the future?

In keeping up with the computer age, the store now has a computer for filing information concerning prescriptions.

CISD Trustees Plan New School

The board of trustees of the Cisco Independent School District began work on plans for a new primary thly meeting Monday night at the downtown school offices, according to a report by Supt. James Couch.

The board conferred with two architects and a builder's representative regarding the proposed 20,000 square feet building planned on a two-block site purchased recently between Avenue H and J and 15th and 16th Streets.

David Bloxom, architect, and representative of the Sad-Crete Company of Kennedale, near Fort Worth. outlined a plan for a concrete slab building. They invited the board to visit several building they have put up for schools in the Fort Worth

area. Mr. Couch said all members of the board plan to go to Fort Worth and Kennedale on Saturday, Sept. 22, to inspect buildings erected with Sad-Crete materials.

Bill Adling, Lubbock architect who grew up in Cisco, also appeared before the board and discussed his ideas for a school building. He is the son of Mr. and Mrs. H.I.. Adling of Cisco and is a graduate of Cisco High School

Mr. Couch said the school has accumulated a building

Band Boosters Will Meet Monday Night

The Cisco Band Boosters will have a meeting Monday night, September 17, at 7:30 p.m. in the high school band hall. The new by-laws will be voted on. All members are encouraged to be present for this important meeting.

Gun Club Plans Saturday Shoot

The Cisco Gun Club will hold both Adult and Junior shooting matches Saturday Sept. 15th at 2:00 p.m. The matches will include all rifle-pistol calibers and shotgun.

The public is invited to at-

fund of more than \$500,000 over the past several years for use in erecting a primary school structure. Plans call

ed by Grades 1 through 5. Grades 6,7 and 8 will use the present Intermeidate School building next year, leaving grades 9 through 12 to use the present high school building. Presently, grades through 3 use Primary School, Grades 4 through 6 use Intermediate School, and Grades 7 through 12 uses the junior-senior high school

building. Every effort will be made to have the new building ready by Sept. 1, 1985, Mr. Couch said.

In other action, the board took steps to implement two provisions of the recently enacted HB 72, the new school legislation, concerning a disciplinary policy and a tutoring service, Mr. Couch said.

A faculty tutoring service will become available to students who are failing subjects after the first six weeks, Mr. Couch said. Members of the school faculty will serve as tutors on a voluntary basis, and they will be paid \$15 per hour by the students. The service will be available to any students who desire it, Mr.

Couch said. Other routine matters were handled by the board. The meeting was adjourned.

REMEMBER OUR

A Walk To Remember

EDITOR'S NOTE ON "A WALK TO REMEMBER"

On the morning of Sept. 9 an 82 yr. old Breckenridge woman, Rosa Gene Carroll, made a non-stop Walk-A-Thon in order to pay off the debt on her Church building and help a local family with medical expenses for their baby. This is detailed, eyewitness account of this unusual event

By Viola Payne It is almost 5 a.m. on Sept. 9, and my friend, Rosa Gene Carroll, 82, gives a quick jump from my pickup as I park near the South Ward School Track

Breckenridge. She turns to me, with moonlight gleaming on her multi-colored striped blouse and white slacks.

"I can do it!" she says. "With the Lord's help I will finish this Walk-A-Thon. Keep on praying. I will go at least twelve miles."

I scramble behind her to the Track gate. This is a special non-stop Benefit Walk-A-Thon, an event publicized in the area newspapers.

Mrs. Carroll hopes funds raised will help pay off our Seventh-day Adventist Church debt, and also provide funds for medical bills of a local baby named Steele Boggs.

She has pledged \$5 per mile from her own money for this event, and is encouraging townspeople to give what they can. An account for this project has been set up at the Texas American Bank in Breckenridge.

We are joined by Vera Carter and Lois Hart of Breckenridge, Mrs. Hart is going to keep scores along with me, verifying the Walk-A-Thon distance. I am surprised that I am the only person here from any news media, after all the previous coverage

Mrs. Carroll has already explained why she particularly wanted me to watch this walk

"I know you'll tell it like it is - that it's all the Lord's doing, not mine. You know ! have tried to obey God's laws, including the laws of good health. I believe He will give me the strength I' need."

She heads for the Track gate, limping slightly. I know she has had trouble with one foot during her grueling practice sessions walks which have reached up to 12 and 13 miles at one

"Now Gene -" we all say -"Don't push too hard! Stop before .

She is off, beginning at 4:55 a.m. at an even, fairly slow clip. The light from the school grounds illumes this side of the curving, quartermile track. The south side, however, has only moonlight. But that probably won't slow Gene Carroll. For she is partially blind, and has coped with darkness for about two years.

We spectators have worked out a routine, knowing that Mrs. Carroll will stop for absolutely nothing until she is ready to quit. When she holds up one hand as she passes us we give her a small container of water.

As she disappears around the Track, those laps seem longer than any quarter of a mile! I sit in a folding chair. trying to sort out my feelings. Gene Carroll is strong. I know. She is from a pioneer family named Yarbrough. and grew up in the Necessity community N.W. of Ranger. She and her late husband. Tom Carroll, operated the first Nursing Home in Breckenridge. They also lived in Cisco around 1965, where they owned a Trailer Park.

I met her when I first attended the Seventh-day Adventist Church in Breckenridge in 1974. Until her eyesight failed, she used to come down and visit me, and walk three or four miles across the pasture near my home. She was always full of energy - always helping someone

I remembered when she first started talking about this project, and how in-

spired she had been. She and the other members of the Church were particularly anxious to pay off the last \$1,000 owed on our Church building, which had been constructed several years ago. They wanted to be alive when the Dedication ceremony was held! At that time, however, she thought

of only a five or six mile

Walk-A-Thon. But the more

she trained, the more the

project mushroomed! But Here Gene Carroll comes around the dark curve, of the track picking up speed. And I don't see any limping.

We are joined by Mrs. Carroll's friends Doris and Rachael Ball, who chat a moment, then join her on the track. Soon they report that Carroll is not easy to keep up with! They walk until they have to go home and attend to other things.

Faye Collins stops by to bring Mrs. Elon Rickles, pioneer ranchwoman of the area. Mrs. Rickles, age 90, stays on to cheer her friend Gene

The moon goes down, and the curious phenomena of "It's darkest before dawn" takes place. The warm breeze from the southwest changes to a cool one from the southeast. Roosters crow in the distance, and coppercolored light spreads across the east. We had hoped for a norther - it's going to be a hot

By 6:25 Mrs. Carroll has walked four miles on the Track, indicating a timing of around three miles per hour. By 6:45 she has walked five miles, and breaks her silence to say "Praise the

AARP Plans Meet Tuesday

The AARP, American Association of Retired Persons, will be holding a multichapter meeting, at the senior center in Cisco, Tuesday, September 18, 1984.

The main speaker will be M.D. "Pat" Middleton from North Little Rock, Arkansas. Mr. Middleton, area 7 vice-

president, supervises all of he AARP activities in Texas, Arkansas, New Mexico. Oklahoma and Arkansas. The area office is in Dallas.

The subject Mr. Middleton will be using is "Health Care: Where Do We Go From Here?"

AARP has been deeply involved in the health care program of older and younger Americans. The association, which has a membership of 16,800,000, has been appearing before congressional committees proposing cost containment of all levels of health care.

Roy V. Cartee, of Cisco, AARP Assistant State Director, states "Mr. Middleton is one of the outstanding leaders in the association. His planning and organizational abilities are certainly being utilized in the overall AARP programs in Texas. and the area.

We feel very fortunate in having Mr. Middleton come to this multi-chapter meeting and we encourage every person, who is an AARP member, and those who are interested in the health care program, to come and hear Mr. Mid

dleton's presentation. Those who will be attending the luncheon should call 442-2263 and make reserva-

From then on she comes slipping around each quarter mile lap about every five

By 7:23 the sun is over the horizon, and she has walked seven miles. I watch her keenly for signs of fatigue. but there is no let-up in her pace. June Beauchamp joins us, and takes several turns on the Track.

Cars are beginning to stir down Elliott street nearby, and occasionally someone will stop to see how things are going. Some take a turn on the Track, and come back to report Carroll is still hard to keep up with. As I circle around the track I, also. have even more respect for her vitality

She keeps in her own slot, with her face set ahead, asking for water once. At eight miles we feel her victory has been won - that she can pull off the Track with embarrassment. After all - what do people expect of 82 yr. old ladies?

But she keeps on her grind. The sun is up in the air, and the wind is in the south and growing warmer. There she is, bareheaded.

When she finishes the 10 mile stretch, we all gather and cheer. We are joined by Mr. and Mrs. Carles Beeler of Keene, Texas. Charles Beeler is Editor of a Church magazine for southwestern part of the country. He shakes his head in awe and begins snapping pictures. Then he circles the Track four or five times with Mrs. Carroll, getting an in-

Roy Boggs, father of the baby who is also being helped by the Walk-A-Thon, come up beside the Track with his Mother. He looks at Mrs. Carroll with a mystified expression, stating that he had offered to

make the walk beside her, but she suggested that he not do so.

"She said she was quite a talker," he chuckles, "And that she would talk so much it would take her breath."

Now Mrs. Carroll begins quoting Bible verses as she comes around each lap. At eleven miles she calls out: Phillipians 4-13." The next lap she says "Isaiah 40-31."

Have you ever heard a sermon on a Track?" I ask Roy Boggs. No, but I'm hearing one

now," he replies. By 9:02 Mrs. Carroll has walked 12 miles. We suppose she will stop, and step out to congratulate her. But she shruggs us off with

"Phillipians 4-19" Roy Boggs turns to leave. for his baby has just been brought home from the hospital. He motions toward Mrs. Carroll. "You folks don't need to worry over that little lady," he says. "I have a feeling she is being well

Charles Beeler says that he and his wife must leave. "I don't believe Mrs. Carroll is too tired. It is truly remarkable. I used to be a runner - I would know the

ANSWER TO BIBLE TRIVIA

ANSWER: PHILEMON Philemon lived in the city

Colossae and was considered to be well to do.

The Apostle Paul no doubt converted Philemon. (Philemon verse 19) Philemon's slave, Onesimus, ran off and joined the Apostle Paul during which time Onesimus became a Christian (Philemon verses 10, 11, 18, 19) In this letter to Philemon the apostle mentions he is returning Onesimus (Name means "profitable one". Paul asked that Onesimus be treated kindly and if Onesimus had done wrong that it be charged to Paul.

Paul proved once again in this letter to Philemon that he was a master at handling touchy problems without generating hard feelings between he and his brothers. This is a good example for true Christians today to always be extremely careful to weigh their words before speaking to their brothers concerning a touchy situa-

County Extension Agent

Janet Thomas

The Eastland County Health Fair was held last week and was a tremendous success with 800 people attending. The purpose of Health Fairs is to promote health awareness and provide free health screenings and health education materials.

The County Health Fair was held in the Cisco Senior Center and was sponsored by the Eastland County Extension Service Family Living Committee and the Cisco-Eastland AARP Chapters. A special thanks goes to the Family Living Committee for their hard work and untiring involvement.

The Committee Members were Dorothy Underwood, Maria Duncan, Margaret Corbell, Debbie Corlee, Mattie Rose, Edna Bint, Lois Crenwelge, Alice Brooks, Jane Stark, Wynelle Brown, Edith Wilson, Barbara Galbreath, Tina Ford, and Ruth Cartee. The presidents of the AARP Chapters who

assisted were O.T. Killion, President of the Cisco AARP Chapter, and Louis Cagle President of the Eastland AARP Chapter.

A special thanks to all the Health Fair volunteers. There were 96 men and women who volunteered their time to help with registration, booths, guides, food for workers, ect. Mattie Rose and Helen Phillips were co-chairman of securing volunteers which come from AARP Chapters, making contacts with health representatives organizations

The Health Fair would not have been the success it was without the following health care specialist, agencies, and or organizations who had over 40 booths. The people were: Hendricks Hospital, Graham Memorial Hospital, West Texas Rehab. Eastland Manor Home Health Care, Texas Department of Health, RCG Leasing, Texas Hospital Associa-

tion Health Careers, Texas Department of Public Safety, PADD, Diet Center, Mental Health-Mental Retardation, Girling Home Health Care, West Texas Council of Governments, Pfizer Incorporated, Inc., Dept. of Human Resources, Genetics Screening and Counseling Service, Woods Psychiatric Institute, Ranger General Hospital Pharmacy Department, American Red Cross, A.A.R.P., Cisco Garden Club, Eastland Memorial Hospital, Extension Service, Allfoodtabs, Social Security, Cancer Society, Drs. C.M. and Stewart Cleveland, and Patterson's Ambulance Ser-

I would personally like to thank everyone for the positive comments about the Health Fair. We are excited in sponsoring the Fair and certainly the response from the public was greater than ever anticipated. Yes, another Health Fair has been requested for next year. So, if you missed this year's plan to come to the 1985 County Health Fair!

County News Briefs

RISING STAR

Dr. G.A. Dunn, Jr. of Rising Star served as Chairman of the Eastland County Delegation to the State Convention of the Texas Democratic Party, which was held recently in Dallas. Among county officials participating as members of the delegation were County Judge Scott Bailey and Commissioner Clarence Dill.

There will be a distribution of food commodities in Rising Star on Wednesday, September 19, and Thursday, Sept. 20, from 8:30 a.m. to 4:30 p.m. each day at City Hall. All who have signed up or those who wish to be qualified by Central Texas Opportunities are invited to come.

RANGER

City Commissioners in Ranger tabled a request by Roy Thackerson, manager of the Able Cable Company to vote to deregulate cable rates as allowed by the Federal Communications Commission. Thackerson said the service would improve, and rates would probably increase from the current \$11 per month to about \$15 per month for each subscriber.

A request by Police and Fire Commissioner Jack Veal to hire a second paid fireman was granted at the City Commissioners meeting. The new employee will also serve as a fire and police dispatcher when Veal's proposed plan to keep the Ranger Police Station open 24 hours and seven days a week is put into action.

The Central Texas Opportunities Commodity Distribution for Ranger will be on Thursday, September 20, from 8 a.m. to 3 p.m. at the Senior Citizens Center. This is located in the Joseph Hotel on Main Street.

EASTLAND

Eastland County's famous Horned Toad Old Rip, who slept 31 years in the cornerstone of the county courthouse, will be featured on "Ripley's Believe It Or Not" program on ABC television on Sunday, Sept. 23, at 6 p.m. ABC is seen on Channel 8, Dallas, and Channel 12, Abilene. Ripley's star Jack Palance and an ABC film crew spent a day in Eastland a few months ago filming the segment about Old Rip.

Eastland County Bass Club will host an Invitational Tournament Sunday, Sept. 16, on Lake Leon. Entry fee will be \$20 and registration will begin on Saturday, Sept. 15, at "Chock-A-Block", located on FM 2214. On Saturday you can sign up from 7 to 10 p.m., or you can register Sunday from 5 to 7 a.m. Fishing will be held Sunday only. The Adult Division will pay around \$700 for First Place, and Junior Division around \$250.

County residents with questions about changes in State tax laws can get answers during a special Seminar to be held at 10 a.m. September 19, in the Commissioner's Courtroom. Comptroller representatives will explain changes and answer questions. The meeting is open to the public.

Mangum Baptist Church, located southwest of Eastland, will celebrate its 80th Homecoming and Anniversary on September 16. Registration will be at 10:30 a.m., and services begin at 11 a.m. Former pastor, A.L. Teaff will bring the message. At noon there will be dinner on the grounds, and during the afternoon there will be singing, fellowship, and memories of the past. There will be a book on the history of the Mangum Church for everyone who attends.

There will be a Commodity Distribution Wednesday, Sept. 19, at the Senior Citizens Center on Park Hill in Eastland. From 10 a.m. to 11 a.m. the distribution will be for the Senior Citizens only. In the afternoon from 1 to 2 p.m. the distribution will be for anyone else who qualifies or anyone else who wants to sign up and is found elibible.

CISCO

Sandy Matthies of Mexia will begin teaching art classes this month at D&H Enterprises. Classes will be on the 26 and 27. Wednesday and Thursday, and on a Wednesday and Thursday of each month. Matthies gives complete, easy-tofollow instruction. Her classes are limited to 10 students. Interested persons are asked to register at D&H Enterprises, 105 W. 8th St.

Jim Choate of Cisco has been appointed an area Chairman for the Cattleman's Roundup for Crippled Children. Funds raised will benefit the West Texas Rehabilitation Center in Abilene and San Angelo. Scheduled sales include the Cattle Sale on Sept. 24, at Abilene Auction, the Horse Sale at the Auction on Oct. 6, a Junction Sheep and Goat Sale, and a Coleman and Brownwood Sale. The money raised provides care for about 11,000 handicapped persons.

There will be a distribution of Commodities in Cisco on Wednesday, Sept. 19, at the American Legion Hall, 500 Ave. E. From 10 a.m. to 12 a.m. is for Senior Citizens only, from 12 to 1 p.m. is for anyone that qualifies or wants to sign up with the Central Texas Opportunities.

GORMAN

There will be a Musical at Gorman Care Center on Monday, Sept. 17, at 7 p.m. Vardie Huff's Band will play, and everyone is invited. On Sept. 20, there will be a watermelon slicing for the residents at 2 p.m.

The Gorman Care Center recently had a Newspaper Day, in which each resident selected an article that interested him most and read it to the others. This was really different and enjoyed by all who attended.

Food Commodities from Central Texas Opportunities will be distributed in Gorman on Wednesday, Sept. 19 from 2 to 3:30 p.m. at the Senior Citizen's Center. This is for all who qualify or want to sign up.

Scranton Man Felony DWI

Raymond Brooklyn Stuart, 39, of Scranton, was found guilty of driving while intoxicated Wednesday by a jury in 91st District Court.

The jury assessed his punishment at five years in Texas Department of Corrections and handed him a fine of \$500. Formal sentencing will be given Friday.

According to the court record, it was Stuart's third offense

Kenneth Rose, Department of Public Safety trooper, testified he stopped Stuart's car April 26 in the westbound lane of Interstate 20, west of Ranger, after chasing Stuart for some time

Once again we are using the question answer method in regard to discussion of iron being a nutritional pro-

This week we will pose two questions: since elderly people may not be very active, their need for iron is very small. The second question School 5:00 p.m. since milk is such a wellbalanced highly nutritious food it must contain plenty of

The answers to both of these statements are false. Older people tend to eat less food, so it become even more improtant for the older person to consume a carefully balanced diet to meet their need for iron as well as for other minerals and vitamins.

The statement in regard to milk, dairy products are notoriously poor sources of iron. The best sources include liver, red meats, green eafy vegetables, dried fruits, dried beans and peas, blackstrap molasses, and enriched and whole-grain cereals.

Review your diet... Are you getting enough iron in your planning? Why not come to the Senior Center this week and participate in a well-balanced diet.

The programs for the past week included: slides of his travels were presented by Rev. Bill Weeks: and a quartet composed of Kathryn Pippen, Plez Ray. Rev. O.T. Killion and Jack Roberson with Vida Killion at the piano and A.E. McNeeley with the violin. Game day was held at Eastland.

Wrangler Belles Obituaries

THE OFFICIAL board for the Mobley Hilton was completed last Tuesday with the appointment of the 7th member by the other six members. City Manager Mike Moore was the last director named.

Other directors are Mayor Eris Ritchie and Councilman Brad Kimbrough for the City of Cisco, Joann Cermin and Barbara Pope of the Cisco Historical society, and Dick Woolley and Bobby Smith of the Chamber of Commerce.

A corporation charter has been applied for, and application has gone in to IRS for tax exempt status. This is all expected to be completed within a month. And then it will be full steam ahead,

reports Mayor Ritchie. Mr. Ritchie and Mr. Woolley were at the CJC practice field below College Hill at 10:30 a.m. Friday to meet a helicopter with a Channel 5 (Fort Worth) TV reporter who came to film a Mobley Hilton story.

SORRY TO HEAR that end James Berry of the lobees, who left last Friday night's game with DeLeon with an arm injury, suffered a broken bone. X-rays revealed the fracture. He will be out a month or more... CJC Veep Carroll Scott received a 15-year service pin at a Lions Club luncheon last week... A collection of Lions Club pins and other items that belonged to the late Rufus Merket has been donated to the Cisco club and same will be sold at auction next Wednesday noon at the regular meeting. These items were donated to the club by Gerald Merket, son of the late Mr. and Mrs. Rufus Merket.

MR. AND MRS. Lloyd London drove down to Houston the other day for Mr. I.I. to undergo a medical checkup. He has been recovering from an illness and has been doing nicely... Sorry to hear that Mrs. O.L. Stamey of our town is a patient at Hendrick Memorial Hospital in Abilene... Our scouts report that the cam-paign to send Teacher Rick Whatley into space hasn't quite cleared ground level,

ONE DAY LAST week The Dallas Morning News ran a full page in their sports section about Wayne Hutchinson and Cisco Junior College - about how the highly regard Class A Knox City footballer was overlooked by the big college recruiters.

Coach Rick Frazier of the Wrangler staff was asked "How come CJC got him?" And the coach said: "We're good recruiters."

Wayne is a defensive starter for the Wranglers and Coach Frazier has no doubt that scholarship offers will be waiting for him when he finishes CJC. Coach Bob Keyes agrees. Although he is small for a college player six feet and 180 pounds -Wayne is fast, smart and literally seems to have a feel for football playing.

The Dallas News article will be reprinted elsewhere in The Press the first time there's space enough for it. Read it.

GUESS YOU'RE aware that our Wranglers will be in Breckenridge on Saturday night, Sept. 22, to play Ranger JC in the Lions Benefit Bowl football game. Get your tickets before you go and save \$1. Tickets are available from all Lions and at the CofC, the Press office and elsewhere.

Ranger plays in Kilgore this weekend and Coach Rick Frazier will be there to scout them.

ENJOYED THE CJC game with McMurry here last Monday night... The Rev. Buddy Sipe, First Baptist pastor, was the public address system announcer for the game... Prof Wyley Peebles took over the mike to MC the Wrangler Band and Belle show, which was very nice indeed... The Band and Belles, by the way, are working on a nice half-time show for the Breckenridge game... and the Band and Belles will be in Abilene for the annual West Texas Fair Parade at 10:30 a.m. this Saturday.

MRS. LENA BOLAND, who was being honored at a public reception this Saturday from 2 to 5 p.m. at the Scranton Community Club

House on the occasion of her 90th birthday, wanted a new lawnmower recently. She wanted a push mower - none of those fancy gasoline jobs. So she wrote her Fort Worth son to get her one.

The son had to do quite a bit of looking before he found one that met his mother's specifications. She uses it regularly on her yard in Scranton, and some time ago she took it out and cleaned the yard at the community club house.

THE JERRY McBeths of our town and the Claude McBeths of Springtown (formerly of Cisco) are back home from Warner-Robbins, Georgia, where they attended the annual Perdue Family reunion. Also attending from Cisco were Mrs. Reba Steffey and daughter Mamie Ruth Wilcoxen and Mrs. Grace Harrelson. Some 175 people attended.

The McBeths, who went in two travel trailers, also toured the Carolinas and other states, including Tennesse where they visited the Grand Ole Oprey

GUESS YOU SAW the picture of Mrs. Allen McGinness of Cisco in the Abilene paper the other day. She's an official of the ladies auxiliary of the Texas Dental Society and was helping make plans for a coming convention when the photographer snapped his camera... Does Mrs. Joan Schindler ever wish she was back as secretary at the CofC? Yes, she told us, on occasions when she and her husband Joe have to work Saturdays and Sundays. They're in the oil well logging business hereabouts.

MR. JASPER Cook of our town, who is a retired Methodist minister, is currently serving as interim pastor of Methodist churches at Zephyr and Sidney, two small towns south of here. He and his wife Evelyn go there each Sunday to conduct services for the two congregations... Mrs. Charles (Carlene Holder) Spicer of Abilene is now a real estate saleswoman. She works with Hester Realtors over there.

YOU'LL READ elsewhere in The Press that they're gearing up for the annual Cisco Community Chest finance drive. Same begins Sunday, Sept. 23, and every effort will be made to complete it in a week- by the following Sunday.

Let's all get ready to do our part. The Community Chest is everybody's business

DAVID SCHAEFER

Danny Schaefer and sons, Sean and Matt of Cisco welcome the birth and blessing of their son and brother, David Craig Schaefer, on Tuesday, May 29th, 1984.

His paternal grandparents are, Mr. and Mrs. Don Schaefer and great grandfather is Conrad Schaefer.

Maternal grandparents are Mr. and Mrs. Robert Stephan and great grandmother, Mrs. Robert Hageman.

On September 2, David was welcomed into the family of God in a special celebration service with Pastor Steve King, officiating minister of Outreach Eastland Ministries.

Following the service, a fellowship was held at the

Mrs. Nicki Harle, director

of the Wrangler Belles, told members of the Cisco Lions Club about the activities of the girls drill team at Cisco Junior College in a talk at the weekly luncheon last Wednesday noon at the Colony Restaurant.

Mrs. Harle, in her second year a director of the drill team, said the squad includes 30 girls this year. The girls are from high schools throughout this region. They gather 10 days before the college year begins to start work on routines and conditioning for the year ahead.

Mrs. Harle introduced two members of the drill team-Teresa Reed of Burleson and Debra Terry of Merkel. Miss Reed told the club about the tours the Belles make each year to area high schools as part of a goodwill and recruiting team. Miss Terry described the life of a Belle as exciting and interesting.

Recruiting for the drill team is a year-around job, Mrs. Harle said. Try-outs are held in February and April each year for girls interested in the program. The girls work-out each day and receive college credit for being a member of the team.

The director said the drill team is already hard at work on the program they will stage for the Macy Thankgiving Parade in New York City on Thanksgiving Day. The program will be on national television and some 250 area residents will fly to New York for a special weekend outing that is being arranged by the college.

Planned this year are anannual Belle Variety Show when each girl will present a number. In February, the Belles will hold the first annual Big Country Junior Miss Pageant for high school senior girls.

Lion Ralph Glenn introduced Mrs. Harle. Mrs. Earl Ray was a guest at the

of \$8,500 for the sweeper/broom is requested by the Street and Shop Department, while the Water and Wastewater Department requests \$9,000 for a new pick-up truck.

City Manager Moore stated these expenditures could be changed in the future should it be decided the city needs the money elsewhere, if it meets the revenue sharing guidelines.

The council approved an ordinance on its first reading to adopt the proposed budget for the fiscal year October 1. 1984 through September 30, 1985, for the City of Cisco. The ordinance will undergo its second reading at the next regular meeting of the Council.

A lake lot lease owned by a man in Fort Worth was terminated by the Council Tuesday night. City manager Moore said the man had been sent three notices asking him to bring his lease up to date, but he had not responded.

Mr. Moore said the owner had been contacted several times, with the last contact being made in June of this year. The mobile home is located between S&M Supply and R&M Plumbing along East 8th Street.

The Council also discussed the need for an ordinance which would deal more directly with the clean-up of local properties and the enforcement of such an ordinance. Mr. Moore said he is working on such an ordinance and will present it at a later date to the council for their consideration.

Also discussed during the meeting was what color to paint the city's overhead water tower located near I-20. There was no action taken on the matter, but the council seemed in agreement to have it painted white, or off-white, with a broad, gold band around the middle of the tank and black letters saying CISCO on both

The second touchdown was a 15-yard pass play from QB Frasier to Phillip Walton. The extra point attempt by Rule was no good, making the score 13-to-0 with 2:54

left in the first quarter. One minute and nine seconds later, CJC scored on

an 11-yard run by Henry Canady. The extra point kick by Rule was good, for a score of 20-to-0 with 1:45 left in the first quarter.

With 1:15 left in the first half, Cisco lengthened its half-time lead to 27-to-0 with a 31-yard pass play from Gene Kennedy to Aatron Kenney and the extra point kick by Rule.

Cisco's final touchdown

was made in the third quarter of play on a one-yard run by Henry Canady. Raymon Hernandez kicked the extra point giving Cisco a total of 34 points with 1:33 left in the third quarter.

Cisco Football Teams Split With Ranger Here

Cisco football teams split their games with Ranger here Thursday night as the seventh grade team won 12-to-6 and the Junior Varsity lost 19-to-0.

The Junior High football team played a good game, with Lance Moore scoring two touchdowns in the first half for all of the seventh grade's team points. Brandon Honea also intercepted a pass which he returned for a touchdown in the first half, but it was called back by the officials for a penalty.

In the second half of play, Cisco quarterback Matt Goosen hit Stephen Harwell with a touchdown pass, but it was also called back for a

The seventh grade defense played a good game, limiting their opponents to only one score during the game.

Cisco High School's J.V. played a pretty good defensive game against Ranger, but the offense was unable to sustain a drive long enough to score. The Thursday night loss was their second of the season, making their record

Ranger's offense was able to score against Cisco in the first, third and fourth quarters. Their first touchdown came about as a result of an intercepted pass from Cisco quarterback Phillip Allen.

After the interception. Ranger was only five yards from Cisco's goal-line late in the first quarter. Ranger scored on their first play from scrimmage with 11 seconds left in the quarter. The extra point kick was no good, but a Cisco penalty for roughing the kicker gave Ranger a second chance. It was good, making the score

In the second half of the game, Ranger started a scoring drive from their own 17-yard line. Seven plays later, they scored from 49 yards out. The extra point try was no good, making the score 13-to-0 with 4:45 left in the third quarter.

In the final quarter of play, Ranger recovered a Cisco fumble on a punt at the 13-yard line of Cisco. A penalty and a quarterback sack moved Ranger back to Cisco's 34-yard line. A pass to the end zone netted Ranger the touchdown with 5:46 left in the game.

The extra point try was no good, making the final score Good defensive plays for Cisco were made by Rusty

Wells, Ronnie Scheuren, William Pevey, Lonnie Pevey, Curtis Taylor, Phllip Allen, Gordon Davis, Billy Wyatt and David Reves.

Sunday, beginning at 2 p.m. we shall open weigh in for our contestants. We would like to extend an open invitation to the general public, our sponsors and all interested parties to come watch our weigh in ceremonies. Events shall include weighing of fish, Jr. Division awards, Sr. Division awards, interviews with winners and contestants. There shall be many extras this year including Bob Lawson, Berkley Trilene factory rep., James Fuller, Ambassador rep., and the last years dividing champ Mr. J.L. Stracner of Abilene.

Facilities at our state ramp located at chock-oblock, just made it under the wire. We would like to thank Mr. Jim Edison for a job well done on this project. Also a

RICOH COPIERS - Reduces & Enlarges

DESKTOP COPIER WITH SIX REPRODUCTION RATIOS 3-level reduction, 2-level enlargement; and normal 1:1 copying. In addition, the FT3050's versatile bypass feed table lets you make twosided copies as well as copy onto a wide range of special materials, including postcards, transparencies, and colored paper. Continuous copies can also be made when using this table thanks to a "stream feed" function. After the desired copy quantity is entered, you press the print key once. Subsequent sheets can then be fed "nonstop." Superb copy quality is made possible by Ricoh's unique copy process, while modular construction provides quick access to the paper path. And because the FT3050 is controlled by microcomputer, it's easy to operate and reliable.

Standard Features

- Three-level reduciton and two level enlargement provide optimum versatility.
- Stationary platen design enables the FT3050 to copy from a wide range of originals.
- Copies onto a wide variety of paper and sizes via universal cassette
- or bypass feed table. New "status indicator" diagnostic system reduces downtime.
- Streamlined mechanism and modular construction couples reliability with easy access to the paper path.

Large platen accepts originals up to 11"x17".

You could become a victim of misinformation if you don't know much about diet and health, says a Texas University MBC Financial Ser. Corp. To Agricultural Extension Ser-

vice nutritionist With an increasing amount of nutrition material in the media and health claims in advertisements. distinguishing sound from

unsound information is difficult, says Marilyn Hag-Learning something about

nutrition is worthwhile, she says, since misinformation can aggravate or create health problems. Diseases like diabetes or cancer can worsen if you ignore medical diagnosis and treatment in favor of a "miracle vitamin cure.

Taking large amounts of vitamins in the mistaken notion that this will improve your health can also affect medical tests, says the nutritionist. In the case of diabetes, too much vitamin C can give a false positive or a false negative on some urine tests for diagnosis and management of the disease.

Fad weight-loss diets can even lead to disease, notes Haggard. For example, it's possible to starve to death on a macrobiotic brown rice diet.

Even if misinformation doesn't directly affect your health, it may cause you to waste money on unnecessary food, gadgets and vitamins. Or you may trade good food habits for poor ones and a balanced diet for an imbalanced one, she says.

"Consumers can best protect themselves by recognizing that a single diet or food can not cure health problems or guarantee weight control," says Haggard.

No scientific evidence shows that arthritis, cancer, heart disease and other chronic diserses are cured by eating specific foods, she explains. Instead, a balanc-

ed diet of meat, poultry, legumes and fish; dairy products: fruits and vegetables; and enriched or whole grain breads and cereals will provide all the nutrients anyone

normally needs. Also beware of personal testimonies and stories, says Haggard, since they are not scientific studies. When a person loses weight from eating a particular food, it does not mean the food caused the weight loss. The person may have done other things to change his lifestyle, such as increased exercise, that actually resulted in the weight loss. Everyone gets tired and

has occasional pains. Many causes could produce such universal symptoms. But if the cause is nutritional, it should be diagnosed by a physician who will prescribe medication if it's warranted. Be skeptical, ask for

58th Annual Convention To Be Held Sept 18-20

The 58th Annual State Convention of the Texas Exten sion Homemakers Association will be in San Angelo from September 18-20. Over 1,000 Texas Extension Homemakers from across Texas will be attending. Voting delegates from Eastland County are Mrs. Bill Brown, of Kokomo; and Mrs. Morris Underwood, of Morton Valley.

Keynote speakers will include Dr. Arthur Hansen, Chancellor A&M University: Dr. Jennie Kitchens, Assistant Director of Home economics for the Texas Agricultural Extension Service, and Dr. Richard Flint, West Palm Beach, Florida.

Dr. Richard Flint is president of Potential Now, and has lectured in more than 150 colleges and conducted seminars with 425 national and international corporations. He has written numerous magazine articles and authored "Turn Your Pressure Valve Down" Flint believes that everyone is a fuse of potential just waiting to be lit.

Educational workshops to be presented include Leadership, Family Life, Cultural Arts, Citizenship, Health and Young Homemakers. Each workshop will feature inspiring and challenging guest speakers. Entertainment for the con-

vention delegates will include the State 4-H Fashion Show presenting 56 4-H winners from all over Texas. Darla Cagle, of Eastland 4-H Club, will be one the 4-H'ers participating in the State 4-H Fashion Show.

A tour of Fort Concho is planned. Delegates will see the fort, a quilt show, and demonstrations on wool spinning and weaving. Troops in uniform will serve as guides.

Suit To Make Social Security Voluntary

which detractors say "would destroy Social Security" by making it voluntary-and not mandatory-will be announced in a broadcast by Bob Bartell of the Newscan Society aired locally on radio station KVMX Sept. 19, at

varied times.

A hundred supporters of the American Liberty Information Society have filed the suit, contending that the Social Security Act of 1935, as amended, provides that participation be voluntary, not compulsory.

Burton Linne, head of the organization, called it "the first-ever direct, legal assault on the nation that

An historical lawsuit ,every citizen living in American belongs to the government."

> "This action attacks the 'enforcers' of the welfare state," Linne said.

In filing the suit in U.S. District Court in Washington, D.C., the plaintiffs said they each had delivered affadavits to the Social Security Administration rescinding their original signatures on applications for a number, along with a letter demanding that their names be expunged from all records and forfeiting any

If would be legal for employers to require a Social Security number from a job applicant and illegal for financial institutions to require it on applications for loans or accounts.

At present, employers are held responsible for an employee's withholdings as well as his own slightlyhigher contribution for the worker. The effect has been, plaintiffs agrue, that a legislatively "voluntary"

Carter said if would "destroy" the system. There would be great in-

ducements for people-espically young people who will have to pay so much, for so long and for so little-to quit the program, Linne pointed out. Employers could offer huge wage increases in exchange for not having to pay more than the employee into the system. And if the employ put a fraction of the amount deducted into investments such as life insurance or mutual funds,

than he would under Social Security.

Workday Saturday

Eastland County Fair Association President Gordon Woolam announced clean-up workday to be held Sept. 15 starting at 10:00 a.m. at the Fair Grounds. This workday is to be used to clean-up and prepoare the Fair Grounds for the upcoming County Fair, Oct. 4-6.

The County Fair is a community event and community participation is encouraged. Anyone interested in helping prepare for the fair is encouraged to attend.

This year's Fair promises to be another big event for Eastland County.

In addition to the standard judged exhibits and commercial booths, the Fair will feature a 3-wheel motorcycle race and musical entertainment by the Shade Tree Band from Abilene.

So come out to the Eastland County Livestock Raisers Show Grounds Saturday morning, Sept. 15, and lend a hand. Let's make this a county Fair we can all be proud of.

letters to the editor . . .

Dear Editor:

In July, Congress passed a law that may be the best health cost containment measure ever adopted, but almost no one knows about

The Participating Physician Program encourages physicians to accept the amount Medicare considers a reasonable charge as payment in full on all Medicare claims.

This program has great potential to help curb skyrocketing health costs. few Medicare beneficiaries are aware of it. The government has contacted doctors to notify them of the program, but it has done nothing to inform Medicare beneficiaries. Patients need to know they can save money by seeking a participating physician. And they need to know nonparticipating physicians cannot raise their charges to beneficiaries beyond what they were charged during the second quarter of 1984.

In its report accompanying the passage of this law, Congresss said that much of the success of this program will depend on the beneficiaries. The American Association of Retired Persons urges all consumers to encourage their doctors to participate. And it suggests that patients demonstrate their support after October 1 by seeking out participating physicians. Insurance carriers plan to publish directories and install toll-free telephone lines to help beneficiaries find out the names, locations, and specialties of participating physicians in this area.

Congresss has said people need information in order to benefit from this law. Won't you help inform and protect them by publishing this let-

Dear Editor:

There was an article dated Sunday, Sept. 9, in the Cisco Press concerning Mr. Doggett's campaign for the U.S. Senate. Mrs. Doggett stressed the importance of giving the world."

The Democratic platform endorsed and supported by Mr. Mondale and Mr. Doggett prohibits job discrimination against homosexuals. This means that homosexuals cannot be refused jobs in daycare centers, kindergarten or

elementary schools If anyone has been following the TV news media you know that sexual molestation of children is an epidemic across this country in child care centers.

Mr. Mondale and Mr. Doggett believe that sexual preference is a private matter between individuals. Unfortunately the sexual prefernce of many sexual perverts happens to be babies and small children.

Walter Mondale was one of the mainspeakers at the National convention for homosexuals held in Washington D.C. a couple of years ago. Apparently he values the support of this

Lets give the children a "fair chance in the world" by supporting president Reagan and Phil Graham.

To the Editor: If you eat, you're involved in agriculture: so it will pay everyone to look at the candidates' records on agriculture

As a DEMOCRAT, Phil Gramm voted favorably toward agriculture 61 per cent of the time. As a REPUBLICAN, he has voted in the best interest of farmers and ranchers only 10 per cent of the time.

On March 15, 1984, Gramm was one of only 11 members of Congress to vote against disaster loan assistance to agriculture businesses affected by the 1983 drought. He voted to phase out farm ownership and operating loans by Farmers Home Administration. He voted to increase by 10 per cent all federal crop insurance premiums without increasing insurance coverage.

On Sept. 8, 1982, Gramm voted against 1.5 billion dollars of farm operating loans to be available through FmHA. These votes have not saved the government any money because we're talking about loans that would be paid back by the farmers and ranchers.

The Reagan administration has spent more on agriculture programs in the last two years than had been spent in the previous 10 years. But the family farmer and rancher has not benefited because the money went to agri-business corporation in California and the Mid West, many of them controlled by foreign in-

EDITORIAL POINTS: WHAT ABOUT NATURALIZATION?

By Josephine Cleveland There has been a marathon dispute over the first comprehensive reform of the nation's immigration laws since 1952. In July, 1984, the Simpson-Mazzoli immigration bill took a long step in its possibly becoming a law. The House voted 216 votes for and 211 against the passage of this bill.

Now the diffrence between the House bill and one that the Senate passed in May 1983 must be resolved before it becomes a law.

Republicans Democrates, conservatives and liberals, union leaders and business organizations have lined up on both sides. The AFL-CIO were for the bill but now oppose it.

The purpose of this bill is to "regain control of our borders," in President Reagan's words, to prevent the further explosion (growth) of a shadow society somposed of immigrants (unlawful aliens) who live in the U.S. outside the protection or the obligations of American law

Our law, stated in the 14th Amendment: All persons born or naturalized in the U.S. and subject to the jurisdiction thereof, are citizens of the U.S. and the State wherein they reside.

A person becomes a citizen of the U.S. if he is born within the borders, or if not, if he has been naturalized according to law. If children are born in the U.S. they are citizens but their parents are not. A problem arises when an unlawful alien enters the U.S. and has a child born on our soil. This child is citizen of the U.S. If the parents are deported, who cares for the

Two years after filing for citizenship, an alien can apply for a certificate. During the two year waiting period he must show that he has lived in the U.S. for at least 6 months. He must declare his belief in the government and in the policy of having no more than one wife at a given time. He must also speak English if he is physically able. Two Americans must testify to the applicants good character and to the fact he has lived in the U.S. five

Under the Cable Act, passed by Congress in 1922, an alien woman will not automatically become an American citizen through marriage to an American citizen. Modified laws omit for such woman the declaration of intention and reduces the period of residence to one

Immigration Naturalization Service regulates the entrance of foreign persons or aliens into the U.S. Its officers inspect the papers of persons arriving at every port of entry. They admit or keep out aliens according to government regulation. The U.S. has the border patrol on all its borders to prevent aliens from entering other than at the immigration checking

stations. All this sounds good. Then why the concern and debate? All our ancestors came from other countries. Known as "the land of opportunity." people desired to come to enoy both its freedoms and its opportunities. Between 1790 and 1840 fewer than a million immigrants entered the country. Between '"10 and over 1 700 one 1850 newcomers arrive largest number migrants duri came from

last in order of numbers.

As time passed and the population of the U.S. increased, new immigrants aroused hostility. Greater numbers of people needed more jobs, more health care, more classrooms to educate the rising populations, and the need for other social ser-

The problems of immigration control became more critical. No previous administration since 1952 attempted to tackle the problem until the present administration.

If you have an opinion concerning the immigration issue or Simpson-Mazzoli please call the White House Opinion Line 1-202-456-7639. Then call the Congressional Switchboard at 1-202-224-3121 and ask for Senator Bentson's office and/or Senator Tower's of-

Some of the choices were: sausage and mash (sausage and mashed potatoes and beans), Shepherd's pie (stew with a mashed potato crust), steak and kidney pie (roast stew in a crust) or ham and beans or ham in a bun. Any one of these could be purchased for less than a pound which is about \$1.35.

Ale, beer, or frizzies were less than 50 pence or about 65 cents. The interesting thing about pubs in that the atmosphere and decor are straight out of a novel of 18th or 19th century England.

Virtually anything you could want can be found on Regent St., but you had better have lots of money for some items such as Wedgewood and Royal

I did indulge, however, and bought Martha a small piece Wedgewood Jasparware in her favorite colour of Jade. We also bought a few pieces of Royal Doulton

China for friends. Our trip by bus out of London was one of contrast. Leaving London on the M4, a major dual carriageway leading westward, we almost immediately noticed

a slower paced lifestyle. Traffic began to thin out by the time we passed Heathrow airport and were within view of Windsor Cas-

The landscape and cottages appeared to be of a completely different lifestyle from London's hustle and bustle. We diverted from the M4 at Maidenhead and took the A423 to Henley upon Thames where the famous Henley Regatta takes place.

This is also where the British Olympic team was preparing for the current Olympics. Henley-upon-Thames is a beautiful country town of approximately 10,000 people set upon the river Thames nestled among the gently rolling hills of the English countryside.

Along the road to Oxford on the A423 just beyond Wallingford we stopped at a quaint inn in Benson for tea and cakes.

The variety of sweets was almost too much: there were cream puffs, tarts, chocolate eclairs, cookies of many varieties, scones, toast with marmolade and of course English chocolate biscuits and candy

Having to make a decision of what to choose and what to leave was almost too much Oxford was a relatively

The Cisco Athletic Association is calling on each person in the Cisco Community to contribute to

the Community Chest. The Association is hoping to work with approximately

short drive from Benson of about 10 miles through gently undulating hills. The countryside was a patchwork of multi-colored fields of various shades of green from emerald to jade with golden shades interspersed.

The stone walls were called dry wall because they were stacked perfectly, but there was not mortar or cement to hold them together. only the artistry of the mason kept them in place.

Along these walls grew many flowers, including poppies and purple thistle, but by far the most prolific and useful plant was the elderberry bush from which elderberry jelly and wine

are made. Villages in rural England are alive with flora as almost every English home has a garden resplendent with roses, pansies, daisies,

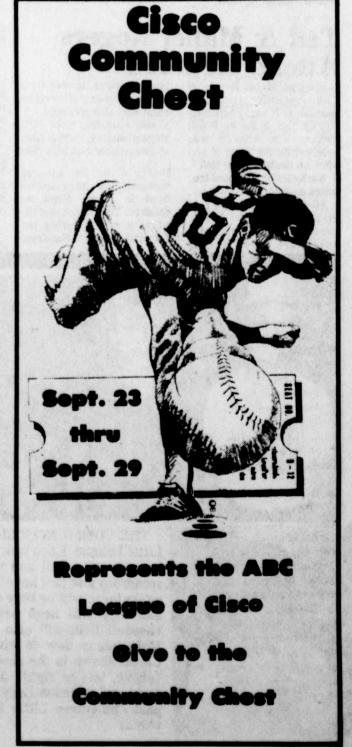

marigolds, and violets. Even the storefronts were beautified by gorgeous hanging baskets of flowers. Every churchyard was meticulously cared for with flowers adorning most graves.

Arriving in Oxford, the home of Oxford University, we first noticed Tom Tower, Christ Church completed by Sir Christopher Wren.

Christ Church, one of the most famous parts of Oxford University, was founded in, but the college itself dates from early in the 12th century. The Martyrs' Memorial erected in 1841 to commemorate the Protestant martyrs Crammer, Latimer, and Ridley was very similar to Charing

Cross in London. Oxford is a city punctuated with beautiful architecture and an atmosphere of real academia
