Council Members and CofC Meet To Discuss Future Developments

Cisco City Council members and representatives of the Cisco Chamber of Commerce met Thursday afternoon to discuss future plans and developments which are seen for Cisco. One of the major announcements made was the

planned opening of a Munden's Discount Store in Cisco.

CofC manager Randy Speegle informed those present that a representative of Munden's was in Cisco August 13 to look over the town. After meeting with

Speegle, Dick Woolley and Roy Dennis, the representative was said to have "left Cisco excited."

Munden's recently signed a two-year lease for the building which formerly housed Super-Valu along Conrad Hilton Avenue. Plans

call for the building to be repainted on the outside and some renovation to be made of the inside.

The discount store plans to take possession of the building October 1, with an opening date set for November 2. It will carry sporting goods, automotive supplies, some clothing and software.

A chain, Munden's has one store located along North First in Abilene, one store along I-20 in Clyde, and has plans to build stores in at least two other area towns.

Also discussed at the meeting was the fact that the former Don's Grill on I-20 has been purchased by Bobby Fink of Cisco, who is planning to open a restaurant in the near future. Contacts have also been made with several different retail stores by Cisco, but most seem to be watching the economy and waiting before committing themselves to locating anywhere.

Speegle said he has been in contact with the Texas Economic Development Commission in Austin, which is supposed to know which businesses are planning to re-locate in different areas. He said he was informed, "People are just not moving now, and if they are, we usually find out after the fact."

However, he said Cisco has been added to the mailing list of the Commission and a listing for a Cisco building has been placed in their computer.

The new medical building located near the entrance to E.L. Graham Memorial Hospital is almost ready with the exception of paving, according to a report by Helen Orr of the Chamber.

Mrs. Orr is also administrator of Graham Hospital. She said the new building will be used as office facilities for Dr. Tim Boersma and will have

space for an additional doctor.

Council member Bobby Ingram informed those present that the Post Office is planning some renovation work outside their building which will include tearing out the old sidewalks and putting in new ones. Also, a new drive-thru mailing facility will be built along Avenue E.

Cisco Mayor Eris Ritchie said the Conrad Hilton Memorial project should be completed by the end of 1985.

A report on a meeting of the recently appointed committee to study alternate water sources for Cisco, was given by Bobby Ingram who is chairman of the group. Mr. Ingram said they met and talked with an area landowner who gave them permission to check an abandoned oilwell hole on his property for water which was reported to be drilled below the water table.

Mr. Ingram said the city would have to go into the hole and blast it and have the water checked for usability. However, he said the same man called him later in the week and said he had given a oil company permission to use the water in the well if they would have the hole blasted. Ingram said that would save the city the expense of preparing the hole.

Mayor Ritchie closed the meeting by saying that he "appreciates communication lines such as this and people working hand in hand for the betterment of our community." He also stressed, "Pray fervently every day for rain," since that is one of the main concerns for our community at this time.

Blood Pressure Clinic Set Here

September 26

There will be a free Blood Pressure Clinic in Cisco on Wednesday, Sept. 26 at the Chamber of Commerce. Hours will be 1:30 - 2:30 p.m. This is a community service sponsored by Western Manor of Eastland, with Home Health Care nurses in charge.

Street Dept. To Begin Work On West 13th & 14th

The City Street Department's paving crew expects to begin work Monday on seal coating West 13th Street and West 14th Street, from Avenue M to Front Street, City Manager Mike Moore reported Friday.

The work on these two streets will probably be the last large projects for the department this year, Mr. Moore said. Warm weather is mandatory for seal coating work "and we've had plenty of it," the city manager said, "but cooler weather is due soon."

The street department has done considerable seal coating work during the past three months. Several small projects probably will also be included in the year's program after 13th and 14th streets, Mr. Moore said.

Plans Underway For 1984-85 Homecoming

Plans are underway for the 1984-85 homecoming parade. Cisco High School student council members are busy making plans for this year's parade, which will be held October 5th at 3 p.m. With the help of the community and various organizations, we're expecting a big success, one student council member reported.

If your organization or business would like to participate, please contact a student council member by calling 442-3051.

Mayor Eris Ritchie is shown signing a proclamation to declare September 23 thru September 29 as Cisco Community Chest Drive Week. Volunteers will be calling on residents of Cisco to collect money for the Community Chest. Shown in the photo with Mayor Ritchie is Ivan Webb, member of the Board of Directors of the Community Chest. (Staff Photo)

Community Chest Will Kick Off Drive Sunday

It's here! The Community Chest Drive will be this week, Sunday, September 23, thru Saturday, September 29. The goal this year is \$17,000.

Programs vital to the Community of Cisco that are sponsored by the Community Chest are, Boy Scouts, Girl Scouts, Cisco Girls Softball, ABC League, Cisco Lit-

tle League, Cisco Child Care Center, Cisco Library, and a new organization, the Cisco Athletic Association. Ninety-four percent of the money obtained by the Community Chest will be for the Cisco Community, in program designed for the citizens of Cisco.

"Volunteers are still needed to help collect for the

drive," reports Randy Speegle, member of the board of directors, of the Community Chest. Volunteers will begin collecting on Sunday.

No matter how large of small a donation, it is needed, and it will be appreciated. If you are not contacted by a volunteer, donations can be dropped off at the First National Bank, 418 Conrad Hilton Ave., to Mr. Ron Patton or at Olney Savings, 701 Conrad Hilton, to Ms. Patsy Hogan.

Cisco is a giving community that cares for its youth. This year, all Ciscoans should make the pledge to see that the Community Chest will reach its goal.

Kingdom Kids Extends Invite To All Students

Kingdom Kids I and II, an interdenominational group dedicated to spiritual enrichment of Cisco children, ages four through grade six, extend a cordial invitation to all interested students of the area.

The new sessions, located at First United Methodist Church and Calvary Baptist Church, began this fall on September 11 with an encouraging enrollment exceeding that of previous years.

For those parents who have not received a permission slip for their children who wish to attend, a copy is submitted below.

I give permission for my child _____ living at (address) _____ to ride the church vans to and from Kingdom Kids I and II. I will not hold the churches or personnel involved in any mishap which might occur. Signed _____

Twenty Places Remain For Thanksgiving Tour

Only 20 places remain on the Cisco Junior College-sponsored tour to New York City, scheduled for Thanksgiving week, according to an announcement by Cisco Mayor Eris Ritchie, who is coordinating the tour for the college.

The four-day, three-night tour will accompany the Cisco Junior College Band and Wrangler Belles for their fifth appearance in the famous Macy's Thanksgiving Day Parade, telecast nationally on "Turkey Day."

A price of \$525 per person, based on double occupancy in the hotel, will cover some

dozen features, including round-trip air transportation on American Airlines from D/FW to New York's LaGuardia Airport, charter bus transportation from Cisco to D/FW and return, all needed ground transportation in New York, three nights' lodging in a Manhattan hotel, a full-course Thanksgiving dinner with musical entertainment, a day-long sight-seeing tour of New York which will include a ferry boat ride to the Statue of Liberty and a guided tour of the United Nations, a backstage tour of the world's largest theater, the Radio City Music Hall,

the Christmas spectacular at the Radio City Music Hall, a ticket to "The New York Experience multimedia show, admission to the observatory of the Empire State Building and walking tours of Rockefeller Center, St. Patrick's Cathedral, and Times Square...and of course the Macy's Parade.

A special tour option, for an additional charge, will be attending the hit Broadway musical, "My One and Only," currently starring Tommy Tune and Twiggy.

Mr. Tim Jones is director of the CJC Band, and Mrs. Nicki Harle is director-choreographer for the Wrangler Belles. Mr. Jones is in charge of handling all reservations for the tour, and those interested in securing a place should contact him. His office is located on the second floor of the Harrell Fine Arts Building on the CJC campus, and his telephone number is 442-2567. Reservations may be made by making a deposit of \$100.00 per person, and the remaining balance will be due by October 15.

The \$525 per person price applies for two persons staying in the same room in the hotel. The price for three per room is \$505, and four per room is \$490. Since occupancy is set at \$625.

"We have been completely full for the four previous New York tours," Mr. Ritchie stated, "and we fully anticipate this tour being sold out right away. Any persons wishing to make the tour should by all means contact Mr. Jones and make their deposits and reservations."

Descriptive brochures giving details of the tour may be obtained from Mr. Jones at CJC or at Mr. Ritchie's offices at 300 Conrad Hilton Avenue. Brochures may also be found at the First National Bank and the Cisco Chamber of Commerce offices.

Memberships For Cisco PTO On Sale Now

The 1984-85 Individual PTO memberships will be on sale in Cisco beginning Friday, September 21, 1984. Students from the Cisco Primary, Intermediate, and Junior High Schools, will be selling the memberships for \$1.00 each. All proceeds from this sale are used by the Cisco PTO to support the students in special activities, and purchase equipment needed by the teachers, as well as the children. This membership drive will end Tuesday, September 25, 1984.

Awards will be given to the children selling 10 or more memberships. Special awards will be presented to the student selling the most memberships in each of the three schools. PTO would like to thank City Drug and Incredible Edibles for donating a portion of the items used as awards for this contest. Your continued support in this, our major fund drive for the year, is greatly appreciated.

CJC-RJC Play In Benefit Bowl Sat.

The football teams of Cisco and Ranger Junior Colleges were to play at 7:30 p.m. Saturday, Sept. 22, in the annual Lions Benefit Bowl at Buckaroo Stadium in Breckenridge.

The Lions Clubs of Cisco, Eastland, Ranger, Carbon, Strawn, Baird and Breckenridge were sponsoring the annual event, and profits from the contest will go to the clubs for use in supporting crippled children's work and local programs. Admission charges were \$3 for adults and \$2 for students (free under 12) if purchased before game time.

An outstanding program was in prospect with a half-time appearance of the Cisco JC Band and Wrangler Belles planned. This was the 5th year for the two schools to play in Breckenridge under the auspices of area Lions Clubs.

Tickets were being sold in the various towns by members of the Lions clubs.

HALL OF REMARKS

BY HERBELL HALLMARK

A SLIGHT amount of rain fell in Cisco Friday morning, but at the writing of this column it was barely enough to settle the dust. However, any amount of rain is thankfully accepted.

A committee has been formed by the City Council to seek avenues for different sources of water since Lake Cisco continues to drop. The group has met and has some plans for checking into different possible sources.

But, we should all continue to pray for rain and pray for Lake Cisco to be filled back to its normal capacity.

A NUMBER of exciting things are happening in Cisco, and a story may be found elsewhere in this edition concerning some announcement being made for the city.

A group of Chamber of Commerce representatives met with the City Council Thursday afternoon to discuss plans and developments which are being prepared for the City.

Lets all get behind our city

officials and chamber officials and lend our support in their endeavors to make Cisco a better place to live.

BY NOW I am sure you have noticed how beautiful south Conrad Hilton Avenue looks since the paving of the street has been finished and painted stripes have been placed on the four-lane highway.

The newly paved street is a definite improvement to the entrance into Cisco from the south part of town.

Since the contractors of Conrad Hilton are through with their job there, they have moved to West 17th Street which was recently awarded to them in a contract from the City.

The usual question asked of city officials concerning the paving of West 17th Street is, "Why 17th Street?"

The answer is, the paving of West 17th Street will place a paved road almost halfway between the two existing paved streets which run east and west. Those two streets are West 13th and the I-20 access.

Also, there is quite a bit of traffic along West 17th Street, since three churches are located along the road which connects with the I-20 access road. Another church is located near where the street enters the access road.

CHS Junior Varsity Lose Second Home Game, 40-14

Cisco High School's Junior Varsity Lobos lost their second home game of the season at Chesley Field Thursday evening to Mann Junior High of Abilene. The final score of 40-to-14 left the Lobos season record at 0-3.

Cisco scored once in each of the first two quarters, but were unable to make any points in the second half of the game. Mann scored two times in the first quarter, three times in the second quarter and once in the fourth quarter.

The Lobos received the opening kick-off and started their first drive of the game from their own 49-yard line. Ten plays later, Cisco's Kevin Kirk took the handoff

from quarterback Jarrod Jeffcoat one yard for a touchdown. Kirk carried the ball nine of the ten plays, with Billy White carrying one time for 13 yards.

Kirk was stopped short of the goal-line on the extra point attempt, leaving the score 6-to-0, with 5:57 left in the first quarter.

Not to be outdone, Mann received the kick-off and started a drive from their own 42-yard line. One their first play, they lost a yard, but on the next play they scored on a 59-yard run. The extra point kick was good for a score of 6-to-7, with 5:10 left in the first quarter.

On the ensuing kick-off, Mann recovered an onside kick which bounced off

David Reyes. Mann started their drive from mid-field. Six plays later, from Cisco's 25-yard line, Mann scored with 3:20 left in the first quarter. The extra point kick was good for a score of 6-to-14.

Cisco's second drive of the game started on their own 44-yard line. Twelve plays later, Kirk took the handoff from QB Jeffcoat nine yards for a touchdown. Again Kirk carried on most of the plays, with Billy White and Ronnie Scheuren also carrying at least one time each. QB Jeffcoat kept the ball on the ex-

tra point attempt and scored. With 8:17 left in the second quarter, the score was tied at 14-to-14.

On Mann's very next possession of the ball, they scored after four attempts from their own side of the field. With the drive originating on their own 38-yard line, the scoring run covered 57 yards. The extra point kick was no good leaving the score 14-to-20, with 6:42 left in the second quarter.

Cisco was stopped on their next possession of the ball when their drive stalled at Mann's 47-yard line. Mann took over the ball and six plays later added another touchdown to their score, this time from 24-yards out. A try for two extra points failed, leaving the score 14-to-26, with 2:46 left in the half.

Mann again recovered an onside kick which bounced off Reyes and started a drive from mid-field. Seven plays later, a 28-yard run netted the touchdown. A pass-play was completed for two extra points, giving Mann a 34-to-14 lead with 28 seconds remaining in the first half.

In the second half of play, it looked as though Mann was going to score on their first possession when they drove the ball from their own 40-yard line to Cisco's 14 in ten plays. But a loose ball was recovered by Cisco's Lonnie Pevey at the 12 to give Cisco possession.

Cisco moved the ball to their own 34-yard line in six plays before Brian Wagon lost the ball on a fumble when he was hit by Mann. The Abilene school took possession at Cisco's 26-yard line.

Cisco moved the ball to their own 34-yard line in six plays before Brian Wagon lost the ball on a fumble when he was hit by Mann. The Abilene school took possession at Cisco's 26-yard line.

Eight plays later, Mann scored from one yard out, but not before having to try three times from Cisco's

two-yard line. Cisco's Scheuren blocked the extra point kick, making the score 40-to-14, with 8:05 left in the

final quarter of play. Cisco defensive standouts included David Reyes, Lonnie Pevey, Rusty Wells, Ron-

nie Scheuren, Jason Phillips, Gordon Davis, Kevin Kirk, Mark McGinness, Tim Rains and Robert Heath.

Give To The Community Chest

These toddlers stay at the Child Care Center while their parents work. They receive excellent care and seem to be very happy as shown in the above photo. The Community

Chest helps to keep this non-profit organization in operation. Give to the Community Chest. (staff photo)

The Cisco Child Care Center is truly an organization of which Cisco can be proud. How fortunate working parents are to have a clean, safe place to leave children to be cared for by dedicated, loving workers at reasonable prices. This might not be possible without our annual contributions to the Community Chest, as the funds provided go a long way toward keeping

the facilities in good repair and adding new equipment. If the Community Chest meets its quota this year, \$800. will go to the Child Care Center. Won't you do your part so the Child Care Center, as well as other worthy organizations, can reap the maximum benefit from this drive? (staff photo)

Give To The Community Chest

In the early 1900's this is the equipment and uniforms student's used to play baseball. Thanks to the Community Chest, student' are able to enjoy baseball with modern equipment and colorful uniforms. Give to the Community Chest today.

Tracy Reeves, CJC student, who lives in Cisco, is shown in the above photo looking for a book to check out and read. The Community Chest helps to sponsor the Cisco Public Library located at Ave. G and 6th Streets. The library has a large selection of books including children's books, encyclopedia's, plus other books to help with studies. Make plans now to give to the Community Chest Drive this year. (Staff Photo)

This is Brownie Troop 51 of Cisco, Texas. These girls and many more like them benefit from donations to the Community Chest.

Give To The Community Chest

Letters To The Editor

Dear Fellow Ciscoan:
During this worrisome period of area economic hardship due to drought, it is especially important that we, as responsible citizens, continue to try to maintain and improve the quality of life for all our citizens. Having agencies to provide basic needs in emergency situations, and others to provide healthy and meaningful time diversions in a pleasing environment will be very important to everyone's physical and mental health during this stressful time.

Please, along with your regular church tithes and charitable considerations, remember the community organizations represented in the Community Chest. As Matthew 25:40 says, "...inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

No matter how large or small your donation, it will be appreciated. You may drop off your contribution at First National Bank, c/o Ron Patten, or Olney Savings, c/o Patsy Hogan.

Sincerely,
Directors, Community Chest 1984-85.

VIEWPOINT ON THE NEWS

EDITORIAL VIEWPOINTS: What About Communism and Socialism?
BY JOSEPHINE CLEVELAND

The decisions we make are based on our understanding and this is regulated by our personal value system. During the last 40 years there has been a turn about of policies in many nations of our world. As a result of nations undergoing changes in their governments, the problem of aliens wishing to enter our "land of the free" becomes more pressing.

Communist ideology gained control of Russia. Their sociopolitical programs were often forced upon other nations. Communist policies include abolishing ownership of property, taking away the freedom of choice - where one can work, what one can speak, what one can read and who one can worship.

"There is no God" is taught and their people are forbidden to pray or believe in God. They are imprisoned for their faith in Christ. Children are placed in state schools and taught what is dictated by the government. In recent years, Communism has come to mean the doctrine and practice of the Communist party in the Soviet Union and the allied parties in all other countries. Socialists claim that socialism holds the answer to many problems of our modern industrial society, such as unemployment, poverty, business cycles, and conflicts between capital and labor.

We often hear the expression, "to the left." The theories and ideas that encompasses the left is used to denote those who advocate big government and more spending for free social programs.

Those persons who are for less government in the affairs of individuals, are for less free social programs and are advocates of free enterprise, are "to the right." In both these theories there are the "in between's", conservatives and liberals

who accept parts of both theories.

Since socialism is the idea of aiming at a more equitable distribution of income through a regulated system of community or government of land and the means of production and distribution. Socialist theories prevail when people vote for our elected representatives who decide for dividing up people's incomes and giving free services such as food stamps, free school lunches, free medical, dental, and eye care, to those who for one reason or other do not have the money to provide for such services.

The World Book Encyclopedia comments, "In such Communist countries, such as Russia, they feel that socialism has already been achieved in the Soviet Union. In their definition, socialism is a step on the road to communism." Do we want this in the U.S.?

Our representatives in the House and Senate are now faced with a tremendous problem. No perfect solution is in sight. The theories regulated by their personal value system and their understanding of facts now confronting the U.S. and the state of Texas will determine what laws will now be made in regulating the flow of unlawful aliens into our country.

Homemaking Hints County Extension Agent Janet Thomas

Schools are in full swing! This year, parents are learning more and more about the new school laws and emphasis on academics.

Recently, I received some good information from our State Extension Service family life specialist, Diane Welch. I think that this information has a lot of "food for thought" and would like to share it with parents of school children.

Mrs. Welch states that schools are not alone in teaching children. Parents have the responsibility to aid and assist their children.

Making sure school work is regarded as important is one of the main ways parents can assist their children.

Ask about school work. Listen to what the youngsters say. Respond to it with attention and care about what the youngsters are working on. That kind of support is probably the best a parent can do for youngsters at all grades in school.

Mrs. Welch suggests some other tips for parents:

- Control television viewing. If necessary, limit the hours children watch it and be aware of what they are watching.
- Establish a specific study time at home and make it a quiet time. Provide an area that is suitable for the student to work. It can be any place appropriate - the dining room table if there is room, a desk in the bedroom - as long as there is space and quiet for the student to work.
- If the children are young, spend study time with them. Older students need to be working on their own skills, but still need the support of the parents.
- Have books at home on school subjects and on other subjects. When possible have other learning activities such as games and projects so that what is being learned in school can be practiced at home too.
- Look at the work the youngster brings home as well as at the homework. This gives parents direct contact into what is being taught so that they can help the students apply it at home.
- Let teachers know when you are concerned about what is going on in the classroom. Visits with the teachers can be two-way sessions that not only help the teachers understand the students, but help the parents see what is going on in the classroom environment.

Study Conducted

According to Jack Mathis, Commander, VFW Post 4135 Eastland County, a research study is being conducted with reference to women who served in Vietnam during the conflict in that area.

The study is being conducted at Cleveland State University, Cleveland, Ohio, and is an extension of research and information that has been collected by others since 1980. By means of a questionnaire, the University Center wants to learn more about the experience of women while they served in Vietnam, and how such duty and experiences might have influenced their lives since returning home. The Center is interested in hearing from all women who served in Vietnam, including officers, enlisted personnel, nurses, administrators, etc.

Female veterans who served in Vietnam who wish to know more about this program may contact the lady who is in charge of conducting the research and survey. She is Margaret A. Gigowski, c/o The Department of Psychology, Stillwell Hall, Cleveland State University, 1960 East 24th Street, Cleveland, Ohio 44115.

RECIPE OF THE WEEK: 4-H & Youth Sub Committee To Meet Monday September 24

Now that it's football season, you'll want to kick off your before-the-game (or after) gatherings with some wonderful appetizers. For a hearty appetizer, you'll find Party Pizzettes deliciously satisfying. Refrigerated biscuits are rolled out for the crust, then layered with a spicy deviled ham and tomato sauce mixture, sliced mushrooms, and shredded mozzarella cheese.

PARTY PIZZETTES
 1 (11 ounce) package refrigerated biscuits
 1 (8 ounce) can tomato sauce
 1 (4 1/2 ounce) can deviled ham
 1/2 teaspoon whole oregano
 10 fresh mushrooms, cleaned and sliced
 1 1/2 cups (6 ounces) shredded mozzarella cheese

Roll each biscuit into a 4 inch circle; place on baking sheet. Combine next 3 ingredients, stirring well. Spread a small amount on each

Monday, September 24th will be the meeting of the 4-H & Youth Sub-Committee. This is a select group of individuals that serve as the guidance group for the 4-H youth program in Eastland County. They have a big challenge before them, serving youth in today's socially changing world. This group of people direct and provide leadership for the total county youth program. The group considers the total youth situation of the county in order to identify areas of need and opportunities for expanding the total 4-H program. They evaluate the current 4-H program and develop or revise the 4-H and youth section of the long-range county program.

This group has a challenge before them and they need your help. How, you ask? They need you to convey or tell them what you see as problems, needs and concerns for the youth in Eastland County. We need your help, to provide the best youth program we can. The 1984-85 4-H & Youth Sub-Committee members are:

Shannon Caraway - Gorman
 Cecil Crenwelge - Eastland
 Steve Foster - Eastland
 Shirley Green - Eastland
 Jerry Jackson - Ranger
 Kevin Jammer - Ranger
 Virginia Kea - Nimrod
 Barbara Long - Rising Star

Jerry Long - Rising Star
 Amy McDonald - Ranger
 Lillian Martinez - Eastland
 Joanna Maynard - Eastland

If you are concerned about today's youth, let us know what you feel they need.

N.A.R.F.E.

Eastland County Retired Federal Employees will meet September 25th, at 6:00 p.m. at K-Bob's Steak House in Eastland for the regular monthly meeting. All members are urged to be present.
 Elmer Foster, president.

YOU AUTO KNOW

00000
 IN THE INTEREST OF SERVING THIS AREA,
JIM CALDWELL BRINGS YOU THESE IMPORTANT MONEY-SAVING ARTICLES:

To make sure your car will start this winter, here are some easy to perform winterizing tune-ups for your car's cooling system...

1. Check the following for evidence of coolant leakage: upper and lower radiator hoses, heater core and hoses, cylinder heads, water pump, radiator and all drain plugs. A quality stop-leak solution may plug some of the minor holes in metal parts.

2. Examine all hoses (coolant, heater, bypass, fuel line, over steering and air conditioning) for swelling, soft spots, cracks, a partially collapsed condition, cuts and general deterioration. Replace as necessary. If hoses are more than four years old, replace them regardless of visual condition.

3. Tighten all hose clamps. Replace those which can't be adequately tightened, or that show corrosion.

4. Check all V-belts for wear on bottom and sides. Pay particular attention to the alternator drive. Replace or re-tension as necessary. If belts are more than four years old, replace them regardless of visual condition.

5. Check coolant for rust. Flush entire system if necessary. Drain and refill with fresh coolant of 50-50 water and anti-freeze.

If coolant is less than two years old and isn't going to be replaced, check it for strength, and add as necessary for needed protection.

6. Inspect the condition of the radiator cap gasket and spring. Check the radiator filler neck for necks that could lead to a pressure loss.

7. Clean bugs, leaves, paper and other foreign matter off the front of the radiator. Remove by blowing out with high pressure air or water.

8. Check the condition of the radiator overflow tube or hose, and make sure it has a good connection to the radiator.

New Tax System - How It Works

By Viola Payne

Around October 1 all Eastland County property owners will receive their Tax Statements for 1984 from the County Tax Office. Since there are around 30,000 parcels on the rolls, even this notification is quite an undertaking.

If these taxes are not paid by Feb. 1, 1985 they become delinquent, and start accruing penalties and interest. The property tax levies of Eastland County jurisdictions are expected to total more than \$6,480,000 this year, which is up from previous \$5,200,000. This includes the Mineral Rolls, which are appraised by Pritchard and Abbott out of Ft. Worth.

The mailing of the statements is only one of the phases of the current state-wide system of taxation. Others are various aspects of appraisal, rendering and collecting.

In all the counties a vital part of the operation is the County Appraisal Districts, which were set up in 1980 as a result of Bill 621 passed by the 1979 Texas legislature. Under these laws the Appraisal District is not a County office at all, but actually a State political subdivision.

The 1979 legislation received power in 1980 when the public approved an amendment to the State Constitution backing up its provisions.

The Eastland County Appraisal District office with Steve Thomas as Chief Appraiser, is located on the second floor of the courthouse. It's a busy place, with five five-time employees. Each of these employees must be registered with the State Board of Professional Examiners.

The 1984 Budget for the cost of operating this office is \$244,600.00. This is financed according to the Property Tax Code, in which each District pays according to the percentage of taxes it levies within the County.

The Appraisal District is governed by a Board of Directors who represent the 18 taxing jurisdictions of the County. Each Director serves a two year term, starting in each even-numbered year.

The Directors of the Eastland County Appraisal District are appointed by the "Victory Banquet" with members of the Italian government and members of the Club Amici d'America.

While in Rome, there will be a reception in the Quirinal Palace with President Pertini. Thursday, part of the tour will return home. Mr. and Mrs. De Ford will stay an additional five days visiting Florence (two nights, including a visit to the American Cemetery), Venice (two nights) and Milano (one night).

Joining the 36th Division for all or part of the tour will be members of the 45th, 34th, 36th, 91st Division Association, plus over 100 members of the 381st Infantry Association, representatives from the Air Force, Searchlight Battalions, and the 1st Armored Division.

Lt. Col. Julian H. Phillips (Ret.) will host the tour.

County and six cities and school districts within the County. The special Districts such as Junior Colleges and Hospital Districts participate in the District but do not appoint members to the Board of Directors.

The present Board of Directors and what they represent is as follows:

Mike Siebert, Eastland ISD.

Emmett Rich, Cisco ISD.
Don Jones, Ranger ISD.
Arlin Bint, Eastland County.

Ralph Glenn, Cities of Cisco, Ranger, and Eastland.

Wesley Warren, Gorman ISD, Gorman City, Carbon ISD, Carbon City.

Jack Hubbard, Rising Star ISD and City.

The Eastland County Appraisal District is presently composed of the following eighteen taxing jurisdictions:

Eastland County, Eastland City, Eastland ISD, Cisco ISD, Cisco City, Cisco Hospital District and Cisco Junior College;

Ranger ISD, Ranger City, Ranger Hospital District, and Ranger Junior College;

Carbon ISD, Carbon City, Gorman ISD, Gorman City, South Eastland County Hospital District, Rising Star ISD, and Rising Star City.

The major responsibility of the Appraisal District is the uniform valuation of all taxable property within the County.

The lack of uniformity between Counties and even within County districts was one of the arguments legislators advanced when they enacted the new tax laws. Under the old system, property was seldom reappraised - usually only if some new building had been erected.

So one of the first things that happened after the new Tax Code was adopted was the total reappraisal of all Counties in Texas. Eastland County used the firm of McMorries & Co. of Hereford, Texas, for property, with Pritchard & Abbott

doing the Mineral Rolls.

Although there have been some challenges to the appraisals in this County, acceptance appears to have been fairly general. Chief Appraiser Steve Thomas reports that he has received "General cooperation, both from individuals and from the Board of Directors."

As the State goes, Eastland County is not considered as "high" on appraisals as some others, rating only about 84-86% of actual market value on most property.

Since the law calls for new appraisals each four years, another is scheduled for the County in 1985 or 1986. It's going to be an on-going thing.

The Appraisal District actually starts its work on Tax Rolls in January of each year, since the assessment date for property is Jan. 1. The rendition period as well as the period allowed for the filing of all exemptions is Jan. 1 to May 1.

All citizens should take time to check out exemptions; undoubtedly some are not taking advantage of what is due them.

There are exemptions for Homesteads, for persons age 65 and over, for disabled persons, agricultural exemptions, and others - such as those for victims of natural diseases.

In a year when there is no County-wide reappraisal the appeal method on the valuation of property is to come to the Tax Appraisal Office and discuss the matter with Steve Thomas. He will inspect the property in question, and in the summer the person involved will receive a notice from the County-wide Review Board. Any appeal above that must go to the District Court, which makes final settlements on tax cases.

Prior to 1982 the method was for each jurisdiction to have its own Board of Equalization. But the Board is now composed of three men who serve the whole County. They are Bob Schults of Rising Star, Lewis

De Fords To Join Italian Celebration

Forty years ago, Sgt. Nolan De Ford landed in Italy as a member of the Fighting 36th "Texas" Infantry Division, the "T-Patches," as the division was known.

Thursday, De Ford and his wife, Margaret, well known Eastland County residents will board an airplane at DFW Airport to return to Italy to participate in the 40th Anniversary of the Italian Campaign. They will leave DFW at noon, fly to Chicago and New York, and arrive in Rome Friday morning.

Some 300 former T-Patchers and members of their families will be on the tour.

Originally composed of Texas National Guardsmen, the 36th was mobilized into the Army on Nov. 25, 1940, at Camp Bowie, Texas. Although Selective Service trainees later filled the division to combat strength and reinforcements from all over the nation gave it an All-American flavor, the citizens of Texas always regarded it as their own.

In World War II, in 19 months of combat in five major campaigns, and in two amphibious assaults, the 36th Division expended the maximum in heroism and hardships. The 36th is proud of its 175,806 enemy soldiers captured, its Congressional Medal of Honor, its 10 Presidential Unit Citations, and many other battle awards. At the same time, its casualty list, third highest of any American division, numbered 27,343 of whom 3,974 were killed, 19,052 wounded, and 4,317 missing in action.

The 36th had a tough time of it, but it was said they had given more than they taken.

In fact, on their first combat mission, 36th Division troops under the command of Major General Fred L. Walker, became the first American division to invade the European mainland and test Hitler's continental fortress. This was early morning Sept. 9, 1943, at Salerno.

When the Germans surrendered May 5, 1945, the "T-Patches" had been involved in some of the bloodiest battles in Europe.

One of the highlights of the 40th Anniversary tour will be the dedication of the 36th Division Monument in the Italian town of San Angelo on

the banks of the Rapido River on Oct. 4. Representatives of the Italian Government, the U.S. Embassy and the Sixth Fleet Band will take part in the ceremonies.

After arriving in Rome on Friday, the tour will enjoy a "Victory Reception" and dinner with representatives of the Italian government.

Ceremonies on the beach at Salerno Saturday will include the mayors of Salerno and surrounding town. The "T-Patches" will visit Paestum and Altavilla before returning to Sorrento.

The next three days will be spent sightseeing at Altavilla before returning to Sorrento.

Wednesday, Oct. 3, formal military ceremonies will take place in the German Cemetery and in the British Cemetery at Cassino.

The group will join the mayor and citizens of Cassino Thursday for the 40th Anniversary of the Battle of Cassino, and full military ceremonies will precede their visit to the Abbey.

Friday will be spent visiting other battle and historical sites, and on Saturday the servicemen and families will visit Anzio for military ceremonies on the beach and in the American Cemetery at Nettuno.

On Sunday, Oct. 7, in Rome the Italian government and people will join the group for ceremonies on the Piazza Venezia commemorating the liberation of Rome. In the afternoon there will be special entertainment for all veterans and family members.

Monday and Tuesday will be spent visiting Rome's most historical sites, including the Colosseum, the Forum, St. Peter's, the Pantheon, Sistine Chapel, Trivoli, or the Catacombs.

The tour will attend a special audience in St. Peter's Square of His Holiness, Pope John Paul II Wednesday, Oct. 10. In the evening there will be a

Tiner of Eastland, and Jim Webb of Cisco.

In the early summer this Appraisal Review Board is presented property valuations for all taxing jurisdictions, and they review the exemptions and values allowed. Once the values are certified by the Review Board the effective tax rate allowed for each district is calculated by the assessor for each of the jurisdictions and published in the newspaper.

Following the publication, which usually takes place in late July or early August, the governing bodies of each jurisdiction meet and set the tax rate for the year.

In 1982 there were some modifications of the new tax laws. No State taxes are now levied through this system. Constitutional amendments allowed personal vehicles to be exempt, as well as livestock and farm implements.

The State Property Tax Board, Austin, makes rulings and interpretations on these various laws. But we, the citizens who live in this new era of taxation, have the responsibility to learn about the system and make decisions too.

Medicare In Trouble AARP Executive States

"In six years, the Medicare will be in serious trouble to the point that for many people it will not be available."

Those are the words of M.D. Middleton, area Vice-president, from Little Rock, Ark., when he spoke at the multi-chapter of AARP, and over 250 people heard him say, "We must get congress to look at this thing immediately because medicare is for young and old alike."

Eight chapters conducted a multi-chapter meeting at the Cisco Senior Center, last Tuesday, and visitors came from San Angelo, Wichita Falls, Decatur, Weatherford, Breckenridge, Albany, Eastland, Dublin, Stephenville, Dallas and from the area office.

The purpose of the meeting was to launch a campaign to explain to the AARP members that medicare was going to be out of money within the next 6 to 8 years, and that unless all health agencies cooperated, the health care for the young and old would be in serious trouble.

The State Director from Brenham, Alice Korthauer, introduced Mr. Middleton and stated, "Mr. Middleton is one of the finest in planning and organization, and has the capability of taking the simple and keeping it simple."
Roy Bowling, from Wichita Falls, Robert Benson from San Angelo, and Thomas Barfield, from Wichita Falls, all assistant state directors, also attended the largest meeting held for AARP in this section of

the state. Roy Cartee, Cisco, Assistant State Director, presided over the meeting.

Mr. Middleton, in presenting his speech, stated, "Hospital expenses have increased 720 percent since 1967; physician charges rose over 270 percent; and at the same time the overall cost of living rose only 150 percent."

He continued, "We must ask our political leaders to look at this thing, what is the matter, why can't the United States have a fine health care program. We can send a man to the moon with precision, we can even match wits with hurricanes, don't tell me that we can't solve this problem if we put our minds to it. Let's get the job done."

Twelve 90-year old Senior AARP members were honored at the meeting and the music was provided by the Chapters near Cisco. Cisco now has over 255 members and Eastland has 217 members. The AARP National Organization now has 16,800,000 members.

WORD OF GOD

I know thy works,
that thou art
neither cold nor
hot: I would thou
wert cold or hot.

So then because
thou art lukewarm,
and neither cold
nor hot, I will spew
thee out of my
mouth.

Revelation 3:15,16

the church has enjoyed since its construction a few years ago. Reverend Jones has pastored the church for sixteen years, during which time they have enjoyed being a leading church in the state and nation in contributions involving missions.

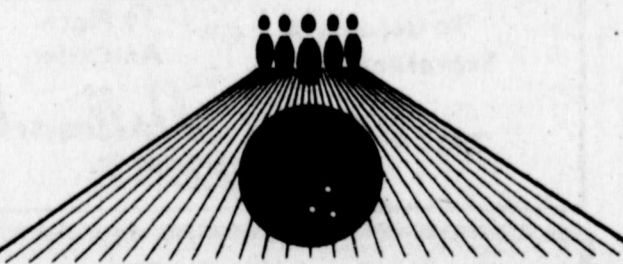

This year, in addition to the Sheaves For Christ contributions of \$7,400 the church and pastor has given \$9,400 to Foreign Missions programs not including gifts to Home Missions and other outreaches. The church is located only ten miles South of Cisco on highway 183.

Much of the congregation is made up of people from the city of Cisco and surrounding area. The pastor himself is deeply involved in Foreign Missions, having made two missions trips into the Amazon Jungle in the past eleven months and is scheduled to return to Brazil and possibly Argentina in a few weeks, where he has been asked to minister in Youth Crusades and Conferences.

Bowling Better — Tip by Tip

Bowling... it's a sport for everyone! It takes little physical prowess and the basics of the game can be learned easily and in a very short time. According to the Women's International Bowling Congress, every bowler can benefit from occasional tips on how to improve her game... her score... and her fun! Here are a few of the common mistakes people make while bowling... and what you can do about them.

Problem: Hand finishing across and in front of the body. **Remedy:** Keep your elbow close to the body and keep your thumb at the 10 or 11 o'clock position to prevent overturning.

Problem: A roundhouse or outside swing. **Remedy:** Tuck

your elbow into your hip and swing your arm close to the hip for a straight swing.

Problem: Holding the ball too low. **Remedy:** Experiment to find the correct height to alleviate stiff knees, a poor pushaway or off-balance approach.

Problem: Off-balance at the foul line and pulling the ball. **Remedy:** Bend your knees slightly and your arm will automatically follow through straight toward the target.

Problem: Sliding foot pointed away from the target. **Remedy:** Slow down your approach. Rushing the foul line causes an off-balance release and pushes your foot either left or right.

Poem

ONE FRIEND, A LITTLE MIXED UP

Just a line to say I'm living.
That I'm not among the dead.
Though I'm getting forgetful
and more mixed up in the head.
For sometime I can't remember
When I stand at the foot of the stair
If I must go up for something
of I've just come down from there.

And before the fridge, so often
My poor minds full with doubt,
Have I just put food away,
or Have I come to take some out?
And theres times when it's dark out,
With my cap on my head,
I don't know if I'm retiring
or just getting out of bed.
So, if its my turn to write you
Theres no need of getting sore.

I may think that I've written
and don't want to be a bore.
So, remember, I so love you
And I wish you were here.
But now it is nearly mail time
So I must say "good-bye,
dear."
There I stood beside the mailbox
With face so very red.
Instead of mailing you my letter
I have opened it instead!

Jury Selection Continues

Jury selection continued this week in the capital murder trial now in progress in 91st District Court.

As of Friday 2 people had been selected to serve as jurors.

Jury selection will continue into next week. Richard Dwain Gaeta, 27, is charged with capital murder in connection with the April, 1983 slaying of Gally Johnson "G.J." Carter, 64.

CJC Begins It's Year Of Art Exhibits

Cisco Junior College has begun its year of art exhibits in the Library with the September showing of the paintings of the Eastland Co. Art Association.

Oleta Shirley, Cisco Junior College Librarian, states that this display will be another "My Favorite Painting" show like the one they had last year that viewers enjoyed so much.

There are about thirty-five paintings in the exhibit, each from a different artist. Subjects of the paintings still this year range from still-life to landscapes and portraits done in oils and in water color.

The Eastland County Art Association was organized in 1972 and has been an active club for more than a decade. This year Joyce Grubbs is president of the club and Laverne Allgood is vice-president. Nita Fay Parsons is secretary-treasurer.

Cisco Junior College is very pleased to present the "My Favorite Painting" show and invites everyone to come by Maner Memorial Library and view this show and others that will be presented in future months. October's artist will be Rebecca Walker, prominent artist who resides in Cisco now.

The Library is open from 8:00 to 4:00 and 6:00 to 9:30 Monday through Thursday, 8:00 to 4:00 on Friday and 6:30 to 9:30 on Sunday evenings.

CLASSIFIEDS GET RESULTS!

Carter was found bound and gagged in his Eastland home April 30, 1983 with two knives protruding from his chest, according to investigation.

Lights From The Christian World by Josephine Cleveland

"Lord, the one you love is sick." This seven worded message from Mary and Martha was well worded. They could have said, "Lazarus, our brother is sick," but they knew that "the one you love" was fitting, for Jesus loved him.

Friend, do you know that these words are a fitting description of you also? Jesus Christ truly loves you whether you realize it or not. I John 4:10 tells us, "Herein is love, not that we loved God, but that He loved us and sent His Son to be the propitiation for our sins."

Is there danger of putting too much faith in the love of God? Never! Regardless of where you are, or who you

are, these words, "Lord, the one you love is sick," is tired, is weary, is discouraged, is suffering or in some other difficult situation, describes Christ's relationship with you.

Paul said, "Who shall separate us from the love of Christ? Shall tribulation, or distress, or persecution? —No, in all these things we are more than conqueror through Him that loved us." Romans 8:35, 37.

Our Heavenly Father, Let us not forget that God is strength to the poor, strength to the needy, a refuge from the storm and a shadow from the heat. Give us strength for our day. Amen.

'Way Back When'

Reprinted with permission given to Vera Wheat "Way Back When" I can remember way back when. All I wanted was to have a friend. Things were simple, and cheaper then. Little did I know my troubles would begin.

Even as I sit and tell my "tale" My life is already blown to hell. It started way back when I was a child. Way back when my problems were mild.

I grew up lonely, with nothing to do. Full of sadness, heartaches, and anger too. Until one of my friends said to me, "Say dude, did you even try any weed?"

They said, "It's OK, you'll be alright!" "Try some of this, Do you need a light?" I fired it up, and inhaled it deep. "Have another, week comes cheap."

And cheap it was way back when. You could burn your problems for only ten. I thought to my self, this can't be real!

COMMUNITY CHEST DRIVE Sept 23-29

For once in my life, I like the way I feel!
The years rushed right on by, I didn't care, I was high! I smoked my stuff, and thought I was cool. I didn't know I was a fool!
I wasted my life on nothing but a plant. I tried to quit, but I can't! Life was too much to cope with. I needed something to have hope with.

Ford Technician Talks To Mechanics

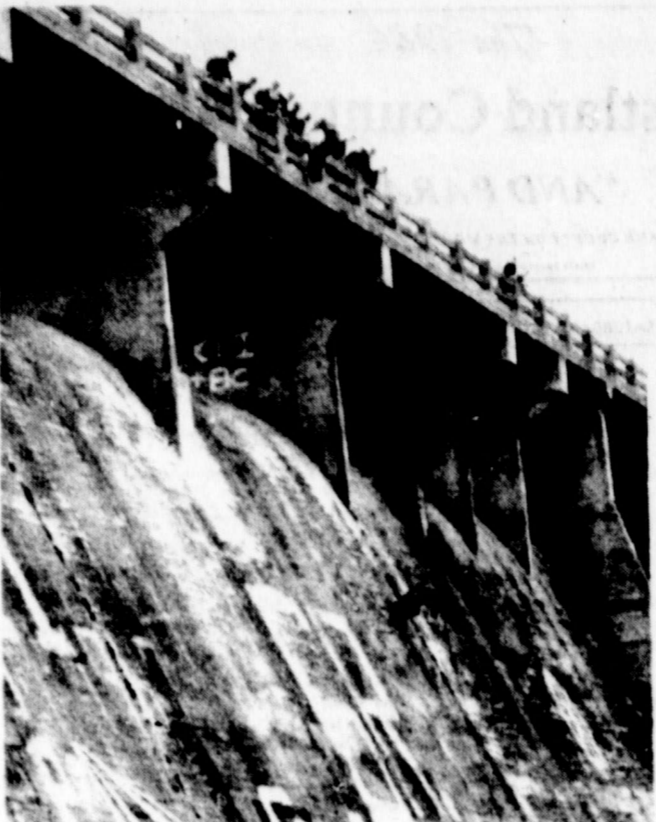

Automobile mechanics from some 12 Ford dealerships in this region were at Cisco Junior College on Thursday, Sept. 20, to hear a factory technician talk on the transmission systems in 1985 model vehicles.

R.H. Russell of Dallas, a transmission specialist, was here to lead the discussions. The program dealt largely with transmissions in 1985 model Ford Ranger Pickups

Yes, weed was cheap, way back when. Now it costs me ten times ten. The prices grew right along with me. "God", please save me from this weed.
A decade later, and I can see! That this stuff is not for me. As I sit here with nothing to do. Full of sadness, heart aches, and anger, too!

and the Ford Bronco II. Gerald Bint, head of the CJC technical-vocational school, said the Ford Motor Company was sponsoring a series of three day-long sessions for the mechanics of area Ford dealerships at the CJC shop during the fall semester.

"They arranged for the use of our facilities in their training program," Mr. Bint said.

A GROUP of ROTC students from Tarleton State University in Stephenville were in Cisco last weekend to spend Saturday morning rappelling on the Lake Cisco dam. The members of the team were using ropes and pulleys to lower themselves quickly down the side of the dam into the old swimming pool area. In the photo, one person may be seen on his way down, while another is getting ready at the top of the dam. (staff photo)

Democrats Hold Convention

Texas Democrats met in Convention Sept. 7th and 8th, at the Dallas Convention Center. The Regular convention—also known as the "Governor's Convention," is held for the purpose of electing the State Party Officers, and State Committee members, adopting the State Party Platform, and certifying the Party's nominees as determined in the May-June primary elections.

Delegates voted to make this the last year to hold a Sept. convention in a Presidential election year, and have only one held each year in the spring. Nancy Brannon, of Lewisville, was elected State Committeewoman for a second year term for Senatorial District 22, and Harris Worcester of Aledo, was also elected to a second year term as Resolutions Committeeman.

All eleven of the Eastland delegates were able to attend the many caucus workshops from early Friday to late Saturday. Two of the highlights of these sessions was meeting William Mondale, who was on the campaign trail for his father in Texas all week, and having Sen. Gary Hart at many of the caucuses, meeting for informal talks, urging all to work for Mondale-Ferraro, and Senator Doggett. He expects to be back in Texas twice before the Nov. 6th elections.

Representing Eastland County at the convention were Convention Chairman, Dr. G.A. Dunn, Judge Scott Bailey, Judge R.G. Lyerla,

June Hicks, Robert Tucker, Ann Murray, Carolyn Foster, Rufas Carr, Cynthia Wade, J.T. (Kit) Carson, and Clarence Dill.

Local AARP Has 257 Members

Jack Roberson, membership chairman for Cisco's AARP reported 257 members for this year. That number is the highest the local chapter has ever enrolled. The excellent work of Roberson was given a hearty round of applause at the meeting on Thursday, September 20 in the Corral Room.

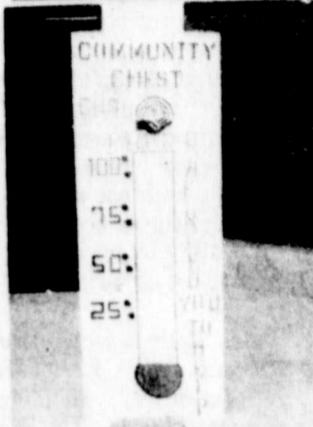

Highlighting the evening's entertainment was the third grade choir from Cisco Public Schools under the directorship of Davine Jeffcoat. The chorus of some 90 voices sang eight selections with one of each in German, Spanish and Italian. Other vocal numbers included a Negro spiritual; one from Mary Poppins; an Indian Love song; and "Love is something if you give it away."

Mrs. Jeffcoat, her choir members, and their parents were served refreshments of frosted punch and cookies.

The tables were appropriately decorated with ceramic school children and old schoolbooks. Mrs. Mable Thackerson and her committee even decorated the entryway with a huge doll carrying a book with the caption of "School Days."

During the business session various committee chairmen explained and showed some of the work their group was doing. Walt

Knowlden pointed out that not one of the tax returns which they had checked was returned for the Cisco chapter and only 7 per cent of those for the entire county had any errors. There will be another tax training class in January and he asked for more to take the 40 hour course. Lawrence Thompson told of three Driver Training courses that the AARP had sponsored this year.

The Community Chest Thermometer will be displayed in front of Olney Savings during the Community Chest Drive week, Sept. 23-29. You can make your donations at Olney Savings to c/o Patsy Hogan or to the First National Bank, c/o Ron Patton. (staff photo)

Texas PTA Plans To Honor 'Terrific Teachers'

"Terrific Teachers" from across the state of Texas will be honored again by Texas PTA at the 75th annual state convention November 27-29 in Houston.

Teachers will be recognized. Please Give!

ed for their contributions to the education of students, to the PTA, and to the community.

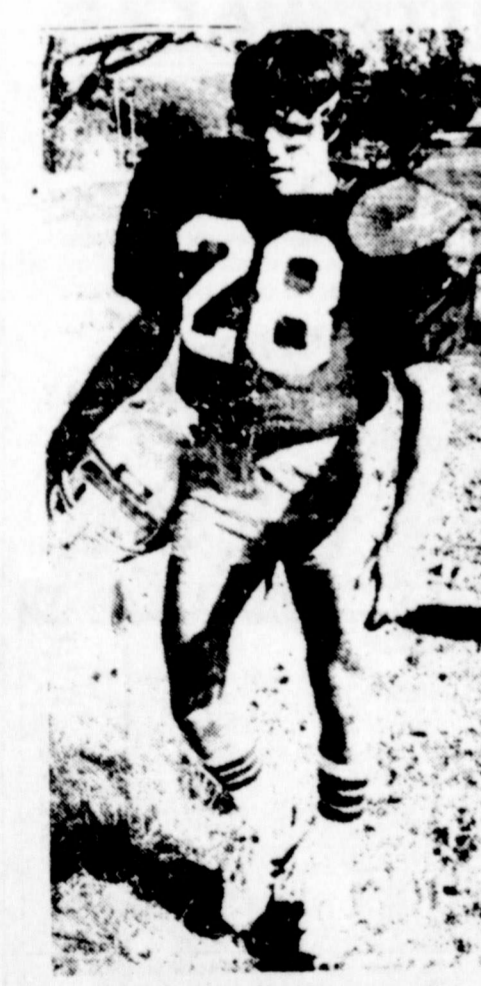

To be eligible, a teacher must be an active member of PTA, on the current roster, must teach at least half-time, and must not be a previous winner of the

award. Each local PTA may submit only one teacher nominee from its school to the district president. The deadline for submitting the nomination form is October 1st. A committee appointed by the district president will select three honorees for

each 25,000 memberships in that district (as of March 15, 1984). Please contact your local PTA president for more information and rules. Laverne Martin District PTA Publicity Chairwoman 834-3760

Wayne Hutchinson likes to think he still is picking his way up the slope. At 6-0, 180 pounds, he figures that lifting weights someday will bulk his frame close to 200. He covers 40 yards of grass in football cleats in 4.58 seconds with plans for going faster.

Wayne Hutchinson trudging up the trail that leads from the practice field at Cisco.

Wayne Hutchinson is left with the same hope that lifts every junior college player coast-to-coast, that 18 months from now, when his sophomore season is over, somebody will knock on his door.

'Where is he now? Cisco?'

Wayne Hutchinson had hopes of playing big-time college football; today he is in limbo: junior college football

By Mark McDonald Staff Writer of The News

CISCO, Texas — From the central campus buildings, you can look down the hill and see the practice fields. To get there and back from the dressing room, the football players walk a rocky path through weeds, mesquite, horned toads, a few scrub oaks and yes, cactus.

For the players who walk it every day, the trail is more than a strip where weeds have been worn away. It defines their life. It is junior college football. A way to get from here to there. Passable but nothing fancy and never easy. This is Cisco JC (enrollment: 1,000) clinging to a hilltop in the rolling countryside just east of Abilene where West Texas begins. It could be any junior college in the nation, any place where high school grads who were two inches too short or a step too slow or 100 points shy on their college boards to be recruited by the 4-year universities come to chase a dream.

The players are there for one last shot at the big time. As the flawed merchandise of the past recruiting crop, they are college football's free agents just hoping to catch on somewhere, anywhere. Many fail each year and wash out simply because the scouts are right. They really are too slow, too small or some kind of head case.

But the best will survive, even prosper. Tony Eason came out of American River College (Sacramento, Calif.) to quarterback Illinois into the Rose Bowl. Cliff Branch took vitamin JC at Wharton before going on to Colorado and three Super Bowls with the Raiders. A guy named O.J. played juco ball.

Wayne Hutchinson likes to think he still is picking his way up the slope. At 6-0, 180 pounds, he figures that lifting weights someday will bulk his frame close to 200. He covers 40 yards of grass in football cleats in 4.58 seconds with plans for going faster. Mostly, though, he hopes the scouts overlooked him because he comes from Knox City High, a cozy institution with a senior class this year of 19, counting the girls. Until Cisco came along, Hutchinson got exactly zero scholarship offers. Abilene Christian and Texas Tech asked him to walk on.

"I guess they weren't too impressed with a guy from Class A," Hutchinson says. "It kinda surprised me."

Maybe it shouldn't have. The knock on small-school prospects always has been three-fold: (1) they play too many sports and dilute their off-season training; (2) they face questionable competition; (3) the coaching they receive is marginal in quantity if not quality.

"When you sign a small-town kid," said a recruiting coordinator at one SWC school, "you know less about what you're getting."

Today, most major-college players attended large high schools and concentrated on their best sport year-round with heavy weight training. Scan the rosters of the Southwest Conference, for instance, and you will see only a few from small, rural communities. University of Texas wideout Bill Boy Bryant of Dublin is a notable exception, but his father, Bill, is a coach, so Longhorn scouts figured they could chance it. These days a Jack Pardee never could have come out of a Christoval in West Texas and made it to Texas A&M, then later with the Rams.

The 95-limit on scholarships and high-stakes competition allows for no scouting mistakes, said TCU recruiting coordinator Ray Sewalt.

"It's a 12-month job each year," said Sewalt. "We start watching kids when they are sophomores and juniors. It's similar to NFL scouting, now."

Another result of intensified scouting is the establishment of minimum standards for recruiting. Sewalt said that at TCU, a lineman must be 6-3 or taller, weigh 235 or more with growth potential to at least 265. Backs must run a 4.6 40 or faster. He said the requirements were similar throughout major-college football.

"A good ol' big'n will beat a lil' ol' good'n every time," Sewalt said.

His homespun rule of thumb for backs is speed over size: "You don't want to run your mule against his thoroughbred." For linemen, he will take height and shoulder width over stockiness and maturity: "You can't put a 20-story building on a 2-story foundation."

Cisco JC coach Bob Keyes said, "UCLA will call and ask 'Got any linemen 6-5 or better?'"

"I'll say, 'Yep.'"
"Any that weigh 260 or better?"
"Nope."
"We'll call you back next year."
Click.

All of this, Sewalt admits, ignores football sense and grit. Larry Wilson ran 48 40s but with his safety blitzes, the St. Louis Cardinal was fast enough to make it to the Hall of Fame in Canton. Sewalt is the first to say the game is played with people and their emotions, not dimensions.

"Intangibles... that's the thing we as recruiters miss the most," he said. "That's the hardest thing to evaluate. You can't weigh a kid's heart." Hutchinson calls that bad luck. He admits

Wednesday: Breakfast--oatmeal, bacon, juice, milk. Lunch-- frito pie, pinto beans, buttered corn, 1/2 orange, cornbread. Snack Bar-- hamburger, tatar tots, bar-b-que, burritos.

Thursday: Breakfast--cinnamon toast, 1/2 banana, milk. Lunch-- hamburger, lettuce & tomatoes, french fries, jello. Snack Bar-- Bar-b-que, corn dog, frito pie, nachos.

Friday: Breakfast--biscuit, sausage, gravy, juice, milk. Lunch-- pork chops, gravy, whipped potatoes, green beans, cookies, roll. Snack Bar-- hamburger, bar-b-que, french fries.

Senior Citizens Nutrition Menu

We have been discussing the problems in regard to Vitamin Iron in our nutrition during the past couple of weeks. We have been asking questions in regard to the knowledge we should have concerning iron. This week we will ask one more question.

Is it true or false - because more iron occurs in meat than plant sources, strict vegetarians may have a hard time getting enough iron in their diets.

The answer is true.

The more easily absorbed iron comes from animal tissues. People who rely solely on plant sources for iron should be particularly careful to consume foods rich in Vitamin C along with their leafy greens and whole grains.

These true or false questions have been of great interest and we hope that you pay attention to all levels of vitamins in your diet. The smart thing to do is to come to the Senior Center and get a well-balanced diet. Why not call 442-1557 and make a reservation?

The programs for the past week included: The Band performed at Abilene during the parade and at the Multi-chapter AARP Chapter meeting; Wanda Toler sang and played her harp; Kathy Harris sang several songs while being accompanied by Celia Shackelford; Linda Knight conducted a blood pressure screening; the AARP held their monthly

REDEEMER LUTHERAN CHURCH

Our Worship Service begins at 8:30 a.m. Pastor Schueler's message is entitled "Life Under the Cross" based on Matthew 16:21-26. Sunday School and Bible Classes begin at 9:30 a.m.

Trinity Lutheran Church, Albany, is celebrating their 75th Anniversary today with regular worship service at 11:00 a.m. followed by an old fashioned picnic lunch on the grounds. Afternoon worship service is at 4:40 with Pastor Dean Kelm, 1st Vice President of our Texas District and pastor at Redeemer, Odessa, the guest speaker. There will be a Smorgasborg Dinner following the evening service.

"Sometimes troubles gang up and make people wonder, 'What did I do to deserve this?' Life may seem unfair if we cannot understand the

meeting; and the dinner music was played by Anna Dytzel, Vida Killion and Marguerite King and A.E. McNeeley.

The menus for the coming week will be:

Monday-- Italian spaghetti, green beans, pear cheese salad, lemon dessert, bread, butter and drink.

Tuesday-- Ham, potatoes au gratin, spinach, apples, refrig. dessert with crust, bread, butter and drink.

Wednesday-- Beef with brown gravy, mashed potatoes, peas and carrots, pineapple cheese salad, peanut butter raisin birthday cake, bread, butter and drink.

Illegal Aliens Concern Texans

Texans are especially concerned about the unlawful aliens living within their borders. According to our present laws all persons living within the state are subject to its jurisdiction.

The country of Mexico is more than one fourth of the U.S. The border between these two countries is 1,800 miles long.

In 1917, Mexico adopted a new constitution under which the country still exists. Following the socialistic idea of distribution of land and income in order to care for their people they took the land away from the owners and divided it into 50 acre parcels. The people who formerly worked for these land owners were given the land to farm under the condition that their family would always live there. If not, they could no longer keep it. Their attempt to evenly distribute the land was not satisfactory and did not help the cause of equality since some land was arid or mountainous. Others were given rich, more easily tilled soil. Too, family members wished to leave the farms to find, they thought, better opportunities in the cities. This created a problem for the government. There were not enough jobs for them in the cities.

For various reasons, chief among them being lack of freedom, due to communistic or socialistic policies, lack of opportunity, and unemployment, many Mexicans, Chinese, Europeans, and people from other countries desire to come to the United States. Can one blame them?

Already, as many as 12 million illegal aliens live in the U.S. And now each year 2 million or more invade our country. This has created a tremendous problem. It must be solved somehow.

Illegal aliens, unlike legal immigrants, are a great burden and a real threat to all law-abiding citizens.

U.S. did nothing when Cuban dictator Castro unloaded 125,000 Cuban aliens on the U.S. Many were violent criminals, perverts, and mental patients. Also, he infiltrated hundreds of Communist spies. What other country in the world would have allowed this? The communistic countries in spite of their idea of equality for all, guards their borders with machine gun, toting guards. Those caught within their country are taken and often end up in their prisons, mental institutions, or shot.

Illegal aliens double the U.S. jobless rate, says former Labor Secretary, Ray Marshall. The jobs they take cost us \$35 billion a year in unemployment.

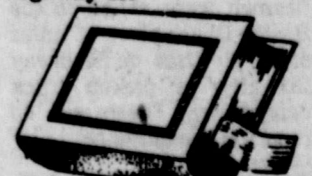

Our elected representative in Congress much soon consider all facets of this problem. It will not be easy.

By Josephine Cleveland

About 50 per cent of the people in Mexico work on the land. They do not make enough from their land to provide for their families. Among the small farmers, the methods of farming have not changed much in many

GIVE THANKS

People n Things

THIS IS A small world. That's what Mayor Eris Ritchie thought last weekend when he checked in at the Bobbin Show, the nation's largest exhibition of equipment for the needle trades, at Atlanta, Ga. One of the first people the mayor ran into was Bob Ford of Cisco, district manager of the Russell Newman Company.

Both men were there to see what's new in equipment and technology for needle goods manufacturers. Mr. Ritchie is already thinking of enlarging his plant that turns out embroidered patches for school uniforms and possibly adding a second shift.

Mr. Ford, who looks after several RN plants, stays alert for things in equipment used by his company. James Laird is manager of the local plant.

THE BOARD OF Trustees of the Mobley Hilton Corporation held its first official meeting at 2:30 p.m. Friday at the First National Bank.

The agenda called for electing a chairman and completing the formal organization. The Press will have full details Tuesday.

The state has issued the corporation charter to make the organization official.

CISCO WAS ON television twice this past week. Last Monday at 5 p.m. Channel 5 Fort Worth ran pictures and told about the Mobley Hilton's plans.

Mayor Ritchie and Banker Dick Woolley met the reporter's helicopter and showed him the hotel...Mr. Woolley, by Thursday to attend a meeting of the board of directors of the Hendrick Medical Corporation...The other TV appearance for our town was on Abilene's Channel 32 about the AARP meeting held here.

MRS. E.E. Addy, Sr., underwent eye surgery at Hendrick Hospital, Abilene, last Tuesday. After spending the night, she went to the home of her daughter, Mrs. Beth Leveridge, in Breckenridge to visit while recuperating. The surgery went well, our scouts report...Mr. Ted Rogers, who runs the big press that prints this newspaper, attended a family gathering at Buffalo Gap State Park last weekend. And he saw a big flock of wild turkeys and a couple of deer. All of which whetted his appetite for the coming of hunting season for same.

CONSTRUCTION work is near completion on the new doctor's clinic near E.L. Graham Memorial Hospital. Water and sewer pipes and paving work remained to be done to complete the project...You'd think it would be raining with West 17th Street torn up and in the process of being paved. Work is coming along nicely out there...The Cisco Ladies Golf Club has made a contribution of the Conrad Hilton Memorial Park and Community Endowment Fund in memory of Letha Stafford.

MR. BOBBY Smith, local CPA who is pretty handy with a golf club, had two eagles (two under par) in the same 18-hole round at the Cisco Country Club recently. He holed out from about 60 yards out on both the No. 4 and No. 5 holes for eagles. He is a former city champion...Clerk Judy Pope was the only worker on duty at the Cisco Post Office for nearly an hour Wednesday afternoon as all other employees attended funeral services for V.B. Ferguson, retired postal worker. They were honorary pallbearers.

POSTMASTER Wiley Cox, a long-time member of the Kiwanis Club, was a guest at the Cisco Lions Club meeting last Wednesday noon. They held an auction to sell 20 Lions pins donated by Gerald Merket from his late father's collection.

Mr. Cox entered into the bidding and by the time it was over, the Kiwanian owned two Lions pins that cost him a total of \$10. Guess he can wear this anywhere but at a Kiwanis Club meeting.

was at his office at Kamon House when we looked in Thursday.

Mr. LL has yielded to the combined recommendations of all the medical folks. He no longer smokes, has stopped running clubs, choir directing and works a short week. And he feels better each day.

IF YOU'LL LOOK on the east side of the Post Office, you'll see one of the largest tomato plants you ever saw. It is one plant and it has been blooming and growing tomatoes all summer. A lot of folks, including postal workers, have been enjoying the fruits of the plant...The John McGuire spent last weekend at Lubbock in their travel trailer. Their daughter, Charlotte, was in town on business and they enjoyed several days together...A sign on the back of a car we saw reads: "I is a college student." An attractive young lady was driving.

GUESS YOU'RE aware that summer was to come to an end Saturday, Sept. 22, which is the first day of autumn...The Carl Kleiners, who live at 14th and Avenue L, plan to drill themselves a water well...Our scouts report that total enrollment at Cisco Junior College is around 1,800 for the fall semester in Cisco and on campuses in Clyde and Abilene...And we saw a sign the other day on the wall of an office that read: "When the white man discovered this country, Indians were running it—no taxes, no debt and women did all the work. And the white man thought he could improve on that."

SEE YOU IN Breckenridge for the CJC-Ranger football game (Lions Benefit Bowl) at 7:30 p.m. this Saturday (Sept. 22).

CJC COACH Bob Keyes and Ranger JC Coach Jerry Watson were speakers at the Lions Club luncheon in Ranger at noon Thursday. They told about their Lions Benefit Bowl football teams. Abilene TV Channel 32 filmed the coaches in their talks to the club...Rev. and Mrs. Frank Williams, Mrs. Jewell Cole and Mr. and Mrs. Jasper Cook, all of First Methodist Church, attended a district Fall Faith Fest in Brownwood last Tuesday night...And cooler temperatures and a bit of rain drizzle fell in our area early Friday.

WENT OUT TO Chesley Field last Thursday night to see the Junior Varsity game. Our JV Lobos lost to Mann Junior High of Abilene. The Mann team was about 40 players strong and they had some dandy runners...A number of JV players will be on the Lobo varsity next year if not before...Kevin Kirk, Lobo JV tailback, was a dandy ball carrier, the fans agreed...Lonnie Pevey, who played in the line on both offense and defense, for the Ciscoans, did a fine job. He had a neck injury and his parents took him to the hospital after the game. An x-ray showed no real damage...While at the hospital, Lonnie's parents met some folks who had come from Cross Plains where their son had received a similar neck injury Thursday night in a football game at Cross Plains. X-rays were made and Dr. Ayres Cermin, who looked at the pictures and examined him, suggested they take the youngster to a specialist in Abilene...You're missing some good football if you don't go to the JV and 8th grade games.

Rural Fire Dept. Answer 2 Alarms The Cisco Rural Fire Department answered two alarms during the past week, according to records at the fire station.

Firemen went to the R. Nelson property 10 miles south on Highway 206 at 2:50 p.m. Sunday, Sept. 16, to put out a grass fire. The report noted that some 10 acres of grass land was burned off.

On Wednesday, Sept. 19, firemen were called to the Buster Pharr place 12 miles south of Cisco on Highway 183 after a pickup truck caught fire. There was no report of the damages.

Videoconference Held In Cisco

(Continued From Page 1)

others.

One of the most interesting parts of the program was from Richard Ryan, a Main Street Architect from Texas Historical Commission in Austin. He presented film on what has already been done in Texas to improve the main street of small towns.

Ron Bailey expressed appreciation to Southern Television for providing the satellite coverage for the program, to the First National Bank for the use of the Community Room, and to Harold Reich of Cisco Western Auto for providing a television set. He also thanked the various Chambers of Commerce for their participation.

"We're in the planning stage here, hoping to gain ideas," he said. "We believe this program and discussion will add to our knowledge of how to proceed."

Lions Told Of Band and Belles Planned Trip

The planned trip of the Cisco Junior College Band and Belles and a big delegation of supporters to New York City for the Macy's Thanksgiving Day Parade will be the 5th such outing for the group. Director Nicki Harle of the Wrangler Belles told the Cisco Rotary Club in a talk at their weekly luncheon last Thursday.

Mrs. Harle appeared as the guest speaker on invitation of Dr. Henry E. McCullough, program chairman, who introduced her. Four members of the CJC drill team also were guests at the luncheon.

Mrs. Harle outlined the Belle program, which includes some 30 area girls, and told about their preparations for outings at football games and their plans for the New York City visit. She said the Belles "are a big public relations attraction for our college."

Visitors in the home of Mr. and Mrs. Walter Laminack on Sunday, were Mr. and Mrs. Billy Condon of Baltimore Md.; Mr. and Mrs. B.W. of Laminack, Midland, Tx.; Mr. and Mrs. Dick Green, Michelle and Robert of Houston, Tx.; and Mr. and Mrs. Mike Tucker of Wichita Falls, Tx.

- NEW BUSINESS:

Christene Reich, Cisco, Presided at the Cisco Writer's Club Awards Meeting in the Bank Community Room.

Writer's Club Awards Prizes

The Cisco Writers Club held the 1984 Awards Meeting Thursday evening, Sept. 6th, in the National Bank Community Room. A number of prizes were awarded to persons who took part in the 1984 Contest.

Christene Reich, President, led out with the program. Presentation of the awards were made by Lela Latch Lloyd and Viola Payne, Contest Directors.

The directors reported a lot of interest in the competition this year, with 75 manuscripts and books being sent in from a wide area.

Visitors to the awards meeting included Mary Carey of Willow, Alaska, who made a suprise trip to

Texas and was able to be present. Her book "How Long Must I Hide?" received First place in the book category.

Julia Worthly of Eastland, Josephine Cleveland of Cisco and Shirley Strawn of Abilene were the top winners in all categories. Julia Worthly received the Davis Autry Memorial Award as the top overall winner.

Judges in this year's contest were members of the Dallas-Ft. Worth Writer's Workshop.

Ruby J. O'Neill, from Ranger, won in three categories: Inspirational Articles - Honorable Mention. Short Stories - Third Place. Juvenile Story - Honorable Mention.

Post Office Plans Outside Changes

Planning work is near completion to move the outside mail drop box and to improve sub-standard sidewalks and curbing at the Cisco Post Office, Postmaster Wiley Cox reported to the Cisco Lions Club at their luncheon last Wednesday noon at the Colony Restaurant.

Mr. Cox said the planning work was being done by the regional office at Fort Worth and that construction work could begin within a month.

Plans call for moving the outside mail drop box from its present location at the southwest corner of the post

office property on 6th Street to Avenue E where a drive-in area will be built.

The Cisco Lions Club had been working with Postmaster Wiley Cox for several months in the interest of a club project to move the mailing drop box to a more convenient location. Mr. Cox said that postal authorities investigated the matter and decided to go ahead with it without a local sponsor.

The curbing in front of the post office is expected to be torn out and lowered and some sidewalk areas will be replaced.

In other action, Lions held an auction sale to sell 20 Lions Club lapel pins collected by the late Rufus Merket, long-time member, and donated to the club by his son, Gerald. The pins were sold at auction by Jasper Cook, secretary, and they brought from \$2 to \$27 each.

It was announced that the club would have an entry in the eastland County Fair parade on October 6th. Sweetheart Shawn Fisher was presented a Lions Club vest.

Guests included Claude McBeth of Springtown and Wiley Cox, Dan Dixon and Mrs. Earl Ray of Cisco.

Obituaries

Services For

Homer Bible

Are Wednesday

Services for Homer A. Bible, 91, a former Cisco City Councilman, were held at 10:30 a.m. Wednesday at Cisco Funeral Home. Mr. Bible, died at 5:08 p.m., Monday at E.L. Graham Memorial Hospital.

The Rev. Bill C. Weeks, pastor of Presbyterian Church, officiated, and the Rev. Bohl of Fort Worth, assisted. Burial was at 3:30 p.m. at Greenwood Cemetery in Fort Worth.

Born Dec. 8, 1892, in Grayson County, he served in the U.S. Army during World War I. He married Lorena Leazar June 27, 1920,

Cisco Band

Boosters Meet

Monday Night

The Cisco Band Boosters met Monday night, Sept. 17. The new by-laws were voted on and accepted.

It was decided to purchase two portable emergency C.B.'s for the bus trips. Barbara Pittman will be the concession stand chairman for the 1985-86 school year.

The Band Sweetheart will be announced during the half-time activities at the November 2nd game.

Wylie High

School Plans

Homecoming

Festivities for the Wylie High School Homecoming will begin Friday, October 5, with a pep rally in the high school gym at 9:15 in the morning. The Homecoming Bar-B-Que will begin promptly at 5:00 p.m., with service till 7:00 p.m. in the High School Cafeteria with tickets purchased at the door. Following the dinner, the Exes Association will be meeting at 6:30 p.m. to elect new officers and the Coming Home Queen will be at halftime. Immediately following the game there will be an exes' dance and coffee. The coffee will be held in the grade school cafeteria. The location for the dance is still undecided. It will be announced at halftime.

Tickets are on sale at all of the home games and during all of the homecoming functions for a chance to win a beautiful 12 gauge Remington automatic shotgun. Tickets are \$1.00 with no limit as to how many you may purchase. This is being sponsored by the Wylie Exes Association.

All exes are urged to attend as many of the functions as possible.

The Cisco Press Sunday, September 23, 1984

INTERIORS UNLIMITED Would Like to Welcome Royce Clements to Our Business. P-78

by Lawrence Funeral Home. Born Oct. 30, 1906, in West Virginia, he was the son of the late Mr. and Mrs. W.H. Nolan. He married Geraldine Yergin April 24, 1927, in Putnam.

The couple moved from Putnam to the King Ranch, in Hawley, in 1945. He had worked for St. Mary Oil Company, Southern Production and Sinclair Oil and Gas, retiring in 1962. He also worked several years for Jones County as a motor grader operator. He was a member of Hawley Baptist Church.

He was preceded in death by a brother, Gerold Noland.

Survivors include his wife; two sons and their wives, Robert and Ginger Noland of Hawley, and Jerry and Colene Noland of Anson; two daughters, Mrs. Alfred (Janelle) Barker of Hodges and Mrs. Donnie (Jean) Bristow of Hawley; a brother, Dallas of La Marque; two sisters, Mrs. Elsie Barron and Norma Noland, both of Jacksonville, Fla.; 11 grandchildren; and 16 great-grandchildren.

Services For

Alma Hohertz

Are Thursday

Services for Mrs. A.E. (Alma M.) Hohertz, 84, of Bur-Mont Nursing Home were held at 3 p.m. Thursday at Our Savior Lutheran Church. Mrs. Hohertz, died at 8:45 a.m. Thursday, at the nursing home. She had been in ill health for about a year.

The Rev. Bob Boyce, of Trinity Lutheran Church in Weatherford, officiated. Burial was at Elmwood Memorial Park, directed by North's Funeral Home, in Abilene.

Born Alma M. Stephan Aug. 7, 1900, in Lee County, she grew up and attended school in Romney in Eastland County. She married Albert E. Hohertz Feb. 13, 1921, in Romney. They moved to Taylor County after their marriage. She was a member of Our Savior Lutheran Church.

Mr. Hohertz, who died Aug. 9, 1983, was a dairyman at View for many years. A son, Herbert, died in 1977.

Survivors include a son, Harold, of Route 4, View; two daughters, Mrs. Orville (Margaret) Helberg of 1842 Edgemont and Mrs. John (Beatrice) Glenevinkel of Levelland; a brother, Robert Stephan, of Cisco; 11 grandchildren; and nine great-grandchildren.

Named as pallbearers were Mark Blank, Joe McLean, Steve Glenevinkel, Ronny Helberg, Lawrence Helberg, Tim Hohertz, Cody Rhodes, Douglas Bronstadt and David Haedga.

Bread of Life

These things write unto you, that ye sin not. And if any man sin, we have an advocate with the Father, Jesus Christ the righteous.

1 John 2:1

Great Advocate, Almighty Friend! On Thee do all our hopes depend: Our cause can never, never fail; Thou dost plead, and must prevail

Old Rip To Air Sunday, 6 p.m.

Old Rip will appear on national television Sunday, Sept. 23. Eastland County's famed horned toad will be featured on Ripley's Believe It or Not program on the ABC Network at 6 p.m. Sunday. The hit program is seen locally on Channel 8, Dallas, and Channel 12, Abilene-Sweetwater. Ripley's star Jack Palance and an ABC crew spent a day in Eastland recently filming the segment on Old Rip. The crew spent a week in Texas filming interesting and unusual stories which will be used on the show. Don't forget, Sunday, Sept. 23, 6 p.m. Channel 8 or Channel 12 for Old Rip.

Fishing Report

Terry Wilson

Recent results from our tournament held on Lake Leon, only substantiate recent articles published in major magazines bragging on Leon's excellent bass fishing. Long known by locals for its excellent yield, Leon is now drawing anglers from across the state, and neighboring states. And improvement is all that can follow. With this years excellent growth of vegetation next years spawn should be an excellent one, providing we receive some rainfall. Of 144 fish weighed in there were a mere 14 fish lost, an excellent release for any tournament. Most of these 14 were identified as young male bass. Many anglers are speaking of hitting Leon again in a few weeks. Why wait? A re-

cent catch of 6 fish in a matter of 3 hours fishing shows that the fish are there and ready to feed. The most productive pattern seems to be shad. Through white cranks, white tail worms, or white spinners. And don't be afraid

to put your bait in shallow water, cause there's some nice fish feeding. Don't forget sandhills bass club will be on Brownwood, Sept. 29 and 30. Brownwood Chamber of Commerce will be hosting their tournament Oct. 6 and 7 also on Lake

Brownwood. Brownwood is also extremely low, so exercise caution while boating. The bass on Brownwood have been extremely slow.

ingers coming off rocky points, using crankbaits and worms. Area Lakes: Graham, bass good, crappie fair, channel cat good, crappie fair.

excellent up to 5 pounds. Tamor Perrins, bass good to 3 pounds, crappie fair. Daniels, bass slow, channel cat good, crappie fair.

County News Briefs

Sunday, September 23, 1984

CISCO

Twenty community leaders from throughout Eastland County gathered on Sept. 18 in the Community Room of the First National Bank, Cisco, for a Videoconference on "Revitalizing Downtown". The program was sponsored by the U.S. Department of Agriculture and the National Endowment for the Arts, and produced by the National Main Street Center of the National Trust for Historic Preservation. Ron Bailey, district conservationist with the ASCS, welcomed those attending. President Reagan opened the program, and his talk was followed by those by a number of experts on preservation, restoration and revitalization of small towns. Films gave special information on actual projects. The persons present expressed appreciation for this unusual program.

One of the year's top football games for this area is expected to be the Lion's Benefit Bowl Game between Cisco and Ranger Junior College in Breckenridge Saturday. The place is Buckaroo Stadium, and starting time is 7:30 p.m. The contest is being sponsored by the Lions Clubs of Breckenridge, Cisco, Eastland, Carbon and Ranger. Net proceeds will be used to benefit the charities of the clubs.

Cisco's new water filtration system is 95% complete, and clear water is now coming through the facility. Improvements total over \$1,300,000 and consist of the filtration system, clearwell improvements, and a 12 inch water line to feed the water tower. Citizens agree that all they need to complete the picture is enough water in Lake Cisco to rise near the top of the dam!

There will be a free Blood Pressure Clinic in Cisco on Wednesday, Sept. 26, at the Chamber of Commerce. This is a community service sponsored by Western Manor of Eastland. The Home Health Nurses will be in charge.

EASTLAND

The Music Ministry of the First Baptist Church of Eastland, South Seaman Street, will present Steven Zell in organ recital Sunday, Sept. 23, at 3 p.m. Mr. Zell is currently an Instructor of Music at Cisco Junior College, and also serves as organist/choirmaster at the First Christian Church in Breckenridge. His recital in Eastland will be the first in a series of four recitals the church will present this fall. The church has a new 18-rank Schantz pipe organ in its new sanctuary, and is inviting the public to come hear it.

The Beauty Center, a wholesale and retail outlet, has just moved from 605 W. Sadosa to the new Shady Oaks Shopping Center on Hwy. 80 E. Peggy Robinson, the owner, has a wide selection of products on display in the colorful new building. She invites the public to come by the Beauty Connection and look through these items. A Grand Opening will be announced in October.

Old Rip will appear on nationwide television on Sunday, Sept. 23. The famed horned toad will be featured on Ripley's Believe It or Not program on the ABC Network at 6 p.m. The program may be seen here out of Channel 8, Dallas or Channel 12, Abilene. Ripley's star, Jack Palance and his ABC crew recently spent a day in Eastland filming this segment on Old Rip.

RISING STAR

Mayor Doris Griffin of Rising Star has twice offered her resignation to the City Council, but no action was taken by the Council either time. The Mayor stated that although she felt there had been less than 100% cooperation with city employees, that is not her sole reason for rendering her resignation. She is considering employment in another state and has made plans to leave Rising Star. She plans to remain in office, however, as long as possible for her to do so and help keep the city operating on an even keel.

The Senior Citizens Club of Rising Star will hold Open House Saturday, September 29. A dinner will be served from 5:30 until 7:30. Everyone is invited to come and eat, get acquainted, and enjoy the fellowship.

The Eastland County Retired Federal Employees will meet Tuesday, Sept. 25 at 6 p.m. at K-Bob's Steak House in Eastland for the regular monthly meeting. Elmer Foster is President of the group.

RANGER

The Ranger Exe's meeting will be Saturday at 7 p.m. September 22, at the Recreational Building (Old High School Gym). This meeting is to organize the events of the upcoming Homecoming on Nov. 2nd and 3rd. All persons who have attended Ranger High School are urged to come out and take part in this.

The Ranger Bulldogs defeated the Cross Plains Buffalos 25-0 in their second non-district game. There were 10 turnovers in the game, six by Cross Plains and four by Ranger. The Bulldogs did a good job again, and the season looks promising.

Balloons Etc. is the name of a new specialty shop in Ranger. Donna Tibbles, the owner, can furnish balloon bouquets for any occasion. She has Birthday Balloons, balloons to welcome a new baby, Holiday Balloons, Spiderman, Superman, and many more.

There will be a Free Blood Pressure check in Ranger on Monday, Sept. 24, at the Gholson Hotel. It will be held from 10 a.m. to 11:30 a.m. This is sponsored as a community service by Western Manor, Eastland, and the Home Health Care Nurses will be in charge.

Notice

The Annual County Convention of the Eastland County Farm Bureau will be held Saturday, September 29 at 6:00 p.m. at the Siebert Elementary School in Eastland. A free bar-b-q dinner will be served to members. A business meeting and election of directors will follow. Members are reminded to get their reservations in to the County office by Tuesday, September 25.

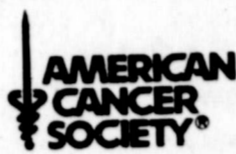

Masons Invited To Attend Confab

All Master Masons are cordially invited to attend the 10th Annual Mulberry Canyon Confab, Saturday, September 22, 1984.

A delicious barbeque dinner will be served at 6:00 p.m. This will be followed at 7:00 p.m. with an outdoor Master Mason degree conferred by past Masters of the 75th Masonic District.

This will be in the Suez Shrine Temple, Childrens Park on the banks of Mulberry Canyon Creek, 9.2 miles south of Merkel on FM 126.

There's a Great Day Coming!

ANSWER TO BIBLE TRIVIA

NABAI
NABAI WAS THE HUSBAND OF ABIGAIL WHO LATER BECAME THE WIFE OF KING DAVID. Nabai was considered to be a man of means and could have furnished food for King David and his army.

Abigail, however, did furnish food for King David by taking two hundred loaves of bread, two jars of wine, five sheep dressed and cleaned, roasted grain, cakes of pressed figs and raisins. Nabai met his death ten days later for being selfish and having a hard heart.

Abigail, on the other hand, gained the blessings of King David and later became his wife. True Christians can learn a good lesson from this account. We should always be willing to share our material possession with those who are in need. This includes spiritual knowledge that we have gained from our study of the inspired word of God. Reference: See 1 Samuel 2:12 - New World Translation of The Holy Scriptures

ORGAN RECITAL SERIES

Steven Zell, Organist

The Music Ministry of the First Baptist Church of Eastland will present Steven Zell in organ recital, Sunday, September 23, at 3 p.m.

This recital will be the first in a series of four recitals which will be presented this fall. The church has a new 18-rank Schantz pipe organ in its new worship facility and is inviting the public to hear it.

The program to be presented by Mr. Zell will include some standard organ literature, such as Bach's Prelude and Fugue in D Major and Franck's Chorale in A Minor, as well as a number of pieces based on familiar hymn tunes.

Mr. Zell is a graduate of Butler University, in Indiana, and Southern Methodist University. He is currently an instructor of music at Cisco Junior College, and he serves as organist/choirmaster at the First Christian Church in Breckenridge. Mr. Zell says that he is happy that the First Baptist Church of Eastland has such an outstanding instrument, and "it is a delight to play it."

Dates for the other Sunday afternoon recitals have tentatively been set for October 7, November 11, and December 2. The series has been underwritten by a member of the church, and the First Baptist Church of Eastland is pleased to have this means of sharing the cultural life of the community.

Hymn tunes used as the basis for some of the pieces:

- "Morning Has Broken"
- "Holy Spirit, Light Divine"
- "All My Hope on God Is Founded"
- "Come, Thou Fount of Every Blessing"

Prepare Spring Bulbs

It's the time of the year to plan and purchase your bulbs for spring bloom. I will cover three of the most popular spring bulbs here, the tulip, the hyacinths and the daffodil or the narcissi.

The narcissi is the botanical name that encompasses all varieties of daffodil and jonquils. In many instances the name daffodil is used for the entire Narcissus family. Since our winters here in the South are more like the springs in the North I recommend the early varieties for more satisfaction and repeated seasons of blooms.

The narcissi can be grown in most any type of soil but they need fertilizing after their bloom and again in the fall. Use one-half pound of bone meal or blood meal and superphosphate to every ten square feet of clumps of plants. This mixture should be worked in lightly and then watered in. Remember that all bulbs need good drainage.

Narcissus are good for borders and naturalizing. They may remain in the ground from one season to another. However, every fourth year they should be lifted and divided to insure bloom. There are many good varieties to name a few: King Alfred, Unsurpassable, Aerolite and Alasnam for yellow; White Mount Hood for whites.

hyacinths both the Dutch and the Roman varieties in delightful shades are most attractive in groups. They should be stored in the refrigerator (not frozen) until the weather cools. They hyacinth will grow

eight to twelve inches tall with six to ten inch pom pom like clusters of singles or double flowers. In planting your hyacinths, space them four to six inches apart in a sunny location. Cover the bulb with four to five inches of soil.

The hyacinths makes an excellent border for walks and beds as well as being excellent naturalized. Left undisturbed, they will produce flowers for years.

Cottage Tulips grow sixteen inches to three feet tall with egg shape flowers. Some of the more popular cottage tulips are Georgette, a clear yellow with red edges, and Mrs. John T. Scheepers, soft yellow with rosy wings pink shading to a white at the base.

Parrot Tulips are late flowering twenty to twenty-eight inches tall, and produce blooms with twisted petals. The edges are cut into feather-like segments. Some of the more popular varieties are Allard Pierson (blood red with a blue base), Blue Parrot (lavender blue), Fantasy (green markings on a red pink background).

Remember to refrigerate your bulbs in the crisper of the refrigerator for six to eight weeks before planting them in order to insure a good bloom next spring.

Good Gardening Until Next Week From Your Garden Editor, Ted Brice.

Oil Belt News

Drilling Bits

T.L. Robertson Operating Co. of Eastland has filed two new wells three miles southwest of Eastland in the REB Field, the No. 1 Peel-White and the No. 2 Peel-White.

Each well was probed to a total depth of 3,590 feet and will produce from perforated intervals in the Marble Falls Formation. The No. 1 showed potential to produce 53 barrels of oil per day on an open choke at 3,445 to 3,517 feet into the wellbore. Pumping 54 barrels of oil and 65,000 CF of gas per day on open choke, the No. 2 will produce at 3,434 to 3,501 feet into the hole.

Both wells are located in a 120-acre lease, H&TC RR Co. Survey, A-879.

Eastland County's Abbott Field gained a new producer when the No. 1-L. J.M. Griffin was completed by Sun Exploration & Production Co. of Abilene.

Eastland's Abbott Field gained a new producer when the No. 1-L. J.M. Griffin was completed by Sun Exploration & Production Co. of Abilene.

Located four miles east of Ranger, the well flowed 731,000 CF gas per day on a 5-16 choke. The absolute open flow rating came in at 850,000 CF daily.

The operation is in a 1,276-acre lease in the H&TC RR Co. Survey, A-318. It probed to a total depth of 3,585 feet and will produce from Marble Falls perforations ranging from 3,442 to 3,427 feet into the hole.

First production data have been posted for a new producer in the Eastland Regular Field ten miles northwest of Cisco.

The well is designated as the No. 1 Coates with Richardson Energy Abilene as the operator. It flowed 249,000 CF gas per day on a 3/8-inch choke with absolute open flow rate at 375,000 CF per day.

With drillsite in a 120-acre lease, T.E.&L. Co. Survey, A-512, the well probed to a total depth of 4,130 feet. It will produce from a set of perforations from 3,900 to 3,910 feet into the hole.

The No. 1 Sallie Garrett has been brought on line in the REB Field one mile north of Eastland. North Ridge Corp. of Duncanville is the operator.

The well showed ability to pump 23 barrels of oil and 70,000 CF gas per day on open choke.

The well was taken to a 3,788 feet total depth and will produce from a set of Marble Falls perforations 3,315 to 3,344 feet into the wellbore. The operation is in a 160-acre lease in the H&TC RR Co. Survey, A-69.

First production data has been posted for the No. 1 Cates, a new producer in Eastland County's Kleiner Field one-fourth mile north of Cisco.

With Kelly-Barnett Petroleum, Inc. as the operator, the well showed potential to produce 247,793 CF gas per day 3/4-inch choke. The absolute open flow rating came in at 960,000 CF per day.

Total depth of the well was 4,100 feet and perforated the Lake Formation for production at 3,428 to 3,440 feet into the hole.

The operation is in a 44-acre lease in the H&TC RR Co. Survey, A-859.

Eastland County gained a new producer when the No. 1 Tankersley-North was completed by Snow Oil Co. of Ft. Worth.

Located seven miles north of Eastland, the well flowed 1,458,000 CF gas per day on a 5/8-inch choke with absolute open flow rating at 3,100,000 CF per day.

The operation is in a 160-acre lease in the H&TC RR Co. Survey. It probed to a total depth of 3,950 feet and will produce from a set of

perforations 1,940 to 1,942 feet into the hole.

Pumping 32 barrels of oil and 110,000 CF of gas per day on open choke, the No. 1 C.V. North has been completed in the REB Field, Eastland County, by Richey & Co. of Ft. Worth.

Located four miles northeast of Eastland, the well is in a 40-acre lease in the B.E. Tanney Survey, A-1201. It probed to a total depth of 3,781 feet and will produce from perforations in the Marble Falls Formation at 3,239 to 3,258 feet into the hole.

At a location four miles southeast of Carbon, Morrison Energy Co. of Abilene has completed the No. 101 Morrison Unit No. 1 in Eastland County's Moreno Field.

The well pumped five barrels of oil per day on open choke.

With drillsite in a 40-acre lease in the Deaf & Dumb Asylum Lands Survey, A-1957, the well was drilled to 3,400-ft. total depth. It will produce from a set of perforations in the Marble Falls Formation, 2,828 to 2,856 feet into the hole.

Eastland County's REB Field gained a new producer

when the No. 2 Junaita Williams was finished by North Ridge Corp. of Duncanville.

Located four north of Eastland, the well pumped ten barrels of oil and 98,000 CF gas daily on an open choke.

The operation is in a 160-acre lease in the H&TC RR Co. Survey, A-302. It was taken to a total depth of 3,583 feet and will produce from perforations in the Marble Falls Formation at 3,472 to 3,507 feet into the hole.

At a location four miles northeast of Rising Star, Twin Drilling Co. of Rising Star has completed the No. 2 E.F. Agnew in Eastland's Regular Field.

The well pumped 5 barrels of oil per day on an open choke.

With drillsite in a 58-acre

lease, ET RR Co. Survey, A-101, the well probed to a 3,270-ft. bottom and will produce from a perforated interval at 3,092 to 3,112 feet.

A 3,400-ft. wildcat well is planned by Morrison Energy Co. of Abilene at a drillsite four miles south of Carbon, Eastland County. The location is in a 252-acre lease in the MEP&P Survey, A-596. Well's designation is the No. 2 ECPH Lovell.

The No. 1 Bond, a 3,400-ft. developmental well, is scheduled to be drilled in Eastland County's Tucko Field. Inland Land & Minerals Inc. of Plano is the operator. The well will be spudded in a lease six miles south of Ranger in the William Van Norman Survey, A-545.

Bill C. Burns of Midland has revealed plans to drill three 700-ft. wildcat wells. The operator has 76 acres leased, with drillsites in Eastland County's H&TC RR Survey, Sec. 21, Blk. 2 and has designated the ventures

as the Nos. 1.2 & 3 McKinnis. Drillsites are two miles southeast of Carbon.

Drillsite has been staked for the No. 6 Travis Bond, a 3,200-ft. developmental well in the Tucko Field, Eastland County. The operation will be located six miles south of Ranger in a 102-acre lease in the William Van Norman Survey, A-545. The operator is Tucko Petroleum Corp. of Andrews.

Western Production Co. of Ft. Worth has filed for permit to drill the No. 1 Puckett-Lee, a 2,000-ft. developmental well two miles southeast of Scranton. Location is in a 75-acre lease in Eastland County's H&TC RR Survey, Sec. 125, Blk. 3. The well is in the Scranton Field.

A 4,000-ft. developmental well is planned by North Ridge Corp. of Duncanville at a drillsite six miles west of Eastland. The location is in a 160-acre lease in the H&TC RR Survey, A-303. Well's designation is the No. 4 Andrew Beck. It is in the Eastland Regular Field.

A Breckenridge-based operator has staked location for the No. 1 Texfel, a developmental well to be located two miles north of Eastland. With projected total depth of 3,800 feet, the well is in a 40-acre lease in the Eastland Regular Field.

H&TC RR Survey, Sec. 11, Blk. 4. The operator is Ridge Oil Co.

Medical Association Passes Resolution

Dear Editor,

We would like to take this opportunity to thank you for allowing us the space to try to explain the effect of the new Medicare related law according to physicians' interpretation.

Most of us as physicians are practicing medicine because it is what we want to do. Through 4 years of College, 4 years of Medical School, and 1 to 4 years of residency, we have wanted to practice the art of healing, and endured the hard study, long hours, self discipline, and self-sacrifice required in medical career preparation.

Not many of us were born with silver spoons in our mouth, and some of us went to school in the day, and worked at night at a job. If we were married, our wives worked, and we lived hand to mouth to reach that sought-after goal. Contrary to what a lot of patients think, making a lot of money is not the primary reason most doctors practice. Seeing and hearing a new baby entering the world, watching an elderly stroke victim walk and talk again, seeing a child who had a crushed chest play ball again - these are among the main reasons doctors practice medicine.

Recently, after those years of intense educational and clinical preparation we have found Government agencies telling us who can, or can't be admitted to the hospital; how many days a patient can stay in the hospital for a certain kind of illness, and how much Medicare might pay the hospital for the entire stay and treatment. A patient may be allowed X number days in the hospital for a heart attack. If he has certain complications, little consideration is made of his age, general condition and pre-existing conditions (diabetes, lung disease, kidney disease, etc.). If the medical record librarian and doctor do not use the exact medical numeral code for the patient's reason for hospitalization (according to the Medicare inspector's interpretation from reading the chart...he has not seen the patient; he knows nothing about the patient except what is written back and white), payment may be denied to the hospital, and/or the physician may be held legally liable. We physicians have not all yet figured out what we would be liable for, unless it would be helping make someone more comfortable in his last days, or prolonging life.

All of this is supposed to help contain medical care costs. What Medicare has forgotten is that hospital medical costs began their rapid ascent after Medicare was instituted with all its rules and regulations. While everything is being carefully documented black and white with spending paper work, the consequences suffered by the patient and his family have been forgotten: the tender, human element has been lost.

Now, we doctors find ourselves the objects of an apparent intensive effort of the government's uncontrolled bureaucracies to control physician charges (and ultimately practices). In a well-meaning attempt, the AARP has apparently been chosen to act as a leader to try to "teach" physicians to quietly agree to support this mass, organized effort to socialize medicine by intimidation and coercion.

What you as readers probably aren't aware of is that 1) You as consumers are already being discriminated against by your Medicare insurance carrier by the fact that such an unfair method of determining reimbursement is used. If your doctor is one of those who resisted raising prices routinely, because he was concerned about his patients' ability to pay, he and you are suffering the consequences because

Medicare assigned him a low "profile"... (allows lower charges than other physicians with high profiles)...If he recently got out of medical school and residency, and just began practicing medicine with current prices for charges, or he practices in a larger city, he has a higher "profile" and he and his patients receive a much higher reimbursement. Sound unfair? Certainly it is. Both we as doctors, and you as patients are being discriminated against. If you want to contact your legislator, you might mention this practice. You certainly pay the same insurance rate, and have the same deductible as patients in other areas...or those who have new graduate doctors).

2) As a Medicare beneficiary you are expected to recover from any outpatient illness within two office calls a month. Has your AARP official bothered to explain that Medicare will reimburse most of a doctor's fee for the first visit of a month, perhaps 2/3 the second visit, and theoretically nothing for the third. Sometimes the Medicare computer (or person) changes codes submitted by a doctor, and a visit which lasted 30 minutes is changed to a brief visit, and much less of a charge is considered "reasonable" and consequently there is much less reimbursement.

3) If your doctor participates, you should probably forget about requesting house calls, because Medicare certainly doesn't fairly reimburse those charges, or those for making a nursing home visit. What self-respecting doctor should want to make a house call for less reimbursement than fees charged by a plumber, TV repairman, phone man, or that amount paid by the Government carrier to the visiting nurse. To a professional person, it is degrading. You will note, we said "should." Again, a lot of your physicians are dedicated physicians who DO care about patients, and practice medicine according to the way it should be practiced; not the way some desk-based Government committee decided it should be.

It is true that health care costs have risen tremendously, but you must remember the marvelous technological advances: cardiopulmonary units, burn units, neurosurgical and perinatal units, to name just a few. People who would have died from injuries and disease 15-20 years ago are now being saved, and frequently rehabilitated to lead useful and fulfilling lives. This type of quality health service is not cheap, and when you add inflation, population increase (increase of births, people living longer, illegal aliens) and Government requirements in all hospitals, it is easy to understand why health care costs have risen so. Some of you older citizens would not be alive today, or enjoying the quality of life you lead without the excellent medical care you have been receiving.

Add to this the fact that, according to SOUTHERN MEDICINE, SUMMER '84: 11% of the population of the U.S. is over 65, and the over 65 age group consumes 35% of the health care dollar. Medicare was originally designed to care for people 65-70 years old. With people living longer, more people are continuing to need

Medicare benefits at least 5-7 years longer than previously anticipated.

Taking care of Medicare-aged people is not easy. Many have several severe medical conditions which complicate problems; some are hard of hearing; some are forgetful and instructions have to be repeated over and over, and then reinforced by a telephone call or visit with another family member. Some are grumpy, and can never be pleased. Nearly all aged people take much longer to care for individually than do younger office and hospital patients. In spite of these factors, most of you are delightful: we care ABOUT you, and we want to take care OF you. With the elderly not everything is black and white, there is a lot of gray that we as doctors can never lose sight of.

We have tried to explain that we DO care about our patients, and we are concerned about their cost of living. However, Medicare is a practice; we have expenses just like you, and cannot afford to practice medicine (Texas Medical Association and American Medical Association) already have voluntarily frozen their prices. However, nothing has been done to keep our suppliers (medicine, bandage and cast materials, X-Ray and laboratory supplies, water, electricity, gas, telephone, taxes, insurance) from increasing their prices. You are all aware of interest rates. If your doctor has bought a large piece of new equipment, or occupies a new building, he is probably paying 12-18% interest. The government didn't tell his banker or supplier to cut back their charges by 1/3, because the Medicare program has run out of funds. Does that sound silly? Why? Medicare is trying to tell the same type of thing to the doctor.

In our five-county medical society, a great percentage of our patients are Medicare beneficiaries. If we are required to practice medicine for fees the government sets, it is doubtful that many of us who depend on Medicare for a living can afford to continue to keep our doors open. You see, the government again has forgotten a human element. In this area probably another 25% of our patients don't pay their bills, or they receive services as a charity, or professional courtesy. If 40% of our Medicare aged patients receive services and supplies at a reduced rate, another 20-25% receive services and supplies for nothing, that leaves 35-40% of the remaining patients to keep the doctor's practice solvent. That is not only unfair to those remaining patients and the doctors, it is poor business.

Government agencies are working diligently to impose regulations which will eventually close all your and our small hospitals. If you do not care to find yourself at 80 years of age driving to visit your sick wife or husband in a hospital 10-60 miles away...or you can't afford the room and board charges to stay in a room close to that hospital so you won't have to drive so far, you need to do some rethinking, and decide just who is really your friend. You think this is nonsense? Read the headlines in the Abilene paper... "Baird Hospital closes..." It could just as easily read, "Cisco.

Albany" or "Ranger..." We doctors want to keep the doors of our community hospitals open just as we want to keep our practices open, and without government intimidation.

If you want to write to your congressman, by all means, please do, but please know more about the facts.

As resolved by the doctors of the Eastland, Callahan, Shackelford, Stephens and Throckmorton Medical Society meeting on Tuesday, 9/18/84.

NOTICE

There will be a benefit yard sale Saturday, September 22, 8-4 in the Olden Community Center. All sales will benefit the Olden Fire Department.

The Eastland Farmers Home Administration Office will close at mid-morning on Tuesday, September 18.

1984, and will remain closed until mid-afternoon on Thursday, September 20, 1984, so that all personnel can attend a training meeting in Stephenville, Texas. The office will open for business at mid-afternoon on Thursday, September 21, 1984.

Gordon Spot County Extension Agent

DeMarquis Gordon

The drought will have its effect on this year's peanut crop. We had all hoped for early September rains that could have made the crop. Some of the irrigated peanuts still look good, but dry land peanuts will yield very little this fall.

Some Eastland County peanut growers will want to attend the peanut field day at the Plant Disease Research Station at Yoakum, Texas. The field day is Thursday, September 27 at 1:00 p.m. There will be educational displays, exhibits, demonstrations, and farm equipment displays. Between 1:00 p.m. and 3:00 p.m. visitors will tour research plots and facilities. A general meeting will be from 3:00 p.m. to 5:00 p.m.

Many things will be discussed including peanut physiology, water relations, drought stress resistance, variety tests, weed control, and resistance to foliar and soil borne diseases.

Other research plots which will be viewed on the tour and described by the tour guides include: Variety - soil borne disease tests, seed treatment tests, solar pasteurization for disease control, no-tillage vs standard management for peanut production, seedling and root disease tests, forage grass and legume tests, and peach breeding lines and selections.

September 16-22 is National Farm Safety Week. We need to continually make efforts to reduce the number and severity of accidental injuries and illnesses that are so costly to farm families. Unfortunately, farm people have more than ample share of suffering and loss from accidents. Agricultural work-related accidents caused about 1,900 deaths and 190,000 disabling injuries during 1983.

Although there have been vast improvements in the safety of agricultural equipment, engineering measures alone cannot eradicate all

hazards of farming. The final solution rests with the individual taking responsibility and only by personal efforts can the risk of injury and illness be reduced.

THEY NEED YOU

Pecan Tour Sept. 26

Pecan tree survival during freezes and droughts, and drip irrigation will be seen on a Pecan tour Wednesday, September 26. The Eastland County Pecan Growers Association is conducting a tour of Dan Childress' pecan orchard and a young orchard owned by Pattersons which is under drip irrigation. Both orchards are located near Cottonwood in Callahan County.

The tour begins at 1:30 p.m. at the Childress orchard. Visitors who do not know the location of the Childress orchard may meet in Cottonwood on Highway 880 north of Cross Plains. From there they will be directed to the tour site.

Last winter's freeze and two years of severe drought have stressed all pecan trees and killed some says County Extension Agent De Gordon. Some varieties have survived better than others. Childress has irrigated some of the trees. This provides a variety of things to observe which should help pecan growers manage their trees.

Extension Plant Pathologist, Dr. Chip Lee, will be on the tour to discuss pecan disease and stress problems with growers.

Everyone interested in pecan production is invited to attend the tour.

Obituary

James Edward Basham, 90, of 1418 Marsalis, a retired farmer, died at 2:10 a.m. Tuesday at Hendrick Medical Center after a lengthy illness. Services were held at 2 p.m. Thursday at Elmwood Baptist Church.

The Rev. Chris Walker, pastor, officiated and the Rev. T.C. Melton, of Elmcrest Baptist Church, assisted. Burial was held at Roscoe Cemetery, directed by Elliott-Hamil Funeral Home, 542 Hickory.

Born Aug. 23, 1894, in Eastland County, he married Chessie Webb Sept. 28, 1918, in Eastland County. They lived in the Roscoe area for many years. They moved to Abilene from Roscoe in 1966. He was a member of Elmwood Baptist Church in Abilene. He had been a deacon in the Baptist Church for more than 50 years. He was a lifetime member of the Masonic Lodge in Roscoe.

He was preceded in death by two daughters, a brother and a sister.

Survivors include his wife; two sons, Hubert E. and Edward F., both of Irving; three daughters, Mary Alice Lorene King of Irving, Wanda Louise Criet of Dallas and Nina Sanders of Abilene; two sisters, Minnie Quiet of San Angelo and Carrie Berring of Mansfield; 12 grandchildren; 20 great-grandchildren; and several nieces and nephews.

Pallbearers were masons of the Masonic Lodge and deacons of Elmwood Baptist Church.

4-H Report...

September is "4-H Enrollment". If you are 3rd grade level and haven't reached your 19th birthday...JOIN 4-H. It is fun, provides fellowship, educational programs and much more. Last year 4,567,784 youth, primarily 9-19 years of age participated in 4-H last year. Eastland County has a little over 200 4-H'ers...but we need more. So get involved today!

Here is a quote from a famous 4-H alumni:

"Your national theme, 4-H - Building on Experience," highlights the educational projects which help our young people to gain

practical skills, develop good nutrition and health habits, explore career opportunities, generate leadership capabilities, and become involved as citizens in their local communities and the nation.

Today's 4-H is built on the experience of an impressive past. In providing useful knowledge to help youth develop as leaders of tomorrow, 4-H has enabled many young people to gain insights and experience in careers they would enjoy and, indeed, to develop careers from an early age. It also contributes to international understanding through ex-

change programs with countries round the world." --The Honorable Ronald Reagan

President of the United States
Honorary Chairman
National 4-H Council
Board of Trustees

Attention Hunters, Marksmen, and general all around gun nuts! We want you!

The Eastland County 4-H are trying to start a rifle club and are looking for a few good men. If you are knowledgeable and want to share your brilliance in gun safety, hunting, and competition shooting, please contact your nearest County Agent Recruiter. In the Eastland County area it is Paul Brown, 629-1093.

If you're in the third grade and not out of high school and interested in joining our rifle club contact the county extension service. There will be gun safety and hunting programs. Plus as an added extra there will be several different kinds of shooting competitions held on the county, district, and state level. The first of which is a smallbore (.22 caliber) Silhouette shoot which is starting now and ending in November.

Engagement Announced

Mrs. Cindy Dunahoe of Cisco is proud to announce the engagement and forthcoming marriage of her daughter Terresa Michelle to Jack Dwayne Simmons, son of Mr. and Mrs. Don Simmons of Eastland.

The bride-elect is a graduate of Cisco High School and is employed with Thrift Mart Food Stores of Eastland.

The prospective bridegroom is a graduate of Eastland High School and is employed with Regal Operating of Eastland.

The wedding will take place at 6:30 p.m. on October 6, 1984 at the Eastland County Newspapers Lake Home on Lake Leon.

All friends and relatives of the couple are invited to attend.

Sunday, September 23, 1984

LOBO & J.R.'s "Professionally Ahead in Hair and Skin Care."
Our hairstyling team has just returned from HAIR WORLD '84 held in Las Vegas where we studied and observed the latest hair fashions, make-up and skin care for the fall and winter season.
At this time, we would like to invite our customers and friends to visit our salon that we might share the latest looks and ideas with you. We feel that you will be as highly excited by them as we are.
Remember, looking good always pays off so give us a call at 442-9979 for an appointment. We promise when you leave our salon you will look your best.
Sincerely,
LOBO & J.R.'s Staff

RICOH COPIERS - Reduces & Enlarges
DESKTOP COPIER WITH SIX REPRODUCTION RATIOS
3-level reduction, 2-level enlargement, and normal 1:1 copying. In addition, the FT3050's versatile bypass feed table lets you make two-sided copies as well as copy onto a wide range of special materials, including postcards, transparencies, and colored paper. Continuous copies can also be made when using this table thanks to a "stream feed" function. After the desired copy quantity is entered, you press the print key once. Subsequent sheets can then be fed "nonstop." Superb copy quality is made possible by Ricoh's unique copy process, while modular construction provides quick access to the paper path. And because the FT3050 is controlled by microcomputer, it's easy to operate and reliable.
Standard Features
• Three-level reduction and two level enlargement provide optimum versatility.
• Stationary platen design enables the FT3050 to copy from a wide range of originals.
• Copies onto a wide variety of paper and sizes via universal cassette or bypass feed table.
• New "status indicator" diagnostic system reduces downtime.
• Streamlined mechanism and modular construction couples reliability with easy access to the paper path.
• Large platen accepts originals up to 11"x17".
