City Manager Challenges AARP: 'Make Cisco Clean'

Mike Moore, Cisco City Manager, challenged all AARP members with, "let's make Cisco the cleanest, prettiest town in West Texas.'

Moore cited his pride in being a Cisco citizen but noted that "Keeping our premises clean is like housekeeping, it has to be done every week. Not only must we keep our home surroundings clean but we must lend a helping hand to some of our neighbors who are no longer physically nor financially able to do their own work any more.'

The manager pointed out

Cisco Kiwanis Club Holds Banquet And Installation

The Cisco Kiwanis Club had their annual Banquet and Installation Ceremonies Thursday night, October 18, 1984 at 7:30 p.m. in the Banquet room at the Colony Restaurant.

The tables were decorated by Mrs. Stanley Pirtle with pumpkins and other autumn decorations, which made the room very festive.

The Rev. Kitchens gave the invocation and the members and guests were treated to a variety of good foods from the buffet and salad bar.

Outgoing President Linton

Batteas called the meeting to order and members introduced their guests.

Special guests Mr. and Mrs. Edgar M. Jackson were introduced. Mr. Jackson is the Assistant to the President at Hardin-Simmons

University and is also with WTU in Abilene. In his short talk to the Kiwanians and guests, Mr. Jackson called the Kiwanis an "optimistic group of peo-

ple." He suggested that there was no need to fear failure because ... "you learn your greatest lessons from

failure.

He added that people who succeed are not sitting around wishing, but.."doing something."

He quoted the Parable of the Sower from the New Testament, and ended with a "formula for success" which included the points, Know Yourself, Control Yourself, Trust Yourself, and Deny Yourself. He ended by saying, "The secret in life is to

know who Jesus is." A short awards ceremony was conducted with Linton Batteas presenting the honors. Before doing so he summized some of the **Kiwanis** accomplishments for the previous year by mentioning the golf course, distribution of Christmas baskets (32) and toys (16), helping needy families during the icy winter, serving hamburgers at the Folk Life Festival, a Barbecue at the Batteas, Wiley Cox, Gene park and finally, the Rum-

Service Club Sets Blood Drive

The Cisco Service Club has set Wed., Oct. 31 as the date for the first Cisco Blood Drive of the club year. The blood drive will be held on the campus of Cisco Jr. College from 9:00 a.m. to 4:00 p.m. in the Student Union Building. A team of laboratory technicians from Mary Meek Blood Bank of Hendricks Medical Center of Abilene will be present to take donations. To add a bit of sport, technicians will be dressed in costume in keeping with the Halloween theme.

A blood insurance policy is available to interesed blood donors. For a pint of blood given, that donor's immediate family will be assured of having blood available to them for one full year.

Please help! Blood is so necessary for life itself. Accidents and sicknesses can happen very quickly when there's no time to ask for blood then. Please help yourself, your family, friends or community by giving some of your blood on Wednesday.

Blood donors should be

aware of the following when preparing to give blood:

Differences In Dual Income Lifestyles

Having children, as well as having two pay checks, creates some major lifestyle differences among dualincome families, savs a Texas A&M University Agricultural Extension Service home economist.

Researchers have now developed profiles of dualincome families with no children, those with young children, and those with older children, explains Diane T. Welch.

According to the profiles, families with no children have work and spousal relationships as top priorities, says Welch, who is a specialist in family life education. Their lives are busy by choice and they are still struggling with the question of when or whether to have children. They spend primarily on material goods and target most savings for short-term goals, she notes. As might be expected, the

research shows that children

dominate the lifestyle of dual-income families with young children, the home economist reports. Women tasks. take the primary responsibility for home and children, and make the

children their number one priority. Men at this stage still find their work a priority, but the family is important to them too.

For many families, these are the years of greatest financial strain, says the specialist. The profiles indicate that many women work outside the home to provide additional income, and that young families often have little discretionary income after maintaining their homes and spending for necessities.

A more manageable lifestyle characterizes dualincome families with older children, observes Welch. While family relationships are important at this stage, many men and women make

personal time a high priority. Husbands and older children are also more likely to help out with household

The research also shows these older families concerned about college expenses and saving for retirement. The research, sponsored

by the Public Issues and Consumer Programs Department of J.C. Penney, Inc., is helpful in describing the needs and identifying some potential stresses for dual-income families, maintains the home economist.

> "But having children is probably not the only factor that affects the lifestyle of these families," Welch says. Whatever the primary motivation for both spouses working - whether financial need, career orientation or some other objective - will also affect the family's lifestyle and attitudes, she says.

The most common damage from a power surge is program upset. For example, your computer equipment may not be harmed but a computer program will do illogical things for no apparent reason, or your answering device will turn itself off. But major power surges

can damage equipment, Piernot says, requiring a service call to replace burned out or damaged components. These service calls can be quite costly since sometimes the entire circuit board must be replaced.

Colored Leaves

Fall Brings

It's a quiet revolution that happens each fall. Slowly but surely Mother Nature goes about painting leaves on trees and shrubs to produce a riot of red, purple, orange and yellow for spectacular fall displays.

It's all tied to chemcial processes in leaves as the summer season gives way to fall and the approaching winter.

"Leaves are actually little factories that manufacture food to support a tree's or other plant's growth," points out Alan D. Dreesen, a forestry specialist with the Texas Agricultural Extension Service, Texas A&M University System. "They are busing producing food during spring and summer, but as fall approaches, their work slows down as temperatures and daylight hours change. Chlorophyllthe green pigment in leavesbreaks down and other pigments, mainly yellows and oranges, become visible and gives leaves their fall splendor.

At the same time, other chemical changes are occuring to form additional pigments varying from red to blue, notes the forester. These give rise to purplish leaves on such trees as dogwoods and sumacs and brilliant orange or fiery red and yellow leaves on sugar maples. Some trees, such as quaking aspen, birch and hickory, boast only yellow colors while many oaks and others display predominant brown or bronze leaves.

"Leaf colors will vary greatly from year to year, depending on weather conditions and the amount of chlorophyll and other pigments in leaves," explains Dreesen.

Warm, sunny days in the fall followed by cool nights with temperatures below 45 degrees F. are ideal for the

formation of brilliant red colors, he points out. These conditions enable leaves to produce a lot of sugar during the daytime but slow down the movement of these sugars from leaves at night. Consequently, trapped sugars form the red pigment that is so vividly displayed in leaves of the red maple, dogwood, flowering sweetgum, black tupelo or

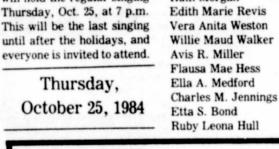

blackgum and sassafras. "A lot of warm, cloudy, rainy weather in the fall, on the other hand, will produce leaves with less red coloration because of the reduced sugar production in leaves," notes Dreesen.

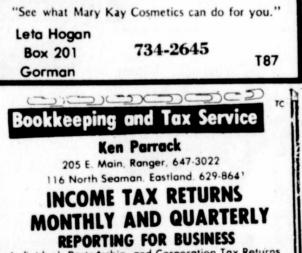

"Fall leaf color can also vary from tree to tree," he adds. "For example, leaves directly exposed to sun may turn red while those on the shady side of the same tree or on other trees in the shade may be yellow. Some leaves simply turn dull brown from death and decay."

Where can one find an abundance of showy fall displays?

The eastern United States and southeastern Canada boast large areas of deciduous (trees that shed their leaves) forests with brown-leaved trees and favorable weather conditions for vivid fall colors, notes the forester. Some mountainous areas of the western U.S. also offer vistas of fall colors along with eastern Asia and southwestern Europe.

While arranging for all the fall leaf colors, Mother Nature is also preparing the twigs that hold leaves to gradually sever themselves from the branches, says Dreesen. When the leaves finally fall, due to their own weight or a sudden burst of wind, they enrich the forest floor, returning part of the nutrients that were used by the tree.

Senator Bob Glasgow To Sponsor Anticrime Legislation

State Senator Bob Glasgow of Stephenville has agreed to sponsor legislation contained in the four-part anticrime package proposed by the Greater Dallas Crime Commission for consideration by the Texas Legislature when it convenes in January, 1985.

The four-part anticrime package is building statewide. momentum and already has won the endorsement of House Speaker Gib Lewis, Texas Department of Public Safety Director Jim Adams, Dallas County District Attorney Henry Wade, Tarrant County District Attorney Tim Curry, Dallas Police Chief Billy Prince, and numerous others. Senator Glasgow will be a sponsor of proposed legislation to reduce the use of technical defects to reverse criminal convictions. Many times it is five or more years before a criminal case is finally decided by the Court of Criminal Appeals, and on numerous occasions nonsubstantive imperfections in indictments result in the

Cisco, president of the Cicso Music Club and Texas District Three of Music Clubs, reports that her recent trip to Lexington, Ky., to the National Federation of Music Clubs Board meeting was very interesting.

She was seated with the Texas Delegation, many of whom she had met during previous National and Texas Federation meetings.

Among them was Mrs. Lamoine Hall of Ft. Worth, who was in Eastland County last October to attend a concert. Also present was Mrs. C.E. Christmann of Lubbock, who grew up in Mingus.

Mrs. Christmann is now the National Orientation and Leadership Training Chairman for the Music Clubs. Her interest in music began a number of years ago, when she studied violin with the late Dragoo of Eastland. Since the National Board

RANGER

Small Town, U.S.A. Crusades for Christ will be holding a victory crusade in Ranger October 25-27, Thursday, Friday and Saturday nights at 7:30 p.m. The location is the community club house near the city swimming pool. Monte Day, president of Small Town, U.S.A. will be ministering all three nights. Monte is an ordained minister and a graduate of Calvary Bible College in Ft. Worth. He has held recent crusades in Tennessee and Texas, including the towns of Cisco and Eastland. The ministry is based in Ft. Worth.

"Bits of Wisdom", the book published by the Times Remembered group at Western Manor Nursing Home, has gone into a second printing. The first books have all sold, and the orders are still coming in. You may order a copy from the Nursing Home at \$1.75 or stop by the Home and purchase one for \$1.00. Proceeds will go to buy special things for the residents in the home.

Things are looking better out at Lake Cisco! The lake is reported to have caught 8-10 inches of water, with rains still in the area. Local citizens are also rejoicing over the beneficial moisture for trees, shrubs, and grass. Those ranchers who dry-planted wheat, oats and rye are really pleased over their prospects for good grazing before long.

Lloyd Doggett, Candidate for the U.S. Senate seat being vacated by John Tower, spoke at the Colony Restaurant in Cisco on Friday, Oct. 19. About 50 people turned out to hear him attack the policies of Congressman Phil Gramm, and to insist that he was the winner in a debate with Candidate Gramm the night before.

Saturday, Nov. 3 will be annual Homecoming Day and Parents Day at Cisco Junior College. A number of activities are planned for all groups attending. Activities will begin with registration from 10 to 11:30 a.m. College dormitories will also hold Open House during these hours. There will be a luncheon at 11:30 a.m. at the Corral Room in the Laguna Hotel. An afternoon football game between CJC and Northeastern Oklahoma A&M will begin with pre-game activities at 1:40 p.m. and kickoff at 2 p.m.

Regents of Cisco Junior College have approved plans to purchase 15 microcomputers for the Abilene Campus, also to sell the Spang building in Cisco, to buy two flag poles for the Cisco Campus, and to purchase 11 types of printed brochures for College recruiting. President Henry E. McCullough was also authorized to ask for bids for a computer aided drafting system for the department here.

The Board of Trustees of the Conrad Hilton Memorial Park and Community Center has asked Dallas architects Karl Komatsu and Gordon Merchant to prepare plans and specifications for restoration of the old Mobley Hotel as the first Hilton Hotel. The architects will prepare plans to include offices for the Cisco Chamber of Commerce, a large meeting area, display space for Hilton mementoes and other facilities. These are in accordance with ideas presented by the trustees.

Mrs. C.E. Christmann of Lubbock, Orientation and Leadership Training Chairman for the National Federation of Music Clubs, will be at the Colony Restaurant meeting room on Monday, Oct. 29 to present a program for District 3 Music Club memebers and other interested persons. Lunch will be at 12 noon, with the program beginning at 1 p.m. This event is hosted by the Cisco and Eastland Music Clubs.

A Main Street Cleanup Campaign has been started in Gorman. All merchants are encouraged to take a little time to clean up the fronts of their businesses. The residents of the town, also, are reminded to take pride in the community and pitch in and clean up around their homes. A little extra time, it is said, can make a world of difference.

A free blood pressure check is available any day at any time at the Blackwell Hospital. Just come by the Nurse's Station and request it. This is a community service of the Hospital.

The Gorman Athletic Booster Club will sponsor a Hamburger Supper on November 2 from 5 p.m. to 7 p.m. at the school cafeteria. Along with the burgers will go all the trimmings, and tea, and coffee and dessert. Proceeds will go toward the purchase of items for the school cafeteria and athletic department. Instead of selling tickets, donations will be accepted at the door.

RISING STAR

The Cleanup Campaign sponsored by the Chamber of Commerce has been slowed by the rain, but is expected to continue when possible. A noticeable effort just east of the intersection of Hiways 36 and 183 is the work of Phillip and Betty Hickman, owners of The Cobbler's Shop on Hiway 36. They cleaned up the weeds at their own shop and all around the агеа.

The Rising Star School is sponsoring an educational program concerning drug and alcohol abuse. John Sumner of MHMR has assisted by speaking. He talked to grades 6 through 12 recently.

Don't forget the Rising Star School Homecoming, which will be held at the School on Saturday, Oct. 27. All Rising Star Exes, teachers, families and interested persons are invited to attend. The P.T.O. will serve a Homecoming Luncheon in the cafeteria from 11:00 a.m. to 12:30 p.m. during the Homecom-

Eastland Chamber of Commerce Manager James Wright has been elected to the Board of Directors of the Chamber of Commerce Manager's Association at a Chamber seminar in San Angelo. Wright has won wide recognition for his work with the Eastland Chamber of Commerce and his participation in many area projects.

The Eastland Kiwanis Club will have a banquet and installation of officers at K-Bob's on Thursday, Oct. 25 at 7:30 p.m. The new officers for the upcoming year will be: Jerry Mathews, President, Gene White, Vice-President, Don Knox, Treasurer, Dennis Shumard, Secretary, Rick De La Cruz and Larry Duncan, Directors.

Specialty A.P.I. Pumps, Inc. is open across from Merchants Fast Motors in Pogue Industrial Park on Hiway 80 East. This new business is a full line Oilfield Supply Store, providing expertise in parts and service calls for oil or gas wells. Lyndon Mackey of Graham and Danny Dawdy of Eastland are co-managers of the store. They will be on call 24 hrs. per day for any well problems.

Are you a Texas Tech Ex or a Tech fan? The Tech Exes of Eastland County are sponsoring a chartered bus trip to Ft. Worth on Nov. 10 to the Tech-TCU game. The package will include transportation, game tickets, and refreshments on the bus. The cost is \$30 per person, or \$17 if you already have a me ticket. For reservations call Ron Butler at 647-3277 or Robby Robinson at 442-2567 days or 629-1320 evenings. The annual countywide Senior Citizen Bazaar will be held Thursday and Friday, Nov. 8 and 9 in the Rebekah Lodge, 300 N. Lamar Street, in Eastland. The Eastland County Home

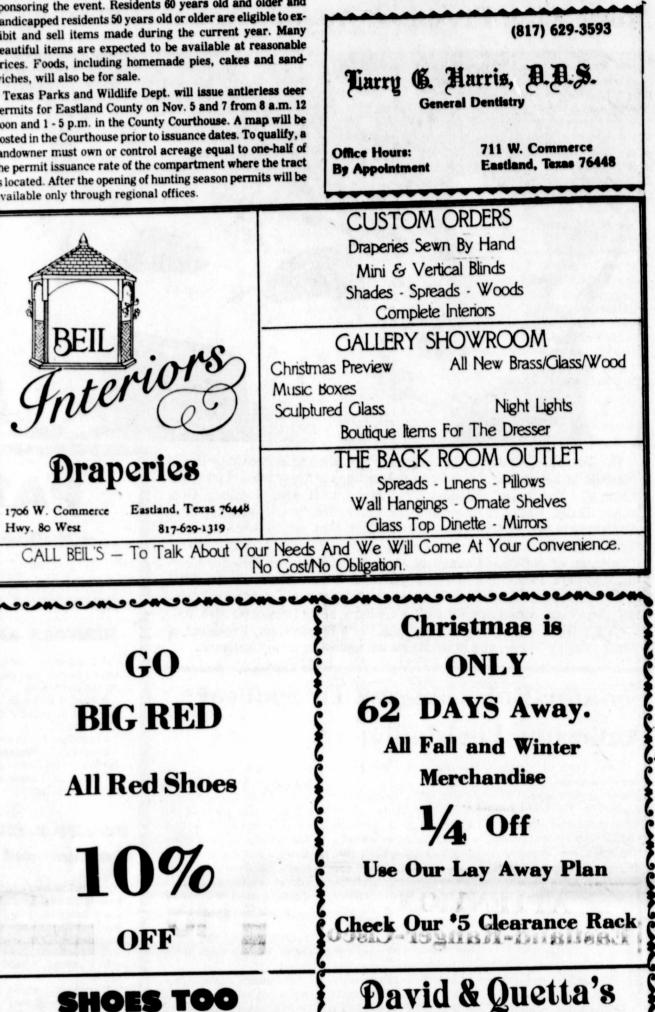

Demonstration Clubs and the Eastland National Bank are sponsoring the event. Residents 60 years old and older and handicapped residents 50 years old or older are eligible to exhibit and sell items made during the current year. Many beautiful items are expected to be available at reasonable prices. Foods, including homemade pies, cakes and sandwiches, will also be for sale.

Texas Parks and Wildlife Dept. will issue antlerless deer permits for Eastland County on Nov. 5 and 7 from 8 a.m. 12 noon and 1 - 5 p.m. in the County Courthouse. A map will be posted in the Courthouse prior to issuance dates. To qualify, a landowner must own or control acreage equal to one-half of the permit issuance rate of the compartment where the tract is located. After the opening of hunting season permits will be available only through regional offices.

FARM DEBT RE STRUCTING **MEETINGS TO BEGIN**

Temple, October 18, 1984 -A farm debt restructuring program for farmers experiencing severe financial difficulty can be in operation in most areas of Texas next week, J. Lynn Futch, State Director for the Farmers Home Administration (FmHA), said today.

Debt restructuring is a key part of the farm credit initiatives announced by President Reagan on September 18.

Under the program, FmHA can set aside up to 25 percent or \$200,000, whichever is less, of an FmHA borrower's debt for five years without interest. For a non-FmHA borrower, the agency can guarantee part of a new loan if the lender will write off a

minimum of 10 percent of the existing debt. In both cases, the goal is to restore the borrower to a positive cash flow situation. Futch said FmHA field staff in Texas will be trained

If someone were to ask what represents the greatest peril to the survival of high school sports, you might say specialization, overemphasis, officials, coaches or administrators. You'd be wrong.

The greatest peril to interscholastic athletics is you, my friend - you the frantic fan.

Specialization and overemphasis can, and are, being curbed; officials trained, coaches and administrators are guided, but you, Mr. Fan, you answer to no one - no one, that is, until a program has been ruined, students penalized, young images shattered, because

you dind't control yourself. Perhaps it's not all your fault, perhaps you have never been exposed to proper spectator decorum. At any rate, a few definitive guidelines may serve to protect the program and, at the same time, enable you to better enjoy wahtever contest you are viewing.

It's different in interscholastic contests. Your ticket entitles you to one thing - the privilege of watching the more talented students of two schools exhibit what they've learned in October 25, 1984 the athletic classroom.

For the athletic field, court of diamond is merely an extension of the classroom; if it were anything else it would have little reason to survive.

You would not think of entering a math, history or English classroom, flask on hip, and berate, often curse and physcially abuse the math, history, or English teacher, Yet, you think nothing of harrassing player and coaches in their athletic classroom - the field of play. Letters To The Editor

Dear Editor.

I appreciate the Ballot for the November 6 election which you printed in a recent issue of your newspaper; however, I feel that some explanation is needed.

I certainly do not wish to insult anyone's intelligence, but it should be explained that one cannot vote a straight-ticket and still write-in anyone's name on the ballot. The write-in candidate is at a disadvantage since he must persuade people to write his name in the proper place on the ballot, and if they do, they should place an X before the name written in

Many people have asked me why my name is not on. the ballot. It was insinuated in recent news-article that my opponent was chosen by the County Democratic Committee, who chose him instead of me. This is only partly true. Fact: Since I wanted to

run for the office of Justice of the Peace, Precinct 4, and I have never run for public office before, I had to ask for instruction as to the proper procedure. I was told to make a written application to the County Democratic Committee Chairman and it would be presented to the Committee when they met. I did as I was instructed and was advised that I should talk to the Precinct 4 Chair-

We encourage each of our man, Awareness Chairman

for the group. "We accept things as normal and ordinary today which would have caused an uproar in our communities ten years ago," he continued.

'A number of people have decided it is time to speak up concerning the moral disease that has infected our

land. Each of us can speak out to the managers and owners of any business which handles and sells materials which we find personally offensive," said Mr. Deadman.

Pornography has opened the door to the current drug culture, rebellion among our young people, and over one million runaway children. It has proven to be responsible for much of the sexual abuse of our children. It has fostered a promiscuity which has led to an accelerated growth in social diseases of every kind and at every age level.

Pornography has led to over one-half million births during the past year to unwed teenage girls. Pregnancy of girls 13 to 15 years of age have increased over 300 percent with many of the cases due to incest. Statistics tell us that one of every four girls in America today will

friend came back and told me there was no need to go and see the Chairman since the Chairman wanted the job of Justice of the Peace, himself.

Fact: I was then informed that the County Democratic Committee could not legally appoint someone to be on the ballot, only the Precinct 4 Chairman could do that.

Fact: By this time I was so confused that I made a trip to the Elections Division of the Secretary of State's Office in Austin. They assured me that it would be unethical, to say the least, for the Precinct 4 Chairman to appoint himself as a candidate.

Fact: At Austin they gave me the necessary papers to fill-out and file at the County Courthouse as a write-in candidate for Justice of the Peace, Precinct 4, Eastland County. I did this the very next day.

Fact: Later, after I had filed as a write-in candidate, the County Democratic Committee met and appointed the Precinct 4 Chairman as their candidate on the ballot. I have no axe to grind. I want no quarrel with anyone. No one owes me any political favors. I just want the record kept straight. Sincerely,

Making your bill easier to read

If you're like most folks, you've probably noticed there are more pages in your phone bill since the split-up of the Bell System.

That's because your bill now includes charges for several separate companies instead of just one like last year.

Right now, the bill you receive from Southwestern Bell Telephone includes our charges for local service and long distance within your service area. It may also include long distance charges from AT&T Communications and charges from AT&T Information Systems (for leased equipment).

Calls you place through other long distance companies may also be billed through Southwestern Bell Telephone if those companies choose to use our billing service. That makes it easier for you because you get one bill, and you write one check.

Solving the customer confusion

Still, this breakdown of charges by each individual company has caused some confusion. We know that, and we're doing our best to simplify your bill to reflect what you want.

Your bill first started getting a new look in January. At that time, we had numerous billing changes necessary to simply accomplish divestiture.

Starting in February, the company began conducting interviews with customers to find out what short-term changes and long-term changes were needed.

We've put your changes into place

Some of the changes you wanted and we adopted are:

· revising the bill summary page to include adjustments and charges for each company whose fees are included on the bill;

removing "unpaid from last bill" from the summary page if the last bill was paid in-full;

• numbering pages consecutively to help you reassemble your bill after studying it; as well as others.

Further changes to simplify the bills will be put into place in the coming months.

Would you like more information about the changes on your bill? Call the Tele-Help toll-free number, Monday through Friday from 8 a.m.-8 p.m. - 1/800-325-2686 (please ask for "extension 84") and request the Tele-Help Booklet No. 2 ("A Guide to Your Phone Bill"). If you'd like the booklet in Spanish, please write: Southwestern

Bell Telephone, Tele-Help; P.O. Box 225265; Dallas, TX 75215. For your information, to date, we've distributed more than

700,000 Tele-Help booklets in Texas in an effort to clear up any confusion regarding our business after divestiture. We're pleased to help our customers get the answers they need. As always, if you have any comments, I'd like to hear from you.

FARM LOAN APPLICATIONS

Applications for emergency farm loans for losses caused by this summer's drought and extremely high temperatures are being accepted at the Farmers Home Administration (FmHA) office located in Eastland, FmHA County Supervisor Jack Phillips said today.

Eastland County is one of 115 in Texas recently named by Secretary of Agriculture John R. Block as eligible for loans to cover part of actual production losses resulting from the drought.

Phillips said farmers may be eligible for loans of up to 80 percent of their actual losses, or the operating loan needed to continue in business, or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate on the first \$100,000 borrowed is 5 percent; interest rate is 8 percent on the balance borrowed over that amount.

Loboes Defeat Winters Blizzards In 42-to-7 Victory Robert Baker, 1 reception

The Loboes of Cisco High School scored six touchdowns here Friday night while holding the Winters Blizzards to only one touchdown to post a 42-to-7 victory over the 11-AA team. Cisco is now 3-1 in district

play and 4-3 for the season. Winters drops to 1-3 in district play and 4-3 for the season. Winters drops to 1-3 in district and 1-5-1 for the

Cisco's offense scored once in the first quarter, three times in the second quarter and twice in the fourth quarter. The only quarter they did not score in was the third. Winters scored only in the first quarter.

season

However. Winters threatened to score on the last play of the first half

stopped at Cisco's seven from Cisco's one-foot line, but the Lobo defense kept the yard line.

Blizzards from entering the end zone. Cisco's defense Cisco scored on its first also stopped Winters from possession of the ball on a drive set up when Cisco's scoring twice in the third Shelby Nixon intercepted a Winter's pass and returned it One the first threat, Winters moved the ball to to Winters' 14 yard line. With Wade Shackelford at Cisco's two-yard line before the Cisco defense pushed quarterback, Cisco went to work gaining four yards on a them back to the four and held. The second threat was pass to Steve Abbott and

then four more yards on a run by Danny Kearney.

Again Kearney carried the ball picking up two more yards before Johnny Ramirez carried the ball into the end zone for a three-yard touchdown run. The extra point kick by Johnny Seabourn, with John Gonzales holding, was good for a score of 7-to-0 with 8:57 left

in the first quarter. Winters started their ensuing drive from their own 39-vard line and six plays later scored on a four-yard run. Renee Garcia quarterbacked for Winters and Alfred Yates, Kelly Hood and Robert Baker carried the ball during the drive. Yates got the touchdown with 6:11 left in the first quarter. Hood kicked the extra point, with Nick Trevino holding, making the score

7-to-7. On Cisco's first possession in the second quarter, they started a drive on Winter's 35-yard line after Cisco's Ramirez intercepted a pass. Runs by Josh Potter and QB Shackelford moved the ball to Winter's 28-yard line in two plays, but a Cisco penalty for clipping moved the ball back to Winters' 40. On fourth down, still needing 16 yards for a first down, Cisco's Ramirez punted the ball to Winters.

and returned it all the way another Cisco for touchdown. Again Seabourn's extra point kick was good for a score of 28-to-7 with only 24 seconds remaining in the second quarter.

In the fourth quarter of play, Cisco's Potter again hit QB Garcia hard for a quarterback sack and Cisco recovered the fumble. Starting out on their own 38-yard line, the Loboes moved the ball downfield in six plays to Winters' three yard line. Potter, Ramirez, Abbott, and QB Kearney Shackelford were yardage gainers during the drive. Potter carried the ball the final three yards for a Cisco touchdown with 7:48 left in the game. Seabourn booted the extra point making the score 35-to-7.

Cisco took over their next possession of the ball at their own 44-yard line and six play later the ball was resting on Winters' 14-yard line. Ramirez, Kearney and Nixon picked up the yardage for Cisco. A Cisco penalty for holding moved the ball from the 14 back to the 24-yard line bringing up a second down and 18 yards needed situation. A pass to Potter not only picked up the first down but it also completed a 24-yard touchdown pass play. Seabourn's kick was

42-to-7 with 1:47 left in the

game Individual rushing statistics for Cisco were as follows: Josh Potter, 14 carries for 87 yards; Johnny Ramirez, 8 carries for 37 yards; Danny Kearney, 8 carries for 28 yards; Steve Abbott, 2 carries for -2 and vards; Shackelford, 4 carries for 5 yards.

Winters' rushing statistics were: Alfred Yates, 27 carries for 80 yards; Kelly Hood, 6 carries for 17 yards; Robert Baker, 5 carries for 15 yards; #12 (name unknown), 4 carries for 13 vards; and Renee Garcia, 5 carries for -7 yards. Passing leaders were

Wade Shackelford for Cisco with 7 completions of 12 attempts for 124 yards and Renee Garcia for Winters with 4 completions of 11 attempts for 37 yards. Alfred Yates of Winters had one completion of one attempt for 37 vards. Receiving leaders for

Cisco were as follows: Patrick Qualls, 1 reception for 45 yards; Steve Abbott, 2 reception for 29 yards; Josh Potter, 1 reception for 24 yards; Shelby Nixon, 1 reception for 12 yards; Johnny Ramirez, 1 reception for 6 yards; and Mike Wester, 1 reception for 8 yards.

Winters' receivers were:

Saturday afternoon, Mrs. Nelson and Mrs. Zion discussed Music for the Blind and presented the program: Barbara Sue Martin, violinist, was led to the platform by her seeing eye dog. After her performance, it was announced. "Barbara needs a new violin." The cost? \$1,700. Members donated \$1,200. Maureen Carole Young, Soprano, handicapped student. discovered classical music and opera before her 13th birthday. On July 12, 1979, she became the first handicapped woman in the world's history to perform as a paid member of an opera company. As a member of New York Opera, she was selected to co-star with Beverly Sills in a celebration of the "Year of the Disabled" in New York City, 1981. Julie Oakley, age 9, presented a "Pantomime Medley" dance. In 2 years she has won 15 first place awards and recently won the 'Showcase USA Pantomime" for her age group for the second time.

After a "Wildnerness Road Dinner" Saturday night, attendants were entertained by five groups of musicians performing on a large stage in the middle of the banquet hall. Mrs. Edna Ritchie, Viper, KY, winner of the covered Burl Ives award, played the Dulcimer she had made. One of the songs played, "The Blue Bird Song," was written by Need Meney

Contral service is a part of the hospital that is seldom heard of. It is usually tucked away in a part of the hospital where there is little or no public traffic.

This department, however, is the very "hub" of the nursing care given to the hospital patient. It provides the highly technical items needed to treat today's illnesses and injuries. Central Service also acquires, sterilizes and delivers the necessary instruments and equipment used throughout the hospital on a day-to-day basis.

A doctor once said he never knew Central existed. When he requested an instrument set or a complicated machine, the item just seemed to appear and when the item was discontinued or no longer needed, it seemed to disappear.

The duties required to furnish this type of nursing support are performed daily by Central Service employees who believe it is their job to help the patient regain and maintain the maximum degree of health.

It is fitting and proper that we use this day to review the many services provided by these skilled members of our Texas health team.

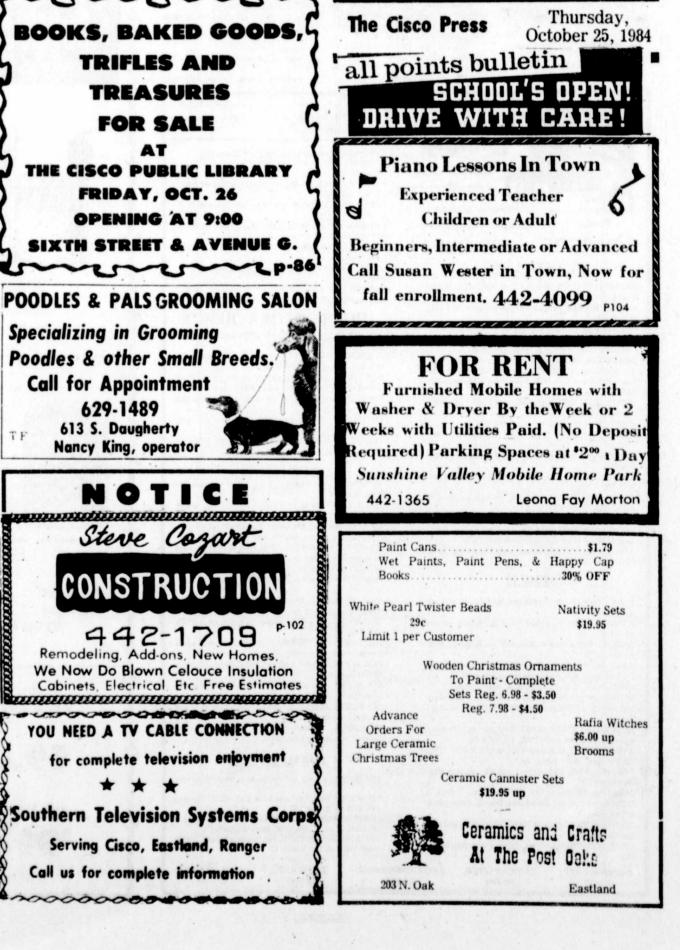

THEREFORE, I, as Governor of Texas, do hereby designate October 24, 1984, as

THE FLAG AT THE U.S. Post Office was flying at half-mast Tuesday as a tribute to all of the victims of international terriorism. The tribute was ordered by the federal government and all governments installations were instructed to fly their flags at half-mast one day only.

TOOK A FEW more days of vacation with a long weekend over in East Texas. Went there last Thursday and returned home Monday night. Saw a lot of rain-in fact, saw rain every day while away.

Driving in Fort Worth last Thursday, the rain was so heavy that it was difficult to see your way in heavy traffic. Sheets of water swept across the highways.

Everywhere we went, including Gladewater and Longview, rain continued to fall-sometimes softly and often hard. But nobody complained. Like the folks of West Texas, they needed the rain.

A BONUS FOR the rains of the past two or three weeks is the new crop of greenery. Yards and fields have taken on a coast of green like in spring time. Grass needs mowing in a lot of places. Out at the Cisco Country Club, the fairways are greener than they've been all year. Manager Bob Bennie has been sowing winter rye seeds on the regular greens, and golfers will be using temporary greens for the next two or three weeks. (To whom it may concern: The two new golf balls in the water just off No. 2 tee box belong to Evelyn McGuire and Flo Robinson, who inadvertently knocked same there the other afternoon. If you find the two new balls, see the owners for a reward.)

WE FOUND A lot of interest in the upcoming Nov. 6th general election over Texas. It was the general feeling that President Reagan scored well in last Sunday night's debate with Challenger Mondale. There was a feeling, to, that Mr. Reagan will carry Texas in voting.

The negative advertising that Mr. Doggett has been using-false things like he swamped the airways with

Pians are underway for concessions were located next to the courthouse around the square. Traffic was kept away and folks were able to roam around the square streets to see and enjoy the carnival. They have big community

center, and displays of arts and crafts and assorted products from kitchens and farms were entered for prizes. There was general county fair atmosphere and it was very interesting, indeed.

We couldn't resist buying a bag full of sweet potatoes.

MRS. AUSTIN (Mildred) Flint of Dallas, formerly a long-time resident of Cisco. is visiting in our town for a few days...The Frank Barrett home at 401 West 9th Street is attractively decorated for the Halloween season...Note to Maggie Jiminex of Ramona's, the nice little Mexican Food Restaurant on I-20 near Eastland: We recently enjoyed Mexican food at a place in Albuquerque's old town and at a swanky place in Santa Fe. And both places serve sopaipillas with honey.
