RIBBON CUTTING—A ceremony was held Monday afternoon at 3 p.m. for the official ribbon cutting and open house of the new Cisco Medical Office Building located on West Highway 80, near the E.L. Graham Memorial Hospital. Helen Orr, hospital administrator,

A.E. Fogle, chairman of the board of Western Hospital Affiliates, and Dick Woolley, Western Hospital Affiliates board member, cut the ribbon which opened the building to public inspection. (staff photo)

Cisco Blood Donors Are Needed Wednesday At CJC

The Cisco Service Club has set Wednesday, October 31, as the date for the first Cisco Blood Drive of the club year. The blood drive will be held on the campus of Cisco Junior College from 9:00 a.m. to 4:00 p.m. in the Student Union Building. A team of laboratory technicians from Mary Mech Blood Bank of Hendricks Medical Center of Abilene will be present to

take donations. To add a bit of sport, technicians will be dressed in costume in keeping with the Halloween theme.

A blood insurance policy is available to interested blood donors. For a pint of blood given, that donor's immediate family will be assured of having blood available to them for one full year.

Please help! Blood is so necessary for life itself. Accidents and sicknesses can happen very quickly when there's no time to ask for blood then. Please help yourself, your family, friends or community by giving some of your blood on Wednesday.

Prospective blood donors are questioned prior to

donating blood and are carefully screened. For further information contact Bob Conner, E.L. Graham Memorial Hospital, at 442-3951, John Muller, CJC, 442-2567 or Sandra Woolley, 1984 Chairman of the Cisco Blood Drive, at 442-3559.

Remember no greater contribution can one offer, than a gift of life.

Loboes Will Host Jim Ned

Jr. High & Jr. Varsity Will Go To Tuscola Thurs.

The Cisco High School Loboes will host Jim Ned in Cisco Friday night for a District 11-AA meeting with the kick-off at 7:30 p.m.

Cisco is 4-4 for the season and 3-2 in district play, while Jim Ned is 3-5 for the season and 2-3 in district. Junior High and Junior

Varsity teams will travel to Tuscola Thursday evening to play the Jim Ned teams there. The first of the three games will begin at 5 p.m. with the 7th grade kick-off, followed by the 8th grade and J.V. games.

The 7th grade team in Cisco is 5-1 for the season and the 8th grade is 3-1 for the season. Cisco's J.V. is 0-7-1 for the season.

In last week's story about the 8th grade team, it was said Cisco was 2-2 for the season after forfeiting to Winters when the school bus broke down, but Cisco did not forfeit the game. It was simply cancelled since Cisco was unable to get to Winters in the allotted time. Therefore, that game does not count as a loss against Cisco, so they have only one loss against them this year.

The varsity game scheduled Friday night may be a pretty good game since Jim Ned has been improving all season. Cisco Head Coach John Parchman said Jim

Ned has won their last two games and should have won the last three, but a controversial field goal in the last seconds lost them a game to Baird by the score of 15-14. The games they have won were against Ranger, 54-8, and Winters 7-0.

Jim Ned runs several different sets on offense but usually running back Kevin Tutt gets the ball. Tutt is a good, big, strong back and he was an all-district player last year.

Two other all-district players returning to Jim Ned's team this year are Steve Insall, 225-pound senior, and Mark McMillan, 235-pound junior. Both Insall and McMillan are linemen and usually do the blocking for Tutt.

Cisco does not have any injuries this week, according to Coach Parchman, and should be healthy and ready for the game. The Cisco lineup will be about the same as in the past games.

Ribbons Cut At Cisco Medical Building

Ribbons were cut on the new Cisco Medical Office Building, Monday, October 29 at 3 p.m., announced Michael C. Waters, president, Western Hospital Affiliates, Inc., part of the Hendrick system based in Abilene. The building is located on West Highway 80, near the E.L. Graham Memorial Hospital.

The new 2400-square-foot building, housing twin physician offices with a shared reception area and laboratory, is part of Western Hospital Affiliates' plan to complete the campus of E.L. Graham Memorial Hospital.

"These excellent office facilities will be an incentive to physicians considering practicing and living in Cisco, helping us realize our goal of providing health care for this region," explained A.E. Fogle, chairman of the board of Western Hospital Affiliates.

The first doctor to move in will be Dr. Tim Boersma, a family practice physician. His office will open the first week of November.

The new office building will be located next to E.L. Graham Memorial Hospital, which is leased by the Cisco Hospital District to Western Hospital Affiliates. Helen

Orr, administrator, said she is most pleased with the new facility. "This will provide physician's offices convenient to the hospital, and bring increased medical resources to our city," she said.

Dick Woolley, president of First National Bank in Cisco and Western Hospital Affiliates board member, added, "This building has been a boost to our city's economy and our well-being. It will enhance the picture here for years to come." Each physician has a business office,

nurses' station, three examination rooms, a storage area and private office for the doctor, in addition to the common reception room and laboratory.

"The Hendrick system is committed to caring for the health needs of our entire 19-county service area," said Waters. "This new office building will help us protect quality care close to home for Cisco and neighboring communities. We are pleased to help make this possible."

HALL OF REMARKS

BY GERRIE HALLMARK

THE CISCO Loboes played a good game Friday night in Eastland against the Mavericks. Cisco lost by a score of 13-to-7 on the scoreboard, but a very controversial call by the officials wiped out a Cisco touchdown which would have at least made the score tied.

It seems very disappointing when a game can be won or lost by a call made by a person who might have judged the play incorrectly. But, like Cisco Coach John Parchman said Tuesday morning, that game is over and let's concentrate on this week's game against Jim Ned.

See you in Tuscola Thursday night as the Cisco Junior High teams and Jr. Varsity play Jim Ned. Also I will see you at Chesley Field in Cisco Friday night as the varsity Loboes host Jim Ned.

THE SUN came out in Cisco on Monday and Tuesday of this week after almost two weeks of cloudy skies and rains. We are still praising God for the good rains received in this area and still praying for more to fill Lake Cisco.

Area stock tanks have water in them now, if they are not full, and area lakes have all measured gains during the past two weeks. Weather forecasts were calling for more rain later in the week.

A FICTION writing course is scheduled to be held in Abilene November 5-9. It is sponsored by the Abilene Writers' Guild and they are inviting Big Country writers to attend the study.

The classes will be held from 6:30 to 9:30 p.m. at the Abilene Writers' Guild Building, 860 Hickory Street, Abilene. Tuition is \$50 for AWG members and \$60 for non-members.

More information may be obtained by calling (915) 692-5753 or 677-6476.

LOCAL CHURCHES, schools, and civic organizations might be interested in contacting Central Texans

For Life for a presentation on abortion. A new pro-life group has been organized by concerned citizens in Brownwood.

The group already has a slide presentation, extensive literature, and soon will have a thirty-minute film. David Oxford, organizer, said, "We hope to present our program in churches, schools, and in any other places we can. After we educate the people, we will be able to pursue our goals of counseling services, developing a crisis pregnancy center, and someday even an adoption agency."

Oxford stated, "Our goal is to stop or at least reduce the abortion rate in our area by peaceable means - through education. We feel the problem can best be attacked by opening the eyes of the public as to what really happens to an unborn baby - a live human being - during an abortion, and what can happen to the mother as a result. We also have goals to provide alternatives to those women in need."

An area-wide organizational meeting has been set for the group Thursday, Nov. 1st, at 7:30 p.m. in the Adams Street Community Center in Brownwood. "We cannot express enough the importance of this meeting," Oxford said, "not only to the people of Brownwood, but to everyone in the Brownwood area. We want to provide an outreach to everyone who needs us, and we need people in all the surrounding communities to be a part of this organization. We have already had a tremendous response from some of the pastors, and with the help of all concerned people, we CAN make a difference - and we WILL."

Persons desiring more information about Central Texans For Life can contact the group by writing to P.O. Box 783, Brownwood, Tx., 76804, or by calling (915) 643-4203.

LOCAL WALKERS had a successful night Monday night as they collected door-to-door in Cisco for the Community Chest fund. The total fund now stands at around \$12,000 which is about 75 percent of the goal of \$17,000.

Donations may still be made to the chest by contacting Patsy Hogan at Olney Savings or Ron Patton at First National Bank in Cisco.

REFRESHMENTS—The Ladies Auxiliary at E.L. Graham Memorial Hospital were busy Monday afternoon serving those who attended the ribbon cutting ceremony and open house at the new Cisco Medical Office Building located

on West Highway 80, near the hospital. The building has space for two doctors and at the present time Dr. Tim Boersma will be the only doctor in the building. (staff photos)

CJC Homecoming Is Sat.

A football game between the Wranglers of Cisco Junior College, who have a 6-2 record for the season, and the strong Northeast Oklahoma A&M junior college team from Miami, Okla., will be the climax of annual homecoming day for CJC here Saturday at Chesley Field.

The Oklahoma team, with a 6-1-1 record, is ranked 12th in the nation among junior college football teams.

Coach Bob Keyes' Wranglers will be at near top strength for the game. The Ciscoans won a 14-to-7 decision from a tough Texas Tech junior varsity in their outing last week. The Wrangler freshmen defeated McMurry College's freshman in a game at Abilene Monday night, winning 20-to-7.

Coach Keyes said his starting lineup would be about the same as in the past few weeks with Mike Frazier at quarterback and Henry

Canady at tailback. Canady has developed into one of the top junior college breakaway runners and Frazier has a high rating as a field general.

At Abilene, Cisco used four quarterbacks -- Mike Aguilar, Mike Nolan, Neal Kemper and Bill Dunkley. The Wranglers scored two

touchdowns -- a six yard run by Rod Stanley and three yard back by David Smith -- and Raymon Hernandez kicked two field goals and added two extra points.

The football game is scheduled to start at 2 p.m. Saturday.

A bonfire and pep rally will be held at 8 p.m. Friday at College Hill as students whip up enthusiasm for the weekend program. Students were gathering material this week for the bonfire. The public has been invited to attend the rally.

The homecoming queen will be presented in ceremonies at the football game. Various student groups were nominating girls for homecoming queen this week, and students will cast their votes Friday. The queen's identity will remain secret until the game ceremonies.

More than 800 students and ex-students are expected for a barbecue lunch that will be

served at the Laguna Corral Room from 11:30 to 1 p.m. Saturday.

The day's program will begin at 10 a.m. with registration and refreshments at Maner Memorial Library. Open house will be held at all dormitories and buildings from 10 to 11:30 a.m.

Chairman Wyley Peebles reported that preparations for homecoming and Parents Day were complete.

Church Bazaar Set Nov. 2-3

The First Christian Church Bazaar will be held November 2nd and 3rd from 7:00 a.m. till 5:00 p.m. Breakfast and lunch will be served.

Come see our handicrafts, Christmas decorations, ceramics, baby quilts, baked goods, and "White Elephant" room of bargains. Come and join us.

Girl Scout House Workday Set Nov. 3

A workday has been set for Saturday, November 1, 1984, at the Girl Scout House on West 15th in Cisco. Two other workdays had to be cancelled because of rain.

The house was damaged in a fire last year but it can be repaired and used again in the future by Girl Scouts and Brownies.

The Girl Scout house is not eligible for the Christmas in May project sponsored each year by the Cisco Chamber of Commerce.

The west end of the building received the most extensive damage during the fire. The east end has been cleaned and can be used at the present time.

A noon meal on Saturday will be furnished for workers and will consist of homemade stew and homemade cake.

Workers needed are plumbers, electricians, carpenters and general laborers. For more information or if the weather is questionable call the Chamber of Commerce at 442-2537 or Jo Ann Cermin at 442-2534 or 442-3200.

Traditions Is Open As New Restaurant

Bobby and Rita Fink of Cisco opened a new restaurant in Cisco Tuesday, October 30. It is called Traditions and is located along the north access road of east IH-20 in the building which originally housed Pitt Grill.

The Finks are owners and operators of the new business and are looking forward to opening a new dining hall addition in the future. They invite everyone to come out and look at the restaurant which has undergone a complete remodeling.

The restaurant will offer menu items and a salad bar in an antique bath tub. Interesting pictures of Cisco will be displayed on the interior walls of the facility.

Hours are 6 a.m. to 9 p.m., Monday thru Thursday, and

6 p.m. to 10 p.m., Friday thru Sunday.

Betty Nix Is Honored For 20 Years Service

Betty Nix of Cisco was among West Texas Utilities Co. employees honored Tuesday night (Oct. 30) at the company's annual district service and safety awards banquet in Abilene.

Nix, administrative clerk, received an award for 20 years service. WTU employees from throughout the Abilene District attended the banquet. Glen Churchill of Abilene, WTU president, was principle speaker and presented the awards.

Farm Credit Initiatives Set To Go Into Operation

WASHINGTON, Oct. 19 - Final regulations for the operation of President Reagan's farm credit initiatives have been completed and published and will be distributed to Farmers Home Administration (FmHA) field offices during the next few days, Charles W. Shuman said today.

Regulations governing the one-time debt set-aside program for FmHA borrowers and loan guarantees for non-FmHA borrowers were published in the FEDERAL REGISTER on Friday, Oct. 19. Those rule instructions covering contracts for special farm management and financing counseling at the county level will be in the hands of FmHA loan specialist this week, Shuman said.

"With field office training underway this week, we will have everything in place for the successful launching of this program," Shuman said.

Under the plan announced recently by the President for farmers experiencing serious financial difficulty, FmHA can set aside up to 25 percent, to a maximum of \$200,000, of an FmHA's debt for five years without interest.

In both cases, the goal is to restore the farmer to a positive cash flow position.

The contract assistance offered at the county level will be available to both FmHA and non-FmHA borrowers in an effort to help find viable alternatives so they can continue their operations.

Big Country Drill Team Competition

Cisco Junior College will host the second annual "Big Country Drill Team Competition", Saturday, November 10. Competition will begin at 10:00 a.m. in the CJC gymnasium.

Categories of competition will include dance routines, prop routines and high kick routines. Division of teams is based on the size of the school. Division I will include IA and IIA schools, Division II, IIIA and IVA schools and Division III, VA schools. Teams will compete for ratings, judges critiques will be provided, awards will be presented for 1st, 2nd and 3rd place ratings and trophies will be given for sweepstakes winners. "Top Team in the Big Country" and "Miss Drill Team of the Big Country" will be selected. In addition to team competition, officer line and solo competition will be held.

For more information call or write Nicki Harle, Wrangler Belle director at Cisco Junior College, Cisco, Texas (817) 442-2567, extension 143.

Head Lice Presenting Nuisance

COLLEGE STATION-- Head lice are once again becoming a problem in many areas of Texas and are presenting a real nuisance in public schools and private day care centers.

The tiny pests suck blood, causing intense skin irritation and itching. Continuous scratching may cause skin abrasions that can lead to bacterial infection.

Head lice are tiny grayish, flattened, wingless insects, says Dr. Phil Hamman, entomologist with the Texas Agricultural Extension Service, Texas A&M University System. The adult female attaches 50-100 eggs, or nits, to the head near the scalp.

Eggs hatch in a week and lice start sucking blood in the scalp area.

Head lice spread easily by physical contact, such as children at play. Even under the best sanitary conditions, infestations may occur among school children who are in close, daily contact, notes the entomologist.

Infested persons should see a physician, says Hamman. Medicated lotions or

4-H Building On Experience

Coins for kids under construction! Yes, 4-H is building on experience. The whole month of November, Eastland County 4-H'ers will be on a money drive. We need your help and support to provide the best facilities possible for our youth of today.

Around town we will have various construction centers, please help us to improve our state training facilities. The facilities are located in Brownwood and is called the "Texas 4-H Center," located on the lake. 4-H'ers receive training on all areas of agriculture, home economics, leadership, recreation skill, and much more. The facilities are used for our country camp and many other times. In fact, November 10-11 nineteen 4-H'ers from Eastland County will be attending a State Jr. Leader Retreat. 4-H'ers will be asking for donations, please give! 4-H teaches youth skills for a life time. Youth learn by doing. Any contribution would be appreciated. If you are not contacted by a 4-H'er and never see a donation center, yet you would like to help...contact the County Extension Service in the County Courthouse basement.

Controlled Breeding Helps Cattlemen

Controlled breeding allows cattlemen to pull a lot of loose ends together so as to increase overall herd production.

"Having a controlled breeding season can make a big difference in the total operation of a cattle business and can result in more pounds of beef going to market—the ultimate objective," says Dr. L.R. Sprott, beef cattle specialist with the Texas Agricultural Extension Service, Texas A&M University System.

"Controlled breeding makes overall calf management much easier," Sprott points out. "It makes for more uniform weaning and working of calves—vaccinating, dehorning and castrating. It also eliminates the problem of exposing immature heifers to bulls."

Just how effective a controlled breeding season can be has been demonstrated on

the B.J. Armstrong farm in Milam County.

Sprott has worked with Armstrong to change his year-round breeding and calving seasons to about three months. At the same time, late-calving cows are replaced with early-calving heifers.

Before the change, Armstrong's cow herd had about 62 percent calf crop and calf crop and is weaning 600-pound calves.

Not only does Armstrong have more and heavier calves to take to market but they are more uniform—an added plus that can reap a premium price, Sprott points out.

"This study as well as others in Texas and across the nation have shown that a controlled breeding season can help a cattlemen 'get his business in order' for greater profits," says Sprott.

Oil Belt News

Drilling Bits

OIL AND GAS NEWS

The No. 21 O.H. Delano, a 3,550-ft. developmental well, is scheduled to be drilled in Eastland County's Galey-Allen Field. Sun Exploration & Production of Abilene is the operator. The well will be spudded in a 2,656-acre lease 12 miles north of Desdemona in the O.H. Delano Survey, A-75.

Snow Oil Co. of Ft. Worth has revealed plans to drill four 4,000-ft. developmental wells in the Snow Field. The operator has 160 and 53 acres leased, with drillsites in Eastland County's H&TC Survey, A-1934, A-303, A-299 & A-304. The wells have been designated as the Nos. 1 & 2 Durham-North and the Nos. 1 & 3 Tesfel-Harrell. Drillsites are four and five miles north of Eastland.

A 4,100-ft. developmental well is planned by Eternal Exploration of Cisco at a drillsite two miles north and two miles west of Cisco, Eastland County. The location is in a 160-acre lease in the SPRR Survey, A-466. Well's designation is in the No. 4 Lillian Hansen. It is in the Eternal Field.

Flowing 710,000 CF gas per day on a quarter-inch choke, the No. 1 Frazier has been brought on line in a successful Stephens County wildcat located six miles southeast of Wayland.

The well registered an open flow rating of 837,000 CF per day. With Shilleagh Corp. as the operator, the well probed to total depth of 3,856 feet. It will produce from a perforated interval in the Marble Falls Formation, 3,704 to 3,724 feet into the hole.

The operation is in a lease in the H&TB Survey, Stephens County.

At a location three miles south of Necessity, the Jones Co. has completed a pumping oiler in the Stephens Regular Field.

Designated as the No. 3 Langford, it pumped 13 barrels of oil per day on an open choke. It also made 27 barrels of waste water. Oil was rated at 39-gravity.

Bottomed at 3,950-ft. total depth, the Langford well will produce from Duffer Formation perforations at 3,936 to 3,944 feet into the wellbore. The well entered the Duffer at 3,909 feet.

Sun Exploration of Abilene has driven stake for developmental wells in the Stephens Regular Field in a unitized area near the Ivan townsite.

The wells are designated as the Nos. 174, 175, 176 and 179 Eliasville (Caddo) Unit. They are located about two miles northwest of Ivan. The ventures carry permit for 3,525, 3,575, 3,625 and 3,625-ft. total drilling depth, respectively.

An ill-fated Stephens County wildcat has been branded as a dry hole and will be plugged and abandoned. Located two miles southeast of LaCasa, the well is designated as the No. 1 Jennings. It bottomed dry at 3,553-ft. total depth, with C.E. Justice as the operator.

Two undrilled locations in Stephens County fields have been abandoned by Kanotex Inc. The wells included the No. 2 Harbison, located about five miles west of Crystal Falls in the Harding Brothers Field, and the No. 1-C Harbison, also about five miles west of Crystal Falls in the Southwest Bowar Field.

Sun Exploration has filed

for permits to drill four developmental wells in the Veale Parks Unit of the Stephens Regular Field about five miles west of the Caddo Community.

The wells are designated as the nos. 33, 34, 35, and 36 Veale Parks and are planned for depth ranging from 3,400 to 3,500-ft. total depth. Permits are also sought for two water injection wells to assist production in the unit.

Plug-and-abandon orders have been issued for an unsuccessful wildcat workover venture two miles southwest of LaCasa. KO Energy Inc. is the operator. Designated as the No. 1-A Weinzierl, the well bottomed at 2,161 feet.

First production data have been posted for a newly completed gas well in Palo Pinto County's JVT Field two miles northeast of Palo Pinto.

It is the No. 2 W.J. Rhodes, flowing 265,000 CF natural gas per day on a 14/64 choke. Schrimsher Exploration LTD. is the operator.

Rated at 2,190,000 CF on absolute open flow, the well will produce from a set of Bend Conglomerate perforations at 4,239 to 4,252 feet into the hole. The well bottomed at 4,430 feet and was plugged back to 4,376 feet.

An undrilled wildcat location has been abandoned by Raw Energy Inc. in Palo Pinto County two miles southeast of Mineral Wells. The venture had been

designated as the No. 1 G. Ward.

Two 4,500-ft. wildcat ventures are planned in Palo Pinto County by Williams Petroleum Inc. of Burk Burnett. The wells are designated as the No. 2 Tesco, one mile southeast of Pickwick, and the No. 4 Tesco, one mile south of Pickwick.

The wells are in a 1,765-acre lease assembly in the R. Coupland Survey.

Two new producers have been brought on line in Eastland County's Rebecca Field by Ridge Oil Co. Location is six miles northeast of Cisco in a lease in the H&TC Co. Survey, A-223.

The wells and their production figures are: the No. 6 Higginbotham, 50 barrels of 42-gravity oil and 46 barrels of water daily; and the No. 1 Higginbotham "A," 31 barrels of 42-gravity oil and 68 barrels of water per day.

They were taken to total depth of 4,050 and 4,000 feet respectively and will produce from sets of Marble Falls perforations ranging from 3,590 to 3,648 feet into the holes.

First production figures have been reported for a new producer in Eastland County's Nimrod Field, one mile southeast of Nimrod.

The well is designated as the No. 2 Zeih-Finks with M.M. White & Associates as the operator.

It pumped 28 barrels of 39.9-gravity oil and 30 barrels of water per day.

With drillsite in the H&TC Co. Survey, A-111, the well probed to total depth of 1,411 feet. It will produce from a set of Cross Cut perforations ranging from 1,341 to 1,342 feet.

Pumping 36 barrels of 42-gravity oil and 35 barrels of water per day, the No. 4 Martha A. Hise has been completed in Eastland County's REB Field five miles north of Eastland. Northridge Corp. is the operator.

The well was drilled to 3,940 feet total depth and will produce from a set of Marble Falls perforations at 3,466 to 3,491 feet.

Drillsite was in the H&TC Co. Survey, A-303.

First production data have been posted for a new producer in Eastland County, one mile north of Pioneer.

The well is designated as the No. 1205 North Pioneer Unit with Clyde Petroleum, Inc. as the operator.

It pumped two barrels of 40-gravity oil and six barrels of water daily.

With drillsite in the T. Benson No. 744 Survey, A-21, the well probed to total depth of 2,625 feet. It will produce from a set of Caddo perforations at 2,552 to 2,594 feet.

The No. 1 Ward is scheduled for spudding in Eastland County's AMV Field, six miles southeast of Eastland. AMV Operating Co. of Lawton will be the operator. The venture will be situated in a 62-acre lease in the Harvey Kendrick Survey, A-340. It carries permit for 1,995 feet maximum depth.

A 700-ft. developmental well is planned by Hogan Oil & Gas Co. of Gorman at a location four miles north of Gorman in the Eastland Regular Field. The well will be spudded in a 80-acre unit of the Theresa Tyler Survey A-493, Eastland County. The well will be known as the No. 1 Odis Rogers.

Absentee Voting

Absentee voting for the Nov. 6, 1984 General Election will be held in the County Clerk's Office from Wednesday Oct. 17, 1984 thru Friday, Nov. 2, 1984 during regular office hours 8:00 a.m. til 4:30 p.m. Monday thru Friday.

Game Day

The next game day at Lone Cedar Country Club will be Friday, Nov. 2, beginning at 10 a.m. All sorts of games will be played and prizes awarded in each game.

Lunch will be served at noon and play resumed. A surprise awaits a lucky person. Fee will be \$4 and everyone is invited to attend.

Mavericks Defeat Cisco Loboes Friday Night, 13-7

The Eastland High School Mavericks remain undefeated in District 11-AA football following their 13-to-7 defeat of the Cisco Loboes in Eastland Friday night. The Mavericks are now 5-0 in district play and 6-2 for the season. The Loboes drop to a district record of 3-2 and a season record of 4-4.

Both teams scored one touchdown each in the second quarter for the only points scored in the first half. In the second half of play, both teams scored in the final quarter, but Cisco's touchdown was called back for a clipping penalty.

Cisco managed 174 yards of total offense in the first half but only gained 36 yards in the second half. Eastland, on the other hand, gained 102 yards in the first half and 103 yards in the second half.

Both teams had five penalties each, with Eastland getting five five-yard penalties while Cisco had four 15-yard penalties and one five-yard penalty. The Mavericks lost two of two fumbles and Cisco lost one of two fumbles.

Cisco scored first in the second quarter on a drive which originated on their own 36-yard line when Josh Potter recovered an

Eastland fumble. Ten plays later, Cisco quarterback Wade Shackelford hit Patrick Qualls with a 35-yard pass play for the touchdown. Potter and Johnny Ramirez were instrumental runners during the drive with Potter carrying the ball six times and Ramirez carrying three.

Johnny Seabourn booted the extra point after the touchdown giving Cisco a 7-to-0 lead.

Later in the quarter, Eastland started a drive from Cisco's 36-yard line after Scott Payne returned a Cisco punt from the Maverick 45-yard line. Five plays later, quarterback Jason Rattan connected with Jon Carter in the end zone for a 10-yard touchdown pass play. Glenn Nevill kicked the extra point to tie up the game at 7-to-7 with 18 seconds left in the first half.

Late in the third quarter, Cisco started a drive from their own 39-yard line and six plays later, in the beginning of the fourth quarter, punter, Johnny Ramirez kicked the ball to Eastland. An Eastland player touched the ball which was still loose and Cisco recovered it at Eastland's two-yard line.

Two plays later with the ball resting one yard from

the goal, Cisco's Potter carried the ball into the end zone but a clipping penalty was called against Cisco, to nullify the apparent touchdown and give Cisco a 15-yard penalty. Three plays later Cisco's Seabourn missed a 27-yard field goal attempt.

Later in the fourth quarter, Eastland started a drive from Cisco's 44-yard line. Seven plays later, QB Rattan again connected with Carter on a touchdown pass, this time covering 16 yards. A try for two extra points was no good, leaving the score 13-to-7, in favor of Eastland.

Individual rushing statistics for Cisco were as follows: Josh Potter carried 16 times for 82 yards; Johnny Ramirez carried 13 times for 64 yards; Wade Shackelford carried four times for -14 yards; Danny Kearney carried two times for 11 yards; and Steve Abbott carried one time for -7 yards.

Rushers for Eastland were as follows: Curtis Govan, 19 carries for 67 yards; Curtiss Sanders, 5 carries for 31 yards; Bill Dool, 5 carries for 12 yards; and Jason Rattan, 12 carries for -5 yards.

Wade Shackelford led the Loboes in passing with 5

completions out of 11 attempts for 74 yards. The Mavericks were led in passing by Jason Rattan with 9 completions out of 14 attempts for 100 yards.

Cisco receiving leaders were Patrick Qualls with two receptions for 55 yards and Johnny Ramirez with three receptions for 19 yards.

Receiving leaders for

Eastland were David Morren with one reception for 12 yards; Curtis Govan with one reception for 4 yards; Rodney Phelps with one reception for 13 yards; Jon Carter with 5 receptions for 63 yards; and David Lewis with one reception for 8 yards.

Cisco defensive standouts included John Potter,

Johnny Ramirez, Shelby Nixon, Johnny Seabourn, Willard Johnson, James Deadman, Don Baggett and Patrick Qualls.

Eastland standouts on defense included Scott Payne, Curtiss Sanders, Rodney Phelps, Scott Terrell; Troy Snow and Carl Elliott.

Game Statistics:

Rushing Yardage: Cisco, 136; Eastland, 105.
 Passing Yardage: Cisco, 74; Eastland, 100.
 Total Yardage: Cisco, 210; Eastland, 205.
 Pass Attempts: Cisco, 11; Eastland, 14.
 Pass Completions: Cisco, 5; Eastland, 9.
 Punts/Average: Cisco, 5 for 39; Eastland, 5 for 35.

Penalties/Yardage: Cisco, 5 for 65; Eastland, 5 for 25.
 Interceptions: Cisco, 0; Eastland, 0.
 Fumbles: Cisco, 2; Eastland, 2.
 Fumbles Lost: Cisco, 1; Eastland, 2.
 First Downs: Cisco, 11; Eastland, 16.
 Penetrations: Cisco, 3; Eastland, 3.

Putnam News

By Mrs. R.B. Taylor

Mrs. R.B. Taylor visited her daughter Mary in Farmington, N.M. this week and Mrs. Taylor, it did rain here again this week. About 5 inches has been reported since you left.

Mr. and Mrs. Clifford Smith from Lewisville were weekend visitors in their parents home. They took Hulon to the doctor in Eastland and got a good report.

The Sid Weathermon's attended the Rising Star homecoming Saturday. Sid is a graduate of Rising Star High School.

The commodities were issued Wednesday in Putnam. We regret there was not enough to go around this time. One should sign up

before the day they are given. They need to know how much to order. If you sign up on that day, you get someone else's commodities, and that causes hard feelings as it very well should! This is based on income. Please cooperate, if for no other reason except for your friends and neighbors feelings.

Happy Birthday this week to Mrs. Edith Ivie.

Mrs. Georgia Bilbrey has been on the sick list. We wish her a speedy recovery.

Calvin and Mary King are on vacation in Virginia. The China Shop in Putnam is getting their Christmas gifts in. Come in to see them. We understand Mrs. Free is improving after her

surgery in Humana Hospital in Abilene. She makes her home at the Golden Holiday Nursing Home in Baird. She was originally from Putnam. She is ninety five years old.

Mrs. Nettie Speegle, also in the Nursing Home at Baird, has not been feeling well.

Lucey Swindle from Cisco was a Putnam visitor on Friday. The China Paint class was called off due to bad weather.

Listen in on our home town friend and preacher G.W. Weeks who gives a wonderful sermon on KRBC at 7:00 a.m. Sundays. You'll be glad you did.

Bass Club Report

How do local anglers spell relief? Some might say RAIN. But the majority will go with GREEN COVER. Recent rains have come in slow enough that the bass fishing hasn't been effected severely. Lots of green weeds, willows, and cotton wood trees are now in productive water. Having returned from a short vacation it was welcome news hearing of Leon's rise. By our figures we show Leon presently 5'4" below full.

Other area lakes have also caught some run off. Proctor is 1'8" below full at last report. Eastland Lake caught 5'2". Unfortunately Hubbard Creek was not as fortunate at last count had risen a mere 2'8", but that's better than none. No report was available from Brownwood Lake at this time.

Everyone should be extremely careful at this time while boating. Floaters, logs which can be either under the surface can cause great boat and even personal damage.

Many of our standing trees are again under water, watch your step while boating; when in doubt kick that trolling motor out. A prop for this motor cost much less than for your big motor.

Don't forget Thursday, Nov. 1st we shall hold our monthly club meeting. Precedings will begin at 7:30 p.m. in the Eastland National Bank meeting room. Many important items shall be discussed including final preparations for our annual awards banquet which shall be held this year December 1st at the Corral Room in Cisco. Starting time shall be at 7:30 p.m. Any member who has not been contacted and plan to attend should phone Will Johnson in Cisco, Don Flowers Ranger, or Terry Wilson, Eastland. This years event will be catered by Oscar's Barbecue and shall include our presentation of awards and recognition for individual and club achievements. Also as last year we shall announce our Angler of the Year. This award goes to the individual compiling the most combined weight of bass caught during our innerclub tournaments.

You the members control the directions in which this club travels without voicing your opinions, we cannot continue to grow and improve. So lets all plan to attend Thursdays meeting and bring a friend.

Terry L. Wilson

Game Day At

Lone Cedar

Friday, Nov. 2, is the day At Lone Cedar we'll gather to play

So get your partner
Any maybe more
Join in the fun
With prizes galore
We'll start at ten
Then have lunch
Then back to the table
To play our "hunch"
It's four dollars each
For food and fun
So call your friends
You're invited
EVERYONE

Art Assoc. To Meet

The Eastland County Art Association will hold their monthly meeting November 1, at 7:00 p.m. in the Texas Electric Reddy Room.

Pat Cowar of Hoka Hay, of Dublin will be the guest speaker.

Ms. Cowan will be explaining casting of bronzes and creating 3-D art from first step to finished product.

Everyone is invited to attend at no charge. There will be some bronze finished art on display.

Proposed State Amendments Are Discussed By County Law Assoc.

The eight proposed amendments to the state constitution listed on the Nov. 6th general election ballot, were discussed by County Judge Scott Bailey in a talk at the monthly luncheon of the Eastland County Law Enforcement Association last Friday night at the Cisco Steak House in Cisco.

The eight amendments were listed as follows:

1. A constitutional amendment to provide state banks the same rights and privileges as national banks.

2. A constitutional amendment to create from general revenue a special higher education assistant fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund.

3. A constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty.

4. A constitutional amendment to abolish the office of county treasurer in Bexar and Collin Counties.

5. A constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor in the event one occurs.

6. A constitutional amendment to permit use of public funds and credit for payment of premiums on certain insurance contracts of mutual insurance companies authorized to do business in Texas.

7. A constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts.

8. The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislature during legislative sessions.

In his discussion of the amendment proposals, Judge Bailey noted that No. 1 supporters see the change

as equalizing rights of state and national banks under state laws. No. 2 would equalized state school fund expenditures among all state schools while the present law limits the permanent school fund to the University of Texas System and the Texas A&M University System.

Amendment No. 3 expands the lists of possible beneficiaries of payments to relatives of public employees (firemen, policemen, etc.) in the event of death in the line of duty. No. 4, to abolish county treasury posts in Bexar and Collin Counties, is more or less a local matter that needs constitutional authorization.

The state has no present plan of naming a lieutenant governor by the Texas Senate in the event of a vacancy, and Amendment No. 5 would provide one, Judge Bailey said. Present laws do not permit school systems to patronize mutual insurance companies, and No. 6 would allow them to do so as well as to patronize stock companies.

Amendment No. 7 would establish controls over judges and magistrates in the matter of personal and official conduct. Present regulations limit this control. Legislators, who now are paid a per diem of \$30 per day, would receive the maximum allowed by IRS under Amendment No. 8. They are paid a salary of \$600 per month.

This year's general election ballot is comparatively simple, Judge Bailey noted. Candidates for all offices are limited by the Democratic Party. The Republican Party lists candidates for President, Vice President, U.S. Senator, Railroad Commission, Chief Justice of the Texas Supreme Court, and Judge of the Court of Criminal Appeals, Place 1. Only one listing appears for the Independents - for U.S. President and Vice-President. There is a "write-in" column. The bottom of the ballot contains the proposed changes in the state constitution.

Billy Rains, Cisco police chief and president of the association, presided at the meeting. Secretary Jan Novak of the district attorney's staff, the association secretary, reported that 18 members were present.

Mr. Rains announced that a nominating committee would be named soon to select a slate of officers for 1985. Mrs. Novak reported that the association's bank account was more than \$1,100. Introduced as new members were Richard Teece, DPS trooper, and Chris Key, new to the staff of the Cisco Police Department.

RJC Defeats

Navarro 31-7

Quarterback Greg Knox scampered 80 yards on the first play from scrimmage and Ranger went on to defeat Navarro 31-7 in junior college football action on Saturday.

Navarro scored six minutes later to tie the game for the remainder of the first quarter. Reggie Collins broke that tie late in the second period and Ranger never trailed.

Knox ended the game as Ranger's leading rusher with 110 yards on nine attempts while Navarro's Luther Turner picked up 109 yards on 23 attempts.

Charles Mott caught a 20-yard James Roberts pass with 57 seconds remaining in the half to give Ranger a 19-7 halftime lead. Mott ended the game as the leading receiver with three receptions for 68 yards.

Linebacker Kael Joiner of Eastland recovered three fumbles, one for a touchdown in the third quarter to extend Ranger's lead 25-7.

Freshman James Galloway returned a fourth quarter interception 22 yards to the Navarro two-yard line. Three penalties moved Ranger back to the 44-yard line where Danny Saenz nailed a field goal. He had hit on a 41 yarder earlier in the fourth period.

Ranger is 5-3 on the season and Navarro is 5-2-1. Ranger will meet the Texas Tech junior varsity Thursday in Tech's Jones Stadium.

Creosote Deposits Leading Cause Of Home Fires

COLLEGE STATION--Chimneys with heavy creosote deposits are a leading cause of home fires in the United States each year.

Chimneys should be inspected annually for creosote build-up, and now is a good time to do so, says Dr. Gary Nelson, safety engineer with the Texas Agricultural Extension Service, Texas A&M University System.

Creosote is produced when wood burns. It escapes from a stove or fireplace in the form of smoke and condenses on the inside of the chimney. Creosote is highly flammable, and deposits one-fourth of an inch deep or more should be removed, emphasizes Nelson.

Once ignited, creosote can burn at temperatures up to 3,000 degrees F. The strong upward draft caused by high-temperature chimney fires can lift burning creosote out of the chimney and onto the roof, possibly spreading the fire to the rest of the house, or even neighboring houses.

Chimney cleaning is a messy and sometimes dangerous task which may require climbing onto the roof. Although chemical cleaners are available, most have been proven ineffective.

Nelson suggests steel brushes to clean a chimney, using extension rods to reach the entire length of the flue. To avoid getting soot all over the house, fasten a sheet over the opening of the fireplace.

Chimney cleaning may best be handled by a chimney sweep. He will have a selection of brushes and will be able to spot improper installation of wood stoves or chimney damage, notes Nelson.

Once the chimney has been cleaned, proper use of the stove or fireplace can reduce creosote buildup, he adds.

The newer, more efficient stoves and fireplace inserts allow less heat loss through the chimney. This lower temperature inside the chimney encourages the accumulation of creosote, Nelson explains. With hotter fires, creosote is burned as it is produced, leaving less to condense in the chimney.

If the chimney and stove pipes are free from excessive creosote deposits, accumulation can be controlled by burning a hot fire for about 15 minutes each day to burn off any thin layers of creosote which may have formed the previous day.

Should a chimney fire occur, call the fire department immediately. If possible, shut off the air supply to the stove or fireplace but do not close the damper since this will force the smoke into the house. If there is still a fire in the stove or fireplace, extinguish it with an approved extinguisher or throw baking soda onto the fire, Nelson says.

cur, call the fire department immediately. If possible, shut off the air supply to the stove or fireplace but do not close the damper since this will force the smoke into the house. If there is still a fire in the stove or fireplace, extinguish it with an approved extinguisher or throw baking soda onto the fire, Nelson says.

The oldest registered fertilizer in the United States is Bat Guano, dating back to the 1840's. A dictionary would define bat guano as "a substance composed chiefly of the excrement of cave dwelling bats and their decomposed bodies."

That will sound bad to some people but the material has naturally composted in a cave for 1,000's of years. The guano has dried to the consistency of talcum powder and is one of Mother Nature's finest organic fertilizers. It is virtually odorless and is very easy to use.

Guano is not the only beneficial by-product that bats contribute to mankind. One colony of small, free-tail bats in the Southwest can devour 250,000 pounds of insects in a single night. You can imagine the insect problem that could arise if this single colony of bats were to be destroyed. The bat ranges in size from the smallest mammal in the world, the size of a bumblebee, to the flying foxes with 6 foot wingspans.

Fruit and nectar-eating bats pollinate more than 130 types of tropical trees and flowers. The list of fruits, nuts, spices and their derivatives that bats keep pollinated is almost endless. Guano is used today to fertilize almost 1/3 of the world's supply of Black Pepper.

Bat Guano can be used year 'round, in any soil, for any plant. It helps bind soil particles, aid nitrogen fixation, and may even help control some soil-borne diseases. Organic Gardens will recognize the benefits of bacterial stimulation in their soils. Increased enzyme and nutrient transfer within the chain of soil feeding is greatly increased by Bat Guano. Primary and micronutrients are abundant and easily available in Bat Guano.

Bat Guano has the numbers that some people are concerned about. The N.P.K. varies throughout the cave but averages 4-10-1. Micronutrients include zinc, iron, copper, magnesium and calcium. Guano gives you a complete, all purpose, organic fertilizer without the trouble of mixing of different materials. You can, therefore, use heavier applications less often while saving time and energy.

Scientists do not know exactly how all these nutrients work. They do know that if the elements are deficient in your soil, that small amounts of these nutrients is all that is needed to correct the soil imbalance.

Zinc is one of the most important trace minerals. Bat Guano averages a very high 1,500 parts per million of zinc. Heavy applications, year after year, of chemical nitrogen, phosphorus and potassium can tie up the available zinc in your soil. Bat Guano also averages a very high 6,000 parts per million in iron, 5,000 parts per million in aluminum and 30 parts per million in manganese.

Natural limestone is already in this material, from the cave drippings. This can help correct acidity and help fertilize due to magnesium and calcium in the limestone drippings. The additional calcium from 1,000's of decomposed bat bones also helps correct problem soils.

Bat Guano has been described as the caviar of plant food and a gourmet delight for plants. Bat Guano is now available from Maggie's Inc., who has an endless supply from the caves on her ranches in New Mexico and West Texas. Your house plants, your gardens, your lawns as well as your trees and bushes need epicurian delight with Mother Nature's finest fertilizer, Bat Guano.

Taxes - Some Of The Collection Costs

by Viola Payne

Taxes - a subject that always attracts attention. And it seems that most of our tax legislation is coming out of Austin these days.

When Bill 621 was passed in 1979, under the sponsorship of Rep. Peveto and Senator Grant Jones, it called for a total reappraisal of all property in Texas.

The property could then be listed on the tax rolls at 100% of current market value. The firms hired to appraise Eastland County were Pritchard and Abbott of Ft. Worth for the Mineral Wells Rolls, and McMorries and Co. of Hereford, Texas for all other property.

Thus began a historic first - the first time Eastland County had all been appraised at one time.

The cost of this work was divided among the different taxing jurisdictions in the county, such as the schools, county, cities etc. The cost of the total reappraisal by McMorries was approx. \$177,529 in 1982, and Pritchard and Abbott approx. \$55,000.

A budget was also set up for the Eastland County Appraisal District office, which began at that time.

Pritchard and Abbott are appraising the Mineral Wells annually, and their figures have gone up somewhat. In 1984 the cost of Pritchard and Abbott was \$62,500.

The Eastland County Appraisal District budget was \$244,600. This year McMorries and Co. has continued to do some work annually, although Eastland County Chief Appraiser Steve Thomas checks out some of the property in case valuation is questioned.

The bill for the McMorries Co. in 1984 was \$22,500. This, added to the others, would total \$329,600 spent in Eastland County in 1984 to comply with the state laws. Under this system \$6,480,000 is expected to be levied in taxes this year - probably the highest figure on record for the county.

The new laws require a complete reappraisal of all property each four years, so another countywide reap-

praisal will be coming up in 1985 or '86.

According to Steve Thomas, the next reappraisal of Eastland County should not cost as much as for the 1982 one, especially not if it is done by the same firm.

In the 1982 appraisal, files with maps and Appraisal cards had to be set up," he said. "With these records already on hand, the next time should be more like a maintenance."

Cost figures of the appraisals and the Eastland County Appraisal District office do not take into account, of course, the funds needed by the County Tax Office to mail statements, collect, and

keep records, ect.

Nor do they begin to touch the many hours of volunteer work given by the Eastland County Board of Directors, or Board of Equalization.

When you come to this kind of thing you realize that there are a lot of unselfish people around - those who are willing to tackle a difficult job in the interests of the county. And that's what keeps life going around here.

Lights From The Christian World

Josephine Cleveland

The religious philosopher, Soren Keikegaard said, "Despair is never ultimately over the external object but always over ourselves."

David's friends turned against him and he despaired. It was not over the lost friends that he mourned, but for what his life would be without him. Friend, when grief and its accompanying companion, despair, comes to you, if you can understand and accept this, you will have made the first step of a long and difficult journey.

Learn like David how to work through your grief. David related in Psalms 42:1, "My tears have been my meat day and night."

His friends asked him, "Where is your God?"

This question reminded him that the Lord had been his hope many times before. He did not withdraw himself from others. He immediately went with his friends to the house of God. As he went he tells us, "I went with them to the house of God, with the voice of joy and praise, with a multitude that kept the holyday." Psa. 42:4

In the midst of grief he spoke to joy and praised God. While worshipping with others David exclaimed, "Why art thou cast down O my soul? And why art thou disquieted in me? Hope thou in God: for I shall yet praise him for the help of his countenance." Psa. 42:5

David determined to praise God for delivering him from His enemies.

David overcame the external when he conquered his inner self by doing and speaking words of joy and praise to God. Hope conquered his despair! It was then that he could take a firm grip on the external.

David exclaimed, "Yet the Lord will command his lovingkindness in the day time, and in the night his song shall be with me." Psa. 42:8

Our father in heaven, help us to conquer grief and despair through remembering that you are the giver of all good and the help to all who mourn. Amen.

Texas Consumers Spend Millions Out-of-Town

Did you know that millions of dollars earned in this community are spent in other towns every year?

45% of Texans shop out-of-town each month
 27.9% other Texans shop elsewhere occasionally
 72.9% spend locally-earned dollars out-of-town

Each dollar spent locally multiplies several times. Keep your community growing... by shopping in our local stores. Watch the ads in this newspaper for the best values... by merchants who put their community first by advertising in their local newspaper.

YOU AUTO KNOW

00000
IN THE INTEREST OF SERVING THIS AREA, JIM CALDWELL BRINGS YOU THESE IMPORTANT MONEY-SAVING ARTICLES:

Safe driving in fog calls for lower speed. Use parking lights or headlights during the day; if fog is very thick, put on your four-way flashers. At night, low-beam headlights will reduce glare and let you see more of the road.

If your car overheats, suspect hose trouble. If leak is not obvious, hose may be rotting from within and becoming clogged. If lower radiator hose is deteriorating, it may collapse at high speeds, cutting off coolant.

Rotating tires will help them wear evenly. Remember that radials must be kept on the same side of the car; switch front and rear tires, but not side to side.

A 1982 study by the Center for Disease Control in Atlanta reported a 55 percent drop in the death rate of your children. Child safety seats in autos got much of the credit.

Regular tuneups are essential for trouble-free driving, according to a survey of auto experts. Schedule a tuneup at least once a year.

New-Used Cars
 Trouble-free driving starts with a quality-built car. You'll like the ride - and the service - you get from the new (or late-model used) car you buy at JIM CALDWELL MOTORS, 314 W. Main, Eastland, 629-2636.

Auto Repair
 Expert tuneups are a specialty at JIM CALDWELL MOTORS, 314 W. Main, Eastland, 629-2636. Count on us for the quality work that keeps your car running right.

Body Shops
 Another essential for your car: prompt repair of dents and scratches to avoid rust and corrosion. We do expert body work at JIM CALDWELL MOTORS, 314 W. Main, Eastland, 629-2636.

County News Briefs

CISCO

The annual Homecoming of Cisco Junior College Ex-Students will be Saturday, Nov. 3. Various clubs and organizations on the campus will be nominating girls for Homecoming Queen through Friday, Nov. 2. The Queen will be introduced at the football game that will be played between CJC and Northeastern Oklahoma College at 2 p.m. Saturday. The Nov. 2 program will also include Parents Day for the college.

Dick Schneider, NBC producer and director, was a recent visitor in Cisco. He flew from New York City to make video tapes and to see the CJC Wrangler Band and Belles in a rehearsal of their routines for the Macy Thanksgiving Parade. Mayor Eris Ritchie met Mr. Schneider at the Abilene airport and drove him to Cisco. Mr. Ritchie and Band Director Tim Jones and Belle Director Nicki Harle entertained Mr. Schneider at lunch at Oscar's Barbeque Restaurant. The NBC official went from Cisco to New Mexico.

Brady Leveridge, a life-long resident of Cisco, has been awarded a Purple Hart in a ceremony at Cisco Care Center. The award was for an injury he received during World War I. Marine Capt. Thomas L. Linder presented Leveridge with the award. Mayor Eris Ritchie signed a proclamation to declare Oct. 26 as "Brady Leveridge Day" in recognition of the service he rendered in defense of his country.

Architect Karl Komatsu of Dallas has been authorized to obtain cost estimates for renovation and restoration of the Mobley Hilton Hotel. The Board of Trustees for the project hopes to have construction work underway early in 1985, and to complete the project next year. The floor plan calls for a large meeting room, kitchen, rest rooms, and quarters for the Chamber of Commerce. Also provided is display space for Hilton souvenirs and mementoes.

The Second Annual Turkeywalk, sponsored by the American Heart Association, is scheduled for Saturday, Nov. 10, at 9 a.m. The course will begin at Cisco City Park and cover five miles. Patsy Hogan, Chairperson, states that everyone is welcome to register, either as a participant or a sponsor. Prizes will be given, and all who turn in more than \$100 in donations will receive a free turkey.

The ladies of the Calvary Baptist Church will have a Fall Bazaar Tuesday, Nov. 6, from 9 a.m. to 6:30 p.m. at 712 Conrad Hilton Ave. The ladies will be serving stew for lunch and dinner. There will also be many crafts, quilts, home baked items, doll clothes, and other things.

RIISING STAR

Chief of Police Herb Hooten cautions householders in Rising Star and this area to be extra careful between now and Christmas to prevent your home being robbed. He reports that residents in Gorman, Cisco, Cross Plains and other area towns have been burglarized recently. The houses are being stripped of everything of value that is portable. Hooten advised residents to lock homes securely and set up Neighborhood Watches to help protect valuables.

CLASSIFIEDS GET RESULTS!

RANGER

The First Baptist Church of Ranger announces the Rev. Bob Gardner as the new Minister of Music, Youth, and Religious Education. Rev. Gardner comes to Ranger from Brownwood, where he was a Religious Education Major at Howard Payne University. Gardner and his wife, Belinda, have two children, Denise and Robby. He is a native of Breckenridge, but has spent most of his life in Hobbs, New Mexico. Before going into full-time Christian service, Rev. Gardner served the church in music departments and various offices.

The First Methodist Church, 417 Elm Street, will sponsor a "General Store" on November 3. Items include Christmas decorations, toys, afghans, housewares and foods. The hours are 10 a.m. to 1 p.m. There will be a turkey dinner from 11 a.m. to 1 p.m., and spontaneous auctions. A nursery will be provided - come out and shop early for Christmas!

The parade for the Ranger Homecoming will be held at 5 p.m. Friday, Nov. 2. This will include the Spirit of Ranger Band, the Cheerleaders, the Football teams, floats from each class, and the public's first look at the 1984 Homecoming Queen nominees. As always, the climax of the Homecoming Week is the ball game, in which the Ranger Bulldogs host the Albany Lions this year. Be at the field around 7 p.m., for the kickoff will be at 7:30 p.m.

EASTLAND

Wayne Ashlock of the Eastland Minister's Alliance encourages the public to give thanks for the fine rains which have fallen over the county. "The issue is not over," he says "we must not be like the nine Lepers of Luke 17, who couldn't wait to return to normalcy after such a long period of suffering, so didn't have time to return to the source of their healing to worship with thanksgiving. Now due is a 'Thanks be unto God' from all of us."

A new ladies ready-to-wear shop has opened at 115 West Main in Eastland. Owned and operated by Johnnie Snapp and Patsy Clift, Johnnie and Patsy's will offer clothing for all women, average to full-figured. The hours will be 8:30 a.m. to 6 p.m. Monday through Saturday.

Kid's Korner, with an inventory of clothing for boys and girls from infant to pre-teenagers has opened in the building between the Sonic Drive-In and the House of Webster on East Highway 80. The new Eastland store is owned and operated by Mallie Williamson and Sybil Hamrick. It will feature brand name clothes for all occasions.

Oct. 28-Nov. 4 has been proclaimed as Pornography Awareness Week in the City of Eastland and Eastland County, Texas. Charles P. Marshall, Eastland Mayor, and County Judge Scott Bailey signed the proclamation. It cites the destructive nature of pornographic material to our country and communities, and notes that it has reached epidemic proportions. Pornography has become one of the largest industries in the United States, and is often linked to organized crime.

Take Time For Observation & Self-Examination

COLLEGE STATION--Most of use are so busy being parents that we rarely have the time to reflect on this important task, says a Texas A&M University Agricultural Extension Service home economist.

"Taking time out for some observation and self-examination can shed new light on the job of parenting and give parents another perspective on their relationships with their children," says Diane T. Welch, a specialist in family life education.

One type of parenting self-exam takes about a week. The first three days are spent observing your friends who have children near the ages of your children she explains. As you observe, check the following points:

•How do these parents act toward their children? Is their attitude friendly, courteous and pleasant? Do

they appear to enjoy the children and approve what they are doing, or do they appear critical, impatient and nagging?

•How many parents request their children to do something or stop doing something and how many habitually order the children around?

•How many embarrass their children in front of others?

•How many expect conduct beyond their child's years, such as making a two-year old share his toys in order to teach him to be generous?

•How often do you see parents who show approval more often than they correct, and who seem to like and enjoy their children?

•How many give orders so endlessly that a child has to develop deafness in self-defense? How many punish children for disobedience

when the child fails to know which order was important enough to follow?

For the next three days of the week, observe how you and/or your spouse parent your own children, says Welch. Without changing anything about the way you normally manage your children, ask the same questions about your parenting behavior.

The final day is for thinking earnestly about what you observed in others, in each other and in yourself. Discuss whether you are satisfied with the way you are bringing up your children or whether you feel changes are needed in this important business, she says.

Not all parents will want to devote an entire week to this self-examination, observes Welch. But most can afford some time to reflect on their parenting skills, she adds.

Letters To The Editor

Dear Editor

Lloyd Doggett and Lloyd Bentsen as the "Lloyd's of Texas" working together in Washington working for all Texans, History in the making, you don't have to be a Republican or a democrat to live this plan, just a Texan that all nothing else, so when you go to the polls in November be a part of this great history vote Lloyd Doggett for our next U.S. Senator for Texas, need I say more.

Buddy McQueen
100-10th St.
Ballinger, Tex. 76821
Ph. 915-365-3262

Dear Editor:

It seems to me, that when we are considering voting in this election that we should be concerned; not only about the economical condition of our country, but the morals

of our nation. It is true that we as a nation are in better condition economically; than we were four years ago, but what about the morals of our nation? It is true that the morals of our nation are in bad condition, Child pornographers are filling our news stands with corrupt literature, and millions of teenagers are becoming pregnant, having their unborn babies aborted, and the humanist want to take over our country, and do away with prayer, and the Bible.

So, I think that it is time for all good people to go to the polls and vote for leaders who stand for principles of righteousness.

O.R. Williams

TODAYS BIBLE TRIVIA

I was of the first-And number two,

A faithful man-And always true.

I lived a century-Before I died,

Forever I was-On God's Side

I still speak-Even tho I'm dead,

Paul to the brothers-He once said.

The founding of the world-I once was called,

Said Jesus of me-Not the apostle Paul.

If you guess me-By the name of Leba,

You are all mixed up-I'm afraid to say.

Who am I?

Answer in next Sunday Issue.

NOTE: For an answer to your Bible Question Write Bible Trivia, P.O. Box 748, Eastland, Texas 76448. Send self addressed, stamped envelope.

Country Living Tour Of Europe

By Adeline Meredith

Mrs. Duffner told us she is a second wife and has no rights on the farm where she and her husband now live. It is being passed on to his son, so she and her husband will move into the older house when it is ready. She inherited that house, since she has no brothers, and her husband will have no rights on that farm, since she inherited it. When her grandparents got married they had a 16-page marriage contract and the Duffners have a marriage contract because of the two farms involved. When this old house was built, wooden nails were used to avoid attracting lightning. The house had electricity early because of a water mill nearby. Farmers often had electricity before those living in cities because of their water mills.

After leaving the farm, we stopped in Tribberg in the Black Forest and did a little shopping. Sepp tolerated our desire to shop, but he was far more interested in showing us the countries and in telling us all he could about them. He said until the middle ages farms in Germany, Switzerland and Holland had the right to hunt on their farms, but nobility took this right away, and if a farmer killed an animal on his own farm, he was fined heavily. After World War I nobility lost this right and villages

got the right to auction off hunting rights. The price for 5 years runs between \$30,000 and \$40,000. To get a license to hunt you must take a three-week course which costs between \$500 and \$600. Fifty percent of the people who take it fail the test the first time and they must take the course again if they want the license. After you get your license you must then get permission to hunt on someone's rights. One stag would cost about \$3,000. You could keep the antlers, but you would then have to buy the meat of the stag which you had killed. We realized then that the venison which had been served the night before was a specialty. There is a very limited hunting season. French farmers can hunt on their own land. Fishing rights are auctioned off for 20-25 year periods. Gun laws are very restrictive in Germany so farmers usually do not have guns.

Sepp said the Germans use a lottery system for their army. One out of every three young men must serve for a compulsory minimum of 15 months and this may soon be raised to 18 months. The air force uses mainly American-made planes. He also said the American G.I.s have good relations with the Germans. He believes East Germany and West Germany have individually become so powerful that it would not be a good thing for them to be reunited.

Heidelberg, with its residents being 20% students, was not as pretty as all the other areas we had seen in Germany.

We began seeing Schrever Gardens which consisted of a tiny house and a garden. The small spaces inside the cities were given to people of have a place to get back to nature. The little gardens must be well cared for. If they are well cared for a person could keep the garden space for all his life. If they are not cared for, that person would have to give it up and someone else would be given the space. There are waiting lists of people wanting Schrever Gardens.

We spent the night in Darmstadt in the Hotel Maritim. The delicious dinner in the hotel that night consisted of fresh cucumber soup, filled breast of veal, beans, potatoes and pistachio ice cream with peach salad.

After dinner we drove to Frankfurt. It has the largest railroad station in Europe. After visiting a typical German beer hall where we were served huge pretzels and beer or soft drinks, we went to the railroad station into which 1350 trains carrying 200,000 passengers come each day. The station was 80% destroyed during World War II but has been completely rebuilt as it was before the destruction. Frankfurt is the number one city in economy in West Ger-

many. It has been a banking center since early ages and because of its 300 banks it is sometimes called "Bankfurt".

It is said a butcher from Frankfurt went to Vienna and invented the wiener. In Vienna and other places it is called the Frankfurter, but in Frankfurt it is called a wiener.

Sunday, July 29, we boarded a boat for a ride down the Rhine River. We went past the famous Lorelei Rock and enjoyed seeing the vineyards growing on the steep mountainsides and many 13th and 15th century castles. You could perhaps buy one of these castles for \$1,000, but requirements are then made for restoring them. It cost as much as 2 million dollars to restore it.

We passed by one of Germany's nuclear power stations. After those which are under construction are finished, they will not build any more. Twenty percent of Germany's power is nuclear.

We saw the remains of the bridge at Remagen. The Germans blew up all other bridges in WW II and were supposed to have destroyed this one. The German officers who failed to have it destroyed were ordered executed by Hitler. The Americans were able to use the bridge and shortened the war by 3 to 4 weeks. It later collapsed, but by then the Americans had built a pontoon bridge across the Rhine.

After leaving the boat and returning to our coach, we passed through Bonn, which is now the capital of West Germany. Sepp stated that by selecting a small, insignificant town for its capital it indicated that Berlin is really the capital. However, Bonn is now truly the seat of Government.

In Cologne, we had a hamburger at McDonald's for

lunch just across the street from the Cologne Cathedral. The cathedral was the most beautiful of any we saw. The stained glass windows were so high and so beautiful. Its awesome twin spires completely dominate the area. One spire is 100 years old and the other one is 60 years old.

Just after we crossed the border into the Netherlands we stopped for something to drink. We paid in German Marks and received our change in Dutch Guilders.

We went to a dairy farm, Clara Maria, where they make cheese. The woman who greeted us and showed us the cheese factory was wearing wooden shoes. On the 130 acres they had 70 Fresian cows, which they milked twice each day, and 60 young heifers. The cows stayed in the fields night and day and were brought in only for milking. The lady told us that her husband grew up on the farm. Most of us bought some of the Gouda cheese after receiving a sample. Cheese is made daily.

In Amsterdam our hotel was the Hilton International. We spent a restful night there and on July 30, we went to a wooden shoe factory. Some of the work is done by machinery, but the shoes are finished by hand with the

traditional tools "to become a healthy and practical footwear for farmers, gardening, camping and for children to play in the garden". Many of us bought wooden shoes. When we were fitted with them we were told they must be quite a bit larger than your foot. I do not want to tell you the size of mine, but Gibert's were a size 30.

We then went to the 100-acre Aalsmeer flower auction. Over 4000 growers of flowers and plants are members of this cooperative and therefore joint owners of the auction building. About 9 million flowers and 800,000 potted plants are sold each day. As a flower lover, I couldn't believe all the beautiful flowers I was seeing.

The curtains were not drawn in apartments, so you can see into the homes as you drive down the streets. The practice goes back to Calvin days. The curtains were left open to show the family had nothing to hide. Now, in Holland, they are left open because they like to show what they have.

We drove to the Zuider Zee which was dammed off in 1932. There were on land which was only recently a portion of the North Sea

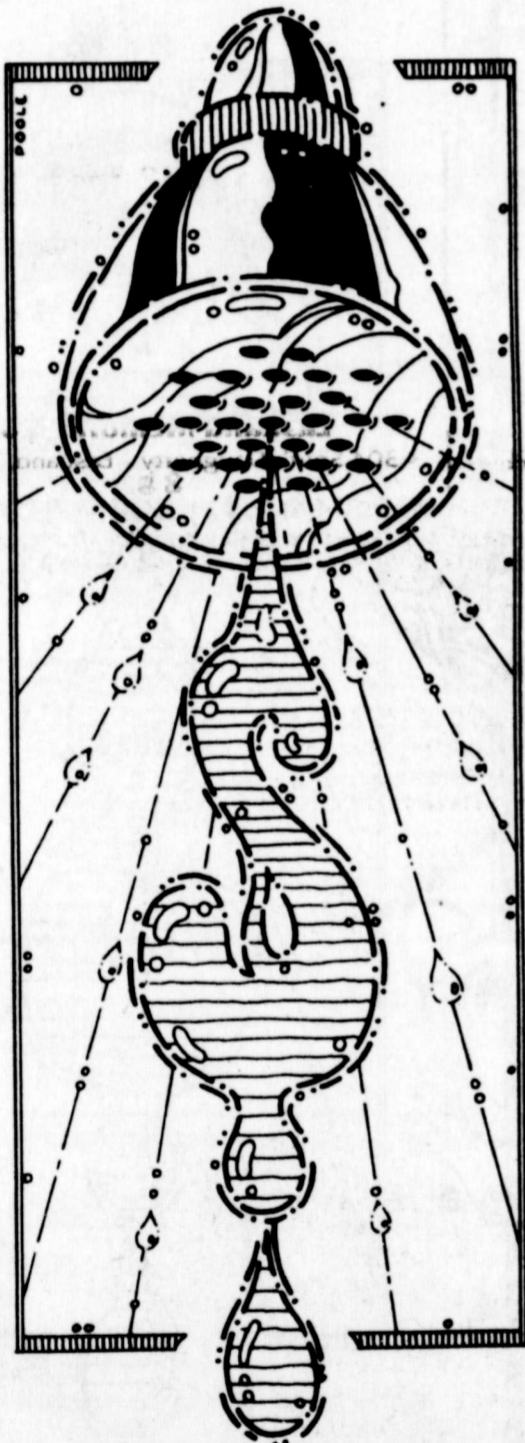

and, in fact, lies about 20 feet below sea level. The reclaimed land is called "polder". We saw fantastic new farmland which the government owns and leases for up to 99 years. Since the government spent a lot of money reclaiming it is very particular about who may lease the land. To secure a lease you must have an agricultural background or already be a farmer. A lease may be passed on to the farmer's family, but if the land is not taken care of it will be taken back. Fishermen fought reclamation of the land because they lost much of their good fishing grounds.

As we drove along the 6 1/2 mile long dike, we saw hundreds of swans and small ducks. To our left was water which will soon be drained off so more land can be reclaimed.

We visited a farm which was reclaimed 52 years ago. The farmer, Mr. Kranenburg, his wife and children were very friendly. They, and their neighbors who were there, all spoke English. The children were very eager to ask us questions about the United States and seemed genuinely interested in everything we said. Mrs. Kranenburg

showed the women her beautiful yard with many blooming flowers which she never has to water. She then literally opened her home to all of us. We enjoyed seeing their new three bedroom home with two baths, living and dining area, large utility room, kitchen with dining area and an office. We were all served cookies and orange drink. While the women were seeking the house, Mr. Kranenburg was showing the men the barns and farm. Crops grown on the leased 85 acres are wheat (120 bu. per acre), sugar beets, tulips bulbs, onions, potatoes (20,000 lbs. per acre) and red garden beets. He must rotate his crops. He pays \$20.00 an acre each year for lease. The government owns the barns, but the farmer builds and owns his home. If you could find land for sale it would probably be priced at about \$7500 per acre. As we left the farm, the children ran beside our coach for quite some distance waving good-by to us.

Pornography Awareness Week Set Oct. 28 - Nov. 4

October 28 through November 4, 1984, has been designated as PORNOGRAPHY AWARENESS WEEK across the United States and has been so proclaimed in Eastland County by Judge Scott Bailey and locally by Mayor Eris Ritchie.

The local awareness emphasis is being led by a newly formed group, EASTLAND COUNTY CITIZENS CONCERNED FOR COMMUNITY VALUES. This group consists of ministers and lay persons from across Eastland County. Its stated purpose is to make the citizens of our county aware

of the problems related to pornography and other social ills which threaten to destroy the homes and families of our communities. "We encourage each of our citizens to be alert to pornography in all its forms, whether through books, magazines, video cassettes or television. Our society has

accepted so many things simply because they don't believe they can do anything about it," said Cecil Deadman, Awareness Chairman for the group. "We accept things as normal and ordinary today which would have caused an uproar in our communities ten years ago," he continued.

"A number of people have decided it is time to speak up concerning the moral disease that has infected our land. Each of us can speak out to the managers and owners of any business which handles and sells materials which we find personally offensive," said Mr. Deadman.

Pornography has opened the door to the current drug culture, rebellion among our young people, and over one million runaway children. It has proven to be responsible for much of the sexual abuse of our children. It has fostered a promiscuity which has led to an accelerated growth in social

diseases of every kind and at every age level. Pornography has led to over one-half million births during the past year to unwed teenage girls. Pregnancy of girls 13 to 15 years of age have increased over 300 percent with many of the cases due to incest. Statistics tells us that one of every four

girls in America today will be sexually assaulted during her life time. EASTLAND COUNTY CITIZENS CONCERNED FOR COMMUNITY VALUES invites all concerned citizens of the county to join with them to help improve and maintain the quality of life in the area.

Resolution

A resolution in memory of E.D. (Ed) Farley, long-time Ciscoan who died last April 21, was adopted by the Texas Senate in session on June 25, 1984. Copies of the resolution were sent to Mrs. Farley in Cisco and to other relatives.

The resolution as published in the Senate Journal for proceedings on June 25 reads as follows:

"Whereas, the family and many friends of E.D. (Ed) Farley of Cisco mourned his death on April 21, 1984; and "Whereas, born November 30, 1907, at Gorman in Eastland County, Mr. Farley's family moved to Dublin where he went to public schools; he married Naomi J. Jones on June 22, 1926, in Dublin; and "Whereas, Mr. Farley worked for the Humble Pipeline Company for 40 years, many of which were in the division headquarters in Cisco before being transferred to Midland when the Cisco offices were closed; he retired from the Exxon Corporation as division dispatcher in Midland in 1966 and returned to Cisco to live; and

Club and the Masonic Lodge as secretary for several years; he was active in several capacities in his church, the First United Church, including service as president of the Goodfellows Sunday School Class, chairman of the building and grounds committee, and as a member of the board of stewards; now, therefore, be it

Mrs. O.L. (Ona) Stamey, who passed away October 25, 1984. The resolution is as follows:

WHEREAS, Mrs. Ina Stamey, a beloved member of GFWC-TFWC-The First Industrial Arts Club, Heart of Texas District, and a life member of said District was willing to accept the responsibility of her membership; one who attended the meetings regularly and gave freely of her time and talents to her club, church activities, and other organizations in the community; and

Moran News

By Mrs. Luke Huskey

Tommy Burton of Marfa spent a few days with his mother, Mrs. Erma Elliott.

Moran and community has been blessed the last few days with good rains. The creeks have been running almost bank full. The majority of the tanks have been filled and some running around. Water is being pumped into the City Lake. The grass and weeds are growing fast. The grain that has been planted looks real good. Since the last of September approximately 12 inches has fallen, which has been very beneficial and is greatly appreciated.

Walter McCollum of Breckenridge was greeting friends in Moran Sunday. Billie Sue Offield spent the weekend in Hurst with their children.

BIRTHDAY CLUB The Birthday Club will meet Thursday night, November 8, at the Moran Coffee Shop for the regular meeting for the month. The public is welcome to attend and enjoy the fellowship and meal.

Wayne White is receiving treatment in the Breckenridge Hospital. Mrs. J.W. Booth spent some time in Allen with her daughter, Mrs. Tony Vita and family.

A WEDDING Patricia Kay McKinney and Ronald Edwin Gross were united in marriage on October 18 at the home of Miss Irene Porter in Dallas

"Resolved that the Senate of the State of Texas, 68th Legislature, 2nd called session, extend sincere condolences to the members of the family of Mr. E.D. Farley; his wife, Naomi; his daughter, Norma Jean Hunsaker; his sons, John Edward and Charles Ronald Farley; a brother, John W. Farley; a sister, Agnes McClelland; and nine grandchildren and 11 great grandchildren and be it further

"Resolved that copies of this resolution be prepared for the members of the family of this beloved Texan, and that when the Senate adjourns this day, it do so in memory of E.D. Farley."

"Whereas, after returning to Cisco, Mr. Farley faithfully served his community as an employee of the city, a member of the city council, and as mayor pro tem; and "Whereas, Ed Farley's retirement years in Cisco were busy and productive as he participated in local business, fraternal, and church activities; he was a member of the Cisco Lions

RESOLUTION A resolution of respect is offered by GFWC-TFWC-The First Industrial Arts Club of Cisco, Texas, on the occasion of the death of a member of many years,

BE IF FURTHER RESOLVED, that a copy of this resolution be sent to her family and that a copy be furnished the Cisco Press for publication. Respectfully submitted Mrs. Ruby Lee Pirtle Mrs. Bernice Carter Miss Sue Taylor

The couple are making their home in Dallas where they are employed. HALLOWE'EN CARNIVAL In the Spook Parade for the Moran Hallowe'en Carnival with the Most Original Costume was first place, Terri Hudson, 2nd place Cody Whitt and 3rd place Stephanie Mims. Those having the Funniest costume were 1st place Chance Mitchell, 2nd place Heidi Mims and 3rd place Amy Montgomery.

AMENDMENTS

By Senator Bob Glasgow

AMENDMENT NO. 5--"THE CONSTITUTIONAL AMENDMENT AUTHORIZING THE STATE SENATE TO FILL A VACANCY IN THE OFFICE OF LIEUTENANT GOVERNOR."

The proposed amendment requires the president pro tempore of the senate to convene the senate as a committee of the whole if the office of lieutenant governor becomes vacant. The senate would then elect one of its members to act as lieutenant governor in addition to his duties as senator until the vacancy is filled at the next general election.

The proposed amendment also provides that the president pro tempore of the senate is to serve as lieutenant governor until the permanent replacement is selected.

BACKGROUND

The Texas Constitution currently does not provide for the permanent filling of a vacancy in the office of lieutenant governor. Instead, the president pro tempore of the senate performs the duties of lieutenant governor in the event of a vacancy. The constitution authorizes the senate to select a new president pro tempore every time it convenes or adjourns, or at any other time it is necessary to do so.

The selection of an interim lieutenant governor would be separated from the selection of the president pro tempore, who would continue to be chosen each time the senate convenes or adjourns.

ARGUMENTS

FOR:
1. The selection of an in-

terim lieutenant governor should be made at the time a vacancy occurs so that the decision is made giving due consideration to the importance of the office. The office of president pro tempore of the senate is largely honorary, so it is not appropriate for the person who happens to hold it at the time a vacancy occurs in the office of lieutenant governor to succeed to an office as important as the lieutenant governorship.

2. The permanent selection of an interim lieutenant governor will provide for continuity in that office in the event of a vacancy.

3. The proposed amendment would remove the senator selected as interim lieutenant governor from continuing political pressure to please his fellow senators in order to maintain that position.
AGAINST:
1. There is no reason to assume that a state senator selected as president pro tempore of the senate would not be competent to serve as lieutenant governor.

2. By making the designated replacement of the lieutenant governor permanent, the proposed constitutional amendment would prevent the senate from changing its selection of acting lieutenant governor.

3. Convening the senate when a vacancy in the office of lieutenant governor occurs would be expensive.

Thursday,
November 1, 1984

AMENDMENT NO. 6--"THE CONSTITUTIONAL AMENDMENT TO PERMIT USE OF PUBLIC FUNDS AND CREDIT FOR PAYMENT OF PREMIUMS ON CERTAIN INSURANCE CONTRACTS OF MUTUAL INSURANCE COMPANIES AUTHORIZED TO DO BUSINESS IN TEXAS"

The proposed amendment would authorize political subdivisions to purchase life, health, and accident insurance from mutual insurance companies if under the contract the subdivision is not liable for assessments.

BACKGROUND

Since 1876, the constitution has prohibited the legislature from authorizing political subdivisions to lend credit or loan money or valuables to individuals, associations, or corporations, or to become stockholders in a corporation or association.

The policy behind the prohibition may be obscure to modern readers, but the framers of the constitution were addressing a serious problem of their day. In frontier Texas, capital for investment was scarce, and the state routinely loaned money and credit to private enterprises, particularly to the developing railroads. After the Civil War, the railroads were unable to pay a considerable debt to the state, and that led to the constitutional prohibitions against state grants and loans to individuals and private enterprises.

At the same time, individual localities were also trying to attract the railroads and sought

legislative authority to sell bonds for the purpose of financing the railroads. An 1871 law gave them the necessary authority, and the railroads made effective use of it by threatening to bypass localities that refused aid. The law was subsequently repealed.

In 1926, the Texas Supreme Court ruled that because of the Constitutional provision, a political subdivision could not belong to a mutual insurance association. The insurance agreement required policyholders to become members of the association, and the members of the association were required to pay potential assessments to cover losses of the association. The court determined that the liability for assessments was a lending of the subdivision's credit.

In 1942, the Texas Supreme Court followed that

decision and held that, while it might be wise public policy to authorize the contracts, a school district could not purchase a policy of mutual insurance, and that a statute purporting to authorize political subdivisions to purchase the insurance was unconstitutional.

Under the terms of its contracts, mutual insurance companies assume the same obligations as stock insurers, but by reason of making the contract the insured becomes a member of the mutual organization. The members own and control the mutual, are entitled to share its surplus, and are responsible, within limits, for its obligations. Mutual company rates are competitive with the rates of stock companies, and mutual companies are regulated by state law in a manner similar to stock companies. Most mutual

companies qualify under law to issue nonassessable policies and avoid the necessity of assessments by charging advance premiums and developing surpluses sufficient to enable them to meet their obligations.

ARGUMENTS

FOR:

Since the amendment continues the prohibition on the purchase of mutual insurance with a liability for assessments, the original constitutional policy continues to be served. The amendment simply widens the marketplace in which political subdivisions can shop for insurance, with the resulting benefits that competition brings both for the political subdivision and the mutual insurers. The amendment may be of significant benefit and poses no risk.

AGAINST:

Although the current pro-

vision may exclude a certain class of insurers from competing for the business of political subdivisions, there is no compelling reason to

amend the constitution yet another example of an exception to a general rule for a particular interest group.

People n Things

IF YOU WONDERED why Anderson's Jewelry was closed last Thursday, Friday and Saturday, we'll give you the answer. Al and LaNell Anderson were making their first trip to Nashville, Tenn., and the Grand Ole Opry. And their hosts were Mr. and Mrs. Roy Thackerson of Ranger.

Mr. Thackerson, the fingerless fiddler who has appeared on Nashville and other national television programs, wanted his good friend Al to see Nashville and the Opry. They drove all night Wednesday and Roy's friend, Entertainer Roy Acuff, turned a nice apartment over to them for three days.

At the Opry, they saw two shows and Roy was invited to play the fiddle on both of them. They met a lot of well known C&W singers and musicians and enjoyed the long weekend very thoroughly. Al took his camera, figuring to get a few shots. He ended with six and a half rolls of exposed film.

The vacationers drove home Sunday night and the Andersons were back on the job at their jewelry store here Monday. And Roy was back on the job as manager of Southern TV Cable Company in Eastland County.

FOLKS ARE REAL interested in the General Election. We're convinced of this fact after talking to Debbie Yancey, deputy county clerk, on Monday. She reported that as of 2 p.m. Monday a total of 425 absentee ballots had been cast. This included requests for ballots by mail and people voting in the office.

The only way you can vote absentee is by filling out the proper ballot request by mail or going to the county clerk's office at the courthouse in Eastland. And absentee voting ends at 5 p.m. Friday, Nov. 2.

THE FIFTEEN or so young ladies who are members of the Lady Wrangler basketball team out at Cisco Junior College have been adopted by Cisco folks.

Fifteen or so Cisco families have each "adopted" one of the girls and as the adopted parents the Ciscoans entertain and lend helping hands when needed. Both the adopted girls and the adopting parents enjoy the association.

The adoption program was arranged by Coach Ronnie Hearn of the Lady Wranglers. There was a party at the Baptist Student Union building at CJC recently and all of the parents and girls attended. It was a very nice affair.

Virtually all of the girls basketball players live out of town and having adopted parents is a real plus for them, according to two of the young ladies that we met - Misses Diane Saville of San Antonio (adopted by the Robbie Robinsons) and Angie Pickard of Weatherford, whose Cisco parents are the David Callarmans.

DR. AND MRS. C.M. Cleveland are back home after a travel trailer vacation to Nebraska. There, they visited relatives and friends, and they made a number of interesting stops going and coming. The Cleverlands were gone for about a week.

THE MART Agnews of our town visited out west last week with their daughter Pat and husband Don Kincaid. The Kincaids divide their time between El Paso, where they have property, and their home in Mesa, Arizona. And the Agnews visited them in both places.

When they got ready to come home, the Agnews departed Mesa at 6:30 in the morning and drove into Cisco at 5:30 a.m. the next morning. They stopped briefly in Odessa where Mrs. MA has a sister. That's quite a drive without stopping for a night's rest. But Mr. MA's doctors gave him a "perfect health" report recently and he's only 81 years old.

A NEW YORK City resident, Mr. Dick Schneider, was in town last Thursday to preview the Cisco Junior College Band and Belles who will be part of the Macy Christmas Parade that NBC is organizing for Thanksgiving Day.

Mr. Schneider is the producer.

When it came time for lunch, Mayor Eris Ritchie and Band Director Tim Jones and Belle Boss Nicki Harle decided that they should give the New Yorker some of the best. So they took him to Oscar's Barbecue for lunch. And he was delighted and was still talking about it when he left.

Oscar Weeks knows his groceries, anybody who has sampled them will tell you.

DOVE SEASON ends this week if your hunting pasture is north of I-20. But if you hunt south of the interstate highway, the hunting season for doves won't end until Nov. 9th. The central zone (north of I-20) will have a short winter dove hunt Jan. 5-14 but folks south of the interstate won't. Hear that Keith and Karen Bailey have moved their house from 704 West 5th Street to the Hansen Ranch north of town - out near the airport... You'll see CJC Basketball Coach Dan Montgomery jogging every day that his busy schedule will permit.

MR. BRADY Leveridge, the Cisco old timer, received a lot of publicity when they held Brady Leveridge Day out at the Cisco Nursing Center last Friday. As you know, a group of seven U.S. Marines and a Naval officer came over from Abilene and formally presented Mr. BL a purple heart for WWI.

Mr. BL was pictured with nice write-ups in Cisco, Abilene and Fort Worth newspapers. The out-of-town newspapers sent staff writer and photographers.

Mr. BL, who is 88 years old, is a regular at the three luncheons of senior citizens each week at the Laguna Hotel. He drives his own car, plays a lot of dominoes and enjoys life to the fullest. He is a retired Cisco busy man.

THE FOLIAGE AND flowers are beautiful in New England. That's the report of the Wm. E. (Bill) Austins of the furniture store. They flew to Boston recently and rented a car and drove through the New England states. It was a fine vacation in all respects, they report... Something unusual has turned up in the yard out at the home of Mrs. Ed Farley on Bliss Street. A dead stump from a tree has sprouted a fungus of some kind almost all over it. It's in rows and quite attractive. Too much rain, maybe... Mrs. Adele Seabourn, popular waitress at The Spot, dressed in an attractive Halloween costume last Saturday and wore it all day. "A lot of people told me I looked better in the costume," she told us.

MR. JOHN WEBB, the old football player and coach and retired Cisco business man, went over to Sherman last Saturday to attend the homecoming of his alma mater, Austin College. The AC team won but, John reports, it wasn't easy. "McMurry wanted to fight with fists all afternoon"... Commenting on the Cisco-Eastland game last Friday night, John (who has refereed a lot of football games) wonders "How can you be penalized for clipping on a one-yard run?" That's what cost Cisco a TD and maybe the game.

Lake Cisco Gains 4½ Feet Of Water

Lake Cisco has gained approximately four and a half feet of new water as the result of October rains, City Manager Mike Moore reported Tuesday. An inch of rain fell at the lake and in the area last Friday night to boost the runoff.

Lake Bernie was still near the full level and was running through a 14-inch gate valve to Lake Cisco. The valve will remain open.

Mr. Moore said that the city has not benefited from its Battle Creek pump station as lightning hit the pumps during a thunderstorm early in the month. A repair crew was at the station Tuesday, removing the pumps for reconditioning.

Area stock tanks were full. The rain was of much benefit to pastures and grain fields. October rainfall measured over six inches.

E. Cisco Baptist Revival Set Here

BRO. JERRY WHITE

The revival meeting at East Cisco Baptist Church, 506 East 11th Street, will continue through Thursday, November 1. Evangelistic services will begin at 7:30 p.m. Wednesday and Thursday.

Wednesday night will be Family Night with no activities planned and Thursday night is Adult Night with an all-church fellowship

planned so that church members can say a special thanks to the visiting evangelistic team.

The preacher will be Bro. Jerry White, pastor of First Baptist Church in Stroud, Oklahoma. A native of the Illinois-Michigan area, Bro. White attended the University of Tulsa and Southwestern Baptist Theological Seminary in Fort Worth. He has pastored churches in Texas and Oklahoma during the 22 years he has been preaching.

Leading the music will be Mark Walters. Mr. Walters is the minister of Music and Education at Countryside Baptist Mission, Merkel, Texas. He is a full-time student at Hardin-Simmons University.

The membership of East Cisco Baptist Church invites everyone to join them for this special time of spiritual awakening.

Truck Tractor and Trailer Overturn

A Roadway Freight Line truck tractor and trailer loaded with cotton overturned near the eastbound lane of I-20 some five miles east of Cisco at 3 a.m. Saturday.

The driver, whose identity was not available, had minor injuries and was given emergency treatment at Eastland Memorial Hospital. Cisco firemen sent a fire truck to the scene.

Mangum Truck Services of Eastland picked up the tractor, which had extensive damages. The trailer was still on its side in the highway ditch late Monday.

Cisco firemen were called to Lake Cisco Courts at 6:30 a.m. Saturday after a pickup truck owned by Ed Wiggins caught fire. The pickup, a 1977 model Ford, was a total loss, firemen said.

Most Subscriptions Will Expire 1-1-85

All Eastland County Newspaper Subscribers are asked to check the date on the mailing label in the upper right hand corner of their newspaper.

Most of the subscriptions will expire on or before 01-01-85. If the date on the label is before this date, drop by the Cisco Press, the Eastland Telegram, the Ranger Times or the Rising Star and update your subscription.

A gift suggestion for someone on your Christmas list is a year's subscription to the Eastland County Newspapers. The cost is only \$15.77 a year for Eastland

County and the gift will last through the year.

For family members who have moved away but still want to stay in touch with their hometown, give them a year's subscription for only \$19.97 for adjoining counties, \$22.08 for other Texas counties and \$27.34 for out of state.

The Eastland County Newspapers strive to give citizens news about community happenings in our area.
