Treasure Hunt Set Here Thursday Night, 6 to 9 p.m.

Plans were finalized and merchants were ready this week for the Cisco Treasure Hunt scheduled for Thursday, Nov. 29, from 6:00 p.m. to 9:00 p.m. The Cisco Chamber of Commerce Retail Trade Committee is sponsoring the 1984 hunt. Tickets were being distributed at the Chamber office until 5:00 p.m. Thursday.

HALL OF REMARKS

BY HERREL HALLMARK

A FORMER Ciscoan writes, "While I was in Cisco over the Thanksgiving holidays, I lost my wallet, unknowingly, on the Thriftmart parking lot. The Bill Swiney family called me at my mother's house. I'm sure lots of research had to go into finding me, since all they had to go on was my name and address.

"I just wanted the people of Cisco to know what nice folks the Swineys are and how much I appreciated their trouble and honesty.

"Ciscoans are still number one!"

Neve Brown Dobbins "P.S. Please renew my subscription to the Press. I really enjoy 'keeping up!'"

WESLEY SMITH of Cisco came into the Press office this week with the picture of the "Big Dam Lobos" recently published in the paper. He said he knew some of the people in the photo and identified them for us.

He said he played for the "Big Dam Lobos" but not during the year shown. He thought the picture was taken around 1927.

We do not still have the copy which was printed in the paper, so we will just have to tell you which position they were in so you can look at your photo in the paper.

They are: front row—Charlie Coldwell, second from left; Hale McCanlies, fifth from left; and Pete Slatton, sixth from left. Back row—Garland "Goober" Keys, left; "Curley" Kellogg, middle; and Shoney Eddleman, right.

Pete Slatton is a brother of Mrs. Johnny Penn of Cisco. Mr. Smith did not know the names of the remaining five players.

CHS FOOTBALL Coach John Parchman sent us the following clipping from the Wolforth-Frenship Express. He stated, "We need to make the people aware of what is going on before it is too late. This is really going to hurt the small schools like Cisco."

The article was written by Wesley W. Burnett, publisher of the newspaper, and is as follows:

YOU DON'T SAY?

I think the Texas legislature and the newly appointed state board of education is trying to completely do away with extra curricular activities in our public schools.

The most recent announcement by our Gov. (I know better than you what is good for your kids than you do) Mark White's board of education is the strangling of the entire extra curricular programs.

The new rule, if implemented, will restrict all practice for extra curricular activities to no more than eight hours per week.

Well, that includes travel time to and from the particular activity.

It doesn't take too much figuring to realize that any of our sporting trips to Seminole will eat up most of the allotted eight hours.

Figure two hours travel time, one way, two hours

back, that's four hours... two hours or more for the contest and now you're down to maybe three hours of practice time left in the week.

They must be kidding... or else they are just flat ignorant of what it takes for our young people to learn the discipline, skills and yes, the fun of doing something other than studying.

I realize that H. Ross doesn't think school should be a place to have a good time or enjoy the fun things of life.

What annoys me is that our elected officials are so weak-kneed as to buckle under to the pressure of such myopic visioned so-called educators.

What they would have us do is take all the fun out of educating... that is dead wrong!

What really irks me is that we as a people, parents and interested folks, teachers, administrators and school board members, seem to be absolutely unable to get our point across.

Many of you have stopped me to talk about this critical subject... and I agree with you... the state board of education is setting up a system which will ruin the fun of being in school.

Meanwhile we parents and citizens who pay those clowns to dream up these schemes sit idly by and watch them do it to us... and to our children.

At some point the politicians who should be answering to the people are going to have to take notice that their so-called education reform stinks!

Well, certain parts stink.

What we need to do is register our complaints loud and clear before the January session starts... and those state elected officials need to know that we want some common sense put back into our education system.

We don't care what H. Ross Perot thinks or what Governor Mark White thinks is best for our youngsters... we want those folks to get the message that we can make good decisions at the local level about what is best for our youth.

We have decent, hard working and intelligent people serving on our school boards and they have the best interests of our children at the top of the list of priorities.

Taking the fun out of school is not in the best interests of our youth.

And neither is the ridiculous testing program and other paper-work garbage dumped on our classroom teachers... we want our teachers teaching, not answering to the state board of education!

Is anyone out there listening to what the people want???

IF YOU WOULD like to voice your opinion concerning the education system for the Cisco area, send letters to the following:

Webb's Inc.—Indian head; and Tree of Life.

Goodfellows Receive More Applications

By HERREL HALLMARK

Applications for food baskets this Christmas continue to pour in to the Goodfellows of Cisco as the filing deadline draws near. The applications come from needy families or their relatives and friends.

A grandchild writes that their grandmother is 83 years old and lives alone. "She is living on a very small, fixed income. Any gifts she gives, she makes by sewing or crocheting. She is in a wheel chair much of the time and has to see a doctor frequently for medical pro-

blems."

Another woman who lives alone says, "I live only on what I get on my Veteran's Adm. check of my deceased husband. And it only pays my utilities bills. I get a small amount on Welfare food stamps. Thank you for your help."

A family with three adults and five children writes, "We are not able to have Christmas for our children. Not enough money coming to have groceries and gifts and the children expect Christmas, and we can't give. We're short on food." Recently moved to Cisco

from Abilene, a family with two children writes, "We have been trying to get settled here since I've got my job here. Everything has so much cost that my job is not enough to compete. We will have our home here soon. Thank you for your help."

"We get Social Security and we are usual out of money before the last of the month," states a family of four adults. The Goodfellows have been accepting such letters of request for help from any family in Cisco, and will continue to do so until December 10 for food baskets. The re-

quest are reviewed by the Goodfellows Board of Directors.

All letters must be accompanied by an official Goodfellows application which may be picked up at the Cisco Chamber of Commerce office, 619 Conrad Hilton Avenue.

Anyone wishing to contribute to the Goodfellows may do so by mailing them to: Goodfellows of Cisco, Box 1072, Cisco, Texas 76437. Contributions are tax deductible and all checks are to be made payable to: Goodfellows Fund of Cisco. A donor list will be published in The Press listing donors and their contributions. Anyone wishing their donation remain anonymous will be listed as such upon request.

GOODFELLOWS DONOR LIST
Faye Gardhire—\$20.00
Cisco Lumber and Supply—\$100.00

Mr. and Mrs. Harold Adling—\$50.00
Ardythe Caldwell—\$25.00
Mrs. Paul Copeland—\$10.00
Ruth Sunday School Class, First Baptist Church—\$10.00
Carrell Smith—\$100.00
Davies Monument Works—\$20.00
Donations to Date—\$1,620.25

Open Houses

OPEN HOUSE—Merle Norman Cosmetic Studio, 614 Conrad Hilton Avenue, Cisco, will be having their Open House on Thursday, Nov. 29, from 6:30 p.m. until 9:00 p.m. The Open House will also be on the night of the Treasure Hunt so while participants are looking for prizes, they may stop in at Merle Norman and check out the items that are on display, and sold in the store. Be sure and register for the prizes of \$100, \$50, and \$25 to be given away. Also register for the Thursday night drawing of a prize given away every hour. There are also different prizes to be given away for the Treasure Hunt. Merle Norman has a large selection of Christmas gifts for Mom or that "special girl in your life." Make plans now to stop in Thursday evening. Shown in the photo above are Randy Speegle, Chamber of Commerce manager, and Lynn Wages, owner. (staff photo)

OPEN HOUSE—The Potting Shed, 1502 Park Drive, Cisco, will be having their Open House Thursday, Friday and Saturday, November 29, 30, and December 1. For those who are hard to please, try getting a Christmas arrangement or a plant for their gift. The Potting Shed has recently expanded their building and is now a complete floral service as well as a garden center. There will be a drawing held on December 1 for door prizes. Shown in the photo above with owner Van Callaway, is Mary Hightower, who has 35 years experience in the florist business. Make plans now to stop in at The Potting Shed during their Open House. (staff photo)

Eight CHS Lobos Named To The All-District Teams

Eight members of the 1984-85 Cisco High School Lobo football team were

named to the All-District teams for the season, according to Head Coach John

Parchman. The complete list for the district was unavailable for release.

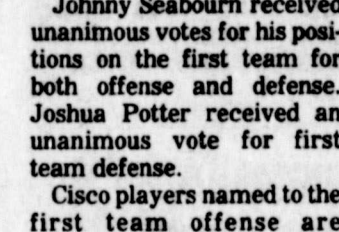

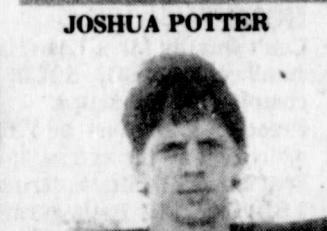

Johnny Seabourn received unanimous votes for his positions on the first team for both offense and defense. Joshua Potter received an unanimous vote for first team defense.

Cisco players named to the first team offense are Johnny Seabourn, guard; Willard Johnson, tackle; and

Johnny Ramirez, running back. Second team members on offense are Patrick Qualls, tight end; and Joshua Potter, running back.

Offensive honorable mentions included Dusty Deitiker at center, Steve Abbott at wide receiver, and Wade Shackelford at quarterback.

Defensive first team members from Cisco are Joshua Potter, linebacker and Johnny Seabourn, lineman. Patrick Qualls was named to the second team defense as an end. Johnny Ramirez was named honorable mention linebacker and Willard Johnson was named honorable mention lineman.

United Way Will Elect Officers

There will be a meeting to elect a board of directors for the 1985 Cisco United Way, on Thursday, November 29, at 4:00 p.m., at Olney Savings on Conrad Hilton. A decision by the present board of directors was made at the last meeting to change the name of the Community Chest to the United Way.

Another change is that a larger board of directors will be elected at this Thursday's meeting. Positions open are the President, Vice President, Secretary, Secretary-Treasurer, and several directors. The first meeting of the new board of directors will not meet until Monday, August 12, 1985, at 3:00 p.m. at Olney Savings.

This year's Community Chest received 79 percent of the proposed budget.

CISD Trustees Accept Estimate

The board of trustees of the Cisco Independent School District accepted a tentative loss estimate of \$134,013.77 for storm damages at the Intermediate School Gym at a special meeting Monday night.

Supt. James Couch reported that the \$134,013.77 figure was submitted to the board by an insurance adjuster. The figure still must be approved by the insurance company, he said.

The school system had a \$400,000 insurance policy in force on the Intermediate School complex when the windstorm caused the gymnasium ceiling and walls to collapse last October 13th. The gym represented approximately a third of the complex.

Mr. Couch said the board hopes that the insurance company will approve the adjuster's recommendation soon in order that work can

be started to replace the gym. The board will be unable to plan a new gym until the settlement is final, he added.

Part of Intermediate School was built early in the century. The gym was built in 1952, Mr. Couch said.

Since the gym ceiling collapsed, students have been attending physical education classes outdoors and music students who had attended classes in part of the gym building are going elsewhere.

Cisco Gun Club Will Meet

December 3

The Cisco Gun Club will meet Monday, December 3, at 7:00 p.m. at the Range Club House. All members are urged to attend and visitors will be welcome.

BASS AWARDS BANQUET SLATED

December 1st at 7:30 p.m. the Eastland County Bass Club shall be awarding trophies and recognizing the past years achievements. Awards shall include each month's first, second and third place winners in the in-club tournament which there were 10 tournaments this year. Also recognition for our monthly big bass contest, for the largest black bass taken from public waters for each of the twelve months. Also, to be announced this year's angler of the year. This award is achieved by compiling the largest total pounds of fish during our monthly tournaments. Anglers of the year shall receive a lovely trophy plus \$100.00. Also big bass of the year caught during our monthly tournaments will be awarded.

This year's meal shall be served by Oscars Famous Barbeque and shall be held at the Corral Room in beautiful downtown Cisco, Texas. All members and immediate family are invited to attend as this year's top fishermen in this area are recognized for their achievements. There will also be some lovely door prizes to be drawn for three divisions - ladies, children and men's. So everyone plan to attend, see you there.

Area impoundments are exhibiting effects of our crazy weather; cloudy one day and sunny the next. With small frontal passages and shifting winds. Hubbard channel cat good, crappie fair, bass fair, stripers good. One channel cat party reported 6 channels averaging 4 pounds each. Leon channel cat good, crappie good, bass good, Leon's crappie run is underway folks, so get those frying pans hot for some good grazing. Palo Pinto, catfish excellent, crappie good, bass poor.

Our tip this week: While fishing for crappie don't release your throw backs directly into the area you are catching your fish from. En-simes released due to shock could slow your fishing down alot.

You'll Get A Warm Feeling From The Classifieds

PART II

25 Pounder: Hello little 7 pounder, I see you too showed up for tournament day.

7 Pounder: And are you here to participate or just observe.

25 Pounder: I only like one item having a complete collection of fishing equipment.

Puzzled 7 Pounder turns her attention to the approaching bass boat. It was James and Willbure and low and behold they were throwing bootlegger jigs. Ms. 7 Pounder eyes the two jigs and selects one to attempt to steal. Just as the bait begins its second fall to the bottom bang, she hits it with all her might, and almost immediately the knot gives way with very little effort. Up top James kicks the side of the boat in disgust. That was a dandy Willbure, it felt over 6 pounds.

Willbure: Do you think it was that old bigun I lost at the boat 2 years ago here?

James: It could have been, but I'm not sure.

Willbure opens his box, removing his secret formula and spraying his jig. Willbure: Oh now lets get serious and land one of those hawks. KPLUNK as the jig enters the water and it descends little 2 pounder driven wild by the formula streaks from the moss bed grabbing the bootlegger jig, but misses his mark, imbedding the hook deep within his mouth. Just as the hook is set deep and hard by Willbure, old Maud makkes her move. Swimming into the line and wrapping it seven times around her tail.

2 Pounder: Oh help me mam, I'm hooked.

25 Pounder: When I jerk roll over on your back and jerk. Following the wiser bass' advise 2 pounder

breaks free taking the jig with him imbedded deep within him.

Willbure: James get the net I got a hawg on there boy.

James: Don't rush her Willbure that acts like old Maud. As James speaks her name Ms. 25 pounder breaks the surface in a frenzy, with but one thought, revenge for the jig she carries imbedded in her mouth. As she re-enters the water old Maud dives with all her might towards the old car body she calls home. As she reaches the line end Willbure not ready for the impact loses his grip and stares in awe as his prized rod and reel disappears overboard. Ms. 25 pounder swims slowly to the car body and from a distant little 2 pounder watches as she smiles back at him knowing she has a real wall hanger.

Notice

Mangum Baptist Church south of Eastland off of Hwy. 6 will be having a weekend revival this coming Friday, Saturday and Sunday. Services will start at 7:00 p.m. nightly.

Dr. Omer Hancock Jr. will be preaching. Dr. Hancock has served as pastor in Baptist Churches in Lexington, Texas, Guymon and Edmond, Oklahoma. He is now serving as Assistant Professor of Applied Christianity and Director of In-Service Training, Logsdon School of Theology, Hardin-Simmons University, Abilene, Texas.

The Jimmy Rogers family will be bringing the music. They are members of Victory Baptist Church Pleasant Grove, Texas. The Rogers family has been singing together about 12 years, singing in different church in the Dallas area.

Centennial Memorial Library

Notice the new hours for the Library to be open: 2:30 to 5:30 p.m. We are trying this for the benefit of the people who

work until 5:00 and have not had time in the past to come by and check out a book.

Affordable, Liveable Plan

Looking for an affordable, sensible, liveable plan for changing your lifestyle?

LaMesa is a week-long program of serious education and practice in fitness, weight control, nutrition, stress and time management and healthful living for adults. It is designed and conducted by Specialist with the Texas Agricultural Extension Service who want to help you revitalize and improve your life, looks and health.

The program will be held at the Texas 4-H Center on the shores of Lake Brownwood on January 21 through 26 and again January 28 through February 2, 1985.

Participants will have the opportunity to 'get away from it all' and concentrate on themselves and their health. Each day will include at least four hours of various exercise and four hours of instruction in the areas of

Rosa Carroll Help's Pay Off Church Note

Rosa Gene Carroll of Breckenridge will have more than one day to celebrate this December - Christmas and Dec. 22.

December 22 will be "Dedication Day" at her Church - the Seventh-day Adventist - which is located at Sunset and Elliott Sts. in the city. That is the day she and other members will celebrate paying off the last note on the building.

This is coming about

Rosa Gene Carroll, 82, as she made the last lap of her 14½ mile non-stop walk. Her Walk-A-Thon was held on the South Ward School Track, Breckenridge, on Sept. 9.

because Mrs. Carroll, as reported in the Eastland County Newspapers and area papers, held a continuous 14½ mile Walk-A-Thon.

The 82 yr. old woman walked this distance in five hours on Sept. 9, taking pledges for each mile she covered.

Some people gave her \$1 per mile and some as much as \$5, and it added up to more than \$2,000. Mrs. Carroll had promised that half of the money she raised would go to help on medical expenses of a Breckenridge baby named Steele Boggs, who had received extensive treatment in Hendricks Memorial Hospital.

When the money was divided the Boggs baby and the Church each had over \$1,000, and this amount paid off the Church debt.

Services will begin at 9:30 a.m. on Saturday, Dec. 22 at the Church, with Worship Services at 11 a.m. The actual Dedication will take place at 2 p.m. There will be special music during the day, and activities for children. A number of Church leaders and visitors from around Texas are expected to attend.

Mrs. Carroll and her late husband, Tom Carroll, lived in Cisco during the mid-1960's, operating a Trailer Park there. She would like to invite all her Eastland County friends and any other interested persons to attend the Dedication program at the Church.

County Commissioners Hear Disagreement

A verbal fight erupted Monday morning between an irate citizen and Jack Blackwell, county commissioner Precinct 2, at the regular commissioner's meeting.

James Walsh, who represented the Chaney and Kokomo communities at the Nov. 13 meeting, continued his plea for road improvements.

He recalled that Blackwell promised to begin improvements immediately after the last meeting. Instead, according to Walsh, Blackwell "cut up the road along my property so it is

Highway Leasing - Legislative Issue

When the Special Committee on State Properties met in Austin on Sept. 28, General Land Office Commissioner Garry Mauro presented his case in favor of reopening the highway leasing issue.

Mineral leasing of highway right-of-ways has been defeated in previous legislative sessions, but Mauro appeared anxious to collect revenue from that source. He said that royalty payments from such right-of-way deeds could go into the public education fund, which needs all it can get after the recent legislation on schools.

The oil and gas industry has opposed highway leasing for many years, and industry representatives turned out in force to comment. Among them was Forest E. Robertson of Kandane Oil Co., representing the North Texas Oil and Gas Association.

Robertson presented three main points - that the state cannot prove clear titles to minerals beneath highways, right-of-ways, and highway leasing would create waste and violate protection of other rights.

The Committee reconvened on Oct. 30 to consider its final recommendations to the 1985 Legislature. The

committee approved a motion by Senator Grant Jones, Abilene, which recommends that the Department of Highways and Public Transportation be given the authority to lease tracts of land that are contiguous to a proposed or existing lease.

This issue is likely to be the subject of much discussion during the coming Legislative session. Citizens of Eastland County will be directly affected by the final decision, since state roadways lie in this county. Write your state Representatives about your feelings on this matter.

now virtually impassable." When Walsh telephoned Blackwell about the road, he was told "this is my last term in office, I don't have to put up with this crap," Walsh said.

Courthouse records show Blackwell was elected in 1982 to serve a four-year term.

Several gas pipeline crossings also were approved Monday. Barry White with Ray Richey & Company, will cross county road No. 121, northwest of Cisco in Precinct 4, and county road 436, on the border line of Precinct 1 and 2.

committee approved a motion by Senator Grant Jones, Abilene, which recommends that the Department of Highways and Public Transportation be given the authority to lease tracts of land that are contiguous to a proposed or existing lease.

This issue is likely to be the subject of much discussion during the coming Legislative session. Citizens of Eastland County will be directly affected by the final decision, since state roadways lie in this county. Write your state Representatives about your feelings on this matter.

Fund Established

Friends of Mrs. Bertha Jesse, have established a fund at the Eastland National Bank.

Mrs. Jesse, a resident of Eastland for many years has a rare blood disease which requires extensive medical treatment. She recently spent 2 weeks in Eastland Hospital and four weeks in Hendrick Hospital in Abilene.

In the past, Mrs. Jesse has kept children in her home for many years and is well known in this area.

Contributions to this fund will be used for her expenses and will be greatly appreciated.

Contributions may be made by contacting Pat Burns at the Eastland National Bank or may be mailed c/o Mrs. Burns.

Cross Timbers Fine Arts Production Dec. 8

"The Night Before Christmas," a Penguin Production, will be offered young persons of the Cross Timbers area. Sponsored by the Cross Timbers Fine Arts Council, the stage show will be presented in the Stephenville High School auditorium 3 p.m. Dec. 8.

Admission is \$1 for children 12 years of age and under, and \$2 for adults.

Set in Santa's workshop before Christmas Eve, the play tells how the elves have called a strike because the toys requested are mainly video games and computers. The reindeer join the strike saying the children often are greedy and ungrateful. Young people, they believe,

are trying to grow up too rapidly, but their attitude

could change if they were given a chance.

The elves and reindeer agree to give Santa until Christmas Eve to prove he can change the attitude of most children who are

apathetic or selfish.

The company was formed in Dallas five years ago.

Last Halloween, the Cross Timbers Fine Arts Council presented the Penguin Productions in "King Midas".

Watch For Our Grand Opening...

Lights From The Christian World

by Josephine Cleveland

Paul, one of Christianity's greatest warriors for Christ, often wrote letters to the churches. He chastened the people, instructed them, encouraged them and prayed for them. His messages live today to quicken hearts.

A letter to the people in Colosse serves to instruct and inspire. Paul wrote: "Whenever we pray for you we always begin by giving thanks to God the Father of our Lord Jesus Christ. We have heard how much you trust the Lord, and how much you love his people. You are looking forward to the joy of heaven, and have been ever since the Gospel first was preached to you. The same Good News that came to you is going out all over the world and changing

lives everywhere, just as it changed yours the first day you heard it and understood about God's great kindness to sinners. So ever since we first heard about you we have kept on praying and asking God to help you understand what he wants you to do; asking him to make you wise about spiritual things.

We are praying too, that you will be filled with his might, glorious strength so that you can keep going no matter what happens -- always full of the joy of the Lord. Colossians 1:2-11.

Friend, what an encouragement to the people in the church of Colosse. What a prayer for God's people today!

NOTICE

In the Sunday, November 25 edition of the Eastland Telegram we miss identified the winner of the Womens 40-49 Bracket in Kiwanis "Fun Run".

The winner was Cindy Bilby instead of Cindy Bailey as reported.

CONTEMPORARY PATCHWORK QUILTS

The medium is the message -- as you can see in these 31 beautiful full-color quilts that reflect our life today. Discover how to make "Solar Energy," "Save the Whales," "Born Again," "No Deposit No Return," "Red Tape," "Morning Coffee," "Dieter's Fruit Plate" and many other contemporary quilts. Designed by Connie Major, who was inspired by today's themes exactly as our ancestors were when they created "The Little Red Schoolhouse" and "Log Cabin." The book is a unique masterpiece.

Fully half the book is devoted to techniques presented so simply even a beginner can understand (templates, yardage, piecing, etc.) plus easy-to-follow plans and patterns for each of the 31 new quilts. Best of all, every technique and pattern described is illustrated by clear diagrams along with full-color photos of every completed quilt. If you want to personalize the quilts you make or design your own contemporary quilts, the author reveals her secrets of design that anyone can master. She offers tips galore on how to design quilts for lawyers, musicians, sports fans, do-it-yourselfers and others, always explaining how to chart repeat patterns to form a design.

So don't delay, create the heirlooms of tomorrow... today -- with CONTEMPORARY PATCHWORK QUILTS.

TO ORDER: Send your name, address, zip code and \$8.95 plus \$1.25 postage and handling to American Melody, 123 South Street, Oyster Bay, NY 11771. N.Y. residents add appropriate sales tax. Please print clearly.

SAVE! Order two for \$17.00 plus \$1.90 postage and handling.

The DEBUNKER
By John Harvey Furbay, Ph.D.

The popular ukulele is not a native Hawaiian musical instrument as is usually believed. It is a German instrument and was popular in that country in the twelfth century, according to the records of the Royal Library at Stuttgart. Later it was introduced into Portugal, from which country it was carried by sailors to the Hawaiian Islands. Its popularity among the Hawaiians is of very recent date, and they named it "ukulele," which means, in their language, "to jump like a flea."

Commission Approves Programs To Maintain Roads

The Texas Highway and Public Transportation Commission today approved three major programs to maintain and improve roadways and safety areas throughout the state.

Backed by new monies made available by the recently increased fuel tax and registration fees, the commission directed the highway department to proceed with the 1985 State Highway Safety and Betterment Program which had been foregone last year due to limited funds. The program's purpose is to protect and extend the service life to roadways - often those with cracking and slick surfaces.

Most of the \$128.7 million allocation will be used to apply asphalt protection coating to 3,185 miles of roadway in 501 projects.

According to Brownwood District Engineer Lawrence Schluz, 24 projects costing \$1,576,000 for asphalt seal coats and asphalt overlays on 123.5 miles of highways are allocated in District 23. Because there is a greater need for asphalt surfacing than the above funds provide, an additional \$512,000 will be taken from the district's maintenance budget, Schluz stated, to apply asphalt seal coats on 12 projects covering 77.4 miles.

R.P. (Buddy) Haun,

Eastland County's Resident Engineer for the State Department of Highways and Public Transportation, reported that the work that will be done in Eastland County will be the normal attempt to maintain the roads.

Scheduled for repair work in the county are U.S. Hwy.

Farmers Will See Cost Rise

COLLEGE STATION--Farmers will once again have to deal with rising production costs in 1985.

"Production cost rises will generally exceed the inflation rate next year," says Dr. Forrest Stegelin, economist with the Texas Agriculture Extension Ser-

vice, The Texas A&M University System. "These increases in input costs will virtually offset any increase in market receipts."

Mr. Haun also said that the highway department expects to let contracts soon for heavier maintenance.

Stegelin expects manufactured fertilizer prices for all forms of nitrogen, phosphates and potash to be up 6 percent by spring.

A second major program approved by the commission is directed toward increasing traffic flow and capacity on U.S. and state roadways. This nine-year program involves more than 600 projects among which are new loops, bypasses, interchanges and reconstruction

to accommodate heavy traffic volume. The nine-year program is broken into two parts - the first four years will involve moving ahead with actual construction and the remaining five-year portion directs the department to proceed with design work and right-of-way designa-

tion. However, there may be regional declines in prices due to a decline in the outlook for farm crop prices and a decline in the demand for farm goods.

The economist foresees a continued moderation in prices of ag chemicals for 1985. "While the demand remains strong for ag

chemicals, prices have declined due to the demise of patents as companies try to protect their market share from free market infringement," notes Stegelin.

Petroleum prices for fuels will be up about 4 percent by this time next year, notes the economist. Seasonal variations will depend on heating

needs. A 3-4 percent growth in farm demand is expected, but farm usage is so minimal relative to total usage of fuels that farm prices will parallel wholesale or raek prices, Stegelin adds.

"Farmers and ranchers can expect rebates and sales incentive programs from the farm machinery industry

which is bulging with large inventories of all items," Stegelin points out. "It's too bad the farmer is burdened with high real interest rates for operating loans."

Overall, prices for farm machinery will rise faster than for any other production input, says Stegelin.

County News Briefs

GORMAN

Two young men from Gorman were presented the American Farmer Award during ceremonies at the 57th National FFA Convention in Kansas City recently. Receiving this highest National degree in FFA work was Dane Gressett and Phil Osborne, both of the Gorman FFA Chapter, received this highest National Degree. The ceremonies included the presentation of a certificate and gold key to each of these outstanding young men. The American Farmer Award is a special project of the National FFA Foundation, recognizing excellence in agricultural projects and achievements.

The wet weather, which has been so welcome in a number of ways, has hampered the peanut farmers in the harvesting of their crops. Everyone is hoping it would stay dry long enough for the peanut growers to harvest their short yield. But it is wet again, and the harvest is stopped for the present.

The next meeting of the Crimestoppers will be Thursday, Dec. 6, 7 p.m. at the Senior Citizens Center. An interesting program will be presented, informing the public of how assistance can be given. Concerned citizens from around the county are encouraged to come to this program.

The South Eastland County Hospital District Tax Office has moved back to Blackwell Hospital. New office hours are Monday, Wednesday and Friday from 9 a.m. until noon, and from 1 p.m. until 3 p.m.

The City of Gorman has finished the street paving for the year, and are trying to keep pot holes patched. The crew is doing some ditch opening on some streets, and plan to do more during the winter. They are planning for better drainage in case of a lot of rain.

CISCO

The Treasure Hunt list is continuing to grow, with many businesses participating. Tickets for the Hunt are being distributed now from the Chamber of Commerce office, with the Hunt scheduled for Thursday, Nov. 29 from 6 p.m. to 9 p.m. The winning numbers will be posted in the windows of the stores which are participating. Many valuable prizes are listed. Don't forget to go by the Chamber office and pick up your ticket.

The City of Cisco, through the Police Department, plans to actively enforce local ordinances and state laws in the removal of junked and wrecked vehicles from public and private land. The City is soliciting voluntary compliance from citizens. To help with this effort, arrangements have been made with local wrecker services to remove the junked vehicles for the vehicle only - at no cost to the owner.

Bennie Nichols, well-known local golfer, will defend his title as City Champion in the Dec. 1-2 annual City Golf Tournament. This event is played each year at the Country Club. Plans call for several flights to enable more players to have a chance at winning Tournament prizes. The deadline for entering is 6 p.m. Nov. 30.

The Church of the Nazarene, located at 10th St. and Ave. N, has a new Pastor - the Rev. Philip Smith. Pastor Smith, his wife Mary and daughter Gwen moved to Cisco from Denton. Since their arrival the Church has installed a new sound system, and is renovating the building. The Sunday School rooms have been painted and carpeted, and plans are to redecorate the vestibule and enlarge and redecorate the rest rooms. A new roof has been put on the building, adding to its appearance. The public is invited to come out, meet the new Pastor and family, and look over the renovation of this attractive building.

RANGER

Football fans are looking forward to the Roaring Ranger Bowl, which will be played here Saturday, Dec. 1 at 6 p.m. in the Bulldog Stadium. Jones County (10-2) will face Ranger College (7-3). Tickets are on sale at \$3 for adults and \$2 for children and students. They are available at the Ranger Chamber of Commerce and the Eastland Chamber of Commerce or from any Ranger Chamber Director. The Bowl banquet will be held Friday night, Nov. 30 at the Ranger School Cafeteria. Tickets are on sale for \$5 at the Ranger Chamber office. The public is invited.

Several Ranger stores will have special Holiday hours. Bills Dollar store will be open until 6:30 p.m. on weekdays and from 1 p.m. to 5 p.m. on Sunday. Motts will be open, starting Dec. 3, until 6:30 p.m. Monday thru Saturday. The Smart Shop will also be open until 6:30 p.m., starting Dec. 3.

EASTLAND

The Eastland Jaycees have made special arrangements with Santa Clause and Mr. Larry Olbekson, Manager of Wal-

Mart, to take color portraits for Christmas. The date will be Dec. 14 and 15, and the portraits will be photographed by members of the Jaycees. They will be processed at Express Photo so that they will be available for same day pickup. The Jaycees have announced that proceeds will be donated to the Eastland Goodfellows.

The Eastland Chamber of Commerce Executive Committee and the City Commission met with Wayne Snyder of Snyder Planning and Management Consultants in a further study of the possibility of a Community Center for Eastland. Snyder told the group that studies indicated Eastland has the growth potential and marketing area for a multi-purpose Center up to 30,000 Sq. Ft., if its space was marketed competitively. Members present decided to look at comparable facilities before making any decisions. Snyder will further contacts among local tenants who might use a portion of the building. The next meeting with Snyder will be held on Dec. 13.

CRIME STOPPERS

YOU AUTO KNOW

00000

IN THE INTEREST OF SERVING THIS AREA, JIM CALDWELL BRINGS YOU THESE IMPORTANT MONEY-SAVING ARTICLES:

From Canada comes this new safety device: a do-it-yourself test for alcohol levels. Test strip gives an instant reading of alcohol in the system, using saliva on a cotton applicator. It's not yet available in the U.S.

Before you start to change a tire, be sure to place blocks or rocks on both sides of the wheel diagonally opposite the flat, so the car won't roll.

To protect vinyl seats and dashboards, wipe with the kind of product that cleans and shines vinyl floors.

Air filters should be changed every 30,000 miles, more often if driving conditions are severe. A sluggish engine and reduced gas mileage are often indications that your engine is "gasping" for air.

Cars of tomorrow will have less steel and more plastic that is lighter and yet durable, say industry spokesmen.

Oil Belt News

Drilling Bits

Ridge took the well to total depth of 3,800 feet. It will produce from a perforated interval in the Bend Conglomerate, 3,390 to 3,410 feet into the hole. Oil tested at 42-gravity.

A new producer has been completed in the Eastland Regular Field two miles north of Rising Star, with Jane Petroleum Inc. as the operator.

Designed as the No. 14 Dunn, the well pumped 20 barrels of 39-gravity crude per day on an open choke.

It was bottomed at 1,511 feet and will produce from a set of perforations in the Patio Sand, 1,070 to 1,102 feet into the hole.

Yellow Mound Oil of Cisco will be the operator at 2,000-ft. developmental in the Eastland Regular Field, one-half mile east of Sargent. It will be designated as the No. 3 Allen and will be situated in a 61-acre lease in the H&TC Survey A-820.

Houston-based Pend Oreille Oil and Gas has filed for permit to drill the No. 31 C.W. Stroebe in the Eastland Regular Field about one mile northwest of the Nimrod community. The well will be spudded in a 183-acre lease in the H&TC Survey, A-183 lease in the H&TC Survey A-183. It is scheduled for maximum depth of 2,000 feet.

The No. 3 Weise is scheduled for spudding in Eastland County as a wildcat venture with projected total depth of 3,300 feet. Location is in a 40-acre drilling unit in the Mary Ann Clark Survey about two miles southwest of Romney. John Hoestenback Jr. of Odessa will be the operator.

Wildcat drilling action is scheduled in Eastland County within the Ranger Townsite, with Ridge Oil of Breckenridge as the operator. With total depth projected at 4,000 feet, the well will be known as the No. 1 H.O.P. "A". It is in a 37-acre lease in Eastland County's Mark Haley Survey A-1456.

Also preparing to spud an Eastland County wildcat is Jack Kiser and Associates of Abilene. Kiser's No. 1 A.A. Schaffner will be located in an 80-acre unit in the GC&SF Survey three miles southeast of Romney. It is under permit for total depth of 1,400 feet.

In Eastland County's Hagaman Field, about one mile northeast of Ranger,

Ridge Oil of Breckenridge is preparing to make hole for the No. 1 Gulf-Hagaman. The venture is scheduled for maximum hold of 3,900 feet. It will be spudded in a 252-acre lease in the E. Sims Survey A-1270.

The No. 1 J.D. Gray Estate is scheduled for spudding in Eastland County's Richey Field about six miles north of Cisco. Carrying authority for 4,200 feet of hole making, the well is aimed at pay in the Duffer Formation. The operation will be in a 40-acre unit in the SPRR Survey A-458.

Operating out of Cisco, M.M. White and Associates is preparing to drill the No. 5 Zeibr-Franks in the Eastland Regular Field

about one mile southeast of the Nimrod community. With total depth projected to 2,000 feet, the well is in a 70-acre lease in the H&TCRR Survey A-1.

The Stephens Regular Field gained two new producer finaled by Mobil Producing TX & NM.

Located two miles northwest of Eolian, the wells and initial pumping potential include: The No. 2230 Curry Unit, 254 barrels of 40.5-gravity oil with 374 barrels water per day.

The operations are in the LAL Survey. The wells were taken to total depths of 3,370 and 3,302 feet, respectively, and will produce from a set of perforations in the Caddo Formation ranging from 3,142 to 3,226 feet.

An undrilled location has been abandoned by Bargsley

Co. in Stephens County. It was to have been spudded three miles south of Frankell. It was designated as the No. 1 Brown-Loftin.

The No. 2 Dickie Ranch is scheduled to be drilled in Stephens County's Dickie Ranch Field, eight miles northwest of Crystal Falls. C.R. Gober of Throckmorton will be the operator. The venture will be situated in an 80-acre lease in the Sarah Blythe Survey. It carries permit for 2,850 feet maximum depth and will seek production in the Strawn Formation.

A 4,500-ft. wildcat is planned by H-M Oil Co. of Houston at a location four miles north of Necessity. It will be spudded in a 40-acre lease in the TE&L Survey, Stephens County. The well will be known as the No. 1 H. Wilson "H".

Melin D. Hudman of Albany is preparing to drill a 4,100-ft. developmental well in Stephens County, four miles southwest of Eolian. The venture is in the Stephens Regular Field. The operator has 80 acres under lease, with drillsite in the OAL Survey. The well will be known as the No. 1 Melvin D. Hudman.

First production figures have been filed for the No. 2 Mado, a new producer in the Northwest Ranger Field,

three miles south of LaCasa, Stephens County.

With Vinson Energy Co. as the operator, the well indicated it can pump 32 barrels of 40-gravity oil and 161 barrels water in 24 hours.

Vinson bottomed the well at 3,868 feet total drilling depth. Production will be from a perforated interval in the Marble Falls Formation, 3,456 to 3,508 feet into the wellbore.

Drillsite was in the L.C. Dennison Survey.

Dallas-based Lone Star Resources has filed for permit to drill the No. 1A Hugh Donnell in the Ivadell Field, Stephens County, five miles southwest of Crystal Falls. With total depth projected to be 4,900 feet, the well's target is production in the Mississippian Formation.

HOUSE PLANTS

Since we have moved our plants inside to protect them from the winters cold temperature. I am devoting this column to house plants, including information on the three most popular ones. Generally speaking, most house plants are killed by too much T.L.C. (tender loving care). Usually house plants are killed by overwatering and NOT under watering. Let's first look at the rubber plant. The correct name for the rubber plant is *Ficus elastica* and it is a member of the Moraceae family. It is a native to Southeast Asia and the Malay Archipelago regions where it grows to a height of 65 to 80 feet. It likes half-shaded and warm places. During the summer it requires a great deal of

water and can be kept outside during this time. During the winter it likes to be 59 to 64 degrees.

Another of the more popular house plants is the *Sansevieria* or Snake Plant as it is better known. It's correct name is *Sansserveria trifasciata* and is a member of the Liliaceae family. The *Sansevieria* is a native to East Africa and is a robust plant. It is a warm-loving plant and should be kept in a sunny or light shaded location. In no instance should it be kept too wet. Dry summer type air suits it very well. When kept in a cool place, it should be watered even less often than usual. As a pot plant, the *Sansevieria* may grow to a height of three to four feet.

Now lets look at the Split Leaf Philodendron. This plant is a native to Brazil and

is one of the most popular of all house plants today. The Philodendron can have enormous leaves reaching two feet across and three feet long. It likes medium to high light near a bright east or south window and prefers a temperature of 65 to 85 degrees. Allow the surface of the potting mixture to dry out between watering and fertilize every two months with a water soluble fertilizer. This plant likes humidity of 25% or more. This is a very spreading plant and can be trained to grow on a totem or wires by tying it.

Remember do not over water your plants while they are in the house this winter and feed them not only with fertilizer but also with the proper amount of light.

SO LONG UNTIL NEXT WEEK FROM YOUR "GARDEN EDITOR" TED BRICE!!!

Woodmen Of The World

Dear Member,
Your Lodge 4556 and 4559 is having an "Awards Night" at Camp Inspiration, Highway 80 West, Eastland, Texas. The meal will be served at 7:00 p.m. on December 6, 1984, with the best ham, turkey and dressing you ever put in your mouth PLUS all the trimmings. There will be only a short program which will include an interesting slide presentation about what WOODMEN are doing today for our youth.

Also, we will be awarding all 10 years, 25 years, and 50 year pins, and also the awards won by our youth camp this summer. Please come join us for a good time. Remember there is no charge, we just ask you to give Cheryl Adle a call at 629-2226 or myself at 629-8971 by November 29, 1984 and let us know how many in your family will be participating. See You There!

1985 Construction Will Be Up And Down

WASHINGTON, D.C.—Preliminary results of a 1985 market survey completed by more than 1,200 of America's leading general contracting firms discloses:

- an anticipated average volume increases of 14.2 percent unadjusted for inflation, which they predict at 6.3 percent.

Doug Pitcock, a Houston-based highway and bridge builder who is also president of the 32,000 member firm Associated General Contractors of America (AGC), cautioned that the projected increase may not be realized: "Failure by Congress last week to pass an Interstate Cost Estimate for highway and bridge improvements holds up \$7.2 billion plus state funds of \$800 million. Anticipation of that \$8 billion investment was reflected in our survey results which are now, as a consequence, probably far too high insofar as economic growth is concerned."

"That problem is compounded by Congressional failure to act on necessary funding for cleaning up hazardous waste sites, clean

water needs and water resources needs."

With or without the now "impounded" highway funds, the 1985 AGC market survey reflects a sharp drop from the recovery rate experienced in 1984. The previous survey of AGC members, conducted in late 1983, was a remarkably accurate barometer of construction activity for 1984, showing:

- An anticipated increase over 1983 of 24.32 percent.

The average increase in number volume that actually occurred in 1984 was 25.1 percent.

Said AGC's President Pitcock: "Construction activity drove America out of a near depression during the past 18 months. I am fearful that we are headed back to more of that unnecessary pain and in a hurry."

Further details on the 1985 AGC market survey will soon be released analyzing its results by region and construction categories such as commercial and industrial building, heavy engineering projects, water treatment

Utilize Antlerless Deer Permits

AUSTIN—The regular deer hunting season opened this weekend (Nov. 17) in most Texas counties, and wildlife officials are requesting hunters to utilize all antlerless permits that are issued.

"A lot of hunters know about the drought we had earlier this year across the state, and they might think that they shouldn't take antlerless deer because of those conditions," said Horace Gore, white-tailed deer program leader for the Texas Parks and Wildlife Department. "The opposite is true, because we have a higher deer population in Texas and the herd could be headed for trouble this winter if the antlerless segment is not reduced this fall."

Gore noted that rains during the past four to six weeks caused much of the deer habitat to sprout forage needed by deer. "This is helping temporarily, but it

will be a hard winter for deer because of the widespread acorn crop failure," Gore explained.

Antlerless deer hunting permits already have been issued in individual counties, but qualifying landowners still may obtain them during the season either from the department's Austin headquarters or from regional wildlife offices.

The addresses and telephone numbers are: 4200 Smith School Road, Austin, TX 78744, (512) 479-4800; 3407 S. Chadbourne, San Angelo 76902, (915) 655-2231; 1601 E. Crest, Waco 76705, (817) 799-2447; Route 10, Box 1043, Tyler 75707, (214) 566-1626; or 715 S. Bronte, Rockport 78382, (512) 729-2315.

Landowners or their authorized agents should advise the department of the exact location an acreage of their land when requesting permits by mail.

plants, municipal/utilities construction, highway and bridge construction.

Stenholm To Appear

WASHINGTON, D.C. — Congressman Charles W. Stenholm is scheduled to appear on a nationally televised broadcast, "C-SPAN View Call-In" on Friday, November 30. The program will be shown from 4 to 5 p.m. central time.

The Congressman will be interviewed on the changes and makeup of the new Congress, and then the program will be opened up to callers from all over the country for questions and comments. Viewers in Texas may call 202/783-2727 to speak with the Congressman on the air.

Stenholm said, "The American people sent a strong message to Washington in the recent elections. I am very pleased to have this opportunity to discuss the impact of that message on the new Con-

gress with folks from across the country during this broadcast. I hope that many of my constituents will take the time to watch, and to call in with their comments."

"C-SPAN View Call-In" is broadcast by the Satellite Public Affairs Network, which reaches 19 million homes nationwide. They provide coverage of House floor proceedings as well as other events of interest in the political arena. The November 30 program will be shown on the following television stations in the 17th District: Channel 37 (Abilene), Channel 18 (Anson), Channel 26 (Azle), Channel 7 (Gainesville), Channel 17 (Hamlin), Channel 22 (Jacksboro), Channel 7 (Rotan), Channel 7 (Snyder), Channel 18 (Sweetwater).

A psychiatrist said, "Tell me, ma'am, is your son a behaviour problem?"

"I don't know," she answered. "He has never behaved."

"Strange?" Well, let us take a look.

You did not have to teach your daughter to tell a lie. But you did have to teach her to tell the truth.

You did not have to teach your son to disobey you. But you did have to teach him to obey you.

Adam was created in the same image of God. He was a free moral agent. He chose to sin. Because he was the head of the race, his sin and its results have been legally charged to us. All now have mortal bodies and the in-born tendency to sin.

While we are born in sin and are guilty before God, it is also true that on reaching the age of responsibility everyone sins.

That is the problem. What is the cure? Christ. He wants us to behave. So He cleanses our sins and cures our sinning—if we trust Him.

Rendall Family In County For Thanksgiving

The Thanksgiving holidays were particularly happy for Mrs. Annie Rendall, formerly of Cisco but now of Ranger.

Children, grandchildren, and other relatives from Tyler, Midland, Odessa, Cleburne and San Antonio brightened the day for her and other hosts - the Bobby Lee Littles of Olden and Lela Lloyd of Cisco.

From Tyler were Mr. and Mrs. Terry Barfield. Mrs. Barfield is a daughter of the Littles of Olden, and granddaughter of Annie Rendall. The Robert Rendalls and daughter came from Midland, and Gerald Erwin, a grandson of Annie Rendall, came from Odessa.

Mr. and Mrs. Randy (Judy Rendall) Hall and children, Brad, Jacob and Lisha, were here from Cleburne. Mr. and Mrs. E.R. Van Cleave (the

former Faye Latch) drove up from San Antonio. She is a grandchild of the late Mr. and Mrs. W.Z. Latch of Cisco.

That made all of Mrs. Rendall's children present except one daughter, Lenora, who lives in Anchorage, Alaska. She and her husband extended greetings by telephone.

In addition to visiting and enjoying the holiday meals, the group made pictures of the Primary School in Cisco where many of them spent their first years. They drove to the former Latch farm west of Cisco, and went to the birthplace of Faye Van Cleave on the Fee Ranch. They also spent a day at the Rendall house, working on their childhood home.

SANTA MAKES A SPECIAL VISIT

Nichols Will Defend Championship Title

Bennie Nichols, well known local golfer, will defend his title as city champion in the December 1-2 annual City Golf Tournament, it was reported by Chairman Bobby Smith. The event is played each year at the Cisco Country Club.

Plans for the tournament call for several flights to enable more players to have a chance at winning tournament prizes, Mr. Smith said. Qualifying scores will determine flight assignment of players. Players were urged to turn in qualifying scores as soon as possible.

The tournament will be 18 holes of medal play on each of the two days, and the deadline for entering is 6 p.m., November 30th. The entry fee is \$5 plus green fees for non-members.

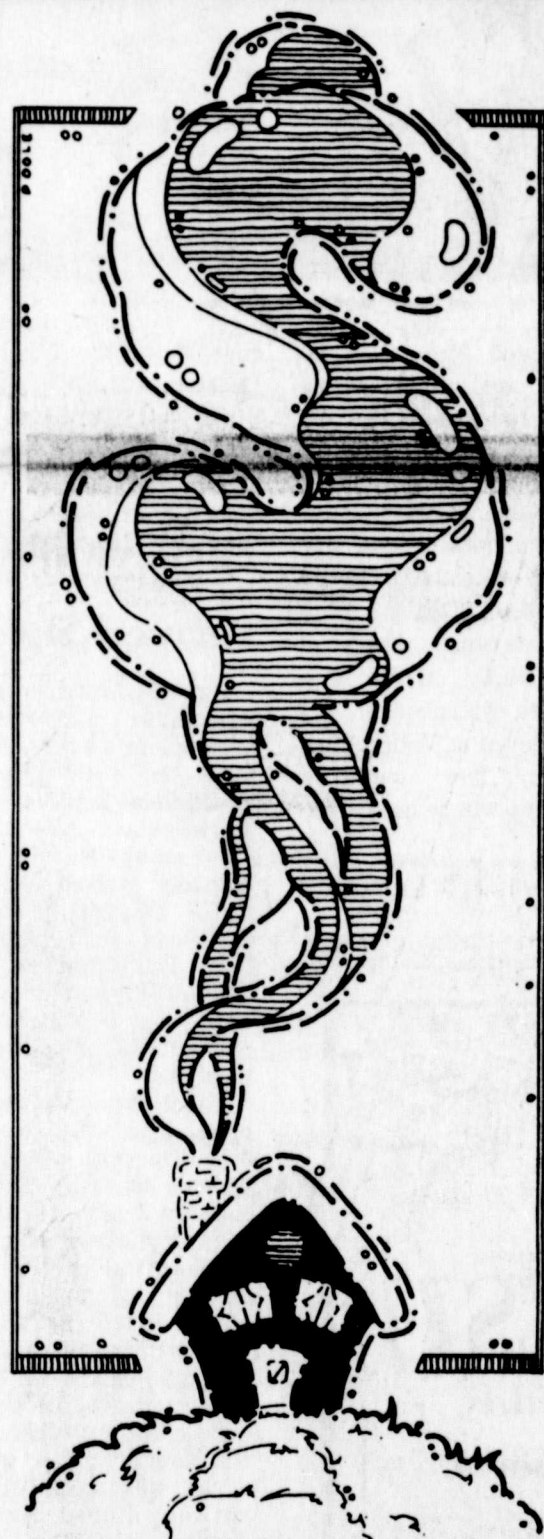

Mr. Smith said the golf course was in good condition.

Legal Notice

PUBLIC HEARING NOTICE

Eastland County Industrial Development Corporation (the "Issuer") will hold a public hearing at 9:00 a.m. on November 30, 1984, at the Eastland National Bank Conference Room in Eastland, Texas, on the proposed issuance by the Issuer of one or more series of revenue bonds (the "Bonds") to finance or refinance the cost of an industrial facility consisting of an industrial and manufacturing facility for the manufacture of industrial silencers and related facilities (the "Project"). The maximum aggregate face amount of the Bonds is anticipated to be \$1,150,000. The Project will be located at 105 East Tenth Street, Cisco, Texas and will be owned initially by Bugess-Lanning, Inc., a Texas Corporation. All interested parties should appear at the hearing.

Thursday, November 29, 1984

WHY SPEND SO MUCH TO KEEP WARM?

Get a gas furnace. Gas furnaces save money. In fact, if you're heating your home with a non-gas system and you switch to high-efficiency gas heat, you'll cut your operating costs in half.

Sound too good to be true? Believe it. Because high-efficiency gas furnaces operate for half the cost of non-gas systems. And compared to older gas models, that are 60% efficient, new high-efficiency furnaces are 83 to 96 percent efficient. And most come with a twenty-year warranty. So you can save on heating costs for years to come. Don't spend too much to keep warm.

Get a gas furnace.

WADE FIKES

Before being appointed to president and chief executive officer three years ago.

ALAN D. MYERS, JR.

Myers is a former mayor of Olney and was the 1980 recipient of the John T. Mahone Award given by the Texas Savings and Loan League for outstanding leadership and active involvement in community affairs.

He is past president of the Olney Rotary Club, Olney Community Chest, Olney Little League, Olney Recreation Association, the Olney Volunteer Fire Department and the Olney Library Board.

A graduate of Baylor University with a BBA degree, Myers is a former director of the Baylor Alumni Association with its Baylor University Council for Institutional Development.

He is also a graduate of the Graduate School for Savings and Loan Executives, University of Indiana, Bloomington, Indiana; the School for Executive Development, Texas Savings and Loan League, Austin, Texas; the Graduate School Keyholder Program and the Financial Management Program of the Institute of Financial Education.

Formerly executive vice president/chief operating officer, Wade Fikes has been with Olney Savings since 1963. He has held various positions with the organization, including executive vice president/operations and finance, controller, savings and lending officer and head of the mortgage loan department.

A graduate of many savings and loan graduate and management schools all over the country, Fikes has also been an active member of his community. He has served as president of the Lions Club and director of the Board of Industry and Commerce, the City Council, the Olney Youth Board and the Olney Little League. Currently, he is a member of the Institute of Financial Management.

With \$737 million in total assets, Olney Savings Association is one of the largest savings and loans in Texas with branches in Olney, Seymour, Jacksboro, Nocona, Aske, Weatherford, Graham, Archer City, Bowie, Brownwood, Wichita Falls, Vernon, Holliday, Decatur, Boyd, Throckmorton, Anson, Albany, Cisco, Coleman, Crowell, Gainesville and Bridgeport. Also Ranger Savings in Ranger, Eastland Savings in Eastland and Electra Savings in Electra.

POEM

By W.A. Pool
Do you remember back in thirty-four,
Nineteen hundred and thirty four,
That was the year of the terrible drought;
When famine stood at the door.
That was the year they killed the cows,
And buried them in a row,
Because they had no feed for them,
And hated to hear them low.

You must lower production on everything,
Was the decree from the nation's head;
Plow up your cotton, plant less wheat;
That's what the great men said.
After they had it all arranged,
To bring prosperity back,
The Lord looked down with a knowing smile,
And hit it another whack.

The Lord has nothing to do with the drought,
Is what some folks say.
When you plowed up your cotton almost ripe,
He showed them another way.
Things happened so fast it took your breath,
And when people awoke to the fact,
That the surplus was gone and the fields were bare,
They didn't know how to act.

Do you remember how the president tried,
To bring prosperity back,
When everything failed and the wells went dry?
He said there is something we lack,
So he issued a proclamation and said;
We will try it some other way.
We have done everything that man can do.
Let all of the people pray.

The great and the small all over the land,
They humbled themselves in the dust,
Since man has failed, we come to Thee,
The only one we can trust.
Then the Lord looked down in mercy and love,
On a world that was weary and sore,
And that dear friends was the end of the drought,
Of nineteen and thirty-four.

1985 Construction Will Be Up And Down

WASHINGTON, D.C.—Preliminary results of a 1985 market survey completed by more than 1,200 of America's leading general contracting firms disclose:

- an anticipated average volume increases of 14.2 percent unadjusted for inflation, which they predict at 6.3 percent.

Doug Pitcock, a Houston-based highway and bridge builder who is also president of the 32,000 member firm Associated General Contractors of America (AGC), cautioned that the projected increase may not be realized: "Failure by Congress last week to pass an Interstate Cost Estimate for highway and bridge improvements holds up \$7.2 billion plus state funds of \$800 million. Anticipation of that \$8 billion investment was reflected in our survey results which are now, as a consequence, pro-

ward.

Lamoine Lacy of Snyder spent the holidays with her sister, Mrs. Rheba Cannon.

water needs and water resources needs."

With or without the now "impounded" highway funds, the 1985 AGC market survey reflects a sharp drop from the recovery rate experienced in 1984. The previous survey of AGC members, conducted in late 1983, was a remarkably accurate barometer of construction activity for 1984, showing:

- An anticipated increase over 1983 of 24.32 percent.

The average increase in number volume that actually occurred in 1984 was 25.1 percent.

Said AGC's President Pitcock: "Construction activity drove America out of a near depression during the past 18 months. I am fearful that we are headed back to more of that unnecessary pain and in a hurry."

Utilize Antlerless Deer Permits

AUSTIN—The regular deer hunting season opened this weekend (Nov. 17) in most Texas counties, and wildlife officials are requesting hunters to utilize all antlerless permits that are issued.

"A lot of hunters know about the drought we had earlier this year across the state, and they might think that they shouldn't take antlerless deer because of those conditions," said Horace Gore, white-tailed deer program leader for the Texas Parks and Wildlife Department. "The opposite is true, because we have a higher deer population in Texas and the herd could be headed for trouble this winter if the antlerless segment is not reduced this fall."

Gore noted that rains during the past four to six weeks caused much of the deer

will be a hard winter for deer because of the widespread acorn crop failure," Gore explained.

Antlerless deer hunting permits already have been issued in individual counties, but qualifying landowners still may obtain them during the season either from the department's Austin headquarters or from regional wildlife offices.

The addresses and telephone numbers are: 4200 Smith School Road, Austin, TX 78744, (512) 479-4800; 3407 S. Chadbourne, San Angelo 76902, (915) 655-2231; 1601 E. Crest, Waco 76705, (817) 799-2447; Route 10, Box 1043, Tyler 75707, (214) 566-1626; or 715 S. Bronte, Rockport 78382, (512) 729-2315.

Landowners or their authorized agents should advise the department of the exact location an acreage of land.

7th—Shannon Anderson, Julie Dennis, Tammy Glover, Amy Hawkins, Sipriano Jaimes, Jana Muller, Donnielle Rabel, Jami Roberts, Rachel Valek,

Stenholm To Appear

WASHINGTON, D.C. — Congressman Charles W. Stenholm is scheduled to appear on a nationally televised broadcast, "C-SPAN View Call-In" on Friday, November 30. The program will be shown from 4 to 5 p.m. central time.

The Congressman will be interviewed on the changes and makeup of the new Congress, and then the program will be opened up to callers from all over the country for questions and comments. Viewers in Texas may call 202/783-2727 to speak with the Congressman on the air.

Stenholm said, "The American people sent a strong message to Washington in the recent elections. I am very pleased to have this opportunity to discuss the impact of that message on the new Con-

gress with folks from across the country during this broadcast. I hope that many of my constituents will take the time to watch, and to call in with their comments."

"C-SPAN View Call-In" is broadcast by the Satellite Public Affairs Network, which reaches 19 million homes nationwide. They provide coverage of House floor proceedings as well as other events of interest in the political arena. The November 30 program will be shown on the following television stations in the 17th District: Channel 37 (Abilene), Channel 18 (Anson), Channel 26 (Azle), Channel 7 (Gainesville), Channel 17 (Hamlin), Channel 22 (Jacksboro), Channel 7 (Rotan), Channel 7 (Snyder), Channel 18 (Sweetwater),

Arlene Moran And Jay Holland

Mr. and Mrs. Ollie G. Moran are proud to announce the engagement and approaching marriage of their daughter, Arlene, to Jay Holland. Jay is the son of Mr. and Mrs. Willie Joe Holland of Eastland. He is a graduate of Eastland High and is assistant manager of Super Duper. Arlene is a graduate of Cisco High and is employed at Valley View Lodge. The wedding ceremony will be held in the

WEDDINGS

Holland home, 409 Foch, December 28, 1984 at 6:30 p.m. All friends and relatives of the couple are invited to attend.

Turkeywalk Is Termed Success

The 1984 American Heart Association Turkeywalk was a complete success, according to Patsy Hogan, chairperson for this year's Turkeywalk event. On November 10, 11 participants walked the five mile course for the American Heart Association. Donations totaling \$2,930.10 were collected as a result of a lot of hard work and enthusiasm by the participants.

Elaine Moran was the first prize winner which was a ten speed bicycle which was donated by Olney Savings. Barbara Jessup was the second prize winner which was a beautiful brass tray donated by Austin's Furniture. Helen Orr won the third prize which was a case of Uniflo Motor Oil which was donated by Dixon Auto Supply. Harriett Collins was the fourth prize winner which was a catfish and shrimp dinner for two donated by Cisco Steak House & Inn. Turkey t-shirts will be awarded to all participants who turned in over \$60 in donations. Turkeys were awarded to all participants who turned in over \$100 in donations.

A sincere "congratulations" is extended to all participants. "You all" did a great job! Special thank you's are extended to Olney Savings, Austin's Furniture, Dixon Auto Supply and Cisco Steak House & Inn, and to Thrift Mart Grocery for the donations of their prizes and turkeys.

Country & Western Musical Set Saturday

There will be a Country and Western Musical at Scranton Community Center Saturday, December 1, beginning at 6:00 p.m. Everyone is invited, especially area musicians. There will be a concession stand.

Rendall Family In County For Thanksgiving

The Thanksgiving holidays were particularly happy for Mrs. Annie Rendall, formerly of Cisco but now of Ranger.

Children, grandchildren, and other relatives from Tyler, Midland, Odessa, Cleburne and San Antonio brightened the day for her and other hosts - the Bobby Lee Littles of Olden and Lela Lloyd of Cisco.

Pippens Celebrate

Thanksgiving Day at the J.L. (Luke) Pippen home in Cisco was a very special occasion. Not only was it a Holiday, but it was Luke Pippen's 88th birthday as well.

There were 49 relatives present to help Luke and his wife, Winnie celebrate. Among them were all six of the Pippen children, numerous grandchildren and some of the great-grandchildren. The Pippens have 22 grandchildren and 16 great-grandchildren in all.

The children were Bob and Glenna (Pippen) Reeves and their family from Houston, Howard and Gloria (Pippen) Turner and family of Round Rock, Jay and Betty (Pippen) Williams and family of Ft. Worth, Jerry and Carole (Pippen) Pyburn of Comanche, David and Sheila Pippen from Las Cruces, New Mexico, and Kitty Stovall and family from Cisco.

Each of the Pippen children prepared and brought food for the occasion. All enjoyed the bountiful meal together.

The Luke Pippen Thanksgiving gathering is an annual affair for the family.

This depended a lot on the Arab countries, whether they could get together and control production, or whether some would dump oil on the spot market.

"If they do this, we may have too much deliverability in the short term," he said. "But in the long run, prices should remain fairly stable. For oil is one thing we can hardly do without."

are all gas."

His job, Jones said, includes the study of seismic gravity magnetic data where there might be oil or gas. He finds it extremely interesting.

"Deeper pay is what a lot of the major oil companies are looking at now," he explains. "There have been some significant finds lately, just by going deeper around the fields."

One he called to mind was a strike about 16 mi. N.W. of Colorado City, actually on the east shelf of the Permian Basin. This well has two pay zones - one in the Wolfcamp and one in the Fusselman, and is making about 500 barrels of oil per day and some gas in this dual completion.

When asked about the partial deregulation of gas on Jan. 1, Jones replied that he didn't think it would affect prices much, one way or the other.

On oil prices, he said that

Drilling Up Some In Permian Basin

Among the recent visitors in Eastland County was Kyle Jones of Midland, geophysicist for an oil company in the Permian Basin area.

Kyle and his wife, Virginia, daughter Adriana and baby son Anthony visited in the homes of relatives - Mrs. Viola Payne and Marvin Payne and Angeline and Howard Stovall.

Kyle Jones transferred to Texas from Alaska in June. He had been working in the Bering Sea Area, prospecting out locations that were drilled last summer in Norton Sound.

He said that drilling has picked up some in the Permian Basin, with 40 or 50 more rigs running right now. There are about 350 rigs in all in the area, with some going down to 24,000 ft. around Pecos, Texas.

"It costs around 10 million to complete one of those deep wells," he said, "and most

CENTRAL DRUG

Eastland 629-2681

former Faye Latch) drove up from San Antonio. She is a grandchild of the late Mr. and Mrs. W.Z. Latch of Cisco.

That made all of Mrs. Rendall's children present except one daughter, Lenora, who lives in Anchorage, Alaska. She and her husband extended greetings by telephone.

In addition to visiting and enjoying the holiday meals, the group made pictures of the Primary School in Cisco where many of them spent their first years. They drove to the former Latch farm west of Cisco, and went to the birthplace of Faye Van Cleave on the Fee Ranch. They also spent a day at the Rendall house, working on their childhood home.

Legal Notice

PUBLIC HEARING NOTICE

Eastland County Industrial Development Corporation (the "Issuer") will hold a public hearing at 9:00 a.m. on November 30, 1984, at the Eastland National Bank Conference Room in Eastland, Texas, on the proposed issuance by the Issuer of one or more series of revenue bonds (the "Bonds") to finance or refinance the cost of an industrial facility consisting of an industrial and manufacturing facility for the manufacture of industrial silencers and related facilities (the "Project"). The maximum aggregate face amount of the Bonds is anticipated to be \$1,150,000. The Project will be located at 105 East Tenth Street, Cisco, Texas and will be owned initially by Bugess-Manning, Inc., a Texas Corporation. All interested persons are invited to attend and express any comments they have regarding the proposed issuance of the Bonds, the Project to be financed thereby and the plan of financing relating to the Project.

Obituaries

Services For W.H. McKelvain Are Monday

Services for W.H. "Hiram" McKelvain, 83, of Moran, a farmer and rancher, were at 11 a.m. Monday at First United Methodist Church in Moran. The Rev. Ross Dunn, Methodist minister from Carlsbad, N.M., officiated. He was assisted by the Rev. Hardy Cole, pastor. Burial was at Moran Cemetery, directed by Melton Funeral Home of Breckenridge.

Mr. McKelvain died at 6 p.m. Saturday at his home after a brief illness.

Born Dec. 16, 1900, in Stephens County, he married Mabel Cozart Dec. 22, 1921, in Albany. He had lived in Stephens and Shackelford counties most of his life. He was a member of First United Methodist Church and was past master of Masonic Lodge No. 863.

His wife died Sept. 22, 1984. Survivors include a daughter, Mrs. Albert W. Jackson of Abilene; a son, Boyd of Fairfield, Conn.; two sisters, Mrs. John Chalker of Breckenridge and Mrs. Ted Walls of Clyde; two brothers, Ben of Moran and Ray of Abilene; and four grandchildren.

Pallbearers were Cleo Nolan, J.H. McKelvain, Jack McKelvain, Burrell McKelvain, John Mike Chalker and J.W. Kinnison.

Services For Mrs. Boatman Are Saturday

Funeral services for Harriett Tyrena Boatman, 103, of Rising Star, were at 2 p.m. Saturday at Rising Star Church of Christ. Hershel McDonald, a retired Church of Christ minister, officiated, assisted by Gregg Knight, pastor. Burial was in Rising Star Cemetery, directed by Higginbotham Funeral Home.

Mrs. Boatman died at

11:45 a.m. Thursday at Rising Star Nursing Center. She was born Oct. 25, 1881, in Farmersville. She married Elijah Arthur Boatman on August 20, 1899, in Lytle Cone. She was a member of Church of Christ and a homemaker.

Survivors include two sons, Melvin of Monahans and John of New Orleans, La.; four grandchildren; 16 great-grandchildren; and five great-great-grandchildren.

Services For Willie Frazier Are Monday

Services for Willie Mae Frazier, 87, of Lueders, were at 2 p.m. Monday at Lueders Church of Christ. Joe Reynolds, Church of Christ minister from Abilene, officiated. Burial was at Lueders Cemetery, directed by Kinney Funeral Home of Stamford.

Mrs. Frazier died at 1 a.m. Sunday in an Abilene nursing home.

Born Dec. 15, 1896, in Moran, she married Elzie Carl Frazier July 19, 1917, in Lueders, and they farmed in the Lueders area until 1960. She was a Gold Star Mother, a member of the American Legion Auxiliary Post No. 204 and Lueders Church of Christ.

Her husband died in 1967. A son, two brothers and a sister also preceded her in death.

Survivors included two sons, A.J. and W.Z., both of Lueders; three daughters, Mrs. Oleta Ferguson of Denver City, Mrs. Annie Kitchen of Cross Plains and Mrs. Ethel Taylor of Seminole; a sister, Mrs. Dea Webb of Seagraves; 23 grandchildren; and 30 great-grandchildren.

Mr. Wilcox presently owns funeral homes in Burnett, where he lives, and Marble Falls. He is the son of the late Mr. and Mrs. G.W. Wilcox.

He and his wife Janice have two children, Milburn and Ginger, and Mr. Wilcox will on occasion assist as needed at the Eastland County facility.

Former Cisco Junior High Coach In Coaching Profession 32 Years

(Editors Note: The following article was published in the Big Spring Herald and was written by Steve Belvin. A friend of Bobby Zellars, James Armstrong of Big Spring, submitted the article to The Cisco Press.)

Bobby Zellars is a man that likes what he's doing. Why else would he be in the coaching profession for 32 years, and more importantly 29 years at the same school? Zellars has been coaching future Big Spring Steers at Runnels Junior High for almost three

Fire Causes Damage Here

Fire of undetermined origin caused extensive damage to the work shop and garage at the Melvin Travis home, 710 West 3rd Street, at 4 p.m. Monday, according to a report at the Cisco Fire Station.

Mr. Travis said the loss was confined largely to the work shop where he had tools worth several hundred dollars. He said he had been in the work shop shortly before the fire which broke out while he was in town.

Besides tools, the loss included fishing gear and several electric motors, Mr. Travis said.

Butch Wilcox Is New Owner Of Bakker

Bill (Butch) Wilcox, a 1960 graduate of Cisco High School, and a county native, is a new co-owner of Bakker Funeral Home in Eastland it has been announced here.

Mr. Wilcox presently owns funeral homes in Burnett, where he lives, and Marble Falls. He is the son of the late Mr. and Mrs. G.W. Wilcox.

He and his wife Janice have two children, Milburn and Ginger, and Mr. Wilcox will on occasion assist as needed at the Eastland County facility.

decades and has seen many players come and go. But why 29 years as a junior high coach? His answer is simple: "This is what I like to do," he said as a smile formed on his lips. "When I first started coaching back in 1953 as junior high coach at Cisco, I said if I enjoy this and the good Lord lets me work with the young kids, I'll do it as long as I enjoy it."

Zellars calls himself a Texan even though he was born in Reldand, California. His four brothers and three sisters were born in Texas, most in the small Eastland County community of Rising Star where Zellars played high school football.

He was an all-purpose player at Rising Star, playing tight end quarterback and fullback. "I liked fullback the most because I enjoyed trying to run over people," he chuckled.

After graduation in 1946 he enlisted in the Navy where he served two years. In 1949 Zellars attended Cisco Junior College where he played fullback. He graduated in 1951, but not without some not-so-fond memories.

It seems he injured his knee while at CJC and the doctor told him he should never play the sport again. Since that time he has been through four knee operations. The best memory Zellars has of those days is still with him because he married childhood sweetheart Evelyn during that time. The couple have three children.

After graduation from Cisco, Zellars attended Howard Payne University where he received his coaching degree in 1953. From there he began his love affair with coaching junior high football.

He stayed at Cisco Junior High for three years. His first team produced a 4-4 record, but the next two teams lost only one game. That contest came against a Breckenridge bunch that eventually claimed a pair of state titles when those players became high school Buckaroos.

Zellars recalls his first major college grudge came from that group at Cisco. Linebacker Jim Sittton received a scholarship from SMU.

Next it was on to Runnels in 1956 where Zellars has planted his roots. He says one of his fondest memories of his first year in Big Spring was starting a chapter of Southwest Basketball Officials Association in the city.

The 32-year coaching vet has seen a lot of changes and new faces in his tenure with the Big Spring Independent School District. "Harold Bentley and Roy Baird were co-head coaches my first year here," Zellars has also seen such noteworthy coaches as Spike Dylke, Clovis Hale, now at Texas Tech, and Ralph Harris, now at Texas, serve as head coaches at Big Spring High School.

He also remembers coaching against Emory Bellard, presently at the

University of Mississippi and Joe Kribell, now at West Texas State University.

Zellars has lost all of his team's results during the years except for a 12-year period dating from the late 60's to the mid 70's in which his teams went to a sparkling 92-16. "That was the most consistent group of teams I've had at Runnels."

What were his best teams at Runnels? After taking a few seconds to recall the past 29 years, he went on. "One would be the team of '74. We had lots of talent on that squad. We went 8-1, losing to Coahoma 32-26. The team of '76 was a good one too. We finished 7-1, losing to Andrews 22-14." He also mentioned the '72 squad that finished 7-3.

Zellars also took a short pause to think about the best player that he coached at Runnels. "James Carver went on to become a four-year letterman at Kansas. In his senior year he played in the Blue-Gray game. He was by far the best lineman I ever had. He was dedicated to his work and just a super all-around good kid."

The Runnels mentor said the game that sticks in his mind most is the Runnels-Goliad clash in 1968. It seems the schools were bitter rivals and on this day Goliad appeared headed for a romp, taking a 24-8 halftime lead. After three quarters of play it stood 30-8.

Zellars notes that the biggest change in football seems to be player attitudes. "They are not as dedicated these days, there is so many other things for them to do. There is not such a big change in the game itself. You still go with what will work against the offense and

you still put 11 men on the field at one time."

Zellars admits that discipline is the prime factor in being a successful coach. "You must have discipline if you don't you'll be in big

trouble. Once the kids find out that's the way it's going to be, they are eager to learn."

"I've had chances to move up, but I like working with this age group. This is my calling in life."

IROC Will Get Private Company

International Royalty & Oil Co. of Cisco announced today an agreement in principle whereby IROC will acquire Antenna Technology, Inc., a private company.

Since its inception more than a decade ago, IROC has concentrated its efforts in the field of energy exploration and production. It has acquired numerous interests in domestic income producing royalty and working interest properties. In addition, substantial overriding royalty interests, principally in Australia, are held by the Company. Several large scale discoveries have recently been tested on some of these Australian properties, and production is imminent.

In spite of the stable cash flow provided by IROC's producing interests, and the speculative appeal of its international holdings, the price of the company's stock has fallen victim to the twin perils of increasing uncertainty in the energy industry and the adverse stock market environment for energy related shares. In an effort to respond to both of these trends and to position IROC for future growth and prosperity, company officials have decided to broaden IROC's business orientation.

Toward that end, company management intends to enter the telecommunications industry through its acquisition of Antenna Technology, Inc., a privately owned designer and manufacturer of satellite reception systems. The acquisition will be made with authorized but unissued stock. In the opinion of management, Antenna Technology has designed a superior system which is very likely to capture a significant portion of the burgeoning satellite receiver

market. Antenna Technology has assembled an excellent management team to oversee each aspect of the business.

While IROC intends to remain active in the energy field, management considers the satellite receiver industry to be on the threshold of rapid development and likely to provide superior long term growth potential. It is the opinion of management that just as surely as hydrocarbons were the primary resource of the past decade, information — and its transmission, will be the resource of this decade and beyond. Viewed in this light, IROC's involvement in the information industry should be considered consistent and evolutionary.

POEM

by Bishop Ralph Spaulding
I met God in the morning,
When my day was at its best,
And His presence came like sunrise,
Like a glory in my breast.
All day long the Presence lingered,
All day long He stayed with me,
And we sailed in perfect calmness.
O'er a very troubled sea.
Other ships were blown and battered,
Other ships were sore distressed,
But the winds that seemed to drive them,
Brought to us a peace and rest...
So I think I know the secret,
Learned from many a troubled way:
You must seek Him in the morning,
If you want Him through the day.

People n Things

ABILENE TV Station KTAB (Channel 32 or cable 7) had a crew of four in Cisco Monday afternoon to film a story about the 1927 Cisco Bank Robbery (see pictures elsewhere). They show scenes at the old bank building and interviewed several local folks, including O.L. Stamey, Jasper Cook and Lela Lloyd, all of them recalled being in the bank that day.

Here for the story were Producer Carolyn Platt, Reporter Rusty Rhodes, and Photographers Martin Perry and Mike Caspill. The story is scheduled to be shown on their Big Country Reporter program Wednesday, Dec. 5, at 6:30 p.m. and on Saturday, Dec. 8, at 10:30 p.m.

THE APPROXIMATELY 300 folks who made the Cisco Junior College Band and Belles trip to New York City last week got home at midnight Friday. "We didn't lose anybody," Coordinator Eris Ritchie reported. He added that there was a pocket or two picked but nothing of a serious nature marred the trip.

When the 300 Ciscoans went for walking tours of New York sights, Mr. Ritchie as the leader carried and held up a red umbrella. And he had a half dozen or so college boys with similar umbrellas to help when they turned corners so nobody would get lost.

Twice, members of the group were interviewed by New York television crews. Mrs. Audye Wagley was shown on television there and was asked "What are you thankful for?" Her answer: "For being a Texan." Vicki Wilson and Holly Ritchie were also interviewed by the NY TVs.

Ciscoan Neal Moore, the cowboy clown with the CJC Band and Belles, was shown on national television during the parade filming. He didn't know it at the time but home folks made a video tape of the show and Neal saw it 20 or so times after returning home.

The weather was good with no rain. Temperatures

were near freezing during the parade Thursday morning and some Ciscoans elected to watch the parade on television in their hotel rooms... It was estimated that 3,000,000 people were in the crowd that watched the parade at the spot where the Band and Belles were shown.

DEER HUNTING continues to be good, reports the Rust Processing Center's venison plant east of town. A deer dressing out at 150 pounds was brought in by a hunter from out Van Horn way last Saturday... Dennis Campbell, local hunter, shot and brought in four wild hogs. Understand he got them near Moran... Nearly an inch of rain fell here Saturday afternoon and early evening... Freezing temperatures were predicted for Monday night as a new cold front approached our region.

CONSTRUCTION work is underway on an energy efficient, steel frame home on Kinglet Street in the Jim Webb Addition in the west edge of Cisco. The home is being built by Mr. Webb and Bill Philpott and will be available for sale.

Using plans developed by Tri-Steel Structures, Inc., of Denton, the home will have 1,600 square feet of floor space, not counting the garage. There will be three bedrooms, with two full baths. Walls and ceiling supports are of steel. The exterior will be of brick. They're using nine-inches thick insulation.

The Tri-Steel folks are represented in this region by S&M Supply Co.

The home, located across the street from the Walter Hall residence, is the second steel residence built in Cisco. Recently, the Bruce Stovalls built a two-story steel frame home in the addition opened by Dr. Norman Wallace west of the Webb Addition.

VISITING IN Cisco during Thanksgiving weekend were Howard and Gloria Turner of Round Rock, near Austin.

She is a daughter of the Luke Pippens and they formerly lived here.

The Turners have purchased a corner lot in the Webb Addition and plan to build a home there next year, we understand. Mr. Turner is a recent retiree from a job with the State of Texas. And Mrs. Turner, who has been working in the governor's office for a good many years, expects to retire in a year or so.

Christmas on Dec. 21st with classes resuming on Jan. 7th, 1985.

MR. JOHN WEBB, local football fan de luxe, was sad after hearing the other day about the death of Frank (Hip) Steen of Greenville. Mr. Steen was a classmate of Mr. Webb's at Austin College in the late 1930s. Mr. Steen was a member of the Austin College Hall of Honor as a player and, later, as a coach there.

A good many old-timer fans and coaches will remember Mr. Steen as he spent a good many years as a sporting goods salesman, calling on coaches at schools throughout the state. He was an all-state quarterback at Greenville High in 1932.

Guests in the home of Mrs. M.D. Bailey were her children, grandchildren, and great-grandchildren, during the Thanksgiving holidays. Those visiting were Col. and Mrs. Gayle Bailey, Mr. and Mrs. Maurice Lyon and daughter Lydia Gayle, Mr. and Mrs. R.J. Edwards, Mr. and Mrs. David Edwards and children, Oletha and Brendan, all from San Antonio; Judge and Mrs. Scott Bailey and children, John Melvin and Melissa, of Cisco.

local news in brief

THE GEORGE Owenses were in Waco last Saturday to see Baylor beat the University of Texas in a football game. Their son Tracy is a member of the Baylor band... The Homer Smiths of Tyler came over and spent last weekend with his parents, the Wilson Smiths... The public schools got started again Monday without mishap, reports Supt. James Coach. Their next break will be for

O.L. STAMEY, well known Ciscoan, was talking with KTAB Producer Carolyn Platt when this picture was made. Mr. Stamey was principal of the grade school in Cisco at the time of the 1927 robbery. He had been in the bank shortly before the robbery to cash his pay check. Mrs. Lela Lloyd of Cisco was also interviewed. She shook hands with Santa Claus in front of the bank about five minutes before the robbery. (Staff Photo)

RUSTY RHODES, left above, was interviewing Jasper Cook of Cisco while photographers were filming a story about the 1927 Santa Claus Bank Robbery here Monday for KTAB-TV, Abilene television station. Mr. Cook was a 7th grade student and classmate of Marie Comer, who was taken hostage by the bank robbers. He remembers hearing gun shots that were fired at the fleeing robbers. KTAB (Channel 32 or 7 on the cable) plans to show the Santa Claus story at 6:30 p.m. Wednesday, Dec. 5, and Saturday, Dec. 8, at 10:30 p.m. on their Big Country Reporter show. (Staff Photo)

CJC Regional Basketball Tourney Begins Thurs.

Play will begin at 11 a.m. Thursday in the 4th annual Cisco Junior College regional basketball tournament at the CJC gym. The tournament will continue Friday and Saturday.

DeLeon and Early High School girls teams will meet in the 11 a.m. Thursday opening game, and the boys teams of the two schools will play at 12:30 p.m. in the second game.

The schedule for Thursday calls for Clyde and Baird girls teams to play at 2 p.m. and for the boys teams of the two schools to play at 3:30 p.m.

First round games for the Ranger and Albany girls will start at 5 p.m. and for the boys of the two schools at 6:30 p.m. Thursday. Eastland and Cisco girls play at 8 p.m., followed at

9:30 p.m. by the boys of the two schools.

Second round games will start at 11 a.m. Friday, and the third and fourth rounds will begin at 9:30 a.m. Saturday.

The championship games will start at 6:30 p.m. for girls and at 8 p.m. Saturday for the boys. Prizes will be trophies. Carroll Scott, CJC vice president, is the tournament director.

Admission charges will be \$3 per day for adults and \$1 for students under 12 years of age.
