'Your Hometown Paper'

Volume 75 No. 103 Copyright 1984 Eastland County Newspaper Co. Cisco, Texas 76437 Sunday, December 23, 1984 USPS No. 113780 Price 25 cents

AS THE SIGN SAYS— Merry Christmas from The Cisco Press staff and we urge you to look inside this edition for our annual Christmas section with Letters to Santa and Christmas greeting ads from local merchants. The holiday scene shown above is on located on Bliss at the Campbells residence. (staff photo)

## HALL OF REMARKS

BY HERREL HALLMARK

THIS IS our annual Christmas edition of The Cisco Press in which we publish Letters to Santa from local children and greeting ads from local merchants. We wish to join those merchants in wishing you and your family one of the best Christmas seasons ever.

Also in this edition, you will notice there are two front pages and two datelines on pages. This is both our Sunday, December 23, and Thursday, December 27, editions.

We are printing both editions at this time to allow us to have Christmas Eve and Christmas Day as holidays.

Plans call for the same schedule to be followed next week for the New Year's holiday.

Be sure and pay close attention to advertisements and inserts in this paper to see when the advertised prices are effective. Some of the advertisements were meant for after Christmas, but since the Dec. 27 paper is included in this edition, they had to be printed at this time.

A VERY GOOD saying about Christmas was printed in the First United Methodist Church newsletter this past week. It is being reprinted here as follows:

### CHRISTMAS REMINDER

Christmas seems to come to us as a reminder to a generation overwhelmed by bigness and deafened by big noises and startling actions that when God begins to do something of history-making proportions, He starts in a small way that seems weak to man.

All the big things of God have little beginnings. The atomic and molecular nature of matter teaches us that. Biology, embryology, biography, and history teach it, as does the Nativity story of God's coming among us in baby flesh.

God's small beginnings are hard for us to comprehend, and even more difficult to appreciate, because we moderns are so impressed by sheer bigness.

The harbingers of God's great work are as silent as a star's shining on Judean hills, as soft as the brush of angel wings, as gentle as Mary's hands and the Baby's light breathing.

This is the way God works. He starts His greatest work— that of the redemption of His people, in ways that seem small, negligible, ridiculously feeble and easily overlooked— "A babe wrapped in swaddling clothes, lying in a manger." (adapted).

ALSO IN the church bulletin was the following:

### GOOD REASON FOR SEASON

Christmas is a different

CISCO KID CAR WASH  
3rd St. and Ave. E  
Where Most People Wash. Wash your venetian blinds, throw rugs, motor. c-52

## Holidays Cause Publish Change

BY HERREL HALLMARK

kind of time.

It is a time for giving, for sharing, for smiling, for loving. It is the perfect time not simply to live and let live. Rather, it is the time to live and help live.

This Christmas, 1984, is the ideal time to mend a quarrel...to welcome a stranger...to express gratitude...to understand an adversary...to seek out a forgotten relative or friend...to be kind and gentle...to laugh a little a lot...to show you loyalty...to find the time to really help...to think of another person first...to gladden the heart of both friend and stranger...to speak you love...Yes, to live and help live.

Rejoice, then, with your family and friends. Rejoice in the promise that there will be—must be—peace on earth, good will toward all. And you can make it possible. (copied).

THE FOLLOWING poem is very appropriate for this issue since it deals with the holiday we will all be enjoying Tuesday:

### CHRISTMAS TIME

Christmas time is almost here.

Time for dance and song and cheer.

Christmas time is oh so jolly.

Lot's of food and gifts and holly.

Christmas time is so nice.

Sweets are baking with lot's of spice.

Christmas time is oh so dandy.

Turkey, dressing and Christmas candy.

Christmas is the time for joy.

Children opening Christmas toys.

Christmas is a time for peace.

When all the countries stop to feast.

Christmas is a time for prayer.

When all good people want to share.

Now Christmas time is gone again.

Like the whisper in the wind.

Merry Christmas

S.L.S.

Cisco

—

MERRY CHRISTMAS.

## Officers Named At Breakfast

Officers to serve during 1985 were introduced at a membership breakfast meeting of the Chamber of Commerce at the Cisco Inn and Steak House at 7 a.m.

Wednesday. Some 50 persons enjoyed the breakfast buffet that was compliments of the restaurant.

William E. Austin, Jr., was introduced as the presi-

dent for the coming year, succeeding Jerry Morgan who presided at the meeting and introduced the new leaders.

Other new officers are Shirley Hargrave, insurance agency owner, first vice president; Joe Cooper, CPA, second vice president, and Ivan Webb, oil company executive, third vice president. New directors introduced were Roy Dennis, Linda Cozart and Patsy Hogan.

Mr. Austin, who will assume the presidency Jan. 1, said that the board would pursue an aggressive program of seeking new payrolls and businesses for Cisco during the coming year.

"We hope to involve more members in the chairmanships of standing and action committees," Mr. Austin said. "Members of the board, who have held most chairmanships in the past few years, will work as committee members during the coming year."

"We want and need the support of everyone and we solicit the cooperation of all as we prepare a plan of work for 1985."

The work program, budget and committee appointments will be priority items during January, Mr. Austin said.

The new president was born 41 years ago in Clarksville, Tenn., and moved with his parents to Cisco at the age of 12. He is a graduate of Cisco High School and Cisco Junior College and holds a bachelor's degree and has done graduate study at Midwestern University, Wichita Falls. He is associated with his father in the operation of Austin's Furniture Co. here.

Mr. Austin is a veteran of the Vietnam war where he served with the U. S. Army as a staff sergeant. He is

WILLIAM E. AUSTIN, JR.

married and his wife, Martha L. Austin, supervises the work of the Department of Human Resources in Eastland, Brown and Comanche Counties. Before returning to Cisco three years ago, the Austins lived in Houston where he spent six years as stage manager at the Windmill Dinner Theater.

Hold-over members of the board of directors are Jerry Morgan, Dick Woolley, Helen Orr, Jerry Jeffcoat, Bobby Smith, Brad Kimbrough and Frank Barrett.

Going off the board at the end of 1984 are Rick Roark, Ronnie Ledbetter and Billy Wright.

Mr. Morgan expressed appreciation of Manager Dana Morrison of Cisco Inn and Steak House for hosting the membership breakfast. Mr. Morrison recently took over management of the business. A CofC committee composed of Linda Cozart,

Fred Wheeler and Jerry Morgan handle breakfast arrangements.

The Rev. John Clinton gave the invocation to open the meeting.

Police Billy Rains spoke briefly to tell CofC members about a new police program to offer an inspection service to anyone wishing suggestions to make their homes or business more "burglar proof."

Mr. Rains said that crime has been on the increase, particularly in the matter of residential burglaries, as the state's population has grown. He also endorsed the "Parents Against Dangerous Drugs" movement and suggested that "we should all get very involved."

New members introduced included Jerry Ables and Dr. Henry E. McCullough, Cisco Junior College, and Stuart McCoy, manager of Munden's.

## Food Baskets Are Distributed Dec. 22

By HERREL HALLMARK

Food baskets were distributed here Saturday, December 21, by the local

Goodfellows organization to the applicants approved by the Board of Directors.

Those who were able were asked to pick up their baskets at a local building and those who were unable to pick them up, were delivered to by volunteers.

Those receiving baskets were also to be eligible for getting some toys on Christmas Eve for their children under a certain age. They were given certificates redeemable on that date.

The Goodfellows Board of Directors appreciate the overwhelming response from local citizens in the first year of this worthy cause.

### GOODFELLOWS DONOR LIST

Norman and Velsie Rawson—\$30.00.

Mr. and Mrs. R.M. Shackelford—\$25.00.

Dr. and Mrs. Larry Harris—\$20.00.

Richard B. Spencer—\$39.73 (food donation).

Anonymous—\$8.00 (food donation).

Donations to Date—\$5,243.75.

## Merry Christmas In Prospect For Area

A Merry Christmas was in prospect for this west central Texas region Saturday as plans for the annual visit by old Santa Claus appeared to be near a successful completion.

One shopping day—Christmas Eve—remained for last minute gift buying. And business has been good during the past week, according to a survey of downtown retail stores. Merchants remained open several days during the past week for the benefit of shoppers.

With Christmas Day falling on Tuesday, many workers will enjoy long holiday weekends—Saturday through Tuesday. A number of offices and non-retail businesses have announced plans to be closed Monday, giving their employees an extra day for Christmas.

City and County offices and the Chamber of Commerce are among those announcing plans to be closed on Monday. City officials said there will be no garbage pickup on Dec. 24 or 25 but that the landfill will be open Monday. Those with water or sewer problems were asked to call the fire department's non-emergency number—442-3078.

Police emergencies during the weekend or holidays should be reported to the Eastland County Dispatch office—629-1728. Messages telephoned there will be turned over to patrolling Cisco police, it was reported.

The city schools turned out for the holidays at 2:30 p.m. Friday. They will resume normal operations on Monday, Jan. 7, according to

Supt. James Couch. Cisco Junior College ended the 1984-85 fall semester last Tuesday and the business office will re-open Jan. 7th with the spring semester starting a week later. Announcements concerning the college's spring semester are expected to be made soon.

The Eastland County Commissioners' Court approved the closing of courthouse offices on Monday, Dec. 24.

Local churches have been holding Christmas parties and musicals during the past week and these activities will be concluded Sunday.

The weather man has promised fair skies for the next few days.

## Chamber Of Commerce Will Close Dec. 24-25

The Chamber of Commerce office will be closed Monday, Dec. 24 and Tuesday, Dec. 25, in observance of the Christmas holidays.

## Catholic Mass Services Are Set For Area

Christmas mass services for the Catholic Church have been announced as follows: 8 p.m. Christmas Eve in Strawn, 10:30 p.m. Christmas Eve in Ranger; 8 a.m. Christmas Day in Eastland and 10:30 a.m. Christmas Day in Cisco.

NATIVITY SCENE— Probably one of the most popular nativity scenes in Cisco is located in front of the Redeemer Lutheran Church, 2090 Conrad Hilton Avenue. The nativity scene is set up each Christmas season and has been enjoyed for many years. The scene reminds everyone of the "first Christmas" and how it all began. (staff photo)

CHRISTMAS DECORATIONS— The above is probably one of the most extensive and prettiest in Cisco. It is located at the Clifford Phippen residence, 909 W. 5th. In order to really pay attention to the details of the scenery and see what

is all there, persons are to drive by slowly, or maybe even stop, and look carefully. There are many different Christmas scenes and the entire set-up is remarkable. (staff photo)

## RANGER

The First Baptist Church of Ranger invites the public to a Christmas Candlelight Service on Sunday, Dec. 23, 6 p.m. Various groups within the Church will present music and skits for the occasion. A special offering of canned goods will be taken for the Ranger Ministerial Alliance Food Closet. All are urged to come out and share this service.

The Ranger Garden Club has chosen the winners in the Decorated Homes project. There were many beautiful homes, and the choice was indeed difficult. But the Judges picked the Clarence King home, 628 Pine, as First, the Jim Nash home, 426 Pine, as Second, and the Alfred Bush home, T.P. Camp, as third. There were 10 Honorable Mentions among all the festive places visited.

Mario Avila, Jr., age 14, will be attended the Baseball School at Boca Raton, Florida during the two weeks of Christmas vacation. The school is the largest of its kind in the Country and is considered to have the finest instructional program in the United States. Avila was invited to the School in the summer of 1983, but was unable to attend because of previous commitments to his local team.

Caprice Scott, daughter of the Joe Scotts, is visiting at home during the Holidays after several months of teaching in Kenya, Africa. Miss Scott teaches English and Special Education, and gives many hours of volunteer work in an orphanage. A detailed account of her mission work will be forthcoming in the papers.

## CISCO

Christmas parties, Open Houses, and Musical Programs in the Churches continue to celebrate the Holidays in Cisco. Climaxing a community-wide effort, the Goodfellows are arranging to deliver food baskets on Saturday, Dec. 22. This first year of the organization in Cisco brought out a good response. A number of baskets will make the Holidays brighter for local people.

Area lakes and ponds gained new water as approx. 2 inches of rain fell around Cisco. It has been estimated that the rains since last October have brought a full year's supply of water into Lake Cisco. It is hoped that the Battle Creek Station will be operating soon, bringing more water into the Lake. City Manager Mike Moore reports that Lake Bernie is full and spilling into the creek connecting it to Lake Cisco.

A former Cisco area man, Ray Hollis, has written a book called "Wreckin' Texas". Mr. Hollis and Sam Pendergrast, a long-time Texas newspaper Editor and publisher, have worked together on this book. It tells of Hollis' explosive career as a demolisher of condemned structure in Abilene, Fort Worth, Eastland County and other places. The book is on sale at the Cisco Press for \$13.95.

## EASTLAND

The City of Eastland has annexed the right-of-way along I-20 from Highway 6 to F.M. Rd. 570. City Commissioners also approved the annexation of Highway 80 from the west edge of Eastland to the east edge of town. Commissioners will finalize their actions when a survey of these acres is completed.

City commissioners voted to raise water, sewer and garbage rates as of March 1, 1985 to customers living outside the city limits. Water rates will be raised to \$12 for the first 3,000 gallons, sewer to \$6 and garbage to \$8. Persons living inside the city limits will not have their rates increased.

The Depot Restaurant has corrected the Eastland population figure posted on its building to 5,100, and the Eastland

Telegram has done the same on its masthead. The Chamber of Commerce is updating its community profile material, and will also show the corrected 5,100 figure.

Dayton Hall, Probation officer for Eastland County, is moving to Livingston, where he will be Chief Probation Officer. Hall and his family have lived in Eastland for more than a year, and state that they regret leaving the friendly people here.

Do take time to drive to beautiful downtown Eastland these nights and look at the stunning display of lights around the square. The Courthouse is a landmark for the season, and the stores are decked out with brilliant arrangements. There is sparkle and glitter all around the town, actually; up Seaman Street and around in various residential areas. Be glad that people take the time to put out these bright symbols of a joyful season.

## RISING STAR

The First United Methodist Church of Rising Star will have a Christmas Candlelighting Service at the Church at 5:30 p.m. on Sunday, Dec. 23. The Service will include special music interspersed with readings of the Christmas story from the gospels. It is the hope of the Church that this will become a new family tradition for everyone. Please bring your whole family and out-of-town guests and join in this service.

## County Stock Show Validation Dates Set

4-H'ers and FFA'ers with livestock project take notes. The final validation dates have been set. All market animals (steers, lambs, barrows) have to be validated to show at the County Livestock Show, March 13-16. Only market animals need to be validated. The last possible date to have your animal validated is January 10, 1985, don't wait till the last minute! The dates set:

CARBON - December 29, 1984, at the school starting at 10:00 a.m.

CISCO - January 4, 1985, at the High School Ag Farm at

9:00 a.m.

GORMAN - January 9 and 10, 1985

Eastland have their animals about half done, Ranger is about done, and so is Rising Star. If you are wondering about getting your animal validated or can't make these dates, please call the County Extension Office (Paul Brown) 629-1093. Remember all market (fat) animals have to be validated by January 10, 1985, to be able to show at the County Livestock Show.

MERRY 4-H CHRISTMAS!!!!

## 4-H Report...

50 attended 4-H Christmas Party. The 4-H countywide Christmas Party was sponsored by the Eastland County 4-H Adult Leaders Association. The night began with a contest of decorating

the best tree. The team that won, ate first and so forth. The night progressed with dancing and folk games. Name that Christmas Carol was played and 4-H'ers closed the evening with singing.

January begins the 4-H Clothing Project. Last year

we had over a 90% increase in participation in the project. We hope to again reach this percentage and more. January 5, 1985 will be a countywide Clothing Training for 4-H youth and adults.

The program will be conducted at the Texas Electric Reddy Room, 9:30 - 12:00 noon. There will be four sections featuring:

Allene Smith speaking on Cosmetics  
Darla Cagle on Color Selection  
Sherry Arther will demonstrate hair styles and accessories

Laura Cox will present modeling

Each speaker will provide a 30 minute presentation. Some will involve the audience. This will be an excellent opportunity for all 4-H'ers boys and girls. So you'll come!

Sunday,

## C.J.C. Spring Registration January 10, 11

Cisco Junior College is making preparations to begin its 1985 spring semester. Registration for the spring semester at the Cisco campus will be held in the Harrell Fine Arts Building from 9:00 a.m. to 12:00 noon and 1:00 p.m. to 4:00 p.m. on Thursday, January 10 and Friday, January 11. Night registration is scheduled for one night only, Thursday, January 10 from 6:00 p.m. to 8:00 p.m.

Registration is assigned by last name. It is very important that you register at the assigned time.

REGISTRATION IS ASSIGNED BY LAST NAME AS FOLLOWS:

Thursday, January 10 - K and L, 9:00 a.m. to 10:00 a.m.; I and J, 10:00 a.m. to 11:00 a.m.; G and H, 11:00 a.m. to 12:00 noon; E and F, 1:00 p.m. to 2:00 p.m.; C and D, 2:00 p.m. to 3:00 p.m.; A and B, 3:00 p.m. to 4:00 p.m.  
Friday, January 11 - R and S, 9:00 a.m. to 10:00 a.m.; O/P and Q, 10:00 a.m. to 11:00 a.m.; M/M and N, 11:00 a.m. to 12:00 noon; V and W, 1:00 p.m. to 2:00 p.m.; T and U, 2:00 p.m. to 3:00 p.m.; X/Y and Z, 3:00 p.m. to 4:00 p.m.

Dormitories will open at 2:00 p.m. on Wednesday, January 9. The cafeteria will open at 7:00 a.m. on Thursday, January 10.

Classes will begin January 14 at all locations, but late registration will continue through January 23 during regular office hours (8:00 a.m. to 4:00 p.m.) at the Registrar's office on the Cisco campus.

Registration for the Abilene campus is scheduled for Monday, January 7 and

Tuesday, January 8 from 9:00 a.m. to 4:00 p.m. and 6:00 p.m. to 8:00 p.m. at the Abilene Educational Center located in Westgate Mall.

Registration for the Clyde campus will be held Wednesday, January 9 from 9:00 a.m. to 4:00 p.m. and 6 to 8 p.m. at the new facility of the Clyde Educational Center

located on I-20, Exit 299 in Clyde.

For more information, call the appropriate campus at one of the following numbers: Cisco - (817) 442-2567; Clyde - (915) 893-5876; Abilene - (915) 698-2212.

## Graduates Awarded Tarleton Degrees

Degrees were awarded to a total of 198 graduates in commencement exercises held Sunday, Dec. 16 at Tarleton State University. The number included 38 Master's degrees and 160 undergraduate degrees.

J. Louis Evans, former Director of Information at TSU, was speaker for the winter commencement which was held in Wisdom Gymnasium. Evans was associated with the university in various capacities for over 20 years and served for many years as Executive Secretary of the Tarleton Alumni Association. He retired last August.

W.C. Lancaster, Vice Chancellor for Budget and Human Resources, attended the commencement bringing greetings from the Texas A&M University System. Tarleton President Dr. Barry B. Thompson and Vice President for Academic Affairs Dr. Robert Fain conferred

the degrees on the candidates.

Among the graduates were 21 honor graduates.

Area graduates included the following:

Carbon - James Craig Wood, BS, Agri-Business.

Cisco - Betty Moore Burton, BS, Elementary Education, and Johnny Paul McCaghren, BS, Animal Science.

Eastland - Nida Ann Bennett, BS, Sociology, with honors; and Sidney Dale Woods, BS, Agriculture Education.

Gorman - Carol A. Beyer Ables, BA, English, with honors; Stephen L. Keith, BS, Physical Education; Sandra Jay Porter, BS, Biology; Rebecca Jo Swanner, BBA, Business Administration; and Lonnie Charles White, BS, Physical Education.

Ranger - Martha Elina Camacho, BA, English.

## Windfall Profit Tax Exemption Increases On Jan. 1

Royalty owners become eligible for an increased Windfall Tax Exemption on Jan. 1, 1985 - from two barrels a day to three barrels of crude.

Jim Burton, consulting manager of Ernst and Whinney, experts on oil taxation, on new paperwork is required in most cases.

In some cases, however, additional information may be prudent. A royalty owner may need to file an additional property in order to increase that exemption to the new maximum of three barrels per day.

In such a situation, Burton says, "It would be prudent to revoke the original 6783, using B part of the form, and file a new 6783 under part A." IRS form 6783 is titled "Qualified Royalty Owner's Exemption Certificate."

Although the form may be filed at any time, revoked, changed or filed at the end of the year, Ernst and Whinney advises that the royalty owner file at the end of 1985. This allows the tax preparer to apply the exemption to the property where the tax is highest.

## Christmases Past...

A mother lifts her daughter to place the crowning touch, a small flag, on this family's tree. Printed in German-language publication, the engraving's description translates to read: "From the dark green branches comes the starlike glow of glittering candles, golden nuts, twinkling paper chains of silver and gold, and colorful ornaments." (Deutsch Amerikanischer Volks Kalender, Victoria, Texas, 1892.)

CHRISTMAS TREES ARE PLENTIFUL in German celebrations of the holiday. Here, a hall decked for a municipal Yuletide feast in 19th century Germany. Illustration: New York Public Library Picture Collection.

The family patriarch passes out gifts to his brood on Christmas morning as he picks the presents off the tree. Gifts were once hung on the tree, rather than piled underneath, before brightly colored paper was available to wrap them in. (Harper's Weekly, Dec. 25, 1858)

Christmas has long been a special time for children as they anxiously await the coming of Santa Claus and his sleigh filled with goodies. These two youngsters, Rogert Martin and Eloise Jones, didn't pass up their chance to perch on Santa's knee. St. Nicholas, the legendary jolly soul who comes laden with gifts for good boys and girls, is a contribution of the Dutch. Santa's

arrival in Texas, however, was courtesy of the Germans, who had borrowed the legend centuries earlier from their neighbors in Holland. The German Santa Claus didn't get about in a sleigh pulled by reindeer, however, Settlers from Sweden brought that particular legend to Texas. (Photo courtesy of The Institute of Texan Cultures, San Antonio Light Collection, ca. 1930.)

Texans can thank German immigrants to the state for introducing the practice of holiday tree trimming. Settlers in Prince Solms Braunfels' colony spent most of Christmas Eve 1845, their first Christmas in the state, decorating native cedar trees. The idea quickly spread and was

quite common by the early 1900s, about the time when Emmie and Ella Curry posed for this Christmas portrait. (Photo courtesy of The Institute of Texan Cultures, Elizabeth Koch Collection, ca. 1902.)

## Labor of Love

Few of the Nation's millions of construction workers can claim as exciting — and unique — a job as these men who are currently restoring the Statue of Liberty. Wielding their power tools high above New York Harbor, these craftsmen have a vantage point of the Statue that was last seen by their counterparts a hundred years ago. The restoration project is scheduled to be completed by the Statue's 100th birthday in 1986, and as an official supplier, Black & Decker is providing the power tools and accessories needed for the job. The company will also assist in developing new techniques to meet the special needs of the restoration effort and is planning promotions that will enable individual users of Black & Decker power tools to have a donation made in their name.

**SEEDS FROM THE SOWER**  
By Michael A. Guido, Metter, Georgia

Gold is worshipped more than God. But the command of Psalm 45:11, "He is thy Lord, worship Him." The word "worship" means to bow down. Its signification is to respect and adore. But it can be illustrated by the word submission.

It is submission to the Kingship of Christ. When the wise men came to the Newborn King they "fell down, and worshipped Him, and presented unto Him gifts"—Matthew 2:11. When we worship Him as King we will not withhold a thing.

It is submission to His cleansing. When the leper came to Him, he "worshipped Him, saying, 'Lord, if Thou wilt, Thou canst

make me clean'"—Matthew 8:2. Well may we be humbled for sin, but we need not be hopeless in sin. He is a complete Saviour. He not only cleanses from the effect of sin but also the cause of sin.

It is submission to His capability. When a ruler came to Him, He "worshipped Him, saying, 'My daughter is dead: but come and lay Thy hand upon her, and she shall live'"—Matthew 9:18. He took her by the hand and she was well again. Obedience to His power goes before the operation of His power. The limitless resources of Christ meet the endless requests of the worshippers of Christ. Do you worship Christ?

## HERE'S THE BEEF!!

## Newspapers Deliver Audiences Of All Ages

Texans of all ages are frequent readers of the local newspaper. Did you know that the majority of Texans read newspapers?

Age	Percent Reading
25-34	69%
35-49	74.3%
50-64	72.6%
65-plus	68.5%

To reach Texans of all ages, choose newspapers every time!

Read By The Entire Family

# A Christmas To Remember

Compiled by Viola Payne

While collecting Christmas memories from some of the Eastland County Newspapers staff I began to realize how many memories do revolve around Christmas.

It appears that this celebration is so entwined in our culture that each Christmas becomes symbolic to us of what is really going on in our lives.

I don't remember ever having a "bad" Christmas, thank Heaven. Regardless of the circumstances around me, Christmas always a bright oasis.

So it was for H.V. O'Brien, our Eastland Editor and publisher of the Eastland County Newspapers.

"A special Christmas I remember," he says, "was Christmas of 1944.

"It had been a bleak fall that year, with the accidental death of our dad in October. It was still World War II time, so for a 12 yr. old boy in Carbon it didn't look bright.

"But my recently-widowed mother and caring brothers and sisters were determined that it would be. They obviously pooled their meager resources and went to Western Auto. On Christmas Eve they arranged for Lee Fields, complete with Santa suit, to peddle the Wester Flyer into the family gathering - to a much-surprised and delighted youngster."

Julia Worthy, columnist, writer, and one of the Pizza House owners, spent that day in 1944 in a little different fashion. In fact, she spent it in a different fashion from what she and sister Lu had hoped to spend it!

For these Ballard daughters, who lived with their parents near Moran, had one request for Christmas - they wanted to spend it at their own house.

This they had never done. Although Julia was out of college and teaching school at Moran, and Lu was a senior in high school, they had never had a dinner and tree at home.

They always went back to the home of Grandmammy and Granddaddy Ballard near Goldthwaite, their mother's parents. Their mother and fathers families were related, and their father always enjoyed visiting with this branch of the Ballards too.

But, Julia and Lu talked to the folks, pleading for on Christmas at home.

"Mamma had agreed," Julia says. "By Christmas morning we had the place all decorated up - popcorn strung everywhere. We had a big dinner all fixed and on the stove. It was raining outside - total misery.

"But just as we were congratulating ourselves for arranging this day at home, Lu and I saw Mamma and Poppa sitting by the fireplace, looking like sick chickens.

"Finally one said, in a forlorn way, 'Let's go see Grandmammy and Granddaddy'."

"Lu and I finally agreed, although we really didn't

want to. So three big people and one moderate-sized person squeezed in to a coupe, with food and all our Christmas stuff in the back. We headed for the old home place at Goldthwaite, and it rained all the way there.

Christmas was spent, as usual, with the grandparents and six bachelor uncles, three on my mother's side, and three of my father's brothers who came over to spend the day. We actually enjoyed them - we were just wanting a little change!

When we finally got home, those popcorn decorations were still waiting in the cold."

Ted Rogers, production supervisor for Eastland County Newspapers, remembers a lot of visiting with his grandparents at Christmas too.

Ted, the son of L.F. Rogers, lived in the Necessity community when a child. It was the late 1920's, and his father worked for an oil company.

His grandparents, the J.B. Rogers of Breckenridge, had some great family gatherings.

Ted remembers one special Christmas, not only for the wonderful home cooked food, but the heaviest snowfall he ever saw in this area.

The Rogers had their usual big gathering in Breckenridge, with about six families meeting together. After a big dinner and a lot of visiting, the L.F. Rogers family went back to Necessity. That night, Ted says a 10 inch snowfall came and covered everything.

"It was sure pretty. As you can guess, we had a lot of fun playing in the snow on Christmas day. I've never seen a larger one since."

J.W. Sitton, newspaperman, columnist, writer, remembers a certain World War II Christmas quite vividly. On Dec. 24, 1943, Sitton, a young Naval Officer, was on a flight from San Diego back to Olathe, Kansas, where he was stationed.

His wife, Dorcas, and children were waiting for him there - with a tree, presents, and a Christmas dinner.

The transport plane had a big load of passengers and cargo, and all went well until it reached Amarillo. There, a freezing rain was falling, and the plane was grounded right at the airbase. So there Sitton spent the night, right when he had hoped to have some time with his family.

But he was really thankful on Christmas day when the rain let up and the plane could take off from the base. He reached Olathe in the late afternoon, and found that Christmas dinner was still waiting for him. It tasted good, too.

"I believe that the prayers of a dear friend and neighbor helped pull me through a bad situation," says Wanda Hallmark, who is on the office staff at the Cisco Press. "I will never forget that Christmas of 1976. We were living at Allen, Texas, north of Dallas. I had four

children, with the twins eight years old and the youngest child four.

"Two weeks before Christmas my first husband left the family. I was left with no money, and all bills due. I had a broken foot in a cast - I was not working. There was not one present in the house for the children's Christmas.

"I called my next door neighbor, and first she prayed. I was not a Christian then - I thought this was not really important.

"But after that I was impressed to try something. I knew I would have to get out and go to work, so I sat in the bathtub with my foot, and we sawed off the cast.

"A lady across the street told me of a job in Dallas, and I went out and got it. I had to stand on my feet sorting the right kind of income tax forms. I wore tight shoes to hold my foot in place.

"My friend kept the children each day and fed them. Her sister-in-law went out and bought the children Christmas presents. My family was planning to meet at Altus, Oklahoma, and when they heard what had happened they sent money for me to make the trip.

"There's no way to say what that meant to us. All their love and concern for us made Christmas day so much better than I had thought it would be.

"I kept my job in Allen for eight months, then I moved with my children to Cisco. And that is the best move I ever made!

"I am telling this story to encourage someone else who may be having a hard time this Christmas. Things can sometimes turn out much better than you think possible with God's help."

## Gordon Spot County Extension Agent

DeMarquis Gordon

A new pecan variety has just been released by the W.R. Poage Pecan Field Station at Brownwood. The new variety, Pawnee, was developed through their pecan breeding program for commercial and home planting.

The Pawnee is a selection from a Mowhawk and Starking Hardy Giant cross made in 1963 at Brownwood. It takes a long time to breed and develop a new pecan variety. A bud from the resulting seedling was propagated to a large tree in 1964, and fruited in 1969. Scionwood or graft wood was distributed to cooperating growers for testing over a wide area beginning in 1978.

As a young tree, Pawnee grows very fast, often producing long unbranched limbs. The trees later branch well, fruit throughout the trees, and have strong branch angles.

Early data indicate that this variety bears early and heavy. Pawnee produced 2,700 pounds per acre in 1983

in El Paso. One big advantage of Pawnee is that it matures very early, about September 15-30 in Eastland County. This early nut maturity possibly will contribute to the regular bearing potential of this variety, by allowing more time for replenishment of tree carbohydrate reserves in the period between nut maturity and tree dormancy.

Pawnee should have good scab resistance in this area. It has shown no or slight scab when Western Schley was severely infected. It has fair resistance to downy spot, being more resistant than Wichita, Mohawk, or Choctaw, but it is less resistant than Cheyenne.

Pawnee sheds pollen early, as does Cheyenne, Western and Desirable. It should be a good pollinator to plant with Wichita, Choctaw, Shoshoni, Tejas and other late pollen shedding varieties.

Nut quality in general is excellent, and in-shell appearance and size are good.

Kernel percentage is higher than most varieties, 50 to 50% kernel and kernel color is very good. Nuts of this variety have consistently been rated very high for suitability for the Thanksgiving and Christmas trade by industry personnel in Texas and Georgia.

Budwood and graftwood will be supplied only to nurserymen and state universities and experiment stations in 1985. Growers may purchase graftwood or budded nursery trees from nurseries in 1986 and thereafter. A list of nurseries that will have this new variety will be available later.

Pawnee is the 16th variety released by the fifty-three-year-old Brownwood pecan breeding program.

Other varieties developed by the research station are Barton (released in 1953) Comanche (1965), Choctaw and Wichita (1959), Apache and Sioux (1961), Mohawk (1965), Caddo and Shawnee (1968), Cheyenne (1970), Cherokee (1971), Chickasaw and Shoshoni (1972), Tejas (1973), and Kiowa (1976). Wichita is currently the most popular pecan variety in the world, as far as number of trees being propagated. Also, Cheyenne is recommended for planting in more states by agricultural extension personnel than any other variety. Choctaw, Kiowa, Shoshoni, Sioux, Tejas, and some others are also very popular with growers.

Eastland Outreach Ministries announced today that they will hold their Christmas Program at 6 p.m. and will hold joint services at 7:30 p.m.

349 YEARS—The ages of these three brothers and their sister add up to 349 years, most of which have been spent in Eastland County. The three brothers are fixing to celebrate birthdays. From oldest to youngest they are Grover Hastings of Pleasant Hill, who will be 92 on Jan. 13, (upper left); Clarence P. (Doc) Hastings of Eastland, who will be 88 on Dec. 25, (upper right); Bob Hastings of Carbon, who will be 87 on Feb. 4, (lower left); and Susie Hastings Hibbs of Comanche, 82. They are the surviving children of the late Mr. and Mrs. J.B. Hastings who came to Eastland County when the children were young. Mr. and Mrs. Grover Hastings, who now live in Cisco, will celebrate their 73rd wedding anniversary in January.

## engagements

LARRY ISBELL & LINDA CLODFELTER

The Rev. and Mrs. A.W. Clodfelter of Taft have announced the engagement of their daughter, Linda Gayle, to Larry Bob Isbell, son of Mr. and Mrs. Bob Glenn Isbell of Cisco.

Gayle, a graduate of Lake County High School, Tiptonville, Tenn., was graduated from Howard Payne University in 1983.

Her fiancé, graduate of Cisco High School, is presently attending HPU.

Both the bride-elect and the prospective bridegroom are employed at the Word of Faith Christian Center. The wedding is planned for 1:00 p.m. on February 23, at the Word of Faith Christian Center, Brownwood.

## Country Club Members Enjoy Dinner-Program

Some 50 members of the Cisco Country Club enjoyed a dinner and Christmas program at the club house last Tuesday night. The dinner was served in the ballroom where appropriate decorations were in place.

The menu featured a brisket roast with all the trimmings. The dinner was prepared and served by Arlie and Deborah Whitley, Brad Kimbrough, Peggy Ledbetter and Youvonne McMillan.

Entertainment was provided by the Promise Kids, a quartet of Cisco youngsters who have been singing together for the past year. The group includes Aaron Whitley, David Zell, Wendy

Wester and Tiffany Thomas. Mrs. Susan Wester, the group director, accompanied them on the piano. The assistant director is Mrs. Brenda Thomas.

The program included Christmas Carols. The Promise Kids invited three of their younger sisters and a brother to sing with them for part of the numbers. The latter group included Amy Whitley, Sarah Zell and Zachry Thomas.

Introduced as new members of the club were Steve Thomas, Dan Wester and Geep Mitcham.

driving in the alley when the brakes of his 1969 Chevy pickup locked and skidded into the fire plug, Chief Rains said. The pickup had minor damage and Smith was not hurt.

The city water department sent a crew to the scene to cut off the water and repair the damages.

Police received a report from Rex Hall, owner of the Family Recreation Center, 501 Hilton Avenue, that an attempt was made Wednesday night to break into the business. The lock on the back door was damaged, police found.

## Senior Citizens AARP Chapter Meets Dec. 20 In Corral Room

Members of the Cisco Senior Citizens Center should clip this article and put on the refrigerator door so you will be aware of the schedule for the week.

Monday, December 24—Center will be closed.

Tuesday, December 25—Center will be closed.

Wednesday, December 26—Center will be closed.

Thursday, December 27, and Friday, December 28, the Center will be open. Be sure and call 442-1557 for luncheon reservations. When you call be sure and make reservations for a friend, or a relative, who is at least 60 years of age. Close out the year by being with your friends. Birthday and anniversaries will be recognized.

Merry Christmas and a Happy New Year.

The menus for the week will be:

Thursday—Chicken fried steak/brown gravy, whipped potatoes, diced carrots, pineapple/cheese salad, cookie and jello, bread, butter and milk, baked ham, glazed yam, steamed cabbage, birthday cake, bread, butter and drink.

Friday—Smoked turkey with all the trimmings, then served. Vernon Hager gave the invocation.

The house was then called to order with Mrs. Patti Myrtle leading the pledge to the flag. Minutes of the last meeting were read and approved, and reports from the various committees were given and approved. Then all joined in singing Christmas Carols, followed by a speech by Roy Cartee, assistant State director for Texas, who installed the new officers for 1985, with counting the money from the money tree for the Endowment Fund for Hilton Mobley Restoration Project the meeting adjourned.

The Cisco Chapter of American Association of Retired Persons # 2447 met Thurs., Dec. 20, at 6:00 p.m. in the Corral Room for their last meeting of the year with Pres. O.T. Killion presiding, making the trip from Garland, Texas, where they have recently moved, to be with us one more time. We regret losing this fine couple but know assuredly, our loss is Garland's gain.

A delicious dinner of smoked turkey with all the trimmings was then served. Vernon Hager gave the invocation.

The house was then called to order with Mrs. Patti Myrtle leading the pledge to the flag. Minutes of the last meeting were read and approved, and reports from the various committees were given and approved. Then all joined in singing Christmas Carols, followed by a speech by Roy Cartee, assistant State director for Texas, who installed the new officers for 1985, with counting the money from the money tree for the Endowment Fund for Hilton Mobley Restoration Project the meeting adjourned.

Smith, an employee of Cisco Junior College, was

## Post Office Sets Hours

I want a Cabbage Patch Kid, a pink bike, easy bake oven, operation game. I love you Santa Claus

Love  
Jennifer Lynn Myers  
P.S.I really Love you Santa Claus

Dear Santa,  
I whot a walkie-talk and General Lee and the Duke Boys and knight 2000. Perry wod like a General Lee and the Duke Boys to.

Love Charlie

Dear Santa,  
Santa you have to make Christmas a merry one. you are the only one that make's Christmas come true. I think you are very nice and so does other children. Could you give me these presents. I would like a barbie doll. I would also like a great shape barbie doll. I'd also like a cabbage patch kid. I'd also like a barbie house. I'd also like a pair of skates. I'd also like a strawberry shortcake doll. I'd also like a game. I'd also like some shoes. I would also like a coat. I'd also like a Santa Claus just like you.

Love your friend,  
Nikki Chriesman.

Dear Santa,  
For Christmas I would like to receive a Cabage patch kid. And a Theodoe chipmunk. Please bring my brother a Simon chipmunk. I hope you and Mrs. Claus are both fine.

Merry christmas  
Treva Webb

This is my letter to Santa,  
Dear Santa;  
I would like for Christmas is a bike. This is how I want it to look. The bike could be long. And real tall. Please make it skinny. The bike should have red and black colors. Please put a right hand brake. Can it have foot brakes too? Second I would like is a play hamburger stand. It has ice cream cones, stackable ice cream balls, workable ice cream scoop, cups, ice cream tubs, lids, sponge, banana split dish with banana halves, sundae dish, ice cream bar and pop stick with changeable covers extra holders included to make homemade pop stick, deluxe hamburgers with lettuce tomato, hot dogs, French Fries, platic trays,

Love  
Lillian

Dear Santa Claus,  
I have been a good girl,

pop pump, hat. Made of sturdy plastic. A dol, a toy car, Some cloths. An insturment, a drum, from you.

Love  
Bridget

Dear Santa,  
I have been a very good little boy, sp for Christmas I would like to have about one hundred toys for Christmas, but I'll settle for these, a jambox, face, bigfoot, crayons, please give more presents to kids who's mothers do not have enough for their kids to have presents

From Larry

Dear Santa,  
I wood like a recording bug.

Love,  
Steven Ingram

Dear Santa,  
I want a doll and T.V. and Telephone.

Love,  
Jane Hounshell

## church services ...

### REDEEMER LUTHERAN CHURCH

Our Worship Service begins at 8:30 a.m. Pastor Schueler's message is entitled "Christmas is for Telling" based on John 1:6-8. Sunday School and Bible classes begin at 9:30 a.m. The new year-is it a time to look forward or to look back? Is it a time to be hopeful or sad? Dr. Oswald Hoffmann in christ, the new should be a time of opportunity, a time to look forward-not with fear but with faith, enthusiasm, and trust in god's promise of a future in eternity with Him." Hear the message, "Fear, Faith and the

Future" next Sunday on radio station KCLW at 8:00 a.m. and at 12:35 on KWFT. Tonight our Sunday School has their worship service with a children's program at 7:00 p.m. Christmas Day we will worship at 8:30 a.m. Wednesday, Dec. 26th, is Cisco Care Center, at 10:00 a.m. No Jesus Friends till school resumes. Thursday, Dec. 27th, is council meeting at 7:00 p.m. There will be a New Years worship service at 10:30 a.m. New Years Day.

### Birthdays Church Holds Yule Supper

We salute the following Ciscoans who will celebrate birthdays this week.

December 23-- Bruce Sitton and Carl Kleiner.

December 24-- Sutton Crofts and Ted Rogers.

December 25-- No listing.

December 26-- Sam Blackwell, Hubert Kennedy and Wayne Carlile.

December 27-- Jack Sandefer.

December 28-- No listing.

December 29-- Alice Lopez, Larry Warren and Vandell Weathers.

The following couples will celebrate anniversaries this week. Mr. and Mrs. Robert Galle; December 23; Mr. and Mrs. Robert Kamon, December 25; Jamil and Nolan Latham, December 26; Mr. and Mrs. Walter Laminack, December 27; and Mr. and Mrs. Rodney Riff, December 28.

### At Restaurant

The Christian Lighthouse Church held their Christmas supper at The Spot Restaurant Wednesday, Dec. 19, at 6 p.m.

There was a very large group of people present. Mark Ewalt read the Eulogy and led everyone in prayer.

The tables were arranged in a Christmas setting with candles burning of red, blue and green.

The meal was nicely arranged on the plate. The dinner was made up of three courses: salad, dinner and dessert. The dinner was enjoyed very much by everyone.

The service of the two waitresses Adele Seabourn and Sandy Agnew was very pleasant and well done.

### Assemblies Of God Are Sponsoring Evangelism

New Church Evangelism

is a new program sponsored by the Assemblies of God that is starting a little over one church a day throughout the entire United States. It is a program that unites churches in their evangelistic efforts by pooling funds and appointing men to various areas to begin new churches.

Reverend Rocco Farina, a pastor for eighteen years with the Assemblies of God, is now appointed to begin a work in the Hawaii Kai area, a suburb of Honolulu, Hawaii. Reverend Farina has pastored throughout the states of Wisconsin, Minnesota, and Illinois, but the Hawaii Project, he says, is the greatest challenge of his ministry. Come and hear about it at the Light House Church, 611 East 8th, Cisco. The Light House Church cordially invites you to the service to hear Reverend Farina present his challenge of Hawaii and also, share the Word of God on December 23, beginning at 10:00 a.m. and 6:00 p.m. The public is cordially invited to attend.

### Wayne Pryor Is Back Home

Wayne Pryor is happy to be home again. He and his mother invite all friends and relatives to come by and visit with him at 801 West 6th Street, Cisco. Although he is confined to a wheelchair, after four months therapy at Baylor Institute for Rehabilitation in Dallas, he can do for himself and is looking forward to hopefully returning to work in the very near future.

Wayne wishes to express his thanks to everyone that has been so kind and thoughtful, for all the cards, calls and visits during his hospital stay. May God bless you and a Merry Christmas to all.

## From the... GREATER MOUNTAIN TOP PENTECOSTAL CHURCH (U.P.C.)

(10 Miles So. of Cisco on Hwy. 183)

## Eastland County Residents

From the Pastor...

I invite you to join us in worship this year. Join the multitudes of people who come through our doors week after week finding peace, joy, and the answer to the problems that life presents. A church that believes in miracles, divine healing, the baptism of the Holy Spirit, and exalts JESUS AS THE MIGHTY GOD.

It is "old fashioned religion" in all modern facilities! Gospel singing is featured each week. With our two preaching services on Sunday, Bible Study on Wednesday night, and Friday Family Night, your family will be blessed.

# People n Things

BEFORE YOU get too critical of the weather, which has been cloudy and drizzly but not too cold during the past few days, remember the situation a year ago. Our community was in the grip of a cold and icy wave that set new records - 17 days of continuous freezing temperatures with a low reading of seven degrees. Long range forecasters predict fair weather for Christmas. We're also supposed to have a fairly mild winter - wetter than usual.

LOCAL FOLKS are having a good Christmas if the post office is a barometer. Postmaster Wiley Cox reports that Christmas card volume has been about the same as last year but that parcel mail has been running some 15 per cent above 1983.

"We're on the down grade after Thursday," the postmaster said. "Wednesday and Thursday were real big parcel delivery days."

BEFORE THE season ends, drive out Avenue I and notice the very novel decora-

tions in the yard at the Carl Kleiner home - 1400 Avenue L. They've used fireplace wood to make reindeer. And the reins are light streamers that run from the deer to the second story of the home. Very effective, indeed.

Across the street, the Dr. Allen McGinnesses have a nice yard scene. And, of course, Kamon House is just across the street to the north with more nice decorations... Understand Robert Kamon, who has been business visiting in Australia, has advised home folks that he expects to be home December 24th - in time to hang up his Christmas stocking.

OUT ON PARK Drive, the home of Mayor Eris Ritchie and family stands out these nights. In addition to other lights and decorations they have a huge star atop the house... The Christmas tree in the picture window of the Dr. C.M. Cleveland home, 1200 Bliss, is very attractive indeed... Hear that Mr. and Mrs. Ronnie Hearne have purchased the home at 1309 Bliss. He's the CJC Lady Wrangler basketball coach.

MISS HELEN Crawford of

The Allen McGinness Home

The Carl Kleiner Home

and grain crops. It has been too wet... Robert and Leisa Miller and three children of Plainview were due in town this weekend to visit in the home of Mrs. Miller's parents, the Ed Bradshaws. They planned to spend Christmas in College Station with Mr. Miller's parents.

THE BIG Russell Newman Company plant observed Thursday as their Christmas Day. The Traditions Restaurant catered a dinner for all employees at noon. Gifts were distributed from an attractive tree and a program was enjoyed.

The plant closed after the regular business day Friday and will re-open Jan. 2nd.

BAND DIRECTOR Tim Jones of CJC has been playing with an orchestra for holiday season parties and he's scheduled to play with one New Year's Eve night over Abilene way. And Tim will probably be a member of the Rehab Orchestra again next month when the big benefit program is staged for the West Texas Rehabilitation Center... The Cisco Child Care Center's board of directors met the other day. And they'd like you to know that Southern TV Antenna Systems has been donating free cable ser-

vice to the center so the little folks can have quality television. As you know, somebody stole their tv set recently. When word got out, two sets were offered and one accepted. And a lady volunteered to make a sizeable contribution and to take up a collection to buy them one.

HATS OFF TO Mr. Dana Morrison and the Cisco Inn and Steak House. They picked up the tab when some 50 members of the Chamber of Commerce ate breakfast out there for a special meeting last Wednesday morning.

The breakfast was super, featuring a menu of pancakes, scrambled eggs with bacon or sausage or ham, hash brown potatoes, biscuits and gravy and toast. They've rearranged their menu and prices are attractive.

CofC officials and members expressed their appreciation.

ONE OF OUR scouts report seeing iris in bloom out at the Elite Beauty Shop... Dr. Tim Boersma tells us that he and his family are well pleased with their reception in Cisco. They moved here early in the year. The Boersmas may visit her folks in Lawton, Okla., during the holidays... Another scout report says that Bill McKinnon of the Hendrick Medical Development Corporation staff, which includes helping supervise management of hospitals like Cisco's E.L. Graham Memorial Hospital, has resigned his Abilene post to accept a job as administrator of Trout Hospital, a unit of the Baylor Hospital complex in Big D. There's to be a reception for Bill and wife Marcia on Jan. 4th at Hendrick Hospital in Abilene. Mrs. McKinnon, you know, is the daughter of John and Peggy McDaniel and she lived in Cisco a number of years.

A HOLIDAY Brunch was enjoyed by a goodly number of Cisco ladies out at the Jammie Fry home (Harrell Hill, old Abilene Highway) last Wednesday. Hostesses were Medames Arlene Fry, Ruth Heidenheimer, Yvonne McMillan, Marjorie Mitcham, Jo Montgomery and Ginny Page... That light string thing in the tree at the Eddie McMillan home on Front Street these Christmas season nights is a Christmas abstract in lighting created by Eddie, we're advised... The catered

dinner at the Cisco Country Club last Tuesday night was very nice, indeed, everybody agreed. Especially super was the Christmas musical program presented by a group of youngsters, the Promise Kids, directed by Susan Wester. And the brisket that was the menu feature was super - Brad Kimbrough, chef... Understand the Cisco Civic League is planning a New Year's Eve party at the CCC. Tickets are available from members.

THE OWEN Kings, who live out next to the airport, were expecting their two daughters and husbands and four grandchildren for Christmas... Lucy Collier won't be going to Waco to keep grandchildren while Dr. and Mrs. Robert Stone go to the Holy Land until after Christmas. She's expecting the Stones and sons Jake and Tommy Collier and families here for Christmas... The Eldon Andersons were expecting her two brothers, Col. Melvin Lawson of Washington, D.C., and Victor Lawson of Refugio, and their wives here for Christmas.

LITTLE CLAY Bacon, two-year old son of Truman and Nancy Bacon, was visiting his grandparents, the Bill Hesters, out at the Colony Restaurant last Wednesday noon. He likes music and when he heard members of the Cisco Lions Club singing, he opened the dining room door and went in to join the festivities.

Clay was given a chair and he stayed through a good part of the meeting, seeming to enjoy everything. He let out a mild squawk when his granddad, who had missed him, came in and took him away.

Bet Clay has a nice Christmas. AND AS Jasper Cook says: "I have to be off to the zoo now - I've got to pick up some Christmas seals." Feliz Navidad, you all!

## Promise Kids

## To Carol

## Christmas Eve

The Promise Kids will be caroling Christmas eve and anyone wishing caroling at their home, please call 442-2560 or 442-2237.

## Obituaries

## Services For Dollie Wilson Are Friday

Graveside services for Dollie Lee Wilson of Cisco, a retired oil company employee, were at 10 a.m. Friday at Ross Cemetery in Baird, directed by Kimbrough Funeral Home of Cisco. Officiating was the Rev. Frank Williams, pastor of Cisco First United Methodist Church.

Miss Wilson died at 3:02 p.m. at E.L. Graham Memorial Hospital after a short illness. Born in Putnam, she lived most of her life in Fort Worth. She was a retired employee of Stanford Oil and a member of First United Methodist Church in Fort Worth.

Survivors include three nieces, Dollie Osburn Davis, Gwendolyn George and Lucille Nicklas, all of Cisco; and two nephews, Wilson Jensen of Fort Worth and Gerald Jensen of Imperial, Calif.

our town will go to Perryton for Christmas this year - like she has every year since 1960 - with relatives... Met up with the R.H. (Dick) Cuttings of Lake Leon in town the other day. All's well at their home, they reported... The Joe Philipotts are expecting daughters Mary Kay and Amie home for Christmas... Mrs. Lois Whitaker went over to Tarleton State University's commencement the other night. Grandson Scott

Whitaker of Big D got his diploma... Christmas lights are nice at the Mike Anderson home out on the old Abilene highway.

THERE WILL probably be an announcement any day about the Moran National Bank's plans to double the size of their building. Our scouts report that Steve Cozart, Cisco contractor, has been awarded the construction contract for same... Mr. Stanley Sharpe of Houston,

long-time employee of Amoco, is expected for a holiday season visit with home folks. He recently was transferred back to the USofA by his company after helping head up their North Shore oil development program off Sweden.

THE LEE Wallace family was due to arrive in Cisco this weekend for a Christmas season vacation visit. Lee is the son of Mrs. Forbes Wallace and his wife Lynn is the daughter of the Marshall Joneses. Mrs. W.W. Wallace of Cisco, Lee's grandmother, who has been visiting them in Fayetteville, N.C., was returning to Cisco with the Lee Wallaces... Farmer Willis Parker reports that a number of his neighbors south of town still haven't finished harvesting peanuts

**IN THE INTEREST OF SERVING THIS AREA, JIM CALDWELL BRINGS YOU THESE IMPORTANT MONEY-SAVING ARTICLES:**

Before students are permitted behind the wheel in one driver-ed program, the teacher makes each youngster write a will. Awareness of mortality makes them more careful, he says.

Don't try to jump-start or charge a frozen battery. There is danger of explosion from sparks near the vent holes. Bring the frozen battery indoors to thaw it.

If your car drifts to one side on a straight and level road, the wheel may need realignment. Don't wait until abnormal tire wear shows the need for the repair.

Check tire pressure. Overinflated tires can wear out faster in the center. Underinflated tires wear prematurely on the outside. Neither is safe.

Your car will last longer if oil-and-oil filter-are changed even more frequently than your owner's manual recommends.

**New-Used Cars**  
 Get the car that will give you years of good service at JIM CALDWELL MOTORS, 314 W. Main, Eastland, 629-2636. Our cars are built to last.

**Auto Repair**

# Oil Instruments

Sunday, December 23, 1984

Thursday, December 27, 1984

Snow Oil Co. is preparing to drill another 4,000-ft. developmental well in Eastland County, this time in the Lake Leon Field, three miles east of Eastland. The operation will be in a 120-acre lease in the McLennan CSL No. 3 and No. 4 Survey, A-367. The well's target is production in the Duffer Formation.

Operating out of Fort Worth, Southeastern Resources has staked location for the No. 1 E.B. Field and the No. 1 G. Humphreys, two developmental wells in the Eastland Regular Field. With projected total depth of 3,600 feet each, the Field well is in a 160-acre lease in Eastland County's Joseph Rubarth No. 100 Survey, A-417, seven miles south of Carbon. The Humphreys well is in a 160-acre lease in the J. Humphreys Survey, A-158, five miles southeast of Carbon.

Sun Country Drilling & Exploration Co. of Mineral Wells is preparing to drill a 3,500-ft. developmental well in Eastland County, nine miles northeast of Rising Star. The venture is in the Eastland Regular Field. The operator has 168 acres under lease with drillsite in the Joseph Rubarth No. 100 Survey, A-417. The well will be known as the No. 3 Whiteside "A".

Eastland-based Wayne Turney Oil Co. has filed for permit to drill the No. 1 Schaefer, a wildcat in Eastland County, one mile east of Nimrod. With total depth projected to 3,000 feet, the well will be drilled in a 40-acre lease, H&TC Survey, A-172.

A 1,450-ft. wildcat is planned by Voorhees-Campbell of Abilene at a location three miles northeast of Romney, Eastland County. The well will be spudded in a 177-acre lease in the H&TC Survey, A-165. The well will be known as the No. 1 Mangum.

The Stephens Regular Field gained a new production when the No. 138 Eliasville (Caddo) Unit was finalized by Sun Exploration & Production Co.

Located four miles northwest of Ivan, the well pumped 120 barrels of 39-gravity oil with 306 barrels water per day. It was taken to a total depth of 3,435 feet and will produce from a

set of perforations in the Caddo Formation at 3,255 to 3,308 feet.

The operation is in the SPRR Survey, Stephens County.

At the same location, this time in the BBB&C Survey, Sun Exploration & Production Co. has completed the No. 24 West Eliasville (Caddo) Unit in the Stephens Regular Field.

The well pumped four barrels of 43-gravity oil per day with 628 barrels water. It was drilled to a 3,300-ft. total depth and will produce from a set of Caddo Formation perforations 3,190 to 3,210 feet into the hole.

The No. 4 M.A. Elliott has been labeled as a dry hole by Hoyt F. Casteel at a location three miles northwest of Crystal Falls. The well had been spudded on March 24, 1984. It was located in the Albert Sidney Johnson No. 56 Survey, Stephens County and had reached 5,300 feet total drilling depth.

An unsuccessful developmental well has been written off as a dry hole in Stephens County's Southwest Bowler Field, four miles northwest of Crystal Falls. The well probed to a dry bottom at 4,472 feet total depth. ENE Royal Corp. was the operator. The well had

been designated as the No. 3A Harbison.

Houston-based Auburn Oil Co. has filed for permit to drill the No. 1-B Trammell "B" in the Stephens Regular Field, three miles south of Eolian. With total depth projected to 4,500 feet, the well will be drilled in a 160-acre lease in the T&E Survey, Stephens County.

A 3,400-ft. developmental well is planned by Breck Operating Co. of Breckenridge at a location in the Breckenridge Townsite, Stephens County. The well will be spudded in a 13-acre lease in the LAL Survey and will be known as the No. 1 Block 40 Unit.

The No. 5 Morse is scheduled to be drilled in Stephens County, three miles southeast of Necessity. Thomas C. Canan will be the operator. The wildcat venture will be situated in a 251 acre lease in the T&E Survey. It carries permit for 4,300 feet maximum depth.

Operating out of Graham, Piranha Production Co. has staked location for the No. 9 Fannie Young "A", a wildcat well in Stephens County, three miles north of Ivan. With projected total depth of 4,600 feet, the venture is in a 320-acre lease in the TE&L Survey.

An undrilled location has been abandoned by Gwelco Production Co. in Stephens County. The wildcat try was to have been spudded two miles west of Ivan. It was designated as the No. 1 Ruby Davis.

CONTEMPORARY PATCHWORK QUILTS

The medium is the message - as you can see in these 31 beautiful full-color quilts that reflect our life today. Discover how to make "Solar Energy," "Save the Whales," "Born Again," "No Deposit No Return," "Red Tape," "Morning Coffee," "Dieter's Fruit Plate" and many other contemporary quilts. Designed by Connie Major, who was inspired by today's themes exactly as our ancestors were when they created "The Little Red Schoolhouse" and "Log Cabin." The book is a unique masterpiece.

Fully half the book is devoted to techniques presented so simply even a beginner can understand (templates, yardage, piecing, etc.) plus easy-to-follow plans and patterns for each of the 31 new quilts. Best of all, every technique and pattern described is illustrated by clear diagrams along with full-color photos of every completed quilt. If you want to personalize the quilts you make or design your own contemporary quilts, the author reveals her secrets of design that anyone can master. She offers tips galore on how to design quilts for lawyers, musicians, sports fans, do-it-yourselfers and others, always explaining how to chart repeat patterns to form a design.

So don't delay, create the heirlooms of tomorrow... today—with CONTEMPORARY PATCHWORK QUILTS.

TO ORDER: Send your name, address, zip code and \$8.95 plus \$1.25 postage and handling to American Melody, 123 South Street, Oyster Bay, NY 11771. N.Y. residents add appropriate sales tax. Please print clearly.  
SAVE! Order two for \$17.00 plus \$1.90 postage and handling.

# Fishing Report

Terry L. Wilson

A relatively new member with only 3 years membership in our organization was our 3rd place finisher this year in our top five anglers. Don Flowers from Lake Leon, exemplifies how a little hard work and dedication can pay off. Lets visit with Don and see how he was able to place their this year.

Q: On which lake do you prefer to fish in competition and why?

Don: Living on Lake Leon has given me the opportunity to learn the lake structure quite well, and of course being at lakeside I spend alot of time fishing.

Q: In your opinion, give the ideal conditions for bass fishing.

Don: I would have to choose late fall to early spring as the ideal time. Primarily because larger fish are caught during this time. I try to fish between cold front's when the wind is out of the southwest and

temperatures are between 55° and 70° I concentrate on 2' to 8' of water at these times.

Q: If you could use only 2 baits what would these be?

Don: May favorite bait is a black and green lizard which I double. Second would have to be a chartreuse and white spinner bait because of the many ways a spinner can be used.

Q: Describe your most memorable fishing tip.

Don: I would have to say a trip to Proctor during a club tournament. I took my family and neighbors for a weekend campout I was able to catch five fish on this trip and lost 2 nice fish all in the period of 2 hours.

Q: What factors do you attribute your success this year?

Don: This years success hasn't come easy. I believe by concentrating more on my dabbling and polishing this technique. Also learning

to read a lake has helped a lot, noticing contour changes and reading changes from the visible bank.

Q: What advice would you give someone wishing to improve their fishing skills?

Don: Learn to dabble! Eight out of ten tournaments I fished one of the top three places or won by dabbling either a jig and pig, worm, or a lizard.

Area lakes: Leon, bass good, crappie good, channel cats good. Try liver in the dam area for some excellent bank fishing. Cisco, bass fair, crappie good. Hubbard, bass good, crappie excellent, hybrid strippers good. Graham, bass good, crappie excellent, catfish good.

## H.S.U. To Offer Old Testament

### Introduction In Cisco

Hardin-Simmons University's Lay Academy will offer Old Testament Introduction in Cisco this spring. The Lay Academy is a program designed specifically for adults who desire to learn more about the Bible, theology, Christian history, and other aspects of the Christian faith.

The Lay Academy is a program of the Logsdon School of Theology which has come about through the vision and hard work of Dr. H.K. Neely, dean of the Logsdon School of Theology and a Cisco native. This program will assist a local church or group of churches to provide education opportunities for the membership and other interested people.

might not otherwise be available.

Working with Dr. Neely and Dr. James Shields, director of the Lay Academy, are Cisco pastors Buddy Sipe, Ronnie Shackelford, and Cecil Deadman.

Each course will consist of 12 clock hours of study: for example, two hours per week for six weeks. The student in the Academy should be able to function at high school level competency but there are no other admission requirements since these courses will not lead toward a university degree, but rather toward Lay Academy Awards. When a student has completed five courses, he will receive a Lay Academy Achievement Award. The

Lay Academy Scholars Award will be presented to those who complete ten classes.

The classes will be taught by professors from the Logsdon School of Theology. The first class to be offered in Cisco, Old Testament Introduction, will meet at the East Cisco Baptist Church on Thursday evening 7-9 p.m., Jan. 24-Feb. 28.

Cost of any Lay Academy course is \$30. There is also a one-time-only application fee of \$10 for any student who has never attended HSU before.

Further information about the Lay Academy Program may be obtained by calling one of the pastors mentioned above or writing to Dr. James Shields, Logsdon School of Theology, Hardin-Simmons University, Abilene, Texas 79698.

# Lights From The Christian World

by Josephine Cleveland

In the snow-clad mountains of Washington and Oregon campers often get lost. Many people come to help--the military send helicopters and soldiers and local people send rescue units. They bring in specially trained dogs. Everything possible is done to find the lost one. Newspapers print the story and television and radio stations report it.

Jesus said, "What shall it profit a man if he shall gain the whole world, and lose his own soul?" Mark 8:36

Jesus is saying to you today, "Hold steady, the glitter of gold, the beautiful apparel, the magnificent homes, the oil of Arabia, the knowledge of the world, the applause of men is a poor bargain if you lost your soul."

value of a soul is measured by the price paid for its redemption."

God paid a ransom to save you from the impossible road to heaven which your fathers tried to take. The ransom he paid was not mere gold or silver, as you know. But He paid for you with the precious lifeblood of Christ, the sinless, spotless Lamb of God.

Our natural lives will fade as grass does when it becomes all brown and dry. Peter tells us, "All our greatness is like a flower that droops and falls; but the Word of the Lord will last forever." I Peter 1:25

Even if you could get everything you wanted, it wouldn't give peace. You would still be searching. Great riches cannot make you happy. Much pleasure cannot make you happy. Only total surrender of your mind, your heart, your body, every part of you brings satisfaction.

What is the value of a soul? Billy Graham believes, "The

## BULLETIN

Due to the Christmas holidays, the Driver License Office will be closed December 24, 25 and 26.

## NOTICE

Friends of Mrs. Bertha Jesse, have established a fund at the Eastland National Bank.

Mrs. Jesse, a resident of Eastland for many years has a rare blood disease which requires extensive medical treatment. She recently spent 2 weeks in Eastland Hospital and four weeks in Hendrick Hospital in Abilene.

In the past, Mrs. Jesse has kept children in her home for many years and is well known in this area.

Contributions to this fund will be used for her expenses and will be greatly appreciated.

Contributions may be made by contacting Pat Burns at the Eastland National Bank or may be mailed c/o Mrs. Burns.

# DPS Estimates 94 Will Die

AUSTIN--The Texas Department of Public Safety has estimated that as many as 94 persons will perish in traffic accidents during the Christmas and New Year's holidays. DPS officials said they anticipate 53 deaths

during the Christmas period and 41 deaths during the New Year's holidays.

Colonel Jim Adams, DPS director, asked motorists to observe speed limits, avoid driving after drinking and use seat belts.

"This joyous season will be ruined for many families because of traffic fatalities," Adams said. "Troopers and local police are working hard to increase the margin of safety for the motorist by ticketing speeders and removing intoxicated drivers from the roadways, but even the law abiding driver must have the good sense to look out for himself and his passengers. I firmly believe that the best defense against the intoxicated driver is a buckled seat belt."

Adams warned vehicle passengers not to take chances by riding with a driver thought to be under the influence of alcohol or drugs.

"A person's driving abilities can be significantly affected by alcohol long before the legal limit of intoxication is reached," Adams pointed out. "It's best not to drink at all if you plan to drive."

During the Christmas period last year, 34 persons were killed and the final total for the New Year holiday was 39 deaths. Numerous others were injured seriously.

DPS officials advised motorists that during December of last year Texas

had 284 traffic deaths and 18,238 injuries reported during the month.

"Twenty people died from traffic accident on December 23, 1983 -- just two days before Christmas," noted Adams. "Law enforcement officers from across the state are hopeful this will not be repeated during the forthcoming holiday," said Adams.

The DPS reports additional troopers will be assigned where large volumes of traffic or additional accidents are anticipated.

"I have authorized Highway Patrol captains to utilize troopers from other services to augment the regular patrol if additional troopers are needed in a particular area," said Adams.

The DPS will conduct its "Operation Motorcide" starting at 6 p.m. on Friday, December 21 and continuing

through midnight Tuesday, December 25, 1984. The effort will be repeated during

the New Year holiday starting at 6 p.m. Friday, December 28, 1984 and ending at midnight Tuesday, January 1, 1985. Each counting period is 102 hours long.

## Homemaking Hints County Extension Agent Janet Thomas

For those of you that are planning skiing trips in the near future, you will enjoy knowing about the new fabric that is wonderful for skiers.

The latest in all-weather clothing is "bion-coated" fabric that is waterproof, yet breathable. Developed by Biotex Corporation, bion-coated fabric has been tested in ski jackets and found to keep skiers dry and comfortable.

This new fabric coating differs from the brand of breathable fabrics now found in clothing for sailors, skiers, and joggers. The brand now in use contains a thin sheet of Teflon-like material sandwiched between a fabric and a lining.

Bion-coated fabrics are also breathable and waterproof. Winter skiers can look for the first Bion-coated one-piece ski suits under the Robert John label. Next year Biotex will make available Bion-coated tents, running suits and rugged outerwear such as hiking jackets, mountain climbing and foul weather gear.

The coating material was developed by a chemical engineer working polyurethane materials to make the ideal wound dress-

ing for surgical incisions, cuts and burns. He came up with a wound dressing by changing the basic molecular structure of polyurethane film and then realized it had many other uses. The wound dressing, when sprayed on as a fabric coating, produced a breathable, waterproof fabric.

As we think about clothing, use shopping mechanics, principles, and tricks to save money when buying clothes.

Shopping "mechanics" simply means the "nuts-and-bolts" of when and where to buy clothes to get the most for your money. For example, knowing about different types of sales can help you find good buys. Late December means winter clothing specials and after-Christmas sales. January is the month of storewide clearance sales on resort wear, furs, towels and sheets, shoes, coats, dresses, men's suits and infant's wear.

Shopping "principles" are guidelines for developing a good quality wardrobe for less money. The first principle is to buy clothes of "classic" design and not fads.

The second principle is to purchase "all-season" clothes as possible. You can use different accessories to make the outfits look seasonal.

Shopping "tricks" are just hints about ways to save money shopping. For example, if you're on a budget and you can't buy the latest in clothing, buy the latest accessory instead.

Any or all of these money-saving methods can make a difference in your clothing costs.

**RECIPE FOR THE WEEK:**  
The holiday season puts emphasis on entertaining. Even the best of cooks may exhaust their supply of recipes for appetizers, snacks, and beverages during this busy season.

### CRUNCHY TURKEY NUGGETS

3/4 cup real mayonnaise  
1 1/4 teaspoon dry mustard  
1 teaspoon onion powder  
1/2 cup fine dry bread crumbs  
1/4 cup sesame seeds  
2 cups bite-sized cubed cooked turkey

Mix mayonnaise, mustard and onion powder together. In another bowl, mix bread crumbs and sesame seeds. Coat turkey bites with mayonnaise mixture then with bread mixture. Place on lightly greased baking sheet. Bake at 425° for 10 to 15 minutes or until golden brown. Serve hot with a "dipping" sauce if desired.

## New Storm Windows Fits All, Installs Inside

A new storm window system is being introduced to North Central Texas by John Beil of Eastland. Sealmaster storm windows work magnetically like a refrigerator door, and fits all types of windows including, double-hung, sliders, awning, jalousie, tilt out, or casement. This storm window system works well for older residential, and commercial structures, mobile or modular homes, offices, along with new buildings. Little maintenance is required in painting, lizing, or breakage.

The Sealmaster System is projected to save 35% or more on fuel bills in heating, or cooling, while eliminating 90% or more of any leakage through original windows. Frost, and condensation are virtually eliminated, and

### SWEET-SOUR DIPPING SAUCE

1 cup peach or plum jam  
1/2 cup brown sugar  
1/2 cup vinegar  
Dash cayenne pepper  
1/4 teaspoon fresh finely grated ginger  
1/4 teaspoon garlic salt  
1/8 teaspoon prepared horseradish

Mix ingredients together and heat in saucepan until boiling. Simmer 10 minutes. Serve hot.

Seamaster installation is easy, and scheduling is no problem since the work is done indoors. Installation can be arranged in 2-4 weeks from receipt of order, and possibly sooner if required. For information, and demonstration call John Beil 629-1319.

# Volunteers...They Fight Fires And Save Lives

Every year homes burn to the ground and leave families homeless.

Serious though they are, fires could sweep through entire blocks, or even worse, they may take lives, were it not for Joe Volunteer and other like him.

Joe, owner and manager of his own little company, devotes his spare hours to the volunteer fire service.

He and other local volunteer fire fighters responded to more than 100 calls in their home town last year and helped prevent dozens of others.

Most of us have heard of them. We know they help prevent fires. We may even contribute to their annual fund raising drives or visit their fire house.

What most of us don't know is how well they are trained and how many responsibilities their volunteer position includes.

Joe, like all volunteer fire fighters, went through an extensive training program when he joined the department. This program includes hours of classroom training in firesafety and emergency medical techniques. In addition, the trainees spend many days learning to use the specialized equipment and fighting actual fires.

Joe's company practiced fire fighting techniques in a "smokehouse" which is actually the basement of a destroyed home. The volunteers set fires in the basement to demonstrate fire fighting and lifesaving

techniques for the trainees.

"We spent five days in the smokehouse. By the end of the week, we all had experienced maneuvering in heavy smoke, treating victims of smoke inhalation, and locating the source of a fire," he said of his training.

Investigating the source of a fire is an important duty of the volunteers. Volunteer departments conduct thorough investigations of every local fire and they are often instrumental in determining the cause of "suspicious" fires. The arson squad in Joe's company has provided valuable evidence in numerous local arson cases.

Fining out what causes a fire can help us prevent future fires of the same

type," he says of fire investigations.

Joe is one of a select few in the fire prevention unit which specializes in educating the community about firesafety techniques. They try to reach every segment of the community and frequently speak on firesafety to local Kiwanis, Jaycee, Rotary, Lion and other gatherings. But their main focus is on educating school children.

"We're talking to students at local kindergartens, and elementary and high schools about firesafety. The earlier children learn the dangers of fire, the sooner they'll practice good firesafety," he said of their school program.

Fires always occur - no matter how well people are educated.

The volunteer fire service has become a very complex and diverse organization. Joe is one of over 900,000

Americans who devote their energies to fighting fires and preventing them from happening. His department, like others across the nation, depends on community support. Without continued support the local people may not be so lucky the next time a major fire breaks out.

Are you volunteer material?

Talk to a volunteer! They welcome dedicated workers.

# Italy - 40 Years Later

by  
Margaret  
DeFord

First Sunday - Mount Vesuvius - Herculaneum, Pompeii. We were ready to leave our hotel for the tour of the day, and after walking to our tour buses, which were a block away, we drove thru several towns, all of them seemed one city, as we drove along the coast road. We were always able to see Mount Vesuvius from almost any point in the south. It is the only active volcano on the mainland of Europe. It is probably the most famous volcano in the world. It rises on the Bay of Naples, about 7 miles southeast of the city of Naples. Vesuvius has been studied by scientists more than any other volcano because it erupts frequently and is easy to reach.

Vesuvius is a cone within the rim of Mount Somma, a big crater, formed when the top of the mountain collapsed in the eruption of A.D. 79. The height of Vesuvius changes with each eruption. In June, 1900, the cone was 4,275 feet high. But after the eruption of 1906, it was only 3,842 feet high. The top of the active cone is a cup-shaped crater, raming from 50 to 400 feet across. Vesuvius spouts columns of steam, cinders and sometimes small amounts of lava into the air. Many people live on the lower slopes of the mountain and on the plains at its foot, in spite of Vesuvius' history of disastrous eruptions. The

soil is extremely fertile and the area is famous for its vineyards of wine grapes.

Early Eruptions - Early man probably saw Vesuvius in eruption. Roman legends say that the gods had once used the mountain as a battleground, but at the time of Christ it had been dormant for hundreds of years. A series of earthquakes alarmed the people in the neighborhood of Vesuvius for 16 years following A.D. 63.

The first recorded eruption occurred on August 24, A.D. 79, when the cities of Herculaneum, Pompeii, and Stabiae were covered by ashes and lava. An eyewitness account of the disaster has come down to us from the Roman author, Pliny the Younger. His uncle, Pliny the Elder, was killed during the eruption.

In 472, ashes poured from the crater in such great amounts that they were carried by the wind as far as Constantinople (now Istanbul). Streams of lava and boiling water fell on the villages at the foot of the mountain in 1631. About 18,000 persons were said to have been killed. There were other destructive eruptions in 1794, 1822, 1855, 1880, 1895, 1906, and 1944.

In the eruption of March, 1944, which destroyed the village of San Sebastiane, soldiers of the Allied armies

helped the people of nerby towns escape the lav and volcanic ash.

Nolan was returning to a rest area near Naples when this eruption occurred. The men had been in combat and had been relieved to return for a rest period. He said they could see the smoke and the fires erupting from the volcano.

They were in pup tents at night, and he said the ash fell for several days and nights, and it fell in their hair, down their collars, and they could not sleep because of it. It was like sandpaper.

The towns we visited today, Pompeii and Herculaneum were destroyed by the most terrible quake in 79 A.D.

Herculaneum was buried under and mixed with sand and ashes, and Pompeii was destroyed by ashes, lapilli and scoriae. The most famous victim of this disaster was Plinius the Elder, a naturalist and leader the fleet of Misenus, who tried to help the victims and so could observe the phenomenon, but was killed. Plinius, the Younger, describes the event: On the IXth day before the calends of September, about the VIIth hour, his mother told him a large and strange colud had suddenly appeared. He climbed up to a place where he could easily see the phenomenon. A cloud was

rising up. This cloud was like a pine. It was lifted up as along a very long trunk and had many branches. It was driven by a strong wind, but suddenly stopped and became larger, white or else dirty-colored, having lifted up and ashes. The ash was falling on the ships, and became warmer and thicker as they went on. Punic-stones, too, and black stones, burnt, and cut by fire, were falling down. A sudden shoal and landslide prevented them from getting near the coast - the roofs were shaken by frequent and terrible earthquakes - in the open, the pomic-stones, thought light and burnt, were very dangerous. It is so that Pliny described the various phenomena of the eruption that buried the towns.

Herculaneum lay completely buried under deposits 100 feet deep in places. A village later grew up above the site. In the early 1700's, a farmer sank a shaft for a well. In this well, far below the surface of the earty, he found marble statues. Soon afterwards, someone sank another shaft, and a theatre was discovered.

The government of Naples took up the task of excavation in 1738. The lava was much deeper at Herculaneum than at Pompeii. This made the work of digging harder and excavation

was stopped in teh 1800's but the Italian government resumed it again in 1926.

New methods made it possible to preserve the second stories of buildings and to take casts of doors and balconies. It is believed that thieves have carried off many priceless works of art.

But the excavation found wonderful marble, bronze statues, paintings and papyrus rolls. Most of these works are on display at the National Museum in Naples.

The ancient Pompeii lies at the foot of Vesuvius, overlooking the River Sarno, not far from the sea. The site is particularly suitable for a human settlement as it is situated on the edge of a fertile agricultural area with good communication possibilities by land or sea. Owing to its position Pompeii was the natural sea landing place for the inland towns.

The catastrophe was terrible, and although many people succeeded in escaping, most of them could not or would not and were killed by poisonous gasses, by the falling buildings, or by the rain of eruptive materials.

In both towns, we could see

many buildings and some were in excellent condition. Many of the floors which were made of mosaic, were very beautiful. One had a dog worked in the stones, and it said "Beware of the Dog", when it was translated. The streets were made of stones, and we could see ruts worn in the streets by the chariots. Many statues were in good condition throughout both towns. We saw many lovely fountains, large vessels for water and many wine jugs in perfect condition. We saw

the Civil Forum, which is the center of public life in Pompeii. The Temple of Apollo, with his statue in front of huge building. The Temple of the Fortuna Augusta, many different temples, The Basilica, Amphitheatre, The Gynmasium. There were flowers blooming everywhere, and it was a strange feeling to walk thru this city that had been a place where many poeple lived at one time.

Until 1982, few traces of these people had been found, suggesting most had

escaped. But now scores are being unearthed at the seafont, where they had fled. Macabre new relics of that eruption were discovered as Italian workmen began to excavate a series of seawall chambers that lined the ancient beach front.

# Glad Tidings

It has been wonderful, dear friends, having your friendship during 1984. You have encouraged us by your support, and we are truly grateful. It is with much pleasure that we look forward to sending you local news in the new year. Thank you a thousand times for making the local newspaper a place we enter with joy each workday morning. The Lord bless you with a precious Christmas and a prosperous New Year.

Sincerely,  
Management and Staff  
Eastland County Newspapers
