## Annual CofC Banquet Is Set Here February 28th

Plans and preparations for the annual banquet of the Cisco Chamber of Commerce at 7 p.m. Thursday, Feb. 28, at the Cisco Junior College Ag Building were near completion Friday, according to a report by Manager Ron Scheuren.

Ticket sales at \$7.50 per person will continue until noon Thursday, and indications were that a large crowd will be in attendance for the dinner. Oscar's Barbecue of

Cisco will cater the affair and the menu will feature barbecue with all of the trimmings.

Bob Bowman of Lufkin, well known business executive and author, will be the program speaker.

Ivan Webb, local business man and chairman of the banquet committee, will serve as master of ceremonies. Awards and special recognition will be given to an area farmer, a

senior citizen, an community hand" honoree, an outstanding city employe and to

### Cisco's 'Millionaire For A Day' Will Be Named Soon

Who will be Cisco's "Millionaire For A Day?" is the question being asked by many local persons. The date set for the drawing is March 2, 1985.

The drawing, sponsored by

the Kiwanis Club of Cisco will be held at 11:30 a.m., Saturday, March 2, in front of The Cisco Press office, 700 Conrad Hilton Avenue, Cisco. The winner will receive the interest from

academic leaders of Cisco High School and Cisco Junior

\$1,000,000 for one day, which amounts to \$246.57.

A booth will be set up at the location from 9 a.m. until 2 p.m. and manned by members of the Kiwanis Club. "Millionaire" games will be for sale at the booth and persons may register for the drawing up until 11:30 a.m.

The cans for registering in downtown businesses will be picked up by Kiwanis Club members Saturday morning.

College. Mr. Webb and Mayor Eris Ritchie will direct this phase of the program. Willis Parker will introduce the farmer of the year.

Special music will feature a group headed by Mike Davenport, band director at Baird High School, who is a graduate of Cisco Junior College. He will present both music and vocalist features.

Mayor Ritchie will introduce the speaker. Mr. Bowman operates his own business, specializing in marketing, public relations and advertising. He has earned numerous awards during his career, and is a member of the Texas Sesquicentennial Commission.

Both Jerry Morgan, 1984

president of the CofC, and Bill Austin, Jr., 1985 leader, will introduce members of the board of directors and

speak briefly.

Tickets are available at the CofC offices.

### Cisco Jr.-Sr. High Plans Open House

Cisco Jr.-Sr. High School will have Open House on Tuesday, February 26, from 6:00 till 7:30 p.m. Then at 7:30 the senior class will have its annual Sr. play. This year the play will be "The Skeleton Walks" by Felicia Metcalfe.

The plot is laid in a lonely old house situated on a small island connected to the mainland by only one bridge.

To this deserted place come Elaine Blair, her lawyer-fiance, and her mother to look over the property which Elaine has inherited at her uncle's death. To their surprise they find the house in the possession of a suave and mysterious physician, Dr. Fersig. The old house is worthless, but both Elaine and Dr. Fersig know that a large sum of money is secreted somewhere on the premises. Because the bridge to the mainland was mysteriously dynamited they are compelled to spend the night in the old house.

And now things begin to happen. Strange, ethereal noises are heard. A skeleton walks through the dim shadows of the house. Elaine suddenly disappears. Bill, her fiance, makes a strange discovery. And at the end comes the big surprise - something the audience will never anticipate.

The cast of characters are: Michael Wester as Bill Clayton, Dana Carlie as Elaine Blair, Leah Lambeth as Mrs. Embrey, John

Bailey as Bobby, Robbie Brandford as Kinks, Robbie Vann as Dr. Fersig, Sylvia Ramirez as Anne, Dusty Deitiker as Hubbard, Wendy Endley as Ollie, Annette Jorgensen as Mrs. Donahue, T.J. as Nibs the Dog and ? ? as The Skeleton.

The Supporting Cast are Josh Potter, John Gonzales, Cheryl Casey, Willard Johnson and Melissa Sitton.

Senior sponsors are Lou Jane Qualls, Russell McLeskey, Ricky Whatley and Lori Larsen.

All parents are encouraged to attend and visit with the teachers and administration, and enjoy the play.

### Little League Meet Set At CofC Monday

There will be a meeting for the Little League Baseball Organization on Monday, Feb. 25, at 7:00 p.m. at the Chamber of Commerce, 619 Conrad Hilton Ave. Earlier in the week a misprint said the meeting will be at the Bank.

All board members need to be present for this meeting. All interested persons are urged to attend.

This will be an organizational meeting for the coming year.

*Experience the Joy of Faith*

### Promotions Planned By CofC

The Retail Trade Committee of the Cisco Chamber of Commerce planned a program of promotions for the year during a meeting at the Chamber. Linda Cozart, in charge of the committee, reported that response and discussion from the merchants attending was enthusiastic. The meeting was held Thursday, February 21st.

The first major promotion will be in conjunction with the Cisco Frontier Jubilee during the last weekend of April. It was decided to have

a band concert on Thursday, April 25th and a sidewalk sale on Friday, April 26th. It was also decided to have prizes for the best costumes matching the theme of the folklife festival for this year. Other promotions include the Little Miss and Little Mister Cisco contests, Crazy days, a Super Saturday Sale, a welcome for the college students, the Treasure Hunt, and the annual Christmas Parade. Each month from April to January will bring some special activity.

Many other topics were

discussed including a welcome package for new residents, advertising and retail displays to highlight all that is available from the merchants in Cisco.

The Retail Trade Committee also discussed the planned closing of the Tax Office downtown. The College Board and School Board approved contracts with the County Tax Appraisal District to handle collections. The merchants expressed concern over the loss of traffic to our retail shopping area. The commit-

tee is opposed to the closing of the office for that reason.

The details on all the planned programs will be worked out in the near future. A report on the meeting will also be given to the merchants in the city.

Attending the meeting were Linda Cozart, Bill Austin Jr., Harvey Hull, Nelda Henson, Harvey Hull, Don and Joy Schaefer, Lynn Wages, John Clinton, Winston Heidenheimer, Randy Speegle, Stuart McCoy and Ron Scheuren.

### Plans Discussed For Talent Show

Plans for the annual Cisco Lions Club talent contest were discussed by Chairman Ivan Webb at the weekly luncheon of the Cisco noon club Wednesday at the Colony

Restaurant. Date for the event will be announced soon, Mr. Webb said.

All details of the annual talent show, which will be held at the high school auditorium, will be ready for announcement in the near future, according to Mr. Webb.

The club also heard a report on Lion Earl Ray's visit to several city parks in Texas to study plans for a jogging trail with physical exercise stations. The club has been working on a project of this type for the Cisco city park.

O.L. (Robbie) Robinson, well known Ciscoan, was initiated as a new member of the club in ceremonies directed by Lion Winston Heidenheimer. Claude McBeth of Springtown was a guest.

### Roy Dennis Announces For City Council

Roy Dennis, incumbent, has filed for a place on the ballot in the City Council election set in April. He filed for Place 3, which is the position he presently holds.

As of Friday, no one had filed for Place 4, which is presently held by Bobby Rains. Both places are for three year terms.

Deadline for filing for election is Wednesday, March 6, at the City Hall.

## Visiting In Cisco

A GREAT GRANDSON of the founder of the Cisco Public Library, pictured above with his wife, were visitors in Cisco last Tuesday. The couple was Mr. and Mrs. Frank Vernon, IV, of Fayetteville, N.C. and they came here in his ef-

forts to learn more about his heritage. While in Cisco, the Vernons visited the Cisco Public Library, which is owned and operated by the Twentieth Century Club, and toured the city and the area. Mr. Vernon, 41, is a staff sergeant in the U.S. Army and is stationed at Fort Bragg at Fayetteville, N.C.

Mr. Vernon's great grandfather, Frank Vernon I, founded the Cisco Roundup, a weekly newspaper, here in the year 1890. He was a resident of Cisco when a cyclone wrecked the town in 1893 and suffered injuries in the storm that eventually lead to his death. The newspaper founder was buried at Sipe Springs after his death in 1901 at age 33.

The newspaper man's wife, who survived him, later married the late Will Reagan, well known Ciscoan and Texaco consignee here for many years. Both are now deceased. Mrs. Reagan was a member of the original board of directors of the Twentieth Century Club and her name appears on the cornerstone of the Library.

Frank Vernon IV said that his grandfather, son of the newspaper man, left Cisco in 1922 and founded a compressor sales company in Dallas. This business is still in operation under the management of Frank Vernon III, the soldier's father.

Frank IV obtained a number of newspaper clippings about his great grandfather and his life in Cisco. He learned that the early Ciscoan, whose gift of the book "Ben Hur" was the first Cisco library volume, served as secretary of the Texas Press Association in 1890 and was prominent in Cisco and the region.

"Digging into the roots of one's family tree is very interesting and rewarding," said Frank IV.

## What Can Firm Do Here?

For a fee, what can a professional consulting firm do for us that we can't do ourselves?

That's a question that immediately comes to the minds of most when thoughts of engaging such a firm is brought up. Next usual question is: "How much is the fee?" Everybody has to be cost-conscious these days.

To a small group of individuals representing most areas of Eastland County, a professional "plant-locator" explained what his company could do - and what it would cost. No immediate action was taken, but a number are mulling over the thoughts and wonder out-loud if the county could afford it and would it be worth the effort.

It's a fact that old Eastland County is still a contender for the major General Motors plant, regardless of what some of the area print and electronic media are saying. And if not for the main plant, then certainly for one of the lesser satellite facilities - presuming that GM in fact does come to Texas, which is expected.

But what if GM goes to (fill in the blank), where does that leave Eastland County and this area in its quest for more payroll jobs? Well, right where we've always been - with a lot of places that appeal to other manufacturers who are looking for good locations for their expanded or start-up facilities. Which points to the fact that this area can not let down its efforts in luring those firms which will in fact offer paychecks to our own people and to those who come to share our good quality of life here.

One of the locals at the session here recently freely admitted that this area has never actively "launched out" and "peddled our assets." Sure, he held correctly, we have responded positively to those who for some reason or other contact us, but as far as going out to seek and search and sell, for various reasons it's never been done on a wholesale basis.

Is the time right? Most would agree that "yes, it is." More jobs are needed. More paychecks are needed. This area has a diversified economy - agriculture, livestock, small manufacturing, services, oil, etc. - but solid, long-term big-number payrolls are needed for the continued growth and strength of the area.

What's to be done? Continue as is? Sure, that, plus an active local combined effort of the good towns that make up this area to "sell our wares" in the industrial market place. We know it's a good area, but others need to know it.

Another citizen suggests that probably the first thing that needs to be done on a crash basis is to lock up some potential industrial sites with options - agreed-upon acreages and prices. It would take a combined effort in every town to come up with a "sample case" of available sites under option that Mr. Industrialist could look at immediately.

What about the professional consultants? That's to be decided but chances are that if one were engaged, the first thing he'd ask for would be to know what sites are available under option, so whether we hire a pro or not, that work needs to be done - yesterday - all agree.

For a consultant, how much money, and how much help? This particular one - and there are several available in this age of high-rolling industry-seeking by virtually every town in the county - suggests that a start-up cost would be in the neighborhood of \$25,000 - and, yes, that's a pretty good

neighborhood.

For that, what do you get? For starters, a professional-done evaluation of this area - the entire county area - with an in-depth on-the-scene enumeration of the pluses and minuses. A sample report done for another area shows a book detailing with word and graph a total of 37 different topics which a thinking-about-moving industry will have to have at his disposal before he can make a decision.

Here's an abbreviated catalog of what the firm would produce about us: Attitudes, labor availability and profile, electricity, gas and water availability, sewer treatment capacity, connection fees, site availability and costs, building availability and costs, construction costs, permits and fees, air quality, incentive programs, market proximities, air, rail and truck transportation, vocational training, industrial support services, labor costs, utility costs, taxes (of all kinds), cost of living, recreation and climate, housing, health care, education, hotel-motel accommodations, shopping facilities, crime rate, etc.

Once this information is put into a compact form, it becomes our product to sell, and the company begins selling.

What's their track record in selling? Very good, although they do not make guarantees. (Privately they say they've never failed to locate a plant in an area or city for whom they've worked.)

Here are the names of firms for whom they have found locations for new and/or expanded facilities: General Motors, Amaco, Southland Corporation, General Dynamics, 3M, W.R. Grace and Co., Johnson & Johnson, Fluor, Armo, Ingersoll Rand, PPG Industries, Boise Cascade, Allis Chalmers, Manville as well as for two French firms, one German, one African, one English and one Swiss firm.

Yes, \$25,000 is a lot of money. But is it, when one considers that it just might mean the difference in whether our young people will be able to find jobs here in the future or will they have to "go away" to find work. That amount divided among the towns wouldn't be unworkable. (Thanks to the Peveto Bill, we have a central tax appraisal office with an annual budget far exceeding that, and that's just to collect our taxes.) What if we were all pooling our resources and making investments in the future strength and economy of our country?

Sure there's a lot of local work and that could and should be done by our own people. Gathering the information should be a top priority, and indications are that the County Task Force Committee will be busy about it, and we all need to help.

Whether we hire a firm or not, it's important that we have the information AND USE IT. We don't need to tell each other - we need to spread it far and wide, either by our own devices or through the help of those who know better how to do it.

Just through private conversion, almost a fifth of the total fee is virtually pledged, so hiring help isn't out of the question. For example: only 250 entries from all towns (families, firms, clubs, organizations, individuals giving \$100 each would do it.)

It's up to the people, the community leaders and those who are concerned with today AND tomorrow.

To go or not to go - to be decided. If you're interested, call or write your local newspaper.

### HALL OF REMARKS

BY HERREL HALLMARK

BE SURE and get your reservations made for the annual Chamber of Commerce banquet next Thursday. Reservations may be made through Thursday at the Chamber office.

More details about the banquet may be found elsewhere in this edition.

WITH SPRING-like weather, everyone's thoughts are turning toward gardens and ground is being plowed and made ready for planting. But, remember the water situation in our city and be conservative with water usage.

Keep praying for more and run-off into Lake Cisco to raise the level of the lake.

The Cisco area received

CISCO KID CAR WASH  
3rd St. and Ave. E  
Where Most People Wash. Wash your venetian blinds, throw rugs, motor. c-52

some moisture this week, but a whole lot more is needed, if the voluntary water conservation ordinance is to be lifted.

UNDERSTAND The Picnic Basket has moved from the Red Front Mini Mall to the 800 block of Conrad Hilton Avenue, where the Burger and Pizza Factory was previously located. The move was completed this week and they were open for business in their new location.

BE SURE and read the article in this edition about the Band Boosters selling pizza kits again this year. As you probably know, they have sold the kits in the past and they are delicious.

When you buy the kits, you not only get some fantastic food, but your money also goes toward a good cause. The proceeds from selling the kits goes to help the local schools' bands.

## "Cross Timbers Review" By Billie Johnston C.J.C.

The recently printed second issue of the "Cross Timbers Review" features art work by Randy Steffen and an autobiographical account of August Lieske's immigration to Cisco.

The late Steffen, a well-known artist and former Ciscoan, did many pen-and-ink drawings of western scenes, one of which appears on the cover of this issue. Also of local interest is the article about Lieske, father of long-time Ciscoan Lee Lieske. His colorful personal account of his immigration from Russia to the United States and finally to the Cisco area was edited by CJC history instructor Wesley Valek.

This humanities journal, published by Cisco Junior College provides a showcase for Southwestern writers who contribute history and biography; poetry and fiction; and articles and essays on the literature and culture of the Cross Timbers region of the United States.

The journal's chief editor is Dr. Monte Lewis, CJC history instructor. Co-editors are Dr. Ken Hammes, CJC-fiction editor; Cleatus Rattan, CJC-poetry editor; Dr. Lawrence Clayton, Hardin-Simmons University--literary criticism editor; and Dr. Kenneth Neighbours, Midwestern State University--history and biography editor. Dr. Hammes also provides pen and ink drawings for the publication.

Dr. Lewis invites anyone with original work in these areas, as well as pen-and-ink drawings, to submit it for consideration to the appropriate editor, "Cross Timbers Review", Cisco Junior College, Cisco, Texas 76437. He said persons whose work is selected for print will receive three copies of the issue in which it is published. "Cross Timbers Review" has had enthusiastic response from its readers so far, Lewis stated. Letters of thanks and encouragement have come from many, in-

## Journalism Student

cluding the Dallas Public Library, Baylor University, North Texas State University, University of Texas at Austin, University of Dallas, and the Texas State Historical Association. Numerous strong positive reviews have appeared in such publications as the "Chickasaw Times" and the "Southwestern Historical Quarterly" he added.

Lewis said he credits former CJC president Dr. Norman Wallace for the journal's beginnings and appreciates its continued financial support by current president Dr. Henry McCullough and the CJC Board of Regents.

"Local subscriptions and/or contributions are wanted and needed," Lewis said. Anyone wishing to subscribe to the semi-annual publication may do so by writing the college and sending \$6 for one year or \$11 for two years. Individual copies, while they last, are available at \$5.00 each.

The Order of the Eastern Star (OES) Chapter in Cisco will be having a salad supper to help celebrate their Friendship meeting Tuesday, February 26. All members of the Eastern Star from the surrounding chapters are invited to attend.

Promise and the Promise Kids will present a short program. Promise Kids in the above picture are (left to right, back row) David Zell, Aaron Whitley. Front row are Wendy Wester and Tiffany Thomas.

There will be closed meeting. All members of the Order are invited, it was reported by Elizabeth Webb, worthy matron.

## NOTICE TO SUBSCRIBERS

We are no longer mailing notices of expired subscriptions. Check your mailing label for your expiration date. Please renew prior to that date so you won't miss any issues of your paper. TF

## Don McCoy Among Super Duper Winners With \$100 Win

# Newcomers Give Impression Of Hawaii

## EDITOR'S NOTE:

Several Eastland County people traveled to Hawaii during the 66th annual American Farm Bureau Convention, which was held Jan. 7 through 10.

Among them were County Farm Bureau President Ernest Reich and his wife Christine, of Cisco, who were guests of the Farm Bureau as recipients of an Awards Program.

Bob and Lela Mary Shults of Rising Star were also guests under this program. State Director Roy Johnson of Desdemona attended as an American Farm Bureau Delegate, and his family also made the trip.

Christine Reich, writer, and homemaker was asked to give us some first hand observations of the islands. We appreciate her sharing this account with the Eastland County Newspapers.

## NEWCOMERS GIVE IMPRESSION OF HAWAII

Eight event-packed days on the islands of Hawaii left my husband and me with vivid images of brilliant color and friendly people. Tourism is the number one industry in this eight-island archipelago, and the inhabitants work vigorously to keep it that way. We were told 75,000 tourists pass through the islands daily.

Bob and Lela Mary Shults of Rising Star and Ernest and I were guests of the Farm Bureau as recipients of an Awards Program. State Director and American Farm Bureau Delegate Roy Johnson and his family from Desdemona were part of the Eastland County group joining some 500 plus Texans to travel with American Farm Bureau under the guidance of GTU tours.

Our particular group flew non-stop from DFW to Honolulu, where we were greeted with the customary fresh flower leis and then bused to the Hyatt Regency on Waikiki Beach. From our 35th floor balcony we had a panoramic view of Honolulu, said to be the 11th largest city in the United States.

The following morning Texas Farm Bureau President S.M. True greeted the Texas group at a breakfast on the patio of the Royal Hawaiian Hotel. Most of us had heard Mr. True speak before, but few of us had before enjoyed our eggs and sausage in such an environment. The ocean breeze and the riot of red hibiscus and pink-to-purple bougainvillea gave us an idea why, indeed, this is called the "Paradise of the Pacific."

Our itinerary included the islands of Oahu, Maui, and the Big Island, Hawaii. One of the highlights of the Oahu visit was a boat tour of Pearl Harbor, America's largest Pacific Naval Base. As we passed Battleship Row and saw the hulks of destroyed ships, a taped narration related the disastrous Pearl Harbor event for us. As we came to the U.S.S. Arizona Memorial with the flag at half-mast, our boat stopped for a sobering moment as we honored the 1,102 servicemen whose final resting place is the hulk of the ship.

A bus tour of Honolulu took us to the Punchbowl Crater, an extinct volcano, where the National Memorial Cemetery of the Pacific is located, the final resting place of more than 26,000 American service men and women. Ernie Pyle, W.W. II correspondent, is buried here.

The Iolani Palace, the only royal palace in the U.S., is still preserved intact in downtown Honolulu.

Although the monarchy was overthrown in 1893, Kamehameha, the greatest of Hawaiian kings, is honored with a parade each year and his statue draped with colorful flower leis, some as long as 40 feet.

The Hawaiian State Capitol is a magnificent building with 36 cantilevered concrete ribs forming the open volcano-shaped crown of the building. Surely the architect wished to capture the history of the islands' origin in his design.

Visiting the Polynesian Cultural Center located in Laie, on Oahu's North Shore, took us back in time to the arts, crafts and centuries-old customs of the islands of Samoa, Tahiti, Tonga, Fiji, Maori New Zealand, the Marquesas and the host islands of Hawaii. Historians vary in opinion on whether the Polynesians came from Asia or the Americas, but stories abound about their daring sea adventures coming to the islands in great canoes, a distance of 2000 miles, with the wind, the waves, and the stars as their main navigational assists.

Students at Brigham Young University, located just outside the Culture Center, make up a large part of the cast performing a 90-minute extravaganza telling the history of the islands in song and dance. Before the performance, Ernest and I chatted with a gentleman from Idaho who was visiting his daughter and son-in-law, the later a Samoan student at BYU. This student's particular role was to depict a Samoan daintily spinning a flaming knife, later igniting a fire which he extinguished with his grass skirt. The Idaho gentleman said at one performance his son-in-law received a severe burn, establishing the authenticity of the performance. The quest.

## Senior Citizens Nutrition Menu

For the past two weeks we have been discussing the subject that Americans are getting healthier and getting healthier every year.

The American Council on science and health has been doing an extensive research in to the subject and found that America's death rate indicates improved health as well. The age-adjusted death rate decreased 5.5 percent between 1900 and 1950; from 1950 to 1977, the rate fell another 27 percent, and in 1982 fell to less than 6 per 1000.

As the report states, a 100 percent decrease would mean we have achieved immortality!

Infectious diseases, with the exceptions of sexually transmitted diseases have been reduced dramatically.

In 1900, influenza and pneumonia caused the death of 200 people per 100,000 in 1970. The rate was 31 per cent per 100,000. TB killed 194 of every 100,000 in 1900; in 1970 fewer than 3 died from this cause. In 1955 29,000 cases of polio were reported; Compare that to all but "Wiped Out" in 1975.

Yes, we have made progress in the length of time we live, but this still means we must be aware of our own bodies, refusing to take excess medicines, curtailing smoking, etc.

But diet is the main secret to all of this, so let us be aware of the things we eat. Why not call 442-1557 and receive a well-balanced diet every Monday, Wednesday and Friday?

The programs at the Senior Center for the past week included a Patriotic program recognizing Washington's Birthday; special music provided by Lois Holder, Billie Wood, A.E. McNeely and the Senior Citizens Choir and Band. Gerald Parks was at the piano for the band. We also held the blood pressure screening each day or on re-

2000-plus audience the night we attended responded with gusto to this "fire event."

Flying from Oahu to Maui, we saw the island of Molokai, at one time a refuge for leprosy victims. A Belgian priest, Father Damien, served the leprosy colony from 1873 until his death from leprosy in 1889.

Arriving at the Kahului Airport on the east side of Maui, we took a scenic drive through farmlands as we traveled from sea level to the 10,023 foot summit of Haleakala Crater, said to be the world's largest dormant volcano. Hawaiians are proud of their volcanoes. After all, the origin of their islands is said to be from eruptions from the ocean floor.

Later, as we visited Kilauea Caldera in the big island of Hawaii, we saw smoking vents as we drove right into the volcano. Not too long after our arrival back in Texas Kilauea again erupted, but residents are not easily frightened. The Hawaiian National Park has experts who constantly read ground changes with delicate instruments predicting activity below the surface. The lava flow is fluid, so explosive eruptions are rare.

But big explosions do occur. We were luncheon guests of the Farm Bureau at the Naniloa Surf where the volcano naturalist showed a video of the 22-day eruption of Mauna Loa in 1983. Mauna Loa is said to be the biggest active volcano in the world.

Since we were an agricultural group, emphasis was placed on crops and farming activities. On the big island, Hawaii, we saw the 250,000 acre Parker Ranch, said to be the largest privately owned ranch in the world. The present single owner is Richard Smart, a quest.

The menu for the coming week will be:

Monday- Salmon cake, parslid potatoes, spinach, fruit, bread, butter and milk.

Wednesday- Pork chops, golden carrots, green beans, tossed salad, grated cheese, chocolate birthday cake, bread, butter and milk.

Friday- Cheese burger

Joe, pinto beans, sweet relish, onion, celery lettuce, tomato, fruit and milk.

**Richard T. Dye**

**Earns Status At Texas A&M**

Richard T. Dye from Cisco, senior educational curriculum and instruction major, has earned "Distinguished Student" status at Texas A&M University of College Station.

Recipients of the "Distinguished Student" honor must earn at least a 3.25 grade point ratio, out of a possible 4.0, during the most recent grading period. The student must also be registered for 15 semester hours.

A message from this newspaper and the Troopers of the Texas Department of Public Safety

Results you want? you want classifieds!

Parker descendant. The Black Angus, the Herefords and the cactus all reminded us of Texas.

Sugar is the number one agricultural crop and the most mechanized in production. The crop matures from 18 to 24 months and is systematically burned to rid of rubbish in the process of harvesting. We were told that it takes one ton of water to produce one pound of sugar, so that explains why irrigation is used in Hawaii, too.

On our bus tour of the big island we visited a farm where a gentleman from Pennsylvania raises Macadamia nuts (no cholesterol) and Kona coffee beans, both considered gourmet foods. We were guests at a nursery where flower production has diversified to include the raising of the sweet Kula onion. I saw a five-pound bag of onions in the Honolulu Airport priced at \$5.00!

Touring Maui one day in a rented car, the Shults and Ernest and I visited firsthand with workers in a pineapple field. They were cutting the fruit from the sharp points of the bushes protected by guards on their pants legs and heavy gloves. The fruit is placed on a conveyer, loaded directly onto a truck and taken to the cannery. With typical Hawaiian friendliness, a worker tossed me a pineapple. Directly from the field, it was delicious!

The Kona Resort on the western side of Hawaii, our

last location, is set in a contract of lavish flowers, black volcano rock, and when we were there, a very turbulent tide. I was so fascinated by the waves washing up on the lava rock the hotel's guard finally had to warn me of the danger of my location.

A tour from this spot in-

cluded a drive around Kealahou, Bay, where we saw Captain Cook's Monument from a distance. (Hawaiians give different versions of his death.)

On this same tour we visited the City of Refuge at Honaunau with its restored temples and Great Rock

Wall. Behind this wall, said to have been built around 1550, was a place of refuge for non-combatants in battle, defeated warriors, and law breakers. This was said to be sacred ground where life could begin anew in ancient Hawaii.

Leaving the ancient for

modern, we packed our bags for Honolulu International Airport and from there to DFW and home. Living on lava deposits for 8 days and flying home over 2000 miles of ocean was adventure, but we were thankful to have West Teas sand under our feet once again!

## Check Out The Library

**BOOKS TO READ--**Mary Leveridge, librarian (left), is shown helping Rochelle Wheeler (right) to choose material for hours of reading and enjoyment. The local public library offers a wide variety of literature for all ages. Rochelle, wife of Fred Wheeler, Jr., and mother of four children, said that two of her

children love to read but the other two have other interests. Mrs. Leveridge offered suggestions of books that Rochelle and her children might enjoy. The library is open Tuesday, Thursday and Saturday from 2:00 till 5:00 p.m. (Staff Photo)

# Oil Belt News

Eastland County's Hanvey Field gained a new producer when the Don Hanvey Oil Interests completed the No. 2 Wright Harrell two miles north of Cisco.

The well flowed 107 barrels of 41-gravity oil per day along with 63 barrels of salt water. It bottomed at 4,200 feet and was plugged back to 3,592.

Production will be from a perforated interval in the Lake Sand, 3,512 to 3,526 feet into the wellbore.

Bruner Oil and Gas has abandoned an undrilled wildcat location in Eastland County three miles northwest of Cisco. Designated as the No. 4 James Lee, it had been scheduled for 3,900-ft. total drilling depth.

Pumping 29 barrels of oil with 32 barrels of water per day on an open choke, the No. 1 Victoria Harbin has been brought on line in the REB Field, Eastland County. Northridge Corp. is the operator.

Location is four miles north of Eastland.

Production will be from a perforated interval in the Marble Falls Formation, 3,404 to 3,469 feet into the hole. Northridge bottomed the well at 3,902 feet and plugged back to 3,897 prior to perforating.

Two new producers have been completed in the Lake Leon Field, Eastland County, by Snow Oil Co.

The wells are designated as the No. 3 and No. 4 Kimbrell, both located about three miles east of Eastland.

The No. 3 well showed ability to flow 564,000 CF gas daily on a 24/64 choke and was rated at 800,000 CFD on open flow. The No. 4 potential at 162,000 CFD on a half-inch choke and received a 190,000-CFD open flow rating.

Snow took the No. 3 to bottomhole at 3,660 feet and perforated the Duffer Formation for production at 3,520 to 3,550 feet. The No. 4 bottomed at the same depth and will

produce from the Duffer at 3,550 to 3,570 feet into the hole.

An ill-fated Eastland County wildcat has been written off as a dry hole by Tres Exploration Inc. at a drillsite one mile northwest of Carbon. Spudded on Dec. 28, it had probed to a dry bottom at 1,692 feet.

It will be plugged and abandoned. The well was designated as the No. 1 T.E. Eaves.

Seisex Oil has abandoned an undrilled wildcat in Eastland County six miles southeast of Cisco. Designated as the No. 3 Jack Brown, it had been scheduled for 1,250-ft. maximum depth.

Showing ability to flow 419,000 CF natural gas daily on a 18/64 choke, the No. 4 Martin has been completed in the Marsan Field, Eastland County, by Republic Energy Inc.

The well is located about five miles south of Carbon.

It was drilled to total depth of 3,352 feet and will produce from a perforated interval 3,054 to 3,062 feet into the hole. It registered 353 PSI flowing tubing pressure and was rated at 450,000 CFD on open flow.

An undrilled location has been abandoned in the North Mangum Field, Eastland County, by Snow Oil Co. Situated in a lease five miles east-southeast of Cisco, it had been designated as the No. 1 Snow-Ker.

The same operator has finalized the No. 1 Durham-North in Eastland County's REB Field, pumping 89 barrels of 41-gravity oil per day along with 25 barrels of waste water.

Location is about five miles north of Eastland.

Snow took the hole to a 4,020-ft. bottom and perforated for production in the Marble Falls Formation, 3,844 to 3,852 feet into the wellbore.

C.L. Tyra has given up on his efforts to make a producer out of an Eastland County wildcat located six miles northeast of Cisco.

Designated as the No. 1 Perdue, the well bottomed dry at total depth of 4,011 feet. It has been plugged and abandoned.

Snow Oil of Fort Worth has driven stake for a 3,800-ft. Eastland County wildcat 10 miles west-southwest of Gorman. It will be known as the No. 1 Greenwood, with drillsite in a 215-acre lease in the George W. Robinson Survey A-421.

Wildcat drilling action is scheduled in Eastland County four miles southwest of Cisco, with Katlaco Drilling of Lubbock as the operator. The venture is designated as the No. 2 Schaefer. It carries authority for total depth of 4,250 feet and is aimed at pay in the Ellenburger Formation. Drillsite will be in a 40-acre unit, H&TC Survey A-1373.

A 4,000-ft. developmental

venture is scheduled to be drilled in the REB Field, Eastland County, with Northridge Corp. of Duncanville as the operator. It will be known as the No. 1 McCoy. Location is in a lease in the H&TCRR Survey - A870, about two miles west-northwest of Eastland.

**SEEDS FROM THE SOWER**  
By Michael A. Guido, Metter, Georgia

Christianity is not a religion. It is a relationship. It is not merely going to church on Sunday. It is living twenty-four hours of every day with Christ. It begins with a grip. A traveler came to a dangerous place in the Alps. His guide held on to a rock with one hand and extended the other for the man to step on. He hesitated, but the guide shouted, "That hand has never lost a man!" He trusted himself to it and was delivered from danger. God's hand has never lost a man. His grip makes the journey safe, and the convert exclaimed in Psalm 73:23, "Thou hast holden me."

It continues with a Guide. God has a plan for each man. Only He knows his possibilities. Only He can guide so that every ability is given full expression. Man was made to be God-guided. He falls short of his manhood unless and until he is. By accepting God's government man acquires His guidance. Then he can say with the Psalmist, "Thou shalt guide me." It ends in glory. Not in the grave. He who gripped us yesterday, and guides us today, will take us to glory tomorrow. Said the Psalmist, "Thou shalt afterward receive me to glory." Will it be glory for you?

Rome - Roma is the capital of Italy, and its population is about 2,340,000. It is one of the great cities of the modern world, just as it was a great city of the ancient world.

The most remarkable display of ancient architecture in the world is found in Rome. Augustus, the first emperor of Rome, had many splendid buildings put up. He said he found Rome a city of brick and left it a city of Marble. Much of the city's ancient greatness remains. Rome is called the Eternal City because of its long and important history.

Rome lies on both banks of the Tiber River, about 16 miles from the Tyrrhenian Sea. The city measures 15 miles around its outer edges. It is surrounded by an ancient wall. Within its wall the Tiber divides Rome into two unequal parts. Most of the wall was built about 1,700 years ago, in the reign of Emperor Aurelian (A.D. 212-275). The Vatican City, in Rome, is the administrative center of the Roman Catholic Church. It stands on the west bank of the Tiber. The Vatican has been an independent state since 1929. Most of Rome is on the east riverbank.

Ten fine bridges cross the Tiber within the city walls. The river flows inside a stone embankment which was built to keep it from flooding from time to time. Rome is situated on the plain of the Campagna di Roma.

The seven hills on which Rome was first built have long been famous. The Palatine Hill, where the earliest Romans lived, is today almost covered with the ruins of ancient buildings. Most of the palaces of the early wealthy Romans were built on the Palatine Hill. Modern excavations have revealed remains of great splendor.

The Aventine and Caelian Hills are also covered with ancient ruins. But crowded industrial districts have grown up on the Esquiline and Viminal Hills. The Quirinal Hill stands near the center of the modern city of Rome. The presidential palace and the chief public buildings stand on the Quirinal Hill.

The Capitoline Hill is today a center of Roman life, just as it was in ancient times. The Capitol stands

near the top of the Capitoline Hill. This building was designed by Michelangelo to replace the ancient building which once stood there. Famous art museums also stand on the Capitoline Hill. A perfectly preserved antique statue of Emperor Marcus Aurelius stand on a landing of a Capitol stairway. Rome is built on more hills than the original seven. The Pincian has beautiful gardens and walks, and is a favorite meeting place.

The Janiculum, across the Tiber from the Palatine Hill, was the old lookout spot and an outpost of the city.

Benito Mussolini, dictator of Italy during World War II, had an ambitious plan to modernize Rome without damage to its heritage.

Rome became a modern city under his rule. Wide boulevards and modern streets were laid out and a number of new public buildings were built.

Ancient ruins were restored. The new Rome is a city of modern improvements and great beauty.

### Cultural Life

The University of Rome has long been known as one of the finest universities in Europe. Rome also has a great number of schools for the study of classical subjects. Many of them were founded by the leading nations of the world. Americans are most familiar with the American Academy, on Janiculum Hill. And Rome has many religious schools and colleges.

### The Arts

Rome is still a living memory of the ancient glory of the Roman Empire. The city is rich with paintings, sculptures, and the masterpieces of the Renaissance. Great treasures of art are found in the magnificent private palaces of Rome. Among these palaces are the Barberini, the Borghese the Colonna, the Farnese, the Orsini, and the Rospigliosi. Some of these palaces have belonged to the same families since the Renaissance.

### Industry and Trade

Rome is much more important as a center of Italian government, education, and religion than it is an industrial or trading center. But the city has some textile factories, as well as small

plants that manufacture foodstuffs such as pasta or macaroni. The city carries on considerable trade in religious objects. Rome is also one of Europe's financial centers.

### Transportation

Rome has a modern transportation system. The chief streets are broad and filled with swiftly moving traffic. Wide streets lead through the ancient city to the suburbs and outside districts.

Buses and electric street cars furnish public transportation.

The subway runs in a southwest direction for seven miles from Rome's central railroad station. Rome is one of the great railroad centers of Italy.

### The Ancient City of Rome

Rome was first settled around 753 B.C. Most of the streets in the time of the Roman Empire were narrow and crooked. Some of them were also very dirty. Other parts of the city were wide and beautiful with white marble buildings, great columned porches, and triumphal arches. The population of ancient Rome in the time of Augustus may have reach 1,000,000.

The centers of Roman life were the open places were public meetings were held. Such a meeting place was called a forum. Other meeting places included the Forum of the Emperor, the Forum of Julius Caesar, and the Forum of Augustus.

The chief street of Rome was the Via Sacra or Sacred Way. It ran from the Forum to the top of Capitoline Hill. The street led to the temple of Jupiter Capitolinus, which was the oldest and most sacred temple in the city.

The lava-block pavement of this road is still in fairly good condition. Famous triumphal processions of emperors and generals paraded up the Via Sacra as they returned from the wars of Rome.

The Via Appia, or Appian Way, was a great lava-paved highway that led from the gates of Rome to Capua, in Campania. This famous highway was named for the censor, Appius Claudius Caecus, who began its construction in 312 B.C. It was about 18 feet wide, paved with huge blocks of lava, laid on a bed of broken stone cemented with lime.

Parts of it are still in use,

and the men of the 36th remembered this highway and we traveled over part of it as we entered Rome.

The sewer system of ancient Rome was so well built that some of it is still in use. The most famous sewer, the Cloaca Maxima, was built in the time of the later Roman kings. Aqueducts carried water into the city from the faraway Apennine Mountains. Some of these same aqueducts carry water into Rome to day.

### Buildings

Historians believe that Rome once had as many as three hundred temples. The best known of these was the Pantheon, which was the temple to all the gods. The Pantheon became the Christian Church of Santa Maria Rotonda in A.D. 608. This great circular domed church is today the most perfectly preserved of all the ancient Roman buildings. Some of the other old temples were turned into church and so were cared for through the years.

Campus Martius was a large open space outside the walls of the ancient city. It was set aside for military combats and athletic contests.

The Campus Martius was sacred to Mars, the Roman god for war, and was named in honor of him. It lay between the Pincian, Quirinal and Capitoline hills, and the Tiber River. It covered an area of about 600 acres.

Many private and public buildings were built on the Campus Martius and the size of the field was greatly reduced. In the last years of the Roman Republic, the Campus Martius became a suburban pleasure ground for the Romans. Gardens, shady walks, baths and theaters were built there.

Arippa (63-12 B.C.) built the old Pantheon on the Campus Martius, and Augustus (63 B.C. AD 14) erected a

magnificent tomb for himself on the ancient site.

### The Church Triumphant

From Constantine's time on, Christianity was the official religion of Rome. When the political power of the emperors collapsed, the Church endured - and, in the dark ages that followed, helped preserve the Roman heritage.

We made many walking tours in Rome, as some of the streets were very narrow, and in some places the buses could not travel and in many there not allowed to do so.

Many of the side streets are made of the lava blocks which are hundreds of years old. Many of the side streets do not have side walks, so we just walked down the street. On the first Monday we were there, the shops were closed in the morning, as they were opened on the previous Saturday, however we enjoyed looking in the windows.

The traffic in Rome is very fast, if there are two million people there, then all of them were in their cars when we were there. They drive at a high rate of speed, honk their horns, and shout.

The one with the most nerve gets there first. All of the cars are very small, and when we're walking on a week day in the city, they are parked everywhere. We saw no parking lots as we know them, so the cars were parked on the sidewalks, which have a very low curb or no curb at all, and in any spot they could find to park.

We went to the Spanish Steps on this first walking tour, this is a very beautiful sight, located in the Piazza Di Spagna, which is one of the best known squares of Rome, the gathering point for foreigners, artists and other tourists. No cars are buses are allowed in this square, or even to pass thru it.

For many years nothing has changed here, and nothing has lost its charm. The best known, most fashionable streets in Rome start from here, such as Via Condotti with the famous Cafe Greco, which dates from the 18th century and became the center of Rome's intellectual life.

In the center of the square is the Famous Fontana della Barcaccia, designed by Pietro Bernini.

The finest and best known feature of the square, however is the great stairway called the Spanish Steps, which by a succession of flights and landings, lead up to the Church of Trinita dei Monti. The whole staircase was decorated with flowers of the stall holders, and many flowers and vines bloom there throughout the summer and fall. The staircase was planned by Francesco De Sanctis at the beginning of the 18th century.

At the top of the steps are the Piazza and Church of Trinita dei Monti.

The Spanish steps lead up the Pincio, another of the Roman hills, and one of the most beautiful. We also saw the Fountain of Trevi, near Via del Corso, it is so called after the term "Trivio" or crossroads or exactly the place where three roads meet. The construction of the majestic marble set, of great scenographic effect, was begun under the Ople Clement XII and completed in 1762.

In the center, the mythological figure of Ocean on a chariot carried by two marine horses guided by Triton. This is thronged with tourists all year long, and it is considered one of the most beautiful fountains in the world. The palace on its background is that of the Dukes of Poli.

# Homemaking Hints

County Extension Agent

Janet Thomas

The recommended way to loose or maintain weight is to eat a balanced diet (foods from the four food groups) and exercise. Dieting or exercise alone will not be successful but the two together will give the desired results. The diet we will examine today combines exercise and portion control. It doesn't require you to go hungry. You eat complete meals, including your favorite foods. But you avoid eating portions that are too large.

We all know that crash or fad dieting may be successful on a short term basis but neither is the answer to effective weight loss. In some cases fad diets can be dangerous if not fatal.

When you combine portion control with moderate exercise, you'll actually find it easier to cut down on your eating. You can make it even easier by eating slowly. A slower pace at the dinner table will reduce your tendency to overeat.

There are many charts available which give you an idea of your desired weight according to your height and frame. Now you can set a weight goal and a date by which you want to reach it. BE REALISTIC. You didn't put those extra pounds on overnight, so you shouldn't

expect to lose them overnight.

When you combine portion control with moderate exercise, you can plan to lose one to three pounds per week. Quicker weight loss usually signifies loss of body fluids or lean muscle mass - not fat.

Add exercise to your daily routine if you are not exercising now. If you are, it may be appropriate to exercise longer each day or heighten the level of activity.

An easy way to determine your daily calorie need is to get your desired weight X 10 - Daily Calories. Consider this example: you weigh 146 pounds but you want to weight 127 pounds. Multiply your desired weight 127 pounds by 10. The result is 1270 calories. Most diets which are shown are based on 800, 1000, 1200, calories etc. Choose the eating plan closest to the calorie level you need. If you calculated 1270 calories then you need to choose the 1200 calorie diet.

Be careful of a diet with too few calories. The lower your calorie intake, the more difficult it is to meet your nutritional needs. A diet which is severely restricted in calories may be difficult to maintain as well as dangerously deficient in nutrients.

Remember - before starting any diet always check with your doctor first. Also the people with special dietary needs - including children, teenagers or pregnant women should always follow diets suggested for their particular needs.

### RECIPE FOR THE WEEK: REFRIGERATOR GINGERBREAD

- 1 cup shortening
- 1 cup sugar
- 1 cup dark molasses
- 4 eggs
- 2 teaspoons soda
- 1 cup buttermilk
- 4 cups flour
- 2 teaspoons ginger
- 1/2 teaspoon allspice
- 1/2 teaspoon cloves
- 1/2 teaspoon cinnamon
- 1 cup chopped pecans
- 1 cup seedless raisins

Combine shortening and sugar, creaming until light and fluffy. Stir in molasses; and eggs, one at a time, beating well after each addition. Dissolve the soda in the buttermilk.

## 4-H Party

Countywide 4-H Party, Saturday, February 23 from 7-11 p.m. The party will be held at the County Show Grounds. All 4-H'ers are asked to bring finger snacks: cookies, chips, dips, etc., plus soft drinks, punch or paper goods.

4-H'ers and parents are asked to bring their favorite 45, cassette or album. Along with the folk dances will be games led by a County Recreation Team.

The party will be a night of sweethearts, celebrating Valentine's Day late. So 4-H'ers bring your honey. See you Saturday night!

Combine flour and ground spices; add to creamed mixture alternatively with buttermilk, beating well after each addition. Stir in pecans and raisins. Store batter in an airtight container in refrigerator.

When ready to bake, fill greased 1 1/2" muffin cups 3/4's full. Bake at 350 degrees about 20 minutes.

Batter may be stored for several weeks in refrigerator. Yield about 6 dozen.

NOTE: To bake without chilling batter, reduce baking time to 15 minutes.

## Eastland County 4-H Recreation Team

4-H Recreation Team selected! Eastland County submitted a 4-H recreation team to represent District 8 at a statewide recreation lab. Eastland County representatives were selected to be the team for District 8. The team members are:

- Phillip Allen - Nimrod 4-H,
- Jerry Long - Rising Star 4-H,
- Stephanie Long - Rising Star 4-H,
- Amy McDonald - Ranger 4-H,
- Faith Ballard - Agent Advisor.

The team of five will

depart Friday, March 8th for the Texas 4-H Center in Brownwood. The training is called "Longhorn Recreation Lab." That night the focus will be on developing leadership skills through recreation. Along with the work of course is fun, taking a midnight hike! Saturday is indepth training on leading skills in games, songs, ceremonies and party planning. That night will be a theme party, "Commercial Breaks". Sunday will give each team a chance to lead,

then we're homeward bound. Upon returning the team will be providing county training for the whole community! We will invite all other organizations to come and we'll share the skills we gained from the lab. Plus the team will provide district and bi-county training. Good Luck to the team as they embark on a challenge to become better leaders.

## 4-H Petting Zoo

4-H Petting Zoo to be held March 14th! The first ever petting zoo for Eastland County. This year during the County Livestock Show, the Eastland County 4-H Jr. Leaders Association will be sponsoring a petting zoo. The zoo will be located in the rabbit area. We will have several baby animals to pet. 4-H Jr. Leaders will conduct tours through the zoo at specific times for groups. If you are interested in bringing a group of kids to the zoo, contact the County Extension Service at 629-2222 to set up a specific time. We will have the zoo open only Thursday, March 14th, 7 a.m. - 7 p.m. Call today to make reservations for a free tour of the 4-H petting zoo.

## State Treasurer To Speak

Ann Richards, State Treasurer of Texas, will be the featured speaker at the annual meeting and banquet of the Leon-Bosque Resource Conservation and Development area (RC&D)

The meeting will be held March 11, 1985 at the Proctor Area Recreation Center on Lake Proctor in Comanche County.

The Leon-Bosque Area covers Bosque, Comanche, Eastland, Erath and Somervell Counties.

The public is invited to attend. Information about tickets can be obtained at the local Soil Conservation Service offices in the various counties.

## ANNOUNCEMENTS

The Order of the Eastern Star will have a Friendship Night at 6:30 p.m. Tuesday, Feb. 26, at the Masonic Lodge Hall in Cisco.

A salad supper will be held. Promise and the Promise Kids will present a short program.

There will be a closed meeting. All members of the Order are invited.

# County News Briefs

Sunday, February 24, 1985

## RANGER

The Country-Western and Gospel Musical on Saturday, Feb. 23 will feature a variety of talent. The Musical will be held at the Ranger Junior College Auditorium at 7 p.m. There is no charge for attendance, but contributions to the Volunteer Fire Department will be welcome. The show includes Junior Daughtery, National Fiddle Champion, The Stranger From Ranger (Tommy Brasher), Finglerless Fiddler Roy Thackerson, Roland Smith, Dale Brooks, the Crawford Family, Roy Rogers and Chris Cockburn.

The Rev. Tommy Phelps, a professional wrestler turned evangelist, will lead a revival at the First Baptist Church Feb. 24 through March 3. Phelps, of Amarillo, will be accompanied at the services by Sam Craig of Houston. Craig will lead the singing and present special music during the week. On Sunday, Feb. 24 Rev. Carlos McLeod of the Baptist General Convention of Texas will speak at the 11 a.m. and 7 p.m. services. Pastor Billy Chamber of the First Baptist Church invites the public to attend the Revival Services.

## EASTLAND

Eastland City Commissioners have named Lyndall Underwood as Police Chief. Underwood, 23, joined the Eastland Police Department as a detective Nov. 19. He has served as acting Chief of Police since Jan. 8, when Bobby Arriola resigned.

Commissioners voted to request City Manager Roy Underwood to send registered certified letters to communities holding water contracts. These will state that water rates will increase the amount allowed by the Public Utilities Commission for water and used over the contracted amounts. According to the PUC, communities can be charged 115% for all water used that is over the contract demands.

The Eastland Centennial Memorial Library is still in need of funds to repair the walls and roofs of the building. Eastland City Commissioners are getting estimates of work needed, and also investigating grants for funding some library expenses. An emergency meeting will be called as soon as the inquiries have been made. This Library is used by persons all over the county as well as in Eastland.

Sixty-nine Eastland F.F.A. members plan to participate in the Eastland County Livestock Show March 14-16. Many of these students will have more than one entry, or entries in more than one division of the stock show. The swine division, as well as lambs and broilers have a large number of entries. But several members will have steers and breeding beef cattle.

The 4-H County Project Show will be held during the Livestock Show, and is expected to bring out a number of entries. For entry forms, contact your organizational leader. The entry deadline is March 8, 5 p.m., and forms should be brought to the County Extension office. Almost all types of creative art and projects are eligible for display.

The Retail Trades Commission of Eastland Chamber of Commerce and SCORE/ACE is sponsoring a Seminar on Cash Flow Management. It will be held Tuesday, Feb. 26 from 7 p.m. to 9:30 p.m. at the Eastland Chamber of Commerce. There will be \$5 fee for non-members. The Texas

A&M University System has perfected this training seminar, and it should be of great benefit to anyone involved with retail.

The Eastland Outreach Ministries will begin Lenten services on Sunday, Feb. 24 at 7 p.m. at Holy Trinity Episcopal Church, 702 South Seaman. Pastor Ralph Albin is minister of this Lutheran congregation, and he and church members invite the public to all of the meetings. The Lenten services will seek to encourage each person in the development of his gifts.

## CISCO

Cisco Detective Tom Barrett, a licensed crime prevention inspector, heads the newly formed crime prevention unit of the local police department. He is the only licensed crime-prevention officer in the county and one of 11 in the region. A pamphlet display has been placed inside city hall, with crime-prevention articles free to the public. They cover everything from drug abuse to how to make a home secure. Barrett is also available to give talks to any organization or club in the county. He has films available on a number of subjects, and will use a hand-puppet of McGruff, the crime-prevention dog, in school programs. Also available to the public, free of charge, are engraving markers to mark valuables.

The Cisco Junior College Fine Arts Department will present Dr. Ronald Rathbun from Abilene Christian University in a piano recital Tuesday, Feb. 26 on the campus. The time will be 7:30 p.m. in the Harrell Fine Arts Auditorium. Dr. Rathbun's program will include works by Debussy, Chopin and Schumann. Rathbun is considered an authority on the piano works of Robert Schumann. The CJC Fine Arts Department invites the public out to enjoy this performance.

The Order of the Eastern Star will have a Friendship Night at 6:30 p.m. Tuesday, Feb. 26 at the Masonic Lodge Hall in Cisco. A salad supper will be held, and Promise and the Promise Kids will present a short program. There will be a closed meeting, with members of the Order invited.

A new Administrator, Mary Francis Cope, has been hired at Cisco Care Center. A native of Eastland County, Mrs. Cope has worked as a Nursing Home Administrator since 1971. During this time she worked 12 years as Administrator of Western Manor in Ranger.

## RISING STAR

Donations are now being collected for the Park Improvement Fund, which will be used to repair and replace playground equipment and do painting and general cleanup at Colquett E. Williams Memorial park. (City Park). Clinton Crisp has requested approval for the Park Committee to fix up the Boy Scout Clubhouse at the Park. There are some old school desks in the building which the Committee would like to sell and use the money for improvements. The Council has requested that Mr. Crisp find the owner of the desks and ask permission, as they do not belong to the city. Does anyone have information about these desks?

Artificial flowers placed on cemetery monuments are being taken from the Rising Star Cemetery. These are flowers

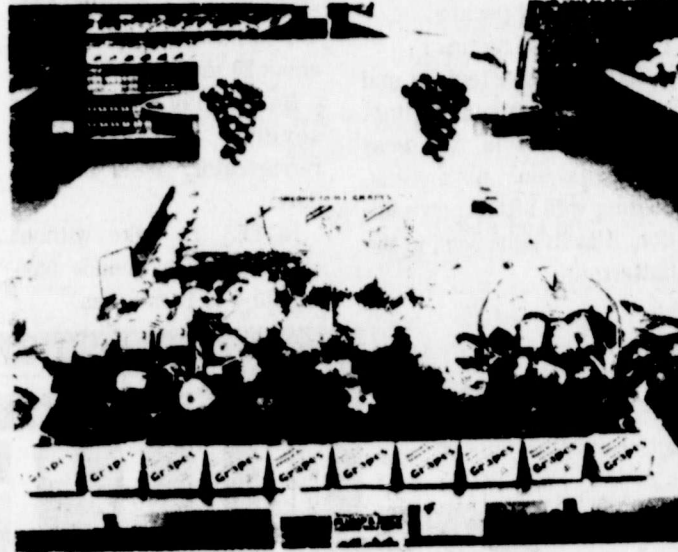

bought by families who wish to decorate the graves of their loved ones. It is hard to understand how anyone could have so little concern about this. Anyone passing by the Cemetery who notices flowers being taken should contact city law officers.

## GORMAN

There will be a Variety Show held March 1, 1985 7 p.m. in the High School Auditorium. The money raised will go toward the building of the tennis courts. A lot of local and area talent will be on the program - out and be entertained.

Cecil Funderburg, Gorman Police Chief, asks for renewed support of the "Crime Stoppers" program. "As a direct result of information received through the program," he says, "Over thirty arrests have been made and a large amount of illegal drugs has been confiscated and destroyed. The war is not yet over, however. Crime Stoppers needs your help to continue in the War on Drugs." The Chief says that volunteer help is needed, as well as funds. Crimstoppers meets the first Thursday of every month at 7 p.m. at the Senior Citizens Center.

The Chamber of Commerce Farmer's Banquet will be March 21 at 7 p.m. in the school gym. Oscar's Barbeque of Cisco will cater the meal, and tickets are \$5 each. Speaker for the evening will be George Brazell of Desdemona, Professor of Psychology and Sociology at Cisco Junior College. Musical entertainment will be from the Cross Timbers County Opry of Stephenville. The Farmer of the Year Award and Community Service Award will be presented. Remember to get advance tickets if possible from the Gorman Progress, First National Bank, other businesses, or Board members.

## Julia Hunter Wins 9th In U.S.

Julia Hunter, produce manager at Super Duper in Eastland recently was selected as Prize Winner in the National 1984 Venture Vineyards Concord Table Grape Display Contest.

Julia's grape display won 9th place in the U.S. and was

the only winner from Texas. Judging was based on originality, attractiveness, eye appeal, and sales appeal.

Betty Woods, Floral Manager in the Eastland Super Duper helped Julia with the display.

## WORD of GOD

### Seek The Lord

When thou saidst, Seek ye my face; my heart said unto thee, Thy face, Lord, will I seek.

*Psalms 27:8*

## church services ...

**REDEEMER LUTHERAN CHURCH**  
The worship service begins at 8:30 a.m. Pastor Schueler's message is entitled:

"God's Son Under Pressure" based on Mark 1:12-15. Sunday School and Bible class begin at 9:30 a.m. Cold weather, strong winds, knee-deep snow; often they slow down the pace of life in winter time or bring depression and secularity. But the season doesn't have to get you down. Even the most miserable day is a blessing from God, full of opportunities to experience His love in Christ. Hear more from the Rev. Wallace Schultz on the Lutheran Hour next Sunday on radio station KCLW (900) at 8:00 a.m. and on KWFT (620) at 12:35.

Tuesday: Board of Parish meet at 7:30 p.m.

Wednesday: the Cisco Care Center worship at 10:00 a.m. The Lenten service begins at 7:30 p.m. Pastor Crockett will be here. His message is entitled "Faithfulness from the Passion of Christ."

Thursday: Pastor Schueler is here all day. Jesus Friends meet at 9:30 a.m. and 2:45 p.m. Catechism class is at 4:00 p.m.

Friday: Board of Parish meet at 7:30 p.m.

Sunday, February 24, 1985

The Cisco Press

## letters to the editor ...

Dear Editor,  
I wonder if perhaps we have not become pessimistic. Do we not say, "the gas tank is half empty" when in reality it is one half full.

Do we say, "I can't" when we should say, "I will try." Do we not too often (throw up) our hands and say, "I quit or what's the use?"

My Grandfather lived to be 101 years old. I have fond memories of my last visit with him one month before he died, as we walked around in the yard and I would stop and wait for him he said, "I may give-out but I won't give-up."

I know not who penned the following poem you see, but I know there is a lesson for you and for me.

**THE OPTIMISTIC FROG.**  
Two frogs fell into a very deep cream bowl.

One was an optimistic soul; But the other took the gloomy view.

"We shall drown," he cried, without more ado.

So with a last despairing cry, He flung up his legs and he said, "Good-bye."

Quoth the other frog with a merry grin, "I can't get out, but I won't give in."

"I'll just swim round till ..."

## legal notices ..

**ECONOMIC DEVELOPMENT APPLICATION PUBLIC HEARING**  
The City Council of the City of Cisco will conduct a public hearing at 7:00 p.m. Tuesday, February 26, 1985, at City Hall, 116 West 7th Street, for the purpose of soliciting citizen input for the development of an Economic Development Program Application to be submitted to the Texas Department of Community Affairs. All citizens, particularly low income residents, are invited and encouraged to attend.

## Homemakers Club Meets Banquet Held

The Pleasant Hill Extension Homemakers Club met Feb. 14 in the home of Blanche McGaha. Eleven members attended. Final plans were made for the concession stand to be at the Cisco Livestock Show March 8 and 9.

Council recommendations were approved. Mrs. Vadis Phelps was elected as our nominee for delegate to the District TEHA meeting in Waco in April.

The program on Stress - Friend or Foe was presented by Muri Campbell.

\$2.09 was turned in at this meeting for pennies for friendship. For members attended Feb. council. The next meeting will be a covered dish luncheon.

The Nazarene Valentine Banquet was held February 16th, at the Traditions Restaurant.

A nice crowd attended and an evening of fellowship and good food was enjoyed by all. All those attending wish to express their appreciation to each one who had a part in the program.

We also want to say a special "Thank You" to Susan Wester, Elizabeth Webb and Sue Gosch for the special music and also to the management and help for the good food, hospitality and courteous service.

Publicity chairman, Mattie Elliott.

## Receives Award

**GRAND CHAMPION**-We are proud to congratulate Scott Roberts, of Cisco, on his Fort Worth Stock Show Grand Champion ewe lamb. Scott has been feeding this champion with Big "V" feeds "Supremo II", which he purchased at C&D Feed in Eastland.

David Humiston, operations manager for C&D Feeds, Inc. is convinced that "Supremo II" will produce other champions like Scott Winklers. Pictured here, Scott is awarded \$200.00 from Big "V" Feeds Inc. and C&D Feed, Inc. Presenting him with the checks are Frieda Carter, President of C&D Feed, Inc. and Bill Riehle, Manager of the Eastland feed store.

C&D Feed, Inc. has been in operation since 1973 and continues to serve the public at the Eastland and Ranger stores. As David often says, "We Appreciate Your Business."

**We're glad you asked!**  
with Bural Chambers  
Cisco Funeral Home

**WHAT IS INVOLVED IN A FUNERAL COST?**  
There are generally four funeral expenses which can be incurred: 1) professional services of a funeral director and his funeral home, including facilities, staff-time, equipment and casket; 2) the cemetery plot and opening of the grave; 3) monument or grave marker; and 4) miscellaneous expense such as flowers, obituaries and extra limousines.

Some of these expenditures are optional. Most of them have a fairly wide range of costs, depending on the family's wishes. You will not find any undue influence exerted for exorbitant funeral costs by funeral directors in this service area. We - and most funeral directors we know - prefer that the funeral expenses be appropriate for each family served. We spend much time with each family to make sure that all arrangements and decisions will best serve their own interests.

We'd be glad to discuss this in complete detail, showing you the ranges in pricing available to you.

# CJC Lady Wranglers Will Play Important Game

The Cisco Junior College Lady Wranglers are scheduled to play Cooke County College, Saturday, Feb. 23 here with Women and Men playing at 6:00 and 8:00 p.m. They will be traveling to Hill

County College in Hillsboro, for a North Texas Junior College Conference Game, Monday, Feb. 25 with Women and Men playing at 6:00 and 8:00 p.m. In order to win the conference outright Cisco must win both games

against Hill and then beat Grayson Thursday when the Lady Wranglers host the conference runner-up.

Cisco didn't begin the game ready to play, said women's coach Ronnie Hearne, but when his Lady Wranglers decided to play that's exactly what they did, whipping Southwestern Christian College 81-to-37 in a Northern Texas Junior College Conference women's basketball game last Thursday evening.

Cisco is 20-5 and leading the conference while Southwestern drops to 1-10.

The Lady Wranglers led 10-9 after seven minutes of play when Hearne decided

to send in his second group of girls.

"The last three minutes I had a lot of new players, girls that weren't starters," said Hearne.

Cisco built up a 35-20 halftime lead on the strength of the second teamers.

A different group of players opened the second half as they had held Southwestern scoreless for more than seven minutes while scoring 16 points.

"Coming out the second half, they really outscored them," said Hearne. "I told them we needed to be mentally prepared to play everybody we played and we weren't."

Karen Dawson led Cisco with 18 points while teammates Nina Barber and Cara Cranfield added 14 and 12 points respectively.

Stats for the game follow: CJC (81)-Karen Dawson

9-0-18; Diane Saville 1-1-3; Lori Mosely 1-0-2; Sharlyn Barree 4-1-9; Esther Mendez 1-0-2; Nina Barber 5-4-14; Lisa Downing 3-0-6; Cara Cranford 5-2-12; Elaine Browning 2-0-4; Valerie

Barnett 2-1-5; Ingrid Mitchell 3-0-6; Totals 36-9-81. SCC (37)-Linda Ransford 5-1-11; Dierde Coffey 5-0-10; Darlene Wesley 1-0-2; Joyce Hill 1-2-4; Ginna Sims 3-4-10;

Totals 15-7-37. Halftime: CJC 35, SCC 20; Fouls: CJC 15, SCC 20; Fouled Out: CJC none, SCC Hill, Sims; Records: CJC 20-5, 9-0; SCC 1-10.

## CJC Wranglers Will Play Mon.

The Cisco Junior College Wranglers are scheduled to play Cooke County College, Saturday, Feb. 23, here with Women and Men playing at 6:00 and 8:00 p.m. They will be traveling to Hillsboro to play Hill County College for a North Texas Junior College Conference Game, on Monday, Feb. 25 with Women and Men playing at 6:00 and 8:00 p.m.

Cedric Ellis and Melven Jones each connected on both ends of crucial one-and-one free throw attempts in the final minute to lead Cisco Junior College to a 67-to-60 win over Southwest Christian College Rams Thursday night.

Cisco, now 18-10 and 5-6 in the Northern Texas Junior College Athletic Conference, had dominated in the first half taking a 37-to-23 lead at

intermission but blew a 16-point advantage and saw Southwest pull to within one point twice in the final five minutes.

Melven Jones led all scorers with 29 points. Aldon Robinson also chipped in 13 points for the Wranglers.

Stats for the game follows: CJC (67)- Cedric Ellis 0 2 2; Rodney Murray 5 2 12; Aldon Robinson 6 1 13; Lloyd McArthur 3 3 9; Anthony Bryant 1 0 2; Melven Jones 11 7 29; Totals 26 15 67.

SWC (60)- Kelly Richardson 1 2 4; Brian Leek 4 4 12; Wilfred Humes 3 0 6; Fitz Colbert 4 3 11; Rod Johnson 9 5 23; Jason Veals 1 0 2; Ricky Brown 1 0 2; Totals 23 14 60. Halftime- CJC 37 SWC 23; Fouls- CJC 18 SWC 17; Fouled out- none.

## Ag Show Set To Air March 3

A nationally syndicated half-hour television program entitled "Agriculture's Next Generation: A CONFLICT OF INTEREST" is set to be broadcast Sunday, March 3rd at 5:00 p.m. on television station KRBC, Channel 9. The National FFA Organization has commissioned this program, which will be narrated by Eddie Albert and will be aired on over 120 television stations nationwide.

Wade Shackelford, Cisco FFA Chapter President said of the special program, "It will focus on the need for more young people to enter agriculture- to assure the in-

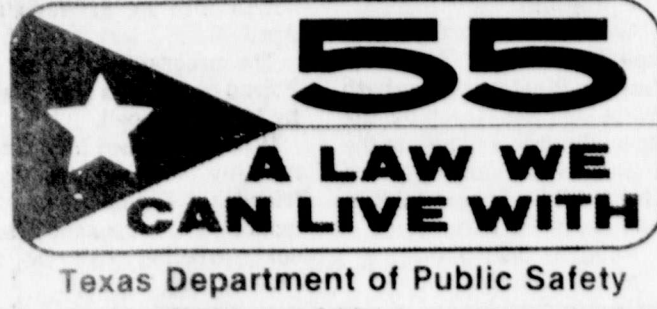

dustry of maintaining its global 'number one' status."

"We're really out to present some of the facts as to why this has happened, and how it needs to change," said Larry Case, National FFA Advisor. "We'll take you to a very rural community that has dropped vo-ag, and we'll compare that with a program that's meeting the needs."

The show will bring this problem to the attention of the American public and illustrate the high technological nature of modern agriculture- an industry that employs 22 percent of the nation's working population.

As Senator Robert Dole (R. Kan.) says in one segment of the program: "If you don't ever get hungry, don't be concerned about agriculture, but I'd say most of us get hungry in the course of a day so all of us should be aware of what's happening in agriculture."

The Dupont Company, Monsanto, Yamaha and Ford Tractor are sharing sponsorship of the program.

## Celebrating With A Birthday Party

**BIRTHDAY PARTY--** John Keck, (left) 6-year old son of John and Linda Keck, recently had a birthday at the Dairy Queen. The Dairy Queen gives a hand to parents with their children's party. They need about one week's notice reported JoAnn Gary, employee of the

Dairy Queen, who is shown in the above photo helping John and a guest of his to play Pin The Tail On The Donkey. JoAnn reported that they serve cake, and party favors and help with games. (staff photo)

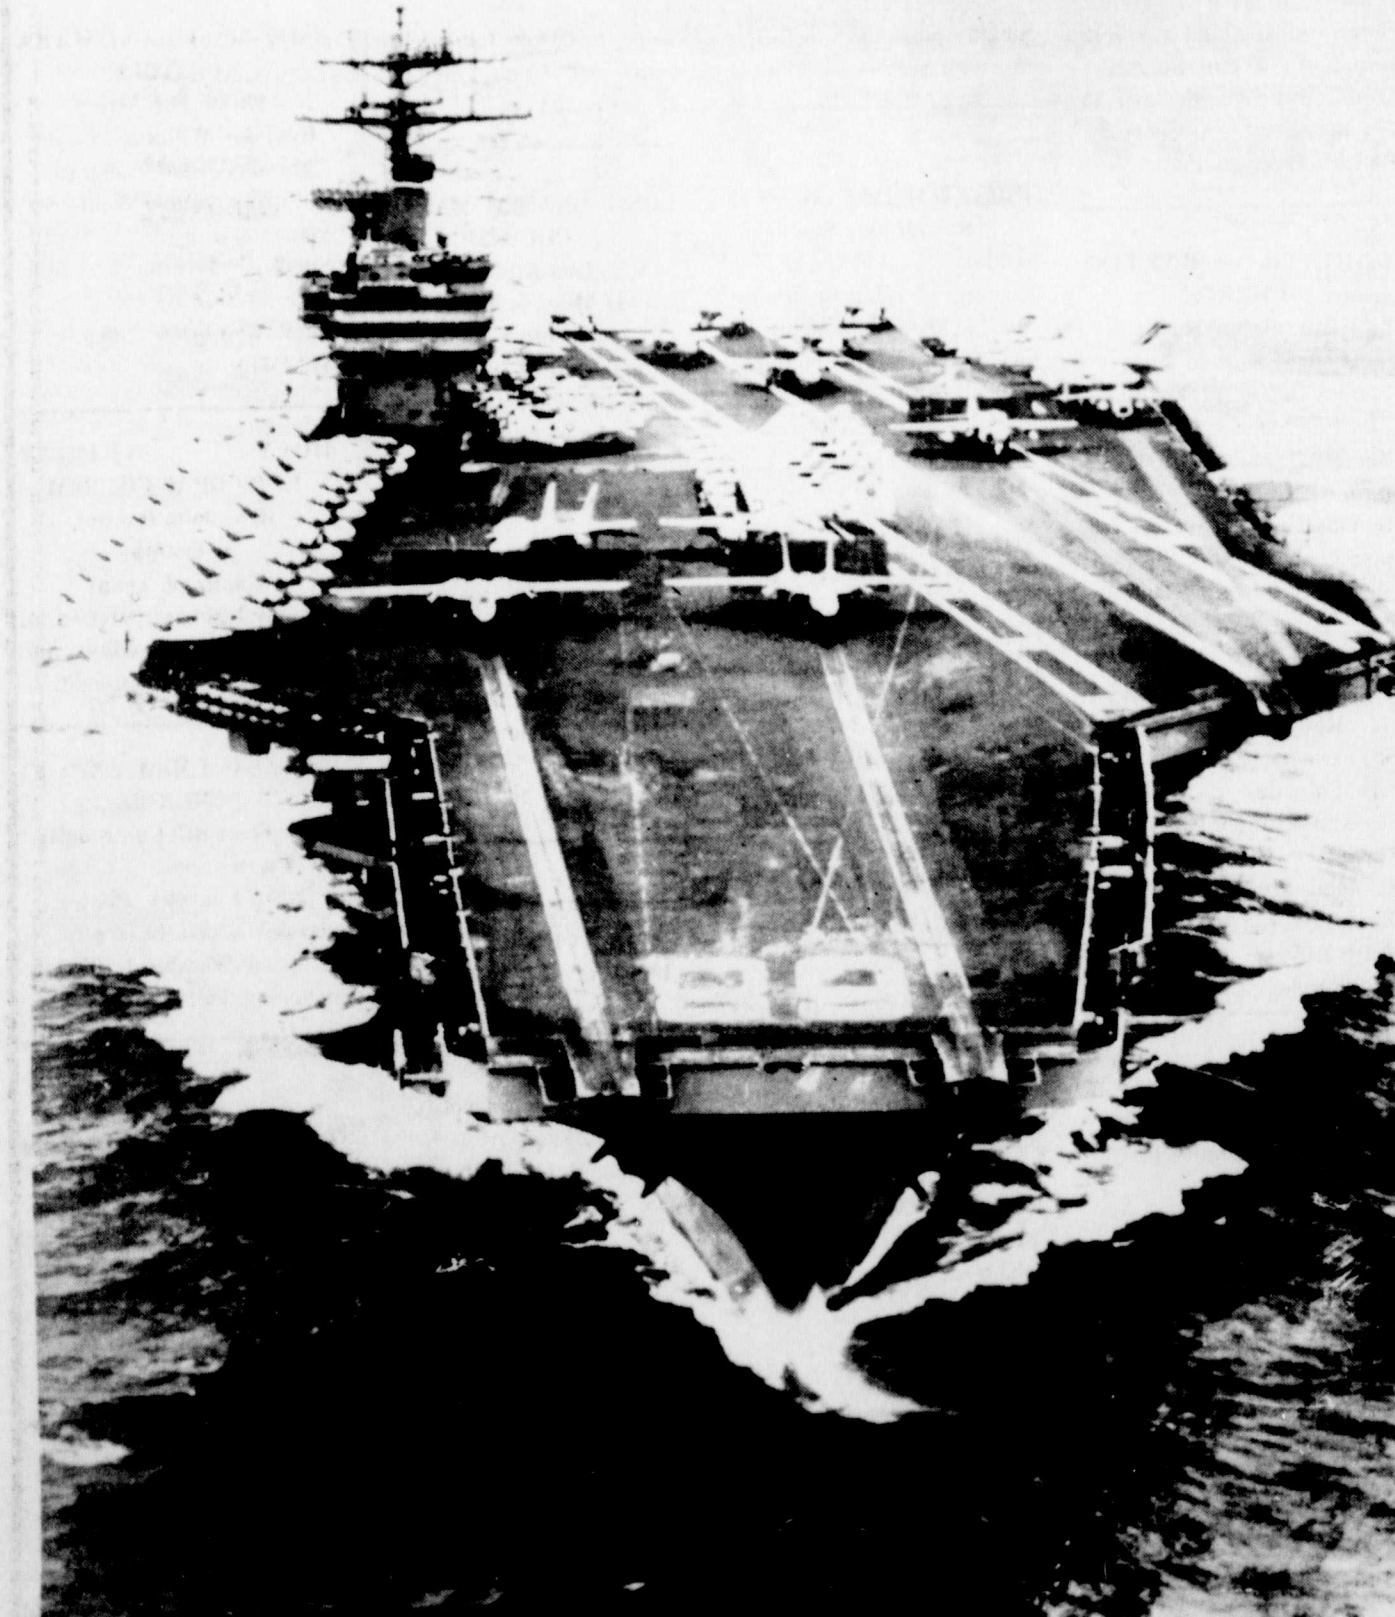

## A Navy Within The Navy... (10th In A Series) Big Ship Named For Big Texas WWII Hero

Many World War II historians have written that

the outcome of the war in the Pacific would have turned

out differently had the United States aircraft car-

riers been sitting in Pearl Harbor on that fearful Sun-

day, December 7, 1941, when the Japanese attacked Pearl Harbor. It is therefore fitting that one of the most celebrated World War II Navy heroes, a Texan by the name of Chester W. Nimitz has a modern aircraft carrier named in his honor. The USS NIMITZ is one of ten active duty Navy ships that is named after famous Texas places, people or events.

The USS NIMITZ (CV 68) was commissioned on May 5, 1975. President Gerald Ford was the principal speaker at the commissioning ceremony. USS NIMITZ is the lead ship in its class of three multi-purpose nuclear-powered aircraft carriers. These ships are powered by two nuclear reactors that are the largest, most sophisticated and most powerful in the U.S. Navy. The USS NIMITZ only needs refueling once every 13 years!

The Navy has been diligent about maintaining an excellent safety record with its nuclear plants ever since its first nuclear-powered submarine, USS NAUTILUS. USS NIMITZ complies fully with all the recommended radioactivity limits of the International Commission of Radiological Protection. The commission was formed with the purpose of setting standards to insure the safety of both crew and ports of call.

In November 1976, NIMITZ was awarded the coveted Commander, Naval Air Force Atlantic Fleet Battle Readiness "E" for being the foremost aircraft carrier in the Atlantic Fleet. NIMITZ saw a wide variety of ports after that, and the ship and its crew have built a tradition of accomplishment that will inspire and challenge crew members for years to come.

The USS NIMITZ recently completed an overhaul in Newport News, Virginia. Before that, she was deployed in the Mediterranean where her crew enjoyed port visits at Naples and Monaco.

# newspapers

## 1st In Readers

More readers than ever before—  
 86.3% read newspapers each week  
 80.1% read their local newspapers  
 69.6% read 5 or more daily issues  
 84.3% read ALL weekly newspaper issues  
 Some 74.4 percent of the affluent, better educated Texas adults **READ NEWSPAPERS!**  
 (Source: CDS)

## 1st Among Shoppers

Texas consumers choose their local newspaper as the usual source of "Best Buy" shopping information, **10 TIMES MORE THAN THEY DO RADIO OR TELEVISION.**

	Newspapers	Radio	TV
Where To Shop	57%	5%	9.3%
Cost of Products	57.1%	3.4%	8.3%
Best Buy Info	58.6%	3.2%	7.0%

(Source: CDS)

## 1st For Comparison

More than 8-out-of-10 (83%) of shoppers agree that newspaper ads make it easier to compare prices—far greater than do all other mediums combined.  
 (Source: National Advertising Bureau's 1983 Shopping Survey)

## 1st For Coupons

Most Texans clip coupons from the issues of their local newspapers.

Newspaper Readers Who Clip Coupons	Percent
Weekly	41.2%
Once-In-A-While	24.1%
Monthly	6.0%

(Source: CDS)

## 1st In Immediacy And Permanence

### SPEED

Newspapers provide the most effective and immediate service for product and service ads, price changing, couponing and news and ad response.

### PERMANENT

Newspapers provide a permanent record for every reader... each copy always available when you get the time to read it. They don't disappear into thin air... or clutter the post office lobby.

THE CISCO PRESS  
 817-442-2244 — P. O. Box 1372  
 Cisco, Texas 76437

THE EASTLAND TELEGRAM  
 817-629-1707 — P. O. Box 29  
 Eastland, Texas 76448

## NEWSPAPER LEADERSHIP FOR TEXAS PROVEN BY EVERY TEST

\* CURRENT RESEARCH reports by Consumer Data Service (CDS), of Oklahoma City, show that 86.3 percent of Texans are reading newspapers every week... including more than 80 percent who read their local community newspaper.

\* Texas is populated by 15,400,000 persons comprising 5,450,000 households earning more than \$147-Billion each year and spending \$84-Billion for retail goods, according to U. S. Census reports in January, 1983—**FACTS THAT CAN BE REPORTED IN DETAIL ONLY BY NEWSPAPERS.**

\* Texas newspapers spend millions of dollars each year on new technology to provide superior news-gathering services, better reproduction methods and faster delivery systems... and more effective advertising techniques to activate consumers.

\* In 1983, over 10.6-million tons of newsprint were consumed in the U. S.—equal to almost 100 pounds for every man, woman and child in this country—an increase of over 16% since 1970.

### \* ADVERTISERS SPEND THE MOST for newspaper ads:

\$20.6 Billion in 1983  
 \$ 5.0 Billion MORE than tv  
 \$16.0 Billion MORE than radio  
 \$ 9.0 Billion MORE than direct mail  
 \$17.0 Billion MORE than magazines  
 ... and today's advertisers are the world's most successful business people... their expenditures put **NEWSPAPERS FIRST!!** because newspapers are by far the most effective.

(Source: National Advertising Bureau, NY)

\* Texas is served by 583 newspapers with a combined circulation of 5,300,000... and each newspaper is read by two or more consumers. A lot of swat for advertisers!

\* Americans spend over 6 billion dollars a year to buy their favorite newspapers. They don't turn them off, or toss them on the post office floor. **THEY READ THEM**... because they thought enough of them to buy them!

## 1st In Ad Influence

The majority of Texas consumers read and react to news and advertising in their local newspapers.

86.3% read a newspaper this past week  
 71.9% usually read its grocery ads  
 69.2% usually read department store, and discount store ads in newspapers  
 57.0% will most likely turn to newspapers for shopping information

(Source: CDS)

## 1st In Flexibility

### CHOICE OF MARKET

Every market in Texas can be reached through its 583 newspapers. Campaigns can be local, regional or statewide.

### SHORT CLOSING

Ad can be created in the morning, produced in the afternoon and run in tomorrow's editions.

### TOP EFFICIENCY

More than 75 percent of Texas newspapers have converted to SAUs (6-column page size) for greater convenience to the advertiser. And most newspapers have total-market-coverage packages.

## 1st For All Ages

Texans of all ages are frequent readers of the local newspaper. The majority of Texans read newspapers... **REGULARLY\***

Age Bracket	Percent Reading
25-34	69%
35-49	74.3%
50-64	72.6%
65 and over	68.5%

(Source: CDS)

## 1st For Every Income

Every category of Texan reads the newspaper, regardless of their incomes. And as income increases... so generally does the readership of Texas newspapers.

Income	Percent Reading
Under \$10,000	63.9%
\$10-20,000	72.3%
\$20-30,000	70.9%
\$30-50,000	77.2%
Over \$50,000	74.5%

# People n Things Conservation Of

# Livestock Show Set March 8-9

WHEN A LAWN chair fell with him last September, Mr. Carl S. Hargrove of 606 W. 5th Street, Cisco, knew he was injured but he didn't think it was serious. He kept having aches and pains and in January he went over to Dyess AFB Hospital in Abilene for a checkup. X-rays showed a pelvic bone fracture so they put him to bed.

A couple of weeks or so ago, the military retiree (He was a POW of the Japanese for three and a half years) came home. He slipped and re-injured himself while taking a shower bath, so Mrs. Hargrove took her husband back to the Dyess hospital. He is 64 years of age.

While she was in the parking lot the other day at Dyess, the family car caught fire. Before firemen arrived, the car was extensively damaged—probably totaled.

Mrs. Hargrove, by the way, visited their two daughters in Alaska where her husband was stationed in December and January. She was accompanied by her mother, Mrs. Lily Fenley. They visited in Juneau with daughter Carla Hargrove.

Later, the two Cisco ladies went to Fairbanks to visit in the home of daughter Martha Smetser. If you remember, we had an item here a year or so ago about Martha shooting a bear that was stalking her husband in the yard at their home. That bear's hide now is a wall decoration at the Smetser home in Fairbanks.

THE CISCO Country Club has been conducting a membership drive of late and they've welcomed a goodly number of new members, including the Mike Andersons, the Rick Fraziers, the Ronnie Hernes, the Brad Landers, the Chuck Lawrence, the Ron Mousers, the Stanley Pirtles, Ruth Pugliese, the Jim Puryears, the Jim Rhodes, the Mike Thiberville, the Don Wallace, the Rick Whatleys, the Donnie Worleys, the Jim Yowells, the Ben Pippens, the Keith Winnetts, the Kevin Winnetts, the Wayne Whites and the Willis Parkers.

Ladies of the club will be holding a luncheon at noon Wednesday, March 6. Understand the wives of the new members will be honored at the event.

THEY'RE DOING a restoration job on the nice organ over at United Methodist Church these days. It's a very fine instrument, indeed... Young people of the church are sponsoring a car wash on Saturday, Feb. 23, from 8:30 a.m. and Sunday starting at 1 p.m. They're getting money together to pay for a spring break trip to the snow ski country.

Sorry to hear that Mr. Clifford Smith, long time employee of Lone Star Producing Co. in this area, was undergoing tests at Baylor Hospital in Dallas this past week. His wife, Inez and daughter Brenda Willingham were in Dallas with him... Mr. Charlie Pence, retired Exxon pipeliner and long-time resident, was in Room 221, Eastland Memorial Hospital, this past week recovering from an illness.

IT'S ANNUAL Chamber of Commerce banquet time and the big event will be held Thursday night, Feb. 28, at the CJC Ag Building. Oscar's Barbecue will cater the affair, so you can be sure of good eating. An outstanding program has been arranged.

You can buy tickets at the CofC offices. Attending the annual CofC banquet and supporting the work of the organization is an obligation of good citizenship. See you there.

ONE DAY RECENTLY, Mrs. Lela Lloyd of our town started out the door of her home on South Hilton and literally took a dive off the top step and landed on the concrete of her carport. She was alone and was unable to get to her feet. A hip was injured, a leg was badly bruised and she had internal injuries. It was 30 minutes before some school boys came along and heard her call for help.

An ambulance was summoned and took Mrs. Lloyd to E.L. Graham Memorial Hospital where it was deter-

mined that she had no broken bones but severe bruises. Mr. Lloyd spent several days in the hospital, returning home last Tuesday.

"I'll always be grateful to those young boys for answering my call for help," Mrs. Lloyd told us. She is now able to get about with a walker and hopes to be back in the swing of things before long.

THE CISCO Writers Club is working on plans for a 10th anniversary festival in early March. You'll be hearing about it... The writer's club has enjoyed a good sale of the anthology they published recently... The Rev. Mart Agnew, local cattleman, is pulling a new deluxe stock trailer these days... Brad and Sharon Wilcoxon are completing arrangements to move very soon into their new three-bedrooms brick home out on the Canyon Road. They welcomed a new daughter, Jammie Lynn, on Jan. 24th. The little lady has a sister, Melissa, 2. Grandparents are Mrs. Gus Smothers and the Frank Wilcoxens.

MR. CLOIS PURVIS, dean of arts and sciences out at Cisco Junior College, and others of the faculty attended an articulation workshop for junior and senior college folks at Denton's North Texas State University last Tuesday. Making the trip in the CJC Van were Dr. and Mrs. Ken Hammes, Judy Callarman and Carl Bray... coach Rusty McLeskey will take his CHS track team to Anson on March 2nd for their first meet of the 1985 season. The track team started working out recently... The Sutton Crofts spent most of the past week over in Fort Worth and Arlington visiting their daughters.

**Methodist Youth Plan Car Wash Here**

The First United Methodist Youth will be sponsoring a Car Wash on Saturday, Feb. 23, beginning at 9:00 a.m., and on Sunday, Feb. 24, beginning at 1:00 p.m.

There will be a licensed driver to pick up and deliver cars. Cars will be taken to the Robo Car Wash from the United Methodist Church on West 8th to be washed and then taken back to the church for the inside cleaning. Call 442-1334 for cars to be picked up from home.

The cost is \$6.00 for cars and pickups and \$10.00 for vans. This includes all cleaning inside and out.

**Misdemeanor Charge Filed Here Thursday**

A Class A misdemeanor charge was filed against a Cisco man Thursday night in connection to the alleged firing of a gun inside a house on East 12th Street during a two family argument, according to a report by Police Chief Billy Rains.

The man was placed in the county jail and was due to appear in City Judge Doug Fry's city court Friday. Witnesses told police that three shots were fired by the man during the affair.

In other action, police investigated a minor traffic mishap on College Hill Thursday. There were no injuries and the vehicle involved had minor damages, the report showed.

**Open House Set At Cisco Primary School**

There will be an Open House on Thursday evening, February 28, from 5:30 til 6:30 p.m.

The Open House for the Primary School will be Thursday, February 28, from 5:00 till 6:00 p.m.

An invitation is extended to all parents and families of students who attend these schools.

**Read The Classifieds**

## Water Urged

Local citizens are still being urged to be conservative in their use of water throughout the city. The voluntary cut-back of water usage which was passed by the City Council in the form of an ordinance is still in effect.

City manager Mike Moore said he did not see any problems with persons watering their gardens, if they take care and do not waste water.

**Ronnie Eudy Attends Assoc. Convention**

Ronnie Eudy spent four days and three nights at the 25th Anniversary Exposition/Convention of National Association of Truck Stop Operators. He stayed at the Century Plaza Hotel, downtown Beverly Hills, California, across the street from the ABC Entertainment Center.

He learned many things about truck stops all over the United States. He went to sessions on the point of sale dilemma, equipment proliferation, management and the role of the service company.

He attended the trade show and saw what all type of products that are available to truck stops. Ronnie said to come on out and see what they can help you with.

Ronnie was able to see the Merv Griffin show with Mel Tillis that will air March 4th. He and friends will be shown on TV. He ate at the Brown Derby, Harry's Bar and Jade West. All are famous with stars. He also saw and visited the Playboy Club, Capitol Records, etc. he saw many stars such as Jim Nabors, Howard K. Smith, Cesar Romero, L.A. Ram Cheerleaders, and many more. Be sure to come out and see the changes at the Truck Stop.

**Pizza Kits Will Be On Sale Here**

Parents of band members met Monday night, February 18, at the high school band hall. Pizza kits will be ordered on March 25 and will be delivered the week of April 8.

The high school band will be going on a band trip to Carlsbad, New Mexico May 9-11.

It was voted to purchase garment bags for the high school band uniforms and two new French horns.

A nominating committee

He said, although the lake did come up some with rains, it can still be a critical situation if the city does not get some good spring rains to raise the level even more.

After the spring rains, if they are adequate, the council will review the ordinance and decide whether to rescind it or keep it in effect. Moore said, "In another 45 to 75 days, we will know for sure."

of Jane Ray, Donna Roberts and Ginger Stovall was selected to those nominees for officers for the 1985-86 school year. New officers will be installed at the April 15 meeting.

**Concert Set In Abilene On March 5**

The Imperials, a gospel singing group will give a concert Tuesday, March 5, 1985, at the Abilene Civic Center Auditorium, Abilene, Texas, at 7:30 p.m.

The Imperials, always the leader in contemporary Christian music, have added a fabulous new sound system, new sets, and a commitment to excellence to the glory of God.

If the Imperials have one overriding goal, it is to stay in their role as innovators, to never rest on their laurels, to be leaders for Christ, not followers of Christians, and that is the very essence of the Imperials and why they continue to stand at the forefront of gospel music.

Tickets are \$7.50 and \$8.50 and can be obtained at Songs and Psalms Bible Bookstore in Cisco. They are \$1.00 higher at the door.

The Office of Wm. B. Wright Jr. P.C. cordially invites friends and clients to a reception, 3 to 5 p.m. March 1, 1985 at 514 Conrad Hilton Ave. Honoring Louise Cooper on the occasion of her retirement. p-17

Notice is hereby given that a regular meeting of the governing body of the City of Cisco will be held on the 26th day of February, 1985, at 7:00 p.m., in the Council Chambers at which time the following subjects will be discussed, to wit:

Call to Order  
Invocation  
Minutes  
Item I: Regular Meeting of February 12, 1985

## Gordon Spot

County Extension Agent

### DeMarquis Gordon

A few weeks back I discussed lawn weed control in this column. I'm getting a lot of calls concerning lawn weed control and now is the time to do something about it.

It won't be long before some of the annual summer lawn weeds begin to germinate and grow. Some of the common ones are crab grass, chickweed and knotweed.

One of the easiest ways to take care of these weeds is to put down a preemergent herbicide that kills them before they come up. One of the problems with using preemergent herbicides is, of course, they must be applied before the weed germinates. If they are applied too late and the weed has sprouted, the chemical will not be effective and will not provide any control at all. In this part of Texas the "rule of thumb" date for the application of a preemergent herbicide is March 1. This means that if a preemergent herbicide is applied about March 1, most years it will prevent annual weeds, but once in awhile spring comes a little early and the weeds could well germinate and be up before March 1.

This is the easiest time of the year for seed control. The summer lawn grasses will be able to form a dense thick turf that will be resistant to any further weed invasion.

It's too early to fertilize the lawn. The first application of fertilizer should be made after the second or third mowing. Too often we fertilize the lawn too early and damage the grass.

Euonymus, a popular shrub in Eastland County, is often damaged or killed by euonymus scale. You can identify this insect by the small brown scale found on the leaves, stems and trunk and the small white flakes on the leaves.

Now is a good time to spray the euonymus and other shrubs and trees to control scale insects. They should be sprayed with a dormant oil.

If all the scale are not killed now they will begin a new generation in May. At that time they can be sprayed with a mixture of summer oil and malathion or diazinon.

There are more and more backyard poultry flocks in Eastland County. The movement of poultry is on the increase in Texas due to trade days and flea markets held across the state. Along with this movement comes the spread of infectious and contagious diseases. Backyard flock owners should be aware that poultry purchased from unknown sources can bring disease into an otherwise healthy non-immune flock.

Poultry owners should take precautions to protect their flocks. Don't buy trouble. Diseased poultry at bargain prices are expensive. Purchase poultry only from the most reputable sources. When possible, practice an all-in-all-out flock placement and depopulation system. Clean buildings and equipment between flocks.

### Notice

NARFE Chapter 555 will meet in Eastland at K-Bob's Tuesday, Feb. 26 at 5 p.m. We had the largest number

of members present at January meeting we've had in a long time. Lets do it again.

## Dr. Boersma To Speak In Cisco

On Sunday, February 24, 1985, the third health topic of the Goodlife series will be presented by Dr. Tim Boersma in the E.L. Graham Memorial Hospital dining room at 2:30 p.m.

Dr. Boersma will speak on the identification, definition and diagnosis of diabetes. He will also elaborate on the different avenues of treatment of the disease. A question and answer period will follow the presentation.

Helen Orr, administrator, invites all interested parties to attend each of these presentations which will be held regularly in an effort to promote health awareness and wellness.

## Area Students Part Of Crew And Cast Of "Carnival" Performed At Tarleton State In Stephenville

Three Eastland County students at Tarleton State University have been included in the cast and crew for "Carnival", the university's spring production. The musical will be presented Friday and Saturday, March 1 and 2, beginning at 7:30 p.m. in the main auditorium of the Clyde Wells Fine Arts Center.

Laura Jeffcoat, the daughter of Mr. and Mrs. Jerry Jeffcoat of Cisco, and Lori Ann Bagwell, the daughter of Mr. and Mrs. Gene Bagwell of Eastland, will be included in the show. Tody Cordell of Gorman is the Bear.

"Carnival" was written by Michael Stewart with a musical score by Bob Merrill. The haunting chords of "Love Makes the World Go Round" brings a quiet dark stage to life as the audience sees the excitement of a carnival develop before their

eyes. The spirit of the show is created by rousing circus parades, hawkers, performers marching down the aisles, jugglers, clowns, side show performers and dancers.

Stewart's story captures the mood of the carnival people blending comedy and pathos. A wide-eyed orphan runs away to join the circus and soon becomes the object of a fierce rivalry between Marco the Magnificent, the troupe's magician, and Paul Berthalet, a puppeteer with a game leg. Despite the magical illusions of the carnival, she soon realizes that admiration does not always come in the most colorful wrappings.

Tickets to the performances are \$6 for adults and \$5 for Tarleton students and senior citizens. Friday night's show is backed by the Special Events Committee and Tarleton students can purchase tickets for \$1 with their I.D.s. Reservations or ticket information is

available by calling 817-968-9634 weekday afternoons.

## RICOH COPIERS - Reduces & Enlarges

DESKTOP COPIER WITH SIX REPRODUCTION RATIOS  
3-level reduction, 2-level enlargement and normal 1:1 copying. In addition, the FT3050's versatile bypass feed table lets you make two-sided copies as well as copy onto a wide range of special materials, including postcards, transparencies, and colored paper. Continuous copies can also be made when using this table thanks to a "stream feed" function. After the desired copy quantity is entered, you press the print key once. Subsequent sheets can then be fed "nonstop." Superior copy quality is made possible by Ricoh's unique copy process, while modular construction provides quick access to the paper path. And because the FT3050 is controlled by microcomputer, it's easy to operate and reliable.

Standard Features

- Three-level reduction and two level enlargement provide optimum versatility.
- Stationary platen design enables the FT3050 to copy from a wide range of originals.
- Copies onto a wide variety of paper and sizes via universal cassette or bypass feed table.
- New "status indicator" diagnostic system reduces downtime.
- Streamlined mechanism and modular construction couples reliability with easy access to the paper path.
- Large platen accepts originals up to 11" x 17".

## TRY US OUT

You might find we have something to offer you!

Pastor Greg and Cindy Underlied

Billions of dollars a year are spent by people searching for the answer to their problems. Unfortunately, many never take the time to hear what answer God may have for them. This is why we at Lighthouse Church emphasize teaching the Bible. We believe that God has provided us with the book that answers all of life's problems.

Come join us in our next service as we search the scriptures and ask God to allow us to see what He inspired the writers to teach us.

Services:

Sunday School	10:00 am
Sunday Morning	11:00 am
Sunday Night	6:00 pm
Wednesday Night	7:00 pm

On Wednesday night's, we've began a study on "Our Growth in Godliness."

If you don't have a Bible, we'll be more than happy to give you one.

### ADVERTISEMENT FOR BIDS

The CISCO INDEPENDENT SCHOOL DISTRICT, Cisco, Texas, will accept proposals for the demolition, debris removal, and filling and leveling of resulting exposed basement area of the Intermediate School Gymnasium.

Bids will be received at the School Administration Office, located at Front Street, Cisco, Texas, until 4:00 a.m., 3-11-85 and addressed to the above. All proposals will be publicly opened, tabulated, and taken under advisement by the Board for evaluation. The Board will have up to thirty (30) days for evaluation and will award the contract at a called meeting or as directed by the Board.

Bids may not be withdrawn or modified after time set for receipts of bids. Copy of the project specifications may be obtained from the school offices, above, after 2-21-85.

The work will be awarded under a single Contract.

The Board reserves the right to reject any and all bids, and to waive any formalities or irregularities in bids or bidding and to award the Contract deemed to be in the best interest of the Cisco Independent School District. James Couch Superintendent of School Cisco Independent School District Cisco, Texas.

## Off And On

"Rules for Flying Kites"  
Kite flying season is here again and Texas Electric Service Company urges young kite flyers to follow a few simple rules for their own safety.

Carl Conger, division manager, warns them of the danger of flying kites in the vicinity of electric power lines. "If your kite becomes entangled in a power line, don't attempt to get it down by pulling on the string or climbing power poles," Conger said. "Don't touch any dangling string or wires. Notify Texas Electric.

-Use only kites made of wood or paper. Never construct kites from wire or metal.

-Fly your kite with dry string only. Never use wire or any other metallic substance instead of string.

-Fly kites where there are no electric power lines.

-Don't fly kites on busy streets and highways.

-Stay away from any fallen electrical wires.

-Don't fly kites near TV or radio antennas

-Don't fly kites on rainy days or during a thunderstorm.

Lightning tends to strike the highest object it finds and that could well be you and your kite.

Young people following these rules will get more fun out of flying kites and at the same time will keep from getting hurt or losing their kites, said Conger.

He also added that these same rules apply when flying model airplanes.

 BRINGS YOU THESE IMPORTANT TIPS...  
**YOU AUTO KNOW**

Highway fatalities dropped between 1981 and 1983. Some of the credit has been given to MADD (Mothers Against Drunk Drivers), a public-interest group that has lobbied for tougher laws.

At intersections, the driver on the right generally has the right of way, and the one on the left is supposed to yield. Defensive drivers know they can't count on it, though; they keep their eyes open.

Black exhaust smoke is most often due to a faulty carburetor choke that's stuck shut, not letting in enough air. Have the choke spring adjusted or replaced.

Why wear a seat belt all the time? Because most crashes occur at speeds under 40 MPH, within 25 miles of home. In fact, there have been accident fatalities at parking lot speed, about 12 MPH!

### Robin Speas - Pfc. William Gibson United In Marriage December 29

Robin Leigh Speas and Pfc. William Edward Gibson (US Marines) were united in marriage on Saturday, Dec. 29, 1984 in the Cogdell Memorial Methodist Church in Waco, Texas. Rev. Lloyd Sansom performed the 2 p.m. ceremony.

Parents of the bride are Mr. and Mrs. Everett Speas of Waco. Parents of the groom are Mr. and Mrs. Scottie Elliott of Eastland. Pfc. Gibson is the grandson of Mr. and Mrs. Aubrey Van Hoy of Eastland; Mr. and Mrs. Bob Elliott of Rising Star; and Mrs. and Mrs. Dick Thomas of Cisco.

The bride, given in marriage by her father, wore a formal gown in Victorian style with sheer yoke edged in a lace ruffle with full bishop sleeves. The organza bouffant skirt is edged in wide ribbon and lace trimmed ruffles, which swept back into a full train. A dainty head piece of lace trimmed with pearls and satin ribbon held the silk illusion fingertip veil. She carried a cascade of butterfly orchids,

steffanotis, baby's breath, yellow roses and yellow camille buds on her mother's Bible.

Cathy McMurray, cousin of the bride was matron of honor and Tammy Speas, sister of the bride, was maid of honor. Bridesmaids were Tia Amburn and Lori Wells, both of Waco. The attendants all wore identical blue gowns of point d'esprit lace lined in taffeta with sweetheart necklines. Satin ribbon trimmed the slightly raised

waistlines. The full skirts were trimmed at the hemline with ruffles and bows. Their bouquets were nosegay of yellow roses, sprinkled lightly with a royal baby blue breath.

The bridegroom was attired in his U.S. Marine Corp. dress blues.

Best man was Gary Don Peak of Eastland. Groomsmen were Sergio Marsh of Stephenville, John Speas of Austin, and Randall Roberts of Waco. Honorary

### Music Study Club Met Feb. 20

The Music Study Club met Wednesday, February 20, for lunch in the Executive room at K-Bob's followed by a business meeting. Members present were Mmes. C.L. Bigby, W.L. Bourdeau, Earl Bradley, Inez Cogburn, Varge Daniel, Jack Frost, James Keffer, J.G. Meredith, M.H. Osburn, Mike Parsons, B.F. Pryor, E.G. Rice, Virginia Russell, Frank Sayre, Joe Stephen, Roy Thornal, Jim Vinyard, and H. Tom Wilson.

groomsman, represented by John Speas, was Paul Reed of Eastland, who is currently stationed in Misawa, Japan with the U.S. Navy and could not attend the ceremony. They wore black and navy tuxedos with yellow camilla, tiger lily and one small white rose for boutonniere.

Mother of the bride wore a full length designer dress of pale blue. Mother of the groom wore a full length empire style dress with pleated skirt of pale green.

Serving at the bride's table at the reception were the sisters of the groom. Nan Rice of Monahans, Jo Anne Paquin and Laura Elliott of Eastland. Attending the guest book was Mary Jane Derrick.

Music was furnished by organist Jean Cummings and pianist Jan Oden. Soloist Michael Rogers sang "You Light Up My Life", "The Lords Prayer", and "To Me".

A reception was held in the church parlor following the ceremony.

The couple will make their home in Oceanside, California, where Gibson is serving with the U.S. Marine Corp. at Camp Pendleton, Calif.

# Eastland County History

Since 1900 there have been several in this line of business as the fire hazard has been great and several finely equipped gins have gone up in smoke and ashes.

The business of ginning cotton has declined to near the vanishing point in the entire county, especially in the sandier belt, on account of the deprecation of the boll weevil, but has been maintained at Carbon for the convenience of those who are still in the fight against it until its recent destruction in the usual way, by fire.

Carbon was first served by outside telephone connections about 1897 when both Frank Vernon of Cisco and W.A. Bucy of Rising Star each had toll lines in Carbon. At the present time the town is served by The South-Western Bell Company.

Carbon's roll of its earlier business enterprises would not be complete without the mention of the firm of Gorman Brothers who came to the town in 1903 and did much to put Carbon on the map as a business center. They first occupied a frame building in which they conducted a general merchandising business, but later erected a substantial brick structure which would be a credit to a much larger town.

In 1920 they sold their interests to Dr. B.F. Wilson who in turn sold to Arthur Baxter who lost the building and stock in their entirety by fire, the foe of all towns without adequate fire protection.

The outstanding business enterprise in Carbon at this time is the Consumer's Peanut Company's processing plant which has a daily capacity of from forty to fifty tons of processed nuts, and a regular pay roll of from sixty to seventy people, for the most part women.

The company is now mak-

ing extensive improvements and when these are completed the plant will cover an entire block.

Fire has been the foe of all enterprises in the town but the company has sought to relieve that situation by the erection of a water tower supplied from a well deeper than the ordinary level which gives them comparative security.

The company processed approximately eight hundred thousand tons of shelled peanuts the past season. Its weekly pay roll averages about fifteen hundred dollars. The plant is operated by electric current directly from the Leon Power plant and is the largest enterprise of its kind in the county.

Carbon was incorporated for municipal purposes June 3, 1905 and the following were elected as officials at a later date: A.C. Reiger, Mayor; J.S. McDaniel, City Marshall; L.A. White, J.E. Spencer, C.M. Farrow, J.M. Williams, and A.A. Dover, Aldermen.

Mr. Reiger served one term and was followed by J.H. Cox who also served one term. Thos. Dingler was next and served twelve years, refusing to accept another term. During Mr. Dingler's occupancy of the office, thirty thousand feet of concrete sidewalks and street crossings were completed without the issuance of bonds or the incurring of

indebtedness of any kind; this was a tax rate of twenty five cents on the one hundred dollars valuation.

Mr. Dingler was succeeded by W.A. Tate and he by M.C. Tucker. J.E. Gilbert is the present occupant of the office. All City officers serve without pay.

Carbon has long enjoyed the reputation of being a moral and religious center and richly deserves such a rating. At a recent local option election, when the result was in doubt, some one remarked, "Just wait until you hear from Carbon" and was not disappointed.

The following are extracts from the Charter adopted by the town of Carbon in 1905; they may sound a little queer to us at the present time.

ART. 137. Any person who shall, in this city, play at any game of ball, throw or catch, upon a public street or alley, or shall throw stones, or shall use a nigger shooter or other similar device, shall be deemed guilty of a misdemeanor, and shall be fined in any sum not exceeding one hundred dollars.

Article 141: Be it ordained by the Board of Aldermen of the city of Carbon: That it shall be unlawful for any person or persons to appear on the streets or public places of the city in a nude state, or in a dress not belonging to his or her sex, or in an indecent or lewd dress, or to expose his or her person, or to be guilty of an indecent or lewd act, where

persons passing might ordinarily see the same."

The foregoing is not quoted for the purpose of criticizing present or past habits or customs but only to show the difference on standards which develops within a few years.

**CARBON'S NEWSPAPERS**  
When Charles D. Spann, then living at Rising Star, was elected County Attorney in 1882, he closed out his newspaper business at that place, locked the door and brought the key with him to Eastland. He soon sold the plant to John Randle, who moved it to Carbon and began publishing The Carbon Headlight, the town's first news sheet. Randle, perhaps, sold to a Mr. Bibby and he in turn to W.T. Curtis who published the Carbon Herald in 1904.

Curtis probably sold to Hatcher and he to J.S. Davis

who changed its name to "The Carbon Messenger" which was published by him from 1917 to 1926 when he was succeeded by W.M. Dunn it's present proprietor.

Others who were affiliated with the paper during the period from 1900 to 1917 are Frank Jones and a Mr. King. There were intervals during which publication was suspended entirely.

The first school in this community seems to have been taught at a picket house on or near the place settled by A.S. Latham about two miles South East of Carbon in the late seventies. The building may have been a former dwelling house but was used for school purposes for two terms.

When Carbon was established in 1880 there were schools at Rogers, later Bear Springs, Center Point and a little later, again at

Latham, all within a radius of three or four miles of Carbon. While this did not deter the citizens of Carbon from creating a school community, it did slow down such action to some extent.

Carbon first appeared on the County Records as school number twenty two in 1883; then as school number two in district thirteen in 1884. There does not seem to have been a term of school taught in 1883 the funds probably being set aside for building purposes, but the following year a three months term was taught by B.B. Train, at the then good salary of fifty dollars per month. The school house at that time being about where the Carbon Trading Company is now located. In this same year Mr. Train also taught the Center Point school for the same length of time and at the same salary.

Carbon evidently liked Mr. Train as he was retained for the following three years.

Succeeding Mr. Train were B.D. Williams, F.W. Anthony, Richard Gray, and H.A. Newby, each serving for one year.

J.F. Wharton served as principal and Miss Rebecca White as assistant in 1892 and in this year The Carbon Independent School District was formed and I.A. Dingler, Will Loftin, G.W. Hall, and J.M. Neal were elected trustees. Mr. Loftin was the first Secretary-Treasurer of the District. The attendance records of the school show an almost unbroken gain since its organization as an independent district.

Prior to 1915 Carbon had been content with a speawling frame structure to house its school but in that year a three story brick was

erected which was sufficient for its needs until the transporting of pupils by bus came into practice, Carbon became a High School Center for a number of districts and its territory was enlarged by the consolidation.

In 1939 the system had 414 scholastics, 11 teachers, 11 credits and was a fully accredited twelve year high school.

Teachers entering its service are required to have a B.S. degree. Three buses are used in the transportation of pupils from outlying territory and affiliated schools. It has been said that Carbon and vicinity has produced more school teachers than any community in the county.

To Be Continued
