Light Turnout Of Voters Forecast For April Election

A light turn-out of voters has been forecast for the annual city, school and hospital district elections that will be held Saturday, April 6, at the Corral Room of the Laguna Hotel. The ballots for the three elections provide for only one contested place.

Absentee voting, which ended at 5 p.m. Tuesday, gave evidence that little interest had been generated in the election. At 10 a.m. Tuesday, only four absentee ballots had been cast at City Hall and at the downtown school tax office.

Voting will be from 7 a.m. to 7 p.m. Saturday with the

usual rules governing elections being enforced. M.L. (Tops) Bailey will serve as judge of the City and Hospital elections, while Mrs. Thelma Smith will be judge of the school trustee election.

The only contest on the three ballots is for place 6 of the Cisco Independent School District trustee election. Running for this place are Bill Kendall and Sue Covert.

Mr. Kendall, incumbent, has served one three-year term. He is a native of Cisco and works as a cable splicer for Southwestern Bell

Telephone Co. He and his wife, Melanie, are the parents of three sons, including Shannon, their youngest, who is a junior at Cisco High School. They live west of town. They are members of the Church of Christ.

Mr. Kendall said that he always considers the students and their teachers in all decision made on school matters. "The board must always have an open door policy with our school officials," he added.

Sue Covert is the wife of

Curt Covert and their daughter, Leslie, is a junior at Cisco High School. She is a native of Post in North Texas and went to college at Texas Tech. The Covert family moved to Cisco from Dallas three years ago and own a ranch northeast of town. She was a leader in organizing Parents for Teens, which sponsors social events for

high school students.

"I have become very interested in our schools and the quality of education our children are receiving," Mrs. Covert said. "I will exercise good judgment in helping decide how to make our schools better. I am a firm believer in vocational courses and efforts to give students the best educational

opportunities."

Mrs. Covert is member of First Methodist Church and teaches an elementary Sunday School Class, sings in the choir, and helps with youth fellowship and junior high and high school students at the church.

Place 7 on the school board has one candidate—Emmett Rich, the incumbent. Mr.

Rich has been a member of the board for nine years and is a native of Cisco. He owns a garage.

Candidates for the two vacancies on the City Council are Roy Dennis, incumbent, and Bill Roberts. Mr. Dennis is the owner and proprietor of Quickway Grocery and Mr. Roberts is a salesman. Both are well

known, home owners, and members of the Church of Christ.

Candidates for the two hospital board vacancies are the two incumbents, DeLava Chambers and Dr. Vergil Patrick. Mrs. Chambers was appointed to the board after the death of her husband. Dr. Patrick is a veterinarian serving the Cisco area.

HALL OF REMARKS

BY HERREL HALLMARK

APRIL 6th is the birthday of the late Mrs. Molly Ford. Her daughters, Mrs. Della McCarrroll, Mrs. Nona Stevens, Mrs. Azlee Henderson, and Mrs. Olga Fay Parker, remember that day with the words of this poem by Edgar A. Guest.

MOTHER'S BIRTHDAY

Yesterday we used to say
To mother year by year
In love's devoted, simple way:
"A happy birthday, dear!"

And when her gifts were on display,
"Though beautiful they are,
You've been extravagant," she'd say.

"You've spent too much by far."

The sixth of April came again!

But missing her are we,
And though we would, 'twere all in vain
Extravagant to be.

But we remember on the day
As though she still were here.
We think of her and softly say:
"A happy birthday, dear."

ANOTHER ARTICLE from Bill Bennie, former Ciscoan, and son of Mrs. W.C. Bennie of Cisco and the late "Bill" Bennie, was given to us at the Press office at the same time as the one printed in the column Sunday.

This time the article, which follows, is entitled, "Thanks for the Memories." In the column he mentions growing up in Cisco and refers to the old Palace Theatre here.

the 3-hour Glenn Miller Special on Channel 13 the other night? If you were otherwise occupied, you missed a real treat.

Most Monday evenings this time of year, I'm usually glued to the Monday Night NFL game, but since the Miller program started at 7 p.m., I thought I'd watch the first hour then skip over to Channel 8 for the Frank, Dandy and O.J. show.

The fact is, I got hooked on the Tex Benke concert and the 2-hour Miller segment that followed.

The Miller era was a special time in the lives of many people. It represents a tiny slice of American history, when ties with family and country were welded together by those events of the 30s and 40s.

One of the great things about music, regardless of preference, is that it gently jogs the memory back to another time and place, lifestyle and more importantly, people.

During the Miller era, life was much simpler. There was no TV, only radio and the local movie theatre. And the family very often listened to the radio together.

Because there was no TV to hold your attention, the family conversed, mostly small stuff...events of the day. And there were the great radio programs of the period, like Fibber McGee and Mollie, Amos and Andy, Mister District Attorney, and even early day soaps like The Life of Stella Dallas.

The big band sounds of Miller, the Dorsey brothers, Goodman, Armstrong, and even Spike Jones filled the airways.

Music of the Miller era brings back memories of Sunday, December 7 - Pearl Harbor, Jo-Boy candy bars, Boy Scout meetings, the double feature, cartoon and serial on Saturday afternoons at the Palace Theatre, family fishing trips in the summertime, and the corner drug store soda parlor.

Miller's music takes us back to a time when a 10-year-old boy asked God to please let the war last until he was old enough to serve Uncle Sam.

By the early 50s, the Miller era, the big band sound, had begun to give way to TV. Bill Haley and the Comets, Little Richard, Buddy Holly, and "The Bop." We fed lots of nickles, dimes and quarters into the juke box and got a tremendous amount of exercise dancing to this new upbeat, full-blast music craze.

But for my money, nothing beat a slow dance to Miller's music. In another 20 years, most of the last surviving principals of the Miller band and era-Beneke, O'Connell, La Rosa, Eberly, Syms, Hutton and Desmond probably won't be around.

The music that that generation played and sang, hopefully, will last forever.

Blood Drive

Set April 10

There will be a Blood Drive held at the E.L. Graham Memorial Hospital on Wednesday, April 10 from 9:00 a.m. till 4:00 p.m.

Linton Batteas

Elected To WOW

State Officers

The Texas Jurisdictional Convention a statewide meeting of delegates representing Woodmen of the World Lodges through out Texas met in Dallas March 28-31.

Representing Lodge #4562 was Linton Batteas of Cisco. Also attending was his wife, Gayle.

Area manager Joe Gosch reports that Linton Batteas was nominated and elected to the Texas Jurisdictional State Officers and will serve as trustee for 1985-86.

Joe Gosch Has

Qualified For

President's Club

Joe B. Gosch, 309 W. 8th, Cisco, area manager for the Woodmen of the World Life Insurance, has been notified by President John G. Bookout that he has qualified for membership in the President's Clubs.

His membership in the Executive Section of the President's Clubs honors his top-rated performance in membership protection along with meeting high standards of professional conduct and service on behalf of his clients.

Members of the Clubs will be guests of President Bookout next summer at a meeting in San Diego, Calif.

Service Club

Scholarship

Is Available

The Cisco Service Club is now taking applications for the Sue Witzsche Memorial Scholarship. The scholarship is available to any female resident of Cisco of one year or more who is in need of financial aid for pursuit of technical or vocational training.

The Sue Witzsche Memorial Scholarship is not limited to only recent high school graduates nor is it necessary for an applicant to be currently enrolled in school. Selection of a recipient will be dependent upon financial need of applicant, with selection made by the Cisco Service Club members.

Applications for the scholarship are now being accepted, and may be picked up at The Cisco Press office, Cisco High School administration office, or Cisco Junior College Aid office.

Applications will be accepted until April 15, and will be picked up at the three previously mentioned locations. For further information, call Sandra Woolley, 442-3559.

Large Crowd Is Expected At 21st Annual Easter Sunrise Pageant

A large crowd is expected for the 21st annual Easter Sunrise Pageant, which will portray "The Life of Christ" in 60 scenes with a cast of some 40 persons, at 3:30 a.m. Sunday at Kendrick Amphitheater on Highway 80 between Cisco and Eastland.

Admission will be free for the non-denominational production, which tells the complete life story of Christ from His birth through His resurrection. There is a large parking area for motor vehicles, including trailers. A free-will offering will be taken to help defray expenses of the production.

Phil (Shorty) Kendrick, director of the pageant, and his mother, Mrs. J.H. (Mom) Kendrick, have appeared in all 20 of the previous programs and will be on hand again this year. Mr. Kendrick, who wrote the script, will handle many other details in addition to directing the program.

Pierre Kendrick, another family member who has been connected with the pageant since its inception, will serve as narrator again this year.

A number of cast members have been in the pageant for as many as 16 years, including Kent Bridges, 23, who plays the part of the adult Jesus. He began as the little boy in the carpentry shop. His parents, the George Bridges, of Gorman also appear in the cast again for the 16th time.

The Dave Lowrance family of Cisco will be appearing for the 6th time as will Dixie Le Fevere of Cisco. Others who have been in the cast for at least five years include

Mr. and Mrs. James Thomas, Shana Dool and Paula Norman and family of Eastland, Kenneth Owings of Cisco, Danny Gann and Jackie Meek of Eastland, Juanita Venson and Sarah Taylor of Ranger, and Kathy Brewer and Heather Brewer of Eastland.

There will be music during

the evening. At 2:15 a.m., a Cisco gospel group, Freedom Flight, will sing.

The Religious Diorama, featuring numerous biblical scenes, will be open for tours during the evening. The last tour will begin at 1 a.m. The Diorama is open daily from 10 a.m. to 5 p.m.

Plans call for the Kendrick

amphitheater to begin a summer program of Life of Christ productions on June 13th. Programs will be presented on Thursday and Friday nights through August 16th.

Special lighting has been added for this year production, it was announced. The two-hour program will end

at daybreak.

The Kendrick family reported that numerous letters and calls have indicated considerable interest in this year's program and that arrangements were being made to handle a large crowd. Attendance reached some 20,000 a few years ago as the largest turn-out.

People Of Cisco Become Owners Of Mobley Hotel

For the first time ever, the people of Cisco have become the official owners of the Mobley Hotel, birthplace of the Hilton Hotel empire, according to an announcement by Cisco Mayor Eris Ritchie.

Mayor Ritchie stated that the property transfer affecting Cisco ownership was completed last week. The former owners, the University of Houston Foundation, deeded the triangular-shaped city block to Cisco's non-profit corporation, the Conrad N. Hilton Memorial Park and Community Center. The board of directors of the organization represent the people of Cisco, the Cisco Historical Society, and the community at large.

The Mobley property has been in the possession of a string of owners since Conrad Hilton purchased the nine-year old hotel in 1919. Poorly constructed and with small guest rooms that were

rented in eight-hour shifts, Hilton termed it "a cross between a flophouse and a gold mine." He soon went on to larger hotels, and sold the Mobley. It continued to operate as a hotel for a time, but later became a nursing home, and still later was completely vacated. The last owner prior to the University of Houston Foundation was an Alaskan gold miner who wintered in Texas and occupied the Mobley himself part-time.

Shortly following Conrad Hilton's death in 1979, the property was purchased by the University of Houston Foundation, with funds supplied by the Conrad Hilton Foundation in California. Plans were at that time to create a memorial to Hilton in the form of a museum-community center-park complex, and it was to be an extension of the University of Houston School of Hotel and Restaurant Manage-

ment. Since then, sentiment regarding the project shifted in the Hilton foundation, and in 1983 the decision was made by the Foundation to give the property to the people of Cisco, along with a \$1.2 million grant to be utilized by Ciscoans to develop a memorial to Mr. Hilton on the Mobley site.

The newly conceived Cisco project is to make the facility into a park and community center, which will house

Cisco Music Club Receives Blue Ribbon For Its 1984-85 Yearbook

The Cisco Music Club was presented a Blue Ribbon for its 1984-85 Yearbook during the recent Texas State Federation Convention in San Antonio. Mrs. J.C. Dyer, Jr., President of the local group, attended the state meeting and received the Award on behalf of the Cisco Club.

Mrs. Dyer met with the Cisco Music Club members March 20, and brought a report from the State Convention. She said there were 39 blue ribbons won from all around that State, and five of these were from District Three - the area Cisco is included in.

Mrs. Dyer, in addition to being President of the Cisco Club, is also President of District Three. The Eastland Music Study Club was also one of the area clubs receiving a blue ribbon.

Cisco was cited for its excellent programs, and the arrangement of the yearbook. Mrs. Dyer and Lydia Krauskopf, club secretary, compiled and arranged the book.

Other news from San Antonio was about the programs, the beautiful concerts presented each night, and discussions of topics related to music.

The Texas Federation went on record as strongly opposing the provision in House Bill 72 which curtails the students time out from classrooms to study or perform music, or to attend concerts.

The general opinion is that this provision will limit the study of music for children, particularly young people in small schools with no

classroom education in piano or stringed instruments.

After hearing this report the club presented a program on "Songs of the Pioneers".

Mrs. Viola Payne discussed and played the old Irish Piper's Reel called "Turkey in the Straw". She told how this piece was adapted and used by different groups in America.

Mrs. Garland Shelton then told of the song "River in the Pines", by Maties Seiber. This number is from the logging country in the Northwest, and tells of the death of a young lumberjack. Mrs. Shelton played this composition on the piano.

The program was concluded with "Parliamentary Pointers" given by Mrs. Shelton, who is club parliamentarian.

Hymn of the month was "Praise My Soul, the King of Heaven." This was played on the piano by Mrs. Lynn

Williams.

The next meeting of the Cisco Music Study Club will be April 10.

C&W Musical Set At Scranton

There will be a Country and Western Musical at Scranton Community Center Saturday, April 6, beginning at 7:00.

Everyone is invited, especially area musicians.

There will be a spaghetti supper.

CHS TO BRADY

The Cisco High School junior varsity and varsity track teams will enter the annual Brady Relays this weekend, according to reports by local authorities. Both boys and girls teams will go to Goldthwaite on April 13th.

Burgess Employees Honored

EMPLOYEE OF THE YEAR- Asa Walters has been selected as Employee of the Year at Burgess Manning. Asa has been employed at Burgess for six years. He is lead man over Parts and Building Departments. He is a capable leader who demands quality and efficiency from his men. Congratulations, Asa for earning this Man of the Year award. (staff photo)

EMPLOYEE OF THE MONTH- Westley Thompson has been selected as Employee of the Month for February at Burgess Manning. Westley has been employed at Burgess for 13 years. His abilities as a builder and his good work habits have helped earn this award. We are proud to honor this man who is always willing to give that extra effort when needed. A \$50 gift certificate at Sears will be awarded. (staff photo)

Why Haven't You Moved Your Checking Account To Olney Savings?

- 1 Maybe because you didn't know that Olney Savings offers interest-bearing checking accounts.
- 2 Maybe because you didn't know that on a variety of checking accounts, Olney Savings pays current market interest rates.
- 3 Maybe because you are waiting for us to tell you that we want you to move your checking account to Olney Savings. We do.

You would never invest your savings in an account that didn't earn interest. So why allow yourself to have a non-interest bearing checking account?

Think about it, and then come see us soon, or call and we'll come see you.

OLNEY SAVINGS

We're Neighbors. You Can Believe in Us.

Putnam News

By Mrs. R.B. Taylor

Plans are just about complete for the Putnam Homecoming to be held at the Community Center, downtown, on Saturday, April 6th. All ex-students, ex-teachers and ex-residents of Putnam are cordially invited and urged to come. A barbecue lunch will be served. For reservations for lunch please call Mrs. Margie Weeks at 662-3298 or Mary King Putnam before April 3.

We have experienced summer weather the past week, also more rain, but the weather man says cold tomorrow (Sat) and Sunday. Hope the beans do not get frost bitten!

Some in our community have had a virus or something! Not serious but very uncomfortable! Mrs. Edith Muzny and Mrs. Mary Manriquez among others.

Mrs. Ollie Burnam had lunch Friday with Mrs. Fay Woods of Cisco. Jo Ann Collinsworth of near Moran at Eastland.

Met up with Mr. and Mrs. Fred Goble, Baird Banker at a local cafe one day. Asked why they were at Putnam, Fred replied they had come to get a good hamburger! They got it at Billy's Cafe! Billy also has quite a line of groceries. Go look them over.

Mr. and Mrs. Duane Donaway of Odessa spent last weekend with grandparents, the Milton Donaways. They also visited great-grandmother Nettie Speegle at Baird and Uncle Warren Donaway and family at Brownwood.

Mrs. Louise Felmore and granddaughter Deana Hunt of Oklahoma City and Mr. and Mrs. Bud Maxwell of Abilene visited the Bill Lewis' last Sunday.

Mrs. Margie Weeks and Mrs. R.B. Taylor visited at the Golden Holiday Nursing Home Tuesday with Mrs. Myrtle Weeks, Mrs. Nettie Speegle, Mrs. Ruie Sunderman, Mrs. J.A. Yarbrough and Sig Blakeley.

Mrs. Maxie Solomon is visiting children and grandchildren in Houston this week. The main attraction being a new grandson, son of Mr. and Mrs. Billy Solomon. Mr. and Mrs. Archie Wirt

of Waureka, Okla., visited his sister Edith Muzny and Mr. Muzny last week. Mr. Wirt and Edith had not been together for some time so it was a very joyful reunion.

Mrs. Ollie Burnam entertained several members of her family at a lunch Wednesday. Those attending were, Mrs. Veda Yarbrough and Mrs. Ruie Sunderman of Baird. Mrs. Faye Wood and Mr. and Mrs. Mike Hughes and Linda of Cisco and Mr. Jo Ann Collinsworth of near Moran.

The Bill Lewis' are installing a new TV satellite dish at their home today. Bill also purchased a new Reding Mower this week, so he is getting ready to enjoy life!

Mr. and Mrs. George Lee Ramsey of Austin and daughter Lisa Poerhodak and daughter of Denver, Colo., are visiting their parents and grandparents, the Milton Donaways and Jack Ramsey this weekend.

Mr. and Mrs. Bill Taylor of Weatherford and Mrs. R.B. Taylor spent Saturday and Sunday with Homer and Carolyn and Barry Taylor of Sweetwater.

Don't forget to come to the Homecoming April 6th. Hope to see you there!

WORD of GOD

Are you a spiritual millionaire living as though you are a pauper? If you have accepted Christ, been baptized with the Holy Spirit then you have, by the Grace of God, been given the Gifts of the Holy Spirit.

If you're not using them, you are like the man who lives in a one-room shack not realizing that he has a million dollars in the bank.

Jesus said:

I am come that they might have life, and that they might have it more abundantly.

John 10:10

Wait on the Lord: be of good courage, and he shall strengthen thine heart: wait, I say, on the Lord.

Psalm 27:14

Has the cost of a new building shocked you?

**A MELCO BUILDING
WILL COST YOU LESS*
FOR 10 REASONS:**

- SAVE — ERECTING COSTS
- SAVE — CONTRACT LABOR
- SAVE — LABOR ON FINISH WORK
- SAVE — CONCRETE ON FOUNDATION
- SAVE — MATERIAL IN FINISHING
- SAVE — ON INSULATION
- SAVE — ROOFING LABOR AND MATERIAL
- SAVE — MAINTENANCE
- SAVE — ENERGY
- SAVE — FINANCING COSTS

* A MELCO building will save, for the average finished building, from 10 to 15% of the construction costs and sometimes more when compared to a rigid frame building of equal size and finish.

Oil Belt News

At a location six miles southeast of Eastland, AMV Operating Co. has completed the No. 1 Reeves in Eastland County's AMV Field.

The well flowed 343,000 CF gas per day on a 16/64-inch choke, with flowing tubing pressure at 245 PSI. It was assigned a 505,000 CFD rating on absolute open flow.

With drillsite in the Harvey Kendrick Survey, A-340, the well was drilled to 2,200 feet total depth. It will produce from a set of perforations in the Cisco Sand Formation, 925 to 936 feet into the hole.

An unsuccessful wildcat has been written off as a dry hole in Eastland County, one mile southeast of Carbon. The well probed to a dry bottom at 620 feet total depth. Bill C. Burns was the operator. The well had been designated as the No. 1 B.W. McKinnis Unit.

Operating out of Grandbury, GHF Oil Co. has staked location for the No. 1 Robin Bledsoe, a wildcat well in Eastland County, three miles northeast of Romney. With projected total depth of 3,600 feet, the venture is in a 160-acre lease in the H&TC Survey, A-1803.

Flowing 166,000 CF gas per day on a 16/64-inch choke, the No. 9 Harvey-Fee "B" has been brought on line in the Ardinger Field, Eastland County, by Don H. Harvey Oil Interests, Inc. Absolute open flow registered 219,000 CFD. Location is in the H&TC Survey, A-988, two miles northeast of Cisco.

Harvey took the hole to a 4,038-ft. bottom and perforated the Upper Lake Sand for production at 3,357 to 3,363 feet into the hole. Flowing tubing pressure came in at 120 PSI.

Hutch Petroleum Co. of Borger is preparing to drill two 3,800-ft. developmental wells in Eastland County. Both ventures are in the Theo Jireh Field. The wells will be known as the No. 1 Cade, located in a 92-acre lease in the Josiah Roberts Survey, A-46, one mile southeast of Sabanno; and the No. 1 Watkins, situated in a 65-acre lease in the Wyatt Hickman Survey, A-153, one mile south of Sabanno.

First production date have been filed for the No. 2 Weathers, a new producer in the Eastland Regular Field, one mile southeast of Cisco. With J.G. Oil & Gas Co. as the operator, the well indicated it can pump six barrels of 39-gravity oil per day.

The operator bottomed the well at 3,983 feet total drilling depth. Production will be from a perforated interval in the Marble Fall Formation, 3,280 feet into the wellbore.

Drillsite was in the H&TC Survey, A-249.

Limark Corp. has given up on its efforts to make producers out of the No. 1 Cunningham and the No. 1 Howard Ingram. They were developmental tries in Eastland County. The No. 1 Cunningham, located two miles east of Nimrod, bottomed at 1,485 feet without production prospects. The No. 1 Howard Ingram, situated three miles northwest of Nimrod, was drilled to 1,585 feet total drilling depth. Both wells will be plugged and abandoned.

A 3,100-ft. wildcat well is planned by So Operating Co. of Cisco at a location six miles northwest of Rising Star, Eastland County. The well will be spudded in a 49-acre lease in the ETRR Survey, A-1194. The well will be known as the No. 2 Paul Harlow.

Plug and abandon orders have been issued for the No. 10 Choate "A", a wildcat venture of M.H.W., Inc. in Eastland County. Spudded on December 16, 1982, the well had reached 4,200 feet total depth. Drillsite was eight miles northwest of Cisco.

P&R Oil has abandoned two undrilled locations in Eastland County's Lee Ray Field, one mile east of Leeray. The wells had been designated as the No. 3 Baggett and No. 4 Baggett.

An undrilled location has been abandoned by P&R Oil, Inc. in the Eastland Regular Field. It was to have been spudded six miles northwest of Eastland. It was designated as the No. 3-A White "11".

First production data have been posted for the No. 2 Pitman, a new producer in the Scranton Field, six miles southwest of Cisco, Eastland County.

With Ridge Oil Co. as the operator, the well indicated it can pump 21 barrels 37-gravity oil per day with 26 barrels water. The operator bottomed the well at 1,720 feet total drilling depth. Production will be from a perforated interval in the Cross Cut Formation, 1,635 to 1,642 feet into the wellbore.

Drillsite was in the H&TC Survey, A-192.

Snow Oil Co. has finaled a new producer in the Eastland Regular Field, pumping five barrels 39-gravity oil with two barrels water per day. The operator took the hole to a 3,373-ft. bottom and perforated the Duffer Formation for production at 3,666 to 3,668 feet.

Drillsite was in the Mary Fury Survey, A-126, three miles northeast of Eastland. The well is designated as the No. 2 Searigh-Harrell.

The No. 3 Drew Dan Jackson has been labeled as a dry hole by T&M Drilling & Operations at a location one mile southwest of Nimrod. The well had been spudded November 8, 1983. It was located in the H&TC Survey, A-2015, Eastland County, and had been reached 1,422 feet total drilling depth.

Sun Exploration & Prod. Co. of Abilene has revealed plans to drill the No. 1 South Robertson, a 5,000-ft. wildcat well, 14 miles north of Desdemona in Eastland County. The operation will be in a 9,185-acre lease in the Robertson CSL Survey, A-418.

W.J. Whitt has given up on his efforts to make a producer out of the No. 1 Mitcham. It was a developmental try in Eastland County,

3,373-ft. bottom and perforated the Duffer Formation for production at 3,666 to 3,668 feet.

Drillsite was in the Mary Fury Survey, A-126, three miles northeast of Eastland. The well is designated as the No. 2 Searigh-Harrell.

The No. 3 Drew Dan Jackson has been labeled as a dry hole by T&M Drilling & Operations at a location one mile southwest of Nimrod. The well had been spudded November 8, 1983. It was located in the H&TC Survey, A-2015, Eastland County, and had been reached 1,422 feet total drilling depth.

Sun Exploration & Prod. Co. of Abilene has revealed plans to drill the No. 1 South Robertson, a 5,000-ft. wildcat well, 14 miles north of Desdemona in Eastland County. The operation will be in a 9,185-acre lease in the Robertson CSL Survey, A-418.

Photography Seminar

"Improving Your Photography" will be the title of an educational seminar scheduled to be held in Eastland next month. Photographer/lecturer Larry C. Sanders, a Certified Photographic Counselor, will conduct the seminar designed to increase photography understanding and improve photographic quality.

The seminar will be held at Camp Inspiration, Thursday, April 11th, from 7:00 till 10:00 p.m.

The Thursday night program will present ample time for questions and answers regarding personal photographic problems. Mr. Sanders recommends the seminar for beginning and intermediate level photographers of all ages, and assures everyone attending will leave a more capable and confident photographer.

Total cost for the seminar will be just \$4.00 per person. Tickets are available at Eastland Drug and the of-

fices of the Eastland Telegram, the Cisco Press, the Ranger Times, the Rising Star and the Callahan County Star.

Mr. Sanders has instructed photography for over eight years through various programs including the Keaton Kolor School of Photography, Abilene Tri-College, TSTI, and in high school and college workshops throughout west Texas. He also hosts KTAB-TV's "Photo Phocus" television program.

If you and your camera haven't been getting along very well lately, this could be the counseling you need to get your relationship back in focus. Be sure to bring your camera equipment and a good notepad.

Mileage Death Rate Continues To Fall

AUSTIN--The mileage death rate in Texas continued to fall in 1984 despite an increase in traffic fatalities, according to figures released by the Texas Department of Public Safety.

"The mileage death rate in 1984 declined by three per cent to 2.9 deaths per hundred million miles traveled," said Colonel Jim Adams, DPS director. "This is the lowest rate recorded in Texas history. However, we also had a 2.4 per cent increase in the actual number of persons killed in traffic crashes last year."

The statewide death toll from motor vehicle accidents in 1984 totaled 3,913 compared to 3,823 in 1983. The 1983 mileage death rate was three fatalities per hundred million miles traveled.

"The fact that we had a six per cent increase in the number of miles driven coupled with a three per cent decrease in the mileage death rate indicates that we are still making progress in traffic safety," Adams said.

"Compared to the record death toll of 4,701 in 1981, we've had a saving of over 2,000 lives in the last three years," he pointed out. "However, the growth of our state in the coming years will lead to continued increases in the number of miles being driven, licensed drivers and vehicles on our roads. In light of this potential for additional fatalities, we must take all possible steps to reduce this staggering toll on our roadways."

DPS statistics indicate that at least 26.8 per cent (1,049) of the 1984 traffic

fatalities involved drunken driving.

"We believe that DWI is a far greater contributor to fatalities than what is indicated by these figures," Adams pointed out. "We are working to improve the reporting system to get a more accurate measure."

Adams said the new DWI law is having an impact on the drunken driving problem.

"It will take a few years to gauge the full impact of the statute, but the data from cases filed by Highway Patrol officers indicate that these offenders are being handled more effectively by the criminal justice system," he said.

Statewide DWI arrests in 1984 totaled 132,606 compared to 149,621 for the previous year.

More than 97 per cent of the persons killed in passenger vehicles last year were not wearing seat belts when the crashes occurred. The number of persons injured in 1984 traffic accidents increased by six per cent, totaling 220,720.

Motorcycle operator and passenger fatalities totaled 360 last year, increasing three per cent compared to the previous year. More than three out of four motorcyclists killed were not wearing helmets when the accidents occurred.

The State Department of Highways and Public Transportation estimated that motorists traveled 137.280 billion million in Texas last year, an increase of six per cent compared to 1983.

Your American Ancestry

Stagecoach Library Bulletin is published on a bimonthly basis by Gary T. Hawbaker in Hershey, Pennsylvania.

The Bulletin is packed with interesting features such as the swap shop column, Bible records, member profiles, book reviews, abstract index, research articles, announcements, queries, and two professional columns: "Out On A Limb," and "Rules is Rules." Queries, limited to 50 words, are published free of charge to subscribers. Special annual issues provide very helpful information: the "County Records Directory," "Family Genealogy Showcase," and the "Newspaper Genealogical Column Director."

Membership with this publication also includes use of the Stagecoach Library, operated by Donna J. Porter in Denver, Colorado. Books may be rented through the mail. Membership rates are \$16.00 per year. Send your check to the editor, Gary T. Hawbaker, P.O. Box 207, Hershey, Pennsylvania 17033-0207.

When sending queries to our column or other publications, please be specific about the information that you are seeking. Anyone who submits a query like "Would like information on the Morgan family," with no mention of names, localities, and time periods, deserves what they get!

Prussian born Joseph RUBARTH served in the Battle of Waterloo at age 18,

and afterwards emigrated to America. He traveled through several states before settling in St. Landry's Parish, Louisiana. Here, he married Martha HAMPSHIRE, daughter of Jacob HAMPSHIRE. In 1836, RUBARTH fought in the Battle of San Jacinto. For his service, he was given 4,967 acres in Eastland County, Texas. RUBARTH died in Williamson County, Texas in 1869, and his wife, MARTHA, died in Milam County, Texas in 1880. Mrs. Mary B. Erickson, 3003 Market Way, Grand Junction, Colorado 81504 descends through the RUBARTH'S daughter, Juliana.

R.W. Jennings, 6659 Julie Street, San Diego, California 92115, is seeking the parents of Robert JENNINGS, who was residing in Rowan County, North Carolina between 1774 and 1790, and in Madison County, Kentucky between 1800 and 1828. His

children were William, Jacob, John, Jesse, Thomas, Isaiah, and Sarah. Tradition says Robert came from Virginia. Whatever were the wives' maiden names?

Nova A. Lemons, 12206 Brisbane, Dallas, Texas 75234, is seeking the descendants of Thomas FLIPPIN, who was residing in Gloucester County, Virginia in 1704. She is in the process of compiling a book on his descendants and would like to hear from others researching this family. Information is also being sought on Nancy Mosby LEWIS born in 1830, in either Kentucky or Tennessee. Her mother's maiden name may have been MOSBY. Nancy married Samuel Wesley FLIPPEN about 1848, in Kentucky.

Please send all queries, review copies, and announcements to James Pylant, 1705 Southeast Tenth

Street, Mineral Wells, Texas 76067.

Copyright 1985 James Pylant.

WORD of GOD

The Gifts of the Spirit - Continued

And there are differences of administrations, but the same Lord.

And there are diversities of operations, but it is the same God which worketh all in all.

But the manifestation of the Spirit is given to every man to profit withal.

For to one is given by the Spirit the word of wisdom; to another the word of knowledge by the same Spirit;

To another faith by the same Spirit; to another the gifts of healing by the same Spirit;

weddings.....

MRS. TIM FERGUSON

Rene Simpson And Tim Ferguson Are Married March 2

Rene Simpson and Tim Ferguson, both of Austin, were married at four o'clock in the afternoon on Saturday, March 2, in Gethsemane Lutheran Church, Austin, with Pastor Karl Gromberg officiating.

father, the bride is the daughter of Mr. and Mrs. Cecil Simpson of Marble Falls. Parents of the bridegroom are Mrs. V.B. Ferguson of Cisco and H.L. Ferguson of Olden.

Given in marriage by her

Matron of Honor was Don-

na Shull of Marble Falls, sister of the bride. Bridesmaids were Rhonda Shuford of Houston, niece of the bride, LoAnne Lyle of Three Rivers, and Sharon Moore and Donna Krueger of Austin.

Assisting the groom was his brother, John Ferguson, of Sonora. Groomsmen were Brit Ferguson, brother of the groom, of Stephenville, John Paul Thompson, brother-in-law of the groom, Arlington, Lance Coleman, Austin, and Charley Seale, Medina. Ushers were Dwayne Pruitt and Andy Samarrappa, both of Austin.

Flower girl was Misty Shull, niece of the bride, of Marble Falls, and ring bearer was David Thompson, nephew of the groom, of Arlington.

Nuptial music was provided by Tait Moring, cousin of the groom, and Sally Martin, both of Austin. At the conclusion of the wedding ceremony, The Lord's Prayer was sung acappello by Tait Moring.

The bride's parents hosted the reception held in Fellowship Hall of Gethsemane Church. Houseparty members assisting at the Bride's and Groom's tables included April Shuford, niece of the bride of Houston, Sheila Jatzlau, Pam Shelton, Jennifer Scott, all of Austin, and Nancy Seale of Medina.

The bride is a 1976 graduate of Crockett High School in Austin, and is an Administrative Technician at the Texas Employment Commission. The groom is a 1974 graduate of Cisco High School, Cisco Junior College, and Baylor University. He is a Texas Highway Patrol Trooper with the Department of Public Safety, assigned to the Austin District.

After a wedding trip to Cloudercroft, New Mexico, the couple is residing in Austin.

'A Tribute To My Mother-In-Law'

First off, I think mothers-in-law are about the next best thing in this life compared to just plain 'ole life. I'd put my mother-in-law up against anybody's.

When I first met my husband (which was ten years ago) it was really hard to understand what kind of mother had devoted her time to this young man. I was real anxious to meet her; and when I did I could hardly believe it!

I mean he was the eighth of nine children and you'd think by that time she had gone crazy. But, here was a woman spoken of in Proverbs 31:10-31. She was a "virtuous woman" (verse 10) and Claud Ingram found her. Her "price was far above rubies" but he didn't mind. His heart (verse 11) "safely trusted in her." She did him "good" (verse 12) "all the days of life." With nine children, (verse 13) she sought "wool, and flax, and worked willingly with her hands."

Claud (my father-in-law)

had a big garden (as most of the people here in Cisco know) and she willingly helped him (verse 16). Very much so did she have confidence in herself (verse 18) that "her merchandise was good and her candle went not out by nite."

I could not believe in years to come how she (verse 17) "girded her loins with strength" because I, as a daughter-in-law, have drawn from it in different situations of my life.

This mother-in-law has definitely (verse 20) "reached her hand out to the poor and needy" with goods from their garden. They were so appreciated from various people of the town.

The rest fully explains itself. "Strength and honour are her clothing (verse 25) and she shall rejoice in time. (Verse 26) She openeth her mouth with wisdom; and in her tongue is the law of kindness. (Verse 27) She looketh well to the ways of her household; and eateth not the bread of idleness. (Verse

28) Her children arise and call her blessed, her husband also and he praiseth her. (Verse 29) Many daughters have done virtuously, but thou excellest them all. (Verse 30) Favor is deceitful, and beauty is vain, but a woman that feareth the Lord, she shall be praised. (Verse 31) Give her of the fruit of her hands; and let her own works praise her in the gates."

I will be ever so grateful for the Lord blessing me with this mother-in-law. Thanks Pauline for all you've done!

Love,
Your favorite daughter-in-law,
Mrs. Jeff Ingram

local news in brief

Mr. and Mrs. Virgil Murphy have returned home from a three week travel trailer trip to the west coast. They also visited with their son Mr. and Mrs. James Murphy of Burbank, California; their daughter Mr. and Mrs. James Lamphere, grandson Michael Lamphere and great-grandson Dustan Lamphere, all of El Centro, California.

They were in the group of vehicles that had to wait an hour in the desert between Blythe, California and El Centro, California, while a movie was being filmed in the sand dunes near Glamis. This is an area that has been popular for filming movies throughout several years.

They drove in blowing dust, rain, hail, sleet and snow, so Cisco never looked so good when they arrived home.

Names Needed For Reunion

The graduating classes of 1935 and 1936 are trying to find the whereabouts of the following persons to inform them of the Cisco High School Reunion to be held at the end of April. If you know of the whereabouts of any of the persons listed below, please call 442-2345 or write Mrs. J.B. McCanlies, Route 2, Box 200A, Cisco, Texas, 76437.

They are, 1935- Louellyn Clark, Edwin Curry, Billy Doty, Henry Eisenhuth, Elaine Exum, Lota Guffey, Rosamond Heath, Cecil Hudson, Robert E. Lee, Virginia LeMore, Jacqueline Porter, Byron Ray, Melba Ray and Deyon Warren.

1936- Larue Ely, Bettie Groce, Helen House, Dorothy Houston, Virgil Meador and William Shook.

Lake Cisco Expected To Gain One Foot Of Water

Approximately one foot of new water was expected to be the gain for Lake Cisco as a result of a rainstorm that swept through this region last Friday afternoon, according to a report by City Manager Mike Moore.

An inch of rain was recorded at Lake Cisco and the lake gained six inches of water

during Friday night, the report said. Battle Creek pumps north of the lake began running as the rainstorm swept through the region and they continued to pump water through Monday night.

Lake Bernie was filled and spilling into the creek that runs to Lake Cisco.

Tornadoes were reported in this region but none touched down in the Cisco area, local weather watchers reported. Marble size hail fell during the thunderstorm but there was no damage reported. City fire station equipment measured wind gusts to 55 miles per hour.

Temperatures dropped to around 32 degrees early Saturday and to near freezing early Sunday. Light frost was reported in some areas.

STEPHEN JACKSON
Stephen Jackson Is Recipient Of Theology Award

Stephen Jackson, son of Drew Jackson, Rt. 2, Box 152, Cisco, is the recipient of the Baker Book House Award presented through the Logsdon School of Theology at Hardin-Simmons University.

The award is a copy of Baker's Dictionary of Theology contributed by the Baker Book House of Grand Rapids, Michigan.

Jackson is a senior Bible major at Hardin-Simmons University.

Attorney Wright Gives Talk On Turkeys Here

The number of wild turkeys has increased substantially in this West Central Texas region during the past ten years, Rotarian Billy Wright told the Cisco Rotary Club in a talk last Thursday noon at the weekly luncheon.

Mr. Wright said that conditions are ideal in this region for wild turkeys. There is a fall hunting season that coincides with the deer season. In addition, hunters are allowed to shoot turkey gobblers during a two-week spring season - April 13-28 this year.

Mr. Wright demonstrated the use of turkey calling devices. He noted that it was illegal to use electronic calling equipment for turkeys, while this type of calls is legal for fox and wolf hunting.

Friends Of FFA Invited To Meet

All friends of the Future Farmers of America are invited to attend a meeting at the Community Room of the First National Bank in Cisco at 7:30 p.m. Thursday night. Many people have expressed an interest in forming an Ag Booster's Club.

The purpose for an Ag Boosters Club can be as wide as your imagination and as long as the needs of our FFA chapter. Some projects expected to be discussed in the meeting are how we as parents and friends of the FFA can help to make our ag farm as attractive and useful as possible; how we can assist young people who cannot afford projects; forming a group of parents who

are willing to attend the major Livestock shows with our young people and the election of officers for this new organization. Please come and bring your ideas to this important meeting.

For more information call Ronnie Shackelford, 442-3020 or Ronnie Ledbetter, 442-3369.

Mrs. James Matthews received treatment in the Eastland Hospital, last week.

Mr. and Mrs. Alvin Huskey III of Big Spring visited with his mother, Mrs. Alvin Huskey, and other relatives last Wednesday.

Mrs. Pearl Roach of Abilene was greeting friends in Moran, last Monday and attended the funeral for Mrs. Fred Wylie.

Mr. and Mrs. J.R. Colinsworth of Houston are spending a few days with his mother, Mrs. Grant Colinsworth.

RAIN
Moran and community received some more rain Friday, when .2 inches fell and Friday night .7 fell. Strong wind was reported Friday night, but no damage was done. If you have not driven around the countryside and viewed the beautiful wild flowers, please, do for they are beautiful.

Mr. and Mrs. Mickey Millar of Cisco visited with Mr. and Mrs. Ezra Weir, Sunday.

M.H. Gore of Brownwood visited with Mr. and Mrs. Thomas Holland, Melvin and Russell and with Mr. and Mrs. Ezra Weir, last Thursday.

Frances Green spent the weekend in De Soto with her daughter, Mrs. Steve McKewin and family.

Lisa Miller of Kermit is visiting her parents, Mr. and Mrs. C.L. Miller.

EASTER SERVICE
There will be an Easter Service at the home of Mr. and Mrs. Dean Crawford Sunday morning, April 7, from the Baptist Church at 6:20 a.m. One can go direct to the Crawford Home if he or she so desires. The public is invited to attend.

Gail Hawkins is the new City Secretary. She is replacing Mrs. Ann Cockrell, who is moving to California.

Mrs. Myrtle Scott is visiting her sons, Roger and Jack, in Odessa.

According to Hubert Brewster, Post Commander of the Ernest F. Pettit Post of the American Legion, the Flea Market, held at the American Legion Hall in Moran, last Saturday was a success. A large crowd attended and either came for buying or to visit. A number of booths were up, with the wares that people had to sell. The weather was a little cool, but people were enjoying themselves. According to plans the next Flea Market will be the fifth Saturday in June or June 29.

Mrs. R.W. Miller was taken to the Dyess Hospital Saturday night, having taken ill, but she returned home on Sunday, feeling better.

Like their namesake, the angel Gabriel, the duo Gabriel delivers good news to all who hear their musical message, and the Cisco Baptist Association is bringing the popular attraction to Eastland County on Saturday, April 27 at 7 p.m. at the First Baptist Church, Eastland.

The concert will be free and the public is invited. Since 1978, Jeff Walter and Robin Lyle have traveled thousands of miles to present their program of music and light-hearted fun to young audiences across the country. With concerts geared specifically to teen-agers and young adults, Gabriel has performed on many college campuses, at conferences, conventions and hundreds of churches.

Their song, "Time," was chosen the winner of Word Music's 1978 songwriting competition. Christian artist Tim Sheppard produced their album, "Rescued," which brought Gabriel national distribution and airplay. Their current album, "Standing Strong," is receiving many positive reviews. Deacon Evans, of KPBC radio in Dallas, has said, "Gabriel's way of speaking the truth never sounded so sweet as on 'Standing Strong.' You guys have broken new ground without disturbing the soil." Records and tapes from Gabriel are on Timeless Records, a division of Gabriel Ministries.

Though their lives are filled with admiring audiences and exciting opportunities to "sing for God," honoring God is still the priority of both Jeff and Robin. "There's nothing we can do," said Jeff, "that God really needs or that He can't do without. He will always remain. He is God. That He would allow us into His presence at all, much less call us to serve Him, is a privilege far greater than we deserve."

Reaching beyond the concert and recording ministry, Gabriel Ministries is helping to support an orphanage, school and feeding center in Haiti. The original vision of Dr. Anthony Campolo and his Evangelical Association for the Promotion of Education, this life saving outreach has given Jeff and Robin a glimpse of a world where there is enough for all to live in good health and dignity. "We want to minister toward that end as well as within the concert settings."

Cisco Jr. High And 6th Grade Band Get IIs

The Cisco Junior High School band won a II concert playing and a I in sight reading as they participated with some 17 area bands in the annual Cisco Junior College Junior Music Festival last Friday and Saturday.

The Cisco 6th grade band scored a II in concert playing but did not compete in sight reading.

Four bands won sweepstakes awards in the festival, scoring I ratings in both concert playing and sight reading. These were Merkel, Hawley, Brady and Baird.

Results with concert playing listed first and sight reading second were announced by Director Tim Jones as follows:

Eastland Junior High, III, II; Cisco sixth grade, II, did not sight-read; Ballinger Junior High, II, I; Bronte Elementary, III, II; Eastland eighth grade, III, I; Cross Plains Junior High, III, I; Ballinger sixth grade, II, III; Breckenridge Junior High, III, II; Hamlin Junior High, II, I; Cisco Junior High, II, I; Early fifth grade, II, I; Stamford Junior High, II, I; Aspermont sixth grade, III, III; Early Junior High, II, II; Bronte Junior High, II, I; and Jim Ned Junior High, II, I.

Judges for the concert playing were G.T. Gilligan of Kermit, Warren Thaxton of Abilene, and Larry Kingsley of Coahoma. Douglas Fry of Abilene, former CJC band director, served as judge in sight reading.

Security To Be Improved

Steps will be taken to improve security conditions at City Hall, City Manager Mike Moore reported Tuesday after burglars broke into the building last Saturday

and burglarized a display case in the police department offices.

Mr. Moore said the back door of City Hall, which is used by police, was broken and

missing were two hand guns and a quantity of marijuana.

The marijuana, which had been faked, was used by police in educational pro-

grams. Mr. Moore said that the burglars did not enter the city offices. He added that "We're seeing about improving security conditions."

BURGLARY- Shown in the above photo is the display case broken into last weekend at the Cisco Police Department. Chief of Police Billy Rains reported the incident shows that thieves will break in anywhere to steal. (Staff Photo)

BLUEBONNET season is at hand. That's our report after spending a few days last week at Waco where we attended a travel trailer gathering. Spring flowers are beginning to bloom in our area. As you go south, there is more and more color.

South of Waco, near the little town of Lott, the wild flowers are spectacular with Bluebonnets in big numbers. Indian Paint Brush add touches of red to the scene, and other colors are present in good number. You'll want to take your camera, and there's more flowers than normal this year. The plentiful rainfall, of course, is responsible.

IN WACO, we went out to Baylor University to look around. You had trouble stopping as there were no parking places. The campus was literally full of parked cars.

Went in at Browning Library where Mrs. Lela Latch Lloyd of Cisco used to teach and was pleased to find her book on the poet Robert Browning on sale in the gift shop. The recep-

Services For Vernon Cherry Are March 28

Services for Vernon Odell Cherry, 43, of Cisco, owner of Spot Restaurant, were at 10 a.m. Thursday, March 28, at Kimbrough Funeral Home. The Rev. Benny Hagan, pastor of Corinth Baptist Church, officiated. Burial was at Gunsight Cemetery in Stephens County.

Mr. Cherry died at 7:15 a.m. Tuesday, March 26, after a short illness.

Born March 15, 1942, in Gorman, he and his wife, Patsy Carol Meyers Cherry, owned and operated the Spot Restaurant. He was a Baptist.

He was preceded in death by his mother and a brother. Survivors include his wife; two daughters, Patricia Faye "Missy" and Brandy Antoinette, both of the home; three sons, Wallace Woodrow of the home, Don Vernon of Bruceville and Dale Lee; and his father, W.W. Cherry of Cisco.

Services For Artie Woody Are Saturday

Services for Artie Lottie Woody, 74, of Cisco, formerly of Clyde, were at 2 p.m. Saturday, March 30, at Gospel Assembly Church. The Rev. Carl Begley, pastor, officiated. Burial was at Cross Plains Cemetery, directed by Baker Funeral Home of Eastland.

Mrs. Woody died at 11:10 p.m. Wednesday, March 27, at Eastland Manor Nursing Home.

Born October 20, 1910, in Ballinger, she married William Woody Sept. 25, 1929, in Lamesa. She lived in Clyde for 20 years before moving to Cisco in 1984.

Survivors include her husband; two sons, Sam of Cisco and Rowland of Clyde; a brother, Lendon Russell of Abilene; a sister, Lena May Musick of Abilene; six grandchildren; and three great-grandchildren. Grandsons were pallbearers.

Services For Lorena Brandon Are Monday

Graveside services for Lorena W. Brandon, 91, of Cisco, formerly of Cross Plains, were at 3:30 p.m., Monday, April 1, at Cross Plains Cemetery. The Rev. John Swift, pastor of Evangelical Methodist Church, officiated.

Mrs. Brandon died at 12:45 p.m. Sunday, March 31, at E.L. Graham Memorial Hospital in Cisco.

Born August 3, 1893, she married Gus Brandon. She was a homemaker and a Methodist.

Survivors include a nephew, Clyde Woods Jr., of Brownwood, and several nieces and cousins.

tionist there turned out to be an old friend of Mrs. Lloyd's and we enjoyed a visit with her.

The building has pictures and other items of the Browning era. As you know, the English poet lived from 1812 to 1889 and his poetry will live on and on. His wife, Elizabeth Barrett, was also a poet of note.

A group of Baylor students, by the way, provided an entertainment program one night for the some 425 travel trailer owners and their guests.

HOW'S FISHING at Lake Cisco? Not too good - too much new water. That was the answer we got Monday.

Lake Cisco gained six inches of new water as an inch of rain fell out there last Friday late when a thunderstorm swept through our region. Lake Bernie was full and running over.

THE FRIDAY thunderstorm caused cancellation of a golf scramble tournament planned at the Cisco Country Club for 5:30 p.m. that day. Plans had been made for a nine-hole tournament to be followed by a hamburger cook-out.

Cisco firemen had a storm watching crew out when the thunderstorm situation developed. Tornadoes were reported in the area west and north of Cisco.

THE SIREN you heard Monday was the regular monthly test of the city's tornado warning system. Three sirens are turned on simultaneously in three sections of the city so one and all can hear and be warned. Cisco received 3.5 inches of rain during March to bring the year's total of 4.9 inches, reports Fireman David Gill. Maybe we ought to write our congressman. The Abilene weather radio broadcasts with only 100 watts of power, while similar

stations at Wichita Falls and elsewhere use 1,000 watts and reach out much further.

THE CISCO Country Club has five more new members, according to Recruiting Chairman Arlie Whitley. They are: the Donnie Beasons, the Dr. Allen McGinnesses, the Monty Tolers and Howard Worley III. Mr. Gaylon Stewart who is restoring the fine organ at First United Methodist Church, is scheduled to complete his work in time for its use during the April 7th Easter service, according to scout reports. Mrs. Marguerite King, who recently spent several days at the local hospital, is recuperating at the home of her daughter in Crowley.

MAYOR AND Mrs. Eris Ritchie and Dr. and Mrs. Ken Hammes of the local Church of Christ spent from Friday until Sunday at the Laity Lodge, a retreat owned by the H.E. Butts Foundation at Leaky, Texas. They attended a gathering of Church of Christ couples. Mrs. Hammes, by the way, has a photography exhibit at Maner Memorial Library out at Cisco Junior College. The exhibit opened Tuesday, April 2, with a reception from 6 to 9 p.m. at the Texas Room. You'll want to go out and see the exhibit of pictures from Mrs. Hammes' cameras.

STUDENTS OF Cisco Junior College will be off next Friday - a one-day Easter vacation. They're using Friday as a "make-up day" at the Cisco Public Schools, so there will be no holiday. We'll bet there was some good licking for a dog or cat on the floor of Donna Gerhardt's car Monday morning. She operates the soda fountain and super snack bar at City Drug. To get a head start, she prepared two chocolate pies and a pan of cinnamon rolls for baking before leaving for work. These she placed on the seat beside her. Driving out, she

found a calf in the road near the rural Gerhardt home. Stopping quickly to avoid hitting the calf, the pies and rolls overturned into the floor, making a gooey mess. And it was April's Fool Day.

CJC Choir Is Lions Program

The Cisco Junior College Choir appeared in a 20-minute concert under the direction of Wyley Peebles, head of the music department, as the program feature at the weekly luncheon of the Cisco Lions Club last Wednesday noon at Colony Restaurant.

The program included both classic and popular music. Steven Zell of the Music Department faculty accompanied the choir on the piano.

President Bob Conner reported that the club would elect officers for the 1985-86 year beginning July 1 at the April 3rd luncheon.

Dr. Kenneth E. Breeze Accepts Call To Be 1st Christian Pastor

Dr. Kenneth E. Breeze of Chandler, Okla., has accepted a call to become pastor of the First Christian Church in Cisco and will occupy the pulpit for the first time on Easter Sunday, April 7, according to an announcement this week.

Dr. Breeze and his wife were in Cisco recently and visited with the church board and congregation. They received a unanimous call to the Cisco church by the board and congregation. A native of Parsons, Kan-

sas, Dr. Breeze has studied at Culver Stockton, Missouri School of Religion, and at Missouri Valley College. He holds BA, BM and DD degrees. He has served churches in Missouri, Oklahoma and Iowa and has ten years experience as an evangelist.

Mrs. Breeze is an art teacher with considerable experience. They are the parents of two adult children who are married. The public has been invited to attend the Sunday services at First Christian Church.

Registration Still Available For Baseball

The Van Geems Of Eastland

By Viola Payne

The character of a town is shaped by the families who live there - particularly those who stay for several generations. This is certainly true of the Van Geem family of Eastland, whose local history began with the arrival of young Henry Van Geem in 1876.

He found work in Eastland, stayed, and became an early-day Postmaster. There have been Van Geems around since that time, making various contributions to Church and community affairs.

A grandson of the first Henry Van Geem, who is also named Henry, presently resides in the town. "In fact, I've never lived anywhere else," he says. "Never really wanted to."

He is married to Myrtle F. (Lewis) Van Geem, who was born and grew up between Cisco and Eastland. The couple have three children, including daughter Frances (Mrs. Sara Sproles) of Huntsville, Alabama. Mrs. Sproles attended the University of Texas at Austin.

The two sons are Neil Van Geem of Ft. Worth, an engineer with Texas Electric Service Co. and a graduate of the U. of Texas at Austin; and Dr. Henry Van Geem Jr., who teaches in the Business Department of Midwestern University, Wichita Falls. Dr. Van Geem received his Masters Degree from North Texas University at Denton, and his Doctorate from Texas Tech University at Lubbock.

The first Henry was born in 1853 in Buffalo, New York - far away from Eastland. His family was described in one account as "One of the old Holland Dutch families of the state."

Young Henry had an adventurous nature, and he left home in 1870 at age 17. He began traveling toward the west, making his own way. He worked as a

laborer, carpenter - anything he could find to make an honest living.

He came through Michigan, Indiana and Illinois, finally reaching East Texas. He lived at Marshall for several years, then moved on.

When Henry arrived in Eastland in 1876 he was with S.M. Holland family. He married the Holland daughter, Josephine, but the exact date of this is not known.

At the time he came Eastland was one year old, on the edge of the frontier, and settling up fast. Henry Van Geem liked the looks of the area and decided to stay.

Making a living wasn't always easy, however. He did some hard manual labor in those early days, including the building of a number of rail fences.

He became a Charter Member of the First Baptist Church in the town, and first attended services at a sawmill located about where the Exxon Bulk Plant is now. This mill was sawing oak and pecan timber from the Leon River.

In 1878 a son, Charles M. was born to Henry and Josephine Van Geem. They later had two other sons, John S. and William.

Henry Van Geem joined the Eastland Masonic Lodge No. 467 in 1888, and remained a member for the rest of his life. He made many friends in the town, and was known for his honesty and helpfulness. He served as a Deacon in the Baptist Church, and filled a post on the School Board.

His reputation probably helped him get a job with the local Postoffice in 1906. He was very interested in his work, and it wasn't long before he was named Assistant Postmaster.

Soon after the beginning of President Wilson's administration in 1913 he was appointed Postmaster. In 1917 oil was discovered in the area, and the growth and ex-

pansion of Eastland was very rapid. The postal business increased to the extent that Eastland was made a second class office.

Until 1920 the Eastland postoffice was always somewhere around the Square. The first office was a small structure across from where the Majestic Theatre is now, but by the time Henry Van Geem began his work it was located on the south side of the Square - approx. at the building formerly occupied by The Eastland County Newspapers. After the oil boom it was moved on the east side of the Square, about where the Barber Shop is located now.

A spacious building on West Main just east of where Victor Cornelius Co. is now, was ready to be occupied on October of 1920. The attractive brick structure was 40x90 ft., and contained 3,600 sq. ft. of space. The most modern equipment for that time was installed. The office had a force of 10 clerks, two city carriers, two rural carriers, and about 1,000 postoffice boxes. It was used until the present-day Postoffice was built in 1937.

In 1922 a book called "History of Texas - Ft. Worth and the Texas Northwest" had this comment about Henry Geem's work as Postmaster:

"The postal inspector has given Eastland the highest rating in his district in point of equipment, efficiency of clerks, carriers and assistants, and in everything pertaining to first-class postal service. Mr. Van Geem has worked hard to bring about these results, and has derived the highest degree of satisfaction from his efforts to improve the management and efficiency of the office..."

One of the Van Geem sons, John, also worked for the U.S. Postal Department. He sorted mail on trains that ran through the area, then worked in the office in Eastland. He served as Assistant Postmaster for several years. Henry Van Geem retired from the Postoffice in 1924.

All three Van Geem sons married girls who belonged to the Methodist Church, and they also joined the Methodists. William and John, as well as Charles,

spent all of their lives in Eastland.

Charles was the father of the present-day Henry E. Van Geem. He began work for the Texas Electric Service Co. in 1935, and retired in 1959. He was also interested in agriculture, and farmed and ranched near town.

Henry E. remembers seeing his Grandfather a lot before the older Van Geem died in 1937.

"I wish I had asked him a lot more questions about the past," Henry E. says. "He could have told me a lot more about early-day Eastland. As it was, he talked briefly of some things, and then we just discussed daily happenings, like people do now."

The younger Van Geem grew up with a good feeling about his home town. His brief excursions out of Eastland convinced him that he had a fine place to live - why leave it for something else?

The girl he married Myrtle F. Lewis, was also descended from Eastland County pioneers. Her Grandfather came here from North Carolina.

In 1940 Henry E. joined his father in working for Texas Electric and was employed by the company until his retirement in 1978. His son Neil makes the third generation of Van Geems to work for this company.

Since his retirement Henry E. Van Geem has had more time to travel and visit with seven grandchildren.

He also has time to reflect on life in general, and to make contact with descendants of the Van Geems the first Henry left behind in Upstate New York.

He has found that a number of them remained in the general vicinity of Buffalo, and that are interested in writing to him.

"Maybe we can get together some day," he says. "It's interesting to think how different the lives of the Eastland Van Geems have been from those of the family in the Northeast. They seem like very nice people, however."

"For me, I feel like this town has been the best place Grandfather could have found for his family."

Then he falls silent, thinking. Some of the things that brought his Grandfather to Eastland in the first place - a desire for education, mobility and job opportunities, have drawn all the young people in the family away. So now he and his wife Myrtle are the last Van Geems living here.

An early-day Eastland Postoffice group, when the building was on the south side of the Square. L to R, Annie Crossley, John Van Geem, Postmaster Henry Van Geem, Arther Crossley. The other individual is not identified.

Henry Van Geem, Postmaster (in back) and John Van Geem, foreground, sort the Eastland mail in 1917. The oil boom has just begun, and the office is busy. The papers have a big story about Pancho Villa.

Venice

The last day we spent in Venice was a Sunday, and we left our hotel and walked across the street to board the motor launch that would take us across the Lagoon. On the boat, which was crowded, we watched the seagulls diving around and people were feeding them, and they were catching the food before it hit the water.

We arrived and St. Mark's square was only a short walk from the water. It was a very large square, which is a surprise, due to the lack of space in Venice. Here again were many tourists and the usual flock of pigeons.

The square is surrounded by famous buildings and the Piazza constitutes the religious and political center of the city. The paving of the square, in slabs of grey trachyte stone from the Euganean Hills, has classical motifs traced in slabs of marble.

The square is named for the patron saint of Venice, who was buried in Venice in A.D. 829.

The Cathedral of Saint Mark and the Doge's Palace are on the eastern side of the Piazza. The cathedral is second only to Saint Sophia, in Istanbul, as a fine example of Byzantine architecture. The Doge's Palace is an example of the Italian Gothic style of architecture. It contains a priceless collection of paintings. The south side of the Piazza is occupied by the Old Procuratie, and the north side by the New Procuratie. These buildings were put up in 1496 and 1584 as residences for Venetian officials called procurators. Near the New Procuratie is the famous Campanile, or bell tower, of Saint Mark. This was built in the 9th century and was used as a

defense tower. The Piazza also has an old clock tower built in 1496

On top of the tower is a huge bell and there are two statues (Moors) life size dressed in the costumes of that day. The upper part of their bodies rotates on a pivot and the hammers strike the bell, every hour on the hour.

Moments before the hammer strike the bells, the pigeons take to the air. We did not know what caused them to fly before the sound of the bell was heard, other than when the figures start moving, they knew the BELL WOULD STRIKE, and make the sound. The Piazza of Saint Mark is a busy place both night and day. Tourists from all over the world come here to the Piazza to see the famous mosaics and winged loins of the cathedral. Shops and cafes stand on each side of the two procuraties.

The most important manufacturing industries of Venice are those for which the city has been famous for hundreds of years. Fragile, beautiful glass comes from the islands of Murano. The women of Murano make exquisite handmade lace. Venice is also known for its brocades, tapestries, wood carvings, bronze statues and art objects, jewelry and mosaics. The Venetians learned the art of making mosaics from the Byzantines, and have made beautiful mosaics ever since.

Venetian retail shops rival those of Paris in the amount of trade they do and the beauty of their wares.

Tourists who come to Venice are the main customers for those shops.

Venice has many churches besides the Cathedral of

Saint Mark which are known through out the world for their architecture and their paintings. San Salvatore, built in 1534, is famous for its beautiful dome; and the Gothic Church of the Frari, built in 1330 is noted for its beautiful altar pieces. The Church of San Cassiano has a masterpiece of Il Tintoretto called "The Crucifixion." The Jusit Church is beautifully inlaid with marble. The church of San Sebastiano has altar pieces by Paul Veronese. The imposing church of Santa Maria della Salute, which dates from the 1600's, also has famous paintings by Tintoretto. The church of San Giorgio Maggiore is noted for its bell tower. In the afternoon our group visited three island near Venice in motor launches.

Among the islands of the lagoon, many of which have disappeared over the centuries, while others have emerged and formed, Murano is one of the most famous. This fame is to a large degree due to the traditional production of glass there, which is known as Murano glass. The historical origins of this production on Murano are unknown; in the beginning it appears that glass was produced in Venice itself, but a state decree ordered the removal of the furnaces to Murano because of the number of fires they caused in the city. We saw men demonstrate making the glass, and there is much beautiful glassware displayed in Venice.

The island of Murano has made no distinctive mark on the history of the people of the lagoon; it has neither ancient traditions nor noteworthy monuments, so it probably was a hamlet of fishermen and others connected with the sea, and is still a fishing village. But white as snow.

"And for fear of him the keepers did shake, and became as dead men.

"And the angel answered and said unto the women, Fear not ye: for I know that ye seek Jesus, which was risen..."

"And when they (the eleven disciples) saw Him, the worshiped Him: but some doubted. And Jesus came and spake unto them, saying, "ALL POWER IS GIVEN UNTO ME IN HEAVEN AND IN EARTH. GO YE THEREFORE, AND TEACH ALL NATIONS... TEACHING THEM TO OBSERVE ALL THINGS WHATSOEVER I HAVE COMMANDED YOU." Matthew 28:1-20)

another activity has proved very important: lacemaking, with which the women occupy themselves as they waited the return of their menfolk from the sea.

Lace, an art form, was once a sign of wealth. Venice was so famous for its lacemaking that under the reign of Louis XIV, the French realizing that much of their money was going to Venice to purchase lace, invited Venetian lacemakers to introduce the method to France. In its earliest forms, lace was created by wrapping silk threads with gold or silver for use in religious vestments. When the use of precious metals in lacemaking was prohibited in Italy, flax and linen became the prime material.

Torcello was the last island we visited, and it is very close to Murano and is solitary and humble today, but it was once the most important centers of origin of the Venetian state.

The fugitives who settled here came from Altino and brought with them the sacred remains of their patron saint from their abandoned city, naming it Torcello from the Tower (Italian "torre") symbol of their lost homeland. They brought an artistic tradition of classical origins. On Torcello they built a house of God and a Baptistery, and their own houses clustered around them, rude and poor certainly in the beginning, but increasingly grand as

they began to trade and do business, and to organize a new kind of life in the middle of the water.

The visitor to Torcello is immediately struck by the whole environment - water, mudflats, flight of birds, solitude - and the extreme nobility of the 11th century bell tower (campanile) despite its simplicity, and of the 11th century cathedral of St. Maria Assunta and the 11th and 12th century church of S. Fosca. In front of the cathedral are the remains of

the 7th century Baptistery, inside, a superb mosaic covering the end wall and a powerful mosaic of the Virgin.

We returned to our hotel on Lide Island for dinner, and then our group crossed the Lagoon to Venice for the last time to ride the gondolas and to see the city by night. An old law requires all gondolas, except those that belong to high officials, to be painted black. The gondolier pushes the boat through the water with a long sweep, or

narrow bladed oar. Six people can ride on the gondola and there is the gondolier and one man who sings and plays his guitar. At last we

returned to our hotel for the night, and we could still see Venice from our room and wondered how it would be to live on the mudflats.

CAPITOL UPDATE

by Jim Parker

I would like to make some comments, complimentary in nature, to my constituents who received an issue questionnaire from my office and were so conscientious in indicating their positions and returning the questionnaires. My colleagues simply cannot believe I had a response rate in excess of 30% when usually the average rate is 1-2%. It is personally gratifying to me to know the extent to which you are interested in our state government and it is of extreme assistance to me in helping me know the position I probably should take on a given issue. I think you might be pleasantly surprised if you knew how much

your input influenced my vote.

Many of you are calling and writing now about an issue that is shaping up to be much more controversial than anyone assumed, that being the issue of mandatory use of seat belts.

As the issue appears to me, we have the alternative of passing and implementing legislation to require seat belt use in cars and pickups or ultimately, probably in 1987, having the Federal government mandate protective air bags in all new vehicles. As with other issues in the past, I am aggravated and aggrieved by the Federal government's forcible intrusion into affairs of this state and into affairs of individual motorists upon streets and highways of the State of Texas. Seat belts unquestionably save lives but it just really goes against the grain for the Federal government to force the issue.

I suspect that some form of mandatory seat belt legislation will be enacted into law and I think, at this point, the only aspect remaining in question is the extent of legislation, for example, whether farm pickups will be covered, the ap-

plicability of the law to backseat passengers, and perhaps, the exclusion of older autos not necessarily equipped with seat belts for each passenger.

I am told by knowledgeable people, that failure to pass this legislation, thereby acquiring air bag protection, would add \$750-\$1000 per vehicle to the price of new automobiles, which is unaffordable to most even without additional expenditures.

Harry Truman said, "If you can't stand the heat, stay out of the kitchen." And I think this issue has made it considerably clearer to me what he meant. Several of you have written to me advising me you would never vote for me again if I vote in favor of the seat belt measures and several of you have written you would never for me against if I vote against the seat belt measures. It is uncomfortable in the "kitchen" but I can stand the heat and will ultimately do what I think needs to be done in light of all the facts surrounding the issue.

Thursday, April 4, 1985

Tax Saving For Dependent Care

COLLEGE STATION-- Many families who care for a dependent elderly relative at home do not know there is a federal income tax credit designed to help them, says gerontologist Dr. Judith Warren.

The dependent care tax credit, also called the child care or day care credit, is often assumed to be working for parents of young children, she says. But it can also be used by persons caring for an adult dependent

who is incapable of self-care. Warren, a specialist with the Texas A&M University Agricultural Extension Service home economics program, says that to claim the credit, your home must have been the principal residence of both you and the person receiving the care.

In addition, the expenses must be work-related and you must have provided over half the person's support for the year. The credit can also be used for out-of-home adult

care in many cases, Warren notes.

The credit is claimed on Form 2441 if you use the "long form" (Form 1040), or Schedule 1, Part IV if you use the "short form" (Form 1040A).

The specialist says that persons needing assistance with this or other income tax questions may contact the Internal Revenue Service toll-free from anywhere in Texas at 1-800-424-1040.

Mangum Baptist Church To Hold Revival

SHERMAN DRIGGERS

Mangum Baptist Church cordially invites you to their revival beginning Easter Sunday, April 7, through Sunday, April 14.

Sherman Driggers, Lay Evangelist from Trent, Texas, will be preaching. Bro. Driggers has been in revivals all over the United States and has been in 29 crusades outside the U.S. He loves sharing Christ with

Ten Recipients Receive Preservation Grants

Ten recipients have been selected to receive 1985 matching survey grants from the Texas Historical Commission to assist in funding survey and planning projects and nominations to the National Register of Historic Places. Allocations total \$177,795.

The grants, which are administered by the THC, represent a significant portion of the \$524,000 appropriated to Texas from the federal government's Historic Preservation Fund. Recipients for 1985 are as follows:

*The City of Cuero - \$12,500 for a survey and multiple resource nomination for the city;

*The City of Mineral Wells and Angelina County Historical Commission - \$15,000 each for a survey and multiple resource nomination for the city of Mineral Wells and Angelina County.

*The City of Weatherford - \$9,500 for a survey and multiple resource nomination for the city;

*Hood County Historical Commission - \$18,000 for a survey and multiple resource nomination for Hood County;

*The City of Bryan - \$15,000 for a survey of the city;

*The City of Nacogdoches - \$19,795 for a survey of the city;

*The City of Fort Worth and the Historic Preservation Council for Tarrant County - \$40,000 for the fifth phase of an ongoing survey of Tarrant County;

*The University of Texas at Austin - \$20,000 for a study and survey of the Lower

Pecos River Pictographs; and
*Bastrop County Historical Commission - \$13,000 for an archeological survey along the Colorado River.

In addition to these projects, six other groups received funds from the 1984 Historic Preservation Fund. A total of \$81,000 has been allocated for surveys and nominations to the following entities:

*The City of Denison - \$11,500 for phase II of a survey of the city;

*The City of Lubbock - \$6,000 for phase II of a survey of the city;

*Historic Waxahachie, Inc. - \$3,000 for a multiple resource nomination for the city;

*Texas Tech University - \$44,500 for a reconnaissance survey of historic sites in northwest Texas;

*Texas A&M University - \$6,000 for a survey of Houston County; and

*North Texas State University - \$10,000 for a survey and study of the site of (Presidio San Francisco Xavier de Gagedo.

Nonprofit groups and political subdivisions of the state interested in applying for 1986 Texas Historic Preservation Grants and Historic Preservation Fund Grants have until 5 p.m. on May 31, to submit applications to the THC. Information and pre-application forms for both of these grants programs are available from the National Register Dept., THC, P.O. Box 12276, Austin, TX 78711, 512/475-3094. Applicants are

other people. Leading the music will be Richard Robinson and Jack Smith, Lois Robinson and Ann Bonne will be pianists.

Services will begin at 7 p.m. nightly. Pastor Dwaine Clower urges you to come join them anytime you have the opportunity.

Extended Deadlines

The Internal Revenue Service says you may receive an automatic 4-month extension of time to file your 1984 federal tax return. The application for the extension, Form 4868, must be filed by April 15.

The IRS stresses that this is an extension of time to file your return—not an extension of time for payment of taxes due. When filing for the extension, the taxpayer must estimate their tax owed for 1984 and send that amount with the Form 4868 to avoid interest and late payment penalties.

The IRS notes that a deduction for an IRA contribution can be claimed on a 1984 tax return only if the contribution is made on or before April 15, even for those electing an extension to file.

urged to submit their pre-applications well in advance of the deadline.

Tarleton State University To Host UIL Competitions

Tarleton State University will again be hosting the Region II, Conference AA competition for the University Interscholastic League. A full schedule of academic and sporting events is scheduled on the campus beginning Thursday, April 11, with the One-Act Plays, under the direction of Dr. Mary Jane Mingus.

Literary events will dominate the schedule the following day beginning Friday morning with debate and ending that evening with calculator application. The contest and directors are debate, Dr. David Elkins, ready writing, M.C. Bell; typewriting, Dan Dudley; shorthand, Dr. Ruby Barker; science, Dr. Lamar Johanson, spelling, Harv Barkowsky; and calculator applications, Charles Slaten.

Saturday's agenda includes journalism, Mark Greer; prose reading, Donna Browning; poetry interpretation, Brenda Blair; persuasive speaking, Frank Burke; informative speaking, Dr. Tom Watson; and number sense, Dr. Dwayne Snider.

Monday, April 29 is the beginning of regional II-AA boys tennis under the direc-

tion of Dr. Bruce Craig. The finals will be held on Tuesday along with the girls and boys golf tournaments which will be conducted by director Donnie Campbell. The girls will compete at the Tejas Country Club and the boys will play at Legends Golf Club.

Girls regional tennis will begin on Wednesday and conclude Thursday. This event will be directed by Jymme Evans.

For the first time, the boys and girls regional track meets will be hosted at the same time. The combining of both meets on the regional and state levels was approved last spring by the UIL.

The Region II-AA meet will be hosted Friday and Saturday, May 3 and 4 on the Oscar Frazier Track at TSU's Memorial Stadium. Dr. Joe Gillespie will be meet director and the field

events and running preliminaries have been set for Friday afternoon and evening with the running finals to be held Saturday afternoon. The state meets will be held the following weekend in Austin.

Dr. Mike Leese, Vice President for Student Services at Tarleton, is the director for the spring regional meets.

District 11 schools represented will be Cisco, Eastland, Ranger, Albany, Baird, Coleman, Tuscola, Jim Ned and Winters.

Keith Watkins of Eastland Independent School District, is a member of the Public Schools Administrators Executive Committee.

Parker County Youth Arrested Following Chase

A 14-year-old Parker County youth was arrested shortly after noon Sunday after leading Department of Public Safety troopers on a high-speed chase on Interstate 20 in Eastland and Callahan counties.

According to DPS Trooper Hernando Hernandez, a report had been received earlier that the boy should be stopped and detained for Parker County authorities.

The boy was just "toodling along," Hernandez said, when he saw the youth, who then sped up. Hernandez said he reached speeds of 95 mph and traveled "side-by-side and neck-to-neck" with the youth as they entered Callahan County.

Callahan County authorities formed a "rolling road block" with some truckers, the officer said. The youth's vehicle ran off

onto the median strip, and a Callahan County trooper got ahead of the vehicle, Hernandez got behind him and the troopers began slowing down. The teen had no choice but to slow down and, finally, stop, Hernandez said.

The youth was taken to Baird, read his rights, then returned to Eastland County. Hernandez said this is the third time the youth has led officers in a chase.

The last time, Hernandez said, the boy's truck ran out of gas in Baird.

Legal Notice

Qualified Bidders are invited to bid on the various bid packages to construct a Toilet and Ticket Booth Building and a 2,000 square foot Fieldhouse at the Maverick Stadium.

The Eastland Independent School District will receive bids until 3:00 p.m. CST on Tuesday, April 16, 1985, at the High School Cafeteria, 900 Plummer, P.O. Box 31, Eastland, Texas 76448. Bids received after this time will not be accepted. All interested parties are invited to attend. Bids will be opened publicly and read aloud.

Contract Documents may be examined at the Architect's Offices in Dallas and at the Eastland Independent School District Superintendent's Office.

Copies of the above documents may be obtained at the office of the Architect, 5301 South Westmoreland, Dallas, Texas.

Bid Security in the amount

of 5% (five percent) of the Bid must accompany each Bid.

The Board of Trustees of the Eastland Independent School District reserves the right to waive irregularities and to reject all Bids.

Accident Injures Lake Leon Boy

A 4-year-old Lake Leon boy is in good condition in Eastland Memorial Hospital with injuries suffered when he was struck by the family car about noon Monday in the driveway of his home.

According to the boy's father, Sean Hughes, his son, Zack, was either run over or knocked down and injured when the family car rolled down an incline. The car was unoccupied at the time.

Becky Hughes, the youth's mother, said she was inside the house when she heard the boy scream.

He suffered what is believed to be minor head injuries. A Ranger ambulance took the boy to the hospital.

Eastland Markets Report

The market at Eastland Auction was on a run of 1005 head of cattle, 690 hogs, and 82 sheep and goats at its sale Monday and Tuesday according to 82 reporter.

Retired Teachers

Virgil T. Seaberry, Jr., a prominent Eastland attorney will be guest speaker when the Eastland County Retired Teachers Association meets at Gorman on Monday, April 8 at 2:30 p.m. in Fellowship Hall of First Methodist Church. Members are in for a treat, as Mr. Seaberry tells us of the importance of a written will and of other legal matters of particular interest.

Following the program, a short business meeting will be held in which officers for the next year will be elected. All members are urged to attend this meeting.

Southwestern Bell Telephone introduces five new TELE-HELP booklets.

TELE-HELP is a special information program created by the employees at Southwestern Bell Telephone. We've designed it to provide answers to our customers' questions as well as reaffirm our company's commitment to the community.

Home security is something that concerns us all. But, in reality, many people don't know how to prepare for an emergency in advance. This booklet gives you tips on how to do just that.

Annoying phone calls can happen to anyone at anytime. But you don't always have to be a victim because there are a few steps you can take to deal with this nuisance. We developed this booklet to tell you about them.

Home wiring tells you how you can save money by installing new wiring or changing existing wiring in your own home. It also tells you about the options available if you would rather have someone else do the work.

A Guide to Establishing New Service tells you about all the steps involved, and what to expect, when setting up your new phone service.

Local Service Options tells you about the range of services that can enhance the value of your phone, including Custom Calling Services, Easy Access Dialing and Touch-tone service.

To order your free TELE-HELP booklets, send in this coupon or call TOLL-FREE 1-800-325-2686, extension 81, Monday-Friday, 8 a.m. - 5 p.m.

JIM CALDWELL MOTORS
314 W. MAIN EASTLAND
629-2636
BRINGS YOU THESE IMPORTANT TIPS...
YOU AUTO KNOW

New York State was the first to require drivers and front-seat passengers to wear seat belts. Children under ten must use a seat belt or special seat anywhere in the car.

When tire tread wears unevenly, it's a pretty sure sign that the wheel is out of balance or the car out of alignment. Fixing it will improve handling.

Overheating is not a summer-only problem. It can also be caused by a slipping fan belt, low coolant level, a clogged radiator, or a burst radiator hose.

Rental trailers make it easy to haul Junior and his things home from school, or the family to a vacation home. Put your car in shape for the extra stress involved.

Match spark plugs to the type of driving you do. Tell your mechanic that your driving is mostly local and low-speed, and you'll get hotter spark plugs than someone who drives long distances on the highway.

NEW-USED CARS
Match your car to your lifestyle. You'll find the car you'll be proud to drive at JIM CALDWELL MOTORS, 314 West Main, Eastland. 629-2636.

AUTO REPAIR
What kind of driving do YOU do? We'll keep your car running right, year after year, with super service. You can trust the knowhow at JIM CALDWELL MOTORS, 314 West Main, Eastland. 629-2636.

BODY SHOP
Match repairs to the color of your car? You bet! You get expert auto painting--on post-accident body work or on the whole car--at JIM CALDWELL MOTORS, 314 West Main, Eastland. 629-2636.

Eastland County History

About this time a division arose in the church and the Cisco Baptist Church was organized; the Red Gap body retaining its organization for a few years before its demise.

In 1882 the church became a chartered institution with W.D. Chandler; R. Smith; and I.P. Swindell as trustees. This charter was renewed in 1932 as fifty years is as long as they granted for any purpose. In so far as is known to the writer this is the only church organization in this section of the State that is conducted in this way.

Following the reception of the charter the church acquired a lot at the corner of Ave. E. and 9th street where, with the help of the Baptist Missionary Society, a church house was erected which served it as a place of worship until its destruction by a cyclone in 1893.

Its next home was probably erected in the latter part of 1893 and enlarged in 1908 and 1910. In 1923 this building was destroyed by fire, but prior to this time the foundation of a new building had been laid but on which construction had been halted on account of financial difficulties.

However the congregation was determined and the present magnificent building was completed, furnished, and occupied in November of 1927 at the cost of \$125,000 after "Much hard work and sacrificial giving," by its members.

The Church has been served by the following pastors: C.G. Stephens, 1878-1883; L.S. Knight, 1884-1886; No report as to 1887-88-89; R.A. Lee, 1890; No report as to 1891-1892; A.S. Bunting, 1893; B.F. Dixon, 1894-1897; C.T. Alexander, 1898-1899; No report as to 1900; Wm. Crawford, 1901; J.H. Helm, 1902; R.L. Gillon, 1904; S.W.

Kendrick, 1905; J.H. Boyett, 1907-1909; A.A. Hutto, 1910-1911; E. Stubblefield, 1912-1917; A.E. Baten, 1918; C.G. Howard, 1921; A.C. Miller, 1923-1929; E. James, 1930-1936; Judson Prince, 1937-1942; Cooper Walters, 1942.

The East Cisco Baptist Church was probably organized in 1914 and appears for the first time on the minutes of the Cisco Association in that year. The organization has a creditable church building and comfortable tabernacle for summer and overflow use.

Its first pastor seems to have been P.D. O'Brien, in 1914 who continued to serve for four years when he was followed by R.L. English who served for three years; he by I.W. Lawrence who served through 1928. Ben F. Morrison was their next pastor coming in 1929 and served for one year and was followed by J.T. Smart and was succeeded by T.J. Sparkman and Herbert Christian in that order. The church has Russell Dennis as under-shepherd at the present time (1943).

The church membership has varied from 26 when organized to 310, probably its peak, in 1933.

About the time of the lot sale in Cisco, The Texas Central Rail Road Company had a dam built across the ravine about where Avenue D. crosses it, near the present gin, and mill creating a pond around which "Sipe Wells" were dug and from these, supplemented by some water hauled from the "Pierce Place" about three miles distance in Sandy Creek, the young town secured its water supply.

It was, in part, delivered by a Mr. Langford, not in the old oaken bucket but in oaken barrels hauled about in a wagon. In times of ex-

treme need water was shipped in tank cars by the railroad companies. This condition existed, with variations, until the canyon was dammed in 1891 or thereabout.

The first attempt to improve the City's waters supply seems to have been in 1885 when the Cisco Water and Artesian Well Company was organized. The Texas Central Railroad Company, for a consideration of one hundred dollars in cash and five hundred dollars of the Water Company's stock, deeded the Water Company lots one to nine, block seventy one in the city of Cisco. The well was drilled near where the City's first water tower stood, but obtaining no water, or an insufficient supply, the proposition was abandoned and the city, like most other towns in the area, continued to be without an adequate supply for some years.

About 1891 a vigorous campaign was carried on for the building of lakes from which to supply the growing town. The writer well remembers an advertisement of John F. Patterson and Company which was headed, in about the largest type in possession of the Cisco Round-up "DAM THE CANYON."

The particular canyon which the members of this firm had in mind was the one just West of the Junior College building. As a result of this agitation, the Cisco Water Company was organized in April of 1891. John F. Patterson was made president of the organization and F.C. LeVeaux, secretary. The canyon was dammed but proved to be insufficient and another one was built a short distance above the first one; the two easing the situation for the time being. It was about this time that the stand pipe

which stood so long on the hill in the central part of town was erected.

In 1902 The Cisco Water Company disposed of its holdings to the City of Cisco and the fine little Lake Bernie, named in honor of the late Mrs. J.J. Butts, long a civic leader in Cisco, was created which was the city's source of water supply until the completion of Lake Cisco in 1934.

When full, the waters of Lake Cisco will cover forty five hundred acres and will have a shore line of thirty five miles with a surface elevation of 1428.5 feet. The excavation for the foundation of this great dam has a depth of fifty six feet and rests on limestone. The dam is 1190 feet long, is 125 feet high at the spillway and contains fifty thousand cubic yards of concrete and 2,000,000 pounds of reinforcing steel.

The slabs of which the restraining well is made are eight and one half feet thick at the bottom, thinning to eighteen inches at the top.

Below the dam is a splendid swimming pool three hundred feet wide by seven hundred feet long, on the shores of which is a pavilion with dancing floors and a skating rink. Highway number twenty six crosses on top of the dam affording the passing traveler a beautiful view of the lake and its setting.

A short distance below the dam is a state fish hatchery and nursery which supplies a large section of the country fingerlings for restocking purposes.

On the plateau above and to the South is the Cisco County Club's Club House and nine hole golf course which is well kept and liberally patronized.

The first banking business conducted in Cisco was by The Cisco Land and Collecting Agency of which J.R. Flemming was president; John M. Moore, Vice President and Henry M. Hilliard, Secretary-Trasurer. Mr. Leveaux succeeded Mr. Hilliard and L.E. Brannin succeeded him.

Probably the next was a private bank, supposedly financed by F.C. Leveaux and may have been connected in some way with the Cisco Land and Cattle Company.

The first national bank in Eastland County was The First National Bank of Cisco, organized in 1891 with J.H. Holcomb, President; F.C. Leveaux, Cashier; and J.J. Winston, C.H. Fee, John F. Patterson and A.B. Smith, directors. This institution continued in business for

about fifteen years before liquidating. While the liquidation was in progress A.H. Johnson conducted a private bank and was probably succeeded by The Merchants And Farmers Bank of which W.H. Eddleman was President; W.C. Bedford, Cashier and J.M. Eddleman, Assistant Cashier at its organization in 1898.

In 1902 The Citizens National Bank was organized with Dr. J.P. Webster, President; J.J. Butts, Vice President; A.H. Johnson, Cashier; and M.S. Stamps,

Assistant Cashier.

The new town was not long without a news paper. R.G. Luse erected a tent on Broadway near the site of the Christian Church building, moved in a few cases of type and his Washington Press and issued the first copy of "The Cisco Round Up, July 1st, 1881.

ATTENTION SENIOR CITIZENS

We appreciate you...We appreciate our heritage and recognize your important contributions to the world we know today. We recognize that the sacrifices you've made over the years, and the examples you've set throughout your lifetime, have been to a large measure, what makes this nation, this state, this county and our town, great.

And in these times of uncertainty and with the growing economic crunch for all of us, we believe that we can make a contribution to your will-being by helping keep you informed with your local hometown newspaper.

So, we're going to "put on a special, especially for you"—
For a limited time only:
New Subscriptions to Senior Citizens for delivery in Eastland County:
1/2 PRICE!

(P.S. We're not forgetting our present subscribers either. If you are a current local subscriber as a senior citizen, you may extend your present subscription for one year at half price, or GIVE a local subscription to a friend or loved one at half price under this plan.)
(This special good only through the end of April and is not to be understood as a refundable special for present subscribers.)

OUR GOAL IS TO HONOR SENIOR CITIZENS AND MAKE IT EASY FOR SENIOR CITIZENS TO JOIN OUR GROWING LIST OF SUBSCRIBERS.
