NINETEENTH YEAR, No. 36

Muleshoe And Slaton Tigers Clash Friday

Victorious in their first game, a 13 to 0 defeat of Springlake, the Muleshoe Yellowjackets are buckling down to hard drills this week in preparation for the Slaton Tigers, who play here Friday afternoon. The opening kickoff is set for 3 o'clock.

The game will be the first home tilt of the season for the locals, and the opening game of a play-by-play description of the Muleshoe-Springlake game appears in this issue of The Journal.

the year for the visitors, whose scheduled game at Floydada last Friday was postponed because of rain.

The outcome of the Muleshoe-Slaton game will count in District 5-A standings. The Tigers, said to have their best team in years, are sparked by Elzo Collier, 170-pound fullback and veteran of two previous grid campaigns. Other two-year men on the squad include Luther Faulkner, 140-pound guard, Shirley Butler, 168-pound tackle, and Wallace Sanders, 163-pound end.

The probable starting line-up for Coach Prince Scott's Yellowjackets is: Kennedy and Schmitz, ends; Clark and Jesko, tackles; Walker and Tipton, guards; Stander, center; Thomas, quarterback; Barbour and Riddle, halfbacks, and Cox, fullback. Officials for the game will be Abe Murphy (Texas Tech) coach of the Littlefield Wildcats, referee and Phillip Harmon (Texas Tech) coach of the Sudan Hornets, umpire.

Transportation Of School Children Is A Small Problem

AUSTIN, Sept. 24.—Transportation is no small problem for Old Man Texas' children of public school age, says Lynn B. Shaw, general manager of the Texas Motor Transportation Association. For five days each week—rain, sunshine or snow—5,513 school buses make the far reaches of the state to carry rural youth to public educational centers. Last school year, the buses traveled an average of 257,171 miles each day and, surprisingly enough, there were 54 students to the bus. It is estimated that 290,219 children were transported last year, which is ample proof that youth in the remote sections of the state have been extended educational opportunities.

Estimates place the number of school owned buses at 3,829 and privately owned at 1,320. A few buses are owned by counties and some of them jointly owned, Shaw said.

Defense Display Set For Fair

Uncle Sam will display part of his military might at the Tri-State Fair in Amarillo.

The defense display, a special event, will consist of a sham battle between land and air forces with the regular army from Fort Bliss participating.

More than 500 officers and men and more than 100 pieces of mechanized equipment, including anti-aircraft guns, sound detectors, range-finders, big batteries of searchlights, "jeeps" and airplanes, will be at the exposition one day only, Friday, October 3.

Congratulations To

Mr. and Mrs. A. R. Naylor on the birth of a son, September 18th.

Mr. and Mrs. Russell Ingle on the birth of a daughter, September 24th.

Mr. and Mrs. W. H. Garvin of Maple on the birth of a daughter, September 23rd.

People seldom improve when they have no other model but themselves to copy after.

Fair Boosters To Be Here Thursday

A caravan of Lubbock fair boosters will be in Muleshoe today (Thursday) at 11:40 a. m. and will put on a 30-minute program. Free tickets to the fair will be distributed to the school children, and there will be souvenirs for all.

The Panhandle-South Plains Fair is one of the principal fair attractions for South Plains folks. The opening date this year is October 6 and the fair continues through October 11.

Everybody is asked to be on hand to help welcome the visitors when they arrive in Muleshoe.

Two Fairs Will Get Exhibits Of Bailey Products

Plans are about complete for a Bailey county display to be exhibited at the Amarillo and Lubbock fairs the next two weeks, Sam Logan, Bailey county agent, reports.

This being an unusual year, mature agricultural samples are extremely difficult to obtain, the agent explained. Anyone who has specimens of any of the crops commonly grown in the county will aid in advertising the county by bringing samples to either the agent's office, the FSA office, or the office of R. L. Brown.

Threshed grain, peas and beans, should be in two-gallon volume so a tabbed culled sample of one gallon may be had. Heads of feed should amount to 15 or more heads, and ears of corn the same. Potatoes, onions, etc., should amount to about two pecks.

All exhibits should be brought in not later than Saturday, as the booth at Amarillo will be arranged Sunday for the fair, which opens Monday.

Maize Heading Contest Will Be Held Saturday

ANTON, Tex., Sept. 24.—Postponed from September 13-14, a second annual maize heading contest, sponsored by the Anton Merchants and Farmers club, will be held Saturday it was announced by club officials here. Wet weather had caused the postponement.

Change in the prizes to be awarded winners was announced. First prize will be \$75, with others as follows, second, \$22; third, \$20; fourth, \$15; fifth, \$10, and sixth, \$5.

No entrance fee will be required but all persons who compete are to be registered by 6 o'clock Friday night.

Two large fields are available for heading. Rows a half mile long are to be headed, the winner being determined by the best time and the fewest number of heads left standing, as well as the length of the stems on the heads cut.

H. G. Richards of the Anton News, announced a \$5 prize "to the header who makes the poorest record in the contest." He explained, "this is in keeping with our life-long policy of being for the down trodden and the poor guy who is down and out."

E. A. Whitfield, last year's winner, will defend his title again. V. E. Pritchard, runner-up, is expected to be a strong contender.

Work Starts On Building Addition

Construction work started this week on a new addition to the Muleshoe Motor Co.'s building, for the tire and accessory department.

Built of tile and stucco, the new building will be 20x40 feet. This addition is being built due to increased sales in the tire department.

Mr. and Mrs. Jeff Ingram, and son, Billy of Hereford, Tex., were here Friday for a short visit with Mr. and Mrs. J. H. Maxwell. Mrs. Ingram and Mrs. Maxwell are sisters.

RODEO TO BE FEATURE OF FAIR

Plenty of action and thrills are in store for rodeo fans during the 28th annual Panhandle-South Plains Fair at Lubbock, October 6 to 11. Six big all-star programs are scheduled, one each night before the large grandstand. Shown above is a larripun' cowboy on the hurricane deck of "Helsinki," one of the many rough and tough broncs that will be in the ring. A full slate of bronc busting, steer riding, roping and bulldogging is on tap.

NO REASON TO STAMPEDE FOR NEW DRIVERS LICENSE, DIRECTOR SAYS

Nearly half the people in Texas will start a stampede for new drivers licenses October 1. There's really no need to get in a hurry about it, State Police Director Homer Garrison explained today. From Oct. 1 until Dec. 31, old licenses numbered from 1 to 450,000 will be renewed.

From Jan. 1, 1942, until March 31, those numbered from 450,001 to 900,000 will be renewed. Those numbered from 900,001 to 1,350,000 will be renewed between April 1 and June 30.

Any license numbered from 1,350,001 upward will be renewed between July 1 and November 1. Here's the procedure for getting your new license:

Obtain an application form from any Highway Patrolman or Drivers License Examiner, or by writing directly to the Department of Public Safety in Austin. The forms also will be available from police and sheriff departments, banks, and other public places.

Either print in ink or use a typewriter to fill out the application, enclose a 50-cent money order or cashier's check with it, and mail it directly to the Department of Public Safety, Austin. The new license, good for two years, will be mailed to you from Austin.

Persons renewing licenses will not have to take an examination unless they have a bad record of traffic violations or collisions.

But if you fall to renew your license in the stipulated time, you will be liable both to arrest for driving without a license and an examination.

"GO TO CHURCH MONTH"

Pastors of the town met at the Baptist church Sunday and designated the month of October as "Go To Church Month."

This is a city-wide movement, and for the purpose of getting everyone to attend the church of his choice during October. Committees have been appointed to handle special programs. Further announcement will be made on this next week.

SANTA FE CARLOADINGS

The Santa Fe Railway System carloadings for the week ended Sept. 20, 1941, were 22,669 compared with 21,379 for the same week in 1940. Received from connections were 9,208 as compared with 6,537 for the same week in 1940. The total cars moved were 31,877 compared with 27,916 for the same week in 1940. The Santa Fe handled a total of 32,041 cars during the preceding week of this year.

above is a larripun' cowboy on the hurricane deck of "Helsinki," one of the many rough and tough broncs that will be in the ring. A full slate of bronc busting, steer riding, roping and bulldogging is on tap.

Aid Being Given Nedy Children Of This State

The State Department of Public Welfare started accepting applications for aid to dependent children at its local offices thru-out the state Friday, September 19. Although this date represented the opening of the program, it was not mandatory that all applicants apply on September 19, as arrangements will be made to accept applications on subsequent intake days, which will be announced for each locality.

Taking of applications in Bailey county opened at the courthouse in Muleshoe last Friday, with R. S. Williams in charge.

Parents or relatives of dependent children should call at the State Department's local office in the county in which they reside and talk with the worker who will be prepared to explain the eligibility requirements and assist in filing the application. It will not be necessary that the children be brought to the office as the local worker will later make a visit to the home at which time the children may be seen.

For a child to be eligible for aid to dependent children under the laws of Texas, the child:

1. Must be a citizen of the United States.
2. Must have resided in Texas at least one year preceding the date of application; or must have been born within the state within one year preceding the date of application provided the child's mother had resided in Texas at least one year preceding the child's birth.
3. Must be under the age of 14.
4. Must be deprived of parental support, or care by reason of one of the following factors: (a) death of a parent, (b) continued absence from home on the part of a parent, (c) physical or mental incapacity of a parent.
5. Must be living with his father, mother, grandfather, grandmother, brother, sister, step-father, step-mother, step-brother, step-sister, uncle or aunt and in a place of residence maintained by one or more relatives as his or her home.
6. Must be in need. This is defined as not having sufficient income or other resources to provide a reasonable subsistence compatible with health and decency.

He who has conferred a kindness should be silent. He who has received one should speak of it.

Canfield Rites Held Saturday In Missouri

Funeral services for R. B. (Bob) Canfield, one of Muleshoe's pioneer business men, who died September 17 in a Hays, Kans. hospital, were held Saturday at Civildend, Mo., his childhood home.

Mr. Canfield became ill here September 9 and was taken to the home of his son, W. J. Canfield, at Russell, Kans. There his condition grew worse and he was taken to the Hays hospital.

Mr. Canfield came to this section more than forty years ago before the town of Muleshoe sprang up. He was engaged in farming a few miles north of here, where S. L. Rollins now lives. With Jess T. Lindsey, Mr. Canfield built the first houses on that section of land.

One of the founders of the town of Muleshoe, Mr. Canfield moved here to establish a real estate and insurance business in which he was actively engaged until a few weeks ago.

Besides the son of Russell, Mr. Canfield is survived by another son, R. B. Canfield, Jr., of Illinois, and a daughter, Ethel, who is married and lives in Colorado.

Texans Enjoy Highest Price Levels In Years

Noel Woodley, secretary-treasurer of the Western National Farm Loan Association, who attended a conference of 17 NFLA secretary-treasurers in Lubbock Monday, said that Texas farmers and stockmen are enjoying the highest price levels for their products since May, 1930.

Although crops are spotted, conditions are reported generally good. The Federal Land Bank of Houston reports improved conditions this year. It has been able to reduce its inventory of real estate during the past 12 months due to a lively demand for farms. The land bank has made more than 40 percent more loans thus far in 1941 than for the same period in 1940. This gain was said to be due largely to activity in land and re-financing under favorable terms and interest rates. It was pointed out at the conference that the Federal Land Bank of Houston had extended a total of \$411,000,000 in long term farm mortgage credit through land bank and land bank commissioner loans in 24 years; more than a fourth of all borrowers have repaid their obligations in full, providing the success of the land bank system goal of helping farmers and ranchers pay out of debt.

The secretary-treasurers expressed the belief that the land bank system has been a stabilizing influence on land values by holding the basis for loans to normal agricultural values and by judging repayment ability according to normal prices.

The associations and their land bank are advocating a plan which permits payments on obligations in advance to build up a cushion against lean years and at this time they are able to permit an offset in interest on advance payments.

Watson 4-H Girls Elect New Officers

New officers were elected by the Watson 4-H Club girls at a meeting held last Thursday. Miss Lillie Gentry, Bailey county home demonstration agent, met with the girls.

Officers elected for the coming year were: Colleen McMullen, president; LaNora Muller, vice president; Addie Ruth Self, secretary and treasurer; Jessie Marie Henderson, reporter; Jewell Lee Landtrogg, game leader; Joanne Hawkins, song leader.

Elected club demonstrators were LaNora Muller and Colleen McMullen. Laverna Jo Corbell and Joanne Hawkins were elected garden demonstrators.

Truck Farmers Lay Groundwork Here For Marketing Ass'n.

Public Library Is In New Quarters; State Books Here

The Muleshoe Public Library has been moved from its former location in the county courthouse to the room occupied until recently by the Bailey County Draft Board office. The library now is just across a wing of the hall from its old location.

Early this week the job of moving had not been completed, and although books were being checked out, shelves had not been provided, and borrowers were having to browse through huge stacks of volumes to find the book they wanted. Mrs. Minnie Solomon, librarian, said the first of next week would probably find the books arranged on shelves and the job of moving completed.

About 200 new State Library books have arrived and are available now, the librarian announced. These books will be here three months, then returned for another shipment.

Cong. Mahon Back In Capital After Visit To District

George Mahon, congressman from this district, was back in his Washington office this week after having spent three weeks visiting in various portions of his district.

Early last week while en route to Washington, he visited Army and stockmen in Louisiana where half a million soldiers are engaged in mock warfare for the purpose of increasing the efficiency of our armed forces. Mahon reported that he saw a few of the enlisted men from the 19th Texas District.

In commenting on the maneuvers, Mahon said that the West Texas boys were measuring up to their full responsibility. "It is not a pleasant task for the boys to face the severe hardships occasioned by the maneuvers," he said, "but I can testify from observation that the boys can really take it. The thing that impressed me most was the physical toughness and the high moral quality of the men. The modern youth does not lack the physical stamina and the hardihood of his predecessors."

"The soldiers are the ones, and about the only ones, who are making real sacrifices for national defense. They deserve 100 percent cooperation from labor and capital and from the people generally."

Mahon is a member of the War Department Appropriations Committee and he visited the maneuvers in company with Army officials and other committee members.

China Relief Committee Named

DALLAS, Sept. 24.—Chairman Nathan Adams of the United China Relief campaign for Texas today announced the following committee which will conduct the United China Relief drive in Muleshoe: Rev. R. N. Hucklebee, chairman; Irvin St. Clair, Jim Cox and Glenn Rockey.

United China Relief is an effort to raise funds to aid the 60,000,000 unfortunate Chinese people who have been driven from their homes and left destitute by Japanese invasion of their country. The quota for the State of Texas is \$200,000. Under State Chairman Nathan Adams and Vice Chairman Gov. Coke Stevenson each county in Texas is being organized to do its share toward this humane cause.

ROAD MONEY RECEIVED

Bailey county has received its share of lateral road fund money from the State, it was announced by county officials Tuesday. The amount, \$8,916.04, will be used to improve lateral roads.

Real action was started this week towards putting vegetable marketing on a business basis in the Muleshoe territory. Although too late for this season, an organization is to be formed this fall which will build or lease packing sheds and obtain the services of an experienced marketing man.

Led by S. E. Goucher, several of the large growers are determined that another season will not find them without a well organized marketing system. Some ten or twelve truck farmers have already pledged support to the new plan, and the first meeting will be held Monday, December 1. At this time, the business will be incorporated and officers elected.

Mr. Goucher stated that the sheds would be located in Muleshoe, so that trucks coming in from a distance could be loaded out with the least possible delay. All vegetables will be graded to U. S. Standard, and packed in standard containers. Although the organization will be primarily for the benefit of those who are members, vegetables will be handled for anyone on a commission basis.

Another problem which will be taken up at the December meeting will be the construction of a curing house for sweet potatoes. This is becoming one of the main crops here, and to be handled profitably, sweet potatoes must be cured so that there is no need to throw the entire crop on the market at once.

Those who are sincerely interested in a better system of marketing and wish to participate in the advantages of a cooperative organization, are urged to see Mr. Goucher as soon as possible.

More Texas Wheat Farmers Insure Crops

COLLEGE STATION, Sept. 24.—More Texas wheat farmers than ever before have insured their crops for the coming year, E. R. Duke, state crop insurance supervisor, has reported to state AAA headquarters here.

With approximately 200 applications still pending, Duke said that 9,113 policies, insuring the wheat production on 11,297 farms, had been issued. No figures are available at present as to the total production covered by the insurance.

At the same time, Duke announced that 5,092 indemnity claims, representing a total of 1,663,469 bushels of wheat paid to producers, had been paid under the 1941 crop insurance program. Ever since the crop insurance program began the number of growers insuring their crops has increased steadily, the supervisor pointed out. The increased sales indicate general approval of the program by the producers.

"Cotton growers who study the operations of the wheat insurance program will appreciate the benefits they can gain by taking out insurance on their cotton crops in 1942," Duke said. "The success of the wheat insurance program has led to adoption of a cotton insurance program which will get its first trial on next year's crop."

Bula P.-T. A. Holds First Meeting

The Bula Parent-Teachers Association held its first meeting of the current year in the high school auditorium Tuesday night, September 15.

Mrs. M. J. Gibson, president, read an inspiring letter from the district president, and all members present seemed eager to begin the work of the new year.

Miss Opal Sniker was appointed program chairman to fill the place left vacant by the resignation of Mrs. A. B. Simmon.

The next meeting will be October 6. Mr. and Mrs. Neil Rockey made a trip to Dallas the first of the week.

OIL QUALITY

You know it's tough to tell oil quality by looking at it. You can't even test it very quickly.

That is why, when you are buying a lubricant to protect your motor-car investment, it is so important to rely on the good name of the oil and its maker.

Millions of motorists know from experience that Phillips 66 Motor Oil is a lubricant with a good name, backed by a great name.

Yes sir! Phillips 66 is the name to remember when you make the regular 1,000-mile replacement, or a lighter oil for the winter.

PHILLIPS 66 MOTOR OIL

Shortage Of Repair Parts For Farm Seen

COLLEGE STATION, Sept. 24 —Texas farmers are having difficulty in obtaining repair parts for their farm equipment in more than half of the counties in the state, B. F. Vance, chairman of the Texas USDA Defense Board, said here today.

Reports from county USDA defense boards indicate that dealers are unable to obtain adequate supplies of repair parts with the result that unused equipment is going to waste on the farms, he announced. The board is conducting a survey on the request of Secretary of Agriculture Claude R. Wickard on the farm equipment needs for the coming year.

"The shortage of parts has been acute in some areas for more than a year, according to the reports," Vance said. "In these days, when priorities accorded war materials are apt to cut down on the production of new equipment, a continued and adequate supply of repair parts become all the more important. If farmers are to produce the vast amount of food needed in this country and in the nations resisting aggression, then they must have the equipment to carry out their farming operations."

Vance said reports received from the counties on the shortages are being forwarded to Washington for the consideration of Secretary Wickard who will use all such information in obtaining priorities for the needed equipment.

Scarcity of labor in some sections makes the problem of keeping farm machinery in shape even more important, Vance pointed out.

Progress Club Meets With Mrs. Bearden

Tuesday afternoon of last week the Progress Home Demonstration club met at the auditorium, Mrs. Anna Mae Bearden being hostess for the meeting.

The president being absent, Mrs. Harold Mardis, vice president presided.

The club voted to be co-sponsors of the school luncheon with the Parent-Teachers Association, and voted to give \$10 to the fund for the luncheon. Mrs. Anna Mae Bearden, Miss Dyalthis Swift, and Mrs. J. L. Gregory were appointed as a committee to work with the school board and P-T. A. committees on this project.

Miss Bessie Vinson, Miss Dyalthis Swift and Miss Elzada McMahan reported on their recent trip to Beaumont. Everyone reported they enjoyed the talks and felt almost as if they had gone themselves.

The next meeting will be with Mrs. L. D. Tipton, with Mrs. Buck Taylor co-hostess, October 7. Chocolate fudge and peanut brittle candy and apples were served to all present by the hostess.

Those present were: Misses Bessie Vinson, Elzada McMahan, Evadna Holley, Dyalthis Swift; Mesdames: Lela Mardis, Anna Mae Bearden, Margie Springstube, Ross Goodwin, Velma Gwyn, Elva Gregory, Marie Matthy, Carrie Wilhite, J. J. Gross, Buck Taylor, L. D. Tipton, Etelle Holley, O. Q. Holley, and Mrs. John Tucker.

He was always losing his collar button while dressing. His wife suggested that he hold his collar button in his mouth. The next morning she was startled by an unusual commotion.

"What's the matter?" she asked anxiously.

"I've swallowed the collar button," said the husband.

"Well," responded his wife, there's one comfort: for once in your life you know where it is."

MORE DEFENSE FOODS NEEDED

"More milk, more eggs, more pork" is the food-for-defense appeal being made to American farmers by the U. S. Department of Agriculture. Farmers are responding unilaterally, the Department says, and are turning huge quantities of feed from the AAA Ever-Normal Granary into energy giving foods. Milk production is highest on record; egg production

is higher than in any year since 1930; extra numbers of brood sows are being held over for fall farrowing. Nevertheless, the Department declares even additional increases in these products must be made to supply the growing home demand and the emergency needs of Great Britain.

Progress News

By Bessie Vinson

Sunday school was well attended Sunday, it being regular preaching day.

Next Sunday night is the regular singing night here. All singers in the community are urged to come and practice, if we are to have a class at the regular singing convention in October.

Thursday night of this week, the P-T. A. will meet at the auditorium for a social. Iced cocoa and cookies or cake will be served. Games will be played under the direction of Mrs. Stanley Donaldson and Miss Bessie Vinson.

Mrs. W. G. Kennedy was in Ralls Tuesday of last week visiting her parents.

Mr. and Mrs. H. L. Lowry were Muleshoe visitors Thursday.

Miss Bessie Vinson spent Tuesday night of last week visiting Miss Hortense Nordyke in Muleshoe.

Mrs. Vernon Vinson, and children were weekend visitors in the home of her mother, Mrs. J. L. Herrington in the West Camp community.

Mr. and Mrs. John Ladd were in Muleshoe Thursday of last week.

BULL LOST 19 DAYS IN WELL

A registered 2-year-old Hereford bull that fell into an old 12-foot abandoned well near Camp Verde (Kerr county), was rescued after having been in the well 19 days. The owner, Calvin Pearson, had given the bull up as lost. A faint howling from the old well led to the animal's rescue. Without food 19 days, it had lost 200 lb. A seepage in the well supplied it with water.

Ray C. Moore returned Saturday from a trip to Dallas and Hamilton. Mr. and Mrs. Moore were in Dallas attending to fall marketing, and returned by way of Hamilton to spend a few days with Mr. Moore's father. Mrs. Moore and Ray Watson stayed over for a few days extra visit, and will return home this week.

Weldon Bright Is Married To Canyon Girl

CANYON, Sept. 20 — Nuptial vows were spoken for Miss Irene Thompson of this city and Weldon Bright of Muleshoe, in a home wedding Saturday morning Sept. 13, at 10 o'clock with Rev. J. R. Bright of Muleshoe, father of the bridegroom, officiating. Immediate members of the families were present.

Mrs. Bright, a daughter of Mr. and Mrs. Joe E. Thompson, is a graduate of Canyon high school and West Texas State College, where she was a member of Pi Omega sorority. During the past year she has worked in the office of Dr. E. J. Cundiff.

A son of Rev. and Mrs. Bright of Muleshoe, the bridegroom is a senior in West Texas State College. He is pianist for the Ploxy Trio of Amarillo. The couple will be at home in Canyon.

DIDN'T WORK

Feminine tears failed to soften the heart of Patrolman W. B. Wilson of the Dallas Police Department, as a woman driver was stopped by the patrolman for violating a traffic law and while he was making out a traffic ticket she began to cry. She was still crying when the officer handed her the ticket, gallantly tipped his hat and rode away on his motorcycle.

FOR SALE—Section of land southwest of Muleshoe in Bailey county, Corners Stegall school, 320 acres in cultivation; 320 acres pasture. Price reasonable. Write owner: Ernest Robertson, care of County Courthouse, Wichita Falls, Texas. 36-2tp.

THE RECORD... Facts That Concern You

SOME PEOPLE NEVER LEARN... but most of them do!

There are always a few "smart alecks" who want to stand up and rock the boat. But most people try to keep out of trouble.

The same sort of thing happens in the retailing of beer. The great majority of beer retail establishments are clean, law-abiding and wholesome. But occasionally you may find a "smart aleck" retailer who violates the law or permits anti-social conditions.

We of the brewing industry want these anti-social retailers wiped out! Because they imperil your right to drink good beer...and our right to make it.

We want to protect the benefits that beer has brought to Texas—employment for 31,165 persons since legalization, an annual payroll of \$22,076,182 and taxes of \$2,273,968.64 paid to the state last year.

This state, too, has an important stake in Beer's purchases from over 100 industries supplying the brewing industry with materials, equipment and services.

You can help us in our public-spirited program by (1) patronizing only reputable and legal beer establishments and (2) by reporting any irregularities you may see to the proper authorities.

BEER... a beverage of moderation

Play-by-play Story Of Muleshoe's Win

FIRST QUARTER

Muleshoe elects to receive and the kickoff goes to Kennedy on his 28. He returns 20 yards to the Yellowjackets 48. Schmitz can't quite get Barbour's pass low. Field. Barbour runs left end 4, but the play is nullified, and Muleshoe draws a 5 yard off-side penalty. Barbour fumbles when tackled on a short end run. Springlake recovers squarely in the middle field.

Wolverine back, hits the center of the line for 2 yards. The Jackets are penalized for off-side on the play. Huff picks up a yard at the line and a pass is good for a first down on the Muleshoe 40.

Price starts around his right end, but cuts back for a 5 yard gain. Huff gets a yard at the line, and Price rams the left side for another first down on the 30.

Schmitz reaches up to bat down a high pass, and on the next play Price is stopped by Walker after a 2 yard gain. Another pass is no good. The Wolverines have another on fourth down and it is barely missed on the 25. The ball goes over to the Jackets on their 23.

Thomas circles right end for 5, and Kennedy, far down the field, is in the clear, tries hard for a high pass, but can't hold the wet ball. Barbour slashes around left end for 5 and a first down on the Muleshoe 38.

Thomas adds 6 on a right end run. On the next play, Barbour fumbles, chases the ball back to his 37 and passes out into the open. Barbour, hit hard on an off-end slant, fumbles. Schmitz recovering for the Jackets on the 50 yard line, where it's a first down.

Kennedy takes Thomas' pass over the heads of two Springlake men and outprints them to the goal line 25 yards away. Cox's plunge for extra point fails and Muleshoe leads 6 to 0.

Springlake receives and Barbour's kick is taken on the 17 and returned to the 30, where the runner slips and falls with not a man near him.

Huff is stopped by Jesko after a 2 yard pickup, and Price's bullet pass over center is dropped. A Muleshoe punt is killed on the Muleshoe 43.

A bad pass from center gets away from Thomas, but he runs the ball down and passes out to the Wolverine 35 - incomplete. It travels off right end for a yard gain, and Thomas slams a right tackle for 3 more. Barbour's low punt goes to the Springlake 15 and the receiver is nailed on the 16.

A short pass is taken on the 20 and the receiver is downed on the 22 by Riddle and Cox. Tipton breaks through the line and spears Price for a 7 yard loss as he tries to pass. Barbour takes

ensuing punt on the Springlake 40 and is tackled on the 39. The play is called back and Muleshoe draws a 5 yard off-side penalty. A pass is too high and Barbour runs punt on his 49, making a nice return to the Springlake 38. Thomas dashes around right end and with good blocking goes 23 yards to the Springlake 10. Barbour is almost trapped on the 15, but fights his way to the 7 for a 3 yard gain. On the next play, Thomas starts off his right tackle and runs across the goal line. Cox's plunge for point is good and the score is 13 to 0.

Springlake receives. The kick is taken on the 35 and run back to the 42-5 yards. Two passes fail to connect and Barbour takes punt on his 35, weaving back to his 46 as the quarter ends.

SECOND QUARTER

Troy Jordan replaces Riddle in the Muleshoe backfield. Jordan takes the ball on the first play and gains 3 on an end sweep. Barbour runs left end for 4, and on the next play sweeps it for 5 and a first down on the Wolverine 42.

Jordan is downed after a 2 yard gain at right end, and Barbour fumbles, recovering on the 50 for a 12 yard loss. Barbour gains 3 on a 10 yard run, then kicks to the 20, from where the ball is run back to the 39.

Price fumbles in attempting pass, but recovers on his 33. A pass is completed to the 30, and Barbour almost intercepts the next one on the 50. Jordan takes punt on his 28 and returns 27 yards to the Springlake 45.

Jordan runs right end for 4, and Barbour picks up 2 at the other side. Barbour plows to the 35 for a first down. Riddle comes back into the game for Jordan and Wilhite relieves Clark at a tackle position.

Thomas cuts back through line for 3 yd pickup. Barbour kicks to the 5 yard line, where the ball is momentarily fumbled, then recovered on the 6. Price breaks through for 9 yard gain. A stab at the line nets 2 more and it's a first down on the Springlake 17.

A pass is knocked down by Standerfer, and another forward slips through man's fingers on the 28. Barbour takes punt on his 45 and runs back to Springlake 48.

Thomas drives through line for 6 yards. Gardner comes in for Schmitz at left end. Cox carries ball on a fake and gets 3 at the center of the line, making it a first down on the Springlake 39.

Price intercepts pass on his 30, cuts to the right and goes to the Muleshoe 32 before he is brought down.

A line play gains 5 and another crack is stopped by Tipton and Standerfer after yard gain as they split half.

THIRD QUARTER

Muleshoe receives and the kick goes to Schmitz on the 30, from where he gets back to his 39. A pass falls incomplete on the Springlake 40, and Thomas, almost caught behind the line, breaks loose to gain 4 yards. Barbour runs left end for 2 more, then kicks a bad one, which hits on the Springlake 45 and bounces back to the 49, where it is killed.

A short pass gains to the Muleshoe 48, but Price's next heave is too high. He passes again and it's completed to the Muleshoe 32 for a first down. Cox tackling.

A pass is batted down, but the Jackets are off-side on the play and the penalty sets the ball on the 27. Price rams the line for 4, stopped by Standerfer, then Walker gets runner after 3 yard gain and a first down on the 29.

Weich snags a pass over the line and is stopped on the 15. Clark piles up a play at the line for no gain, and Cox stops the Springlake threat by intercepting a pass on the 12 and returning 4 yards to the 16.

Thomas is pulled down for a yard loss at right end, and Barbour fails to get anywhere at the other side. Thomas' long pass is intercepted on the Muleshoe 45 and brought back to the 34, where Standerfer spills the runner.

With no one ahead of him, a Springlake man lets pass slip through his fingers on the 12. Barbour intercepts next pass on the 29 and carries it back to the 20.

Cox hits center for 3. Thomas fumbles, picks the ball up and runs, only to fumble again, the Wolverines recovering on the Muleshoe 27.

A pass is no good but the next one connects for a 4 yard gain. Price eludes half the Muleshoe line, darts around, and finally completes a pass to the 14 for a first down.

A pass falls incomplete on the 5, and Cox stops Price after yard gain to the line. Walker breaks through to down man for 3 yard loss on attempted pass play as third quarter ends.

FOURTH QUARTER

A pass is completed to the 12, but it isn't enough and the ball goes to the Jackets on downs. Barbour's punt travels to the Muleshoe 40 from where it is returned to the 30. Kennedy downs Price after yard gain on long end run. A pass is completed to the 20 and receiver gets to the 18 before he is stopped and it's another first down.

A pass is good for 5 yards to the 13, and the next one is batted around by first one and then another to fall incomplete across the goal line. Price is run down and tackled back on his 27, then passes incomplete to the 10. The ball goes over to Muleshoe 45.

Thomas loses yard end run, then Barbour gains 6 on crack at the line. Cox picks up about 4 and a foot is needed for a first down. Cox gets it easily in a stab at the line, and the ball rests on the Muleshoe 38.

Barbour is shoe-strung for 3 yard loss on attempted and run. Thomas gains 2 off right tackle. There's a mix-up in signals and the pass from center goes clear back to the 20, where it's recovered by the Jackets.

Barbour's kick is taken on the 50 and receiver is nailed in his tracks by Kennedy and Tipton. A pass is no good and on the play Muleshoe draws 5 yard penalty for off-side. Thomas almost intercepts pass on 33 and the next one is missed on the 30. A center buck gets only 2 yards and the ensuing punt rolls across the goal line.

The Jackets take the ball on their 20. Barbour gets a yard at left tackle. He picks up another at same place, and Thomas, missing the pass from center, is smeared for 4 yard loss. Welch takes punt on the 50, returning to the Muleshoe 36. Jordan intercepts pass on his 20 and runs back to the 26. Barbour gets 4 yards at left side, and Jordan runs other end for one. Cox picks up 4 in a line smash as the game ends.

Roy Elrod returned to San Diego, Calif., Sunday, after a two weeks' visit with homefolks. Roy is with the U. S. Marine Corps on the West coast.

Seeing as how we didn't do so badly on our predictions last week—not a miss in six easy guesses, and you probably did as well—we're back with the dope bucket this week.

—Beat Slaton—
If the Muleshoe Yellowjackets and their coach believed everything they saw in the papers, they'd probably check in all equipment and turn their attention to ping-pong for the duration of the season. For, a sports writer on the Lubbock paper says Muleshoe can be counted out as a top-flight contender in District 5-A after their showing at Springlake Friday. Perhaps he under estimates the fighting Wolverine eleven, or maybe no one told him about the soggy field and soggy ball. Anyway, the Yellowjackets are championship contenders until proven otherwise.

The Slaton Tigers may do just that here Friday—but we don't think so, and are picking the locals to win in a close one.

—Beat Slaton—
Ra... out in their scheduled game with Floydada Friday, the Slaton eleven is as yet untried. However, they are reported to have the best looking squad in several years. In Elco Collier they have a back who made all-district last season, and who is said to be one of the best line plungers in West Texas.

—Beat Slaton—
The Levelland Lobos were swamped under a 31 to 0 score in their game against Brownfield Friday. Most of the Lobos are first year men, but in Billy Green they have a top-notch back Friday. Levelland plays Denver City, and we predict another loss for the Lobos.

—Beat Slaton—
Olton turned on the heat Friday night against Matador, and when the final whistle blew had racked up a 32-18 score against the District 4-A team. The Mustangs will be hard to beat this fall, and should sweep Spur aside Friday with little trouble.

—Beat Slaton—
The Sudan Hornets had their hands full Friday in downing Morton, 6 to 0, and will find even more trouble this weekend at Hereford. But we're taking the Hornets to win again.

—Beat Slaton—
Littlefield's Wildcats put on a show of offensive power Friday to blast Hereford 32 to 6, and should add to their laurels this weekend at the expense of the Floydada eleven. The game probably won't be a run-away, as Floydada always manages to have a good team. Citizens of Littlefield are squarely behind their team, and after another win or two probably will be boosting them as potential regional champions.

—Beat Slaton—
Texas Tech's Red Raiders breezed over Abilene Christian College 34 to 0 Saturday night, and this week rest up for a game at Oklahoma City October 3 against Oklahoma A. & M. This game will be a real test of the Raiders' strength.

—Beat Slaton—

Randolph Johnson of Tulsa was in Muleshoe this week looking after business.

5 Local Boys Together Again In College

It is seldom that more than two or three boys and girls from a small town attend the same college, and it is unusual for five boys to stick together from primary grade to college. This is true, however, in Muleshoe.

When Billy Beavers, Marshall Morris, Connie Dale Guppton, Horace Edwards and Johnny Glasscock left for John-Tarleton it was just another school term to them. They were sticking together, and home folks are pinning their faith in these boys. We believe they have what it takes to go up in the world, and they are starting right.

They were in primary grades together, finished High School together and all belong to the Methodist church. When they got to Stephenville the first thing they did, was to put their letters in the church there.

For these boys, the trail varies only a little. That is in the course of study. Three of them, Marshall, Connie Dale and Johnny are to major in aeronautical engineering. Horace in business administration and Billy in arts and sciences. They have determined to go on together, up the ladder to success, and this is the kind of stuff that makes America great.

Muleshoe Women To Organize Unit Of B. & P. Guild

A number of Muleshoe women met Monday evening to formulate plans for organization of a unit of the Women's Business and Professional Guild.

A nominating committee was appointed and names will be presented for officers at the next meeting, October 6. At this meeting a book review will be given and tea served. Regular meetings will be held on each second and fourth Monday evenings at Fellowship Hall.

Those attending Monday were Mesdames Noel Woodley, Jim Cox, Walter Mueller, Buford Butts, Ferrell Lockett, Clyde Holt, Dick Rocky, Gail Holt, Cozie Burk, R. N. Huokabee and Miss Elizabeth Harden.

Gordon Dement of Wellmon, Texas, was in Muleshoe on a prospecting trip last week.

Joe Hardestade of Melrose N. M., was a business visitor here Friday.

J. R. Gollehon of Dimmitt was a business visitor here last week.

O. L. Hacking of Lubbock was in Muleshoe Thursday.

Heavy Rains Add To Season's Total

Rains the past four days have added to the uncertainty of harvest again. Since last Saturday, nearly two inches of moisture have been added to the record total for the year. Most of the rain here fell slowly, soaking in to an already well-soaked ground.

Reports of crop conditions vary in almost every section. Some say that damage from rain and cotton worms is severe, while others say that conditions are not so bad. All seem to agree, however, that a bumper crop of feed will be made, barring an extremely early freeze. We find a few who will bet a good hat that Bailey county will make far more cotton than is expected—and they are probably right.

The most serious threat here to date is help in harvesting the crop. There are few extra hands coming in—as usual—at this time of year.

Harry L. Miller of Engleville, Mo., was here last week attending to business interests.

ELECTED PRESIDENT

U. H. Mileur, owner of the former Lehman Hatchery in Littlefield, and who also owns a hatchery in Sudan, was elected president of the Texas Baby Chick association in Temple recently. More than 650 hatcheries were represented.

Because it will be used for the assembly and adjustment of magnetic compasses and precision instruments for aircraft, a non-magnetic building recently completed is without a trace of iron or steel. Brass, aluminum, copper and wood are used for conduits, pipes, nails, bolts and girders.

The sun gives us more light and heat in 1 seconds than the moon does in a year. pxeec eteca odte arhr.

Snow recently fell in the interior of Morocco, and in parts of the Atlas Mountains region on the edge of the desert it was 12 inches deep.

Governor Of Minnesota May Speak To WTCC

ABILENE, Tex., Sept. 24—The nation's youngest governor, Minnesota's Harold E. Stassen, famed for his fiscal control reforms and administration, is being invited to address the West Texas chamber of commerce fall convention at Midland, on Tuesday, Nov. 4.

Wednesday of this week the legislature of Texas, in special session, unanimously adopted a resolution by Rep. Joe Humphrey of Abilene commending Governor Stassen for his fiscal control policies and inviting him to speak in Texas on that subject.

Humphrey was author of the Texas fiscal control bill (H. B. 42) sponsored by the WTCC, that passed the lower house by heavy majority in the regular session last May but failed to reach a vote in the senate after winning unanimous control there.

The West Texas chamber will renew its campaign for the legislation at the next regular session.

The invitation to the Minnesota governor to the Midland convention was wired by J. Thomas Davis, president and D. A. Bandeen, WTCC manager, who said: "Collaborating with Texas legislators in unanimously passing a resolution complimenting you, we cordially invite you to address 24th annual convention of this organization convening in Midland, Texas, November 4, on state fiscal control. This organization fostered fiscal control measure in last session of legislature and is continuing campaign for its adoption. A state-wide audience of importance is assured."

Stassen was elected Minnesota's governor in 1938 for a four-year term. He was 31 years old at the time; is only 34 now. The Minnesota control and reorganization measure has cut state expenses around ten million dollars annually on a budget one-third smaller than that of Texas.

Dairying Interest Reaches All-Time High During Year

PORT WORTH, Tex., Sept. 24—Summing up 1941 dairy activities throughout the state, A. J. Riddle of Denison, president of the Texas Dairy Products Association, expresses the belief that dairying interest reached a new all-time high during the first eight months of this year.

Indicative of this interest, Riddle pointed out that approximately 24,000 dairy meetings or dairy days were attended or participated in by Texas A. & M. College extension workers. These meetings covered practically every phase of dairying and herd improvement. In addition to these regularly scheduled meetings, there were innumerable meetings held by chambers of commerce, civic bodies and breed organizations. Manufacturers' meetings called to stimulate increased production and quality improvement, all well attended, probably accounted for another 500 meetings.

Bula 4-H Club Girls Elect New Officers

Bula 4-H Club girls met Sept. 19 with Miss Lillie Gentry, Bailey county home demonstration agent, and elected the following officers:

Oleta Durham, president; Ruby Lee Cannon, vice president; Verden Weaver, secretary; Opal Parsley, reporter; Nina Mae Nickies, song leader; the Durham twins, game leaders, and Miss Opal Snitker, sponsor.

Opal Parsley and Verden Weaver were elected as candidates for Bailey county Gold Star girl.

The Bula club has a large enrollment and expects to do some good club work this year.

Excited young father: "Quick, tell me, is it a boy?"
Nurse (very calmly): "Well, the one in the middle is a boy, sir."

FOUR OF NATION'S FASTEST BACKS

Stanley Fox Is Honored On His Fourth Birthday

LUBBOCK, Sept. 24—These four superb mercury-heeled Red Raiders of Texas Tech will churn against the Oklahoma A. & M. Cowboys at Oklahoma City on Saturday night, October 3 at 8 o'clock. The Raiders opened their season with a 34 to 0 victory over Abilene Christian College. Texas Tech and Oklahoma A. & M. played a 6 to 6 deadlock last season.

On the extreme left is Thayne "Red" Amomett, the Flomot Flash who runs at right halfback and is a 10-second man. Next to Amomett is Kenneth "Cock" Robbins, quarterback and one of the best block backs in the Southwest.

Next is Big Charlie Dvoracek, senior 154-pound fullback and Texas Tech's brilliant All-American prospect. On the extreme right is Sophomore Ed Harris who goes from the left halfback slot.

Miss Lovelady Is Married Saturday To J. R. Moore, Jr.

Miss Helen Lovelady, daughter of E. M. Lovelady of Muleshoe, became the bride of J. R. Moore, Jr., of Muleshoe in a ceremony performed Saturday evening at Clovis by Rev. J. T. Lewis, Baptist pastor.

Miss Lovelady wore a royal blue dress with brown accessories. For "something borrowed" she wore a cameo ring belonging to Miss Grace Churchill.

Mrs. Moore is employed as secretary to J. L. Alsop at the Alsop Insurance Agency. Mr. Moore is engaged in farming, assisting his father.

The couple will be at home in Muleshoe.

A rather stout schoolmistress was talking about birds and their habits.

"Now," she said, "at home I have a canary, and it can do something I cannot do. I wonder if any of you know just what that thing is?"

Little Eric raised his hand.

"I know, teacher," he said. "Take a bath in a saucer."

Insurance Examiner: "Ever had an accident?"
Applicant: "No, a rattlesnake bit me once."
Examiner: "Wouldn't you call that an accident?"
Applicant: "No. He done it on purpose."

Stanley Fox Is Honored On His Fourth Birthday

Mrs. Sam E. Fox entertained with a lawn party Thursday afternoon from three to five o'clock to honor her small son on his fourth birthday.

Colored balloons were used to decorate the backyard, where the party was held. Birthday cake and punch were served, and toy horns given as favors.

Mrs. R. N. Hucksabee directed the play, assisted by Mesdames Howard Elliott, Noel Woodley and Inez Hobbs.

Guests were Ann Woodley, Carol Logan, Marylene Austin, Barbara Douglas, Marilynne Morris, Queenie Elliott, Jane Hobbs, Claude Bartfeld, Jimmy Hicks, Jerry Lynn Denny, "Butch" Lenua, Jimmy Clyde Holt, Caroline Holt, Scotty Lancaster, Jack Jones, John Charles Gilbreath, Jaylord Tate, Charles Glendon Howe, Joy Lynn Harden.

Others who called to leave gifts during the afternoon were Inez Bobo, Virginia Weyer and Katherine McNeese.

Lubbock Scouts Win In Camporall

LUBBOCK, Tex., Sept. 24—Troop 22's American Legion Boy Scouts were tops in the annual Camporall here Friday and Saturday in which 750 Boy Scouts from 20 counties participated. The Pine Tree Patrol won the high honors with 1,507 points. Next was Troop 5's Rattlesnakes from the First Christian church, Lubbock, while eight other patrols won "A" rating.

Scouts camped Friday night at Texas Tech, saw the Lubbock-Fort Worth football game held a campfire that night, took part in the field events that morning, toured to the new air base, rode on a boat in Buffalo Springs Lake Saturday afternoon, and were guests of Texas Tech at the Tech-Abilene Christian College football game Saturday night.

TECH RED RAIDERS PREP FOR GAME WITH OKLAHOMA AGGIES OCT. 3

LUBBOCK, Sept. 24—With victory number one salted down and stored in the smokehouse, the Texas Tech Red Raiders will confine their activities to daily workouts until Friday night, October 3, when they will tackle the Oklahoma A. & M. juggernaut at Oklahoma City.

Coaches Dell Morgan and Bert Huffman were very satisfied with the Red Raiders' 34 to 0 victory over Abilene Christian College here Saturday night before a crowd of eight thousand people who were convinced that the Techs have more speed than any other major team in the nation.

The Red Raiders escaped from the Abilene game minus injuries and barring practice hurts should be at top condition for their annual battle with Oklahoma A. & M. The Oklahomans and Techs played a 6 to 6 deadlock last year in Oklahoma City.

In great spirit and blistering speed, the Raiders had things their own way in the opening game. They knocked off 399 net yards against 112 yards for the Christians. Don Austin, speedy sophomore right halfback, was the best ground gainer for the fiery Raiders. He carried the ball twice and picked up 47 yards. One run was for 35 yards and Tech's second touchdown. Other good Tech ground gainers were Roger Smith, left halfback; J. R. Callahan, left halfback, and Peter Blanda, left halfback. Smith carried the ball six times for 26 yards, one being a touchdown gallop. Callahan got hot and carried the ball four times for 36 yards and tossed a pair of completed touchdown passes. Peter Blanda lugged the leather nine times for 38 yards plus turning in a swell punting job.

Big Charlie Dvoracek, Texas Tech's brilliant All-American full back prospect only played a few minutes of the first period.

Sergeant: "Any of you men got a dirty uniform?"
Private (hoping for a new uniform): "Yes, sergeant, look at me."
Sergeant: "You'll do. Report tomorrow morning at 6:30 for coal shoveling."

Work Begins At Friona On Rail Flood Project

Work on the flood protection project of the Santa Fe railway at Friona, Tex., started Monday, J. A. Gillies, general manager of the Santa Fe Western Lines, Amarillo, announced today.

The project will entail dyking and bridging including approximately 200,000 yards of grading. Necessity for the protective measure developed during last season's heavy rains which rushed through Friona, flooding railway property and the town of Friona and causing considerable damage, Gillies said.

Upon the basis of surveys recently completed by railway engineers bids were invited by T. A. Blair, chief engineer, Western Lines, and the contract awarded this week to Cook and Ransom, Ottawa, Kans., who were the lowest bidders.

The construction centering around Friona Draw is to be under the immediate supervision of J. G. West, assistant engineer on Blair's staff. Under the proposed plan the dyking and bridging will serve as protection of the railroad property against flood threats which seriously hampered operations last season. It will also serve to tend as a protective measure for private and public properties in the vicinity.

The project is scheduled for completion in about 40 working days and in ample time before the rainy season this year, according to the engineering office.

"Mother, papa wouldn't murder anybody, would he?"
"Certainly not, my child! What makes you ask that?"

"Well, I just heard him down in the cellar saying, 'Let's kill these other two, George.'"

Conductor: "Sorry, madam, but we have learned that the station where you intend to get off has been burned to the ground."
Lady: "That's all right; they'll probably have it rebuilt by the time this train gets there."

Body Plant Combats Machine Tool Bottleneck

Adjustments on this cutting machine are so fine it could be brought down on the crystal of a watch without breaking it.

This Fisher Body pattern shop normally works on new body models. Today it is turning out patterns for huge planing machines.

Here is the finished planer, one of the largest type in existence. It will help to relieve a serious machine tool bottleneck.

Workers who ordinarily would be engaged in producing auto dies now are busily assembling planers at an unheard of rate.

THIN GRAY LINE

A thin gray line of Confederate veterans attended a reunion in August at Camp Ben McCulloch, Austin, largest Confederate camp in the South. Only 10 of 85 survivors in the area were able to attend the three-day reunion. The youngest to attend was R. P. Ray of Bertram, 91, and the oldest, Burl Nash, of Sulphur, Okla., 103.

ALL COUNTY FARMERS TO KNOW 1942 ALLOTMENTS BY NOVEMBER 1

Speeding up AAA work in the county to meet the demands of the defense campaign for greater food production, the AAA office promises that all farmers in the county will receive their 1942 allotments by November 1.

During the month of November, the farm plan, incorporating a survey of food production in 1941 and pledges on food production in 1942, will be presented for the consideration of every farmer in the county in a farm-to-farm canvass. Lonnie Arnold, chairman of the county USDA Defense Board and the county AAA committee, said.

Definite plans for the food production sign-up have not been made, Arnold announced, but, according to Secretary of Agriculture Claude R. Wickard's recent announcement of food production goals, the campaign will be completed by December 1, and every farmer in the nation will be asked to do his part in meeting the food needs of this nation and the nations fighting aggression.

Allotment notices (for cotton, wheat, peanuts, rice) will be in the hands of producers before November 1 so that they can make definite plans as to how best they can do their part in the food drive. No allotments will be issued this year on vegetables or general crops.

DEFENSE BOND QUIZ

Q. Do the retail stores receive any fee or percentage for the sale of Stamps?

A. No. The retail stores are offering their facilities as a patriotic service just as banks, savings and loan associations and others are giving their help in the sale of Defense Bonds.

Q. How can I form the thrift habit necessary for me to buy many Defense Bonds now, to help the Government?

A. The easiest way is to instruct your employer or banker to hold back a small fraction of your salary or other income. Even 10 cents a day and a dollar on your birthday will mount up in one year to \$37.50, the purchase price of a \$50 Defense Bond. Bigger savings buy bigger bonds.

AWARD FOR FIRST NOVEL

Mrs. Elizabeth Lee Wheaton, of Texas City, Tex., has been awarded \$2,500 in cash and a gold medal for her first novel, "Mr. George's Joint." The prize, known as the Thomas Jefferson Southern Award, was offered for the best manuscript by a Southern writer. There were 298 entries.

Or, as the dictator says, "every one is entitled to my opinion."

LOCAL HAPPENINGS

Misses Lela Mae Barron and Nona Fae Johnson returned to Amarillo Sunday, after a visit with home folks. They are attending school in Amarillo.

Mr. and Mrs. Ross Smith were visiting in Lubbock Saturday night and Sunday.

I. C. Enoch of Lubbock was in Muleshoe Tuesday, looking after business interests.

Mr. and Mrs. Cecil Tate and family were in Amherst Sunday visiting in the home of Mr. and Mrs. Roy Stevens.

J. H. Lucas of Enochs, was in Muleshoe Monday.

Mrs. Sallie Harden was in Littlefield Monday, the guest of her daughter, Mrs. Delma McCarty. She was accompanied by Mrs. Buford Butts and Mrs. Jim Cox, who went on to Lubbock to spend the day.

Mrs. Francis Glibreath and Mrs. Jim Burkhead were in Littlefield Tuesday.

Mrs. Lon Campbell of Littlefield was in Muleshoe last week, the guest of Miss Oleta Parker.

LEGAL NOTICES

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: The unknown successors of Chipley and Goodrich, a partnership; H. D. Chipley, if living, if dead, the unknown heirs and unknown representatives of H. D. Chipley; A. E. Whitehead; Matthew C. Vaughn; J. C. Orr; Bert Shepherd; M. L. McLain; L. S. McLain; Dean M. Stacey; Wm. H. Sulflow; and G. T. Blankenship; if living, if dead, the unknown heirs and unknown representatives of A. E. Whitehead; Matthew C. Vaughn; J. C. Orr; Bert Shepherd; M. L. McLain; L. S. McLain; Dean M. Stacey; Wm. H. Sulflow; and G. T. Blankenship; and the Farmers Mutual Royalty Corporation; the Farmers Mutual Royalty Syndicate Corporation; and the Royalty Holding Company, all foreign Corporations and with no resident agent known to the Plaintiff;

GREETING: You are hereby commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 20th day of October, 1941, at or before 10 o'clock A. M. before the Honorable District Court of Bailey County, at the Court House in Muleshoe, Texas.

Said plaintiff's petition was filed on the 1st day of September, 1941. The file number of said suit being No. 1350. The names of the parties in said suit are: C. L. O'Brien as Plaintiff; and: Frank L. Stegall, and wife, Frances Stegall, who resides in Bailey County, Texas; Chipley and Goodrich, a partnership, and the unknown successors of Chipley and Goodrich; H. D. Chipley, if living, and if dead, the unknown heirs and unknown legal representatives of the said H. D. Chipley; J. H. Goodrich, who resides in Hockley County, Texas; C. C. Mardie, who resides in Bailey County, Texas; Higginbotham-Bartlett, a Corporation with a local agent in Bailey County, Texas; J. R. Stogall, who resides in Gregg County, Texas; A. E. Whitehead, whose present address is unknown, and the unknown heirs and the unknown legal representatives of the said A. E. Whitehead; Hale County, Texas, a municipal Corporation; W. L. Pierce, and S. B. Bardwell, who resides in Lubbock County, Texas; Matthew C. Vaughn, if living, and if dead, the unknown heirs and the unknown legal representatives of the said Matthew C. Vaughn; the Farmers Mutual Royalty Corporation, a foreign Corporation doing business at Oklahoma City, Oklahoma; the Farmers Mutual Royalty Syndicate Corporation, a foreign Corporation doing business at Oklahoma City, Oklahoma; The Royalty Holding Company, a foreign Corporation doing business at Oklahoma City, Oklahoma; J. C. Orr, if living, and if dead, the unknown heirs and the unknown legal representatives of the said J. C. Orr; Wm. H. Sulflow, if living, and if dead, the unknown heirs and the unknown legal representatives of the said Wm. H. Sulflow; Peck-Wright-Peck, a foreign Corporation with a local agent at Lubbock, in Lubbock County, Texas; and the Temple Trust Company, a Corporation with its principal place of business at Temple, in Bell County, Texas; Bert Shepherd, M. L. McLain, L. S. McLain, and Dean M. Stacey, whose present addresses are unknown, and the unknown heirs and the legal representatives of the said Bert Shepherd, M. L. McLain, L. S. McLain, and Dean M. Stacey; G. T. Blankenship, who resides in Oklahoma; hereinafter styled as Defendants.

The nature of said suit being substantially as follows, to-wit: Sued by the Plaintiff, C. L. O'Brien versus all the named Defendants, praying for judgment for the title and possession of all of the NW 1/4 of Section 12 in Block C; and all of Section 15 in Block B, both located in Melvin Blum & Blum Subdivision of Bailey County, Texas. Plaintiff alleging that he has been forcibly ejected from said land and premises by the defendants and asks for \$500.00 damages and for \$500.00 rents on said premises.

Plaintiff pleads peaceful, continuous and adverse possession under the three, five, ten and twenty-five year statutes of limitation.

Plaintiff has endorsed on his petition that this action is brought as well to try the title as for damages.

Issued this, the 1st day of September, 1941.

Given under my hand and seal of said Court, at office in Muleshoe, Texas, this, the 1st day of September, A. D. 1941.

(SEAL) M. G. BAGG, Clerk, District Court, Bailey County, Texas.

(Published Sept. 4-11-19-25)

Neil Rockey, local Ford dealer, attended a meeting in Dallas Monday, where the new 1942 Model Ford cars were formally introduced to some three hundred Texas dealers. C. B. Ostrander and W. B. Strange were hosts at the annual meeting of the dealers. Mr. Strange, assistant manager of the Dallas branch of Ford Motor Company, is a brother of Mrs. J. L. Alsop of Muleshoe.

Mr. Rockey stated that this was one of the most enthusiastic meetings the dealers have ever held. Mr. Ostrander told them that from the assembly lines of the company are swiftly rolling the best Ford, Mercury and Lincoln-Zephyr cars ever produced by the Ford Motor Company.

During the afternoon session Mr. Ostrander electrified the assembled dealers by introducing to them H. C. Doss, general sales manager of the Ford Motor Company. Doss emphasized the entire program previously outlined by the branch manager, and graphically portrayed the enviable position held today by Ford dealers. Wild acclaim and thunderous approval greeted the statement that Ford Motor Company was making history in its strides in the defense program in which it is cooperating with the United States Government.

Great structures are being erected overnight, Doss said, and production lines are producing airplane motors and parts in an unbelievably short time. "With airplane motors leaving the assembly lines daily, it is a matter of only a short time before there will be an ever increasing stream of engines of war proceeding from the Ford assembly lines ready to do their part in the nation's defense," Mr. Doss said.

The dealers were assured that there would be no shortage in cars of the 1942 models. B. W. Slagle of Dearborn, Mich., assistant to Mr. Doss, addressed the dealers to enlist their continued support of the policies outlined by Mr. Doss.

NOTICE OF SHERIFF'S SALE

THE STATE OF TEXAS COUNTY OF BAILEY

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Bailey County, on the 2nd day of September, 1941, on a judgment rendered by said court on the 19th day of May, 1941, in favor of O. F. BREWER, as plaintiff, and against: GERTRUDE B. DORSEY, a widow, and J. E. ALLEN, as defendants, for the sum of SIXTY-FOUR HUNDRED (\$64,000.00) DOLLARS, with interest at the rate of 6% per annum from date of judgment and costs of suit, which judgment is a foreclosure of Vendor's Lien and Deed of Trust Lien against the tract of land herein described, as against all of the defendants in said suit, to-wit: GERTRUDE B. DORSEY, a widow; J. E. ALLEN and wife, PEARL ALLEN; TOMMY GALT and wife, LYNDELL E. GALT; and CONTINENTAL ROYALTIES, INC., a Corporation, in a certain cause in said court, No. 1313, and styled O. F. Brewer vs Gertrude B. Dorsey, Et Al, and placed in my hands for service, I, W. E. Renfrow, as Sheriff of Bailey County, Texas, did on the 2nd day of September, 1941, levy on certain real estate situated in Bailey County, Texas, described as follows, to-wit:

BEING all of Section No. 36, in Block C, Melvin, Blum & Blum, Original Grantees, containing 640 acres of patented land,

as the property of the defendants, Gertrude B. Dorsey, a Widow; Tommy Galt and wife, Lyndell E. Galt, and on the 7th day of October, 1941, being the first Tuesday of said month, between the hours of 10:00 A. M. and 4:00 P. M. on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all of the right, title and interest of Gertrude B. Dorsey, a Widow, J. E. Allen and wife, Pearl Allen, Tommy Galt and wife, Lyndell E. Galt, and Continental Royalties, Inc., a Corporation, in and to said property, said land to be sold in all respects in the manner and form as directed in said judgment and Order of Sale.

TONSILS REMOVED

Woody Lambert, employe of Muleshoe Cleaners, underwent a tonsilectomy at the clinic here Saturday.

Roger Dale Copeland, son of Mr. and Mrs. W. W. Copeland of the West Camp community, also underwent a tonsilectomy at the local clinic Saturday.

Mother: "You were a very tidy boy not to throw your orange peel on the floor of the house."
Where did you put it?
Johnny: "In the pocket of the man next to me."

"Yes, I've moved out into the country. It certainly has inconveniences."
"What do you miss most?"
"The last train home at night."

NEWS OF MULESHOE HIGH

NEWS OF THE SENIOR CLASS

Flash! The seniors of old Muleshoe high have scheduled for the year of '41 and '42 the very biggest, the best and happiest of all the past and future. We, the seniors, have great plans for the nine months ahead; therefore we have chosen Prin. Jack Williams and Mr. F. C. Windsor for sponsors. We believe they are the best. To better carry out our plans we have re-elected Spud Thomas, who will serve his third year as class president. Other officers are Dixon Wagnon, vice president; Wynell Ekridge (re-elected) secretary and treasurer; Gloria Gowdy, reporter; Boyd Lowry, sports reporter; and James Warren, sergeant-at-arms.

Class colors are gold and white, and the carnation is our flower. Make way for the seniors!

The seniors are definitely the happiest class in Muleshoe high this week, particularly after receiving their rings. Each had his hopes high all day Wednesday and Thursday, but rings are not given to the owners until noon Friday. This caused an uproar on the first floor, and it can truthfully be said that most of the seniors had cricks in their necks from trying to see the first ring unwrapped and gawking at others before receiving their own. It is usually to be expected for

each class to think their rings are prettier than they were years before and the class of '42 is no exception.

OFFICERS ELECTED BY SOPHOMORE CLASS

On September 15, the Sophomore class met to elect their officers and sponsors for the school year.

The following were elected: Frank Standefer, president; Billie Briscoe, vice president; Joyce Sheeque, secretary and treasurer; Mary Frances Jordan, reporter; Paul Gardner, sergeant-at-arms. Miss Howell and Miss Taylor were elected sponsors. Mrs. Standefer, Mrs. Kennedy and Mrs. Jordan were elected room mothers.

Several musical selections were played at the end of the period. The Sophomores next meeting will be September 30.

FRESHMAN CLASS ELECTS OFFICERS

The Freshman class met and elected officers as follows: Eldon Pointer, president; Pez Bill Wee Garland, secretary; Renfrow, reporter; Wanda Fae Fry, vice president; Dot McAdams, treasurer. Home Room mothers are Mrs. Brooks, Mrs. Bigham and Mrs. McAdams.

Defense Speaker

Senator Tom Connally of Texas, above, will deliver the principal address for National Defense Day at the State Fair of Texas on Sunday, October 12. Senator Connally will come from Washington for the event, which is to be the greatest patriotic demonstration ever held in the South-west. Ceremonies will begin at 8 p. m. in the huge Cotton Bowl and more than 50,000 persons are expected to hear the address. Every civic and patriotic organization, including American Legion, Veterans of Foreign Wars, Texas Defense Guard and others, will participate. Many organizations will send representatives from every section of the state.

Will Select Queen

EARL CARROLL, expert on feminine beauty, will pick the most beautiful girl in Texas to reign as queen at the State Fair at Dallas. Carroll has been picking the queens for all occasions for many years and his judgment is seldom questioned.

INVESTIGATE LEASING OF COUNTY SCHOOL LAND

County Judge Lee Thompson and all other members of the Commissioners Court left here Tuesday for Midland, Texas, where they will investigate a proposal to lease three leagues of Parmer county school land for oil operations.

Officials at the courthouse explained that the Court had received a proposal to lease the school land for a period of ten years, and before accepting the offer, the Commissioners decided to make a more thorough investigation.—State Line Tribune.

To produce its estimated total of 3 1/2 million cars in 1941, the automobile industry used agricultural products from 1,750,000 acres of farm products.

Enochs Echoes

We are having lots of rain around Enochs these days. It is not good for the cotton, but is good for the cotton worms.

At a meeting of the directors and stockholders of the Co-op gin last Wednesday night, it was decided to build a warehouse for the storage of cottonseed.

J. F. McGinnis is planning to build a larger place for his garage and filling station.

The board of directors of the Co-op gin made a business trip to Lubbock Thursday.

Arliss Autry and Sam Patterson made a trip to Wichita Falls last Wednesday. They went for a truck load of new machinery for the gin.

H. H. Snow is off on a trip to Memphis, Tenn., this weekend.

Mr. and Mrs. J. M. Alford have bought a place near Roswell, N. M. They are moving this week.

G. W. Swaffar has been working at Borger for some time. He was visiting his family recently and will soon be home to attend to harvesting his crop.

Mrs. Bates of Cache, Okla., is visiting her daughter, Mrs. Roy George.

Mrs. Simpson from Oklahoma is visiting in the home of her son, Robert Simpson. She visited Mrs. Ed McClellan last Wednesday.

Mr. and Mrs. Alfred Martin of Manitou, Okla., have moved here lately. Mr. Martin is ginner at the Co-op gin.

Claude Brown has moved into the house that E. N. McCall bought from A. D. Calvert.

Sunday, Sept. 14, Calvin Calvert and family, and Miss Georgia Calvert visited in the home of their parents, Mr. and Mrs. A. D. Calvert.

Miss Jean Hopper is with her aunt, Mrs. Adele Johnson of Lubbock. Jean is attending school there this term.

Miss Alyce Marie Howell is attending school in Lubbock. A number of women here have

been busy the past week making comforts.

Last Saturday and Sunday, Lude Altman and family visited relatives in Littlefield.

Mrs. E. W. Brewer has been sick with the flu lately. Mrs. C. E. Hinton also has been ill.

Don Hall of Olton has been visiting his brother, Carl Hall.

The continued wet weather is holding up the work of feed cutting and threshing.

L. E. Griffin of Hamlin, Tex., was visiting friends in the county last week.

Buy Defense Savings Bonds.

Mr. and Mrs. Pat Bobo left today for Chicago, going by automobile. They will return by plane, leaving the car for Mr. and Mrs. K. K. Smith.

Washington Snapshots

by JAMES PRESTON

Washington Snapshots.
During the past week the strike situation furnished observers here with ample opportunities for speculation, and comment was generally of the "where-do-we-go-from-here variety. Although few people are talking for publication, there is considerable discussion as to whether or not the recent rise in strikes will revive Congressional demands for restrictive legislation.
In this connection it is recalled that the Vinson bill, which provides for a 5-day cooling off period, among other things, was reported out of the House Naval Affairs Committee on Apr. 21, but no action was ever taken on it. Although it is too early to forecast accurately whether this will be revived, the fact is noted here with growing concern that strikes have increased five-fold within a year and are now 44 percent above the average for the five-year period from 1935 through 1939.

Coupled with this speculation is the feeling in many quarters that the government may have set an

unfortunate precedent in seizing the Federal Shipbuilding and Drydock Company at Kearny, N. J. Behind closed doors many of those familiar with the situation declare that the Mediation Board went too far in asking for a contract that called for union membership maintenance. The suggestion is even advanced that the Board itself realizes this and may soon issue a statement to keep other unions from using the Kearny settlement as an argument in demanding universal enforcement of the closed shop principle.

Recent reports from abroad that British armament needs will be increased, together with the fact that American defense requirements are also growing, have kept the entire defense production situation squarely in the limelight this week.

In some quarters the usual charges are being made that American industrial output has bogged down. Actually that is not the case, and those who are really in the know are the first to admit that, far from having decreased, production has steadily risen. That it falls short of meeting current demands is due to the fact that those demands have been raised again and again. Original estimates were extremely low in comparison with production in other countries that could have served as a model for us, and, while they have been increased from time to time, each increase has made necessary a revision of production schedules. Had the original estimates been the correct ones, observers here insist that one of the main causes of production delays would never have occurred.

When discussing delays, informed persons on the sidelines point to the growing shortage of raw materials. Indications now are that the country will soon be asked to support more drives

SOUTHERN WILDLIFE

Shoot Her the Bacon

As in many other forms of life, the female of the chigger family is more deadly than the male. She burrows under your skin whenever she gets a chance. Then she lays her eggs and promptly expires. The larva feeds and fattens on your flesh. This raises itching bumps and the more you scratch, the more it itches.
If you want to embarrass the chiggers, get some hypodermic of soda, which photographers use as fixing agent, mix into a liquid solution with water and rub it on your legs. Chiggers run from it. The soda solution, if you have already been bitten, will kill them. Solutions of salt water, soda or ammonia are also said to help.
And then, of course, there is the plain old bacon rind, advocates of which maintain that it has no equal—so far as results alone are concerned.

Got a Stray Molar, Mister?

This will come as a painful shock to the dental profession since, once this is well circulated, there will be few fishermen within a month's time but that will have false teeth.
Recently, on Lake Dallas in Texas, an 85-year-old fisherman, Mr. Welch from Frisco, Texas, showed the state game and fish warden two large white bass. His story:
"I was pretty disgusted late this afternoon for I hadn't caught a fish and I had a toothache to boot. This tooth was pretty loose and I finally jerked it out of my jaw. I was willing to try anything just then so I fastened that tooth on my hook and dropped it in the water. It was not long before I had a fine white bass. Not much later a second white bass bit my tooth and here he is. But I lost the tooth in catching the second fish."

Play Safe!

You hear so many dry don't precautions and general advice about being careful with your guns that you get tired of it all and pay little attention to any of it. That's when you start getting dangerous with a gun.
If you will remember that death started most of these slogans, and that you can kill or cripple someone before you realize what has happened, then perhaps you would look on these seemingly humdrum warnings in a new light. Know where your bullet is going when you shoot a tin can. Always handle a firearm as if it were loaded or cocked. Never leave an arm loaded while in camp or in a car. Lastly, liquor plus gunpowder equal death.

Doggone Smart Dog

Edward Rowe, a farmer, writes that he has a mighty smart dog. While driving a cow to pasture Mr. Rowe was overcome with heat and nearly fainted. Mr. Rowe said that his dog ran to a nearby creek, jumped in and hurried back to shake water on him.

Mr. Fish-Hunter

The archer fish can project a drop of water with such accuracy and force as to bring down any insect which may alight near the surface of the water.
The fish rises cautiously beneath a fly or bug until his snout projects into the air; then he aims deliberately and shoots with such precision that an insect within a range of 12 to 18 inches is a certain victim.

Panhandling Muskrats

The Panhandle region of Texas is supposed to be one of the driest non-desert regions in these United States—yet, on one ranch alone trappers harvested 600 muskrat pelts last year. Sometimes we decide never to be surprised at anything anymore.
The pessimist puts two and two together and gets four—the optimist gets 22.

1941 GRAIN SORGHUM CROP LOANS AVAILABLE FIRST TIME IN TEXAS

Sorghum on the 1941 grain sorghum crop are available this year for the first time in Texas. Lottie Arnold, chairman of the Bailey county AAA committee, has announced.
The purpose of this kind of loan, which will be made to producers who complied with acreage allotment provisions, is to aid producers in holding their feed and seed supply and in marketing their surplus in an orderly manner, the AAA committee man said. A similar loan has already been announced on barley.
For No. 1 grade grain sorghum stored in farm structures, the loan rate has been set at 40 cents per bushel while 38 cents will be paid for No. 2 sorghum. On Nos. 3 and 4 grades, the prices have been set at 35 cents and 30 cents respectively, and "mixed" grain at 2 cents less per bushel. Grain with moisture content in excess of 13 percent, if stored on farms, and 14 percent if stored in elevators, as well as weevily or smutty grain, will not be eligible for loans, Arnold explained.
Warehouse-stored grain will be about 7 cents per bushel less than farm stored grain, the AAA official said, since storage charges will be paid by the CCC on grain

sorghum delivered to the Corporation.
As in the case of wheat and barley, applications for loans will be handled through the county AAA committees, and may be made to approved lending agencies or the Commodity Credit Corporation. Loans will be available up to Jan. 31, 1942, and all notes will mature on demand or June 30, 1942, the chairman said.
"What d'ya say, Jim, we get our wives together tonight and have a big time?"
"Okay, Joe; where'll we them?"
"—night"

like that for collecting aluminum, iron and steel scrap, wool and cotton rags and scrap rubber are among the products that are already receiving consideration in this connection.

According to some sources, the scrap supply of the steel industry is barely enough for existing production, to say nothing of the projected addition to it occasioned by increased defense needs. Present figures indicate that a possible shortage of 6,000,000 tons of scrap will have to be made up somehow if the steel industry is to meet a production goal of 102,000,000 tons this year.

Although no official drive has yet been launched for scrap collection, reports here indicate that many industrial firms throughout the country are taking the initiative and are already inaugurating collection programs of their own. A case in point is furnished by one large steel company which recently bought 8,400 tons of iron that were gathered during a three-day campaign which the company sponsored.

One of the current measures to preserve Army morale that is viewed with a great deal of interest here centers around efforts that numerous companies throughout the country are making to keep in touch with their employees who have entered the Service. Company newspapers are devoting considerable space to news of the boys in the armed forces, and company officials often endeavor to maintain personal contact through letters.
While it is impossible for companies to give iron-clad guarantees that employees will be hired back, since their volume of busi-

Watson News

Attendance was good at both morning and evening church services Sunday.
Mrs. Bob Weed spent Thursday with her mother, Mrs. McCormick.
Mrs. James Henderson left Tuesday morning to join her husband at San Diego, Calif., where he is working. They will make their home there.
Mr. and Mrs. George Fine left Tuesday to visit their son, G. W., who is in the U. S. Army, stationed at Camp Roberts. They will also go by San Diego, Calif., to visit Jack Henderson, who is in the Marine Corps there.
The W. M. U. met in the home of Mrs. Landtroop. There were 12 members and six visitors present. Refreshments of cookies, fruit salad and lemonade were served.
Visitors to Morton Saturday included Mrs. Albert Ellis and family, Mrs. Landtroop, Mrs. Jim Henderson and family, Mr. Campbell, and Willie Pearl Fine.
The Watson 7th and 8th grades went to Baleyboro to play ball Friday.
Bundles will be heavy this year. Take no chances. Use genuine McCormick-Deering twine. E. R. HART COMPANY. 36-1c.

THIS BUSINESS OF Living

BY SUSAN THAYER

It's canning and preserving time once more and all over the country fragrances from bubbling kettles steal out from open kitchen doors.
There are peaches bedded down in rich syrup, cloves stuck in their fat sides, slowly turning into pickles, delectable with a roast some cold day to come. There are tomatoes cooked whole, carefully so they won't break when they're ladled into the waiting mason jars. There are grapes simmered for long hours and now tied up in bags and hung over broom handles to drain into yellow crocks a drop at a time. They'll make ruby jelly to store in rows of glasses on cellar shelves. We'll open them one at a time—gratefully—on winter nights, and remember and taste the sunshine of summer!
Soon, after frost comes and the vines are withered, there will be the pungent smell of green tomatoes chopped up in tiny pieces and mixed with onions and green peppers, cooking away in a vinegar mixture that makes them one of the tastiest relishes that ever graced an American table. There are little sickle pears and bushel baskets heaped with apples to be squeezed for cider or made into apple butter or stored in the cellar for winter eating.

They say there will be more canning and preserving done this fall than in a decade or two. For it is no year to let food of any kind go to waste; no year to let peaches rot on the ground, or give the bees their way with the purple grapes, or even throw away the thick rind of water-melons.
In much of the world the fruits are all being eaten as they ripen because people are too hungry. While in other countries orchards that were laden with fruit a week or two ago are only waste lands now.
But it's more than a sense of thrift that makes us pull down the great preserving kettles from high pantry shelves and go to the cellars for another dozen jelly glasses. Every one of us wants to be useful these fateful days, as industry digs in to the colossal job of defense production. We want to do unusual things for our families as industry serves the country in its unusual way. So we go back to simple earthy things; to the canning and preserving of vegetables and fruits against the bleak days to come. Dinners will be important this winter and a dish of home-made preserves will be something to fortify the heart as well as satisfy the stomach!
