

JIMMY K. PURYEAR

## Jim Puryear Named As Teacher Of The Week

Jimmy Puryear is the Cisco Jr. High Principal. He has taught in the Cisco Independent School District for the past sixteen years. Jimmy Keith Puryear was born in 1929 in Miami, Oklahoma, to Mr. and Mrs. E. T. Puryear. Mr. Puryear's descendants arrived to this country from France in the late 1800's. Jimmy's father was a Lead and Zinc miner in Oklahoma.

Jimmy attended public school in Miami, Oklahoma, and graduated from High School in 1947. While attending high school, he was involved in football, basketball and baseball. After graduation, Jimmy entered the United States Submarine Service. After he completed his tour of duty from the Navy, Jimmy attended North Texas State University at Denton, Texas. He was also a three-year letterman in football for the North Texas Eagles.

While attending North Texas, Mr. Puryear met Jeanene Pope, and the two were married in Tyler, Texas, in 1956. The Puryears have two sons, Pepper Puryear, who now resides in

Fort Worth, Texas, is a minister for the First Baptist Church South in Eustass, Texas. Mike Puryear now resides in Lubbock, Texas, as a practicing attorney.

Jimmy's first three years of teaching and coaching began at Carrollton, Texas. Then in 1958, he went to Ranger Junior College as the Athletic Director and Head Football Coach. Then Mr. Puryear went to Cisco Junior College in 1961 as Football and Basketball Coach. Mr. Puryear enjoyed success by winning conference championships while coaching at both Ranger Junior College and Cisco Junior College. In 1971, Jimmy began coaching for the Cisco Lobos. Also, in the 1970's, he began his duties of Junior High Principal as well as High School Principal.

Mr. Puryear feels that the most successful events that have happened in his years of service to the Field of Education have been seeing students develop and become successful adults. He has seen pro-football men

## School Board Approves New Elementary Building

Students of the old primary school will begin meeting classes in the new Cisco Elementary School building on Monday, Oct. 6, as the new structure was formally accepted by the board of trustees after an inspection Thursday night.

Supt. Ray Saunders announced the board's acceptance of the new building following the special meeting of the board. The inspection party included trustees, Architect Tommie Huckabee, Supt. Saunders, Principal Bob Lindsey, Contractor John Thompson, Business Manager Martha Davis and others.

The new building, which was erected during the past year at a cost of approximately \$724,000.00, includes a combination cafeteria-auditorium, 12 classrooms, a library and rest rooms.

New desks and chairs were being moved into the classrooms Friday, Principal Lindsey reported. The third grade has been using temporary quarters at the

old intermediate school and these students will move into their new rooms Monday.

Students of Grade 1 and 2 will move from the old primary school building on Avenue A to the new building as classes began Monday, Mr. Lindsey announced.

The new elementary school will be the center of learning for some 516 students, including the following: Early Childhood, 4; Kindergarten, 74; Grade 1, 74; Grade 2, 71; Grade 3, 74; Grade 4, 65; Grade 5, 89; and Grade 6, 65. Grades 7 through 12 attend classes at the junior-senior high school building.

Mr. Lindsey said there will be an open house later to give the public an opportunity to visit the new building. Announcement will be made soon regarding the event.

The cafeteria will be in use at the elementary school on Monday, Lunchroom Supervisor Shirley Darr reported. The shirts that have been serving primary and intermediate school will join

forces at the new building, Mrs. Darr said.

"We are absolutely thrilled with the new facilities," Principal Lindsey said.

In other action, the board of trustees accepted a bid for a paper bidding machine. Miss Brenda Stahle of Eastland was employed as a new kindergarten teacher to relieve crowded classrooms. She is a graduate of Eastland High School and Tarleton State University.

The new quarters represents Phase One of a school improvement program planned by the school board. Phase Two is scheduled to be considered again. Plans for this phase were held up a few months ago when all bids were considered too high.

Supt. Saunders said the board instructed Architect Huckabee to proceed with Phase Two and to prepare for a new bidding call by Oct. 28th if possible.

The old Avenue A building will be used for storage and could be available for use of some class work if needed, Mr. Saunders said.

## Business Of The Week Is The Man's Store In Cisco

The feature Cisco business of the week is The Man's Store, located at 616 Conrad Hilton Avenue. The original The Man's Store was in the location now being used by Anderson's Jewelry. The store at that time was known as Patton and Williams. The late Mr. Nick Miller bought the store in 1925 and later moved the store to a location next door south of the First National Bank. In 1950 the store was moved to the present location. Bob Elliott went to work for John H. Garner Dry Goods in 1936 and for the Hub in Breckenridge before going into the Armed forces. He served in Army Signal Corps in the Pacific during World War II for 3 years.

Bob bought the business from the late Mr. Miller in 1964. Bob Elliott says that Cisco and The Man's Store have been good to us and we are very grateful. We enjoy the nice clientele that we have. We have tried to maintain the image the store has always enjoyed.

The store carries a nice line of quality merchandise for men such as Florsheim Shoes, Botany 500 suits, Arrow shirts and Stetson Hats. Also carried is the Vanity Fair line of lingerie, Hanes hosiery and Madyes skuffs. The Man's Store has one full time employee, Mrs. Louise Pryor, who has worked for the store 33 years beginning in June 1953. Mrs. Pryor has one son, Wayne Pryor, and a daughter, Glenna Morgan, five grandchildren and one great-grandson.

After the war, Mr. Miller had saved a job for Bob in The Man's Store and he began working there in 1946.

## Farmers Market Will Open Oct. 11 In Cisco

The Farmers Market committee met Monday, Sept. 29, in the Conference Room of the Chamber of Commerce.

Rules and regulations for the operation of the Farmers Market were approved and a board of directors was elected.

Members of the board are Herman Glueck, Mrs. Faye Williams, Dee Gordon, Wes Valek, and Harold Reich. Benny Thompson will serve as an alternate. Don Shepard

will serve as temporary secretary until the election of officers.

The board set Saturday, Oct. 11, 8 a.m. as the opening day of the market, which will be located at 13th Street and Conrad Hilton Avenue.

Applications for membership are available at the Chamber of Commerce and Western Auto Store. Everyone having fall produce to sell is invited to join the Farmers Market.

## Wanda's Corner by Wanda Hallmark

The Cisco Press will be printing a tabloid for next weekend's paper for the Mabley-Hilton dedication that will take place Monday, October 13. This tabloid will have stories about the Mabley written by the Cisco Writers Club and pictures of the Mabley before and after the restoration work.

Ads are being sold now and if you want one call the Press before 5 p.m. Tuesday, October 7. We are selling 1/8 page, 1 page, 1/2 page and full page ads. We are also selling signature ads, (with names only) for \$5.50.

This tabloid will be a souvenir and wouldn't it be nice to be able to show your children, or grandchildren the tabloid with your name in it. Be sure and call to have your name placed in the tabloid.

A business and a teacher of the week will be featured in the Press from now on. This week features are The Man's Store and Mr. Jim Puryear.

games now and there are over 500 children playing.

If you have never seen children playing soccer make a point to get out and watch them. They work so hard and run constantly. It's really exciting.

They were scheduled to begin play Saturday, Oct. 4, in Cisco at the football field.

Oren and George Hogue of Cisco had reason to celebrate last Monday, September 29.

At 12:08 p.m. Vickie Hogue, Oren's wife, gave birth to a baby boy in Hendrick Hospital. At 1:20 p.m. on the same day, Loretta Hogue, George's wife, gave birth to a baby girl in E.L. Graham Hospital.

I bet that both cousins will grow up to be very close.

I saw this sign in a store the other day and I thought it was kind of cute.

### NOTICE

This company requires no fitness program. Everyone gets enough exercise, jumping to conclusions, flying off the handle, running down the boss, knifing friends in the back, dodging responsibilities and pushing their luck.

I want to thank the people who prayed for rain. The Good Lord listened and we had rain Friday morning. But don't stop praying, the area still needs moisture.

## CofC Manager Discusses Mabley-Hilton Dedication

The restored Mabley Hotel, first of the Hilton chain, where dedication ceremonies are planned this month will take a place as one of the community's top attractions and assets.

That was an opinion expressed by Manager Don Shepard of the Chamber of Commerce at a breakfast meeting Wednesday at the White Elephant Restaurant. Some 35 local business men and community leaders attended the quarterly event.

Mr. Shepard, speaker at

the meeting, told the gathering that the CofC has completed moving into new offices at the Mabley and "we're real comfortable there." Beginning Wednesday, Oct. 8, local CofC members and interested citizens will begin holding "think meetings between 8 and 9 a.m. weekly to discuss problems and seek solutions." Mr. Shepard announced.

"Our community has a lot

## Nutrition Program

Medicare now pays for some 45 percent of the health cost of the older adults in the U.S. However, it does not pay for a number of important services such as eyeglasses, drugs, hearing aids, dental services and most long-term care. Increasingly, older persons are turning to private companies for medigap insurance to fill the gaps between health costs and what Medicare pays. But some older persons are often confused and uninformed about the additional coverage they need, and they are sometimes victimized by deceptive sales practices. Private medigap insurance plans are not uniform, making comparison shopping difficult. Be sure and get some qualified person to assist you in the study of a proposed medigap insurance.

The programs for the past week included: birthdays and anniversaries were recognized; the Senior Center Band and Choir entertained; Billie Wood accompanied the choir. The dinner music was provided by Ima Thompson, Anna Dytzel and Mildred Johnson.

The menus for the coming week will be:

Monday-Spaghetti with meat sauce, beets and orange sauce, tossed salad, peach cobbler, bread, butter

and milk.

Wednesday--Ham, cranberry sauce, butter beans, turnip greens, cookies, cornbread, butter and milk.

Friday--Bar-B-Q, potatoes, carrots, three bean salad, cake with topping, bread, butter and milk.

## Service Club To Hold Workshop

In preparation for the sixth annual Cisco Service Club Halloween Carnival, club members will have a poster workshop on Tuesday evening. Club members are urged to attend with poster supplies: pencils, markers, erasers, rulers, stencils, etc. Please meet in the FNIC Building in the old community room at 7 p.m.

Thursday evening, club members will again meet, same time, same place, to prepare prizes for the booths. Again, club members are urged to attend.

Other workshops scheduled are as follows: Monday, Oct. 13, loading day; Wednesday, Oct. 15, begin work on spook house; Saturday, Oct. 18, general workday at carnival site. Other workdays will be called as needed.

## White Talks To Rotary Club At Last Meeting

The Rotary Club was credited with making a significant influence on his life by Anton White, long-time member, in a talk last Thursday noon at the weekly luncheon of the Cisco club at the Colony Restaurant.

Mr. White, retired manager of Boss Manufacturing Company and long-time member of the Cisco club, told Rotarians that his first introduction to Rotary was in his home country of Illinois as a boy of 12. Rotarians there organized a Boy Scout troop and sponsored a weekly Saturday outing to a swimming pool. "Through participation in the scouting program, I met men who later offered me job opportunities," he said. "This association led me into my life's work."

Mr. White said he started to work for \$1 per day. He has been in Texas some 45 years. He is a past secretary and past president of the Cisco Rotary Club and has been a community leader over the years.

Rotary International has had a steady growth, Mr. White noted, and now has more than a million members in virtually every country of the world. He was the program chairman for the day.

The Rev. Steve Coutouzis, pastor of the Church of the Nazarene, was a guest. Billy Wright will be the program chairman next week, President Joe Cooper announced.

## Tickets For Benefit Bowl To Go On Sale

A program of accordion music was played by Dr. Robert Jeffress, pastor of the First Baptist Church in Eastland, as the entertainment feature at the weekly luncheon of the Cisco Lions Club last Wednesday noon at the Colony Restaurant.

Dr. Jeffress was presented by Eddie McMillan, program chairman.

President Olin Odom reported that the Cisco club's sales for the benefit bowl football game scheduled next month in Breckenridge between Cisco and Ranger Junior Colleges amounted to some \$1,380. This was reported at a zone meeting last Monday night at the Colony with area club representatives.

Mr. Odom said that tickets for the event will go on sale in the near future.

Chairman Ivan Webb of the Cisco High School homecoming fish fry committee announced the assignment of workers for the Friday night affair. Mr. Webb also reported that plans were complete for the club to have an entry in the Friday homecoming parade.

## Cisco Gun Club

### To Meet Mon.

The Cisco Gun Club will hold its regular business meeting at 7 p.m. on Monday, Oct. 8th, at the Community Room of the First National Bank. All club members are strongly encouraged to attend this important meeting as the final plans for the club banquet that is to be held on November 3rd will be announced, and the final scores from all the tournaments will be reviewed and the winners of the year-end trophies formally announced.

Mr. Woolley said the Legislature's cut for junior colleges amounted to 9 per cent. With a budget of some \$3,000,000 the college's income from state sources will amount to about \$260,000, less than had been anticipated when the budget was adopted last August, he added.

The committee's recommendations will be presented to the board of regents for approval at their regular monthly meeting on Oct. 13th, Mr. Woolley said.

The recommendations call for "trimming the fat" and not for reduction of personnel or basic services, Mr. Woolley said.

DARENDA VINEYARD

## E.L. Graham Memorial

### Has New Nurse's Director

The new director of nurses at E.L. Graham Hospital is DaRenda Vineyard of Abilene. She commutes back and forth each day to Cisco but she says she doesn't mind it.

"Cisco is a great little town and it has a lot of potential," she said. "I worked in E.L. Graham summer before last part-time and I enjoyed the people of Cisco. I was impressed with Cisco and with the patients in the hospital and their families,"

she added. DaRenda was the Patient Care Coordinator at Hendrick Hospital before coming to Graham. She graduated from nursing school in 1976.

Her husband Richard is the shop foreman at A-Town Electric in Abilene. He also has a personal shop in his back yard to work on electronic equipment.

They are the parents of three children: Eric 13, Denise 13, and Monica 11.

Mr. Woolley said the Legislature's cut for junior colleges amounted to 9 per cent. With a budget of some \$3,000,000 the college's income from state sources will amount to about \$260,000, less than had been anticipated when the budget was adopted last August, he added.

The committee's recommendations will be presented to the board of regents for approval at their regular monthly meeting on Oct. 13th, Mr. Woolley said.

The recommendations call for "trimming the fat" and not for reduction of personnel or basic services, Mr. Woolley said.

The special legislature session was called by the governor after revenues took a big dip due to skidding prices for Texas oil.

### Area News Briefs

**EASTLAND**  
 The County Fair and its many activities has dominated the Eastland scene this weekend. Special events have included an Art Exhibit, Peanut Cookoff, Silent Auction by the Eastland Music Club, a Pie and Coffee Sale by the Kiwanis Club, and a multitude of other displays and booths. This county-wide showcase, with all its color and action brought a large crowd into downtown. Eastland County people love a celebration, and the County Fair draws more interest each year.

Eastland Volunteer Firemen will mark Fire Prevention Week, Oct. 5-11 by handing out material in the local schools. They will also conduct a Fire Prevention Quiz and other activities to make young people aware of how to prevent fires and escape one if it starts. The firemen have had a busy year, but fortunately there have been no fire fatalities in Eastland in 1986.

The Eastland Mavericks are "Looking Good", according to all reports. Winning every game in sight has certainly contributed to this image! The 48-14 defeat of the Albany Lions last week put the local team in a top spot. A lot of Eastland people are turning out for the games, and the pep squad and Maverick Band are super. It looks like they are all headed for the playoffs again this year.

Renovation has been completed inside and out at the Eastland Memorial Library, and the public is invited to come and see how attractive it looks. The Thursday Afternoon Club and others have saved for over two years to get enough funds for the repair and refurbishing. The Friends of the Library group assisted in many ways, and all is appreciated. Eastland Memorial Library is open to anyone in this area desiring to check out books. Besides a large number of volumes on the shelves there is a collection of special historical material in the archives.

Gregg Sedillo of the Gregg Van Lines Co. announces the addition of U.S. Funds Express Co. to his business. This works just like Western Union for wiring funds anywhere in the United States. The office is located at 506 S. Main in Eastland, and may also be reached by calling 629-2801, or 629-1414 after office hours.

**RISING STAR**  
 Thirty area citizens went to Eden, Texas recently to view a Federal Detention Facility and learn more about the project. This information will be used in deciding whether Rising Star should consider setting up such a detention facility in this area. The Eden facility was constructed last summer and put into operation Oct. 15, 1985. The City of Eden contracts with the Federal Bureau of Prisons to

house inmates, which averages around 175 per month in this center. This is mostly used for illegal aliens who have multiple offenses.

There will be an Ambulance meeting Monday, Oct. 13, at 7:30 p.m. at the Community Room at First State Bank. The main purpose is to launch a membership drive and elect a new board of directors. Everyone is invited - your help is greatly needed. The Rising Star Volunteer Ambulance Service operates in a wide area around the city.

**BAIRD**  
 The Callahan County Divide Soil and Water Conservation District will elect Zone 2 Directors on Friday, Oct. 10, at 1:30 p.m. in the Callahan County Courthouse. The current directors for those zones are Jack Farmer and Charley Tom Straley, who will be eligible to serve another 4 year term if elected. Eligible voters are persons 18 years of age or older who live in Callahan County and hold title to farm or ranchland lying within the county.

The Callahan County Sheriff's Posse will host a four week series of Roping beginning this Saturday, Oct. 4. Books will open at 6 p.m. and roping will begin at 7 p.m. The fee will be three head for \$12 (progressive) and the top header and heeler of the fourth week will be awarded Montana Silversmith trophy belt buckles. Everyone is welcome. Ropers must rope in three of the four weeks series to be eligible for the buckles.

**CISCO**  
 The Cisco Writer's Club will hold a meeting on Tuesday, Oct. 7, in the Community Room of the First National Bank. The program will begin at 7 p.m. Lela Latch Lloyd, club president, will preside, and Program Director Julia Worthy will present the winners of the 1986 contest. These First Place winners in various categories will read their manuscripts. The public is invited to attend the meeting and meet these writers.

The Conrad N. Hilton Memorial Park and Community Center is seeking items of historical nostalgic interest for display in the museum area of the refurbished Mobley Hotel. The center will have its formal dedication on Oct. 13. The museum-type articles for display can be a loan - it is not necessary to donate them. If you have an item you'd like to have considered for the museum, please contact Mrs. Jo Ann Cermin at 442-3200 or 442-2543, or Brad Kimbrough at 442-1211 or 442-2233.

This year's Eastland County 4-H Awards Banquet will be held Oct. 11, 6:30 p.m. at the White Elephant Room at Hwy. 80 and I-20. Admission to this gala event is a covered dish. State Representative Jim Parker

will give the Keynote address for the banquet, speaking on the future of the 4-H in Texas. After the banquet and program a dance will be held, with Square-dance caller Joel Wilson in charge. The public is invited to this informative and fun-filled evening.

Jibby Donovan, local rancher, was elected a director of the West Texas Polled Hereford Association at a recent membership meeting. He has a herd of fine, all-registered Polled Herefords, including more than 100 mother cows.

**RANGER**  
 Dick and Linda West, missionaries in Nairobi, Kenya, East Africa, will be guest speakers at the First Christian Church in Ranger Sunday, Oct. 5, 6:30 p.m. This family works in connection with Caprice Scott of Ranger, also a missionary in Kenya. The Wests operate an orphan home in Nairobi known as the Ruiri Christian Children's Center. At the First Christian Church they will show slides and tell of their work in Africa. All are welcome to attend this presentation.

The Teen Center of Ranger will reopen on Oct. 4, 1986, and will be open from 8 p.m. until 12 midnight. This center is located on the south side of the City Park, and offers good recreation for young people.

The Ranger Times has named Bubba Davlin, offense; and Sha King, defense; as the Most Valuable Players of the Bulldogs this week. Bubba hangs tough and takes advantage of his off-season training, and Sha has great speed and capabilities. Both are crucial players in the Bulldog Team.

### "Get Acquainted Party" Held At Northview Center

The music of George Strait, Elvis Presley, and other up-beat sounds enlivened the patio area of Northview Development

Center on Monday, Sept. 29. The occasion was a "Get Acquainted Party" hosted by the 54 residents and personnel of Northview for the

MHMR Workshop group on North Plummer and residents of the facility known as Rock House Springs. This facility, known as

### 75 Years of Fire Prevention

Happy Anniversary Fire Prevention! Fire Prevention Week 1986 marks the 75th anniversary of a national fire prevention observance. In 1911, the Fire Marshals Association of North America suggested that the 40th anniversary of the Great Chicago Fire (October 9, 1871) be set aside to advise the general public about the need for fire prevention. On October 9, 1920 President Woodrow Wilson issued the first national Fire Prevention Day proclamation. In 1922, the National Fire Protection Association sponsored Fire Prevention Week for the Sunday through Saturday period including the October 9th date. President Warren G. Harding proclaimed the fire Fire Prevention Week, October 2-9, 1922, to be observed "by every man, woman, and child, not only during the week designated, but, throughout every hour of every day of the year." Since then, each year NFPA selects an official Fire Prevention Week slogan such as:

- 1963 - Don't Give Fire a Place to Start.
- 1966 - Fight Fire
- 1967 - Fire Hurts
- 1973 - Help Stop Fire
- 1974 - Things That Burn
- 1975 - Learn Not To Burn
- 1977 - Where There's Smoke, There Should Be a Smoke Alarm
- 1978 - You Are Not Alone!
- 1979 - Partners In Fire Prevention
- 1981 - E.D.I.T.H.: Exit Drills In The Home
- 1982 - Learn Not To Burn Wherever You Are
- 1983 - Learn Not To Burn At All Through The Year
- 1984 - Join the Fire Prevention Team: Learn Not To Burn!
- 1985 - Fire Drills Save Lives: Learn Not To Burn
- 1986 marks a very special year for NFPA. It is the Association's 90th anniversary year and the 75th anniversary of National Fire Prevention. Most importantly, fire deaths in the home are continuing on a downward trend. NFPA is proud during this very special year to say, THANK YOU, AMERICA!
- 1959 - Fire Prevention is your Job...Too.

Center on Monday, Sept. 29. The occasion was a "Get Acquainted Party" hosted by the 54 residents and personnel of Northview for the

MHMR Workshop group on North Plummer and residents of the facility known as Rock House Springs. This facility, known as

a "Level 1", is located south of Caldwell Motors off Highway 80 E. in Eastland.

Seventeen people attended from the Rock House Springs facility, including Director Dave Hewlett. Eight came from the MHMR Workshop, including Director Jo Ashworth. All were welcomed by hostesses Jackie Kinchele, Northview Administrator, and Jane Broom, Northview Program Director.

The fun began about noon-time with a hamburger cookout in the recreation area. Residents age 18 to 68 gathered around the outdoor tables for a great lunch.

Mike Snuffer of KEAS Radio, Volunteer Disc Jockey for the day, began his music and announced a Dance Contest. A number of the residents headed for the lawn to show off their fancy steps, while others enjoyed visiting and watching. There were some happy winners when the trophies and ribbons were handed out.

During this event Mike Woods, a resident of Rock Springs House, sang with some of the records. The residents gave him big rounds of applause. Later in the afternoon

## Latch Family

## Holds Reunion

## At Lake Leon

Fifty members and friends of the descendants of the late Mr. and Mrs. W.Z. Latch met at the Little Family Cabin at Lake Leon over Labor Day Weekend for their annual family reunion.

Boating, swimming, water skiing, fishing, volley ball, dominoes, Skip-bo, and trivia were the games of the day. The spacious screened in porch formed a perfect setting for the table games. A 12-foot table with home baked goodies groaned under the load of food that each family had prepared before coming to the celebration. A roomy refrigerator provided space for salads and warming ovens and crock pots were the order of the day.

Oldest member was Mrs. John Little, mother of Bobby Little; youngest was one-year-old Will Harden of Plainview. His parents, Mr. and Mrs. Lewis Harden, are in training for the ministry at Wayland Baptist College, Plainview.

Several of the guests brought campers or motor homes and slept in them or in sleeping bags on the screened in porch. Others stayed in motels in Ranger, Eastland and Cisco.

None of the Paul Latch family came this year because he had just undergone surgery on both knees. Last year, his family was the only one with perfect attendance.

The group gave Mary Jane and Bobbie Little, Olden, a rising vote of thanks for planning the reunion and hosting it at the Little Cabin.

Present were two of the Latch sisters: Lela Latch Lloyd, Cisco, and Annie Latch Rendall, Ranger. Children and grandchildren of the late Mr. and Mrs. Roy Latch were Mrs. Faye Latch Van Cleave of San Antonio and her twin sons, Roy and Ray of San Antonio. Mr. and Mrs. Roy Van Cleave had their three sons, David, Mark and Daniel. Ray was accompanied by his two sons, Jason and Brian, all from San Antonio. Mr. and Mrs. W.L. Harden of Odessa had all their children and grandchildren with them. These descendants of the third daughter of Roy Latch are Steve and Deborah Saunders and son, Chris; Mr. and Mrs. Kelly Walker and son, Barrett; Steve Harden; all of Odessa and Mr. and Mrs. Lewis Harden

and Will from Plainview.

The children and grandchildren of Annie Rendall were Mr. and Mrs. "Rudy" Rendall, Midland; Mr. and Mrs. Bobby Little and La Dawn, Olden; Mr. and Mrs. Randy Hall and Brad, Jacob and Lisha, Cleburne; and grandson, Gerald Ervin, Odessa.

Mary Latch Carey, Alaska, was on a trip to the Orient but her daughter, Mrs. Frank Richardson of Houston represented her family.

Other members of the Little family present were Mrs. John Little, Mr. and Mrs. Charles Little, Doug Little, and Mr. and Mrs. Jimmy Little, all from Eastland.

Mrs. Merle Whittington, San Antonio, was the only guest present who was not connected in some way with the family. She was quickly adopted.

A moment of silent tribute was observed for the three family members lost by death since the last reunion. They were: R.B. Williams, husband of Paula Jo Latch; E.R. Van Cleave, husband of Faye Latch; and Bill Latch, Jr. son of Bill and the late Emily Latch of Durango. Bill was an NBC reporter who was murdered in a rebel uprising in Bangkok, Thailand, last year. His wife and two small children have come to the states to make their home here and are living near the Bill Latches in Colorado.

## CLEANSE YOUR HAND AND YOUR HEART

Nicolas was a man who lived in the first century A.D. He was first introduced in Acts 6:5. He was one of seven men chosen to oversee the daily provisions for widows in the Ephesians church. The church saw him at first as a spiritual man. Something happened to him that brought down a divine pronouncement of God. Nicholas fathered a doctrine that led to a mixing with the world and which gave an undercurrent of sensuality to his teachings. He lost his fear of God. He refused to separate himself from the deeds of evil men. He talked sweetly about his love of Christ, while all the time his hands and heart were polluted with sin.

The Nicolaitan spirit is still with us today. One place we find this is in the Christian rockers and punkers who drag the holy name of Jesus Christ through the mire of the demon-controlled world of music. Many of the rock entertainers say sweet and pious words about how much they love Christ. They tell of how they take Jesus "where no one else can take Him." But they are blinded by false pride, fame, and sensuality. They don't know or they refuse to admit that

God will not approve their deeds when they use the demon-controlled music to try to rescue those involved in it.

God expects His followers to "go ye" and to sing out a clear unmistakable message of repentance and a forsaking of evil behavior. Ezekiel gave a thundering message to those who share the gospel. "They shall teach my people the difference between the holy and the profane, and cause them to discern between the unclean and the clean!" (Ezekiel 44:23).

I Timothy 4:12 adds this admonition, "...but be thou an example of the believers, in word, in conversation, in charity, in spirit, in faith, in purity."

# A Solution To Crime? Us!

By Robert Prescott  
A solution to the problem of our high crime rate is as complex as our judicial system itself.

There are no easy answers nor quick fixes. The most prevalent frustration of the public is caused by the seemingly inability of our justice systems to avenge the victims of crime with prompt and fitting punishment of the criminal. Perhaps the first step toward productive measures to reduce crime would be to reflect upon our federal constitution which provides the rules of both law enforcement and our courts.

Th authors of our Constitution held individual rights and freedoms as their top priority. They wished to ensure that this new born nation and its people would never endure the brutality of a police state, thus the amendments concerning the rights of the accused and protecting the citizenry against illegal search and seizure. This is as it should be, but over the decades citizens have forgotten that self-government carries with it the responsibility of participation and vigilance as well as rights of freedoms, and due to this negligence, the delicate balance of justice has been tilted to the advantage of the criminal.

It is the responsibility of the citizens, through our elected officials, to correct this injustice against the people.

In the meantime, we can support law enforcement and our courts by active participation. When called for jury duty, serve rather than looking for exemptions. There is no better classroom to learn the complex nature of our contemporary justice system and to acquire facts on which to base our plea to our elected officials for upgrading judicial inequities.

Help law enforcement by vigilance, always alert to any unusual activity. Familiar streets, neighborhoods, and business areas tend to dull our observation instincts. Our crime rate dictates that we brush up on that instinct, and though an observation might not prevent a crime, it might prove valuable in apprehending or convicting a criminal.

Eschew rumors, criticism, and gossip concerning those in law enforcement and the courts and pursue facts. Public records are just that - public.

Support school administrators and teachers in reestablishing their authority over students and their right to administer discipline.

It has been said that a chain is only as strong as its weakest link. How strong is the public link in the chain of justice?

There are "Do not litter" signs along every public thoroughfare, yet our roadsides are strewn with litter. Who are the culprits, criminals and felons? There are signs posted on boat loading ramps on our area lakes which forbid swimming, wading, and sunbathing in the area, yet the ramps are populated by swimmers, waders, and sunbathers.

Who are these people, criminals and felons? Parents will take their children, children old enough to read, and walk right past these posted signs and allow them to wade and swim in this restricted area. Is this not contributing to the delinquency of minors by teaching them to ignore the laws and rules of our society? How many rules and regulations are winked at on the excuse that "it doesn't hurt anything or anybody"?

How many parents fly into the face of teachers, law enforcement personnel, and other authority figures rather than admit to themselves that their John or Jane is not perfect after all?

What is being taught these youngsters, that they are above the law? That it is permissible to bend the rules and break the law? Employers in business, school officials, and parents who establish rules of conduct for employees, students, and children, then fail to enforce those rules serve only to weaken the chain of justice by endorsing non-compliance with the law. It would be well if our adult population, in their personal lives, as members

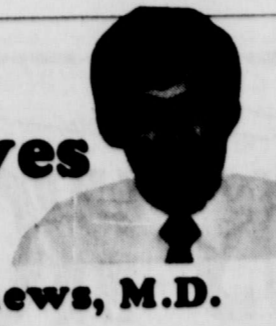

of committees, civic councils and boards, in every capacity would set an example by adhering strictly to the rules and by-laws of their respective organizations.

One of the mainstay suggestions for every problem has been education on the matter. What better way to educate than to teach by example?

ED. NOTE: As a truly concerned citizen, Mrs. Prescott has taken the time to discuss these problems with District Attorney Emory Walton, Assistant D.A. Bill Dowell and Cisco Police Chief Billy Risco. In this article, she touches on some basic Constitutional rights which is timely in that this national will celebrate the 200th anniversary of the U.S. Constitution next year.

## Medical Perspectives

By Robert Matthews, M.D.

### The Nation's Number One Killer

Heart disease remains the leading cause of death in this country, and coronary artery disease is the most common type of heart disease. As we age, the arteries which supply the heart muscle with blood gradually lose their elasticity and become narrower and clogged with deposits of fatty material, a process referred to as atherosclerosis. If a blood clot then further blocks one of these narrowed arteries, a part of the heart muscle may die because of lack of blood flow and lack of oxygen. This is known as a heart attack, or in medical lingo - a myocardial infarct. This usually results in

severe persistent chest pain enduring for several hours to several days.

Alternately, if the heart muscle is only temporarily deprived of oxygen, one may experience less severe chest pain for a short period of time, usually minutes. This pain is referred to as angina and may eventually lead to an actual heart attack. When one exercises or works harder than normal, the heart beats faster and requires more blood. If this blood cannot be supplied because of narrowing of the coronary arteries, the pain of angina results. Emotional upset can cause the same phenomenon. There are some who even experience the pain while resting quietly - often caused by spasm of the coronary arteries.

The good news today is that there are several things one can do to possibly delay the onset of coronary artery disease and lessen the chance of suffering a heart attack. Seven things have been shown conclusively to speed up the process of coronary artery disease. Three of these cannot be helped. They are increasing age, being a male, and having a family history of coronary artery disease. There are four others which can be either partially or totally eliminated - high blood pressure, high blood cholesterol level, cigarette smoking, and diabetes.

High blood pressure not only accelerates narrowing of the arteries, but also forces the heart to work harder; that is it has to pump against a heavier load. Current medications along with a lower salt intake usually allow us to bring this under adequate control.

Excess cholesterol in the body may become deposited in the arterial walls. Blood cholesterol can be checked by a simple blood test and, if elevated, can often be

lowered by modifying one's diet. This means eating more fish and poultry while cutting consumption of red meat, eggs, butter, and other dairy fats and increasing consumption of fruits, vegetables, and cereal grains. Substituting polyunsaturated cooking oils, such as corn, safflower or sunflower oil (those that are liquid at room temperature) for lard or hardened shortening, and using margarine whose labels indicate a high ratio of polyunsaturated to saturated fats, also help. Exercise is also important. Some people may require medications aimed at lowering the blood cholesterol.

Now if, for example, you are a male, age fifty to sixty, and your father died of a heart attack or you have brothers or sisters with heart disease, you are at an increased risk for having coronary artery disease. You cannot change that, but you can alter some of the other predisposing factors in your life. Check your blood pressure checked regularly, and seek treatment if it is elevated. This may only require lowering your salt intake and taking one or two pills a day. Ask your physi-

cian to check your blood cholesterol level every one or two years, and alter your diet accordingly if it is elevated. The American Heart Association publishes an excellent paperback cookbook for this purpose. If you have diabetes, keep it under control with diet, exercise, and medications prescribed by your physician. By all means, if you smoke, stop smoking. You

may seek help from local physician, various support groups, or designed for this purpose. Don't wait for that first attack.

Do what you can to improve your health today. The younger you are when you begin, the more likely you are to prolong your life or improve your quality of life.

## Contest Winners To Read Entries

The First Place winners of the 1986 Cisco Writer's Club Contest will read their winning entries during a club meeting October 7, in the First National Bank Community Room in Cisco. The meeting will begin at 7 p.m. with Lela Latch Lloyd in charge.

Program Director Julia Worthy of Eastland will introduce the various winners of the annual competition. They will then read their

material and comments on it from the Judges. The winning manuscripts cover various types and lengths of prose and poetry.

After this program the Cisco Writer's Club officers for the 1986-87 year will be elected and installed. Refreshments will also be served.

All interested persons are invited to attend the program and meet the winning writers.

# Wedding Bells Bowling Report

## Gourley - MacDonald

Ms. Lacey Lynn Gourley and Mr. David William MacDonald were united in marriage at 2:00 p.m., Saturday, October 4, with Dr. Charles Taylor, minister of the Westminster Presbyterian, officiating. Lacey is the daughter of Ms. Hazel Gourley of Eastland and Mr. Gene Gourley of Ranger. David is the son of Mr. and Mrs. Jack MacDonald of St. Louis, Missouri.

The bride, given in marriage by her father, wore a candlelight gown designed by Hissa, which was made of satin organza, and lace. The bodice and sleeves of the gown were made entirely of French tapestry lace, double embroidered, and enhanced with seed pearls. The chapel length train was trimmed with rose appliques outlined in seed pearls. The bride chose a Juliet Veil, the headpiece of which was highlighted by strings of seed pearls and flowers. The bride carried a bouquet of white rosebuds.

For the traditional something old, the bride carried a white hankie trimmed in lace which had been given to her by Virginia Russell of Eastland. For something new, her wedding gown. For something borrowed, she wore her mother's pearl earrings. For something blue, her garter.

Mrs. Katrina Estes of Abilene, Texas, was matron of honor. Ms. Janice Hann of Dallas, Ms. Gina Gourley, sister of the bride, and Betsy Gourley, sister of the bride, served as bridesmaids. Mrs. Estes wore a tea-length dress of burgandy satin, totally overlaid with burgandy lace, with tulip sleeves and scooped back. The bridesmaids wore rose dresses in the same style. Each carried a small bouquet of flowers in the bride's colors. The flower girl was Ms. Sarah Davis of Dallas, who wore a full-length burgandy dress, the bodice of which was overlaid with candlelight lace.

The groom was attired in Gray Classic stroller tuxedo with a white wing-tipped shirt and gray tie and cummerbund, he wore a white rose boutonniere. Mr. Eric Gibbs of Dallas, was best man. Groomsmen were Mr. Steve Fassler of New York, Mr. Jeff Hagen of St. Louis, Missouri, and Mr. Andy Schanbacher of St. Louis, Missouri. The groomsmen also wore Gray Classic tuxedos with wing-tipped white shirts and burgandy bow ties and cummerbunds. The

ring-bearer was Mr. Jeremy Estes of Abilene. Jeremy was dressed in a tuxedo identical to that of the groomsmen. He carried a candlelight lace pillow.

Ushers were Mr. Garlan Gourley, brother the bride, of Eastland, and Mrs. Ray Shackelford of Dallas. Guests were registered by Ms. Liz Hughes of Dallas. The church was decorated with spiral candleabras on either side and large arrangements of rose and wine flowers.

The bride and groom hosted a reception at their home following the ceremony. Members of the house party were Ms. Tricia Seifert, Ms. Debbie Jamison, Ms. Terri Hunter, Mrs. Becky Price, Mrs. Jill Hallmark, and Mr. John Hann.

The bride is a 1979 graduate of Eastland High School. She graduated summa cum laude from Southwest Texas University in December 1981 and received a Doctor of Jurisprudence from Texas Tech University School of Law in December 1984, graduating with highest honors. She is currently employed by the law firm of Gardere & Wynne in Dallas, Texas. The groom received a Bachelor of Science degree in business from Southwest Missouri State University in May of 1984. He is employed by Wilson Engraving Company of Dallas, Texas.

After a wedding trip to the Virgin Islands, the couple will reside at 6556 Winston St., Dallas, Texas.

**Pointers  
On Pets**

Heartworm and hookworm are no laughing matter. Every year thousands of dogs die or are seriously injured from problems caused by these parasites.

According to animal disease experts, heartworm and hookworm diseases are a national problem. They have been detected with increasing frequency throughout the United States and even in Canada. Warm weather and increased pet travel help carry these parasitic diseases to new areas every year.

Both conditions can be diagnosed by a licensed veterinarian through microscopic examination of a blood sample or laboratory tests. Treatment can be long and difficult for the pet.

The ideal solution to heartworm and hookworm disease is PREVENTION. It's far easier to give your healthy dog excellent protection throughout the high-risk fall months with a tasty once-a-day chewable tablet called 'Filaribits Plus', available through your veterinarian.

Education on the results of drug and alcohol abuse is, hopefully, the proper approach. It is a case of too little, too late in many lives, but we cannot stop because of that.

Although I have spent years of life teaching other people's children, I believe the strength to say "No" to temptation of whatever kind has to come from parents. Preachers and teachers only supplement the foundation with which the child reaches them.

Where this breaks down is in what a parent has learned. Or hasn't. My views usually are rosy. Today, color me gloomy.

## Lights From The Christian World

By Josephine Cleveland

### PREPARING STUDENTS FOR THE DEMANDS OF LIFE

Parents have the delightful yet frustrating task of raising and teaching children to live productive lives. Now that school has begun for our nation's children, teachers will be attempting to mold and shape the next generation in the basics of elementary literacy. Quality academics is important but it represents only a few threads in the overall tapestry of life. Dr. Paul Kiene, a director of Christian Schools International, said, "Preparing young people for the demands of life involves much more than just filling their minds with information and training them in the rudiments of making a living. There are some broader responsibilities in helping children develop, an inner and outer in their lives."

What can families do to help their children? First, inspire them by your example to receive Christ as their personal Savior. Begin by lovingly leading your own children to an experience with Christ. "Hear thou, my son, and be wise, and guide thine heart in the way" (Proverbs 23:19).

Maintain a positive confidence in your children. Children assimilate more from us than we realize. In their growing up years they get a perception of themselves. If parents speak positively about them and believe that they are worthwhile, their children will in most cases take a confident approach to the future. Stimulate their vision. Train your children to visualize a wide variety of

useful things they can do with their lives. Teach them to set short-range goals and long-range goals and then encourage, encourage, encourage.

Teach them patience. Patience is becoming a lost virtue in our "instant everything" society. The modern day decline in patience often means a decline in human relations, and in an in-depth worthwhile achievement. By word and example, teach them patience.

Hand-in hand with patience is the ability to cope with failure. It takes patience and courage to pick yourself up off the floor so-to-speak and try and try again. Admiral Robert Perry demonstrated patience when he spent 23 years searching for the North Pole before he finally reached it after eight attempts. One is never a failure until he quits trying.

Children need to have the stabilizing influence of Biblical principles to guide them. If they see their parents reading and searching the Bible for truth, it will greatly increase their chances of their reading the Word and gaining an understanding of lasting values.

In the center of a page in the 1984 ACSI Directory it reads: "Success in school has little value if you fail in life." Our children need not fail if we prayerfully prepare them with the principles of practical Christian living.

### QUESTIONS

What is lacking in our moral fiber that makes it necessary to wage "War on Drugs?"

Where do we fall short of convincing our young people that drug use equates with disaster?

Yes, it is the young people who need convincing. Have you heard of very many OLD people involved with drugs except as pushers or suppliers? Users seldom last long enough to grow old, or so I hear.

Maybe my questions are echoes from Prohibition. Certainly, I have no answers for these questions nor for others I could pose.

Prohibition of liquor didn't work. You don't have to ask, "So what?" Do you think those dry-out centers would be buying TV-ads for taking the cure in "...the peaceful rolling hills of..." if there weren't big bucks in human frailty?

The detoxification process for drug abusers isn't free, either. Somebody pays the bills for the ones who seek help...and the money involved is probably the least of the cost. Figuring dollar cost for custodial care is not that hard.

What is the cost for the damage done to the family and community units of the drug abuser? How can that be valued?

Of what brain power is society deprived when even one mind is skewed with alcohol or drugs--or both? How can you know?

When you fool with mind-altering materials, you move into the danger zone.

I've had enough ex-

perience with the euphoria that can be induced with prescription drugs to know something of the lure of getting away from it all. It's a lovely feeling to be on Cloud 9! No past! No present! And of course, no future.

Clouds dissolve, and landing on earth can be a hard thump...also known as "a rude awakening."

Liquor is another matter. I expect it gives about the same elation, but I cannot speak from experience. I do not refrain because I'm too morally upright, though I hope morals help. I do not brag that I can "handle" my liquor as do some sots--brag, not handle. More than one drink puts me to sleep. I discovered this while quite young, and no doubt it influenced my choice of friends. Why go to a party to snore? And if you stay sober while everyone else is getting walleyed, shortly you are bored to the Nth degree. That's BORED.

The main deterrent from any involvement with either drugs or drink (not considering moral responsibility which means less than nothing to many people) is, I believe, the mind-altering factor already mentioned.

Aside from morals, there is still the question of losing control of your faculties. I want to know the STATUS QUO.

Do you want to yield your judgment of what your bodily functions should be? When you indulge in drugs or alcohol, "...things are not what they seem..." But consequences are spaced out for whatever cause "...life is real, life is earnest..." when you land back on earth.

# Notes On Northview

Let's look at the QMRP. Most of you are wondering how to pronounce this - whatever it is. The letters are the abbreviation for Qualified Mental Retardation Professional. This is the professional who is assigned a caseload of clients at a facility and who monitors their progress during the year. QMRPs write monthly review on each client, attend the annual review and hold interim staffings.

Several months, the QMRP takes the necessary steps to see if the training strategies need revision and to discover what is preventing progress. The QMRP serves as overall coordinator for all aspects of the client's life, monitoring medical, nursing, family contact, dietary, etc., for any changes that might effect the client's well being.

When such changes are noted, an interim staffing is called so the Interdisciplinary Team can be informed and make decisions as to whether the client's program needs modification.

A variety of professionals can qualify for Qualified Mental Retardation Professional. The following individuals who qualify come from the Minimum Licensing Standards for Texas:

- 1) Psychologist with at least a master's degree with specialized training or 1 year of experience in treating the mentally retarded;
- 2) Educator with a degree in education and with specialized training or 1 year experience in working with the mentally retarded;
- 3) Social Worker with a bachelor's degree from an accredited program and with specialized training or 1 year of experience in working with the mentally retarded;
- 4) Physical or Occupational Therapist who has specialized training or 1 year of experience in treating the mentally retarded;
- 5) Speech Pathologist or Audiologist who has specialized training or 1 year experience in treating the mentally retarded;
- 6) Registered Nurse who has specialized training or 1 year of experience in treating the mentally retarded;
- 7) Therapeutic Recreation Specialist who has specialized training or 1 year of experience in working with the mentally retarded;
- 8) Rehabilitation Counselor who is certified and who has specialized training or one year of experience in treating the mentally retarded.

Other fund raising projects will be announced. Plans are to secure a building in which classrooms and a meeting hall will be available. Ramona's restaurant, located at Highway 6 and Int. 20 normally is not open on Sunday, so residents are urged to make their Oct. 12th plans accordingly.

## Mexican Feast Oct. 12 For Parish Hall

A Mexican food Feast on Sunday, Oct. 12th, at Ramona's will benefit an effort to raise funds to build a Parish Hall, it has been announced here.

...if you are interested in buying real estate soon or at any time in the future. Buying good titles is just as important as buying good food or good medicine. Yet some people have spent their life-time savings for a farm or city property with little or no thought about the title. Of course, they will learn better later, but why not avoid the pitfalls and expense of poor judgement by getting an abstract or title insurance policy first and buying the property later?

# Fishing Outdoors

By Terry Wilson

**The Crankbait**  
Any easy bait to fish for everyone, the crankbait is often overlooked. With thousands of different variables to choose from there is a crankbait to fit all situations. But lets concentrate on two basic differences of most models. Types of wobble are basically wide or narrow. Meaning some baits move side to side covering a larger path, while others run a narrow side to side path.

When fishing clear water a bait running narrow is recommended, due to better visibility. One such bait being the Rapala Shad-hap. This bait comes in different sizes and a wide variety of color patterns.

Off colored water most times will require a wide path from your crankbaits. This due to reduced visibility. With a wider wobble the bait will be displacing more water thus helping Mr. Bass locate its target easier. Also rattles inside your bait can help at times, but they can also hurt.

As always trial and error is important. Find the type bait most suited to the conditions and work from there. Be flexible at all times during fishing. Don't get on one bait and go down with the ship throwing it. Of course if your catching fish on it, why knock a good thing.

Biologists of the Texas Parks and Wildlife Depart-

ment have collected enough crappie in recent surveys at Calaveras Lake near San Antonio to conclude that stocking programs are working.

Biologist Jimmy Dean said 28 crappie were collected in cove rotenone surveys, representing the first recovered in any survey since 1979. He said one of the fish, an eight-incher, apparently was from the 1985 stocking of 24,000 fingerlings. The others probably resulted from this springs introduction of 172,500 fingerlings.

Fishing reports are all about the same. WINDY! Lake Leon. Bass slow to 4 pounds, crappie fair, hybrid stripers slow, catfish good in the river section.

Proctor, bass good to 3 pounds, on spinners, catfish excellent on trotlines with live bait, hybrid stripers fair early morning action.

Conroe, water clear, 2 feet low, black bass fair to 7 pounds on smoke, purple, strawberry worms in 8-12 feet of water, crappie slow, catfish fantastic around channel.

Brownwood, water off colored. 1 foot above normal, bass fair to 4 pounds on crankbaits, stripers slow, crappie slow, catfish fair to 5 pounds on worms and shrimp.

Hubbard Creek, water clear, 9 feet low, bass slow, hybrid stripers fair to 4

pounds on minnows, crappie fair, 15 fish per string on minnows, catfish good to 5 pounds on cut shad.

Possom Kingdom, water clear, lake full, bass good to 13 inches, stripers slow, catfish fair to 6 pounds on trotline.

Spence, water clear, 23 feet low, bass slow, stripers slow.

Whitney, water clear, 5 inches high, bass fair to 3 1/2 pounds on spoons, stripers fair to 10 pounds on jigs. Catfish fair to 10 pounds on shad.

October 12 the Eastland County Bass Club shall hold its monthly tournament. The lake shall be drawn at this Thursday meeting. To find out the chosen lake contact your neighborhood club member.

## In Memory Of Mrs. Holloway

### A Guiding Light

Many people go through life pretending

Day by day,  
That every single hour should be left to waste away.

But you unlike many others could always understand,  
When your daughter or her friends had a

Problem on their hand.  
When many other adults would turn and

Look away,  
You would always be there with a smile

Upon your face.  
To us younger generation you were an

Inspiration in many ways.  
You helped us through the

troubled times  
And through our hectic days.

Though your happier now than you've probably ever been,  
All of us will miss you...until we

Meet again.  
Now that your in Heaven

We send a word of Prayer

To tell you that we Miss you

And hope your happy There.

In memory of Mrs. Holloway, our guiding light in a world of darkness.  
The Class of '89

These lovely Breckenridge ladies were honored Sept. 13 at the Seventh-day Adventist Church of that town for their many years of service to the Church and community. Mrs. Rosa Gene Carroll, L, lived in Cisco during the 1960's. She and her late husband, Tom Carroll, owned a Trailer Park there. Mrs. Vera Carter, Center, has a son and daughter-in-law, Raymond and Nidkie Horton, who live at Lake Leon. Mrs. Myrtle Kilpatric, R, has a daughter living in Cisco, Mrs. Kathryn Cole. Her other children live in other parts of Texas and in California.

# Customers Will Receive Refund

A continuing price decline in the natural gas market means another refund to West Texas Utilities Co.'s retail customers in

December. WTU officials announced Thursday that a request was being filed with the Public Utility Commission of Texas

for permission to refund a total of \$6.9 million in retail revenues collected in excess of actual fuel costs, and to its fuel charge rate for the months of December 1986 through April 1987. The total included \$6,740,467 in actual fuel cost savings accumulated in July and August, plus \$149,003 in interest.

Under WTU's proposal, all existing retail customers would receive refunds through one-time credits to their bills in December. A typical residential customer would receive about \$17.

The fuel rate—known as the "fixed fuel factor"—is approved by the PUC. When the actual cost of fuel is below the approved rate, the over-recovery is returned to the customers, with interest.

WTU's base rates have not changed since December 1984. Company officials have indicated that a rate increase likely will be necessary next

year after the new coal-fired Oklaunion Power Station near Vernon is completed and placed in service. The assured supply of coal under a long-term contract is expected to stabilize WTU's power plant fuel costs and to partially offset the necessary base rate increase.

## QUESTIONS AND ANSWERS

**Q. How much money is WTU planning to refund?**

**A.** Fuel cost savings available for refunding amounts to \$6.7 million. With interest added, the total is \$6.9 million.

**Q. How is the interest calculated?**

**A.** In accordance with rules of the Public Utility Commission, interest was calculated at a rate of 13.08%, the cost of capital approved in the Company's last general rate filing?

**Q. How much refund can the typical residential customer expect?**

**A.** \$17.  
**Q. How will refunds be calculated and made?**

**A.** WTU will comply with the refund provisions of the Commission's fuel rule. The total refund will be allocated to each rate schedule based upon that schedule's kilowatt-hour usage for the period in which the over-recovery occurred. There are twenty-three (23) rate schedule classes. Except for the municipal pipeline, cotton gin and large irrigation classes, once the refund is allocated to each rate schedule (class) the refund amount is divided by the projected kilowatt-hour usage for that class during the month of refund to develop a refund factor which will be applied to individual customer's usage billed in the refund month. For the municipal pipeline, cotton gin and large irrigation classes the refund will be a lump sum credit based on their historical usage during the period during which the over-recovery occurred. This complies with the PUC's rule.

**Q. Why did WTU over-recover its fuel costs?**

**A.** The PUC requires utilities to use fixed fuel cost factors, which specify the amount to be charged for fuel per kilowatt-hour used by the customer. Because the factors are based on the expected cost of fuel as forecast at the time the factors are set, actual fuel costs probably will turn out to be more or less than the amount of revenue recovered through the fixed fuel cost factors. In WTU's last fuel case fixed fuel factors were set, but, for the past several months, WTU has spent less on fuel than was anticipated with the result that another over-recovery has accumulated. This reduced fuel cost is due to the declining gas market, WTU's continued efforts to take advantage of this gas market and the favorable renegotiation of one of WTU's current gas contracts.

## Mobley Hilton Discussion

of fine assets, including many caring people," Mr. Shepard said. "We have a fine city government, an outstanding college and public school program, a very adequate hospital and a lot of natural resources.

"We are blessed with a number of industrial plants and most of them are working over-time."

Mr. Shepard saw a need for encouraging shopping at home. "When we spend

money out-of-town, we pay taxes out-of-town," he said.

Development of a more positive attitude was suggested as a need for the business community.

"Those who complain don't support progress," he said. "We need more people of the 'put shoulder to the wheel' type—people with a 'we can do it' attitude."

Mr. Shepard said the com-

munity's major problem was a shortage of water and, he added, "our city leaders are aware of this and are working on it." Another problem area, he added, is cleanliness and "we've come a long way in the past year."

Another problem for Cisco is the lack of recreational opportunities, Mr. Shepard said. He complimented the city council's current effort to find a way to restore Lake Cisco Park and the recreation area there.

"The CofC has a number of things in prospect that could mean much to the community if everything falls into place," Mr. Shepard said. "We hope to have some interesting announcements in the near future."

President Shirley Hargrave presided over the meeting. The invocation was given by Dr. Kenneth E. Breeze, pastor of the First Christian Church.

## We Have A Problem- What To Do About It?

(ED. NOTE: Mrs. Prescott is a very active letter writer and we asked her to share views with our readers. This piece is an appeal for good citizens to act.)

**We Have A Problem - What to do About It?**

By Bernice Prescott  
An appalling crime rate in our county, state, and nation affect and concerns us all, yet efforts to control the situation have been in vain. Why? Law enforcement personnel do not make the laws, but are required to enforce them and abide by them.

Recent rulings by our nation's Supreme Court have affected the administration of the law by all courts.

The Civil Rights Act of the sixties was based on Amendments IV, V, VI, VII, and VIII of our federal Constitution, but it should have included the ninth Amendment as well, to maintain the balance of justice.

Amendments four through eight enumerate the rights of individuals, the ninth specifies, "The people retain

rights not here enumerated. The enumeration in the Constitution, of certain rights shall not be construed to deny or disparage others retained by the people." In its present form, the Civil Rights Act does indeed, place the rights of the individual above the rights of the people.

Law enforcement cannot change this, only we, the people through our representatives in Congress.

Is not a Federal Judge's mandate that the people of our state must spend millions of dollars on our prison system, an usurpation of State's rights? These are state prisons, not federal prisons, and state prisoners, not federal prisoners?

It is preposterous that in a time of economic hardship, we should spend millions of dollars improving the comfort of prison inmates, when they are there by choice, in that they chose to commit a crime, while thousands of people are living in crowded conditions, without a balance-

diet, victims of the elements, sans free medical, dental care, without free legal representation, and their only crime has been to lose their job, or be very old, very young, or very poor. This is not justice, this is moral and legal insanity.

When overcrowding in our prison became a problem, then Gov. Bill Clements suggested setting up tents in prison compounds only to have this suggestion greeted by cries that this would constitute cruel and inhuman punishment. I wonder how many veterans of how many wars, who lived in tents, fox holes, and crowded barracks had considered this housing of prisoners as "cruel and inhuman".

Only we, the people, can change these inequities and thus help reduce crime, but we can't do it grumbling over our coffee cups with our neighbors, we must tell it to those whom we have hired with our votes to speak for us in the Houses of Govern-

ment. At a local football contest, if an official makes a questionable call, the roard protest can be heard for ten miles, and the official is lucky to leave town with his head but when crime is winning the game, and when official rulings, by law favor the criminal, the spectators are very quiet. Perhaps we need a booster club to drum up enough interest among the fans to get a few rules changed.

Another factor which has created a quagmire of injustice is the automatic appeals of every court verdict. Would it not be well to limit all appeals to the presentation of new evidence? Stays of execution for those convicted of murder has been so abused by the legal system as to make court trials an exercise in futility, justice a mockery, and costing taxpayers millions of dollars which could be spent on other state services.

## Hilton Center Seeking Museum Items

The Conrad N. Hilton Memorial Park and Community Center, which will have its formal dedication on Monday, October 13, is seeking items of historical or nostalgic interest for display in the museum area of the refurbished Mobley Hotel.

Hilton board members Jo Ann Cermin and Brad Kimbrough, in cooperation with the Cisco Historical Society, are coordinating the efforts to have museum-type articles for display at the Mobley to be strictly a loan, and it is not necessary to donate them.

If you have an item or items you'd like to have considered for the museum, please contact Mrs. Cermin at 442-3200 or 442-2543, or Mr. Kimbrough at 442-1211 or 442-2233.

## Putnam News

By Mrs. R.B. Taylor

The weather seems to be like a cracked record. The same thing over and over. There are widely scattered showers around in the Big Country but so far all have missed Putnam. We will be glad when we have a front to bring cooler weather and some rain!

We are sorry to report that our neighbor, Mrs. Fred Graham, is in very serious condition at Cisco Hospital. Also sorry to report the death of Mrs. Jaunita Cotten of Baird and Mrs. Ray (Faye) Wilbanks of Albany. Faye was the daughter of the late Mr. and Mrs. Bayliss Eubanks, longtime residents of the Putnam Community. She and Ray lived most of their married life on the ranch north of Putnam. She was a longtime member of the Putnam Women's Study Club. Our deepest sympathy to the family. Services were at Albany and burial was at Putnam Cemetery.

### STUDY CLUB MEETS

The Women's Study Club met at the Community Center Monday afternoon at 1 p.m. for a pot luck lunch. Ten members and five guests were present. Due to the absence of the president Edith Muzny, Meta Isenhower, 2nd vice president, presided for a business meeting. A Christmas in November fair was discussed and plans were formulated. Anyone having arts, crafts, etc. to sell may purchase a booth. Contact Ida Mae Waddell or Annie Mae Dunaway. The next meeting of the club will be the second Monday in October.

Dale Isenhower of Lubbock and Christi Isenhower of Wichita Falls were home last week at Coleman to attend the Golden Wedding Anniversary of their grandparents, the John D. Isenhowers.

Mr. and Mrs. John Petty and Mrs. Lillie Williams of Brownwood were in Putnam Monday and attended the club.

The G. W. Weeks spent last weekend at Waco where they visited their son John and attended the homecoming activities at Baylor University.

The Hubert Donaways and Duane Donaways of Odessa spent the weekend with the Milton Donaways and attended the Abilene-Odessa game.

Mrs. Annie Mae Donaway and Mrs. Edith Muzny attended the open house at Canterbury Villa at Baird Thursday evening.

This item failed to make the news last week.

Alma (Hurst) Buchanan of Beaumont died Aug. 28. She was reared in Putnam. Survivors are one sister, Ada Stewart of Electra and one brother of Beaumont; one daughter and two sons.

Dale Wirt died recently at Glen Rose. Dale had lived at Putnam many years before going to the rest home at Glen Rose.

## Mobley Fish Pond To Have Waterfall Soon

Plans for erecting a new sign and for making improvements at the fish pond were discussed at a meeting of the board of directors of the Conrad N. Hilton Memorial Park and Community Center last Tuesday, according to President Eris Ritchie.

A new and attractive sign will replace the one now at the Mobley Hotel, it was decided. Plans call for the

fish pond to have a waterfall, the board also decided. Hopefully, both improvements will be completed before the Oct. 13th dedication program, Mr. Ritchie said.

Details of the dedication program were studied by the board. Mr. Ritchie said the invitations to attend the event have been sent to area newspapers and television stations.

## Elite Beauty Shop Offers Several Treatments

The Elite Beauty Shop is now offering hot wax facials, manicures and pedicures, according to an announcement from Carmen Rosales, owner and operator.

She said that liquid warm peach scented paraffin solidifies on the skin and transfers more heat than water without drying the tender tissues. This softens the skin and improves cir-

ulation, giving a feeling of well being while easing muscle and joint discomfort. Mrs. Rosales added that it is excellent for arthritis pain.

Working at the shop, in addition to Mrs. Rosales, are Desi Covington, Dixie Carter, Janet Love Parsley, and Annette Hammer.

Appointments may be made by calling 442-1265 Tuesday through Saturday.

## Cross Plains Club To Hold Annual Art Show

The Cross Plains Paint and Palette club will host its 13th annual art show Friday, Oct. 31 through Sunday, Nov. 2, at the Cross Plains Community Center on Beech Street.

Registration will be from 2-6 p.m. Friday, and the show will be open to the public from 9 a.m. to 6 p.m. Saturday and 1 to 3:30 p.m. Sunday.

The show will have over \$500 in cash awards for the winning paintings, as well as two door prizes. A drawing will be held at 3:30 p.m. Sunday and cash awards will also be presented at that time.

The registration fee is \$2 per entry for adults (limit of five entries), with a \$2 entry fee for children (limit of three entries). Artists must live within a 75-mile radius of Cross Plains, and any previously shown paintings are ineligible.

Paintings will be classified into six divisions - professional, advanced amateur, amateur, beginner, intermediate (12-18) and children (1-11).

## NOTICE

WHY YOU CAN'T BRACE YOURSELF IN A CAR CRASH

In a 30 mph collision with a solid object, a driver or passenger not wearing a seat belt will slam into his car's windshield, steering wheel, or dashboard at a force of more than 100 times the force of gravity.

This is the "g force" you hear about in rocket launches; a 30 mph car crash exerts g forces more than 20 times stronger than those an astronaut experiences at blastoff.

An unbelted adult holding a child on his lap can expect to be thrown forward at a force of one and one-half tons in a 30 mph crash.

Awards include \$85 (best of show), \$75 (best of professional), \$65 (best of advanced amateur), \$60 (best of amateur), and \$50 (best of beginner). Also given will be a \$50 cash award to the adult peer's choice and \$15 to the children's peer's choice; \$30 and \$20 awards to the adult and children's people's choice; and \$15, \$10, and \$7 to the first three places in intermediate and \$10, \$7 and \$5 to the first three places in children.

Ribbons will be awarded to the first three places and honorable mention in each division at the judges discretion.

## Prescription For Parents

By Joyce Herron

(ED. NOTE: This series of articles is by a private school, parent-oriented educator in Lubbock and coordinated here by Assistant Claudia Bulgerin, to whom comments and inquiries may be directed at 1800 West Plummer St., Eastland, Tx. 76448.)

What can I do with my child on vacation? He gets so bored on long trips.

Learning does not stop just because school is not in session. Summer activities and family trip are great opportunities for a child to explore and see new things like the ocean, mountains, cities and farms - in fact, anything that is different from what or she normally sees at home.

Vacations provide a great chance to broaden your child's mind and minister to his or her spirit.

Point out new things, like animals, plants, terrain, historical places,

geographical locations, direction and cultural differences.

Help your child relate new things to familiar things, for example: a mountainous area to the plains area; a city to a farming community; the ocean to a lake.

Listen to your child's reaction and discuss the experience. Don't be so bound by time that you fail to take opportunity to visit new things, stop and experience, explore, visit a new church, library, see a play, talk with people about their town, ask about things of interest to

see and do.

Plan ahead. Write to the Chamber of Commerce in areas you will be visiting and obtain maps. Plan to get the most out of your trip.

Let your child get a photo album or scrapbook of things he/she sees and does. He/She can write stories or draw pictures, pick up brochures or save tickets of activities, plays or events attended. Teach him new songs, game etc. This is a great time to build stronger relationships.

Always teach him/her that God made our beautiful country and we are to care for it. Be a good example of leaving parks, restrooms, resort areas, and camp sites better than when you arrived. Teach him/her to be friendly and courteous as we are to be always be teaching God's Word by example to others. Teach your child Eph. 4:32, Mark 10:43-44,

Eph. 6:7. Learning is fun for everyone - you and your child enjoy it together!

Christmas Card Shopping is in the bag with PERSONALIZED Christmas Cards from Eastland Telegram 215 S. Seaman 629-1707

The County Fair and Parade is Saturday! Eastland 4-H Club will have a float and let loose a whole load of helium filled balloons. These balloons have a note with the names of our 4-H'ers inside them. The note will also have the Extension Service phone number on it. We want to keep a record of how far the balloons travel. If you happen to have a balloon fall into your yard, please call the number inside and we will report the results.

Eastland 4-H Club will also have a booth during the fair. They will be selling popcorn balls, peanut patties and caramel apples. Please stop by and visit with our 4-H members.

The Jr. Leader Assoc. will sponsor a petting zoo on the lawn of the Courthouse, Saturday, during the County Fair. The animals will be on display for everyone to touch

and feel. We would like to invite everybody to stop by during the day, we look forward to seeing you!

Look for the Nimrod 4-H Club float during the parade! They have a very original idea cooked up!

Thanks to the following 4-H'ers who helped decorate the Eastland 4-H Club float for Saturday's parade: Mandi Crow, Chris Herrera, Natalie Stevens, Paul Sheeran, Eric Herrera, Cathy Thomas, Albany Sargent, Rebecca Massingill, Kori Lewis, Monica Harbin, Jeremy Keith, Bethany Boland, Laura Johnson, Kyle Sargent, Barbie Butler, Jessica Keith, Diane Butler, Darrell Williams, Tammy Lyerla, Melanie Griffin, Tammy Farmer and Whitney Lasater. Special thanks goes out to the adult leaders, who helped with decorations. They include Debra Herrera, Sandy Sheeran, Sandy Lyerla, Sandy Sargent, Nanette Keith, Jeannie Griffin, Kathy Williams, Liz Crow and Judy Farmer. Their help and support is deeply appreciated. Also, special thanks goes to Paul

Mrs. Winge, a long-time resident of Cisco, died Thursday morning at E.L. Graham Memorial Hospital following a short illness.

Born July 10, 1922, in Cisco, she married Charlie Winge Dec. 21, 1952, in Cisco. He died in 1977. She attended the Lutheran Church.

Survivors include her mother, Mrs. Lydia Ziehr, of Canterbury Villa; three brothers, Alvin Ziehr of Pearland, Ruben Ziehr of Houston, and Carl Ziehr of Houston; and two sisters, Juanita Cockrell and Edna Reich, both of Cisco.

### SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

A young lady was asked to do something, but she answered, "Not now, maybe tomorrow."

"Pile up your tomorrows," cried the professor, "and you'll find you've collected nothing but a lot of yesterday's. I don't know about you, but I'd like to make today worth remembering."

Tomorrow is a lamp without oil that has left many in darkness. It is the key that has locked many in dungeons of despair. It is a ship that has carried many to destruction. The

spirit of tomorrow has been the ruin of millions of bodies and souls.

Wisely use your today, and your tomorrow will be wonderfully kind to you.

Today, by the grace of God, turn fear into faith, greed into gratitude, demands into dedication, getting into giving, selfishness into service, and you will make today a day worth remembering.

Wait for tomorrow and you will have an empty yesterday.

## October School Attendance Is Critical in Cisco School For State Monies

Local school students and parents have a unique opportunity during the month of October to provide maximum financial support to the local Independent School District.

Students may do this at no cost to themselves - providing only their bodies in a classroom. This goal may be achieved simply by assuring that each student attends school each day during the period of Oct. 6 through Oct. 30.

"State funding for the 1986-87 school year will be based on average student attendance during the first four weeks in October," said a local school official. "The district will receive state support in the amount of \$1,465 per student for the average number of students who attend school Oct. 6-30.

"Conversely, the district will lose a minimum of \$73.25 per day for each student absence during this enrollment period."

The official roll call at each school will be held at 10 a.m. Parents who have medical, dental or other appointments that require the presence of their children are encouraged to make those appointments after 10 a.m. on school days, and to have students attend school until 10 a.m.

"Each effort will create a financial advantage of \$73.25 for the school district and will have the effect of local tax requirements by that amount. Regular school attendance is always important for the student, but it also becomes important for the taxpayer during October."

Each of the school campuses will have special activities to promote high attendance during the month. Patrons of the local ISD are encouraged to join with the personnel of the school district in effort to assure maximum attendance.

## Cisco Boy Scouts Family Night To Be October 6

Troop 101 of the Cisco Boy Scouts will be having a Family Night on Monday, Oct. 6, at 7 p.m. at the First Presbyterian Church. All members, their families, and other interested boys and adults are urged to come out, enjoy the evening, and get involved.

A Pot Luck meal will be served, and Roy Cartee will speak on CPR, a lifesaving technique. Mr. Cartee is director of the Eastland County Red Cross.

On Sept. 19-21, 17 scouts from Troop 101 attended a large area camporee at Lake Proctor. All had an oppor-

tunity to earn Tote-M-Ship Merit Badges. A great time was reported by the boys and their leaders.

Uniforms are still needed by some of the local Scouts. If you have any you would care to donate please contact Leaders Bruce Watson, Pat Oxford or Virgil Covart. And how about donating some time as an Adult Leader - working with boys who need and would appreciate your help? Come out to Family

Night on Oct. 6 and learn more about it.

## Contest Winners To Read Entries

Winners in the 1986 Cisco Writer's Club Contest will read their first place manuscripts during a club meeting Tuesday, Oct. 7. The program will begin at 7 p.m. in the Community Room of the First National Bank.

Lela Latch Lloyd, club president, will lead out at the meeting, and all interested persons are invited to attend. Spend an enjoyable evening listening to these prize-winning manuscripts.

**MEMBERS OF** the Chamber of Commerce and interested citizens are invited to attend a "coffee and talk session" at the CofC's new Mobley Hotel offices from 8 to 9 a.m. Wednesday, Oct. 8. This was announced by Manager Don Shepard and President Shirley Hargrave at the CofC's quarterly breakfast last Wednesday morning.

Plans call for holding weekly Wednesday a.m. informal gatherings for people to express their thoughts and ideas. You're invited.

Mrs. Hargrave and Mr. Shepard, by the way, attended a quarterly breakfast of the Breckenridge CofC one day last week.

THE WINTER of 1986-87 is going to be a cold one. That's the word in the new Old Farmer's Almanac. They're predicting an extra cold winter for our section of Texas and a good part of the nation. Another sign, folks say, is that crickets showed up extra early this year.

The long range forecasting folks indicate that we're supposed to have a wetter than usual winter. Let's hope they know what they're talking about.

MR. LINTON Batteas, local contractor, hasn't caught any catfish lately. But he saw a super catfish that was hooked and landed at the T&P Lake over near Thurber last weekend. Visiting there with his family, they saw a 75-pound catfish.

The fish was the biggest fresh water fish that Mr. Batteas every saw, he says. A trotline was used by the fishermen.

OUR SCOUTS report that Miss Betty Haight, R.N., who is semi-retired, received a call the other day from Mrs. Fay Stephenson. Mrs. FS told Betty that she was urgently needed in the Gaza Strip, Israel, hospital where both worked last year and where Mrs. Stephenson recently went to work for three months.

So...Miss Haight will fly out Oct. 8th from D-FW airport and arrive next day in Israel. And she will work in the hospital as an unpaid volunteer (like Mrs. Stephenson) for three months - until Dec. 18th.

Understanding the Baptist Foreign Mission Board is helping with Miss Haight's expenses along with local friends.

THE HAROLD Reichs went over to Denton last weekend to visit daughter Jeanine who is a physical therapy major at Texas Women's University. Jeanine's twin brother Keith is attending CJC and their big sister, Linda, is a student at Howard Payne University... Mrs. Manning Davis decided recently to begin pushing herself away from the dinner tables a little sooner in weight control project. So she received an "IOU One Cake" for her birthday Wednesday. (Mrs. Davis and this writer are the same age - both born on Oct. 1st.)

LAST WEDNESDAY was the 16th anniversary of the day Mr. Robt. E. (Bob) Conner opened the medical technician's office at E.L. Graham Memorial Hospital. He arrived a few days before the hospital opened for business on Nov. 30, 1970, and has been on the job ever since.

Bob, a native of Kansas, has been in medical technician work for over 30 years. He is an ex-president of the Cisco Lions Club, sings in the choir at First Baptist Church, and lives with his wife Carlene out in old Humboldt. They're good citizens of our town.

MR. HUBERT Kennedy, who lives out on West 14th Street, is the only man we know who is equipped and who is capable to keep up with four football games at one time. He has two TVs and two radios that he tunes to different stations and games on Saturday afternoons. He watches two and has a radio plugged into each ear. Things get a little hairy at times, he says, particularly when two or three of the games have spectacular things happening at the

same time.

Hubert has a new machine that records on cassettes any kind of music. The feature of the new machine is the fact that it will record 90 minutes of music in 45 minutes. And when you play the tape that Hubert has recorded, it runs the full 90 minutes. Pretty slick, huh?

IT'S PRETTY safe to say that the fire that destroyed the huge pile of wood and debris that CHS students had collected for their bonfire was an arson job. The fire broke out at 2:30 a.m. Thursday-15 minutes after a group of CHS Ag students had decided that it would be safe to go home.

The fire had burned out by 6:30 a.m. And students were on the job assembling another bonfire pile early Thursday. Their pep rally and bonfire went off as scheduled Thursday night.

There were no clues as to who put the torch to the pile Wednesday night.

WENT OUT TO Nimrod Neighbors Progressive Club's stew supper last Monday night and, as usual, the food was super good. Enjoyed a big bowl of beef stew with cornbread, pickles and onions plus a bowl of peach cobbler... Mrs. Dora Schaefer, Mrs. Buford Cozart, Mrs. Ray Moody and others of the club were on the job to serve folks.

Met up with the Rev. Lee Rodgers, pastor of the Nimrod Baptist Church, and he reported that they're making progress on their building project... The Buck Sharps were at the supper and he recalled that he grew up a mile or so from the Nimrod club house. His dad, he said, was the mail carrier for the area back in the olden days... The Don Shepards were there, too. They live in the Nimrod community. Don told us that he has owned property out there for 18 years.

MR. EARL RAY, who operates the machine shop, has a white looking thing that resembles a cigarette in his mouth much of the time these days. "It's a pacifier," Earl told us. He added that the doctors told him he should stop smoking in 1945, and he has done so at long last... Olin Odum, director of admission out at CJC, joined his little brother Dr. Clark Odum in Big D last Saturday to attend the SMU-TCU football game. Clark is an SMU-ex. The game was played in the Cotton Bowl... Heard about a man who was feeling poorly. He went to a doctor in another city and was given a clean bill of health. Deciding he wanted a second opinion, he went to a local doctor. Again, no ailments or health problems were detected. "Suggest you try church," said the local doctor. And the man was in church last Sunday for the first time in years... The Billy Wrights and two daughters and Amy Anderson were in Lubbock last weekend for the Texas Tech-Raylor football game.

local news in brief

**HALF INCH RAIN**

Approximately one-half of an inch of rain fell in the Cisco area during the early morning hours Friday, according to rain gauges over town. Forecasters called for "a good chance" for rainfall Saturday and Sunday. Cooler weather has been forecast for the coming week.

**Jim Puryear Is Weekly Teacher**

come from Cisco, as well as doctors, lawyers, ministers and successful mothers and housewives. I asked Jimmy when I interviewed him what was his philosophy of education, and his response was: "Do your best and don't sweat the rest."

Jimmy Puryear has also served the community as a councilman for two terms, and he and his wife Jeanene, attend the First Baptist Church in Cisco where Jimmy is the Director of the Adult II Department.

**Civic League To Meet October 9**

The Cisco Civic League will hold its regular meeting Thursday, Oct. 9, at 7:30 p.m. in the Community Room, the First National Bank.

"The September meeting was relaxing in the atmosphere of the salad supper hosted at Sherry Wright's home. Now we need to get down to a little more rigorous planning in October. With the mini-marathon Oct. 21, we need your ideas to set the final details," club president Youvonne McMillan said.

**Students May Buy Tickets At Cisco Schools**

Students of the Cisco Public Schools as well as those of other Class 13-AA schools will be able to buy football game tickets for \$2 if purchased at their school and not at the stadium gate, according to an announcement.

If purchased at the gate, student tickets will cost \$3—the same as the charge for adults.

The conference season for the Lobos of Cisco High School begins at Dublin Oct. 10 and continues here with Eastland Oct. 17, at Ranger Oct. 24, here with De Leon Oct. 31 and here with Hico Nov. 7.

**Junior Class Parents To Plan Dance**

Junior Class parents have been asked to make plans for the upcoming Halloween Dance scheduled by Parents for Teens. The dance will be held Friday, Oct. 31, after the Cisco-DeLeon football game.

Any junior parent interested in helping or taking charge of the scheduled event may please contact Parents for Teens.

**Man's Store Is Featured**

Helen Heyser has worked part time at The Man's Store about 3 years. She is married to J.V. Heyser and they have four children.

Bob Elliott and Nadine Wofford were married in Denison, Texas on April 18th, 1943, while he was in the military service.

Bob is past president of the Chamber of Commerce and past president of the Cisco Rotary Club. He served on the Board of Regents of Cisco Junior College for 12 years. He is currently serving on the board of the Cisco Cemetery Association. He is a member of the Cisco Country Club, Chamber of Commerce, and the First United Methodist Church.

**MURDER**

The two murder cases had been processed. One resulted in a not guilty verdict, following an earlier mistrial. The other resulted

in a mistrial which could still be retried.

**PERJURY**

The one perjury cases resulted in a five-year probated sentence with no fine.

**Re-Franching The County Court**

There is no question but that Eastland County's 91st District Court is a busy place. Presiding Judge Jim Wright has recently set a third week each month for hearing criminal cases, which leaves only a week for civil matters.

Several years ago, jurisdiction for contested misdemeanor cases was transferred by legislative action to the 91st to bolster it.

Today with the increase in crime and the resulting number of cases filed, the 91st "doesn't need all the business it has."

To help rectify the problem of the crowded docket in 91st Court, a bill will be introduced in the legislature in its next session to return the jurisdiction for misdemeanors to the County Court, over which County Judge Scott Bailey would preside.

Most courthouse observers feel that this could bring some additional benefits. Not only would it lighten the case load for the district court, it could result in the processing of a number of cases which often don't get heard now.

Cases from municipal parking violations to speeding tickets could more readily be handled in the lower court. As it is now,

defendants pretty well know if they initially plead not guilty, their case will move on up to the district court and it may or may not ever be heard.

If such a local bill were introduced and passed, the procedure could be altered within a relatively short time. It would not require the statewide constitutional amendment approval as do some other such local measures such as abolition of certain offices which Texas voters often face on their General Election ballots in the fall.

One source indicated that maybe as many as 90 per cent of the misdemeanor cases which are now filed in the district court could be filed in the County Court even now.

Asked if returning jurisdiction to the County Court would also require that a County Prosecutor be provided for, a reliable source indicated that he thought now. Probably the assistant district attorney could serve as county prosecutor he said.

Others are of the opinion that a separate county attorney should be made a part of the bill and program.

Re-designating the County Court to hear contested cases would probably cost the county the expense of preparing the courtroom for use, and perhaps other expenses, but that the resulting revenue derived from the normal processing of the multitude of cases could easily offset the initial costs.

Such a bill could provide for concurrent jurisdiction so that the two courts could work together to help process cases. If one were to become over-loaded, the other could help work through the cases.

**Eastland County Soccer Teams**

Red Hots, Olney Savings; Tornados, Bulldogs Car Wash; and Kickers, First State Bank.

The association also expressed their appreciation to Mundens, Wal Mart, and Motts for donating balls, and to Quickway and Allsup's for donating ice.

The fundraiser is in progress until Oct. 6, and everyone's help is appreciated.

**RESISTING ARREST**

The three resisting arrest cases were processed and one resulted in a one-year probation with a \$500 fine; one with a 90 day jail term with \$500 fine; and the third with a four-day jail term and a \$500 fine. Total fines: \$1,500.

**ROBBERY**

The one robbery case had not been processed.

**SPEEDING**

Not one of the 46 speeding cases had been tried.

**MISC. FELONY**

Six of the nine miscellaneous felony cases had been tried and five resulted in probated sentences of from two years to seven years. One defendant was fined \$200.

Total fines assessed amounted to \$82,612.

Assessed however does not always mean collected. A preliminary check indicates that for the \$125,000.00 in fines assessed has actually been collected by the county. Word is that when probations are broken payment of fines usually ceases.

**Pie Sale**

The Eastland County Child Welfare Board will be sponsoring a Pie and Coffee sale at the Eastland Drug Store on Saturday, October 4th, during the County Fair. All proceeds will go to aid abused and neglected children of Eastland County.

**Lord's Acre Is Set For Saturday, October 18**

The fourth annual Lord's Acre will be held Saturday, Oct. 18, in the basement of First United Methodist Church with the booths opening at 9 a.m.

Ladies of the church have made a quilt which will be auctioned. The quilt will be displayed at senior citizens luncheon Monday, Oct. 6, and then it, along with other items to be auctioned, will be on display at Olney Savings.

The public is invited to view the items and bid on them at Olney Savings. Lunch, turkey and dressing with all the trimmings, will be served from 11:30

a.m. until 1:30 p.m. Oct. 18. Price will be \$4.00 for adults and \$2.50 for children.

A co-ed volleyball tournament will be held the same day and anyone over 16 years of age interested in participating may contact Ken Diehm at 442-1334.

The booths, which will feature many beautiful items made by church members, will close at 2 p.m.

Church members throwing ping pong balls at the parade Friday afternoon. Anyone who brings a ball into Lord's Acre will receive 10 percent off any item.
