## Wanda's Corner

by Wanda Hallmark

Marvin Solis, 19-year old son of Rudy and Maryann Solis and a student at Cisco High School underwent surgery last week to have his leg amputated above the knee. He is in a San Antonio hospital. Marvin was injured in a motorcycle accident last year here in Cisco.

His mother, Maryann has been ill and is also hospitalized in a San Antonio hospital. All Ciscoans are urged to remember this family in their prayers.

At last Friday night's football game an announcement was made and prayers were asked for Johnny Ramirez, an employee at Thriftmart. Johnny has kidney failure and is at an Abilene Hospital.

A special fund at First National Bank has been set up for Johnny since he does not have any insurance.

There is a Sunday School contest going on at First Evangelical Methodist Church. It is the men against the women and points are made when members ask visitors to attend Sunday School. If the men lose, then they have to cook a pot luck dinner and then serve it to the women and then clean up.

I hope that anyone who has

a chance to visit the church will say they saw this in my column and that way the points will be for the women.

That's kind of sneaky isn't it —

Early Tuesday morning several people woke up when a heavy thunderstorm passed through Cisco. Evelyn Valek reported one and a half inch of rain at her place. Evelyn is the Cisco correspondent for the Abilene Reporter News.

Everyone look for the new article in the Press that was sent in by Sandra Prickett of Lake Brownwood. She is the former Sandra Bittick from Cisco. She and her husband, Sam both graduated from Cisco High School and they have many friends and relative still here.

It is really an enjoyable article.

The Cisco High School varsity cheerleaders have asked that all Cisco Lobo fans wear black and gold to the football game against Hico Friday night.

Let's let our school colors shine and let the Cisco Lobos know that "We back the pack!"

## Dale Stewart Is Artist Of The Month At Cisco Bank

Bronze sculpture pieces by Dale Stewart of Cisco went on display for the month of November at the First National Bank on Monday, Nov. 3, as he was being honored in their artist of the month program. This display in the bank lobby includes four large and two small bronze pieces.

Mr. Stewart, who recently completed a bronze bust of the late Conrad Hilton for

display at the Mobley Hilton Hotel, is a native of Coleman and has lived here four years. He has been interested in art since boyhood and did oil painting prior to becoming interested in sculpture.

His bronze pieces have included several commissioned busts plus busts of Elvis Presley, John Wayne and other public figures.

## Cisco Police Check On Citizens Reports

A 21-year old Cisco man was being held in the county jail at Eastland Tuesday pending making a \$1,500 bond after he was charged with seeking to evade arrest here at 12:15 a.m. Monday.

Police Chief Billy Rains reported that William K. Brown of Cisco, recently of Houston, had been arrested at East 14th near Hilton on a charge of public intoxication. After his arrest, he attempted to run away.

Sgt. Larry Jernigan and Officer Kenneth Preston and Fireman Larry Weikel, the latter a passenger in the police car, gave chase. Weikel, who is attending the police academy in Abilene, tackled Brown after running him down.

City Judge Douglas Fry set bond for Brown at \$1,500 in the attempted escape case, which is a Class B Misdemeanor.

A number of theft cases were reported to police during the past few days, Chief Rains said. On Oct. 27, Paula Hollister of 603 West 2nd Street reported the theft of a stereo valued at \$224.

A Mrs. Laird of 1201

Avenue M reported the theft of a police scanner when somebody broke into her home last Friday afternoon. The instrument has a value of \$149, she told police.

Roy Cozart of 1501 Avenue N reported the theft of a Western Auto bicycle from the residence between Oct. 31 and Nov. 2. The bike was valued at about \$100, police said.

A chain saw worth some \$400 was stolen from the home of Carter Boyd, 312 East 22nd Street, last Sunday, it was reported. Police were investigating.

George Montgomery of Cisco reported to police that at 9:40 p.m. Friday, Oct. 31, his 1983 model Buick was damaged by persons unknown while parked on a downtown street. The door on the driver's side had been "kicked in," the report said. Police had suspects.

## Turkeywalk

The 1986 Turkeywalk of the American Heart Association will be held Saturday, November 8. The five-mile walk will begin at 9 a.m. in the City Park.

This year Helen Gaeta is in charge of the walk and for more information call her at 442-2537.

inch medallion commemorating the Mobley Hilton restoration. One side has the likeness of Mr. Hilton and the other contains a picture of the hotel. The medallions are on sale at the special price of \$60 at the Mobley Hotel. Ten percent of all sales will go to the Mobley perpetual care fund, Mr. Stewart reported. The piece, suitable as a desk paper weight, has an appraised value of \$120.

Mr. Stewart is a member of the Texas Sculptor's Society and of the Cowboy Artist's Association. He planned to be in Kerrville on Wednesday, Nov. 5, to attend an artists' reception for Robert Pummill, CAA member and prominent western artist. Mr. Stewart expected to remain in Kerrville a few days to attend a workshop that Mr. Pummill will conduct.

The bronze piece that Mr. Stewart expected to deliver this week to Houston (shown in the accompanying picture) is of a Sioux Indian chief on his horse, holding a tomahawk in one hand and a lance and coupe stick in the other. He is 15-inches high.

Mr. Stewart is married to the former Ruth Schaefer, native of Cisco and member of the public school faculty. He is a member of the Cisco Lions Club.

## Date To Be Set For Garcia Murder Case

The pre-trial date for defendants in the 1981 murder case of Debra Garcia in Cisco is expected to be set by Judge Jim Wright of 91st District Court after a formal arraignment hearing Thursday, Nov. 6, Special Prosecutor Bill Hart reported Monday.

The pre-trial hearing scheduled last week was postponed Friday after defense attorneys for three defendants protested that the trio had not been formally arraigned and they asked for ten days after arraignment to prepare for the pre-trial hearing.

The 4th defendant, Joe Thomas Perry, was due to be transferred from Boston

where he has been in jail for some two months to Eastland this week. Sheriff Don Underwood reported Monday that "we'll go after him this week."

In a hearing last Thursday, attorneys for Defendants Richard Hinton, Brenda Andrews and Pat Starr, sought to have both Judge Wright and Prosecutor Hart removed from the proceedings. Visiting Judge Herman Fitts of Palo Pinto overruled the defense request.

Attorney Saul Pullman, representing Hinton by appointment of the court, requested the county to pay him more than \$30,000 for ex-

penses. Mr. Pullman said this amount has already been paid the prosecutor and that under the law an attorney appointed by the court should be compensated on the same basis.

Mrs. Garcia, a convenience store employee, was abducted from her job on Nov. 29, 1981, and her body was found in a roadside ditch west of Cisco two days later. Two Cisco brothers, Thomas and Charles LeFlore, are serving prison sentences in the case after pleading guilty to murder charges.

The four other defendants were named in indictments returned after Mr. Hart was appointed special prosecutor in the case.

A Pony Express theme is being used this year in the Stewardship Campaign of the First United Methodist Church. Steve Haines, general manager, will direct 22 leaders of the church, "trail bossess", to supervise the relaying of the saddlebags to each of the church's families. A family fills in an "estimate of giving" card, seals it in an envelope, and inserts it in the saddlebag. The Rev. Ben Tibbs, pastor, says the campaign is based on the same concept of the old Pony Express - teamwork.

The Eastland Ministerial Alliance is making plans for a city-wide Thanksgiving Service at Camp Inspiration Church of God, Wednesday, November 26, 7 p.m. Don Nichols of Bethel Baptist Church will lead the congregation in singing, and the Rev. Ben Tibbs, pastor of Eastland's First Methodist Church, will be the featured speaker. All are invited to come give thanks to God for the many gifts received during the past years.

Eastland Memorial Hospital Auxiliary held its organizational meeting Oct. 25, and elected officers for 1986-87. Craft items and home-baked goods will be for sale during

the dinner hour, with an auction at 7 p.m. Several homemade quilts will be auctioned. Please come out and enjoy the evening.

Fish stocking orders are being accepted through November 14, by the Callahan Divide Soil and Water Conservation District. **RISING STAR**  
The goal of \$24,000 for the purchase of a new ambulance has been changed, due to price increases in the cost of the ambulance since the fund was started nine months ago. The new goal is \$27,000, and the balance in the New Ambulance Fund is now \$23,048. Various fund-raising projects are under consideration. It is sad to be so near this goal and yet not have this vitally needed equipment at hand. This Volunteer Ambulance Service operates all around the Rising Star area, and makes runs to hospitals quite frequently. The next regular board meeting will be November 10, and the next general meeting of the association will be November 11.

**CISCO**  
Transfer of the Edward Lee Building, corner of Ave. E and 6th St., won't be completed for about two months, but the City of Cisco now has possession. The new items that the Society will loan to the Museum include some of the original towel racks used in the Mobley. Other items have been donated from the estate of Mrs. Forest Wright. The Society has also made arrangements to store some of the material they have obtained for the planned historical park. It was also decided to erect a sign at the park site.

Contracts for painting signs on the new water reservoir at College Hill and the overhead water storage tank near I-20 in south Cisco have been awarded to Otis Dow Co. of Mineral Wells. The company will paint the name "Cisco Junior College" in letters two feet high on the College Hill reservoir. The name "Cisco" will be repainted on the I-20 area reservoir in larger letters so it can be read from a distance. The firm will be paid \$2500 for this work and \$800 for the work on College Hill.

The engineering firm of Jacob and Martin, Abilene is expected to make a study and give a report during November on a comprehensive area water survey. City

## PADD and BSA Are Donated To By The FOP Recently

By Joyce Duggan

The Fraternal Order of Police, Lodge 15, met Monday night at Best Western in Eastland. In an effort to extend another helping hand, the Fraternal Order of Police (F.O.P.) donated \$500.00 to Parents Against Dangerous Drugs (P.A.D.D.). Accepting the donation for P.A.D.D. was Mr. Joe Cooper of Cisco. Mr. Cooper started the Parents Against Dangerous Drugs in Eastland County. We can all be assured of the fact that this donation will be put to good use.

F.O.P. also made \$50.00 donations to each of four Eastland County Boy Scouts of America (BSA) troops. The Scout troops are all a part of the Comanche Trail Council, Northeast District. The checks were presented by Ranger Police Captain John Mackey, who is also President of the Fraternal Order of Police.

Accepting for the Cisco Boy Scout Troop 101 was Scout Master Bruce Watson. Accepting for the Eastland Boy Scout Troop 103 was Scout Master Dick Johnson.

Accepting for the Ranger Boy Scout Troop 10 was Scout Master Wesley Sumpter.

Accepting for the Rising Star Troop 6 was Ralph Evans of Stephenville, District Executive for Comanche Trail Council, Northeast District.

These donations were made available from proceeds made by the F.O.P. on

Eastland County Boy Scout Masters and Captain John Mackey

pamphlets (manuals) on Drug Abuse and Child Abuse, sponsored by the F.O.P. organization last November. These pamphlets will be on the streets soon for the public to read.

The donations the Scout troops received will help to cover operating expenses and will go toward sending the scouts to camp.

At this time, Rising Star Boy Scout Troop 6 is in need of a Scout Master. Mr. Alan Thomas of Comanche will serve as a temporary Scout Master until someone is found to take over these duties. A meeting is planned in Rising Star on Nov. 18 to try to find a Scout Master for Rising Star and to make plans for Troop 6. The

## Lung Disease: The Facts In 1986...

AUSTIN, Texas--Lung diseases are the third most common cause of death in the United States today, says the American Lung Association of Texas - the Christmas Seal people. Besides the direct in human suffering, the most economic cost of lung disease to the nation is expected to reach a staggering \$40.9 billion in 1986.

Lung cancer remains this country's most deadly form of cancer. Only 13 percent of lung cancer patients live five or more years after diagnosis. It is a frightening fact that the incidence of lung cancer in American women has risen 380 percent in the last 35 years. Already the leading cancer killer among men, lung cancer has now surpassed breast cancer as the foremost cancer killer of American women.

According to the ALA of Texas, much of the premature death and disability caused by lung disease is unnecessary and can be prevented. Cigarette smoking causes 80 to 90 percent of deaths from chronic obstructive pulmonary diseases such as emphysema and chronic bronchitis. Other lung diseases - including respiratory distress syndrome (RDS) in infants and acute respiratory distress syndrome (ARDS) in adults - are still not fully understood and require additional research to find improved means of prevention and treatment.

The American Lung Association was founded in 1904 to combat tuberculosis, then the nation's greatest health menace. Today its mission is to control and prevent all lung diseases and some of their related causes, including smoking, air pollution and occupational lung hazards. It is supported primarily by public contributions to Christmas Seals, those decorative bits of paper that arrive in the mail to over 40 million American households each holiday season. Funds raised by Christmas Seals support health education and biomedical research programs in Texas.

Among the statistics cited by the Christmas Seal people regarding lung disease in America today are the following: •19 million Americans suffer from some form of chronic lung disease including 7.7 million with chronic bronchitis and 2.3 million with emphysema, the two major disease categories within COPD

(chronic obstructive pulmonary disease). The mortality rate attributed to COPD and asthma has increased 34 percent between 1970 and 1983 (latest available figures).

• Asthma, the most common serious disease of childhood, is also the major cause of school absenteeism due to chronic disease, responsible for the loss of 6.5 million school days annually.

• Occupational lung disease - such as byssinosis, which is caused by textile dust and has disabled an estimated 35,000 Americans, and asbestosis and silicosis, which endanger an estimated 106,000 workers - are the number-one cause of work-related disease and injury.

• Chronic sinusitis, a condition of the upper respiratory tract, afflicts more than 27 million of our citizens as of 1986. And hay fever, whose symptoms make the warm weather a miserable time of year for its sufferers, affects more than 19 million Americans.

• Pneumonia is the leading cause of death by infectious disease in the U.S. It is particularly dangerous to those over age 65 and those with previously existing lung illness or heart conditions. Pneumonia is expected to strike over three million American this year.

• Influenza, which can be prevented in most cases with annual vaccination, can also be a life-threatening illness to the elderly and those with chronic heart or lung conditions. Americans are expected to suffer about 75 million bouts of flu in 1986. • Though tuberculosis is no longer the leading cause of death in this country, it has yet to be eradicated. In 1985, 22,201 new cases of TB were reported in America and the incidence rate seems to be rising again.

• As for the common cold, a whopping 76 million episodes are anticipated before this year's holiday season is ended.

For more information on lung disease, contact the ALA of Texas toll-free 1-800-252-LUNG.

Your American Lung Association asks you to support Christmas Seals and says, "Take care of your lungs. They're only human."

## Booze Can

## Sink You

Most boating fatalities are drownings involving alcohol. Drinking and boating are as lethal a mix as drinking and driving, and in some states and provinces a drunken boat operator is subject to fines up to \$5,000.

Why shouldn't you drink while boating? Alcohol impairs your balance. Combined with the rocking motion of a boat, a beer or two makes you much more likely to fall overboard.

Alcohol affects your judgment. You may feel as if you're operating your boat skillfully, but tests show

## Unique Nativity Sets Search Underway

Christmas at the Hilton is planned an area wide celebration of our heritage and is being sponsored by the Cisco Civic League.

As part of the celebration the club is looking for unique nativity sets to be displayed Dec. 19th only.

The civic league would like to borrow unique nativity sets for this night and share the history of it with this area. Any family willing to participate is asked to contact Sherry Wright at 442-2501 or Yolanda Anderson at 442-4188.

drinking impairs performance and may lead to taking risks you would otherwise avoid.

Alcohol reduces your reaction time. When you're drinking, it takes longer for you to receive and process information and still longer to react to it.

This project is being planned as an evening of enjoyment as well as a fund raising project for the Hilton. The Hilton is a tax exempt organization so your donations will be deductible. Tickets may be purchased

at Cisco Chamber of Commerce at 442-2537, or from Cisco Civic League members at 442-4188.

# Reflections

**By SANDRA PRICKETT**  
We left the quiet side on a warm Saturday morning in June a couple of years ago to attend my class reunion. Before we left for the reunion in Cisco, Texas I reminded our seventeen year old son Rod to be home by midnight. My husband Sam, and I planned to be home much earlier.

Sharing the noon meal, and the comradeship with my small class of twenty-five years ago was nice. The wild kids had tamed, some with wind kids of their own, and a few of the tame kids appeared to have gone middle age crazy.

"Mean as Hell, But Mighty Fine, Senior Class of 59." That was our slogan. We all accepted each others failures and successes as easily as we had many years ago.

Sam and I didn't plan to stay for the dance at the Country Club that night. But we were having such a good time! Emotions, remembrances and the shared love of classmates ran high. My husband had graduated at the same small school four years earlier than I, and the dance included several other class reunions also, so he fit right in. At 12:30 that night I called from the music loud country club to tell our son we'd be a little late.

"Well, that's a switch isn't it, mom? I'll wait up."

The class of 59 was really having a great time getting to know each other all over again. My husband, a confirmed non-dancer, even stepped on my toes all over the crowded floor for awhile. About 2:30 a.m. I called the quiet side from The White Elephant Restaurant where a group of us had decided to have breakfast. The phone rang only once "Rod, you still up?"

"I can't hear you mom. What's all that laughing and noise? I thought you'd be home by now."

"We're just having a good time. We're running a little late. I didn't want you to worry. We'll be leaving pretty soon."

"Mom, you and Dad aren't going to do anything foolish like drinking and driving, are you?"

Our son the worrier!  
"Of course not Rod. You know us better than that." I

answered curtly.  
"Well, be careful. You'll be home by 4 a.m.?"

"Somewhere around there," I said, still irritated at his attitude. We drove into the driveway around 5 a.m. The porch light as well as other lights throughout the house burned brightly. And I caught a glimpse of a tall, tan, dark haired son rushing away from the window. Yet when I looked in on him, he appeared to be sleeping like a baby.

Later the next day I heard Rod talking to his married brother. "Do you know what

time they got home last night, or rather this morning? They've picked a fine time of their life to start partying and staying out all night. I hope they don't make a habit of it."

That night Rod started out the front door and yelled, "I'll be home by midnight."  
And about 11:50 when I saw his old car pull into the driveway and jumped into bed.

"Mom, I'm home." And I just mumbled as if I'd been asleep for hours, here on the quiet side, in the slow lane of Lake Brownwood.

## Cisco Baptist Church To Host Evangelical Meet

East Cisco Baptist Church, located at 506 East 11th Street, will host a week long evangelistic meeting featuring the theme, "Good News America II." The 1986 Southern Baptist simultaneous revival theme across the United States was "Good News America - God Loves You." The three Southern Baptist Church in Cisco joined together to sponsor a tent crusade in the spring of 1986. According to Pastor Cecil Deadman "Good News America" is just too great an emphasis to drop after one meeting, "so we have decided to call our Fall emphasis 'Good News America II.'" Two outstanding young men have been enlisted to lead the east side

congregation in the week of evangelistic services. Bruce Perkins, pastor of Memorial Baptist Church in Grapevine will be doing the preaching. Steve Smith, a former staff member of East Cisco Baptist Church will lead the music.

Steve Smith has spent most of the 30 years of his life in the Oklahoma City area. He grew up in a Christian home with parents who were faithful workers in the local Baptist church. It was in Sunday School that Steve began to realize and under-

stand that God loves people and has wonderful plan for their lives. Smith states it this way, "At an early age I asked Jesus to forgive the wrong things I had done, come into my heart and make me a new person. I gave Jesus my life and in return He has given me peace in my soul, a greater purpose in life and a deeper love for myself and others. I want others to experience this peace, purpose and love that I found in Christ. Life is the greatest when it is lived for Jesus!"

Smith attended Oklahoma Baptist University and earned a degree in Business Administration. But, soon after graduation while pursuing a career in retail management he felt God had different plans for his life. While in school Smith had sung in contemporary Christian music groups sharing the Good News of Jesus Christ across American from San Francisco to Washington D.C. and from Montana to Texas. He realized that God had used him in a mighty way and wanted to continue to use him. He followed God's leadership and became a church music director.

In 1983 Steve Smith and his wife, Cindy, moved to Fort Worth so he could get the music education that he needed. It was while attending Southwestern Baptist Theological Seminary in

Fort Worth that the Smiths became acquainted with Cisco. Cecil Deadman, the pastor of East Cisco Baptist Church, had led a couple of revival meetings with Steve in Oklahoma City and the two got to know each other there. Smith had looked forward to working again with Deadman. So, when East Cisco Baptist Church needed a minister of music and youth and felt led to invite Smith to come, he eagerly accepted. Smith states, "The time I spent in Seminary and serving at East Cisco was one of the greatest learning experiences of my life. I love the people of that church deeply. They are truly a loving, generous and supportive group of Christians."

After receiving his Master of Music degree, Steve and Cindy Smith returned to Oklahoma City where he is actively serving in churches in that area. In addition to serving an interim music leader in Oklahoma City area churches, Smith serves

on the faculty of the newly established Music Conservatory of First Southern Baptist Church of Del City, Oklahoma.

The congregation of East Cisco invites everyone to join them for revival services, Nov. 9-14, so that everyone might renew their acquaintance with Steve Smith. Services on Sunday, Nov. 9th, will be at 11:50 a.m. and 6:30 p.m. There will be a noonday service Monday through Friday beginning at 11:45. Everyone is invited to bring a covered dish to these noonday services. The noonday services will be over in time for people to return to work by 1 p.m. Evening services will begin at 7:30 Monday through Friday. Special activities have been planned throughout the week. You are cordially invited to be a part of this exciting week of spiritual awakening. Come experience "Good News America II."

## McMillans To Travel To Franklin, November 9

Mr. and Mrs. Wilburn "Bo" McMillan of Cisco will be in Franklin, Texas, on November 9 when the Daughters of the Republic of Texas place historical grave markers on the graves of his great-grandfather, James McMillan, Jr., and his great-uncle, Andrew McMillan.

The two brothers fought at the Battle of San Jacinto. Another of Mr. McMillan's great-uncles, Robert Henry, helped with the burial of Fannin at Goliad. He prepared Fannin for burial by wrapping him in a flag.

James McMillan, Jr. came to the United States from Ireland at the age of three in

1821. His father died shortly after their arrival in South Carolina. His mother, Ann McMillan, came to Texas in 1833 when James was 15, one of the first families to settle on Wheelock Prairie, Robertson County.

James was 18 when he joined Captain Robertson's Ranger Company, along with his brother, Andrew. They fought with this group at the Battle of San Jacinto.

Mr. McMillan will speak at the special dedication services next Sunday at Owensville Cemetery near Franklin, which is located in Robertson County.

**Putnam News**

By Mrs. R.B. Taylor

The weather continues to be ideal: to quote Harry Holt its "Beautiful fall weather at its best." The leaves are beginning to fall and some are turning yellow. It makes me wish to be in Colorado and New Mexico. The aspens are out of this world at this time of there there. And also another sign of fall, I saw a monarch butterfly in my yard this week. They migrate at this time of year. The rattlesnakes are still crawling. One was killed at Mary King's house this week, and the owls are catching my neighbor, Bill Hennagers, chickens.

Bill and Dorothy Taylor of Weatherford visited their mother, Mrs. R. B. Taylor, Friday. They had been to Arkansas to hunt diamonds. They failed to find any.

Mrs. Ollie Burnam and JoAnn Collinsworth went to church at Cisco Sunday and had lunch at a local cafe.

The G. W. Weeks spent several days at San Antonio visiting their daughter and family. Cheryl and Brian Billick and children.

Marie Lewis visited her sister, Eula Mae Doney at Baird Monday. Her brother Dub Fisher and wife Irene visited the Lewis' Sunday.

Ruby and Sid Weathermon visited friends, the Homer Milans, at Abilene Sunday after church.

We are happy to report that Mrs. Edith Ivie is home after undergoing eye surgery at Houston. She reports a successful surgery and is happy to be able to see much better. She stayed with her daughter, Mrs. Lucretia Alexander, while in Houston.

Warren and Cindy Donaway and children of Brownwood spent Sunday with his parents, the Milton Donaways. Also visiting the Donaways were Annie Mae's

niece, Peggy and Glen Nicks of Nimrod.

The quilters are still meeting at the Community Center every Tuesday. They welcome anyone who would like to come quilt with them.

Meta and John Doyle Isenhower are making some additions to their home. We are always glad to see any improvements to our town.

**THE XMAS SPREE**  
The Women's Study Club is sponsoring a Xmas Spree to be held at the Community Center on Saturday, Nov. 22, from 9 to 2. All kinds of arts, crafts, etc. will be on sale. Anyone wishing to bring anything to sell is urged to contact Ida Mae Waddell at the city office. Tables may be purchased to display articles. Small tables are \$5.00 and large ones \$10.00. The proceeds from the sale of the

**\$1,967,546.72 Awaiting 3,854 North Texans Upon Contacting IRS**

A check averaging \$510 awaits each of 3,854 North Texas taxpayers pending their contacting the Internal Revenue Service with their current mailing address. The IRS has a total of \$1,967,546.72 in undeliverable refunds for taxpayers who filed claims earlier this year. According to Terry Green, IRS Chief of Taxpayer Service, the IRS has already made at least two attempts to reach these taxpayers.

The check has been mailed to the address on the return. If it is sent back to IRS as undeliverable by the post office, the taxpayer's account is credited, and the IRS mails a special letter, or notice, to the taxpayer at his or her address of record," Green explains. "The list at tables will be used to keep the Community Center. Food will be sold.

the end of this article, then is comprised of these taxpayers whose notices were also returned as undeliverable."

Green said the most common reasons for a check being returned are lack of forwarding addressed being filed when taxpayers move, illegible handwriting, or name changes since the refund was claimed. "Considering the fact that over 2 million taxpayers in North Texas do get their refunds on time, the percentage of undeliverable checks is small. But we feel that even one check is too many. The money belongs to the taxpayer and we'd like to match the check to its owners," Green said.

If your name appears on the following list, call IRS at (214) 742-2440 in Dallas, (817) 263-9229 in Fort Worth, or 1-800-424-1040 elsewhere in Texas between 8:00 a.m. and 4:30 p.m. weekdays. You will be asked for your name, social security number, and

expected amount of refund. After providing the required information, the IRS will reissue your check and you should have it in time for the Christmas holidays.

# Kids of America Pageant

The National Headquarters for Kids of America has announced the date of Saturday, November 22, for the upcoming Stephenville Kids of America Competition to be held at Stephenville High School. Competition is being offered for beautiful babies, ages 0-35 months for boys and girls.

Each child will be presented on stage by a chaperone of your choosing and will be presented in front of a professional panel of judges. A top five finalist will be selected from each of the three age categories: 0-11 months, 12-23 months, 24-35 months. Each winner will go on to represent this area at the National Finals to take place in Dallas, Texas next summer where they will compete with other winners from all over the United States.

Talent is another phase of competition that is open to boys and girls between the ages of 3-17 years. Age divisions are divided up into groups of 3-6 years, 7-9 years, 10-12 years, 13-17 years. Each talent presentation may not be more than 3 minutes. A top five finalist will be selected from each age category and the winner will advance to the National Finals. A beauty contest will be offered for girls only. Age categories are the same for beauty as talent. One may choose to enter any events they would like and not required to enter more than one. Yet some people have spent their life-time savings for a farm or city property with little or no thought about the title. Of course, they will learn better later, but why not avoid the pitfalls and expense of poor judgement by getting an abstract or title insurance policy first and buying the property later?

# Eight Ciscoans Are Members Of Cisco Junior College Wrangler Band

Eight members of the Cisco Junior College Band are from Cisco.

They are: Cheryl Casey, who plays the bells and is majoring in art; Jeff Kinser, who plays the trumpet and is majoring in pharmacy; Crickett Jones, clarinet, majoring in business; Vickilea Morton, French horn, majoring in dental hygienist; Laura Hutchins, clarinet, majoring in general studies; Randy Hastings, bari saxophone, law enforcement major; Chris Jobe, bass drum, law enforcement major; and Kyle Anderson, trumpet, law enforcement major.

The Wrangler Band has received national recognition as a result of its five appearances in the Macy's Thanksgiving Day Parade in New York City, and its two appearances at the Apple Blossom Festival near Washington, D.C. The Fiesta Flambeau Night Parade in San Antonio and other major events are listed among the band's past accomplishments.

When Macy's Department Store opened a new facility in Houston in September of this year, officials of Macy's invited the CJC Wrangler Band and Belles to be the official band and drill team for the grand opening. Expenses for this event were paid by the Macy's chain.

The band is currently raising funds for a trip to Mexico in April of 1987. The government of Mexico has invited the CJC Band and Belles to Villahermosa, Tabasco, to participate in that state's spring celebration known as "Feria del Desarrollo Tabasco." Mexican officials have promised food, lodging, and sight seeing, but all students must raise their own travel money. Tax-deductible donations in the student's name may be made to Cisco Jr. College,

and would be greatly appreciated by the individual band members.

Tim Jones, director of the Wrangler Band for the past nine years, has said that this year's group of young people is among the very best he has ever worked with. Their ability and interest is evident as the band works hard to prepare for football games, parades, tours, and other public appearances which are related to Cisco Junior College. Band members receive a scholarship grant, and their education experience is enhanced by a great deal of travel!

## Cisco Field Day Held At High School October 25

The Cisco Field Day was held October 25, 1986, at the high school campus. The Cisco Livestock raiser and the Cisco FFA helped to put on the field day. There was a judging contest for adults, high school students and junior (which is eight grade down).

Trophies were presented to three high individuals in each division. The winners in the adult division were Laura Bacon, first; Robert Allen, second and Shelly Bailey, third. The winners in the high school division were Wayne Davis, first; Ronnie Ingram, second and Scott Stewart, third. In the junior division the winners were Ginger Rhyne, first; Garrett Gerhardt, second and Keith Hazelip, third. After the judging contest a covered dish luncheon was served. Then there was a showmanship contest. There were two showmanship divisions, high

school and junior and there was three classes, cattle, sheep and swine. The high school winners were Ricky Chambers, cattle showmanship; Phillip Allen, sheep; and Ray Stoker, swine. In the junior division the winners were Brian Bailey, cattle and swine; and Kerstin Gerhardt, sheep.

James Bevel was judge for both contests. Mr. Bevel is the Vocational Agriculture teacher at Haskell. There was a good crowd. Everyone had a great time and are looking forward to next year's field day already.

The FFA members and 4-H would like to thank the people who helped in making the Cisco Field Day a good one. They are the Cisco Livestock Raisers, the parents who brought food and the ladies who helped in the luncheon, and the people who came to support Field Day.

## Basketball Teams To Play In Tourneys

## Cisco Historical Society Meeting

The regular monthly meeting of the Cisco Historical Society was conducted last Tuesday evening at the Community Room of the First National Bank. President Ayres Cermin presided over the meeting attended by 13 members.

Much of the evening's discussion centered upon the museum at the Conrad Hilton Memorial Park and Community Center and the Society's plans for staffing, increasing, and protecting the museum and its displays.

The group also discussed further the development of its historical village, the need for a master plan for

that village, and the funding for this project.

Those present for the meeting voted to purchase a guest registry for use in the museum and to place a sign at the edge of the society's property calling attention to the proposed development of the site.

A nominating committee consisting of Chief Brown, Ruth Heidenheimer, and Vernon Honea was appointed by the chairman. The election of officers will be held at the annual meeting of the society in January.

The next monthly meeting will be held on Tuesday, November 25.

## Super Duper-Furr's Offers Share Bears

Estate

In an effort to raise \$500,000 for underprivileged and needy children in West Texas and New Mexico, the Furr's Foundation has launched the Share Bear Christmas Campaign.

In the first two weeks of the campaign, the Share Bear project has raised \$100,000 - 1/5 of the half million dollar goal!

The money is being raised through the sale of Share Bears in grocery stores that support the Furr's Foundation effort. Each Share Bear sells for \$12.99 and \$5 of the purchase price goes directly into the Share Bear Christmas Fund.

The Furr's Foundation, a philanthropic arm of Furr's Inc., will distribute the funds several days before Christmas. Share Bears are being sold in 44 cities and the \$500,000 will be donated in those cities. Because the Share Bears are being offered for sale in Eastland, a percentage of the fund will be donated to worthy cause here, Eastland Super Duper Store Manager Mike Snowden has announced.

Roland Hasenoehrl, president of Furr's, Inc. and co-director of the Share Bear Campaign, said "We have a team of researchers studying the social organizations of our target cities. We will make a donation to the organizations that appear to be in the most need. Our goal is to give a gift that never

ends and that's why we want to help those who help kids."

By supporting children's organizations such as shelters for abused and neglected children, low-income day care centers, recreational programs, low-income health clinics and other projects, the Share Bear Christmas Campaign hopes to give kids a chance to grow up with both strong bodies and healthy minds, Snowden said.

"There are thousands of children in need," said Hasenoehrl, "and it takes a great deal of money to help. I know that we can raise a half million dollars with the help of the good folks in this community."

Various grocery stores are supporting the Furr's Foundation project by handling the sale of Share Bears. Each of the supporting stores has a large Share Bear display and information about the project. The employees wear buttons that say "Ask Me For The Bear Facts" and the store's weekly advertising includes news about the project.

Share Bear himself is a cuddly 24" tall, has honey-toned fur and is decked out in a jaunty red cap and scarf. Made from plush material, the toy exceeds all government safety standards for stuffed toys.

According to Hasenoehrl, the initial introduction of the

Share Bear Campaign has been phenomenal. "Share Bear has been on the market only a few weeks, and we've already raised \$100,000," said Hasenoehrl. "As we get nearer to Christmas, I feel that sales will pick up. As more and more folks hear about our fund-raising project, I think Share Bear will become very popular. This is a golden opportunity to buy a gift for a child and to help a needed child at the same time. I'm convinced we will raise our \$500,000."

# Fishing Outdoors

By Terry Wilson

November 8th marks the beginning of white-tailed deer hunting statewide. The season shall end Jan. 4, 1987. This year's season looks good for Eastland County hunters. Ample food supply should bring some fine racks this year as well as some excellent meat for the tables.

Area bowhunters have reported seeing a few bucks already running with the does. Some nice racks have been taken, and of course some large racks have been seen, but were too far to hit with a bow.

Stratos Boats of Old Hickory Tenn. definitely have the fishermen in mind. Standard features are: Hand laid construction, five year hull warranty, six gauge TM wire, two airtight live wells, automatic live well timers, remote live well drain control, automatic circuit breaker electronic system and full instrumentation, kevlar reinforced deck, molded fiberglass, fuel compartment liner, pedestal storage, plush carpet, 2 wraparound bucket seats, and 2 pedestal seats.

The growing line of Stratos Boats are waiting for you to enjoy. There's room for fishing partners in Stratos bass boats, along with all their equipment. And, because Stratos offers a number of models with popular options we're sure there's going to be a boat for everyone.

New for 1986 the Stratos 181 Pro. The new 181 Pro provides huge raised casting (flippen) decks both forward and aft. Specifications are length 18'1" beam 92" person's capacity 6/645 lb. max-weight capacity 1260 lb. and a horse power range of 115-175.

But this is only one of the 15 fine models available including combination fish and ski to strictly ski models. And these crafts are priced very competitively in today's growing boat market.

For more information on Stratos boats the Eastland County Bass Club would like to invite you to attend their November 6th meeting on the east side of the square in downtown Eastland. Johnny Stoker of Sand Creek Marina will be presenting some interesting facts about Stratos boats and the workmanship that goes into these vessels. Meeting time will be Thursday at 7:30 p.m. and the public is invited.

## NEWS

Here are some hints on eating right for your health: Fresh fruits and vegetables are high in fiber and vitamins and low in sodium.

Vitamin A is necessary for vision in dim light, healthy tissue, and helps in increasing resistance to infection. Good sources of Vitamin A include carrots, sweet potato, winter squash, pumpkin, apricots, peaches and cantaloupe.

Vitamin C is necessary for healthy tissue, wound and bone healing and helps in increasing resistance to infection and utilizing iron. Excellent sources of Vitamin C are citrus (oranges, grapefruit, lemons), strawberries, kiwi, baked potatoes, tomatoes, green peppers and cabbage.

Cook to retain vitamins with a small amount of liquid over a high temperature for a short time by steaming, boiling or stir-frying, suggest the experts at the Food Marketing Institute. Rather than fried or in a salad with mayonnaise, potatoes can be boiled or baked for optimum nutritional value.

# Cisco Senior Class To Sponsor Dance Nov. 8

The Senior Class of Cisco High School, in coordination with Senior Class parents, is sponsoring their sixth Eastland County area high school dance, on Saturday, Nov. 8 from 8 p.m. until 11:30 p.m. at the spacious Cisco Junior College Ag Building (old armory).

The well known Shade Tree Band of Abilene will provide new country and rock music for the dance. Admission will be \$5.00 per person. Soft drinks will be available.

Cisco has an active group of parents, Parents for Teens, who have sponsored monthly parties for the last three years. Senior class parents who work with Parents for Teens will serve as chaperones, in addition to other interested Senior parents, or parents from other classes. Parents from all surrounding towns are invited to also help chaperone.

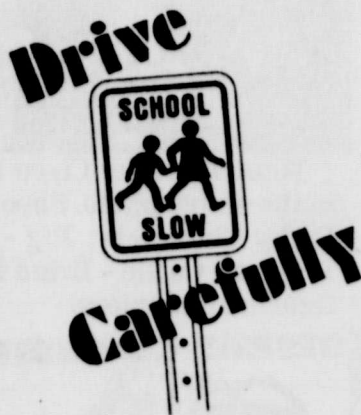

Definite rules have been established as follows:

Anyone may leave the dance at any time, however, once you leave you may not return. Absolutely no drugs or alcohol will be allowed.

Says a "spokes parent" for the Senior Class, "Parents should be assured that the

dance will be well chaperoned and our definite rules will be followed. Please feel secure in allowing your teenager to attend our dance, and feel free to join us if you can." Parents are encouraged to attend the dance as chaperones, especially if you are concerned about the traveling distance. There will be no door charge for chaperones. Keeping parents' feelings in mind, please note the dance will be over at 11:30 p.m. so most everyone can be home by midnight.

For further information, please contact Joe or Jan Cooper at 442-3994 or Gus Smothers at 442-1291

The Resolutions Committee is composed of three leaders from each of TFB's 13 districts, plus TFB Vice President John Baker of Temple, chairman; and Bobby McDonald, Sulphur Springs, Vice chairman of the TFB Young Farmer and Rancher Advisory Committee.

# CJC To Play Blinn There

The Wranglers ran into a series of bad breaks and bad luck when they lost a 40-0 decision to Kilgore JC in conference play last Saturday night in Kilgore. They contest was much better than the lop-sided score might indicate, observers reported.

Kilgore had a 17-0 half-time lead when an interception resulted in a touchdown just before the whistle. An earlier touchdown resulted from running plays and a field goal had put the score at 10-0 before the pass interception.

The Rangers scored 14 points in the third quarter on ground plays and added nine points in the final period.

David Dacus, Wrangler quarterback, played most of the game with a cut in his chin that required several stitches to close. He threw 37 passes, completing 18 for 184 yards with three interceptions. Kilgore had seven completions in 12 passing efforts. Cisco gained 73 yards rushing while the Rangers racked up 324 yards on the ground. Cisco had 15 first down to 18 for the Rangers.

Penalties were costly, coming at crucial times.

Cisco was flagged 10 times for 105 yards while Kilgore had five penalties for 55 yards. The Wranglers lost two fumbles.

Jay Bowmer, sophomore defensive end from Burnet, was lost for the season when he sustained a knee injury. He was scheduled to undergo surgery in Abilene on Monday. Bowmer was the 5th Wrangler to suffer a knee injury this season.

Center Fernando Gonzalez, freshman from El Paso Bowie, sustained a mild concussion and was a doubtful starter for the Blinn game. If he is unable to go, Coach Rick Frazier said that David Muns, sophomore from Grand Prairie, would start.

Monday is normally a light work day for the Wrangler squad, but due to the Thursday contest they put on pads and held an extended drill this week. Similar workouts were scheduled Tuesday and Wednesday.

After the Blinn game, CJC has one remaining contest of the 1986 schedule - with Ranger JC in the annual Lions Benefit Bowl at Breckenridge on Nov. 15th.

The loss at Tyler left the Wranglers with a 6-3 season's record. Blinn has a 3-6 record. The Buccaneers, however, looked good last Saturday night in a 23-to-17 come-from-behind victory over Ranger JC at Ranger.

Probable starters for CJC were listed as follows:

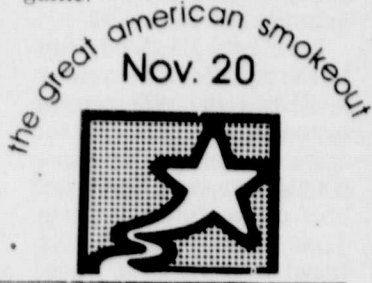

Offense- David Dacus, quarterback; James Dixon and Darrell Grant, running backs; Todd Akers, fullback; Randy Moon and Joe Huff, ends; Steve Razo and Gregg Taylor, guards; Mark Lozano and Roger Anderson, tackles; and Fernando Gonzales or David Muns, center.

Defensive starters- Frank Becker and Jerry Childress, tackles; Sam Dudley and Darrell Roberts, ends; John Bangelotti, Darnell Pratt and David Cox, linebackers;

Mark White and Andre Horton, secondary; and Anthony Curlee and Lance Wiley, cornerbacks.

Eric Edwards and Bobby Dino will handle kicking chores.

Conference play will continue for the Wranglers of Cisco Junior College as they go to Brenham on Thursday, Nov. 6, to meet Blinn JC in a football game. Plans call for the 60-man Wrangler traveling squad to leave Cisco around 10 a.m. Thursday and to return home after the game.

THE SENIOR CENTER members honored Lester Agnew, 79, born on October 26, and his sister Edith Skiles, 75, born on October 29, last Wednesday. Mrs. Skiles' daughter, Inez Irving, provided cake and ice cream for the occasion. 177 people helped the brother and sister celebrate their very first joint birthday party.

Winners at the Cisco Ag Field Day are shown in the above photo. Sheep - Phillip Allen; Cattle - Ricky Chambers; Pig - Ray Stoker all Seniors. Pigs and Cattle - Brian Bailey; Sheep - Kerstain Gearheart Juniors.

# Keep the cold out!

Up to 40% of a home's total heating and cooling bill can be a result of air infiltration. Air infiltration is simply the uncontrolled movement of air into or out of your home. You can help keep the cold out this winter by taking a few simple conservation measures now.

**Weatherstripping**

As much cold air can enter your home through a 1/16" crack along the sides and top of a typical doorway as through a 4" x 4" hole in the wall. Help keep the cold out by replacing worn weatherstripping around all doors and windows.

**Caulking**

Caulking in the cracks around door facings, windows, pipes and wiring will also help prevent air infiltration into your home. Polyurethane or similar caulking is available in an easy-to-install form at most hardware stores.

You can also help draft-proof your home by installing gaskets behind the cover plates of outlets and switches around your home. (Don't forget to turn the power off before removing the switch plates.)

For more information on the prevention of air infiltration this winter, call your local WTU office.

# People n Things

**HOW HAVE THE Loboes** been doing at the gate? This is not one of their best years, reports CHS Business Manager Martha Davis. If fact, they've had better pay days playing away from home on the average, their best two games money-wise were the Eastland game in Cisco and the Ranger game in Ranger.

The two teams split the gate each week after they pay expenses of the referees. The cost of the game officials is based on a percentage of the gate receipts. The average of all games except Eastland was \$45 per officials and those working the Eastland game got \$50. One of the group gets 23 cents per mile for driving all of them to the game.

**AT THE LOBO** game last Friday night, the announcer reported that the U.S. flag that the Boy Scouts raised had been donated to the Loboes by June and Sharon Davis as a memorial to her dad, the late Thomas L. Browning.

Checking into the matter, we learned that Mr. Browning, a WWI veteran, was buried in Ranger cemetery in September, 1985, with military honors that included presenting the flag that covered his coffin to his survivors.

Mrs. Davis and three brothers survive and they gave her the flag. June and Sharon Davis are the parents of Gordon Davis, member of the Lobo squad, and they decided to present the flag to the Loboes for the stadium flag pole.

The late Mr. Browning was the father of four sons, three of whom were football coaches, and this, too, influenced Mrs. Davis to make the presentation of the flag. Her coaching brothers include Hoyette, deceased; Jack, the football coach at New Rochelle; and Douglas, coach at Duncanville, who recently quit coaching to be a teacher. The family grew up at Desdemona and Ranger.

A "pretty good" crowd attended the Cisco-De Leon game here ... Jeweler Al Anderson, who helps Lloyd McGrew film the games, gave the pregame invocation ... As usual, the Lobo band won the half-time competition of the bands. They staged a novelty program with Halloween costumes.

**THE HOME OF** the late George Boyds at 705 West 6th Street was purchased at auction a couple of months or so ago by Betty and Odell Shacklett, who had moved to Cisco a year ago from Odessa and who had been living over on 16th Street.

The Shackletts have completely remodelled and redecorated the 6th Street home and moved in last week. The home is attractive, indeed. The Shackletts are retired.

**FRIENDS OF** Dr. Chief Brown, who recently went over to Abilene for a complete checkup at the new cardiovascular health unit in the Humana Hospital complex in Abilene, believed that he is fit a feeling good. He has been threatening to make chili like he does when cooler weather arrives each year.

At the health plant, they run you through assorted tests and machines and the results come out of a computer. The specialists then send the patient and the results back home to his local doctor.

The only thing "unexpected" on the result sheets for Dr. Chief was the fact that he has B negative blood, which is pretty rare.

**THE BLOOD** Bank held out at Cisco Junior College last week, by the way, attracted donors for 33 pints of blood that will be chalked up to Cisco's account at the Hendrick Medical Center Blood Bank in Abilene ... CPA Joe Cooper reports that folks in his profession are getting questions about the new income tax laws. And these laws don't go into effect until next year. People

are wanting to know how best to handle their affairs from a tax standpoint ... Kevin Capps, youth director at First Baptist Church, and his missus were honored at a social following the evening service over there last Sunday night.

**5 MRS. GERRY** (Ginny) Page of the Hospital Auxiliary bought a book at the annual Book Fair held by that organization. And she found a letter in the book she bought. It was written by Master Sergeant William S. Jobe to his parents, Mr. and Mrs. W. S. Jobe, Route 4, Cisco. The letter was dated March 30, 1954, and was mailed from Charleston, S.C., in an envelope with a return address in the name of the 746th Troop Carrier Squadron, (Marines) of Charleston AFB.

The letter reported that M/Sgt. Jobe was leaving for Fort Worth to visit his wife, en route to Sheppard AFB, Wichita Falls, and that they hoped to visit his parents.

Mrs. Page suggested that the Jobe family might like to have the letter, if they're still around. If so, it can be picked up at the Press office.

The Pages are the parents of Dale Page, senior member and center of the Lobo football team.

**THE SALE OF** Series EE Government Bonds was good in Cisco last week, reports Bank Prexy Dick Woolley. As you probably know, banks had quite a run on the

bonds as the interest rate on them dropped from seven and a half percent to six percent on Nov. 1st ... The Woolleys spent last weekend in San Antonio visiting son Audie and wife. Audie is a medical student at the UofT there.

**VISITORS IN** Cisco last weekend were Bill and Carol Kay Brimer and sons Bret and Barry of Vernon. They visited in the home of Mrs. Brimer's mother, the Steve Clarys. Mr. Brimer, veteran employee of West Texas Utilities Co., attended WTU meetings in Abilene while they were here.

Carol Kay teaches speech in Vernon High School. Mrs. Steve (Brenda) Thomas of Cisco is her little sister.

**THEY'RE HAVING** their annual bazaar over at the First Christian Church on Friday and Saturday of this week. And you'll be able to eat breakfast and lunch there both days, our scouts report. They always have sausage and biscuits and all the trimmings at breakfast and stew at noon.

In addition, they'll have a big assortment of baked goods for sale plus a lot of things that will make good Christmas gifts. See you there.

**THEY'VE JUST** about finished counting the money and the profits for the Lord's Acre event at First United Methodist Church last month amount to \$7,184.45, according to a report prepared by Youvonne McMillan for the

## Calvary Baptist To Build On

Ground breaking ceremonies will be held Sunday, November 9, at 2 p.m. at the Calvary Baptist Church in Cisco. The church will begin construction on an

educational facility to accommodate the growing number of church members. The structure will be built behind the present sanctuary. A Victory Celebration lunch will be held at the church after morning services on Sunday to help start the fund raising.

Rev. Ronnie Shackelford said the building will be a metal structure and will be 80 feet by 100 feet. All work will be volunteer labor.

### Lobo Yearbooks To Be Sold

Annual annual sale! One day only! The 1987 Lobo Yearbooks will be sold Thursday, Nov. 13. This year's annual will be sold at last year's price, \$20.00. This will be your only opportunity to buy. Don't miss your chance to own your very own 1987 Lobo. Orders will be taken at Cisco High School by the yearbook staff members, and at the Cisco Elementary School by homeroom teachers.

Mr. Jim Graham almost bought an ad last Friday to ask folks to help him find the wedding band that he has been wearing for 38 years. "Wait a few days ... it'll turn up," we told him. And it did in a junk room last Saturday ... Mrs. Lillian Bradshaw drove out to Lubbock last Friday to handle babysitting chores for grandchildren while Robert and Lisa Miller attended the Texas A&M-SMU football game Saturday in Texas Stadium, Dallas ... Hear that the telephone cable they're replacing on West 9th Street will keep running west from Cisco to Colorado City where it will split off in two directions.
