Didn't the Lobo Band look good at their first outing Friday night at the football game between the Lobos and Millsap? Band Director Wayne White has another winning group of musicians. Millsap didn't bring a band but their drill team did present an entertaining halftime program.

Mr. and Mrs. Bill Wende went to Brownwood Friday night to see the football game between the Brownwood Lions and Abilene Cooper Cougars. Well, actually they went to see the Cooper Cougar Band perform. Their oldest granddaughter, Martha Fair Watson, is a member of the band. She is the daughter of Mr. and Mrs. Gary Watson of Abilene. The Wendes visited with the Watsons and their youngest granddaughter, Alyse Watson.

The Cisco Junior Varsity will not play Thursday night. Gorman doesn't have a JV team. The 9th Grade Lobos will play Hamlin at 7:30 p.m. Thursday at Chesley Field, immediately following the junior high games, which will begin at 5 p.m. Don't forget to check out the Band Booster's concession stand while at the games.

Meet The Teachers Set Sept. 17

A "Meet the Teachers" night will be held Monday, Sept. 17, from 7:30 to 9 p.m. at the Cisco High School and Cisco Junior High School. Teachers will be in their rooms to meet students' parents.

Hospital Plans To Reopen

A plan to reopen E.L. Graham Memorial Hospital has been announced by the hospital board, according to Bob Conner, board chairman. Plans call for the hospital to reopen in October.

Involved in the plan are the engagement of a hospital management corporation from Shawnee, Oklahoma; a fund-raising drive by local leaders; and a proposed tax rate of 50¢ per hundred dollars for the Cisco Hospital District.

The hospital management firm—Preferred Management Corporation, is currently managing 11 hospitals, all in rural situations similar to Cisco's and each engaged under similar circumstances. Each of those hospitals, in Texas, Oklahoma and Kansas has been successfully "turned around" by the firm. Announcement will be made by an independent Cisco group with a plan for a local fund drive to provide working funds for the hospital until sufficient tax revenue and operating income are developed to maintain the hospital on a paying basis.

The hospital board, in consultation with the management firm, has deemed the 50¢ rate necessary to operate the hospital on a sound basis.

The hospital had closed its doors August 25, when funds were not available to continue operations.

A public hearing on the tax rate has been set by the hospital board for Thursday, September 20, 1990.

Thrift Mart Changes To Fleming Foods

Charlie Maulden of Granbury, Grocery and Non-Food Supervisor of Thrift Mart Stores, stated this week that Thrift Mart is now purchasing wholesale grocery items from Fleming Foods Division in Fort Worth.

Previously Thrift Mart had purchased grocery supplies from Affiliated Foods Grocery Warehouse, also in Fort Worth. But Affiliated Foods declared Chapter 11 Bankruptcy about two weeks ago, as reported by Metroplex newspapers. The company is continuing in operation, however.

Affiliated was a wholesaler for more than 500 stores in Central and West Texas, distributing products under the Shurfine Brand. The TV brand is used by Fleming Foods which is the largest wholesale grocery distributor in the United States.

"We want the public to know that Thrift Mart stores in the area will continue with good service and full shelves with groceries, meat and produce," says Maulden. "About all you will notice is the gradual changeover to the TV brand of products. Of course we will continue to carry the other leading brand names you have grown to expect."

Maulden said he felt that Affiliated Foods would be able to continue, but the change in wholesalers was made so Thrift Mart "would have no possible interruption of service to the public."

The Thrift Mart stores in Eastland County are located in Cisco and Eastland.

Membership Drive Is Being Conducted By Cisco PTO

PTO memberships are being sold the week of Sept. 10-14 by the school children and by the room mothers.

The children will be selling individual memberships for \$1.00. For every 10 memberships they sell, the child will receive a gift certificate for a small drink or cone from Sonic Drive-In. The top seller from each room will receive a ticket to the Homecoming football game.

The room mothers will be making the rounds in town to every business to sell business memberships for \$5.00. If no one calls on you and you are interested in supporting PTO, please call 442-2539 and someone will be sent to sell a membership to you. Thank you for supporting PTO. All the money raised by PTO goes back into the school system on things to benefit our children.

Farm Bureau County Convention Scheduled For September 15

Eastland County Farm Bureau members and family are invited to attend. New Board members will be elected at the convention and policy resolutions for the county will be adopted, according to Leo Williams county President.

1934 CHS Grads Are Needed

We are unable to locate the following who graduated from Cisco High School in 1934:

Earl Alkire, Arthur Barker, Clifford Blumberg, Wilson Lee Graham, Jack Moon, Joe Bob Whitman.

If you have information please contact Jenn Fitzgerald at (817) 442-1136.

Bureau members and family are invited to attend.

Special entertainment will be provided by the Al Anderson Band of Cisco. Door prizes will also be awarded. Make your reservations by calling 629-1704.

Civic League Will Meet

Cisco Civic League will have a meeting on Thursday evening, September 13, 1990 at 7 p.m. at the home of Ruth Heidenheimer 1300 Ave. N. This will be a salad supper and all members are urged to attend.

Jay Nixon gains good yardage against Millsap. (Photo By Lee Lewis)

Lobos Prepare For Gorman

The Cisco High School Lobos are spending this week working to correct mistakes made Friday night in the 37-to-6 victory over Millsap, according to Coach Clyde Evatt. "We are proud of the victory, but we made several mistakes that we need to correct before we meet Gorman Friday."

Gorman has a winning tradition and has been in the playoffs for the past two or three years. They have an excellent quarterback, Kevin Hirst, who is a good passer and a good runner. Coach Evatt said, "We are expecting an exciting game Friday," he added. Gorman defeated Perrin 35-to-12 last Friday.

Two Lobos were injured during the Millsap game. Ryan Duncan suffered a knee injury and will miss the Gorman game but should be ready for the Merkel game next week. Brack Dempsey is a doubtful starter Friday with a sprained ankle. He should be ready to start in the near future, Evatt reported.

Gorman High School does not have a junior varsity team so the Lobo JV will not play Thursday night. However, some of the JV players will suit up with the varsity Friday night, Coach Evatt reported.

The seventh and eighth grade teams will scrimmage Brownwood here beginning

at 5 p.m. Thursday. Following the junior high scrimmage, the 9th grade team will play Hamlin at 7:30 p.m. This will be the freshman team's first game of the season. Everyone is urged to back the Lobos and attend these games.

County Tax Rate Is Set Lower Than Last Year

Eastland County Commissioners Monday set a tax rate of .32932 per \$100 valuation - a rate around one-tenth of a cent lower than the .33039 for the current year. The next fiscal year begins Oct. 1.

Also approved was a \$12,000 Homestead Tax Exemptions for persons over 65 years of age, and also for Honorably Discharged disabled veterans and their dependents.

County Judge Scott Bailey said that the end of debt service (payments on the jail) and the Road and Bridge Tax being set at zero helped make the lower tax rate possible.

He noted that the Road and Bridge Fee citizens pay with car license tags is not the same as the Road and Bridge Tax.

and will continue to be in effect.

Both Judge Bailey and Auditor Ray Pruitt told the Court that the County might run into deficit spending next year, and have to draw on reserve funds. The budget is estimated as around \$3.2 million, but no final total can be set until employee insurance rates are determined.

On other matters, the Commissioners discussed the progress of Jedco Design Co. of Clyde in mapping and erecting road signs in the rural areas of the county. They decided not to play the company until a representative comes to a Court session and answers questions. Cost of the work is \$24,808.

in law enforcement, the Commissioners decided to leave the Sheriff's fees the same as they are for the current year.

Commissioner Billy Bacon reported on the status of the jail. He said there were 13 prisoners in the jail, with one of these on a "blue" warrant and three for TDC. The jail was very clean, he said.

This Commissioner's meeting was again held in the basement of the Courthouse, since the elevator was not running. By the end of the morning it was reported to be in working order again, however.

SHOP CISCO FIRST

Project Lobo

By: LELA LATCH LLOYD
So many inquiries have come asking for a column concerning former students that I have decided to do an occasional write-up, a letter to all you C.H.S. Exes through ye old hometown paper.

Mary Latch Carey, Talkeetna, Alaska, has her 10th book off press. Resting from a Alaskan Adventure, Mary is in Houston now visiting with her daughter, Mrs. Jean Richardson whose first book, TAGALONG TIMOTHY, has been nominated for the Texas Bluebonnet Award.

Mary graduated from Cisco High School in 1931 and Randolph College (CJC) in 1934. She will be in the Cisco area soon to visit with her sisters, Lela Latch Lloyd and Annie Latch Rendall.

Jonnie Macias, graduate in 1943, writes from Paris, France on a card showing a panorama of that city. She says in part: "What a fantastic place! I'm here for a few days visiting one of my sisters and family. If only one had 3 or 4 sets of legs for we have to really walk to see it! When will your next book come off the press? I've read the ones I have at least 100 times. Think of you and love you." Jonnie.

Jonnie is living in Oakland, California.

A card from La Veda Massey (class of '28, I think) She wrote: Have just read with much interest, the Cisco press article about your using Utopia water sent by Betty Flaherty King, Pasadena, to toast Texas on Texas Independence Day. I had just read that article in the Texas Highway magazine and had already guessed that the Cisco High School his-

tory was you. This is to advise you and Bettie that the article was written by my Nephew, John Cagle of Austin. It's a small world, isn't it?

Tell Ada M. I'm awaiting a reply to my last letter. I really hated to hear of the hospital's closing. My love to every. La Veda Massey, Phoenix, Ariz.

Recent visitors in my home were Mr. and Mrs. Bill Huffman of Conroe and Mr. and Mrs. Bob Latson of Abilene. Bill is an Humble retiree and Bob works for an Oil Company when he isn't playing in the Abilene Civic Theater. Ruby (nee Ruby Kent) is vice-president of an Abilene bank. Mary (Bill's wife) is not a Ciscoan. The other three graduated in the early '40's and Bob and Ruby were the second King and Queen Lobo to marry each other. They followed the precedent set by Coy Warren and Alice Slicker in 1940.

Eastland Co. RC&D Will Meet Thurs.

The Eastland County RC&D Committee members of the Leon-Bosque Area will meet on Thursday, Sept. 13 at 10:00 a.m. in the Eastland Chamber of Commerce office, on the east side of the Courthouse Square.

The group will discuss a county-wide informational meeting on educational opportunities available to persons who are unemployed, single parents, and minorities. Representatives of Cisco Junior College and the Department of Human Services will be present. Goals will be set for this project and strategies developed.

Persons with questions about the meeting may call Chairman Henry Burk at 817-643-4261 or Ron Bailey, District Conservationist at 817-629-1480.

Clothing Bank Will Open Monday, Sept. 17

The First United Methodist Church and Wesley Methodist Church will open their clothing bank on Monday, Sept. 17.

The clothing bank will be open 9 to 11 a.m. each Monday, and 4 to 5 p.m. each Tuesday.

The new location of the clothing bank is Wesley Methodist Church which is located at Ave. H and East 12th Street.

NEWSPAPER DEADLINES:

And
Thursday, 5:00 p.m.
(For Sunday Paper)

Clayton Williams (with hand extended), the first candidate for governor of Texas to hold a major campaign rally in Eastland in modern history, is greeted on his arrival in Eastland by the C of C Red Coats and a crowd of supporters.

Williams Attends Rally Saturday

By Richard Kurklin
Drizzling rain cancelled the barbecue supper at the football stadium Saturday evening and the Clayton Williams for Governor Rally was moved to the Majestic Theatre.

A crowd of greeters, including the Eastland Chamber of Commerce Red Coats, was at the Eastland Airport to greet Williams and Agriculture Commissioner Candidate Rick Perry when they arrived. Their flight from Del Rio was

a little late as they flew around a line of thunderstorms. A group of Democratic campaigners who were forced to land and wait for the weather to improve before

NEIGHBORING AGAIN - Mr. and Mrs. Jack Locke of Lake Leon called on their former Midland neighbors again recently, this time with President and Mrs. George Bush at the White House in Washington. The are shown here in the Oval Office presenting Barbara and George a table lamp made from a West Texas core sample. The Lockes and Bushes were neighbors in Midland for a number of years, both in the oil business, before the Lockes retired and came to Eastland County and the Bushes went on to other things. The Lockes made the Washington visit on route to Baltimore where Mr. Lock received a Masonic award. One of the White House photographs is signed by the President as follows: "To Jack and Toadie (a special nickname), warm best wishes from the White House. It was great to see you! Barbara and Geo. Bush."

Why Should Women Have A Screening Mammogram?

One out of ten women in the United States will develop breast cancer sometime in her life. It is currently estimated that over 37,000 women die each year as a result of breast cancer.

Ninety percent (90%) of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50% five year survival rate. Conversely, a woman diagnosed as having breast cancer before a lump can be felt has a 97% 5 year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer very small even before it can be felt.

WHO SHOULD HAVE SCREENING MAMMOGRAM?

The American Cancer Society has established guidelines for mammography.

Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. The guidelines for mammography are as follows:

I. 35-40 years old asymptomatic women should have a baseline mammogram.

II. 40-50 years asymptomatic women should have a mammogram every 1-2 year depending on breast type and risk factor until age 50.

III. Asymptomatic women under 50 years of age should have annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. Risk factors listed below are an example.

cer-yearly examinations.

b. Family history of breast cancer in mother, sister, or daughter baseline examination should be done at age 30 with follow-up as recommended in Section II above.

V. Symptomatic women at any age.

a. Breast mass, palpable by physician or patient.

b. Nipple discharge.

c. Skin changes.

d. Unexplained breast pain.

VI. Symptomatic women will not be seen at the Screening Clinic. A woman with any of the above symptoms should call her physician or make an appointment for a complete breast study at the Regional Breast Care Center in Odessa.

WHAT IS A SCREENING MAMMOGRAM?

A screening mammogram is an x-ray of the breast on women who have no symptoms of disease, (asymptomatic).

A screening mammogram utilizes extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers in unsuspecting women.

HOW CAN A WOMEN GET A SCREENING MAMMOGRAM?

The Regional Breast Care Center of Women's & Children's Hospital and Odessa Radiology Group are co-sponsoring a Mobile Breast Screening program.

The Mobile Breast Screening Unit will be in most towns in West Texas.

The Mobile Breast Screening Unit will work by appointment as well as non-appointment. You may make your appointment by calling your local hospital or the Regional Breast Care Center at (915) 334-8888.

WHAT HAPPENS AFTER A WOMEN HAS MADE AN APPOINTMENT?

When the Mobile Breast Screening Unit is in your city please report approximately 5 minutes prior to your appointment time for registration.

The charge for the screening mammogram is between \$45.00 and \$75.00 depending on location and payment must be made at the time of service. The clinic accepts cash, check, Visa, Mastercard and American Express.

Typically, the exam takes less than 15 minutes. Wear separates (skirt/blouse; slacks/blouse) to allow easy disrobing from the waist up. Also, avoid overuse of deodorant.

A female technologist will perform the examination and teach you how to do breast self-examination.

In some cities the local Radiologist will interpret the films and forward the results to your physician. If the local Radiologist does not interpret the films, the films are returned to the Regional Breast Care Center at Women's & Children's Hospital. There they are interpreted by a Radiologist from Odessa Radiology Group. The results are then forwarded to your physician.

You will be instructed when to call or see your physician for the results of your study. If you have no physician, we will provide you with names of local physicians who have agreed to take new patients.

You and/or your physician will be mailed a reminder when it is time for further check-ups.

WHAT IF MY SCREENING MAMMOGRAM IS POSITIVE?

As stated earlier, a screening mammogram is designed to find very early cancers. If your mammogram shows any suspicious signs you will be asked to have further evaluations done.

These evaluations may be performed by your physician or by a complete diagnostic

breast center such as the Regional Breast Care Center at Women's & Children's Hospital.

Should you be asked to have further studies done, **DO NOT PANIC**. This does not mean you have cancer, it simply means there is an area which needs further study.

If a mammogram shows a definite cancer, you will be advised of such.

If you require further evaluations and receive these evaluations at the Regional Breast Care Center at Women's & Children's Hospital, the fee which you paid for the screening mammogram will be discounted from the Complete Study charge.

BREAST SELF-EXAMINATION

During your visit to the Breast Screening Unit you will be taught how to perform breast self-examination (BSE). Breast self-examination is very important tool to every woman. Any changes which may occur in your breast will be first noticed by yourself. These changes should be reported to your physician immediately.

Three steps which may save your life:

1. Regular check-ups by a physician.
2. Monthly breast self-examination.
3. Mammography according to the American Cancer Society Guidelines.

Desdemona News

By Vonnie Guthrey

Carl and Julie Burleson of Dallas; Mike and Cindy Adam of Houston visited their parents Jim and Karen Burleson over the weekend. Other visitors on Sunday with the Burlesons were Skinnie and Eloise Lewis, Philip and Donna Lewis, Robert and Sarah all of Desdemona. Vickie Harris and Zane of Abilene.

Marsha Johnson, Billy and

Chris of Andrews visited the weekend with her parents, Bob and Merlene Wisdom.

Jerry and Pat Buckley, Melinda Buckley and Selina visited the weekend in Marshall with their aunt "Red" Seaton and husband.

W. B. and Marquerite (Jones) Kemp, Ed Jones and wife of Beaumont visited

Saturday morning with PUG and Vonnie Guthrey. Marquerite and Ed attended school in Desdemona in early 30's. Their grandfather, Mr. Stover was a rural mail carrier in Jakehamon area in later 30's and early 40's.

Our sincere sympathy goes out to the family of Earl Morrow who was buried in Stephenville last week. He attended school in Desdemona and the brother of J. L. Morrow of Kokomo Community.

Berice Beatrice Haynes was buried last week in Gorman. She was a former teacher of Desdemona. Our sympathy to this family.

Vella Court and Earl Farris of Odessa visited her sister, Bernard and Ann Keith on Saturday.

Skinnie and Eloise Lewis, Pug and Vonnie Guthrey, Helen Collum, Dan Collum and Denese Wilcoxon all of

but getting out of New York proves to be a wild tangle of mis-adventures.

Bill Murray plays "Grimm" and Geena Davis "Phyllis" in this contemporary movie. It is produced by Warner Bros., and directed by Howard Franklin and Bill Murray.

'Quick Change' To Show At Majestic

Grimm (Bill Murray) and his girlfriend Phyllis (Geena Davis) learn that it's easier to rob a New York bank than to find any sort of get-away route out of the city.

The comedy "Quick Change" will live up the Majestic Theatre in Eastland this next weekend, beginning Friday, Sept. 14. The film will run Saturday, Sunday and Monday, with showtime at 7:30 each evening. Tickets will be \$3 at the box office, and the picture is rated R.

"Quick Change" has been described by critics as "zany," "Hilarious," and "everything in between." It basically describes how a disgruntled city planner gets so bogged down in frustration that he "flips out" and robs a bank. The robbery goes smoothly,

Desdemona was in Ranger on Sunday evening to attend the 40th anniversary reception of Bro. Jerry and Dorothy Speers at the East Side Baptist Church. Bro. Jerry was interim pastor at the First Baptist in Desdemona a few years ago.

Leota Powers received over 40 birthday and get well cards. She is at home and doing better. Said tell everyone she really did appreciate the cards.

Dorothy Roberts visited the weekend with her daughter Ulenda Weaver and family in Fort Worth.

This reporter would like to say "Hi" to Buck Read in Ranger. We missed seeing you all at the Desdemona homecoming.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENT
OF PROPOSED
CONSTITUTIONAL AMENDMENT
GENERAL ELECTION
NOVEMBER 6, 1990

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 2, Sixth Called Session, 71st Legislature, proposes a constitutional amendment to provide that if the Senate, at any special session, does not take final action to confirm or reject an appointee of the Governor made during a recess of the Senate, the appointee is entitled to continue in office until the Senate rejects the appointee at a subsequent session or until the Governor appoints another person to fill the vacancy, but such a nominee whom the Senate does not act to confirm or reject at a subsequent regular session is considered to be rejected when the session ends.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to clarify the authority of the senate to consider certain nominees to state and district offices and to provide for filling vacancies in those offices."

Homemaking Hints

By Janet Thomas

TIPS FOR SHOPPING BY MAIL, TELEPHONE, TELEVISION:

Today there are many ways to buy products or services. Many consumers buy items through mail order or by telephone or even from television shopping programs.

Keep the following tips in mind:

1. Be suspicious of exaggerated product claims or very low prices, and read product descriptions very carefully—sometimes pictures of products are misleading.

2. If you have any doubts about the company, check with the U.S. Postal Service, your state or local consumer

protection agency or Better Business Bureau before ordering.

3. Ask about the firm's return policy. If it is not stated, ask before you order. For example, does the company pay charges for shipping and return? Is a warranty or guarantee available? Does the company sometimes substitute comparable goods for the product you want to order?

4. Keep a complete record of your order, including the company's name, address and telephone number, the price of the items ordered, any handling or other charges, the date you mailed (or telephoned) in the order, and your

method of payment. Keep copies of canceled checks and/or statements.

5. If you order by mail, your order should be shipped within 30 days after the company receives your complete order, unless another period is agreed upon when placing the order or is stated in an advertisement. If your order is delayed, a notice of delay should be sent to you within the promised shipping period along with an option to cancel the order.

6. If you buy a product through a television shopping program, check the cost of the same item sold by other sources, including local stores, catalogs, etc.

7. If you want to buy a product based on a telephone call from the company, ask for the name, address, and

phone number where you can reach the caller after considering the offer.

8. Never give your credit or social security number over the telephone as proof of your identity.

9. Postal regulations allow you to write a check payable to the sender, rather than the delivery company, for cash on delivery (C.O.D.) orders. If, after examining the merchandise, you feel there has been misrepresentation or fraud, you can stop payment on the check and file a complaint with the U.S. Postal Inspector's Office.

10. You can have a charge removed from your bill if you did not receive the goods or services or if your order was obtained through misrepresentation or fraud. You must notify the credit card company in writing, at the billing inquiries/disputes address, within 60 days after the charge first appeared on your bill.

SENIOR CITIZEN'S BAZAAR:

Don't forget that the annual Eastland County Senior Citizen's Bazaar will once again be held in Eastland on October 5 & 6 during the Old Rip Festival.

Everyone 55 years of age or older is invited and urged to participate. Booth space is free...no commissions! Individuals are responsible for their own sales.

Seniors will need to bring their own table and chair. You will be responsible for your own sales.

For more information, contact Mrs. Janet Thomas, Eastland County Extension Agent. The Bazaar is sponsored by the Eastland County Extension Homemakers Clubs as a community service project to recognize the many talents of our Eastland County

RECIPE FOR THE WEEK:

Fall Bazaars and bake sales are a wonderful happening in Eastland County. With all the festivals coming up, you might like to keep this recipe in mind plus pears are in season.

Fresh Pear Cake

2 cups sugar
3 eggs, well beaten
1 1/2 cups salad oil
3 cups all-purpose flour
1 teaspoon soda
1 teaspoon salt
1 teaspoon vanilla extract
2 teaspoons ground cinnamon

3 cups thinly sliced, peeled pears

Powdered Sugar Glaze
Combine sugar, eggs, and oil; beat well. Combine flour, soda and salt; add to sugar mixture, 1 cup at a time, mixing well after each addition. Stir in vanilla, cinn-

Pharmacy Topics
By Bob Mueller
Aerobic exercise programs can actually dissolve clots in blood vessels, say researchers at the University of Washington in Seattle. Exercise raises levels of naturally-occurring tissue plasminogen activator, the genetically engineered drug given to dissolve clots.

Marijuana interferes with memory, even making conversation difficult, researchers found in a study of teenagers at the Georgetown University School of Medicine in Washington, D.C.

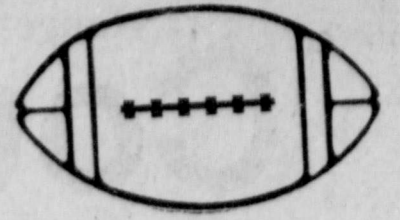

Preliminary study at the National Cancer Institute found that low oral doses of isotretinoin, a synthetic vitamin A derivative, helped prevent the return of skin cancer. Test subjects had no new tumors during research, or fewer than previously.

Successful treatment for the depression and irritability associated with premenstrual syndrome was reported in the American Journal of Psychiatry. Women are exposed to bright fluorescent light for two hours a day during the week before menstruation.

What's new in medicine? We keep up with the latest developments, the better to serve you at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347.

Loboes Maul Millsap; Gorman Next

By: LEE LEWIS
The Cisco Loboes opened the 1990 season in a big way last Friday with an impressive 37-to-6 rout of Millsap at Chesley Field. The Lobo offense racked up 19 first downs and 331 total yards against the Bulldogs, while the defense held Millsap to 5 first downs and 180 total yards.

In the first half the Loboes offense had to fight penalties and two quarterback sacks while putting 16 points on the scoreboard. After driving down to the Millsap 7-yard line before two penalties and a stiff Bulldog defense forced Cisco to turn the ball over on downs. The Bulldogs found that the Lobo defense was even tougher than the offense. Chester Vara, Phillip Gattis and Elias Sanchez led the Lobo defensive charge and forced Millsap to punt after the Bulldog offense lost 5 yards. Darryl Morrison then took the Bulldog punt at the 40 and went in untouched for the touchdown. Following an illegal motion penalty, Brad Goosen hooked up with Terrence Fletcher on an 8-yard pass that gave Cisco a 2-point conversion.

The Loboes drove inside the Millsap 20 yard line before a penalty and a quarterback sack forced the Loboes to turn the ball over on downs at the Millsap 29. Millsap gained 6 yards on three offensive plays and punted to Cisco. The Loboes took the ball at their own 42 and marched to the Millsap 1-yard

line where Brad Goosen plunged over for the touchdown. Goosen also took the ball over for the 2 point conversion to give the Loboes a 16-to-0 lead at halftime.

Cisco opened the second half by kicking to Millsap and three plays later, Keith Stowe recovered a fumble at the Millsap 43. Cisco then marched down to the Bulldog 3-yard line and Brad Goosen took it in from there. Kelly Cozart added the PAT and Cisco had a 23-to-0 lead. The Lobo defense then showed Millsap that its showing in the first half was no fluke. The Loboes took a punt from Millsap at the Lobo 38-yard line and marched down to the Millsap 14. On second and goal from the 14, Goosen rolled right picking up seven to the Millsap 7. On third down Goosen threw to a wide-open Donny Choate, but the ball fell incomplete forcing a fourth down and goal. The Loboes decided to go for it and Goosen rolled left and threw to Kelly Cozart who made an incredible catch to give the Loboes a 29-to-0 lead. Millsap took the Lobo kickoff and started first and ten at the Bulldog 29. The Bulldogs lost eight yards on second down and then fumbled on third down and Michael Gosnell recovered for the Loboes at Millsap's 12. After a loss of two on first down and a gain of 13 by Darryl Morrison on second down, Brad Goosen covered up his mishandled snap in the end

zone for a touchdown. The Cisco defense finally yielded a touchdown with less than one minute to play on a 6-yard touchdown pass.

Darryl Morrison led the Loboes with 95 yards rushing and one reception for 7 yards. Jay Nixon provided the Lobo offense with 87 yards on the ground and one reception for 3 yards. Brad Goosen directed the Lobo offense completing 5 of 6 passes for 29 yards and one touchdown. Others who contributed to the offensive cause were Terrence Fletcher with 34 yards rushing and 12 yards receiving, Kelly Cozart with 19 yards rushing and one touchdown reception for 7 yards, Ryan Duncan with 9 yards rushing and Willie Sanchez with 6 yards rushing. The Lobo defense was led by Ryan Duncan, Kelly Cozart, Phillip Gattis, and Chester Vara. Daniell Summers, Keith Stowe and Michael Gosnell contributed to the defense by recovering a fumble a piece.

The Loboes will face Gorman, who routed Perrin 35-to-12 last week, here Friday at 8 p.m. The Loboes would really like to thank all those who attended the game last week and hope you will show up again this Friday. The Loboes have two remaining pre-district games before facing a tough 8-2A schedule.

In other scores of interest, DeLeon beat Dublin 42-to-0, Eastland beat Early 47-to-12, Golthwaite beat Hamilton 43-to-14, San Saba beat Llano 14-to-0, and Ranger defeated Rising Star 14-to-7.

Mavericks Outrun Early 47 to 12

by Richard Kurklin
The speed of the 8-AA Eastland Mavericks was too much for the rebuilding class AAA Early Longhorns Friday night in Early. Eastland ran up a 40-to-0 lead in the first three quarters while limiting Early to three first downs during those quarters, before finally winning the game 47 to 12.

Eastland's Rojelio Bonilla ran 59 and 9 yards to score twice while Franklin Skinner had 4 yd. and 9 yd. touchdown runs for the Mavs. Brent Sanderson threw to Kyle Sargent and Jeff Morren for 16 yards and 34 yards and two more Maverick scores, and sophomore Danny Nelson had a 42 yard touchdown run. A pass from Sanderson to Sargent added 2 points and Morren kicked 3 of 6 extra point attempts.

Early punted 6 times to twice for Eastland while the Mavs led on first downs.

Both Bonilla and Sargent had an interception and a fumble recovery. And an aggressive Maverick defense consistently stopped Longhorn drives and kept Early in poor field position. They also defended both Early extra point attempts.

Early scored in the fourth quarter on 2 yard and 6 yard touchdown runs.

Eastland will host Olney for the second game of the season.

The Maverick defense held for two series as Eastland fumbled away the first Early

punt. After the second punt Eastland ran for first before a penalty forced them to punt. Early ran for a first, but Bonilla intercepted a pass for Eastland. Eastland ran for two firsts and scored 8 points.

In the second quarter, Douglas Wortman tackled Early's punter for a loss and Eastland passed for a touchdown. Craig Chick led a defensive rush which continued to shut down Early's offense and once again forced a punt. Seven points were added after a 59 yard run by Bonilla.

Early ran for a first before Sargent grabbed a fumble. Sanderson and Bonilla ran for firsts before Eastland gave up the ball. But the Mavs jumped on another fumble and a 34 yard pass scored for the Mavs. Early passed for a first as the half ended with a 27-0 score.

A pass to Sargent and runs by Skinner and Sanderson earned firsts before Bonilla scored. Bonilla recovered a fumbled kickoff and Eastland ran for a first. Skinner scored from 9 yards and the kick was good.

Eastland's defense forced another punt and Eastland ran for a first before using their second punt. Sargent intercepted but Eastland fumbled at the 3. Early had to punt as they trailed 40-0.

In the fourth quarter, the ball went over to Early, and they ran and passed for 3 firsts as the Eastland reserves played. Early ran a 2 yard touchdown but Eastland smothered the kick holder.

Taking a punt, the Eastland pass fell incomplete. Early passed for a first and ran 6 yards to score. Again the kicker didn't have a chance.

Eastland's reserves toughened and ran for a first, and Kris Brown added a second.

Nelson ran 42 yards to score and the kick was good.

Early ran for a first before the Eastland defense said "no more." A fake punt and pass didn't work for them either as time ran out.

Bulldogs Win Season Opener Over Rising Star 14-7

The Bulldogs began the 1990 season with a 14-7 victory over Rising Star.

The Bulldogs jumped on four turnovers by the Wildcats and held them scoreless until the last quarter when Rising Star scored on a 10 yard pass.

Both of Ranger's touchdowns were executed by #32 Steve Crew. The first TD, was a 19 yard run on a fake field goal attempt in the first quarter. A 61 yard pass from Clint Cantwell, allowed Crew to score the second TD. Mikey Chavez kicked both PAT's.

Summary of statistics showed Ranger with 9 first

downs, Rising Star 11; 30 for 78 rushing yards for Ranger, 35 for 86 for Rising Star and 132 passing yards for the Bulldogs with 35 for Rising Star.

Ranger who has been picked 4th in District for this season, has a very impressive roster this year. 42 players on JV and Varsity. The weight and height averages are up this year and experience will be a key factor in Ranger's offense and defensive finesse.

EDITORS NOTE: Due to recovery from illness, this reporter was unable to attend Friday nights game. Story was composed from stats on Friday's game.

Fishing Report For Sept. 5

Central
Brownwood: Water clear 78 degrees, 6 inches below spillway level; black bass are fair to 6 1/4 pounds on cranks and topwaters, some under-sized fish; hybrid striper are good to 7 pounds at night under lights on jigs and shrimp; white bass are good at night under lights with limits; crappie are good in number but many are too small to keep on minnows; catfish are good to 5 1/2 pounds on grasshoppers; yellow catfish are good in the 16 to 20 pound range on live shad.

Whitney: Water clear, 81 degrees, 1 foot low; black bass are improving to 5 1/2 pounds on worms and spinners; striper are slowing down, some on live bait and some downrigging; crappie are good on minnows and jigs in 10-12 feet of water; white bass are good with many limits caught schooling over most of the lake on fleecies, spoons and slabs; catfish are fair to 4 pounds on shrimp.

Northeast
Fork: Water clear, 92 degrees, 11 inches low; black bass are good to 10.23 pounds on dark worms; crappie are fair in number with a few limits to 1 1/2 pounds on minnows; channel catfish are fair to 20 pounds on bread.

South
Falcon: Water clear, 23 feet low; black bass are fair to 7 1/4 pounds on worms and cranks; fishermen have to work; striper are fair around the dam jiggging spoons and trolling; crappie are slow; white bass are good around the state park by jiggging Knocker Spoons, fish are under birds; catfish are good to 20 pounds, most are in the 5-6 pound range on shrimp.

West
Fort Phantom Hill: Water clear, normal level; black bass are fair to 1 1/2 pounds on minnows and topwaters and cranks; striper are slow; crappie are good with limits on minnows; white bass slow; catfish are good on liver and worms.

Granbury: Water clear, 87 degrees, normal level; black bass are fair to 3 pounds on cranks; striper are slow; crappie are slow; white bass are fair to 2 pounds on live shad; catfish are slow.

Hubbard Creek: Water clear, 82 degrees, normal level; black bass are fairly good to 10 pounds on live minnows; striper are slow; crappie are good on live minnows in 15-20 feet of water; white bass are fair to 15 fish per string on slabs; catfish are good to 22 pounds on trotline baited with live bait.

Meredith: Water clear, 78 degrees, normal level; black bass are slow but some caught on minnows; crappie are slow on minnows; white bass are slow on minnows; channel catfish are good in the 2-3 pound range on liver and worms. Walleys and smallmouth bass are slow.

Oak Creek: Water clear, 79 degrees, 8 feet low; black bass are fair to 5 1/4 pounds on dark worms; crappie are slow; white bass are fair to 3 pounds trolling spoons and small baits; catfish are fair to 4 pounds on chicken livers and shrimp.

Fishing Outdoors

By Terry L. Wilson

Monty McJimsey of Breckenridge Wins \$1,250.00 at Leon
One hundred and thirteen anglers met at Lake Leon this past weekend for the 15th annual ECBC Invitational. This was the lowest number of paid entries in over six years. Contributing factors could be high gasoline prices, and other expenses, threat of bad weather, and anglers picking and choosing the more economical prize for entry events around.

Monty McJimsey of Breckenridge took top honors in the senior division with 3 fish 12.56 pounds. This string included second place big bass of over 6 pounds. Second place overall with 2 beautiful fish going 11.22 including third place big bass was Richard Treece of San Angelo. Richards big bass also went over 6 pounds.

But the big bass of the day, 1 6.98 pound lunker went to Mark Roe. Mark reported this fish to have been taken on a jig in about 3 feet of water.

The top anglers reported worms, Crankbaits and jigs to be the top producing baits.

Taking top honors in the Jr. Division with 2 fish 5.53 was Lyle White. Lyle's fish were caught on a crankbait in the La Mancha slough. Second place and a young man who is no stranger to winning in the youth division Jason Gilley, 1 fish, 1.49 pounds. Only twelve entries in this years Jr. Division could be reflective of the \$5.00 entry. This event is normally held to gain interest from up and coming youth anglers.

24 Month CD

8.40%

Interest.

The Smart Money's on Us.

To keep up with today's changing market, you need an investment that offers two important things — short-term flexibility and a substantial interest rate. That's why smart investors are investing in AmWest Savings' 24-month CD. It has all the short-term flexibility they want, plus a substantial 8.40% rate of interest. A smart investment no matter how you look at it. Of course, our 24-month CD is only one reason to do business with AmWest Savings. Come by today and find out more about our wide range of investment options. We'll make it worth your while.

Rate stated is an effective annual yield on quarterly compounding of interest. Substantial penalty for early withdrawal. Rate subject to change without notice.

American Association Of Retired Persons Tax-Aide Program

The American Association of Retired Persons Tax-Aide Program is accepting applications of persons interested assisting the elderly with their income tax.

TAX-AIDE is a unique service which relies upon the efforts of volunteers to provide FREE income tax assistance to older persons and low income persons who are not able to afford professional help. TAX-AIDE is sponsored by the AARP in cooperation with the Internal Revenue Service through its taxpayer educational program. The I.R.S. provides the training, instructions and all material to support volunteers with their income tax counseling.

The primary responsibilities of a Tax-Aide Counselor centers on helping older persons with their tax forms. This is accomplished by explaining special tax benefits that are available to them and preparing or advising of the tax forms. The counselor completes the forms but does not sign nor mail them for the taxpayer.

Persons volunteering to serve as income tax counselors should have a sincere interest in serving older adults.

They should also be willing to participate in an Internal Revenue Training course and agree to devote at least four hours a week to provide counseling.

Volunteers need not be retired nor do they need to be a member of AARP. Persons of any age are welcome. Volunteers provide assistance without charge and are not legally liable for the information which they provide.

The training for becoming a Tax-Aide Counselor is provided by IRS tax trainers or by certified Tax-Aide Instructors and is provided free of charge. Training sessions will be held in January and usually completed within a five day period. All material will be furnished by the IRS.

Tax-Aide Counselors are reimbursed, after completing the training and serving season, for any expenses incurred in carrying out their program related activities.

Persons interested in finding out more about Tax-Aide or serving as a counselor may write or telephone:

Abilene Council on Alcohol & Drug Abuse To Expand Services

The Abilene Council on Alcohol & Drug Abuse received a grant for \$72,500 to expand its services into 8 surrounding counties. The award, announced August 15th by Senator Temple Dickson of District 24 is part of a \$4.4 million "Council Initiative" package offered by the Texas Commission on Alcohol & Drug Abuse to extend council services to under served counties.

"The Council has never refused help to anyone from outside Taylor County," said Mary Busby, A.C.A.D.A. Executive Director, "but, because of this grant, we can now be available to the people of these counties on a consistent basis."

In addition to Taylor County, the Council service area will include: Callahan, Eastland, Haskell, Jones, Shackelford, Stephens, Stonewall and Throckmorton Counties.

According to Mrs. Busby, the A.C.A.D.A. has received a lot of support and approval from county officials when approached with the idea of the Council offering its services in their communities.

A survey conducted by the T.C.A.D.A. reported 15% of the population in the counties that will benefit from this grant has been identified as having one or more alcohol or other drug related problems. In the A.C.A.D.A.'s catchment area (including Taylor County) this works out to 32,388 people whose problems will affect an additional 129,552 family members.

The A.C.A.D.A. services include educational programs for schools, churches and civic organizations. Employee Assistance Programs, evaluation and referral, a 24-hour telephone information service, D.W.I. and Public Intoxication Education Classes.

And is it coincidence or is it fate? The award of the new grant to the A.C.A.D.A. to extend its services to 8 or more counties comes on the 32nd anniversary of the day the Council opened its doors to the people of Taylor County.

The Texas Commission on Alcohol and Drug Abuse administers all federal and state funds targeted for drug and alcohol prevention, intervention and treatment services.

According to Mrs. Busby, the A.C.A.D.A. has received a lot of support and approval from county officials when approached with the idea of the Council offering its services in their communities.

Steed Offers CPA Continuing Ed Credits Via Satellite

Bob Steed, the Edward D. Jones & Co. representative in Eastland, will host a continuing education seminar, broadcast live via satellite from St. Louis, Mo., headquarters and Washington, D. C. for area CPAs Sept. 20.

"We believe this will be the largest seminar of its kind," Steed said. "It's being broadcast to each of our 1,500 plus offices, and more than 9,000 CPAs across the country have already registered to participate."

All CPAs must meet minimum annual continuing education requirements to retain their certification. However, the American Institute of CPAs, which has nearly 300,000 members, recently increased its continuing professional educational requirements for members, which could account for the high degree of interest in this particular seminar. By offering such seminars locally, Edward D. Jones & Co. makes obtaining those credits convenient and economical.

The featured speakers for the seminar are Mark McConaghy, managing partner of Washington National Tax Services for Price Waterhouse, and Carol Caruthers, the partner-in-charge of Personal Financial Services Practice for the St. Louis and Central region of Price Waterhouse. McConaghy will provide participants an update on taxes. Caruthers will discuss deferred compensation, fringe benefits and other executive compensation issues. The broadcast will be interactive, allowing CPAs to ask questions of the speakers.

Steed also offers a series of for-credit videotapes that are available for local CPAs to view at their convenience.

Edward D. Jones & Co. is the largest investment firm in the nation in terms of retail offices, and it is one of only a handful of firms to serve more than one million investors. Its registered representatives sell traditionally conservative investments to individual investors exclusively. In addition to providing a valuable service for CPAs, Jones' continuing education program promotes working relationships between CPAs and investment representatives, which assures quality service to individual investors. Steed's office is located at 107 W. Main.

Ruth Stewart, M.Ed.

Q. How can word pictures help me to guide my children?
A. It can be surprising how effective word pictures can be with children and teen-ages.
There is an alternative to raising the voice, the endless lecture, and constant paddling.
An emotional picture can help develop better parenting skills by making the most of your words. It can bring mountainous problems down to ant-hill size.
A parent can maintain discipline and a positive attitude even during tough times by creating word pictures.

From Page 1 Williams

continuing their trip were also at the airport when Williams arrived.

Williams and Perry were joined by the greeters in a parade led by a fire truck to the Majestic.

With Williams' visit to Eastland being the first major campaign event in the city by a candidate for governor, Saturday was declared Clayton Williams Day by Mayor Dub Hoffmann. And a large number of visitors traveled from area cities as far away as Decatur and Wichita Falls for the rally.

The Majestic Theatre, which seats more than 800, was nearly filled, and some late arrivals reportedly didn't find seats.

A group of girls and ladies from Wise County entertained with their clog dance routines as Clayton and Modesta Williams shook hands with people on their way through the crowd. Rick Perry was joined by his wife Anita, his son and daughter, and his parents as he met the crowd.

The rally opened with a prayer and the crowd saying the pledge of allegiance to the flag. Jim Moylan welcomed everyone to Eastland and District Campaign Chairman Pat Patterson made the introductions. Mayor Hoffmann made a presentation and Williams responded that it was the first Clayton Williams Day ever.

Patterson briefly told how that Williams continues to do things that people say can't be done.

Perry, who is campaigning against Jim Hightower, said that encouraging some fruit stands in Texas is not enough. "We produce agricultural products in Texas, so let's bring the processing back to Texas and produce market ready products," he said.

Hightower was described as a hippie who is opposed by the agricultural producers of Texas. It was said that he is the only state agricultural commissioner which Washington will not trust to handle federal funds, which it was pointed out that the White House doors would be open to Perry.

Williams said that he didn't want to be "Lonesome Gov" that when elected governor,

he would need the help of people like Perry. The polls show Williams leading in the race for governor.

This is my second visit to Eastland, I visited here while in the army and stationed at Mineral Wells, said Williams, who described himself as an athlete growing up in a Christian family in Fort Stockton. He first became a farmer and later started his own gas company. People said he couldn't succeed, but he became a millionaire. He had to improve efficiency to do it, he pointed out.

Williams said that he would travel to foreign countries to recruit more business and develop more markets for Texas.

Workman's Compensation, high regulated shipping costs, and liability where the judges hearing suits receive large contributions from those bringing the suits, were named as problems which are driving industry away from Texas and where changes are needed.

"We have good teachers," said Williams, "but our educational system is failing. We need to return the control of our school system to the local school boards." He also promised to veto unfunded requirements. He proposed bidding out services, raising teacher pay, establishing respect for principals, and throwing out both the career ladder and Education Commissioner Bill Kirby. Let parents decide which school to send their children to, he continued.

When students get kicked out of school, they so often become drug pushers. Let's provide a boot camp for them instead and teach them to work. My son got on drugs, but with treatment overcame the habit. Let's provide treatment for those who can't afford it, and let's spend some money to find a cure.

Let's double the prisons and add enforcement officers to hurt the drug dealers, and enforce the death penalty. We also need to make users pay for their offenses. Give users and first time offenders a second chance, in a 90 day boot camp. Give them some pay for their work. If they learn to work, stay away from drugs, and go straight, clear their records and let them get jobs. If they are unwilling, put them in prison, Williams suggested.

Of course, what I have

proposed costs money and I'm sure you would like to know my plans for paying for these things, Williams continued. He suggested six ways to cut expenses in Austin including such things as a state hiring freeze, a 7 percent cut in operating expenses, bidding out some work, and selling the state's 61 airplanes. We don't need another 40 percent increase in the number of bureaucrats in the state in the next four years like we've had the past, and the politicians don't need airplanes to politic in at taxpayers expense, Williams said.

Williams reminded voters that he is not a politician or lawyer, that he is a successful businessman.

Let's give our young people some incentive to stay in school, he continued. If they have good behavior, let's help them go to college or teach them a trade.

Contrary to what he has been told, Williams insists that he can ride a horse into the 20th century, if that horse happens to be honesty, integrity and using the Bible as a rule book.

Clayton Williams said that he would start by defining the objectives and using good people. Some of his objectives are to veto an income tax, or any new tax, to stop bureaucratic growth, and to take Texas back from the system so that the people rather than bureaucrats will control the state. He says that he believes in a day's work for a day's pay, and that he wants to give the people the highest rate of political return if he is elected Governor of Texas.

In answer to a question, Williams said that both guns and autos controlled by people kill people. And that he is not in favor of doing away with either, but is in favor of doing something about criminals who use guns. He also insists that victims, and not just criminals, should have rights.

There was more handshaking, and as a tired Clayton Williams returned to the airport for a flight to Alpine and some rest, he commented that he was impressed by Eastland and how friendly people are here.

KRISTI DAWN CAMPBELL

Kristi Campbell Is Attending McMurry U.

Kristi Dawn Campbell, daughter of Charlene Watson-Campbell and Kenneth Campbell, both of Baytown, is attending McMurry University on an academic scholarship. She was also recruited to play basketball and signed a letter of intent this spring with the Lady Indiana. She will be majoring in para legal studies. Kristi is a 1990 graduate of Ross S. Sterling High School in Baytown where she was in the top 25 percent of her class of 750. While in high school she received honors in Outstanding High School Students of America, Who's Who Among High School Students, and will be listed in the National Honor Roll.

Kristi was also very active in sports. She was on the varsity basketball team for three years where she earned Honorable Mention, first and second team all-district honors. She was the point guard for the Lady Rangers for the three years and also her junior and senior years rotated to shooting guard. Her junior year the Lady Rangers were district, bi-district and area champs. She averaged 10 points per game and her junior and senior years she had 30 and 33 3-point baskets even though her senior year started off with an injured knee.

She has played slow pitch softball for eight years, where she also earned honors such as MVP, all-state, all-tournament and all-world. She has traveled with her teams to Georgia, Tennessee, Arkansas and New Mexico. This summer she played with the Lampe Green senior girls out of Lubbock. She earned all-

state honors in the USSSA state tournament with Lampe. These girls are 16, 17 and 18 years old and play in the Womens Class C and D divisions where in 1989 they were ranked second in the state in the Womens USSSA Class C division.

Kristi has a sister, Kaci of Baytown, and a brother, Kevin of Houston. She is the granddaughter of Thelma Watson of Cisco and Arna Campbell of Abilene. Her uncle and aunt are Major and Dorothy Farnsworth of Cisco.

Azlee Henderson Hosts CWF

The C.W.F. met in home of Azlee Henderson at 7:30 p.m. Oct. 15 with 15 members and two guests.

Nora Stevens presided in absence of Mable Fletcher, our president.

The meeting was opened by Durene McCracken leading us in prayer.

Shirley Hargraves gave our lesson - she continued our study of Central America. Her topic was "Seeds of Promises". Velda Witzsche led us in our worship. An offering of \$27.00 was blessed by Velda Witzsche.

Member present were Velda Witzsche, Olga Fay Parker, Shirley Hargraves, Hellen Hathaway, Opal Sharp, Leva Pathon, Gail Summers, Velma Williams, Durene McCracken Hattie Weathers, Reba Steffey, Ada Mobley, Nora Stevens, DeAlva Chambers, Azlee Henderson. Our guests that we were so pleased to have were Mrs. Ann Summers of Rockdale, Tx., mother of our minister and Sue Bentley, daughter of Ada Mobley.

After a short business meeting we were dismissed with missionary benediction.

Ice cream, cake, nuts, coffee were enjoyed by all. Our next meeting will be in

You And Your Living Faith

BY:
REV. C.R. MANGONE
INTERIM PASTOR
REDEEMER LU-
THERAN CHURCH

Beginning with this article there will be a series of articles printed in your newspaper - about you and your living faith. Today's word about the Word pertains to the Triune God. There are many Christians that do not understand that God is three persons in one God, the Father, the Son, and the Holy Spirit. Each person of the Godhead being co-equal. How did our God, the Triune God make Himself known to the human race? The account of the baptism of Jesus "on Jordan's bank" narrates how the Triune God made Himself known.

As our Lord, Jesus Christ, came out of the water, the Father revealed Himself VOCALLY when from

home of Olga Fay Parker, 308 West 10th, Oct. 19.

heaven He declared Jesus to be His beloved Son, and the Holy Spirit revealed Himself VISUALLY by "descending like a dove and alighting on Him" (Matt 3:16).

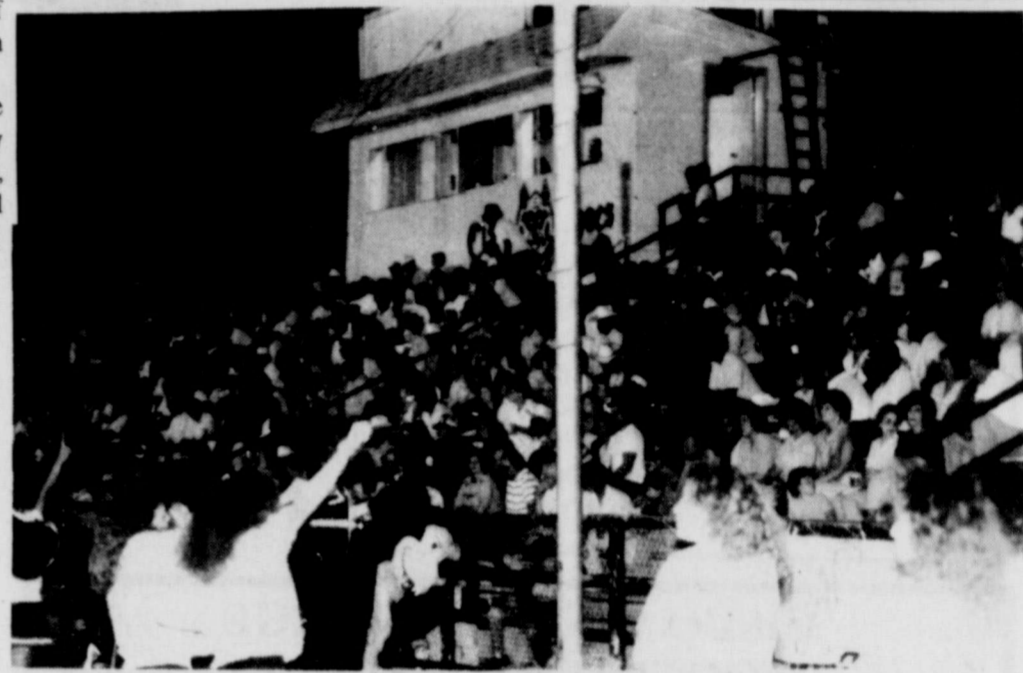

The above is a sample of how the teaching of the Holy Trinity occurs in the Bible not as a finely formulated doctrine (as in the Apostles' Nicene, and Athanasian Creeds), but in widely separated statements: in the above story, in Old Testament declarations (for example, in Numbers 6:24-26); (Isaiah 42:1), in the apostolic benediction as recorded in 2 Cor. 13:14, where Paul says: "May the grace of the Lord Jesus Christ, and the love of God, and the fellowship of the Holy Spirit be with you all."; in Jesus' utterances that the Father had sent Him and that He and the Father would send the Holy Spirit, the Counselor; and especially in the Great Commission.

God is both one and three. This is not a "new math" but

the Biblical truth that God is one in three, and three in one. First, He is one essence, one undivided being: "Hear, O Israel; the Lord our God is one Lord" (Deut. 6:4). Second, He is them in the name of the Father sent the Son, Jesus Christ, to die for our salvation and for the forgiveness of our sins, and rise again from the dead, and that the Father and the Son continue to send the Holy Spirit to lead us to keep us in the saving faith in our Savior Jesus Christ.

Do you want to know more of your living faith? Do you want to experience your new life as a Christian and grow in your faith in Jesus Christ? Then take time in your life and go to the church of your choice. Take time to praise and worship our Triune God, the Father, the Son, and the Holy Spirit so your faith will grow and your life will have meaning. Go to your church this Sunday!

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Cisco Hospital District will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1989 by 256.25 percent. Your individual taxes may increase at a greater or lesser rate or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on Thurs., Sept. 20, 1990 at 6:00 p.m.

FOR the proposal: Mr. Robert E. Conner, Dr. Ervin E. Addy, Jr., Mr. Dan Dixon, Mrs. Kitty McCracken, Mr. Bill Philpott

AGAINST the proposal:

PRESENT and not voting:

ABSENT:

(Names of all members of the governing body, showing how each voted on the proposal to consider the tax increase and, if one or more were absent, indicating the absences.)

The statement above shows the percentage increase the proposed rate represents over the rollback tax rate that the unit published on August 12, 1990. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	Last Year	This Year
Average home value	18,358.00	18,347.00
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions)	0	0
Average taxable value	18,358.00	18,347.00
Tax rate	.14135	.50 proposed
Tax	25.94	91.73 proposed

Under this proposal taxes on the average home would increase by \$ 65.79 or 253.62 percent compared with last year's taxes.

Comparing tax rates without adjusting for changes in property value, the tax rate would increase by \$.35865 per \$100 of taxable value or 253.73 percent compared to last year's tax rate. These tax rate figures are not adjusted for changes in the taxable value of property.
