## Jo's Jottin's

The 13th Annual Lions Club Crippled Children's Benefit Bowl football game will be played at 7:30 p.m. Saturday, Sept. 22, at Breckenridge. The Cisco Junior College Wranglers and the Ranger Junior College Rangers will vie for the "Benefit Bowl" trophy. A large delegation of Wrangler fans is expected to attend the game.

It's not too early to start planning your entry for the annual Cisco High School Homecoming Parade, which will be held Friday, Oct. 12. Entry forms have been mailed by the student council to local businesses. Entry forms are also available by contacting the high school at 442-3051. Let's make this the best homecoming parade. The Cisco Loboes will play the Eastland Mavericks in the homecoming football game.

We attended the West Texas Fair and Rodeo in Abilene Saturday. Andy Escobedo and Carmen Rosales, both of Cisco, won ribbons with their beautiful paintings; and Amy Whitley won a ribbon with her ceramic Christmas village. There may have been more winners from Cisco but we didn't see them. Ran into A.C. and Geneva Reed of Stamford, former

Cisco residents. She was waiting in line for a funnel cake. Taking in the fair and rodeo with them was their young grandson, Spencer Reed of Abilene.

The E.L. Graham Memorial Hospital Auxiliary is making plans for their annual Hospital Book Fair and Bake Sale which will be held Oct. 12-13 in the Corral Room. If you have books to donate to the sale contact Janelle Schrader at 442-3329 and she'll make arrangements to have them picked up, or you can leave them at The Cisco Press office.

### Auxiliary Plans Book/Bake Sale Oct. 12-13

The E.L. Graham Memorial Hospital Auxiliary will hold its annual Book Fair and Bake Sale Friday and Saturday, Oct. 12-13, in the Corral Room, according to a report. The event will begin at 3 p.m. Friday.

Anyone who would like to donate books to the fair and needs them picked up has been asked to call Janelle Schrader at 442-3329. Books may also be left at The Cisco Press office.

## NEW DPS TROOPER

Former Cisco Police Chief Billy Rains, the son of Odell and Francis Rains of Cisco, is now a Department of Public Safety Trooper and has been working out of the Eastland office since last Monday. With eleven years of experience in law enforcement, Rains started training at the D.P.S. Academy on March 27 and graduated August 31. He said that he learned some new things, especially in traffic enforcement, but that he is happy to be back home and to be working with Sgt. Jerry Matthews and the local officers. Rains received his degree from Cisco Jr. College and he was also the fire and arson investigator in Cisco. Billy and Beverly Rains now have their 15 year old son B.J. and their 8 year old daughter Lacey in school in Eastland.

## Eastland County Has 10,488 Voters On Registration Polls

Eastland County Tax Collector Nancy Trout reports that her office has been busy all year updating the voter's registration rolls - removing names of persons who have died or moved away. New names have been added during the year, also.

The County total of registered voters now stands at 10,488.

The local Precinct totals are:

Precinct 1 - Eastland - 2,820.  
Precinct 2 - Olden - 265.  
Precinct 3 - Ranger - 2,009.  
Precinct 4 - Desdemona - 216.  
Precinct 5 - Gorman - 842.  
Precinct 6 - Carbon - 311.  
Precinct 7 - Rising Star - 1,112.  
Precinct 8 - Cisco - 2,652.

Precinct 9 - Lake Leon - 261.

Mrs. Trout reports that she will register voters at a table set up at Wal-Mart Store on Friday and Saturday, Sept. 21-22. If you have not yet registered, come by and have your name placed on the rolls. The deadline to register for the Nov. 6 General Election is Oct. 7 in person and Oct. 9 by mail.

## Cisco Junior College Wranglers To Play Ranger JC In Benefit Bowl

Cisco Junior College Wranglers will play Ranger Junior College Rangers Saturday, Sept. 22, at 7:30 p.m. in Breckenridge in the annual Lions Club Charity Bowl.

The Wranglers defeated Blinn Junior College last Saturday by a score of 32-21. The game was played at Chesley Field.

CJC quarterback Robert Bland threw three touchdown passes, two to Dante Wright, in the win.

After Cisco opened the scoring on David Burns' 11-yard return of a blocked punt, Bland fired his first touchdown pass - a 33-yarder to Bert Miliner.

Chris Bias, Cisco's other quarterback in the two-quarterback shuttle, then made it 19-10 when he threw a 6-yard pass to Dante Wright.

Bland came back in to fire a 57-yard scoring pass to Miliner and a 16-yard pass to Wright to make the score 32-10 at halftime.

Cedric Clark led Blinn's comeback try with two touchdown runs in the second half.

Cisco is now 2-0 on the season.

Stats for the CJC-BJC game

were as follows:

First downs—CJC 20; BJC 18.

Rushes-yards—CJC 37-71; BJC 42-146.

Passing yards—CJC 267; BJC 148.

Comp-Att-Int—CJC 18-29-0; BJC 16-35-0.

Punts—CJC 8-40; BJC 8-38.

Fumbles-lost—CJC 5-3; BJC 5-3.

Penalties-yards—CJC 8-80; BJC 17-126.

## Band Boosters To Meet Monday, Sept. 24

The Cisco Band Boosters will meet on Monday, Sept. 24, at 7 p.m. in the Cisco High School Band Hall.

All parents of sixth through 12th grade band students are urged to attend.

The Band Boosters do many things that help band students in each grade, including paying for the sixth grade band end of the year party, the band trip to Six Flags for junior high students, and a trip to high school band students.

One way the Band Boosters raise money is through the

concession stand at the football games. "This is a lot of hard work, but very much worth the time we put into it," said a spokesperson.

Anyone who would like to help in any way has been asked to attend the meeting or to call Yvonne McFadin, 442-3380, or Sarah Hounshell, 442-4616.

"Your ideas are always welcome. This is a joint effort by all parents. Not just one person can do it all. The youth of our town are worth the effort to be involved," the spokesperson added.

## AARP Will Meet Thursday In Corral Room

A.A.R.P. chapter 2447 will have their monthly meeting Thursday Sept. 20th at 6 p.m. at the Corral Room.

The program for the evening will be a speaker from Abilene to talk to us about Alzheimer disease.

All members are urged to come and bring a covered dish.

## Girl Scouts Registering For New Year

Girl Scouts have enjoyed a skating party the last couple Tuesdays while registering for the 1990-91 scouting year. Currently we have 40 - 1st, 2nd and 3rd graders that will make up our Brownie troops. If you can help by leading or assisting a leader, or know of someone who would like to help please call 442-4616 or 442-2578 for more information.

We also have a new Daisy Troop consisting of 10 girls, a Junior Troop of 26 girls and our Cadet Troop has 11 registered Girl Scouts. If you haven't already been given the day and time of your daughters' meeting, the leader should contact you soon. There will be more information later in the Cisco Press about all of the Girl Scout Troops.

Thousands read The Cisco Press all week long!

## Loboes Defeat Gorman; To Play Merkel Next

The Cisco Loboes will travel to Merkel Friday night to take on the Merkel Badgers in the final football game before District 8-2A action begins.

Merkel is in District 7-3A. The Badgers were 1-9 last season and are 0-2 this year. They have lost to Hamlin 17-0 and to Stamford 20-7.

The Loboes are 2-0 for the season after soundly defeat-

ing the Gorman Panthers 32-14 last Friday night at Chesley Field. The Loboes rolled up 450 yards on 65 carries. The Lobo defense held Gorman scoreless until 3:28 was left in the third quarter.

The 9th grade Loboes and junior varsity will host the team from Merkel Thursday night at Chesley Field. The 9th grade game will begin at

5:30 p.m. and the junior varsity will play at 7:30 p.m.

The two junior high teams, 7th and 8th grades, will go to Merkel Thursday. The 7th grade game will begin at 5 p.m., and the 8th grade will play following that game.

## Granddaughter Of Ciscoans In Dallas Hospital

Brandie Carlton of Eastland, granddaughter of J.E. and Sue Johnson of Cisco, is undergoing a series of tests at Children's Medical Center in Dallas. She is the daughter of Sharon and Billy Carlton of Eastland.

She was a patient at Brownwood Regional Hospital before being transferred to Dallas last week. Brandie is a fifth grade student at Siebert Elementary School, Eastland.

Correspondence may be addressed to her at: Room 439-A Children's Medical Center 1935 Motor Street Dallas, Texas 75235

## Eastland County Democrats Will Meet Thursday Night

Democrats of Eastland County plan a meeting at the Community Room of the First National Bank, Cisco on Thursday night, Sept. 20.

Mary Bailey, County Democrat Chairman, states that the meeting is open to all interested people. County Key Democrats will be available for people to be involved in different campaigns about 6:30 p.m. Materials will be available from 6:30 to 7:30.

Coordinators for the campaigns are Clarence Dill for Hugh Parmer and Gary Mauro, June Hicks for Ann Richards and Jim Hightower, Olin Odom for Bob Bullock, and Ruth Hart for Niki Van Hightower.

Saul Pullman will discuss the Texas Democrat platform at 7:30 p.m. Ann Murray will discuss choice issues.

If you can attend the meeting plan to attend at 7:30 p.m. for a business meeting.

## Local Man Is Named To All-Decade Football Team

Johnny Seaborn of Cisco was named by the Abilene Reporter-News to its 1980 All-Decade Football Team. He was named to the third team. He played three years on varsity for the Cisco Loboes.

Seaborn averaged 14 or more tackles a game and had a total of 22 quarterback sacks

throughout his high school years. He played positions of Guard, Defense and Lineman. His Junior year he was named All District Guard, All District Defensive Line, All Area and All Central Texas. For his Senior year he was named All District Guard, All District Defensive Line, All Area and All State.

## First Industrial Arts Club Opens Year With Coffee

The First Industrial Arts Club opened the 1990-91 year with a coffee at the Women's Club House on Thursday, Sept. 6, at 9:30. Evelyn Fry, president, offered greetings to members.

Members were treated to homemade doughnuts, coffee and trays of seasonal fruits. The quarter tables were very attractive.

At roll call each told of highlights of her summer. The year books were issued by the president. Many compliments were expressed to the year book committee. The theme of the year is "Entering

a New Century With Dedicated Service."

## Junior Class Will Meet

The Junior Class of Cisco High School will hold a meeting on Sunday, September 23rd at 2:00 in the Community Room of the First National Bank. All parents and students need to attend this meeting since the plans for the Homecoming Activities and Float will be finalized. Come and volunteer early for your favorite activity and avoid being "drafted."

The Legends of the West will be serving as deputies for the Eastland County Crimestoppers' float and booth which will be part of the festivities during the Roaring Ranger Days and the Old Rip Fest. They will be enforcing Judge "Ma" Buzzard's law west of the stockbarn, and may get into an occasional gunfight.

## Crimestopper Float In Area Parades

By Richard Kurklin The Eastland County Crimestoppers float/booth was well received at the Gorman Peanut Festival and Parade.

Everyone co-operated as various citizens charged with outlandish offenses were

brought to the court of Judge "Ma" Buzzard to be "fined" or jailed.

The "fines" are contributions to Eastland County Crimestoppers, a nonprofit organization which offers rewards for information which

results in the solving of crimes in the county.

"The law west of the stockbarn" was ably enforced by a group of deputies known as the Legends of the West.

## Letters To The Editor

Editor:  
During the past nine years that I have been gone from Cisco I have kept up with all the good and bad news through my Cisco Press. The greatest news I have ever read in all these years was a few months back when an article stated that the Cisco School Board had decided at long last to bring back Clyde Evatt as head coach.

There are many of us, including more ex-Lobos and ex-alumni than some would care to believe, who will go to our graves believing Clyde Evatt to be the best high school coach we have ever known. His enthusiasm for his players were both phenomenal! He was one of the greatest inspirations of my lifetime — indeed he was one of the rare and true gentlemen with whom I have ever been acquainted!

Over the years, several of my poems have been published in The Press. This is one I wrote for him 11 years ago. Could you now do me

one more favor and print this one?

Thank you!

Sincerely,  
C.W. Davidson  
"Whitey"

### A TRUE

#### SPECIAL FRIEND

We are gathered here tonight, with a tribute to pay,  
To a man who stands taller with each passing day.

Though the occasion is sad, it's a happy one too,  
A chance to prove friendship can remain ever true.

His enthusiasm, his spirit, and deep dedication,  
Has earned him our love and sincere admiration.

There are none of us here whom he failed to touch;  
He asked for so little, but gave us so much!

Yes, he has left his mark, and he has from the start;  
His stature exceeded only by the size of his heart!

The debt that we owe him, we could never repay,  
We can only say "Thanks"

in our own humble way.

His influence on our lives, we could never forget.

As a gentleman and leader, what an example he set!

Though he's leaving our midst, it's not a final goodbye.

Pleasant memories will remain; this we cannot deny.

He stands now before us, this true special friend;

His coaching our young ones has come to an end.

We wish him "GOOD LUCK," and I offer my hand.

"God Bless You, Clyde Evatt, You're a prince of a man!!"

(Written especially for, and dedicated to, Clyde Evatt, former Cisco High School football coach who, through his hard work, dedication, devotion, exemplifying Christian mannerisms, and daily contact with the youth and adults of this community, has done more in two short years toward the love, appreciation, and understanding of one's fellowman than any person I have ever known. There are countless numbers of us who will openly admit that our lives have been made better through the everlasting influence of his friendship.)

C.W. "Whitey" Davidson

Dear Editor,  
I would like to echo some of the statements made by Mr. Carl Bailey, in reference to Billy Bacon, and add some of my own.

Mr first reaction to his announcement to "run" as a write-in candidate was: Why in the world would someone want to do this? After I read the column again I noted that he says that, "I have been asked to run as a write-in candidate for several reasons." Then, he goes on to list only one reason. Who was it that asked him to "run again", and aside from the low voter turn-out, what are the "several reasons?"

Does he need confirmation? Does he doubt that the voters knew what they were voting for? Because in this column he goes on the tell what the county commissioner's job consists of, as I recall, not much emphasis was placed on the budget during the re-election campaign, it was placed on the county roads and the money that could be saved by doing it, "my way", (Mr. Bacon's way) in reference to road maintenance. Mr. Carl Bailey, suggests that the voters drive the county roads. I do because I live out in the county, but, the majority of the voters live in the towns of Eastland, Cisco, Ranger, Carbon and Gorman. Their main interest may not be the county roads because they rarely drive on them. I would hope their main interest is whether our county treasure chest contents are distributed with oversight or dished out to the various departments then forgotten about.

He now throw out that he is

responsible for making reports on the Eastland County Jail to the other commissioners. I do not remember him stating anything about this in the campaign, so, I will assume he was given this stint during his term.

Now, I called Mr. Bacon about a concern I had with the jail, which is under the supervision and operation of the Sheriff's Department, (as stated in the article.) The staff of the sheriff's office is 12 individuals. Since January 1, 1990, there has been a total of 9 individual who has quit the sheriff's department or has been fired. I stated to Mr. Bacon that the people hired must be unqualified or non-trainable and the hiring practices must somehow be flawed or the administrator of the department could be lacking in basic management skills. Mr. Bacon told me that the department was fine, despite the high employee turn-over rate.

Now, if I had called him about the county road that runs in front of my house and asked why the county has re-paved this particular stretch of road 9 times in the past 7 months, I would have at least expected him to come out or send a representative of his to look at the area in question, concerning the county road. Then, I would think he would give me some information after taking some time to analyze the situation. I would not expect him to answer my questions prior to investigating the particular place in the road I had questioned him about.

The county roads, like the sheriff's department, is financed, at least in part, by county taxes. We do not want to waste money on re-paving or reconditioning roads over and over because the technic used is the wrong one, and likewise, we do not want our tax dollars spent on continuing a revolving door of trainees at the jail/sheriff's dept. It takes time and experience and know how to pave a road correctly or serve as a public servant in the sheriff's right tools for the job at hand, use them in the way they were meant to be used, repair them if they temporarily break-down, and treat them with respect. In this way, the taxpayers won't be perpetually spending money to replace tools (or people).

Again, to recall what Mr. Bailey asked: Where was the roads and bridge tax was spent, how much, and when.

M. B. Snyder

By:

**CHARLES PRESTON**  
Eleven members of Post 10782 met at 8 a.m. Saturday, Sept. 15, for clean up detail for "Adopt A Highway" program on Highway 80. The members who donated their time to this project were: Lefty Young, Robert Snyder, Robert Turner, Jim McCann, Kenneth Booth, Ray Hatten, Bill Eudy, Sam Chisolm, Reggie Pittman.

## From Page 1 Crimestopper

Usually wearing .44 or .45 cal. "big irons" on their hips, they include Joe "Longarm" Williams, Roger "Bobcat" Woodall, John "Buck" Woodall, Ronald Bennett, Carl Simmons, Eddie Woodall, and John Johnson. They have been known to be involved in an occasional main street gun fight or shootout. And they may even play musical instruments or skin buffalo in their spare time.

Around \$200. in donations were received in Gorman, with about \$40. of it being donated to keep Gorman Police Chief Cecil Funderburk out of jail. Donations seemed to grow from coins to bills as fest goers noticed the big six shooters the deputies were wearing. Funderburk was charged in "Ma" Buzzard's court with interfering with local gambling operations. And each person paying a "fine" received a copy of their arrest warrant, suitable for framing, and a Crimestoppers bumper sticker.

Judge "Ma" Buzzard and the Legends of the West will be in Ranger on Saturday, Sept. 29, for Roaring Ranger Days, and in Eastland on Saturday, October 6, for the Old Rip Fest as they spread "law and order?" across Eastland County.

Charlie Jordan and some of his boys from the well known Abilene boys' ranch were also among those jailed.

The Crimestoppers float was escorted in the parade by Sheriff's Department patrol cars as every effort is being made to draw attention to the Crimestopper program, as such publicity helps to deter crime.

Q. How can I prepare my child for his first dental visit?  
A. Actually, the less "preparing" you do, the better. For instance, if you try to describe some of the equipment used, and choose words like "drill" or "shot", you may find that your dentist doesn't use those words at all. He may say something like "tooth cleaner" for drill, or "put the tooth to sleep" for injection. It's best not to even mention hurt or discomfort unless you want to condition the child to the idea of pain before he even has a chance to sit in the dental chair. Besides, the first visit usually doesn't involve any procedure that would be uncomfortable anyway. And most important, try not to communicate any fears you may have yourself. Children are very sensitive to what their parents are feeling.

This column is presented in the interest of better dental health. If you have any dental questions you would like answered, please contact the office of Dr. Cone C. Rice, 963 East Main Str., Eastland, Texas Phone: 817-629-3843

## Ranger General Hospital Raises Taxes At Meeting

The Ranger General Hospital Board of managers met in regular session on Monday, September 17th at 5:30 p.m. in the conference room. Board members present were: George Falls, Tom Page, Betty Brasher, Reba Rawls, Arthur Camacho, Jerry Edwards, and Stan Harper. Esther Robinson, administrator, also was present at the meeting. Around 25 citizens also attended the meeting.

The meeting was called to order at 5:35 p.m. and the invocation was given. Mr. Edwards welcomed all the visitors to the meeting and invited them to future meetings.

Ms. Robinson read the previous board minutes of the two August meetings. The first was held on August 13th at which time the board discussed the mandated tax increase set by the Bankruptcy court judge of 75 cents. At their regular meeting on August 20th, the new doctor was discussed. The minutes were approved as read.

The new doctor, Dr. Brent Gordon, will begin his first rounds on Tuesday, September 18th. As recommended by Dr. Gohike, the board agreed to grant staff privileges to the new doctor and also the courtesy staff of doctors who fill in when needed.

Mr. Edwards received no response from his statement, "Ranger finally has a second doctor." The audience remained quiet during the entire meeting, only speaking

after the business meeting was finished.

The tax proposal was the next item to be discussed and the major reason for the large audience. Mr. Edwards explained that the judge could not mandate a tax rate for Ranger General. The raising and lowering of taxes is decided by the board. The judge recommended the 75 cent per \$100 tax in order for the hospital to meet their bankruptcy 5 year plan. The board felt it was necessary to raise the taxes to 75 cents and feels it will generate the money to pay off their creditors and get the hospital solvent again. The board then voted unanimously to raise the tax to said amount.

After a few more business items were discussed, the board recognized Bob Green, spokesperson for the group assembled. He questioned the board about an outside audit. He had an original copy of the hospital by-laws which stated that an outside audit would be conducted each year. Mr. Green's question was answered by board president Edwards who stated that the hospital could not afford a tax audit at this time.

Green told the board that there would be a rollback, petitions were drawn up and would be complete by Tuesday. Green also voiced his concern how tax money will be spent. Edwards told him that all tax money is held in escrow until the matter is settled.

The meeting was adjourned around 6:15 p.m.

**A Thought  
For The  
Day....**

Last week we commented on some sage advice on "Being Yourself." We feel that this poem by the late Douglas Mallock sums it up beautifully.

"If you can't be a pine on the top of the hill,  
Be a scrub in the valley-but be  
The best little scrub by the side of the rill;  
Be a bush, if you can't be a tree.  
If you can't be a bush, be a bit of the grass,  
And some highway happier make;  
If you can't be a muskie, than just be a bass-  
But the liveliest bass in the lake!  
We can't all be captains, we've got to be crew  
There's something for all of us here,  
There's big work to do and there's lesser to do  
And the task we must do is the near.  
If you can't be a highway, then just be a trail,  
If you can't be the sun, be a star;  
It isn't by size that you win or you fail-

Be the best of whatever you are!"  
Remember that no two people have been or will ever be the same. Never before, since the beginning of time has there ever been anybody exactly like you and never will be again. So, let's be ourselves and find joy in it...

## Wedding Bells

### Nelms-Blakeley

John and Wanda Nelms of Cisco wish to announce the marriage of their daughter Cindy to Joe Blakeley, son of Johnnie Blakeley of Mineral Wells. They were married on

Saturday, August 4th at 7 p.m. by the Rev. Ronnie Shackelford at the Calvary Baptist Church in Cisco. Velma Joyner of Cisco is the couple's grandmother.

The church was accented with the traditional candle brass dressed with grapevine greenery, looped rope and topped with large red bandana bows. The piano, located on the bride's side of the church was decorated with the bride in mind. A red bandana handkerchief served as a spread under her roper boots, strand of pearls, lace handkerchief and her personal wedding garter. The church organ on the opposite side was topped with a red bandana scarf supporting an old lantern, a set of antique spurs, a pistol and a black and white garter all representing collections of the groom.

Carla Hargrove registered all the guests before they were ushered to their seats. Ushers were David Nelms of Eastland, Rodney Huffman of Mt. Pleasant, Mike Joyner of Austin, Pernell Coats of Llano and Jason Leming of Kingsland. Kathy Harris of Cisco provided traditional wedding music throughout the wedding. Jo Wayne Nelms of Bridgeport, cousin of the bride, sang "Wind Beneath My Wings" and "What a Difference You've Made in My Life."

The wedding began with the seating of the mothers and grandmother. Kirsten Nelms

of Temple and Rebecca Huffman of Mt. Pleasant both neices of the bride lit candles. They wore denim jumpers and white shirts with red bandana hair bows and corsages.

Terry Blakeley of Mineral Wells served as his brother's best man. Other attendants were Randy Blakeley of Perrin, Michael Blakeley of Mineral Well, and Kerry Nelms of Temple. They wore blue wranglers and white shirts with red rose boutonniere.

The groom, wore black wranglers and a black and white striped shirt supporting a yellow rose boutonniere led his attendants into the church just before the matron of honor, Connie Huffman sister of the bride began the march of the lady attendants. Serving as Bridesmaids were Nancy Nelms Cummings of Ranger, Tracie Joyner of Odessa and Kellene Coats of Kingsland. They wore teal-length denim dresses accented with silver conchos and buckles carrying long stem red roses trimmed in red bandana bows and streamers with red wooden hearts dangling from each.

The bride was escorted by her father. She was dressed in a tailored old fashioned white blouse with a tea length

white cotton skirt trimmed in wide eyelet lace, designed by Bobbie Cozart, aunt of the bride. She carried a long stem yellow rose accented with rope and a bandana bow, personally designed by Carolyn Hull.

The wedding reception, which followed in the church fellowship hall, carried out the western theme. The bride's cake, center upon a red bandana platform carried decor of rope, roses and conchos, supported two large personalized red hearts, made by Janice Casey. The groom's cake, sliced with each piece topped with its own white chocolate horseshoe, was made by Belva Yeager, aunt of the bride.

Fruit punch was served from a five gallon blue band crock. Chips and dips were served from a collection of blue enamel ware and baskets. All of this was served from tables covered in denim and red bandana.

Tabitha Bryant caught the bride's bouquet and Kyle Wylie received the groom's garter.

After a short wedding trip to Fort Worth, the couple is living in Cisco where the groom is self-employed.

can give you something  
few banks can...

A good night's sleep.

Now AmWest has "DreamSaver", a savings program designed to bring peace of mind to all those who worry about saving money.

Here's how it works: You tell AmWest how much you want to save every month, (as little as \$25 if you like) and they'll deduct it automatically from a free checking account (that's right, free checking) and put it into a CD account.

Keep your money there for a full 12 months and it will earn a high-interest CD rate. Take it out early, and you'll get a penalty — three months interest or \$50. So "DreamSaver" not only helps you save money on a regular

monthly basis — it helps you keep your hands off it too. And with a little money in savings, a good night's sleep will come a whole lot easier.

## Rescue Line

For Women

Ruth Stewart, M.Ed.

Q. How can I provide a legacy of love for my children?  
A. Children need security in words and actions. Children need instruction and friendship. They remember lessons better if they are given illustrations with a story or an object.  
The goal of parents with young children is building character through instruction, but with adolescents it is building through friendship.  
Children of all ages need the love that a meaningful touch can bring.  
Children need times of emotional bonding. One of the best ways to accomplish this is by going camping. For some reason the catastrophes (forgotten items, a tent blowing down, or blow up on the way back home) can cause family members to develop patience and memories that last for many years. Bonds are created and later they can say "Remember when..." and laugh or cry about an experience shared with the family.

## Fishing Outdoors

By Terry L. Wilson

### Leons Crappie Hitting

The best catch of the weekend had to have been the fine fried fish served up by the Eastland Volunteer Fire Department at Park Hill. Some fine eating and even better the funds raised went for some excellent causes. The price was small when compared to the return we all receive when we do have to call these well trained neighbors.

P. K. will be playing host to the Sun Country Pro-Am Circuit Championship next week. This event will begin Sept. 24 and run thru Sept. 29. I hope to have more details next cast.

Leon's crappie have been biting in the main lake area on jigs and minnows. Some of the bigger pecan trees near Duck Blind Slough are producing very well.

Don't forget the Runnels County Tournament Sept. 23. Anglers may fish Elm Creek, old or new Ballinger Lakes. This is an excellent small event for anglers.

### Boat Loading

Loading a boat properly is important for two reasons: the performance of the boat and the safety of passengers.

Here are a few loading tips from the Mariner Outboards boating authorities:

To prevent capsizing a small boat, hand equipment to someone in the boat; don't carry equipment aboard. When loading, stow all supplies securely, and keep decks clear. Fasten gear to prevent shifting. Show your guests where to sit. Help them put on and adjust their PFDs properly. Hold the boat as steady as possible while they're boarding.

When boarding a small boat from a dock or low pier, step into the center of the boat. Stay low and hold onto both sides to keep your balance.

When your guests are aboard, make sure their weight is distributed evenly fore and aft and side to side to keep the boat in trim. Do not exceed the total weight and number of people listed on the boat's capacity plate. A heavier load will reduce the boat's freeboard (distance from the water to the boat's rail) and reduce stability. The lower the boat rides in the water, the easier it is for waves or wakes to swamp it.

Guests should remain seated at all times in a small boat. If it is necessary to change positions in the boat, reduce speed or come to a complete stop. When changing positions, keep low in the boat and hold on to both sides for balance.

## \$500 Awards Offered To Young Wheat Farmers

Young Texas wheat farmers are eligible to enter an essay contest to compete for four (4) \$500 leadership development awards of which 60 will be awarded nationally. The program of the Texas Wheat Producers Association and National Association of Wheat Growers is sponsored by Monsanto Agricultural Products Company. The awards are designed to acquaint young wheat farmers with the wheat association organizational structure, leadership development, policy development and the education aspects of attending wheat organizational meet-

ings, according to Cagle Kendrick, President of the Texas Wheat Producers Association.

The \$500 awards are to defray the cost for the winners to participate in their choice of either the National Association of Wheat Growers 1991 Annual Convention January 16-19, Innsbrook, Tarpon Springs, Florida, or the NAWG Summer Leadership Conference July 8-11, 1991, Vail, Colorado.

Any Texas wheat farmer between the age of 20 and 35 years, who has not previously participated in either of the NAWG meetings mentioned

## Lillian Cogburn Price Paintings To Go On Display September 25

A unique, colorful glance backward to life on a Central Texas farm of the early 1900s will go on display at Baylor University's Strecker Museum Tuesday, Sept. 25.

A collection of 54 paintings by a Comanche County artist/author will be formally unveiled that day, with an opening ceremony at 4 p.m. The collection is labeled "The Happy Times - Tales of Early Life on a Central Texas Farm, 1906-1912."

The paintings are the work of Lillian Cogburn Price of DeLeon, member of a pioneer Comanche County farm family. She is the daughter of Charles Washington Cogburn and Minnie Ola Howard Cogburn.

The artist, who will not be able to attend the ceremony because of illness, will be represented by her daughter, Betty Price Ruble of DeLeon. A total of 65 paintings have been presented to Strecker Museum. The exhibit will remain on display until Nov. 4, according to Calvin Smith, director of Strecker Museum and lecturer in museum studies.

"The paintings are a most unusual collection in that they do not stand alone but they illustrate stories and personal reminiscences of this interesting and observant lady," Smith said of the paintings. She has written, for her family, a brief account explaining each painting. Thus, they

above is eligible to enter. The winners are selected based upon the content of their brief 50-word essay, explaining why they would like to participate in a NAWG meeting. Entry forms may be obtained by either writing or calling Rodney Mosier, of the Texas Wheat Producers Association office (803 Texas Commerce Bank Bldg., 2201 Civic Circle, Amarillo, TX 79109/Tele# 806/352-2282). The deadline for entering the contest is November 1, 1990.

are true, factual interpretations of a typical farm family's life of the time and place involved, a society which really no longer exists.

"It is," says Smith, "an exceptional opportunity to see a combination of art and history."

In style, the paintings have a Grandma Moses appearance, although Smith says they would be characterized not so much primitive as "naive" by artists.

Betty Ruble says that her mother is primarily a painter, and that the works illustrating her family reminiscences are "pure nostalgia" of childhood on a sandy "peanut and watermelon" farm in Hamilton County.

Lillian Price studied art for 60 years and has won many honors and awards for her impressionist landscapes and still lifes, according to her daughter.

The paintings portray her, as a young girl growing up, along with her family members, friends, schoolmates, pet and farm animals, and visits to the stores of the small town of Rucker, in north Comanche County.

## Natural Disaster Areas Named

Senator Bob Glasgow (D-Stephenville) has just been notified by the Division of Emergency Management that effective August 13, 1990, several counties within Senatorial District 22 were among contiguous counties named as natural disaster areas due to damages and losses caused by severe freeze occurring December 19-14, 1989.

Those named were Bosque, Comanche, Eastland, Hamilton, Hood, Palo Pinto, and Somervell.

Senator Glasgow stated that "emergency loan applications will be received through April 15, 1991, for physical and production losses."

## Homemaking Hints

By Janet Thomas, County Extension Agent

### MAKE HOME SAFER FOR LATCHKEY CHILDREN

School is back in session, and for many children that means spending time at home alone once the school day ends.

National estimates indicate that as many as 15 million children ages 6-13 are at home by themselves some time of the day. Child care experts believe there are at least one million latchkey children in Texas, but accurate figures don't exist.

That's because parents are reluctant to admit that their children spend time at home alone. They fear being seen as unfit parents. So, you get invalid statistics on latchkey children in the state.

Latchkey children who are victims of violent crimes or kidnappings make the headlines, but these cases are rare. National figures show that fires and accidents at home are the greatest threat, taking the lives of 4,000 children (many unsupervised) each year.

Parents who allow children to take care of themselves after school can do a number

of things to help ensure their safety.

**\*\*Arriving home**—If children walk home from school, tell them to walk with friends and never take alternative routes. They should always come straight home. Also, instruct your child not to go inside if the door is open or unlocked.

**\*\*Keys**—Instruct children to keep their house keys hidden inside a pocket, purse or wallet. Make sure all doors and windows can be locked and the child knows how to lock them.

**\*\*Safety rules**—Establish and post house safety rules regarding answering the telephone and door, playing and using appliances. Put all dangerous items out of reach of children. Check electrical cords for bare wires and broken plugs and make sure children cannot trip over them.

**\*\*Emergencies**—Post a list of emergency numbers and addresses near each telephone and make sure the phones are accessible to the child. Practice emergency procedures for fires and tornadoes. Be sure a smoke detector is on each level of your

home, and that all smoke detectors have batteries and are working properly.

**\*\*Check-in**—Designate an adult for children to check in with when they arrive home from school. Also, you may want your child to call you at work.

**\*\*Friends**—Do not allow friends to visit when the child is home alone. Unsupervised play may lead to accidents.

**\*\*Quality Time**—When parents are home, time should be spent with children. Listen to their problems and answer questions.

All children need to develop personal safety skills to protect themselves. If children understand all the family rules and know about safety, both parents and children will feel more secure and comfortable.

However, parents should keep looking for alternatives to leaving children in self-care. More communities are establishing options for latchkey kids.

### RECIPE FOR THE WEEK

**OATMEAL BREAD**  
3 cups whole wheat flour  
2 cups oatmeal  
1/2 cup non-fat dry milk  
1 1/2 teaspoons salt  
2 pkgs. dry quick-rise yeast  
3 cups water  
1/2 cup honey  
2 tablespoons butter  
4 to 4 1/2 cups all purpose flour  
1 cup finely chopped pe-

cans or raisins  
Combine 2 cups whole wheat flour, oatmeal, dry milk, salt and yeast in a large mixer bowl. Heat water, honey and butter in saucepan until very warm (120 degrees to 130 degrees F); add to flour mixture. Beat with electric mixer at low speed for 2 minutes. Stir in remaining 1 cup whole wheat flour, 4 cups all-purpose flour and pecans or raisins (stir by hand, when necessary). Knead 5 to 10 minutes until smooth and elastic; adding additional flour, if necessary.

Place dough in a greased bowl, turning dough over in the bowl to grease top of dough. Cover and let rise 30 to 40 minutes in a warm place or until doubled. Punch dough down and divide into halves. Shape and roll each half into a 14"x8" rectangle.

Starting at one of the 8" sides, roll up 'jelly roll fashion' and place seam side down into a 9"x5" greased loaf pan. Lightly grease tops of loaves. Using a sharp knife, cut a 1/2" deep slit lengthwise on top of each loaf.  
Bake at 350 degrees F for 45 to 55 minutes. Cool 5 minutes and remove from pans.

**NEWEST SCHOLARS** - These Tarleton State University freshmen are the newest members of the Presidential Honors Program. The Scholars include (front row, left to right) Carcia Mannis of Stephenville, Amy Neeb of Stephenville, Tracy Edwards of Eastland and (back row, l-r) Michael Waid of Atlanta, Carl Williams of Comanche, Kevin Hunt of Huckabay, Shawn Schlueter of Sweetwater, Noble Acuff of Fort Worth and Rhett Guthrie of Santa Anna. Not pictured is Mark Washington of Port Arthur. (TSU News Service photo).

## Tracy Edwards Is Member Of Presidential Honors Program At Tarleton State University

Tracy Edwards of Eastland was one of ten new members welcomed into the Presidential Honors Program at Tarleton State University this fall, bringing the total number of Scholars currently at the University to 31. Tarleton's newest Scholars were welcomed to campus by a two-evening orientation program that was planned and conducted primarily by returning members of the PHP.

"This was the second year that we hosted the short orientation program and I think it really helps the new Scholars become adjusted to campus and gives them a chance to meet and become acquainted with the other Presidential Honors Scholars," said Dr. Mallory Young, an Associate Professor of English and PHP Director.

Dr. Young was responsible for the recruitment, interviewing and selection of new Scholars from the many applicants. Other freshmen entering the program this fall include Carcia Mannis and Amy Neeb, both of Stephenville, Kevin Hunt of Huckabay, Carl Williams of Comanche, Rhett Guthrie of Santa Anna, Mark Washington of Port Arthur, Noble Acuff of

Fort Worth, Shawn Schlueter of Sweetwater and Michael Waid of Atlanta, Texas.

Tarleton President Dr. Barry B. Thompson had high expectations when he developed the Presidential Honors Program in 1984. "The Honors Program will be intellectually challenging," Thompson said, "and each scholar will be expected to perform above the rest of his or her peers." Funded by donor contributions and endowments, the 20 original Presidential Honors Scholars began their first semester in the spring of 1985. Since that time, the program has served some 60 students, many of whom have already made significant contributions to government, art, and sciences.

Motivation is the most important quality in the selection of Honors Scholars. The Honors Program seeks students who value knowledge for its own sake and who demonstrate abilities in academics, leadership, and service. In an effort to contribute more effectively to campus life, the Scholars recently developed the Presidential Honors Society and were granted organizational status at the University.

"The students felt they weren't making any contributions to campus activities and they hope that this Society will make the PHP more than just a program," said Dr. Young.

The Society has already

designed a special PHP t-shirt for its members and they published their first newsletter this spring. The club status will make them eligible to sponsor booths during campus functions, enter a float in the Homecoming parade and simply make them more visible to the student body.

"The Presidential Honor Scholars were selected because of their outstanding academic and leadership qualities," said Dr. Young. "We would like to have them set an example for other students but first they have to be recognized as Presidential Honors Scholars."

Among the projects in the works for the Presidential Honors Society are a trip to the National Honors Conference in Baltimore next month in participation in the Regional Honors Conference in Kansas next spring.

## 'The Freshman' To Show At Majestic

Entertainment at the Majestic will continue next weekend with "The Freshman," a Tri-Star movie featuring Marlo Brando, Matthew Broderick and Penelope Ann Miller.

The picture will show at 7:30 p.m. Friday, Sept. 21 through Monday, Sept. 24. Tickets will be \$3 at the box office, with the movie rated

PG.

Critics call "The Freshman" a "delightfully wacko comedy," and praise the acting of Brando and Broderick. The story is set in New York, and tells about a small-town man who hires out to a little Italy businessman who bears an uncomfortable resemblance to Don Vito Corleone of "The Godfather."

Yes, it's Brando, and the big man's performance is one of the most enjoyable episodes of the movie year. Brando walks away with the show, and leaves an impression that may some day rank as a classic.

The movie is a spoof, it's fun, and drawing crowds in theatres across the country right now. Enjoy it in cool comfort at the Majestic.

## Biennial Purge Removes 11 Percent Of Registered Voters From Statewide Rolls

The names of an estimated 900,000 registered voters have been removed from voter registration rolls statewide as a result of the biennial purge process, Secretary of State George Bayound said.

In even-numbered years, the names of registered voters are purged, or removed, from the registration rolls by county voter registrars because the voters have moved and failed to notify their local voter registrar of their new address.

Bayound, the state's chief elections officer, has encouraged voter registrars in all 254 Texas counties to set a goal of recouping the number of registered voters who have been dropped from the rolls due to the purge process.

This year's estimated purge of 913,465 is the highest in recent years. It marks a loss of more than 11 percent of the almost 8.3 million registered voters on the registration rolls for last spring's primary election. The 8,285,307 registered voters on the rolls earlier this year marked an all-time state high.

"My goals are to re-register those people who were purged because they moved and did not notify the voter registrar of their new address, and to register as many new

Texans as possible," Bayound said.

Through the statewide VOTE '90 campaign, Bayound is leading an all-out effort to promote voter registration and participation.

More than 5,000 Texas businesses, civic organizations and community groups are participating in VOTE '90 by displaying and distributing voter registration applications and other materials. Voter registration applications are available in 7-11, Circle K, and Wal-Mart stores across the state.

The deadline to register for the Nov. 6 General Election is Oct. 7 in person and Oct. 9 by mail.

## Sabanno Cemetery Assoc. To Meet

Sabanno Cemetery Association will meet at Sabanno Community Center Tuesday Sept. 25th at 11:30 a.m. Everyone please come and bring a covered dish. After lunch we will have a business meeting planning session.

**How can you move while you're standing still?**

Even though you might think you are standing perfectly still, you are actually moving in five different directions, all at the same time. Here are the explanations:  
 First: The earth is continuously rotating on its axis, which gives us day and night.  
 Second: The earth is continuously orbiting the sun, travelling 600 million miles a year at a rate of 1,000 miles a minute. This gives us our seasons.  
 Third: Our whole solar system, the sun and all nine planets, is continuously

revolving around our galaxy, the Milky Way, at a speed of 180 miles per second.  
 Fourth: The Milky Way itself is continuously moving at about 1,350,000 miles per hour around a cluster of galaxies.  
 Fifth: Some astronomers believe that there is a center to the universe and that the cluster of galaxies containing the Milky Way is continuously moving away from that center.  
 So even though you may think and feel as if you're standing still, you can see that this isn't so!

**U. S. Census Shows Texas Overall Population Has Grown**

State Comptroller Bob Bullock said Thursday that his study of the U.S. Census Bureau's preliminary 1990 count shows that while Texas' overall population has grown since 1980, some regions of the state are growing faster than others and that suburban areas have outpaced the inner cities.

"While I believe the Bureau's preliminary tally is low and will require an adjustment to accurately reflect the size of the state's population, particularly minorities, our analysis of the early numbers reveals that where Texans are choosing to live has changed dramatically in the last decade," Bullock said.

The Bureau has calculated that Texas has grown by 2.6 million - 18.2 percent - since 1980, compared to a national growth rate of 8.5 percent, but the increase has been uneven. Over the past decade, those parts of Texas that depend the least on oil and gas - the Metroplex, Central Corridor and the Border - grew the fastest.

The population of the Dallas-Fort Worth Metroplex climbed 29.7 percent, the Central Corridor from Austin to San Antonio gained 24.2 percent and the Border, 20.1 percent.

Those relying heavily on the energy industry - the Gulf Coast, East Texas and the Plains - grew more slowly. The Gulf Coast's population rose 14.3 percent, less than the state average, but still higher than the nation's. East Texas gained 10.4 percent, but the population of the Plains, which weathered the decline and consolidation of the oil and gas industry, increased just less than one percent.

Throughout Texas, suburban counties on the outskirts of metropolitan areas grew the fastest - at an average of about 50.6 percent, with some counties skyrocketing. The population of Denton County outside Dallas increased 88.8 percent and Williamson County outside Austin rose 81.8 percent.

Central counties of the state's large metropolitan areas, such as San Antonio's

Bexar County and Houston's Harris County, grew at a slower rate but still averaged 19.9 percent overall. But the big losers in Texas' urban areas were the inner cities which grew only an average of 9.9 percent.

Mirroring the national trend away from rural communities, Texas' rural areas showed either slow growth or declining populations with nonmetropolitan areas growing at just 6.1 percent overall.

Austin, boosted by big gains in high-tech electronics, health and business services and government, led all metropolitan areas of the state with a population hike of 44.6 percent. Fort Worth-Arlington, with growth in defense related manufacturing, came in a strong second with 36 percent.

Maquiladora-related manufacturing, retail trade and tourism spurred Laredo and the McAllen-Edinburg-Mission area to gains of 31.9 percent and 30 percent, respectively, ranking those communities third and fourth place. Dallas, which registered job gains in high-tech electronics, air transportation and trade placed fifth with 29.3 percent. Beaumont-Port Arthur was the only metropolitan area of Texas to lose population, with a decline of 4.5 percent.

The staff of the Comptroller, by law one of the five members of the Legislative Redistricting Board, is studying the effects of this population shift on the redistricting process.

Comptroller Bullock added, "I continue to be concerned about the consequences of Texans not being counted and how a serious undercount may unfairly reduce federal aid to Texas."

"If the U.S. Commerce Department, which oversees the Census Bureau, does not adjust its figures to correct any undercount, thousands of Texans may suffer needlessly because the assistance they deserve simply won't be there. And help won't be available if the Department continues to refuse to take responsibility for the accuracy of its own numbers."

"We already know that the preliminary count is lower than expected for all Texas counties with a large Hispanic population. For example, El Paso may be short by as many as 37,642 people - 6.1 percent, and the count for Hidalgo County is 9.6 percent below what has been predicted."

"An undercount of the Black population also is looming as a very real possibility. The preliminary numbers are below projected figures in 17 of 25 Texas cities with populations that are more than 20 percent Black. Dallas County alone comes up 55,717 persons short of projections."

**Sales Down Here In July, Up For Year**

The \$84 million in sales tax rebates which the State Comptroller's Office sent to cities and counties this September indicates that statewide sales were up in July. Houston received \$12.8 million, Dallas, \$7.8 million, San Antonio, \$4.5 million, and Austin, \$3.2 million to lead the cities.

The state keeps six and one fourth percent, and one percent or one and one half percent is sent to the cities. Tax is also collected for some counties.

July sales tax collections were down 7.75 percent for Eastland County cities as a whole, with only Gorman showing an increase. Gorman sales were up 5 percent while Eastland and Ranger sales were down 4 percent. Cisco sales were down 18 percent and Rising Star sales were down 38 percent.

Eastland County payments for the year were up over 5 percent to \$466,375. For the year, Eastland payments were up 9 percent, Gorman up 5 percent, and Cisco payments up 1 percent, while Ranger payments were down 3 percent and Rising Star payments were down 7 percent.

Eastland received \$22,139.76 this month while the other cities in the county combined received \$15,311.80.

Volume 1990-Thirty Seven: Sunday, 16 September 1990

NOTE: This weeks column is devoted to a seminar held in Halifax, N.C.

...REMEMBERING OUR PAST...PRESERVING OUR FUTURE: Restoration and Preservation in an Agrarian Setting - presented by the Division of Continuing Education, East Carolina University. October 12-13, 1990, Halifax, N.C.

The fertile Roanoke River Valley area in North Carolina was first settled in 1722. The town of Halifax quickly prospered and the agrarian economy produced beautifully landscaped estates and plantations...On April 12, 1776, Colonial delegates met and ratified the Halifax Resolves, making North Carolina the first state to demand independence.

Today, many of the houses once inhabited by the local gentry are still standing. The internationally recognized speakers will provide the audience with important knowledge on the architecture of the era, the art of restoration, and the social life of the agrarian antebellum South. Your visit will include a progressive dinner held in six restored homes, and a tour on Saturday of the valley's "Hidden Treasures." By remembering our past, we are preserving our future. Speakers for this seminar include:

ARCH B. EDWARDS, owner and operator of The Lord's Proprietors Inn, Edenton, North Carolina. The Inn comprises 20 guest rooms and related facilities in three restored homes on one and one-half acres in Edenton's Historic District. Mr. Edwards has also restored and lives in Mount Auburn, c. 1800, the plantation home of the vail's, Norcom's and Leary's on the Yeopaim River near Edenton.

DEAN RUEDRICH, Director of the Revolving Fund with the Historic Preservation Foundation of North Carolina. His past experience includes work with Mordecai Square Board of Directors, Raleigh Historic Properties Commission, Franklin Restoration and the Capital Area Preservation Board of Directors.

PETER SANDBECK, Eastern Regional Supervisor for the North Carolina Division of Archives and History.

His Book, *The Historical Architecture of New Bern and Craven County*, was published in 1988 by Tryon Palace Commission.

DR. GEORGE TERRY SHARRER, Curator of Agriculture at the Smithsonian Institute, Washington, D.C. His doctoral fields are American History and Agricultural Economics. He has teaching experience at the University of Maryland, the University of Idaho, and Montana State University. He has published works in numerous publications over the past twenty years.

DR. JOHN DAVID SMITH, holds the rank of Associate Professor in the Department of History at North Carolina State University. His teaching and research is concentrated on Southern History, particularly in the era surrounding the Civil War. The numerous books, articles, and reviews he has written focusing on the people and their lives during this period have distinguished him as a scholar in the field. In 1989 he received the *Richard H. Collins prize* from the Kentucky Historical Society.

ROSS STECKLEY, President of Tacoma Steckley & Associates of Guelph, Ontario, Canada. His company has won several awards for finding a use for and rehabilitating older buildings. His business plan includes North Carolina as the first United States location for growth.

PROGRESSIVE DINNER AT WHITAKERS CHAPEL COMMUNITY: About a square mile of lush, working farmland in the south-central Halifax County includes one of eastern North Carolina's more fascinating areas. At the center is Whitaker's Chapel, which began its life in 1740 as an Anglican church, became Methodist Protestant after the Revolution, and is now one of two United Methodist shrines in North Carolina. Quarterly services are still held in this historic church. Six rural homes surrounding this church have all been beautifully restored during the past decade. Together they illustrate the changing architecture and ways-of-life in this part of the old plantation south and how such homes can be adapted to a variety of present-day families and life styles. Oldest of these houses is *Strawberry Hill* built about 1770; *Myrtle Lawn*, dates from 1816; *Rose Hill*, c. 1780's; *Delphi* built 1845-50; the *Oaks* was built in the 1880's to replace an original Whitaker home built on the same site in 1740; *Cellar Plantation* c. 1806, built by Governor John Branch. Lafayette addressed the people of Enfield from the balcony of this home in 1825.

## Letters to the Editor

Editor: Thank you so much for all you did to pull off such a great rally in Eastland on "Clayton Williams Day!" The Majestic Theatre had such a tremendous turnout, I can't even imagine what the football field would have been like had the weather permitted.

Keep up the good work, I need your help to the end. Together, we will have a great

victory on November 6th. Please, never underestimate the importance of your role in my campaign. Again, thank you for the honor of "Clayton Williams Day" and for all of your hard work and support. Warmest regards, Clayton Williams

Editor:

Clayton Williams was in Eastland at the Majestic Theatre on Sept. 8 and he made a speech for his candidacy for governor of this state and he stated he was for capitol punishment, against the sale of narcotics, no higher taxes, opposed to a state income tax, and reducing the premium on workmans compensation some Texas has the highest premium in the entire U.S.

The above named person said he was in favor of building more prisons in this state and having more industry in order to reduce unemployment in Texas including better schools for everyone.

Yours truly

## Bulldogs Lose Tight Game To Bryson 15-14

The Ranger Bulldogs lost a tight close game Friday evening to the Bryson Cowboys, 15-14.

Watching the first quarter of play, the game could go to either team. The ball went back and forth for several minutes with both teams offense and defense unwilling to give an inch of ground. The first dramatic play came when Marshall Perkins recovered a fumble setting into action the Bulldog offense. But Bryson defense executed some spectacular plays and held the Bulldogs scoreless. They in turn came around and scored the first touchdown and PAT of the game.

As the second quarter got under way, John Graham returned the kick 37 yards but again the Bulldogs were unable to penetrate the Bryson defense. But the Bulldogs sprang back with an interception by Clint Catwell which in turn led to several carries down the field by Crew and Abila and eventually seeing John David Johnson go across the goal line. Mikey Chavez booted a good PAT tying the score 7-7 at the end of the half.

The Bulldogs came alive in

the third quarter with an excellent 30 yard kick return by John Graham. Steve Crew moved the ball on up the field for a first down. Incomplete passes kept the Bulldogs from another 1st and 10 and again returned the ball to the Cowboys. Much has to be said at this time for the Bulldog defense. Barker, Crew, Griener and Rutledge played havoc on the Bulldog quarterback and running back and quickly turned the stakes on the Cowboys. Crew returned the kick for 40 yards but the Cowboys intercepted the next pass. But once again the Bulldog defense set into action, deflecting a pass and stopping the oncoming charge of the Cowboys to once again force a kickoff. And it was a deflected kick at best, leaving the Bulldogs 1st and 10 on the 35 yard line of the Cowboys. Abila, Cockburn and Crew took it from there and brought the ball to about the 2 yard line. Then, Crew spotted a hole in the Cowboy defense and went over for another 6 points. Chavez came in and booted the ball for a 14-7 lead at the end of the 3rd quarter.

The beginning of the final

quarter of play found the Cowboys at the goal line desperately trying to break through the Bulldog defense. The Bulldogs held them for 3 downs but the Cowboys were successful in their challenge making the score 14-13. The Cowboys lined up for a PAT but faked outside on a pass taking the lead 15-14.

The next few plays of the game will forever stay in the memory of every Bulldog fan. The Bulldogs executed a fantastic offensive drive and Cantweel threw a 25yd pass to Crew for a touchdown. Or was it a touchdown? All the officials raised their hands! But wait, there was one official who just wasn't sure what day it was and decided to throw a flag about 20 seconds after the play was completed. He called delay of game on the Bulldogs and called back the touchdown. Well, the Bulldogs once again threw an offensive attack into action but were intercepted in the final seconds of the game.

Both teams played very well, which made for an exciting evening of football. Speaking of which is awaiting all Bulldog fans this Thursday, September 20th against Gorman at Bulldog Stadium. And then again on Friday, September 21st in Gorman starting at 8:00 p.m.

GO BULLDOGS BEAT THE PANTHERS!!!!

## Loboes Pound Panthers: Badgers Up Next

By LEE LEWIS

The Cisco Loboes rolled up 450 yards on 65 carries and pounded the Gorman Panthers by a score of 32-to-14 at Chesley Field in Cisco last Friday.

The Loboes got on the board with 3:46 left in the first quarter when the Lobo offense marched 80 yards in 18 plays and Brad Goosen plunged over from one yard out and the Loboes took a 6-to-0 lead. After the defense held Gorman on four plays and Darryl Morrison fumbled, the Loboes got a scare early from Gorman. The Panthers drove down to the Cisco 7-yard line, and the Loboes held on fourth down stopping the Panthers just inches short of a first down.

After taking over at their own 7, the Loboes marched to the Gorman 44 yard-line on 8 carries. Brad Goosen then handed off to Darryl Morrison who followed good blocking around right end and strolled 44 yards for a touchdown with 2:58 left in the first half and a 12-to-0 lead.

The Loboes had a chance to add another score late in the first half but Brad Goosen's pass in the end zone

was picked-off as the clock expired.

The Loboes kicked off to Gorman at the start of the second half and on third down for the Panthers, Terrence Fletcher intercepted a Gorman pass at the Lobo 49 yard-line. The Loboes then proceeded to drive against Gorman's defense and on second down, Jay Nixon bulled his way in for a touchdown from 19 yards out carrying a Gorman defender the last 5 yards. For the third time the conversion effort failed and the Loboes took an 18-to-0 lead.

The Panthers took advantage of Terrence Fletcher's mis-handled punt reception and covered the fumble at the Lobo 17. After two plays lost 6 yards, the Panther tight-end outraced Brent Shepard and caught a 23-yard touchdown pass with 3:28 left in the third quarter.

The Loboes answered back with a 10-play, 73 yard drive that ended when Jay Nixon scored the touchdown from 2 yards out. Hoot Beckett flipped to Nixon to add the two point conversion and the Loboes had a 26-to-6 lead with 10:56 left in the game.

The Loboes then kicked-off to Gorman and the defense proved that it was not to be overlooked as it shut down the Panthers offense once more. It has been said that the best offense is a good defense. If so, then Kelly Cozart, Chester Vara, Phillip Gattis, and Willie Sanchez could easily have been voted game MVP's as they displayed stellar performances on the defensive side of the ball.

The Loboes final score came when Jay Nixon scored his third TD on a dive from the 1 yard line ending a drive of 78 yards and 13 plays. Kelly Cozart's PAT was blocked and the Loboes had a 32-to-6 lead.

Gorman's final score came on a 52-yard TD pass and the 2-point conversion was successful. But the Gorman score proved to be too little, too late as Cisco covered an on-side kick attempt and ran out the clock for a 32-to-14 win.

Individually, Jay Nixon led the offense with 160 yards rushing on 29 carries and one reception for 3 yards. Darryl Morrison was close behind with 130 yards on 14 carries and one TD. Terrence Fletcher added 68 yards on 9 carries and Kelly Cozart carried 4 times for 50 yards. Willie Garza carried once for 5 yards and Brad Goosen carried 8 times for 37 yards while completing one pass for 22 yards to Bradlee Rains.

Eastland Telegram - Ranger Times - Cisco Press Thursday, September 20, 1990

The offensive line performed well and was a vital part of the 22 Lobo first downs. The Loboes once again had problems with penalties, committing 6 for 50 yards. The Loboes also lost 2 of their 4 fumbles.

The Loboes will now travel to Merkel to face the Badgers of District 7-3A. The Badgers were 1-9 last season and are 0-2 so far in 1990. The Badgers have lost to Hamlin 17-to-0 and to Stamford 20-to-7.

Cisco is now 2-0 for the season and is off to its best start in seven years. Not bad for a team picked to lose this past week by 5 points. Merkel should not be overlooked,

however, as the Loboes prepare for District 8-2A competition.

Both Brack Dempsey and Ryan Duncan were expecting to return to practice by Tuesday and were hoping to be in the game against Merkel. The Loboes are looking well and with the correction of a few mistakes, should prove to be difficult to play, much less defeat in the new District 8-2A. The Loboes invite you to make the trek to Merkel Friday at 8 p.m. to support the Loboes as they play their final non-district game. The support for the Loboes has been tremendous and they would like to thank all their supporters.

## Mavs Beat Olney 18-3 For 2nd Win

All of the scoring was in the second and third quarters as the Eastland Mavericks piled up rushing yards in beating Olney 18 to 3 in a hard fought high school football game.

Brent Sanderson and Rojelio Bonilla ran and passed for big gains as Eastland picked up three first downs in a first quarter punting contest. Eastland's defense, including the pass rush of Craig Chick and Michael Gaeta, stopped Olney cold before allowing them two first downs

in the quarter. Sanderson and Bill Hughes were spending time in Olney's backfield, but they were able to score their only points by kicking a field goal from the 16.

Bonilla and Franklin Skinner ran the ball for Eastland before giving it up. But the Mav defense held and Olney punted.

Bonilla ran 47 yards, Sanderson and Bonilla added a first, then a touchdown run by Bonilla was called back. He was unable to repeat the

run from the longer distance and the ball went over.

Olney was forced to punt and Bonilla returned it the distance to score with 33 seconds on the clock. The kick missed. The injury of Skinner on the kickoff as Eastland led 6 to 3 at the half seemed to fire up the Mavs determination to win. Eastland's defense quickly forced an Olney punt.

Bonilla ran for a first and Sanderson passed to Douglas Wortman for 29 yards and a touchdown. The kick was wide.

Again the Mav defense forced Olney to punt and Sanderson passed to Wortman for 35 yards. Danny Nelson and Sanderson ran for a first, then Bonilla ran 28 yards to score again. The extra point run was short but Eastland led 18 to 3.

Olney punted again but recovered the ball and ran for a first before the Mavs again "slammed the door shut," and Olney punted.

Bonilla and Sanderson ran for a first as Kris Brown ably

filled Skinner's fullback spot. But Eastland finally had to punt.

Sanderson came through for a tackle as the Mav defense continued to dominate the game, and Olney punted. Eastland passed to Nelson but Olney recovered a fumble and ran the clock out.

Eastland's strong ground attack was usually stopped only by fumbles or penalties.

We might all take a lesson in sportsmanship from the players in the game. When Skinner went down, he appeared to be seriously injured and it took some time to remove him from the field. The Eastland players, on their own, went to the sidelines, went down on their knees, and prayed for their fallen teammate. The Olney players then followed Eastland's example, also apparently praying for Skinner's recovery. Later a call came from the doctor at the hospital. He could not find the serious injury which seemed to exist, and he said that Skinner would be all right and could expect

to return to the team soon. The Mavericks host Wylie, a strong class AAA team from Abilene, this Friday at 8 p.m.

## MORAN NEWS

By Mrs. Luke Huskey

### BIRTHDAY CLUB MEETS

Seventeen members of the Moran Birthday Club met at the Ridge Cafe in Breckenridge last Tuesday night for the September meeting.

Mae Delle Jones was the only member present to have a birthday in September. The "Happy Birthday" song was sung to Mae Delle and she was presented a miniature birthday cake with one candle by the cafe.

Each one present told of the first day of school that they could remember. Many interesting and humorous experiences were had by the members as they experienced starting to school.

The members were invited to attend the reception honoring Walter McCollum, World War I veteran, and Mrs. C.A. Edwards, a widow of a World War I veteran and a charter member of the Ernest F. Pettit Post No. 343, in Moran. Mr. McCollum is a charter member of the post. The reception will be held on Sunday, Sept. 23, at the American Legion Hall in Moran, from 2 to 4 p.m. The public is invited to attend.

Those present were Frances Green, Mr. and Mrs. Ray Spurgeon, Imo Hitt, Mr. and Mrs. R.W. Brooks, Elma May Huskey, Mr. and Mrs. Lucion Brooks, Mildred Smith, Mae Delle Jones, Mr. and Mrs. Marvin Kays, C.L. Miller, Mr. and Mrs. James Garrett and Modelle Green.

Mary Elizabeth Collinsworth is visiting her parents, Mr. and Mrs. J.R. Collinsworth.

E.L. Smith of Allen visited with his aunt, Elma Mae Huskey, last week.

Mrs. George Henry had treatment in the Albany hospital last week.

Kennon Allen Trainham of Arizona spent some time with his parents, Mr. and Mrs. Kevin Trainham and Stoney.

Remember the Moran Musical will be held on Friday night, Sept. 28, at the Moran Community Center. The musical will start at 7 p.m. with Sid Vick of Breckenridge as master of ceremonies.

A concession stand will open at 6 p.m. with sandwiches, homemade pies, coffee, tea and soft drinks. All musicians are invited to attend and be a part of the musical. Admission is free.

Barbara Rogers of Kinsville and Mrs. Lois Brooks of Clyde were greeting relatives and friends in Moran Wednesday.

Moran received a little shower of rain Saturday. Not too much, but enough to let us know there was rain. Otherwise, the weather continues to be hot and dry.

Funeral for Mrs. Lometta Wall was held at 2 p.m. Monday in the Garden of the Last Supper in Arlington Cemetery. Mrs. Wall, 77, passed away Thursday night in an Abilene hospital after having surgery on Wednesday.

She was a member of the Methodist Church and Irvin Chapter No. 777, Order of the Eastern Star.

She is survived by several nieces and nephews. Nieces in Moran are Sandy Huskey, Pat Kinnison and Mrs. Don Boycott.

Remember the reception honoring Walter McCollum, World War I veteran, and Mrs. C.A. Edwards, widow of World War I veteran C.A. Edwards. Both are charter members of the American Legion and American Legion Auxiliary of the Ernest F. Pettit Post No. 343. Time is 2 to 4 p.m. Sunday, Sept. 23. The public is invited to attend.

Ruby Smith of El Paso and Earl Arterborn of Bastrop visited with Mr. and Mrs. Darrell Hammons, over the weekend.

## Plans Being Made For Annual Homecoming Parade On Oct. 12

Plans are being made by the Cisco High School Student Council for the annual Homecoming Parade which will be held at 3 p.m. Friday, Oct. 12, according to Keith Stowe, student council president.

Everyone has been invited to participate in the parade. Anyone interested in entering a float, decorated car, or anything that would help make the parade a success, please contact the high school at 442-3051. Entry forms were also mailed to local businesses, Keith said. Parade

divisions include equestrian, antique car, street rod, classes of CHS, student organizations, commercial, civic organizations, individual (clowns, etc.), and other.

Parade entries will line up at 2:15 p.m. and judging will begin shortly thereafter. Trophies will be presented to the first place winners in each division and a \$25 prize will be awarded to the best overall entry. To be eligible for a prize or trophy, your entry must have a homecoming theme.

A pep rally will be held in

the Thrift Mart parking lot following the parade, and at 7:30 p.m. the Cisco Lobos will meet the Eastland Mavericks on the football field.
