THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

ITERA SCRIPTA MANET—THE WRITTEN WORD ENDURES

MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, JANUARY 15, 1942

TWENTIETH YEAR, NO. 1

South Bailey FSA Borrowers Hold Meeting

A meeting of Farm Security borrowers who live in the south part of Bailey county was held at Enochs on January 13. The following program was given:

Purpose of Plan of the meeting and Get Acquainted.—J. W. McDermott

Duties and Rights as Citizens—Judge Cook

Farm Woman's Part in Civilian Defense—Miss Gentry and others

County Soil Conservation Program.—H. Donnell, Jr., Agronomist, Morton, Texas

Farmer's Part in Civilian Defense.—H. E. Schuster

The Outlook for the Farm Family Next Year and What We Can Do About It.—Sam Logan

Noon

Round Table discussions on the following subjects:

What We do to Make Farm Living More Satisfactory.

Production and Care of Dairy Cattle.

Production and Care of Poultry.

Preparation of 1942 Plans and Keeping Records.

J. W. McDermott, county RR supervisor, H. C. Hughes, assistant RR supervisor and Miss Eunice Florence, county FM supervisor, led the discussions in which all borrowers participated.

Twenty-two families were represented by the presence of the wife, husband or both. Visitors present were W. W. Hancock of the Morton CCC camp, D. Reeder of Maple, Zed Robinson and Rev. Bergen of Enochs.

More Pork To Be Produced In Texas During Year of '42

Producers will exceed the goal of 17 percent increase over 1941 set by the Texas USDA defense board for hog production in 1942, according to E. M. Regenbrecht, swing husbandman of the A. and M. college extension service.

"The woods and plains literally are turning to pigs," he adds.

Available figures indicate that the increase in production from the 1941 fall Texas pig crop was about 15 percent over this year's spring farrowing. The increase for 1942 applies to the spring farrowing as compared with the corresponding period of 1941.

The outlook for hog prices for 1942 is good, the specialist says. The slight drop in prices in the latter part of October was seasonal and temporary.

Citizens Draft Present Com'r

This is to inform the voters of Precinct 3 that a committee of citizens ordered the name of D. Warner placed on the ticket for re-election as commissioner. Mr. Warner had previously refused to run for the office, but Tuesday morning stated that he would run again as requested by a citizens' committee in his precinct.

PIERRETTE CLUB TO GIVE BOOK REVIEW AND TEA

The Pierrette Club is sponsoring a book review and tea at Fellowship Hall on the evening of January 22, at 8:00.

Mrs. S. D. Hayes of Sudan, Mrs. Wind Sweeps, and everyone is invited to attend. There will be a small admission fee, the proceeds to go for Club activities.

Mrs. Wm. Kube and son and daughter, Rudolph and Velma, of Lariat, left Friday morning to visit relatives in Copperton and Giddings, Texas. Mrs. Kube has a son at Copperton Cove. They will attend the golden wedding of Mrs. Ernest Noack, sister-in-law of Mrs. Kube, at Giddings.

Mrs. and Mrs. M. W. McConnell and Misses Eunice Massey and Ruth Harrison, all of Circleback, were Muleshoe visitors Monday. Mr. McConnell is principal of the Circleback school, and the others are teachers.

Mr. and Mrs. R. J. Klump spent Sunday at Texico, guests of Mrs. Klump's sister, Mrs. B. L. Harding.

Street Maintainer Bought By City

A maintainer, which will be used in the upkeep of streets, has been purchased by the city and delivered Saturday, according to R. J. Klump, city secretary. The maintainer is a re-built one but of the latest type and was purchased at a bargain, according to the secretary. It is the first street maintenance equipment of this type ever purchased by the city.

Cotton Growers Urged To Get Planting Seed

Every cotton producer in Bailey county should take immediate steps to assure himself of adequate planting seed for next spring, Sam Logan, county agent, said today.

Enough cottonseed has been tested at Lubbock to verify the belief that rain had damaged the home-grown seed. Reports from the State Seed Testing Laboratory, connected with Texas Tech college, show that some tests are running as low as 20 percent germination and that it is all running lower than usual.

For our national defense, as well as our own defense, Logan pointed out, we cannot afford to take avoidable risks on any of our crops for 1942. Planting of low-germinating seed usually causes a poor stand and makes it necessary for the crop to be replanted.

The testing of the seed is done free.

"A crop failure in 1942 would certainly affect the strength of our nation at home as well as in the battle lines," Logan said. "Let not take this chance."

"It is a known fact," the agent continued, "that Old Mexico and Oklahoma are already placing their orders in Texas for planting cottonseed. It will certainly be advisable for us to set aside enough planting seed now—seed that we are sure will germinate before it is too late. Farmers are interested in a germination test of any planting seed should send their seed to the Seed Testing Laboratory, Texas Tech college, Lubbock. A thoroughly representative sample should be selected in the amount of a double handful."

Yellowjackets Win Over Okla. Lane

The Muleshoe high school basketball team, which continued a winning streak here Tuesday night at the expense of the Oklahoma Lane cagers, will play the Friona team at Friona Friday night. The high school girls, who lost to Oklahoma Lane by a score of 27-13, will also play at Friona.

The visiting cagers were no match for the locals Tuesday night in a game which saw the Yellowjackets jump into an early lead and finish in front by a score of 32-18.

Last Friday night at Farwell, both boys and girls' teams were victorious, the boys winning 42 to 32, and the girls by a score of 38 to 14.

"MATHS KNOW NO SEASON" SAYS A. & M. EXPERT

Homemakers who haven't taken precautions against moths will proficit by giving all woollens and furs regular brushing, cleaning, sunning and airing, even in winter, to get rid of all moth eggs.

Cameron Siddall, extension service entomologist, explains that the moth knows no season. It goes by temperature. Warm houses give moth eggs a chance to develop, so the best prevention is to clean out closets and corners of closets and storage places of ten. Unused articles should be packed in moth-proof containers.

Deon Awtry, son of Mr. and Mrs. W. H. Awtry, Sr., of Muleshoe, and Charles Gable of Hereford, left last week for San Diego, Calif., seeking employment in an aircraft plant in that city. The two were roommates while attending Draughton's Business college at Lubbock the past five months.

Mrs. W. R. Underdown of Baileyboro, is a patient in the Muleshoe clinic this week.

Cotton Crop Insurance Is Underway

A. V. Vickers, San Patricio county cotton farmer, signs the first application in Texas for federal all-risk cotton crop insurance, while B. B. Ingle, left, assistant branch manager for the

Federal Crop Insurance Corporation, Garland A. Beard, San Patricio county AAA administrative officer, and Donald L. Cottrhan, state cotton crop insurance supervisor, look on.

WARNING

Draft board officials wish to announce that registrants should report any injuries or sickness which might change their classification. This should be done immediately.

There are instances, it was said, where men subject to call were injured and failed to report. This caused unnecessary trouble for all concerned, but hereafter, the registrant will be held responsible.

DAUGHTER OF BULA RESIDENTS PASSES AWAY

Funeral services for Mrs. H. A. Kendrick, 34, were held at Wellington, Tex., Friday afternoon from the Church of Christ. She was president of the Band Mothers club at Wellington and active in civic and social circles.

She is survived by her husband and one son, Ernest Allen; her parents, Mr. and Mrs. W. A. Locker of Bula, and five brothers and sisters.

POSTAL RECEIPTS SHOW \$886 GAIN OVER LAST YEAR'S REPORT

Postal receipts of the Muleshoe post office for the year ending Dec. 31, 1941, showed an increase of \$886.64 over the year 1940. Money order business showed an increase of \$6,866.85 for the same period.

Postal receipts by quarters for the two years, 1940 and 1941, are as follows:

Weather Warmer During Past Week

Considerably warmer weather put in an appearance here this week, but rapidly falling temperatures Wednesday promised more cold.

The coldest weather of the winter, thus far, came Sunday, January 4 when the mercury fell to 3 degrees.

Readings for the past week, as reported by R. J. Klump, government weather observer, follow:

Date	High	Low
January 7	19	8
January 8	60	18
January 9	61	12
January 10	57	13
January 11	61	20
January 12	63	20

NEW HEATING PLANT FOR BAILEYBORO SCHOOL

School has been dismissed at the Baileyboro school the past week due to trouble with the heating plant. A new butane system is being installed by V. H. Glisson, Muleshoe dealer, so that classes may be resumed again Monday.

Fred Nye of Clovis arrived in Muleshoe Monday to begin work at Fry & Cox Bros, where he is employed as bookkeeper and manager of the parts department. He will move his family to Muleshoe as soon as living quarters are found.

Mr. and Mrs. S. C. Beavers were in Amarillo Sunday visiting their daughter, Mrs. Claude Harrison and Mr. Harrison, and Mrs. Beavers' sister, Mrs. Bill Lassiter.

Olen Roark and family of Sudan visited here Sunday with his sister, Mrs. Tye Young and family.

Alvin Farrell, Allen Guinn, Francis Gilbreath and Houston Hart are all back in Muleshoe after a tour of defense plants in search of employment. Alvin and Allen were in Tulsa and San Antonio, while Francis and Houston visited Fort Worth and Dallas.

SECOND HAND STORE IS BEING RE-MODELED

The building housing the second hand store, recently purchased by V. H. Glisson from George Hall, is being remodeled throughout, and new stocks of merchandise arrived this week, according to the new owner.

The front of the building has been succeeded, new windows put in, and other improvements made. Glisson came here from Farwell, where he was in the second hand business a year and a half. Hall, a resident of Muleshoe for several years, is engaged in training for national defense work.

PUPILS TO BE PRESENTED IN RECITAL MONDAY, JAN. 19

Expression students of Mrs. P. C. Windsor and piano students of Mrs. C. S. Holland will appear in recital at the High School auditorium Monday evening, Jan. 19 at 7:30.

Included on the program will be plays given by members of the dramatic class.

JUNIOR CLASS PINS ARE RECEIVED

Members of the junior class of Muleshoe high school are receiving their class rings, it was announced this week.

It was also announced that a representative of an engraving company has been here taking measurements for senior class rings and that the order will be sent off soon.

Mrs. J. W. Gregory, who has been at Hot Springs, N. M., the past few weeks taking treatment for arthritis, is now at the home of her son, J. L. Gregory, at Progress. Mrs. Gregory returned to care for her daughter-in-law, who is ill.

Word has been received here of the death of J. D. White, father of Oscar White of Muleshoe. Mr. and Mrs. Oscar White and family have left for Gibbon, La., where funeral services will be held.

Mr. and Mrs. Richard Moore were Plainview visitors Sunday.

Tech Coach Is Speaker At Grid Banquet

One hundred persons, including students, faculty members and business men, attended the annual football banquet Monday night at Fellowship Hall. Dell Morgan, head coach at Texas Tech, Lubbock, was the principal speaker, making a brief talk and showing moving pictures of the game between Tech and Hardin-Simmons played last season at Lubbock.

Coach Morgan, in his short talk, stressed the value of high school and college athletics to the national defense program, pointing out that the program of amateur athletics is unexcelled as a means of training the nation's youth for "sterner tasks ahead."

The moving pictures were thoroughly enjoyed by the crowd. They were clear and reviewed the game in every detail.

Coach Prince Scott efficiently served as master of ceremonies. Musical numbers on the program included pieces by the Muleshoe Swingsters, string music by William and Marilyn Anderson of Farwell; a song by Virginia Whittington; a duet by PeeWee and Jo Ella Garland, and a duet by Harry Walker and Hubert Clark.

The banquet was sponsored by pep squad leaders, under the direction of their sponsor, Miss Taylor.

Field Executive For Scouts Arrives

Robert Dennis of Waco, a graduate of Texas A. and M. college, arrived in Lubbock Monday to assume duties as the third field executive for South Plains Boy Scout council, according to announcement Saturday by Jack O. Stone, council executive.

Dennis will live at Littlefield and will direct the Northwestern (Yellowhouse) district in addition to the eastern and central districts. The northwestern district includes Littlefield, Muleshoe, Sudan and Amherst. The eastern district includes Matador, Roaring Springs, Dickens and Scur. The central district includes the city of Lubbock.

P.-T. A. Meeting To Be Tonight

The January meeting of the Parent-Teachers Association will be held Thursday night (tonight) at the usual hour. The meeting was postponed to this date due to bad weather.

The following program will be offered: Music—High school orchestra. "The Value of Vocational Guidance Program"—W. C. Cox. Reading: "On Quitting"—Dan Bray.

Music—High school orchestra. "Developing Respect for Honest Labor"—P. C. Windsor. Music—High school orchestra.

VEGETABLES "PUT TO SLEEP" BY SCIENTIFIC METHODS

Scientists up at Cornell University are working on ways to "put vegetables to sleep." Seems they already do that with apples—since the apple is a living thing, it breathes or takes in oxygen, and respire or gives off carbon dioxide. By controlling the proportions of oxygen and carbon dioxide, they "put the apples to sleep" so that the fruit will keep a year or more.

With vegetables, it's more of a problem, because different vegetables have different breathing rates. But already the Cornell scientists have been able to double the period of most vegetables. "There is very little water loss and the vegetable remains crisp and turgid."

Mr. and Mrs. Ike Robinson, accompanied by Mr. and Mrs. George Odell of Friona, attended a picture show at Clovis Sunday afternoon.

Mr. and Mrs. Randolph Johnson of Tula, former residents of Muleshoe, were here Sunday visiting relatives and friends.

L. C. Link of Midland, Tex., was in Muleshoe Tuesday on business.

Work Program For Blackwater Valley SCS District Made

City Election Date This Year Is April 4

Although absolutely no discussion on the subject has been heard, 1942 is a city election year and a mayor and two councilmen will be elected by Muleshoe voters the first Saturday in April.

Present city officials are R. L. Brown, mayor, and Julian Lenau and Ray C. Moore, councilmen. Mayor Brown and Councilman Moore are serving their first terms in office.

Neither has much been said about the county district and state elections looming this year. Several announcements, appearing in last week's issue of the Journal brought on a slight ripple of discussion, but after all announcements have been made, talk is expected to die down. In fact this election year bids fair to be one of the quietest in the past decade.

Plans Made To Care For Pupils In Air Raid

The U. S. Office of Civilian Defense has issued instructions to school teachers on plans for taking care of pupils during an air raid. These instructions apply, for the most part, to the larger cities, or where a school is located near an air field or defense plant. However, some of the rules can be applied to all schools, as drills could be used for fire drills or other emergencies.

The following instructions should be given attention as soon as possible:

Select the Air Raid Refuge—more than one if necessary. Be sure there is more than one exit. Determine how the school alarm will be sounded for an air raid.

Assign a refuge space or refuge room for each class or classroom. Assign class leaders to conduct the drill—the same as for fire.

Publish full instructions; have them read over and over again to pupils. Have them posted on bulletin boards. Be sure every teacher and pupil understands them—now.

Appointment of school building warrants, whose duties should be coordinated with their local zone or district Warden Service.

Fire Defense—Adequacy of present equipment, appointment of fire watchers (or fire guards), and special training in combating incendiaries.

Protective Construction—Quick and simple measures to provide additional security.

Start your training now. Don't wait for the final plan.

Mr. and Mrs. Leonard Schroff of Amarillo visited here Sunday with Mr. and Mrs. Royce Garth.

Mr. and Mrs. Hubert Rutherford and children visited in Plainview Sunday.

Arless Graham and Claude Riley were Morton visitors Sunday night.

Bill Collins and daughter, Bobby, went to Lubbock Friday, where Bobby received treatment for an ear ailment.

Miss Birdie Eubanks of Maple, who has been staying at the home of Mr. and Mrs. Bill Collins, left Saturday for Morton, where she will be employed in the bank.

Mr. and Mrs. J. L. Alsup were in Littlefield Sunday visiting their daughter, Mrs. Raynes Sparks and Mr. Sparks.

Mrs. Orville Williams and daughter, Meredith Ann, left Tuesday for Corpus Christi for a visit with Mr. Williams.

Mrs. Clarence Goins and Mrs. Harold Clements visited at Floydada Friday with Mrs. Goins' father, Dr. V. Andrews.

The work plan for the Blackwater Valley Soil Conservation district was completed by the board of supervisors last week and is being typed, according to Sam Logan, Bailey county farm agent.

The supervisors have been working on the program since early fall. Now that it is completed, copies will be sent to the State Conservation office.

The supervisors are E. L. Smith, chairman; W. C. Moore, secretary, and W. L. Patton, D. V. St. Clair and Mervin Wilterding, members. They have been assisted in developing the program by all federal and state agricultural agencies in the county and by a group of leading farmers.

Chairman Smith reports that actual work in the district has been delayed somewhat by the freeing of funds previously allocated to the SCS by the federal government. This has necessitated withdrawal of the SCS office set-up.

The Blackwater Valley district has the assistance of the CCC camp at Morton, which will work within a radius of 30 miles of Morton. This will cover a major portion of the area south of the sand. Anyone living within this area who is ready to begin a conservation program may make application to the camp itself, or to the county agent of this county.

Mr. Smith said. Producers who reside outside this area will be furnished all possible assistance by the agencies operating in this area.

The district board of supervisors will meet the first Saturday of each month from this date on. Jobs are ready to discuss conservation problems with producers at each meeting. All the help possible will be given every producer ready to begin conservation work, according to Mr. Smith.

The chairman said this was particularly interesting getting a good demonstration underway in each community, pointed out that this is a long-term program and will progress slowly. "However," he said, "I expect to continue farming operations in this county, we cannot let it fall."

Independent Five Beats Sprinklake

The Muleshoe Independents, paced by Buddy Howard, defeated the Sprinklake Independents, 44 to 29, Thursday night in a game on the Sprinklake court.

The locals took an early lead and were never headed. They led at the half 22-14.

Howard, with eight field goals for 16 points, led the scorers.

The starting line-up for the Muleshoe team was Walker and Papper Ty, forwards; Bobby Howard, center; and Howard and Wayne Vardaman, guards. Muleshoe substitutes were B. Lowry, guard and P. Little, forward.

QUARTERLY CONFERENCE HELD BY METHODISTS

The regular Methodist quarterly conference of this district was held at the Methodist church here Monday night. Rev. Lipscomb of Plainview was the principal speaker.

A large crowd attended the conference. A general get-together for the purpose of honoring boys leaving for military service was held at the church Wednesday evening.

NOTICE TO SUBSCRIBERS

There are quite a few Journal readers whose subscriptions will expire this month. A few were out during December. Due to increased cost of paper and labor, these will have to be taken off the list if not paid within two weeks after expiration. We want you to get the Journal, and are appreciative of all our subscribers, but whipping Hitler makes us do these things.

We have a combination rate for the Journal and a number of good magazines which is a real bargain. Ask about them.

Buy Defense Savings Bonds.

HEMI
Ralph Stevens, E. H. Pigg of Vernon, Tex., was here Friday visiting Mr. and Mrs. R. L. Jones and family. He is Mrs. Jones' uncle.

Stegall News

The Stegall Home Demonstration club met at the home of Mrs. E. Brumalow January 7. New officers for the year were installed and committees were appointed by the president, Mrs. A. N. Arnn.

Miss Lillie Gentry gave a brief outline of the work and goals to be reached this year.

Members present were: Mrs. Charlie Phipps, Mrs. A. N. Arnn, Mrs. Leon Slape, Mrs. J. G. Arnn, Mrs. Jack Lowe and the hostess, Mrs. Brumalow.

The next meeting, January 21, will be in the home of Mrs. Charlie Phipps.

The club is having an expansion drive and everyone interested in club work is cordially invited to attend.

Members of the club will serve lunch for the dairy sale at the A. N. Arnn farm, Tuesday, January 20.

Mr. and Mrs. A. N. Arnn have as their guests, Mr. and Mrs. Willie Burleson of Houston, who are on their vacation.

The small son of Mr. and Mrs. Shorty Martin is critically ill in a Littlefield hospital.

Mr. and Mrs. O. B. Conley have moved to Tahoka to make their home.

Mr. and Mrs. J. G. Arnn transacted business in Muleshoe Tuesday.

(Last Week's News)
D. E. Dyer and son, Curtis, made a business trip to Littlefield Saturday.

The Stegall-Goodland singing classes visited Causey, N. M. Sunday night.

D. T. Garth, son of Mr. and Mrs. Royce Garth, is recovering this week from an attack of scarlet fever. He became ill Jan. 7.

Sheriff Renfrow was in San Antonio last week. He brought Paul Parks and O. E. Reese back to Muleshoe to answer to a charge of theft.

Bula News Items

The Bula school has just completed its first drive for national defense. The school children and teachers have bought Defense Savings Stamps amounting to \$118.90. The school has set aside Friday of each week as Stamp Day. There is work in progress now for the emergency war relief fund.

Mrs. O. G. Dickenson has gone to the bedside of her sister, who was enrolled in North Texas State Teachers college, Denton, and who is now in the hospital, where she underwent an operation for appendicitis.

Mr. and Mrs. Dickenson and daughters, Vanita and Jerynn, had just returned from Chico, where they had been to visit Mr. Dickenson's father, who was ill. Upon their return, they reported his condition improved.

John Alford has been on the sick list, but his condition is improved this week.

There seems to be quite a bit of moving this week. Several new students have enrolled, and some that started to other schools are coming back and enrolling.

Members of the junior class are practicing on their play, "Meet My Wives." The date has not been set, but the play is going to be a hit, so watch for the date and be sure to come.

The senior class has lost two boys, who have enrolled in an aircraft school, and several more are planning to go. We hate to see them leave, but we wish them success.

HOT SHOT GAS for SURE SHOT STARTING!

Nothing like high test gas to wake up a cold, sleepy motor. And Phillips 66 Poly Gas is loaded with high test aplenty!

But your comeback may well be: "That's what you say."

Right! What this greater gasoline will do in your car is more important, and far more convincing, than anything we say about it. So try a tankful and find out the fast-starting facts for yourself.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

CONCENTRATED SKIM-MILK FOAM IS DEVELOPED

Foaming of milk has long been an annoyance to dairy products manufacturers, and a lot of work has been done to try and figure out ways to keep milk from foaming.

Then the USDA Bureau of Dairy Industry decided that the part of milk that foamed might be different from that part of the milk that didn't foam. So they developed a concentrated skim-milk foam.

Add the concentrated foam to dry or condensed skim milk, whip it a few minutes, and you get a stiff mass that has the best whipped cream beat—as far as looks are concerned. Probably be getting it on sundaes and hot chocolate some day.

Mr. and Mrs. Murrel Brown are the parents of a new daughter, born Wednesday morning at Lubbock Sanitarium. The young lady will go by the name of Merle Katherine.

"THE SUN IS MY UNDOING"

By Marguerite Steen

The death of the richest man in Bristol, in the great days of sailing ships, caused a scandal that was to last for a hundred years. It sent a prodigious fortune rolling about the globe, it enriched a rogue, impoverished a virtuous family and lost a girl her love—it hummed across the high seas, it rustled in secret chambers, it was mumbled a crowd council tables. As it spread through time and space and the lives of men and women, daring and adventure went with it. "The Sun Is My Undoing" is a story on the heroic scale, a chronicle that lifts the reader out of his own world and sweeps him on breathlessly for 1,200 crowded pages.

The story sets sail from Bristol on the young Matthew Flood, driven from the arms of his bride-to-be to the afterdeck of an African slaver, embarks on a journey that is to cover half the globe and tangle the destinies of generations unborn. The ports it touches are the reeking coast of Africa, fair Barbados, gay and scheming Cuba, the Barbary haunts of pirates, the palaces of Seville and Madrid, returning at last to the stately homes of England. Masters become slaves in the telling of this tale, and a slave becomes the mother of a proud race. From it one comes to know not only how Englishmen lived in the days when privateers fitted out in Bristol harbor; one enjoys the graces of life in Creole Havana, recalls from the suave brutality of Hidalgo Spain, pants in the unlivable African jungle where men somehow continue to live.

"The Sun Is My Undoing" is the story of one undying love and a dozen interwoven tales of ambition and intrigue. It is a story with a will of its own, and it can neither be put aside nor soon forgotten.

The Library received last week another selection of 100 books from the State Library at Austin. There are books for both beginners and adults in this selection.
