Bailey Ginnings Are Far Below 1940 Figure

Bailey county cotton ginnings for the 1941 season were 17,626 bales, 818 bales below the 1940 figure of 25,544, it was learned this week from a Bureau of the Census report, which gave final figures for ginnings up to early March.

Lubbock county, with 85,104 bales, led the state by a substantial margin, the total being 19,000 bales above the nearest county, Lynn.

Total for the South Plains is 574,267 bales, compared with 449,486 bales a year ago. The increase, 124,781 bales, represented a 27.7 percent gain.

Dawson county, ranking third in the area, is fifth in Texas; Crosby, ranking fourth is 7th, and Lamb, ranking fifth is 8th in the state.

State total was 2,555,611 bales compared with 3,111,051 bales for the 1940 crop.

Following are the ginning reports for the South Plains counties up to early March for 1941 crop compared with the 1940 crop:

County	1941	1940
Bailey	17,626	25,544

All Questions On Questionnaires Must Be Marked

Local draft board officials are giving notice to all registrants that in the future questionnaires must be filled out completely. In the past, there has been considerable confusion, due to these forms not being completed, officials said. There are a few questions on the forms which do not apply to all persons, but these should be read and checked off.

For instance, the question: "Are you a minister?" If you are not a minister, simply check the question to show that you have read it. Do the same to other questions which do not concern you.

DROWNING VICTIM KNOWN TO BAILEY COUNTIANS

Jimmy Boston, one of three Pampa youths who drowned last Friday when their sail boat turned over on a lake south of Pampa, is a cousin of Mrs. Charles Deway of Muleshoe. He is the son of Mr. and Mrs. Carl Boston and his maternal grandparents are Mr. and Mrs. J. L. Bain of Lubbock, who formerly lived at Bula.

COLLEGE ENTRANCE EXAMS ANNOUNCED FOR APRIL 29

The State Department of Education will offer college entrance examinations this year on April 29, 30 and May 1. These tests are designed to enable graduates of unaccredited high schools to earn additional credits.

NEW DEFENSE COURSE

University of Texas officials are setting up a new defense training course at Houston. The short course is in the field of electrical engineering. This is the first offering of this type in the Southwest.

Anzac Defenders

Manning an old-fashioned, Lewis anti-aircraft gun, three Australian soldiers search the sky over tropical, heavily-bombed Port Darwin in Northern Australia.

Port Darwin, only 400 miles south of the conquered Netherlands East Indies, is the last Southwest Pacific naval base which can be used by the United States for an offensive action against Japan. Australia is strongly held by Anzac and American troops. A Jap invasion is feared imminent.

Men 45 To 64 Will Register On April 27

Military authorities and War Production officials, it was learned Friday, will ask Congress for sweeping revision of the National Draft Act in order to make use of the reservoir of 11,800,000 men between the ages of 45 and 64, inclusive, who must register April 27 under a proclamation signed by President Roosevelt.

Under the present law, it was pointed out, there is no authority to make use of the men, even for work in war industries.

Under the Draft Act, all men from 45 to 64, inclusive, are liable to registration. Men from 20 to 44, inclusive, are liable for military service. But other than carrying out the registration of the 18 and 19 year olds and men less than this time to order them into the service or into factories.

Men from 20 to 44, some 26,000, 000 of them liable to military service, already have been registered. After the 45 to 64 group is signed up, the 18 and 19 year olds will remain as the only group not yet registered. About 1,200,000 in number, they are expected to be registered about April 29 or 30.

No plans are being made for a lottery for the older men, many of them grandfathers. Instead plans are being drawn to ask Congress for legislation to use the men in war industries or other civilian post deemed necessary by the Army or War Production officials. Such men will be hand-picked and there will be no necessity for a lottery, it was explained.

MULESHOE SCOUTS TO ATTEND FIRST AID MEET

Two patrols of Muleshoe Boy Scout Troop 20 will go to Lubbock Friday afternoon for the annual district first aid meet. Arrangements already have been made for transportation of one patrol, but as of today, some of the scouts do not have a way to get to Lubbock. If there is anyone who would like to take these boys, contact scout officials at once.

FCC FIELD SUPERVISOR RESIGNED, EFFECTIVE APR. 1

C. C. Gibson, field supervisor for Farm Credit Corporation, has resigned his position, effective April 1, it was announced Wednesday. Mr. Gibson has been with FCC for the past seven years, and is well known over the Panhandle-Plains country. He will be connected with the Amarillo Corporation after the 15th of April.

7 HOGS LOST IN FIRE

Fire of undetermined origin last Thursday night destroyed seven hogs belonging to M. L. Howard, who lives about five miles north of town. The hog house in which the swine were kept was also destroyed by the blaze.

News Must Be In Early

We regret that last week much local news was turned in entirely too late for publication. This news included items from country correspondents as well as local contributors. Copy from community correspondents should be mailed so that it reaches this office not later than Tuesday afternoon, and club and other news reporters in Muleshoe are requested to get copy in not later than 9:30 a. m. each Wednesday morning. Help us to give the readers all the local news possible by turning it in early. We appreciate your efforts and cooperation.

First Aid School Starts Monday

The first aid school standard course will start Monday night, March 30, Judge Jim Cook announced Tuesday. The school will be under the direction of an experienced teacher from the Texas Highway Department.

Those who desire to take this course should be at the courthouse at 8:30 Monday night.

Those attending are requested to bring first aid books if they have them or books may be purchased at the school. Classes usually last about two hours, and there are 20 lessons. All who possibly can should take this course as the instruction in first aid is well worth the time and trouble to learn.

15 Men Leave For Army Service

Listed below are the names of two groups of men going to service in the U. S. Army March 13 and 15 from Bailey county: March 13: Emmett William Dean, Ed. Haley, Jack Roberts Bates, James D. Lane, Joseph Bailey Mitchell, Riel Ernest Williams, Marvin J. Matthews, Floyd McWatters.

JUDGE NELSON, AMARILLO, VISITS HERE FRIDAY

Judge E. C. Nelson of Amarillo was in Muleshoe last Friday, visiting relatives and greeting friends. Judge Nelson is a brother of Mrs. W. D. Standerfer. He stated that he is now in the race for Chief Justice of Court of Civil Appeals, and will issue a formal statement to the voters of Bailey county a little later. Judge Nelson has been district judge for the past 12 years and is widely known in the Basin country.

NOTICE TO CANDIDATES

A sample affidavit for candidate's expense account is now on file at the County Clerk's office. Fire kills skilled workers, endangers morale, halts production, consumes irreplaceable goods.

Registration For Rationing Of Sugar Nears

Six days in April and May have been set for sugar rationing registration. It was announced last Saturday. John E. Hamm, acting chief of the Office of Price Administration, said that sugar would be off the market on April 28, and would not be available to buyers again until May 5. This is the step preparatory to sales under the new rationing order, which will go into effect as soon as the moratorium on sales ends. The local rationing board announced Monday that registration of retailers, bakers and other commercial houses would be April 28 and 29, and registration of consumers on May 4, 5, 6 and 7. Registration will be held at public elementary schools throughout the county. The amount of sugar to be allowed each person had not been determined, the board stated, but it will likely be from one-half to three-quarters of a pound per week.

Individual consumers will go to designated schools in their community at hours to be announced later. Teachers will serve as registrars. One member of a family can register the entire household, it was announced.

The one registering for the family will give the name, age and address of each applicant and the amount of sugar on hand. Each person will receive a war ration book, which will contain 28 stamps. Each stamp represents a two-week sugar allotment. If the stamp is not used in the buying period it will not be good thereafter.

The registrar will tear out of the book a sufficient number of stamps to cover the amount of sugar in excess of two pounds per person on hand at the time of registration. Consumers will give stamps to storekeepers when purchases are made and the storekeepers will use the accumulated stamps, in turn, when they buy fresh supplies.

Forms for registering, as well as ration books, have been received here, and announcement is to the hours for appearing at the local school will be made later, it was said Monday.

Fire Threatens Ranching Section

For the first time in several years a real, old-time prairie fire threatened the ranching section of the southwest part of Bailey county last Thursday. Fire starting near the New Mexico line on the VVN pasture, was soon racing before a strong wind and within a few minutes was beyond control.

People from all parts of the county gathered to help fight the blaze which was not brought under control until some twenty thousand acres of fine grass was destroyed.

Fortunately, no cattle were lost, it was reported. Several times the fire was almost under control when a change of wind direction would start it off again. Fire fighters stated that almost one hundred fires broke out when the wind was blowing the strongest.

At the Hospital

Mrs. Albert Trauwek of Muleshoe underwent a major operation Thursday of last week.

Mrs. C. M. Hurst of Muleshoe received treatment at the hospital this week.

Mrs. Jim Burkhead was admitted to the hospital this week.

Mrs. Clara Belle Green has been dismissed from the hospital.

MODERN MATHEMATICS

You probably read in the daily papers Tuesday about the secretary to a certain manufacturer who drew a salary and bonus of \$18,285 during the first ten months of this year. Last year she drew a total of \$39,356. She was only one of many average folks working for the company who dragged down plenty of sugar, so that the company's taxes would be so high. The company makes war material for the army and navy. The secretary told an investigating committee that the boss "was a grand guy." The boss said he was saving the government some money. The more bonus money he gave some of his workers, he said, the cheaper the army and navy war equipment was.

We were asked this morning to explain how an article could cost less, when the expense of manufacturing it was more.

Streamlined mathematics is the answer to that one, but few of our readers understand how it works. However, we will explain the system, so that you will not be confused in the future.

First, government experts grant a company a contract for, say, nine hundred million dollars worth of material. As an example, we will say the contract calls for items which sell for \$600 each, plus \$152 each for bonus payments, which cuts the cost of the item 11 1/2 percent. In other words, you will find that instead of the old method of estimating cost, whereby the problem of \$600 plus \$152 totals \$752, the new streamlined system makes it work out thus: \$600 plus \$152 equals \$448.

This is arrived at by squaring a parallelogram with one diagonal hanging the cube root of an isosceles triangle to the south end of \$448. This makes the shortest distance between two given points the equivalent of X over B1 squared nine times, or thirty-three yards from the point of beginning. At first glance, the convex of the tangent will appear to be alternating around the perimeter, but this is merely an optical illusion—or delusion. After this, subtract the first equation from a bushel of oats and you get the sum and substance of H2O (agua pura). Soak in grain alcohol for two hours and take three drops before retiring.

To sum up the foregoing geometrical proposition: "Whereas it appears that you are getting a \$448 item for \$448, but which actually costs you \$752, which wont hurt you a bit—unless you find it out. And if you do, well what the heck? Its government money, ain't it? We hope that from here on you understand the new sys-

tem so you'll not be forever asking nutty questions.

"I AM IN FAVOR"

For the second time within six weeks the people make up their minds to have a say in the affairs of their country. The first was when "desitute" Congress voted itself a pension while the country was straining to pay a war bill so big few can grasp its meaning. After the country started to work on this piece of humanitarian legislation, Congress forgot there was a war in its haste to repeal it.

The second instance is the demand for action in regard to war profits and labor racketeering. Although there has been little, if any, action taken by Congress to lower war profits from 700 percent to 500 percent, and nothing at all done about the labor czars, still there is some indication that the boys are beginning to arouse themselves.

Just last Sunday the Texas delegation broke out with the old political chorus, "I Am In Favor Of—" That's one that usually puts the hush-hush on the yokebark home. They take it for granted—and have been doing so for 75 years to our certain knowledge—that when a politician says he "favors" something that he is actually going to sell in and get the job done. But if you think back a little, you will find that the old stock form of saying "I favor" is merely a smoke-screen, a drawing of the curtain, or an antidote given the public for the same reason that the old folks administered paregoric to the baby. Here is the reaction to all the stock forms of congressmen and senators lately. This is the Texas delegation speaking. They hadn't been heard from before the letters and telegrams, and very little since making the following statements:

Thomason: "I am in favor of suspending the 40-hour week."
Mansfield: "I am in favor of suspending the 40-hour week."
Kilday: "I am in favor of doing away with the 40-hour week."
Patton: "I am 100 percent for suspending the 40-hour week."
(Notice how bitterly strong Mr. Patton made his statement—100 percent.)

Russell: "I am in favor—ditto."
Lanham: "I am in favor—ditto."

Mahon: (This is us, folks): "I am in favor—ditto."
"There are others, up to 23 members, one or two being sick that

day—or something, but they were only minor vocalists anyway, so it doesn't matter.

The above gentlemen, and others in Washington, are laboring under a false impression as to what the folks back here think about them. They think it is only the 40-hour week question, but it is not. There are a number of things, one being the continual strikes over insignificant things like a man being told to have glasses corrected so he might be able to do his work; for walking off a job with no cause given; for striking because a helper hung his hat on the hook ordinarily used by a skilled worker, etc. For profits beyond all reason allowed manufacturers. One side is as bad as the other—and mostly worse.

We are told from Washington that workmen are straining to get the production job done. Well, here's some sample "straining." A man told us last Saturday that he was, and has been for several months, working on a government job. His pay is from twelve to fourteen dollars a day. His helper gets eight dollars a day. At one time, recently, his foreman sent both of them to do a small job of work, which he said he could easily have done in 30 minutes. But their foreman told them to take their time. They did—two days. Cost to the government (which means it was your money), forty dollars.

Mr. Nelson, boss of production months, working on Saturday if the people criticized the war program they were giving aid and comfort to the Axis.

We were told last Friday of a young man from Muleshoe who is working in a bomber plant in California. He was here on a visit recently, and a local acquaintance asked him about the work. It was very pleasant, the young man said. For instance, he only recently put in most of one shift "changing bolts." When he first went on shift that day, he fitted a bolt to a hole on a bomber. Took it off, went about a quarter of a mile and changed it for another. Fitted it, took it off and went back for another exchange, and so on for most of the shift.

Mr. Hitler & Co. couldn't get "aid and comfort" out of the above testimonials, nothing we could say or do would tend to give him relief. Ninety-nine percent of the people who are writing letters to congressmen are afraid of their country. They are afraid of the present managers, and that is exactly the words we have heard during the past week. They have no intention of giving aid and comfort to the enemy. They do not intend to willingly give him anything except misery—and that is what they intend to give some of their "managers" unless there is a radical change in results.

UNCLES OF MISS SWIFT OF PROGRESS, PASS AWAY

Death struck twice within 13 days in the same family recently to take D. R. McGinnis, 79, of Amarillo, and E. L. McGinnis, 77, of Mingo, Tex., brothers. They were uncles of Miss Dyalthisa Swift, who lives at Progress.

D. R. McGinnis died February 25, and E. L. McGinnis died March 9. Both deaths were attributed to heart trouble.

A younger brother, J. O. McGinnis of Carter, Okla., preceded the two in death, March 8, 1937.

Uncontrolled fire is an economic waste any time; it is a crime today when continuity of production is so vital to the present emergency.

? YOUR NAME ?

By CHARLES DIDWAY

MITCHELL
Mitchell is included among the "saint names," as a form of Michael, one of the most popular of baptismal names honoring the archangel of the Bible. In some cases it may be a derivation of the Old English "micel" (mickle) meaning "great, many, much." The name has come into wide use as a surname and is especially common in Ireland and England. Many Mitchells are of French descent.

POLLARD
Pollard is a Welsh and Cornish name meaning "high lake" from "pol" (a lake) and "ard" (high). Bearers of this name are descendants of Welshmen or Cornishmen who once lived at or near a lake on a high place.

DUDLEY
Dudley comes from a locality of the same name in Worcestershire, England, where the family is said to have originated. The name means "Dod's Field" from "Dod" an Old English personal name and "ley" (field, meadow). Joseph Dudley was an early-day governor of Massachusetts.

WEBSTER
Originally a "webster" was a female "weber" (weaver) or weaver. The termination "-ster" denoted a female worker, but both masculine and feminine forms were later used without distinction. A female baker was a bakeress, from whence comes the surname Baxter, and a female weaver or webber was known as a webster. Daniel Webster was an American statesman and orator. Noah Webster was an American lexicographer of dictionary fame.

CLYDE BRAY ASKED TO PLEDGE WTSC FRATERNITY

CANYON, Tex., Mar. 23—Clyde Bray of Muleshoe, a freshman at West Texas State college, has been asked to pledge the Tati Tax fraternity, social club for men.

Bray took the initial vows recently at a pledge ceremony in the home of Bernard Warren, president of the club.

RETURNS TO DUTY

Edward L. Gummelt, son of Mr. and Mrs. John Gummelt of Sudan, who was wounded on Dec. 7, 1941, when the Japanese attacked Pearl Harbor, has completely recovered from his injuries and was returned to duty on March 7. The War Department has advised his parents.

Methodist Church

Rev. R. N. Huckabee, Pastor
Beginning Sunday, March 29, the Muleshoe Methodist church and pastor are to hold special spiritual life services for a week. Sunday morning at 11:40, the beginners children are to give an attractive short program for the closing period of the church school, celebrating Palm Sunday in the life of Christ.

The other special services are Sunday at 8:30 p. m., Wednesday at 8:30 p. m., with emphasis on the attendance of young people and a duet by them; Thursday, 8:30 p. m., a Fellowship covered dish supper in Fellowship Hall, followed by a candle light communion service in the auditorium.

On Good Friday at 8:30 p. m. there will be a heart-searching service of education in the light of the seven words of Jesus uttered on the cross.

Easter Sunday will witness the impressive dedication of infants and the reception of members into the church.

The climax of these special spiritual life services is an impressive Easter pageant to be given by the Wesley Service Guild on Easter Sunday at 8:30 p. m. in Fellowship Hall, Mrs. Noel Woodley director.

Special heart-warming vocal numbers will be given at every service. Personal testimony and friendly fellowship are to be encouraged. All are welcome and invited. Let us seek God during Holy Week. Our need is great. But God is greater than all our need.

MARRIAGE ANNOUNCED

Mr. and Mrs. S. L. Rollins announce the marriage of their daughter, Bessie Lee, to George A. Burke of Los Angeles, Calif. The marriage was an event of March 14 at Yuma, Ariz. Mr. and Mrs. Burke will make their home at Los Angeles.

Preventing ordinary accidental fires is important as their results can be just as serious as fires from bombing raids.

Baptist SS Meet To Be At Houston

HOUSTON, Tex., March 24.—Speakers of Southwide and nation-wide prominence will address the Texas Baptist Sunday School convention, to be held here April 7-9. It was announced today by Dr. G. S. Hopkins, Dallas, state secretary. Tenthousand messengers to the convention, from every quarter of the state, are expected to hear Dr. Charles E. Maddry, Richmond, Va., who was in Honolulu on December 7, in his official capacity as executive secretary of the Southern Baptist Foreign Mission Board, bring the convention's keynote address, "Insight and Action." Tuesday morning at the First Baptist church. There are five cities in the United States with populations of more than one million. They are, in order of size, New York City, Chicago, Philadelphia, Detroit and Los Angeles.

LOOKING BACKWARD

FIFTEEN YEARS AGO (From files of March 25, 1927) The Muleshoe basketball girls returned Sunday from Breckenridge, where they participated in the state tournament. They brought home a silver loving cup. Velma McDorman, with 106 points, was second in the number of points made during the tournament. Charlie Coffman of Baileyboro left Friday for Tyler, where he will go into training for baseball. He will try out for the East Texas League. I. W. Haney has purchased the grocery business of J. L. Alsip, in the Brooks building. Mr. Alsip will remain with the firm for awhile. Mrs. F. R. Berry of Circleback suffered a stroke of paralysis last week.

April 5-11 Is Designated As 4-H Club Week

The week of April 5 to 11 has been designated as 4-H Club Week throughout the United States. This observance replaces the National 4-H Club Encampment held in normal years in June at Washington, D. C.

According to L. L. Johnson and Omaha Jacks, state 4-H Club agents of the A. and M. College Extension Service, more than 80,000 Texas farm boys and girls enrolled in 4-H Club work are expected to participate. The activities will be conducted by the Extension Service through county extension agents and voluntary local club leaders and sponsors.

During 4-H Club Week effort will be made to remind adults and youths that the work to be done concerns every individual and that boys and girls must do their part in a full-sized job, the state agents said. "Efforts also will be made to stimulate family and community work to the end that every individual may make his best contribution toward victory."

Farm boys and girls through their 4-H Club work have carried

on a seven-point national defense program for the last year and a half. The state agents said that the club members have concentrated especially on club demonstrations which produce needed foods, care of farm machinery, clothing and other vital items, farm fire prevention, selling and buying Defense bonds, helping in civilian defense activities, collecting scrap metal, paper and other materials which are scarce, and in discussions in, and practice of, democratic principles in their club work.

FORMER MULESHOE STAR OUT FOR CLOVIS ELEVEN

Hubert Clark, all-conference and all-district tackle from Muleshoe, is among the squad of 30 taking spring football practice at Clovis high school, according to a story in Sunday's Clovis News-Journal.

The Clovis paper listed Clark as a transfer from Muleshoe high school, out for a tackle position on the Wildcat team.

"THE SINGING HILL"

By R. M. Bower

On Sharon's shoulders rested many of the responsibilities of her family's Idaho ranch. She was 18, pretty, and whenever her work could spare her, she wandered off to her secluded hill and found forgetfulness in singing.

Sharon had a spendthrift artist father in New York who had to be supported; there was a neighboring ranchman who was ruthlessly determined to win her hand. One day—and this makes the grand story—a stranger appeared on the hill. He heard Sharon singing and became interested. Romance? Mystery? Here is plenty of both in a really entertaining novel.

"This is one of B. M. Bower's best. Bower fans, western story fans, and romantic novel fans know that this is good news."

The Muleshoe Library has received five new more books this week: "Sons of the Saddle" and "Riders of Buck River" by Wm. McLeod Raine; "Valley of Thunder" by Rex Beach; "Knights of the Range" by Zane Grey, and "The Singing Hill" by B. M. Bower.

Progress News

A "get acquainted meeting" was held at the school auditorium Tuesday night, sponsored by the PTA and HD Club.

Miss Elzada McMahon acted as chairman. Mr. Tiner gave a report on the lunch room. All of the equipment has been paid for since the lunch room started in September, 1941. Plans are being made to continue again next year. Our equipment being paid for, we can serve a better lunch. We are proud of our lunch room and the progress it has made.

Mrs. W. G. Kennedy gave a report of the county meeting held in Muleshoe Tuesday morning, March 24. She told about the district supervisor saying we were very fortunate to have recently bought a 25 quart cooler, to use in the lunch room. This cooler will be loaned to the Muleshoe lunch room for canning this summer.

Five men were nominated as candidates for trustees another year. There are two to be elected. Those nominated are Joe Thompson, Ross Goodwin, W. G. Harlan, Manuel Self and Tom Radney.

Mr. J. C. Smith gave a talk on crop insurance. Mr. Sam Logan discussed Farm Activity and Mr. Kennedy spoke on Democracy and the need of Community Recreation.

A Texas Farm Bureau was organized with W. G. Kennedy as president; Joe Thompson, vice-president, Ross Goodwin, secretary, Tom Radney, program chairman, G. T. Thier, reporter. Meetings will be held on second Friday nights.

Dr. J. A. Fitzgerald, University of Texas business administration dean, is sitting insurance executives, agents and brokers of the nation in their efforts to develop a school for improvement of professional standards for property and liability underwriters.

The Progress Home Demonstration club held its regular meeting with Mrs. Fern Davis. It was decided at the meeting that the club would act as co-sponsors of the Get Acquainted Night, held at the school house Tuesday night.

Victory demonstration cards were given out by the chairman to members present.

The entire educational fund will be paid to council delegates to be taken to the council March 23. It was decided at the meeting, Miss Dyralthia Swift appointed Mrs. Whitte and Mrs. Self to attend training school at the council in Muleshoe March 24.

Members of the club also voted to cooperate with the P-T. A. in sponsoring the school lunch project again next year. The two organizations were co-sponsors of the project this year.

A card of appreciation was acknowledged from Mrs. W. W. Humphrey and girls, Eunice and Elizabeth. This will be put into a scrapbook presented the club by the president.

Mrs. Whitte gave a demonstration on bedrooms.

Present for the meeting were Mrs. W. G. Kennedy, Mrs. Carrie Whitte, Mrs. Marie Malby, Mrs. Manuel Self, Mrs. Rose Goodwin, Miss Dyralthia Swift, and the hostess.

County Teachers Attend Meeting At Lubbock

Addresses by widely known educational authorities Saturday morning in the senior high school auditorium at Lubbock concluded a two-day program of West Texas Teachers association.

Speakers were Dr. George Wilford Frasier, president of Colorado State College of Education, of Greeley, Colo.; John E. Brown, president of John Brown University of Slaton Springs, Ark.; and Dr. Homer P. Rainey, president of the University of Texas.

Five hundred persons were estimated to have heard the addresses. Approximately 1,500 teachers and school administrators were in Lubbock Friday for the opening of the meeting.

Date of the next annual convention, which will be in Plainville, will be set before 90 days, in terms of the constitution and by-laws of the convention. The newly-elected president, O. C. Thomas, superintendent of Spur schools, will make the decision.

Teachers from Muleshoe who attended the convention were: Supt. and Mrs. W. C. Cox, Mr. and Mrs. P. C. Windsor, Miss Sena Marie Brown, O. E. Bowman, Miss Avis Cooper, Miss Essie Lee Roberts, Mrs. Ed Johnson, Mrs. J. J. DeShazo, Miss Juanita Smiley, H. D. Bentley, Miss Lola Durham.

A substance four hundred million times as heavy as steel is being studied by telescope-by astronomers at the University of Texas' McDonald Observatory in the Davis Mountains. The substance lies at the core of the "white dwarf" star, Wolf 457, and weighs approximately one hundred million pounds per cubic inch.

"MIX-UP" BASKET BALL TOURNAMENT APRIL 3RD

Starting April 1st, the High School athletic association will sponsor a "Mix-Up" basket ball tournament, which will continue through to April 3rd.

A small fee will be charged to see all games, as well as to play in the tournament. Fifty contestants are wanted to take part in the games. Each player must furnish his own shoes and basket ball suit, but suits of any color or design are allowed. No trophies will be awarded, as the tournament is for fun and entertainment only. No money will be refunded unless there are not enough entries to carry on the tournament. Tickets are now on sale, and for three nights of fun, everyone should get one or more tickets.
