Blankets, All Warm Clothing To Be Sent to Holland Victims of War

Gen. Dwight D. Eisenhower has cabled asking for a million blankets for civilians in Holland, to be shipped immediately. At the same time he offered shipping space. It appears that, as the Germans were driven back out of Dutch territory they carried long enough to look homes of everything of value that they could transport. As a result, people in the liberated territory have been stripped of warm clothing, blankets having been seized wherever found. Some blankets have been furnished from Government stores, but not enough. There is a shortage after all official sources have been tapped of at least 1,000,000 blankets. New blankets, purchased from local stores, are preferable to monies, as no great number of blankets can be obtained from any single store. Use blankets if in good condition and clean are on the request list. All good warm clothing is requested.

Maple News

Miss Marie Basham and MM 30 Harold Toombs were united in marriage in a double ring ceremony immediately after preaching services Sunday morning at the Baptist church with the pastor, Rev. Louie Self, officiating. The bride, who is the daughter of Mrs. J. B. Basham of Bledsoe, wore a two piece suit of blue wool with white accessories and a corsage of pink carnations. The groom is the son of Mr. and Mrs. M. B. Toombs and has been in the Navy since October, 1942. He is now based at Camp Buena Vista, California. Mrs. Toombs is a graduate of Morton high school and has been teaching the intermediate grades in Maple Wilson school the past two years. She plans to keep on teaching and he will be transferred to overseas duty shortly. Out of town guests included Mrs. Theresa Mae Weathers, of Bledsoe, sister of the bride and Mr. and Mrs. Ralph Toombs of Levelland, an uncle of the groom.

Rev. and Mrs. E. R. McCreight took their baby to Lamesa Sunday afternoon for medical attention. Mr. and Mrs. John Woodfin, Sr., were greeting old friends here on Sunday. Mrs. Elveta King and son, Sidney Wayne, of San Diego, Calif., are visiting her parents, Mr. and Mrs. W. L. Fort.

Sudan FFA Is Contest Winner

The Junior Chapter Conducting Contest was won by the Sudan Chapter of the Future Farmers of America at Littlefield Jan. 24. Second place was held by Whitehall Chapter and third place was won by the Littlefield Chapter. Other contesting chapters: Anton, Levelland, Springlake, and Morton. The Sudan Chapter contestants: president, Ramon Lowe; vice-president, Levon Pike; secretary, Clois Dean Wiseman; reporter, Elwood Allen; treasurer, R. C. Williams; sentinel, J. W. Jones; first conductor, Pete Phillips; second conductor, Winfred Mires; Green Hands, Jack Clawson and Bobby Terry. The Advisor of the Sudan Chapter is S. H. Russell.

The purpose of this chapter conducting contest was to give farm boys an unexcelled knowledge of parliamentary procedure and an excellent speaking ability. The chapter conducting consists of a demonstration of parliamentary procedure and the ability of speaking loud, clear, and correctly. —Truman Johnson, district reporter.

Former Muleshoe Girl Decorated

First Lt. Edythe McDonald, of Lubbock, has been awarded the Bronze Star medal for meritorious service against the enemy in Belgium, according to word received from the War Department by her aunt, Mrs. Mark Halsey, Lubbock. Lt. McDonald has been serving as a nurse with the 44th evacuation hospital, Belgium. She is a former Muleshoe girl. Lt. McDonald graduated from the Muleshoe high school in 1933. She lived here with her brother, "Slim" McDonald who was telephone lineman at Muleshoe.

Sgt. Drake Is Here for Visit

Sgt. W. J. Drake is home on furlough for a visit with his wife and his mother, Mrs. Ellen Drake. He is a member of the 53rd Infantry and is stationed at Camp Swift. Sgt. Drake returned to the States last October after spending some 27 months in the Aleutians. He has been in service since September, 1940.

Wins Promotion

Mrs. Amanda West, of Muleshoe has received a letter from her daughter, Mrs. Sybil West Armstrong, R. N., of Borger, Texas, saying she has been chosen Night Superintendent of Nursing, at North Plains Hospital, Borger. Mrs. Armstrong graduated last May from the Northwest Texas Hospital, Amarillo. She is a former Muleshoe girl.

A. X. Erickson and Carl Modest left Tuesday night for their homes in Denver after spending a week here looking after land interests. A friend always, Marshall.

Y. L. 4-H Club in Meeting Jan. 25

The Y. L. 4-H Club met with Miss Patterson January 25. Miss Patterson talked about how to grow fruit, mainly grapes. She gave us a grape cutting each. But each one had to cut their own to learn how to cut them. She gave Barbara Barnett about ten cuttings because she was elected fruit demonstrator and was to plant them. Malba Bryant and Arlene Richardson were elected for bedspread demonstrators. In March, she is going to tell us how to make bedspreads. Then the meeting adjourned. —Reporter.

Watson H. D. Club Studies Grapes

Grapes are a sure crop for Bailey county, said Mrs. Andrew Wittner, member of the Watson H. D. Club which met January 24, at 3:30 p. m. in the home of Mrs. A. J. Neuter. By selecting the proper varieties such as Carmen, Extra, Bailey, Catawba, Edna, and Beacon, which ripen throughout the mid and late summer season, much juice, jelly and jams may be canned for the entire year, said Miss Grace Patterson, county home demonstration agent. She also gave a demonstration on pruning grape vines, which was of much interest to all present. There were 6 members, 2 visitors and our agent present. Refreshments of cake and cocoa were served by the hostess. —Reporter.

Sgt. Ferris Gets Merit Citation

With the 12th Armored Division in France—Sgt. L. H. Ferris, brother of Mrs. Theima Boles, of Muleshoe, was among the first in the 12th Armored Division to receive a Presidential recognition after the Division's arrival overseas. He is a member of the 134th Ordnance Maintenance Battalion which by direction of the President, has been awarded the Meritorious Service Plaque for the period from January 1, 1944 to November 30, 1944. The battalion won recognition through a superior performance of duty in performance of exceptionally difficult tasks and achievement and maintenance of a high standard of discipline. The 124th was one of the original "Harvester Battalions" and came to the 12th Armored Division's attention at Camp Campbell, Ky. in September, 1942. The 12th Armored Division is commanded by Maj. Gen. Roderick R. Allen, of Marshall, Texas.

Benny Vice Back From Overseas

Benny Vice, son of Mr. and Mrs. Robert Vice, formerly of Lazduvdy, visited here with Mrs. D. W. Winn Monday. Vice had spent Christmas with the Winn's son, Robert, in Italy. The two boys, long time friends, had been stationed within fifty miles of each other for some time before learning about it. Robert Winn sustained a broken arm and has some fingers paralyzed, but is improving now. —Reporter.

Many Placed in Essential Jobs

Six hundred people, of whom 479 were males, contacted the U. S. Employment Service office in Plainview during the month of January, to obtain information or to apply for work. Of the number applying for work 80 were placed locally and 111 were referred to out of town plants designated as producing important materials and urgently needing workers. All but 10 of the 111 were placed with plants in the North Panhandle. Of that 8 referred out of Texas, 4 went to Pearl Harbor, as employees of the Navy Dept. Of the 105 office has noted an increase in interest in the essential jobs and a desire on the part of applicants for essential employment.

Muleshoe Man Took Part in Luzon Invasion

A Muleshoe man who as a member of Uncle Sam's Navy recently took part in the sensational landing on Luzon, has written some details of the stirring events to his daughter here. We reprint below the letter, written by Arlis Richardson, who was in the Lunga Point, a Navy vessel which helped prepare the way for the Army.

USS Lunga Point (CVE 94) January 20, 1945.

Dear Arlene: As you know I can be told! The reason you have not heard from me in so long is that we in the Lunga Point have been very busy lately attending to our part of the Luzon invasion, and it was no small part we intercepted and passed it along to the other side. Ever since the Leyte Gulf operations in October and November, in which we participated, we have been preparing for the Luzon operations at a staging area, this being the place where the troops and ships are assembled for an operation, and it is quite a sight to be there and actually see such a tremendous number of men and ships and the activity that goes with it, all alone being part of it. It has all been an adventure I shall never forget, and I am proud to have been a part of it. Soon after leaving the staging area, in company with a formidable array of naval vessels of all types, we were told where we were going and what we expected of us; so when we reached our objective we were ready. The day the actual invasion was designated as "S" Day, that being 9 January, and we were off Lingayen Gulf prior to the invasion. We ran the gauntlet right through the mine fields of the Philippine Islands into the China Sea. The Japs knew we were there all right, but we were too strong for them, and their attacks were relatively light at first. It was just before we reached Lingayen Gulf, however, that we had our most narrow escape. A Jap bomber "peeled off" at 7000 feet and started for us. We were, of course, in general quarters at the time, and as the plane came down, you can well imagine how rapidly it grew in size as it approached us. Our guns were blazing away and the lead was pouring into the plane. Must have hit the pilot fatally or knocked his plane out of control, because he failed to "lay his eggs" and crashed into the water just astern of us and exploded. I mean that plane exploded into a thousand pieces making rancid hamburger of the Son of Nippon flying it. Our only casualties were one officer and one man were slightly knicked by pieces from the exploding plane. We arrived off Lingayen Gulf on the appointed day, proceeding with our mission, which was for our planes to bomb shore installations and cover the approaching troop convoys and supply ships, and otherwise paving the way for the landing of our troops on S-Day. The several days before and after the invasion were the most trying for us physically, because there were Jap planes around continually, it seemed, and we were running up and down ladders to General Quarters at all hours of the day and night. Our planes did not come in as physically, because as did everyone else in the ship. As a matter of fact, our Admiral has sent us the traditional Navy "Well Done" several times for the part we played. It was a Lunga Point plane that gave the signal, over the beach, for the Warships in Lingayen Gulf to lift their gun fire inland and for the invasion forces to head for the beach where they landed at 0900 on "S" Day.

Bailey County People Set Record In Gifts To Infantile Paralysis Fund

Bailey County people set a record for their contributions to the national fight against infantile paralysis, establishing a new high, Mayor R. L. Brown of Muleshoe, county committee chairman, announces. Bailey County's total for the infantile paralysis fund was \$742.07 up to Wednesday morning. The celebration on the President's birthday, a dance held at the Frisbort Roller Rink, netted \$303.94 after all expenses were paid, Mr. Brown reported. Expenses of the entire drive amounted to \$131.06, leaving the sum of \$611.01 as a net to go to the fund. The local committee set the state headquarters at Dallas the sum of \$299.88 and now has on deposit to the infantile paralysis fund \$311.13 in the local bank.

Christian Service Meeting Held

Christian Service met with Mrs. Julian on Tuesday, January 30. Twelve were present. The program was opened by singing "Come Thou Almighty King," Mrs. Broyles led in prayer. A program that was prepared and planned was opened by Mrs. Bayless. Mrs. Willett has charge of the next program, Feb. 6, with the topic, "The Western Indians." Mrs. Beavers closed with prayer. We then had a social hour and Mrs. Julien served a plate lunch consisting of chicken sandwich, coffee and angel food cake. After having a delightful social hour and enjoying her gracious hospitality, we all bid her adieu and slowly wended our way back to Muleshoe. —Reporter.

We surely had a first hand picture of it all. The night before the invasion, the troop convoy passed us, it being the largest in history and 70 miles long according to the Associated Press news release, and it was really a sight to behold. Our planes, over the invasion beachhead, radioed a word picture of the invasion to the controlling ships in the Gulf, and our radio intercepted and passed it along to all hands over the ship's general announcing system. It was just like watching a big parade pass in review.

At 0900 on 9 January (8 January to you) the first wave of troops hit the beach, with practically no opposition, which means that the withering gunfire of our ships and the bombing of our planes had made the Japs beat a hasty retreat, and we established a beachhead 15 miles long, with practically no casualties, much to our surprise. We put on the beach thousands of troops and vehicles the first 24 hours, and they continued landing them for several days afterwards. Our Army has seen so very little of the Japs that it has us all puzzled. We feel quite confident that they have a trick up their sleeve to pull on us, but we can't help but feel that they missed their best chance while Lingayen Gulf was literally full of American transports on S Day. It must be that the blasting the Army and Navy at Lingayen gave the entire Philippine area completely dead the enemy. The road to Manila, 100 miles to the south, will not be an easy one. On the contrary, it will be stained with the blood of many a fine young American, but we, on board, do feel that the greatest obstacle in regaining the Philippines has been achieved, and with practically no loss of life, and that was the establishment of the beachhead. Our captain has kept us all well posted on developments, not only on S-Day but most every night since, by giving us informal talks over the general announcing system, covering not only the naval strategy employed but also the Army strategy; so we will be certainly in a position to tell our grandchildren about the battle of the Philippines. Our Chaplain has followed the Captain's talks with prayers for our success and safety, which have been both timely and comforting. I repeat that the Lunga Point what we have just done to Luzon Services has materially increased since that Jap bomber gave us a scare. It is still a long ways to Tokio, and to do to Tokio what we have just done to Luzon will take not only the continued devotion to duty of the men in the Lunga Point and all other naval vessels, but what is just as important, the 100 per cent backing of those on the Home Front. You continue to do your part, and we will do our best to help make this a short war, in the hope that we will soon be re-united and enjoying everlasting peace together.

Your Loving Dad,
Arlis Richardson.
P.S.: We are not coming back with our bridge undamaged; there are little Jap flags painted there now, representing the work of both our ships guns and our planes.

Never had no learnin'! Never taught to pray; Want to talk to Jesus, Don't know what to say.

Where'd you come from Buddy? Wasn't here before. Don't look like no soldier, You ain't used to war. Wanna use my foxhole? Cuddle up right nice. Have a drink of water—Sorry there's no ice.

Gee, your hand is bleedin'! Guess they got you too. Nasty rats of Hitler. That's the way they do. You and me together—Strangers in this sink, Sharin' drops of water. All there is to drink.

What's that on your shoulder? Buddy, that's no gun! You should have some weapon. War ain't just clean fun. Guess that blasted bullet Threw me for a loss; Eyes are gettin' hazy—What you got, a Cross?

Funny sort of helmet; Looks just like a thorn. Never seen one like it

I man in \$745 has them... but today we all must have 3 cars!

YOU can see in an instant why your one and only car really needs to be "triplets." Let's just check . . .

- ✓ You started with a pre-war car.
- ✓✓ It became your wartime car.
- ✓✓✓ But now it's still got to be your postwar car—because even if 1945 sees unbelievable new car output, the chances of getting delivery before 1946 or '47 are way against you.

That's why today the cry is, "Conserve your car!" But you want real sure help . . . And here's what Conoco Nth motor oil will actually do for car life by surfacing your engine's insides with OIL-PLATING.

OIL-PLATING assures distinct extra defense—at trifling extra cost. Topping every advantage that an oil can get from Nature and latest refining, Conoco Nth oil also brings its unprecedented man-made ingredient. And this bonds protective OIL-PLATING to the fine inner finish that's really the life of your engine!

With durable OIL-PLATING, plus durable liquid oil film too, you have every defense against excess wear. And that's the basic defense against carbon, sludge, and battery drain. What's more, even corrosive engine acids—always present—can't freely bite into OIL-PLATED surfaces! So there you plainly get safety of every sort—simply by changing to Nth oil at Your Mileage Merchant's Conoco station. Do it today. Continental Oil Company

Army Answers Your War Problems

Q. One of our sons has been killed in action and a second has been seriously wounded. Our only other son is with the Infantry in Germany. Wouldn't it be possible for

the Army to place him where there would be less chance of his getting hurt?

A. The present War Department policy is to return a sole surviving son to this country for less hazardous duty when two or more of his brothers have died in the service, have been taken prisoner

or are missing in action. However, consideration will be given to any case not covered by this policy, where hardship results to the family concerned. Your request should be sent to the Adjutant General, War Dept., Washington, D. C.

Q. Can a soldier take civilian employment while on furlough?

A. No. Instead of placing stamp on your envelope, write "Prisoner of War" and "Postage Free" in the upper left hand corner of the envelope. Providing such employment while on furlough home for a visit with his parents, Mr. and Mrs. E. C. Jennings.

OVER TOKYO B-29 Superfortresses fly with Phillips super-octane fuel... as they do on all of the world's flying fronts.

Phillips is one of the nation's six largest producers of Combat Aviation Gasoline

When you read or hear postwar promises of fabulous motor car gasolines, or of astounding products of petroleum chemistry, recall the simple words of the headline above.

They record a triumph of Chemical research, engineering, and production. Add to them, Phillips grand-scale contribution to the making of butadiene for synthetic rubber, and they suggest how competently and completely Phillips is devoting itself to the war effort.

It has been said that the future is the fruit of the seed of the past. Little wonder, then, that intelligent men and women expect great postwar products from Phillips.

In the meantime, every time you see the Orange and Black Phillips 66 Shield, let it remind you that Phillips refinerries... in addition to producing gasolines, lubricants, and fuel oils... are also gigantic chemical plants pouring out weapons for victory.
