

# THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

LITTERA SCRIPTA MANET—THE WRITTEN WORD ENDURES

MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, OCTOBER 29, 1942

TWENTIETH YEAR, No. 42

## County Council Of H. D. Clubs Holds Meeting

By Lillie Gentry  
The Bailey County Council met Monday, October 26 at 2:30 p. m. in the county home demonstration agent's office, with 12 members and six visitors present. Mrs. W. L. Key, council chairman, presided at the meeting.

The standing rules of the council were read and amended to the extent that the council is to meet on fourth Saturdays, instead of fourth Mondays in each month.

Reports from officers, committee chairmen and club presidents showed that club members have made a great deal of progress in increased production of food and in the conservation of food. Many have made necessary home improvements; have cooperated with scrap paper, rubber and iron drives and have bought War Bonds and stamps.

Several of the clubs have done outstanding work in promoting community recreation. The Stegall club seemed to have scored highest along these lines, closely followed by West Camp and Progress.

Officers were elected for 1943. Mrs. W. L. Key of West Camp was elected chairman; Miss Dyalitha Swift of Progress, vice-chairman; Mrs. Johnnie Williams of West Camp, secretary-treasurer; Mrs. G. T. Malby of Progress, reporter; and Mrs. Ernest Locker of Bula, chairman of 4-H sponsors.

## Rent-Saving Amendment On Nov. 3 Ballot

An economy measure for Texas, to stop the state's paying out over \$100,000 a year for office rent in Austin, will be before the voters in the Nov. 3 general election. It was pointed out in a joint statement of Sen. George Moffett of Chillicothe and Rep. Herbert F. Branner of Joshua.

Adoption of a constitutional amendment to apply the present rent payments to construction of a state office building, and permanently ending this huge outlay for rent, will achieve this purpose, the legislators declared.

Senator Moffett and Representative Branner are co-authors of the amendment which appears on the general election ballot as amendment No. 5.

The proposed state office building will not be started, they stressed, until after the war, when building materials are available without interfering with the war effort.

The amendment permits the state to pay for the building entirely out of money it is now spending for rent. Further, it makes the short-term bond issue to finance the building eligible for investment of the state permanent school fund, which means that the state would pay itself all the interest on the bond issue.

## Promoted To Rank Of Corporal

Francis E. Gilbreath of Muleshoe, the son of Mrs. L. C. Gilbreath of Azle, Tex., has just been promoted to corporal, according to Col. Thomas L. Gilbert, commanding officer of the Lubbock Army Flying School, Lubbock, Tex.

Corp. Gilbreath, who is a graduate of Muleshoe high school, is an aviation mechanic at the large advanced twin-engine flying school.

## Last Rites For Mrs. Edwards Held Tuesday

Funeral services were held Tuesday afternoon at the Methodist church for Mrs. R. N. Edwards, who died early Sunday morning at the family home in Muleshoe. Mrs. Edwards had been in bad health for several months and her passing was not unexpected.

Mary Sue Gibbs was married to Ray N. Edwards on Oct. 15, 1919, at Mills Springs, N. C., and to them two children were born, Evangeline Sue, who died in 1929, and Horace E. Edwards.

Mrs. and Mrs. Edwards moved to Slaton, Tex., in 1921, going there to Clovis, N. M. They came to Muleshoe about seven years ago, where they have been active in church and civic affairs.

Mrs. Edwards was active in missionary work of the church, but as a counselor for young people she devoted practically all her spare time.

Services were conducted by the Rev. George Turman, pastor of the Muleshoe Methodist church, assisted by Rev. Jim Sharp of Littlefield, and Rev. H. C. Gordon of Slaton. The large crowd attending the services and the floral offering evidenced the high regard in which Mrs. Edwards was held in this community.

She is survived by her husband, Ray Edwards, and son, Horace, her parents, Mr. and Mrs. J. H. Gibbs; one sister, Mrs. Esther Dalton of Detroit, Mich.; four brothers, Ernest Gibbs of Dearborn, Mich., Gordon Gibbs of Murphy, N. C., Hubert Gibbs of Hickory, N. C., and George Gibbs of Murfreesboro, N. C.

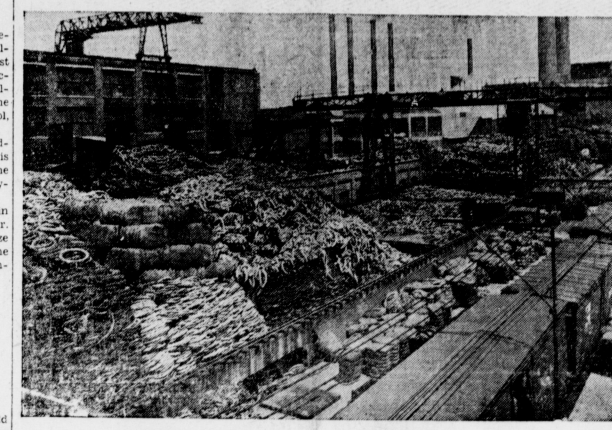

## World War Vets To Select Homesteads

Veterans of World War I from many parts of the state will gather at Uvalde, Tex., on Sunday, November 1, to select sites for homesteads on a 3,000-acre irrigated colonization project sponsored by the War Veterans Relief Association.

The tract has been divided into ten-acre plots which are sufficient for the average family to become self-sustaining, since the entire tract is in the winter garden vegetable growing area and is now under irrigation. Food for victory is the basis of the entire program in which eventually 300 ex-servicemen and their families will settle on the tract and raise food for the Army.

More than twenty of these tracts were sold when the first contingent of veterans visited the site on October 19 for the program of dedication. As was the case when the first contingent visited the site, veterans who will be tendered a real South Texas barbecue dinner.

## RUBBER TO KEEP CAISSONS ROLLIN' ALONG

Old tires and inner tubes by the thousands, as well as boots, rubber overshoes, and almost any articles containing rubber, are now used for reclaimed rubber. Above a general view of the piles of scrap rubber at the reclaiming division of the B. F. Goodrich Company, Akron, O.

## Mileage Rationing Sign-ups In County Set For Nov. 12, 13, 14

### Bailey County Growers Can Boost Incomes

Bailey county's truck farmers can increase their cash income by \$4,800 a year on vegetables alone by working with retailers in developing a group marketing program. This was the statement of Earl R. French, of the Atlantic Commission Co., last Monday.

"With approximately 100 truck farmers in this county, and 20,000 throughout the state using farm marketing cooperatives to streamline wartime distribution, the general trend toward group action in marketing is one of the most important agricultural developments in Texas," he said.

"Our experience shows that growers can boost their income by 10 to 15 percent by working together to provide adequate volume," he stated. "By working with distributors to cut out unnecessary handling operations and costs. This 10 to 15 percent would bring approximately \$4,800 extra annually to Bailey county vegetable growers, who in one recent year received \$2,000 from the sale of their products. Growers could similarly increase their cash income from other crops by group action in preparing their products for market, and in completing the actual marketing job," French said.

With wartime food supply conditions emphasizing the need for shortening commercial distances between growers and consumers, group marketing programs can aid not only the "Food for Freedom" program, but also provide a vitally important key to post-war farm prosperity, French said.

### Bailey County 4-H Club Boy Writes Of His Progress

By REX KENNEDY  
I joined the 4-H Club in the fall of 1939, but didn't get my project started till I had picked some cotton and did some other odd jobs to get money to buy a pig. Hogs were cheap at that time, so was cotton-pulling wages. I got my pig and enough feed from my dad, and began feeding it after the first of the year. I sold it when it was ready for market, and got \$13.75 for it.

On my second club year in 1941, I had a cash capital of \$13.75, but I got a lucky break and a neighbor who was filling his silo was short of help. I ran his tractor to pack the silage. My pay was a young orphan lamb. This lamb was thrifty and good breeding. To the care I gave him, he gained weight rapidly, and I sold him for \$10.00. I then had \$23.75.

I bought ten light weight lambs from my dad for \$2 each and one lamb from a boy living in town for \$2. I put these lambs on feed consisting of ground alfalfa and a small amount of cotton seed meal, with all the ensilage they could eat for sixty days. I sold them for \$68.00.

The first part of 1942, I bought a bred sow for \$40. Four days afterward she born eight pigs, and I raised six. I bred the sow again, but had bad luck when the farrowed, because she only raised two pigs. My dad advised me to sell this large sow and save one of my gilts for a brood sow. The sow and seven pigs that I sold brought me a total of \$319.13. I valued my pig gilt at \$35. I charged my project with all feed and pasture at market price, and found this to be \$217.50, which left me a return of \$101.63. My actual return was much greater, because much of my feed was bought from work I did for Dad and the neighbors, who paid good wages for a boy of 12.

I forgot to mention a four-acre puno bean crop I had in 1941. I harvested these beans and split them in little shocks. Before they were dry enough to thresh, it started raining, and continued to rain for a month or more. After each rain, I turned them until I had them almost worn out, when a flood came and washed them away and covered up the rest of them. So far as money is concerned, my bean crop was a failure.

### SGT. LONG VISITS

Staff Sgt. Wesley Long was here the first of the week for a short visit with relatives. Wesley is stationed near San Angelo. He enlisted in the Air Corps about a year ago and has advanced rapidly. His new rating of staff sergeant was received only a few days ago.

## Muleshoe Boys Enlist, Air Corps

A bulletin from the West Texas Recruiting office at Lubbock last Monday stated that ten Muleshoe boys had successfully passed their examinations and were now members of the U. S. Air Corps. They are being sent to Fort Sill for processing and will be assigned to regular duty from there. Among those accepted were the following:

Woodrow H. Lambert, Joseph E. Embry, Utah G. Blair, Travis M. Lambert, James R. Jennings, Granville E. Burge, Emery L. Roberson, Noah F. Holt, Douglas K. Horsley and Leonard N. Walker.

## Hale Center Eleven Plays Here Friday

One of the most unique football teams in Muleshoe high school's history will write "finis" to its season here Friday afternoon against the Hale Center eleven.

Opening the season under the handicaps of inexperience and a lack of weight, the Yellowjackets progressed through a six-game schedule in an admirable fashion. Practically none of the boys had previous experience. They all were light—much lighter than the average high school player. But despite these handicaps, they defeated their games, tied two and lost two—a good record they have played return games with the eleven which defeated them—Sudan and Morton—and in these return engagements have tied their opponents in score and defeated them in the matter of statistics. Last Friday, the locals won over Springlake, 12-0, in a hard-fought game on the local gridiron.

Football fans of Muleshoe and vicinity are urged to attend the Hale Center game Friday and thereby show their appreciation of the sterling brand of football played by these lads. They merit the wholehearted support of every local follower of the sport if any team ever did.

Coach Jack Williams said today his starting line-up would be about the same as in the last few games. The coach has given all members of the squad an opportunity to play during the season with the result that the boys have benefited from the season's play, short though it was.

### NEW BOOKS AT LIBRARY

A number of new books have been received at the Muleshoe Public Library and are now available to readers, according to Miss Clela Nell Bayless, librarian. The books and their authors: Carry Me Back: Rebecca Yanney Williams; 30,000 on the Hoof: Zane Grey. See Tomorrow: Rachel Field. Now Here, Private Hargrove: Marion Hargrove.

The Last Trail: Zane Grey. The Song of Bernadette: Franz Werfel.

The Moving Finger: Agatha Christie. I've Been to London: Temple Belle. They Were Dependable: W. L. White.

### CARNIVAL AT FAIRVIEW

A Halloween carnival will be held at Fairview school, Saturday night, October 31. The public is invited to attend, bringing their pennies and dimes, and enjoy a few hours of fun. Money derived from the carnival will go for school activities.

## War Necessity Certificates Are Essential

Truck and pick-up owners in Bailey county who have not received their application for certificate of war necessity from the ODT office at Detroit, are reminded that they should either request the ODT office to mail them their application or have the county transportation committee do so. County Agent Sam Logan said today.

All such requests that were left at the county agent's office have been forwarded to Detroit and application blanks should be in the mail soon. All farmers needing help in completing these applications will be assisted if they bring their blanks to the office, Logan stated.

For those who have a work sheet completed, or who have the answers to the questions in the application can fill out the blanks in a short time. All operators of trucks and pick-ups are reminded that the ODT regulations specify that no repair parts or gasoline will be allowed on vehicles not carrying a certificate of war necessity after November 15.

This has been a big job, Logan stated, and possibilities of error are numerous. He advised all operators who do not receive their application within a few days to check with the transportation committee.

### Tire Board Report

New Truck Tires and Tubes: Neecore Gird Co. tire and tube; N. R. Harding tube; Shelby Battles, tire; H. C. Holt, tire and tube; Willie Ellis, tire and tube; W. P. Goodrum, two tubes; E. M. Gates, tube; M. D. Gaddy, tire and tube; F. B. Stovall, two tubes; Will Stevenson, two tubes; Dick Williams, tube.

Truck Tire Recaps: Marvin McHorse 2; Roy R. George 2; J. C. Terrell; A. J. Lenderston 2; Charles W. Williams 2; E. J. Oenhaus 2.

Obsolete Tires: J. W. Lee 2; C. E. Dotson; N. A. Feagan 2; C. E. Cranmer 3; S. D. Wingeart 2; Elmo Stevens 4; G. J. Garth 2; John L. Donald 2; Charles M. Baker 2; J. B. Davis 2; H. A. Byrd 2; Roy McCollum 4; H. H. Vernon 4; E. L. Gant 4; O. D. Chester; Ira H. Martin 4; Otto Chittwood 4; Jas. F. Carter 4; E. B. Richardson 4; Weldon L. Lee 2; J. R. Terrell 4; Charles Lee Hoover; G. E. Stevenson 2; Elmer Shockey 2; Henry Bass 4; Loyd P. Bingham 4; Loyd T. Seiber 4; Mike Flankin 4; Horace C. Brasher 2; Baker B. Johnson 4; David R. Aylesworth 4; P. L. Harlin 4; Charles H. Vanlandingham 2; Charles H. Vanlandingham 2; Oval Kiker 4; Roland Bigham 1; Dave P. Brinker 4; Bill Barbee 2; Scott Williams 2; Charley A. Pruitt 3; John W. Vanlandingham 2; John E. Shepard 2; V. H. Wheatley; W. L. Welch; Ernest H. Gallin 4; Joe C. Thompson 2; John Robertson 4; Walter R. Adams 2; Fnis A. Donnelly 2; Henry Lee 2.

New Passenger Car Tires and Tubes: James E. Kiser; S. T. Logan; C. E. Dotson; G. J. Garth 2.

Passenger Tire Recaps: Albert Lee Perkins; S. L. Rollins 2; L. W. Ware; R. B. Meacham 2; Wiley Baker; Lester Howard; Buford Burt 2; J. A. Hall; Robert E. Precure 2; Clifton Reed.

### AT THE HOSPITAL

Surgery: Arie Woodfin of Bayleboro. Medical patients: Betty Sue Culbert, daughter of Mrs. R. H. Culbert, Muleshoe. Star Route; Mrs. Gilliam, two-year-old son of Mr. and Mrs. E. C. Gilliam of Enochs. Births: To Mr. and Mrs. Carl Heard, a son; to Mr. and Mrs. E. B. Bellar, a son. Injuries and accidents: Jim Vack of Enoch, broken arm, received while working at the gin; Newt Holt, injured hand, suffered while working at Buryon Gin. Dismissed: Winona Blair. Spraying the steering rod never spotted any child.

### WARRENS RETURN

Mr. and Mrs. James Warren returned to Muleshoe last week-end from San Diego, Calif., where James has been working in a defense plant. They will make their home in the Longview community until James is inducted into the army. Mrs. Warren is the former Miss Fern Smith.

**SUBSCRIPTION RATES**  
In Bailey County, one year, \$1.50; Outside of County, one year, \$2.00

Advertising that does not show in its text or typography that it is paid for must be as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

## THINGS IN GENERAL

We were discussing the war, as usual, some four or five of us when another local citizen stepped into this office with a copy of the evening paper. He read to us the admission by the Secretary of War that some of the flyers who took part in the Tokyo raid were actually prisoners in Japan.

That was a shock, the like of which we have never before experienced. Written on the faces of all was despair, or disappointment, or disgust. It was not so much from the fact that some of our boys had been captured—a regrettable thing—but the fact that we had been assured, and believed, that all our boys returned safely to their base with one exception.

Time after time, our leaders have ridiculed the statements of Japan that they held some of our flyers who took part in the

Tokyo raid. Then, when the names of these men were made public by our enemy, there was nothing to do but admit it.

A suggestion by one of the group that we write our "congressmen and senators, protesting the issuance of false information on our losses, was turned down as useless and a waste of time and postage. Something in the form of an "open letter" with the hope that it might possibly do a little good, was decided upon, and the following was written:

To Our War Leaders:

We are sincere Americans who love our country, and are willing to serve in any capacity to help win this war. Our fathers and grandfathers fought to uphold the ideals we have always cherished, and we have been taught—and have always believed—in the honesty of our officials.

However, our faith has been shaken and we are disappointed and ashamed. We do not want our officials to give to the public such information on the war as will be of aid to our enemies. On the other hand, we want to protest against the issuance of

statements which are false and misleading. As Americans, we are capable of taking the bad news with the good, and resent being talked to like we were softies or nit-wits, or lied to as if we were morons.

We have been told that we were indifferent and were not supporting the war effort. At the same time, our officials have fumbled the ball at almost every turn. We want to do our part. But we want to be told the truth, regardless of how it might shatter the morale of the people just as surely as there will be another day. We hope and pray that the citizens demand that only the truth be told us, or no statements at all be made.

(Signed) Six Americans.

The Santa Fe Railway deserves credit for its efforts to support the national newspaper scrap iron and steel campaign with its current and timely advertisements urging all to get this needed scrap into proper hands "before the snow flies."

The Railway has been keenly alive to the nation's needs for this metal since Pearl Harbor. In fact, since the Harbor horror, the Santa Fe has collected 210,716,000 pounds of the now precious metal for conversion into essential war materials. That is a huge heap for any scrap but it is the kind that will beat the Jap and our other foes. It was collected from right - of - way roundhouses, shops, offices and all company properties.

With its own job well in hand, the Santa Fe now turns to aiding the nationwide newspaper campaign to dig up every bit of scrap possible to help our nation and our fighting men.

As a member of the newspaper fraternity of the United States, sponsoring this patriotic campaign, we welcome the Santa Fe's help in spurring collection of vital metals, and with the Santa Fe, urge all — to get in the scrap "before the snow flies."

Texas has more than 15 percent of the total value of mineral wealth of the United States.

## THE POCKETBOOK OF KNOWLEDGE

ONE CROSS-COUNTRY BUS LINE HAS HAD 300,000 MILES OF WEAR FROM A SET OF TIRES THAT HAVE BEEN RETREADED SEVEN TIMES

NEW PRODUCTION RECORD—

ONE OUT OF EVERY 1,000 PATENTS ISSUED BY THE U. S. PATENT OFFICE IS GRANTED TO A WOMAN

CANDY IS NOW BROWNED FROM SWEET POTATOES (WHICH ALONG WITH SWEETENERS AND USED IN THE PROCESS)

### Canning Chicken Tips Are Given

Here's a tip about canning chicken. All those star boarder farm families are culling out of their poultry flocks should be canned right away. Canned chicken on the pantry shelf will help stretch the 2½-pound-per-person meat ration of red meat, according to Miss Lillie Gentry, county home demonstration agent.

Two-year-old chickens are better for canning than younger ones. Miss Gentry says, for the reason that long processing and high temperature destroy much of the flavor and texture of young birds. So roast the younger ones for Sunday dinner and can the two-year-olds.

Now here's the new wrinkle. Pack your chicken raw in tin cans for the canning process. The pre-cooking method generally used takes too long and causes too many people to overcook chicken. Chicken packed raw also retains more food value in the processing.

Don't waste chicken by trying to can it fried. The chances of turning out a good product are against you. Fat in the can may become rancid, spoilage may occur and the meat may taste bitter if the fatty acid breaks down. Fat also makes the meat hard and dry.

Process at 15 pounds pressure—

No. 1 cans for 45 minutes; and No. 2 cans for 50 minutes.

8TH GRADE MEETS

The eighth grade of the Muleshoe school met Tuesday afternoon at 1:15 o'clock. Mr. Tucker presiding. Officers were elected as follows: Fred Clements, president; Arlo Farrell, vice president; Jayne Demron, secretary and treasurer; Wanda Rae Allen, reporter; Billy Jim St. Clair, sergeant-at-arms; Charlene Black, assistant secretary.

The committee elected for the Halloween booth is composed of Dorothy Hayes, Arlo Farrell, Jayne Demron, Fred Clements, Billy John Tucker, Herbert Griffiths and Billy Jim St. Clair.

HALLOWEEN CARNIVAL

Patrons of the Muleshoe school are asked to remember the annual all-school carnival, which will be held Friday night. Plans for this year's affair indicate that it will be one of the biggest in history. A carnival queen will be crowned in the auditorium as soon as all votes cast in the race are counted. There will be booths and concessions of all descriptions, sponsored by the various classes.

In 1940, Texas had more sheep than any other kind of livestock with 8,447,809 recorded by the Bureau of the Census.

### British Women Are Manning Guns, Building Weapons

This may be a man's world, but Great Britain's women are doing a man-sized job fighting for freedom.

Of the 15 million able-bodied women between the ages of 18 and 64 in the United Kingdom, half were engaged in full time war jobs by June 1942.

Of the remainder, 5,500,000 are taking care of families and all of these have some auxiliary part-time duties for which they receive no pay.

The remaining two million are enrolled in the various Army, Navy and Air Force auxiliaries, the land army and the voluntary services.

Some of the heaviest types of work in foundries, mills and aircraft factories are being done by women. In other production jobs, their deft fingers suit them admirably for precision work. Nearly 1,500,000 girls are engaged in heavy work.

The 23,000 bluejackets in the Women's Royal Naval Service are "attentive to their duty" as released men from shore duty to complement from 8 to 10 battalions.

Thousands of women are performing brilliantly in the Women's Auxiliary Air Force. In the Women's Land Army, 30,000 have taken over the farms of England's countryside to swell the domestic food output.

TAKES SMITH'S PLACE

Glenn M. (Matry) Ezell, who has been employed in the Farmer county AAA office since 1939, assumed his duties in the AAA office here Monday, October 28. He succeeds J. C. Smith, who has been transferred to the Lynn county AAA office at Tahoma.

More than 50 percent of the United States' oil is produced by Texas and surrounding states, Louisiana, Oklahoma, Arkansas and New Mexico. Texas alone produces 36 percent of the nation's oil.

**Urges Care For Electrical Goods**

A large percentage of the service calls made by repairmen who work on electrical equipment can be traced to trouble in cords and their connections. "Cut down on service calls by handling cords and appliances carefully," is the advice of Mrs. Bernice Claytor, specialist in home management for the A. & M. College Extension Service. "In storing or using appliance cord it is best not to kink or bend it sharply," she says. This causes the fine wires inside to break, making the cord useless. A cord should never be jerked from an outlet or appliance by the cord itself.

"Grasp the plug firmly when you are connecting or disconnecting the cord," the specialist

suggests. It is not advisable to overload any outlet with several extension cords, because the appliance may be damaged as a result. Taking good care of electrical appliances is in line with the Victory Demonstrator's pledge, signed by thousands of rural homemakers in Texas, for it will make them last longer and give better service.

**BUILDING ACTIVITY DOWN**

Building activity in Texas continued to decline during August, the University of Texas Bureau of Business Research has announced, with value of August, 1942, building permits being 72.8 percent lower than those for August, 1941.

Texas annually manufactures more than 11,000,000 gallons of ice cream.

**Pamphlets For Clothiers Make Job Easier**

Merchants who sell clothing were advised today by E. W. Johnson, chairman of the Bailey County War Price and Rationing Board, that his office now has a quantity of pamphlets explaining how to set ceiling prices for men's and boys' tailored garments and staple work clothing for men and women. "A quantity of these pamphlets is now available for any merchant who will come by the office," Mr. Johnson said, "and the pricing of these articles of clothing is explained in a very clear manner."

It is important that every merchant in the county have one of these pamphlets for a reference in his store. One of the pamphlets deals with Maximum Price Regulation No. 177, governing the prices for men's and boys' tailored garments such as suits with short pants, suits with knicker or golf pants, suits with long pants, and suits with breeches; separate coats, including sport coats, sack coats, and blouses made in the manner commonly used for coats, separate vests, ceremonial and religious vestments topcoats and overcoats.

The other pamphlet deals with Maximum Price Regulation No. 208, governing the price of staple work clothing such as bib overalls, overall jackets, waist-band overalls or dungarees, work shirts and pants, one-piece work suits and work breeches, and

such work clothing materials as denims, carded yarn shirting chambrays and covers; finished jeans and drills, cottonades, whipcords, moleskins and twills.

**FORMER LOCAL STUDENT AIDS ON COLLEGE PROJECT**

Students at John Tarleton College, Stephenville, Tex., are helping to relieve the labor shortage there by working at jobs in the buildings and on the campus. In this way, they are not only a great help to the school, but earn a portion of their school expenses.

Among the 178 students acting as assistants at the college is Barbara M. Morris, daughter of Mr. and Mrs. Arnold Morris of Muleshoe. Miss Morris is an assistant in the music department of John Tarleton.

The Constitution in force today in Texas was ratified in 1876, after Texas' re-admission to the Union after the Civil War.

Since 1935, Texas has been the leading mineral-producing state of the nation.

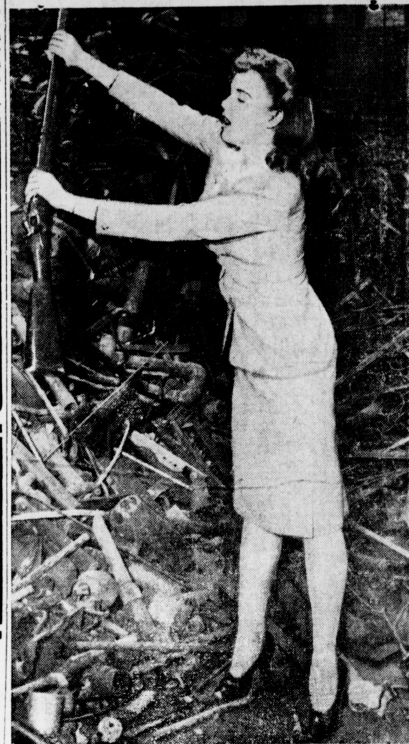

**REGISTRATION DECLINES**

Total registration in the University of Texas this fall declined 15.3 percent from the figure set last year, the registrar's office has reported. The number of students on September 30 was 7,970, as compared with 9,411 on the same date last year.

**THE STORY OF BREAD**

may well be called **The Story of Civilization**

Bread, the most venerable of prepared foods, has helped man, and man in turn has bettered the quality of his staff of life.

YEAST is the life of bread... and the story of yeast is the story of scientific research, uniform quality, mammoth production, modern refrigeration... and daily delivery to bakers in every city, town and village throughout the land... even by boat, by sled and by plane when other transportation is interrupted by floods and blizzards.

Anheuser-Busch is one of America's biggest sources of baker's yeast.

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentation and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

**Endless research in making the world's leading beer has led to other products**

**VITAMINS, B COMPLEX**—For manufacturers of pharmaceutical and food products. Our plant is one of the world's largest sources.

**VITAMIN D**—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.

**CORN SYRUP**—many millions of pounds annually for America's candy industry.

**SYRUPS**—for food, table and confectionery uses and special syrups for medicinal purposes.

**STARCH**—for food, textile, paper and other industries—millions of pounds annually.

**VITAMINS FOR LIVESTOCK**—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.

**REFRIGERATING EQUIPMENT**—for retailers of frozen foods and ice cream the country over. This division is now working all-out on glider wing and fuselage assemblies for our Armed Forces.

**DIESEL ENGINES**—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

**Budweiser**

**MCCORMICK-DEERING**

Treated Against Destruction by Insects

Length, Strength, Weight Guaranteed

Arrange now for your harvest twine requirements. Insure saving all the grain—prevent delay and trouble—order a supply of McCormick-Deering Twine, wound in the convenient "Big Ball" with the patented cover.

Six Big Balls to the bale of McCormick-Deering Twine means less stops in the field to fill the twine cap. Every ball guaranteed to contain full listed length and strength. The original "Big-Ball" Twine is plainly marked McCormick-Deering. It is your guaranty against breakage or waste.

**E. R. HART CO.**  
Muleshoe, Texas

STUDENTS COLLECT SCRAP

Midway in a week-long scrap metal drive, University of Texas students had piled up thirteen tons of scrap in deposits on the campus and on lawns of student houses. Leading the way was a 6,000-pound contribution from the University chemistry department, made up of obsolete equipment, some of it labeled "made in Germany."

Texas is the ranking cattle-raising state by a wide margin, according to the census of 1940.

Ration Stamp 9 Good From Nov. 1 To Dec. 15

Householders were advised today by E. W. Johnson, chairman of the Bailey County War Price and Rationing Board that War Ration Stamp No. 9 will be good for the purchase of three pounds of sugar for home use between November 1 and December 15, Stamp No. 8 which calls for five pounds, expires at midnight, October 31.

CECIL H. TATE ATTORNEY-AT-LAW Office in Court House MULESHOE TEXAS

GRAIN, SEED & FEED We Appreciate Your Business S. E. CONE GRAIN COMPANY

Industrial users of sugar for November and December. Institutional users including hotels, restaurants and similar institutions will be allowed 60 percent of the sugar base established by them. An allotment of 83 percent has been set for hospitals treating patients suffering from acute illness and residing temporarily in a hospital. Industrial users of sugar will receive 70 percent of the sugar base established by them, during the November - December period. The ration period for industrial and institutional users begins on November 1, but the Bailey County Board began receiving applications for these allotments on October 13 and will continue to receive such applications until November 5. The allotment of 70 percent for industrial users for November and December is the same as the allotment for September-October period; however, industrial users were given a bonus of 10 percent during September and October, making a total of 80 percent for that period. In that same period the original allotment of 50 percent for institutional users was increased to 75 percent by a 25 percent bonus. Ignorance causes more blisters than bliss.

Uncle Sam Needs Your SCRAP Before the Snow Flies We've all heard a lot lately about the need for scrap metal. Probably you've already done something about it. - But every one of us has got to do more. Much more. AND DO IT QUICK! Here's Why This war is swallowing steel like a quicksand. We need scrap metal to make steel . . . steel for more tanks . . . more planes . . . more ships . . . more guns . . . and more shells. It's our job to supply our boys and allies with all these things they must have to smash the Axis on land, at sea, and in the air. Scrap Is Precious Steel for tanks, planes, ships, etc., is made by melting old scrap metal with pig iron—about half and half. The pig iron is made from iron ore that comes from mines. But that precious scrap—THAT'S got to come from us folks here on the Home Front. What Is Scrap? Scrap is ANY old thing, made out of iron or steel, that we don't absolutely need. It is anything from a hairpin to a busted steam boiler . . . from a paper weight to a cracked rail. It is old machinery, pipe, tools, flat-irons, auto parts, screws, nuts, bolts, bathtubs, lawnmowers, stoves, tanks, metal barrels, iron fences—and what have you. Where Is It? This old scrap is everywhere. It is in cellars, attics, closets, alleys, auto graveyards, fields, garages, barns, and factories. We've all got SOME, be it little or much. A typical town family is said to have about 70 pounds lying about; a farm family, nearly 750 pounds. In ten months after Pearl Harbor the Santa Fe scrapped together 210,716,000 pounds of scrap. A pound here, a ton there. That's how it mounts up. Scrap Means Steel...Steel Means Victory Sell It or Give It...But Get It In Steel is the only language those bandits in Tokyo and Berlin understand. Let's give them plenty of talk . . . in their language. Every county, city, and town is having a scrap drive. Watch your local newspapers on how to get in it. Sell what you have, or give it away—but get it in! And now's the time, before snow flies! Your scrap can save American lives and help shorten this war. Every pound you turn in helps.

Santa Fe SANTA FE SYSTEM LINES

**SANTA FE CARLOADINGS**

The Santa Fe System carloadings for the week ending Oct. 24, 1942, were 24,463 compared with 23,997 for the same week in 1941. Cars received from connections totaled 12,592 compared with 9,499 for the same week in 1941.

Total cars moved were 37,965 compared with 33,496 for the same week in 1941. Santa Fe handled a total of 39,516 cars in the preceding week of this year.

Miss Christine Peek and Miss Ruth Taylor were in Lubbock over the weekend as the guests of Miss Peek's parents.

**METHODIST CHURCH**

After a Sunday's absence, the pastor is back at home and glad to be here. Saturday evening at 8 o'clock, our fourth quarterly conference will be held. This is a most important conference at which reports for the year should be made, and officials elected to serve in the new year after nomination by the nominating committee.

These fourth conferences of the local church have more businesslike conduct than ever before in our church history. If any reporting officer fails, this will cripple the meeting to that extent.

The following are official members of the conference: Bray, Barfield, Carlyle, Farrell, Gardner, Haney, Gaede, Holt, Fox, Pierson, Woodley, Glascock, Morris, Harden, Weyer, Childers, Day, Copley, Mrs. Barfield, Mrs. Pierson and Mrs. Harden. All are invited to hear the superintendent, Dr. Lipscomb, and to attend the conference.

All services as usual Sunday. Geo. E. Turrentine.

**BIRTHDAY PARTY HONORS BOB JENNINGS MONDAY**

Bob Jennings entertained a number of his small friends Monday afternoon from four to six in honor of his third birthday. Games were played and stories told and later, pictures were made of the group.

Many nice gifts were received by Bob. Late in the afternoon, refreshments were served.

Those attending were Scotty Lancaster, Ann Woodley, Gaylord Tate, Doris Jean and Pat Childers, Barbara Douglas, Gay Frances Sparkman, Stanley Fox, and Ray Janice Jordan.

**NOTICE**

To those unconcerned persons who are continually asking what disposition will be made of the boy we are raising after I am inducted into the Army. Thus far, we have found it unnecessary to ask for help in raising the boy, and are sure we can continue without doing so.

Mr. and Mrs. C. H. Millsap.

A problem confronting every civilization, says a lecturer, was what to use for money. If he learns of anything, our legislators would love to know.

**Local Happenings**

Miss Fern Kindred spent the weekend in Clovis visiting with friends.

Miss Vera Maye Askew, who is employed at the Chemical Construction Corp. at Etter, near Dumas, Tex., and Miss June Myers of Dumas, spent Sunday in the home of Miss Askew's parents, Mr. and Mrs. Arthur Askew.

Miss Hazel Jagers spent the weekend at Meadow with her parents, Mr. and Mrs. E. C. Jagers.

Mrs. Sam Long, of San Diego, Calif., is here for a few days' visit with her parents, Mr. and Mrs. W. S. Menefee.

Deon Atwey of San Diego, Calif., is here visiting his parents, Mr. and Mrs. W. H. Atwey.

Weldon Brooks Winn, who has been employed in a defense plant at San Diego, Calif., is here visiting homefolks and friends.

Mr. and Mrs. Tye Young and Mr. and Mrs. H. L. Lowry were Shamrock visitors Thursday and Friday. While there they visited with their nephew, who saw action at Pearl Harbor.

Mr. and Mrs. Delma McCarty and son were in Lubbock Thursday.

Mr. and Mrs. Irvin St. Clair are spending a few days in Dallas and Fort Worth.

Mr. and Mrs. R. G. Spence were Lubbock visitors Monday.

Mrs. L. W. Brooks and son, Raymond, of Dallas, are here as the guests of relatives and friends.

Pinky Barbour of Tulsa spent the weekend here visiting his parents, Mr. and Mrs. H. O. Barbour.

Mr. and Mrs. Martin Oliver and son, Derrell, Mr. and Mrs. M. D. King and Odie Oliver of Paris, Tex., are here visiting.

L. Woodrow Howell of Camp Hood, Tex., is here visiting his sister, Mary Loch Howell.

Miss Elizabeth Bailey spent the weekend in Oilton visiting her parents, Mr. and Mrs. J. W. Bailey.

**MAGNETO Sales and Service**

We have all the equipment to test your Magneto, so as to put it in first class condition. We also have a good stock of parts and a few new Magnetos.

THE well-dressed woman will wear overalls—willingly—to care for her country's cars. And on her civilian duties she doesn't go faster than 35—same as all other patriots. 35 gets you there without undue wear. But there's another battlefront against wear at exactly 00 miles per hour!

When your car's stock-still, with the engine starting cold, what's faster—your Winter oil or rampant Friction? You can have hops—or you can have your engine OIL-PLATED by the quick simple change to Conoco N<sup>th</sup> motor oil. Enriched by an added synthetic, this patented Conoco N<sup>th</sup> oil seems to "magnetize" OIL-PLATING to inner engine surfaces as closely as durable plating on bumpers.

Where does any good plating go during all-day parking or overnight? It doesn't go. It stays. And neither does OIL-PLATING all go draining down to the crankcase at every chance. Long hours after you stop—long minutes before any oil from below could climb all the way up—the OIL-PLATING that's stayed up can becessing cold starts. This faithful OIL-PLATING is still there at 35, of course, aiding the high-duty liquid film of N<sup>th</sup> oil to keep wear that much farther away.

Not much chance now of changing to a new car. Smart strategy is changing to an OIL-PLATED engine. Get Conoco N<sup>th</sup> oil for Winter at Your Mileage Merchant's Conoco station. Continental Oil Company

**JOIN FREE**  
Elect yourself to the ONCE-A-WEEK CLUB at Your Mileage Merchant's Conoco station. Choose your own regular day to drive in and have him check your tires, oil, radiator and battery. **LOOKING BACKWARD**

**FIFTEEN YEARS AGO**  
(From files of Oct., 1927)  
Born to Mr. and Mrs. J. H. Begg on October 17, a boy.

W. A. West and family of Cameron, Mo. came the latter part of last week to visit his father, Whit West.

Mr. and Mrs. Wm. G. Kennedy are the parents of a fine girl, who arrived to make her home with them last week.

M. T. Reynolds, who recently moved here from Oklahoma, is building a complete set of improvements on his farm about seven miles north of town.

H. P. Humphrey, new Progress postmaster, has taken charge of the office at that place. Miss McMahon is assistant postmaster.

**TEN YEARS AGO**  
(From files of Oct., 1932)  
Clay Truitt, Bailey county 4-H club boy, reports to R. F. McFarbridge, county farm agent, that he made good corn this year while his father grew only nubbins.

Jerry Harvey, 7 years old, son of Mr. and Mrs. G. L. Harvey, had the misfortune of breaking his arm Saturday while playing football.

Mr. and Mrs. Jess Bartley announce the birth of a daughter Wednesday morning.

Mrs. B. W. Carles returned Friday from a meeting of the National Postmasters' league at Washington, D. C.

**FIVE YEARS AGO**  
(From files of Oct., 1937)  
The annual Halloween carnival at Muleshoe high school netted \$157. Miss Jo V. Goinis was elected queen.

John S. McMurtry attended the sixtieth wedding anniversary of his parents, Mr. and Mrs. W. J. McMurtry, who live in Archer county.

Clay Buchanan, who has been employed with the E. R. Hart Co. about 12 years, has resigned his position and left Tuesday for McMinville, Ore.

Chet Layne returned from Clovis, N. M. to Muleshoe last Friday taking over operation of his machine shop here.

Burk McGee, who is employed in a defense plant at San Diego, Calif., is here for two weeks at the guest of his parents, Mr. and Mrs. C. L. McGee.

**Party Honors 'Uncle Whit' West**

A get-together party at Fellowship Hall on Wednesday evening of last week honored "Uncle Whit" West on his eighty-second birthday. It was something of a surprise for Uncle Whit, and all arrangements for the party were completed and the crowd assembled when he was escorted to the hall. His birthday was October 14, but bad weather on that night prevented the celebration.

Refreshments of coffee, cocoa and cookies were served, and a vocal duet by Mrs. A. J. Gardner and Mrs. Pat Bobo, "Where Will Never Grow Old," was dedicated to Uncle Whit. He was presented with a table lamp as best wishes were showered upon him.

About eight years ago, he ended his active work in the Methodist church as Sunday school superintendent. He had served in that capacity for six years.

Buy A Bond And Bomb A Bum

Mrs. E. W. Duke and Mrs. Geo. Johnson were in Lubbock Tuesday.

Mr. and Mrs. Ogden Cox of San Diego, Calif., spent the week end in the home of Mr. and Mrs. Neil Rokey.

**Specialist Urges Start on Next Year's Garden**

Getting a "head start" on next year's vegetable garden is a good idea, especially for people who do not have thriving fall gardens. Jennie Camp, specialist in home production planning for the A. and M. College Extension Service, says there are a number of ways to prepare for successful spring gardens long before the seed catalogues begin to arrive.

First, the family should plan, Miss Camp says, and the garden should be part of the overall plan for the year's supply of food and feed. A guide to planning for the family's food and feed supply can be obtained from the

offices of county Extension agents. A family of five, for example, should plan to have at least a dozen kinds of vegetables, 20 bushels of potatoes, plus plenty of dried peas and beans, home-produced grain, berries, fruits, melons and syrup. Seeds of most vegetables will be adequate for next year's gardens, Miss Camp says.

Second, gardeners can plant a winter cover crop on their garden plots to hold down the soil and increase fertility. This is especially important since nitrates will be scarce and only commercial growers will be entitled to commercial nitrogen. Covered crops planted this fall can be turned under early next spring to build up the soil.

Third, Miss Camp advises, start a compost heap containing autumn leaves, dead flowers, lawn clippings, table scraps. In the spring when the garden plot is plowed or spaded, the compost can be spread over the garden plot.

**GUESTS OF SMITHS**

Pvt. and Mrs. A. C. Smith of Megargel, Tex., spent last week-end in the home of their parents Mr. and Mrs. Shelton Smith. Private Smith will leave Wednesday for Camp Wolters, where he will resume his duties.

Besides Private Smith, Mr. and Mrs. Smith have three other sons in the service. They are Staff Sgt. Estil Smith of San Angelo, Tex., Pvt. Irvin Smith of Charleston, S. C., and Pvt. Ellis Smith of Presque Isle, Maine. The Smiths also have a son-in-law in the service, Pvt. J. E. Smith of Fort Benning, Ga., and a grandson, who is training for a cadet.

Mr. and Mrs. Wayland White were Plainview visitors over the weekend.

**Air Raid Warden of the Southwest**

• Civilian defense is not new to the Indians of the Southwest. As a protection against hostile attacks of warring tribes and later the Spanish Conquistadores, a system of defense has been part of their communal life for more than five hundred years. Standing atop his Hogan, this young Navajo brave assumes the role of "air raid warden of the Southwest" to demonstrate how the centuries-old organization of his forefathers will function again in case of an enemy bombing.

**Washington Snapshots**  
 by JAMES PRESTON

Wash. Snapshots.

In view of the President's ultimatum, an inflation measure of some kind will be jammed through Congress. Present indications, however, point to continued uncertainties and survival of the ambiguous term "stabilization" because of the hesitation of Administration leaders to adopt "freezing" or "ceilings" and farm bloc pressure to prevent firm farm product prices because of rising labor costs.

As it appears at the moment, the Administration's formula includes a wage ceiling as well as a floor. Chairman Davis of W. L. E., anticipating the power he

expects from the President, would approve wage increases and adjustment of wage inequalities upward to a "wage parity." These adjustments would follow the principle laid down in the "Little Steel" case of a 15 percent increase from the Jan. 1, 1941, base.

Believing that wages in 75 percent of industry have already reached "wage parity," Mr. Davis says that the remaining 25 percent will have to be adjusted upward to this ceiling. Administration leaders, however, insist that the new wage policy will provide a floor but no ceiling and that it simply means that wages will be kept in step with living costs.

"The establishment of any ceiling on farm products, which omits farm labor as an item of costs," the farm pressure groups have said in a joint letter to the President, "will fall of its purpose" and "the responsibility for the future food and fiber supply of the nation must rest squarely on the shoulders of those who deny consumers of food and fiber this protection."

**CLASSIFIED**

WANTED TO RENT — 160 or 320 acres land. Will help harvest crop this fall to get place. J. J. Redwine at Jess Mitchell farm. 40-3p

While there are differences of opinion in labor circles on a wage policy, AFL being willing to accept wage stabilization and the union must rest squarely on the shoulders of those who deny consumers of food and fiber this protection.

As Congress debates the cost-of-living issue, legislation is being drafted in high New Deal circles to create a new national service act through which the government would have authority to use every American in any job in any locality wherever and however he or she can do the most to help win the war. This legislation would give the government the same authority over individual citizens for civilian activities as it exercises over all men of draft age for military service.

**VISITOR FROM DUMAS**
