

SEL Lines Being Run In The North Addition - Two Houses Being Built

Mr. Muleshoe

Condition of the Muleshoe country in general is reflected in the recent statement of condition of The Muleshoe State Bank...

The most astounded man I have seen since papa saw that I had broke the grubbing hoe handle out of the grubbing hoe...

Seen & Heard: George Stotts: They say possession of money is a trouble. I can say it is a lot of trouble to be without money.

You know they gave George a birthday the other night, and I figure that, like Jack Benny, he is now 38.

Water lines are being run in the new residential addition north of the railroad tracks this week.

Every lot in the addition will have water facilities within the next week, they estimated.

Streets and alleys in the addition have been dedicated to the public, and they have been graded.

Two houses are under construction in the addition. The first is being built by the Lennau Lumber Company and is not for sale.

The other home is to be a two bedroom house and it is being built for Bob Herrington, who recently moved here from Plainview to become manager of the Muleshoe Alfalfa Dehydrating Company's plant.

Owners of the addition have tendered use of the new water lines to the city. The city will supply water to the system and will derive the regular revenue therefor.

Lots in the addition are to be offered for sale by all local real estate firms which want to do so, the Lennau brothers said.

Muleshoe Rain Was .31 Inch

Rain fell at Muleshoe Wednesday afternoon and night breaking a long dry spell. The official gauge here said .31 inch precipitation.

The fall was heavier at Sudan, Earth, Plainview, Lubbock and other points. An inch fell at Plainview and Lubbock.

The skies remained overcast Thursday morning, giving hope of further moisture that is badly needed in the territory.

RETURNING TODAY Mrs. W. B. LeVeque was expected to return home today after a visit of several days with a sister.

Mr. and Mrs. A. E. Ward and daughter, Helen, had as their guest, their four daughters and their families.

FOR FREE—Forty eight hundred carloads of sand, located on the back of this writer's residence lot.

Exhausts Will Help Reduce The Noise Of Irrigation Motor

Had you ever thought that perhaps your irrigation well motor is annoying some neighbor that you don't want to annoy.

The Journal editor often has been annoyed by the roar of a motor of an irrigation well, particularly at night when he was trying to sleep.

J. H. Wingo, farmer living on route 1, suggests that if exhausts are placed on motors they will make much less noise and is proceeding to put them on both his irrigation motors.

He said that he will bring the matter up at the next meeting of the Water Association. What makes the problem more important is the fact that where we formerly had one well we now have ten, he said.

SENIORS HONORED The Muleshoe Senior class was honored with a party Wednesday night, April 21, in the home of Mr. and Mrs. "Chief" Truelock.

REBEKAHS PRACTICE A large crowd was out to lodge Tuesday night. Mrs. Edna Richards of Dallas Rebekah lodge visited us.

VISIT IN PORTALES Mr. and Mrs. Joe Bates Jennings spent Sunday in Portales, N. M., with friends.

MULESHOE - COUNTY SEAT OF BAILEY COUNTY, TEXAS

THURSDAY, APRIL 22, 1948

Methodist Editor On Church Hour

DR. SHORT

The editor of The Upper Room, the world's most widely circulated devotional magazine, Dr. Roy H. Short, will be the speaker on The Methodist Hour, Sunday morning, April 25.

Speaking the Sunday before the General Conference of the Methodist Church convenes in Boston, Mass., Dr. Short will use as his subject "A Kingdom for Every Man." This is on the theme for The Methodist Hour for 1948, which is "The Teachings of Jesus and the Present Scene."

The Upper Room is published by the Board of Evangelism of the Methodist Church and its great circulation testifies to the need it meets in the devotional life of the church, and out of his wide experiences as pastor, district superintendent and editor, Dr. Short speaks with the authority of a recognized leader in the field of the devotional life of the church.

Muleshoe Nine Defeats Earth

Muleshoe defeated Earth, 15 to 1, in the opening game of the Capitol Baseball League season on the Earth field Sunday afternoon. The game was cut short when a thunder shower passed over during Earth's time at bat in the eighth.

Scoreboard table for Muleshoe vs Earth baseball game.

HAS 96TH BIRTHDAY A celebration was held at Sweetwater last week end honoring the 96th birthday of F. W. Woodson.

ATTENDING ICECAPADES Mr. and Mrs. Charle Gustin have been vacationing and visiting relatives in Jacksboro and other points.

VISITING IN SOUTH TEXAS Mr. and Mrs. Clifton Griffiths are visiting in Houston and San Antonio, this week. They were joined in San Antonio by Mrs. Griffiths' mother, Mrs. Mezzie Sisson.

Announce Grid Schedule For '48

A schedule of nine all-conference games for the 1948 Muleshoe Yellow Jacket football squad was announced this week by Coach James A. Beam.

This year the district has been reshuffled to include eleven teams, divided into the north and south halves, and the district has been redesignated as District 4-A.

In the north half are Littlefield, Sundown, Sudan, Muleshoe, Morton and Levelland and the south half is composed of Tahoka, Post, Slaton, Seagraves, and O'Donnell.

The full schedule is as follows: Sept. 10, Springlake here. Sept. 17, Olton here. Oct. 1, Sudan here. Oct. 8, Seagraves here. Oct. 15, Littlefield here. Oct. 22, Sundown here. Oct. 29, open. Nov. 5, Levelland here. Nov. 12, Morton here.

CLUB TO REORGANIZE

The ladies of the Baileyboro community wish to reorganize their Home Demonstration club. They have set a date, Tuesday, April 27, to meet in the home of Mrs. Janie Moraw.

LUBBOCK VISITORS

Mr. and Mrs. M. C. McMath were in Lubbock Wednesday night attending West Texas Watch Makers Association meeting.

Construction Of Jones Farm Store In Muleshoe To Begin Next Few Days

Construction will begin in the next few days on the future home of the Jones Farm Store in Muleshoe. F. W. "Chief" Jones, who will own and manage the new enterprise said today.

The store will be located on a tract of ground 102 feet wide by 300 feet deep, situated between the Santa Fe tracks and the King Bros. elevator and storage plant. It will face the Plainview highway.

Mr. Jones said the first part, a building 50 by 62 feet in dimensions, will be rushed to completion as soon as materials and workmen can be secured.

He expects to operate a complete farm store, handling feed, seeds, grain, fertilizer, insecticides, livestock remedies, and will do custom spraying of livestock and crops, soil testing, etc.

Mr. Jones is now accepting jobs of spraying livestock, as well as Johnson Grass and bindweed exterminating spraying. They can be contacted at the Ray Griffiths Elevator, where temporary headquarters are.

Mr. Jones recently returned here with his family from Seagraves, where for a time he was manager of the Chamber of Commerce. For some years he had been vocational agriculture teacher in Muleshoe high school and is well known for his work along agriculture and livestock lines in this territory.

Everyone who is interested is invited to watch the spraying of a large number of cattle at the Paul Brothers Ranch about three miles south of Circle Back next Monday morning.

"Chief" Jones, of the Jones Farm Store has contracted their spraying, and will use a Van Horn power sprayer. Chemicals to be used are to guard against: grubs, lice, heel flies, horn flies, horse flies, etc. Number to be sprayed may be in the neighborhood of five hundred.

TO SERVE IN JAPAN Pfc. Monroe N. Burris has returned to camp in California where he will board ship for Japan, for two and a half years overseas duty.

VISITING IN LAMESA Mrs. Jimmie Green and small son are visiting this week in Lamesa, with her parents, Mr. and Mrs. S. S. Bartlett.

Revival At West Camp Ends Sunday

REV. JOHNSON

West Camp Baptists are closing a two weeks revival Sunday with a dinner on the ground and three preaching services, during the day.

Rev. A. F. Johnson nationally known evangelist of Denton, Texas, will speak at 11 a. m., 2 p. m., and 8 p. m. Thirty-two people have united with the church during the revival through Tuesday night.

PLAINVIEW VISITORS

Mr. and Mrs. W. Q. Chaney, parents and Mrs. R. D. Stinnett, sister of Mrs. S. D. Clements, were visitors here Tuesday.

Young Business Men Here Organize Muleshoe Jr. Chamber of Commerce

Shelter Belt Is Being Planted To Protect Grid Field

Five thousand Chinese elm trees will form a shelter belt around the new Muleshoe athletic stadium, and several hundred have been set out.

Frank Cummings, district tax man, is the commanding general for the work and Voc. Ag. boys, football boys, and other students are doing the work with coaches, teachers and others helping.

There will be five rows of the trees around the entire field when the work is finished.

The playing field has been given a treatment of fertilizer. Bermuda grass planted there last season is doing fairly well, but additional seed will be sown and there should be a good turf on the field when the football season opens next fall.

Seniors Present Annual Play

The Senior Class of Muleshoe high school is presenting its annual play, "The Absent Minded Professor," Thursday and Friday, April 29 and 30. It will be held in the high school gymnasium at 8 p. m.

The play is about an absent minded professor, 39 years of age, who has refused to get married all during his life even though a sizable fortune was at stake.

The cast of characters is as follows: Uncle Barney - "The Absent Minded Professor", Bob Kimbrough. Aunt Jessica - His sister-in-law, Doris Gatlin.

Joe Watson - Sharon's suitor, Johnnie Seid. Dave Carter - Joe's room-mate, Billy Don Barbour.

Miss Melvina - The family housekeeper, Edith Henry. Esmeralda - "Four time a widow," Barbara Klutts.

Local Masons Take Scottish Rite Work A group of local Masons are in El Paso this week to take the Scottish Rite degrees.

Mr. Gupton had already taken the work but went along to witness the misery of the local candidates. The work makes the candidate eligible for the Shrine and four of the men, Barron, Mills, Johnson, and Bray were to remain over to take the Shrine work Friday.

The men left here early Sunday morning in three automobiles and reached their destination in time to run over to Jaurez—to witness a bull fight.

County Democratic Convention May 4

In accordance with state law, the Bailey County Democratic party will hold its county convention Tuesday, May 4, George Johnson, county chairman announced.

Precinct conventions will precede the county meeting, and each precinct is expected to send its delegates to the county meet.

Many matters of business will come before the party gathering, including the selection of delegates to the state convention in Brownwood.

COLORADO VISITORS Arthur (Bits) Holt and daughter Kay, of Durango, Colo., were visitors in the Allen Guinn home Tuesday and with other friends.

Jerry Kirk, principal of the grade school, was elected temporary chairman and Jimmy Alsup, local insurance man, was named temporary secretary when the Muleshoe Junior Chamber of Commerce held its initial organization meeting Tuesday morning with a coffee at the Cross Roads Cafe.

Dr. Gale Siegler, president of the Plainview JayCee club, and Earl Lewis, agriculture engineer of the Southwestern Public Service Company, both of Plainview, attended and explained the organization, purposes and possible goals of a Junior Chamber of Commerce.

The following young men were at the meeting: Bill Holder, Pinky Barbour, Buddy Blackman, Bill Hale, Murrel Brown, Doc Howell, Jimmy Alsup, Bobby Sam Damron, Homer Pierce, Myron Pool, June Wagon, Jerry Kirk, Charles Alsup, Frank Swint, Woodie Lambert, Curtis Spivey, Spud Thomas, Bill Case Houston Hart, Willie Green, Ace Freeman, Glenn Rockey and Forrest W. Jones.

Dr. Siegler told of many projects that the Plainview club is now working on or have brought to a successful conclusion, including acquisition of an iron lung for the hospital, another city park, work on a new charter for the city, and many other projects.

The meeting next Monday night will be in Fellowship Hall. Young men who were not present at the meeting Tuesday and would like to be members are asked to attend along with the others.

Dues are only \$8 per year, of which about six dollars remains in the local treasury. After the meeting the coming Monday night an application will be made for a charter, then when the charter arrives some state officers will be on hand to give the organization a good send-off.

New Commission Took Over Friday A new city commission took over the reins of city government at a session held last Friday night.

Taking the oath of office were: Connie Gupton, mayor; Dudley Malone and Will Harper, commissioners.

Julian Lennau turned over his duties as mayor; Ray N. Edwards and Matt Dudley had been commissioners.

A meeting of the commission will be held the coming Friday night at which time old members of the body are expected to attend.

Track Boys Enter Regional Meet

Several Muleshoe high school boys qualified in the district track meet will enter the regional meet at Lubbock the coming Saturday.

The mile relay team which won second place at Lubbock will enter the regional. The team is composed of Weldon McCarty, Bobby Wallace, Bobby Precure and Don Mickey Sanders.

Sanders ran third in the 440 in the district meet, will enter that event in the regional.

Local Markets

Table listing local market prices for various goods like Cream, Hides, Eggs, etc.

IRRIGATION FARMERS ARE WARNED ABOUT SALTS

A number of farmers outside the already established South Plains irrigation belt are in serious danger of ruining their land indefinitely because of the high salt content in irrigation water, is a warning sounded by Dr. A. W. Young, head professor of plant industry at Texas Technological College.

A large percentage of water samples from relatively deep wells around Morton and Pecos showed high contents of salts, especially chlorides, carbonates, bicarbonates and sulphates of sodium, according

to tests Dr. Young has run recently. He urged all farmers in that area to have chemical analyses run on their irrigation water before using it.

Although this water would probably produce satisfactory crops for two or three years, Dr. Young explained that it will leave heavy deposits of salt on the top soil, making it unfit even for dry farming. Natural rainfall is the only source of water that could then remove the chemicals deposits, and that might take as long as 25 to 30 years, he stated.

LINING UP FOR TRUMAN

Wisconsin news of at least equal significance as that of the Stassen victory in the contest for Republican convention delegates was buried in a single sentence in the dispatches and was not in the headlines at all. The Associated Press reported it as follows: "Democrats also elected a 24-vote slate of delegates dug to support President Truman for the nomination." That was all it said, and its significance lies in the fact that it wasn't "news" that Wisconsin Democrats will support Truman for the nomination.

There are numerous other States in the same category. A dispatch from New York told of the selection of Dewey delegates in that State. And it added: "New York Demo-

NEW A-C TRACTOR MOUNTS ENGINE IN REAR, IMPLEMENTS IN FRONT FOR BETTER VISION

A new light weight farm tractor with implements mounted in front of the operator has just been announced by the Allis-Chalmers Tractor Division. Designed similar to rear-mounted engine road graders for highway construction, the new unit has its power plant behind the driver.

MILWAUKEE, Wis.—A new farm tractor in the low priced field featuring a rear-mounted engine design was recently placed in production at the Allis-Chalmers Mfg. Company's Gadsden, Alabama, plant.

A noteworthy feature of the new light weight Model G tractor is the unusually wide range of operator-visibility permitted by the rear-mounted engine design. By shifting the engine to the rear, A-C engineers report they have succeeded in mounting farm implements in full view of the operator.

A complete line of front-mounted, quick hitch, companion implements designed especially for use with the new tractor is also being produced by the company's tractor division.

The new Model G tractor is equipped with a 4-cylinder, L-head engine—2 3/4" bore, 3 1/2" stroke, 62 cu. in. piston displacement—and is capable of handling one 12-inch moldboard plow in average soils at customary plowing depths. It has 4 forward speeds, including a super-low gear for operations requiring extremely slow speeds. Fuel consumption is low, running from 2 to 3 quarts per hour under medium to heavy loads. Tractor wheel treads can be adjusted to fit any row-crop spacing. Any of the "G" implements can be attached to the tractor or removed from it in 5 minutes or less. The plow, like the planters and cultivators, is mounted ahead of the operator—a radical departure from conventional practice.

In a prepared statement, W. A. Roberts, Allis-Chalmers Executive Vice President, said: "In the new Model G tractor and the implements designed for it, we believe we have contributed a farm tool that will further advance the mechanization of agriculture, lower farm production costs, and place the advantages of mechanization within reach of thousands of farmers, who are still using animals and other unprofitable forms of farm power."

"We believe that this tractor will find a useful place on family farms of all types and sizes, because of its adaptability to all field operations, particularly those requiring great accuracy and precision."

crats also picked ninety delegates. Most of them were expected to support President Truman for nomination although some candidates have been balking. The Democrats will fill their slate of ninety-eight by electing sixteen at-large delegates, each with half a vote, at an April 16th State Committee meeting. There's no enthusiasm, to be sure. It's mere routine. But convention votes decide nominations.—Southern Weekly.

Gold From Garbage

"Used fats conservation is of utmost importance to meet the problem of world needs," says Charles E. Lund, U. S. Department of Agriculture, which is one way to urge American women to salvage frying-pan grease, meat drippings, soup skimmings, pan scrapings and fat melted down from meat and table scraps.

Thrifty homemakers know used fat is the only form of kitchen "garbage" that has a cash value. Sell your used fats to your meat dealer. Help yourself and help alleviate the current world-wide fats and oils shortage.

World's Largest Grain Exchange Begins Second Century of Trading

Wheat pit in action at Chicago Board of Trade (above). Board of Trade Building towers 45 stories above Chicago's financial district (right).

The Chicago Board of Trade is starting its second century of existence in bringing together to mutual advantage the American farmer and the American consumer. The world-famed board opened its first trading session April 3, 1848 when Chicago was only a raw frontier town.

At the centennial celebration in Chicago, national leaders in agriculture, education, government, industry, press and radio met to pay homage to the principle of the free market which helped make possible the growth of the vast agricultural empire in the middle west during the past century.

As the largest grain exchange in the world, the Chicago Board of Trade enables the farmer to obtain the highest possible price for his grain at the lowest possible price to the processor and

consumer. Because both the farmer and processor can deal in contracts for future delivery, they can protect themselves against severe price fluctuations through "hedging" and thus avoid the extra costs of doing business which would be imposed otherwise for such protection. This advantage is passed along to the public through lowered food costs.

Games were played and cake and kool-ade were served to the following: Ginger Gaede, Barbara Douglass, Venette Wood, Bobby Biwen, Leta Allen, Pearlina Coulter, Gladys Whalin, Laura Whalin, Bettie Collins, Patsy Scarbrough, Diana Barnett, Lenita Lewis, Rosemary Pool, Marion Harris, PPaula Provenance and Miss Clark.

CO-OP TRACTOR TIRES

CONTROLLED: QUALITY — PRICE — CONSTRUCTION

The unusual lug design of this big husky tire is what gives your tractors more pull, less waste motion. Firmly buttressed to the heavy undertread, these deep rectangular lugs are powerfully braced to give extra years of service. They bite in, they forge ahead, regardless of soil conditions.

Each lug meets the soil squarely, assuring a full bite of the tread from shoulder to shoulder.

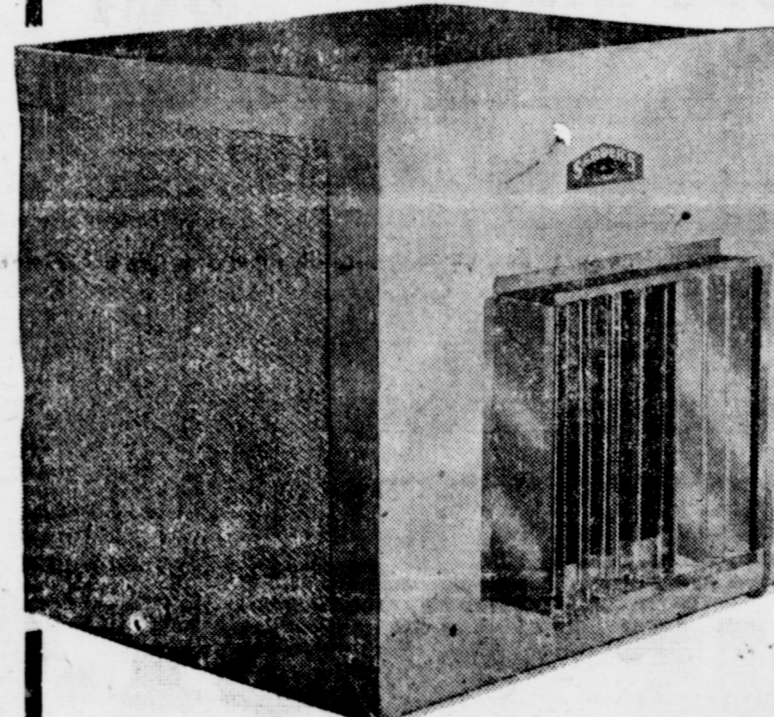

Scientific spacing and curvature of the lugs forces mud and clay out as the wheel turns. Mud pockets don't form. You get positive traction in any type of soil.

Strong plies of powerful cord fabric give this tire the inner strength to support the massive lugs, take punishing treatment without weakening of the tire.

BAILEY REPORT

**Water Survey Service Offered
By The West Texas C. of C.**

The Home women of their association, every town in West Texas may now have a measurement of its water supply and potential, physical, fiscal and legal, under a new program just inaugurated by the West Texas Chamber of Commerce.

This has been made possible through the creation of an engineering board, composed of engineering representatives of the various utility companies serving West Texas, to work with the Water Re-

FOOD... through the ages...

PRIMEVAL MAN LIVED ON NUTS, WILD FRUITS, ROOTS, SMALL ANIMALS, BIRDS AND BIRDS' EGGS AND FISHES.

HIS STONE WEAPONS WERE FUTILE AGAINST THE MAMMOTH, RHINOCEROS, OR CAVE BEAR, EXCEPT WHEN SICK OR TRAPPED IN PITS.

BUT BY 10,000 B.C. GRAIN CULTIVATION, STARTING IN EGYPT, WAS SPREADING THROUGHOUT EUROPE AND ASIA.

ANCIENT BABYLONIANS HAD AN UNLEAVENED BARLEY BREAD, ALSO FIGS, DATES, TURNIPS, ONIONS AND GOAT CHEESE. FROM BREAD THEY BREWED BEER.

THE CEREAL FOODS, BREAD AND BEER, WERE THUS STAPLES OF MANKIND'S EARLIEST CIVILIZED FARE.

COPYRIGHT 1948 J.V. CLARKE

mind here is to work with the Federal Government and the River Authorities to the end of obtaining for each municipality a financial grant for its water supply to the extent of that supply's contribution to the flood control program of the River Authorities and the United States Government.

FISH AT HOT SPRINGS

A number of Muleshoe people fished at Hot Springs, N. M., over the weekend. Mr. and Mrs. Howard Elliott spent the week there and were joined by O'Neill Rockey, Mr. and Mrs. Henry Williamson, Mr. and Mrs. Dudley Malone,

and Mr. and Mrs. Buck Wood. The fish were biting, all agreed. Malone had evidence he presented the editor with a fine mess of crappie.

FISHED IN DEVIL'S RIVER

Dave Aylesworth, Butch Burrows, Arlie Thomas and Buck Taylor fished several days last week on Devil's River, about 30 miles north

of Del Rio. The caught 150 bass weighing a pound to a pound and half, and many nice sized catfish.

BACK FROM DALLAS

Neil Rockey, of Muleshoe Motor Company, Ford dealers here, returned Saturday from Dallas where he had been on business.

Frequent Change of Programs Gives You A Variety of Fine Entertainment

sources Commission of WTCC, authorized last November at the referendum meeting.

The services of this board will be made available gratis to every city and chamber officials of every town in the area and work will begin immediately on compilation of all preliminary data. Letters have gone out signed by President C. P. Dodson and Manager D. A. Bandeen offering the services and asking the various municipalities and chamber organizations to make use of every facility of the organization.

All information covered Their services will cover studies both of surface and underground water supplies, together with technical information concerning bond issues, interest rates, reduction of insurance key rates and quality of water.

The process will be simple. The services will be offered by the WTCC to city officials, who then may make an official request for assistance of the board.

A member of the engineering board then will be assigned to the town making the request, and he will meet with officials in determining necessary facts. After this investigation has been made, there will be a preliminary report.

It was made plain, however, this will be only a preliminary report. When it is completed an analysis will be made with a recommendation. Then if the project is undertaken it will be the duty of the city to employ its own final engineering services.

Formula Is Provided This program, as set up, calls for every town in West Texas to take steps to obtain a supply of water equivalent to at least 1000 acre-feet per 1000 population.

Here is the program outlined by the WTCC to town officials:

1. An Engineering Advisory Board to assist each town in finding a feasible water supply. It will not be the purpose of this board to completely engineer and explore any given project, its purpose merely being to develop a project to the point where the town should select its own engineering and legal services to implement its completion. Our preliminary engineering service will be provided gratis. This engineering board will be headed by Homer A. Hunter, B. S., M. S., C. E. This board will work in cooperation with River Authority engineers and is composed of most competent engineers loaned to us by the various utility companies serving West Texas.

2. To cooperate with every community, before the Board of Water Engineers and other public agencies, in obtaining for each town an adequate appropriation of water.

3. A legal advisory service, headed by Judge Charles E. Coombes, legal counsellor of our water committee. Here we will endeavor to advise communities on legal steps to be taken in organizing and financing a water supply.

4. To seek outside financial aid for each municipality in providing its water supply.

Women's News . Club Events Social Activities

Mrs. Barnhouse Hostess To Club

Mrs. Barnhouse was hostess to the Sunshine Club Tuesday, April 15. Fourteen members, two new members and two visitors were present. Each one answered roll call by reading a verse from St. John.

Mrs. Simmons gave an interesting talk on the Tipton Orphan Home of Tipton, Okla.

Each member who visited Boys Ranch Farm at Springlake fold what impressed them most.

Mrs. J. O. Crawford read a poem, "Today."

After the business was over the ladies helped the hostess in setting her quilt together.

Delicious refreshments of cup cakes, whipped cream, cocoa and coffee were served to the follow-

ing: Mesdames L. D. Tipton, Dave Coulter, J. O. Crawford, Simmons, C. H. Odom, J. C. Hart, Jack Rowland, Ike Stinson, George Chambliss, Robbie Hart, Cecil Harvey, Lewain Vernon, Dorn, Edd Harp, Ruby Crawford, L. E. Ware and the hostess Merle Barnhouse.

It was voted and passed that we write a letter to Hearts Desire for a washing machine for Boys Ranch Farm.

The next meeting will be in the home of Mrs. George Chambliss May 5.

Mrs. Trieder Honored With Pink-Blue Party

Mrs. Harvey Trieder was honored with a pink and blue shower Thursday, April 15, in the home of Mrs. O. M. Jennings. Mrs. Jennings, Mrs. H. W. Carpenter and Mrs.

Helen Carthel of Lubbock were co-hostesses.

The color scheme of pink and blue was carried out. The gifts were opened with the assistance of Mrs. Clara Trieder. The gifts were brought into the room in a basket.

A number of games were played. Refreshments of angel food cake, ice cream and punch were served to the following: Mesdames Melvin Trieder, Bewley, Ab Carroll, George Crain, C. E. Merriott, Ruby Steinbock, Ernestine Steinbock, Lillian Smith, Ruth Dalton, Cora Bell Jennings, Deola Merriott, A. M. Seaton, Neise McCarty, Clara Trieder, LeVonne Hinkson, Nadine Robertson, Alwilda Jennings, Tommy Hutchinson, Myrtle Steinbock, Joe Reagon, Raymond Precure, Iva Carpenter, R. C. Trieder, and the hostesses.

Those who could not attend sent gifts.

Council Of Bailey Club Held Monday

The Bailey County Council of Home Demonstration clubs met in the District courtroom at Muleshoe Monday, April 19. Mrs. Dave Aylesworth, the chairman, was in charge. The secretary read the minutes.

The announcement of Open House at the nursery school and home economics building at Texas Tech was made. The clubs are invited to attend. It will be from Friday, April 23 through Saturday, April 24.

Wednesday, April 28, is the date set for the District meeting in Plainview. Everyone is urged to attend. The ladies will meet at the courthouse in Muleshoe at 8 a.m. The registration will begin at 9:15 at the Methodist church in Plainview. Lunch will be served at noon in the Hilton Hotel, with an interesting program.

Plans are being completed for the Western style banquet Friday night, April 30, honoring the commissioners. A chuck wagon supper is planned. Each club in the county is to send two ladies Friday afternoon to help prepare the food and complete all other necessary arrangements. An enjoyable evening has been planned. Everyone is to come in levis and print dresses.

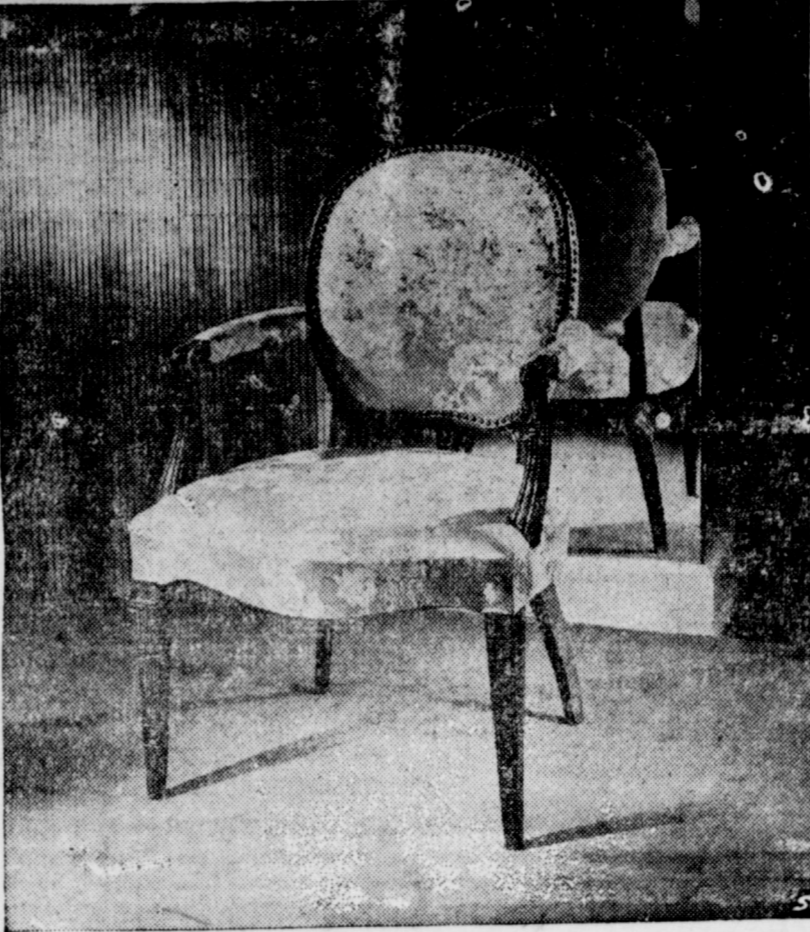

National club week will be celebrated the first week in May. The clubs drew names of other clubs whom they will visit during the month of May. They in turn will be invited to return the visit sometime this year. Make your plans now to go when your club goes visiting and learn the interesting things others are doing. The visiting club presents the program. The club presidents gave their monthly reports.

Hoover And Atchison Vows Read Friday

Betty Atchison and Gail Hoover exchanged wedding vows Friday morning, April 16, at the Main Street Baptist Church in a double ring ceremony. Rev. M. E. Robinson officiated.

The bride was dressed in a blue gabardine suit with white accessories and wore a corsage of white gardenias. For something old and borrowed she wore a necklace belonging to her aunt.

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN—Just one beautiful chair—like a colorful bouquet—can be the highlight piece of any room setting. Equally at home with traditional or modern designs of furniture, this occasional chair by Mueller illustrates how the blending of really fine details in woodworking with luxurious fabric in vibrant colors can make one chair the focal point of interest in a room.

Attending the bride was Doris Gatlin, who was dressed in a pink linen suit and a flower hat. Her corsage was also of white gardenias.

Don Quesenberry served as best man for the bridegroom.

A reception was held after the wedding and a three tiered wedding cake, decorated with a miniature bride and groom, was served to the guests.

The couple left for a short trip after the reception.

Those attending included friends and relatives.

Muleshoe Faculty Entertained Tuesday

The Muleshoe faculty members were entertained with a dinner in the Home Economics room Tuesday evening, April 20. The hostesses were Mrs. W. C. Cunningham, Mrs. Radie Boone, Mrs. Jerry Kirk, Mrs. Jack Beddingfield and Miss Elizabeth Bailey.

The tables were arranged around a very colorful May Pole and the May Festival theme was carried out in all the decorations. The room was decorated with cut flowers.

Rufus Aylesworth played several piano selections throughout the evening. Each guest had a duty to perform which was not only helpful but added to the gaiety of the party. Table games were played and favors were given.

A menu consisting of barbecued chicken, buttered asparagus, baked beans, cottage cheese salad, baldwin potatoes, hot rolls, ice cream and chocolate squares were served to forty-two guests.

BIRTHDAY DINNER HONORS AWTRYE BOY

A birthday dinner was given in the home of Mr. and Mrs. Deon Awtrye of Goodland in honor of their little son who was two years old, Sunday, April 18. Those present are the following: Mr. and Mrs. McDormitt and son, Don, of Morton, Mr. and Mrs. Arless Graham and little daughter, Pam, of Lub-

bock, Mr. and Mrs. F. J. Graham of Portales, Mr. and Mrs. W. G. Bryant and family of Goodland, Mr. J. W. Bryant and E. J. Ward of Portales, Mr. and Mrs. W. H. Awtrye, Sr., of Muleshoe, and Mrs. Juanita Robicheaux of El Dorado, Ark.

Mr. and Mrs. Embry Honored With Shower

Mr. and Mrs. Lewis Embry of Progress community were honored with a surprise shower by their friends and neighbors Thursday night, April 15.

Mr. and Mrs. Embry were married recently in Clovis. The couple received a number of useful gifts. Refreshments of coffee and cake were served to the following: Mrs. Guy Carpenter of Littlefield, Mr. and Mrs. Ed Nelson and son, Mr. and Mrs. W. Z. Morris and daughter, Mr. and Mrs. L. T. Sanders, baby son and Peggy, Ted Allen, Wilce Embry of Abernathy, Mrs. Leslie B. Wood and Mr. and Mrs. C. A. Adams and son.

Those sending gifts were Mr. and Mrs. Earl Jeter, Mr. and Mrs. G. T. Maltby, Mr. and Mrs. John Farley, Mr. and Mrs. Jess Murrah, Mr. and Mrs. T. C. Moseley, Mr. and Mrs. J. A. Young, and Mr. and Mrs. Johnnie McMahan.

Eastern Star Held Memorial Services

The Order of Eastern Star held public memorial services Tuesday night, April 20, at the Masonic hall, called by Worthy Matron Mrs. Delma McCarty. Several visitors were present and enjoyed a beautiful and impressive service. The hall was beautifully decorated with cut flowers and lighted with candles. Mrs. T. G. Craft played softly during the service.

The conductress and associate conductress led the officers into the chapter room and formed the cross. Each then went to their stations and connected the chain of colors. Worthy Matron and Worthy Patron entered carrying an open white

Bible and placed it on the altar and then went to their stations.

The marshal and the chaplain entered the chapter room and draped the altar in memory of past officers who have passed away this year.

Worthy Patron gave the welcome address. Mrs. Buford Butts sang "Sunrise."

Mrs. Horace McAdams and Mrs. Earl Ladd gave readings and presented bouquets of white carnations at the altar.

The Star Points each presented appropriate scripture readings for their stations.

The Chaplain gave a prayer and presented a bouquet of white carnations at the altar. Worthy Matron explained the purpose of meeting and gave appropriate readings.

The Officers then formed the Star and went into their drill, thus concluding their services.

Mrs. Stegall Hostess To Bible Study Club

Mrs. Cass Stegall entertained the Ladies Bible Study Club Wednesday, April 14, at sunrise with a surprise come-as-you-are breakfast.

Mrs. Deon Awtrye and Mrs. Pete Tarleton served as co-hostesses and helped to serve the guests a delicious breakfast of coffee, toast, bacon, eggs, and jelly.

Those attending the breakfast were Mesdames Deon Awtrye, Hugh Dupler, L. D. Sanderson, Sr., Pete Tarleton served as co-hostesses and Humphrey, Leon Reeves, Clifford Myers, Buck Creamer, Tommy Galt,

and Cass Stegall, hostess.

Mrs. Austin To West Camp

The West Camp Pollyanna demonstration club met Wednesday, April 14, in the home of Mrs. Partin Austin.

"It's a man's world, all right," quoted our hostess from an amusing reading she gave as the opening exercise.

Mrs. A. J. Jones conducted the business session and gave her report on our proposed Orphans Home project. As no orphans were available for our 'adoption' just now we voted to give a linen shower for the Home, which is located at Portales, N. M.

An especially interesting demonstration on "Ready Mixes" was given by Mrs. Laurette Williamson, our agent. "For the small family, especially in town where one has to buy everything, the ready mixes are cheaper as well as more convenient," she said.

After recreation, refreshments of small sandwiches, stuffed celery, spiced tea and "ready mix" gingerbread with whipped cream were served to:

Mesdames O. L. Dutton, Sam McLarty, C. E. Roark, A. J. Jones, Guy Austin, J. E. Byford, W. W. Williams, J. S. Williams, W. W. Couch, Laurette Williamson, and the hostess, Mrs. Partin Austin.

Our next meeting will be with Mrs. C. E. Roark Wednesday, April 28.

Versatile Star

A concert pianist at the age of six, Diana Lynn, shown above, proved her versatility by achieving stardom as a movie actress. Latest of a string of successes is her starring role in "Ruthless," Eagle Lion's dramatic romance in which she plays two roles, that of an adult and a thirteen year-old child. "Ruthless" is said to be the most elaborate film made in Hollywood since the wartime restrictions were lifted. The cast includes Sydney Greenstreet, Martha Vickers, Lucilla Bremer, and Zachary Scott.

Rainbow Girls Hold Initiation Service

The Muleshoe Rainbow Order for Girls met Thursday night, April 15, at Masonic Hall where they held initiation services.

They initiated two candidates, Dolores Locker and Peggy John

Julian, into the Order of the Rainbow.

Twelve Eastern Stars and Masons were present and are invited to attend all meetings of the Rainbow girls. All Rainbow girls were present with the exception of three.

The next meeting will be held May 6. Officers are to be elected at this next meeting.

Mrs. Kistler Hostess To Half Century Club

The Half Century Club met in the home of Mrs. Lulu Kistler Thursday afternoon, April 15. The president, Mrs. Alpha Julian, was in charge of the business session. Minutes were read and approved. Some plans for the club's annual vacation trip were discussed.

A vote of thanks was given to Mrs. Anna Moeller for her gracious invitation to see the movie, "Gone With the Wind."

After the social hour, refresh-

ments were served to the following: one visitor, Mrs. Claude Farrell; two new members, Mrs. Ellen Spence and Mrs. Mable Hunke; and Mesdames Jennie Panter, Ethel Darnell, Louise Lewis, Francis Williams, Beulah Carles, Anna Moeller, Willie Witherspoon, Mattie Hall, Etta Welch, Barbara Burkhead, Cussie Mardis, Daisy Engram, Alpha Julian, Katherine Thomas, Lucy Layne, Maude Jones, Walter Witte, and the hostess Lulu Kistler.

Goodland Bible Club Met Tuesday, Apr. 13

The Goodland Bible Study Club met last Tuesday, April 13, with Mrs. Earl Humphrey. At this meeting new officers were elected. They are as follows: Mrs. Leon Reeves, president; Mrs. John Hamlin, vice president; Mrs. Hugh Dupler, as-

stant secretary; Mrs. Deon Awrey was re-elected secretary-treasurer.

Mrs. Reeves appointed the committees. It was also voted at this meeting to send much needed sun-suits to three special polio patients at Warm Springs Foundation, Gonzales.

The first and second chapters of James were read, studied and discussed.

Mrs. Humphrey served delicious refreshments to the following: Mesdames Pete Tarleton, Cass Stegall, Deon Awrey, Tommy Galt, John Hamlin, Morris Gant, Hugh Dupler, Buck Creamer, L. D. Sanderson, Sr., Clifford Myers, Leon Reeves, and a new member, Mrs. Oneta Sedwick.

Mrs. Kitchens Hostess To Longview Club

The Longview Club met in the home of Mrs. I. L. Kitchens Tues-

day, April 13. There were five members and one visitor present.

After a business session, Mrs. J. U. Dawson gave a demonstration on "Decorative Stitches." Each lady learned to make variations of hemstitching and planned to use some of the stitches in linens at home.

Refreshments of chocolate chip pie and punch were served to Mesdames J. U. Dawson, T. C. Newmark, Buford Hunt, Dudley Bazzard, a visitor, Mrs. Ralph Edridge and Mrs. Kitchens, hostess.

The next meeting will be in the home of Mrs. Buford Hunt Tuesday, April 27 at 2:30.

CONSIDER THIS NEW METHOD OF FERTILIZING

LIQUID FERTILIZER

LESS LABOR — MORE COVERAGE — LESS EXPENSIVE

We know that we MUST fertilize to get maximum yields—
BECAUSE—By irrigation we are taking more out of the soil than we are putting back, since some crops use more of the nutrients than others and some return more to the soil than others. Correct fertilization boils down to a very simple and common-sense step.

ANALYZE YOUR SOIL—See what nutrients are available to the crops. See what nutrients are required for a maximum yield of the crop that you want to grow and the difference will give you the fertilizer formula needed.

NITROGEN in excess causes the plant to go to stalk and leaves, with little fruit at harvest time.

PHOSPHATES in excess causes the reverse—too early maturity before the stalk is properly developed.

IN FERTILIZING there are two extremes that must be considered. First, the low point at which the fertilizer is applied so lightly that it will not stimulate production enough to pay its cost. Second, the high point, as the production curve levels out and additional fertilization will not be profitable. So, we can readily see the need for proper or correct fertilizing.

LIQUID FERTILIZER gives a modern, efficient method of meeting these different requirements of fertilizing to the growers of this area.

1. Proper balance for every crop. Different plants require different percentages of the fertilizing elements. With liquid fertilizer it is possible to blend the nutrients in any desired ratio.

2. Acidification. All plants do better in a soil that is slightly acid. Liquid fertilizer has an acid base which counteracts alkali in soils and will acidify the canal water, giving the grower both the advantages of acidification and fertilization at the same time—at one cost.

3. Immediate availability. Plants take nutrients only after they are in solution in the water. Nutrients in liquid fertilizer are in solution when they enter the ground and because the water is acidified they remain in solution and go directly to the plants. Experiment Stations give this as the greatest advantage of this form of fertilizer.

4. Flexibility. With liquid the fertilizing program can be changed to meet the needs of the crop as the needs are indicated by the development of the plant.

5. Complete coverage of entire root zone. There are no deposits of fertilizer to burn the roots or starve them until they are sought out by the feeder roots. Liquid fertilizer feeds every root that gets wet equally.

6. No wastage. As liquid nutrients are immediately available it is not necessary to apply them before planting the crop. So, if the crop is lost in the early stages, there is no fertilizer loss—by leeching, weed growth, or passing into the sub-soil.

7. Economic distribution. Unlike other kinds of commercial fertilizer, Liquid Fertilizer requires no labor or machinery for its application. Merely place the barrel at the headwater, insert the regulator and adjust the rate of flow to the desired quantity.

WE HAVE THE LABORATORY EQUIPMENT TO RUN AN ANALYSIS ON YOUR SOIL AT NO COST TO YOU AND WE WILL BE GLAD TO TALK OVER YOUR FERTILIZING PROBLEMS WITH US.

NEWSPAPER FOLKS HERE

Mr. and Mrs. Troy Morris, of Ropesville, publishers of The Ropes Plainsman were here Sunday to

visit their daughter and son-in-law, Mr. and Mrs. Berry James Thomas. Mr. Morris and Mrs. Thomas paid a call at The Journal office.

Jim Griffin In Race For Ag. Commissioner

JIM GRIFFIN
Candidate for State Commissioner of Agriculture.

Houston, April 20—Jim Griffin, 30-year old native of Kemp, in Kaufman county, who is now farming near Mission, Texas, announced Saturday his candidacy for the office of State Commissioner of Agriculture, which has been held for almost two decades by the veteran incumbent, J. E. McDonald.

Griffin, a former teacher who studied agriculture at Sam Houston State Teachers College, was in Houston attending a convention of the state Agricultural teachers and Supervisors Association. He told reporters that he had just completed a two-month tour of the state which convinced him that people in every section of Texas were anxious to elect a new Commissioner of Agriculture, and "return the office to the hands of the people."

New Mercury Showing Apr. 29

The all-new Mercury for 1948 will be exhibited April 29, in dealer showrooms from coast to coast. Muleshoe Motor Company is distributor in this territory for Ford, Mercury and Lincoln.

Described by Benson Ford, vice president of the Ford Motor Company and director of Lincoln-Mercury, as "the most significant cars in Mercury history," the new models combine grace and beauty with new interior styling, an all-new

ride, increased power, improved performance and more room for passengers and luggage.

"We believe the styling motif of the new Mercury will establish a new trend in motor car design," said Mr. Ford. "We also believe the public, while desiring the last word in styling, wants to be comfortable. The new Mercury satisfies both."

The new models are being presented in four body styles. These include a four-door sport sedan, a six-passenger coupe, six-passenger convertible coupe and a station wagon.

The new Mercury is powered by a 110 horsepower V-8 engine designed exclusively for Mercury.

Only five feet two inches high, the new Mercury presents a long, low silhouette.

Although the outside dimensions are only slightly greater than preceding models, styling and engineering provide vastly more usable space for passengers and luggage. The front seat, for example, is nearly eight inches wider. The rear seat has been widened nearly three inches.

Increased roominess was achieved by widening the body to fender width from front to rear, a feature which enhances the general streamlined appearance.

The body is of reinforced, all-steel construction, mounted on a newly developed X-type frame with special K members for added strength.

Political Announcements

The Journal is authorized to make the following announcements for public office, subject to the action of the Democratic Primaries in July.

Ag. Boys Were Ready

Mr. and Mrs. Ropesville, public Plainsman with vocational departments took part in contests held here Saturday Muleshoe high school as hosts. Muleshoe in the nature of a practice for the Lubbock invitational

area meet to be held the coming Saturday. Schools entered were the following from Bailey, Lamb, Cochran, and Hockley counties: Muleshoe, Morton, Three Way, Littlefield, Levelland, Whitharral, Sudan and Olton. Contests began at 9:30 and were finished at 4:30. Three Way school's vocational agriculture boys made a good showing for the short time the department has been in existence, placing third in crops, judging and third in livestock judging. Teams

Some of the 75,000 ABC Pins Get Ready to Travel

Did you know that rules of the American Bowling Congress call for daily replacement of the bowling pins on its 40 tournament alleys? This means some 75,000 new pins are used in the course of the event. The practice assures that every team will compete under exactly the same circumstances. In the photograph above a girl is repacking a few of the discarded pins for distribution by Chevrolet truck to privately owned bowling establishments.

by sponsored the visit of sixteen Plains men, including County Agent J. K. Adams of Bailey county, to the factory in Los Angeles. The party returned via company plane to Plainview last Thursday.

Adams reported a wonderful trip and listed several entertainment features besides the education tour of the factory. Among other things of the party attended the Queen for a Day program while there.

The party included two other county agents, a district Soil Conservation Service representative, city engineers from Amarillo and Pampa, drilling contractors from the Berger oil fields and other business men.

All expenses were paid by the company and the party was cared for in the best of style, including rooms at the Biltmore in Los Angeles and a dinner party which featured the Jan Garber orchestra and floor show. In addition most of the party enjoyed the Earl Carroll show. The trip from Los Angeles to Lubbock Municipal Air-

port on the return took only five hours, Adams said.

THEY CAUGHT THE FISH

Royce Garth, Roy Martin and Snuffy Walker, Muleshoe, and S. E. Sims, Needmore, fished last week in the Colorado at Burnett and Marble Falls, and returning fished for a time in Cache Creek, near Lawton, Okla. They caught lots of fish, according to Sims, the party spokesman, who deplored the waste, since they used all that weighed under 3 pounds for bait to catch the big ones.

VISITS IN OKLAHOMA

Mr. and Mrs. Eddie Ramm and family have returned home after visiting relatives at Bartlesville, Okla.

SENATORS TO HOLD BOX SUPPER

The Muleshoe Senior class is to hold a box supper Friday night, April 23, at 8 o'clock. It will be held in the high school auditorium.

Rail travel made easier

Ask about these special features now available for Santa Fe travelers

Rail Traveloan—Travel Santa Fe now—pay later in easy monthly installments. Funds available for rail accommodations and other expenses for your trip. Simply make application for this service with your railroad ticket or travel agent.

Travel Credit Cards—Charge Santa Fe tickets as easily as you would department store purchases. Anyone with proper credit rating may have a rail credit card. Present it at any Santa Fe ticket window to charge rail, parlor-car, or sleeping-car tickets (amounting to \$5.00 or more) to any part of the country. Bills rendered monthly.

Rail Auto Service—Enjoy the comfort and economy of rail travel—and still have the convenience of a late-model automobile at your destination. Moderate cost. This plan now in operation in many U. S. cities.

Prepaid Tickets—Tickets can be delivered to any point in the U. S. by making a deposit with your Santa Fe ticket agent. Pullman accommodations, incidental cash included, if desired. A particularly attractive service for transportation arrangements of elderly people, invalids, students, etc.

Parmelee Transfer—Passengers holding tickets through Chicago may ride Parmelee coaches from the Dearborn station to any out-going depot, hotel, or downtown destination. Baggage included. This service available by presenting the Parmelee coupon which is a part of your through rail ticket.

For complete information just call your Santa Fe Agent

of three boys each were entered for judging crops, dairy cattle, poultry, livestock and dairy products. Teams placed as follows in the various contests:

Crop judging, Muleshoe, Morton, Three Way, and Littlefield.

Dairy cattle judging, Littlefield, Levelland, Sudan, Muleshoe, Whitharral and Morton.

Poultry judging—Morton, Muleshoe.

Livestock judging—Littlefield, Muleshoe, Three Way, Morton.

Dairy Products judging—Olton, Muleshoe.

Muleshoe individuals won the following: Robert Martin, third in crops judging; Earl Henry tied for fourth in dairy cattle judging; Jimmy Winstead, second, and Jimmy Wingo, third in poultry judging; Alton Taylor, fourth in livestock judging; Bill Aylesworth, fourth, and Eugene Henry, fifth in dairy products judging.

The local school will enter teams for judging livestock, dairy cattle, poultry, crops, and milk products in the area contests Saturday, Ed-

ward White, Voc. Ag. instructor said.

KITCHEN MEMO BY JEAN CLARKE

Warmer spring days call for lighter foods to tempt winter-jaded appetites and *Salmon Parsley Souffle* is a simple, satisfying dish. Drain a 16-oz. can salmon (about 2 cups), reserving liquid. Flake fish into 2-qt. casserole. Melt 6 tbs. margarine in sauce pan; blend in 1/2 cup sifted flour and cook about one minute over low flame. Add 2 cups milk and cook, stirring constantly, until thickened. Then blend in 1 tsp. salt, 1/2 tsp. pepper. Combine half this sauce with salmon liquid. Pour over salmon in casserole. Stir remaining sauce into 3 slightly-beaten egg yolks. Fold in the stiffly-beaten egg whites and 1 cup chopped parsley or watercress. Pour over salmon. Bake at low temperature of 325° for 50 mins. Serves 6.

The thermostat of an automatic gas water heater is usually set at 140°. It wastes gas to use hot water at a higher temperature than ordinarily needed. But for the hotter water necessary for such jobs as laundering and household cleaning, a turn of the dial will give you hotter water quickly. Later, to save gas, it can be turned back.

Beating cocoa with an egg beater prevents scum from forming. If cooked in a double boiler it won't boil over and will keep hot longer.

Fare myth, say textile experts, that laundry must be dried in the sunshine. The thousands of women who use gas laundry dryers agree for they are no longer slaves to the weatherman's whims and they can dry clothes to the exact degree of dampness for immediate ironing.

When you need grated peel for a recipe, grate the skin before reaming the juice. Dejuicing first makes the rind too soft to grate easily.

The Houston-Galveston "Highway of Tomorrow"

This rising steel and concrete structure over Calhoun Road in Houston, Texas, will carry the heavy traffic of the new Galveston-Houston express highway through the Texas metropolis' booming East End. A 1,192-foot structure, this overpass comprises one of five in Houston's East End, the steel for which is being furnished by the American Bridge Company, subsidiary of United States Steel. The 50-mile expressway, termed among highway builders as "the highway of tomorrow," will be the ultimate in new highway construction in Texas, a state already famed for its fine highway system.

SIDELIGHTS FROM WASHINGTON

By GEORGE MAHON

Most West Texans will approve the action of the House of Representatives last week with respect to two important subjects, public roads and the U. S. Air Force.

The House approved a new three year public roads program to succeed the program which is now being completed. Under the new law a total of \$1.2 billion dollars will be expended by the Federal Government over a three year period. The money will be spent in cooperation with the states for various phases of public road construction, including farm-to-market roads.

The bill approved by the House for the Air Force provides funds for a total of 2900 modern military aircraft. An additional 1500 planes are provided for the Navy. The number of additional planes for the Air Force is far in excess of the number originally requested by the President. This increase was provided in view of the unsettled world conditions and refusal of Russia to cooperate in our efforts to promote peace. I spoke in favor of the program for the expansion and modernization of the Air Force and served as a Member of the Committee which wrote the legislation and presented it to the House for action.

The passage of this legislation for an expanded and improved Air Force is one of the most significant and important steps taken by Congress since V-J Day. Undoubtedly the American people favor such a program. We had some difficulty in the House in securing passage of an important amendment but on final passage of the bill the House was almost unanimous, passing the measure with only three dissenting votes.

SOCIAL SECURITY MAN TO BE HERE APRIL 29

Elliott W. Adams, Social Security Administration Representative, will be in Muleshoe at the Postoffice at 9 a.m. on April 29, for the purpose of answering any questions you may have on social security; discussing possible benefits and taking claims from persons who seem to be entitled to benefit; and taking applications for social security account number cards.

Make This Your Buy Word For VITAMINS

ONE A DAY

MULTIPLE VITAMIN CAPSULES

From where I sit... by Joe Marsh

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine, when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a friendly glass of beer. The missus agrees to give up back-seat driving and nagging Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

Joe Marsh

UNCLE SAM'S PART OF YOUR TELEPHONE BILL

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

The Federal tax rate on local telephone service is 15%. The tax rate on long distance service, where the charge is 25c or over, is 25%. Other forms of telephone service are subject to Federal taxes at rates ranging from 8% to 25%.

★ This tax is imposed by the U. S. Government directly on the user of the telephone. The telephone company, at its own expense, serves as a collector.

★ Long distance calls and certain other services, being taxed at 25%, are taxed higher than the 20% rate for luxuries such as furs, jewelry, and perfumes.

★ This form of tax, that is an excise tax on telephone service, has traditionally been resorted to only in national emergencies. Your telephone company believes this form of tax should not be a part of the peace time tax structure. Representatives of the telephone industry have urged and will continue to urge before the proper Congressional committees that these excise taxes now be eliminated; and many users and representatives of users of telephone service are likewise urging that they be repealed by the tax legislation now before the Congress.

★ **Southwestern Associated Telephone Company**

Progress Club Met In Gross Home

The Progress Home Demonstration Club met in the home of Mrs. J. J. Gross, April 20, with several members present.

The president, Mrs. John Thomson, presided. The minutes were read and approved and the roll called.

Mrs. Ada Murrah gave the council report. Several are planning to attend the District meeting in Plainview, April 28.

Mrs. Clyde Henry gave a very interesting report on helping our needy family. A report was given on the contents of our package to Holland. Articles were brought to send two packages to Holland. A card had been received saying our second package had reached New York.

A great deal of work has been done by our demonstrators and other members had good reports.

Mrs. Maberry and Mrs. Brantlett help prepare food and complete the arrangements for the Western Style Banquet, April 20.

The Progress Club drew the name of Watson Club to visit in May. We plan to go to the meeting when the agent is not present. Many of our ladies have never been there. Everyone make your plans now to go.

Delicious refreshments were served.

ed to all present.

The next meeting will be May 4, in the home of Mrs. Roy Maberry.

FORMER MULESHOE MAN WEDS

J. T. Smith, formerly of Muleshoe and Idalou, and Miss Frances Rhome of Tallahassee, Fla., were married at Bainbridge, Ga., March 7. The couple is now living at Milton, Fla., where he has been employed for some time. He is a son of Mrs. O. L. Smith of 3108-29 street, Lubbock, and is a graduate of Muleshoe high school.

Watson HD Club Met In Henderson Home

The Watson Home Demonstration club met in the home of Mrs. Jim Henderson April 14.

"Accessories for the Home" was discussed by Mrs. Dave St. Clair and Mrs. George W. Fine.

Plans were made to attend the meeting at the Commissioners' Court in made.

Refreshments of coolade and cookies were served to Mesdames Bob St. Clair, Andrew Wittner, George W. Fine, E. F. Campbell, Bill Simpson, Neil Smith, Jim Henderson and two visitors, Mrs. A. J. Neutzler and Mrs. Alvie Griffin of Sudan.

Club adjourned to meet April 28 with Mrs. Horace Hutton.

New Station Wagon Bodies in Production

FIRST freight car shipment of "Body by Fisher" station wagon bodies is shown arriving at Lansing, Mich., for Oldsmobile cars. Last year Fisher Body entered the popular station wagon field with production for Chevrolet, and now announces expanded facilities to make such bodies also for the Oldsmobile Division of General Motors.

APPROACHING MARRIAGE OF MISS GRIFFITHS ANNOUNCED

La Junta, Colo., April 22—Informal announcement has been made here of the engagement of Miss Maxine Griffiths of 322 Raton Ave. to William McVay Cash of 501 Colorado Ave.

Miss Griffiths is the daughter of Mr. and Mrs. O. B. Griffiths, formerly of Earth and now of Route 1, La Junta. She is a graduate of Springlake high school and Wayland college at Plainview. For the past year and a half she has been employed in La Junta as society editor of the Tribune-Democrat.

Mr. Cash is the son of Mrs. Helen Cash of La Junta. He attended La Junta high school and is a graduate of the Holy Cross Abbey at Canon City, Colo. He also attended La Junta junior college. He is manager of the Fisher Book store in La Junta.

Wedding plans have not been announced.

attending to her real estate interests here, celebrated her sixtieth birthday Sunday in the home of a daughter, Mrs. R. S. Brown, Martha.

Attending the celebration from Earth were Mrs. Sam Cearley, Bobbie Sue and Davis, Mr. and Mrs. H. B. Doughty and Wynelle and Mrs. Kenneth Cowley and children.

BRIDAL SHOWER WILL BE SATURDAY EVENING

All are invited to a bridal shower honoring Mrs. Bill Nix, formerly Miss Joyce Coker, Saturday evening, from 5 until 7:30 p.m. in the home of Mrs. Sam Cearley.

COLLEGE STUDENTS HERE

Miss Gayle Anglin, a Tech student in Lubbock, spent the week end with her parents, Mr. and Mrs. L. Z. Anglin. She was accompanied by three of her friends. They were Misses Jan Boyer, Earlene Easterbrook and Loy Catherine Barnett. Miss Barnett is formerly of Earth.

Muleshoe Journal

Springlake Juniors To Present Play

The Junior Class of Springlake is to present the Junior play, "Cheerio My Dearie," Tuesday night, April 27, in the Springlake gym.

This three act comedy by Jay Tobias is very individual in its portrayal of English lords. The whole performance is comically filled with the jokes and dialect of two negro actors. The situations which occur at a small North Carolina town becomes very complicated and the desperate attempts of spinsters in search of a title also prove very amusing.

Following is the entire cast:
Melchizedek—Porter at the Mountain View Inn, Donald Kelley.
Desdemona—Maid at the Mountain View Inn, Claudine Stockstill.
Sue Graham—Joint owner of the Inn, Joyce Jones.
Cherry Holt—Joint Owner of the Inn, Ann Clayton.
Dick Graham—Sue's husband, Sophronis Spatchart—Cuthbert's fiancée, Frankie Bozeman.
Fife—Her French maid, Billie Burton.
Tommy Tarrant—In love with Cherry, Curtis Boydston.
Mrs. T. Jefferson Johns—In search of a title, Jean Seymour.
Gweneth Johns—Her daughter, Wanda Clayton.
Lord Cuthbert Twillingham—In search of an heiress, Loy Lowery.
Snodsbury—His valet, Bobby Landers.

This performance is to begin at 8:15 and the admission is 15 and 50 cents. Everyone is cordially invited.

Mostly Static

By Berry

Howdy Folks: We heard a party say that under the Democrats a family could save 85c by not buying a pound of butter and a pound of steak. Under the Republicans, it is now possible to save \$1.40 on the same deal. Things do improve.

If the law of supply and demand is responsible for the present existing price scale, the law ought to be amended.

That doctor who prescribed "pleasant thoughts while eating," should edit the food prices.

Of course one way to send food prices down is to send profiteers up.

The trouble with the law of supply and demand is, the ones who have the supply do the demanding.

When prices soar, so are the consumers.

We try to keep our customers happy with prices right down to the lowest, considering the present market.
