No. 15

Looking Things Over

By "MACK"

Watch your step—tomorrow is Friday the 13th. This is the first time the 13th has come on Friday this year—it will happen once more, in November.

The Post is gloriously in favor of the organization of the Home Demonstration Clubs and the employing of a Demonstrator in the County. Congrats should go to the Silverton Floral Club who pioneered the organization, and to the Commissioner's Court, who employed the Demonstrator. Now, to make the circle complete, we should have a live 4-H Club for the boys and girls. How about it, Finley?

If the boys living within the city limits of Quitaque would drive out into the surrounding country, they would be convinced that all men in this end of Briscoe County are not working on the street paving job and road work down in the Gasoline community. Plows are running early and late—good old Briscoe farmers are getting ready for another "next fall". Nearly every farmer has his land in shape, and it won't be long until cotton seed is slipped into Mother Earth. We are hereby announcing in favor of a good rain.

Something to think about—Taxation of automobiles in the United States in 1935 reached the new high of approximately \$1,300,000,000 or about \$50 per car registered.

Resettlement Office Moved To New Location

Local offices of the National Resettlement Administration, in charge of Mrs. Juanita Duncan, were moved last Friday from the City Hall to a new location in the Tunnell Building, across the street from the Queen Theatre. The offices are open from eight to five on all week days.

More than ninety loans, totalling approximately \$38,000, have been made through the local office since January 1st of this year, Mrs. Duncan stated. Eighteen checks have already been received, with eight more due early this week.

Under the present schedule, several thousand dollars will be released here each month during the year through the loans to local farmers and property owners.

Applications for loans should be made in the near future, Mrs. Duncan stated, before the planting season opens. Loans are made to farmers and share croppers in lieu of mortgages this fall. Loans are limited to \$1,000, and are made through monthly checks.

Help Keep Quitaque Clean!

Luke Barker Says:

These bar hills don't bother me much sez Tick Bins, but they do bother Martha some when she's got t' carry a sack o' flour three miles over Hoopole ridge.

Trains, time an' tide waits for no one, sez I t' Sleepy Stevens yest'day.

SENIOR CLASS TO PRESENT PLAY FRIDAY EVENING

"Molly Rushes In" Is Comedy Given at Auditorium

"Molly Rushes In"—where Angels fear to tread—and the 1936 Senior Class goes on the stage with the season's hit comedy at the High School Auditorium Friday evening, March 13, at eight o'clock sharp.

With a talented cast of characters, including a "doctor of human misfits," Frankie Sanders, as Molly herself, the new Senior play is hailed as one of the high spots in the season's entertainment bill.

Molly lands in a psychologist's paradise—with a would-be invalid, tangled romances and secret service agents in a hopeless jumble. The situation is filled with comic possibilities that are fully developed as the plot unfolds. Any audience will love Molly—the girl with a genius for minding other people's business.

The cast includes many figures already familiar on the local stage. Margaret Graham, Lewis Bedwell, Haney Wise, Willie Mae Brummett, Alex Reeves, Henry Gardiner, Ethel Carter, N. W. Herrington, Howard Hall, Christine Chandler and Jack Hall are slated for roles in the production, led by Frankie Sanders as the incomparable Molly Meredith.

Tickets for the performance were placed on sale by members of the class Tuesday afternoon. Admission prices are fifteen and twenty five cents.

The play will be presented under the direction of Miss Yvonne Thomas Senior Class sponsor.

Demonstration Of Terracing Given On E. J. Hamilton Farm

Reported by Finley White

M. R. Bentley from College Station Shows Briscoe County Farmers How to Save a Hillside Gully Torn Farm.

Monday, March 9th, at E. J. (Tubby) Hamilton's farm near Quitaque, the farmers from Briscoe County gathered to see some terracing done according to Hoyle (Bentley).

"Tubby's" field is one of the most irregular and difficult fields in Briscoe County and would compare favorably—so far as difficulty goes, with any farm in Texas. Curious eyes from interested farmers watched Mr. Bentley as he took sights and readings trying to "figure out" how, why and where to begin laying off the lines. Bentley's quick actions and rapid calculations soon proved to the satisfaction of all concerned that the County Agent hadn't made a mistake in securing the services of Mr. Bentley for this field. (It is here acknowledged that the County Agent "passed" this field waiting for Mr. Bentley to come along.)

The entire day was spent in running over the hills, thru the draws and across the flats getting markers for the terracing machine to follow. The demonstration was witnessed by farmers, merchants and bankers!

The County tractor and grader furnished the power to make terrace lines into terrace beds. Much credit is due Commissioner L. E. Graham for being public spirited enough to allow us the use of his machinery for this demonstration when the machinery was so badly needed on the WPA job under way near Quitaque.

The tractor and grader men had never put up terraces before. This fact alone made them invaluable according to Mr. Bentley. Bentley says "if a grader man has never done any terracing before I can show him how I want it done and he goes along and does it just that way. This grader crew is the best I've worked

(Continued on back page)

One Ton of Prize Horseflesh

The first exhibit to reach the Texas Centennial Exposition lot at Dallas were the six international champion Clydesdale draft horses of Thomas E. Wilson, Chicago packer. Above, Ranagerette Frances Nalle is shown with King, largest of the six, weighing more than 2,400 pounds. The horses now are on a 10,000 mile tour of the Southwest.

City and School Elections To Be Held In April

Opening guns for a big election year will be fired here early in April as two city elections are scheduled for the first week of that month, according to announcements by local officials this week.

In a City election ordered by the City Council for Tuesday, April 7, the Mayor and three members of the council are to be named.

The terms of Mayor J. W. Ewing, and Aldermen J. T. Persons, I. G. Grundy and Orlin Stark expire on that date.

On the preceding day, Monday, April 6, the Quitaque Independent School Board election will be held. Two places on the board are to be filled—the terms of E. W. Tibbets and C. T. Rucker expiring next month.

Outgoing members of the city council, as well as board members, are expected to be up for re-election. Ballots, however, have not been prepared.

According to Mayor Ewing, the City Election on April 7 may also determine the selection of a City Marshal. No candidates have announced, however, for the office, which is now vacant.

NEW CITIZENS ARRIVE HERE TUESDAY

Two new arrivals are announced in the city this week. Mr. and Mrs. Bruce Eddleman are the parents of a baby boy, Bruce, Jr., born Tuesday, March 10. Mr. and Mrs. Andy Reagan announce the arrival of a baby girl on the same date.

AGRICULTURAL BRIEFS

BY THE BRISCOE COUNTY AGENT

The developments along the agricultural front seem to be somewhat overshadowed by recent development along the "Rhine". And since we are on that Rhine subject I'm reminded of those patriotic boys who spilled their life's blood "over there" in '17 and '18 trying to make the world safe for Democracy. It seems that our efforts in that struggle were about as futile as President Roosevelt's efforts to make farming safe for farmers has been. —Of course we wouldn't intimate that Hitler is doing with the Locarno treaty the same thing that "The Black Robed Nine" did with our AAA—but the results are about the same in Dutch.

New Program News

There isn't any.

Funeral Services For McCutcheon Youth Monday

Funeral services for Joe Thomas McCutcheon, 5-year old son of Mr. and Mrs. A. T. McCutcheon of this city, were held at the First Baptist Church at Silverton Monday afternoon. Rev. R. Neal Greer, pastor of the Quitaque Baptist Church, conducted the services.

Interment was made in the Silverton cemetery following the services Monday.

Joe Thomas died early Sunday morning in a Turkey hospital, succumbing after several days illness to an attack of diphtheria. He would have been five years of age this week.

He is survived by his parents, three brothers and sisters. He is a grandson of Mr. and Mrs. T. C. McCutcheon of this city.

Funeral arrangements were in charge of the Hardcastle Funeral Home of Turkey and Quitaque.

HIGH SCHOOL DEBATERS MAKE TRIP TO ABILENE

Boys and Girls Debate teams from the local high school made a trip to Abilene last week-end, attending a state-wide Debate Tournament at the Abilene High School. The local teams were not entered at the tournament, but attended all sessions in preparation for the Interscholastic League competition this spring. Members of the debating teams were: Henry Gardiner, Howard Hall, Katharine Keever and Johny Womack. They were accompanied by Mrs. W. C. Womack.

Revival To Start At First Baptist Church Sunday

Rev. Frank A. Tiffin, pastor of the First Baptist Church of Whitesboro, will conduct a two-weeks spring revival meeting, opening Sunday, March 15, at the Baptist Church here, Rev. R. Neal Greer, local pastor, announced this week.

Rev. Greer will conduct the opening services Sunday, as Rev. Tiffin is not expected to arrive until the first of the week.

The revival will continue for a period of two weeks, according to plans, closing with the evening service Sunday, March 29.

George W. Owens will be in charge of choir and special music, assisted with instrumental music by Mrs. C. E. Bedwell. Special music and good choir will be heard throughout the revival. Singers from the entire territory are extended an invitation to attend and assist with the music.

Rev. Tiffin will be heard for the first time in this section. He is known as a capable and inspirational speaker, and hopes to conduct a successful revival campaign here.

"A sincere invitation and welcome is extended to the people of this entire community to attend the revival services," Rev. Greer stated. Large crowds are expected to fill the auditorium of the local church during the two weeks campaign.

"Fun Nite" To Be Presented At High School April 1st

Don't miss "Fun Night" on Wednesday, April 1.

The first day of April, traditionally set aside as All Fool's Day, is the date set for the greatest entertainment novelty program ever staged in Quitaque—a High School "Fun Night."

Boxing, wrestling, music, song and dance, comedy, are all on the bill for a gala night at the High School Gymnasium. The big entertainment feature is being planned to raise funds to purchase sweaters for the Panther lettermen. Tickets will be placed on sale at popular prices, and additional seating arrangements will be made at the Panther gym to accommodate a record crowd.

A loud speaker system will be installed, with the Master of Ceremonies at the "mike" and Quitaque's most popular entertainers under the "spot". A complete program will be announced at a later date for the city's biggest and best variety show—but make your plans early to attend the QHS "Fun Night" on All Fool's Eve.

WALKER INFANT BURIED HERE SUNDAY AFTERNOON

Funeral services for Billie Thad Walker, infant son of Mr. and Mrs. Willie Walker were held Sunday afternoon at the Assembly of God Church. Services were in charge of Mrs. Irene Manney of Fort Worth and Mrs. Alene Stephens of this city.

The infant was born dead Saturday morning. He was the grandson of Mr. and Mrs. Thad Halbrook and Mrs. Allie Walker. Interment was in the Quitaque cemetery.

MASONIC LODGE ANNOUNCES MEETING

A stated communication meeting of the Quitaque Lodge, AF & AM, has been called tonight (Thursday) at 7:30, Dr. B. R. Ezzell, W. M., announced Wednesday. Work in the Master's Degree with members of the Silverton Lodge will be put on. All Master Masons in this section are cordially invited to attend the meeting.

FEWER NEWSPAPERS NOW

There are now 164 fewer newspapers in the United States and Canada than a year ago, according to the 1936 newspaper directory which gives the total in the two countries as 13,827. Of those that have gone out of business, 150 were weeklies.

COMMISSIONERS TO EMPLOY H. D. DEMONSTRATOR

Work To Start In County About July 1

A Home Demonstration Agent for the Briscoe County H. D. will be assured this week by the Commissioner's Court in at Silverton Monday.

A delegation of four representing the recent H. D. clubs of Quitaque, met before the County Court Monday morning to appeal to secure a county demonstrator.

A Home Demonstration Agent will be secured to serve the county by July 1, Commissioner E. Graham announced Tuesday. It is believed that by that time clubs will be well organized, and in position to begin canning and dening demonstrations.

No decision has been reached to who will be selected to supervise the work in this county. The Commissioner's Court will select a Demonstrator at a later date, Graham stated.

A delegation of eight ladies from the Quitaque H. D. Club attended the meeting at Silverton Monday. They were headed by the club president, Mrs. J. F. Jago.

Demonstration projects in both the Quitaque and Silverton clubs will be started in the near future, according to present plans. Several courses will be carried on without the aid of a demonstrator.

Members of the Quitaque H. D. Club will meet Saturday afternoon, March 14, at the School Auditorium to plan work in the first course. All ladies of this and nearby communities who are interested in the Home Demonstration work are urged to be present and register for membership in the organization.

The local chapter was organized two weeks ago, with Mrs. Jago as president. A club was organized at Silverton last month, members of the Silverton Floral Club pioneering in the Home Demonstration movement in this county.

Texas Centennial Stamps On Sale At Local Office

Texas Centennial Stamps, a special issue of three-cent stamps issued in commemoration of Texas 100th birthday, were placed on sale at the local post office Saturday, according to Postmaster S. T. Bogan. Only five hundred of the stamps were delivered here, others to follow later.

The stamps were placed on sale for the first time at Gonzales on March 2, Texas Independence Day, and enjoyed a record sale. Orders were received from every state in the union, and from many foreign countries.

The new stamps bear an engraving of the Alamo, with pictures of Sam Houston and Stephen F. Austin, and the inscription, "Texas Centennial, 1836-1936." A considerable number had been sold here early this week.

MRS. C. R. BADGETT CALLED TO BEDSIDE OF HER MOTHER

Mrs. C. R. Badgett left Wednesday morning for Oklahoma City, where she was called to the bedside of her mother, who is critically ill. She was accompanied to Childress by Mrs. Gene Berry and Mrs. O. T. Murphy, leaving there for Oklahoma City Wednesday afternoon.

Old Boats on Lagoons

Visitors to the Texas Centennial Exposition in Dallas will be able to ride on reproductions of famous Mississippi steam boats which will be used on one of the lagoons.

COMMON COURTESY

By Clayton Rand

No business asset exceeds in value common courtesy—friendly towns usually prosper.

Common courtesy compels a merchant to display his merchandise in print—the customer should not be forced to spend much time looking for what he wants.

One should not have to wear one's self to shreds on a treasure hunt from store to store to see what up-and-doing merchants stock to sell. The least a friendly store can do is to display its stuff in print—remember, advertising is news about one's business.

(Copyright)

Sleight of Hand

"Rastus, what is an alibi?" "Dat's provin' you was at prayer meeting whar you wasn't in order to show dat yo' wasn't at the crap game whar you wuz!"

IT WORKED FOR ME

Women should take only liquid laxatives

MORE people could feel fine, be fit and regular, if they would only follow the rule of doctors and hospitals in relieving constipation.

Never take any laxative that is harsh in action. Or one, the dose of which can't be exactly measured. Doctors know the danger if this rule is violated. They use a liquid laxative, and keep reducing the dose until the bowels need no help at all.

Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why it should be a liquid like Syrup Pepsin.

Ask your druggist for a bottle of Dr. Caldwell's Syrup Pepsin, and if it doesn't give you absolute relief, if it isn't a joy and comfort in the way it overcomes any sluggishness or biliousness, your money back.

Local Briefs

Mr. and Mrs. S. E. Gillispie and children of Spearman spent the week end in the home of Mr. and Mrs. C. B. McDonald.

Mr. and Mrs. Homer Sanders of Silverton were visitors here Sunday afternoon.

Jack Stroup, C. T. Rucker, Jr. and Jack Hutcheson made a trip to Childress Sunday afternoon.

F. M. Sachse, Jr., who is a student at Texas A & M, arrived here Saturday for a visit with his parents.

Mrs. Nell Reed and Mrs. S. E. Thomason of Memphis visited Monday with their sister, Mrs. O. K. Stephens.

Mrs. Homer Sanders, of Silverton, Mrs. E. G. Rice, Mrs. B. R. Ezzell and Mrs. E. C. Price made a trip to Childress Sunday afternoon, meeting Mrs. W. H. Sanders, who was returning from a visit in Shamrock.

Why Gulf is the Gas for March

SURE AND IT'S almost the middle of March—the month the old thermometer makes an average jump of 5 to 13 degrees. The Moral?... That your gas should be made to fit the season! If it isn't, you're not getting all the mileage you should!... Switch to That Good Gulf today. It's specially refined to suit the season. Because it's "Kept in Step with the calendar"—all of it goes to work, none of it goes to waste!

"Kept in Step with the Calendar" THAT GOOD GULF GASOLINE GULF

BANKERS ARRANGING REGIONAL MEETINGS

Studying New Legal and Economic Conditions Affecting Bank Management

STRESS PUBLIC RELATIONS

American Bankers Association Sponsor of Meetings as Part of Nationwide Program of Banking Development

PHILADELPHIA. Fifteen hundred bankers from fifteen eastern states met here in January in a two day conference devoted to discussions on legislative, managerial, operating and public relations problems of the banking business. This was the first of a series of meetings planned by the American Bankers Association in its nationwide program of banking development under the leadership of Robert V. Fleming, president of the association. Similar conferences will be held in southern and western sections of the country.

It is the purpose of these working conferences to bring to association members and other bankers a thorough knowledge of the changes in banking laws and rules, provide discussion of better public relations so that there shall be greater cooperation and understanding between the banker and his customers, and to give opportunity for a survey of the problems incident to the Government's competition with our chartered institutions. Mr. Fleming said in opening the meeting.

To Help Government Quit Banking

The discussions at the conference showed that the bankers are ready to make it easier for the Government to relinquish many of its emergency financial services as soon as possible by demonstrating how their institutions are able to render full banking facilities to the public on sound lines.

Bankers generally have recognized that in times of emergency the Government had to come to the assistance of the people where chartered institutions were unable to do so on account of such conditions, Mr. Fleming said. They also realize that possibly many functions which the Government is performing are of a nature which cannot be handled by chartered institutions under the principles of sound banking. On the other hand, he said, "we should survey all emergency lending measures of the Government to judge which of these activities can be properly and soundly taken over by banks in their respective communities."

The attending bankers devoted time to considering the Banking Act of 1935 and the many related regulations and discretionary powers under the Federal law. These were explained by O. Howard Wolfe of Philadelphia, who said he had made a count of the various places in the act where provision is made for discretionary power to be exercised by government officials through regulations.

"Confining the count only to the sections which affect practically all of us, I found there are forty-eight places where discretionary power is given," he said. "It is a problem of no mean importance, therefore, to master banking law as it is today or may be tomorrow."

Bank Taxation and Solvency

Bank taxation was discussed by Charles H. Mylander of Columbus, Ohio, who declared that "the average American is vitally interested in taxation of banks because solvency may depend to a large degree upon the way in which the taxing power is exercised upon them."

To prove his point he cited earnings figures which showed that, in the year ended June 30, 1934, "for the United States as a whole, national banks used \$14.89 out of each \$100 of net operating earnings, before taxes, in payment of taxes; but in seven of the twelve Federal Reserve Districts the percentage of earnings used for taxes was above the average. It was in practically these same seven districts that the greatest number of bank failures occurred in those hectic years from 1920 to 1933."

As an example of how far taxation can go, he quoted official figures showing that in 1934 a large number of small state banks paid on the average \$34.20 of every \$100 of operating profits for taxes. Mr. Mylander urged that there be "brought home to the average American the self-evident truth that banks, dealing as they do only in intangible property, are not proper subjects for property taxation; that the true measure of a bank's ability to pay taxes is the earnings it can make."

WHEN BANK CROOKS SHOW PREFERENCES

The American Bankers Association reports that non-member banks suffer twice the percentage of burglaries and hold-up robberies as compared with members. Member banks display a sign showing that they receive the protection of the association's detective agents who cause the arrest of from 150 to 400 bank crooks every year, the organization, which is a non-profit body, says.

"Professional criminals often boast of having sense enough to dodge the far-reaching system of man hunting available to members, so long as there are other banks without this protection," it says. "They recognize that once on the record of the Association's Protective Department, they must pay for every crime with which they can be identified. Detainer warrants have followed them from place to place so that penal servitude for one crime would not exonerate other offenses."

IT'S POSSIBLE

PLANET MEN.
WE WONDER WHAT THE MEN ON THE DISTANT PLANETS WILL LOOK LIKE. WILL THEY HAVE ENORMOUS HEADS WITH LARGE "X-RAY" EYES, SMALL BODIES, PROBABLY SPONGE-LIKE, TO WITHSTAND AIR PRESSURE. WILL THEY BE LEGLESS, FLOATING FROM PLACE TO PLACE INSTEAD OF WALKING - WE WONDER - DON'T YOU?

SCHOOL WAS DISMISSED LAST FRIDAY

Last Friday was a national holiday for the Quitaque School. All members of the faculty attended the West Texas State Teachers Convention which is held annually at Canyon Teachers College.

The convention lasted through Friday and Saturday. Prominent speakers from different sections of the country spoke at the convention. Among the most outstanding speakers were State Superintendent L. A. Woods, Professor Hart from California and Bealy of New York.

QHS NOTICE

Joe Baily Payne has consented to take the position as Junior reporter on the staff. Jueata Whittington has found it too difficult to carry all of her studies, and at the same time carry the duties of a reporter.

QHS JUNIORS RAH!!

The Juniors have been very busy TRYING to select their rings for next year when they all hope to become dignified Seniors. Amidst all this have come many many controversies.

However, we wholly trust the dependable Junior's and know that whatever ring they may select will be easy on the eye, and at the same time worthy of the school and class it is to represent - The 1937 Seniors Class of Quitaque High School!

After several Juniors had recited poetry, Miss Thomas remarked that she thought the class should organize a Glee Club as all showed talents for singing.

The Juniors are proud of the fact that their class is producing both members of the girls debate team.

As the band plays, lets watch the Juniors go by. First we have Jack Hutcheson. Maybe not altogether

a lady's man, but a blumin good substitute. A leading man on the football squad, a basketball player and a fair track man. Jack can pass three subjects any time if he has to be eligible. If it were possible, Jack should attend school where singing lessons are given, because we are continually reminded of the fact that he has a voice which has been sadly neglected. In spite of this hand cap, he continues in earnest effort.

QHS FUN

Speaking about dates, that reminds us that there is another very important date, important not only to the school, but important to all fun lovers and those who enjoy real talent exhibit'on.

This date is April the First.

QHS

CONVERSATION & COMPARISON

Henry Gardiner had a very interesting conversation with the leading typing student in Abilene High.

Henry: How many classes of typing are held in this room.

Student: Five classes of typing are held each day, and there are thirty students to each class.

Henry: From this large group of machines, which type of machine is the most popular with the students?

Student: The Royal machine is by far the most popular machine. Students who start out on a different machine other than the Royal are sometimes known to change to the Royal but never is a student who starts on a Royal known to change to any other type.

Henry: Concerning speed as an average, and at the best, what are the rates?

Students: Any student who really tries can make between twenty five and thirty words per minute. Four of the students have a rate which reaches into the fifties, and the leading student can type sixty words per minute.

The average rate of speed in our school is just as good as the rate in Abilene. This is indeed something that we can all be proud of.

For the past few weeks, the students have been busy in studying the many other qualities that a good typing student must possess, however, beginning with this week, efforts will be given to speed. Watch for the best records.

QHS

Six weeks exams are over. This is only another reminder that only twelve short weeks stand between us and the end of this season's work.

Lets all take advantage of this nice, clean slate, and fill it to the brim with earnest effort. Thus far, we have done excellent and this is certainly no time for a let up.

QHS

LITERARY PARADE

The Texas Literary Parade, Belton's Centennial year celebration to be held April 4, will be an interesting observance at which 100 Texas writers will represent 100 years of Texas by reviewing literary achievements of the state at Mary Hardin-Baylor College.

BAPTIST W. M. S. - East Circle

Nine members of the East Circle of the Baptist Woman's Missionary Society met Monday afternoon with Mrs. H. E. Berry in a Bible Study.

In a brief business session, Mrs. Ray Persons was elected assistant Bible teacher.

Mrs. Ed Dunavant led the closing prayer. The following members were present: Mesdames Grady Starkey, Charlie Gamble, Ray Persons, Hubert Inman, Perrin Rumph, Harry, Dunavant, O. T. Murrphy and W. F. Brittain.

BAPTIST W. M. S. - West Circle

Members of the West Circle of the Baptist W. M. S. met Monday afternoon with Mrs. R. Neal Green in a Bible study. Mrs. J. W. Lyon led the program.

The meeting was opened with prayer by Mrs. J. N. Hamilton, followed by a group song. "Stand for Jesus". Mrs. J. W. Lyon, J. the devotional, taken from the tenth chapter of the book of 1-13th verses.

The leader conducted a discussion on Leviticus and Numbers, asking questions on the two.

The following ladies were present: Mesdames Gene Bedwell, J. W. Lyon, J. W. Lewis Graham, Walter M. Gregg, A. C. Bickford, Hamilton, O. W. Stroup, hostess, Mrs. Greer.

The President might have thought this would happen soon as the country begins a little better, the Republicans 't back.

Laugh at SKIN TROUBLES!

Stop that awful itching. Skin troubles like eczema in many cases with Palmer's "Skin Success". Successful for 35 years. Also use Palmer's "Skin Success" Soap. 25¢ each everywhere.

The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it - in comparison with Genuine Bayer Aspirin.

We say this because, before the discovery of Bayer Aspirin, most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of Bayer Aspirin largely changed medical practice.

Countless thousands of people who have taken Bayer Aspirin year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: Genuine Bayer Aspirin is rated among the fastest methods yet discovered for the relief of headaches and all common pains - and safe for the average person to take regularly.

You can get real Bayer Aspirin at any drug store - simply by never asking for it by the name "aspirin" alone, but always saying BAYER ASPIRIN when you buy.

Bayer Aspirin

The reason some people know nothing about money is that they don't keep it long enough.

SALES PADS - For sale at the Quitaque Post.

FOR SURFACE BURNS AND CUTS Dr. TICHENOR'S ANTISEPTIC IT'S GOOD FOR WHAT AILS YOU

B'rds have the highest body temperatures of any creatures.

There are more pyramids in Mexico than in Egypt.

The fellow who is always killing a little time may find some day that he has been murdering Good Opportunity.

Birds of a feather have a habit of knocking together.

The Post - \$1 a year in territory

DU-U-NO

That a Texas town sold for fifty dollars. The entire town of Seguin was once sold for \$50 (1843).

That the governor of Texas rules more territory than any king or premier of Europe in the continental limits of his country, Russia alone excepted.

That Texas is so large that every man, woman and child in the world could be given an area of land 65 feet square (4225 square feet) carved out of the state.

That Texas has had eight capitals - Washington (on the Brazos), Harrisburg, Galveston, Velasco, Quintana, Columbia, Houston and Austin.

That the sun shines more at Amarillo than anywhere in Texas, 81 per cent of daylight hours.

Character is the sum of the affections.

Milestones of American Genius

(Grant's Tomb, New York City)

ULYSSES S. GRANT

OVER the door of the imposing monument which contains the body of President Grant, in New York City, are the words: "Let us have peace." They describe this foremost soldier of the Union Army better than his military titles and exploits, for he was a simple man of peace at heart.

Ulysses Simpson Grant was born at Point Pleasant, Ohio, on April 27, 1822. His parents were farmers and also owned a tanning works, and the boy's early training was more practical than academic. But he succeeded in entering West Point.

He was not an outstanding student there, and instructors probably gaped in wonder in later years as they watched the masterly strategy of this lad who had never even succeeded in looking spruce and soldierly.

After graduation he saw service in the War with Mexico and thereafter at modest military posts until 1845, when he resigned his commission, and eked out a living as farmer, real estate operator and clerk. Twenty years later he donned a uniform once more in defense of the Union. President Lincoln recognized his tactical talents, advanced him in command, and he emerged from the war as its military hero, with the rank of General.

His next service to the nation was as its President, for the two terms beginning in 1869, during the difficult reconstruction period. He applied to the peacetime problems the same wisdom and tenacity which had marked his war campaigns.

In the last years of his life, after leaving the White House, swindlers involved him in a financial undertaking that stripped him of his fortune and property, and at 62 he was obliged to throw himself feverishly into the task of providing for his family. His autobiography, written during this strenuous and pathetic period, was finished a few days before his death on July 23, 1885, at Saratoga, N. Y.

Grant's Tomb in New York, overlooking the Hudson, is the most famous of the many memorials to this soldier and statesman. Thousands bare their heads weekly in this sanctuary to pay reverence to an American who served his country with valor and honor.

Demonstration Of--

(Continued from Page 1)

with so far."

Altho Mr. Bentley could only be with us one day we didn't let his departure stop the good work. Tuesday the demonstration continued along the same lines as outlined by Mr. Bentley, and despite the fact that about 10 o'clock a light (?) dust storm came up the old tractor "chugged" right on and the surveying crew kept on running lines and interested farmers from far and near kept visiting the demonstration. "Tubby" says, "Boy I want to get this farm in shape to be a show place for Briscoe County"—and it looks like that's what's happening.

To those of you who haven't seen this farm I suggest that you pay it a visit.

ject. Just try it—you will be more than pleased.

Food Crops

Lets not loose sight of the fact that whether we have a farm program for '36 or not, and whether we make a good cotton or maize crop or not, we still have to eat and will have to feed our families. It is important therefore that we include in our plantings sufficient food crops to take care of the family needs. We want to have a surplus to can too because we may have to eat some next winter. The sooner we learn to produce our living at home the sooner we can stop that charge account at the store. Good farming calls for an adequate supply of food crops and we all want to be known as good farmers.

Old San Francisco lives again in this stirring tale of the Barbary Coast

and Selected Shorts

"A Tale of Two Cities" At Queen Thursday-Friday

"A Tale of Two Cities"—Charles Dickens' great classic—will be featured Thursday and Friday nights at the Queen Theatre in its first screen presentation. The second Dickens novel to appear on the screen, "A Tale of Two Cities" has proved a worth successor to "David Copperfield."

With Ronald Colman continuing a great screen come-back in the leading role as Sydney Carton, who reclaims a misspent life and wins immortal fame as the hero of the stirring tale, the picture brings to the screen a great cast. Elizabeth Allan, Edna May Oliver, Reginald Owen, Basil Rathbone, Blanche Yurka and Henry B. Walthall are numbered among the screen great with their superb performance in the great classic.

Unfolding a stirring history of the French Revolution, "A Tale of Two Cities" sweeps from London to Paris in a great and thrilling romance of the times. Less involved than "David Copperfield," and with a more powerful central theme, the new Dickens screen play reaches even greater heights in audience appeal than did the "Copperfield" presentation.

It is a great picture, woven from the pages of Charles Dickens' most popular novel—thrilling romance in one of the most exciting periods in the world's history—and played by a stellar cast. Don't miss "A Tale of Two Cities" at the Queen Thursday and Friday nights.

and Mrs. Jake Morrison of Estelline were visitors in Gasoline Thursday.

Mr. and Mrs. Joe Bedwell and Mr. and Mrs. Pugh Thrasher attended the show a Turkey Sunday evening.

A New Cotton Planting Attachment for the No. 3 Farmall Middle Buster

THE No. 22 planting attachment converts the McCormick-Deering No. 3 Farmall Middle Buster into a first-class cotton planter. The planting mechanism is driven from the right-hand rear wheel of the Farmall Tractor.

The No. 22 attachment is equipped with single-seed cotton hoppers and with corn cut-off and plates for planting corn or Kafir corn. It will plant from 13 to 40 pounds of cotton seed to the acre, and if a larger capacity is wanted, you can get plates which make it possible to plant from 50 to 70 pounds an acre. Plates are also available for planting beans, peanuts, and other seeds. Disk covers are regular equipment—shovel covers can be supplied on special order.

See us about this new McCormick-Deering planting attachment for the Farmall Tractor.
