

Registered Gilts To Be Shown Saturday

Mr. Muleshoe

Great balls o' fire item: The loss experienced from motor traffic accidents is usually expressed in terms of dollars. This loss during 1947 amounted to \$81,483,938. Dollars alone cannot tell the tragic story of pain, suffering and death which make up the greatest loss in these tragedies.

The Longhorn Stadium in Austin will seat 65,000 persons when the 1948 football season opens. If we were to fill this stadium to capacity we would have a group the size of our traffic casualties in Texas for one year.

Now let us close all the exits to the stadium except one. As the men, women and children start to file out we will kill the first one, break a leg of the second, gouge the eyes out of a third, break the ribs of the fourth, etc., until the thirty-fourth person comes along. Then we start over killing one and injuring thirty-three until the stadium is empty. The resulting pile of dead and injured would approximate the number of traffic casualties for one year. This is our real traffic accident loss, the part that cannot be expressed in dollars.—Department of Public Safety.

As we sally forth blithe and gay to some vacation rendezvous far away, let us remember the above and resolve to never, never, never, never drive carelessly or thoughtlessly so that we may return safe to Muleshoe and enjoy many, many more days of this barmy, deligh-tul weather.

Seen & Heard: "Eti" Evans: Necessity is the mother of invention. Sunday I got out in my yard, mowed it and disposed of the hay. The sun was boiling hot and it was a hot, hard job. I figure I will now lay concrete on the yard, front and back, and paint it green every so often.

Dr. M. F. Green: When I came to Muleshoe I never thought of reading The Journal. Now I sit and wait for it to come, then read everything in it. You all seem to put just the things in The Journal that ought to go into a weekly paper, in my opinion.

I explained to him that perhaps he is more interested in the town and county, knows more people, therefore he is more interested in news concerning them. He says, however that reading the paper has helped him to become acquainted. Anyway, thanks for the shot in the arm.

The next President of the United States already has been selected. There will be an election to go through, much ballyhoo on radio, screen, and in the newspapers, but so far as you and I are concerned, it is now completely out of our hands.

The last opportunity, and the only one, that you and I had to exert influence in the matter, came and went Tuesday of this week when the County Democratic Party Convention was held in Muleshoe, according to law. From there on out, you nor any other voter, excepting 23 delegates from Texas, will have the slightest influence upon the question of who becomes President. Our delegates were uninstructed—so far as our control goes, they could vote for B. O. Plenty and get away with it.

All the delegates will assemble in Philadelphia to wrangle and fuss perhaps for days. And in the end they will nominate you know who, with a great show of party harmony, without any further consideration of what the voters back home think about it.

And the point of all this is that surely some way can be worked out whereby not the bosses, not the big leaders whose word in party councils is law, but the majority of the voters, just going in and voting their sentiments, will select our future Presidents. (Whoever is nominated, he will suit me, you understand the point I'm trying to make is that the direct vote at least on paper sounds more democratic.) The conventions will nominate one of several men that you already know about, in all likelihood, therefore it does seem to me that in Texas at least, our precinct and county conventions tend to become a mere formality; especially so, when after due notice of the meeting, only six duly and legally qualified voters showed up.

MISSOURI VISITOR Mrs. C. A. Bergstrom of Kansas City, Mo., is here visiting with her daughters, Mrs. Lois West, Mrs. Everett Talley, and Mrs. Mildred Sneed, and their families.

THE MULESHOE JOURNAL

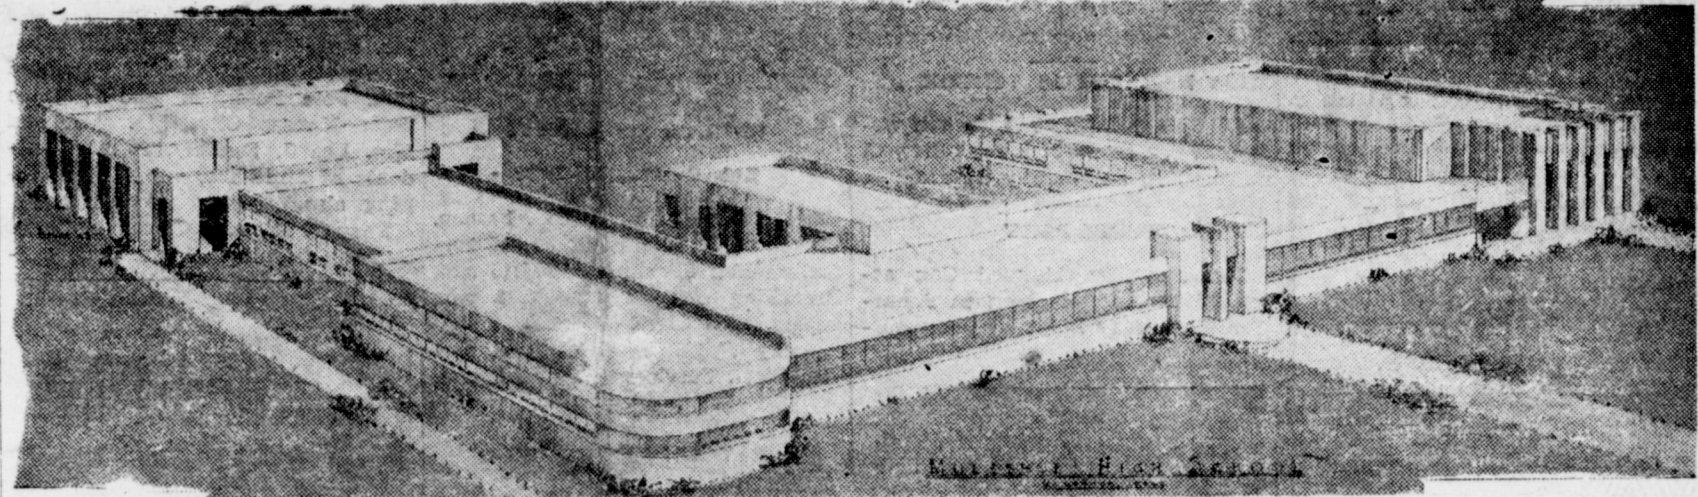

Dedicated To The Progress And Development Of Bailey County And The Great Muleshoe Country

VOLUME 26, NUMBER 18

MULESHOE - COUNTY SEAT OF BAILEY COUNTY, TEXAS

THURSDAY, MAY 6, 1948

Muleshoe's New School Building

Above is pictured the architect's conception of the new high school building for Muleshoe, which is expected to cost in the neighborhood of \$450,000. A bond issue was recently voted by the people to finance the building.

It is hoped that the board of trustees can call for bids at an early date. The Muleshoe district covers a big portion of Bailey county. Approximately 400 students can be housed in the new structure, which will contain 13 class rooms, a band room, auditorium to seat 1,000, music rooms, home economics department, library, study halls and gymnasium.

Everyone in the Muleshoe country will have just reason to be proud of this great improvement in their school system.

362 Irrigation Wells Counted

There are 362 irrigation wells in that small part of Bailey county which lies north of the sand hills, Bill Matthiesen reports after completing a survey for the Bailey County Water Conservation Association. He has not surveyed the south part of the county, but there are few irrigation plants in that section, probably less than 20. Mr. Matthiesen went to every place in the area mentioned, and recorded such data as depth of the well, pump placement, kind of fuel used, when installed, etc. Many irrigation farmers paid to him their dues as members of the association. He reports that many more wells are in process of installation and that the number is growing every day.

About 30 registered gilts of four breeds, Poland China, Chester White, Duroc, and Mampshire, will go on exhibition here Saturday, May 8, by boys of Bailey county 4-H clubs and vocational agriculture classes. It is the annual gilt show. Prize money for this show was collected at the same time as premium money for the annual fat stock show. Ollie Limer, Farwell, Farmer county farm agent, will judge all classes. The show will be by breeds and the following prizes for the first eight places in each have been arranged: first, \$10; second, \$8; third, \$7; fourth, \$6; fifth, \$5; sixth, \$4; seventh, \$3; and eighth, \$2. In addition there will be a prize of \$10 for grand champion and \$7.50 for reserve champion gilt.

School Host At Luncheon Muleshoe school will be host to a luncheon for the boys, their dads, business men, and others who have helped with the program. The place is Fellowship Hall. Also, superintendents and vocational agriculture teachers of this district have been invited to attend the show and to partake of the luncheon. Judging will begin shortly after the luncheon is over, probably about 1:30. The show will be held in the new vocational agriculture department building, now nearing completion on the new high school campus.

Muleshoe Wins Over Olton Nine

Muleshoe defeated Olton Sunday, 6 to 2, in another Capitol League baseball game played at Olton, bringing their season's total wins to 4 with no losses chalked against the local team. Three of their victories have been against conference teams.

Pitcher White went the route for the Muleshoe nine Sunday, striking out 10 Olton batters and allowing them only three clean bingles during the game. Their two runs were unearned. Podkin, Olton hurler, had eleven strikeouts, but the Muleshoe boys touched him freely, especially in the late innings and had a total for the game of 16 hits. Les Lambert batted out a triple and double base blows were clouted by Eberheart and Lumpkin.

NEW FAMILY MOVES HERE

Mr. and Mrs. Walton Myers and two children, recently of Amarillo, have moved to Muleshoe, and he is connected with the Layne Machine Shop as a welder. The two children have enrolled in grade school here.

SPEND WEEK END HERE

Mrs. J. E. Evetts and daughter, Ann, of Portales, and Bobby Sanders, of Maple, were here Sunday for a visit with Mr. and Mrs. Henry Hanover and Miss Pat Bennett.

Mother's Day MAY 9th Remember Mother AMERICA'S FIRST LADY. Advertisement featuring a woman and child.

High School Lists 41 Students For Graduation At Exercises On May 21

Recreation Program Is Planned Here

The summer recreation program, to be held in Muleshoe during the months of June, July and August, is open to children of school age in the Muleshoe independent school district, according to officials of the Lions Club, which is sponsoring the program.

Both boys and girls will take part in the program, and Don Jackson has been engaged to manage the entire program. Included in games in which there will be supervised play are basketball, football, tennis, horseshoes, ping pong, croquet, volleyball, jacks, marbles, softball and others. Start of the program is set for early in June.

ATTENDED EASTERN STAR SCHOOL OF INSTRUCTION

A group of members of the Muleshoe chapter O. E. S. attended a school of instruction held in Plainview Wednesday. Included in the group from here were Mrs. Howard Elliott, Mrs. Clyde Holt, Mrs. Bill Collins, Mrs. Eddie Lane and Mrs. Chet Layne. All were awarded certificates at the conclusion of the examinations. Mrs. Elliott received an "A" certificate, others received "B" certificates.

FRANCES WIMBERLEY IS HONORED WITH PARTY

Frances Wimberley was honored with a birthday party Monday night, May 3, in her home. Games were played and refreshments were served to about 22 young people.

Entire Town To Be Sprayed With DDT

Preparations are being made to spray the entire city of Muleshoe with DDT in the near future as a precaution against flies and mosquitoes. Mayor Connie Gupton announced following a meeting of the city commission Tuesday afternoon.

He asked The Journal to announce that this work, begun last summer here, will be continued this summer, since the consensus of opinion was that the work was extremely effective in keeping down the number of these insects. Assessments will be made against each water meter in the city to carry on this work. Mr. Gupton said the assessment will not be more than 75 cents per meter.

He said city officials believe the spraying will save each household or business much more than that in the purchase of spraying equipment and chemicals on an individual basis. Health authorities are convinced that polio, among other diseases, are spread by insects, and that DDT, being deadly for insects, will thereby tend to control the incidence of polio and other diseases. Last summer there were few flies in Muleshoe. Only one spraying was used but it seemed to have a great effect in controlling this nuisance.

Bindweed Spreading, Matthiesen Reports

Bindweed is a real menace to the farms in that part of Bailey county lying north of the sand hills, according to Bill Matthiesen, who has visited virtually every farm in the area. Mr. Matthiesen told The Journal that one sees the weed growing nearly all over the area, in fields, on irrigation ditch banks, in roads and highways. It is going to take a very determined effort on the part of everyone to control this pest, he thinks.

Bindweed is scattered when birds carry seeds about, or when farm implements drag the roots to other section of a field, he says. Extreme care ought to be observed by everyone so as not to be instrumental in helping to spread bindweed. Mr. Matthiesen said.

Dairy Judgers High At A & M

Muleshoe's dairy products team tied for fifth place in the state contests held last week end at A & M College. It was a worthy honor for the lads who have consistently won all spring in contests here and elsewhere. The team was third at the area contests held in Lubbock. Lee Christie, Voc. Ag. instructor, accompanied the boys on the trip. The team is composed of Jimmy Thomas, Bill Aylesworth and Eugene Henry, with R. E. Williams as alternate. The group left here last Thursday morning and returned Sunday.

Assembly Of God Announces Revival

Revival advertisement featuring a portrait of Rev. Burkus. Text: The Assembly of God church, one block south of Arnold Morris Auto Co., announces a revival meeting, which began Sunday night May 2, and will continue through May 16 and perhaps longer. Rev. Burkus is speaking each evening. Rev. Burkus is a capable and experienced revival speaker. The public is invited to attend these services and enjoy a spiritual uplift. Rev. Harold Hubbard, pastor, said that there will be special singing and good music during the revival.

Mr. and Mrs. Buck Taylor were in Post Sunday, spending the day with their daughter, Mr. and Mrs. Cecil Osborne, Jr.

VISIT IN POST

FOR PAPER and Office Supplies Call The Journal, Phone 54. —Adv.

Democrats Name State Delegates

Few attended the Bailey County Democratic Party convention, held in the courthouse Tuesday.

The convention named its delegates to the state convention in Brownwood, but did not instruct them in any matter excepting on the tidelands question. A resolution was adopted instructing the county delegates to vote for a resolution supporting state ownership of these tidelands, if presented at the state meeting.

Jess Richardson, Henry Damron, George Johnson, and Noel Woodley were named as delegates to the Brownwood convention, and V. C. Garner, Henry Hanover, Connie Gupton, and Ed Johnson were named as alternates.

The resolution adopted urged Congress to enact and the President to approve legislation, now pending "which would recognize and confirm the heretofore long recognized ownership of the state land beneath navigable waters within their boundaries, and our delegates to the state convention in Brownwood are instructed to support a similar resolution."

Eleven Arrests Fill Bailey County Jail

Eleven arrests last week, all involving liquor, kept local officers busy most of Saturday night and part of Sunday, Sheriff J. C. Buchanan said.

Deputy Sheriff Roy Hogan and City Policeman Bartley arrested one man who was charged with possession of unstamped liquor; seven on a charge of drunkenness; and three on a charge of driving while intoxicated. The man who was charged with possession led the officers a lively chase over the roads north of Muleshoe before he was caught up with.

Will Keep List Of Combine Operators

The Texas Employment Commission is interested in bringing their file of Custom Combine Operators up to date so that they might be of assistance by imparting information concerning crop conditions, harvest dates, need of additional machines in particular areas. The commission will also exchange information with Oklahoma, Kansas, Nebraska and other wheat producing states.

The Littlefield office, located at 114 West 4th Street is responsible for Lamb, Bailey and Farmer Counties; Mr. Jordan suggests that all operators contact his office personally, or write Post Office Box 683, Littlefield, Texas, giving name and address, number of machines, make and size, whether tractor pulled or self-propelled, make, model of trucks; number of extra laborers and trucks needed.

ATTEND SHRINE MEETING

Johnny Johnson, Pat Bobo, Earl Ladd, J. E. Mills, Bill Collins and L. S. Barron attended the spring ceremonial of Khiva Shrine Temple, Amarillo, first of the week. Bobo was initiated. While there, Mr. Bobo devoted some little time to obtaining a street cleaner for Muleshoe, the others said.

Mock Appointed Bailey Surveyor

John J. Mock, who recently moved here from Plainview, has been appointed county surveyor, it was announced this week.

Mr. Mock, an ex-G. I. who received his training under the widely known Jeff Williams, veteran surveyor of Hale county, has been doing contour mapping, making surveys for irrigation well placement, and running lines for terracing. He has maintained his office at Pool Insurance Agency.

Amarillo Men Visit Muleshoe

One hundred twenty-five top flight Amarillo business men, traveling on a special Santa Fe train, spent an hour in Muleshoe Tuesday. The special had visited towns on the South Plains, and was headed for New Mexico, where a night stop would be made at Carlsbad.

The Muleshoe high school band was on hand to welcome the trippers, and played several numbers. The Amarillo men were accompanied by a 40-piece segment of the West Texas State College band, which played several selections.

Roy Holland welcomed the visitors in a few well chosen words, Mason King, the well known Amarillo master of ceremonies, presided and introduced Guy Saunders, of the Ordway-Saunders company, Amarillo, who responded to Mr. Holland's welcome talk.

"We hear you have had a rain," Mr. Saunders said. "We wish you would tell us how much you got, the preacher, or however you got the rain, because we sure need rain up our way." The newly organized Junior Chamber of Commerce took the lead in bringing out a nice crowd for the visitors, who seemed to appreciate the warm welcome they received here.

McReynolds Farm Sale Next Monday

Allen McReynolds will hold a farm sale the coming Monday, May 10. The farm itself will be sold. It consists of 40 acres, with a nice modern home, irrigation well and other improvements. Sealed bids will be accepted by mail and will be opened at 2 p.m., or anyone wishing to bid may submit an oral bid at the sale.

Farm implements, household goods and many miscellaneous items will be disposed of at this sale which will be conducted by W. D. Wanzor.

Local Markets

Market prices table: Cream, lb. 38c; Light Hens, lb. 17c; Heavy Hens, lb. 21c; Eggs, doz. 33c; Hides 33c; Hogs, cwt. 38c; Maltz, cwt. 38c; Kafir, cwt. 38c; Hegari, cwt. 38c; Wheat, bu. 38c.

THURSDAY, MAY 11, 1944
Plans For School

Plans for building a school are being discussed. The school's subscription list is being sent to grow. Those who have new and renewal subscriptions for the past week are the following:

NEWS BRIEFS
BASEBALL GAME ON LOCAL FIELD SUNDAY AFTERNOON
 Muleshoe and Needmore, both Bailey county entries in the Capital Baseball League, will meet in a game at Legion Field in Muleshoe the coming Sunday afternoon, officials announced.
 The game will be called at 3 o'clock.
FEED MAKERS HERE
 J. T. Hatch, territorial salesman and George Simpson, nutritional specialist of the Wes-Tex Grain &

Milling Company, Plainview, were here on business last week, calling on John's Custom Mill, local dealers for Wes-Tex feeds.
LAZBUDDY WOMEN ATTEND DISTRICT MEETING AT TULLA
 Officers of the Local Society of Lazbuddy attended the Amarillo District officers' meeting at Tulla Thursday, April 29. Twenty-one local societies in the Amarillo District were represented. A total of 179 officers were present.
 Those attending from Lazbuddy were the following: Mesdames C. D. Gustin, H. W. Carpenter, J. L. Seaton, Henry Ivy, O. M. Jennings, A. M. Seaton and Frank Hinkson.

MISS BARNETT IS VISITOR
 Miss Mary Barnett of Vernon visited in the home of her brother, C. A. Barnett, and family Saturday.
HEARD ITURBI PLAY
 Mr. and Mrs. Howard Cox attended the recital given in Amarillo Wednesday night by Jose Iturbi.

At the Churches
Soil Conservation District News
 Soil Conservation Service technicians assisted W. W. Couch, A. J. Jones and A. H. Darieck and son in laying out irrigation ditches for watering row crop.
 Topographic surveys which are used in planning improved methods of irrigation water application have been completed on farms owned by Willie Ramm and Tom Payne.
 Willie Ramm has been given his border direction for watering alfalfa.
GUESTS AT PORTALES
 Mr. and Mrs. Lewis Stewart and Mr. and Mrs. O. B. Harrah spent Sunday in Portales visiting Mr. and Mrs. Pete Peterson, who is there from Kansas City, Mo. Mr. and Mrs. Lee J. Sanders, former residents of Muleshoe, were there visiting also.
 They all attended Church of Christ Sunday morning. A delicious buffet dinner was enjoyed by everyone.

WAGNONS HAVE GUESTS
 Mr. and Mrs. Dick Wagnon and son spent the week end in the home of his parents, Mr. and Mrs. W. D. Wagnon. Another son, Joe Mac, who is attending John Tarleton college was here for the week end.

STUBBLE MULCHING WILL PROTECT DRY LAND

Most of the 100 million acres or more of so-called dryland used for crops is located in the Great Plains. Here, the long-time rainfall generally average under 20 inches a year. Strong winds sometimes blow the dry soil away. In years of low rainfall, the threat of dust storms becomes real here, unless land and crops are handled with the greatest care.

Stubble mulching is one of the most effective measures for protecting drylands. Each year less land is laid bare by burning the stubble. Level terracing and contouring are other effective measures to conserve moisture and thwart wind erosion.

Terracing and contouring help moisture penetrate. The seed germinates readily and there is a good protective cover for the land during winter and early spring when wind erosion is a constant threat. There is usually enough rain in the Great Plains to produce a crop of wheat on deep soils if it is saved and stored in the ground by such measures. Shifting to such crops as sorghum and broomcorn during years of exceptional drought has helped many Plains farmers protect their land and grow a crop virtually every year.

This information is furnished by the Blackwater Valley Soil Conservation District.

Of 900,000 people eligible for Social Security, only 288,000 have applied because they cannot afford to retire and live on Social Security.
 —Henry Morgenthau.

WOULD YOU WORK 5 YEARS for \$6.15 a month?

If you are now age 35 and have earned and continue to earn at least \$3,000 a year under Social Security, at age 60 you will be entitled to a benefit of \$50.25 a month. Payments will begin when you are age 65. If you continue to earn \$3,000, and work right on until you are 65, you will get \$6.15 a month more from your Social Security. But would you work five years longer for \$6.15 a month more?

Chances are, you couldn't live on \$50.25 a month—or \$56.40 either, for that matter. Chances are, you couldn't afford to quit. But you can afford to quit when you are 60 if you supplement your Social Security now, while you are earning a steady income. Which would mean the most to you—five more years of labor, or five years sooner in which to start taking life easy?

You can supplement your Social Security benefits with Southwestern Life Insurance to guarantee yourself an income of \$100, \$150, \$200 a month—or for any amount you wish—and quit when you are 60! There's a Southwestern Life retirement plan to fit every pocketbook. Let me show you today how to combine your Social Security benefits with Southwestern Life Insurance. The sooner you hear the facts, the more you will know about how easily and conveniently you can combine life insurance with Social Security.

The SIGNS OF SPRING OBEY THEM

CLEAN PLUGS
CHANGE YOUR OILS AND GREASES
CLEAN YOUR CAR
ADJUST YOUR BRAKES
TUNE YOUR ENGINE
ALIGN YOUR WHEELS

MAYBE they aren't all printed by the roadside. Maybe they don't all stare you in the face. But you're a wise person, —so act on your wisdom—TODAY.

COME TO OUR PLACE and every spring sign will be answered. We'll give you our full spring treatment, with spark plugs that purr, ignition that clicks, an engine that hums, brakes that are safe, wheels that are true, bolts that are safe. We'll shoot off the lube-gun that gives your car life in a thousand places, with fresh-oil for your engine, and lots of grease where it should be.

Yes, and above and below we'll erase all traces of winter's rough weather. Then with a final touch of rouge and massage we give you that come-on look of the season. ACT TODAY.

WE HAVE BEEN AMUSED

"We have been amused," says the North Plains (Texas) views, "at the attitude of some people who seem to resent the fact that farmers now have some money and can have some of the conveniences on the farm that have always been avail-

able in town. They talk as if it is too bad that the little square houses in the back yards are being torn down; that the wife's washtub isn't used on Saturday night for a bathtub; that the smoky oil lamp has been changed into a modern antique electric table lamp; that water isn't carried 50 to 100 yards from well to house. And to think that a woman doesn't have to bend over a coal or wood range all day to cook for a harvest crew!

"Why, some of them even have air conditioners in the kitchen window. They don't use milk boxes at the well any more to keep milk and butter cool, they use gas and electric refrigerators! And they don't drive a Model A any more, they drive new cars and even go to the show once or twice a week! And about as many farm boys and girls go to college as from the towns.

"In our opinion the farmer isn't ahead of everyone because of the high prices for his products. He is just now catching up with his city

IT'S POSSIBLE WITH PAINT by Ray Hookway*

neighbors, after doing without these conveniences for all these years."
—The Nation's Agriculture.

PRAYER OF ABUNDANCE

The Sodality Union of Washington, D. C., suggests that one Sunday be set aside so that every citizen in the nation may be asked to offer two prayers—one of thanksgiving and the other for continued blessings for the bountiful harvests of this country. Space does not permit the printing of both prayers but we are pleased to submit the following:

Prayer for a Bountiful Harvest
We pray Thee, O Lord of the Harvest, to bless these fields Thou has given us and in Thy Infinite bounty give them the life and the power to bring forth the grain, the herbs and the fruits Thy Children need. O Lord God, Who has taught us in Thy Own Prayer to ask from Thee our daily bread, grant, we pray Thee, this abundance unto us. Pour down Thy blessings, we beseech Thee, O Lord, upon Thy people and on all the fruits of the earth, that when collected they may be mercifully distributed to the honor and glory of Thy Holy Name. Through Our Lord, Jesus Christ, Thy Son, Who liveth and reigneth with Thee, world without end. Amen.

THE FREEDOM PLEDGE

As visitors file from the Freedom Train, they stop and sign the Freedom Pledge:
"I am an American. A free American.
Free to speak—without fear
Free to worship God in my own way
Free to stand for what I think is right
Free to oppose what I believe wrong

Free to choose those who govern my country.
This heritage of Freedom I pledge to uphold
For myself and all mankind."

The area of freedom in the world is shrinking. America stands as a beacon of hope to all democracies. We can show the world that a free country is the best guarantee of happiness and security, that the voice of the people is wiser than

Tip On Bridal Gift

NEW YORK—Blanche Zolner has plans for a June wedding. When her fellow players in the Broadway production "Joy to the World" heard of it, they presented her with a new Yale tip toe iron as a pre-wedding gift. Giving it a tryout in advance, she is shown experimenting with the tip toe feature on a pleated dress. Easily maneuverable, it's just the thing for a housewife with an outside career, for it cuts ironing time and fatigue.

the edicts of dictators. That is the message of the Freedom Train. It seeks to arouse each citizen to be sure that his or her voice is part of the voice of America when it speaks.

LEGION AUXILIARY WILL SELL POPPIES MAY 29

Members of the American Legion Auxiliary, of Muleshoe, will sell poppies here Saturday, May 29, the day before Decoration Day, it was announced this week.

A number of the members will assist in the sale of the poppies for benefit of disabled veterans.

CO-OP HEAVY DUTY
CONTROLLED: QUALITY — PRICE — CONSTRUCTION

This popular all-purpose tire was a great war-time favorite with thousands and thousands of Co-op users. Now with higher natural content and improved strength in construction, it's even better than ever. The rugged tread assures good mileage and the rubber is especially compounded to withstand wear and weather. This tire's strong carcass construction makes it ideal for general service over all types of roads.

A "star" in any car!

If you're "shooting" for smoother engine performance...for less added oil between drains...make a date, today, to OIL-PLATE...with Conoco Nib Motor Oil!

You see, Conoco Nib (Patented) contains a special, added ingredient that fastens extra lubricant so closely to metal that working parts are OIL-PLATED.

This extra OIL-PLATING stays up on cylinder walls, won't all drain down, even overnight! That means your engine is extra-safe from harmful combustion acids...extra-safe from "dry-friction" starts...extra-safe, too, from sludge and carbon caused by wear.

For "star" performance...extra protection, more miles per quart...

Make a date to OIL-PLATE!

Women's News. Club Events Social Activities

Hutton Hostess Watson HD Club

The Watson Home Demonstration Club met Wednesday, April 28, in the home of Mrs. Horace Hutton. The demonstration on tatting lace was given. The women each tried and hemstitch.

Delicious refreshments of pear salad, wafers, and soda pop were served to the following members: Mesdames Chester Petree, George Fine, Jim Henderson, James Henderson, Clinton Edwards, Dave St. Clair, Kenneth Campbell, Edwin Campbell, Andrew Wittner, Horace Hutton. Three new members, Mesdames Clyde Crebbs, Ernest Bass and Jace Lowe, and one visitor, Mrs. L. A. Corbell.

The club is looking forward to a box supper and candidate speaking May 13 in the gym.

The club is looking forward to the next meeting, May 12, when Progress club and Mrs. Laurette Williamson will meet with us in the home of Mrs. Dave St. Clair.

Bailey School Faculty Held Banquet Monday

The faculty members of the Bailey county schools held a banquet Monday night, May 3, in Fellowship Hall. The schools represented were Three Way, Circle Back, Bula Muleshoe.

Invocation was given by Rev. T. Craft and organ music was played by Glen Rockey.

Mrs. Elizabeth Woodley gave an interesting talk on "Stay alive as long as you live."

Waneen Beller and Billy Don Barbour, Louise Shaw, and Ann Woodley each sang several selections.

A business session was conducted by H. H. Hornsley, Bailey county president. The following officers were elected for the new year: C. W. Grandy, president; Miss Effie Farmer of Three Way, vice president; Mr. Ingram of Bula, secretary.

Guests other than teachers were: Noel Woodley, Eual Hall, Mr. and Mrs. Morris Childers, and Mr. and Mrs. Frank Cummings.

Longview Y. W. A. Had Birthday Dinner

The Darlene Elliott YWA of the Longview Baptist church celebrated its first birthday Tuesday, April 27, with a birthday dinner at the church.

The program consisted of the following songs: O Zion Haste, The Light of the Word Is Jesus, and Send the Light. A devotional was given by Eddie Raye Glenn. Noreane McKnight read the auxiliary history. An inspiring message was given by our pastor, Rev. E. R. Ingram. After a delightful evening, we adjourned with prayer.

Present were: Noreane McKnight, Estelle Dawson, Doris Faye Albin, Eddie Raye Glenn, Helen Dawson, Kay Buzard, Bobby Neil Glenn, Glenna Miller, Katherine Black, our counselor, Mrs. E. A. Glenn and our pastor, Rev. E. R. Ingram.

Mrs. Roark Hostess To West Camp Club

The West Camp Pollyanna Home Demonstration Club met Thursday, April 29, in the home of Mrs. C. E. Roark.

The meeting was called to order by the president, Mrs. A. J. Jones, and the business session was held.

Mrs. Sam McLarty gave the Council report and Mrs. Willie Williams gave a report on the District meeting.

The club is looking forward and planning to attend the banquet to be held Friday night.

Muleshoe club is to be the guest of the West Camp club and Watson club will be host to West Camp.

Their kitchen linen shower was considered a big success. Mrs. W. W. Williams gave a demonstration on "Accessories for the

Home." Refreshments of pop and wafers were served to the following: Mesdames Wilma Austin, Naomi Austin, Ethel Harding, Viola Dutton, Hazel Willingham, Bert McLarty, Bonnie Williams, Joy Jones, Grace Snider, Oleen Willingham, Beulah Williams and C. E. Roark.

Frances Wimberley Honored With Party

Mr. and Mrs. Marvin Wimberley honored their daughter, Frances, with a birthday party Monday, May 3, celebrating her fifteenth birthday. Frances received many lovely gifts. Those who attended the party were:

Rufus Aylesworth, Wanda Anders, Bobbie Dean Martin, Aubrey Heathington, Patsy Lane, Richard Barnett, Jeri White, Bill Green, Katherine Bailey, Loyd White, Evelyn Walter, Luther Buchanan, Jo Ann Hale, Jimmy Wingo.

Frances Wimberley, Bill Aylesworth, Amrina Aylesworth, Mary Ellen Wingo, Doris Jean Copley, Corlene Wimberley, Eunice Lee Perciful, Jennie Lee Hale, Lois

Faye Wimberley, Dewayne Wimberley, Marlin Wimberley, Wanda Wimberley, the grandparents, Mr. and Mrs. J. A. Wimberley, J. M. Wimberley, and the host and hostess.

Music was furnished by Rufus Aylesworth and Bobbie Dean Martin, and many lively games were enjoyed by all. Refreshments of cake, ice cream, whipped cream and jello, salad and iced grape juice were served.

Mrs. Elliott Heads The Eastern Star

Mrs. Meizne Elliott was elected Worthy Matron of Muleshoe O. E. S. No. 792 when the chapter held its regular session at Masonic Hall Tuesday night. Other officers chosen are:

Worthy Patron, R. J. Klump; Associate Matron, Mrs. Mary Frances Holt; Associate Patron, Earl Ladd; secretary, Mrs. Ruby Cox; treasurer, Mrs. Anna Lucy McAdams; conductress, Mrs. Margaret Collins; associate conductress, Mrs. Bettie Burkhead.

Other officers will be appointed by the worthy matron. A public installation will be held at the hall Monday evening, May 31. Officers of the chapter extended an invitation for all members of the Eastern Star order to attend their meetings, which are held on the first Tuesday evenings of each month.

Several members of the chapter to attend a Friendship night pro-

gram to be given by the Bovina chapter Thursday, May 6.

Progress Club Met In Maeberry Home

Progress home demonstration club met in the home of Mrs. Ray Maeberry May 4. Mrs. Marie Maltby gave the inspirational.

The sewing demonstrators reported 3 dresses, 1 blouse, and 1 shirt made. The personal committee reported 9 cards and 1 wreath of flowers sent to friends.

Progress club will visit Watson club May 12. All members that are going are to meet at Mrs. Albert Davis' at one o'clock and go in a group.

Mrs. Maeberry was elected alternate council delegate. Mrs. Murrain, Mrs. Maltby and Mrs. Guley gave a report on the Plainview meeting. We received another letter of thanks and appreciation from the Helland family. The little Holland girl will be 2 years old in July, and the club voted to send her a doll in the next box. Please bring an article for the next box to Mrs. Guley's place May 18. Mrs. Maltby was on the radio Monday in the interest of club work.

Mrs. Elzada Gusey gave a very interesting talk on "dressing on a budget." The club voted Mrs. Marie Maltby club mother; she was presented a lovely corsage. Mrs. J. J. Gross and Mrs. Cora Shaw were presented roses for being the two oldest mothers present. Mrs. J. B. Landers, Mrs. Coy Simmacher and

Mrs. George Gross were presented roses for being the youngest mothers present.

We welcome Mrs. Tom Kelly, Mrs. L. E. Bratcher and Mrs. Coy White as new members of our club. Delicious refreshments of cake and ice cream were served to one visitor, twelve members and the hostess. The next meeting will be in the home of Mrs. Ed Guley May 18.

Oklahoma Lane Program May 7th

The senior class of Oklahoma

Lane school is sponsoring a program for the night of May 7, beginning at 8:30 p.m.

Dale, Prince of Magic, America's youngest sleight of hand artist, will appear in person in the auditorium at the school. Admission will be 25 cents for children, 50 cents for adults. Everyone is invited to attend and see this fascinating performance.

Mrs. Jack Williams and sons, Dickie and Tommie, were in Roswell Wednesday to see a doctor, who is treating Dickie.

Cover Crops Reduce Soil Erosion Losses

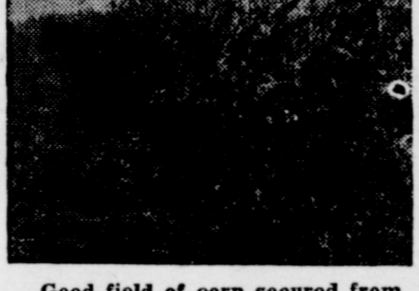

Research Tests Show Four Main Advantages

How cover crops seeded in corn and other row crops could help farmers fight erosion, build up the soil's organic matter and add to the nitrogen supply, is indicated in studies by research men of Iowa agricultural experiment station.

Four major advantages are cited:

1. Cover crops protect the soil from August to May. One-fourth of the annual soil loss occurs during this period.
2. Well-fertilized legumes and grasses add organic matter to the soil that helps resist erosion during the May and June period. This is the time when one-half of the annual soil losses occur.
3. Cover crops add nitrogen to the soil, especially when legumes are a part or all of the mixture.
4. The yield of corn will be slightly increased in the year following the seeding of cover crops.

Research workers have developed a plan that links the problem of seeding the cover crops. Just before

Good field of corn secured from proper plant food.

laying by the corn, they broadcast the seed with an endgate seeder. Weeders are attached to the cultivator to help cover the seed and better growth results.

Earth News

Rev. Jordan Closes Meeting at Big Square

The revival conducted by Rev. C. T. Jordan at Big Square closed Sunday night, May 2, with twelve additions to the Earth Baptist church and one addition to the Earth Methodist church. Six of the twelve additions were by baptism. The Sunday school attendance goal for Sunday was set at 100, and "Chain Links" were signed, stating: "I will not break the chain." There were 94 present, just six short of the goal and this was a record attendance.

In this revival you could not tell which church the people were affiliated with. Several denominations were represented and all joined in the spirit of the services to make an "Old Fashioned Meeting." The song services were directed by several different persons: Earl Sybert, Willis Branscum, Glynas Pillow, Mrs. Herman Haberger and Fred Kuntz. Miss Faye Cupp served as pianist in the evening services. So with all working together, it was truly a good revival.

We must not forget that Big Square is a part of our community with the Springlake school serving them. They have a good section of the community, with a good "Community Spirit." May they know they can depend on us to cooperate with them in keeping it a good community to live in.

C. T. Jordan

Earth Baptist Church is Growing Rapidly

During the past three weeks, there have been 51 additions to the Earth Baptist church, with 34 of them coming for baptism. For three consecutive Sunday nights, Rev. Jordan has baptized 9, 17 and 8 candidates, making a total of 34.

Several services have seen the auditorium unable to seat the congregation. This means more space should be provided, perhaps a new auditorium constructed, according to Rev. Jordan, pastor of the church.

Fifty-Fifty Sunday School Class has New Building

According to an announcement by Rev. C. T. Jordan, pastor of the Earth Baptist church, the Fifty-Fifty Sunday school class of that church has a new building for housing the class.

Lamb County 1947 Cotton in Come Was \$23,000,000.00

Lamb county's income from the 1947 cotton crop, based on ginning of 113,126 bales, has been estimated at approximately \$23,000,000.00.

Based on the county's population of approximately 25,000 this would mean a per capita income of \$1,000 from cotton in 1947.

The county's total cash farm income from 1947 was \$26,896,764, according to figures supplied by the Bureau of Business Research of the University of Texas.

The 1947 crop of 113,126 bales

\$3,000 House

One-bedroom, expendable little house is shown above as pictured in the May issue of Good Housekeeping magazine. Home unit is only 29 by 22 feet, and should cost from \$1,900 to \$5,000 to build. Other rooms can be added later.

Two Recitals Planned

Mrs. E. H. Kennedy announces two recitals, the first Monday night, May 10, for beginners and intermediate pupils and the second, Tuesday night, May 11, for advanced students. Both will be held at Fellowship Hall, beginning at 8 o'clock.

Card of Thanks

We are indeed grateful to our many friends who assisted in finding our boys Sunday nights. May God bless each of you. Mr. and Mrs. J. E. Dulin Mr. and Mrs. A. J. Moffitt

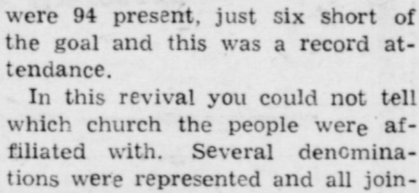

Winsome Sunday School Class Honors Husbands

The Winsome Class of the First Baptist church entertained their husbands with a Mexican dinner Tuesday night, May 4, at El Monterey in Clovis.

Those attending were Mrs. Lela Barron, Miss Lela Barron, and Messrs. and Mesdames Ett Evans, Johnny West, Rufus Gilbreath, Spencer Beavers, Horace McAdams, John Smith, L. S. Barron, and son, Mike.

Horse vs. Machine

HORSES & MULES AND TRACTORS ON FARMS AS OF JANUARY 1948

OIL-POWERED mechanization of the farm, illustrated by increased use of tractors and the decline of the horse and mule population, has made it possible for the farmer to produce more food than ever before. Since 1935, when the big rise in oil-powered mechanization began, the farmer has increased food production to a point 40 percent above any peak year prior to this era of mechanization.

Your Home

By Frances Ainsworth

I have had several letters recently from young couples who live in small homes with combination living-dining rooms, or small dining "nooks." They asked my advice on entertaining, and particularly on the best way to serve dinner to several guests. Well, I heartily endorse buffet suppers for everyone—because they are one of the easiest ways that a hostess can entertain several people.

Your buffet or table may be used simply place your food on one part of the table, and your plates, silver, napkins, etc. on the other end. Then, if you wish you may set up card tables on which to eat—or let the guests hold their plates on their laps.

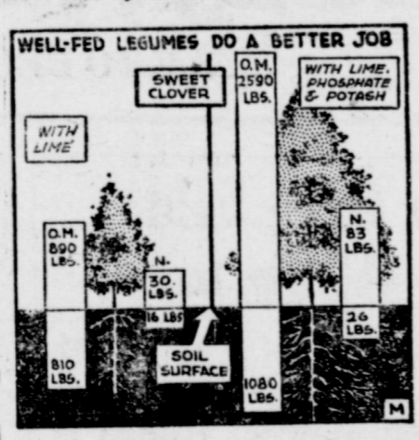

Here are a few tips that will make your buffet supper less work for the hostess. To avoid "Ganging Up," as guests serve themselves, divide your main dish into two parts—and place a bowl or platter on either end of your table. Place silver at the very end of the table so that guests can pick it up after selecting their food.

I always offer both linen and paper napkins to my guests—not only for buffet suppers, but for every type of dinner. So many guests will hesitate to stain a linen napkin with grease or lipstick—and several have thanked me for the thoughtfulness of supplying both linen and paper.

We use paper napkins at every meal at our house—and I've found that they really do save time in laundering. It's a work-saving idea that every mother and homemaker would do well to adapt for her home. For all of us welcome suggestions that will make our housework run more smoothly—don't we?

Clover and Alfalfa Need Limed, Fertilized Soil

Sweet clover and alfalfa will do a good job of increasing the soil's supply of nitrogen and vitally needed organic matter if they are well fed. Legumes are heavy eaters of phosphate and potash. They thrive best in a soil that has been limed to correct acidity and to furnish calcium.

When legumes get a full quota of needed nutrients they will produce top results. That was shown in tests with sweet clover at the Newton soil experiment field in Illinois.

The accompanying chart summarizes results. Sweet clover grown on soil that had been limed and fertilized with phosphate and potash produced 63 pounds more nitrogen and a ton more organic matter per acre than that grown on soil that had received only lime. Another advantage of well-fed legumes comes in improved soil tilth.

The sturdy tap roots of well-fed sweet clover and alfalfa drive through plow sole compactions and push mineralized organic matter deep into the soil. They open tight soil to air and moisture. The added organic matter and better tilth 18 to 25 inches deep enable crops following in the rotation to make more efficient use of the plant food available in the soil.

Increased Production Of Butterfat Required

Dairy farmers whose average annual production per cow is only 6,000 pounds are operating on a bare subsistence figure, it is pointed out by Howard O. Selby, general manager of the United Farmers of New England. It is not unreasonable to suggest that an annual production per cow of 7,500 pounds would be possible and that it would yield an economic level more nearly in line with other groups in the nation, he adds.

Cleanliness Emphasized In Treating of Wounds

Horses under treatment do much better at pasture than in stables, if the weather is suitable. If sick horses must be stabled, quarters should be clean and well-ventilated. Be gentle in dressing wounds, clip closely or shave the hair around the wound and make sure that no discharge from around the edges is carried into the wound. Proper drainage of the wound must be assured.

TOM L. SMITH
(Re-election)

For Commissioner, Prec. 3:
BOB KINDLE
DAVE ST. CLAIR

For Commissioner, Prec. 4:
G. W. (JOE) SEAGLER
W. E. "Woody" GOFORTH
R. P. McCALL

Here's one Texan who was beaten to the draw! It happened in Honolulu when John Ben Shepperd, Gladewater, president of the U. S. Junior Chamber of Commerce, visited Gov. Ingram Stainback of Hawaii to present him with a Texas "five-gallon" hat. Gov. Stainback insisted on first presenting the touring Jaycee leader with a flowered Aloha shirt and the traditional leis. Gov. Stainback was the 39th governor Shepperd has conferred with since taking office last July.

Santa Fe Will Continue Awards

Sixty-five educational awards to Colorado, New Mexico, Texas and other states served by its lines, will be offered in 1948 by the Santa Fe Railway, in continuance of its policy of annually encouraging American boys and girls to train themselves in agricultural pursuits, the president, Fred G. Gurley, has announced.

The awards are cash sums sufficient to defray all expenses for the winners to attend the National 4-H Club Congress held in Chicago. Certificates of merit from the Santa

Fe president are presented to the individuals as keep-sake records of their achievement and participation in the awards.

Winners are certified by the state 4-H Club leaders to the National Committee on Boys and Girls Club Work headquarters at Chicago, and the railroad takes no part in the selection of winners except in establishing the original basis for the awards.

In announcing the 1948 awards, President Gurley stated that their purpose is to help 4-H Club members to help themselves and that the Santa Fe takes pride in the fine records its past winners have made in their home communities.

HERE FROM CALIFORNIA

Mr. and Mrs. Cecil Thomas and two children are here for a visit in the home of Mr. and Mrs. Roscoe Ford. Mr. Thomas is a brother of Mrs. Ford and the two have not seen each other for nine years.

HERE FROM ODELL

Mr. and Mrs. Walter Talent and children spent the week end here

with his sister, Mrs. Beulah Gatewood, and family.

Certificates For Minors Required

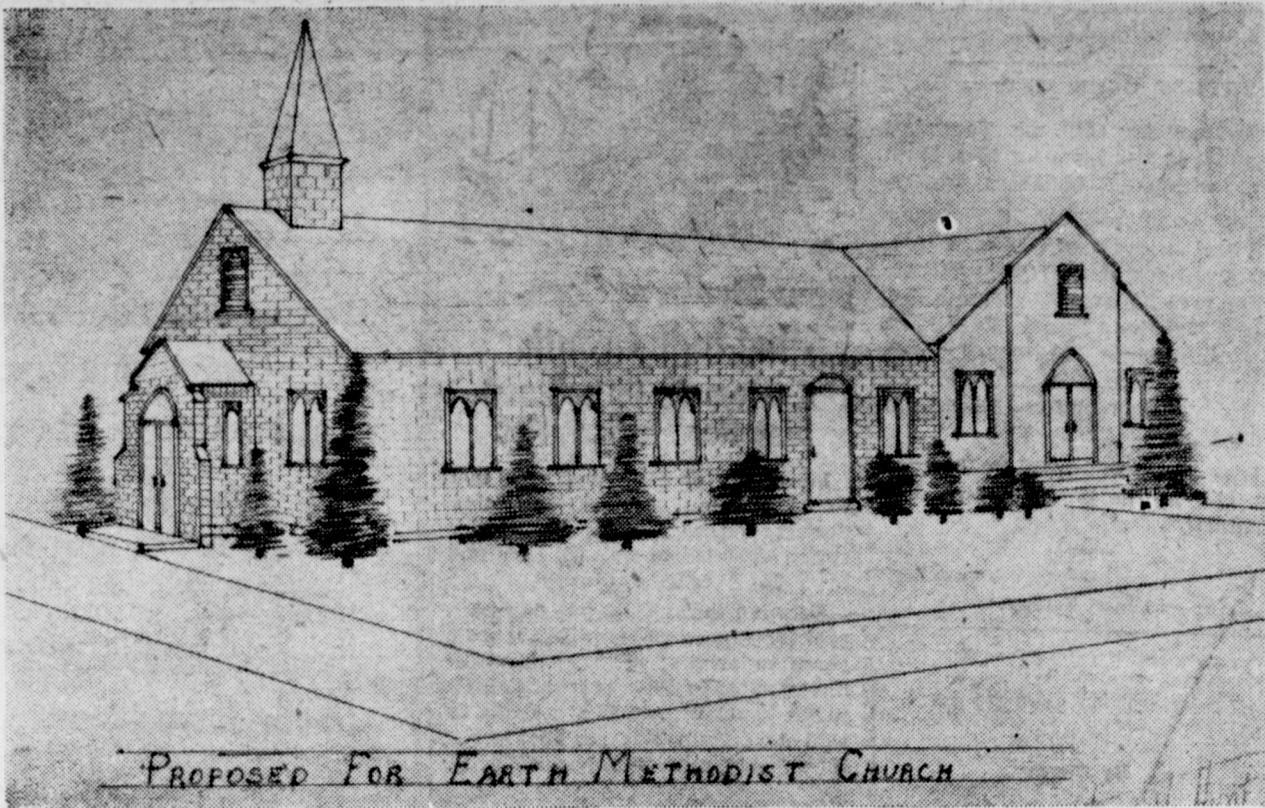

Dallas, May 4.—Employers covered by the Fair Labor Standards Act - Federal wage and hour law - who are planning to hire minors during the school vacation period, were advised today by William J. Rogers, region director of the Wage and Hour and Public Contracts Divisions, U. S. Department of Labor, in the five Southwestern States, to obtain federal age certificates for minors claiming to be one or two years older than the minimum requirements for the occupation in which they seek employment.

Such certificates, it was pointed out by Director Rogers, are accept-

able as proof of age under the law and serve to protect the employer against unintentional violations of the child labor section.

The general minimum age he said, is 16 years, with an 18-year minimum for particular occupations that are found hazardous for children. The child labor section, he pointed out, applies to minors employed by producers, manufacturers or dealers who ship or deliver for shipment in interstate or foreign commerce.

In this state, Federal certificates of age are issued by the Federal issuing officer of the Divisions, who is located at 1114 Commerce street, Dallas 2. Applications for age certificates are obtainable at local offices of the Texas State Employment Service.

PROPOSED FOR EARTH METHODIST CHURCH

Earth Methodists Start Work On New Building

Pictured above is the architect's drawing of the new building of the Earth Methodist Church, on which construction has been started. The building is to cost about \$35,000. Construction is expected to be completed in about sixty days. Rev. H. F. Blaylock is pastor.

The first phase of the work includes excavation to enlarge the basement over which the old building will be set. The remodeled old building and the basement will constitute the educational building.

The sanctuary will be of all new construction with concrete floors overlaid with asphalt tile and carpeted aisles.

Central heating and fluorescent lighting is planned for the new church building.

SPRINGLAKE RESIDENT'S FUNERAL HELD SUNDAY

Springlake, May 1—Funeral services were conducted at Springlake Church of Christ Sunday afternoon at 2:30 o'clock for William Francis Banks, 75, who died at 8:30 o'clock Friday morning.

Mr. Banks had lived in Springlake 16 years, moving here from Jackson county, Okla.

He is survived by his wife, five sons, J. A. Banks, minister of Antion Church of Christ, Joe L. Banks, minister of Hale Center Church of Christ, Ray Banks of Springlake, Dwight Banks of Springlake and Kenneth Banks of Anaheim, Calif.; two daughters, Mrs. J. B. Blake of

of Oklahoma City and Mrs. L. H. Dent of Springlake.

J. L. Roberts, minister of the Springlake church, officiated at services, assisted by Morgan Sturgess. Burial was in Littlefield cemetery.

SEVENTH GRADE SKATING PARTY HELD AT MORTON

The boys and girls of rooms 7A and 7B were entertained with a skating party at Morton Roller Rink Friday night, April 30.

Class mothers attending were Mrs. S. L. Robinson, Mrs. Dee Clements, Mrs. Lloyd Quesenberry, Mrs. W. E. Schuster, Mrs. Bill Collins, Mrs. Earl Ladd, Mrs. Griffin, Mrs. Tipton, Mrs. Homer Millsap, Mrs. Fred Johnson, Mrs. Burl Black, Mrs. Johnson's mother; and teachers present were Mrs. Maxine Ragsdale, Mrs. Zeffie Childress, Mr. Jerry Kirk and Mr. N. Y. Wright.

Eighty boys and girls attended. Thirty had never skated but they had lots of fun, falls, and spills and most could skate a little when the session was over. All report a very good time. Sandwiches were served by the mothers.

NEWS BRIEFS

SLATON VISITORS HERE
Mr. and Mrs. J. C. Smith and children of Slaton were visitors

here Sunday with friends. Mr. Smith was formerly with the Triple A office here.

LUBBOCK VISITORS

Mrs. Blondy Ray, Mrs. Robert King and Mrs. Frances Potter spent Friday in Lubbock.

ON FISHING TRIP

Mr. and Mrs. Mrs. Irvin St. Clair, Sr., and Mrs. Irvin St. Clair, Jr., left Sunday for Hot Springs, N. M., to fish. They are expected to return Friday.

AT SHRINE MEETING

Earl Ladd, Bill Collins and Pat Bobo attended the annual Khiva

Temple Shrine meeting held in Amarillo this week.

TO BUCHANAN DAM

W. B. Wagner, Leonard Bartlett, Minister Ebb Jandol and E. E. Dyer left Monday for a fishing excursion to Buchanan dam. They may not be back, since they told friends they would return when they caught some fish.

RETURNS HOME

Marilyn Gupton, daughter of Mr. and Mrs. C. D. Gupton, has returned home after being treated for an ear infection at a Lubbock hospital.

From where I sit... by Joe Marsh

"What's Your Opinion, Mister?"

Fellow from one of those public opinion polls was Andy's Garden Tavern, querying Andy's patrons on everything from that "new look" to the next election.

And it occurred to me that there's nothing more typically American than collecting other folks' opinions, as well as giving out with one's own. And from where I sit, it's a mighty healthy habit.

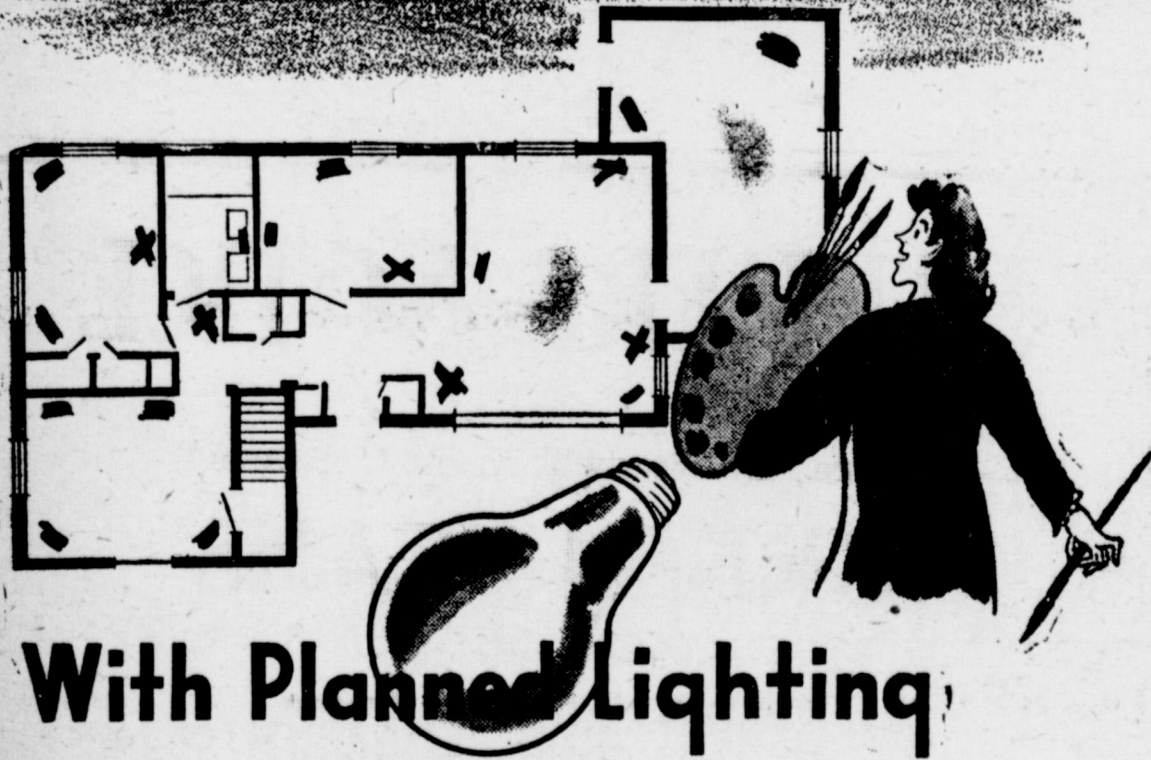

So long as people can discuss both sides of a question that comes up—whether it concerns short skirts versus long, beer compared

with cider, or the larger issues of party versus party—we're sure of the individual liberty that has made this country great.

For it isn't differences of opinion that matter. The important thing is tolerance for differences of opinion—whether they affect the right of an individual to vote, to speak his mind, or enjoy a glass of beer. They're all parts of the freedom that we cherish!

Joe Marsh

I'M AN ARTIST

With Planned Lighting

Yes, you can be an artist when you use planned lighting. A bright light here, a soft light there. Just the right light in the dining room, a lamp to throw a glow on that special painting or photograph.

Yes, you can improve the appearance of every room in your home with planned lighting. Now, with so many fixtures and lamps available, you can plan your lighting as you would plan your color scheme. Do it now with dependable electric lighting that comes to you at a lower cost than ever before.

Muleshoe Girl Scout Troop One Met

Girl Scout Troop One met at the Legion Hall Monday, April 28, with good attendance.

A tree hike was planned for the next meeting. A discussion was held concerning what badges to start working on.

A hand-painted scarf was presented to Miss Elizabeth Bailey for help in singing. Mrs. B. J. Stevens was also presented a hand-painted

scarf for help in International Friendship.

Anyone interested in scouting and who would help in scouting is needed urgently.

Troop One also met at the grade school building Monday, May 3, and discussed their camp. There were several present who plan to go to the camp. In the absence of the Scout leaders, they did not go on their tree hike.

Mrs. White urges all the mothers to be in the Scout meeting Monday at 3:45 and see what the girls have accomplished.

LONGVIEW CLUB MET

The Longview Club met Thursday, April 22, in the home of Mrs. Ruth Hunt, with eight members present.

Mrs. Ozell received the hostess gift and a pink and blue shower was given for Mrs. William Terrell. Those present were: Mesdames Ogletree, Griffin, Hunt, McKnight, Bagwell, Slayton, Ethridge, Dement, Lumman, Marlow, Buzard, Dawson, Newkirk, Higginbottom, Black and the hostess.

The next meeting will be Tuesday, May 11, in the home of Mrs. Lois Etherage.

Robert Byrd attended to business in Lubbock last Friday.

New Strain of Corn Withstands Drouth

Guatemala Crossbreed Also Resists Root Rot

Possibility of producing corn that would withstand root rot and other diseases as well as prolonged dry spells appealed to Earl E. May and Iowa State college officials.

Knowing that Guatemala had been producing corn for more than 2,000 years in an isolated region, which had resulted in a highly inbred strain which could withstand dry spells as well as certain diseases and pests, Iowa research workers collected

Jim Moore, KMA, and Enrique Salas inspecting Guatemala corn field.

1,200 varieties of corn from Central America.

New Guatemala-U.S. crossbreed corn has been tested at Ames, Iowa. The new corn outyielded three commonly used U.S. hybrids as much as 25 bushels to the acre. While the Midwest varieties withered and died during hot weather, the Guatemala-U.S. crossbreed remain in full ears. College officials believe that early results give promise of a new strain that will withstand long dry and hot spells in any part of the United States. James Moore, K.M.A. station, reports that work in Guatemala has proven entirely successful and he believes that the new corn soon will be grown on many farms in the United States.

Organic Matter Will Aid Work of Soil Bacteria

A single ounce of soil contains 50 million living bacteria, according to R. C. Thomas of the Ohio agricultural experiment station.

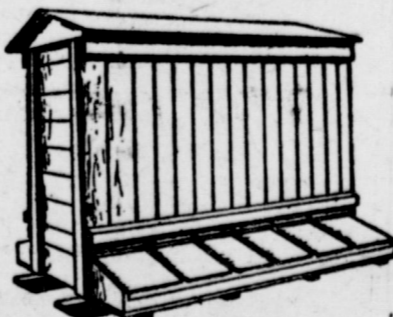

These bacteria can help or harm the crops, depending on the kind of bacteria. The good kind rot the organic matter, release plant nutrients and help build soil structure. The harmful kind cause plant diseases.

The good kind can be aided and the harmful kind eliminated by adding organic matter to the soil. To get this organic matter, according to Middle West Soil Improvement committee, return all possible animal manures to the soil; put back all crop residues and grow deep-rooted legumes regularly in the rotation and feed them generously with fertilizer carrying phosphate and potash.

Early Growth Stressed In Raising Baby Pigs

While the average weight of eight-week-old pigs is probably less than 30 pounds, a lot of pigs weigh 40 pounds or more at this age. On the contrary, many weigh as low as 20 pounds. These variations in weaning weights have a marked effect on the growth-rate of pigs up to the time they are baconers. The bigger pigs at eight weeks old are the first to reach 200 pounds liveweight.

Hog Self-Feeder

A portable hog feeder is a piece of labor saving equipment which has a place on every farm where hogs are being raised. The capacity of this feeder is 55 bushels, but it may be made of any size desired. If it is kept well painted it will remain water tight.

Culling Pays Dividends To Poultry Producers

Regular culling pays dividends, but many poultry farmers are unable to carry out the procedure because of pressure of other duties. However, as the moulting season approaches, it will be seen that a percentage of the flock commences to moult earlier than others, and it is these early moulters that should be segregated and sent off to market at first opportunity.

Mostly Static

By Berry

Howdy Folks: Spring must be in the air for sure, because a certain dentist looked at his patient's cavities, turned to the nurse and said, "My nibble, please."

Yes, spring is everywhere. It makes the girls realize they have the skin they love to retouch.

It's a time when the girls want to look spic and span. More spic and less span.

However, if a woman's span should slip up on her, she should always put her best chin forward.

We heard a fat gal say she ate like a bird. A second glance caused us to wonder if she meant a peck at a time.

Even so, girls, remember it's spring in leap year, so keep the spirit of both alive

by praising your husbands now and then, even though it scares him at first.

Have you noticed how our customers praise our Speed Queen Washing Machine? You will too, if you'll try one.

Berry Electric

THANKS!

Muleshoe Scout Leaders Met Thurs.

Scout Clinic was held at Clovis' Little Scout house Thursday, April 29, with R. B. McAlister of radio station KICA acting as "doctor."

A delegate of each town gave an account of their activities, with remedies given by the doctor or other members.

Lunch was served at noon by the Glennette Cain's Circle of the Methodist church. J. R. Alexander furnished the refreshments in the afternoon.

Discussions were held on Mary White Camp, where this Girl Scout area can go for as long as two weeks to learn more about scouting. This camp is under the direction of Helen Grimes.

Anyone interested in Scouting progress missed a wonderful time by not attending the Clinic.

JAYCEES MEET TONIGHT

Members of the newly organized Junior Chamber of Commerce will meet tonight in the district courtroom. Officers and directors were in session Monday night at the home of June Wagon. The organization will receive its charter at a meeting to be held in Fellowship Hall Thursday night, May 12, when the ladies will attend, and several club members from Plainview are expected.

Helen Hayes Tells How To Make "Old Warriors" Chicken Pie

"Although my career keeps me terribly busy," says Helen Hayes, distinguished stage, screen and radio actress, "I manage to spend some time in my kitchen each day. I love to cook, and best of all, I like to make this chicken pie!"

Helen Hayes

Store hen in refrigerator for 24 hours. Boil as you would for salad and add seasoning as desired. Allow chicken to cool and soak in cooking water for another 24 hours. Then skim off all fats that have risen to top of pot and place in clean used fat can. Halve mushrooms and slice eggs separately. Dice chicken and place a layer in bottom of deep baking dish. Then add a layer of sliced eggs and a layer of mushrooms. Repeat layers until dish is full. Meantime, boil away half of the stock in which the chicken was cooked and pour remainder into dish. Cover with a very short pie crust and bake as an ordinary pie.

"No matter how busy I am," says Miss Hayes, "I see to it that all my used kitchen fats and table scraps are salvaged. It's really smart and thrifty, for meat dealers pay well for every pound turned in."

"Old Warriors" Chicken Pie

- 1 hen (6 or 7 lbs.)
- 1 dozen hard boiled eggs
- 2 cans of French mushrooms (fresh mushrooms)
- 1 salt and pepper
- 1 tablespoon of chopped celery
- pie crust

(for eight people)

Mr. and Mrs. Everett Smith of Roswell spent most of last week in the homes of their daughters, Mrs. Guy Austin and Mrs. Partin Austin. They also attended the revival meeting at West Camp. We are so glad to have Everett and Susie come home any time.

Mr. and Mrs. Nathan Harding were Lubbock visitors last Thursday.
