Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

MULESHOE ELEVATION, 3,789 FEET, 6 INCHES

MULESHOE, County Seat of Bailey County, Texas.

THURSDAY, MAY 17, 1945

TWENTY-THIRD YEAR NO. 20

## Consolidation Approved By Voters of 3 School Districts; Trustees Named

### Bula Bond Rally Was Held Friday

A war bond rally was held in Bula community last Friday night. Arrangements for the meeting were made by Bill Moore and Jack Lenderson acting for the Muleshoe Lions Club in cooperation with the Bula Citizens.

### Bond Committee Laid Rally Plans

Final Plans were made for the Muleshoe bond rally when a list of three Muleshoe and Y. L. men met at the Muleshoe State Bank upon call of the bond sales committee chairman, Jesse Osborn. Since the Journal is printed Thursday, a full report of the rally will be carried in next week's paper.

Pat Bobo presided. A plan was agreed upon whereby a list of taxpayers of the two school districts was divided into small groups and each man present agreed to call upon one such group and secure pledges to attend and buy bonds.

Present were: Arthur Holt, Ray Griffith, Arthur Crow, R. B. Wagoner, John Starkey, Nell Rokey, Roy Jordan, Rudolf Wiedebusch, Rev. Vaughn, Rev. Hornburg, Dr. A. E. Lewis, Otis Baker, Jesse M. Osborn, Hoyt Morgan, Buford Butts, Edward White, N. H. Greer, Howard Elliott, A. J. Gardner, J. M. Forbes, Pat Bobo, R. L. Brown, E. R. Hart, J. J. Williams, Gil Wollard, W. B. McAdams, Howard Carlyle, George Johnson, S. E. Goucher, D. B. Head, R. L. Mathiesen, W. T. Miller, G. G. Prebith, Clarence Weeks, W. M. Wiltringer.

### Pvt. Jack Hicks At Radio School

SCOTT FIELD, Ill.—Pvt. Jack R. Hicks, son of A. J. Hicks, of Muleshoe has been enrolled at Scott Field AAF Training Command radio school. At the completion of training here, he will be qualified for further duty as a radio technician and may become one of the many Scott Field graduates serving as members of American bomber crews, at AAF ground stations or on the world wide battlefronts of the Army Airways Communications System.

In civilian life a rancher, he attended Muleshoe high school.

### COURT EMPLOY'S JANITOR

Bailey County Commissioners Court, meeting Monday, appointed C. C. Stephens as courthouse janitor. He replaces Roy Hogan, who had been substituting until a permanent man was employed. Other routine matters were disposed of by the court.

### CELEBRATES BIRTHDAY

Little Jerry Don Haley celebrated his first birthday May 16 by going horseback riding with his grandfather Haley, and then eating supper with his grandparents, Mr. and Mrs. W. E. Young. To finish the day he attended the show with Martha and Lowell.

Tuesday, Wednesday May 22 23 A Charful Armful of FUN "MEET MISS BOBBY SOCKS"

## Sgt. Wallace A Pacific Veteran Home For Visit

S-Sgt. Wayne F. Wallace, who has spent twenty-seven months in the Islands of the Pacific, is home on a furlough, visiting his mother, Mrs. B. Wallace, and grandmother, Mrs. S. H. Black of Muleshoe. Sgt. Wallace is in the fourth Division of the Marine Air Corps. He was engaged in some of the major campaigns of the islands.

He left by plane Sunday afternoon to visit in San Antonio for a few days. He will then return to Muleshoe to spend a few days before reporting to Cherry Point, N. Carolina.

### MOTHER'S DAY DINNER IN ANGELEY HOME

Mr. and Mrs. O. K. Angeley entertained Sunday in their home with a mother's day dinner. Guest were Mr. and Mrs. H. A. Angeley, of Morton, Mrs. Lawrence Felger and children of Pantex Village, Amarillo, Mr. and Mrs. Jarvis Angeley and sons, Mr. and Mrs. Herman Harberer and son.

Lick those sons of Heaven with air Loan No. Seven.

## Sgt. Olen L. Powell, Maple. Adds 5th Oak Leaf Cluster To Air Medal

AN EIGHTH AIR FORCE STATION, England—With a distinguished combat career of over 30 missions to his credit Staff Sergeant Olen L. Powell, 21-year-old Maple Texas radio operator and gunner on Eighth Air Force B-17 Flying Fortress has been awarded the fifth Oak Leaf Cluster to the Air Medal for "meritorious achievement" on heavy bombing attacks on German military and industrial installations and in cooperation with Allied ground forces.

He is the son of A. R. Powell of Maple. He attended Morton High School before joining the Army in

## Sgt. McKnight, B-17 Gunner, Is Coming Home For A Visit

DALLAS—Staff Sgt. Lyle O. McKnight, Army Air Forces, returning from 9 months overseas in the European theater is expected to reach Fort Sam Houston, San Antonio, about May 17.

Sgt. McKnight is to visit in Muleshoe with his parents, Mr. and Mrs. C. J. McKnight. He is a member of the Eighth Air Force, having served through 35 missions, involving 300 combat flying hours, as a gunner on a B-17 Flying Fortress.

### E. M. OSBORN HERE

E. M. Osborn, of Hope, Ark., came in Wednesday and will be here several weeks in the home of his son, Jesse Osborn. The elder Osborn will be busy looking after farming interests here and around Priona.

Mr. and Mrs. Colemah Wright and family, from Hereford, Texas were here over the week end. Mrs. Wrights mother, Mrs. Ruth Myers and relatives.

## New Building Being Erected Here For The H. S. Sanders Lumber

Construction is underway here on a building 38x140 feet, of brick and tile and containing two stories for H. S. Sanders Lumber.

When completed the building will house offices of the company, and display of builders hardware, plumbing and plumbing supplies, well and windmill repairs, and so forth wall paper and paint department, and in fact a complete store of its kind, Sanders said.

The building is on the Clovis highway, a short distance from the intersection of this highway and the Morton highway.

It is across the street from the Griffith elevator.

Sanders bought six lots here from J. D. Farley when he entered the local field. The back of the lots will be used for lumber sheds and will contain a loop drive-in for trucks.

The company bought a small warehouse, on two lots adjoining the elevator from Ray Griffith. This warehouse will be removed and another larger one, more suitable for the business is to be erected, according to present plans.

Mr. and Mrs. Sanders came to Muleshoe in January from Silverton. Both work at the business where they feel at home, having been in the lumber business for a number of years. They are looking forward to another member of the family joining the firm later on. 1st Lt. Homer S. Sanders, Jr., now in Europe, hopes to make Muleshoe home and help with the business after the war.

Sanders said that as soon as supplies are available and the building is complete he hopes to handle builders hardware, wind-mills and well supplies, pipe and pipe fitting, plumbing supplies, insulation, wall paper and paint, besides the usual categories of builders. Supplies.

## Nine Bailey County Boys Win Fine Gilts

Nine lucky boys of Bailey County won registered hogs through their efforts in the essay contest carried out by the Extension Service. Funds for the purchase of these fine animals came through the Sears Foundation.

The eight gilts and one boar will be delivered to Beaver's Lumber yard just north of the Courthouse square Monday May 21, and J. K. Adams the county agent will have the boys draw for their turn in choosing the animal that they prefer at 3:00 p. m.

The boys will grow their animals until next September, and will exhibit them for competition for the prizes which will include a registered Jersey heifer, baby chicks, and turkey poult. Then they will produce offspring from this well bred stock some of which will be selected by the county agent to be given to boys in communities not included in this year's contest.

Winners in the contest this year were: Teddie F. Harrison of Y. L. Community, Olan Parker of Progress, Jim Williams of Y. L. Knights, Albert of West Camp, Vernon H. Thomas of Progress, Jim Wiltringer of Y. L. Max Self of Progress, Merrin Ray Cary of Progress, and Dwayne Lee Key of West Camp.

## Navy Promotes Vernon Jernigan

V. Vernon Jernigan, 19 son of Mr. and Mrs. P. E. Jernigan, of Muleshoe, Texas has recently been promoted from the rank of Hospital Apprentice first class to Pharmacists Mate third class.

Vernon Jernigan enlisted in the navy January 7, 1944, and took his basic training at San Diego. He went to medical school at San Francisco. He went overseas July 5, 1944 and was stationed at New Caledonia for some time. He is now some where in the Philippines.

Pfc James R. Jennings, Muleshoe, Texas, aircraft mechanic at this B-24 liberator heavy bomber base, is among the men honored at a special review commemorating the service of those who, through faithful performance of their duties, have supported the combat fliers of the 445th bombardment group in the course of 280 bombing missions during the past 17 months in England.

The 445th bombardment group has been cited by Major General William E. Kepner, commanding general, 2nd air division, for "distinguished and outstanding performance of duty in combat" during a career that has included high altitude bombing attacks on key industries, airfields, and transportation centers throughout Europe, on rocket-launching sites in France, and on tactical targets and troop concentrations in coordination with Allied ground operations from the first landings in Normandy on D-Day through the Ardennes campaign and the Rhine crossings.

Pfc Jennings is the son of Mr. and Mrs. G. O. Jennings, Muleshoe, Texas. He was employed by Jennings Food Store, Muleshoe, before entering the Army in 1942, and has served in England since November, 1943.

P. E. Jernigan returned last week from Savannah, Missouri, where he underwent treatment for cancer.

Mrs. Marvin Wimberley discussed the question, "Are You Photogenic?"

## Provision Made For Handling All Waste Fats

Housekeepers of Bailey County: There is every facility for handling your waste kitchen fats in Muleshoe.

As you know, the government is very anxious that every family save these fats and turn them in. More fats are needed in many phases of our national war effort. By performing a patriotic duty and helping your country when you save used fats and turn them in at your grocery store.

If your grocery is wondering what to do with his accumulated fats, let us turn them in to the Muleshoe Locker Company. Vance Wagoner, owner of this business authorized the editor to announce he will take all fats off the grocer's hands if he has no other outlet.

J. K. Adams, county agent, had become interested in the waste fat situation and asked Mr. Wagoner about it. He was promptly informed that the Locker Company will see that fats reach the right place. Mr. Adams said this would be a patriotic gesture by the Locker Company and will ensure that our fats go into the government program.

So, Mrs. Housekeeper, you can perform a patriotic duty; can receive additional red points for your family; and receive money besides if you will save waste fats and turn them in to your grocer.

## Wesleyan Guild Met Monday Night

Wesleyan Guild met Monday night with Mrs. Katherine McNece as hostess, at Fellowship hall.

Mrs. Sam Fox had charge of the business session. Mrs. Ray Edwards gave an inspiring devotional. Mrs. Clyde Held held a round table discussion on the topic "Are the Churches Ready for the Soldier Boys?"

Delicious refreshment were served to Mesdames Sam Fox, Ray Edwards, Clyde Holt, Jim Cox, Buford Butts, N. H. Greer, Carl Alexander, Francis Gilbreath, Jim Burkhead, Marty Ebell, Pat Bobo, Miss Elizabeth Hardin and the hostess.

The next Guild meeting will be held in Fellowship Hall May 28 with Mrs. Delma McCarty as the hostess.

## Lt. Griffiths Buried Here

Lieut. Charles C. Griffith, 19, killed in a plane crash near Victorville California, Friday night, May 4, was laid to rest in Muleshoe cemetery Friday afternoon, May 11. Funeral services were conducted at Otton. He was the only child of Rev. and Mrs. C. C. Griffith, of Otton. Rev. Griffith is pastor of the First Baptist church of Otton. Ray Griffith, grain man at Muleshoe, is a brother of Rev. Griffith. Many friends of the family in the Otton community accompanied the body here for interment.

Lt. Griffith, a navigator on a bomber, had completed his training and was taking a night flight preparatory to going overseas.

James Crow S 1-c left Sunday for San Francisco after a visit here with his parents Mr. and Mrs. Arthur Crow.

Pvt. Wiley R. Baker, of Camp Roberts, California, is visiting here with his parents, Mr. and Mrs. C. M. Baker and other relatives.

# THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1897

J. M. FORBES Publisher

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks and resolutions of respect will also be charged for at the same rate.

### SUBSCRIPTION RATES

In Bailey County, one year, \$1.50; Outside of County, one year, \$2.00. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon being brought to the attention of the Publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

### HOME FRONT CASUALTIES

We are appalled at the loss of life entailed when the Army, Navy and Marines take over some Japanese infested island.

Our home front casualties in the aggregate are staggering too, but coming as they do in ones and twos, they don't seem so tremendous to us. But nearly every day, right here on the Plains, some one loses his life, seemingly as the result of carelessness on the part of someone.

A high school youth is drowned on a senior outing. A drunken driver goes into the yard of a home, kills one child, maims another. A hit and run driver kills a sailor and a marine.

These things happened right near home and crowded fast upon each other. When added to similar occurrences throughout the U. S. they total up to a shocking figure.

We never regret being careful. On the other hand we may long regret a moment of carelessness in handling an automobile or just an innocent looking farm machine.

## Santa Fe Tests Radio - Telephone Train Operation

BELEN, New Mexico, May 14—With observers from the British Engineers and United States Federal Communications aboard, a Santa Fe Railway freight train equipped with improved end-to-end radio telephone facilities completed a 900 mile test run from Bakersfield, Calif., to Belen, N. M., last week.

J. A. Parkinson, of Chicago, superintendent of communications for the Santa Fe System said the trip was made to test improvements in train radio-telephone equipment, resulting from a 2000 mile journey from Bakersfield to Chicago last year.

Col. F. N. Petty and Captain N. G. Cox, British Army observers, and James M. Chapple, inspector in charge of Federal Communications Commission field offices, Los Angeles, accompanied Parkinson. Col. Petty said British railroad companies have not engaged in radio-telephone test in that country but the British Army has been experimenting along this line. He will report observations on the test. Chapple will report the current Santa Fe experiment to the Federal Communications Commission which recently granted the railroad a license authorizing the company to set up two experimental radio-telephone stations at suitable points on its system.

## Midnight Curfew Order Rescinded

The fine cooperation received from establishments engaged in entertainment activities in living up to the Midnight Curfew Regulation was lauded by F. A. Wells, Area Director of the War Manpower Commission, Monday, May 7, when he announced that the order was rescinded.

Mr. Wells stated that he wishes to thank the management of each establishment and the law enforcement representative who cooperated one hundred per cent in keeping the faith with the intent of the regulation.

Mr. Aral Anderson visited over the weekend with her parents at Plainview.

Mr. and Mrs. L. M. Dupler. Mrs. Josephine Hines left Friday night for Fort Field Ill. to join her husband, Sgt. Carroll W. Hines who is stationed there.

## Maple News

Mr. and Mrs. P. L. Fort announce the marriage of their daughter Addie Marina to Carroll sides of Whiteface. The ceremony was performed Wednesday. We wish the young couple much happiness.

Mrs. Buford Toombs and daughter of Austin are visiting Mr. and Mrs. J. T. Toombs, Mr. and Mrs. D. V. Terrell and Mr. and Mrs. M. B. Toombs.

Mrs. Lena Faye Blalock of Littlefield spent the weekend with her parents Mr. and Mrs. E. B. Fleming, Lt. and Mrs. G. A. Davis and family of Abilene are visiting his parents Mr. and Mrs. G. A. Davis, Sr. Lt. Davis has just returned from the Pacific area and wears several decorations obtained in Missions over Japanese territory.

A reception and shower was held Tuesday night in the home of Mr. and Mrs. J. L. Kirkpatrick honoring their daughter Billie Joe who was recently married to Louis Powell of Morton.

Mr. and Mrs. W. C. Sledge and Mrs. Estelle Billingsley of Clovis N. M. were guests Sunday of Mr. and Mrs. W. A. Tisdale.

Rev. E. R. McGregor made a business trip to Ralls Saturday.

The vote for Consolidation of Maple, Goodland and Watson schools won by an overwhelming majority as only two voted against consolidation in all three districts. Mrs. Frances Dupler of Progress spent the weekend visiting her par-

## Buy, Buy a Bond, They'll Bye-Bye Junior for Mom

WASHINGTON, D. C.—"Buy, buy a War Bond and we'll bye-bye baby" is the slogan of two sisters here, who are also sisters in Mu Chapter.

Thelma Gilda Psi Lambda Tau sorority at Central High School. Thelma Gilda and Thelma Klevit announced that parents who'd like a night out, but are held some-bound by baby's needs, now may break their shackles in the easiest possible fashion—by purchasing a War Bond from one of a group of 20 sorority girls.

Graduated now, the Sisters Klevit have kept up their contact with their friends, and when not tending baby are Federal workers. They'll take care of baby if pop and mom will buy a War Bond.

## Roosevelt's Appeal for 7th War Loan

WASHINGTON, D. C.—Before his death President Franklin D. Roosevelt issued a statement in support of the 7th War Loan.

For 14 billions of dollars in War Bonds, he reminds the Nation it is still locked in a deadly struggle with its enemies. The President stressed the importance of greater production to counter with the buying of War Bonds to help achieve the victory, he said.

"I don't need to tell you that we are still in a deadly struggle with our enemies—the enemies of our way of life—and the war is still the fiercest job of each one of us. The production of which we are capable, faithful adherence to regulations that make it possible to save our lives in this war with every penny we need, and buying and holding War Bonds—these are things we at home must do to speed victory."

"In the past three years more than 85 millions of Americans have invested billions of dollars in bonds. Never before have so many people held such a direct share in a great national effort. To save—to buy and to hold all we can for war bonds—this is a small service to ask of us who do not fight—yet it is one of the biggest things we can do for our fighting men."

## Marshall, King Pledge Victory to 'Bond Front'

WASHINGTON, D. C.—The Army has overcome what in the past would have seemed to have been insurmountable obstacles and has promised full unconditional surrender, Chief of Staff General George C. Marshall and Fleet Admiral Ernest J. King said today, in commenting on the Mighty Seventh War Loan.

General Marshall said: "We in the Army have overcome what in the past would have seemed to have been insurmountable obstacles. So have you. That is where the enemy miscalculated—for to Americans, nothing has ever been impossible. Yours is a hard task—a heavy responsibility. But we of the Army have confidence that you will again achieve the impossible."

Admiral King said: "We have had two wars on wage. One of those wars is just beginning. That means that your own labors, far from over, are also just beginning. The Navy, like the Army, has a heavy responsibility. But we of the Navy have confidence that you will again achieve the impossible."

People who have demonstrated their patriotism and their willingness to undertake the most gigantic financial task ever undertaken by a free people."

Mr. and Mrs. Pete Crawford of Amherst were visitors in the home of Mr. and Mrs. Guy Carpenter Sunday.

Ms. Tye Young and brothers, Everett Roark of West Camp and Olen Roark of Sudan visited last weekend with their mother, at Wellington.

# Will you hold a FAT-SALVAGE BEE for your country?

**HERE IN AMERICA**, when a neighbor needs help, it has always been the custom for all the folks to pitch in and give him a hand. Many a harvest would have been lost without the help of a husking bee.

**YOUR COUNTRY NEEDS** a fat-salvage bee right now! Millions of tons of fat have been used up to supply the thousands of battlefield and home-front needs in this war. And there's still a lot of war ahead!

**A PLEA TO EVERY WOMAN!** Our country is calling on you, the women in small cities and towns and on the farms, to save every drop of used fat. Your used fats are desperately needed to meet our country's requirements.

So scrape all pans and roasters. Skim soups and gravies. Keep your used fats in a tin can—any kind will do. Save meat trimmings and plate scrapings in a bowl; melt them down and add the liquid fat to your can.

When the salvage can is full, take it to your butcher. He'll give you 2 red points and up to four cents for every pound. If you have any difficulty turning in your used fats, call your Home Demonstration or County Agent.

**Needed this year: 100,000,000 more pounds of used fats**

Approved by WFA and OPA. Paid for by Industry

Knocks out friction at up to 39 vital chassis points! Protection plus!

For the life of your car—go Gulf!

**True or False**

Test your knowledge of your Government's War Bond Financing program. The answers to these questions, given at the end, should be known by every American. How good are you?

1. 85 million Americans have purchased Series E War Bonds.
2. 84% of all the money ever invested in E Bonds is still invested in them.
3. If a Bond is lost, stolen or destroyed, it is just the same as if the owner had lost the money he invested.
4. E Bonds may be cashed at any qualified bank for their full cost any time after 60 days from date of issue.
5. The U. S. Government's promise to redeem War Bonds any time after 60 days from date of issue is just as strong as its promise to stand back of a dollar bill.
6. You have to hold a Bond the full ten years to get any interest.
7. The lowest-priced War Bond costs \$25.
8. War Bonds are better than cash.
9. Two persons cannot own a War Bond jointly.
10. The only reason we should buy War Bonds is to help pay for food, ammunition, etc., for the armed forces.

**ANSWERS**

1. True.
2. True.
3. False. War Bonds are registered in the names of their owners, and lost Bonds can be replaced.
4. True.
5. True. Compare wording on a Bond and a bill.
6. False. Your Bond increases in value after one year. See the values on the back of the Bond. But you get a greater increase in value the longer you hold a Bond, up to \$1 at the end of 10 years for every \$5 you paid.
7. False. A \$25 Bond costs \$18.75.
8. True. They can be replaced if lost, they increase in value and they can be converted into cash in case of need.
9. False. War Bonds can be owned by two people as co-owners or as owner and beneficiary.
10. False. Your savings invested in War Bonds will also help to stabilize prices now and to provide for your own security in the future.

**The Army Answers Your Questions**

Q If I put in a claim for the social security benefits of my husband who died while in the army, will my pension or insurance be affected in any way?

A No.

Q We had four sons in the service. One was killed in action and another is a prisoner of war. Would you explain the Army's "remaining son" policy for us?

A There has been a change in this policy. Now, when two or more members of a family group serving in the armed forces die or are listed as missing in action or as prisoners of war, the army and the Navy on request will transfer all remaining members of the group to non-hazardous duties. If only one son remains, he will be assigned to permanent service in the United States. Cases under this policy must be brought to the attention of The Adjutant General (in the case of the Army)—by the immediate family or the service man nor by the service man himself. If application is made under this stipulation, be sure all possible information on names, grades, serial numbers, last organization and station and available information on death, capture or missing status is included.

Q Will a regular Army soldier who was discharged to be an officer revert to his former status when the war is over?

A When he is released from active duty as an officer, he will be given opportunity to re-enlist in his former permanent grade in the regular army.

Mrs. Gilbert Wollard returned Tuesday from Hillsboro, where she has been visiting her mother.

**President Osmena Predicts Japs Will Be Hard To Beat**

WASHINGTON, D. C.—President Sergio Osmena of the Philippines, now in process of complete reconquering from the Japanese and from which General Douglas MacArthur's land forces under Admiral Chester Nimitz will swing into final action against the enemy, today issued a statement in behalf of the Mighty Seventh War Loan.

OSMENA

President Osmena's statement was released by Brigadier General Carlos P. Romulo, resident commissioner of the Philippines to the United States, at the Philippine offices here. President Osmena said: "Needless to say, we Filipinos are very pleased with the signal successes achieved by the United States and her allies during recent months. After a long and hard struggle, the Germans have been pushed to the brink of overwhelming defeat and the end of the war in Europe is now clearly in sight.

**Outlines Point System For Giving Soldier Discharge**

CLOVIS AAF—Today Colonel Herbert Morgan, Jr., base commander of the Clovis Army Air Field announced the War Department's point system on the adjusted service rating for the discharge of GIs.

"A soldier must have 85 points to be considered," said the colonel but he was very careful to add, "and even though he has 85 points or more does not mean he will be permitted to leave the service at this time. It merely means that he is in a position to be considered for discharge when the War Department is able to return soldiers to a civilian status. And regardless of how many points he has a soldier cannot be dismissed if he is considered essential in his military capacity."

In so far as the adjusted service rating system is concerned the soldier's history dates from September 16, 1940 to May 12, 1945. May 12th, then becomes known as "R" day, the date of readjustment regulation.

been no less impressive. Under the inspiring leadership of such men as General MacArthur and Admiral Nimitz, the Japanese have been dislodged from one position after another in their ill-gotten empire. In this connection, my people and I are extremely grateful that the Philippines are now being liberated from the tyrannical rule of the enemy.

"Happy as I am that my country will soon be able to live in peace again, much remains to be done before Japan is fully beaten. Aside from the additional campaigns which will be needed to obtain military victory in the Pacific, there is also the human factor to be considered in that other peoples of the Far East eagerly await to be freed from the enemy. We Filipinos know only too well from experience what it means to be under Japanese domination.

"One of the outstanding feats of the war has undoubtedly been the effective fashion in which the United States has overcome the formidable obstacles of distance in supplying the Pacific. Large quantities of supplies will be needed, however, to deliver the final crushing blows against a ruthless and fanatical enemy. All of us can make certain that these supplies are available for our armed forces by giving enthusiastic support to the Seventh War Loan Drive."

"In the Pacific, our gains have

tion. All enlisted personnel at the Clovis AAF will be screened, and their ratings according to this system established by 6 p m Saturday May 12th.

The soldier is to be graded on the following four counts:

1. Service Credit (Number of months in Army since September 16, 1940.
- One point will be given for each month in the Army since September 16, 1940.
- Overseas Credit, Number of months served overseas.
- One point will be given for each month served overseas.
- Overseas begins on the date of leaving a POE, and ends on the date of arrival at a port in the United States.
- Combat Credit, Number of decorations and bronze stars.
- Five points will be given for each of the following awards: Medal of Honor, Distinguished Service Cross, Legion of Merit, Silver Star, Distinguished Flying Cross, Soldier's Medal, Bronze Star Medal, Air Medal, Purple Heart, and Bronze Service Stars, Battle Participation Stars. No other award

**Watson News**

Before the Watson Home Demonstration club began its regular session Wednesday afternoon May 9, Mrs. Albert Ellis read a letter of appreciation sent to the members of the Health class of the Watson Red Cross, from Mrs. Grace Gibson, who now lives in Bennett, Colorado, and who conducted the health class last year.

The club met with Mrs. G. W. Pine with the president, Mrs. A. Ellis in the chair. The secretary was absent so there was no reading of previous minutes. No business was transacted.

Mrs. Dan St. Clair gave a very interesting story of Plastics followed by a plastic quiz led by Mrs. Ellis.

Plastics, though a comparatively new discovery are really widely used there being about 35,000 uses for them already and new uses being discovered every day. We have used celluloid ever since it came into use about 1907, but who would ever think that it is made by using carbolic acid as one of the chief ingredients?

Members discussed possible post-war uses of plastics in the home as venetian blinds, kitchen cabinets, cooking utensils, lawn furniture, to mention only a few.

The following club members were present: Mesdames M. L. Fine, Geo. W. Fine, Jim Henderson, Bob Weed, Mother McCormack, Andrew Wilmer, P. Carroll Fort, Albert Ellis, Dan St. Clair, Truitt L. Smith and several children besides the hostess Mrs. Geo. W. Fine.

The hostess served delicious ice cream with cake and as these delights were consumed talk flew thick and fast since the day was a big one for Watson in that the Club met and everyone was interested in voting on the consolidation of school and trustees for the new district.

Most Club members report success with their chix this year and several have fryers.

We found that several families have been attending the Revival at Maple and others are planning to attend.

Our club meets next time with Mrs. George Fine, May 23, 3:00 o'clock. Every member is urged to get ribbons will be included.

4. Parenthood Credit, number of children under 18 years of age.

Twelve Points will be given for each child under 18, up to and including three children.

The Journal has received a letter from Walter H. Altroge, Mexico, Mo., who with his family recently moved away from Muleshoe. They operate the Muleshoe Ice & Produce here, and have a produce business in Mexico. His letter follows:

Dear Friends:  
Well how are the sandstorms coming along? No sand here but plenty of rain.  
I haven't received my Journal since I came home and need to catch up on the news.  
We are back in the produce business again, as the Altroge Produce Co. Guess Mr. Tubbs is making it OK. We often wonder about Muleshoe and have several times wished we were back. Could be, sometime, too.

Sincerely,  
Walter H. Altroge,  
Mexico, Mo.

Visitors in the Herman Haberer home last week were: Mr. and Mrs. T. W. Lambert, Mr. and Mrs. Carl Mountz, John Haberer, all of Harford; Mrs. Riddell Jones, Detroit, Michigan; Mrs. Lloyd of Kansas City; Mr. and Mrs. Beagle and Mr. and Mrs. Fox of Plainview.

Mr. and Mrs. J. M. Forbes spent the weekend with her parents in Plainview.

**Your Home**  
By Frances Alsworth

I was surprised to run across some very helpful information on window shades of all kinds, in a U.S. Department of Commerce bulletin.

Did you know there are several grades of cloth window shades? Fundamentally their quality and serviceability depend on the type of cloth used (cambric, muslin or holland), how closely it is woven and the type of finish applied.

For instance, there is a Pyroxylin shade. It is very long lasting and is completely resistant to cracking or "pin-holing." Besides it will not fade and can be washed or scrubbed with soap and water without streaking! And did you know that hand-painted cambric and Pyroxylin shades have the same advantages and qualities?

Hand-painted muslin, while not as closely woven as cambric, still requires no "filler" pressed into the cloth to make it hang straight, and has all the other advantages of hand-painted cambric.

Machine-painted muslin shades do contain a slight "filler," do not crack under normal use and will not fade. They may be cleaned with a damp cloth or wallpaper cleaner.

I learned, too, that under normal use the more loosely woven water color or coated muslin shades, machine-coated, resist cracking but will fade in extreme sunlight. You may clean them with wallpaper cleaner or art gum.

I was very much interested to know that Beeted Holland shades, machine-processed, have all the advantages of hand-painted cambric! However, the flat and dead finish Holland shades are resistant to cracking only under normal use and will fade in extreme sunlight. They are highly translucent, except in the darker colors and may be cleaned with wallpaper cleaner or art gum.

With this information at your fingertips you will be a far wiser buyer. After all it's so much easier when you know what

at San Diego, Calif.

Miss Frances Dupler spent the week end with her parents at Maple, Texas.

Mrs. Bert Hudson returned from the Hospital last Friday.

A dinner was celebrated in honor of Mother's Day, and Cecil Mardis and Mrs. Faye Wright's birthday at Mrs. Ruth Myers Sunday. Those present were: Mr. and Mrs. Coleman Wright and family Mr. and Mrs. Ed Myers and their family, Mr. and Mrs. Harold Mardis and family, Mr. and Mrs. Roy Lee Myers, Mr. and Mrs. Howard Griffin and daughter, Mr. and Mrs. Walter Kemp and family, Mrs. Willie McDorman, Mr. and Mrs. James McCauley and Mrs. Ruth Myers.

Leander Buddy Richards returned home Monday from the hospital he is doing fine.

Mrs. Jess Meason returned Tuesday from Camp Marey, Texas where

she has been visiting her son, James, who is stationed there.

The 5th and 6th grades gave their teacher, Mrs. Byron Gwyn, a surprise party Wednesday afternoon. Cake and Coca was served.

Horton Griffin was honored with a surprise birthday party. May 14th in Howard Griffin's new home. He received several nice gifts. Cake and ice cream were served to the following guests: Wayne Davis, Ollie V. Richards, Edith and Earl Henry, Joyce Gwyn, Max Self, Wayne Kindred, Douglas Howard, E. W. Bingham, Janette Vinson, Cleo and Latrice Ward, Doris Walker, Francis Dupler, Billy Christen, Alton Pruitt, Dolores Jacobs Mary Wells, Bertha Murrell, Bob Peace Jack Kemp, Florence Gollihar, Mr. and Mrs. Buddy Myers, Mr. and Mrs. Howard Griffin, Mrs. Byron Gwyn, Mrs. Mattie Griffin, Mrs. Johnnie Westbrook and the honoree Horton Griffin.

Mr. Morton O. Nigh returned from the hospital in Amarillo this week. He tells us he is home for good.

**After the battle, brother!**

War's stern needs, as you know, have far advanced the previous limits of gasoline performance. In all this progress our share has been great—especially because of our extensive research and process development. Whenever the same mature abilities can be focused on NEW-DAY CONOCO BRONZ-Z-Z GASOLINE, your car will get a strong "second wind." For there'll be new-day power in this high-octane fuel. And it will fire clean—to let your engine thrive. So then every latest gasoline feature will be yours—and you'll know it plainly—using NEW-DAY CONOCO BRONZ-Z-Z GASOLINE. Continental Oil Company

Your gasoline today

Get it at Your Mileage Merchant's Conoco station. Then you'll know it's made to be every bit as good as the regulations now permit. Just be sure of your Station Identification—that big red Conoco Triangle. Where you see it you can buy with confidence.

They raised the Flag again on Corregidor...

Let's raise the money in the **MIGHTY SEVENTH**

OUR FLAG flies once again over Corregidor. The cost was great in blood and pain, but our fighting men did not turn back. And on Iwo Jima, four thousand men—more and more—died to take the long step forward to Victory. Twenty thousand others suffered wounds. Yes, we're on the way to Tokyo!

At home, your contribution to Victory is measured in dollars.

The Seventh War Loan is the biggest in America's history because seven billion dollars must be raised from individuals alone. That means you must buy more and bigger War Bonds.

This is really two great loans in one; for this time last year you had been called upon twice to subscribe in War Loans. As our fighting men raise Old Glory all over the world—let's raise the money back home!

### Bailey's Waste Paper Goes In Suits Of Armor

Residents of Bailey county can supply enough waste paper for 21,060 "suits of armor" for 105 mm. shells if they will buckle down and

save an average of 10 pounds of news papers, wrapping paper and boxes a month. The 105's are the big ones that have been helping American forces in their advance toward Berlin and Tokyo. Last year Americans saved 106 pounds of paper per capita, enough for about 35 containers each for the 105 mm. shells. For each ammunition container or "paper suit of armor" used to

protect the shells from salt water dents, nicks and corrosive dirt, approximately three pounds of waste paper are required, according to W. J. Wardell, vice president of the American Can Company, which is manufacturing millions of the containers. Ammunition container board, one of the principal materials used in making the "suits of armor," is made from mixed paper and old

corrugated boxes Mr. Wardell said. Another material used is called "tube and stock," which is made from all types of waste paper.

### Undulant Fever Season Is Here

AUSTIN—This is the season when

an increase of undulant fever may be expected, according to Dr. Geo. W. Cox, State Health Officer.

An undulant fever patient suffers from chilly sensations, or severe shaking chills, sweats, and high fever. The patient may find it hard to remain in bed, but if he tries to keep on with his work he finds he has not sufficient energy.

Symptoms often continue for a number of weeks before recovery occurs. Fortunately undulant fever has a low death rate. Body temperature may reach a high mark each day than the day before for some time, and then gradually return to normal over a period of several days. Fever may be absent for some days and come back again in the same way as before, registering higher each day an dthen gradually going lower.

Mrs. Bill Booth and daughter visited relatives in Fort Worth over the weekend.

### WEST CAMP CLUB

In selecting work clothes for women select garments that are comfortable and durable, said Miss Grace Patterson, Bailey County Home Demonstration Agent, as she gave a demonstration on work clothes for women at the home of Mrs. W. W. Couch to a group of West Camp club ladies.

Mrs. Willie Williams acted as a model for the demonstration of work clothes, and Miss Patterson discussed each as they were modeled.

"Are You Photogenic?" was given by Mrs. W. W. Couch.

Members present for the meeting were: Mrs. R. C. Sheegog, Mrs. W. L. Key, Mrs. Willie Williams, Mrs. Parton Austin, Mrs. Johnnie Williams, Mrs. W. W. Couch and one visitor, Mrs. E. H. Bell.

The next club meeting will be with Mrs. W. L. Key on May 23, at 3:00 o'clock.

### HOW MUCH TO MOVE A WAR?

AS SOON as we can, we'll bring to bear on the Japs all the additional might we've been using against Germany.

What will it cost, this Moving Day of War? Estimate it in these terms: The job of moving millions of men from one front to another. Thousands of ships to carry the supplies of battle. Swarms of new-type aircraft to blast the path into enemy territory.

You can get an idea of the cost from the fact that Uncle Sam needs 7 billions from us in the mighty Seventh War Loan—now!

The Seventh War Loan will call for the greatest bond-buying we have ever done.

If you have an income—whether from work, land, or capital—you have a quota in the 7th War Loan. Be sure to make it!

FIND YOUR QUOTA—AND MAKE IT!		
IF YOUR AVERAGE INCOME PER MONTH IS:	YOUR PERSONAL WAR BOND QUOTA IS: (CASH VALUE)	MATURITY VALUE OF 7th WAR LOAN BONDS BOUGHT
\$250	\$187.50	\$290
225-250	150.00	200
210-225	131.25	175
200-210	112.50	150
180-200	93.75	125
140-180	75.00	100
100-140	37.50	50
Under \$100	18.75	25

## GOOD YEAR BONUS MILEAGE TIRES

These Drivers, And Millions More, Know Goodyear Is the Best Tire Built!

- "24,000 miles... only three-fourths worn." —California Business Man
- "23,000 miles without a tire failure." —New York Motorist
- "37,000 miles... estimate 10,000 miles of original tread left." —Louisiana Farmer

Testimonials of essential drivers everywhere, report amazingly long, satisfactory service... prove this superior new Goodyear is delivering mileage comparable to the average pre-war tire. So, when you get a certificate for the bonus mileage... the extra safety and service of a Goodyear.

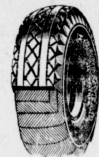

**\$1520** plus tax 6.00 x 16

New Tubes Save Tires

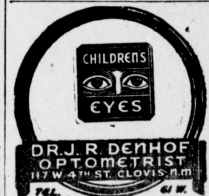

### HERE'S WHY A GOOD YEAR LASTS SO LONG!

Goodyear is superior in tread and in body. The exclusive Goodyear tread design compacts when inflated, becomes extra resistant to cuts and bruises. And backing up this remarkable tread is a firm, resilient body designed to cushion shock and minimize tread-wearing tire "growth".

# DRS. WOOD & ARMISTEAD

OPTOMETRISTS  
LITTLEFIELD, TEXAS

**Home of Tomorrow Will Feature Tile**

AUSTIN—Homes of tomorrow in Texas will continue to be built of wood, but much hollow tile and gypsum plaster will be used and interior finishings will be different. These predictions are made by a University of Texas chemical engineer, Dr. W. A. Cunningham, who has made a study of gypsum plaster and other materials. Plastic and magnesium alloys will be used for window trimmings, door trimmings, for certain household appliances, and plastic will even be used for screens, he says. "Hollow tile is especially good for homes because the outstanding production is in Texas, it has excellent insulating values, and it is adaptable to air conditioning."

Another important feature of the homes of the future, according to Walter T. Rolfe, chairman of the department of architecture is that homes will be built to take advantage of sunlight. The use of glass to permit sunshine both summer and winter simplicity of lines, and utilization of natural environment will mark the new homes, he says.

**Rural Teachers May Get A Break**

AUSTIN—Rural school teachers of Texas came in for their share of educational appropriations from the House of Representatives this week, when the House passed a \$29,000,000 rural aid bill by a vote of 108 to 10. The bill is some \$1,200,000 more than the Senate-approved measure, and \$11,200,000 more than was appropriated last session. The bill provides a base pay of \$135 a month for nine months for teachers in rural schools, and additional compensations for college training and number of years spent in teaching.

Championed by R. L. Proffer of Denton, chairman of the rural aid sub-committee, and Joe Humphrey of Abilene, the bill as passed provides additional pay of from \$4 to \$20 a month for college training, and from \$2 to \$20 extra for each year of teaching experience.

**TOO LATE**  
While breakfasting, a bachelor saw this inscription on a boiled egg: "If you are a young man who wishes to marry a farmer's daughter, age 18, write . . ."

The young man wrote, and back came a letter, as follows: "Too late! I'm married and have two children."

Lick those sons of Heaven with War Loan No. Seven.

**Roy M. Green Tells a Farm Story**

By President Roy M. Green Colorado A & M College Fort Collins, Colorado

Big crops and good prices left a wheat farmer not long ago with \$30,000 cash in the bank. Said he, "If I don't invest this in inflated land values, what can I do with it to earn anything?" I said to him, "Did you ever think of using part of it to insure yourself a steadier farm income after the war? For \$150 a month, or \$1,800 a year in War Bonds, you can begin to collect ten years after the war \$200 a month. As you will be getting older by that time, wouldn't that be a better supplement to what income the farm then produces than having to turn again to the cream can and what your wife can make out of chickens? Wouldn't it be a nice retirement fund for a fellow that is now 35 years old? Wouldn't you like to have had \$200 a month cash coming in last time?"

In addition, if you can put in War Bonds a lump-sum as reserve for operations in bad years, for deferred purchases of equipment, for repairs, for up-keep of new household equipment; and then whatever the postwar adjustment, you would have an easier time of it than you had last time.

You wouldn't have to wait on somebody's extra special plan; you would have already completed one of your own.

If you are proud of the independence of your occupation, and jealous of preserving as much of it as possible, don't orate and speculate—order WAR BONDS!

**Farmers Plan Greater Buys in War Bonds**

In spite of an "off" season so far as income is concerned, farm War Bond leaders are now making preparations for selling more bonds to farmers during the Seventh War Loan than in any previous drive, according to M. L. Fredmore, Chief of the Agricultural Section, War Finance Division, Treasury Department. With the help of country bankers they're out to convince the men who till the soil that they should convert their expanded bank accounts into bonds.

Farmers, like all Americans, have been building up bank deposits and currency holdings ever since the war started. Fredmore said: "On January 1, 1920, agriculture held currency and bank deposits totaling slightly over 4 billion dollars. The 1945 figure is not available, but it is expected to be in excess of 10 billion."

With larger operations and increased costs farmers must have more operating capital than in 1940, but they don't need 10 billion, in Fredmore's opinion. He believes farmers can and will put a substantial portion of these cash reserves into War Bonds.

When they go out to sell War Bonds to farmers in the Seventh War Finance Committees throughout the nation will stress personal solicitation. A survey made following the Sixth War Loan showed that 37 percent of the farmers who were personally solicited bought bonds.

**School Equipment Drive Under Way**

THE SCHOOLS OF THE NATION are doing their part in the Seventh War Loan Drive by conducting an Equipment Campaign. As each piece of equipment is bought through the sale of War Bonds its posture counterpart is passed on the board until the soldier is equipped. Dona Overton, country student, of Milwaukee High School, Oregon, shows Shirley Potter, city student, of Lincoln High School, Portland, Oregon, how it's done.

**Sgt. Seagraves Back From Pacific**

DALLAS—Sgt. Monroe O. Seagraves, Detached Enlisted Men's List, returning from 43 months overseas in the Pacific, will arrive on approximately the 18th of May at Ft. Bliss, Texas.

Sgt. Seagraves shortly thereafter is expected here to visit with a brother who lives on Route 2, Muleshoe.

**Attend School For Order Eastern Star**

Mesdames Jackie Tate Emma Dee Copley, Melzine Elliott, Bettie Burkhead, Bronza Cox and Janett Wagnon attended the School of Instruction for the Order of the Eastern Star, Saturday, May 12 in Plainview.

Lick those sons of Heaven with War Loan No. Seven.

**4-H LANDSCAPERS START IMPROVING FARM HOME SITES**

When the 800,000 former 4-H boys and girls in war service come home, they will welcome improvements in the farmstead. Through the National 4-H Home Grounds Beautification Activity club members are encouraged to plant trees, shrubs and flower beds, improve lawns, repair old buildings and broken down fences, and remove unsightly objects to make their home surroundings more attractive.

It is estimated that more than a million rural youth have devoted their spare time in beautifying their home sites during the war years of 1942-44. This is the eighth consecutive year of the activity, which is conducted under the direction of the Extension Service and all awards of merit donated by Mrs. Charles R. Walgreen, Chicago horticultural enthusiast. The incentives for exceptional achievements in farm home landscaping comprise sterling silver medals to county winners, gold watches to state champions, and 4-H Club Congress honors to eight selected from the latter. County extension agents will furnish full information of the activity.

## Nation's School Children Ready To Assume Part in Seventh Drive

WASHINGTON, D. C.—The nation's 30,000,000 school children are again all set to assume as much responsibility as is given them in helping to meet the \$7,000,000,000 quota set for sales of War Bonds to individuals in the Seventh War Loan.

The demonstrated sales effectiveness of school children was an important factor in the determination of the dates set for this new Drive—May 14th through June 30th. Insistence on the part of many War Finance Chairmen throughout the country paid tribute to the vital support that pupils, teachers and school administrators have given previous Bond Drives.

A recent survey reveals that more than 20 million people heard about the Sixth War Loan from school children. Over eleven million were directly asked to buy bonds by these boys and girls, a little less than a third of whom were solicited in no other way.

The participation of school children ranges from rallies at their schools to the taking of door-to-door house-to-house canvassing. In Penns Grove, a small New Jersey town, during the last Drive, E Bond sales were lagging behind. In desperation, the War Finance Committee turned to the students of the town's two high schools and one grammar school. "If the adults won't do it, it's up to you," the County Chairman told them. Accepting the challenge, within a week boys and girls had sold \$25,000 worth of bonds, and before the close of the Drive, Penns Grove's 6,485 citizens had topped their E Bond quota by \$17,000. "Let's chuck that worried adult youth taking responsibility into the ash can," said the local weekly newspaper.

In Michigan, public schools sold \$23,750,500 worth of bonds in the Sixth War Loan, with Detroit schools contributing almost a third of this

figure. One school in the heart of Detroit averaged sales of \$235.60 per pupil; another, in a wealthier district, tallied up \$369 for each of its 800 students.

Through special promotions staged by the schools of the small town of Laconia, New Hampshire, whose pupils manned booths, recorded the Drive's progress in downtown department store windows and canvassed all the town's fourteen districts, E Bond sales amounted to \$341,334 against a quota of \$272,300. In the state of Washington, the 80,000 school children in King County sold 27,763 E Bonds in one day—\$1,182,281 worth.

And in Kings County, New York, elementary and secondary school children tallied up \$4,137,435 through the sale of 41,253 E Bonds during the Sixth War Loan.

On Pearl Harbor Day in a remote Virginia county, school pupils canvassed the neighborhood and sold \$18,000 worth of Bonds; their total sales for the last drive amounted to \$46,000—eight per cent of which was estimated to be "new" sales.

Preparing fellow townspeople for solicitation by the pupils of Fairmount School, Hackensack, N. J., the principal wrote: "You may feel that we are placing an unusual responsibility on our children, but they are unusual children. Living in unusual times. They are sincere in their belief that the future of America depends upon our continued support of every man in the line of battle." His pupils sold bonds worth more than \$1,000,000 in the Sixth War Loan.

## Morgenthau Cites Types of Issues Issued to Public

A grateful Nation has grided itself for the Mighty Seventh War Loan for 14 billions of dollars, half of which has been assigned as the individual sales quota. According to reports from state chairmen reaching Ted R. Gamble, national director of the War Finance Division of the Treasury in Washington, the Nation is ready for the huge task.

Mr. Gamble was enthusiastic about results. He said "We're prepared to do the best job in the 7th War Loan." Mr. Gamble said that "not only is there more money available than ever before in each state, but individual income will be higher in the period of the 7th War Loan than in any previous War Loan period."

Secretary of the Treasury Henry Morgenthau said seven billions of dollars has been assigned as the quota for individual investors and that the major emphasis throughout the drive will be placed on the quota for individuals. The individual quota is the highest established in any of the previous drives, the secretary said.

The E Bond quota alone is a billion. The 7th War Loan seeks nearly as much in the one drive as was asked in the first two drives of last year which were held up to this time. The two drives of this year, therefore, will seek nearly as much as was sought in the three drives of 1944.

The Secretary stated that there is every evidence that Federal expenditures are going to remain at a high level for some time to come, and that the Seventh War Loan program was designed to obtain maximum funds necessary to prosecute the War from non-bank investors.

The securities, which will be sold under the direction of the State War Finance Committees, are as follows: Series E, F and G Savings Bonds, Series C Savings Notes, 2½% Bonds, 2½% Bonds, 1½% Bonds, ¾% Certificates of Indebtedness. The 1½% Bonds will not be offered in the Drive to corporations.

The Drive for individuals will extend from May 14 to June 30. However, an intensification of activities in the sale of Series E Bonds began April 9, when millions of persons on payroll savings plans throughout the country were asked to enlarge their participation as a part of the Seventh War Loan. All Series E, F and G Savings Bonds and Series C Savings Notes processed through the Federal Reserve Banks between April 9 and July 7 will be credited to the Drive.

During the final phase of the Drive which will cover the period from June 18 through June 30, subscriptions will be received from all other non-bank investors for the 2½% and 2½% marketable bonds and the certificates of indebtedness.

## Fowler Brothers Serve At 8th Air Force Stations

L. G. (Mike) Fowler and Lambert G. Fowler sons of Mr. and Mrs. W. T. Fowler of Littlefield, both Master Sergeants, are serving in the Eighth Air Force, the former in France, the latter in England.

Their wives are both living at Sudan.

Sgt. Mike Fowler farmed a 1200 acre tract of land at Goodland before entering the service.

Lick those sons of Heaven with War Loan No. Seven.

## Mrs. J. M. Holland H. D. Club Hostess

The Muleshoe Home Demonstration Club met in the home of Mrs. J. M. Holland, Thursday afternoon, May 10 with fifteen members, three visitors, and the County Demonstration Agent present.

The president, Mrs. Gale Holt, presided during the business session. Mrs. A. W. Copley, chairman of the Marketing Committee, reported on the seventy-four dozen pinneaps ordered thru this Club.

Miss Grace Patterson County Demonstration Agent gave an interesting demonstration on women's work clothes. She displayed pictures and patterns of the most practical types of coveralls, dresses, aprons, and a bonnet for the woman who wants to work in comfort. Mrs. Ila Mae Lawler modeled a number of these ideal garments made by the patterns shown.

Several members brought new garments which are to be given to the Red Cross and sent where needed.

During the social hour the hostess served cookies and punch to Mesdames P. E. Jernigan, Marvin Wimberley, Claude Jennings, Ila

May Lawler, J. A. Wimberley, A. W. Copley, Ernest Holland, H. M. Shofner, W. H. Awtry, Gale Holt, J. E. Day, Roy Carney, J. T. Shofner, R. D. Aylesworth, Miss Patterson, and the visitors, Mesdames Herschel Wimberley, H. E. Wimberley, and J. B. Tipton.

Mrs. H. E. Wimberley's name was added to the roll.

The Club will meet May 24 at 3 P M. with Mrs. P. E. Jernigan.

## Use More Cabbage Request of WFA

Bailey County meal planners were asked by WFA to step up purchases of cabbage and help make full use of the wartime food supply.

Encouraging increased use, E. C. Munro, District Representative of WFA's Office of Supply, said plentiful supplies now in vegetable bins must be used immediately if waste of a perishable crop is to be prevented.

One of the best ways to balance out wartime meals, he explained, is to use more of the abundant, fresh foods and go easy on other foods not so plentiful on retail shelves.

Lick those sons of Heaven with War Loan No. Seven.

**War Veterans Warned Against**

**Hasty Purchase of Dwellings**

With the current high prices of property, war veterans may seriously encumber themselves with bad investments unless they consult competent advisers before borrowing money from the government under the GI Bill of Rights, in the opinion of Miles L. Colean, former Assistant Federal Housing Administrator.

Caution against undue haste in taking advantage of federal loans for veterans is urged by Mr. Colean in an article in the May issue of House Beautiful magazine in which he explains in non-technical language just what home loan benefits our veterans are entitled to.

Mr. Colean points out that veterans who want loans under the GI Bill of Rights do not even have to deal with the government direct, but may transact their business through their local mortgage companies. In warning against hasty and perhaps ill-considered investments made with such loans from the government, he says in part: "In many parts of the country, now is a dubious time for either buying or building. The selection is limited and the prices are high. A liberal loan and a low interest rate won't take the curse of an inflated price. There is every reason therefore to be cautious in investing in a home."

**FOR SALE**

—Perfect section. Highly improved. No better in the country. Improvements too numerous to mention. Close to town, priced right. —40 acres well improved, close in. To see it is to like it.

—Also 40 acres 4 miles out. Well improved, good irrigation well. Terms if desired.

—Other farms, large and small. Also houses in town.
