## Turks Bow To Bulldogs; Go To Matador Friday

The Turkey Turks hosted tough Anton last Friday night and when the firing was over the Bulldogs had won the battle 36-6 over the scrapping Turks who never quit.

The Turks will go to Matador Friday night of this week to take on a Matador team that has not been having a good season either. It should be a good game and fans are urged to go along and help the Turks win this one, always a "big game" for the Turks.

Anton scored on its first possession of the ball in last Friday night's game. Turkey took the opening kickoff, couldn't move and kicked to the Bulldogs, who set up for action then on the mid-field stripe. They moved on in for the TD from that point. The try for extra point failed. After a couple of possessions by each team, the Bulldogs recovered a Turk fumble on their own eight-yard line and pushed over for their second score in just two rushes from that point. A pass for the PAT made the score 14-0. The Bulldogs tallied once in the second quarter and owned a 22-0 lead at the halfway point.

Coaches Scott and Mouser made some adjustments in the Turk defense during the intermission and the Turks shut out the Bulldogs in the third period and picked up a touchdown themselves on a nifty 46-yard run by Mitchell Vivens.

Anton scored two times in the fourth period while the Turks were scoreless, but it was a good game nevertheless, and the Turks battled all the way.

### SETLIFF AND LANE ARE

#### "PLAYERS OF THE WEEK"

Coaches Scott and Mouser have named Kenny Setliff and Joe Lane as "Players of the Week" in the game with Anton last Friday night.

Setliff is the defensive player of the week. Kenny was in on seven assisted tackles and had two unassisted tackles, in turning in a very outstanding performance. Others who turned in good performances on defense were Leroy Hamner, Brent Mullin and Brent Guest.

Joe Lane, the offensive standout for the night, carried the ball 19 times, gaining 73 yards for a 3.8 average per carry. Others mentioned who turned in good games were Mitchell Vivens and David McKay.

The Turks gained 93 yards from scrimmage in the second half of play while limiting the Bulldogs to 97.

### Coronation Held At First Baptist Church

reported by Mrs. Jack Cheatham  
The Davidson Auxiliary held its Coronation at the First Baptist Church in Quitaque Sunday night, October 10, with 33 girls receiving awards for passing steps in their missionary organization. There

Donald Ramsey, organist, and Anna Jean Taylor, pianist

were nine Bearers and four high school students who helped with the beautiful ceremony. Donald Ramsey, organist, Anna Jean Taylor, pianist, were the accompanists. Debbie Farley and Gail Tyler were candlelighters. These two girls were crowned Queen in a similar ceremony in 1968, the first girls in the Quitaque Chapter to become Queens. There have been nine more crowned since then.

The Forward Steps are a great challenge to each girl as she explores the Bible and learns truth about God and memorizes scriptures, learning to talk with God and others.

Every girl who received an award has received gifts more valuable than money can buy, these gifts being earned alone, and stored within herself. May God truly bless and keep each of them close to Him is our prayer.

The Leaders invite every girl, whether you are of like faith or not, to join us as we grow from little girls into big girls and into womanhood.

The Davidson Girls-in-Action Leader, Cheryl Merrell, fourth grade; Mrs. Jo Patrick, fifth grade; Mrs. Elizabeth Monk, sixth grade.

Acteen Leaders, Mrs. Lila Ramsey, seventh grade, and Wanda Payne, eighth grade. (The pictures will be continued until all appear in the newspaper.)

Fourth Grade Leader, Cheryl Merrell; (front row, left to right) Kelly Don Hawkins, Truette Bedwell, Dubelia Martinez; (back row) Cheryl Merrell, Lesa Herrington, Estella Valdez, Judy Barrett

Debbie Farley (left to right) and Gail Tyler, candlelighters, Anna Jean Taylor, Donald Ramsey

Mr. and Mrs. E. R. Hooker of Visalia, California spent from Thursday of last week until Monday. She is a sister of Mrs. J. R. Adamson, sr. in Turkey. Mrs. Alva Simmons and Hobart Moffett of Hedley joined them Sunday for a visit.

Mrs. Ruby Cushenberry drove to Dimmitt Saturday and accompanied her sister, Mrs. Neva Hickey, to Amarillo to market. Mrs. Cushenberry visited her son, Layne Cushenberry, and his wife and son while in Amarillo. She returned home Monday.

Quitaque's Pantherettes continue to win while the Panthers are still winless after their first game victory over Samnorwood.

The QHS teams were hosts to the Quail High Quails last Friday night and the Pantherettes took an easy 60-30 win while the Panthers found the Quails to be real tough and lost 57-92.

Tuesday night of this week the Quitaque teams played McAdoo a return match and the results were about the same as in the first meeting. The Pantherettes, after trailing most of the first half of play, took a 47-41 win, while the Panthers lost 80-40 to the Eagles.

Funeral services were conducted at 3:00 p.m. Monday at the First Methodist Church in Turkey with the Rev. Fred Brown of Lubbock and the Rev. Roy Patterson, pastor of the First Methodist Church in Turkey, officiating.

Burial was in Dreamland Cemetery by Seigler Funeral Home of Turkey.

He was a native of Hall County and had been a farmer in the area many years. He married Margueret Clay in February 1938 at Clovis, New Mexico.

Survivors are his wife; one daughter, Mrs. Homer Hawkins of Turkey; two brothers, Homer and Luke, both of Turkey; four sisters, Mrs. Lizzie Cotton, Mrs. Lura Meacham, Mrs. Goldie Russell and Mrs. Mable Christian, all of Turkey, and one grandson.

Mr. and Mrs. George Johnson were in Amarillo Monday on business.

Mrs. Babe Lacy of Tulia and Mrs. Mut Berryman of Meade, Kansas were guests in the Sonny Mullin home last weekend.

Mrs. Robby Henderson of Harrison, Arkansas and Mrs. Lucy Johnson of Cleburne are visiting this week with their mother, Mrs. C. S. Lipscomb.

Mr. and Mrs. George Johnson were in Vernon Friday where they met Mr. and Mrs. Gary Johnson of Mineral Wells for a visit.

Mr. and Mrs. Floyd Gilmore and Mrs. Ann Clements and children visited with relatives in Richardson over the weekend.

Mr. and Mrs. Mack Christian of Amarillo spent from Thursday until Sunday with Mr. and Mrs. Albert Christian.

Mr. and Mrs. Homer Christian of Amarillo visited over the weekend with Mr. and Mrs. Albert Christian and Mr. and Mrs. Shorty Wheeler.

Paula Richardson of Memphis visited friends and relatives in Turkey over the weekend.

The Quail girls were no match for the Pantherettes. The visitors scored only one point the first period as the locals led 13-1 at that point. At halftime the count was 30-14 as Coach Dean Johnson was already substituting freely, giving all members of the squad a chance to play and trying to hold the score down. In the third quarter Coach Johnson played a team composed entirely of freshmen and those youngsters outscored the visitors 20-8 to lead 50-22 at that point. In the fourth quarter the coach switched the guards to forward and the forwards to guard and they outscored 10 points to the visitors 8. Wanda Ramsey led in scoring for the Pantherettes with 13; Cookie Dowd hit for 9 points; Eva Cheatham and Cheri Brown each scored 8 points, Bonnie Clary and Debbie Farley notched 6 points each; Kim Ham and Regina Cathey hit for 4 points each and Mary Brunson made 2 points. The Quails' Oatman hit for 18 points.

The Panthers found the Quails to be a real salty crew and were just no match for the visitors. Danny Payne won scoring honors for the Panthers, hitting for 21 points. Dee Whittington and Hoss Hamilton canned 10 points each, David Johnston tallied 8, while Billy Cagle, Bruce Tiffin, Gene Payne and Randy Stark each tossed in one field goal.

Tuesday night the Pantherettes just about met their match in the Eagles from McAdoo, although it was free shooting that kept the visitors in the ball game, for the Eagles made 9 field goals in the game and 23 free tosses, while the Pantherettes canned 17 from the field and 13 free tosses. Freshman Eva Cheatham racked up 23 points for the Pantherettes to lead in that department. Wanda Ramsey made 20 points, Bonnie Clary tallied 3 points and Debbie Farley notched a free shot.

The McAdoo Eagles are a typical McAdoo team who knock the bottom from the basket from all over the place. The Eagles hit on 9 of 11 of their first shots from the field and that was just about their average for the night, especially the starters. The visitors led 22-6 at the end of the first period and 41-18 at halftime. Danny Payne scored 20 points for the Panthers for scoring honors.

The QHS teams go to Quail for a return match Friday night and on Tuesday night of next week will play Flomot here.

Mr. and Mrs. Harry Blair and Mr. and Mrs. Grady Tyler attended the funeral services for Mrs. Mary Jo Hardberger, the former Mary Jo Smylie, in Beaver, Oklahoma, Friday.

## Turkettes Lose Third Game Of Season In Overtime

The Turkey Turkettes have played three games in this new season and have lost all three of them, but all have gone into overtime and one of them was a double overtime before a winner emerged.

Monday night of this week the Turkettes played the Happy Cowgirls here in Turkey and just as in the first game the Turkettes lost by the same score, 42-40, in overtime.

The Turkey crew led most of the way in Monday night's game but couldn't hang on to win. Turkey led 14-9 at the first quarter stop, 25-18 at halftime and had a 10-point, 34-24, advantage going into the final period but wound up all even, 39-39, at the end of regulation play. Turkey could only sink one free shot while Happy canned a free shot and a field goal for the final 42-40 tally.

Anna Polley won scoring honors with 31 points for the Turkettes.

### QUITAQUE JUNIOR HIGH TEAMS IN SPOTLIGHT AGAIN

reported by Seritha Helms and Shonda Smith

The Quitaque Junior High teams have done it again! They played a game with the Roaring Springs Yellowjackets on November 4. The Panthers, with fighting determination, again came out on top.

The girls team might be compared to a pan of water heating. It may take awhile for them to get warmed up, but once they are, they begin to boil. At halftime the score was Quitaque 14, Roaring Springs 15, but the Pantherettes came to life in the fourth quarter to end the game, Quitaque 25, Roaring Springs 18. High point scorer was Dianne Purcell with 23 points and Shonda Smith made one field goal.

The hustling Panthers got off to a fine start and ended the game likewise. Final score was Quitaque 29, Roaring Springs 14. High point scorers were Joey Barefield and Ernest Lucero with 10 points each. Pepper Jones scored five points and Billy Morris made two field goals.

### CORRECTION

## Lenders Work To Make Simultaneous Farm Loans

TEMPLE, Texas, Nov. 3—Texas farmers will be able to tap the largest supply of supplemental credit in history this year through the Farmers Home Administration, State Director Lynn Futch announced today.

"We project that more than \$81

million will be available to Texas farmers in fiscal year '72, as a result of cooperative efforts between the Farmers Home Administration and commercial lenders," he stated.

The cooperative effort involves having the commercial credit source and Farmers Home Administration make simultaneous loans to a borrower, with the private lender having first claim on the security.

"The farm ownership program is aimed to reach \$30 million—\$15 million of government money,

## Texas F.H.A. Loan Volume Largest In Nation

J. Lynn Futch, Texas State Director of the Farmers Home Administration, announced today that the agency extended credit to rural Texans in the amount of \$155,456,817 during the 1971 fiscal year ending June 30, 1971. This credit was furnished farmers and rural residents through the many loan programs administered by the agency with rural housing leading the way with \$72,302,453. Loans for community services facilities such as rural water systems and sewer systems totaled \$24,205,192. Credit extended to individual farmers and ranchers for operating expenses, capital purchases and land purchases totaled \$58,949,172. This was the largest yearly volume of loans in the history of the organization, which has as its overall mission the development of rural areas.

Futch said that he was also pleased that there was a sizeable decrease in the percentage of loan delinquencies as compared to previous years. Due to the severe drought in the spring and early summer of this year, it is expected

with private lenders participating at a level of \$15 million," Mr. Futch continued.

"Projected figures for the farm operating loan program is \$51 million of which \$22½ million—triple last year's figure—comes from regular commercial lenders."

Lending levels of FHA farm programs are also higher because of a substantial boost given the farm ownership program by President Nixon when he announced that national funding would be \$350 million this fiscal year, \$82 million above 1971 levels, Mr. Futch said.

The President also said the nationwide farm operating loan program would be raised to \$350 million from its present \$275 million level if the Congress would approve legislation changing the program from an appropriation basis to an insured basis.

If this legislation is passed, Mr. Futch said, notes of farm borrowers for operating purposes would be sold to investors who, in turn, would be insured against loss on the notes. The investors' money would replenish a revolving fund and would be available for more loans, as in the case now with farm ownership loans.

"It will continue to be our policy to assist people in finding the credit needed to begin farming or to help finance farm operations," he said. "We therefore commit government funds only when we cannot involve private money to serve agriculture's credit needs."

"To assure this, county supervisors of the Farmers Home Administration are required to contact another lender with respect to every application for farm ownership or operating funds.

"We are pleased with the fine cooperation extended by banks and other credit sources to make this plan work," he concluded.

ed that the demand for emergency credit for farmers and ranchers this fall and winter will substantially increase the volume of farm loans in fiscal 1972, with all other programs also expected to be expanded. The program is administered in Texas through 144 county offices and the state office in Temple.

## State Capital News

A blue ribbon study commission has come out strong for state constitutional revision and widespread restructuring of the state and local governmental system.

The Texas Urban Development Commission, winding up an 18-month study which enlisted the services of experts and laymen, handed its 200-page report to Gov. Preston Smith.

Smith, commending the body for charting "a clear course for those in government to act on," announced appointment of a 17-member, permanent Texas Advisory Commission on Intergovernmental Relations. The latter will follow up on the report of the study group headed by Arlington Mayor Tom J. Vandergriff as chairman and Dr. Earl M. Lewis of Trinity University in San Antonio.

"The Texas Constitution," said the Commission, "should be thoroughly changed to allow state and local governments to exercise more initiative and to be more responsive to current and future demands but at the same time free to be truly responsive to changing needs and emerging problems."

Among 50 major recommendations were the following:

\*State government should begin moving toward a new organizational and management system and consolidation of urban services in about 20 existing agencies.

\*The governor should have more power over budgeting and appointments and removal of state agency governing boards chairmen.

\*Local governments should be reorganized to meet specific local needs and granted greater fiscal authority through additional revenue sources and property tax overhaul.

\*Growth of special purpose districts must be checked.

\*Urban growth planning programs and coordinated land planning should be launched at all levels of government.

**Appointments**  
 George E. Stanley of Port Arthur was named to the Veterans Affairs Commission, succeeding the late Charles C. Ford of Longview.

Governor Smith named 10 members of the Criminal Justice Council executive committee and designated L. O'Brien Thompson of Amarillo as chairman.

Smith appointed an 18-member study committee on traffic court reorganization.

Lawrence L. Jester has been designated district engineer of the State Highway Department's Atlanta district on retirement of G. A. Youngs.

William G. Reid of Austin will serve as general counsel for the recently-established Texas Criminal Defense Lawyers Association.

Lt. Gov. Ben Barnes named committees to study the system of state licensing and examining boards and retirement benefits for employees of public educational institutions.

**Bonds Sold**  
 Continuation of the veterans land program was assured by sale of \$20.8 million in bonds.

The low bid of 4.48943 per cent effective net interest was submitted by a group of 50 investors. The constitutional ceiling on interest rates is 4.5 per cent for the program.

Land Commissioner Bob Armstrong said the sale means the program can operate until almost the end of 1972 when Texas voters will have a chance to pass a constitutional amendment to raise the interest rate ceiling to six per cent.

The Veterans Land Board is constitutionally authorized to sell another \$70.7 million in bonds. More than 43,500 Texans have bought land under the program.

**A New Governor**  
 Texas will have a new governor briefly in December—When Sen. W. E. (Pete) Snelson of Midland takes over as chief executive for the day.

Snelson, as president pro tempore of the Senate, is third in line for the governorship. Governor Smith and Lieutenant Governor Barnes will be absent themselves from the state December 4 so Snelson can have the honor of serving as governor. He represents 35 counties of the 25th senatorial district.

## Courts Speak

The State Court of Criminal Appeals upheld Texas' abortion law, and said the state has the right to prohibit operations, in a decision conflicting with a June 18, 1970, three-judge federal court ruling at Dallas.

The Court of Criminal Appeals also reversed a Waco marijuana conviction due to improper questioning of witnesses by the prosecuting attorney.

State Supreme Court heard arguments in a suit seeking to nullify University of Texas acquisition of a 588-acre Odessa site for the new UT-Permian Basin campus because of the proximity of oil and gas equipment and a potential safety hazard.

## Ag Opinions

The governor can commute death sentences to life imprisonment even though convictions are on appeal, Atty. Gen. Crawford Martin held.

In other recent opinions, Martin concluded:

\*A new "surtax" on misdemeanor and felony convictions (\$2.50 to \$10—cannot be assessed for offenses committed prior to last August 30, date the law went into effect.

\*Issue of tax cancellation certificates are authorized, and should cover all tax certificates showing no taxes due which had been previously and lawfully issued.

\*Computation of actual interest expense incurred and to be recovered as an item of selling price on long term federal water contracts shall be made by applying the cumulative average effective rate to only that portion of the "direct cost" of the facility which is attributable to Texas Water Development Fund money.

**Pesticide Decision Put Off**

The new State Pesticide Advisory Committee delayed its decision on banning DDT for household uses.

No recommendation was made because the Environmental Protection Agency has not made its official rulings on DDT, committee chairman Dr. Perry Adkisson of Texas A & M University said.

The five-member committee will meet again December 7 to consider the matter. Texas Department of Agriculture, charged with administering the state law on pesticides, asked advice from the advisory panel authorized by the legislature this year.

**Hunt Invite "Disappears"**

State legislators and officials who had been invited to hunt on state game management areas found the invitations suddenly withdrawn after newspapers publicized them.

Parks and Wildlife Department Executive Director James U. Cross issued the invitations, although other would-be deer hunters are required to draw for the limited number of free permits in the areas. PW Commissioners expressed doubt special exceptions could be made for state officials and legislators, so the bid was unceremoniously taken back. One commissioner called for Cross's resignation over the incident, but the new director said he plans to stay on the job.

**Pool Meet Slated**  
 Complaints about the new Texas catastrophe pool insurance plan will be aired at a public hearing December 7.

The State Board of Insurance announced it will "consider all aspects" of the plan approved by the Legislature for 14 seacoast counties this year.

Texas Association of Insurance Agents will offer testimony and stress "positive steps" that can make the pool work as intended.

**Short Snorts**

Attorney General Martin lambasted the new state code of ethics for public officials as a "virtual mishmash" and predicted a court effort by one or more political subdivisions to invalidate it.

An experimental fusion machine, which may help revolutionize energy producing mechanisms, has been dedicated at the University of Texas.

State health authorities rechecked September rabies tests after a faulty lab check came close to letting a case of the deadly disease escape detection.

Three railroad union legislative boards have merged into a single United Transportation Union, Texas Legislative Board to represent 12,000 railroad and bus line employees on legislation.

Dear hunting, one of the state's biggest businesses - involving 510,000 "customers" who spend about \$88 million in two months on 37 million acres of leased land—gets under way this weekend in most counties.

Governor Smith declined the request of New York Attorney Roy Cohn for a special investigating committee to look into Attorney General Martin's probe of the \$228 million Moody Foundation, saying he has no authority to name a

**FLOMOT NEWS**

Marvin Starkey of Flomot entered the hospital in Borger Sunday for a checkup. Mr. Starkey had surgery there a year ago. The Brotherhood of First Baptist Church in Flomot met at 7:00 p.m. Saturday, November 6, at the church for a chili supper. The purpose of the meeting was to recognize the two chapters of R. A. S. the Crusaders and the Pioneers, and to present them with awards. The awards were bolos ties, ensignia badges and chevron patches that designated their chapters. The members of the two chapters enrolled total 17 and two counselors, Everett Shorter and C. W. Starkey. A total of 29 men and boys were present. Dr. Ivyloy Bishop, professor of religion at Wayland Baptist College, Plainview, was the guest speaker. Dr. Bishop brought a challenging message on the mission of the men and boys of the church. Dr. Bishop is called Mr. R. A., having started the work when it was associated with the Womens Missionary work, years ago. The Rev. Leo Cole reports a good time with needed information for the group.

**Review Safety Rules Before Hunting**

by Jackie Johnson, County Ag. Agent  
 Before hunting this fall, review safety rules and help prevent accidents. Hunting is one of the safest sports when the large number of hunters is compared with the small number of accidents. But even one accident is tragedy for some families. If taking youngsters to the field for the first time, impress on them that accidents are caused by careless shooters. Practice safe gun handling at all times and encourage young hunting friends to do the same. Treat every gun as if it were loaded. Never point a gun at anything you don't expect to shoot. Be sure of your target before pulling the trigger. Be sure the barrel and actions are clean and clear of obstructions. Keep the chamber and magazine open at all times when the gun is not in use. And never store or leave a loaded gun unattended. Carry the gun so you can control the direction of the muzzle—even though you stumble. And unload your gun before climbing trees or fences or jumping ditches. Don't drink alcoholic liquids before or during hunting or shooting. Never shoot at a flat surface or the surface of water. Practice safe gun handling rules they become second nature. By remembering to treat every gun with respect and pointing only at things you want to shoot, you won't have to say "I didn't know the gun was loaded."

**Continuation of Price Freeze Announced**

The Cost of Living Council announced on October 28 that the regulations which made the 90-day program a "freeze" will be modified to make the system more effective. Donald Rumsfeld, Director of the Council, stated that there will be no automatic ending on November 13 of present freeze rules on wages, prices, and rents. They will be changed only by the introduction of new regulations, thus preventing a gap that would occur if present rules were allowed to end before new ones had been instituted. Rumsfeld noted that, as stated in the President's Executive Order of October 15, the provisions of the economic stabilization program which have been in force since August 15 will continue until they are specifically modified by the Pay Board, Price Commission, or the Cost of Living Council. However, changes will occur only through explicit action taken by competent authority. It is an-

anticipated that initial modifications to the freeze rules will be announced prior to November 13. The October 15 Executive Order states, in part: "Pending action under this Order, and except as otherwise provided in section 202 of the Economic Stabilization Act of 1970, as amended, prices, rents, wages, and salaries are stabilized effective as of August 16, 1971, at levels not greater than the highest of those pertaining to a substantial volume of actual transactions by each individual, business, firm, or other entity of any kind during the 30-day period ending August 14, 1971 for like or similar commodities or services. If no transactions occurred in that period, the ceiling will be the highest price, rent, salary or wage in the nearest preceding 30-day period in which transactions did occur. No person shall charge, assess, or receive, directly or indirectly, in any "transaction" prices or rents in any form higher than those permitted hereunder, and no person shall, directly or indirectly, pay or agree to pay, in any transaction, wages or salaries in any form, or to use any means to obtain payment of wages and salaries in any form, higher than those permitted hereunder, whether by retroactive increase or otherwise."

The toughest form of mountain climbing is getting out of a rut. Mrs. Matthew Owens fell at her home early Saturday morning, at 3:00 a.m., and broke her hip. She was taken by Quitaque ambulance to Lockney General Hospital and later was transferred to Central Plains Hospital in Plainview. Mrs. Oliver Clark went to Plainview again Monday to sit up with her mother that night. She reported the doctors thought her mother was going to be all right. Mr. and Mrs. James Hawkins of Mesquite spent Sunday night with her parents, Mr. and Mrs. John King. They came to attend the funeral services held Monday in Turkey for Mark Lane. Mrs. Sid Bogan entered Central Plains Hospital in Plainview Saturday for treatment. Mrs. Bill Ebbs of Plainview brought her mother, Mrs. Olive Owens, to Quitaque Friday night and stayed until Sunday morning. Mrs. Owens remained for a longer visit.

Mr. Buster Chadwick, Mrs. Guy Smith and Mrs. Bill Farley of Turkey were in Plainview Thursday of last week on business. They visited Danny Paul Smith, grandson of Mrs. Guy Smith, who is attending Wayland Baptist College, while they were there.

### TURKEY LIONS CLUB

The meeting of the Turkey Lions Club was called to order by Boss Lion Jess Lipscomb. Lion J. T. Mullin led the Pledge of Allegiance and Lion Roy Patterson gave the invocation.

Lion George Setliff won the "Pot of Gold" contest which was \$8.00.

Special guests introduced were Rev. Jim Boswell, Amarillo; Capt. Gary McLaughlin from West Texas State University, and Lion Jack R. Riley of Amarillo, who introduced a very good film about the Texas Lions Camp for Crippled Children.

Lion Riley paid tribute to the members of the Turkey club and the other Lions of Texas who are providing the handicapped children and adult blind of Texas with new opportunities for happier lives.

The League now has three fields of service: The Texas Lions Camp for Crippled Children, the Rehabilitation Center for the Adult Blind and the Texas Lions Camp for Diabetic Children.

The crippled children's camp at Kerrville was opened in 1963 and accommodated 236 blind, deaf, mute and crippled youngsters the first year. Since then, more than 13,000 children have enjoyed two weeks of summer fun—free.

Since 1957, the Kerrville Camp has been used as a rehabilitation center during the other nine months, helping more than 800 adult blind Texans become more useful citizens.

Last summer, the League sponsored its first session of the Texas Lions Camp for Diabetic Children using leased facilities at Friendswood for 111 youngsters.

The League's unique and beneficial projects of service are financed by dues of Lions and by gifts from members, clubs and others interested in these fields of
