

Young Farmers Have Business Meeting

Silverton Young Farmers met Thursday, February 24 in the school vocational agriculture department with Wayne Stephens presiding over the business meeting.

G. W. Chappell is in charge of securing a speaker for the March 10 meeting, which will have representation from Hunt Seed Company in Lubbock to give the program.

Members voted to have a consignment farm sale to be held April 2 at the Wood Memorial Arena. Anyone interested should contact G. W. Chappell or Wayne Stephens.

Orville Turner was appointed Rodeo Chairman for the 1977 Young Farmer Rodeo to be held in August.

Those attending the meeting were Bailey Loyd, Fred Brannon, Clinton Dickerson, Orville Turner, Fred Hill, Tobe Riddell, Fred Minyard, G. W. Chappell, Jerry Bean, Doug Bradford and Wayne Stephens.

Shelton Is Guest At Indiana Conference

Calvin Shelton, Silverton Young Farmer member and President of the Texas Association of Young Farmers, recently journeyed to Indianapolis, Indiana, to be a guest of the 16th Annual Indiana Young Farmers State Conference February 24-26.

Some of the activities Shelton participated in were all the general sessions of the conference, including bringing greetings from the Texas Association of Young Farmers on Saturday morning.

On Friday and Saturday evenings, banquets which consisted of presentations of various award winners as well as keynote speakers, including Dr. Tim Stivers, Louisville, Kentucky; National FFA Secretary Mike Jackson, Purdue University, and several other outstanding speakers.

The new slate of officers for Indiana Young Farmers includes Don Lehe, president; Jim Rowe, vice president; Jack Adams, secretary; Ken Gillaspay, treasurer, and Gale Laudman, reporter.

FARMERS UNION LEADER

COMMENDS PROPOSED

TAX LEGISLATION

A statewide farm organization leader announced today that the proposal to impose a 1.5c per gallon refinery tax to support public education is "a positive step in the direction of tax and educational equity."

Jay Naman, President of the Texas Farmers Union, commended Senator Bill Moore and Representative Jim Nugent for introducing H. B. 1200. Naman said that the legislation would implement the recommendation of a Farmers Union Tax Study Panel.

"We are delighted that Senator Moore and Representative Nugent have taken the leadership in recommending legislation supported by Farmers Union that will equalize the tax load for the support of public education. All property owners, particularly farmers and ranchers can no longer bear the total responsibility of public education. Our present ad valorem tax system is unfair to both landowners and the children in public schools.

"The refinery tax is a superior source of taxation to support public education. Most of the load will fall on out-of-state consumers of Texas energy who are now escaping taxation. It will give overburdened ad valorem tax payers a considerable relief."

The farm organization leadership said that House Bill 1200 should be amended to remove some objectionable details, but is generally consistent with the needs of farmers and ranchers.

"The refinery tax, coupled with our own recommendations for school finance reform, soon to be introduced by Representatives John Bryant of Dallas and Andrew Baker of Galveston, will constitute a comprehensive school finance and tax package. It will be one worthy of the support of all Texans who are interested in quality education and fair taxation," Naman said.

Noting increased activity by the Ways and Means Committee and Public Education Committee on

Johnny and Janice Lanier, Twin City, Georgia, represented the Georgia Young Farmer Association.

While there, Shelton and the Laniers enjoyed a short tour of the Indianapolis 500 Speedway.

HAVING VB TOURNEY

Memphis Young Homemakers are sponsoring a Men's and Women's Volleyball Tournament March 24-26 at the Memphis High School Gym.

The entry fee will be \$12.00 per team, which must be paid in full before playing. Deadline for entries will be March 18.

Due to time limitation, only the first eight entries in each division will be accepted.

All teams interested should contact Mrs. Susan McQueen, Box 392, Memphis 79245, Phone 259-3238, or Mrs. Delwyn Word, 2007 Palo Duro, Memphis 79245, Phone 259-3397.

Admission will be 75c for adults and 25c for children. Concessions will also be available. Proceeds from this project will go to the Memphis Young Homemakers Scholarship Fund in memory of Nancy May.

To Sponsor Benefit Bridge Luncheon

The Floyd County Heart Association is sponsoring a benefit bridge tournament - spaghetti luncheon on Tuesday, March 8, from 10:00 a.m. until 3:00 p.m. at the Massey Activity Center, 625 W. Georgia Street, Floydada.

Those unable to come play bridge will be welcome to have lunch, which will be served at 12 noon. Tickets are \$3.50 each.

There will be bridge prizes as well as door prize drawings throughout the day.

A fun day is being planned, so bring your partner or come alone. A partner will be supplied for those who need one. Come and meet your neighbor and "play bridge for your heart's content."

Tickets will be available at the door.

consideration of school finance, the Farmers Union leader said it was a good sign. "The Legislature should continue to work hard to get the school and tax bills to the floor for a vote. The citizens of Texas know this is the year for reform. Lawmakers cannot let complexities deter them from finding the right bill and doing something this session."

Precious Gift

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

She's a lucky little girl. Though she's only five years old, she knows how to pray. It is perfectly natural for her to kneel by her mother's side at bedtime and "talk to God."

She has a head start over children who have never experienced this kind of communion. For there are many youngsters throughout our land who have never learned to pray, simply because no one has ever taught them. For that matter, she's ahead of a good many grown-ups, too!

No one, of course, is ever too old to learn how to pray. But those who learn young are fortunate, for constant prayer builds a faith that will sustain them all their lives. Give your child the gift of prayer by taking him to church, by enrolling him in church school, and by listening to his prayers at home, each and every night.

BARBED WIRE and Babbling Brooks

Spring sun shines on babbling brooks — and barbed wire. A bird song lilts prettily on fragrant air — and a sniper shot splits the silence. New green burgeons through brown winter grasses — and red blood drenches jungle earth.

One's description of the season depends upon location. In some parts of the world there are happy people, enjoying the spring, looking forward to Easter services. Other faces of this globe find suffering people, anguished by the sunshine, hungry, afraid, lonely, dying.

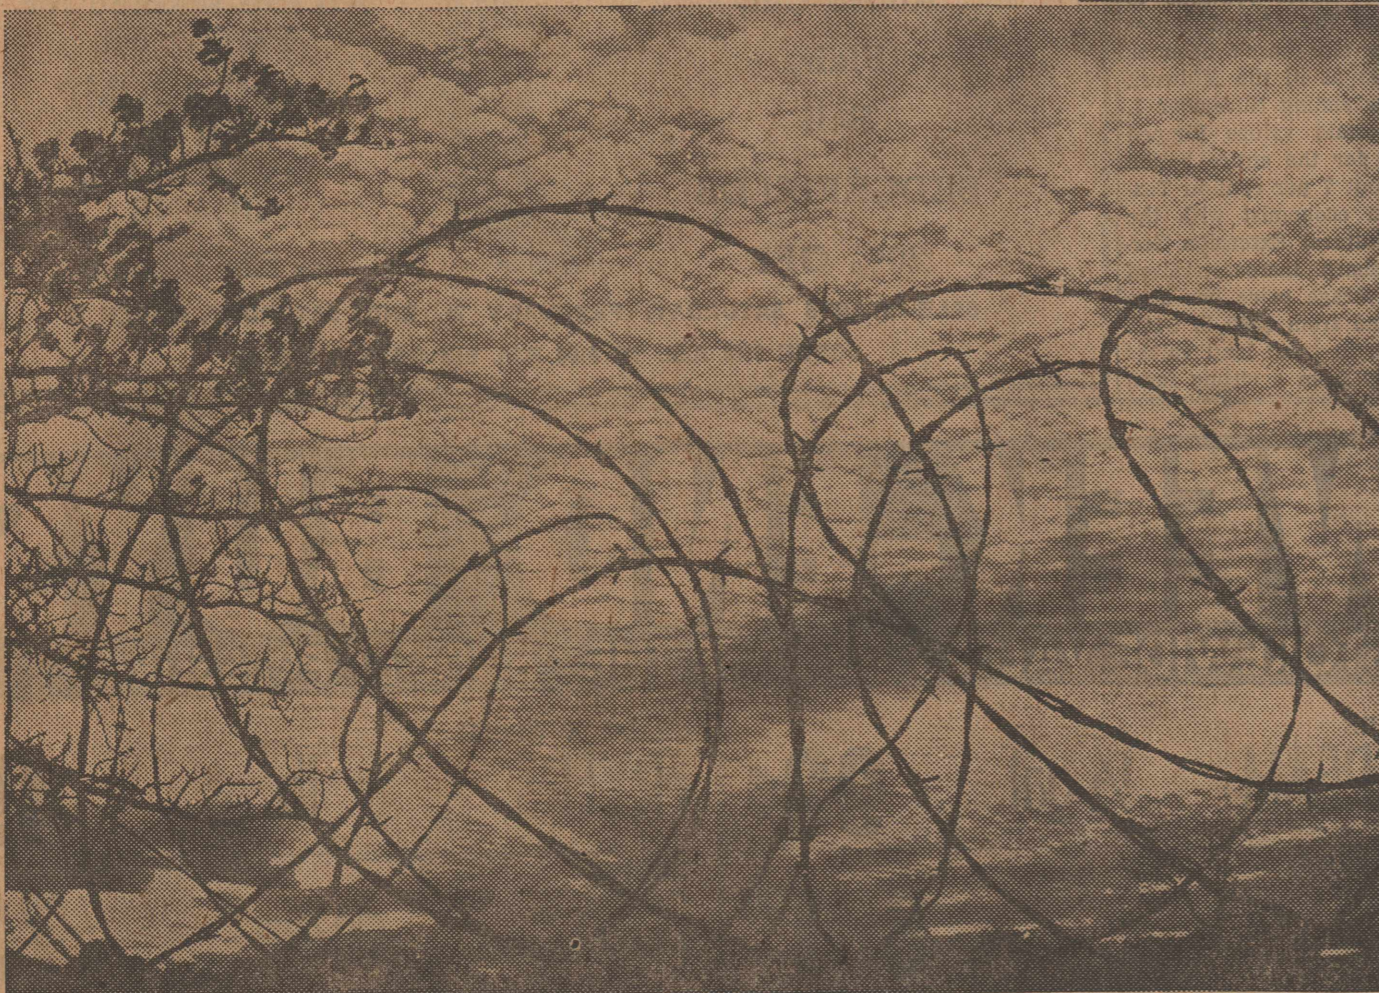

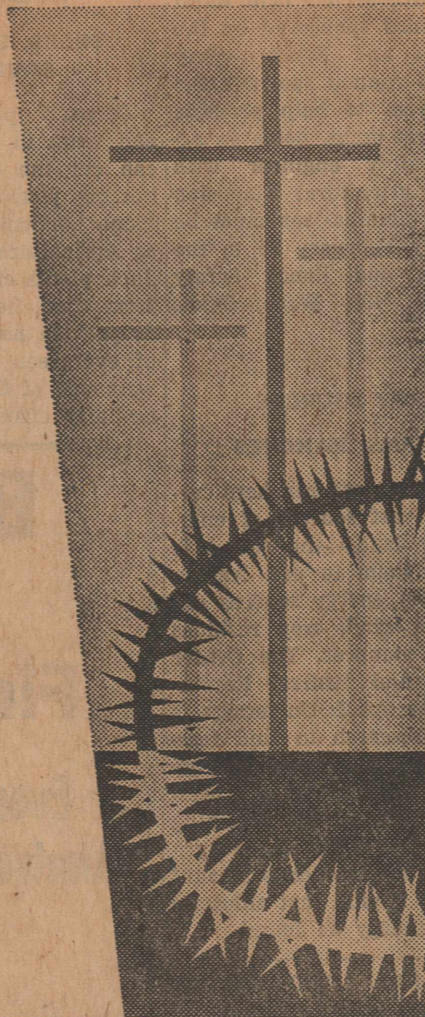

Centuries ago on black Calvary hill, Jesus of Nazareth demonstrated perfect love. Down through the ages, His life and teachings have pointed the way for mankind to heal the ills of the world.

So, in this Lenten season let us offer ourselves—our time and talents—to the service of His Church, in its task of making His kingdom come upon earth.

SPRING FESTIVAL PLANNED BY CLARENDON COLLEGE

The first of hopefully an annual event for Clarendon is now being planned by the students of Clarendon College.

The students set April 29-May 1 as "Spring Festival" time in Clarendon. The three day event is being planned as an event that will bring all residents of the area together with the students for a time of fun and fellowship.

Everyone everywhere is invited to participate, young and old alike. The festival will be held on the college campus and will feature every type of activity imaginable. All clubs, churches and organizations in the area are being asked to participate by having a booth or some type of activity. The area around the track will be used for booths of all types. Participants may construct a booth for selling arts, crafts, food, for advertising of business, for displays of goods, or for what

ever one might imagine. All flea market enthusiasts are encouraged to bring their wares for what is hoped to be one of the largest flea markets ever held in the area.

Games are planned for all ages. Some will be competitive placing various clubs and organizations against each other and others will be for individual participation. Activities such as "Anything Goes," a Talent Show, Super Star Contest, Kiddie Parade, Dances, Sports Activities, Sack Races, Tobacco Spitting Contest, Antique Car Show, Old Fiddlers Contest, High School Drill Team Competition, Rope Pull, Bake Contest and a Spring Festival Queen Contest are being planned.

Other events will include participation by area school bands, appearances by beauty queens, a fine arts production, art show, wild west Shoot-out, celebrity appearances, sky divers and Indian

dancers. Saturday, April 30, will also be "High School Pre-Registration Day" at the college. Graduating seniors from the area high schools will register for college and enroll for their fall classes at this time.

April 30 and May 1 will be the "Ex-Student Reunion" for the college.

Once again, the students hope that everyone will join hands in making this an outstanding event that will benefit the entire community.

Efforts are being made to contact all organizations, inviting them to participate. Anyone desiring information or interested in participating should contact Beryl Clinton or Loyd Waters at (806) 874-3571 or write: Spring Festival Committee, Box 968, Clarendon College, Clarendon, Texas 79226.

Be the FIRST on your block.

Or the first in your town. Or even your state. That's the way it was back in 1862 when the government gave out new land for free. If you'd live on it. They called it the Homestead Act. And you know who made it possible?

Americans taking stock in their new country through the public sale of government securities for money to purchase frontier territories.

That was how those Americans took stock in America; and today, you can take stock in America by buying U.S. Savings Bonds.

Because whether you buy Bonds through the Payroll Savings Plan or where you save, you're not only helping your country, you're helping yourself, too.

So buy U.S. Savings Bonds. You may not be the first on your block, but you'll be number one at home.

How U.S. Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Lost, stolen or destroyed Bonds can be replaced if records are provided. When needed, Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and Federal tax may be deducted until redemption.

Take stock in America.

Mrs. T. J. Reeves In The Hospital

Mrs. T. J. Reeves of Plainview fell at the home of her daughter, Mrs. Bud Bailey, recently. Mrs. Bailey took her to the doctor but they didn't find any broken bones. She kept getting sore and when she was x-rayed again last week the doctor discovered a broken rib. He hospitalized her. Mr. Bailey reported Monday morning that Mrs. Reeves was able to sit up in a chair some Sunday and they think she will be able to return home in a few days.

COMMISSION TO RELEASE GRANT TO EACH STATE

The American Revolution Bicentennial Commission of Texas has announced that the U. S. Bicentennial Administration will release a final matching grant of up to \$15,000 to each state.

The money is to be granted to an endorsed Bicentennial entity in the state—a community, county, university or state association. Other stipends for receiving the money are that it must be matched on a dollar for dollar basis with non-federal funds by the entity applying for the funds, that it be used for only one project, and that the project be completed by June 30, 1977.

In addition, the money must be used for a specific project and not for planning or development. Information may be obtained by calling (817) 461-1776. This is the final Bicentennial grant to be released by the federal government, which utilizes funds received from the sale of official U. S. Bicentennial medallions.

REP. CATES NAMED TO APPROPRIATIONS COMMITTEE

Rep. Phil Cates of Shamrock has been named to the House Appropriations Committee by Speaker Bill Clayton.

Cates, who is in his fourth term, was on Human Resources and Agriculture and Livestock committees last session. Members on Appropriations serve on no other committee.

He is one of 21 members on the Appropriations Committee who will consider all bills and resolutions appropriating money from the State Treasury. It is considered the most powerful committee in the House.

Clayton said Cates' tenure in the Legislature made him a good choice for the committee. "I know that he can be of great service to the committee and the people of Texas."

TWO VANS DELIVERED TO CENTRAL PLAINS CENTER

The State Department of Highways and Public Transportation has announced that two vans equipped with wheel chair lifts were delivered to the Central Plains Comprehensive Community Mental Health and Mental Retardation Center in Plainview, Hale County, Texas. The delivery of the two vans was completed in January.

The two vans are for the transportation assistance for the elderly and handicapped as provided for by the Urban Mass Transportation Act of 1964 as amended. This private non-profit corporation requested the grant from the Urban Mass Transportation 1975 allotted State funds of \$932,000 and were approved.

Governor Briscoe designated the State Department of Highways and Public Transportation as the manager and contacting agency for this program. The grant is available to provide capital assistance to private non-profit organizations wishing to provide transportation for the elderly and handicapped. The grant is available on a matching basis of 80 percent Federal funds from the Urban Mass Transportation Administration and 20 percent to be paid in cash by the private non-profit organization.

SEARCH FOR RURAL HERO

Some deserving individual who risked his or her life to save another will receive the 1976 Rural Heroism Award sponsored by the Texas Farm and Ranch Safety Council. The council sponsors the award program to help promote safety in rural areas, notes an agricultural safety engineer with the Texas Agricultural Extension Service. All nominations must be submitted by February 25 to the Texas Farm and Ranch Safety Council, Box 489, Waco, Texas 76703.

ENERGY SOURCES ON FARMS, RANCHES

Texas farmers and ranchers currently have vast sources of energy on their lands—the secret is how to put them to use. Among the renewable energy sources are the sun, the wind, crop residues and animal manures. The Center for Energy and Mineral Resources at Texas A&M University is conducting research to find feasible ways to use these energy sources so that some of the pressure can be taken off declining stocks of oil and gas. Since agriculture uses a tremendous amount of energy, it is vital that alternate sources of energy be found.

RISING RURAL LAND VALUES

Rural land values continue to increase over the United States although the rise hasn't been as fast in Texas as in the Midwest. For the year ending November 1, farm real estate values jumped 17 per cent for the entire nation but only about 7 per cent in Texas, notes an economist with the Texas Agricultural Extension Service. The sharp increase raised the U. S. average price per acre for rural land from \$380 to \$445. The increase in rural land values stems mainly from a strong farm

income as a result of increased demand for agricultural products, especially from foreign countries.

TREES, SHRUBS, VINES SAVE ENERGY

Properly placed trees, shrubs and vines in the home landscape can cut the cost of cooling and heating your home, says a landscape horticulturist with the Texas Agricultural Extension Service. Such plants can protect the home from wind, heat and cold as well as provide natural beauty. A row of evergreen trees on the north-west side of the home can be particularly effective against chilling

winds in the winter and in directing cooling breezes around the home in the summer. Tall trees on the west side of the home can afford some relief from summer heat.

NEW 4-H SPECIALIST

Mrs. Alma B. Bullard has been named to the position of 4-H and youth specialist with the Texas Agricultural Extension Service. She will be headquartered at Texas A&M University and will be responsible for planning, executing, and evaluating 4-H and youth development programs in Extension Districts 3, 4, 5, 8 and 11 to

strengthen and improve the youth phase of the Expanded Nutrition Program.

Cold war.

It was bad enough we had to fight the British for our freedom. But on top of that, we had to fight the weather, too.

Because winter at Valley Forge meant snow, ice, and freezing temperatures. All serious enemies to a makeshift army without proper clothing, not nearly enough food, and short on ammunition.

It was an army long on courage, but short on money.

And then the money came. Some \$27,000,000 from the pockets of new Americans.

That's how people took stock

in America back then, and you know how the story turned out.

Nowadays, people are still helping America stay strong and self-sufficient. And they're helping themselves to safe, dependable savings. By taking stock in America with the Payroll Savings Plan.

Buy United States Savings Bonds. They won't leave you out in the cold.

Owls Advance to Regional Tournament At Levelland

Silverton's Big Red Fighting Owls battled back from a small five-point deficit Tuesday night to defeat Spade 57-53 for the bi-district championship. The Owls now advance to the Region I-B Tournament to be played in the Dome Stadium in Levelland and will meet Sands at 2:30 p.m. Friday.

A huge crowd of fans almost filled the north side of Hutcherson Center in Plainview Tuesday night for the bi-district game, sharply contrasted by the small crowd on the other side of the gym. Many Silverton ex-students were present to cheer for their school in its first post-season basketball appearance since the Owlettes represented their district in 1959.

The Owls now stand 20-10 for the year, having lost only to Lubbock Christian High, Motley County High, Littlefield, Clarendon, Hedley (who won their bi-district game over Wheeler Tuesday night), Roosevelt, Abernathy and Vega. They have defeated District winners Samnorwood, Anton (who won their bi-district game over Ropes Tuesday night) and Goree, in addition to the Spade Longhorns.

Jackie Vaughn was one of the big weapons for the Owls Tuesday night, as he has been in many of their games this season. The 6-5 center dumped in 13 of 17 rebounds from the field and cleared off 19 rebounds for the Owls. His playing mates, Brent Brannon, David Strange, Gary Turner, Chief Davidson and Darrell Reynolds, also turned in fine performances in the game.

The contest saw Spade, winner of its district four of the last five years, grab a 35-30 halftime lead by effectively shooting over the Owl defense. But Spade hit only six of 26 in the last 16 minutes of play, while the Owls were canning 11 of 21 with a deliberate offense.

In the third quarter, the Owls scored eight straight points to take a 42-39 lead. David Strange's rolling hook shot gave Silverton only its second lead of the game, 40-39 at 2:52 of the third period, and the Owls never trailed after that. Rodney Hall, who bombed in numerous shots from 20 feet or further out, tied the game early in the fourth quarter and it appeared that the Owls might be in trouble when Vaughn picked up his fourth foul with six minutes to go. However, Vaughn scored on three straight short jump shots as Silverton began to take command. As one fan was overheard

to say: "That center sure is living dangerously with four fouls."

Two free throws by Brannon gave the Owls a 53-47 advantage with 2:50 remaining. Spade closed to within three points with :50 showing, but Silverton iced the game with free throws by Turner.

For the game, Silverton connected on 25 of 53 shots while Spade was able to make only 22 of 60. Silverton had a slight edge in the rebound department, 35-33. Lynn Cowan had 16 points for Spade, about 10 under his average, and pulled down 16 rebounds. Hall led Spade with 20 points and Randy McCoy scored 10.

Brannon added 12 points for the Owls and Strange pitched in 11. Turner added five and Davidson got two points.

"We planned to get the ball into Jackie right from the start, but Spade had him defended real well in the first half," said Coach Lyndel Norwood. "We switched to a man-to-man in the second half and that really helped us."

The Owls were successful in breaking the full-court press that Spade put on at various points during the game, never creating a turn-over because of it.

School will be dismissed so that everyone will be able to go to the game. See you there!

Fouls: Silverton 17, Spade 13
Fouled Out: Tate, Spade

The Owls played another exciting game last Thursday night at Crowell against district winner Goree, taking a 66-52 victory. Jackie Vaughn led the Owl offense with a big 36 points. Brent Brannon canned 12 points, David Strange, 10; Gary Turner and Chief Davidson, four points each.

Owls	1	2	3	4
Goree	18	34	46	66
Fouls: Silverton 16, Goree 11				

Fouled Out: None

When asked what he thought about Sands, Coach Norwood said that when Sands and Spade played, Sands had to come from behind to win by six points. He also said that he believes Sands to be one of the toughest Class B teams in the Region. "They are good and they are big," he said.

The Owls will again need the support of their fans as they enter the Regional Tournament. Friday will again be color day, and all residents of Silverton are asked to wear red and white all day to signify their support of the Owls.

School will be dismissed so that everyone will be able to go to the game. See you there!

Brent Brannon (11) was completely surrounded by Spade players as he tossed in two of 12 points he scored in the bi-district game at Plainview Tuesday night. (Briscoe County News Photo)

**MEDICAID PROGRAM TO BE
EVALUATED IN TEXAS**
W. Marvin Watson, former Post-
master General and Special As-
sistant to President Lyndon B.
Johnson, will head a state-wide
task force to evaluate the Medi-
caid program in Texas.

Watson, who lives in Dainger-
field, will be chairman of the
study group that will include
representatives of the medical
community, business and indus-
try, education, the clergy and go-
vernment. Governor Dolph Bris-
coe, a strong advocate of the
study, has named his wife, Janey,
as a working member of the com-
mittee. Lt. Gov. Bill Hobby and
House Speaker Bill Clayton will
each have a representative on the
group.

The study group, officially ter-
med the Task Force for the Eval-
uation of Medicaid in Texas, was
created at the request of the State
Board of Public Welfare.

Jamie Clements of Temple,
chairman of the Welfare Board,
said that a dilemma of grave pro-

2) Urged estate tax relief for farmers and ranchers in the new
tax law and were successful in getting the level of exemption raised.
3) Protested administration embargo of grain and publicized
farmers' views relative to impact on consumer prices.
4) Protested federal budget cuts that were detrimental to soil
and water conservation programs, FHA financing and disaster pro-
grams.
5) Supported the state Water Development Plan and urged a
favorable vote in the water bond referendum.
6) Spoke out on inequity in natural gas pricing and discrimina-
tion against agricultural gas users. Opposed pass-through provisions,
and urged state regulations of agricultural gas by utilities commis-
sion.
7) Opposed destruction of the Peanut Program and were suc-
cessful in killing a peanut bill that would have undermined supply
management and producer income.
8) Opposed target price program for rice that was passed over
TFU's objections resulting in price disaster for rice growers.
9) Urged administration to comply with 1973 Farm Act and
publish accurate cost of production information.
