Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

MULESHOE ELEVATION, 3,785 FEET, 6 INCHES

MULESHOE, County Seat of Bailey County, Texas.

THURSDAY, JULY 11, 1936

TWENTY-FOURTH YEAR, NO. 28

Lightning Kills 2 Bailey Co. Youths

Mr. Muleshoe

"Red" Johnson, trucker, says that people who live in Muleshoe and don't get out to see what's going on in the country these days, can hardly know about conditions.

He was thinking of the tremendous crop of wheat, alfalfa, potatoes, onions, beans and so forth that have been, are being, or are about to be harvested in our section.

Muleshoe is fortunate that its territory matures crops at different time of the year, providing cash income to growers and those who help in the harvest, do the hauling and other handling.

This writer has always heard, before moving here, that the Muleshoe territory is about the best, and since coming here he can see that it is "nothing but the truth." Bailey county is a good country. We have wonderful crops growing now in nearly every part of the county, and it's a great sight.

Muleshoe itself is one of the busiest towns we have ever lived in, including some of field boom towns. I have often thought there is less idleness here than most anywhere, less loafing; and if a fellow were inclined to that pastime I wonder how he could get to enjoy it with him. Everybody is busy. They say a busy man is a contented man, and if that is true there must be a lot of contentment in Bailey County.

Rufus Gilbreath told me that he would like to see the business men of Muleshoe offer congratulations to all new firms which open up for business here, through advertisements in the paper. He says he offers public encouragement to worthy men, a public pat on the back. Among others who have recently established enterprises of which we ought to be proud, he mentioned Dudley Malone, of the Malone Milk Company, but he said no matter how small, each ought to be congratulated and welcomed to our midst.

He conceded that lack of paper supplies and perhaps lack of help probably would retard any such gesture now. However, we believe Rufus is on the right track.

The paper does its best to give a nice story about each new business. We would like a picture of each new business, man or woman, to use in connection, as well as one of all our older established business people, and maybe this could be arranged some day.

As many opinions on OPA are heard as the number of people you talk to about it. Apparently Congress intends to slip price controls back on some items and probably on rent. Many who had hollered the loudest against OPA are now hoping frantically for control renewal. Others who always supported OPA now hope Congress will "let nature take its course."

It would suit this writer personally if Congress gives the law of supply and demand a chance to work. But he can't help feeling uneasy when he sees butter run to 83 cents a pound, meat items advance sharply in price, and other things that are sure he is going "sky high." Some of the price in-

Valley Theatre

Theatre open at 7:45 p. m. Show starts at 8:00 p. m. Saturdays, open 6:15 show begins at 6:30 p. m.

Thurs. and Fri., July 11 and 12, Vivian Blaine Dennis O'Keefe "DOLL FACE"

Saturday, July 13 Johnny Brown Raymond Hatton "STRANGER FROM SANTA FE"

Sun. and Mon., July 14 and 15 Bing Crosby and Bob Hope in "ROAD TO UTOPIA"

Tues. and Wed., July 16 and 17, James Stewart Ronald Reagan "NO TIME FOR COMEDY"

LeVeque Is New Credit Corp. Representative

W. B. LeVeque, who is succeeding Myron Pool as field office representative at Muleshoe of the Commodity Credit Corporation, has arrived with his family and are at home in the Gus Priboth house in the west part of town.

LeVeque for 7 years was with the Wellington State Bank, Wellington, and the last three years has been with the Farm Security Administration, the last 18 months at Plainview.

His family consists of his wife and their son, Martell who will be a senior in Muleshoe high school this fall. He is a member of the Lions Club, Masonic lodge and of the Methodist church.

Pool is expected to remain with the Commodity Credit Corporation until the end of August. He will then devote his entire time to business of the Pool Insurance Agency, in which he is associated with a brother, Lee R. Pool.

Local Showers Aid Feed Crops

Muleshoe received another nice shower Sunday afternoon and night, the moisture gauge here showing 25 inch. The rain extended south at least to Needmore.

Thousands of acres of sorghum grain crops have been planted in Bailey County since beginning of the series of showers, and much of it is up to a good stand. With any sort of season during July and August the county should turn up with a great production of feed.

There is little cotton in this county, however here is probably more than there was last year at this time. County Agent J. K. Adams estimates there are about 10,000 acres in the irrigated section. Much of this is doing fine, having already put on squares and ought to be blooming shortly. The county "gird" 923 bales last year, compared to more than 23,000 the year before.

Mrs. Barlow Dies At Earth

Mrs. J. M. Barlow, 69, of Earth, died at 11 o'clock last Thursday night at the Amherst hospital.

Funeral services were conducted at 10 o'clock Sunday morning at the Earth Baptist church. Rev. C. T. Jordan, Earth Baptist pastor, and Rev. McBrayer, Methodist minister, officiated. Burial was at Oklahoma City beside the grave of Mrs. Barlow's first husband, B. F. Ataway.

Mrs. Barlow was born December 13, 1876, at Carrollton, Georgia. She moved to Earth four years ago from Oklahoma City. She was a member of the Baptist Church.

Among survivors are her husband and the following children: Mrs. R. B. Turner, Oklahoma City; Mrs. M. O. Foster and Mrs. Charles Thompson, both of Farmington, N. M.; Mrs. Vaughn Kimesy, Atlanta, Ga.; Mrs. Protaman, Amarillo; Mrs. Lena D. Hite, Earth; and J. W. Ataway, Honolulu. Ten grandchildren and two great grandchildren survive.

A PROGRAM FOR OUR YOUTH

AN EDITORIAL

Many Muleshoe men and women have given thought in recent weeks to the problem of providing supervised recreation and play for our boys and girls.

They feel that the need is obvious. The solution to the problem is not so apparent.

Juvenile delinquency in the nation has become serious enough to draw the attention of J. Edgar Hoover, head of the F.B.I. Muleshoe is a small town, but even here we have not escaped the trend.

But, leaving aside the question of whether delinquency is on the increase, many of our people feel that a system of supervised activity for youth would contribute to the development of those qualities and attitudes which are essential in those who will tomorrow have the leadership and responsibility of this community on their own shoulders.

Now, supervision of boys and girls, we think, a job for trained people. Admirable work has been done in this community by organizations and individuals, but volunteers are hard to find in a town where virtually everyone has duties aplenty.

BAPTIST HOUR SPEAKER

DR. R. PAUL CAUDILL

Baptist Hour speaker for next Sunday morning, July 14, will discuss the subject, Christian Strategy For World Conquest.

The Baptist Hour is broadcast over an independent network and may be heard in this state over the following radio stations:

KONG, Amarillo, 7:30 a. m.; WFAA, Dallas, 7:30 a. m.; WQAL, San Antonio, 7:30 a. m.

WHEAT HARVEST HERE WILL TOTAL ABOUT 530 CARLOADS

OK Rubber Welder In New Location

OK Rubber Welder is established in their new location at the corner of Main street and the highway, the building until recently occupied by the Muleshoe Implement Company.

The company repairs tires, does recapping and vulcanizing under the OK process, using OK equipment. O. L. Champion is the manager. The business was moved from a location further east on the Sudan highway.

Mr. Champion said the company will continue to operate their service station, handling Gulf gasolines and Gulf Pride oil.

Auxiliary Is Organized Here

Muleshoe American Legion Auxiliary was organized at a meeting held in the Legion Hall Tuesday night.

Officers to serve until the end of the fiscal year were chosen as follows: Mrs. Kay Sanders, president; Mrs. Gladys McWilliams, vice-president; Mrs. Jo Wood secretary; Mrs. Leonard Covall, treasurer; Mrs. Melaine Elliott, historian; Mrs. Vivian McAdams, chaplain; Mrs. G. T. Mallby, sergeant at arms.

Twelve were present for the organization meeting.

A social meeting of auxiliary members and Legionnaires was planned for the evening of August 6 and Mrs. McWilliams was appointed refreshments chairman and Mrs. Lou Lettich was appointed program chairman for the event.

Water System Job To Begin July 13

Rebekah Lodge Installs Officers

Muleshoe Rebekah Lodge installed officers at a meeting held in the I. O. O. F. hall July 2. Oma Pearl Green was installed as Noble Grand, and other officers are:

Velma Howell, vice-grand; Faye Lambert, chaplain; Ellen Goodson, warden; Opal Baker, conductor; Mrs. J. L. Alsop, musician; Florine Myers, right supporter to Noble Grand; Emma Lee Dudley, left supporter to Noble Grand;

Ma Gess right supporter to vice-grand; Hazel Whalin, left supporter to vice-grand; Ruby Green, inside guardian; Mary Thomas, outside guardian; Vernice Garth, financial secretary; Mrs. George Province, recording secretary; Allie Snyder, treasurer.

A record harvest of wheat is coming to a conclusion in the Muleshoe area, with more than 90 per cent already combined. H. O. Barbour, Santa Fe agent at Muleshoe, says that more wheat was brought to Muleshoe elevators this year than ever has been brought here in the history of the town.

He estimates no less than 530 cars of wheat will be brought to four elevators here and two at Lariat. The two towns are joined in this estimate.

Mr. Barbour said the railroad already has shipped 355 cars of wheat of this year's crop.

His estimate of 530 cars for the year, with cars averaging 1,500 bushels, would mean that growers will bring 795,000 bushels of wheat here this season.

And, figuring each bushel to be worth \$1.70, our growers have brought in \$1,351,500 worth of wheat.

Some wheat is still stored on the farm.

The big acreage resulted when so many farmers of the territory failed to grow a row crop last year, and planted the barren ground to wheat in the hope of covering the ground, providing grazing for livestock, and securing an earlier cash crop. It worked, and the economy of the territory received vast benefit.

Fertilizer Film Showing Saturday

A technical movie illustrating right and wrong methods of applying fertilizer, will be shown in Muleshoe this coming Saturday night, at the high school gym beginning at 8 o'clock. J. K. Adams, County Agent, announces.

The educational program is free to everyone and all interested are invited to attend.

TRUCK OVERTURNS

A batana transport truck of the Flash-O-Gas Company with Arthur Davis driving left the highway near Progress Tuesday afternoon and turned on its side. Fortunately, no one was injured. Raymond Green, manager, said the steering gear of the truck suddenly went haywire causing the truck to get out of control.

Mrs. Eugene English and daughters, Patricia and Eugenia Ruth, returned Friday from Haskell and Austin. They visited in the home of Mrs. E. English of Haskell, and Mr. and Mrs. Crockett English of Austin.

Miss Patricia Murphy visited here Friday with Mrs. "Lefty" McWilliams and Miss Aurelia Sanders and other friends. Miss Murphy attended Canyon this summer.

J. D. Joslin, Plainview, is guest this week in the home of his uncle and aunt, Mr. and Mrs. Richard Moore.

Mr. and Mrs. Bresley Young of Corona, Calif., visited here over the weekend with Mr. and Mrs. H. D. King.

Contract has been let and work is scheduled to begin by July 13 on water system additions and improvements in Muleshoe to cost \$78,137.85. R. J. Klump, city secretary told The Journal.

Panhandle Construction Company of Lubbock, was successful bidder on the job, authorized by voters last December when \$85,000 for sewer and water extensions and improvements was voted.

A concrete air-tight reservoir will be constructed around one block south of the Texas Highway Department property, on Clovis highway. This reservoir will have a storage capacity of 100,000 gallons of water, being filled directly from the city water well by pumps already in use there.

The plan is to place pumps at the reservoir to pump water into the tower located in the business section of town, relieving pumps at the well of pressure duties. A chlorine treating plant will be installed at the reservoir.

The tower has a capacity of 50,000 gallons making a total of 150,000 gallons of water storage when the additions are completed.

There will be a new 8-inch main from the city well to the new reservoir, also an eight-inch main from the reservoir to the water tower, with booster pumps installed at the reservoir.

In addition there will be new and larger mains in the business and residence sections of the city. The system when completed is expected to be sufficient to take care of the needs of a city of 5,000.

SEWER EXTENSIONS

The sewer system also is to be improved and extended, Mr. Klump said. Extension of service that to certain parts of the east portion of the residence district, to the golf course addition, and to a new section, occupied by new business firms, between the Clovis highway and the Santa Fe railroad tracks in the west part of town.

Mr. Klump indicated that action on the city's water program voted in the December election could be expected in a short time. Maps are now being prepared, elevations and other surveys having been completed, the city commission probably will be in position to begin work on the project. Expenditure of \$25,000 was voted in the election.

ENOCHS BAPTISTS PLAN REVIVAL

The Enochs Baptist church extends a hearty invitation to the people of the community and surrounding communities to attend the revival meeting at our church beginning July 17, 8:45 p. m.

The morning services will begin at 10:00 a. m. and the evening services will begin at 8:45 p. m.

Rev. E. W. Johnson of Canadian, Texas will be the preaching. Prof. Dale Kay of Bula Schools will direct the singing. Mrs. J. H. Lucas of Enochs will be at the piano. Good singing, Gospel preaching. We urge you one and all to attend.

Joe Wilton, Pastor

WHERE AND HOW TO BUY SURETY PROPERTY TOLD

"How what and where" to buy surety property is graphically explained in a 32-page illustrated booklet issued by the War Assets Administration.

The booklet is a handy guide for prospective buyers of surplus property of all kinds in the United States and its territories and possessions and is available at the Post War Assets Regional Office, P. O. Box 1407, Fort Worth, and at Post offices throughout the country.

Attention Given Veterans Affairs

Senator Allan Shivers, only ex-serviceman in the race for Lieutenant-Governor, focused attention on war veterans when he opened his campaign recently in his hometown, Port Arthur.

"I exchanged ideas with fighting men many times in the hard days overseas in Africa, Italy, France and Germany. I know the anxiety and disappointment so many vet-

erans feel today, and I understand and appreciate their problems that are also my own problems," the Jefferson County senator stated.

Although only 38 years old, Senator Shivers is dean of the Texas Senate because of his 12 years service there. The Gulf Coast counties of Jefferson, Hardin, Liberty and Orange made him the youngest senator ever to take the oath of office when he was first sent to the state capitol to represent them in 1934.

Allan Shivers Cites Platform

ALLAN SHIVERS

Senator Allan Shivers' platform for lieutenant governor briefly includes: Real assistance to Texas war veterans, increased salary for teachers, a first-class university for the colored, better highways and farm-to-market roads, redistricting, full payment of old-age pensions, reorganization of the legislature with 60-day sessions, each year, an expanded public health program, reorganization of the pardon and parole system, equal responsibility from both labor and management, economy in state government.

CARD OF THANKS

Words can never express our appreciation to each and everyone for their kind deeds, thoughts and the beautiful floral offerings in the death of our husband and father. May God's blessing be with you. Mrs. J. D. Peace and family.

Charles Julian Has Navy Discharge

Charles D. "Chock" Julian, S 1/c USNR, received his honorable discharge from the Navy at the separation center at San Pedro, Calif., June 8. He served with this branch of service about 3 years, overseas 2 years.

He entered the service at Clovis, N. M., and served aboard the USS Wisconsin and the SS Sea Bass while in the Navy.

He is the son of Mr. and Mrs. C. D. Julian of Muleshoe.

WRESTLING MATCHES IN BENEFIT SHRINE HOSPITAL

J. S. Glasscock, Potentate's Aid in Bailey County, has called attention of the paper to the junior heavyweight world championship wrestling match August 15 in Amarillo. Greater part of the proceeds will

go to the fund for a hospital in the Khiva Temple jurisdiction.

Lt. Woltman Has Enrolled at A. & M.

First Lt. Jack W. Woltman was given his release from duty with the Army June 28 and already has enrolled at A. & M. College, where he will take his master degree. He is studying veterinary medicine.

Lt. Woltman's wife and their little daughter, LaCona, were with him most of the time during his nearly four years of service. However, Mrs. Woltman taught in the Muleshoe schools for a time last term.

His parents are Mr. and Mrs. L. C. Woltman, who reside 12 miles north and 2 miles west of Muleshoe.

Lt. Woltman graduated at Muleshoe high school with the class of

1939. He took a degree at Texas Tech before entering the service.

FAITH IN THE FUTURE

We have faith in the future, too—faith in the future of the territory we serve.

This profound faith of ours is shown in the huge expansion program now under way by your Public Service Company.

New transmission lines, begun even before V-J Day, are now bringing electric services to hundreds of homes. More lines will help to serve the new homes now going up with the joy and convenience of electric cooking, electric refrigeration, good lighting and the many other efficiencies of low-cost electricity. The future looks good for everybody—electrically!

Married In Recent Ceremony

MRS. JOHN B. COLEMAN

The former Miss Mary Sue Osborn was united in marriage to Mr. John B. Coleman of Montgomery, Alabama, in a ceremony read at the home of her parents, Mr. and Mrs. Jesse M. Osborn Wednesday, June 26.

The couple are residing at Louisville, Kentucky, where he has resumed his studies in the University of Louisville. The bride plans also to enter the University, but has written her parents that she has accepted employment in a bank there.

Barbeque Was Given At Butts Home 4th

A chicken barbeque was given Thursday, July 4, at the home of Mr. and Mrs. Buford Butts. Those who attended were:

Messrs. and Mesdames Good Harden and son, Joy Lynn, of Port Neches Texas; Laura Morris, Phoenix, Arizona; W. H. Bethany, Amarillo; B. W. Harden and son, Gordon, Odessa; John Buckel, Arnold Morris, Dilma McCarty and sons, James Fulton and Weldon, Jim Burkhead and son, Jimmy Dewayne, G. A. Nelson and daughter, Virginia Faye, Jim Cox and son, Edwin Ray Mrs. I. W. Harden and daughter, Elizabeth, Buford Butts and daughter, Patricia.

Kelley - Nowell Nuptials Read

Kelley - Nowell Nuptials Read

Miss Doris Kelly, daughter of Mr. and Mrs. Albert Kelley of Maple and Claud Dale Nowell, son of Mr. and Mrs. O. A. Nowell of Friona were married in a double ring ceremony performed at 10:30 Sunday morning in the home of the bride's parents. Rev. Louie Self, pastor of the Maple Baptist Church officiated.

Mrs. Virgil Nowell of Muleshoe played "I Love You Truly" and the "Wedding March."

The bride wore a blue street length dress with white accessories. She wore a halo of pink carnations and carried a white Bible. For something old, she wore a blue necklace and borrowed earrings.

Christine Kelley, sister of the bride was maid of honor and wore an aqua blue dress. Virgil Nowell, brother of the groom was best man.

Jaqueta Nowell, niece of the groom dressed in a floor length dress made of white organza was flower girl and Glenn Dell Phillips, nephew of the groom was ring bearer.

The bride is a graduate of Bula high school and attended Wayland College at Plainview, the groom attended Morton high school before serving with the Navy for 2 years in the Pacific theatre of War.

The couple left immediately for a short honeymoon in Lubbock and Slaton.

Miss Bonnie Brooks of Lubbock visited over the weekend in the home of Mr. and Mrs. George Johnrillo.

Wallpaper Makes A Home

The two scenes here show what can be done with wallpaper at small cost to improve the appearance of the typical small apartment, without any architectural changes.

With good taste and a few dollars a drab, uninteresting apartment becomes a bright and cheery home.

The apartment shown here is typical of thousands throughout the land, which can be made more livable by the same type of wall treatment.

A blue and white leaf-pattern united wallpaper was the starting point. New draperies, slip covers, two new lamps, and a change in chairs and tables in front of the window completed the transformation.

"Doing over" the place, one room at a time, is an exciting project in which the whole family can take a lively interest.

Longview Club

The Longview Home Demonstration Club met June 25 at the school house.

Mrs. Dersy called the house to order.

The Club decided to buy a curtain for the stage.

Mrs. Wilson gave a demonstration on refinishing furniture. It takes plenty of time, patience and elbow grease to refinish a piece of furniture.

The next meeting will be July 9. The dyeing clinic was postponed until the second meeting in July.

Those present were: Mesdames: Wilson, Dersy, Cooper, Marlow, Black, White and Kitchen.

HOME MAKERS CLASS IN MEETING TUESDAY

The Home Makers class of the First Baptist church held a business meeting Tuesday at 3 o'clock at the church with Mrs. John Benson in charge. After a song "Send the Light" prayer was led by Mrs. Young. Mrs. Thornley read the second chapter of James for the devotion. Reports were given by the group captains.

Mrs. Winn, Mrs. Motherall and Mrs. Young were appointed to nominate new officers. The Sunday School lesson was discussed by each one. Mrs. Motherall led in prayer. Our next meeting will be the second Tuesday in August.

Wayne and Oklahoma City, Oklahoma with friends and relatives.

Mr. and Mrs. Allen Guinn and family made a vacation trip through New Mexico and Colorado last week.

Miss Anna Jo Coffman of Amarillo was here over the weekend visiting in the home of her mother, Mrs. Anna Coffman and other friends in Friona and Muleshoe.

Mr. and Mrs. Bill Booth left Sunday to visit in Abilene with his grandparents, Mr. and Mrs. W. C. Shaw. After a visit there they will go to New Mexico and Colorado.

Miss Helen Holt left Friday, for Abilene to attend the T. I. P. R. luncheon at McMurry College. Miss Holt will be gone several days and will visit other friends while there.

Otto Smith, Muleshoe boy who recently sold his business here to resume his college studies, has enrolled at the University of Texas, Austin, where he is taking a pre-medical course.

Claud Aylesworth, of Kermit, flew up July 3 in his new Arizona plane for a visit here with the family of his brother, Dave Aylesworth.

Mr. and Mrs. C. M. Osborne and family and Weldon Panter visited in Canyon Thursday with Mr. and Mrs. Orval Gray. Mrs. Gray is a sister of Mr. Panter and Mrs. Osborne.

Mr. and Mrs. Johnny Parker and little son are here visiting in the home of her mother, Mrs. Hope Flanagan.

Miss Margaret Ann Johnson and Miss Nell DeShazo were here over the weekend. Neva McGuire, "Little" Jones and Bonnie Brooks returned to Portales with them.

Mr. and Mrs. J. W. McDermott of Morton were in Muleshoe visiting with friends and attending to business Monday.

Fashions

Glittering with diagonal sequin bands, the rayon crepe with surplice neckline, shown above as styled in the July issue of Good Housekeeping magazine is one of the most attractive black dresses for summer.

Those you can get with an **OIL-PLATED** engine

Breathes there an American who isn't checking on cars? Chief question is, "What's different for '46?" An OIL-PLATED engine brings you this swell difference: it will escape lots of carbon and sludge by escaping lots of wear. That special type of wear-defense—internal OIL-PLATING—will likewise favor your oil and gasoline mileage.

You can have an OIL-PLATED engine in any car—in the newest or oldest—just simply by making sure to use Conoco Nth motor oil; that's all.

The difference in Conoco Nth oil—patented—is its added ingredient that OIL-PLATES. This is done in a magnet-like manner—by making metals attract and hold lubricant. And that's what puts inner engine surfaces under cover of OIL-PLATING. It stands in wear's way; acts to prolong that new car feeling. . . . And it will act to prolong any older car's usefulness. So if that's your particular problem, change now to Conoco Nth oil—at Your Mileage Merchant's Conoco station. Continental Oil Company

CONOCO Nth MOTOR OIL
OIL-PLATES YOUR ENGINE

—About the Price Of MILK

Until the expiration of OPA producers of milk were paid a subsidy by the government to offset increase in the cost of production—feed and other items.

Since OPA is out, that subsidy is no longer authorized. Yet the cost of producing milk is the same. Obviously, if dairymen of the U. S. are to continue in business they must replace the amount of the subsidy. There is no extra profit to the producer in the present increase in the price of milk.

Muleshoe Dairy

HORACE McADAMS, Owner

BAILEYBORO 4-H CLUB

The Baileyboro 4-H Club met July 9 with eleven members and three visitors.

A discussion of the flowers made from shells was given by Mrs. Underdown.

As our secretary had moved away Beverly Arnold was elected for the new one. Christine Dreadin was elected as reporter.

Members present were Doris and Dorothy Underdown, Glenda Ruth Jenkins, Margaret Sanders, Beverly Arnold, Christine and Eueline Dreadin.

Mr. and Mrs. John R. Hedgecock and daughter, Jimmie Faye were visitors in the homes of Mr. and Mrs. John Rogers of the Progress community and Mr. and Mrs. John Benson early this week.

Debut of Safety Plane Accessory

BRIDGEPORT, CONN. — Added postwar flying safety and pleasure as pilot lights up smoke with new airplane pop out cigarette lighter developed by Casco engineers. Featured in this Casco plane, the streamlined automatic lighter such as is found as standard equipment on 90% of all automobiles, is ready for action with a slight push on knob. Easy one-hand operation eliminates necessity for taking both hands off control, offsets danger of fire from unextinguished match and prevents temporary flash blindness often caused by sudden match flare.

the birth of a son, weighing 8 lbs., 10 oz.

To Mr. and Mrs. P. Busbie on the birth of a son, weighing 7 lbs., 8 ounces.

To Mr. and Mrs. Bits Hot on the birth of a daughter, weighing 8 lbs., 10 oz.

Baileyboro Club

The Baileyboro Home Demonstration Club met July 9 with seven members and two visitors present. The president gave a clothing demonstration on "dyeing of m-suggested."

A discussion and plans were made for the chicken fry which will be Thursday night, July 25.

A quilt was quilted for Mrs. Judkins.

Refreshments were served to Mesdames Jonie Morrow, Minnie Underdown, Helen Schmitz, Loretta Shaffer, Helen Hall, Vida Judkins, Elizabeth Myers and a visitor, Opal Dreadin, and Miss Marjorie Garth.

Mr. and Mrs. J. M. Forbes Sunday had as guests her parents, Mr. and Mrs. J. B. Ross and little grand daughter, Linda Ross, her aunt and uncle, Mr. and Mrs. Christon Bayley, all of Plainview, and the latter's daughter, Miss Dorothy Bayley of Lubbock.

Local Happenings

Bridal Shower Honors Mrs. Winn

A Come and Go Bridal Shower honoring Mrs. W. B. "Skinny" Winn was given Thursday, July 4 in the home of Mrs. G. O. Jennings with Mrs. Jennings, Mrs. Alvin Allison and Mrs. Clyde Bray as hostesses.

Gifts were attractively arranged on tables in the living room with bouquets of daisies and sweet peas making up the center pieces.

Mrs. "Spud" Thomas presided at the guest book and Miss Ann Horsley, sister of the bride assisted with serving the thirty guests who attended. Some thirty-five friends sent gifts who were unable to attend. Mrs. Winn is the former Miss Lois Horsley.

Good Hardens' Anniversary Feted

Mr. and Mrs. Good Harden were surprised Tuesday evening with a buffet supper in the home of Mr. and Mrs. G. A. Nelson, it being their 16th anniversary. They were presented with two vases in crystal. Those attending were:

Mrs. A. and Mesdames Good Hardens, Joy Lynn, John Bickel, Delma McCarty and sons, Fuston and Weldon, Buford Butts and daughter Patricia, Mrs. I. W. Harden and Elizabeth and Mr. and Mrs. G. A. Nelson and daughter, Virginia Faye

Hospital News

Why AN INCREASE IN THE PRICE OF Milk

The subsidy which the Government had been paying milk producers expired with the expiration of OPA.

To offset loss of this subsidy and the increase in the price of feed, we are increasing the price we pay producers for their milk, making our price to them equivalent to the price they were getting under OPA.

THERE IS NO INCREASE IN PROFIT TO US

AN EYE WITNESS ACCOUNT OF ATOMIC BOMB BLAST

Damage from the atomic bomb test blast is shown here as the light carrier USS Independence is pictured burning shortly after the bomb explosion.

By WALTER A. SHEAD
WNU Washington Correspondent

ABOARD USS APPALACHIAN OPERATIONS CROSSROADS

From a military standpoint the explosion of the fourth atomic bomb was a huge success but as a spectacle worth traveling 8,000 miles to see it did not live up to its advance billing. From the standpoint of efficiency and precision the plutonium bomb was dropped squarely on the target area. The advance weather predictions held true. It was dropped on time to the second. The air dromes were sent through the cloud area and shepherded back by their mother ships. The boat dromes were sent into the area of radio activity and brought back via radio control. The cameras clicked and the instruments built especially to measure the results of the blast worked.

But to those of us here aboard the Appalachian, who had been oriented and lectured day after day for the past two weeks, who had interviewed scientists and scientific writers, the bomb burst and the atomic cloud were a disappointment.

The recapitulation of the damage showed the troop transport Gilton and Carlisle sunk; the destroyer Lamson capsized; heavy damage was done to the submarine Skate, the light cruiser Pensacola, the carrier Independence, the Jap Cruiser Sakawa, and the German pocket battleship Prinz Eugene. Light to negligible damage was caused on the Jap battleship Nagata, the battleship Nevada, the oiler No. 160 and LCM No. 1. Small fires were started and later extinguished on the destroyer Wilkes, the Pensacola, the transport Briscoe, the Nevada, the carrier Saratoga and transports Niagara, Bladen, Banta, Butte, Cortland, Bracken and Faun and the battleship New York. Heaviest damage was caused on the Independence and the fire which burst into flames on her stern was moderate dramatic to watch than the bomb burst insofar as this writer was concerned.

Because the atomic cloud did not reach the heights achieved in previous drops was not considered as reflection upon the efficiency of the bomb. Reasons for the relatively low cloud given were that water absorbed much of the heat energy and the difference in atmospheric structure caused a slower rise.

It may that those of us who stood along the starboard rail of the Appalachian were expecting too much. We had been led to believe from many sources to expect drama and adventure and excitement. Let me assure you there was no drama and certainly no excitement. I confess that as I pulled the polarized plastic goggles over my eyes as we heard the signal "bomb away" I did feel excited and tense as I awaited the blast. It came as I saw it, well above the horizon, a huge orange ball.

It might have been a fireworks display on the Fourth of July, although not near so dazzling. I watched the cloud appearing like nothing more than a huge cherry ice cream soda. Cream white on the surface but deep inside the hues were pink and rose, and it boiled and seethed up through

a mile and a half radius, while the distance of the Nevada from the shore of Bikini lagoon was about three miles. And the lagoon itself is 10 miles across and 25 miles long. It must also be remembered that as this story is written for transmission in time to get it to you there has been no actual assessment of the real damage. There may be more as we enter the lagoon and can visually assay the damage.

Mrs. Orval Evans and children of O'Donald, Texas were visitors last week in the home of Mr. and Mrs. J. L. Waggoner.

Commissioners To Select Road Sites

The Commissioners Court will meet in the Commissioners Court room in the Courthouse Tuesday, July 16 to select the road sites covered by the proposed bond election. Every interested citizen is extended a cordial invitation to be present for this meeting.

Personal Hygiene Helps To Combat Dreaded Polio

AUSTIN-In addition to the general instructions for community sanitation which are important in preventing poliomyelitis, Dr. George W. Cox, State Health Officer, today issued an urgent warning to every individual in Texas to practice strict personal hygiene to protect his own health and that of those about him.

"Of course, cleanliness and personal hygiene are ordinarily having taken for granted," Dr. Cox said, "but at this time with the incidence of poliomyelitis having reached a total of 292 cases, I would like to re-emphasize some personal sanitary measures which may help in preventing the spread of this crippling and often fatal disease."

The State Health Officer stressed the importance of scrupulous clean-

liness of the person. Frequent bathing and immaculately clean clothing are vitally necessary. Oral hygiene with thorough brushing of the teeth and the use of a mild antiseptic are recommended. The nasal passages should be kept clean and dental defects corrected immediately.

Sanitation and thorough cleanliness in the home are instinctive with the average housewife, but at this time their importance to health must be re-emphasized. Home sanitation includes those taken-for-granted measures such as washing the dishes in hot soapy water and rinsing them in hot clear water; keeping sinks, bathtubs and fixtures scoured clean and rinsed with a mild antiseptic solution; sunning and airing bed clothes, ridding the home of flies, rats and roaches which, since poliomyelitis is believed to be a filth-borne disease, are suspected as being responsible for transmission.

"If good personal hygiene is combined with good community sanitation and hygiene, it is hard for any disease to get a foothold," Dr. Cox said. "With such a dread disease as poliomyelitis prevalent in the state, no precaution should be overlooked."

School Lunch Program Set

Governor Stevenson has appointed the State Department of Education to manage the U. S. Department of Agriculture's community school lunch program in Texas for the next fiscal year. Joint formal agreement covering program operation requirements have been signed by Dr. L. A. Wood, State Department of Education and B. F. Vance, State Director, Production and Marketing Administration for the Department of Agriculture. Two-fold purpose of the program is to provide growing children with nourishing food for maximum health and growth and to create larger day-to-day markets for farm products.

The school lunch program has operated for several years on a year-to-year basis. Recently, the National School Lunch Act became public law. It provides assistance to states in operating community school lunchrooms for children attending non-profit public or private schools. States and the federal government will contribute funds to its support. For the fiscal years 1947 to 1950, inclusive, federal funds must be matched dollar for dollar by States. From 1951 to 1955, a state must contribute \$1.50 for each federal dollar, and after that \$3.00.

While the School Lunch Act does not carry an appropriation, the agricultural appropriations bill provides \$75,000,000 for its operation the next fiscal year. Pro rata share for Texas is about \$2,800,000, the PMA director explained. During the fiscal year just ended, the school lunch program was in operation in approximately 2300 Texas schools, in which an average of 250,000 children were served well balanced lunches daily. Latest reports indicate participation will be even

Vance said.

He asked that all applications from local sponsors be filed with the State Department of Education, Austin, instead of the State PMA office.

Soil Testing Lab Is Set Up

COLLEGE STATION-A soil testing laboratory has been set up at Texas A. and M. College to make chemical analysis of soil samples. The service, as set up by the board of Directors, is open to the general public. The laboratory will be operated by the Division of Chemistry, Texas Agricultural Experiment Station, in cooperation with the school of Agriculture and the Extension Service. Fees will be charged ranging from 25c for pH test to \$7.50 for a complete soil analysis. "An analysis of a sample of soil improperly taken in without value,"

Dr. J. F. Fudge, who is to be in charge of the laboratory, pointed out. He urged that persons wishing to submit soil samples write to the Soil Testing Laboratory, Texas Agricultural Experiment Station, College Station, Texas, and ask for the sampling directions.

Information with reference to the soil, its use and location, is also needed, and a form provided by the laboratory must be filled out and returned with the soil sample.

After the analysis is completed the results will be turned over to the Extension Service where M. K. Thornton, agricultural chemist, and his associates will make recommendations for the improvement of the soil in the light of the chemical content and history.

The county agricultural or home demonstration agent in the county concerned will receive a copy of

RAIN FELL NORTHWEST PART OF COUNTY 4th

Showers fell in Muleshoe and all the way to Clovis, Thursday evening, July 4. Some heavy showers were reported between Farwell and Lariat, and some places they were very welcome.

However, in parts of the territory, around West Camp and others, more rain was not wanted by the farmers who had received a very hard rain several days before, necessitating replanting. Most of this section has now benefited from one or more of the local showers that have been falling.

News Briefs

C. N. Kennon of Lubbock was in Muleshoe on business Tuesday. He is a representative for the State Reserve Life Insurance Company.

Mr. and Mrs. Richard Minckler of Vestal, New York are here visiting in the home of her parents, Dr. and Mrs. G. A. Pittman. They plan to make their home here.

Mrs. Storm Whaley and children of Salome Springs, Arkansas are visiting in the home of her sister, Mrs. Charles Lenau and other relatives here.

Mrs. Arnold Morris receive word Monday that her mother, Mrs. S. F. Johnston of Wichita Falls is seriously ill. She and her two children, Barbara and Marshall left Monday to be with her during her illness.

Mrs. G. M. Coston, of Ireland, Texas, Mrs. J. D. Jowers and daughters, Mrs. Rosa Graun of Mission, Texas, sisters and niece of A. P. Stone were visitors in their home

last week. Mrs. Coston plans an extended visit with them.

Arthur Crow is back on the job at the C. & H. Chevrolet Company after undergoing surgery at the Green Hospital and Clinic.

Mr. and Mrs. Randall Horner of Lubbock were fourth of July guests in the home of her parents, Mr. and Mrs. A. E. Ward and family.

Mr. and Mrs. Joe Crowley of Amarillo visited here Sunday with her parents, Mr. and Mrs. Will Harper. Their son stayed over here for a longer visit with his grandparents.

Mr. and Mrs. A. E. Scarbrough and children are visiting with his brother in Hope, Arkansas.

Sgt. Merriman W. Vise has received his honorable discharge and is back in Muleshoe. He is the son of Mr. and Mrs. Robert Vise of Phoenix, Ariz., formerly of Lazbuddy community. Vise served about 15 months in Germany.

Supt. Cunningham Is On The Job

W. C. Cunningham, superintendent of the Muleshoe schools arrived this week to take up his duties. Mr. Cunningham succeeds W. C. Cox, who resigned effective July 1.

Supt. Cunningham comes here from Munday, where he had headed the school system for several years. He and his family will occupy the Wimberley residence in the west part of town.

Mr. Cunningham will be busy during the remainder of the summer building his faculty, on which there are now several vacancies.

Mr. and Mrs. Cunningham are

parents of a new daughter, Sandra Sue, born June 21, at Munday. The family's furniture arrived Tuesday and other members of the family will join the new superintendent here in the next few days.

MULESHOE BEAUTY SHOP IS IN NEW LOCATION

Mrs. Lucille Cherry announces that she has moved the Muleshoe Beauty Shop to the room formerly occupied by the office of the Bailey County Draft Board, just behind Western Drug and first door west of Dr. Lewis' office. The shop formerly occupied the building on Main Street, next to Bill's Cafe. Ellen Howell is now associated with Mrs. Cherry as an operator. Mrs. Cherry has had the room re-

decorated in an attractive manner and invites the public to visit her in the new place, which is air conditioned.

Mr. and Mrs. M. H. Brooks of Valle, Calif., and Mrs. Lillian Harris of Dallas, arrived Friday for a visit in the home of H. S. Sanders. Mr. Brooks and Mrs. Harris are a brother and sister of Mrs. Sanders.

Beach Three-Piece Of Irish Linen

YELLOW Irish linen tailors superbly to make this good-looking three-piece beach outfit. The fingertip coat, made with yoke back and buttoned-up side vents, gives complete coverage to the two-piece swim suit beneath. This consists of the briefest of fitted shorts and a uniquely designed bra which is supported by a single oblique strap over shoulder.

Johnson Grass Killer Bought

Bailey County Commissioners court recently purchased a machine to kill Johnson grass, and expect to use it soon in an experiment to de-

termine how far they can go in a campaign to rid county roads of this pest.

Judge Cecil Tate said the officials plan to experiment on one mile of road, to find what cost of chemicals, etc., is going to be.

The county's campaign on its own road likely would be supplemented with a concerted effort on

New Chemical Halts Potato Blight

Sprayed plant on left contrasts sharply with copper treated plant on right. Florida growers report 150 bushel per acre increase with new synthetic fungicide.

Blight, one of the chief destroyers of potato crops, is the most treacherous enemy potato-growers have to fight. Sneaking into fields, the fungus attacks unprotected plants, spreading with devastating rapidity from field to field. Promoted by dampness, the infection makes its most serious inroads during rainy weather when field work cannot be done. The results are poor yields of inferior potatoes or, when conditions are particularly severe, complete destruction of crops.

Growers in major potato areas are reporting spectacular success fighting blight with a synthetic fungicide known as Dithane and developed by the Rohm & Haas Company. After an extensive testing program, the material, combined with zinc sulfate and lime, was first introduced commercially in the Homestead potato-growing area of Florida in the fall of 1944. In 1944-45 Homestead growers re-

ported fields sprayed with the formula averaged more than 300 bushels per acre, outyielding the older copper fungicides by more than 100 bushels per acre in many instances. This year, with as severe blight conditions the fungicide was used on more than 95% of the 1545-46 crop in the Homestead area, and yields from these acreages again averaged over 300 bushels per acre—contrasting dramatically with the 12-year average of 125 bushels per acre prior to 1945, during which time copper fungicides were used exclusively. One grower reported the outstanding yield of 519 bushels per acre.

The fungicide is rapidly proving equally successful in controlling blight on tomatoes and celery. It has boosted celery yields by as much as 100 packed crates an acre, and in the Bradenton area of Florida, the only tomato crops which survived the blight this season were protected by the material.

the part of land owners to rid the whole county of Johnson grass.

Progress News

Mrs. Laverne Hallford and children are visiting friends, Mr. and Mrs. C. J. Brock, at Lefors, Texas, this week.

Capt. and Mrs. Johnnie Wanzor spent a day visiting in the Jack Robison home this week.

Mr. and Mrs. Leroy Bishop and children of Ft. Sumner, N. M., spent the week end here visiting his parents, Mr. and Mrs. C. A. Bishop. Pvt. James Henry was home visiting his parents, Mr. and Mrs. H. Henry, last week end. James is stationed at Amarillo.

Mr. and Mrs. Arlie Thomas and children visited her mother, Mrs. Props, Sunday.

Owen Rogers of Roswell, N. M., visited with his brother, John Rogers and family, a few days last week.

Mr. and Mrs. Granville Horner spent a few days last week visiting

his parents, Mr. and Mrs. Horner, and her parents, Mr. and Mrs. Ward.

Mr. and Mrs. Leonard Ruskum visited in the home of her parents, Mrs. L. Steing, a few days this week.

Bert Hudson was home a few days this week on account of a piece of steel he got in his eye while working for the Santa Fe in Clovis.

Some people say, "I wish it would rain."

It starts to rain and then before long you hear them again "Is it going to stop? I wonder when?"

Howdy Folks: The papers report that President Truman has signed the bill that will provide several million new homes.

That is really good news, because the home provides what every man desires most. It is the only place where he can scratch any place that itches.

The home is the place where part of the family waits until the rest of them brings the car back.

There is no place like home—once in awhile.

The best way to be contented with your lot is to build a house on it.

As one of our customers says, home economics is going home to mother.

Another brand of economics is to buy our Air Conditioners.

You'll find a lot of other folks doing it around here.
