ALL DISTRICT BASKETBALL PLAYERS ARE ANNOUNCED

District 4-B officials met Monday night of this week and selected the basketball players to be named all-district.

In the girls division the Nazareth Swiftettes dominated the selections with six selections. The Swiftettes were district winners and went on to win the state title for the second year in succession. Silvertown, who lost only to Nazareth in district play, placed five girls on the honor squad. Valley had three girls selected

and Happy had two selections.

Cheryl Hartman of Nazareth was the Most Valuable forward and Mignone Rauch of Silvertown was selected as Most Valuable Guard.

Other all-district picks at forward were Sherice Price, Valley; Karen Schulte, Nazareth; Andi Payne, Happy; Linda Vaughn and Twila Wood, Silvertown; and Ramackers of Nazareth was an honorable mention forward.

All district guard selections were Colleen Gerber, Lynora Braddock, and Germaine Pohlmeier, all of Nazareth; Dorcas Gaddis and Joanie Turner, Valley; and Debbie Storie and Arlene Lavy, Silvertown.

On the boys side of the ledger, first team all-district selections are Kenny Chandler and Jesse Ferguson, Valley; Jackie Vaughn and Brent Brannon, Silvertown; Tim Moudy of Happy; and Derwin Huseman Nazareth.

Second team selections are Vincent Venhaus, Happy; Jeff Schmucker, Nazareth; Jace Francis, Silvertown, and Darrell Dowd, Valley.

All of the first team selections are seniors with the exception of Chandler, who is a junior.

Deadline Nearing For Vehicle Registration

If you haven't already obtained your 1978 motor vehicle registration validation stickers, you may be in for a line at the registration counter.

That's the grim prediction today of Bob Townsley, director of the Motor Vehicle Division of the State Department of Highways and Public Transportation.

On March 1, about 8.5 million vehicles still remained to be registered with only a month before the April 1 deadline.

Townsley said slow-moving registrations would assure long lines between now and the end of the month. However, in some counties waiting lines still weren't clogging court houses and substation halls, Townsley observed.

Registrations began a month earlier this year, on January 1 instead of February 1, due to the new staggered registration system. But every day of delay from now on will mean more waiting for tardy motorists, Townsley warned.

He suggested that motorists visit county tax assessor-collector offices where registrations can be obtained as soon as possible.

Only about one-third of Briscoe County residents have registered their vehicles. Friday, March 31, is the deadline and no one has the authority to give an extension on vehicle registrations.

Bloodmobile To Be In Quitaque

Tuesday, March 29, is the date that has been set for the Coffee Memorial Bloodmobile to be in Quitaque. The Quitaque Lions Club is sponsoring the bloodmobile, and Lion members will be around with cards for you to sign to pledge to give a pint of blood. At least 30 pints of blood are needed, but the goal is 50 pints.

When you donate a pint of blood, you and your immediate family will be covered with blood insurance for one year, in the event that you might need blood. If you are unable to give blood, this insurance can be purchased for a small fee.

The Bloodmobile will be at the Community Center Wednesday afternoon only. Make plans to give then that others might live.

TURKEY YOUTH TO PRESENT EASTER PROGRAM

The young people of the First Baptist Church and the First Methodist Church in Turkey will present an Easter Program Sunday, March 26, in the First Baptist Church in Turkey at 6:00 p.m. Everyone is invited to attend.

Mr. and Mrs. Bill Lindeman of Plainview visited her uncle and aunt, Mr. and Mrs. Buddy Morris in Quitaque Sunday. The Lindemans had been out to Lake Theo and the State Park. Mrs. Lindeman is the former Alyce Gregg.

Grass Seeding—Lurine and Zafus Polley of Turkey are seeding grass on the Lawrence Melcher farm located two miles north of Lakeview. This area has been individual treedozed and they are seeding the disturbed areas to a

mixture of native grasses. Mr. Melcher is carrying out the brush management and range seeding work through the Great Plains Conservation Program administered by the Soil Conservation Service.

Policy Announced Regarding School Transfers, Breakfast

The deadline for submitting applications for transfers from another school district into the Turkey-Quitaque school district is April 10. Applications at that time will be reviewed by the Board of Trustees and will be accepted or rejected. Applications may be secured at the school.

SCHOOL BREAKFAST
Beginning April 17 and following the spring break, the Valley school will serve breakfast to all students that wish to take advantage of this needed service. The serving of a breakfast will become a requirement for next school year and will be made available free to all students who are now receiving free lunches. Cost to other students will be \$.35 each. In

order to be served a breakfast the student must arrive at school no later than 8:15. It is hoped that the taking of class time can be avoided.

It is believed that eating breakfast regularly will benefit both the child and the school. The child is usually more alert and less fatigued and has a better chance to do well in school. The food that children eat each day makes a difference in the way they look, the way they feel, and the way they grow and learn. In addition, there are fewer discipline problems among children who start their day with a good breakfast.

The school breakfast program is required to provide three food components toward meeting children's daily nutritional needs. Each meal will contain at least one half pint of milk either as a beverage or on a cereal. A half cup of fruit or a half cup full-strength fruit or vegetable juice will be a part of each meal. Another component of each breakfast will be a serving of bread or ¾ cup of cereal or an equivalent combination. Meat or meat alternate will be served when possible as well as an attempt to include vitamin C and iron foods.

SPRING BREAK
The Valley School spring break will start April 10 and will continue through the full week. Classes will resume on April 17. If necessary, all days lost due to bad weather will be made up at the end of the school year.

QUITAQUE YOUTH PLANS EASTER SERVICE AT CAPROCK CANYONS STATE PARK

The United Methodist Youth of Quitaque invite everyone to their SUNRISE EASTER SERVICE, Sunday, March 26, at 6:00 a.m. at the Caprock Canyons State Park.

FRESHMAN CLASS AT VALLEY TO HAVE BAKE SALE

The Freshman Class of Valley Schools will have a bake sale Saturday morning at 10 o'clock. They will be located at Roy's in Quitaque, and in front of the old Gem Theatre in Turkey.

If you need help with your Easter baking, stop by and help the students and yourself.

Mrs. H. J. Bailey, mother of Bud Bailey of Quitaque, is in the Central Plains Hospital in Plainview. According to reports, she was slightly improved Monday of this week.

Drilling For Oil Begins In Hall County

The latest chapter in the quest of finding a producing oil well in Hall County began last Friday in the extreme southeastern corner with the beginning of drilling of a well named Lillie M. Peery. Jack Bearden Drilling Co. of Wichita Falls has a contract to drill the 6,000-foot well in search of oil from Enserch Exploration, Inc. of Dallas, Texas.

Jim Kinder, Drilling Superintendent, of Enserch Exploration, Inc. said the wellsite is some 15 miles south of Estelline on Lillie M. Peery land in Section 106, R. A. Hawkins, Block 11, A. B. & M. Survey of Hall County.

Lillie M. Peery lists her address as Tell, Texas. Mr. Kinder said, "It looks like Hall County badly needs an oil well, since it doesn't have a producing well to be like other Texas counties."

Jack Bearden Drilling Co. was the same company which drilled a well in Lakeview area last spring.

Turkey Senior Citizens Meet

Thirty-nine members were present at Senior Citizens meeting at the Bob Wills Center.

After a fellowship supper, the game of Bingo was played and enjoyed by all.

Blood pressure tests were taken by Jerry and Shirley Landry. These tests are taken at every other meeting.

Next meeting will be March 28 at 6 p.m. beginning with a supper. Everyone is invited to attend.

Loving.
Mrs. Tyler served refreshments to eight members.

Price's Last Second Bucket Lifts East To Sixth Victory

Basketball fans who drove to Amarillo last Saturday night to attend the annual high school girls all-star game at the Civic Center witnessed a very fine basketball game, and for the East fans one that had a very happy ending.

Picture the setting for a storybook ending: the West appeared to have broken a five-game losing streak when they took a 57-56 lead with only eight seconds remaining to be played. The East inbounded the ball under the West goal and quickly worked the ball past the mid-court line and called time out with only three seconds left in the game. When it was time to play ball again it was the Silvertown Owlettes' Linda Vaughn who inbounded the ball to District 4-B teammate Sherice Price of Valley High, who dribbled a couple of time goalward, then fired a jumpshot and just as she turned the ball loose the buzzer went off, but... the ball popped the net perfectly and the East had won its sixth straight game, and for Miss Price it capped a very fine high school career. Sherice scored 10 points in the 58-57 win over the West.

Sherice did not start Saturday night's game. The rule for that game is that the coach has to

change his entire lineup every four minutes. The starters for the East had a hard time holding their own against the West starters, but when Sherice and her group came in to play the second half of the first period business picked up with Miss Price leading the charge. At the end of the first period the East had a 22-13 lead. The West owned the second period and a 35-32 lead at half-time. The East regained the lead 44-43 at the end of three quarters and set the stage for the spine-tingling finish.

AND THE LORD SAID:

"If my people, who are called by my name, shall humble themselves and pray and seek My face and turn from their wicked ways, then will I hear from heaven, and will forgive their sin, and will heal their land."
II Chronicles 7:14

QUITAQUE BOY SCOUT NEWS

The Boy Scout Car Wash has been changed to a later date. It was originally planned for the first Saturday in April, but a Track Meet is in progress and it has been postponed.

Thank you,
The Quitaque Boy Scouts of America

To Control Or Not Control The Boll Weevil Meetings Scheduled

Production of cotton represents the largest segment of crop income in the area, and for some the boll weevil is getting more than his share! Most farmers agree that the Diapause Boll Weevil Control Program has helped, but most also know that this is not the total answer.

A meeting to discuss this problem, and present plans that should allow the cotton farmer to increase his net income, and net income is the only thing that really counts. This meeting is scheduled for Friday night March 31, starting at 7:30 p.m. in the Community Building, Quitaque.

Three important decisions will have to be made by all cotton producers. First, some changes must be made in the Diapause Boll Weevil Control Program. Second, a program to assist producers tie in needed controls will be presented, and third, the advantages of a uniform planting date will be presented.

Presenting parts of the program will be Ed Garnett, District Agricultural Extension Agent, Vernon; Emory Boring, Area Entomologist, Vernon; Roy Moritz, APHIS, Lubbock; and Ed Dean, Plains Cotton Growers, Lubbock.

Extension Agent Bill Pallmeyer, Earnest Kiker, Buddy Logsdon and Doyle Warren urge all cotton producers to attend this meeting, as decisions made will affect all cotton producers in the area, be they in Briscoe, Floyd, Hall or Motley County. The aim of this meeting is to present information based on facts, and to let the majority decide what is to be done, not a small minority.

(A similar meeting is to be held

Farmers Face New Boll Weevil Threat

Memphis steps to help cotton farmers protect their fields against new threats from the boll weevil will be explained at a meeting at 7:30 p.m., Friday March 31, at Quitaque.

The continuing war against the costly insect has been spearheaded in this area for 14 years by the Diapause Boll Weevil Control Program, said Buddy C. Logsdon, Hall County Extension agent. This season, cotton producers must look at some new strategies to help make their weevil control effort more effective, he stressed.

The Boll Weevil Technical Advisory Committee met February 23, in Lubbock to map out ways to cope with changing conditions which are threatening the success of the control program.

Program representatives from Plains Cotton Growers and the U.S. Department of Agriculture's Plant Protection and Quarantine office will report at the Quitaque meeting on the status of the program and ideas to restore its effectiveness.

An entomologist from the Texas Agricultural Extension Service will discuss weevil management practices, Buddy Logsdon said. The entomologist will emphasize early season control methods and the best planting dates for this area to help curb the weevils.

Cotton farmers interested in the future of their boll weevil control program in Hall County should be sure to attend the meeting, the Extension Agent said.

LAST CALL FOR ARTS AND CRAFTS FESTIVAL BOOTHS

Running Water Draw Arts and Crafts Festival still has some booths available for the October 13-15 show, according to Festival director Rob Strong. Cosponsored by Plainview Rotary Club and Llano Estacado Museum, the Festival will be held at Hale County Agriculture Center.

The show features the handmade work of artists and craftsmen from Texas, Oklahoma, and New Mexico. Anyone interested in being considered for a booth should contact Strong at Wayland College, Plainview, Texas 79072; telephone 806-296-5521, ex. 29. April 15 is the deadline for review of applications.

Mrs. Lillian White and Miss Gladys Stroup drove to Amarillo Saturday to visit Mr. and Mrs. Bo Graham. Bo is out of the hospital although still confined to his bed but is reported to be improving slowly.

The ladies also visited Lillian's uncle, Mr. and Mrs. Tom Rober-

FOSTER WHALEY

Whaley Speaks At Quitaque Lions

Foster Whaley, Democratic candidate for State Representative, spoke at the Monday, March 20 meeting of the Quitaque Lions Club on the topic, "The Farm Unrest."

Whaley related that much of today's farm problems can be credited to what the Government has done to farmers as well as what it has failed to do for them.

He cited the fact that we have had almost three decades of a bi-partisan cheap food policy.

The Government price freeze on live cattle by President Truman created the worst price disaster in the early '50's this country had seen at the time. Then the Nixon freeze on beef prices in 1973 triggered more bankruptcies in the cattle business than this nation had known to that time.

Whaley cited the fact Secretary Butz had encouraged fence row to fence row planting — then Nixon placed an export embargo and sent grain prices into a tailspin. All of this was an effort to appease consumers.

Whaley pointed out the grain reserve Government program to place three hundred million bushels in storage will pretty well assure the fact that wheat prices will go no higher than \$3.83 per bushel as long as the loan rate is only \$2.25. This is slightly over 70% of parity. Whaley said, "If our wheat and other grains were

CITIZENS CONGRESS FOR PRIVATE ENTERPRISE

In the 1770's, a radical by the name of George Washington led a group of very radical farmers into battle against a very conservative army financed by a wealthy group of thieves. The result of that radical movement was the birth of a new and glorious nation called the Republic of the United States. Another radical by the name of Tom Jefferson drafted a proclamation called the Bill of Rights, and the Constitution of the United States government. Among those radicals was a man by the name of Ben Franklin, who, when asked, "What kind of a government did you give us?" said, "We gave you a Free Republic, but it will last only so long as the people will fight to keep it."

2,000 years ago, another radical by the name of Jesus Christ was nailed to a tree for preaching another freedom, and for chasing the money changers out of the Temple. He was crucified because he was good, honest and righteous, and fought the evils of his time.

Today the money changers are back in the Temple. They are preaching their own type of profitable self-righteousness; the righteousness of stealing the rights and freedoms of others. These thieves also call themselves Christians.

These people have to preach their own virtues because, by their acts, man cannot tell them apart from the thieves that hung to the right and left of Christ.

THE GREAT CHARTER OF HUMAN RIGHTS, AND THE HERITAGE THAT BECAME KNOWN AS AMERICAN FREEDOM, THE RIGHT OF COMMON PEOPLE TO OWN PROPERTY AND THE RIGHT TO DEFEND ONE'S HOME, AND HIS LAND. THIS HERITAGE IS TODAY BEING TORN TO SHREDS BY ANOTHER GOD. THIS GOD HAS MANY followers and his name is Money. No matter how much these people have in worldly wealth, they can never accumulate enough. They hide their guilt under the banner of self-proclaimed righteousness. Even Presidents have been elected under this same disguise and deceived people through false promises and untruths.

Today, March 1, 1978, another small army of radicals met the challenge of freedom by exercising their right of protest in an effort to defend their heritage. They demonstrated peacefully against their enemies who are destroying their way of life. They marched peacefully, without muskets, without powder, only a prayer that the American people would

wake up and realize that their way of life "too" was being stolen from them by the money changers, and the traders that placed their god of money before the pursuit of happiness, and the right to own a farm, a business, and to preserve the heritage for common people that was entrusted to the Stewards of this nation through the blood, sweat and sacrifices of others 200 years ago.

These citizens peacefully marched to protest and bring attention to the world that the last bulwark of freedom was going under and could perish from the earth unless all people stood up for their rights and defended themselves against the thieves that made money more sacred than the dignity of man, or the basic charters of freedom.

SOMEONE, A PERSON OF GREAT POWER, GAVE THE ORDER TO ATTACK THE DEFENDERS OF FREEDOM. HE ORDERED TEAR GAS TO DISPERSE THE CROWD AND BILLY CLUBS TO BEAT THE HEADS OF YOUNG WOMEN AND OLD MEN. These people were brutally beaten by so-called "peace" officers to force open the roads so the foreign goods that are destroying American markets could get to the cash registers of the trades that are bankrupting not only the farmers of America, but the nation and world.

A McAllen official made the statement, "The strike is over," meaning "we fixed those bastards. Their backs are broken. The battle is over. Now the goods can continue to flow and we will continue the destruction of the family farms and ranches."

March 1, 1978, was a turning point in American History. The strike was not broken. It was merely the shot that was heard around the world, which started the final battle for preservation of Freedom.

March 1, 1978, 250 American farmers were clubbed, gassed and thrown in jail for exercising their peaceful right of protest.

The American people had best realize that when these farmers can no longer stand up for their rights and lose their farms and ranches, that the basic foundation for all freedom will perish from the earth. It's just a domino game with everyone taking his turn; yours will be next.

History records all of the great work events. March 1 at McAllen, Texas, will now long be remembered as the second Alamo. It was the event that really united and brought together the freedom-loving people of this nation in a united effort to destroy the real enemy and to preserve the virtues of freedom these enemies would

take from you.

We give thanks to McAllen, Texas, as we give thanks to the Alamo for ringing the bells that rallied the common people of America to stand up for their basic rights as free people, and to not surrender their freedom by default.

May the officials of McAllen and their billy club henchmen remind us of the German Gestapo, the Hitlers, the Stalins, that tried to steal the heritage of freedom from their people.

Today, March 1, 1978, was the rallying point for every Free American to realize and understand what the money god worshippers will do to destroy you under the banner of their money religion.

Let the real Christians stand up and be counted. Let the righteous expose the unrighteous that masquerade under deception. Join hands and fight for freedom, for people, rather than money creators that would destroy even our nation and the world.

250 patriotic farmers today were the whipping posts that rallied this nation to a cause of self-survival. We are accepting the challenge of Ben Franklin and our Republic shall stand. Our Bill of Rights will prevail because we are not going to let these traitors destroy what has ever known. This is our promise to ourselves and to freedom-loving people everywhere. Remember the Alamo!

CAMP SWEENEY DIABETIC EDUCATIONAL TRAINING CENTER OPENS MAY 28

Camp Sweeney Diabetic Educational Training Center for diabetic boys and girls (6 through 16 years of age) will open for the 29th year of operation May 28, 1978 with three-three week sessions as follows: May 28 to June 17, June 18 to July 8 and July 9 to July 29.

Camp Sweeney is located nine miles east and one mile north of Gainesville, Texas on 338 acres of beautiful rolling timbered hills with three dormitories for boys and three for girls; a non-denominational chapel; a modern hospital; a 99 acre lake for boating, fishing and water-skiing; a sanitary swimming pool, tennis courts, recreational pavilion, tar-rage and twenty gentle saddle horses.

Under the supervision of a specialized medical staff, dietitian and counselors, these children are taught their proper diet with regulated exercise, how to take their own urine tests and give their own insulin injections. Of major importance, through this group association with other young diabetics, they realize they are not alone with their disorder and with proper knowledge and instruction

Long remember McAllen!
Arnold E. Paulson
A Concerned Citizen

they can learn how to live with their lifelong companion — Diabetes.

Diabetes is hereditary, incurable and increasing yearly. It is the third killer of diseases and ranks third as the cause of blindness. Medical authorities estimate one-fourth of the World's population carries the diabetic gene and some 5,000,000 cases of diabetes are in the United States, of which more than 500,000 are children.

Camp Sweeney, operated and maintained by Southwestern Diabetic Foundation, Inc., is an organizational member of Texas United Community Services of Texas. If you know or hear of a diabetic child who needs our help please refer them to this office, their local United Fund or Jaycee Club or any Jaycee Club in Louisiana.

The Southwestern Diabetic Foundation, Inc. is a charitable, non-profit corporation located at 101 S. Cluberson, Gainesville, Texas, 76240. If you would like to help financially carry on this humanitarian program, please write the above address. For application blanks, brochures etc. write James V. Campbell, Director Camp Sweeney or Southwestern Diabetic Foundation, Inc. P.O., Drawer 918, Gainesville, Texas, 76240.

Mr. and Mrs. H. A. Boggs of Tulla visited Mr. and Mrs. J. A. Mayfield Thursday of last week.

A LETTER FROM JOHN TOWER

Dear Mr. and Mrs. Owens:

In another attempt to increase the already imposing power of the Department of Health, Education and Welfare and to bring this country one step closer to socialized medicine, HEW issued on September 23 their proposed National Health Planning Guidelines. If implemented in their present form, these guidelines would work a grievous injustice on small rural communities in Texas. They would force many hospitals to close, force an exodus of physicians from areas already deficient in quality medical personnel, contribute to rising medical costs and needlessly jeopardize health care Texans should be able to expect.

In its misguided attempt to contain hospital costs, the Administration has proposed programs and formulas that ignore the health care needs of localities and rural areas. In many instances the rural community has but one hospital for miles around, and it is reprehensible for the federal government to dictate the future of health care for that community. In present form, these guidelines must not be allowed to become the law of the land, and I intend to maintain my efforts to ensure that such highhanded policy from Washington will not be implemented.

I have contacted Secretary Cali-

fano of the Department of HEW urging his consideration in this matter. The imposition of arbitrary guidelines for determining the availability of health services to meet the vast spectrum of Texans' medical needs is economically unfeasible in some cases and cannot possibly serve in the best interest of our communities. Unfortunately, the recently published guidelines fail to indicate what, if any, exceptions may be made in the final regulations for the unique rural health care delivery problems. If, indeed, HEW recognizes the need for flexibility in establishing regulations to govern health care programs in a wide variety of geographic and population areas, the regulation guidelines should elaborate in greater detail and address these differences more specifically.

I appreciate the active interest you have taken in this matter. I look forward to your continuing advice and suggestions in future concerns.

Sincerely yours,
John Tower

Guests in the J. A. Mayfield home from Friday last week until Monday this week were Mr. and Mrs. Graves Mayfield of Waco. Sunday visitors were Mr. and Mrs. Bill Mayfield and family of Panhandle and Mr. and Mrs. Gene Mayfield of Canyon.

Your inquiring mind

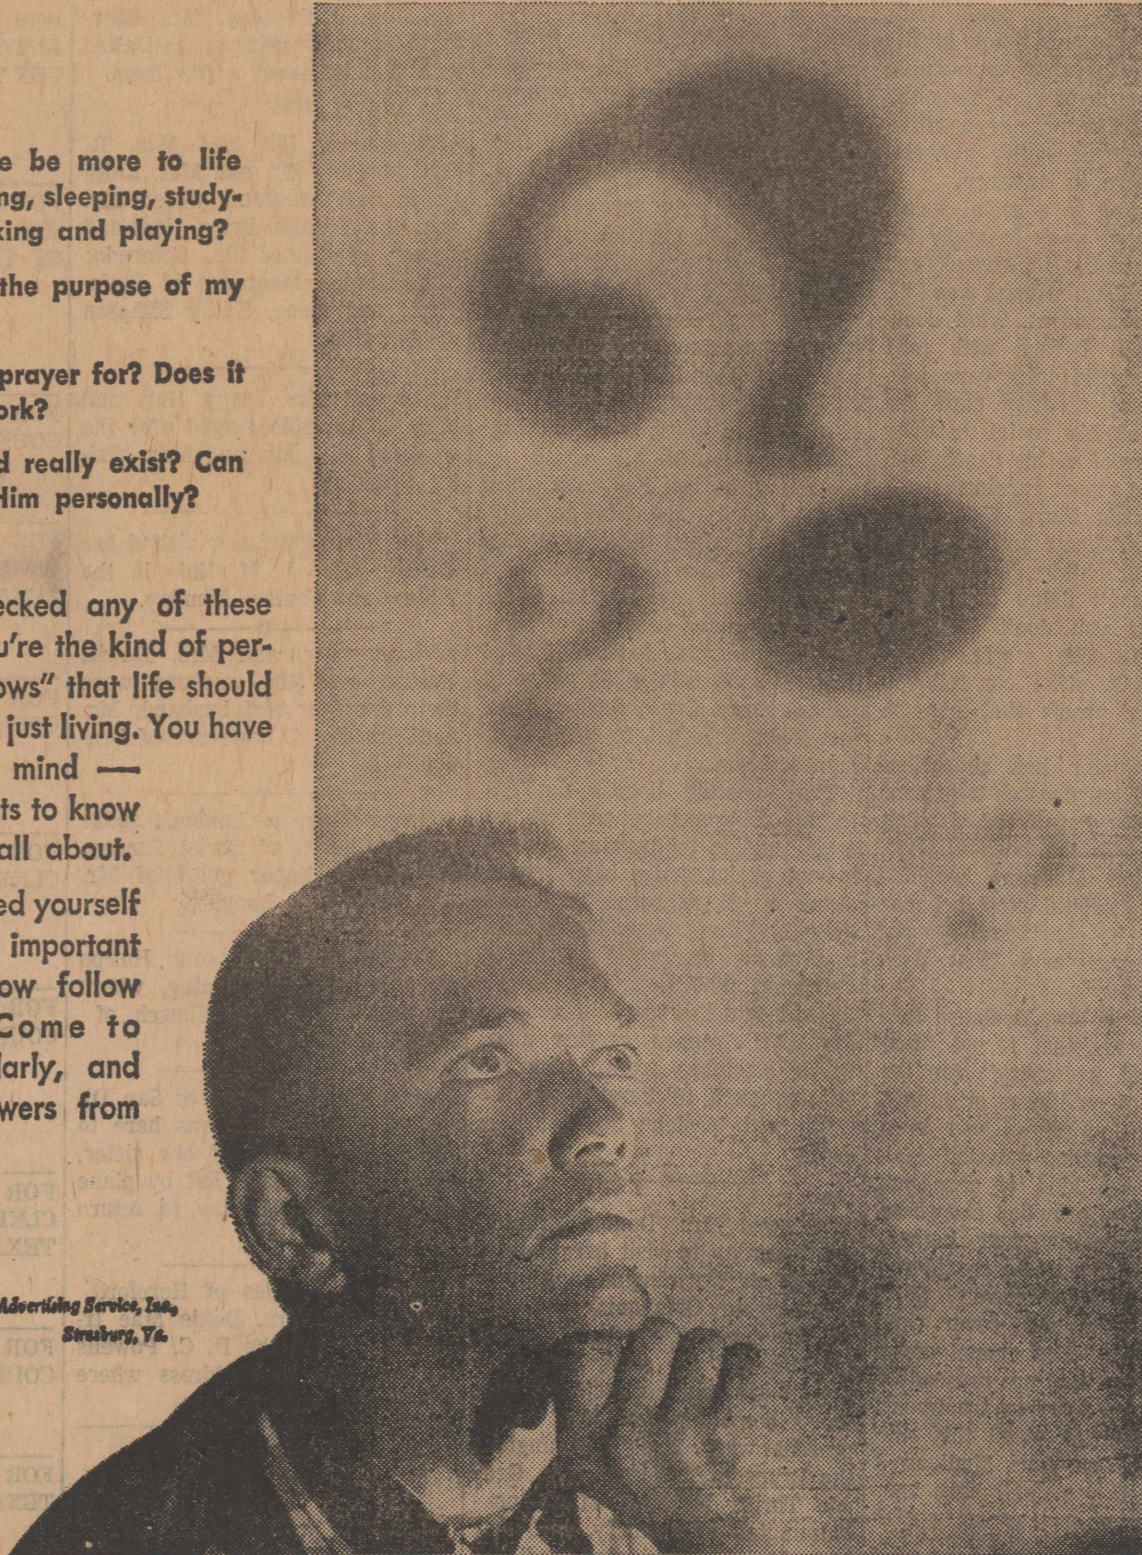

CHECK THE FOLLOWING QUESTIONS THAT YOU MAY HAVE ASKED YOURSELF:

- () Can there be more to life than eating, sleeping, studying, working and playing?
- () What is the purpose of my life?
- () What is prayer for? Does it really work?
- () Does God really exist? Can I know Him personally?

If you checked any of these questions, you're the kind of person who "knows" that life should be more than just living. You have an inquiring mind — one that wants to know what life is all about.

You've asked yourself some pretty important questions. Now follow through. Come to church regularly, and get the answers from God.

OVER 400 BILLS TO SOLVE FARM PROBLEM

Farmers from across the state will join others from South Dakota, Indiana, Ohio, Colorado and Wyoming in a parity campaign to Washington February 20 through 24 when members of Farmers Union will sift through the more than 400 new bills introduced to solve the agricultural dilemma.

"We're taking ninety Texas farmers to the Capitol in a well organized support movement for solutions," said Jay Naman, President of Texas Farmers Union. "Our protesting members who have been in Washington for weeks have done an excellent job of pointing out the depression we are in. They have also given Congress the message that we are not going to tolerate a poor farm bill. We go to add our additional thrust and to get behind those bills which would truly bring about 100 percent of parity rather than those that simply give political lip service to the problem."

Congressional hearings in both the House and Senate continue to receive voluminous testimony and new bills which are being introduced. A March 15 deadline exists, however, for any proposal which would affect the 1979 budget.

"I feel confident that some changes can be made," Naman continued. "But we must act together and get behind specific legislative proposals that offer practical solutions, form coalitions with other groups, educate urban Congressmen and then count our votes. If we don't pull this thing together, we could let the committees draw us past March 15 and then say 'sorry folks, you'll have to wait until next year to see any improvement in price supports.'"

The Texas farm leader points out that there are some items, such as labeling and inspecting imported beef and a mandate to the Administration to set world price floors, which could be implemented after the March deadline.

"To raise the loan rate or alter the disastrous sections of the farm bill (e. g. cotton)," says Naman, "we must get the bills onto the full floor of both chambers. If farmers are left to play second fiddle to the Panama Canal, then America has only just begun to

THE VALLEY TRIBUNE

Little League Baseball

Little League Baseball takes pride in announcing the opening

date for its sixth Annual Summer Camp Program on the beautiful and historic Baylor University Campus.

The camp offers a variety of activities including swimming, tennis, badminton and volleyball but with special emphasis on baseball. All of the latest equipment and techniques for training in the skills of baseball will be used, including daily use of batting cages, pitching machines and other items approved by the Research Department of Little League. Basic and advance training is given in all baseball skills, for boys ages 9 through 15 years, in Junior and Senior Divisions. Applicants need not be Little League members.

The first of three two-week sessions begins on June 18. Applicants are still being accepted for all three sessions. Full information can be obtained by calling Waco 817-756-1816, or by writing Little League Baseball, 1612 S. University-Parks Drive, Waco, Texas 76706.

J. P. Whitefield, 81, of Matador was buried in Matador last week. He was the father of Mrs. Perry (Johnnie) Vines of Channing, a former resident of Quitaque. He was also the grandfather of Jerry Faye Elliott Dixon's husband. Jerry Faye is a former resident of Quitaque.

CARD OF THANKS
I want to say "Thanks" to everyone who sent cards, the telephone calls and visits while I was in the hospital. For the visits, food and telephone calls since I have been home.
Most of all I want to thank my children and grandchildren and my husband for taking such good care of me. Thanks and love to all.
Grace Mullin

CARD OF THANKS
We want to thank all the wonderful people of Quitaque for the telephone calls, cards and, most of all, for the wonderful prayers. Quitaque is truly a wonderful community and it's good to feel a part of the community again when Bo is home and improving slowly. He will have to have skin graft on his injured foot as he becomes more stabilized.
Thanks again.
Bo and Polly Graham

Kenneth Stephens of Lubbock stopped in the Valley Tribune on business Monday and visited with the Gaston Owens a short time. He plans to run a guar advertisement with the Tribune. He thinks it will be a good money crop for this area.

PROCEDURE IS SET FOR APPLICATION PROCESSING

People often ask what happens to their claim after they apply for disability payments at a social security office, a social security representative said today.

There is an established procedure, which differs slightly depending on whether the person applies for social security disability benefits or supplemental security income (SSI) payments as a disabled person.

Once a person has applied for social security disability benefits, a copy of his or her social security earnings record is obtained from social security headquarters, where all records are kept. This will show if the person worked long enough and recently enough to be eligible as a disabled worker. If the person applied as a disabled dependent, the worker's record will be obtained for the same reason, the spokesperson went on.

The record of a person applying for SSI payments will also be checked to see if he or she might possibly be eligible for benefits as a disabled worker. Since SSI payments can only be made to people who have limited income and assets, these factors will be checked to make sure the person is eligible from this standpoint.

Once social security decides that all other requirements of the law are met, the application and information about the applicant's medical condition and work experience are sent to an agency in the person's State. There the claim is reviewed by a team of specialists, one of whom is a doctor. This team decides if the applicant is disabled within the meaning of the law.

The team will get medical reports from doctors and other places the applicant was treated or examined. In most cases, the claim can be decided on the basis of these reports. Occasionally, however, additional medical information will be needed for a decision.

In this case, the team will arrange for the applicant to have an examination or test at Government expense.

Once a decision is made, the applicant is notified by mail. If the claim is approved, the letter will tell him or her how much the benefit will be and when checks will start. If the claim is denied, the letter will explain why and tell the applicant how to appeal the decision.

There are many free publications available at any social security office which tell about social security benefits and SSI payments. Copies can be obtained by visiting or writing the nearest office. The address and telephone number of the nearest office can be found in the telephone directory under "Social Security Administration."

QUESTIONS AND ANSWERS

Q. I may go to Canada next month to visit my daughter. If I do, would this affect my SSI check?

A. An SSI beneficiary is not eligible to receive an SSI check for any full month he or she is outside the U.S. Once a beneficiary has been outside the U.S. for 30 or more consecutive days, checks cannot start again until he or she has been back in the U.S. for at least 30 consecutive days. If you decide to leave the country for 30 or more consecutive days, you should notify a social security office in advance.

Q. I'm going to a social security office next week to apply for survivors benefits for myself and my children. My husband was killed in a car accident. What documents should I take with me?

A. You should take your husband's social security card (or a record of his social security number), proof of his death, evidence of his recent earnings (such as last year's Form W-2), your marriage certificate and birth certificate, your children's birth certificates. Don't delay applying, however, if you don't have all these proofs. The people at the social security office can tell you about other proofs that can be used.

Q. My doctor has prescribed home health services as treatment for an injury I suffered. I think I should be in the hospital. But, he says that Medicare wouldn't pay for a hospital stay because it wouldn't be considered reasonable and necessary. What does that mean?

A. Under the law, Medicare does not cover care that is not "reasonable and necessary" for the treatment of an illness or injury. If your doctor placed you in a hospital or skilled nursing facility when the kind of care you need could be provided elsewhere—for example, in your home—your stay would not be considered reasonable and necessary. So, Medicare could not cover your stay. Medicare also cannot cover more services than are reasonable and necessary for your treatment. More information about this rule is contained in Your Medicare Handbook. If you don't have one, you can get a copy at any social security office.

THE N. L. BEDWELL FAMILY MEETS IN SUNRAY

The family of the late N. L. Bedwells met over the weekend in Sunray. The children of the immediate family spent Saturday night with Mrs. Opal Broxson. They were Mrs. John King and husband of Quitaque, Mrs. Reed Bethel and husband, Mrs. Jean Grundy and husband, both of Lamesa, and Lawrence Bedwell and wife of Plainview.

On Sunday, the group all had dinner in the home of Mr. and Mrs. Bobby Broxson. Others present were Mr. and Mrs. Gerald Bedwell and family of Plainview, Mr. and Mrs. Donald Bethel and family of Lamesa, and the hosts, Mr. and Mrs. Bobby Broxson and

Cold Weather, High Utility Bills Go Together

February, 1978, has proved once again that cold weather and high electric bills go hand-in-hand, according to a spokesman at West Texas Utilities Co.

After analyzing February weather data, Ray Hart, a WTU space engineer, said, "Both in degree days and in average temperature, we experienced one heck of a cold month."

Bills currently being issued by WTU are mostly for electricity used during the extreme cold weather, and are producing a flurry of inquiries to WTU local offices.

Hart said electric usage probably would have been higher if heavy winds had accompanied the cold fronts during the month and if many customers were not practicing conservation.

Fuel costs for February were slightly lower than in January, which also helped take some sting out of the bills.

The degree day figures, which are an accepted measure of energy requirements, indicated that West Texans needed 85 per cent more energy this February than last February just to keep their homes warm.

The "heating degree day" is the net difference between the average outside temperature over a 24-hour period and a base temperature of 65 degrees. This past February there were 729 degrees in Abilene, compared to 393 in February, 1977.

Hart said this is about average for WTU's entire service area, which stretches from Shamrock on the north to Persidio on the south with Abilene about in the center.

Mr. and Mrs. Donnie Brunson left Saturday to visit her mother, Mr. Bessie Wormington, and other relatives in Oklahoma City. On Sunday morning, the brothers and families and the sister and family all got together at their mother's home for breakfast. Those present were Mrs. Wormington, the Brunsons, Mr. and Mrs. George Thrift, Mr. and Mrs. Lon Wormington and family, Mr. and Mrs. Junior Wormington, and Mr. and Mrs. Lawrence Thrift.

The Brunsons returned by Byars, Oklahoma, and visited his sister, Mrs. Sudie Mabes, then returned home Monday evening.

Mr. and Mrs. David Blume and children, Julia and Chris of Midland visited the first of the week with his mother, Mrs. Mayme Blume and her mother, Mrs. Ricketts of Canyon.

Mr. and Mrs. Jerry Garner and girls of Amarillo visited Mr. and Mrs. Dale Garner and Mr. and Mrs. J. B. Castleberry Sunday.

The John Kings, Reed Bethels and Jean Grundys. They report a very good time.
