TWENTY-FOURTH YEAR, No. 14

Mr. Muleshoe

This column speaks for the people of Muleshoe in commending our retiring city dads for a job of work well done. Messrs. Brown, Pool, and Ladd thought first of the general good of the town and its people in every official act they performed. And while public service especially in a small town is a thankless task this column wants to surprise these fine men and say "Thank you" as they lay down the burden of city government, and become free to devote more attention to their own affairs.

And we congratulate the new members of the city government upon their opportunity to be of service to their community.

Had our people not thought that they were getting three men who would do things for the town, they never would have voted for them.

And let no one say that the next two years will not present plenty of opportunities for these new officials to be instrumental in advancing the growth and well being of Muleshoe. Indications are that the town will have an unprecedented growth in the next two years and the city government's part in it will require the closest attention and consideration on the part of our mayor and commissioners. Let us all cooperate with Messrs. Lema, Edwards and Dudley to the end that Muleshoe will continue to lead the way among progressive communities of the Plains.

Ansel L. Ashford At Nagoya, Japan

Simmons, long known as a big farm operator of the Otton community, will have 140 acres of onions here this year.

New City Officials Take Over Today

Cemetery Ass'n Seeks More Funds

An effort is being made to obtain sufficient funds for maintaining the Bailey County Cemetery at Muleshoe, and those who own lots in the cemetery are urged to give to the fund.

The Muleshoe Post, American Legion, has always taken responsibility for the cemetery's maintenance. Officers of the post said they have secured the services of W. E. Duncan, who lives on the premises, and will be able to sell lots, draw up deeds, etc.

Contributions toward maintenance may be turned in to Mr. Duncan, County Engineer, commander, or Glenn Rocky, adjutant of the Legion post.

Muleshoe Veterans At Texas Tech

LUBBOCK—Of the more than one thousand veterans enrolled in Texas Technological College this semester, the following two are from Muleshoe.

James B. Glaze, son of Mr. and Mrs. Ross M. Glaze, freshman agriculture major; and Lowell Irvin St. Clair, son of Mr. and Mrs. Irvin L. St. Clair, sophomore business management major.

St. Clair attended Tech in 1943 before entering the armed forces. Another veteran attending Tech this semester from Bailey County is Vernon Lee Bundrant, Bundrant, son of Mr. and Mrs. Chas. A. Bundrant, is a graduate student from Baileyboro.

Trustee Election Coming Saturday

Trustee elections are set for all school districts of Bailey County the coming Saturday, said Cecil H. Tate, ex-officio school superintendent.

In addition, members of the county school board will be chosen from Precincts 1 and 4, he said.

In Three Way district, an entire board of seven members will be chosen since this is the first election since formation of the district by consolidation.

Pierce's Studio Opening Saturday

Pierce's new photographic studio in Muleshoe, will open for business the coming Saturday morning, April 6, Mr. and Mrs. Homer Pierce, proprietors announced.

The studio is temporarily located in the Muleshoe Abstract Co. office on Main Street. The studio will do all sorts of photographic work, photo finishing, etc. A special offer is made for opening day and details of this offer may be found in an advertisement on another page of this paper.

Legion Home Planned For Muleshoe

Army Day Will Be Observed

Special observances of Army Day next Saturday, April 6, have been scheduled in this territory. There will be an Air Show and airport dedication at Littlefield that day and the people of Littlefield have invited the people of this county to attend.

Open house will be the order of the day at the Clovis Army Air Field, and visitors will be escorted over this B-29 base and given the opportunity to enter and view the interior arrangement of one of the big superforts.

Red Cross Quota Here Not Reached

Bailey was shy of the assessed quota in the drive for the National Red Cross Thursday morning, according to report of W. W. McGuire, county drive chairman. Quota is \$2,060 and of this amount \$1,717.18 had been reported. A report by communities will be given next week.

Julian Lema was elected mayor of Muleshoe in the city election held Tuesday. Mr. Lema received 197 votes of the 197 votes cast. He was unopposed on the printed ballot, but several received a scattering of write-in votes, as follows: Noel Woodley, 1; Connie Guplin, 1; Sam Fox, 1; Roy Jordan, 1; R. L. Brown, 3; Ray Edwards and W. M. Dudley were elected commissioners.

Six were in the race for the two commissioner posts and they received votes as follows:

Ray Edwards	123
W. M. Dudley	71
Arthur Gray	60
Houston Hart	50
Glenn Rocky	37
Earl Ladd	32

The new city government took office Thursday April 4, beginning of a new fiscal year for the city.

Retiring officers are R. L. Brown, mayor; W. M. Pool, Jr., and Earl Ladd, commissioners.

Mrs. Walter Witte was presiding judge of the election with Clifton Finley, assistant clerks were H. A. Douglass and Mrs. H. O. Barbour.

Questions Are Asked Seekers Of State Office

Candidates for State office are being sent a questionnaire by the State Democratic Executive Committee with the following questions to be answered:

1. Did you either aid or encourage the candidacy of, or vote for Texas Regulars in the November General election?

2. Do you approve of the efforts made in 1944 by the members of the Texas Regulars to secure election of Electors pledged to vote against the election of Franklin D. Roosevelt, in the event he was nominated as the Democratic Presidential candidate in 1944?

3. If you did not approve these efforts, then did you publicly express your disapproval thereto, and if so, when and where?

The State committee announced its intention to make public the responses of each candidate for state office, or his failure to respond to the questionnaire.

Resolution of the State Committee requested that county chairmen make a similar request of information to each person applying for a loan on the ticket, George Johnson, Bailey County Democratic chairman said that so far as he is concerned this action will be omitted by the county executive committee, since he believes no good could be accomplished thereby at this time.

Pie Supper At Baileyboro Friday

Ezell Back From Washington Trip

Marty Ezell, manager of the Bailey County Rural Electric Cooperative returned last week after spending ten days in Washington, D. C. in an effort to secure authority and funds for further extensions in this territory.

The cooperative sought finances for about 100 miles of single phase extensions and three phase extensions to accommodate irrigation farmers around Muleshoe.

Ezell interviewed the region head of this region. He received a sympathetic hearing, but was told that any further appropriation would come in the new fiscal year beginning July 1.

W. F. Clements 80th Birthday Observed

In the home of Mr. and Mrs. John Jackson, Glenn, Texas, eight of the eleven children of W. F. Clements met March 31 to celebrate his 80th birthday. Included among those in attendance were Mr. and Mrs. W. H. Clements and Mr. and Mrs. Jim Clements and son, Jimmie Muri of Muleshoe.

Each family brought food and a beautiful meal was enjoyed at the noon hour. The table was beautiful in a lovely lace cloth, centered with a large 3-layer cake, topped with eighty candles in pink and white and on each side an arrangement of wisteria and blue and white iris. When the honoree and the guests were seated at the table the grandchildren and great grandchildren marched in, formed a a circle, and sang "Happy Birthday."

Muleshoe high school leather pushers lost to Morton high school team in a group of 13 bouts three last week.

Jack DeShazo, Glen Tibbets, E. J. Thomas, Jim Bickle, Donald Bryant and Johnny Sied won their bouts. Others who took part in the fight were Jim Wade, Hodahl Thomas, Jack Young, Herb R. Griffin, Porky Farrell, Bill Jim St. Clair, Richard Chambliss.

At the present time loan funds are restricted to ex-service men and farmers not previously served by FSA. "We have no authority," Baker said, "to make loans to 'old borrowers' or farmers who have previously borrowed from FSA, but haven't received their loan for this year."

Veterans are given preference for these loans, but other farmers and stockmen may receive them.

The supervisor urged veterans and other farmers to call at his office immediately, as loan funds are still not ample and may be exhausted before all those needing them can be taken care of. The FSA, an agency of the U. S. Department of Agriculture, makes loans only to those who cannot obtain suitable financing from other sources.

Offices are located in the old bank building in Muleshoe.

TREAT COTTONSEED NOW

Cottonseed may be treated with fungicides at any time before planting. E. A. Miller, agronomist of the Texas A. and M. College Extension Service, has pointed out. After treatment the seed should be sacked and stored in a ventilated place, he said.

Texas 1946 cotton crop was the shortest in 56 years and that has focused the attention on the treatment of seed for the 1946 crop as one phase of efficient production. Agricultural experiment station tests conducted over a four-year period showed an average increase in yield of 25 per cent at College Station, 14 per cent at Temple, 13 in the Brazos Bottom and 4 per cent at Lubbock. Increases

as much as 50 pounds of lint per acre have occurred at Temple in recent tests. The most favorable results following planting of delinted seed which was also treated with a fungicide.

Similar results have been obtained on demonstrations conducted by county agricultural agents under farm conditions. Miller stated.

A number of chemical preparations have been tested, including ceresan, sporgan, cuprocid and sanoced, and gave approximately equal results. Cost of applications ranged from five to ten cents per bushel.

A large part of the yield increase came from better stands through control of two common cotton diseases, sore shin and angular leaf

You're Never Too Young To Explore The Future

THEN: The speed recorded for one of the earliest passenger trains on a railroad still in existence, the Baltimore and Ohio, shows that in 1832 the 61-mile trip from Baltimore to Frederick, Md., took almost a whole day.

LATER: A nation was thrilled in 1833 when reports were published of the notable run of the famed New York Central locomotive, the 59, west of Batavia, N. Y., which was clocked at 112.5 miles an hour.

SOON: With roadbed grades being flattened by leading rail lines and with curves to be straightened in many instances by these transportation companies, according to Henry J. Taylor, MBS commentator, regularly scheduled passenger run speeds of 100 mph and freight run speeds of 60 mph are soon to be attained.

spot. Seed treatment is most important where low rates of seeding are used. Thus, in seasons such as 1946 when seed supplies are short, smaller amounts of seed will be required if the treatment is used.

Miller recommends the use of the rotary type home mixer in treating seed, or custom-treating when this is available. Directions for application of the various chemicals are given on the containers and these should be carefully followed.

Our Composers

FREDERIC F. CHOPIN
1810-1840
One of the world's greatest composers was inspired, it is said,

to write one of his waltzes by watching a dog chase its tail. This waltz is the "Minute Waltz" of Chopin and the little dog belonged to his friend, George Sand.

Born near Warsaw, Poland of French and Polish parentage, Chopin showed musical genius at an early age.

When nine he gave his first public concert, and when nineteen he played his own compositions both in public and at the house of nobility. He had the admiration of his rivals as well as the idolatry of the artistic circles of Vienna and Paris. His playing was distinguished by delicacy and exquisite tone. Considerable strength is required for playing fortissimo passages in some of Chopin's compositions. The composer himself lacked strength

to perform certain of his polonaises and scherzos. Probably no one has ever surpassed Chopin. He continued his strenuous work of teaching, however, up to the time of his death. He is buried in the Pere Lachaise Cemetery in Paris.

AMERICANISM ENDOWMENT FUND TO BE RAISED

AUSTIN, March 28—Connie B. Gupton of Muleshoe, Texas was named today as Bailey County chairman of the campaign to raise \$15,000,000 toward the National Americanism Endowment Fund. A national trust established by The American Legion, the American Fund is designed to carry on a broad educational program combating all subversive "isms" in

conflict with the principles of the United States Constitution. President Truman is honorary national chairman and Governor Coke R. Stevenson is national vice chairman. Chairman of the campaign to raise Texas' quota of \$450,000 is Fred Florence, president of the Republic National Bank of Dallas. Bailey County's quota is \$109,000.

Farmers are your neighbors-They want you to know that-

Cooperatives

put the farmers' SAVINGS DOLLARS to work on MAIN STREET

A DOLLAR saved is a dollar earned. True, but truer than ever nowadays.

Your neighbors, the farmers, save money by marketing and purchasing cooperatively. Through cooperative partnership the dollars they save become extra earned dollars. And how they use those dollars!

Those cooperative savings dollars go for medical and dental attention. They go for new clothes, new furniture, new automobiles and many other things the farmers need. Without those savings dollars, the farmers often have to go without some or all those things. It would affect you.

Important to you townspeople, those cooperatively earned savings dollars stay at home. They work for you on Main Street. They mean extra buying power for the farmers. They mean an extra market for the goods and services you people in town supply to the farmers.

Last year, farmers cooperatives put millions of savings dollars to work on Main Street the country over. Single communities, perhaps your own, benefited to the extent of thousands of dollars. Those extra dollars exist for the community only because of the farmers' co-ops.

So, be a booster for farmers' co-ops. Their savings dollars mean prosperity for your community. And it means prosperity for you.

Cooperatives are the very embodiment of free enterprise. Cooperatives are builders of real democracy.

These cooperatives help build your community

RIBBLE'S RIPPLES

Are you easily satisfied? Well, folks are sometimes too easily satisfied. Such might be true of you and me.

"Well, I'm perfectly satisfied with myself. You need not be concerned in me and my religion. I'm satisfied with my church and my

doctrine." Many people have said such things.

Many times such remarks are made unthinkingly. Such language does not really present the sober thoughts of people; such indicate that they have entirely missed the tenor of our Lord's religion. The religion of Christ is not designed to satisfy man, but God. Christ said: "I do always the things that are pleasing to him." Sinful man does things to please himself. The Bible makes one thing clear enough for all: Christ pleased not himself.

Consider the people who think that every fellow ought to "join the church of his choice." God's choice is never considered. It is a "you go your way and I'll go mine" proposition with many. But if we are saved God must be pleased. You can be perfectly pleased and completely lost at the same time.

We have heard people say, many of them, "I am satisfied with my baptism." But is God satisfied? That is the point in baptism. It was never designed to please any man, or group of men. It was designed to please God and Christ.

The only baptism that God has indicated that would please Him has a number of things to be con-

Emma Lee Locke And Harold Douglass Married March 3

Miss Emma Lee Locke, daughter of Mr. and Mrs. Walker W. Locke, Borger, formerly of Muleshoe, and Howard T. Douglass, Jr., son of Mrs. Bill Hakenkamp, of Borger, were married Sunday, March 3, at 4 o'clock, in the First Methodist church, Borger.

The double ring ceremony was performed by the Rev. Marshall Rhew, pastor.

Miss Lawanna Sue Killion, Amarillo, sang "Beauty" and "Indian Love Call," and Howard DeShazo sang "Always."

The bride, given in marriage by her father, wore a two-piece bright blue suit with black accessories and a pair of gold earrings, a gift from the bridegroom. For something borrowed she wore a wide bracelet of gold belonging to Miss Killion. Her corsage of white gardenias she carried atop a white Bible.

Mr. and Mrs. Hagenkamp were hosts at a reception in their home following the ceremony. The bride's table held a three-tiered white wedding cake topped with a miniature bride and bridegroom and an arrangement of gladioli and carnations.

Mrs. James Anderson, sister of the bridegroom, was in charge of the guest book. Mrs. R. L. Ellis served the cake and Mrs. Delon Kirk, aunt of the bride, presided at the punch bowl.

The bride graduated from Muleshoe high school and attended Lipsett's Business college in Plainview. The Locke family have lived here 23 years, and expect to return to their home here in the future. Mr. Douglass is a graduate of Phillips high school. He served in the

Amphibious Unit of the Navy three years. Both bride and groom are employed by the Phillips Company.

After a five-day motor trip in New Mexico the newlyweds are at home in Borger.

Sidelights From Washington

By congressman George Mahon
The new Veterans Administration Regional Office for West Texas with headquarters at Lubbock will

mean much to West Texas veterans and their families. When General Omar Bradley, head of the Veterans Administration, announced last year that Texas veterans would be served by four regional offices, located at Houston, San Antonio, Waco and Dallas, I complained to him that West Texas veterans were being completely left out of the picture. I joined with the Amer-

ican Legion, the VFW and West Texas generally in the campaign for a West Texas Regional Office for West Texas veterans—an office similar to the ones located at Dallas, Waco, San Antonio and Houston.

It is now assured that within 60 days such an office for West Texas, with headquarters at Lubbock, will be a going concern.

General Bradley's idea is to render service to the veteran at a point not too far removed from his home. Those of us who handle veterans administration appropriations are supporting this plan.

The West Texas Regional office should not be confused with sub-offices and contact offices which the VA has established or will establish at a number of West Texas points to complete the service to veterans and cooperate with the County Service Officers now serving in most West Texas counties.

The Amarillo area, which has previously been served by the VA office in Muskogee, Okla., will hereafter be served by the West Texas office at Lubbock. The El Paso area is slated to be taken from the jurisdiction of the office at Albuquerque, New Mexico. The plan is that all of Texas is to be under the overall supervision of the Branch Office at Dallas.

Now that the Veterans Administration has completed plans for Texas, my hope is that the service to veterans and their families may rapidly improve. The complications and difficulties are tremendous. General Bradley told our committee on appropriations a short time ago that he receives in the Washington office an average of 125,000 pieces of mail per day; that over the week end in one instance,

"OIL-PLATED engines... they'd better have!"

The "haulaways" are abroad in the land! Your new car is on order—or in your mind. And now here is why any car of yours should have an OIL-PLATED engine...

OIL-PLATING will shield your engine's insides. It saves fine-finished surfaces from lots of wear. And that's how to raise resistance against carbon, gum, and sludge.

An OIL-PLATED engine is yours for the asking. Simply insist on filling with Conoco Nth motor oil. Conoco Nth brings its added OIL-PLATING substance. This acts magnet-like... joins lubricant durably to metal, so as to form protective OIL-PLATING! The process is the same in any engine. Though yours may not be new, this is an extra good time to OIL-PLATE it. For it needs a Spring oil change and simply by getting Conoco Nth you'll get oil that OIL-PLATES—at a few cents' extra cost! See Your Conoco Mileage Merchant—today. Continental Oil Company

in excess of 300,000 pieces of mail were received here. Such a situation creates a bottle-neck in the central office in Washington and makes imperative the success of the program of decentralization to the Branch and Regional offices.

Mrs. Clayton, and she gave demonstrations on house plans and remodeling. Blueprints of good and poor house plans were shown and discussed by all.

Delicious refreshments were served by the hostess.

The next meeting will be April 8 in the home of Mrs. C. L. Taylor.

A. A. Ellis and son, James Robert, flew over from Oklahoma City and spent the week end with his father, J. W. Ellis, and sister, Mrs. Maude Jones.

STEGALL CLUB

The Home Demonstration Club met March 20th in the home of Mrs. Jack Lowe, with the president in the chair who called the house to order.

Roll call and minutes read and approved.

Chair called for old business. President gave a report on what had been paid into Council by the club, and all other expenses.

A talk, "The importance of story telling in family life," was given by Mrs. J. G. Arns.

Mrs. Wilson did not give her demonstration on patterns, alterations and fittings, so we had a visitor.

The prehistoric discovery of the FLAME was man's first step toward civilization; and from that ageless past to the present, the Flame has been keeping humanity warm, cooking its food and performing other services. However, no energy, even that of the FLAME, would be valuable to modern civilized society unless it would be capable of being controlled. It is interesting to note that it was this controllability that, early in our economic history, provided continued usefulness to the Gas FLAME—a usefulness that through the years has constantly widened and strengthened. Today this controllability reaches its highest point of development. And so, as in the past, the Gas FLAME will continue to release, even more effectively, its energy, remaining man's faithful servant for cooking, water heating, refrigeration and year 'round home comfort.

Weldon Kittrell has returned home from a visit to friends and relatives in Capitan, New Mexico.

The carnival at Lazbuddy Friday night was a big success, everyone having fun meeting old friends and visiting. The bingo table and hot dog stand seemed to be the main attraction. The men's beauty shop was very popular, men waiting to have their hair done in the latest fashion, faded cheeks were touched up, the lips a ruby red.

The lucky lady to receive the club quilt was Mrs. Marvin Dodson of Lazbuddy. Congratulations, Mrs. Dodson.

Mr. and Mrs. Roy Clark and family spent the day Sunday with Mr. and Mrs. H. W. Carpenter.

Jimmy Frank and Mary Jean Carpenter spent the day Sunday with Barbara Ann and Carlton Hinkson.

Leon Hale flew to Spur Sunday morning for a short visit with his family.

John L. Higginbotham, who recently arrived in Muleshoe, has been flying a number of years. With 3,000 hours of flying experience in all types he now holds a commercial license with an instructor rating. Formerly he flew as co-pilot with Braniff Airways.

DID YOU KNOW:

Due to the 1945 development of spin-proof aircraft, insurance rates for this type has dropped 25%. The announced rate reduction will save the owner of a spin-proof plane about \$110 annually. This slash in cost is bringing private airplane ownership to a point more comparable to the cost of operating the family automobile.

Howdy Folks: We heard about a man who lived to be 94 years old and never used glasses, but then some men prefer to drink right out of the bottle.

And, as some one has said, more glasses are used under the nose than over them, now days.

Of course the only exercise some fellows get is chinning at the bar.

We heard about one man who was held up on his way home, but his case isn't so unusual in view of the fact that many men can't get hom eny other way.

When some men go out to make hay, they often start with a little rye, but if they keep it up long, they soon get to look a little seedy.

If we could start you using our Electrical Repair service, we are certain that we would have you as a steady customer after that.

Drop in and let us have a talk about it.

QUOTES OF THE WEEK

"I'm still a tough old codger." — Gov. W. S. Goodland, Wisconsin, announcing he'll run again at 65.

"It would save carloads of food." — Rep. Anderson, Minn., suggesting Democrats call off Jackson Day dinner.

"It's no fun being in Congress these days." — Rep. Dacey Short, Missouri, facing deluge of mail from home.

"Continuation of OPA means limited production, continued shortages, greater danger of inflation." — Robert E. Wason, pres., National Assn. of Manufacturers.

"OPA price controls are dooming the nation to a famine in milk and dairy products." — Charles W. Holman, secy., National Cooperative Milk Producers Federation.

"No, thanks. This is where I came in." — Ed Pauley, declining offer of another job from President Truman.

Help Get More Soaps, BRING IN USED FATS!

This country is short of industrial fats, mighty short. The supply is so low that the government must decide how much fat can be released to make soap; how much for other peacetime goods. The shortage would be even worse without the wonderful help American housewives are giving by turning in used fats.

Keep saving to tide us over this emergency. It will help you get more soaps and other products you want so much.

OKAY, UNCLE SAM. IF SAVING USED FATS HELPS MAKE MORE SOAPS COUNT ME IN!

BRING USED FATS TO ME JUST AS SOON AS YOU HAVE A CANFUL.

LOTS MORE FAT SCRAPS TO MELT DOWN, NOW. JIMMY, HOW THE SALVAGE CAN FILLS UP THESE DAYS!

AND THE BUTCHER GIVES ME 4¢ FOR EVERY POUND I BRING IN!

Where there's fat there's soap
 KEEP TURNING IN USED FATS TO HELP MAKE MORE SOAP

9 Registered Giltz For 4-H Club Boys

Nine registered Poland China pigs will be awarded to deserving 4-H club boys in Bailey County early in May, exact date to be announced later. All bonafide 4-H club boys desiring to enter this contest should come to the county agent's office with one or both parents or guardians and discuss the contest with J. K. Adams, county agricultural agent.

ed and copies will be given to eligible 4-H club members following conference with the county agent.

Nine Bailey County boys were winners of nine registered Poland China hogs, two registered Jersey heifers and four hundred twenty-five 4-A grade baby chicks in the contest last year. Max Self, Olan Parker, Dwaine Lee Key, Merrin Ray Carr, or Richard Barnett will be glad to express their opinion of the contest and tell all interested parties what they won last year and how easy it was to win.

Complete rules and regulations for the contest are now being printed.
