DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

Volume 27, Number 8

MULESHOE — County Seat of Bailey County — TEXAS

Thursday, February 17, 1949

Mr. Muleshoe ...

By J. M. Forbes

County Judge Cecil H. Tate has adopted the plan of having the parents present whenever a hearing is to be held in which minors are charged with delinquencies. "I want to look the parents right in the eye," Mr. Tate said.

He sees more of this delinquency than the rest of us and it just sickens him. He sees promising future citizens placing a first footstep on the path that may lead away from a satisfactory life for the individual and from a life that will be an asset to the community.

But he blames not only the parents, he blames himself and all of us. "We are so busy after the almighty dollar," he declared, "that we cannot devote any time to the development of the character of our future citizens." He believes we need more directed programs of recreation and character building, more oldsters to help direct the thinking and the activity of our youngsters. Think about this a minute, Mr. and Mrs. Grown-up.

New Telephone System Planned
HALE CENTER—A new \$27,000 dial telephone central office is being placed in service here as part of the Southwest Bell Telephone company's program to expand service here. J. A. Cornell, manager of the company's Plainview office, has announced.

Hale Center, with almost 300 telephones now in use and with more than 60 applications by business firms and residences to be filled, is outgrowing the original dial system installed here several years ago. Present facilities are being replaced with "step-by-step" service, as explained by Cornell, which will allow additional units to be installed from time to time as the need for expanded telephone service is felt.

This column does not know how many telephones are in use here nor how much revenue the Southwestern Associated Telephone Company is monthly grabbing off of Muleshoe, but we do know their business here would justify improvements.

The "whistle stops" are getting the telephone equipment while Muleshoe citizens sit here stewing and fretting, but still contributing more to the telephone company than most any of our neighboring towns.

While individuals and other service companies in Muleshoe are improving their businesses, and plants the telephone company has consistently displayed its lack of faith in the Muleshoe country by continuing obsolete, unworkable equipment in their office here.

I personally heard high representatives of the telephone company promise several years ago that just as soon as equipment became available the local system would be modernized. We understand that the outside plant has been improved, but so far as actual service is concerned we are still where we were in the days of Teddy Roosevelt.

Odd Fellows Confer Degrees

Muleshoe I.O.O.F. Lodge No. 58 met in regular session Feb. 10, with twenty-five members present and with eleven visitors from Dimmitt Lodge No. 159.

The first degree was conferred on E. A. Weyer, Jr., and John D. Sanders, of Dimmitt and Johnnie Henderson, of Muleshoe.

After the conferring of the degree, light refreshments were served and a general get-together was enjoyed by all. The Muleshoe lodge invites other lodges to visit them and to bring their candidates for initiation and all local members are urged to attend and enjoy the fellowship.

RETURNED HOME

Mrs. I. P. Melendy returned home this week from a visit to Amarillo where she visited Mrs. Grant Combes.

STAY AT WEEKEND AT HOME

Miss Lela Barron of Albuquerque, N. Mex. visited her mother, Mrs. Lela Barron and her brother, L. S. Barron and family over the weekend, returned to Albuquerque Sunday.

STARS IN COLLEGE PLAY

Miss Jett Byerley, Levelland junior at WTSC, Canyon, who has visited often in Muleshoe, took the leading feminine role in the production "Outward Bound" at the college last week. Miss Byerley is the daughter of Mr. and Mrs. H. B. Byerley of Levelland and the granddaughter of Mrs. Maude Jones of Muleshoe.

Football Squad To Be Honored At Annual Banquet Friday Night

Dr. Harrison Associated With Green Hospital

Green Hospital & Clinic, of Muleshoe, this week announced the association with the institution of Dr. Dan A. Harrison, Jr., who already has assumed his duties. Drs. L. T. Green and M. F. Green will continue their duties with the hospital.

Dr. Harrison, who was born in Dallas, completed high school in Sanderson, Texas, then attended the University of Texas at Austin and at Galveston, from 1919 to 1926, finishing with the B. S. and M. D. degrees.

His internship was served in Cleveland City Hospital, Cleveland, Ohio, in 1926 and 1927. He entered the practice of medicine in 1927 in San Antonio, staying there until 1933, two years of which time in association with Dr. W. B. Russ, widely known surgeon, and two years association with Dr. Joe Kopecky, internal medicine man and heart specialist.

In 1933 he removed to Kingsville, where he was assistant chief surgeon and later chief surgeon for the Missouri Pacific Railway, King Ranch, and A. & I. College. Dr. Harrison remained there until he was called for Army service in 1941, serving two and one half years, entering as a first lieutenant and being discharged as a major in the medical corps.

While a resident of Kingsville, Dr. Harrison in 1936 took a post graduate course in medicine and heart disease at Cook County Hospital in Chicago. In 1938 he did advanced post graduate work in heart disease at Harvard, and in 1943, while in the Army, he did post graduate work in bone surgery at Tulane Medical School and Charity Hospital, New Orleans.

After being separated from the service Dr. Harrison practiced in Waco, where he was consulting heart specialist for the Veterans Administration.

He came here from Morton after a brief stay there during which he was looking about for a permanent connection.

Snails have been known to go as long as five years without food.

Sheriff Reports Stolen Articles Recovered After Series Of Thefts

Hello, everyone:
Here we are again, but we may be a little late for this issue.

Just Monday night it looked like I wouldn't have a thing to report but early Tuesday morning we received a phone call from the Johnson-Pool B. F. Goodrich Store that someone had entered their place of business and had taken a 22 cal. pistol and a 22 cal. rifle. Mr. Boone and I started investigating at once.

Before 10 a. m. we had recovered Sam Fox' defroster and wrenches, Dave Aylesworth's hub caps and several other things that had not been reported, but so far, no gun. Then about 5 p. m. we stumbled on a lead of the guns that had disappeared about two weeks before. We immediately started checking this lead and found the gun and sure enough the numbers Mr. Johnson gave us checked with the gun. So, it wasn't long before we had a confession and were told just how the gun was taken, but still there were two more guns to go.

Wednesday, Mr. Boone and I worked all day checking every clue or bit of information we could get. Some of it seemed very good, but upon questioning the suspects they all had alibis, but it seemed someone saw some boys Monday night behind the store. So it looked like we just had to gather them all up and prove they were there. This was our intention for today, Thursday, but Wednesday night, after the Legion meeting, Mr. Johnson checked his place of business to see if everything was all right and in doing so found both guns at his back door. I guess the boys decided the guns were too hot to handle. Anyway, the merchants are satisfied and maybe the boys have learned their lesson.

We also got a phone call that there was a drunk roaming or staggering around in the east part of town Tuesday morning, of town Tuesday morning. We

1805 Pay Their Poll Tax For '49

Thirty-three Yellowjacket football players will be awarded their football jackets that they earned by lettering on the 1948 football team at their annual football banquet which is to be held Friday night at 7:30 p. m. in Fellowship Hall for the 1948 football squad.

Guest speaker for the occasion will be the widely known "Uncle Jay" of radio station KGNC of Amarillo.

The Home Economics department will be in charge of preparing and serving the luncheon.

The thirty-five lettermen who will be honored by the presentation of their football jackets are as follows:
Arlyn Kriegel, Earl Garner Marcus McCormick, Marvin Thomas, Kenneth Lovelady, Billy Jack Chastain, Bill Collins, Bobby Goss, Bill Gaede, Aubrey Heathington, Mack Ragsdale, Jimmy Clements, Earl Ladd, Vernon Thomas, E. E. Bryant, Benny Douglass, J. R. Henry, Howard Tate, Marion Waggoner, Phillip Garrett, Charles Taylor, Bill Thompson, Ted Lawler, Robert Martin, Ed Nickels, Odell Spivey, Gene Harvey, Marvin Waggoner, Bill Jeter, Weldon McCarty, Joe Bob Horsley, Woody Jackson, Preston Williams.

Of the thirty-three lettermen, there are eight who are seniors and will graduate this spring. Those that are graduating are as follows:
Weldon McCarty, Joe Bob Horsley, Woody Jackson, Preston Williams, Marcus McCormick, Mack Ragsdale, Jimmy Clements and Vernon Thomas.

More Moisture Is Received Here

Nearly a quarter inch of rain fell in the Muleshoe country Saturday and Sunday, adding to our favorable store of moisture already received in January.

Saturday's shower amounted to .15 inch, while the drizzle and heavy fog of Sunday added .06 inch, making .21 for the two days.

Visibility was reduced to about two hundred yards by the fog Sunday and travel on the highways was dangerous.

TO CLOVIS
Mrs. Roy Hogan was in Clovis shopping last week.

Pontiac Has Two "New Looks" For 1949

This is the four door deluxe Pontiac sedan in the Streamline series. Forward thrust has been gained by lowering the hood. Body contour is in the modern manner and yet unmistakably Pontiac. Added safety is compounded by reduced pillars and a curved windshield whose gleaming sweep has been increased nearly six inches. Both Pontiac Streamliner and Pontiac Chieftain lines use a 120 inch wheelbase and Hydra-Matic transmissions optional at extra cost.

Muleshoe Couple Injured In Crash

PLAINVIEW, Feb. 12—Mr. and Mrs. Frank Mason of Muleshoe were injured here Sunday when their automobile went out of control and struck a culvert on the west edge of Plainview on Highway 70.

Mrs. Mason, 70 years old, suffered a fractured shoulder, lacerations about the head and an injury to her hand. Mr. Mason's nose was broken.

The 75-year-old Muleshoe man said his car left the pavement and when he attempted to pull back to the highway he lost control in the soft shoulder. The car struck the culvert guard and stopped upright in a ditch.

AT AMARILLO CONVENTION OF HARDWARE ASSOCIATION

Muleshoe was well represented at the annual convention of the Panhandle Hardware & Implement Dealers association, held in Amarillo first of the week.

Included in the group from here at the meeting were Mr. and Mrs. Chester Anderson, of E. R. Hart company; Mr. and Mrs. A. J. Lenderson of Davis-Lenderson; Morris Douglass, Case Implement dealer; Mr. and Mrs. Earl Ladd of the Muleshoe Implement & Supply; and Mr. and Mrs. John Watson of the same company; Randolph Johnson, of Johnson-Pool Appliance; "Red" Johnson, of Johnson Furniture; Jim Cox and Jim Burkhead of Fry & Cox Bros.

1949 Fair Dates Are Announced; Tidwell Shows To Be Here For Fair

The T. J. Tidwell Shows will be in Muleshoe for a week's exhibition during the week of the annual Muleshoe Fair. The Fair association will sponsor the appearance of the carnival here.

The Fair will be held on Friday and Saturday, September 16 and 17.

Shown here are "Queenie the Elephant" and the monkey, which are part of the free show given daily by the carnival.

The T. J. Tidwell Shows, which have headquarters in Sweetwater, is one of the outstanding institutions of its kind and has been exhibiting in West Texas for many years.

The Fair Association will participate in all receipts of the carnival during its week's stay here. Last year the Fair used buildings of the vocational agriculture department of the school and it is likely the school will again make the building available, and Supt. Cunningham told The Journal the Fair can use some of the school grounds near the building, the exact part depending upon the existing stage of construction of the new high school building.

TULIA JERSEY WINS NATIONAL HONORS

COLUMBUS, Ohio—A registered Jersey cow owned by Victory Jersey Farm of Tullia, is the new 365-day National Fat and Milk Champion for senior two-year old Jersey cows. The cow is Volunteer Winsome Victory 1478431.

In making the new record she produced 15,846 pounds of milk testing 6.0 per cent butterfat. Her total fat production for the year was 951 pounds. The record was made in Class AA, which specifies that cows must calve again within 16 months after calving at the start of their record. She was 2 years and 11 months old when the record was started.

Construction Of New Legion Home Is Discussed At Meeting

Forty-seven ex-service men attended a meeting of Ben Richardson Post, American Legion, in Muleshoe last night to learn more about the Post's plans for a Legion Home. All paid their dues for the coming year.

H. S. Sanders, Sr., presided in the absence of H. S. Sanders, Jr., the commander.

Plans for the building itself and for its financing were discussed by various members. Woodie Lambert issued tickets to the members for a lot the Legion will give away in the Legion addition. Randolph Johnson, Billy Bob Case, and others explained the plans for the building.

The Journal is making preparations to run a picture of the floor plan and of the front elevation, possibly in next week's paper.

The Legion Post has around \$7,500 in its building fund now. Arrangements have been made for a loan but members saw a possibility at the meeting, that they may be able to finance the building without using much of the loan. They have a number of lots in Legion addition that they will sell and other ways were suggested to raise money.

Hugh Freeman, sheriff and a member of the Post, suggested that the Legion Home can be of great benefit in a recreational program for teen agers. Others agreed that the building will for the benefit not only of ex-service men but for the entire community.

H. S. Sanders Lumber and Charles Lenau Lumber Co. have agreed to furnish building materials at cost, Howard Cox offered at the meeting to do the wiring at cost, and other merchants probably will help along the same lines. However, no campaign for contributions will be waged, although funds "with no strings attached" offered voluntarily will be acceptable.

LICENSE TAGS MUST BE AFFIXED BY APRIL 1
Motor vehicle license tags for 1949 are now on sale in the office of Bailey County tax assessor and collector Hugh Freeman, and must be affixed to vehicles operated on April 1.

Finley Pierson last week became the first person to get a new tag in the county.

BREAKS AN ANKLE
Jack Obenhaus, farmer residing south of town, is hobbling about on crutches these days with a broken ankle. He let a trailer fall on him.

Head Football Coach J. A. Beam; Principal Owens Have Resigned

School Supt. W. C. Cunningham told The Journal today that two former members of his high school faculty have offered their resignations, effective with the close of this school year.

Coach James A. Beam tendered his resignation orally. High school principal H. A. Owens gave the school board a letter informing of his decision to resign.

Mr. Beam took over the job of coaching the Yellow Jackets football squad in the fall of 1946. In his school days he was an outstanding football performer for Hardin-Simmons U.

Coach Beam told The Journal that he has made no plans for public announcement as yet.

Mr. Owens' resignation will be particularly hard on the superintendent, since he is an able administrator and relieves Mr. Cunningham of many details of the school management. Mr. Owens also is the band director and has vastly improved the band since he came here three years ago. He told Mr. Cunningham he expected to enter the real estate business in Fort Worth.

Mr. Cunningham said replacements for these two men have hardly been considered. He said he imagined the board would do quite a bit of deliberation on such replacements, "for these are two fine men and their positions will be hard to fill."

Morris Douglass, president of the school board, had been out of town some lately and referred the journal to Mr. Cunningham, saying the board had received no official resignation from Mr. Beam.

VISITING A SISTER
Mrs. Scott Donaldson is visiting in Plainview with a sister, Mrs. Charles Vanderpool, who recently lost a son, who died following a very short illness.

Quota For Red Cross Announced

A goal of \$1,572 has been set up for Bailey County in the annual Red Cross drive for funds which begins March 1, Loyd Roberts drive chairman announced. The quota last year was \$1,793 and Bailey county people gave \$1,526.

W. R. Rollen, of the district office in Lubbock was here this week to assist in making arrangements for the drive opening. Mr. Rollen reminded that 59.5 per cent of all moneys which comes in remain in the county to carry on relief work here, 40.5 per cent of the funds going to national headquarters.

Mr. Roberts last week announced district chairmen, who will enlist workers sufficient to cover the county in one or two days.

Adams Gilt Tops At Plainview Sale

Gracious Lady 2nd, a bred gilt consigned by John Adams, Tullia, father of J. K. Adams, Bailey County farm agent, sold at the Panhandle-Plains Poland China Breeders Association sale in Plainview Tuesday for \$125 to top the sale. Sold were 21 head of bred gilts, 19 open gilts, and 8 boars. Another Adams gilt brought \$110 for the second highest purse of the sale.

Consignors to the sale included Jack Heald, of Muleshoe.

Buyers included Anthony Jesko, Muleshoe; W. H. Gammon, Friona; Frank Bozeman, Springlake; Roy Daniel, Friona; R. C. Giles, Muleshoe.

CROWS TO ATTEND A REGIONAL CHEVROLET MEET

Mr. and Mrs. A. W. Crow of C. & H. Chevrolet company will be in Dallas Friday to attend a regional meeting of Chevrolet dealers. The meeting to be held in the Baker Hotel, will feature addresses by high officials of the company from Detroit.

RETURNED FROM CALIF.
Mrs. J. E. Burkhead returned home last Friday after spending a month in Los Angeles, California with her daughter, Mildred Border.

Former Resident Dies At Morgan

Mr. M. E. Strange, 64, died last Wednesday at Morgan, Texas and funeral services were conducted in Cleburne, Texas for the deceased Friday afternoon.

Mr. Strange was a brother of Mrs. J. L. Aisup of Muleshoe and was at one time a resident of Muleshoe. He was employed at the Holland Barber Shop for a short time before he moved to Morgan for his health.

He is survived by his wife, Mrs. M. E. Strange, and Mr. M. E. Strange Jr., both of Dallas; three sisters: Mrs. J. L. Aisup of Muleshoe, who could not attend the funeral due to illness in her own family, Mrs. J. W. Edwards of Fort Worth and Mrs. W. H. Addington of Ardmore, Oklahoma and one brother, Mr. W. B. Strange of Tahoka, Texas.

Mr. Strange was a World War I veteran. Military funeral services were conducted.

SOCIALIZED MEDICINE
FUTURE MEDICAL
BUREAUCRACY

Congressional investigation has proved that chief propagandists for socialized medicine are those who conceive of themselves holding important positions in a future medical bureaucracy. Their testimony is manifestly not that of neutral observers. The crocodile tears they shed with respect to the medical treatment received by the common citizen serves to disguise from the latter that under private medicine he is the best cared for patient in the world. Essentially, the politician is insisting upon the right to act as broker between doctor and patient on the theory, apparently, that the latter is in-

competent to safeguard his own interests.

Before allowing the politician to put himself in the medical brokerage business, a few points should be summarized:

1. The right of a patient to freely select his own physician and to replace him at his pleasure, as in all other human relationships, has created an atmosphere where the self-interest of the physician requires that he deal with the patient as an individual. It is no answer to say that the patient may choose among government physicians since any doctor who derives his salary from the state is not dependent upon a patient's good will. In time, we would expect the human relationship based upon mutual self-interest to dissolve with patients, under state medicine, becoming herded sheep.

2. Socialized medicine would constitute a bureaucrat's paradise. It is estimated that 2,000,000 additional civilian employees could be loaded on the payroll. The bureaucrat delights in rules and regulations, and the jungle of conflicting directives would, undoubtedly, amaze and disgust physicians, nurses and patients alike, with the former obliged to spend a great part of each day filling in forms.

3. With free medicine, waiting rooms, as in England, would be loaded up with hypochondriacs and those with trivial ailments; expensive drugs would be prescribed where unnecessary; and superficial examinations and diagnoses would become the rule rather than the exception.

4. American medical standards, presently the highest in the world, would inevitably deteriorate. Brilliant young men, casting about for a profession, would in most instances prefer a profession which does not apply a straight jacket or ceiling on expectable earnings.

5. Socialized medicine is essentially totalitarian in outlook. Physicians are in the minority and hence their desires are ignored. The vast majority are strongly opposed to nationalizing medicine. Since the government would have the right to order a physician to locate in any community where care was deemed necessary, the doctor at the outset forfeits the citizen's privilege of selecting his place of residence.

6. If medicine may be socialized, and Communists are in the forefront of pressure groups advocating it, much lesser reasons would exist for not going ahead with the complete job of nationalizing railroads, steel, insurance companies, banks, auto manufacturers and every other phase of our individual enterprise system.

LIFE AS IT IS

The following has been contributed by a Journal reader for publication:

A man's life is full of contradictions:

He comes into the world without his consent.
He goes out of the world against his will.

The trip between is governed by the rule of contraries.

When he is little, the big girls kiss him,
When he is big, the little girls kiss him.

If he is poor, he is a bad manager.
If he is rich, he is dishonest.

If he needs credit, he can't get it.
If he is prosperous, everyone wants to do him a favor.

If he doesn't give to charity, he is a stingy cuss.
If he does, it's for show.

If he is actively religious, he is a hypocrite.
If he takes no interest in religious meetings he is a hardened sinner.

If he gives affection, he is a soft specimen.

If he cares for no one, he is cold blooded.
If he dies young, there was a future for him,
If he lives to a ripe old age, he missed his calling.
If he makes money he's a grafter,
If he doesn't he's a loafer.
If he saves money he's a tightwad.
So what's the use, after all?

The tomb of Sun Yat-sen, founder of the Chinese republic, is outside the gates of Nanking, China.

IN THE NEWS

Chevrolet's biggest newspaper advertising campaign will use 5,972 dailies and weeklies to announce new models January 22. Dwarfing Toni Banish, here's what 5,972 newspapers look like, each representing an individual publication.

Editor, The Journal,
Muleshoe, Texas

"A hello and best regards to all my old friends and school mates in Muleshoe," says Myrleen (Wimberly) Bristol, of San Bernardino, Calif., in sending in a renewal subscription to The Journal.

HERE FROM IDAHO

Mr. and Mrs. Henry Davis, of Twin Falls, Idaho, visited here last week with their son and wife, Mr. and Mrs. Val Davis.

TO SAVANNAH HOSPITAL

Mr. and Mrs. Tom L. Smith left Tuesday for Savannah, Mo., where Mr. Smith will undergo an examination at a hospital. He is county commissioner for Prec. 2.

Electric fans have a wintertime use, too. Place the fan near the fireplace, stove or radiator point it at the nearest wall or at the ceiling, and set at the slow speed. In this position, the fan will keep the warm air moving slowly through the room.

The estimated annual economic loss, resulting from arthritic diseases in the U. S., is almost twice as great as the total 1947 budget for New York State.

Undulant Fever Can Be Eradicated According To State Health Officer

AUSTIN, Feb. 16.—As a safeguard against the serious and disabling disease known as undulant fever or Malta Fever, Dr. Geo. W. Cox, State Health Officer, advises Texans to drink milk only from approved sources. Undulant fever is usually acquired by human beings as a result of consuming raw milk products from cows infected with Bang's disease.

Raw milk or milk products can be consumed with safety only when they are known to be produced by cows tested and found to be free of Bang's disease. Pasteurization, of course, will kill the germs if present.

To assist in lowering the incidence of undulant fever all dairy-men should remove cattle infected with Bang's disease from their herds as soon as the disease is discovered. Even if the milk is made safe for human consumption by pasteurization, infected cows are still a menace to health since they can transmit the disease to healthy animals and to their owner and other persons who handle them.

"Undulant fever from cattle," Dr. Cox said, "is one health hazard we can eradicate in our State through absolutely safe milk supplies from dairy herds free from Bang's disease."

"Unless a herd is known to be free from this infection, only pasteurized milk should be used so that the disease cannot be passed on to the consumer of milk and dairy products."

ROBERTS FAMILY IN REUNION FEBRUARY 13

Mr. and Mrs. M. F. Roberts visited their son and family, Mr. and Mrs. A. J. Roberts and two children in January, at Albuquerque, N. M.

Then, on Feb. 13, Mr. and Mrs. F. M. Roberts held a family reunion of all the Roberts children and one daughter of Mrs. Roberts, Mrs. Sam Clark and family. All enjoyed a pleasant day together. They played 42 and Polly Ann for games. Also present for the occasion were Mr. and Mrs. Tibbetts, Mr. and Mrs. Tommie Sullivan and family, and Tom Zera and son, Henry.

Seems everybody... everywhere... is saying
CHEVROLET
is the most Beautiful BUY of all

The most Beautiful BUY for Styling

Millions of people all across America—and undoubtedly your friends and neighbors, too—are hailing the "luxury look" of Chevrolet for '49. It's the beauty-leader, all right—inside, outside, and from every point of view! For the bodies are by Fisher—finest of all car bodies—found only on Chevrolet and higher-priced cars.

The most Beautiful BUY for Comfort

You'll enjoy a new and finer kind of comfort in this car. The perfectly relaxed comfort of "Five-Foot Seats" plus extra-generous head, leg and elbowroom. Moreover, it's a "car that breathes" for an advanced heating* and ventilating system inhales outside air and exhales stale air.

*Heater and defroster units optional at extra cost.

The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design

What a thrilling experience will be yours when you take your first ride in Chevrolet for '49! New Center-Point Design—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity and Center-Point Rear Suspension—provides driving and riding results heretofore available only to owners of more costly cars. Here is another "first" for Chevrolet—another vital contribution to low-cost motoring—another treat for Chevrolet owners! Remember—only new Center-Point Design can give these finer motoring results; and only the new Chevrolet offers Center-Point Design at lowest cost.

The most Beautiful BUY for Performance

For real thrills and thrift—for the finest balance of performance and economy—owner after owner will tell you there's nothing like a Chevrolet! Its world's champion Valve-in-Head engine—now setting a trend for high-priced cars, but remaining exclusive to Chevrolet in its field—holds all records for miles served, owners satisfied, and years tested and proved.

The most Beautiful BUY for Safety

To buy one of these brilliant new Chevrolets for '49 is to give your family fivefold safety protection found in no other low-priced car: (1) New Certified Hydraulic Brakes; (2) Extra-Strong Fisher U-Steel Body Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows; and (5) the super-steady, super-safe Unitized Action Ride.

Club Conducted Cake, Pie Show

The Muleshoe Home Demonstration club met Thursday, Feb. 10, at the home of Mrs. C. E. Briscoe with three visitors and thirteen members present. Roll call was answered by each lady giving her favorite pastry and the recipe for making it.

Mrs. Mack Hale gave the council report. There will be a training school at the Courthouse Feb. 10 on "Care of Landscape." There were reports from three visiting demonstrators and one demonstrator.

Enter, Earnest Holland gave a talk on "Foods." The club held a cake and pie show. Mrs. Kenneth Briscoe took first prize on her pie, Mrs. S. C. Caldwell second and Mrs. A. W. Copley third. Mrs. S. C. Caldwell took first on her cake. Mrs. J. E. Day second and Mrs. D. E. Beller third. Mrs. Leslie Moore was the judge.

Refreshments were served to Mesdames Jackson, Leslie Moore, Lelan Zollar, D. L. Morrison, J. E. Day, S. C. Caldwell, Kenneth Briscoe, J. T. Shofner, D. E. Beller, Tom Zimmer, D. R. Aylesworth, A. W. Copley, Mack Hale, Earnest Holland, E. E. Marrs, and the hostess, Mrs. Briscoe.

The next meeting will be Feb. 24, at the home of Mrs. J. T. Boydston. There will be a demonstration on etching aluminum. Each member is urged to be present.

Watson Club Plans Pie And Cake Show

The Watson HD Club met in the home of Mrs. Andrew Wittner, on Wednesday February 9. Mrs. Dave St. Clair brought a report of the council meeting, also a demonstration of aluminum trays was brought by Mrs. C. A. Petree. Plans were made for our cake and pie show.

Those present were: hostess Mrs. Andrew Wittner, Mrs. Neal Smith, Mrs. James Henderson, Mrs. H. Hutton, Mrs. Dave St. Clair, Mrs. A. O. Mitchell, Mrs. Roy Tunnel, Mrs. Bob St. Clair, Mrs. E. I. Campbell, Mrs. Clinton Edwards, Mrs. George Fine, and Mrs. C. A. Petree.

The hostess gift was won by Mrs. Hutton.

Refreshments of Cake and hot cocoa were served by the hostess.

RETURNED FROM TRIP
Sunday evening Mr. and Mrs. Guy Nickels and Lila B. Nickels returned from a trip to Olney, Texas, where they visited Mr. T. E. Jones and Mr. and Mrs. Doc Jones. They were also in Wichita Falls where they visited Mr. and Mrs. A. C. Lodes.

Small quantities of cobra venom have been found useful for reducing pain from various human ailments.

sent for this meeting.

Women's News - Club Events Social Activities

Mrs. Jack Epps Is Club Hostess

The Pleasant Valley Club met Feb. 9, in the home of Mrs. Jack Epps. There were 7 members and 1 visitor one new member was added.

Mrs. Epps, the president had charge of the business meetings. Plans were made for the club to have a "42" party Friday night Feb. 18th at the Pleasant Valley School house. Cherry pie and Coffee will be served.

The meeting was turned over to the program chairman, Mrs. A. J. Moffitt and Mrs. A. J. Andrews.

A number of songs were sung. After which a lovely refreshment plate of Hi-Ho crackers spread with cheese, stuffed olives, salted nuts, mints, cake, and coffee was served by Mrs. Epps.

The next meeting will be Wed. February 23rd in the home of Mrs. C. E. Lowe.

Wesleyan Guild Met In Jennings Home

The Wesleyan Service Guild met with Mrs. Olen Jennings Monday evening, February 14. The meeting was opened with prayer by Mrs. Craft. The president, Mrs. Francis Gilbreath had charge of the business. Mrs. David Anderson gave the devotional and the subject was "Peoples of Many Races Living Together". Mrs. Craft gave the program on "The Paradise of the Pacific" and "A Trip to Hawaii" in a very interesting manner showing colorful pictures.

Valentine gifts were exchanged and refreshments were served to two visitors, Mrs. Sam Damon and Mrs. R. L. Fields and the following members: Mesdames T. G. Craft, Francis Gilbreath, Fred Johnson, Curtis Spivey, David Anderson, Buford Butts, Jim Cox, and Elizabeth Harden and the hostess, Mrs. Olen Jennings.

The next meeting will be February 28, with Mrs. Buford Butts.

Lazbuddy News

By Mrs. Willie Steinbock
Mr. and Mrs. Marvin Mayfield and children, Sandra and Marvin Jr., went to visit Mrs. Mayfield's parents, Mr. and Mrs. Matt Helms of Claremont. They plan to return home Monday.

Grandma Lola Sanders, mother of Mrs. Y. B. Mayfield, returned to her daughter's home Saturday after a minor operation at the Muleshoe hospital Tuesday.

Mr. and Mrs. Chas. Huston made a business trip to Oklahoma City Friday.

Mrs. F. L. Oliver entertained Monday night in honor of her birthday February 14. Cards and dominos were enjoyed by Mr. and Mrs. Ed. Willie, and Reiny Steinbock, Mr. and Mrs. Demp Foster, Anita Steinbock, Janice and Jimmy Ray Oliver, "Grandma" Steinbock, and F. L. Oliver. Delicious fruit salad, various cakes and coffee were served.

Miss Jo Ann Pruitt was an overnight guest of Miss Fern Mayfield Thursday night.

Pink And Blue Shower Honors Mrs. Matthews

One of the nicest affairs was the pink and blue shower given at the home of Mrs. W. S. Menefee Tuesday, honoring Mrs. C. C. Matthews, Jr. Co-hostesses were Mrs. Edwards, Frances Treider, and Mrs. Payne. After several games the many lovely gifts were viewed, and delicious refreshments of punch, nuts, and squares of cake, with stork favors were enjoyed buffet style.

Domino Club Met

Mr. and Mrs. Eulan Parham entertained their domino club Friday night. An appetizing and hearty plate lunch was enjoyed by those present.

Mr. and Mrs. J. T. Mayfield and little daughter, Marcella were visiting at Moran and Anson the past week.

VISITED IN WELLINGTON
Mr. and Mrs. Tye Young spent several days in Wellington this week visiting her mother, Mrs. L. L. Lowry.

REPORTED DOING FINE
Mr. A. P. Stone who is in St. Anthony's Hospital in Lubbock is reported doing fine. He recently underwent an operation there.

Fidelis Class Met In Schuster Home

Mrs. H. E. Schuster entertained the Fidelis Sunday class of the First Baptist Church in her home Thursday, February 10, with Mrs. Bert Mathis as co-hostess.

The meeting was opened with a prayer by Mrs. Busbice and the devotional was brought by Mrs. Cecil H. Tate. During the business session reports were given by the group captains on attendance in Sunday School. Mrs. M. F. Green's group was winner for January.

A social hour followed, and refreshments were served from a Valentine table in blue and white with Mrs. Cecil Tate presiding at the silver coffee service. Twenty members attended.

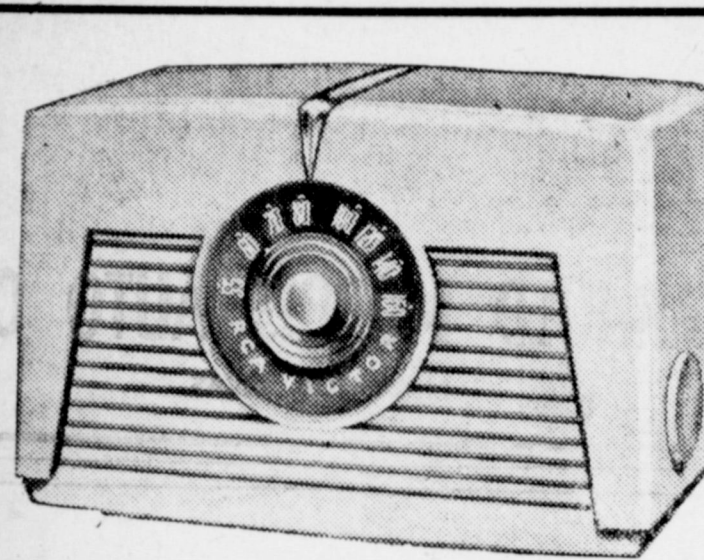

TO AMARILLO

Mrs. Buford Butts and Mrs. Delma McCarty were in Amarillo Tuesday.

Uncle Sam Says

The man in the ivy-covered house can be you. Or the couple aboard that luxury liner can be the missus and you. And that young fellow walking across the campus can be your son. All of these future rewards are possible through the regular purchase of U. S. Savings Bonds. An allotment of only \$3.75 a week will bring you \$2163.45 in just ten years. The easy way to save is through the Payroll Savings Plan where you work or, if self-employed through the Bond-a-Month Plan at your bank.

RCA Victor 8X542 in Antique ivory-finish

A new low price for an RCA Victor with the famous "Golden Throat" tone system! Ahead in style . . . powerful in performance—this new ultra-modern table radio in lustrous plastic adds color and excitement to any room. Circular dial revolves at the touch of a finger to tune in your favorite programs. Modern, smart, ultra-different! Decorative pointer and station numbers gleam like gold! Clever—easy to use. It's a delight to own . . . an exceptional "buy."

Mrs. John Watson Honored With A Bridal Shower

Mrs. John Watson, formerly Miss Elizabeth Bailey, was honored with a miscellaneous bridal shower Friday evening, February 11, at 8:00 in the home of Mrs. E. R. Hart.

Mrs. Lola Barron assisted Mrs. Hart as co-hostess and presided at the bride's book.

The dining table was centered with a bouquet of red roses with lighted tapers on each side. The gifts were arranged around the table. Mrs. Horace McAdams gave a reading, "Wives" after which Mrs. Barron directed the honoree and her mother, Mrs. J. W. Bailey, of Olton, to the gifts.

After the many lovely and useful gifts were opened and viewed by all, refreshments of lime sherbert, cookies and mints were served to forty-six guests.

Several who did not attend sent gifts. Those out-of-town guests were: Mrs. A. F. Windwehen, Mrs. D. B. Rexrode, Mrs. E. B. Thomas, Mrs. Raymond Jameson and Miss Mozelle Windwehen all relatives of Mrs. Watson from Plainview, and Mrs. C. E. Harris from Sudan. The local ladies who attended were: Misses Helen Jones, Elizabeth Harden, and Ellen Goodson and Mesdames Walter Witte, Byron Griffiths, H. O. Barbour, W. B. Harlan, Ross Glaze, E. E. Dyer, Howard Cox, R. L. Dillard, Lila Pence, Bill Moore, J. J. DeShazo, Robert L. Jones, A. J. Gardner, Earl Ladd, Horace McAdams, F. E. Pierson, J. Clyde Taylor, A. W. Blaine, W. B. McAdams, W. C. Cunningham, H. A. Owens, H. L. Ivy, Radie Boone, H. C. Holt, Irvin St. Clair, Clyde Bray, Sr., W. E. Wagnon, Tye Young, M. F. Green, C. M. McMath, J. L. Taylor, and Mrs. Roland Bigham.

Firms Donate Baseball Suits

Baseball suits for the Muleshoe baseball club have been donated by merchants of Muleshoe as follows:
Lambert Plumbing & Heating, Gulf Oil Corp., C. W. Goss Auto Co., Pat R. Bobo, S. E. Cone Grain Co., Davis-Lenderson, Sam E. Fox, Muleshoe Motor Co., Muleshoe Liquefied Gas Co., Malone Milk Co., Piggly Wiggly, Arnold Morris Auto Co., Muleshoe Elevator Co., Johnson & Pool, Weidubush & Childers, Western Drug, Fry & Cox Bros.

In addition the following firms have contributed money to the operation of the club: Johnson & Nix, \$10; H. S. Sanders Lumber, \$5; Covin Motor Co., \$5.

During 1948, the Houston Bank for Cooperatives lent more than 28 million dollars to 173 farmers' cooperatives associations in Texas, serving more than 114 thousand and ranch families.

Slants From The Sidelines . . .

By W. E. Hill

A new mentor will take over the football coaching job here next year. Coach Beam handed in his resignation a few days ago to the local school board and the job is now wide open.

Coach Beam has done a magnificent job while coaching here and should be commended for the fine job he has done. It is true that he has not had a district championship team, but he has put some winning teams on the field. His teams have always been taught sportsmanship as well as the art of playing football.

It must be remembered that he started from scratch when he took over the coaching job here. There was no stadium in which his boys could perform and there were very few spectators out to watch them perform.

His resignation comes just at the climax of a great job well done as his successor, whoever he may be, will find Muleshoe with the best prospects for a championship ball club that it has ever had.

So far the school board has only talked to one other man concerning the job and "according to information given to The Journal," there wasn't any kind of an agreement reached between him and the school board.

However, we hope that Coach Beam's successor will be a well-qualified man who can step in and make as much progress as Coach Beam has made since he has been here.

The boxing matches that were scheduled to be held here were called off, but the Lions Club is going to sponsor some fights in the near future, possibly in the first part of March.

Track and field events will be moving into the spotlight in the near future as well as baseball. The local high school has about seventy-four boys out for track and boxing. Some of the boys are coming out just to stay in training for basketball and football. However no kind of football equipment can be used in this training.

Local baseball enthusiasts are still making plans for the coming baseball season. A new site for a field has to be found as well as many other details that have to be worked out before the season arrives.

The local Independent basketball teams still have several games to be reeled off in the near future, some of them being home games. This will give the local fans a better opportunity to see these teams in action against some of the best independent teams in this section of the country.

We noted that a Lubbock Sports columnist was pretty burned up about some of the boys who won

MULESHOE JOURNAL SPORTS

THE MULESHOE JOURNAL, Thursday, February 17, 1949

1949 Football Schedule Complete

The football schedule for the season of 1949 has been announced by the local school authorities for publication.

There will be four home games and five away from home games with all the games scheduled for night except the November 11 game.

The Jackets will play the same schedule as the one played last season with the exception of one game. Olton has been dropped and Portales, N. M. has been added. This change in the schedule will make the season's non-conference games a little tougher and possibly a little more experience will be gained by the local football boys by adding a stronger opponent to the schedule.

The schedule
Sept. 9—Springlake, there.
September 16—Portales there
Sept. 23—Slaton here
Sept. 30—Sudan here
Oct. 7—Seagraves there
Oct. 14—Littlefield here.
Oct. 21—Sundown there
Oct. 28—Open
Nov. 4—Levelland there
November 11—Morton here.
* Conference games.

their bouts at Lubbock who did not go on to Fort Worth as well as towns sending some boxers to the Amarillo district and some to the Lubbock district.

It seems to us that any boy who can qualify to fight in the Golden Gloves should at least be free to fight anywhere he wishes to. What difference does it make? If he's good enough he will eventually wind up in Chicago anyway.

JayCees To Play Springlake Here Next Monday Night

The two local Independent fives are playing ball tonight but both games are out of town.

The American Legion five are going to Bula tonight for a league encounter there.

The JayCees are going down to Littlefield where they will meet the Littlefield five in a league encounter.

Next Monday night the JayCees will meet the strong Springlake five on the local floor of the high school gym in a League encounter.

The game scheduled here last Thursday night between the Jay-

Cees and the Legion five was postponed and will be played at a later date.

Last Monday night the mighty Legion five fell before a hard-playing bunch from Littlefield by a score of 56 to 48.

This was the first loss of the season in league play by the Legion five and they fell to one of the weaker teams in the league.

The second round of league play was due to have been played

in the Muleshoe high school gym, but some of the teams are rumored to have tired of the long season and are ready to call the games to a halt for this season. However it may be decided to continue and finish out the schedule.

Economists of the USDA figure that folks now eat only 118 pounds of potatoes per person per year compared with 195 pounds per person 35 or 40 years ago.

English People Are Still Living On Meager Rations According To Letter

ABILENE, Feb. 16.—A picture of the actual conditions under which the people of England still exist recently by members of the McMurry College Chapter of the Future Teachers of America. The letter was from a teacher to whom a package of foodstuffs was sent earlier by the group.

"I was thrilled," wrote the recipient, to find four pounds of sugar, as our ration is only eight ounces per head per week. I also appreciated the cheese and raisins, both still in very short supply. The rice, too, was a boon, as we had seen none for at least two years. My sister, who is a semi-invalid enjoys a rice pudding even if we have to make it with milk out of a tin. Shortening and soap, too, are much appreciated as they are still in very short supply.

"Not being very fond of meat, shortage of milk, butter, cheese, eggs, and fruit and sweet things over such a long period as eight years have been a great deprivation."

"I am nearing the end of my teaching career, and am at present teaching in a primary school where need for teachers is acute. Like most London teachers, I have about an hour's journey both morning and evening. Southgate, where I live, although in London Postal area is some miles outside the County of London."

This project, by the McMurry Chapter of the Future Teachers of America, came about through the efforts of Mrs. Anna Bonds Odell, associate professor of education at McMurry College. She is a member of the Delta Kappa Gamma, organization for women teachers, which corresponds with teachers from different parts of the world.

Mrs. Odell chose to write to Miss E. M. Upton of Southgate, North 14, London, England. The McMurry professor is co-sponsor of the F.T.A. chapter, and after she talked to the local group about the English teacher they decided to send her the package.

Included in the package were shortening, ready mixes, dried fruit, cheese, soap, rice, sugar, and macaroni, which are much needed.

Social Security Man Here Feb. 24

Elliot W. Adams, Social Security Administration Representative will be in Muleshoe at 9:00 a.m. at the Post Office on February 24, 1949 for the purpose of answering any questions you may have on social security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for social security account number cards.

To make sure that every employee and his family receive all the insurance to which they may become entitled, employers should report all wages to the government under the name and account number of each employee as shown on the worker's social security card.

CARD OF THANKS

We want to try to express our appreciation to our friends for their thoughtfulness, help and sympathy extended to us during our hours of grief and loss of our daddy and companion. May the Lord bless each of you in our prayer.

Mrs. J. J. Meason and Children.

SENIOR DAY CHOSEN

ABILENE, Feb. 16—April 22 has been chosen as "Senior Day" for McMurry college graduates. On that day, recognition to the graduates will be given by the students in an assembly program.

VISITED IN BIG SPRINGS

Mr. and Mrs. Pete Jenkins spent the weekend in Big Springs visiting his sister, Mrs. Charles Gregg.

Shrews, which are mice-like but not rodents, will die if they go without food even a few hours.

ed articles in England today. The McMurry chapter is planning to send Miss Upton another gift in the near future.

Try A Journal Want Ad.

American dairy farmers have learned that some discontented cows, like some discontented women, can be expensive as well as unpleasant.

Most of the cow's troubles can be traced to heat and humidity. A cow, unlike a human being, can perspire only through the mouth. So when the temperature and humidity inside a barn get high, the animal becomes uncomfortable and stubborn—particularly at milking time.

The U. S. department of agriculture says an average cow gives off almost a pint of water every hour through breathing. In addition to the high humidity caused by this breathing, a cow has an extremely high body temperature.

During the winter months when the cows are in the barn most of the time, this combination results in the generation of an enormous amount of water vapor and heat. When the warm, moisture-laden heat comes into contact with the cold walls, condensation and frost is formed.

The net result to the farmers is rotting beams, joist and siding; a loss of hay because of the mold created by moisture and frost; milk contamination, disease, particularly among the young stock; reduction of milk production because of the discomfort to cows, and farmers are forced to work under unpleasant conditions.

Superphosphate Held Best For Sugar Beet Fertility

Ordinary superphosphate is the best source of phosphate when used as a fertilizer for sugar beets, wheat and barley, according to Dr. Sterling R. Olsen, USDA soil scientist and Robert Gardner, agronomist at the Colorado A&M college experiment station.

Experiments on various fertilizers containing radioactive phosphorus, indicate that calcium metaphosphate was a close second.

WAX and WINTER

Young fry love to wax their winter sports equipment when they find how much better they look—longer.

Cream wax is especially good for white or light colored woodwork.

When Shakespeare wrote "Now in the winter of our discontent" in Richard III, we have a hunch he was referring to this time of year, when the snow's no longer fresh—or fun—and when nature seems to contrive to make lots of housecleaning chores harder. But there's one thing you can do to help the situation—start waxing. Yes, wax can and should play a big part in your winter activities. After finishing with the obvious things—floors, woodwork and furniture—if you'll look around you'll find lots of surfaces that can be greatly helped by a coat of wax.

First, windowsills. Wax works wonders in helping to protect your sill from snow or sleet drifting in.

when your windows are open at night. And wax makes windows open and close more easily. Then take lamps. You use them more in winter—so remember that parchment shades are benefited by wax. Likewise your radio, phonograph, and piano. Rub wax on the snow shovel so snow won't cake on it. Remind the sports addicts in your household that skis and sleds look and keep better if well waxed. You'll be at your desk more until the days really get longer, so wax up the leather desk set, picture frames and leather covered books on your shelves. Andirons and implements at your fireplace can be spruced up with wax. Likewise radiator covers, brass or copper—so wax 'em!

Dates For Summer Sessions Are Set

ABILENE, Feb. 16.—June 13, has been set as the opening date for the first summer session at McMurry College, Dean W. B. McDaniel, director of the summer sessions, has announced. The six week's term, during which a student may earn six hours of credit, closes on July 22. A second term, carrying an equivalent amount of credit, will run from July 25 to September 2.

The courses offered, the dean pointed out, will be dependent largely upon demand, and prospective summer school students are asked to write or talk to him regarding their program. In general, all courses required for the regular session will be offered during the two summer terms, he said.

When the Germans took Tsingtao, China, in 1898, they built the first motor roads in that country to recreation areas near the city.

Production of broiler chickens in the south Atlantic region is now five times as large as it was in the period 1935-39.

Texas 4-H Clubs Are All Set For The 1949 National Garden Program

More than 4,700 Texas 4-H Club boys and girls who pledged their "hands to larger service" last year are expected again to enroll in 1949 National 4-H Garden program. Announcement of this state's acceptance of the program has been made by the National Committee on Boys and Girls Club Work. The activity is conducted under the direction of the Cooperative Extension Service.

Last year nearly 375,000 4-H Club members ranging in age from 10 to 21 years planted and tended approximately 80,000 acres of garden, according to reports of State Club leaders. Born of wartime necessity, the National 4-H Garden contest was first launched in 1942. Peacetime has not lessened the incentive to produce, because 4-H'ers continue to raise a large variety of fruits and vegetables which keeps the home table supplied and reduces the family outlay for food.

Records are kept of costs, progress and money returns as part of the 4-H requirements. County

Extension agents and local Club leaders organize and encourage the youth to learn how to care for and manage a well-planned garden, carry out a program of disease control, and market surplus produce. In an effort to "make the best better," products are exhibited at county, district and state fairs, as well as in community competition.

Each 4-H Club member enrolled in the garden program has an opportunity to win one of four county medal awards provided by Allis-Chalmers. Also a state award of an all-expense trip to the 1949 National Club Congress in Chicago, and a chance to become a candidate for one of eight \$300 scholarships.

After the death of Britain's King Edward VII, his little wire hair terrier, Caesar, was allowed to march with the king's favorite horse directly behind the gun carriage bearing the dead monarch.

Moine one-way plow. Largest model Montgomery Ward feed mill. Carol M. Jones, Y. L. Community. 8-tfc.

FOR RENT—Nice 4 room apartment, furnished. See Eddie Lane. 8-1tp.

New Hay Chopper

This combination hay chopper and ensilage cutter, which can be operated by one man, has been introduced by the New Holland Machine company. The new machine feeds, cuts to desired length and blows corn, hay or other crops to mow or silo in one operation. Cutting in lengths ranging from 3-18" to 1 1/2", the chopper cutter can handle up to 20 tons of silage an hour.

There were more than 20 thousand women enrolled as demonstrators who improved their own home lawns. Of this number, over 1,300 gave demonstrations and assisted in conducting training sessions for their clubs. The leaders assisted in making 34 study tours to Experiment Substations, and they opened their own homes and helped conduct 351 Achievement Day Tours to see neighbors' accomplishments.

Sadie Hatfield, extension landscape gardening specialist of Texas A. & M. College, says in her annual report that 65 tours were also made to homes of garden club members. Control of insects and plant diseases were among the landscaping programs conducted. Other accomplishments for the year included teaching their neighbors how to prune trees and shrubs, build barbecue pits and outdoor living room furniture, and arrange flowers.

Alfalfa Growers

Have You Considered That:

1. Alfalfa is one of the heaviest users of potash. To grow 3 tons of alfalfa you use 35 lbs. of phosphate and 135 lbs. of potash.
2. We consider cotton a heavy potash user, yet to produce 1 bale we use 25 lbs. phosphate and only 50 lbs. potash.
3. Under irrigation, the high solubility of potash makes it the most leachable element.
4. Though we consider our soils high in potash, soil maps from our state college show the sand hills and neighboring grey soils LOW in potash.

We are not agents for some phosphate Company. We are in the fertilizer mixing business and believe a balanced feeding of plants will pay dividends.

NO NOISE IS GOOD NEWS

AFTER 20,000 miles or more of hard driving, even the best clutch needs a going over to keep it smooth. Worn facings or facings that are loose on the face plate can make a clutch chatter like a school-girl.

If miles and miles of service have made your Buick's clutch too "talkative," we'll bring it back to new-car dependability and quietness with Buick methods and Buick factory-engineered parts.

Whatever work we do on your car, you can count on us for real Buick service and factory-engineered Buick parts. That's the combination that keeps your Buick always a Buick.

March 4th Set As Date For WTSC Annual Plains Personality Pageant

CANYON, Feb. 15.—West Texas State College will hold its second annual Plains Personality Pageant on the campus March 4. Crowning of the college Personality King and Queen is the climaxing occasion with princes and princesses of the court coming from area high schools and junior colleges.

Last year 26 schools sent participants in the spectacular event and more are expected this year as it was scheduled earlier. Tentative entertainment plans call for a play in the Branding Iron Theater, Variety Show and a tea. The Pageant will be held at night in Burton Gymnasium.

All expenses for the delegates will be paid plus an overnight stay on the campus, announced George Black, Student Senate president, sponsor of the event.

Schools invited to send members of the Coronation Court are: Amarillo, Borger, Brownfield, Canadian, Canyon, Childress, Clarendon, Crosbyton, Claude, Dalhart, Dimmitt, Dumas, Friona, Floydada, Happy, Hereford, Lefors, Levelland, Littlefield, Lockney, Matador, McLean, Memphis, Muleshoe, Olton, Paducah, Perryton, Phillips, Plainview, Quanah, Quitaque, Seminole, Shamrock, Silverton, Spearman, Spur, Stratford, Sudan, Tulia, Turkey, Vernon, Wellington, Wheeler, White Deer and West Texas High.

Amarillo, Clarendon and Frank Phillips Junior Colleges have also been invited.

SPEAKS AT ASSEMBLY

CANYON, Feb. 14.—Dr. James P. Cornette, president of West Texas State College, spoke to students of Wayland College in Plainview in an assembly address last week.

Outstanding Poet Visiting On WTSC Campus This Week

CANYON, Feb. 14.—Robert P. Tristram Coffin, mustached father of four and one of America's outstanding contemporary writers, will spend next week on the campus of West Texas State College. His jam-packed schedule of appearances here and in Amarillo are open to the public and are free of charge.

The New England poet is the author of such books as "Strange Holiness," "Maine Ballads," "Lost Paradise" (which he considers his best work) and "New Poetry of New England."

He will arrive Tuesday, February 15, and remain here through Saturday, February 19. Tuesday morning he will be escorted around the campus and meet the faculty. At noon he will speak to the Canyon Rotary Club. His evening lecture will be in the Amarillo College auditorium.

Wednesday morning Coffin will make informal talks to classes of English and Speech students from 9 to 11 o'clock in the Speech Building. He will be guest of honor at an informal luncheon at noon in the College Cafeteria. English and Speech teachers and majors will attend this luncheon. At 3:30 Wednesday afternoon he will lecture in the Speech Building auditorium and again appear at

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN — Illustrated, the new "Magic hostess," the outstanding sensation of the Grand Rapids Furniture Market in January. Made by the Park Furniture Company, the piece is the answer to the problem of space saving utility in small apartments or homes. Closed, it is a handsome highboy—open it becomes a dining table or spacious desk with plenty of drawer and display space for every need. Available in rich cherry, mahogany or antique finish, this superbly crafted piece will be a decorative and useful addition to every home.

AMARILLO COLLEGE IN THE EVENING

At 11 o'clock Thursday morning, the author will speak to students and faculty at the regular morning assembly followed by a Lions Club appearance at noon. His main lecture of interest to the public will be given that night at 7:30 in the Administration Building auditorium.

Canyon high school students will hear Coffin Friday morning at 11 o'clock and he will be guest of high school English and Speech teachers at a luncheon. Visiting English and Speech teachers will be special guests Friday night when he lectures in the Administration Building auditorium at 7:30 o'clock.

His final appearance will be Saturday morning at 10:30 when he lectures to English teachers of District IX of the Texas State Teachers Association.

STAAS BUYS 80-ACRE FARM NEAR MULESHOE

Wm. Staas, formerly of Lamesa, has bought the F. H. Dawkins farm, located about four miles north of Muleshoe on the Friona highway.

It is an irrigated place. The Staas family consist of Mr. and Mrs. Staas and their young daughter, Margie, who enrolled in the eighth grade at Muleshoe school Monday morning of this week. The family moved here last week.

COLLEGE STUDENTS WERE HOME

Eugene Broyles, David Weyer, Don Micky Sanders, and Homer Paul were home from college at Canyon over the weekend.

Arnold Morris Auto Company To Show New Dodge At Open House February 25

Arnold Morris of the Arnold Morris Auto Co. has returned from Oklahoma City where he attended a dealer preview of the completely new-styled Dodge cars, the first models of which will be publicly displayed in his dealership on Friday, February 25. Mr. Morris was accompanied by Mrs. Morris.

Mr. Morris said that although detailed information of the appearance and many engineering and mechanical improvements introduced in the new Dodge could not be revealed prior to the public showing, there are certain general facts concerning the comfort-engineering story behind the new Dodge styling that can be disclosed at this time.

"The primary considerations that influenced the design of the new Dodge were Army statistics which showed that the G. I.'s of World War II were taller, bigger, and more active than their predecessors of World War I," Mr. Morris said. "As a result, it was apparent that more passenger room, not less, was required in the modern automobile to comfortably accommodate our physically larger generation."

Mr. Morris pointed out that the challenge to Dodge engineers was to design a car with more interior space and still reduce exterior dimensions to eliminate difficulties of handling in traffic, parking, and garaging.

To learn how Dodge succeeded this challenge and at the same time produced a car with an entirely new and distinctive styling, The Arnold Morris Auto Co. cordially invites everybody to their gala open house on February 25.

Gold Medal Award FASHION ACADEMY OF NEW YORK SELECTS

The '49 Ford

AS THE "FASHION CAR OF THE YEAR"

Citation "The 1949 Ford embodies all the essential qualities of good taste, modern design and subtle harmony in line and color. It is indeed a

compliment to the style-conscious woman who will recognize and appreciate the flattering background it provides for her best dressed appearance."

Erin Moran Johnston
President, The Fashion Academy of New York

And "looks" are only half the story!

The Fashion Academy of New York has been noted for the past 20 years for its annual selection of "America's best dressed women." The '49 Ford was chosen to receive the Fashion Academy Gold Medal after 1949 automobile models of all makes and in all price classes had been carefully studied from the standpoint of excellence in design, simplicity and feminine style appeal. This recognition of Ford leadership in the modern trend of automobile design stands as a unique tribute to the work of Ford's Styling Department and of Design Consultant George Walker of Detroit.

Farm Topics

Improvement of Land Cuts Production Cost

Margin Between Return, Expenses Is Narrowing

The production costs now bite deeper into farm profits emphasize the need for farmers to get their land in shape to produce more bushels at lower unit costs per acre, the Middle West Soil Improvement Committee points out.

The margin between what a farmer gets for his crops and what it costs him to produce them is narrowing steadily. Commodities used

In farm production have more than doubled in price since 1939. Prices of grain and field crops have declined steadily since early 1948.

The committee declared that "greater crop producing efficiency is the answer to lower farm prices and higher production costs."

Crop production can be increased by "put back" soil management methods and "holding" operations. "Put back" methods include rebuilding the soil's organic matter supply by growing deep-rooted legumes in the rotation. They include replacing phosphate and potash drained off by constant row cropping. They also include putting all barnyard manure back on the soil and plowing under corn stalks, straw and other left-overs.

"Holding" operations can include contouring, grass waterways and terracing where necessary.

BAILEY CO. ABSTRACT

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN — Part of the Hekman Furniture Company's showing at the January Furniture Market in Grand Rapids — the illustrated tables exemplify the fine workmanship and skillful execution of magnificent wood for which Grand Rapids furniture is famous. All mahogany—both cocktail table and library step tables have hand padded leather tops, beautifully tooled in gold. Step tables are charming as end tables—two drawers holding living room accessories—special shelf for books. Half round console commode forms a decorative wall setting behind love seat.

FOOD... through the ages...

FISH-EATING SOARED IN 1880'S, WHEN GERMAN SCIENTIST MOLESCHOTT FOUND FISH CONTAINED PHOSPHOROUS, ALSO ABUNDANT IN HUMAN BRAIN.

GREATEST LOVE FEAST, LASTING 25 DAYS, WAS GIVEN BY ENGLAND'S EDWARD III, TO LURE A LADY FROM HER HUSBAND, BUT THE LADY REMAINED AT HOME!

IN NORTHERN EUROPE, THE FIRST TRADE UNIONS OF BURGHERS AND HANDICRAFTSMEN AROSE IN THE BREWING INDUSTRY.

FAMOUS FRENCH EPICURE, BRILLAT-SAVARIN (1755-1826), WAS ONCE THRILLED BY A CONNECTICUT FARM DINNER OF MUTTON, VEGETABLES AND CIDER.

French Thank You Train Leaves Chicago; Texas Car Is To Reach Austin This Week

Six railroad cars of the French "Merci" train, containing gifts from the people of France, will leave Chicago enroute to the state capitals of Missouri, Kansas, Oklahoma, Texas, New Mexico and Arizona, over the Santa Fe railroad early on the morning of February 12. These are a part of the 49 cars of gifts sent to America as an expression of gratitude by the French people for the Friendship Trains of food sent to France last year.

Sante Fe officials handling the free movement of the "Merci" cargo, over their lines said local committees along the route and in the state capitals are making plans for ceremonies receiving the cargo, similar to those held when the Friendship cargoes were dispatched to hungry France.

Richard M. Long, managing editor of the Wichita, Kans., EAGLE, will act as master of ceremonies on the train leaving Chicago.

Frank Carlson, Governor of Kansas, and Drew Pearson, Friendship Train originator and famed columnist, will join the train at Kansas City and accompany it to Wichita, Kansas.

At Wichita a ceremony involving all the six Southwestern cars except Missouri, will be held. It was at Wichita that the cargo from the Southwest destined to France was consolidated into one Friendship train and its departure for Chicago enroute to France was marked with ceremonies attended by Pearson and other important leaders in the movement.

After the Wichita ceremony, the individual cars for Kansas, Oklahoma, Texas, New Mexico, and Arizona will move in individual Santa Fe trains to the capitals for

WORKERS CONFERENCE TO BE AT FIELDTON

A workers conference of the West Plains Baptist association will be held with the First Baptist church of Fieldton Friday, February 25. The program has been announced as follows:

Theme: Sin.

10:10 Song and Praise Service.

10:15 The Origin of Sin by E. R. Ingram.

10:40 What Happens to Sin in Justification by J. E. Moore.

11:05 What Happens to Sin in Sanctification by Burl Henderson.

11:30 What Happens to Sin in Glorification by Lee Hemphill.

12:00 Lunch Served by Host Church.

1:30 W. M. U. and Executive Board Meetings.

2:15 Sermon by A. W. Blaine.

Record food crops during 1948 have increased food supplies and improved the world food outlook. No slackening of consumer demand for food is in sight, unless the number on the pay check drops sharply this year.

For a control of clothes moths, spray the entire surface of all closet walls, particularly around the baseboards and edge of the floor, at three-month intervals. Use 5 percent DDT in a stainless kerosene solvent.

Nanking, China had 300,000 inhabitants in 1928, but had grown to more than a million in 1937.

Further ceremonies. The Texas car will be delivered to the Katy at Dallas for hauling to Austin.

IF YOU WANT A FARM YOU HAD BETTER GET IT NOW

When farming operations start it will go off the market, here are a few good ones:

- 354 A., 270 in cult, good 5 Rm. house and plenty sheds and the like, rented for this year, 1 mi. from pavement, cheap at \$35 A.
- 160 A. all in cult, 3 miles from town, \$65.00 A.
- 160 A. all in cult, good red land, no imp., irrig. belt, nicely located, \$75 per A.
- 160 A., 145 in cult, good large four room house other out buildings, north of Progress, \$65.00.
- 160 A. all in cult., level, clean, good tight red land, Okla. Lane Dist., \$85.00 A.

- 320 A., 165 A. in cult, 2 yrs., clean, in irrig. belt, well and mill, corrals, bal. grass, \$58.00.
- 640 A. at \$50 per A., the best proposition in Bailey Co. Let us tell you about it.
- 80 A. all in cult., good land, level, \$90.00.
- 80 A. all in cult., 30 A. alfalfa, good imp., good land, \$14,000 gets it.
- 45 A. good land, 18 A. alfalfa, two room tile house, irrig. well, water well, \$200 A.
- Good three rooms and bath apartment, on pavement, for rent, south Hospital.
- We have several good houses and lots for sale, let us show you them, and stop throwing your money away.

Birthday Dinner For Mrs. Elliott

Mrs. Howard Elliott was given a surprise birthday dinner last Friday evening, February 11, by her daughters, Roberta and Quinel assisted by their grandmother, Mrs. Neil Rockey, in the private dining room of the Cross Roads Cafe.

The Valentine theme was carried out in the place cards, and the lovely heart shape birthday cake, baked by the Muleshoe Bakery, with "Happy Birthday Mother" inscribed on the top of the cake.

A delicious dinner was served to the following: Mr. and Mrs. Glenn Rockey, O'Neil Rockey, Miss Evelyn Autry, Howard Elliott, the hostesses and the honoree, Mrs. Imogene Jarrett and Mrs. Louise Robinson assisted with the serving.

Methodist Primary Pupils Held Party

Monday afternoon, February 14, Mesdames A. W. Copley and O. C. Kirk entertained the Primary Class of the First Methodist Church with a Valentine party in the annex.

The Valentine motif was carried out in decorations and refreshments.

Those present were Pat Childers, Max King, Bob Jennings, Larry Kirk, Mike Barron, Doris Jean Childers, Kay Lenderson, Nell Moore, Jera Lynn Wilhite, Roberta Elliott, and Barbara Roberts.

SAW COLDEST WEATHER

Mr. and Mrs. L. D. Jones have just returned from the Corpus Christi neighborhood, where they have spent several months to get away from the rigorous Plains winter. They were surprised to see bitter cold there during January when the coldest temperature in fifty years hit. Mr. Jones says waters of the Gulf of Mexico froze out to a distance of some 50 feet.

VISIT IN ABILENE

Mr. and Mrs. Paul Gardner and June Wagnon spent the weekend in Abilene visiting friends.

ATTENDED MEETING

Jim Burkhead and Jim Cox spent Monday and Tuesday in Amarillo where they attended a Hardware and Implement meeting.

VISITED IN LENAUE HOME

Mrs. L. D. Wright and Mrs. Kenneth Pharr and children all of Lubbock visited Mrs. Charles Lenau and family this week.

New Farm Bath Unit Comes All 'Packaged' Setup May Be Attached To Existing Dwelling

An Indiana manufacturing firm has announced the introduction of a novel, factory-built bathroom to be known as Ad-a-Bath. Representing an entirely new approach to home modernization, the bath is constructed in one complete "package" for attachment to existing dwellings.

Built as a self-contained unit, the bath utilizes conventional materials and equipment, and includes all necessary fixtures and fittings for immediate installation and immediate use. It is shipped fully equipped for addition to a farm, lake cottage or suburban home. Since it is added to the exterior, there is no sacrifice of space or change of interior arrangement of the house to which it is attached.

The setup is complete in every respect with tub, lavatory, stool and tank, electric heater and built-in medicine and linen cabinets. It is of frame construction with plywood interior. Walls and floors are heavily insulated and the floor is linoleum covered.

Since the unit qualifies for FHA financing, a home owner is required only to make a 10 per cent down payment, paying the balance in convenient monthly installments through his local bank.

VISITED HERE

Mrs. Ray Waggoner of Amarillo spent several days with Mrs. W. C. Bucy and Mrs. I. P. Melendy.

There are few Americans who cannot get a thrill out of watching crops or flowering plants grow. And by the same token there are few who cannot feel the satisfaction of planting their money where it will grow. Invest in U. S. Savings Bonds and your money will grow, producing \$4 for every \$5 put into these bonds. Your country needs your money and you will need money to do the things you dream of today. If you are a wage earner see to it that your name is included with those already enrolled for the payroll savings plan.

On an ordinary ruler, how many quarter-inch marks are there in 1 inch? You have 5 seconds to answer.

Natural gas pipelines in the United States now total approximately 220,000 miles, as against about 141,000 for oil pipelines.

DODGE TO INTRODUCE NEW KIND OF CAR BUILT FOR TODAY'S BIGGER TALLER AMERICANS

Daring New Dodge establishes new trend... provides more head room, elbow room and leg room, at the same time decreasing outside dimensions. Extreme lines, uncomfortable seats and cramped interiors have no place in Dodge thinking.

Army statistics revealed that the G.I.'s of World War II averaged 1 1/2" taller than the Doughboys of World War I. The same statistics showed they were also heavier and more active.

DODGE SAID "NO" TO THIS... repairing dents or iron fenders is sure to be costly when fenders are formed right into great masses of sheet metal. Now look below and see why Dodge owners don't have this worry.

DOWN GO REPAIR COSTS! No costly-to-repair, massive sheet metal fender sections in new Dodge. Fender unit is bolted (not welded) to body; easily removed, repaired and even replaced, if necessary, at reasonable cost.

"BODY-CRAMPING ROOF LINES MUST GO," said Dodge! Army physical exams revealed that our wartime generation was bigger, taller, and more active. A car with more interior space—not less—is the goal Dodge engineers achieved.

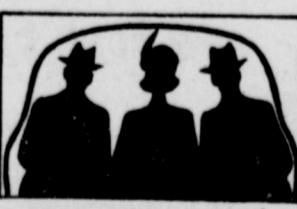

DODGE STARTED WITH A SPACIOUS INTERIOR—and practically built the rest of the car around it! Here is room to "room around in"—plenty of room to let the human body take positions that are natural and therefore comfortable.

TIRING? YES! Doctors agree that people can't go for long periods "sitting on their spines" without becoming tired, irritable. Dodge did something about this, too!

AH-HI RELAXING! Dodge "knee level" seats, shown above, put the entire body in a natural position... with full leg support for restful, all-day comfort.

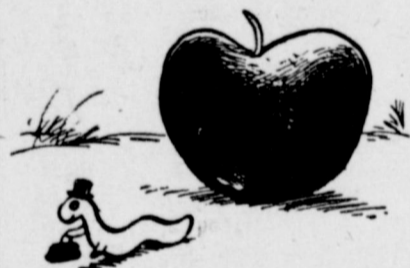

"NECK-CRICKING" CONTOURS ARE ALREADY OLD-FASHIONED," says Dodge. How can today's bigger, taller Americans be comfortable in a car where it's even hard to lean back or sit up straight?

DODGE ROOMINESS IS ROOM ALL AROUND... The new Dodge, shorter, narrower and lower, gives you more elbow room... leg room... head room... that today's bigger Americans will WELCOME!

Fewer Wormy Apples

Faithful adherents of the "apple a day" maxim, if they can think back to war experience, will realize that nowadays they are not nearly so likely as they used to be to find a worm, or half a worm, in their apple. Also, says the U. S. department of agriculture, the "spray residue" problem is not nearly so troublesome as it was.

The apple worm—or codling moth—problem appears to be on its way out as a major concern in apple growing. DDT has proved an effective spray. In fact, in some isolated orchards that do not draw moths from unsprayed or poorly sprayed trees nearby, a good early spray program with DDT may so reduce codling moths that there is no need to spray against a second brood.

But DDT has not proved a full solution to the apple insect problems. It does not make a clean sweep of all the pests. Thus DDT sprays permit a buildup of some pests that it does not control—the apple mites, for instance. The problem shifts, but a problem remains. The mites do not cause wormy apples, but the apples are smaller and of a poorer color.

However, the new insecticide parathion is making an impressive showing against nearly all the apple pests. Federal entomologists say that it can not yet be recommended for general use, that considerable more controlled and expert testing is needed. This is because the insecticide is an extremely poisonous material and may hold public health hazards.

Tillage May Be Used in Controlling Grasshoppers

Farmers can use tillage as an aid in controlling such troublesome insects as grasshoppers, crickets and wheatstem sawfly, according to Dr. J. A. Munro, entomologist of the NDAC agricultural experiment station.

The eggs of grasshoppers and crickets are laid during late summer and remain in the soil until spring when they hatch and the insects emerge.

Do You Want Dictatorship Over Public Health In Texas?

No one likes dictatorship or monopoly.

But that is exactly what the State Medical Association is trying to establish in Austin at our State Capitol.

It would be a dictatorship over public health more absolute than anything conceived by Hitler or Mussolini.

The bill that would bring about this dictatorship is Senate Bill 63, the so-called Basic Science Bill.

It would give the State Medical Association a death grip on the healing arts.

If this bill passes you will no longer be able to go to a chiropractor in Texas, or to a naturopath, because there would be none. Eventually, it is possible you would be unable to go to any type of doctor, except a member of the State Medical Association—the dictatorship would be that strong.

You wouldn't think this could happen in Texas. But it will unless you EXPRESS YOUR OPPOSITION TO S. B. 63 by writing to your representative and senator.

(Adv. sponsored by the Committee for Health Freedom of Texas, W. Early Jackson, of Austin, Chairman.)
