DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

Volume 27, Number 18

MULESHOE — County Seat of Bailey County — TEXAS

Thursday, April 28, 1949

## Mr. Muleshoe ...

By J. M. Forbes

Uncle Shorty Bartley: I came here first in 1918. There wasn't nothing here at all. Muleshoe wasn't even a good village. I camped east of what is now Main Street a ways. I recollect the three of us men got up early, met the depot agent, who insisted that we have breakfast with him. I returned here to live in 1926 and there still wasn't anything here much.

This writer figured the above would be an appropriate text for his sermon this week. Point is, only twenty years or so ago Uncle Shorty and most of the old settlers wouldn't have given you five cents for Muleshoe's chance to make the town it already has.

Why just look at Muleshoe. The real estate salesman say 4,500 population, most people think they're bragging when they say 4,000 population, but all fact is that Muleshoe has emerged from that village class and is on its way to becoming a modern little city — no Lubbock, no Amarillo, mind you but a fine, progressive little city nonetheless.

And it is a fact, in my opinion, that it has reached the point now where it naturally will attract other business enterprises, other industries, it has and will have hundreds of chances to grow where 22 years ago it had one.

And all it needs now is a gentle push, but who the heck is going to supply the push. I mean, who is going to tend to everybody's business, that of promoting the growth of Muleshoe and its wonderful agricultural territory? Likely, nobody. We will all attend strictly to our own business; we will see that OUR OWN business grows and develops, but who will see that the town and territory gets the break it should. Most of us are too busy to think beyond our own front doors — we see no necessity for trade extension, for inviting further payroll paying industries, for advancing the town culturally and spiritually as well as materially.

Men and women don't accomplish these things for the community however, so long as they work as individuals. They have to organize and collectively set out toward a definite goal and work hard to get it.

There is only one reason why Muleshoe and Muleshoe territory will EVER stop developing — that reason is that some organization or group fails to push it.

Now Uncle Shorty, this ought to teach you never to talk to a newspaper man. No telling what he will conjure up out of a simple little narrative like that you told.

**Seen & Heard:**  
Neighbor of His'n: (Guy Nickels, the ginner): Raymond Green began planting cotton on his west place last Friday.

It tickles my editor to watch these embryo farmers, these windshield farmers, as it were, setting forth from their city life to show the old time farmer how it's done. Why doggone, Raymond, the experiment station man 20 years ago said: "We find that better yields year in and year out on the Plains are obtained by planting after May 20 than before." Don't you realize that the ground ain't warm yet. Don't you realize that cotton planted now will be up and just right to suffer most from our customarily dry July? Don't try to borrow money from ME this fall after such a bad demonstration of bad judgement.

However, old Raymond is not by himself. Hundreds, yes hundreds, of planters probably will be going in this immediate territory by the time that you get this paper delivered to you, postoffice service being what it is.

Roy Jordan, in one of his more solemn pronouncements said: Yes, it may be early, but when a fellow has planting moisture, how can you blame him for getting started.

Well, maybe it will turn out for the best. But there is one thing sure, more cotton will be planted in the Muleshoe territory this season than in any previous year, and you may quote this column as having said so. One fellow in the south part of the county, however, has been reported as saying he plans to plant only 2800 acres to cotton. What on earth will he find to plant in all those other acres?

**Bed Check Charlie**  
Bailey County Ex-Soldier: I once nearly got court-martialed for shooting down an enemy airplane! Shortly after we landed in France I sat in a hole each night nursing a 50-caliber machine gun. Another sergeant, friend of mine, sat in another hole a short distance away, with a 50-caliber machine gun, and on comparing notes we found we were getting tired of their nightly reconnaissance plane, which nightly flew over about 8 o'clock, reconnoitered about a bit then flew back on the identical route each night. We didn't ask the higher ups, we just made up our minds that old "Bed Check Charlie" as we called him, because he always

## Muleshoe Boys Win Awards In Judging Contests At Texas Tech

Muleshoe high school vocational department was represented by four judging teams in the Texas Tech contests Saturday, April 23. Almost one thousand boys from seventy-two West Texas schools participated in the contests. The four teams from Muleshoe were:

Poultry judging team composed of Charles Lewis, David Taylor, and Robert Waggoner. Thirty teams made up this contest, which was divided into three parts, egg grading, culling and poultry for market. David Taylor placed first in market poultry judging and fifth in culling. Robert Waggoner was fourth place man in market poultry and Charles Lewis took second place ribbon in poultry culling.

The team as a whole was first in both culling and judging market birds but did not place in egg grading. Waggoner and Taylor were eighth and ninth respectively in the entire contest and the team brought home the second place banner.

The Dairy Cattle judging division was the largest of all the contests, having sixty-five teams. Bill Stinson, Clifford Mardis, and J. R. Henry represented Muleshoe in this contest and placed eighth of the sixty-five teams. Stinson placed fourth in judging Holsteins and was fifth high man in this group of one hundred and ninety-five boys.

The Dairy Products team placed fifth of seventeen teams, with Marvin Waggoner placing fifth in milk judging and was ninth high man in the contest. Ted Harrison was seventh man in the contest. These two boys were aided by Dewane Meyers in making up this team.

Lloyd Kriegel was fourth high man in grain judging which was a part of the crops contest. The crops team placed eighth in the contest. The other two members making up this team were Frank Cox and Eugene Henry.

The poultry judging team is making plans to represent West Texas in the state contests which will be held at Texas A. & M. College May 14, 1949.

## New Irrigation Area Discovered

Latest farmer to bring in a fine irrigation well in the hitherto unproven territory south of the sandhills is Jack Obenhaus, whose farm lies six miles south of Muleshoe, on the Morton highway.

Mr. Obenhaus brought in his well in fine condition Tuesday afternoon. The well was drilled to a depth of 195 feet and the No. 8 pump was set at 120 feet. He was getting a full pipe of water. The well was drilled and pump installed by D. H. Sneed Supply Co.

Others in the immediate neighborhood who recently have developed irrigation wells are H. E. Schuster and Rev. J. E. Moore. Completion of these wells has given other farmers the "well fever" it was said, and much more exploration is due in the community. Mr. Obenhaus was elated with his well.

There are several older wells in operation three or four miles south of this development. There are irrigation wells on the Daventport, McAnnally, Mayhugh, Arnold, and Lewis Shafer places in Needmore community. However Edward Moore, whose farm joins the town of Needmore on the east, failed in his effort to bring in an irrigation well on his place, it was reported.

There are hopes everywhere that the new irrigation district will prove to be of great extent. Farmers of the county living south of the sandhills have always been at a disadvantage compared with their brethren living north of the hills — now they have hopes that eventually they will have irrigated farms also. Land values in the immediate neighborhood of these new wells undoubtedly will be strengthened as the result of their installation.

## New High School Building Hoped To Be Completed By September

Progress of work on the new high school building in Muleshoe has been such that completion of the building by September 1, or before the next school term begins is now hoped for. It is now felt that classrooms at least will be finished by that time, but the auditorium and other parts of the huge building may not be completed.

All materials that the builders seemed to drift over about bed time, had the run of the place long enough. This night we let him go by on his mission, he came right between us. On his way out we were flying very low and we just cut down and caught him in the cross fire. I fired 1000 rounds into the plane and I reckon my friend did about the same. The plane, a JU-88, came apart and dived into the ground within 50 yards of us.

When we reached the plane, old Bed Check Charlie was sitting a few feet away and in perfect English he asked us to help him. It turned out that he had a broken leg! I can't imagine how all those slugs missed him. A Jeep came up and took him away to a nice clean hospital.

And it wasn't long until they came for us, too. It sure looked like the works until they got Bed Check Charlie's cameras out and developed the film; had he gotten back to the German lines they would have known every detail about our positions and probably what we aimed to do. So the big boys patted us on the back instead of court-martialing us. But I don't aim to ever shoot down another German plane without the Old Man's permission!

will need are now on the ground, Supt. W. C. Cunningham and the editor learned on a trip to the building, except some stone that will be used for decorative purposes on exterior walls.

Herman Clay, brick foreman on the job, said that with another month of pretty weather and work, the people of the district may see clearly what the building will be like on completion.

The building will be heated by warm air, and only that part which is to be used will be heated if desired. For instance, if a meeting is to be held in the school's big auditorium, only that room will be heated.

The auditorium is taking shape. It has a large stage at the west end and there will be a seating capacity of eight hundred.

Possibly few people in the district realize what a large building, and what a fine building this will be when it is completed. It will be one of the finest plants in the section, spacious, comfortable, modern and very attractive. Muleshoe independent school district people may well be proud that their efforts at consolidation has borne fruit and has made possible this splendid edifice to be used for the education of their children.

## WAC-WAF RECRUITER TO BE IN CLOVIS

Sgt. Ora E. Burrows of the Roswell Recruiting Station will be located in the Army and Air Force Recruiting Station in Clovis on the 3rd and 4th of May, for the purpose of contacting, interviewing and testing applicants interested in enlisting in the WAC or WAF.

## Non-Resident Sends Check For Cemetery

Mrs. Laura B. S. Cox, of Excelsior Springs, Mo., who owns property here, noting in The Journal that a drive is on for financial support of the Muleshoe cemetery, sent in a \$10 check and wrote a fine letter to Miss Elizabeth Harden, the secretary. Miss Harden felt that the local friends of Mrs. Cox would like to read the letter and besides she thought it would give many of us local people "something to think about". The letter follows:

Excelsior Springs, Mo. April 19, 1949

Dear Miss Harden: Nothing speaks quite so well for a town as a well kept cemetery. The one at Muleshoe has surely been neglected much too long.

Note you have a yearly assessment for up-keep. That just won't work. Better put the price of the lot higher and have a reserve for up-keep. You know it is a terrible thing to think of but the dead are so soon forgotten and it is hard to pay for their care even if it is only \$10.00 a year.

An enclosing check, I might die in Muleshoe some time and be buried there. Be seeing you this fall.

As ever,  
Laura B. S. Cox.

## Thursday, May 26, To Be Work Day For Muleshoe Cemetery

Thursday, May 26 has been set aside for a work day at the Muleshoe cemetery, and everyone who can possibly do so is urged to come and bring tools to work with, officials of the Cemetery Association have announced. It is hoped that graves of persons buried in the local cemetery who do not now have relatives living here can be cared for at this time. In fact it is hoped to do a thorough job of cleaning up on this day. Officials of the Cemetery Association have announced that there are 360 graves of Bailey County people in the local cemetery.

New officers of the association elected Friday evening, April 23, are: President, Mervin Wilterding; vice-president, Buford Butts; secretary and treasurer, Elizabeth Harden; other directors are Mrs. Radie Boone, W. B. McAdams, S. C. Beavers, Rey Sheriff and Robert Kimbrough.

The fund being raised for the purpose of putting in a water system now amounts to \$345.15 in cash and several firms are donating pipe that is not included in the amount named. Anyone wishing to donate to this fund should see Miss Harden or Mr. McAdams. Work of keeping up the cemetery will be materially less when the water works system is installed.

The secretary will re-copy all burials, owners of lots, etc.; and

## Johnson Buys McCormick Stock

Stock of the McCormick Furniture Company was purchased this week by the Johnson Furniture, L. F. McCormick and "Red" Johnson, proprietors of the firms concerned announced.

Mr. Johnson is advertising a clearance sale to dispose of the McCormick stock and said that at the end of the sale he will move his furniture stock and store to the former McCormick location, in the Moeller building on north Main street.

The sale will begin at 9 a. m. tomorrow, Friday, April 29, and will continue through Saturday, May 7. Elsewhere in this paper will be found a list of special prices he is offering for the eight day stock reducing event.

Mr. McCormick said that he will retire from the furniture business and devote his entire efforts to upholstery. He has acquired the eight room residence located on Morton highway near the telephone office and will do his upholstery there. McCormick's always has been in the upholstery business and now will devote their entire time to it. An announcement of Mr. McCormick's plans will be found on another page of this paper.

## Hog Cholera Strikes In Bailey County, Reports County Agent

### Fifty Muleshoe Merchants Join In New Program

Fifty Muleshoe merchants have signed up for Appreciation Day, trades extension program announced in The Journal last week. Harry Lewis, representing the copy-right owners, completed his canvass of the business firms yesterday, and said that if printing and other arrangements can be completed in time the local Trades Day will be merged into the Appreciation Day event after May 14. A different type ticket will be given those who trade in Muleshoe stores after that time. Merchants who have investigated the new plan report they believe that it will have a much better chance of success, and that it will be more attractive to the customers than the home made affair that they have been conducting here the past few weeks.

The following firms will give Appreciation Day tickets:

- Cox Radio & Electric.
  - Cashway Grocery & Market.
  - Muleshoe Locker Company.
  - Sam E. Fox, Texaco.
  - Benton Food Market.
  - Fry & Cox Bros.
  - Cobb Department Store.
  - St. Clair Department Store
  - C. W. Goss Auto Company.
  - Dyer Hardware & Furniture Co.
  - Muleshoe Automobile Co.
  - The Fashion Shop.
  - Dixie Lee Dress Shop.
  - Johnson-Pool Tire & Appliance.
  - Arnold Morris Auto Company.
  - Drive-In Cleaners.
  - Bass Firestone Store.
  - Elliott Men's Wear.
  - Higginbotham-Bartlett Co.
  - City Cleaners.
  - Lambert Cleaners.
  - Wagon Grocery & Market.
  - Dammor Drug Store.
  - Western Drug Company.
  - Cross Roads Cafe.
  - Muleshoe Food Market.
  - Royce's Cafe.
  - Lane & Hale Barber Shop.
  - E. H. Hart Company.
  - Covin Motor Company.
  - Bovell Motor Company.
  - Blackburn Food Market.
  - Muleshoe Bakery.
  - Charles L. Lenau Lbr. Co.
  - Millspaugh & Robertson Garage.
  - Piggly Wiggly.
  - Muleshoe Implement & Supply.
  - Morris Douglass Implement Co.
  - H. S. Sanders Lumber.
  - Muleshoe Jewelry.
  - Muleshoe Journal.
  - Muleshoe Ice & Produce Co.
  - Jones Farm Store.
  - King Bros. Grain & Seed Co.
  - Blondy Ray's Service Station.
  - Muleshoe Liquefied Gas Co.
  - Taylor's Produce & Hatchery.
- In addition the following are enrolled as "supporting firms":  
Pool Insurance Agency.  
Southwestern Public Service Co.  
Muleshoe Funeral Home.

Cholera, that most devastating of swine diseases, reared its head among hog herds in Bailey County this week, no less than seven farmers reporting losses by the middle of the week. County agent J. K. Adams reports. One man, Anthony Jesko, reported the loss of eighteen hogs weighing about 150 pounds.

The animals all died in a period of about eighteen hours, Mr. Jesko said.

Dee Warner, living in the same neighborhood north of Muleshoe reported that 14 or 15 of his had died.

nosed the trouble as cholera. Then one sick animal was taken to the O. M. Franklin Laboratory at Amarillo, where Dr. Cline, widely known pathologist, pronounced the disease to be cholera. A state veterinarian has paid two visits to the county this week.

Mr. Wilson, living in Farmer County a few miles north of Muleshoe, near the "Twin Houses," reported the loss of twenty-two animals this week also. Dr. Cline pronounced the trouble in the Wilson herd to be cholera.

All this evidence, Mr. Adams said, left no doubt that there is quite a lot of cholera among the herds of this territory. He advised farmers who are growing hogs to be extremely careful about stray dogs, or even birds, who can bring the disease from an infected farm to one that is free of the disease.

He said it is best to immunize pigs when they are six to seven weeks old, then they are free of the danger of cholera for life. Besides the protection, an advantage is that less of the serum is needed to immunize the younger animals. A grown animal may be immunized if they do not have fever. Mr. Jesko, the agent said, has immunized the rest of his herd and the danger of further losses is over.

## Claude Karrh Dies In Vet Hospital

Claude Karrh, former employe of the Blackwater Valley Soil Conservation District office in Muleshoe, died Sunday night in the Amarillo Veterans Hospital, friends here were informed. Mr. Karrh, a veteran of World War I, succumbed to a heart attack.

He left Muleshoe about two years ago, going to Miami with the SCS. He recently had resigned from the service, it was learned. Mr. Karrh was reared south of Plainview, in Hale County. His mother and several brothers and sisters live there.

Funeral services were held in Plainview Monday afternoon at 3 o'clock. Charles Ball and Buck Wood of the Muleshoe office, were among pallbearers named for the services. Interment was in Plainview cemetery.

## Bailey County's "Opportunity Drive" "E" Bond Quota Has Been Set At \$21,000

The people of Bailey County are being asked to invest a total of \$21,000 in Series E Savings Bonds during the Treasury Department's "Opportunity Drive," May 16 through June 30.

This quota was announced Saturday by Jesse M. Osborn, county Savings Bonds chairman, after he had received the figure in a letter from Nathan Adams, district chairman of the Treasury's advisory committee for Texas.

Announcement of quotas for this and all other Texas counties followed a dinner given in Houston Tuesday night by Governor Beauford H. Jester, and at which volunteers from all sections of the state were honored for their work in the Savings Bonds program.

The Texas quota in the drive is \$36,950,000, and the national quota is \$1,040,000,000.

"All quotas, including ours, apply only to the sale of Series E Savings Bonds," the county chairman said. "In this drive we want to place more Savings Bonds in the hands of average people, who, with the proceeds of their thrift, can enjoy opportunities and advantages not otherwise possible. At the same time, by their investments in Savings Bonds, they are helping to manage our national debt in such a way as to more nearly assure a strong economy in this country. The Series E bonds — popularly called the 'people's bonds' — are ideal for individuals."

He said that Series F and G Savings Bonds would be sold as usual throughout the drive, but that their sale quota not be counted against the quota. The Series F and G bonds, he explained, are

normally preferred by business concerns, organizations and individuals of larger means.

"I urge the people of this county, and all of its communities, to participate in this Opportunity Drive to the full of their ability," he said. "The county Savings Bonds committee can always use citizens who can devote a part of their time to work in the drive, and invite them to contact me. To others, I sincerely urge that they buy Savings Bonds and, if possible, to do so regularly through the Bond-A-Month plan at their bank. This kind of thrift is the kind that pays dividends to the individual, the community and the nation."

**VISITED IN LUBBOCK**  
Mrs. A. E. Ward and daughter, Helen, visited in Lubbock last week end with their daughter and sister, Mrs. Randall Horner who underwent an operation at St. Mary's Hospital April 18. All were home Wednesday.

### THE BRANNAN PROGRAM

By John D. Black

In Christian Science Monitor  
The farm program presented by  
Secretary Brannan to Congress last  
week surely is as unrealistic as  
some of its more reasonable critics  
are saying. But this does not mean  
that it should be cast bodily to  
the dogs. It has many fine fea-  
tures, such as using an income  
rather than a price standard, a  
recent rather than distant base,  
and a moving rather than a fixed  
base, and we should do our best  
to incorporate these in whatever  
farm plan is developed.

The feature of the Brannan pro-  
gram that alone almost dooms it  
to failure is its proposal to get  
the farmers as high a price for a  
big crop as for a small one. If  
the program is adopted as out-  
lined, the 1949 cotton growers will  
receive \$84 per acre if the yield  
averages 300 pounds per acre, in  
contrast with \$56 with an aver-  
age 200-pound yield. All the crop  
history of this country bears testi-  
mony to the fact that a crop of  
high value per acre is followed by  
larger plantings the next year.

In the ordinary cotton market,  
an average 300-pound yield brings  
so low a price per pound as to  
sell for less money per acre than  
an average 200-pound yield; and  
this result has tended in the past  
to keep crop acreages from ex-  
panding following large crops and  
carry-overs. Secretary Brannan pro-  
poses to have the government step  
in and prevent this natural ad-  
justment. The sure outcome would  
be to force fixed acreage con-  
trols on cotton and most other  
crops after every year or two of  
good crop weather.

The correction for this is to  
adopt a variable price arrange-  
ment, under which big yields sell  
at the most for only enough more  
per acre to cover the extra costs  
of harvesting the big yields. This  
would be a modified and improv-  
ed form of the flexible provision  
in Title II of the present Hope-  
Aiken Act. The schedule of price  
adjustments really should be fit-  
ted to each crop.

### LET'S GET OUT OF CHINA

When Chinese Red Army forces  
blasted four British warships, kill-  
ing 44 crew men and wounding  
many others, it surely set up a  
warning to all to stay out of  
China's internal affairs. The ships  
were far inland on the Whangpoo  
river, where they surely had no  
business excepting to protect and  
evacuate British nationals.

But the presence of ships of  
war at a point where two sides in  
China's civil war were contesting  
the layman savors of interference.

It is a revolution in China, and  
good manners would seem to point  
to a hands off attitude on the  
part of other nations. We would  
not have liked it had some other  
nation interfered in our revolu-  
tionary struggle with England.

We do not like the idea of  
China's going Communist, but after  
all it is their country and we re-  
gard this struggle as another  
phase of the long contest to bring  
to the country the best govern-  
ment system. Certainly no one  
would try to defend the National-  
ist regime which has fallen.

We believe the U. S. should con-  
fine its activities to the removal  
of our nationals and to conduct  
such activities in such a way as  
to avoid loss of life and the pos-  
sibility of getting involved in an  
"incident".

### AIR CRAFT CARRIER DECISION AFFECTS ALL OF US

Every citizen in the U. S. had a  
stake in the fateful decision made  
in Washington a few days ago  
which decision committed our fu-  
ture war strategy to land based  
long range bombers. The Air Force  
won out over the Navy, which  
had laid the keel for the world's  
biggest aircraft carrier, big enough  
to launch atom carrying planes  
such as the B-29.

There is more involved than the  
six million dollars the Navy al-  
ready had spent on engineering,

and the money involved in terminat-  
ing the Navy's contract with the  
builders.

For, if the decision was wrong,  
we may find a few years from  
now that it was as disastrous a  
decision as that which committed  
the defense of France to the vir-  
tually worthless Maginot Line.

This writer has no way of know-  
ing the pros and cons of the ar-  
gument. Opponents of the build-  
ing of this big ship figured it  
would take a considerable fleet to  
protect it and keep it in condi-  
tion to launch the A-bomb carrier  
from its decks; proponents of the  
ship thought that it could be built  
in such a way that only a direct  
hit by an A-bomb would ever sink  
it.

So, the money involved fades in-  
to significance when one consid-  
ers that much, much time would  
be needed to correct the situa-  
tion if it turns out that the strat-  
egy we are abandoning was right  
even in part.

It all serves to bring to mind  
that all of us are vitally concerned  
in the decisions being made daily  
in Washington. The men we send  
up there help to form the opinions  
that prevail—so it is continually  
our duty to help pick those men  
whose judgments we feel we can  
trust.

### BELLE WEARS BAGS

From barn to belle—that's the  
story of this cute cotton frock. It  
is made of used cotton bolls. The pretti-  
est packaged feed. The pretti-  
est dress is one of the fashions from  
the National Cotton Council's new  
1949 fashion show of styles created  
from feed and flour sacks.

### ARE YOU A PHILOSOPHER?

The present day quizfest is both  
popular and educational. But here  
is a quiz that is personally prof-  
itable. A high score in this one  
rates you as an epicure of life,  
capable of savoring its rich and  
treasures:

1. Could you be happy with half as many possessions as you have now? Yes—No—
2. Are you the master of your small voices and habits? Yes—No—
3. Can you completely forgive and forget personal slights and injuries? Yes—No—
4. Can you enjoy spending a whole day alone? Yes—No—
5. Do you know what you want from life? Yes—No—
6. Have you found a way of expressing yourself creatively? Yes—No—
7. Do you enjoy strange cities, strange food, strange people? Yes—No—
8. Are you optimistic about the future? Yes—No—
9. Have you acquired a faith in something greater than yourself? Yes—No—
10. Are you satisfied at the end of the day with the way you have spent your spare time? Yes—No—
11. Are your friends a source of inspiration? Yes—No—
12. Do you enjoy books of history, biology, or fiction which help you to understand people? Yes—No—
13. Can you keep an open mind, eager for more knowledge, even if it should prove you wrong? Yes—No—
14. Do you enjoy at least five of the following simple things: good food, good talk, good music, firelight at night, woods in the springtime, a hard-fought game? Yes—No—
15. Do you like to see a changing world? Yes—No—

Give yourself four points for each Yes answer. A score of 52 or more makes you a rare person-  
ality, according to the PENIN-  
SULAR LIGHT of Jacksonville,  
Florida, in which this quiz was  
first published. If you have about  
38, you are a better than the  
average citizen, and you should  
find life satisfying.—The Sunshine  
Magazine.

### NOTICE TO CONTRACTORS

Sealed proposals addressed to  
the Mayor, Muleshoe, Texas, for  
constructing an elevated water  
storage tank of 200,000 or 250,000  
gallon capacity will be received  
at the office of the City Clerk,  
Muleshoe, Texas, until 10:00 A. M.  
April 29, 1949, and then publicly  
opened and read.

Bidders must submit a bond,  
cashiers or certified check for  
Three Thousand Dollars (\$3,000.00)  
as a guarantee that the bidder  
will enter into the contract under  
the conditions set forth within 10  
days after notice of award of con-  
tract. The minimum wages which  
shall apply on this work are the  
established rates for this area as  
set forth in the specifications.  
Each bidder shall submit a state-  
ment of his experience, financial  
resources and equipment with the  
bid. The City reserves the right  
to waive all formalities and to re-  
ject any or all bids. Plans and  
specifications may be inspected at  
the office of the City Clerk, Mule-  
shoe, Texas. Plans and specifi-  
cations may be obtained at the  
office of Hasie and Green Engineer-  
ing Company, P. O. Box 1139,  
Lubbock, upon a deposit of twenty  
five dollars (\$25.00) which will be  
refunded to each actual bidder  
upon return of the plans and  
specifications. Fifteen dollars  
(\$15.00) will be refunded to non-  
bidders upon return of the docu-  
ments. Proposals are available  
without charge.

City of Muleshoe  
By Connie Gupton,  
Mayor. 163tc.

## League To Sponsor Safe Driving Test

Lubbock, April 21—High School  
students may be able to compete  
soon in a contest to determine the  
boy and girl safe driving cham-  
pions of Texas.

Such a contest will be proposed  
to officials of the Interscholastic  
League at a statewide meeting  
of delegates May 7 in Austin, it  
was announced here Thursday by  
George Berry.

Mr. Berry is regional vice-presi-  
dent of the Texas Safety Associa-  
tion, which actively sponsors driver  
in the schools throughout the  
state. The contest is being pro-  
posed jointly by the Safety As-  
sociation, the State Department  
of Education and the Department  
of Public Safety.

"Teaching safety to your people  
gives the schools one of their  
greatest opportunities for service,"  
Mr. Berry said. "Governor Jester  
recently described the driver train-  
ing program as 'The greatest safety  
stride of all.' A safe driving  
contest would stimulate greater  
interest in driving skill and would  
promote the spread of driver  
training to schools not now offer-  
ing it."

### MHS STUDENTS VISIT TCH ENGINEERING SHOW

The Chemistry classes, Home-Ec.  
Girls, and Mechanical Drawing  
Classes went to Lubbock Friday  
to an exhibition show concerning  
their classes. They left about nine  
thirty to return around seven.  
Everyone seemed to enjoy it all.

# IF YOU WANT TO BUY A NEW CAR— WHY NOT BUY ONE THAT'S REALLY NEW?

**See the difference!** See why the New York  
Fashion Academy judged Ford the "Fashion Car  
of the Year." See the luxury of line and the rich  
interior fabrics. See those "Sofa-Wide" seats.  
They offer you more hip and shoulder room than  
any other car in Ford's field.

**Feel the difference!** Feel how Ford's "Magic  
Action" Brakes stop you 35% easier. Feel bumps dis-  
appear 'neath "Hydra-Coil" Springs. And feel that  
surging "Equa-Poise" Power. Only Ford in its field  
offers you a 100-horsepower V-8 engine. Only Ford  
in its field offers you your choice of V-8 or Six.

**Save the difference!** Where else can so little buy  
you so much car? And you save up to 10% on gas, too . . .  
up to 25% with Ford's new Overdrive.\* See for yourself.  
Ask your dealer for a ride and you'll order your Ford today.

\*Optional at extra cost.

Muleshoe, Texas

AWARDED THE FASHION ACADEMY GOLD MEDAL AS THE "FASHION CAR OF THE YEAR"

These are  
the homes

These are  
the people

THESE are the people who own your electric light and power company. Chances are  
you are one of this group, too.

They represent a cross-section of America — housewives, doctors, teachers — in-  
dustrial workers, craftsmen, farmers — mechanics and milkmen. Yes, people from all  
walks of life have put their savings into companies like ours. They're direct owners.

But there are countless indirect owners, too — many who don't know they have a  
stake in the electric industry. They're people with life insurance policies and savings  
accounts. When banks and insurance companies accept your money, they must invest  
it wisely. And because business-managed electric companies have a long record  
of successful service, much of that money is invested in utility securities.

So, you see, the electric industry is owned by the people it serves.

## RUSTAL RECEIPTS Climbed In March

AUSTIN, April 26.—Postal receipts in Texas climbed 14 per cent from February to March, the University of Texas Bureau of Business Research reported.

Receipts for 57 Texas cities amounted to \$3,834,325 in March, gaining 20 per cent from a year earlier.

Nacogdoches registered the highest gain over February, 39 per cent. Postal receipts rose 29 per cent in Beaumont; 28 per cent in Palestine; 27 per cent in Texas City; 24 per cent in Laredo; and 20 per cent in Houston and Snyder.

On the other hand postal receipts declined from 1 to 15 per cent from February to March in Lubbock, Pampa, Wichita Falls, Lamar, Borger, and Jacksonville.

In comparison with March 1948, postal receipts climbed 20 per cent over a year ago, with all reporting cities except New Braunfels, Port Arthur, Seguin, and Texas

City. The highest gain over February ranged from 1 per cent in Cleburne to 31 per cent in Greenville. March receipts totaled \$1,024,990 in Dallas; \$683,724 in Houston; \$394,578 in Fort Worth; and San Antonio, Austin, and El Paso followed in that order.

After adjustment for seasonal variation, the Bureau's index of postal receipts stepped up 4 per cent from February to 288 per cent from February (1935-39) base period in March compared to 276 in February and 236 in March of last year.

## Sudan Completes Plans For Rodeo

Plans have been completed by the Sudan American Legion Post 614 for their Second Annual Amateur Rodeo which will be staged in Sudan on April 29 and 30th.

The rodeo events, both of which are nightly affairs start promptly at 8:00 P. M. in the New Legion Rodeo Arena.

Eight hundred seventy-five dol-

This eye-catching cotton shirt has been dubbed a "gremlin," and quite a cute gremlin it is. Designed in Lonsdale pique by Clifford of del Mar, the gremlin makes an ideal beach jacket.

## Progress Club Met With Mrs. Gully

Progress Home Demonstration Club met in the home of Mrs. Edd Gully April 19.

Mrs. Ada Murrah, president, was in charge of the business meeting. Roll call was answered by "How I Can Improve My Health."

## Uncle Sam Says

You American citizens who have been looking for an opportunity to take some aggressive action which will express faith in your country are now being given that chance. It is participation in the U. S. Savings Bonds Division's "Spring Opportunity Drive" which opens May 16.

Through this drive you can help in the preservation of a prosperous economy in your land and show the world that Americans, men and women, still have that spark which has led the country to "accomplish the impossible". Volunteer workers are needed to help in this great drive and this is your opportunity to prove that you have the courage to protect the freedoms that are ours. Your community, your country, your state, and your country needs your help. Volunteer today.

U. S. Treasury Department

lars in prizes are being offered the participants in the five events which include Saddle Bronc Riding, Calf Roping, Bull Riding, Roping and Bareback Bronc Riding.

New Caxton Cowboy Hats will be awarded the first place winners in all events and a \$40. Caxton Hat will be awarded the champion cowboy of the show.

Following the Rodeo on both Friday and Saturday nights, a dance will be held in the Sudan Legion Hut.

The Sudan Legion are members of the Non-Professional Rodeo Association and official entries may be made by writing, Secretary, American Legion Rodeo, Sudan, Texas.

A traveler informed a Pullman agent that he wanted a Pullman berth. "Upper or lower," asked the agent. "What's the difference he asked. "A difference of 50c replied the agent. "The lower is higher than upper. The higher price is for the lower. If you want it lower you'll have to go higher. We sell the upper lower than the lower. In other words, the higher the lower. Most people don't like the upper, altho it is lower on account of it being higher. When you occupy an upper you have to get up to go to bed

and get down to get up. You can have the lower if you go higher. The upper is lower than the lower because it is higher. If you are willing to go higher it will be lower." But the poor man had fainted!

minutes reported fifty bulbs and four gardens planted.

The clothing demonstrators reported twelve dresses and one blouse had been made.

Each member is asked to bring a birthday gift for the three year old Holland girl.

Mrs. Maeberry gave the Council report.

Mrs. Jim Wedel and Mrs. John Thomson gave a very interesting

demonstration on "How Diet Effects Health and Posture."

Refreshments of cookies and punch were served to twelve members.

The next meeting will be held in Mrs. Ray Maeberry's home, May 3.

## ON STUDENT COUNCIL

Cecil Mardis, student at Texas Tech, recently was elected to the Student Council to represent the agriculture department in elections held on the campus. Cecil, who made an outstanding record while in Muleshoe high school, is a son of Mr. and Mrs. Harold Mardis.

When you meet up with a disagreeable person, never allow yourself to be upset by him. Say to yourself, "If a dowdy like that can stand himself all his life, surely I can stand him for a few minutes."

Large deposits of lime and potash have been in Greece.

A lion eats anywhere from three to 15 pounds of meat a day.

### THE MM WAY IS THE EASY WAY

In baling hay with the new MM Bale-O-Matic, one-man operated automatic pick-up baler, the operator simply drives the tractor, the Bale-O-Matic does the rest... picks up the hay from windrow or swath, compresses and slices it into uniform slices and ties it firmly with wire into bales of uniform size and weight.

The pick-up mechanism of the MM Bale-O-Matic picks up all the crop, works equally well in green or cured hay or straw. Pick-up mounting is spring-balanced for efficient, floating operation. Entire pick-up may be quickly raised or lowered "on the go" for ridges or ditches.

V-belt drive with adjustable sheaves enables you to adjust speed easily to suit all field and crop conditions. See us now for facts on this amazing baler.

## The NEW 54 COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season—ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton...

- EARLY MATURITY**  
Of 23 varieties tested recently... "54" was first in percentage of crop harvested in a four-month period.
- HIGH YIELD**  
In this same test, "54" was third among all varieties in yield per acre.
- BETTER STAPLE**  
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- TESTED FOR DRY LAND**  
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"

Sold through your ginner, your seed dealer, all branches of the Western Cotton Oil Co., and at Lockview Farm, Plainview, Texas.

**THE STATE OF TEXAS**

TO THE SHERIFF or any Constable of BAILEY COUNTY,

GREETING:

L. A. Howard, Executor of the estate of R. L. Brown, deceased, having filed in our County Court his final account of the condition of the estate of said R. L. Brown, deceased, together with an application to be discharged from said administration, you are hereby commanded, that by publication of this writ once in a newspaper regularly published in the County of Bailey, and said publication shall be not less than ten days before the return day hereof, you give due notice to all persons interested in the account for final settlement, of said estate, to file their objections thereto, if any they have, in said court on or before Monday, the 9th day of May, A. D. 1949, when said account and application will be considered by said Court.

WITNESS the hand of the Clerk of the County Court of Bailey County, Texas.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this 22nd day of April, A. D. 1949.

M. G. Bass, Clerk County Court, Bailey County, Texas. (SEAL) 18-1tc

**GOOD FARMS FOR SALE**

● 320 Acres, 2 good irrig. wells, nice modern home, near paved road close to town. This is a good buy at \$175 acre. Something over 100 acres alfalfa.

● 320 A., 2 wells, on paved road, 2 sets improvements, good buy at \$225 per A.

● 320 A. 2 good wells, this is the best of land, near gin and elevator, and on good road and near paved road.

● 160 A. with a nice five room modern home and 150 A. in wheat. One-third of wheat goes if sold in the near future.

● We have plenty of farms, large and small for sale. We list them for sale and not to keep, so if you want to buy see us or if you have a farm for sale list it with us.

● We have a good 160 acre farm for rent, good well. So see us.

● We also have some good houses for sale and some for rent.

● 80 A. good red land, close to town, \$8,400. This is a good bargain.

## Fourteen Attended Sunshine Club Meet

The Sunshine Club met with Mrs. Lee April 21. Fourteen members answered roll call by reading a verse from the Bible. Those present were Mrs. Chambliss Odom, Wimberley, Tipton, Barnhouse Stinson, Hart, Simmons, Dawkin, I. H. Gatlin Nash, Ware, Harvey, and the hostess Mrs. Lee, and her mother, Mrs. Payne. Two visitors were Mrs. Harp and Mrs. Stass. The ladies quilted a quilt for Mrs. Lee. Mrs. Odom and Mrs. Barnhouse were honored with a birthday shower. Next meeting will be May 5 with Mrs. Harris.

### BIRTHDAY PARTY FOR HELEN WARD GIVEN SUNDAY

A birthday party was given Sunday evening in the home of Mr. and Mrs. A. E. Ward, for their daughter, Helen. Fourteen children were present: Marline and Darline Black, Bob Stinson, Glenna, Grace and Meredith Reagan, Dixie and Linda Patterson, Mrs. Wright, Mr. and Mrs. Wayne Garth, Mr. and De-wey, Mr. and Mrs. Joe Cook and children. Cakes and cokes were served after a two hour ball game and other games were played. All enjoyed a big time, including Mr. and Mrs. Ward. Goat hides make high grade leather.

### H. D. Members Attend School

A work simplification training meeting was held in Plains April 19 and 20 for the purpose of training home demonstration club leaders in performing everyday household tasks by simplified methods. Two women from each home demonstration club in Yoakum and Bailey counties were asked to attend. Miss Gena Thames, acting assistant in Home Management, from College Station conducted the two day meeting. The first day was devoted to bed making applying the rules of work simplification. The second day the group simplified other jobs such as table setting, dish washing, ironing and making biscuits. In each, the general rules for work simplification were followed.

The following persons from Bailey county attended these meetings for one or more days: Mesdames S. C. Caldwell, Roy Carney, Dave Aylesworth, A. W. Copley, G. T. Maltby, Dutch Cash, C. G. Seagler, and the county HD agent, Marie T. Corrington.

### BIRTHDAY PARTY GIVEN IN TOMMY GALT HOME

Ricky Galt and Frank Sagall II entertained friends Tuesday afternoon, April 19, with a joint birthday party at Ricky's home. Many games were played under the supervision of Mesdames Bob Sanders and Tommy Galt and Robert Neal Everett. Robert Neal hid Easter hid Easter eggs for the children. Then Ricky, who was 6 and Frank, aged 5, blew out the candles on their highly decorated angel food cakes and opened their gifts. Ice cream cones and cake were served to the following: Sandra Jean and Kay Lemons, Kenneth

### Wesleyan Guild Met In Spivey Home Tuesday

Monday evening, April 25, the Wesleyan Service Guild met with Mrs. Jim Cox. Mrs. Curtis Spivey, the president, had charge of the meeting. Roll call was answered with a favorite Bible scripture than a number of sacred selections were played on the recorder. Afterwards Mrs. T. G. Craft led the prayer. The lesson was composed of several topics given by the members. "What Can We Do To Build God's Kingdom?" was given by Mrs. Curtis Spivey. Mrs. Francis Gilbreath gave "You Can Change the World." Mrs. Harold Weyer gave "Whose Business Was It?" and "We Can Help to Build God's Kingdom" was given by Mrs. Homer Sanders, Jr. "The Homemaker's share in God's Kingdom" was given by Mrs. Jim Burkhead and Elizabeth Harden gave "It Happened on a Brooklyn Subway". Several committees were appointed by the president: a gift and sickness committee—Mrs. Jim Burkhead, Mrs. Morris Childress, and Mrs. Homer Sanders, Jr., a decorating committee—Mrs. Homer Sanders, Jr., Mrs. Jim Burkhead, and Mrs. Jim Cox and a ticket committee asks everyone to report to them by Thursday, May 5, on the number of tickets sold. Mrs. Delma McCarty reported on the menu for the Mother-Daughter Banquet the Guild is holding May 6. A delicious salad plate and coffee were served to Mesdames: Curtis Spivey, H. P. Holland, Francis Gilbreath, Jim Burkhead, Delma McCarty, T. G. Craft, Harold Weyer, Ray Edwards, Homer Sanders, Jr. and Elizabeth Harden and the hostess, Mrs. Jim Cox. The next meeting will be with Mrs. David Anderson May 9.

### Winsome Class Met In Gilbreath Home

The Winsome Sunday School class of the First Baptist Church, met for its monthly business meeting and social Monday, April 11 at 8:00 p. m. in the home of Mrs. Rufus Gilbreath with Mrs. H. D. Winstead as co-hostess. The meeting was called to order by the president, Mrs. Byron Griffiths gave the devotionals using the Easter story as her theme. Following the business meeting, games were played with Mrs. B. H. Morgan directing. Refreshments were served to Mesdames Lela Batron, Byron Griffiths, A. W. Blaine, L. S. Barron, B. H. Morgan, Edward White, Clarence Wilhite, Lee Pool, R. S. Totten, Ernest Featherstone, E. L. Teeter, Jack Obenhaus, R. W. Kimball, Noah Kinser, A. E. Redwine, Jerry Allison, A. P. Lambert, the hostess and co-hostess. Wayne and Robert Neal Everett, James Tarleton, Jane Ellen and Mary Elizabeth Sanders, Hugh and Michael Johnson, Skipper Edwards, J. L. Lemons, Ricky and Frank. Also visiting were Mesdames Mart Edwards, Bob Sanders, Thurl Lemons, C. D. Johnson, Clint Everett and the co-hostess, Cass Stegall. Cardiff, Wales, is Britain's biggest coal export port.

## Jonquils Studied By H. D. Club

"For Jonquils to bloom each year they should be well fertilized," said Beulah Williams. Mrs. Covington had several different bulbs and she told how and when to plant them. Also if they need to be dug when they should be dug and how to store them. Plans for the bouquet were discussed.

We ordered some more alum for trays. Refreshments were served by hostess, Bonnie Williams to the following members Joy Jones, O. Watts, Sylvia Couch, Viola Duff, Beulah Williams, Wilma Austin and Naomi Austin. May Busbice received the hostess gift. Next meeting will be with Lela Williams April 28th. In Proportion to its size, a fly produces more light than most powerful of man-made dynamos. TRADES DAY, Muleshoe Saturday

## Mrs. McAdams Is Honored At Shower

Mrs. Horace McAdams was honored with a pink and blue shower Thursday, April 21, at 9:30 o'clock in the home of Mrs. Randolph Johnson with Mrs. Edward White, Mrs. B. H. Morgan and Mrs. Bob Jones assisting. The room was beautifully decorated with pink and blue sweet peas. The honoree received many lovely gifts. Many sent gifts who were unable to attend. Refreshments were served to Mesdames Eit Evans, John Smith, Johnnie Johnson, F. W. Jones, Martin Oliver, Clay Beavers, H. C. Holt, Bill Moore, Walter White, Curtis Spivey, Earl Jeter, W. B. McAdams, Clyde Bray, N. L. Johnson, Houston Hart, L. S. Barron, Jerry Kirk, the honoree and hostess. "As straight as the crow flies" is a well known saying, but crows don't fly that way. Their flight pattern is usually zigzag.

# Get Our OLD FAITHFUL TREATMENT FOR YOUR CAR OR TRUCK

BRING her in, folks, and we'll give her that badly needed bath, that blows the salt crust to smithereens, penetrates the spots where rust can happen, shoos away the barnacles of winter with our "Old Faithful" treatment. Give your car or truck this break,—this fountain of youth, no less.

### AND SOME OTHER THINGS TO THINK OF

While you're with us let us overhaul you for good Spring and Summer going.

- We'll change your oils and greases,
  - We'll adjust your brakes,
  - We'll tune your engine,
  - We'll scrub and clean you,
  - We'll align your wheels.
- We'll do everything that's needed.

DON'T DRIVE WITH YOUR FINGERS-CROSSED

★ ★ ★  
And if you'll let us we'll give your vehicle our expert summer check-up and adjustment,—as follows:

### Texas CROP Program Outlined

TAYLOR — The 1949 Christian Rural Overseas program (CROP) for Texas will be under the direction of Elmore R. Torn of this city, shown above (upper right) with members of the national CROP cabinet who appointed him. The four are discussing the urgent need for American farm commodities to Luthfulful CROP's world-wide relief and

rehabilitation program. Texas participated in CROP last year when shipments were made to 43 nations. Seated left to right are Father H. J. Miller, representative of Catholic Rural Life; and John D. Metzler, national CROP chairman and representative of Church World Service. Standing at left is Clifford E. Dahlin, representative of Lutheran World Relief.

### Doyle Evans Now In Basic Training

Recruit Doyle T. Evans, son of Mr. and Mrs. L. E. Evans of Muleshoe, has been assigned to the Fifth Armored Division for eight weeks of basic training. Reactivated July 6, 1948 the Fifth Armored "Victory" division hung up a brilliant war record in six European campaigns during World War II. Before the end of 1949 Camp Chaffee is expected to have 20,000 troops, making it the largest Army Training Center in the nation.

Before entering the Army, Recruit Evans was employed by his father. He is now assigned to Co. 'D', 85th Recon. Bn.

From where I sit... by Joe Marsh

**How We Licked The Parking Problem**

For a while it looked like we'd have to put up parking meters. Folks working in town—including some of the store owners—were taking up all of the space along Main Street.

Farmers coming in to shop never found a place to park, and sometimes had to lug stuff a half mile or so. Some started to do their buying in other towns. Finally, store owners and farmers had a get-together—with the result that the empty field near the depot was fixed up for all-day parkers.

Now farmers get their shopping done comfortably, and the merchants have a better place to park than they had before. Just took a little friendly co-operation to make everybody happy.

From where I sit, most differences can be ironed out by just talking things over—maybe with a cup of coffee or glass of beer—and seeing the other person's side of it. Next time you have a problem or a little difference to settle, why not try just that?

Joe Marsh

## MHS Nine Beats Bula Nine 13 - 2

The Muleshoe high school baseball team, playing their first game of the season, blasted the Bula nine by a score of 13 to 2.

The game was played at Bula and the boys were accompanied over there by Supt. Cunningham and Bill Moore.

"Stub" Williams stood out in the game by knocking in seven runs and scoring one time himself. Pitcher Jack Bundy struck out the first five boys up to bat and continued making a good showing of his pitching abilities through-

out the game. Below is a list of the boys out for baseball: Richard Barnett, Jack Bundy, Carter Taylor, Bobby Wallace, Jimmie Clements, Don Fudge, Weldon McCarty, John D. Whipple, "Stub" Williams, Joe Cummings, Joe Bob Horsley, Freddie Harvey, Jerry Julian, Ray Kersey, Mack Ragsdale and Ted Lawler.

The roster of the Bula team was not available to us at the time of publication.

Mr. Cunningham expressed the thanks of the school to Mr. Moore who has agreed to act as coach and manager for games the school team will play this year.

The tulip tree sometimes attains a height of more 100 feet.

THE MULESHOE JOURNAL, Thursday, April 28, 1949

## Four New Wrestlers To Appear Here Saturday Night In Tag Team Match

### Slants From The Sidelines . . .

By W. E. Hill

The high school slipped one past this department when they reported that the local high school baseball team had defeated Bula in their first game of the season.

Several weeks ago the coaches stated that they did not believe that the local school would have a baseball team here this year.

However, we are glad to see them start playing, as there are many boys who have the ability to make fine baseball players in this neck of the woods if they are given a chance to advance those abilities and to follow this type of sport until someday in the future they may become the "big-leaguers".

Wrestling attendance fell off a little here last week after having had their largest crowd on the previous Saturday night.

However there will be several new faces in the ring here this Saturday night and will possibly stir up more interest than ever before.

JayCee officials have announced that they are going to sponsor a donkey ball game here on the night of May 19 at the local Roping Club Arena.

Donkey ball games always seem to draw a large crowd of people who like to see the city boys try to ride one of the most stubborn creatures that is known on this earth and try to play a ball game at the same time. There's always plenty of spills, thrills and laughs for the spectators as well as for the participants.

Somewhere down the line we got our wires crossed in announcing who the local baseball team would meet here last Sunday. We stated that the Anton crew would appear on the local diamond, but instead it was the Amherst nine. It seems that just because we got all fouled up . . . the local team did too and lost a ball game that they should have won . . . We'll

Saturday night four new wrestlers will make their appearance in the local ring in an Australian tag team match being carded for the main event.

There will be two preliminary bouts staged by four other new wrestlers to this ring with a 20-minute time limit on each bout. However JayCee officials did not have the names of the preliminary fighters at the time The Journal went to press, but stated that they would be new faces to the local fans.

In the main event, the Australian tag team match, Steve Nennoff and Gene Blackney will battle Arturo Ruiz and Charlie Martinez.

This should prove to be very interesting to the local fans as all four men have a reputation of being very rough boys in the ring. The referee for the evening will be Vic Webber, another new-comer to the local ring.

A large crowd is expected to attend these bouts Saturday night stated one of the JayCee officials. He added, "Saturday night's crowd may be a record breaker for this year here in Muleshoe."

try to do better from now on—we received a Capitol League schedule which will be printed in this issue of The Journal.

—Trades Day is Saturday—

## Muleshoe Goes To Dimmitt For Game Sunday

A large crowd of local fans attended the opening game of Capitol League baseball in Muleshoe last Sunday afternoon, but the local boys, handicapped by the fact that their pitcher, Alvin White who started the game was sick with the flu, and due to the fact that the Amherst nine consistently snagged the long, hard drives of the hard-hitting local boys, Amherst fairly popped their way to a big win 12 to 4.

Alvin White, pitcher for the local team who was sick with the flu started the game, but was relieved in the third inning by Barnes who was relieved a short time later by Knight and Wallace relieving him of pitching duties to finish the ball game.

Sunday the local nine will travel to Dimmitt where they are scheduled to meet the Dimmitt nine at 2:30 p. m.

Alvin White, pitcher for local team has been in bed the first part of this week and it is not known whether he will be able to be in shape to play Sunday or not.

Last Sunday the Sudan team blasted the Dimmitt nine by a very large score, but that is no indication of the outcome of the game this Sunday.

In last Sunday's game here with Amherst, the local boys held on to their reputation as being heavy hitters, but the excellent fielding of the Amherst nine nullified most of the long, hard fly-balls sent to the outfield. In the last couple of innings of the game the Muleshoe team became a little rattled and allowed several runs to be scored on errors made in the infield.

## Weaver, Kasaboski Win Mat Card Here

The officials of the wrestling bouts here pulled a switch on the local fans and matched Buck Weaver with Hy Sharman instead of with Alex Kasaboski. However a good bout with plenty of action was seen in this main event with Buck Weaver winning, taking the first two falls.

In the first event of the night here last Saturday Alex Kasaboski won over Rod Fenton, taking the first and third falls of the match to win the bout.

Junior Chamber of Commerce officials reported that a good crowd was on hand to witness these bouts. However there were not as many attending the bouts as there were on the previous Saturday night.

Although there are hundreds of thousands of stars, only about 5,000 are within range of the human eye.

The loss of the game to the Amherst crew leaves the local boys with one win and one loss for the season.

## CAPITOL LEAGUE SCORES

Muleshoe 4, Amherst 12, Springlake 7, Earth 6 (14), Anton 14, Needmore 2. Sudan beat Dimmitt by scores reported to Journal.

## SCHOOL OFFICIALS WILL VISIT FURNITURE FACTORY

Supt. W. C. Cunningham, trustees Morris Childers and Locker left by plane Wednesday for a trip to Temple to visit American Desk Co. factory. They were to determine if furniture there is what is wanted for the new school building. Bids will be asked for the furniture in the near future.

## RETURN FROM FISHING TRIP

Monday Mr. and Mrs. Douglas and Mr. and Mrs. Malone and families returned from Hot Springs, New Mexico, they have been on a fishing trip.

Ancient Creek boxing rule required one pugilist to acknowledge defeat before a bout was ended.

Although the sun appears small, its diameter is 866,000 miles which would make its diameter million times greater than earth's.

THE MULESHOE JOURNAL, Thursday, April 28, 1949

### Soil Conservation District News

Topographic surveys have been completed on farms which are owned or operated by Ophel N. Jennings, Maurice Nickels, and Jack Obenhaus.

D. C. Roberts made application for soil conservation assistance on his 20 acre farm.

Technicians assisted in laying out ditches for watering row crops land on farms owned by O. Q. Holley, E. R. Hart, Marvin Mays, and C. R. Mayhugh.

Complete plans of conservation operations have been worked out on farms owned by E. H. Wagon, Lonnie Wilhite, and C. A. Norcross.

The Supervisors of the District met in regular session at the office of the Soil Conservation Service Tuesday night, April 19, for the purpose of handling routine business. Members attending were W. R. Carter, H. E. Schuster, Virgil Nowell, and J. D. Henderson. Mr. John A. Ferrin, District Conservationist from Littlefield, met with the board.

### Some Pointers On Home Freezers

COLLEGE STATION, April 20—In recognition of the increasing use of home freezers, specialists of the U. S. Department of Agriculture have been studying the operating characteristics of units in the household equipment laboratories of the Bureau of Human Nutrition and Home Economics.

Their reports show that the home freezer will do a better job for the family if it is given a place in the home that suits it. Mrs. Bernice Claytor, extension home management specialist of Texas A. & M. College, said recently. The freezer should be located in a cool, dry, well-ventilated spot. When there isn't room in the kitchen, an attached garage has proved to be a good location.

Some of the conditions to be avoided in locating the freezer are listed by Dr. Earl McCracken,

### QUAKE SHAKES PVT. WENNER

Word received here by Mr. and Mrs. F. L. Wenner from their son, Pvt. Gilbert F. Wenner, stationed at Fort Lewis, Washington, was that he was not hurt in the earthquake which took place on the West Coast April 13. Although the Fort was in the middle of it and being badly shaken up, not much damage was done. Young Wenner said that he didn't understand how the buildings held together and that he could not adequately explain how it looked and how it happened.

### FOUR CANDIDATES TAKE SCOTTISH RITE DEGREES

Four Muleshoe men last week received the Scottish Rite degrees at the spring meeting in Scottish Rite temple in El Paso. They are Rev. T. G. Craft, Bob Roberts, O. C. Thomson, and Frank Cummings.

The four were accompanied to El Paso by Connie Gupion, Bill Collins, Earl Ladd, Johnnie Johnson, and Jack Cox, all of whom previously had taken the degrees.

### GUESTS IN BAYLESS HOME

Visiting over the weekend with Mr. and Mrs. Iky Bayless were Mr. and Mrs. Truett Goss and son, Mike and Mr. and Mrs. Pat Briscoe of Artesia, New Mexico.

### USDA physicist, are:

A hot spot—the higher the room temperature, the more the motor must run.

Dampness—moisture is likely to condense on the freezer's outer walls and may even drip to form pools on the floor. It may damage exposed metal surfaces as well as the motor, motor supports and springs.

A tight spot—a small niche, with walls on three sides of the unit, prevents circulation of air needed to carry off the heat.

"Remember that a home freezer, even empty, is heavy," Mrs. Claytor pointed out. "Strong flooring is essential. An upright freezer puts more weight per square foot on a floor than a horizontal one of the same capacity.

It is always a wise precaution to ground the freezer, to prevent electrical shocks to the user, according to the specialist. "And if the freezer is to be carried through a doorway or up or down stairs, you'll be wise to take measurements before the freezer comes home," Mrs. Claytor concluded.

### Snapshots Of Local Wrestling

In the picture two of the men who battled in the "Battle Royal" here two weeks ago are shown with one administering a foot hold on the other as the referee watches very closely to determine whether or not the man on the canvas has been pinned down.

In the above photos are Alex Kasaboski and Buck Weaver with the referee showing a lot of interest in the struggle.

### Prizes Offered Soil Conservation 4-H Boys And Girls

When Miles Standish came to America the topsoil averaged about nine inches in depth. Today the national average is six inches. Moreover, nature must work 500 to 1,000 years to rebuild each lost inch. In an effort to help save the hundreds of millions of productive acres endangered by erosion and gullying, Texas has accepted the National 4-H Soil Conservation program for 1949. During the past year an increase of more than 9,000 4-H'ers participated in the nation-wide project, re-

ports the National Committee on Boys and Girls Club Work.

4-H members learn to successfully conserve soil and prevent wastage and deterioration. Because of its wide scope, parents cooperate in a farm-family soil conservation plan. Some of the activities are: to establish a farm nursery; sow fall cover crops; test for limestone, phosphate or potash; construct checks in gullies; sow grass; plant windbreaks; build a dam to hold water for livestock. The Cooperative Extension Service directs the program.

Although individual awards cannot be given all 4-H youth for their work in the project, what they accomplish is a vital contribution to the country's future. Moreover, to those with outstanding records, Firestone Tire and Rubber company presents the following: gold filled medal of hon-

or for county winners; \$50 U. S. savings bond to six top-ranking members in the state; an all-expense trip to the National 4-H Club Congress in Chicago for 16 selected state winners, and eight \$300 scholarships.

Edward I, the first Prince of Wales, is believed to have been born in Caernarvon, Wales.

Several New York counties are larger in area than Rhode Island or Delaware.

## 104 Individual Farms Opened To Homestead By War Veterans

One hundred four individual farm units of about 130 acres each have been opened for homestead settlement on the Heart Mountain Division of the Bureau of Reclamation's Shoshone Project in north eastern Wyoming, according to F. Vernon of Billings, Mont., director of Bureau's Region 6. Included in the opening, the third on this division since the end of World War II, are 12,073 acres of irrigable land. The average farm unit contains 116 acres of irrigable land and about 15 acres of non-irrigable land suitable for pasture and other purposes. Veterans of World War II are given preference of application. County

Agent J. K. Adams has information needed by any local veteran who might be interested.

Applications for the irrigable farms received by the superintendent of the Shoshone Project at Cody, Wyo., by 2 p. m. July 12 will be considered simultaneously filed. Copies of the public notices, application forms and detailed information about the opening may be secured from the regional director's office, R. H. Workinger, manager of the Big Horn District, Bureau of Reclamation, Cody, or from the Shoshone Project office. One hundred of the 104 units are near Ralston, Wyo.; the remaining four are three miles north of Cody. The units have never been cultivated. Canals laterals and other structures to bring the irrigation water to the farm units have been constructed by the Bureau of Reclamation.

Applications for the farm units received before the close of the simultaneous filing period and which are complete, including proof of veterans' preference, will be entered in a public drawing to establish a priority by which veterans will be considered for the available farms. Following the drawings, the applications will be reviewed by an examining Board composed of local citizens and one bureau of Reclamation employee. If the applications are found in order and the applicants meet all requirements, they will be allowed to select farm units in the order established by the drawing.

Minimum requirements provide that the prospective homesteader must have had the equivalent of at least two years of full-time farming experience after reaching the age of 15, have \$3,000 in cash or useful assets, must be of good health and character, industrious, and be able to meet the requirements of the homestead and reclamation laws.

The Bureau of Reclamation plans to make available to the new homesteader for use as farm

## Taste-Teasers

"The way to a man's heart..."

By NANCY COOK

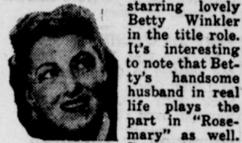

Why do some housewives think of Chop Suey or Chow Mein only as restaurant dishes, instead of serving them at home? Both are simple as ABC to prepare, and it's a wonderful way to use up leftover cooked pork, beef, veal or chicken! The main ingredients—canned bean sprouts, mixed chop suey vegetables and soy sauce—are carried by most super markets and independent stores. The basic recipe:

### AMERICAN CHOP SUEY OR CHOW MEIN

Melt ¼ cup butter, margarine or vegetable fat in skillet. Add 1 cup finely chopped onions. Fry for 3 minutes. Add 2 cups of celery, cut fine; 1 teaspoon salt; ¼ teaspoon pepper; ½ cup hot water. Cover and cook 5 minutes. Add 1 can of bean sprouts, drained, or 1 can of mixed chop suey vegetables; and 2 cups of meat, cut in thin strips. Bring to a boil. Then combine and add flavoring and thickening\*. Cook 5 minutes. Serve with cooked rice for Chop Suey, noodles for Chow Mein. Add soy sauce to taste at table. Yield: 4 big portions.

\*Flavoring and Thickening: 1/3 cup of cold water; 2 tablespoons of cornstarch; 1 tablespoon of soy sauce; 1 teaspoon of sugar.

Rosemary, an evergreen of the mint family, is most commonly used to season roasts, stews and soups, or as a flavoring in jellies and sauces. Rosemary, a girl's name, is also the name of a radio program—heard daily on CBS—starring lovely Betty Winkler in the title role. It's interesting to note that Betty's handsome husband in real life plays the part in "Rosemary" as well.

Interesting, too, is the fact that Betty Winkler likes to serve her guests dishes in which Rosemary, the herb, is an essential ingredient. Here's the recipe for one of my favorites:

### SCALLOPED EGGPLANT

Peel one large eggplant, cut in cubes. Add 1 cup coarsely crushed soda crackers. Add ¼ teaspoon salt; ¼ teaspoon pepper; ¼ teaspoon of rosemary.

Turn into greased baking dish; top with bits of butter or margarine (about 2 tablespoons). Add sufficient milk to cover. Bake about ¾ of an hour in 350° oven. Yield: 4-6.

Gay Party Fare... why not plan a shower for your favorite bride-

to-be? Suggested festive refreshments: Chocolate Pinwheel Cookies and Ice Cream.

This easy recipe, from the files of the makers of Blue Bonnet Margarine, makes delicious Pinwheels, and rates high in flavor, nutrition and economy.

### PINWHEEL COOKIES

Sift 1 ½ cups sifted pastry flour, 2 teaspoons cream-of-tartar baking powder, ¼ teaspoon salt.

Cream 1/3 cup margarine; add gradually ¾ cup sugar. Add 1 un-beaten egg, 1 teaspoon vanilla, 3 tablespoons milk. Beat well.

Combine with sifted dry ingredients. Mix well. Divide dough in half. To one half, add 1 square melted unsweetened chocolate. Roll each half into thin rectangular sheet. Place one layer on top of other; press firmly, and roll up like a jelly roll.

Chill several hours. Cut in ¼-inch slices. Place on greased baking sheet. Bake in 375° oven about 10 min. Makes 48 cookies.

Roll cream cheese balls in crushed corn flakes... use as a topping for fruit salad.

Things to Remember... white sugars should be measured with a light touch... flour, too... but brown sugar should always be packed down tightly in the cup.

## Forecast Second Largest Wheat Crop In History

AUSTIN, Tex., April 20—The second largest Texas wheat crop in history was forecast today by the U. S. Department of Agriculture. The USDA predicted harvest of 39,190,000 bushels, based on April 1, conditions. This would compare with 56,290,000 bushels last year, the record 1947 crop of 124,270,000 bushels, and a 10-year average (1938-47) of 53,944,000 bushels.

Seeded acreage, estimated at 7,630,000 acres, is the largest of record. An indicated yield of 13 bushels per seeded acre is well above average.

Especially good prospects were reported for the important Panhandle wheat area.

Fair progress was being made by the oat crop, which has been cut down on acreage.

Peach prospects were described as very good. Their condition was 82 percent of normal on April 1, compared with 36 percent a year ago.

Final harvest of the 1948-49 citrus crop was expected to bring the grapefruit total of 12,000,000 boxes and oranges to 3,500,000 boxes.

buildings, the approximate equivalent of one barracks building at the Heart Mountain Reclamation Center midway between Cody and Powell, Wyo. As an incident to the completion of the project, the Bureau will assist entrymen, in appropriate cases and on a reimbursable basis, in the clearing and rough leveling of the land and in the layout of farm ditches and irrigation structures.

The soils on the Heart Mountain Division are well adapted to irrigation farming. Major crops are

expected to be beans, peas, alfalfa, sugar beets, clover, small grains and potatoes. Livestock raising and fattening will be another major activity on the new farms.

Regional Director Vernon reported that 50 farm units, containing about 5,900 acres of irrigable land and about 600 acres of non-irrigable land, are slated for opening later this spring on the Riverton Project in central Wyoming.

## KINGPIN - that's you!

It happens every year, sure as spring comes.

There dawns a day, warm and inviting and fragrant with freshness, when the winter cares are shed like a cloak—and you're suddenly younger than your years.

Lucky the man who has this handsome carriage as his answer to that moment.

He'll pull a knob on the dash of his ROADMASTER—and the top will swing back. He'll touch the treadle—and 150 valve-in-head horsepower will leap into life, eager as a setter scenting the start of the chase.

He'll move a lever—and smoothly, with whirling oil transmitting his engine's power, move off through tangles of traffic into the open countryside without even thinking about clutch-pedals and gearshifting or the like.

He's free to have fun—free to drink in spring's glories—free to dawdle or to dash as whim decides—and he knows his level-riding ROADMASTER will instantly, silkily answer his every bidding.

Kingpin—that's what he is!

Kingpin—that you are when you've prepared yourself with the gorgeous ROADMASTER Convertible, so eye-catching in its beauty, so completely unmatched in its ability to thrill!

You say you haven't got a ROADMASTER Convertible! With factory production mounting, that's not so difficult to correct—and it's probably less costly than you think.

Just see us—soon—and you'll waste no time getting a firm order in!

**Poem Anthology Is Given To Library**

Supt. W. C. Cunningham has presented to the Muleshoe Public Library a copy of "Young America Sings," the 1949 Anthology of Texas High School Poetry, selected and placed in book form by the National High School Poetry Association, Los Angeles.

A number of poems by Muleshoe high school students are included in this year's collection, some of which have been printed in The Journal. Titles and authors are:

"Little Bird on My Window Sill," Florence Smith; "The First Snow," Weldon McCarty; "The Clock," Joe Bob Horsley; "Judging," Billie Margaret Collins; "Blue Monday," Bobby Goss; "The One That I Love Best," Jimmy Williams; "My Country," Mary Jo White; "Dreary Winter," Dorene Herrington; "Life," Dorman Totten; "I'm Lonesome," Charles Lewis; "My Mood," Philip Garrett; "If I were a Movie Star," Bobbie Roberts; "A Wire," Robert Berry.

The book contains hundreds of interesting short poems, many of them showing considerable merit for high school pupils. Mrs. E. R. Wright, the librarian, said the Library thanks Mr. Cunningham for the book; and she invites everyone to come to the Library and read these poems by the youngsters.

**Open House Held By Grade School**

Muleshoe grade school last Thursday held open house with 22 rooms participating. Many parents of the district took advantage of the occasion to learn more about their school.

Jerry Kirk, principal, had offered prizes for the best rooms, judged from the standpoint of pupils' work.

Judges were Mrs. Elizabeth Bailey, Mrs. M. F. Harris, and Mrs. Clifton Finley. The three placed Mrs. Radie Boone's room first; Mrs. Mary DeShazo's room second; and Mrs. Jack Beddingfield's room third. The prize was \$10 for first place and \$5.00 went to the second place winner.

Open house was held during the afternoon hours.

**IMPROVING HIS GIN**

Guy Nickels, owner of Lariat Gin, told The Journal this week he is improving his gin plant this year to the extent of \$28,000. Mr. Nickels predicts a large acreage will be planted to cotton in his territory and he says irrigation has developed to the point where about 12,000 acres of cotton will be irrigated in the section immediately around him.

**HOME AFTER TRIP**

Mrs. F. L. Wenner and Mrs. Ernest L. Merriott have returned home from a weeks vacation, visiting relatives and friends in Houston and San Angelo.

**MULESHOE STUDENTS TO BE RECOGNIZED AT TECH**

Recognition service for 178 outstanding scholastics at Texas Tech College is scheduled for May 1 in connection with annual Parents' Day on the campus. The upper 3 per cent of each class, in each of five divisions, arts and science, home economics, engineering, business administration, agriculture, is included in the service.

Included in the group are: Howard Taylor, agriculture; Jane H. Stovall, arts and science, both of Muleshoe.

**KEEPING GRANDSON**

Mr. and Mrs. Harner are keeping their grandson, R. L. Harner, for two weeks. His mother, Mrs. Edna Harner has recovered from an operation.

**Light Shower Fell Wednesday**

A thundershower passed over Muleshoe early Wednesday night and the rainfall here was gauged at .33 of an inch by R. J. Klump, weather recorder. This brought the total recorded here for April to 1.96 and for the first four months of the year to 5.29 inches.

The shower last night appeared to be purely local. One farmer living three miles said norain fell there. But where it did fall it added to the store of planting moisture and possibly helped growing wheat.

**Pleasant Valley**

Mrs. Jack Epps and Mrs. F. L. Shelby made a business trip to Lubbock Tuesday.

Gerald Allison and Sam McKinstry of Roswell were in Temple from Tuesday to Friday last week going through the clinic. R. L. Roubinek is back in the hospital and is doing fine. If nothing happens, will go home Friday. Mr. and Mrs. Bernard Nelson from Littlefield visited Mr. and Mrs. R. L. Roubinek Tuesday.

Mrs. Fred Determan went by plane from Amarillo to Iowa to be at the bedside of her mother who has been seriously ill. She returned Monday.

Mr. and Mrs. H. E. Smith and daughter of Tahoka spent Tuesday night in the home of her sister, Mrs. A. J. Moffitt. Mr. and Mrs. J. E. Dulinad bays spent Saturday and Sunday in Tahoka.

Mr. and Mrs. Lee Bolinger were visitors in the J. E. Dulin home last Wednesday morning.

Doris Bichel and Charlene Prather were shopping in Lubbock Saturday.

Mr. Wilson Dupy of Plainview visited in the F. L. Shelby home Wednesday.

Jim Bickel spent the week end at home.

O. W. Corley visited his uncle and aunt, W. B. Corley at Tahoka Saturday and Sunday.

**It's Strawberry Time In Texas**

COLLEGE STATION, April 20.—Whether you eat them in preserves, on ice cream, on a strawberry shortcake, or fresh, it's strawberry time in Texas.

Lucille Shultz, associate extension foods and nutrition specialist of Texas A. & M. College, suggests putting away several gallons in the home freezer, if you select only the red-ripe berries. This type hold their color better than the almost ripe berries.

They develop an off-color and off-flavor very quickly after they are defrosted if the sugar is not used. So, when you are using the dry sugar method, mix the berries until each one is well coated with sugar, Miss Shultz says.

Crushed berries used for toppings for shortcake and ice cream will hold their natural flavor better and longer than the whole or sliced berries. Here are Miss Shultz's suggestions for preparing the berries for freezing. Wash, drain and cap them; weigh them and pack using one part sugar to three or four parts of berries. If you are using the sugar-syrup, mix three cups of sugar and four cups of water. Fill the containers with berries and cover them with cold syrup, put the cover on and place them in the quick freezing compartment at 20 degrees fahrenheit to freeze at once.

**VISIT IN O'DONNELL**

Mr. and Mrs. Eugene Black and son visited in O'Donnell with Mr. and Mrs. Orval Evans and in Lubbock with Mr. and Mrs. Odell Newton over the week end.

**CONDITION IS IMPROVED**

Miss Mildred Davis, who Monday underwent major surgery at Payne-Shotwell Hospital in Littlefield, is reported to be recovering nicely.

**VISITED SON AT EL PASO**

O. S. Prather visited last week with a son and family in El Paso. The son is manager of the Hilton Hotel there. Mr. Prather accompanied several Muleshoe men who were attending the Scottish Rite initiation ceremony in El Paso.
