### A THOUGHT FOR THE WEEK

For our light affliction which is but for a moment worketh for us a far more exceeding and eternal weight of glory—II Corinthians 4:17.

### "DON'T PAY TAXES"

A lot of people around Muleshoe make the above statement. Because they pay no direct taxes to the federal government, such as income taxes, internal revenue taxes or inheritance taxes, they think they do not pay any tax.

We pay taxes when we go to the moving picture show, buy food, turn on an electric light, buy a spin in the car, go fishing, or do anything else.

Profit by this: Regardless of what may happen in the way of "inflation," it is safe to say the price of residential property and farms has found its level.

### RUNAWAY FARMS

Uncle Sam is not only taking steps to prevent the loss of farms through

mortgages, but also to stop the loss of farms to the land actually washing away.

To the average Bailey county citizen land is land. Any farmer, however, knows the difference between good farm land and hardpan.

Gen. Sherman during war declared it was hell. On account of so many women and children reading the Journal several Muleshoe citizens have asked us to define his fever.

A peddler called at Clay Beaver's home the other day and little Billie came to answer the knock.

In a natural history lesson in the Muleshoe school primary class the other day one little fellow wanted to know why the giraffe had such a long neck.

Chet Layne and a friend of his took a trip into the mountain region of New Mexico a few weeks ago.

R. L. Brown a few days ago had a prospective buyer out showing him over the country, driving up to the R. W. Tyson home located on a little hill.

### SNAP SHOTS

American barbed wire fence factories are now reported running full time.

Do unto others as you would have others do unto you, and they will be coming back for more.

Should not live 300 years, as a scientist should at live 300 years, as a scientist has recently said, the next thing we would like to know is why a man would want to live 300 years.

As we are about to understand it, anything that helps the country is unconstitutional if it pinches somebody who has influence.

A land of free speech is one where you can say what you think so long as it doesn't hurt business.

Maybe after all they call it the almighty dollar because it's so almighty hard to get.

If marriage is a business, some husbands spend too much time away from the home office.

### CAR ACCIDENT SATURDAY NIGHT CITIZENS HERE GIVE THEM HELP

While driving from Plainview to Vaughn, N. M., last Saturday, about two miles north east of Muleshoe on highway 28 the car and trailer in which the occupants were riding went into a ditch, turning over.

W. H. Ingram, who was driving at the time was running without headlights, according to report, when the trailer overturned.

Also, in the car, was Mrs. Ingram's daughter, Mrs. W. L. Roberts, and her two children, Mrs. Ingram suffered the fracture of five ribs, one of the children sustained a minor injury, while other occupants escaped with a few bruises and lacerations.

They were brought back to Muleshoe spending the night at the Elite hotel, receiving medical attention and the next morning the elderly mother was taken to a hospital in Clovis, N. M.

Wednesday noon Neil Rockey received a letter from W. H. Ingram in which he expressed the sincere thanks and appreciation of all members of the unfortunate party for the kindly and timely assistance rendered them by the citizens there, also, stating his mother was improving and hopes of her recovery.

INJURED BY COTTON WAGON Billie Frank Stephens, small lad living in the Baileyboro community was severely injured Tuesday of last week when he was run over by a farm wagon loaded with cotton.

The lad's collar bone was broken and five of his teeth knocked out, according to report. How the lad escaped more serious injury, is the wonder of some who witnessed the accident.

Medical attention was given the lad as soon as possible and this week he is reported as slowly recovering.

IT DOESN'T PAY TO GROPE IN THE DARK

Lamps cost so little and electric current is so inexpensive that good light has become available to people in all circumstances.

Besides preventing accidents and providing comfort, plenty of the right kind of light is a protection to health.

Where there is poor light, there is sure to be eye-strain and discomfort.

Don't take chances in the dark any longer—and quit trying to get along in half-lighted places—fill the empty sockets with lamps of the proper strength and type—the cost is really insignificant.

**Switching On and Off**

No extra current is consumed when the light is switched on or off. In the case of motors and appliances that consume a relatively large amount of current in attaining their maximum speed or efficiency it probably would be cheaper to let them run while not in use for a few minutes than to switch them on and on.

**METHODIST CHURCH**

Sunday school at 9:45 a. m. The Superintendent of the Primary department and her helpers desire very much that all those in this department be at the church for the opening of the Sunday school as they have their own devotional and lay there be as much as have a good program at the opening of the school.

The pastor will preach at 11:00 a. m. on some theme of interest for the day and times.

The leagues will meet at 6:45 p. m. with their sponsors for a good program and worship.

The women meet each Monday for a discussion of some interesting subject of a Christian nature and then they have a social hour at some of their meetings.

The prayer meeting is Wednesday night at 7:45 and they are still studying the book of First Corinthians.

We have a choir meeting at Mrs. Fay Elrod's this week and some special work to be done.

We have only two more Sundays until conference and we hope to get all the collections by the 5th of November. Please count your money, shuffle your obligations and lay there be as much come for the various conference needs as possible.

Please bring your self denial envelopes with you to church next Sunday morning. The time limit is up then for these unless you have more money that you desire to offer. Bring these with you and do not send them for we want to give special recognition to those who have denied themselves for this work.

We had a good day of cotton picking Saturday and almost covered one 10 acres last week. We wanted to get over all of the crop but did not have enough help.—E. C. RANEY, Pastor.

**WILSON MISSIONARY MEET**

Members of the Wilson Methodist Missionary society met Thursday October 19, at the home of Mrs. Hugh F. Blaylock, the meeting being opened with the song "More About Jesus."

There was no definite place set for the next meeting.—Reporter.

**Rev. Joiner Takes Sudan Pulpit; Leaves Here This Thursday**

Rev. and Mrs. C. A. Joiner left this week for Sudan, having recently resigned the pastorate of the Baptist church Muleshoe and accepted that of the same denomination at Sudan.

Rev. and Mrs. Joiner have been residents of this place for the past four years, during which time they have greatly endeared themselves to the people of this town and surrounding community, both because of their fine personalities, sterling character and congenial dispositions, as well as because of the exceedingly successful work they have accomplished here in the church and with its membership.

During the pastorate of Rev. Joiner Muleshoe the church has made great advancements in every way. The membership has been greatly increased and the spiritual atmosphere also much quickened both in an individual and community manner.

The membership, as well as the community generally, much regret the departure of these people from the church and community, but since Rev. Joiner feels the call to Sudan, an imperative nature and there is much need of efficient pastoral work there, both in organization and development, his resignation has been joyfully and gratefully accepted.

A pulp committee has been appointed, with Ray Griffiths as chairman, to seek a successor to Rev. Joiner as pastor here, but no definite action has yet been taken.

Dr. Fry, head of the Bible Department, Texas Tech., Lubbock, will be here next Sunday, occupying the pulpit at the Baptist church both morning and evening.

**BY HIS WORKS**

When later Jesus had his brief hour of triumph, when the crowds flung their garments into the streets before him and shouted their "hosannas," even then his heart must have been sore at the thought that in all that multitude there was not one of the brothers for whom he had sacrificed so much of his youth. A warm hand-clasp from one of them would have meant more than all the high honors of the multitude. But they were far away, still ashamed of the relationship, still regarding him as well meaning but not quite sane.

His best friend died doubting him. To that friend, Jesus, the Baptist, he owed his initial success. John had introduced him to the people; his first disciples had come because John pointed him out as a greater prophet than himself. The two men were entirely unlike in character and method. John was austere, harsh, denunciatory—a lonely spirit, dwelling apart. Jesus was cheerful, friendly, and happy. He loved to be in a crowd. John laid down for his disciples a rigid program of ceremonies and fasts; Jesus disregarded forms and encouraged his disciples to disregard them. He recognized that his disciples must do their work in different ways, but it had not occurred to him that their differences would ever loosen the bond of friendship. He was cut to the quick, therefore, when two messengers came from John with a wistful doubting question:

"Are you really a prophet as I told people that you are?" John asked. "Instead of fasting you banquet, instead of calling on men to abjure pleasure you share their pleasures. Are you the hope of the world as I believed you to be or man we look for another?"

Very tenderly, but sadly, Jesus sent back his reply: "Go tell John what you have seen and heard," he said. "How the blind see, lepers are cleansed and the poor have the good news preached to them."

It was a wonderful answer, but did it convince his friend? A few weeks later, in the dungeon of Herod's castle, John paid the last great penalty for his idealism and courage. Jesus, when he heard it, "withdrew into the hills alone." In that heartbreaking event he saw an omen for himself. They who had been strong enough to murder John would one day destroy him also. It was a bitter blow to his visions of success. He saw at the end of his path the shadow of the cross. And his heart was heavy because the friend who ought to have understood him best, had misunderstood him and died in doubt.

Who would have ever thought there was \$198,000 delinquent taxes due in Bailey county, dating back as far as 1912, or two years before the county was legally organized, yet such is the fact, according to the tax collector's records. No question but a general house-clearing of incumbrances is needed.

The NRA seems to be working out pretty well for employees, yet we know several employers right here in Muleshoe who would be tickled half pink if they were able to pay themselves the minimum every week.

Prices to be paid for boots and shoes are reported at advancing 15 to 25 per cent, yet last week the editor got only 12 cents for a calf hide. How come?

Don't let the pantomim of precedent keep you back. Never mind that; dare, act, originate.

**A MUSICAL WEINER ROAST AT REYNOLDS' THURS. NITE**

Members of the Methodist choir enjoyed a delightful evening Thursday night of last week at the home of their director, Mrs. Fred Reynolds, about four miles east of Muleshoe.

Each member of the musical organization brought their own weiners which they were permitted to nibble on where "reads, holds, shuns," etc., occurred in the musical score, it being reported that some of them took advantage of the "pp" marks for an extra bite or two, making up in volume when they came to an "ff" or "fz" mark. Rev. Roney is reported to have sung accelerando style so as to hurry up for more weiners, while Fred, the government employe, who normally sings both tenor and baritone, got over into the feminine range of lyric soprano and contralto from eating too much soap sicle.

At any rate, everyone present had an enjoyable time. Those attending were Misses Iris and Elizabeth Harden, Rev. and Mrs. E. C. Roney and daughter, Ethel Claire, also Wanda Farrell, Mr. and Mrs. Levi Churchill, and the host and hostess, Mr. and Mrs. Fred Reynolds.

The next meeting of the choir is to be held at the home of Mrs. Fay Elrod, all members being urged to attend.

**SLEEPING SICKNESS DEATH**

Warren Morris, 23, son of Mr. and Mrs. W. L. Morris, of the Longview community died last Saturday from sleeping sickness, according to report.

Morris had been picking cotton in East Texas, and feeling badly returned home. Upon his arrival he was immediately taken to a hospital in Lubbock.

where, apparently, his case became worse. He dropped off to sleep and could not be awakened. He aroused once during the illness and recognized his parents.  
Funeral services were held and interment of remains made in the cemetery at Sudan.

**Why the Sudden Change to Liquid Laxatives?**

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be controlled.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The wrong cathartic may keep you constipated as long as you keep on using it.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. R. A.

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Bailey County, Greeting:

YOU ARE HEREBY COMMANDED to summon John A. Perryman, and the heirs and legal representatives of the said John A. Perryman, who names and addresses are unknown, Ruby Perryman and Johnnie Louise Perryman, a minor, by making and publishing this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the Court House thereof, in Muleshoe, Texas, on the Third Monday in November, A. D. 1933, the same being the 20th day of November, A. D. 1933, then and there to answer a petition filed in said Court on the 23rd day of September, A. D. 1933, in a suit, numbered on the docket of said Court as No. 664, wherein Maple Wilson and Ethel Wilson Sanford and her husband, B. O. Sanford, are plaintiffs, and John A. Perryman, who names and legal representatives of the said John A. Perryman, who names and addresses are unknown, Ruby Perryman, Johnnie Louise Perryman, a minor, A. F. Eubank and J. L. Jordan, are defendants, and said petition alleging that on the 1st day of January, 1931, the plaintiffs had possession of and seized and possessed in fee simple the premises situated in Section Twenty-Three (23), Carter Subdivision of Hansford County School lands, in the County of Bailey, Texas, 160 acres of land, and that on the named date the defendants unlawfully entered the premises upon all of them of such premises, and withheld from them the possession and control of the same, and that the reasonable rental value of said premises is the sum of \$400.00 per year.

That the plaintiffs are the common source of title and the defendants claim to hold under them, but that the defendants' title is void. Wherefore, the plaintiffs pray that upon all the premises, the defendants, and their heirs, they have judgment for possession, for their damages, and for such other relief as may be proper. And the plaintiffs pray that the names and addresses of the parties and the capacities thereof are stated in the opening paragraph of this petition. That on December 1, 1925, the plaintiffs conveyed to John A. Perryman, then a single man, but who died in the year 1931, leaving his widow, Ruby Perryman, and a minor, Johnnie Louise Perryman, surviving, as his sole and only heirs at law without an administration on his estate, the Southwest one-fourth of Section Twenty-Three (23) Carter Subdivision of Hansford County School lands, Bailey County, Texas, and the vendor's lien for three notes, each in the sum of \$100.00, bearing an annual interest from date, payable to Maple Wilson and Ethel Wilson Sanford, at Lubbock, Texas, and that the same were due on or before five, ten and fifteen years respectively from their dates, and each note and the principal note and of the interest accrued thereon provided that a failure to pay any note or interest thereon should thereon would at the holder's election mature such notes, and further provided for ten per cent on the unpaid principal and interest as attorney's fees if sued upon, or placed with an attorney for collection. That the plaintiffs are the legal owners and holders of said notes; that the principal has been paid; that all interest thereon accrued in the sum of \$219.97, but no further sum. That the note due December 1, 1930 has not been paid, but that though same is past due and because of the past due maturity of said principal note and of the interest accrued since December 1, 1929, plaintiffs have elected to mature all the notes, and have placed same with an attorney for collection, agreeing to pay him ten per cent on the principal and interest as his fees, which are reasonable.

That defendants Reichard and Jordan are tenants of their codefendants, paying one-third of all crops except cotton, and one-fourth of the cotton for their right of use. That unless restrained, such tenants will pay to their codefendants the rents. That the plaintiffs have elected to rescind the aforementioned conditions under the claim of superior title and assume possession of the property, and that the defendants refuse to give them possession and withhold the same from them. Wherefore, as above, the plaintiffs pray for service upon all the defendants; that they have their judgment for their debt, damages and cost, that same be declared a lien as of December 1, 1925 and all times since; that the permits be sold to satisfy said judgment; that the order of sale have the force and effect of a writ of possession, and for such relief as may be equitable as they may be entitled.

Herein fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return

WHEAT PRODUCTION AND ACREAGE STATEMENTS OF MEMBERS OF THE WHEAT PRODUCTION CONTROL ASSOCIATION OF BAILEY COUNTY, STATE OF TEXAS.

The following is a statement of the production and planted acreages of wheat in the years 1930, 31, 32 and planted acreage for 1933 of producers of wheat in Bailey County, Texas. This publication is made in compliance with the regulations of the Agricultural Administration. It is made so that a check may be made on all statements claims and that reports may be made to the county Wheat Production Control Association on any inaccuracies which may appear in the statements. The allotment for this county has been definitely calculated from official records of the United States Department of Agriculture, and is 44,220 bushels. This is the total allotment for the county. Therefore, if any farmer receives a greater allotment than his past production warrants, he is thus depriving other farmers in this county of their just share.

Therefore, if any farmer receives a greater allotment than his past production warrants, he is thus depriving other farmers in this county of their just share.

Ford V-8 Wins In International Trial Over 1,165 Miles

"Six Ford V-8 cars piloted by Dutch drivers triumphed conclusively over five European and two other American entrants in the fifth annual running of the gruelling 5-day International Alpine Trial over 1,165 miles of Swiss, Italian and French mountain roads, according to official reports of the race just received here. Three of the winning Fords driven by a Dutch team captained by Dr. J. J. Sprenger van Eyck captured the coveted Coupe des Alpes, while the three other Fords won the three places in the individual competition for the Coupe des Glaciers. The first two Ford for first place with the best record of any of the dozens of contestants in the five class competing. The annual Alpine contest is probably the most severe test of motor car endurance and performance conducted in Europe. It is open only to stock cars as sold to the public. Its route from Merano, via St. Moritz, Turin and Grenoble to Nice, includes the ascent and descent of 12 major passes, with steep winding roads, scores of dangerous "hair-pin" turns and a bewildering variety of road surfaces, which test alike the stamina of the cars and the skill of the drivers. The most difficult of all the passes is the Stelvio, in the Orlier Alps between Italy and Switzerland. It rises to 9,150 feet above sea level. The highway leading to it is the highest automobile road in the world. In the course of the 11-mile climb from the valley, the drivers were forced to negotiate 52 "hair-pin" bends before reaching the snow capped top of the mountain. The Ford cars and other competitors in the principal class were required to make the ascent of this difficult pass at an average of 28 miles an hour. Many were forced to stop along the way to replenish their tanks. The violently steaming radiators but the Ford cars came up the pass in formation without a halt and continued their journey without adding water. At the final inspection of the competing cars at the finish in Nice where penalties were imposed for faults in condition, the Ford cars were passed without penalty and the drivers complimented by the judges upon the condition of the cars, both mechanically and in appearance."

The FAMILY DOCTOR BY JOHN JOSEPH GAINES, M. D.

AN OLD FRIEND Whom should it be but the Oyster... here in the winter season! The succulent, edible, old bivalve—priced so most everybody can afford him. By the way, I have an aged neighbor who believes the Bible forbids the oyster as unclean! He should read Peter's vision, reported in Acts X-15. But the good old fellow doesn't. So far as the flavor of the fresh oyster is concerned—well, I have always felt a need of fine descriptive adjectives. I have eaten a "half-dozen" oyster stew for supper, some crisp winter evening when you are tired. You will know what I mean. The oyster contains iodine, iron, lime, phosphorus, copper, glycerol and vitamins—all easily digested. What an array of valuable! Then, the good, whole milk of the stew! I do not need to write any more, do I? Our greatest scientific institutions have studied and approved the oyster as human food; then our great oyster-growing industrialists have improved the methods of cultivating and growing oysters, until practically all danger is abolished in their free use. Long an enemy of mixtures and combinations in food, I do not see the need of oyster-salads and scallops and "dressings" if we get actual benefit from oysters as food. Often these combinations are difficult of digestion, and the important ends sought are defeated. Prepare your bivalves as nearly "plain" as possible—there can be nothing gained by adding starches and highly-appetizing condiments which urge too heavily indulgence in a good thing. A doctor declares that fasting for 15 days will restore one's basic metabolic rate, if you care for that sort of thing.

MRS. A. C. GAEDE HONOR

Tuesday, friends and neighbors of Mrs. A. C. Gaede met at the lovely Gaede home to celebrate the anniversary of her birth.

It was a perfect October day, and as the guests arrived, they were met at the door with a friendly hand clasp and a pleasant smile from the hostess. When all the guests had arrived, and the feast was spread, Rev. Raney was called upon to return thanks, which he did in a very fitting manner. The ladies seemed to vie with each other to see who could produce the most appetizing dish. There was a great variety, and each guest helped themselves to their favorite food, and a desirable location for the enjoyment of the repast. The afternoon was spent in quilting and visiting until the hour of departure.

Those attending were: Mrs. A. C. Gaede, Zora Gaede, John Gaede, Mrs. Finis Krimminger and Wanda V. Mrs. J. T. Gilbreath, Mrs. Whitton West, Mrs. R. W. Tyson, Mrs. C. H. **TAX ON HOGS BEGINS NOVEMBER 5 HOME CONSUMPTION IS EXEMPTED TO REIMBURSE THE GOVERNMENT**

Secretary Wallace has announced the dates for increasing taxes on hogs, which will be at the initial rate of 50 cents per hundred weight effective November 5.

The tax will be increased to \$1 per hundred weight on December 1, to \$1.50 on January 1, 1934, and will reach its maximum of \$2 on February 1.

The tax at the \$2 rate will continue until the end of the 1934-35 hog marketing year, November 4, 1935, unless Wallace finds it necessary to make adjustments in the rate as provided in the farm act.

**To Reimburse Treasury**  
Tax collections on live hogs during this season are expected to total \$245,000,000 of which about \$40,000,000 will be used to reimburse the federal treasury for sums it advanced to finance the recent emergency hog marketing program.

A maximum of \$200,000,000 will be average farm price and the fair export under the new program. A maximum of \$58,000,000 of the receipts of the tax will be used for market operations for relief purposes and administrative expenses.

**Rate Explained**  
Wallace said the rate of the initial tax was established at less than the full difference between the current average farm price and the fair exchange value of "parity" price for hogs as a result of hog surpluses presented at a public hearing here. He placed the full difference now at \$4 per hundred weight, adding testimony at the hearing "indicated that imposition of the full tax would cause an accumulation of surplus stocks of hog products and would result in depressing the farm price of hogs."

The farm act exempts from the processing tax hogs processed by or for a farmer for consumption by his own family, employees or household.

The tax will be refunded to persons or institutions delivering hog products to organizations exclusively for charitable distribution. The tax will also be refunded on exports of hog products, while imports will be subject to compensatory import taxes equivalent to the processing tax.

**State Convention Of Baptists Meets At Ft. Worth, Nov. 7th**

The Baptist General convention of Texas which will hold its eighty-fifth annual session at Fort Worth beginning November 7th, will this year celebrate the one hundredth anniversary of the beginning of Baptist work in Texas. The convention program will give large space to "Our Century of Progress," and will present the story of the first Baptist organization in Texas. This church was organized in Illinois and moved to Texas as a unit crossing the Sabine river in November 1833.

Dr. J. Howard Williams, general secretary of the convention, announces that Texas Baptists will celebrate their "Century of Progress" with a great mission offering amounting to \$124,000. Some \$50,000 of this fund has already been paid in, and Dr. Williams expressed himself as being very hopeful that Texas Baptists would raise the remaining \$75,000.00 within the next two weeks.

During this fall Texas Baptists have held 107 associational meetings all over Texas, with record attendance in almost every instance, demonstrating the progress of the past century. When the first organized group of Baptists came into Texas one hundred years ago, there were less than 50 Baptists in the state. At this time there are more than 500,000 white Baptists, and a total of more than a million of all races, according to Dr. Williams.

**WILSON BOX SUPPER**  
Women members of the Missionary society, Methodist church at Wilson, in the southern part of Bailey county will hold a box supper at the school house there Saturday night, November 4.

Besides the box supper feature, there will also be a good program, according to announcement.

The proceeds will go toward payment on a new church building in that vicinity.

**AMEND RECOVERY LAND BILL**  
A bill of much importance passed by the special session of Legislature and duly signed by the Governor is one which reduces the cost of redeeming land sold for taxes.

The bill provides that by paying the purchaser 10 per cent above cost the first year or 20 per cent during the second year, said land may be recovered by original owner.

**OFFICERS VISIT KIWANIS CLUB OFFER PLAN OF REINSTATEMENT**

Lieutenant Governor S. J. Cole, of Amarillo, and Franklin H. Kean, representative of Kiwanis International, from Washington, D. C., were guests at the meeting of the local Kiwanis club last Friday noon. Neil Rockey, newly elected president, presiding.

Mr. Cole, speaking to the membership present, complimented the club on the numerous accomplishments during the past year, and all notwithstanding the times of depression. As proof of his interest, he declared this was his third visit here, when he was supposed to make only one.

Mr. Kean, who on that day celebrated his twelfth year with Kiwanis International, urged the membership to now take some action toward getting back on a standard membership basis with the International organization.

and, following the meeting, a session was held with officials to work out a plan following a motion by Pat Bobo and seconded by Cecil Tate that members pay an extra 15 cents weekly toward an assessment of \$1.00 each toward liquidating past indebtedness, the head organization having graciously remitted more than one-half the dues owed by the club.

**CHECK vs. CASH**

If a check is lost, mislaid or stolen, its payment can be promptly stopped at the bank on which it has been drawn. Whereas, if currency goes astray, or falls into improper hands, there is no such method in this country of "stopping payment."

This is one of the most patent arguments in favor of a checking account and is so obvious we should hesitate to mention it were it not for the fact the obvious is frequently lost sight of.
