Olton Wins From Muleshoe 7 to 0 In Game Friday

Following a series of successive victories, Muleshoe met her first defeat at the hands of the Olton High school team last Friday, the game being played on the opponents' grounds at Olton.

WHEAT HINGES ON NOV. RAIN

While there has been a considerable acreage of wheat planted in Bailey county it is still a moot question as to how it is going to turn out, according to reports of growers in this section.

Many citizens have claimed the county was paying more money in taxes to the state than it was receiving back from it, but the figures for this year clearly indicate that Bailey county will receive back about two and one-half times as much as it pays at the state treasury...

Retail Code Does Not Apply To Small Towns Of Less Than 2,500

Most Muleshoe business concerns have had their pulses considerably calmed and are resting easier this week since the NRA retail code went into effect last Monday and towns of 2,500 and less population are exempt from many of its requirements.

SINGING AT LONGVIEW

People from all over this section gathered last Sunday at Longview community schoolhouse for an all day singing festival.

A THOUGHT FOR THE WEEK

A friend loveth at all times.—Prov. 17:17. Friendship is twofold and one soul.—Joseph Ross.

UTILITY RATES

A movement for the lowering of gas rates was sponsored here last week upon representation of a citizen from a neighboring town where the same movement had been inaugurated.

The Journal would enjoy having its gas bills reduced as much as any other Muleshoe consumer; but it frankly believes this is not the time for any such agitation, and there is a possibility of such movement reacting to the increase of prices.

Such a movement at this time is directly contrary to governmental action which now seeks to raise prices on all commodities through the NRA movement.

It is a known fact that the gas company serving Muleshoe and other towns in this section has been subjected to considerable extra expense in the shortening of hours and adding extra labor under NRA requirements.

The State Railroad Commission of Texas, under which public utilities operate, permit them a profit of six per cent, and it is entirely possible that this agitation for lower rates at this time will only serve as an excuse for the gas company to present their books to that Commission for review and the granting of a still higher rate.

It has also been suggested that this same action of towns will be applied to the Texas Utilities Co. serving Muleshoe. Because of added expense incurred through the NRA, the New Mexico Public Service Co., last week announced an added charge of 50 cents per month on residential meters and \$1.00 per month on commercial meters, effective November 1.

We may look for the same additional charge to be put on in Texas towns by the Texas Utilities Co.

Several months have passed since the machinery of distribution simplified so that they will get a larger share of the proceeds of the sale of what they produce. They want this money so that they can spend it for the products of other industries.

WHAT THE FARMER WANTS A Muleshoe citizen recently asked what it is that the farmers of this country want. And the answer is easy. The farmers want to raise their standard of living. They want more of the comforts of life, as well as more of what other classes call "necessities."

They want better homes, better roads, better schools and more of the home conveniences enjoyed by their city cousins. They want to enjoy recreation and travel; they want books, autos, good clothes, medical and dental care, and a thousand other things.

All these things cost money, so reduced to its lowest terms what the farmers want is more money and to spend it as it suits them. They want a larger return for their efforts.

They want the machinery of distribution simplified so that they will get a larger share of the proceeds of the sale of what they produce. They want this money so that they can spend it for the products of other industries.

YOU CAN'T HURRY IT Several months have passed since

Several months have passed since

is reasonable, and they are not going to rest now until they get it.

KEEPING YOUNG

Science again comes to the rescue of those who would stay young. There is no magic about it; it's as simple as a child's primer.

Science claims: "While chemistry will not create blondes or brunettes it will, by providing a superior internal chemical environment make men and women more powerful constitutionally, if not larger."

Desire to keep young is not of early growth. It comes after man has reached the inflexible age, when he begins to look back over his shoulder and sees where he could have made sacrifices that would have been beneficial.

However, it is never too late to be sensible and accept what science has to offer of guaranteed value. Provided, of course, one finds any comfort in living past the allotted time of three score years and ten.

With the coming of fall and more money during harvest time, also there comes the grafter and advertising schemers with various ploys for lining their own pockets with money.

One giving little or no value received for their labors. Muleshoe has already been visited by several of this genre.

Those applying to the Journal office have been promptly turned down on price quotations, since we refuse to be a party to such procedure, even though it would mean profitable business to us.

We believe it would be a good plan for the local Kiwanis club to appoint a committee to pass upon all proposed advertising schemes presented here and for all business men to agree not to participate in such as are not recommended by this committee.

Maybe the State Highway Commission is right about finishing the cardinal state highways first; but if one of them would take a ride over the proposed North and South road through Bailey county and then talk with several of the farmers living alongside who need the work, they might soften up a wee bit for humanity's sake as well as for the sake of good business.

Low prices are desirable sometimes; but there are times when folks can afford to pay a little above the lowest—and for their own good. Some folks around Muleshoe have failed to realize that when they buy stuff for low cost they are only paying the way for a reduction of the things they have to sell.

The "Buy Now" campaign is good economics, and it may also be good politics; but many make some farmers snicker up their sleeves, for it takes money to participate in a campaign like that—and most farmers are not any too flush in that direction, not around Muleshoe!

JAUNTY JOURNALLETES If gossip isn't permitted in heaven it just isn't going to be heaven for some Muleshoe people.

So far, there hasn't been any report of an absent minded farmer around Muleshoe plowing up his bonus.

An honest Muleshoe business man is one who boosts prices to pay for a new car without claiming that he had to boost them on account of the NRA.

Some folks in and around Muleshoe would try harder if the government would say "Not another nickel; save yourself or starve."

A good many people around Muleshoe are like automobile drivers. They have done their part when they have tooted their horn.

If anyone around Muleshoe still thinks Roosevelt wasn't the leader we need, don't worry, Santa Clause will soon be here.

A successful Muleshoe business man is one who thinks up ways to make money faster than the government can take it away from him.

Pavement Pickups Since Admiral Byrd is taking a cow with him to the Antarctic region, Junior Winn thinks he must be planning milk cream for his coffee and breakfast food.

J. C. Ginn suggests that maybe the reason Roosevelt is appointing so many Republicans to office is because if his program don't work out correctly he can lay the blame on to them.

"All right," says Jack Cox, "go ahead and inflate I always wanted to know what a \$25 hamburger tastes like, anyhow."

With towns around Muleshoe increasing in number in the favor of 3.2, Curtis Taylor says the time may yet come when Muleshoe folks will yet learn how to drink their liquor out of a glass.

S. S. PARTY SAT. NIGHT

Members of the Methodist Sunday school primary classes under direction of Mrs. A. P. Stone and Miss Elizabeth Harden enjoyed a Halloween party Saturday night in the annex rooms.

Most of the juveniles were dressed in costumes and masked enjoying a variety of games until nine o'clock, when apples and stick candy were served them.

Those participating in the frolic were: Jaunita Farrell, Geraldine Taylor, Helen Holt, Nanette and Pat Aldridge, Fae Nell Ginn, Paul Gardner, Billie Pierson, Barbara Mae Morris, Theresa June Pierson and Gayette Farrell.

LEAGUE PARTY GIVEN

A very delightful Halloween party was given Friday night of last week in the Methodist Sunday school annex rooms under direction and participated in by members of the Excelsior and Senior Epworth Leagues, sponsored by Miss Elizabeth Harden and Mrs. Good Harden.

The rooms were appropriately decorated with spoofs, hogobons, etc., in black and orange.

There were 31 present, all in costumes appropriate to the occasion. Games of different kinds were enjoyed until about 10 o'clock, when apples and all-night suckers were served to those present.

Ford MOTOR CO. STEEL VERSUS WOOD The following reprint from the Detroit Times of September 14th, 1932, sets forth graphically the fact that WOODEN railway Coaches are unsafe . . . In a major disaster, on the Erie Railroad, Tuesday night, 15 men were killed, 25 seriously injured. All those killed were traveling in a day coach made of WOOD. That coach . . . was sandwiched in between two heavy cars of STEEL. STEEL Railway coaches protect life and limb STEEL Automobile bodies and roof on highways. The new Ford 40, with its unit-welded body of steel, provides maximum safety to you and your loved ones, in case of an accident. It costs the Ford Motor Company considerably more to build an all-steel body than a wood-and-steel one. But this extra security and safety costs you not a penny more. Take a lesson from the tragedy of the wooden railway coach; let your next car be a Ford V-Eight, and drive it in the comforting assurance that you and your family are the greatest possible protection against the results of road hazards. SHOW LIFE OF CHRIST AT PALACE SATURDAY MATINEE

"Christus," an extraordinary feature 7-reel, hand colored moving picture, depicting the birth, life, death and resurrection of Jesus of Nazareth, will be shown at the Palace theatre, Saturday afternoon.

The film is said to be a wonderful reproduction of the numerous interesting events concerning the historical record of the Man of Galilee while on earth, and will prove interesting, instructive and spiritually appealing.

This big feature photo play coming to the Palace at Muleshoe from the Paschal-Public circuit and the Fox theatres has only recently been completed and is being shown only in the larger cities of Texas.

Special low price concession will be made for admittance so that both old and young may have the opportunity of seeing this remarkable reel showing Saturday afternoon, beginning at two o'clock.

Why Doctors Favor a Liquid Laxative

A doctor will tell you that the care-fullest choice of laxatives is a common cause of chronic constipation.

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowel muscles, and even affect the liver and kidneys.

Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be controlled. It forms no habit; you needn't take a "double dose" a day or two later.

Dr. Caldwell's Syrup Pepsin has the average person's bowels regular as clockwork in a few weeks' time. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go!

Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists ready for use. In big bottles. Members.

"More Love To Thee" was sung quietly by all present.

Mrs. Raney brought the devotional, using Phalm 87 and the Lord's Prayer as her lesson, after which Mrs. A. W. Coker led in prayer.

Ms. Fred Reynolds sang a beautiful selection in keeping with the devotional "Blest Be The Tie" was sung as the concluding number in the auditorium. The ladies were then invited to visit the annex, where they were met by spoons.

When all had been seated each selected a leaf from the witches tree. "Madam Zazel" then read the fortune as portrayed by the leaf selected.

Mrs. Faye Elrod proved herself an excellent mind reader, telling correctly each question asked by the guests present.

Other games were enjoyed, after which spiced cake, topped with whipped cream, and punch were served to all those who were fortunate enough to attend the delightful party.

Mesdames Weaver, Elrod and Wright were on the entertaining committee. Mesdames Stone and Beaver served on the refreshment committee.

Those present were Mrs. Tom Davis, Mrs. I. W. Harden, Mrs. O. W. Haney, Mrs. Ben Tolley, Amarillo, Mrs. G. C. Danner, Mrs. Alex Paul, Mrs. Wallace, Mrs. Leonard West, Mrs. Levi Church, Mrs. C. R. A Halloween Party Witchery and hilarity reigned high last Thursday evening when Prof. and Mrs. C. W. DeWitt entertained the young people's Sunday school class with a Halloween party.

Guests arrived in various disguises, and simulations and conjectures held sway for sometime until the hostess opened a game of dominoes.

Hence, having shuffled off their weird and ghostly aspects, and each having again assumed his mortal guise, the guests turned the evening into one of amusement and gaiety. Several traditional Halloween games and tricks were performed, and various songs were played.

At a late hour refreshments of hot chocolate and cookies were served to about 20 guests, after which all departed expressing their appreciation to the host and hostess for a most enjoyable evening.

Kathryn Wilmann, Edwina Buhman, Floy Goodwine, Ransome Robinson, Gail Willard and Dale Buhman went to Lubbock Saturday night to see the play "Telling Mr. Staged by a group from Friona.

He is greatly pleased with Muleshoe and this section, subscribing for the Journal while in town. It is also understood he is interested in securing the Baptist church pastorate here which was recently vacated by Rev. C. A. Joiner.

WILD BIRDS DESTROY CROPS
Some of the sections in Bailey county, and they are those where the crops are the best, are being devastated by migratory birds, mostly ducks and cranes, which are now visiting this section in vast droves.
For several weeks past these feathered creatures have been making the young wheat fields and the grain shocks their habitual feeding grounds. With the coming of November, farmers can get some favorable results in destruction, as the game season opens. Up to that time there was no alleviation; yet it has been estimated thousands of dollars worth of damage has already been done.

Trades Day should miss these athletic events!
Trading and Swapping
Of course the usual swapping, trading, buying and selling features of the day will be in order, and anyone who has anything of any description to sell or swap is invited to bring it to the grounds where the free services of an auctioneer will be given. Last Trades Day everything brought for swap or sale was disposed of and at good prices, and there was demand for much more stuff.

Everyone throughout this trade territory is urged to take advantage of this eventful day. Drop off all work for that 24 hour period and come enjoy yourselves. Make it a day of real pleasure, of profit in meeting old friends and new acquaintances and taking advantage of the numerous special price offerings of business men made during the day. Come early and stay late!

Beware Sudden Friendships
"A sudden and excessive manifestation of friendship," said Hi Ho, the sage of Chinatown, "should be carefully studied. It is one of the ways in which enmity betrays itself."
