About Our Coaches

All parents that care are apprehensive when it comes to leaving their children in someone else's charge. Whether it's the attendant at the church nursery, a Sunday School teacher, a school teacher, or a baby sitter, we are fearful that they might receive the wrong kind of attention or be neglected. Coaches are no exception.

A fifth grader was heard to say on Wednesday. "He sure is a nice man. I like him for a coach, and I hope he is my teacher next year."

Let's talk about our coaches. If you have a son playing for one of the Seminole coaches, you are indeed fortunate to live in an area where the school system demands nice and decent coaches. We have them here in the Seminole school. One of the nicer things about being on the sideline is hearing the way our coaches talk to their boys. Let me tell you a few of the things.

On a crucial fumble by the Indians recently, the coach told them as they came off the field, "That's all right! We'll get it back." Two plays later Seminole was hitting with such power that they did get it back, and the coach was heard to say, "I told you! Now get in there and do the job." And they did.

Growing up in a high school where a coach cursed and raved, parents here should be most appreciative of the language used by the coaches. The worst language I've heard was on a call where an over-anxious Indian received a personal foul, and the coach yelled, "You sucker". The boy knew he was not talking to him. He was talking to the official.

Another coach put his arm around the boy when he came out of the game and said, "Are you ready to go in or do you need to rest a moment?" And he said, "Yes, Sir". Then the coach told him to rest. About two minutes later the boy rushed up to the coach and said, "I can block him out now." With a pat on the back, he went in and blocked him out.

1st Oil Well

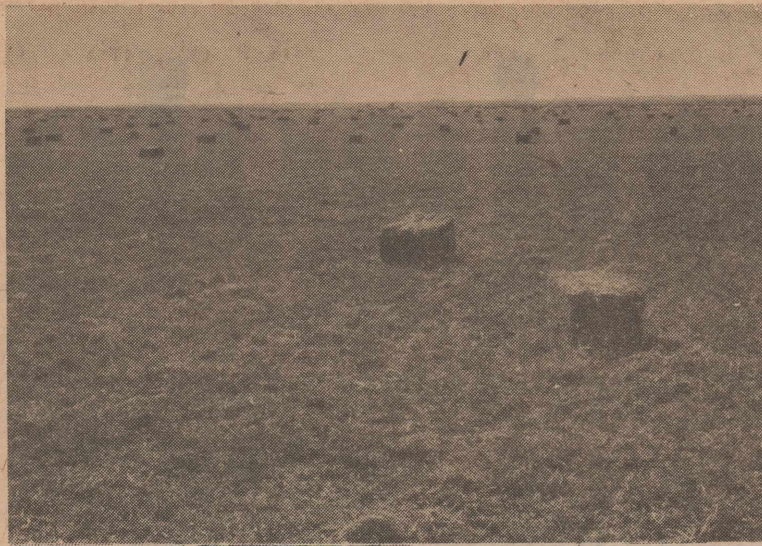

Left to Right-- Robert Bice, J. C. Collins, Jake Harrell, Elmer Six, Kneeling-- Ricky Mantooth, and Lee Caffey.

In 1923 the MacLindsey #1 was drilled 23 miles east of Seminole. This was the first oil well drilled in Gaines County. They quit 200-300 feet too soon. It was a dry hole. Note the smoke coming from the boiler of the old steam rig. There was a long belt that traveled from the steam engine to the rig itself. Notice the eight cars, all soft tops except two. All cars then had running boards. The two women on the extreme right are standing with their heads in the car and are standing on the running board. (It looked sandy then. - - Thanks Babe Howell.)

There were thirteen dry holes drilled in Gaines County before they found oil. It was complicated drilling as the gates gas gave drilling contractors so much trouble. Upon hitting a pocket of this type of gas, it would blow the tools out of the hole. Finally, when they started using a rotary rig, they could drill successfully.

For several years they produced from the old Seminole field wells making about two hundred barrels a day. A driller that made a mistake on his depth marking and drilled into the pay made Seminole a boom town. These first good wells would produce 4000 to 5000 barrels a day. Many people lost their money before oil paid in this county. We are especially grateful to them for their findings because it built good roads, good schools, and paid the major portion of our taxes.

NEWS FROM

TEXAS FARM BUREAU

Adoption of policies to guide the Texas Farm Bureau in 1968 will be the highlight of the organization's 34th annual convention here Nov. 12-15 in the Terrace Motor Hotel Convention Center.

Texas Farm Bureau President, C. H. DeVaney of Waco, will give his annual address Monday morning. The annual report will be given by TFB Secretary - Treasurer, M. F. (Mike) Frost of McAllen. Craig Thomas, executive assistant to the president of TFB, will make an administrative report. A recognition program that morning will honor county Farm Bureaus with outstanding achievements in membership acquisition, public relations and farm safety.

DeVaney is calling on county Farm Bureau to muster grass roots support for reductions in federal spending on "non-essential" programs.

The TFB leader quoted from Farm Bureau policy on the matter which reads: "Deficit spending by the federal government is a prime cause of inflation. We urge the Congress to take effective means to bring federal spending under control. Now is the opportune time to re-evaluate the worth and effectiveness of the many new centralized spending programs."

DeVaney said also that the American Farm Bureau Federation board of directors, of which he is a member, last month adopted the following policy as a current interpretation of Farm Bureau policies on taxes and spending:

"We oppose any increase in federal taxes that is not matched by a

prior and equivalent reduction in government expenditures. We do not believe that it would be sound fiscal policy to increase taxes to sustain or expand the present excessive level of federal spending. We cannot in good conscience associate ourselves with those who would support a tax increase in the name of

Mr. and Mrs. Joe Shrum returned recently from Livonia, Louisiana, where they visited Joe's brother, Mr. and Mrs. C. F. Shrum and nephew, Mr. and Mrs. Ronnie Shrum. Their nephew, Glenn Shrum, who had spent the summer with them, returned home to Livonia. Mrs. Josie Henderson accompanied the Shrums as far as Jennings, Louisiana and was met by her daughter, Mrs. Billy Roy Kelley, whom she visited in Lake Arthur, La. Upon the return trip, Mrs. Henderson stayed in Abilene for a visit with another daughter.

fiscal responsibility while at the same time promoting programs which, if adopted, would result in a budget deficit even worse than the one now in prospect."

In Gaines County today there are 12,000 acres of hay. Shown above is a tractor and baler as it picks up the windrow of alfalfa.

Maybe some of us can remember the days when 200 bales was a good day's run. This motor driven machine will bale that much in an hour.

SOIL CONSERVATION

Management of small grain is important to every farmer who plants small grain as a cover crop or cash crop in the Gaines-Andrews Soil & Water Conservation District.

Small grain planted in the district does require plant food and water. It can only be obtained by fertilization and irrigation. The best time to fertilize is at or before planting with a base fertilization and top dressing in the spring. This gives quick growth for a good green manure crop or for seed production.

NEW RATE INCREASE PIONEER NATURAL GAS EFFECTIVE NOVEMBER 15, 1967

Gas used for domestic and commercial purposes after November 15, 1967, will be billed at a new rate by Pioneer Natural Gas Company. In June, the Company applied for an 11.5% increase in rates in the West Texas service area, and by late September all of the cities and towns had approved the new rate.

Since it began serving the area in 1928, Pioneer has applied the same rate in the West Texas service area, and this new rate will become effective in all cities and towns simultaneously.

The new tax will be 3% of the gross receipts, rather than the 2% which had been paid previously. This tax is in addition to local ad valorem taxes, and sales taxes and the gross receipts tax paid the State.

There will be no change in rates for gas used for irrigation or other classifications of consumers.

LOW COST PRODUCTION... the reason more hogmen feed PURINA

Guests on the Joe Seagler T.V. show Tuesday morning are shown pictured left to right--seated, Dr. Martha Madson, Mrs. Jerry Walker and Mrs. Charles A. Simmons; standing, Joe Keyser, Mrs. Tracy Cockrell and Joe Seagler. The guests were representing the American Cancer Society. Joe Keyser is a volunteer district director for District Two. This district includes Gaines, Midland, and 17 other West Texas Counties. Of these 19 District II counties, 13 have active organized American Cancer Society Units. Gaines County is presently considered unorganized. Plans are being made for a society in Seminole.

The Texas Farm Bureau has filed a brief in support of the landowner in a Texas Supreme Court water case involving an oil company's use of underground water for oil recovery.

Hearing on the Sun Oil Co. vs. Earnest Whitaker, et al., water case from Hockley County began October 25. The suit was brought by Sun Oil for an injunction against alleged efforts by Whitaker to prevent the company from using his water, without due compassion, for water flooding purposes. Sun Oil contends it has free use of the water under a mineral lease agreement with L. D. Gann, owner of the mineral rights to the land.

The TFB brief said the organization is vitally interested in the conservation of an adequate water supply for irrigation purposes in the Texas High Plains area.

POLICE REPORT

October 22, 1967 - Aggravated assault, beating reported after a drinking party.

October 21, 1967 - Clothes stolen from Joe Ortiz - \$158.78.

October 24, 1967 - Worthless check given Charles Nance - \$546.90.

Felony theft - \$100 worth of tools recovered and given to J. A. Benthall.

On October 30, 1967 - One pump and gear-head from C and F Farm, reported by Roy Cypert - \$3200. Recovered, and moved by mistake.

October 29, 1967 - Stolen from Glenn Minnick, S.W. part of county, one TV, \$175.

October 28, 1967 - Stolen from Bandy's Grocery Store safe containing records, stamps, change estimated at \$800.

Four juveniles released to juvenile authorities.

"This is, in fact, an all pervading concern in this area of the state where the exhaustion of the underground water supply has the irrevocable and inevitable effect of turning vast areas into desolate wasteland no longer usable for agriculture or any other purposes beneficial to man," the brief declared.

The brief further stated that "considerations of public policy dictate that economic development should not be sacrificed in the interest of private monetary gain, particularly where feasible alternatives exist which make the latter possible without imperiling the public interest." See P. 7

JUNIOR HIGH SCHOOL FAVORITES

The Seminole Junior High School announced the seventh and eighth grade favorites for this year.

The favorites selected for the seventh grade were Angela Shepherd daughter of Mr. and Mrs. John Shepherd of 608 S. W. 17th Street, and Mel Nelson, son of Mr. and Mrs. Dwight Nelson of 305 N. W. Avenue I.

The favorites selected for the eighth grade were Darlene Ogle, daughter of Mr. and Mrs. Wesley Ogle of 1411 S. W. Avenue B, and Frankie Calderon, son of Mr. and Mrs. Yrenio Calderon of 614 N. E. Avenue C.

"It only takes one counterfeit Christian to put them all under suspicion."

There will be a Petroleum Engineers Meeting in Lubbock on November 16-17, 1967. There will be more information concerning this meeting at a later date.

The Chaparral Porcelain Art Guild is having a china sale at the Ramada Inn, Hobbs, New Mexico, on November 4, from 11 a. m. to 6 p. m.

Members from Lovington, Roswell, Carlsbad, Loving, Artesia, Seminole, Hagerman, and Hobbs will bring their hand-painted china pieces for the sale. The proceeds will be donated to the club by each member.

Everyone is invited to the china sale, as there will be a nice selection. This being the only sale scheduled for this year, you will have to contact one of the individual china painting artists to buy china later on.

Pictured is Mrs. Leeman Jones, china painting teacher of Lovington in her class with Mrs. Charles Gay, Mrs. O.B. Smith, and Mrs. Charles Cope.

Another coach has a chant, "Come on a 'baby, come on a 'baby, come on a 'baby, come on a 'baby. With a movement of his finger he places his men on the field.

Another coach says over and over to his defensive men, "Make them cough it up. Make them cough it up. Make them cough it up." (Referring to the football.)

All of them are concerned about a boy that's hurt. A lot of parents and fans get so unhappy at the coach because he seemingly has little concern a lot of the time for an injured player when he is brought off the field. Most every time the coach knows that he has just had the breath knocked out of him or something else has happened to him that he knows about, and that he will soon be back in the game.

Some fans have said that this coach or that coach gets so excited that he doesn't know what he's doing. But for our part, we want coaches that are fair, honest, concerned, and who can get excited enough to enjoy a good battle - - one who gets so excited that the players catch fire from him.

The Seminole coaches are this kind of coach!

FRESHMEN DEFEATED BY LAMESA

The Seminole Freshmen played their second round game with Lamesa here last Thursday night and lost 6 - 0. The

Freshman played an outstanding game but were unable to overcome their own mistakes.

It was not until the middle of the third quarter that the Freshmen defense allowed Lamesa to cross its goal line for the six pointer. Lamesa tried to make a two point conversion but were unable to pick up the three yards needed, and the score remained 6 - 0.

The Freshmen missed at least two scoring opportunities due to fumbles but they did move the ball well all night.

Defensively the Freshmen played an outstanding game. Standouts for Seminole were Everette Haller, Gene Sims, Steve Nelson, Lavern Bennett, and Bobby Presley.

The Freshmen play in Kermit next Thursday at 7 o'clock.

Mr. and Mrs. Tommy Roberts and family were in Abilene Saturday and saw their son, Kenny, play in the game between A.C.C. and Eastern N.M.U. Kenny is a sophomore end and is a graduate of Seminole High School.

Mrs. Vera Faye Hill and Sammie Lou were in Lubbock, Saturday, shopping, and also saw their kins - people.

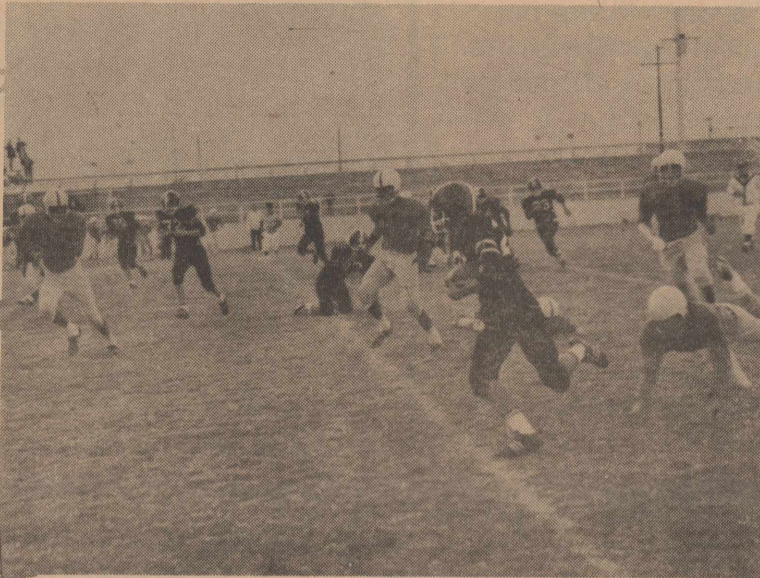

Mr. and Mrs. J.B. Dyess and Loretta spent the week-end in Canyon. They attended the homecoming activities at West Texas State University, where they visited their son, Jimmy, who is a student there.

Miss Jo Gatewood was home this weekend visiting her parents, Mr. and Mrs. Harvey Gatewood.

• **LET'S ALL GO TO THE BIG GAME!**

The following story was taken from the April 11, 1926 edition of THE SPANISH DAGGER.

LOYALTY TO YOUR SCHOOL

"Be loyal to your school." This is a phrase that every pupil should follow. Everyone should know the full meaning of school loyalty. It means to be faithful to your duty, to your teacher, and to your school.

Every student should bring up his lessons on time each day. To do this requires so many hours of regular home work.

Don't be a slacker or a parasite--anyone with ambition doesn't want to be one of these. Any person can be a slacker or a parasite, because to be one is to follow the line of least resistance. It takes will power and strong constitution to be loyal all the time, but grit your teeth and say, "I'll conquer!"

Each pupil in school should enter every literary or athletic event that he can or is qualified for in the Interscholastic League work. If he is not able to enter the games or literary events he should at least be on the side lines encouraging the players and athletes to their utmost. In this he will be doing his part to help win the games.

Be loyal to your school.

CLUB NEWS

LIONS CLUB

Members of Lions Clubs throughout Texas this month are pausing to pay recognition to their camp for crippled children which has given over ten thousand handicapped youngsters a new dimension of freedom since it was opened in 1953.

The camp, located at Kerrville in the Hill Country of Central Texas, is free to crippled blind, deaf or mute children of Texas from the ages of seven through sixteen. The 17 permanent buildings and other improvements dotting the 504 hill-side acres represent an investment of more than \$700,000.

At the camp, these youngsters who have been denied a normal childhood through no fault of their own learn to shed their shyness imposed by their handicaps. By mutual association with other handicapped children and by skillful and gentle counseling, these youngsters have found the freedom to grow, mentally and spiritually, into useful citizens of tomorrow.

While the Lions are paying tribute to their camp, we would like to pay tribute to the Lions and their friends who have supported this great venture of the heart. We know a man never stands so straight as when he stoops to help a crippled child.

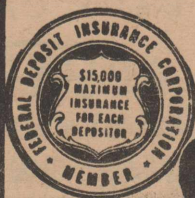

Mr. and Mrs. V. N. Keyes were in Albany over the weekend visiting his mother, who is in the hospital there. They report she has improved.

FABULOUS HOOTENANNY

Under the direction of Miss Karen Hausenfluke, high school choir director, some one hundred and thirty students and teachers combined their talents to present a spectacular hootenanny at the M. S. Doss Youth Center following the football game with Andrews last Friday night. A full house of students and visiting parents, all happy from the just concluded victory over Andrews, was on hand for the entertaining production. Members of the youth center Senior Advisory Board served as sponsors for the function, and hot chocolate was prepared by the Busy Bees Chapter of the Home Demonstration Club.

Mollie Melone got the hootenanny underway with a rousing piano rendition of "The Maple Leaf Rag" and for the next hour and a half the parade of talent was continuous.

Four folk groups sang and played such favorites as "Where Have All the Flowers Gone," "Blowin' in the Wind," "Frankie and Johnny," "Barbara Allen," "Five Hundred Miles," "The Very Last Day," and "Rocka My Soul."

The Intermediate High School Choir, forty-five voices strong, sang the charms of "Cindy" and the like-sized A Capella Choir performed the Rodgers and Hammerstein favorite, "Oklahoma," and "I Hear a Voice A Prayin." The A Capella boys were given the spotlight to tell the story of "Bill Grogan's Goat."

A girls folk group consisting of Robin Hughes, Linda Aryain, Terri Brown, Connie Golden and Susan Sanders added a breath of originality to the popular "Blowin' in the Wind" by substituting amusing lyrics of their own composition.

Mrs. Glen Sullivan, high school librarian, sang "I Don't Work For a Living." She was accompanied on the guitar by Joe Coffman. The Mothers Brothers, with high school band director Sammie Robertson on the banjo, and junior high band director Jerry Roe playing bass, gave their crowd pleasing versions of "Laredo" and "Waltzing Matilda." They also joined with several of their students in a group called the Marijuana Brass to take the crowd for a ride in the "Tiajuana Taxi." Miss Hausenfluke, in addition to directing several groups in their performances, additionally donned a costume to become Phony Joany and do a take off on the controversial folk singer, Joan Baez.

This was a big hootenanny, it was a big success, and overall it was quite a big night for both football and music in Seminoke.

Seminole Rips Andrews, 21-12

Victory is always so much sweeter when an Indian was hanged in effigy on the flag pole, when Mustang tracks appeared in front of the high school, and a big A appeared burned on the football field. Seminole came away with a well-earned 21 - 12 victory over Andrews. Seminole only completed three passes - one was good for a touchdown from Ray to Kuykendall .

Larry Cottrell had one of his finest nights filling in at quarterback, catching an unbelievable pass and returning a 69-yard runback on a punt. This gave the Indians a 14 - 0 lead after Anderson kicked his second point of the night and made a good effort to come back after the half. Andrews continued to scare Seminole as they kicked two field goals and tried a third that would have made the score 15 - 14 in favor of the Mustangs had it been

successful.

The Indian defense was great forcing Andrews to punt or try for a field goal. Larry Cottrell made a great catch in the fourth quarter, dooming the last chance for Andrews. Ray threw, a Seminole boy touched the ball, a defender knocked it further up in the air, and Cottrell juggled the ball two or three times before squeezing it for the third touchdown.

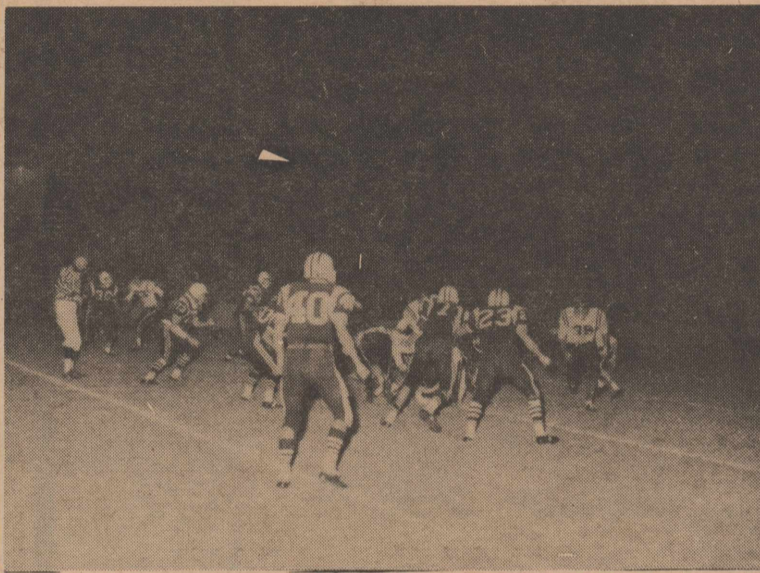

The play was rough and Seminole received near 100 yards in panalties.

The Indians wanted to win so bad they were over-anxious. They played to win and they deserved to win.

Junior Franklin, No. 40, Bobby Spencer, No. 23, Steve Haley, No. 30, and Larry Cottrell, No. 11, show the power of the Seminole defense as they make ready to stop Andrews.

Seminole scored its first touchdown as Mickey Ray threw to Kuykendall to give Seminole a 7 - 0 lead.

Latch on, C.J., and get that man!

SCENE FROM TEN LITTLE INDIANS

The Junior class play, *Ten Little Indians* by Agatha Christie, will be presented this Friday night, November 3, at 8:00 p. m. in the Seminole High School auditorium, under the direction of Coy L. Sharp, SHS Drama Director.

"Ten Little Indians" refers to the statuettes on the mantelpiece of a country house on an island near the coast of Devon, Massachusetts, where the play opens, and to the rhyme above them citing the story of each Indian's death until there were none.

To this house eight guests are invited: Vera Claythorne, Mrs. Owen's secretary, played by Vicki Ray and Captain Philip Lombard, once an Army officer, played by Ronald Dunn.

Randy Cole portrays Anthony Marston, a rich, spoiled young man; Lynn Blackmon is William Blore, the flat-footed, awkward detective, and David Thompson plays General McKenzie, an old soldier.

Teetotaler and spinster Emily Brent is played by Laren Holler; Danny Haller portrays Judge Lawrence Wargraves; and nerve specialist Dr. Martha Armstrong is played by Mary Jo Smith.

None of the guests know each other or their host. Neither the housekeeper, Mrs. James, played by Beth Tumlinson, her husband, the butler, portrayed by Richard Jones, or Randy Cole, the boatman Fred Narracott have met their employer.

Before dinner, each person is accused of murder by a voice in the air. Afterward, each time a statuette falls, someone is found dead.

The play continues as terror and suspicion grow until there were none????

Behind the scenes and overseeing the technical aspects of the play is Linda Routh, stage manager. Bruce Williams directs the set construction while Paula Phillips and Sandra Kidd comprise the set decoration crew.

In charge of lighting are Joe Coffman, chairman, and Mike Locke. The make-up crew consists of Linda Martin, chairman, Pat Jocoy, and Sharlotte Stephenson.

Lilah Leigh Gainey, chairman, Mollie Melone, and Teri Hassell are in charge of costumes.

Programs are the concern of Charlotte Garner. Kathy Pierson, chairman, Linda Teston, Linda Kelley, Debbie Love, and Linda Watson take care of the props.

Mr. and Mrs. J. W. Satterwhite are among several Seminole merchants attending the market in Dallas this week. Flo's is owned by the Satterwhites.

MAIL EARLY FOR CHRISTMAS

Postmaster Jewell F. Cobb today issued a reminder list of mailing dates for Christmas gifts and parcels.

The Seminole postal official said that these are final deadlines suggested by the Post Office Department to make sure that all mail is delivered on time.

"If the public mails on or before these suggested deadlines," Mrs. Cobb explained, "there will not be a last minute jam up in the mail stream caused by a massive influx of mail which will be more than the already over-burdened postal system can handle."

"We are asking that the public cooperate by shopping early, mailing early and using ZIP Codes to encourage the most efficient Christmas postal operation ever."

The Postmaster noted that special attention will again be placed on the delivery of mail to servicemen in Vietnam and the surrounding area, and encourage the use of APO and FPO numbers on all overseas military mail.

The deadlines for mail to all members of the Armed Forces abroad are:

Gifts weighing more than five pounds sent by surface postage rates.....November 11

Gifts five pounds or less, plus letters and greeting cards sent at surface rates (these go by air on a space available basis)..December 1

BEES BOW IN DEFEAT

The Kermit B-Team outclassed the Seminole Bees in their Thursday game 15 - 12.

Seminole played especially a good second half. Kermit scored early and led 8 - 0, but with a lot of time left in the first quarter, Seminole on a sustained drive missed their extra points to make the score 6 - 8. Ronnie Dunn led the way with one 63-yard gainer on a pass play from Danny Whisenhunt. Ricky Thornbury went for eight yards, Dunn for another six with the quarter-back making the final ten

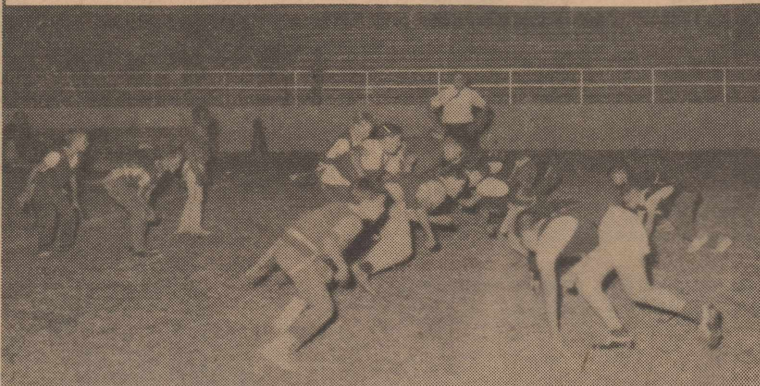

for a touchdown. Kermit scored again before the half, kicked the extra point to make the score 15 - 6, but Ronnie Dunn was not through. He carried one time for 30 yards which led to Seminole's second touchdown. Final score was Seminole 12 and Kermit 15. On defense in the second half, it was Ray Hitch one time, Harry Wallace the next, Joey Hollis again and again, along with Randy Barnes. They played a good second half.

The Seminole Elementary fifth grade beat the F. J. Young Elementary fifth grade 6-0.

The fifth graders had their own cheerleaders.

One little boy said, "I sure am glad we don't have cheerleaders for our team because we couldn't even play with them yelling like that." Another little boy said, "We do have!!" The other little boy said, "OH!!! NO!!".

Some of our readers asked that we take a picture of a real cotton picker.

This shows the two women as they are picking.

The two men in this picture, Homer Montaluo and Joe Montaluo, are ready to weigh up as they have their sacks full.

The young man is holding a sack open showing where the cotton goes.

"The thing you fear the most never happens."
