V.N. Keyes

Virgil N. Keyes, Seminole High School Principal, was honored during the 1967-68 Regional T.E.P.S. Conference (Teachers Educational Professional Standards) in San Antonio by being asked to give an hour program.

The eight regional conferences this year will take the place of the national conference. The program this year: Emphasis: "The Teacher and His Staff." He further stated that his subject was "Nongraded High School English-- Grades 9-12."

The program this year was sponsored by The Texas Education Agency, The Southwest Educational Development Laboratory, The Inter-American Educational Center, Region XX, and the National Commission on Teacher Education and Professional Standards, National Education Association of the United States for 400 invited guests from Texas, Oklahoma, Louisiana, and New Mexico.

His lecture covered 45 minutes with a 15 minute question and answer period. Others stayed longer.

"Each of the speakers had to have pass out material. I passed out 19 pages of material that covered a great deal of my talk, 425 copies."

In the materials handed out the following were listed:

Purpose: To provide the best program possible in the language skills for each individual student.

Goals: 1. To develop the reading and writing skills of each student to the point that he can read and write well enough to be able to continue his education in all areas to the level desired or needed.

February 5 Is Deadline For Political Filings

Joe Anderson stated that the following had paid their filings and February 5 is the final deadline for political hopefuls to file in the

Time is slowly running out for 1968 Gaines County Political Aspirants. Both primaries will be held on Saturday, May 4, with the general election to follow in November. Those paying filing fees for the Democratic Primary: 1. Travis Bagley, Commissioner, Pct. 1; 2. W. E. Cox, Justice of Peace No. 1, short 2 year term; 3. Mary Baldwin, Tax Assessor and Collector; 4. Lawrence L. Barber, Jr., County Attorney; 5. B. C. Norton, Commissioner, Pct. 3; 6. George Hansard, District Attorney; 7. William H. Evans, Lubbock, Board of Education; 8. George Mahon, U. S. Congressman.

Filing fee for the Republican Primary has been paid by Joe Smith for County Attorney.

Jimmy Knisely, Republican County Chairman reports that voting places are being set up and locations are to be reported later.

Filing for County Attorney late Tuesday afternoon was Jerry Paquin.

One Car Wreck

A 1966 Buick Wildcat in which Charles Malcolm, 15, Earl Bennett, 14, Tommy Boyd, 17, the driver, Barbara Marion, 14, Sherri Blackmon, 14, and Marsha Wakefield, 14, were riding last week. The car was a total loss after turning over apparently twice. Marsha Wakefield is in an Amarillo hospital, and the full extent of her injuries is still not known. Sherri Blackmon is in the Memorial Hospital, Seminole.

INVENTIONS, I LOVE THEM-- INVENTIONS, SOMETIMES I HATE THEM --

A man once coined a phrase, "What this country needs is a good 5¢ cigar," and another "What this country needs is a good 5¢ ride," and I would like to add number 3, "What this country needs is a good light bulb."

I appreciate the discovery of electricity and enjoy using the 56 light bulbs in our house. (Before you say too much about the 56 bulbs, be sure you count the ones on the stove, sewing machine, sweeper, and on and on.) Add to those bulbs your dishwasher, cook stove, deep freeze, disposal refrigerator and sweeper.

Then take the coffee pot, heater, washing machine, clothes dryer, hair dryer, iron, television, radios, heaters in baths, electric clocks, to mention a few.

Also, controlled heating, mixer, exhaust fan, air conditioner, electric blankets, hair clippers, razors, and record players. There are others that we haven't burdened ourselves with: can openers, tooth brushes, toaster, deep fryers, grills, electric knife, and projectors.

No wonder we can't make a living---we can't keep all these things up. Mama works and Grandma has to cook. Next week-- the problems of repairmen.

GIRL SCOUT CABLETHON

Don Mansell, owner of Seminole Cable T. V. will furnish the facilities for the Girl Scout Cablethon on Saturday, February 3, at 12:00 noon on Channel 3.

The Girl Scouts will kick off their fund drive this year with the Cablethon. Performing will be several bands, groups, and individuals.

The high light of the day will be a drawing for a 1950 Plymouth. A 3 pound box of Russell Stover Valentine Candy with a Pearl Drop Necklace, a \$15.00 gift certificate and a record of your choice will also be given away.

The Permian Basin Girl Scout Council covers 16 counties. It provides help and support to girls in 18 towns and communities. The over-all budget is \$74,400.00, of which Seminole is to raise 2.12% or \$1,617.00.

Seminole Girl Scouts are active the year round with cook-outs, Day Camp, Daddy Date Night, the Christmas Parade, and a Mother's Day Tea. They learn about civic affairs, cooking, good grooming, music, books, pets and have many other activities.

There are 159 registered girls and 24 adults in the Seminole area.

Co-Chairman for the Fund Drive this year are Mrs. Glenn Martin and Mrs. Russell. Anyone wishing to send in their contribution may do

The B team fell behind five points as the clock indicates and was never able to overcome it.

The Seminole Bees lost a thriller to Ft. Stockton by three points Friday night and came within one point of them in the final part of the game with the score 50 - 51.

McDonald again led the Bees with 18 points, Danley and Hatley had 12 and 11. Haley had 5, Lock had 1 and Whisenhunt had 3.

If the B team and their coach are trying to play a close game to make it thrilling they are surely accomplishing their purpose.

Not enough hands to keep it from going out of bounds.

B TEAM DEFEATS KERMIT 64-45

At Kermit last night the B Team really made a good showing defeating the Kermit B Team by 19 points. Seminole scored 11 points the first quarter, 10 the second, 26 the third, and 17 the fourth. Steve Haley was high point man with 16 points, followed by Mike McDonald who had 12. The final score was Seminole 64 and Kermit 45.

FRESHMEN

Miller goes high in their win over Denver City.

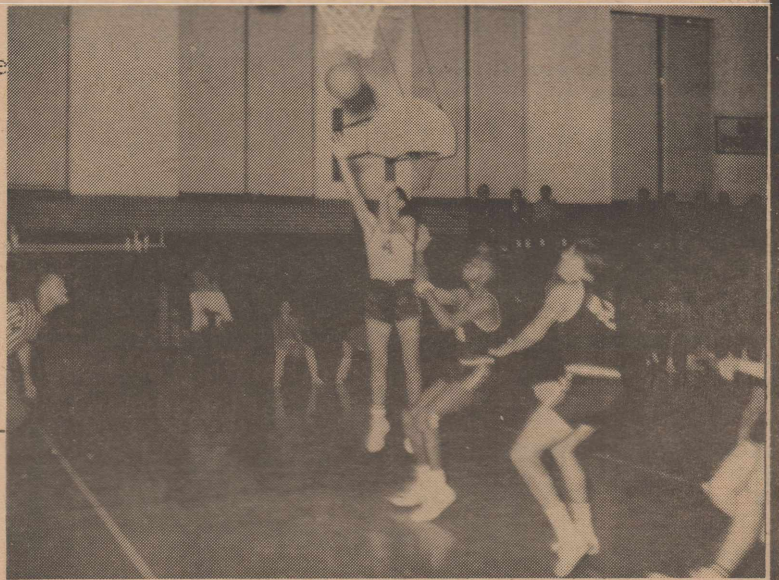

The Freshmen A Team lost their fifth game of the season to Levelland 75 to 60. The Freshmen had a good shooting night but could not match the 70 plus shooting percentage of the Loboes.

Scoring went like this: Sims had 24 points, Gonzales had 11, Pendleton had 7, Hearne had 7, Bennett had 9, and Baker had 2.

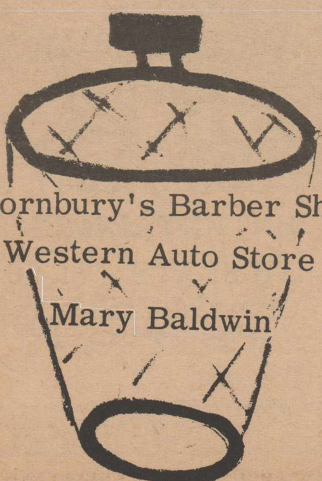

The Freshmen B Team lost their second game of the season to Levelland last Thursday in Levelland.

They scored only 7 points in the first half as they had their coolest game of the year. Final score was Levelland 57 and Seminole 27.

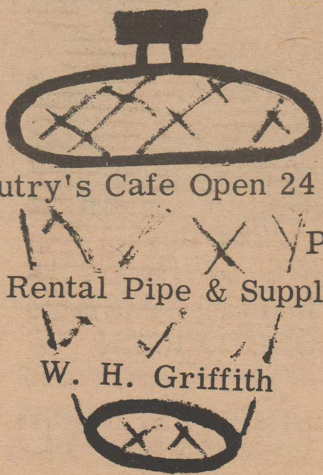

Scoring leaders were: Holbrook had 9, Satterwhite had 7, Partain had 5, Mabry had 4, and Barker had 2.

It takes a lot of patience for a coach to have a tournament with 10 teams. Such a tournament is in progress now at the F. J. Young Elementary School. Mr. Hicks is coaching and calling. Other teams in it are: Raiders, Demons, UNCLE, Chargers, Kasos, Bright Guys, Good Guys, Undertakers.

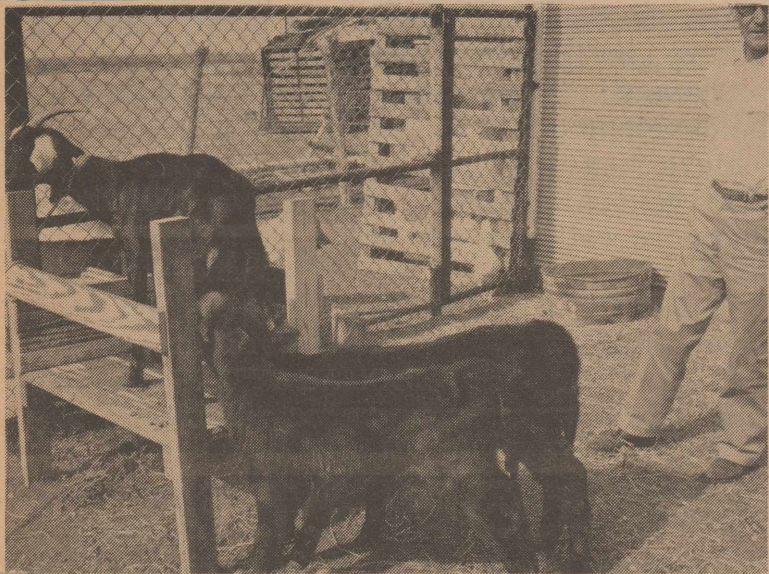

HEMISFAIR

HemisFair '68 is off the ground in a big way. The five-story top of the Tower of the Americas is being lifted to the dome of the 622-foot structure, and the Swiss Skyride is in operation.

Both events point to the thing that everyone has begun to believe. The World's Fair is not far away.

With the turn of the New Year, the realization that the April 6 opening was just around the corner became evident. That was when people stopped referring to the \$156 million spectacular as the World's Fair that "will be held next year."

The Swiss Skyride began operation December 23, and met immediate success. A total of 5,700 persons took the 10-minute aerial tour across the grounds during the Christmas weekend alone.

These two Angus calves are simply getting their dinner. One of the mothers died, and the other calf belonged to a two-year-old heifer that would not claim her baby. The mother goat was pressed into service. The babies are one month old and doing well. The owner is Jim Rash. This is one good way to raise motherless calves.

After all, this milk is homogenized.

2. To provide a program that will challenge each student, yet one that is not so far beyond his level of achievement that he becomes discouraged or lost and one that is not below his level of achievement to the point that he is bored.

3. To provide a flexible program so that the individual student can advance to higher levels of achievement or be placed on a lower level of achievement whenever such change is indicated at any time during the semester.

Literature Study: The goals in teaching literature are the same as those set forth in Bulletin 615 from The Texas Education Agency.

In regard to reading lists, it is not intended that all students study all the works listed. Classroom sets of certain books are available and are studied by the entire class. The higher the phase the more independent reading the student is expected to do. A much greater depth of study and discussion is expected of the Phase Four students than of those in lower phases. Some of the books on the reading lists for the various phases might be too difficult for some of the students, but it is so intended. Some books of this type are on the lists for the ambitious student who might want to read them. Especially is this true for the Phase Three students, many of whom will be going to college.

During the four year span that a student attends high school he will study all areas of literature that are normally covered under a conventional program. In 1965-66 units of study were composition, fiction, non-fiction, and poetry, with emphasis on the works of English writers. In 1966-67 the units of study were linguistics, the American novel, Shakespearean drama, and mythology. Units for 1967-68 are grammar and rhetoric, the short story, contemporary drama, and poetry. The final year of the four year program will have units on the foreign novel, classical drama, research techniques, and mass communications.

The materials also covered Composition Study, Language Study and Levels of Instruction. Under Levels of Instruction was discussed:

Phase I: The work on this level is remedial reading. The achievement level is well below normal, and students working in this phase are generally below the 20th percentile in achievement on nationally standardized tests. These classes are small, and the instruction is individualized. It is a laboratory situation with each student working on his own level on materials of interest to him in an effort to raise his reading ability to the level necessary to do satisfactory work in English and other areas of study. As soon as his reading level is satisfactory, he is moved to Phase Two.

Phase II: These classes are concerned with the development of the basic skills. The achievement level is below average with students generally ranking between the 20th and 40th percentiles on nationally standardized tests.

Phase III: These classes are designed for those students with an average background in English. Normally, students on this level will rank between the 40th and 70th percentile on nationally standardized tests.

Phase IV: These classes are designed for extremely well prepared students desiring education in depth. Students working on this level will generally rank above the 70th percentile on nationally standardized tests and will be quite mature in their attitude toward education. Although the units of study are the same as those in Phase Three, the depth of study is much greater.

Phase V: These courses are available to

NEW EQUIPMENT has been developed by the Dow Chemical Company to do a better job of fumigating Plains cotton fields to control nematodes. The rig, shown here, uses knives to deposit chemicals in the soil before planting. Fumazone 86 soil fumigant flows through tubes to metal pipes at trailing edge of knives. Chemical is dropped into soil at depth of 10 to 12". The Dow Soil Injection Knife rig can be purchased as a complete implement, mounted on its own tool bar and complete with rubber-tired wheels for roading, or a farmer may buy shanks, knives, and callibration unit and use them on his own tool bar. Cost can vary from \$75 to \$350. Rig is manufactured in Lubbock for Dow by Prior Products, Inc.

The Gamma Lambda Chapter of the Delta Kappa Gamma Society met in Plains, Texas, January 25 at 7:00 in the elementary school cafeteria.

The president, Mrs. G. W. Shelley, conducted the installation service for Mrs. Virginia Kennedy, Mrs. Grace Tippitt, Plains and Mrs. I. Nell Lancett of Seminole graves.

The program, "Today's Identity Crisis" was led by Mrs. I. Meador. Its objective was to identify our personal values. It was an all member participation program.

Those attending from Seminole were Mmes. Dave Anderson, Julian Gady, C. M. George, V. N. Key, Floy Purvis, Bruce Story, J. C. Straw and Mrs. Nora Sa

students who are willing to assume responsibility for their own learning and pursue college level courses while still in high school. Students working on this level are expected to achieve above the 85th percentile on nationally standardized tests and to be diligent workers. Those students working on this level are expected to take advance placement examinations on entering college.

Suggestions found in the Advanced Placement Program are used as the guide lines for the course as a whole.

Three teachers are involved in the actual conduct of the course, with the teacher of the chosen area being responsible primarily for direction of the individual programs. The other two teachers will be required to grade written work and evaluate oral presentations and examinations.

Under each Phase is given suggested reading material for that phase.

Students in Seminole High School, parents of students, and those that are interested in education should express their gratitude to Mr. Keyes to his high school teachers, Mr. Bramlett, and the trustees for their time, their plans, and the many many hours of hard work put into this program.

Mr. Keyes has been invited to speak in Tahoka February 14 and no doubt will be invited to many more places to speak for a job well done.

Also attending the conference were Superintendent James Bramlett and Director of Curriculum and Special Services John D. Thompson.

Mrs. Evelyn Fowler, driver of this 1967 Olds, was traveling east on Avenue D and Eleventh when struck by 1965 El Camino Chevrolet driven by Danny Lee Autry. Apparently the sun blinded Mrs. Fowler at 8:13 a. m. or she neglected to stop at Eleventh, resulting in the collision. Damage for both cars was estimated at \$950.

LIONS TAKE APPLICATIONS FOR CAMP

Applications for a summer vacation full of fun for handicapped children in the Seminole area are now being accepted by Members of the Seminole Lions Club.

This unique Texas Lions Camp for Crippled Children at Kerrville will open its first two-weeks session Sunday, June 2, 1968. Five Sessions will be held this summer for youngsters from seven through sixteen years of age.

The Camp is free to eligible blind, deaf, mute or crippled children. Transportation to and from the Camp is supplied by the Local Lions. All requests for summer camp are handled locally by Lions.

For more detailed information about the Camp, you are urged to contact Hyle C. Doss of the Seminole Lions Club at 758-2589 or 758-2135. In the past years, Lions have sent over 10,000 youngsters to Camp.

Pornography Discussed in Meeting

In a Monday night meeting at the Gaines County Courthouse, interested persons met concerning LEWD AND OBSCENE reading material being sold in our town. Approximately forty-five persons were in attendance. This was the second meeting of this nature and another will be held Monday evening, February 5, 1968, in the District Court Room at 7:30. Everyone, including ladies and wives of interested men, are asked to attend.

It was pointed out the necessity of an organization of citizens of our community be set up for the purpose of aiding the prosecuting authorities to eliminate this type of material. The material in question, it was further stated, was not good for mature adults much less for the younger and our children.

The following men were asked to serve as a steering committee with Joe Smith, local attorney, as temporary chairman, Jim Savell, Howard Deen, Dr. E. M. Wright, Dan Cocke, and Jim Kennedy.

"Every interested person in this community is asked to check the news stands where they trade for such literature and the name and author of such book be given or called to the attention of this committee.

Article 527-509, Section II. Whoever shall knowingly offer for sale, sell, give away, exhibit, televise, or otherwise distribute, make, display, or exhibit any obscene book, magazine, story, pamphlet, paper, writing, card, advertisement, circular, print, pictures, photograph, motion picture film, image, cast, slide, figure, instrument, statue, drawing, phonograph record, mechanical recording, or presentation, or other article which is obscene, to a minor shall be fined not more than Two Thousand, Five Hundred Dollars (\$2,500) nor imprisoned in the county jail more than two (2) years or both.

A local groceryman said, "We welcome such a committee. Sometimes people that work our magazine racks will leave them without your knowledge, change covers, or other things to get them back on the shelves without your knowledge."

If you are interested in belonging to this organization, make the Monday night meeting.

Cagers In Big Loss

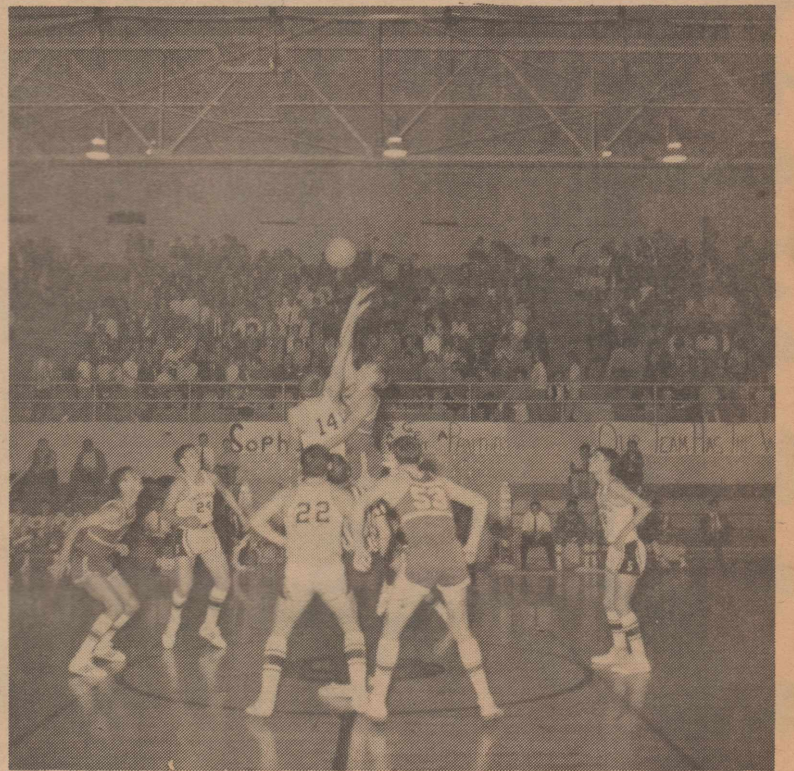

Mickey Ray was high point man with 14 points against Fort Stockton.

Wall in action against the Panthers.

Tuesday night, the Seminole Indians won the game over Kermit 68-50. The Indians scored 14 points in the first quarter, 15 points in the second, 20 points in the third, and 19 in the last quarter. Mickey Ray led all scoring with 22 points, followed by Larry Cottrell with 13.

Ready for battle -- we thought.

Seminole Indian Cagers could not buy a point in the final minutes of the game last Friday night. They fell to the Fort Stockton Panthers 53 - 57. It was a good game all the way being tied ten times in the first half and 29 - 29 at intermission. The Panthers scored four fast points at the beginning of the third quarter and maintained that lead most of the second half.

Mickey Ray led Seminole scoring with 14 points, Spencer and Cottrell at 13 each, Wall had 6, Anderson had 4, and Nelson had 3 to round out the scoring.

When someone yelled, "Make them shoot from the outside," the Indians must have heard them, the coach must have heard them and No. 13, Broyles, must have heard them. (He killed us from the outside.) He made eight 2-point plays in a row without a miss and was high point for the game with 26 points. Ft. Stockton and Andrews ended up the first round of play with identical 5 - 1 records. The Indians play Ector February 2 here.

**SPECIAL SERVICES
SET FOR SUNDAY
AT FIRST BAPTIST**

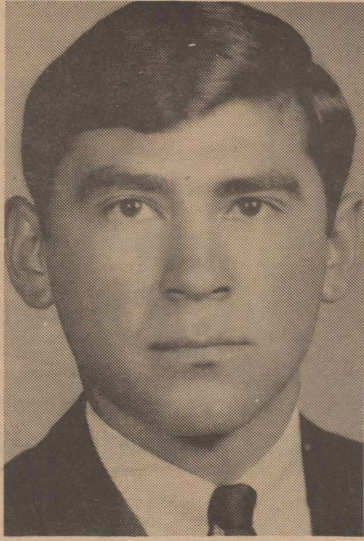

Baptist Men's Day will be observed at First Baptist Church Sunday, February 4.

J. V. Owen, Manager of the Texas Employment Commission of Lamesa, will be the guest speaker for the 11:00 worship service Sunday morning. An all male choir will sing for both the morning and evening services.

The theme of the Evening Worship Service (7:00 p. m.) is "What the Lord Means to Me." Alton Montgomery will read the scripture followed by a prayer led by Ken Willis.

Speakers will be Dr. E. M. Wright, Earl Bartley, Ben Mieth, and J. D. Mutschler.

People who are the most difficult to please are often the most worth pleasing.

RECEIVES DEGREE

Ray Calderon received his Bachelor's Degree in English at the University of Texas at El Paso.

Ray is a graduate of Seminole High School. He attended two years at South Plains College and two years at the University of Texas at El Paso.

Ray is now teaching at Bliss Elementary schools. Also he is going to school at night and working on his Master's Degree.

He is the son of Mr. and Mrs. Nestor Calderon of 219 N. W. Avenue L.

TCTA

Dear Editor:

As teachers of your community's children, we would like to address this letter to all the mothers and fathers in your school district.

One of the main objectives of your child's school is to train him to become a good citizen of this great and good country.

You expect him to be a good citizen now - to do his homework, to be respectful, to obey the law, to be polite.

To you we say, it's time to do your own homework!

Help us to teach good citizenship by registering to vote. It's free, but not registering could prove costly. January 30 is the deadline.

Set an example for citizenship for your child, and create an image with which he can identify. Let him know how and why you are registering - - make sure he knows the power and importance of one vote.

Make sure you know too.

Thank you.

NOTICE --- CHALLENGE

Bill Rainey, head of the sports committee of the Downtown Lions Club in Lubbock sent a challenge to the Noon Day Lions Club in Seminole for a soft ball game. Evidently he knew something about the "Terrible Seminole Lions" because he asked for a neutral field. (The 800 plus members in the club are going to be wishing they had stayed in the country and not moved to a big town.)

Texas Farmers Union

District Eight of Texas Farmers Union met at the Country Club in Midland, Texas, January 24, 1968, at 11:30 a.m.

Each county of the district was well represented. They had a nice dinner served serveteria style.

Jay Naman, Texas Farmers Union State President, was the guest speaker. It was decided to have a district barbeque to be at St. Lawrence on March 8 at 6 p.m. The plates are \$1.50 and \$1.

District officers present were: Doris Blissard, chairman, of St. Lawrence, Vernon Goodwin, Vice President of Seagraves and Mike Burkholder, Secretary and Treasurer, of Pecos.

Jack Kelly, Vernon Goodwin, Leon Cohorn, and Jewell Mather were present from Gaines County.

"The only satisfactory way to make people do things is to make them want to do them. Enemies are never truly conquered until their friendship is won." Wilferd Peterson.

Mark Thompson and Nickey Lilly were beaten out by speaker points.

Others representing Seminole High School at Midland were Peggy Barger, persuasive speaking; Mickey Williams, informative speaking; Lilah Leigh Gainey, prose interpretation; Kathy Hodges and Lavonna Jones, poetry interpretation; Luke Alexander and Weaver Patterson, debate.

The Seminole High School speech squad travels to Kermit February 9 - 10 to continue in speech competition with other schools in our area.

BY

Mrs. L. L. McNew

Mr. and Mrs. Burton Tate and her sister, Mrs. R. T. Mills, of Seagraves spent Saturday night with their sister, Mr. and Mrs. John Burnett of Odessa. Sunday morning they visited their brother and family, Rev. and Mrs. D. D. Smith, in the Greenwood Community. In the afternoon, their brother, Rev. and Mrs. Moody Smith, pastor of the Baptist Church of Klondile, visited with them.

Mr. and Mrs. John Owens, Robert and Mark had Sunday dinner with her parents, Mr. and Mrs. Robert Slaughter.

Mr. and Mrs. Alton Faulkenberry and Mr. and Mrs. M. M. (Red) Hand visited Mrs. Bert Davis at the Methodist Hospital Saturday. Mrs. Davis underwent surgery the first of last week.

Chipper and Flo Hob-

son of Whitharrel visited her parents, Mr. and Mrs. J. E. White, over the weekend.

Mr. and Mrs. Lawrence McNew spent the weekend visiting their sons, Mr. and Mrs. Charles McNew and Valerie, Mr. and Mrs. Jerry McNew and Lisa of Hobbs, and their niece, Mr. and Mrs. Don Blevins and Leon of Jal, New Mexico.

Mrs. T. O. Hunt has been sick this week with the flu. She was unable to attend church Sunday.

Mr. and Mrs. Bill Armstrong's Sunday guests were: her parents, Mr. and Mrs. L. M. Brunson of Idalou, Texas, and her sister and family, Mr. and Mrs. Bill Lindsey of Lubbock, Texas.

Mrs. C. E. Fleming entered Methodist Hospital on Tuesday the 23rd. She is still under observation.

Mrs. Doss Hunt went to Lubbock Monday for a check-up at Methodist

Hospital. She had surgery on her knee several months ago. It is giving her some minor trouble.

Mr. and Mrs. Jerry Hunt and girls were here Tuesday to attend the funeral of Mr. Owen Floyd at Seminole. The Hunts are from Munday, Texas.

Stella Chitwood spent Sunday night visiting her brother and family, Mr. and Mrs. Everett Smith, in Brownfield, Texas.

Mr. and Mrs. Johnny McNew, Terri, and Tommie of New Deal, Texas, visited in Loop and Seagraves Sunday.

Mrs. Louie Hamilton reports she is well improved. She has been under treatment at the MacLroy Clinic in Brownfield for several weeks.

Mr. and Mrs. Tom Hunt received a letter Monday stating Tommie had arrived in Viet Nam. Mr. and Mrs. Hunt drove him to the West Coast where he boarded a plane for overseas.

The Loop community was saddened when word was received of the sudden death of Owen Floyd at Seminole. Mr. and Mrs. Floyd lived for many years in this community. They had many friends here and were strongly missed when they moved away.

Mr. R. L. Smith, better known as "Grandpa" Smith of Seagraves, celebrated his 88th birthday Sunday. Those attending were his children: Mr. and Mrs. Jess Smith, Mr. and Mrs. Owen Smith, and Stella Chitwood, all of Loop, Mr. and Mrs. Fred Smith of Whitharrel, Mr. and Mrs. Everett Smith of Brownfield, Mr. and Mrs. Ollie Smith of Olton, Texas. There was an undetermined number of grandchildren and great-grandchildren.

R. L. Hunt left Monday on a business trip. He drove to Munday, Texas, to spend the night and take their little granddaughter, Trina, home. She had spent the week with her grandparents.

Teachers from Loop attending the Gaines County T. S. T. A. meeting Monday night were: Mr. and Mrs. J. E. White, Mrs. Audrey Johnson, Mrs. Bill Lowe, Mrs. Charlie McConal, Mrs. Rowe, and Mrs. Nelson.

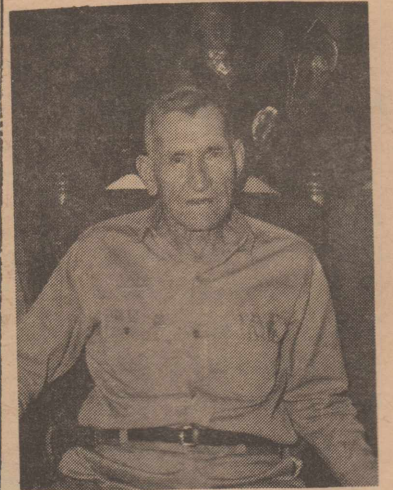

Attending the Young Farmer's and Home-maker's Executive Committee meeting at O'Donnell, January 27, 1968, from Loop were Mr. J. E. White, vocational teacher, and Robert Scott.

Little Bev Owens, daughter of Mr. and Mrs. Earl Owens, is sick and unable to attend school this week.

Mrs. Owen Smith entered the Brownfield Hospital Monday. She has been sick for some time. She will be under observation for several days.

Mrs. Ted Burris of Seagraves, who has been quite ill for several months, is not doing too good. She is a former resident of Loop and is the daughter of Mrs. Lena Robinson.

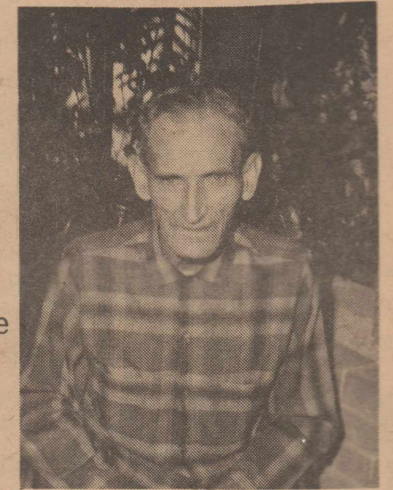

Supt. Peryear and Burton Tate made a business trip to Lubbock Tuesday for the school.

Blackie Ludwick

R. R. "Blackie" Ludwick has been a resident of Twilite Acres for the past year. Blackie will be 81 years old February 4 and still enjoys yard work. Most pretty days you will find him working in the yard. Prior to retiring and moving to Twilite Acres Blackie resided in Seagraves for 30 years. He has 2 daughters and a son, who live in California.

Dewey Allen will celebrate his 69th birthday, Thursday, February 1. Dewey has lived in Seminole since 1929. Prior to his retirement, Dewey worked in the oilfields. He and Mrs. Allen have eight children, 6 boys and 2 girls. Dewey has been a resident of Twilite Acres off and on for the past 3 years.

GRANDPARENTS PICS The "Brag Page"

Bruce Darrell Shelton, son of Mr. and Mrs. Ronnie D. Shelton of Dallas is 3 months old. He is the grandson of Mr. and Mrs. R. L. Donohoe and Mr. and Mrs. Leroy White of Canton.

He is the first grandson for the Donohoes. They have 2 little granddaughters, Carla Fay, 7 years old, and Paula Rene, 5, of Fort Smith, Arkansas. The Donohoes just wish the "Little Ones" could be closer, so they could be GRANDPARENT spoiled.

Dick Shane, two years and three months old, and Dani Dione, 14 months old, are the children of Jim and Jimmy Dick Davis. Proud GRANDPARENTS are Mr. and Mrs. Dick Freeman of Carlsbad and Mrs. Mary Davis. These GRANDCHILDREN are fortunate to have two GREAT-GRANDMOTHERS, Mrs. C. W. Conway, Seminole, and Mrs. Amy Winn, Carlsbad.

MARCH OF DIMES

Beta Sigma Phi reports their Mother's March a success. \$805.53 was collected from the March. Saturday, the drop-in-the-bucket netted \$98.47. Seven restaurants donated their Saturday coffee take of \$87.64, making a total of \$991.64 to date.

The Sorority expresses their appreciation to the mothers, other volunteer workers, and the following restaurants - Autry's, Raymond, LaDon, Frosty Way, Gomez's Little Mexico, Big Chief, and Treadaway Pharmacy for making the MARCH of DIMES a Success.

Only one casualty reported from the march - Thursday night Eloise Lammons had the misfortune of falling and breaking her knee cap.

"California Western Pumps"

Sequoil Tubeline

"with a 5 YEAR GUARANTEE"

**makes WESTERN Pumps
last 3 times longer!**

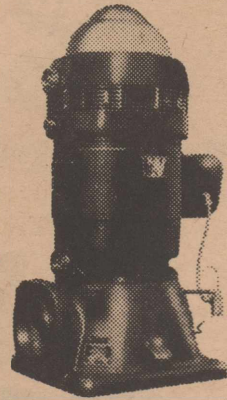

If you are in the market for a pump, be sure to get a California Western with genuine Sequoil Tubeline.

Look for the Sequoil name on every length of Tubeline! Don't be satisfied with imitations!

Pumps installed 40 years ago are still operating with original tube and shaft because Sequoil Tubeline reduces critical shaft wear.

Western's famous Tubeline was developed to reduce shaft wear which occurs when bronze bearings are used. Because Western has found the way of reducing shaft wear, Western can rightfully make the claim: "Sequoil Tubeline Makes Western Pumps Last Three Times Longer."

Be sure the Tubeline you get is genuine Sequoil Tubeline. See your California Western Pump Company Dealer Today.

Addressing a conference of Farmers Union District 8 leaders at Midland Wednesday, Texas Farmers Union President Jay Neman of Waco said, "It would be tragic if Texas cotton farmers do not exercise caution in making their plans to plant cotton in 1968.

"Cotton trade journals, processors and handlers are making outlandish predictions of higher cotton prices next year to provoke farmers to 'throw caution to the wind' and plant 95 per cent of their allotment. There is certainly nothing about current markets to inspire optimism, and the textile mills are not offering contracts at high prices.

"Farmers Union is launching a statewide campaign to encourage cotton producers to carefully study the alternatives as they apply to their individual farms before making a decision on how much to plant. Our county organizations

Bobby Hurst and his brother, O. F. of Tatum, New Mexico, flew to Temple Sunday to visit with their dad, Ollie Hurst. Mr. Hurst is in Scott and White Hospital, Bobby reports that his dad is some better and may be released from the hospital at the end of the week, but will be returning daily for treatments. Bobby and O. F. returned home Monday.

are distributing information including examples of cost of production computations for farmers to use as guidelines in figuring their own costs.

"I am confident that farmers will base their planting plans on the option that will return them the most net profit, taking into consideration the probability that production costs next year will be higher than last. I doubt if cotton producers will buy the rose colored price projections that are being peddled by those who have a vested interest in more production and cheaper cotton."

NOW IN GAINES COUNTY --

MESA IRRIGATION PRESENTS

The DOWD WALKING IRRIGATOR----- A continuous moving irrigation system that sprinkles as it "walks" about its pivot point.

So Simple-- You Could Nearly Build It Yourself

1. Mechanically driven---all water goes to irrigate the crop--it can also be moved "dry".
2. Foolproof self aligning system.
3. Better flotation with Skid Shoes in the place of Wheels--no deep ruts to fall into
4. Moves ingeniously through the walking action of a mechanical hip action pushing shoe
5. AND Too---One oil Hydraulic cylinder does the work of powering the Dowd Walking Irrigator!!!

Above is a 16' tower - Dowd Walking Irrigator, recently installed on the Johnny Jones farm that is 2 miles North and 2 miles East of Seminole on the Seagraves Highway. This Dowd Walking Irrigator system is 180 feet longer than the conventional 160 acre system. It is being operated in the field where only 600 gallons of water is available. The water, fed by three small wells, is being delivered into the gathering tank by the two inlet lines shown above the tank. To the right of the gathering tank can be seen the Berkeley Centrifugal Pump, the small water level tank of the engine throttle control system, the 292 Chevrolet engine with the oil hydraulic pump driven by the engine crankshaft, the oil reservoir along with the pressure control valve and filter, and the Dowd Walking Irrigator pivot point and tower system. Being mechanically driven, the Dowd uses all of its water to water the crop. Not being dependent upon water to drive the system, the Dowd Walking Irrigator can be moved "dry" from one position to another without even starting up the irrigation wells.

In the picture, second from the left, is Johnny Jones, successful Gaines County and Dawson Co. farmer, who has just accepted his first Dowd Walking Irrigator, located about four miles Northeast of Seminole. His second Dowd Walking Irrigator is now being installed about 2 miles Northeast of Punkin Center in Dawson County. Also pictured is Bob Crawley, President of Mesa Irrigation Distributors, Inc., along with Mesa Representatives, Elton Olds, Cliff Sheen and Dennis Schneider.
