Wallace, Guardians: Mr. and Mrs. Bill Ward; and runners-up Kathy Bogues, daughter of Mr. and Mrs. Ralph Bogues; and Jamie Paul, daughter of Mr. and Mrs. W. J. Paul. (C) Last Saturday night at the Peach Queen Contest won by Vicki Wallace, these two Peach Queen hopefuls posed by the peach tree. They are Kelli Roberts, daughter of Mr. and Mrs. Tommie Roberts, and Martha Basham, daughter of Mr. and Mrs. Stan Basham.

Miss Vicki Wallace, a 17 year old Junior student at Seminole High School won the Peach Queen Contest last Saturday night. Runners-up were: Miss Jamie Paul and Kathy Bogues. The day was a full schedule for the 10 hopefuls. Besides the contest there was a coke party at the home of the reigning Queen, Martha Lawrence, the reception at the Richard Jones home (Peach pie, home-made peach ice cream - from the Oliver Peach Orchard). Congratulations to the Queen and her runners-up.

One of the things the Woodenfoote would like to do this week is to apologize for not having more time to visit with some of the friends who visit this office. Many thanks to Bill Allen from Denver City for his contributions and especially for the fine editorial, "It Was One of Those Kind of Marriages." Also to Hugh Tinsley from El Paso. Hugh was the preacher who made such a hit with some of the Seminole housewives when he said men ought to continue opening doors for their wives, cook breakfast for them sometimes, buy them gifts occasionally and on and on. I want all the husbands to know that I wrote his wife a letter telling her these things.

You can't win 'em all --- win a friend and lose a friend!

Art Jordan from Amarillo came by. He's one of the owners of Curry Motor Freight. What a wonderful thing it is to meet an American who still likes to see people behave, see the flag wave and who can enjoy a good visit over simple stories like a cow chewing her cud, the delights of going barefooted and how to milk a cow. If possible, Art, let us know next time you're on your way.

Always one of the highlights of our week is seeing Mrs. R. M. E. Hughes. It's too bad that all of you cannot listen in and hear her tell about how good the rain was, what fine neighbors she has, how wonderful her kin are, and what a blessing it is just to live.

Then there's Mrs. E. G. Thornton from Seagraves, Ann Freeman from Loop and the list could go on and on. Con't on P. 3

COACH RESIGNS

Basketball coach Milt Fitts, after three years at Seminole, officially turned in his resignation last Monday. He will work for Field Enterprises with a branch office out of Lubbock until October 1, 1969. "Then", he said, "I might move to another area. I made this move with mixed emotions. Coaching has been good to me but this is such a good opportunity for me and my family."

VAN WINKLE, BRIGGS & THE BRAMLETTS WIN AGAIN!

In the Kiwanis-sponsored Cotton Belle Relays track meet at Coronado High School in Lubbock last Saturday Brenda Van Winkle placed first in the 220 yard dash with 26; 2, first in broadjump with 17'4", second in triple jump with 36 1/4' (6' farther than the state record), second in high jump with 5'2", and third in the 100 yard dash with 11:2 (tied with the state record). She also won the 4th place team trophy single-handedly, being the only girl who entered from Seminole and the high point trophy with 42 points.

Over 34 schools were entered with over 400 participants. The proceeds from the meet will help defray the costs of a trip to World Deaf Olympics in Yugoslavia in August for Suzy Barker. Suzy is from Lubbock and is attending the Austin School for the Deaf. She holds two world records in running events and Brenda beat her in both events. Brenda is entered in the state meet in Abilene next Friday and Saturday.

Dennis Briggs was short of his own record 181'9" with his mighty heave in the discus last Saturday in Austin but his 172'2 1/2" was good for first place at the state meet. The Bramlett sisters were outstanding in winning first place in tennis doubles in the State U. I. L. tournament at Austin last weekend, defeating Joyce Dilts and Robbie Con't on P. 3

Farm hand

The time was 5:55, five minutes later "the kid goat" was having its skin peeled from it in preparation for the bar-b-q. Wayne Buzan can be seen with a skinning knife. The goat was hung by the tendon of the back part of the leg while it is being cleaned. The operation goes something like this: (1) Catch the goat, (2) Cut the throat before they can get away, (3) Hang them up, (4) Skin them, (5) Remove the insides, (6) Cut off the lower part of the legs with a saw, (7) Fill a big tub with water preferably ice water and put the meat in, (8) Wash it good (9) Hang it up in an open space so it can air out good, do this at night so the flies won't bother it, (10) Cut up in smaller pieces about the size for bar-b-q, (11) Put some salt on it, (12) Now it's ready for the deep freeze.

Here's a thought to remember, not only during Spring Clean-Up Week, but the year round:

Fires in the United States claimed 12,200 lives in 1967, says the American Insurance Association.

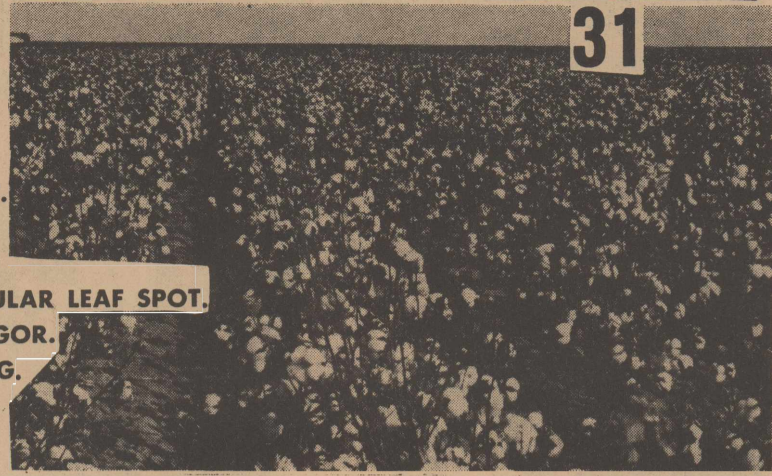

More than half of the fire deaths occurred in homes, and about one-third of these fatalities were children.

NOTICE

If you are a cotton producer in Gaines County, Troy Martin, Chairman of the ASCS County Committee, wants you to remember that May 9 is the last day to cast a ballot on transfer of upland cotton allotments outside the county for 1970. Ballots were mailed early this month to all known cotton producers, and the referendum has been under way since May 5.

Ballots may be mailed or delivered in person to the ASCS county office, but they must reach there by Friday, May 9, or be postmarked by midnight on that date.

A note from Mrs. Walter W. Seaman, Palo Pinto, in Tuesday's mail saying Bea and Howard Underwood were out for a fish dinner with them the past week. Bea is working in Weatherford now.

From the West Texas Times Police Report:
WIFE SHOTS HUBBY
From time to time, the Police Beat happens to receive a story where the wife shoots her hubby. This happened again this week and it went like this:

A young man - perhaps telling the truth - told police that he got into an argument with his com-mon-law wife and she just decided to shoot him in his thigh.

And as usual when the "love bug" is involved, the man refused to file charges against his partner.

How many of you saw the ad in the Denver City paper, signed by the Rotary Club (a big ad) asking those nice Lions to quit making fun of and light of the Rotary Club? It was signed "The Rotary Club." If you don't believe it, ask Judge W.E. Cox.

NEWS Editoria

In last week's edition, the News ran an editorial about "It was one of those kind of marriages" to be continued. Please look for it next week.

SEAGRAVES NEWS BY

A get-together and fellowship dinner was held at the Seagraves Community Building Sunday, May 4 by friends, neighbors and all visitors of the Twelfth Street Church of Christ. The meeting is in progress each day and all are welcome. Brother Rohre from the Crescem Church of Christ in Brownfield is holding the meeting and Brother Flemming from Seminole is directing the singing. The time is 8:00 each evening.

N. A. Moore is still in the local hospital. We need to remember him in our prayers since he is not allowed visitors.

The teachers in grade five were happy to take their Interscholastic League winners to Lubbock on Saturday. There were 10 children who went with their teachers. They spent the day visiting interesting places; among those were the Texas Tech Museum and the Home Show at the Coliseum. The Minature circus was the highlight of the show. The owner and builder of the hand-made circus was a delightful announcer--he and his wife carved the thousand pieces. It took 28 years to complete and over \$10,000 worth of material went into the hobby. It has been shown in all the countries of the world except Russia said the owner--the reason was they would have said they already had one. If you have seen the Greatest Show on Earth movie you would have seen this man's work. It was used in this film. Another interesting feature as reported by the students was the live birds. They were especially interested in the Bald Eagle which they had studied as being our national emblem and also the live falcons. They wanted to report also the minature dolls dressed as the Presidents of the United States wives. Those students making the trip were: David Thompson, Julian Flores, Oscar Soto, Melba Vicucich, Cindy Mitchell, Jim Andrews, Kevin McCulloch, Sherrie Shelley, Ruth Taylor, Tammy Townsend. The teachers were: Mr. Royce Durham, Mrs. Bob Andrews and Mrs. Grace Smith.

The final meeting for the Gaines County Teachers and their administrators was Monday night at the Seminole Cafeteria. The golf tournament was on Tuesday afternoon. This will bring to a close the final get-together for these fine people for the closing of the school year 1968 and 1969.

Mrs. Wilma Lash who has been living in Drumright, Oklahoma where her husband Hank is working is home for several days. It is always good to see Wilma's smiling face and she had coffee with the elementary teachers on Monday morning in the cafeteria. We are looking forward to the time when she will return home for good. We miss her geraniums which are always blooming in her front yard flower box. We know she will keep this good work up again as soon as she returns for good.

Juan Hernandes from Artesia were visiting friends and relatives here.

Ethel Powell has gotten her car out of the shop. She had a minor wreck, but no one was hurt.

The Cultus Clubs regular meeting day was Tuesday. The members will attend a dinner and style show at Hemphill Wells on Thursday, May 15. They are looking forward to the final meeting and the wonderful atmosphere being planned for them.

Mrs. Guy Vicucich was attending to business in Lubbock on Saturday. Mr. and Mrs. Ron Edmondson attended the Home show at the Coliseum.

Mr. Kenneth Hart and Mrs. Red Turner took the boy scouts for an all night camp out. These two men have our thanks for their interest in our boys. Those making the trip with their sponsor were: Jimmy Dean Hart, (was a guest on the trip) Craig Lacy, Buddy Turner, Richard Winn, Stelvin Sanderson, Joe Stanley, Billy Johnson, Mike Walker, Bobby Smith, Dean Smith and the Willis boy. The group camped in the new Denver City Park for the nite Friday night and returned to Seagraves Saturday night. Mr. Turner returned Saturday morning and Mr. Hart stayed with the boys throughout the day Saturday.

Little League is in full swing. These little boys are eagerly awaiting for school to be out and they can devote full time to their game. Lets take off our hats to the fine men who are devoting time to working with these little fellows. Yes, and let's go out and boost our favorite team. These little fellows like to hear us rooting for them--for they are putting themselves into their game.

Mr. and Mrs. Roy Cocahonaur from Lubbock, aunt and uncle of Mrs. Royce Harvey were visiting the Harveys this week end.

Everyone is happy over the moisture which fell on Sunday. We are anxiously awaiting the warm summer weather for planting time. It seems we missed that light frost which some of our old timers predicted would hit in April--for they said if it thundered in February we would have a light frost in April--OOps!! We missed it didn't we??

Mrs. Lucy Sansom visited her sons, in Lubbock and Dallas from Friday until Tuesday of last week.

Mrs. Lilian Moore invited several friends of her little granddaughter, Terry Collins who is staying with her and attending school in the fifth grade, to a little party. Terry was 11 years old. The cake punch, candy and gum were served. Terry received many little lovely gifts. Those present were: Jim Andrews, Ruth Taylor, Sherri Shelley, Lori Nelson, David Williams, Linda Nelson, Michelle Trimble, Tommy Townsend, and Gail Wynn.

It is good to see Mrs. Mahler out and around. She and Jerry were having dinner at the Colonial Grill on Sunday.

Dennis Hart, son of Mr. and Mrs. Kenneth Hart was bitten

Mrs. Clark was seen looking at the new houses which are for sale here in Seagraves by the Forrest Lumber Company. We hope Mrs. Clark will decide to buy a house here so when she decides to retire ; she will live here among friends and school personnel who have learned to love her.

A ride through out little town will show the much hard work invested in the care of many beautiful plants. Roses are just gorgeous and the lovely iris is really a show. Many cacti garden are showing their beauty--thanks to all those gardeners who have worked hard to make our city a prettier place to live.

LETTER TO THE EDITOR

April 30, 1969
(from president of Curry Motor Freight Lines)

Dear Tom and Paul:
(Paul Allingham, Publisher of Atchison Globe and Tom H. Thompson, Editor of Amarillo Globe New)

I take the liberty to ask my friend, Walter Woods, (Wooden-foote) publisher of the Seminole News, to put you both on a subscription mailing program. He is both a columnist and innovator, such as you two, and might share some trade secrets. I ask that you watch Police Report, Fairview News and, of course, his column.

He is a big "ole" boy, enough so he never had to carry a tub handle when he went to the town dance at Ballinger, Texas. He is about our age and you will note gives proper space to "grand-kids pitchers" in his paper, something you are remissful about, marrying in your middle age, etc.

I regard you both well in spite of your ornery manners. Regards,

R. C. Jordan
P. S.

Seminole is further noted for being served by a certain fine freight line.

It's the first time I've seen her since she sold the children's wear shop; said she was still cleaning house and having trouble getting rid of anything because husband, J. W., couldn't bear to part with anything. I have the same problem when I clean house; we have a horse collar, old Navy uniforms, his mother's old bedstead, etc, etc. After all, he says, we may get a horse someday or I'll be ready if my country calls and one of

Spring Clean-Up Time is Here:

**Homeowners Urged to Join Drive;
Spruce Up Homes, Throw Out Trash**

(COMPLIMENTS OF HERMAN DIRKS, FARMERS INSURANCE GROUP)

Homeowners across the United States and Canada were urged by the American Insurance Association today to join in Spring Clean-Up activities by sprucing up their homes and throwing out trash and clutter which may have accumulated during the Winter.

Old newspapers, oily rags, and other rubble are a fire hazard and create fuel upon which fires feed, the Association cautioned.

Spring Clean-Up Week serves as an annual reminder to make homes fire-safe and protect both lives and property by disposing of such trash.

In most communities, provisions are made to put trash on the curb at designated times. to be picked up and carted away in sanitation trucks.

This picture in 1919 or 1920 has 3 outstanding features, (1) the girls in their high top shoes, (2) the 3 door model-T Ford, and (3) the railroad track in the background. The girls were Lou Mattie Stork, Chrystal Ansley, and Ethyl Stork. Some of you young ladies think that long hair stacked on top of the head is a new fashion; you might observe the girl in the middle. (Skirts might come down too!)

The 1918-1919 model-T Ford had several outstanding features. It was a 3 door, but the door on the drivers side did not open. This car also had air conditioning if the air from the side was not enough. The windshield could be set at any angle you wanted it. This car would run on mag (not nag), and it was a two seater with running boards. Women in those days could get in and out of these high riding cars much more decent than women of today. The front tires on the spoke wheels were 30" by 3", the back tires were 30" by 3½" - they were the big ones.

Its doubtful that the car ever had to backup many hills in this country. No doubt low gear went out in some sand beds and the car had to back out.

The railroad dump in the background must have been raised at least a foot. The tracks for the old Midland and Northwestern were removed in 1925. The last train ran to Seminole in the later part of 1920 or the early part of 1921. (If you have definite information please call.) The picture was made near the present site of the Scott Doss home in the South East portion of Seminole.

"Don't underrate the importance of this annual clean-up program," urged T. Lawrence Jones, president of the Association. "In fact, let us hope it will serve the purpose for which it was designed, to remind Americans that homes should be kept clean and fire-safe every day of the year."

To underline his remarks, Mr. Jones added:

"Every 49 seconds, fire breaks out in some home. In 1967, fires in the United States took 12,200 lives and caused property losses aggregating more than \$1.7 billion. With normal care, many, many fires could be avoided."

Spring Clean-Up Week is observed at different times in various parts of the nation, most often in April or May.

The American Insurance Association recommends that during the special period set aside for the campaign locally, householders go through their homes, room by room, and throw out any combustibles which might help feed a fire.

A check of the attic, as an example, will turn up old newspapers, discarded clothing, old radio sets, unwanted furniture, worn-out mattresses, old shoes, lamps and appliances in need of repair, old letters and magazines. One incipient spark, and the householder may have a costly fire.

Bedrooms, too, can create potential fire hazards. Old clothing stored in closets, which will never be worn, should be donated to some charitable organization or thrown away.

In the kitchen, cooking is done daily over open flames or electric stove cooking units with temperatures capable of starting fires if they come in contact with dish towels or other combustibles.

"Be vigilant, not only during Spring Clean-Up Week, but at all times," Mr. Jones stressed. "To protect your family and your property against fire, plan ahead, practice good housekeeping, and develop safe habits. And don't forget that good housekeeping includes a periodic check for — and the elimination of — fire hazards."

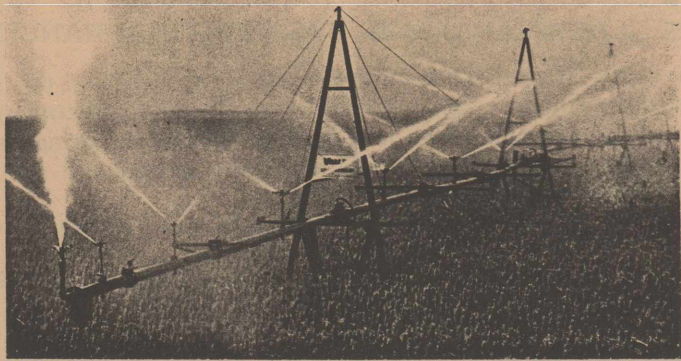

Notice

Word was received Tuesday that the old station building at 617 South Main would be given away on a first come, first served basis to anyone who is interested in tearing it down. Forms are available at the City Hall. (Please, would someone tear it down. The Clean Up Campaign has been trying to get it removed for over a year.)

How's Your Fire IQ?

(COMPLIMENTS OF BERT HEARNE, HEARNE INSURANCE AGENCY)

Spring Clean-Up Week is a good time to rededicate ourselves to preventing fires and test our knowledge of how to go about it, says the American Insurance Association.

It's important, during Spring Clean-Up Week, to go through the house from top to bottom, seeking out and eliminating accumulations of unneeded things, like old newspapers, which provide fuel upon which fires can feed.

To point up some of the facts about fire, the Association suggests you check yourself on these questions:

QUESTION: In what room is a fire most likely to occur?

ANSWER: The living room. The Occupancy Fire Record on fires in one and two-family dwellings prepared by the National Fire Protection Association discloses that 37.2 per cent of all fires in dwellings start there.

QUESTION: What about other rooms?

ANSWER: The second most dangerous place, with regard to the possibility of fire, is the kitchen, where the cooking is done, and where 21.6 per cent of all dwelling fires start. Third is the bedroom, 12.8 per cent. And 11.6 per cent of home fires start in the basement, where the house heating unit is located in the majority of homes.

But no room is immune. Fires also start frequently in the utility room, in closets, attics, bathrooms, attached garages, hall stairways, dining rooms, and on porches and other outside areas.

WHY GOD MADE MOTHERS

God knew that everybody needs
Someone to show the way,
He knew that babies need someone
To care for them each day
He knew they needed someone sweet
to soothe their baby cries,
To teach them how to walk and talk,
And sing them lullabies
That's why God made mothers.
He knew small children need someone
To lend a guiding hand,
To answer all their questions
And to smile and understand,
Someone to read them storybooks,
To teach them wrong from right,
To show them wonderful new games,
And hear their prayers at night....
That's why God made mothers.
And then throughout their childhood years,
God knew that children need
Someone to smile at them with pride,
Encourage each new deed.
As they grow up and all their lives,
God knew that everywhere
All children need a mother's heart
To understand and care,
And that's why God made mothers.

INDIANS DEFEAT ANDREWS 1-0

When you win a baseball game Seminole believes in winning the BIG ONE! Last Saturday C.J. Danley threw 8 innings of shut-out ball and beat Andrews 1-0. Although each team had 5 hits, the final score looked like this: 5 hits, no runs, and no errors for Andrews; 5 hits, 1 run and 2 errors for the Indians.

Coach Bice said, "This is sweet revenge - getting to beat old Frank."

We really thought we had them in a big way in the first inning. They walked the first two men when Williams hit a line shot that looked like it was good for a hit. The pitcher stabbed it, threw to first and the first baseman threw to second for a triple play.

For the day Williams got 2 singles, Haley 1 single, Villalva 1 single and Powers got a double and a single.

In the top of the 8th Williams got one of his singles and Powers hit his double to drive in the only run of the contest. No doubt, the victory took the smile off the faces of the Andrews coach and the Ponies after the no-hitter they threw at Seminole the last time out.

In other action last week the B-team took a double-whammy from Andrews when Andrews B-team beat the Indians 8-1 and 5-3. Partain and Sims were the losing pitchers. The B's got 10 hits in the 2 games with Lan Locker getting 4 of them, Thomas Gonzales 3, Larry Baker 2, and Gregg Pierson 1.

Spring Clean-Up Time is Here:

May 18-24 is Clean-Up Campaign Week. This does not mean that you can't start today and continue through the year. Many old buildings and old houses have been moved. Preparations are being made to dispose of others.

Old cars continue to plague the Clean-Up Campaign. They're behind houses, in front of houses and on vacant lots. They cannot be crushed without a title or a junk permit from the state. It is hoped that the city can furnish a place so this type of old cars can be moved there. If they are on your property or adjacent to your property please call 758-3621 or 758-3622. A signature will be needed.

Property owners are being asked to refrain from dumping on vacant property not owned by you. Please put old trees, rocks, trash and other such items in the alley so the city can haul them off.

Students are being asked to dispose of wrappers, cups and other throw-away-items in receptacles and not on the street. A paper littered piece of property is not pretty in ANY town.

Dogs continue to harass neighbors, schools and Clean-Up Campaigns. Please be kind enough to observe city regulations. Please, if you have a dog to give away, call the city - instead of carrying it across town.

Fire insurance agents have joined with the city, clubs, Chamber of Commerce, and the County in the Clean-Up Campaign. These are Hearne Insurance Agency, Farmers Insurance Group, Moore Insurance Agency and Farm Bureau Insurance. Please read "Spruce up Homes", "How's Your Fire I.Q.?", "Hints for Baby-Sitter", "Include Garage in Clean up Job", "Keep Halls Clear for Quick Exit", and "Provide Adequate Ash Trays".

Hints for Baby Sitter

(COMPLIMENTS OF GAINES COUNTY FARM BUREAU, JOHN LAWSON, MANAGER)

If you are a baby sitter, or about to become one, there are certain things you should know to help you do the job well, says the American Insurance Association.

And Spring Clean-Up Week is a good time to learn or refresh your thinking.

The Association offers these suggestions:

- Your first baby sitting jobs should be for parents you already know, and with children you already know. A good personal relationship with parents and children is essential, and you can develop such a relationship effectively if your first jobs are with people who know you, and know you are responsible, reliable, and like children.

- If the family has a watchdog, make friends with it immediately. You can't do a good job unless the dog is on your side.

- Before you start the baby sitting job, ask the parents to show you all the exits, so you can select the best one if fire occurs. Ask them to provide you with the name and phone number of the family doctor, for use in case of emergency. Know how to call the police.

- Keep the children out of the kitchen, if possible, and make sure that matches are out of the children's reach. Children

also should be kept away from electric cords and appliances — these are not playthings.

- Have the parents provide you with a flashlight for use in case the lights should fail.

- Ask the parents to tell you at what hour they expect to return, and to telephone you if they are unavoidably delayed.

- And keep this in mind always: In case of fire, get the children out of the house immediately, and ask a neighbor to call the fire department, in that order. After that, notify the parents about the fire.
