

Ace Reid's drawing of the old cow with her right foot tied up brings back many pleasant memories. As far as I'm concerned this is by far the best cartoon I've ever seen him draw.

My brother, Paul, was an expert on many things, he thought. And since his is 5 years older than I am, I thought he was somewhat of an expert too. Anybody that was 44" in the shoulders and 29" in the waist had to impress some people and most likely little brothers.

One winter we milked 44 cows and when I say we milked them we did just taht. No machines, just one squirt at a time by hand. Milking that many cows you can't help but have a cow or two that really kicked. You milked the same cows all the time and did a little trading when you got a bad one. "Come on Paul," I said to him, "milk Ole St. Clair for awhile. You're so smart you think you can train a cow to do anything, just train Ole St. Clair not to kick." Okay, he says, and he took the task.

Now, Paul never was very easy to get along with but he's probably the best hand I ever worked with. And smart. He gave Ole St. Clair the good feed treatment. She kicked. He gave her the good petting treatment and she kicked. He always carried a miniature "billy club" in his hip pocket which he used on her kicking foot and she kicked worse.

Every week he had a new plan. The time came to try the final plan. He came whistling down the milking barn and I knew Ole St. Clair was in for another seige. He was carrying a rope and I thought he's either going to beat her to death or choke her to death, but that boy had a plan. He pitched the rope up over a timber running overhead. He looped the loop over her right foot and lifted the right foot off the floor. (Not as shown in this picture but the foot was behind her.) The rhythmic pattern of milk started in the bucket. Spttt! Spttt! Spttt! Spttt! Spttt! Spttt! Spttt! Spttt! Spttt! "Ole girlie," he said, "we'll just leave the little rope hanging from overhead, your kicking days are over," as he continued the squirt, squirt, squirt of the milk. But the cow, that was bought from Mrs. St. Clair, the school teacher, had other plans. She jumped up real high from behind and tried to kick with the tied foot. She over balanced and the rope swung under her and she fell right in Paul's lap.

I don't remember the rest of the plans he used on that kicking cow but I tell you one thing I

COURT BATTLE

Today is the day for decisions to be made in the 106th District Court concerning the court battle between three oil companies against the County Judge, the Commissioner's Court and the Tax Assessor.

The oil companies made up of Amarada Division of Amarada-Hess Corporation, Atlantic Richfield Company and Mobil Oil Corporation, are claiming unfair treatment in the County's re-evaluations saying that their properties are set up at 16% of actual cash market value for taxation, whereas the surface, they allege, is set up at only 1/2 that amount or 8%. The defendants feel on the other hand that the re-evaluation was fair to all tax payers of the county.

The hearing, which was scheduled at 10:00 a.m. today, resulted from an earlier plea requesting a temporary restraining order. Truett Smith, District Judge, refused to issue the order but sat the hearing for today.

The last day the swimming pool was open. It was hot last Sunday and these young people are making the most of the cool water.

YOUR HELP IS NEEDED

Approximately \$8000.00 is still needed to finalize the negotiations for the Seminole Clinic. The total money needed is \$16,200.00 plus the fees required to form a corporation. This represents 18 months at \$900.00 per month. The rapid growth of the fund has exceeded \$9000.00. It is respectfully requested that those who have pledged or those who plan to give, deposit the money in the Seminole Clinic Fund at the Seminole State Bank before Thursday so that the initial step in acquiring doctors can be completed.

Please help make this possible.

New Teachers

Fourteen new faces, three local returnees to the classroom, and one substitute teacher will greet local students on the opening day of school this year. Total faculty strength is one hundred and twenty-eight, up two from last year.

The two additions are a second homemaking teacher in high school due to increased enrollment, and a kindergarten teacher made necessary by a state law requiring a kindergarten for certain educationally deprived five-year-olds.

New teachers by schools and assignment are given below.

High School

Miss Joyce Cate, choral director, who is a Howard Payne graduate with a bachelor of music education degree. Miss Cate has three years' experience in Bangs, Texas where she was a music teacher and band director.

Claude Chappell, head football coach and athletic director, has a BA degree from The University of Texas at El Paso. Chappell has thirteen years' experience as teacher and coach in the Lubbock, Harlingen, and El Paso system.

Jack L. Norris, speech and English teacher, who has a BA degree from Southwestern State College, Weatherford, Oklahoma and has one year of teaching experience in Colby, Kansas.

Miss Mary Ann Wunderl will teach high school English. She is a May graduate of Angelo State University and this will be her first teaching assignment.

Mrs. Jean Summer who taught the sixth grade here last year will be the additional homemaking teacher. She has seven years' experience as a homemaking teacher at Ballenger.

Junior High:

Miss Jola Nell Edwards, English teacher, is a graduate of the University of Texas at Austin with a BA degree and this will be her first assignment.

Weldon Joe Horton will be the new junior high librarian. He has both the BA degree and the Master of Library Science degree from North Texas State University. This will be his first year in the teaching profession.

Miss Linda Carol Taylor will teach mathematics in the junior high. Miss Taylor is a May graduate from West Texas State College and will be on her first assignment.

Tommy Joe Woodard, social studies teacher and coach, is a former Seminole High athletic star who returned home following his graduation with a BS degree from Texas Tech.

Mrs. O. L. Young will be a substitute mathematics teacher until the return from military service in the fall of Don Ashley. Mrs. Young is a Seminole resident who is working on her degree in mathematics at the College of the Southwest.

Elementary:

Mrs. Phyllis Bice, sixth grade teacher, is also a Seminole High graduate who obtained a BS degree in elementary education from Sul Ross. Mrs. Bice, the wife of junior high teacher and baseball coach, Robert Bice, was Phyllis Childs before her marriage.

Mrs. Billie Elam returns to the classroom as a fourth grade teacher after a year's absence. Mrs. Elam has eight years' experience, all in the local system. She has the BA degree from North Texas State University.

F. J. Young Elementary:

Mrs. Carrie Bridges will teach the second grade at the Young School. She has the BA degree from North Texas State University and the Master's from Sul Ross. Mrs. Bridges has twenty-nine years' experience in Merzon, Pharr, Premont, Wharton, and Weatherford.

Finally, the foot was untied and each made a scramble for their own life.

BY DOROTHY FEAZELL

WANT TO DIRECT MY ATTENTION TO THE YOUNG FOLKS TODAY--ESPECIALLY SINCE THIS IS THE TIME OF YEAR YOUNG COUPLES TRADITIONALLY BEGIN TO THINK OF MATRIMONY AND---- SOCIAL SECURITY?

I KIND OF FEEL THAT THIS IS AN OPPORTUNE SEASON TO REMIND BRIDES-TO-BE TO GET NEW SOCIAL SECURITY CARDS SHOWING THEIR MARRIED NAMES. APPLICATIONS CAN BE OBTAINED AT ANY POST OFFICE OR SOCIAL SECURITY OFFICE. ONCE YOU ARE ISSUED A SOCIAL SECURITY NUMBER, IT'S YOURS FOR LIFE. BUT, TO KEEP THE RECORDS STRAIGHT, THE SOCIAL SECURITY ADMINISTRATION NEEDS TO KNOW YOUR NEW NAME--THIS WILL ASSURE THAT YOU GET CREDIT FOR ALL PAST AND FUTURE SOCIAL SECURITY EARNINGS.

OF COURSE, THIS MATTER CAN WAIT UNTIL AFTER THE HONEYMOON!

LEOPARD DOGS?

IT IS A WELL-KNOWN FACT THAT LAW AND ORDER IN MOST OF TEXAS RESTS ON GREAT BIG HATS AND LITTLE BITTY PISTOLS. THESE ARE THE IDENTIFYING MARKS ON THE MAJORITY OF PEACE OFFICERS.

NOW ONE OF THESE, SHERIFF BURL MC BRIDE OF ANGELINA COUNTY (LUFKIN IN THE PINEY WOODS), HAS COME UP WITH RESEARCH WHICH HE SAYS SETS OUT THE 10 MINIMUM REQUIREMENTS FOR RANCHING IN EAST TEXAS:

1. A GENEROUS BANKER.
2. WIDE-BRIMMED HAT AND TIGHT BRITCHES.
3. NEW PICKUP WITH GUN RACK TO HOLD HOTSHOT, CANE AND ROPE.
4. GOOSE-NECK TRAILER, SAME COLOR AS TRUCK BUT SMALL ENOUGH TO PARK AT LOCAL CAFE.
5. TWO LEOPARD DOGS AND A HORSE WITH A FANCY SADDLE.
6. A SPOOL OF "BOB" WIRE WITH A FEW CEDAR POSTS.
7. SOME COWS.
8. PASTURE LAND--ANY LAND THAT'S FINISHED PRODUCING A PROFITABLE CROP.
9. A GOOD POCKET KNIFE FOR WHITTLING WHILE TRADING.
10. A PART-TIME JOB AT A NEARBY FACTORY.

BY MRS. OPAL (R.M.E.) HUGHES

Mrs. R. M. E. Hughes has been going to the doctor and is unable to write her column this week.

"I'm going to tell them," I said, "that your just plain honry."

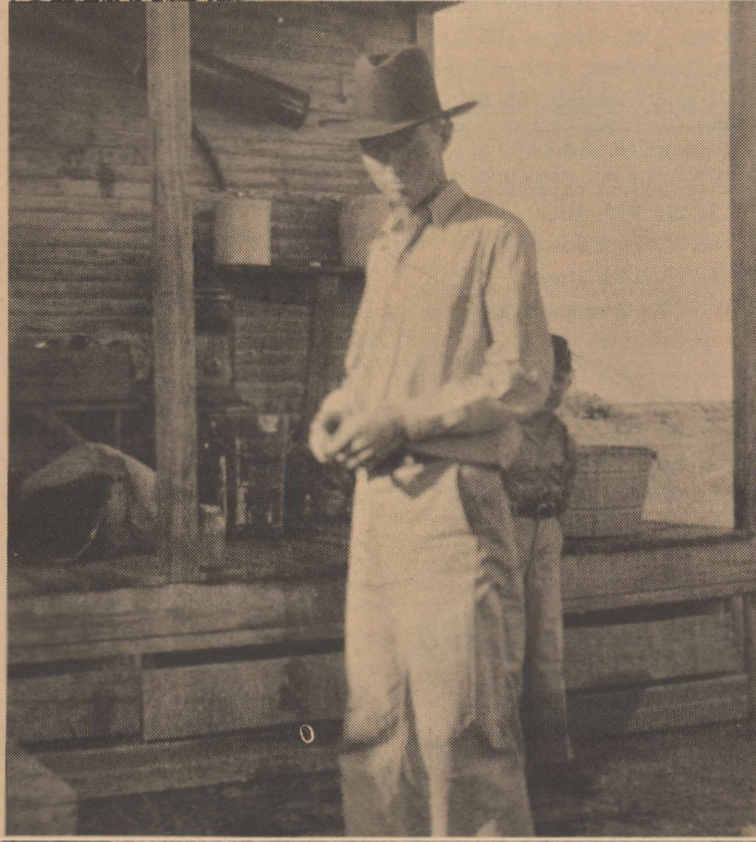

"Just go ahead," she said, "that will probably be all the truth you tell them."

"I've been lying down and resting." "No, I don't even have that white duck to feed anymore. All I have to feed is just Opal. The doctor gave me some capsules to take. He said my troubles had a long name but in just plain talk 'just a bunch of nerves'. I'm going to have to go back in another 2 weeks to see him. Edwin drove me down to Andrews to see Dr. Ramsey. No, I'm not going to drive into town today and don't fuss at me. Just remember I'm pretty fussy myself. I did put out a little washing today and hung it up, but it made me tired and I had to lie down and rest. But I'M STILL ABLE TO SMILE and fuss at you pretty good because you need it."

**Proposed CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT (HJR30)
General Election Nov. 3, 1970**

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsections (5), (6), (7), (8), (9), (11), (12), and (13), Section 1-a, Article V, Constitution of the State of Texas, be amended to read as follows:

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceedings shall be by majority vote of those present, except that recommendations for retirement, censure, or removal of any person holding an office named in Paragraph A of Subsection (6) of this Section shall be by affirmative vote of at least five (5) members.

"(6) A. Any Justice or Judge of the Appellate Courts and District and Criminal District Courts, any County Judge, and any Judge of a County Court at Law, a Court of Domestic Relations, a Juvenile Court, a Probate Court, or a Corporation or Municipal Court, and any Justice of the Peace, and any Judge or presiding officer of any special court created by the Legislature as provided in Section 1, Article V, of this Constitution, may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties or casts public discredit upon the judiciary or administration of justice; or any person holding such office may be censured, in lieu of removal from office, under procedures provided for by the Legislature.

"B. Any person holding an office named in Paragraph A of this subsection who is eligible for retirement benefits under the laws of this state providing for judicial retirement may be involuntarily retired, and any person holding an office named in that paragraph who is not eligible for retirement benefits under such laws may be removed from office, for disability seriously interfering with the perform-

ance of his duties; which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to the misconduct or disability of particular persons holding an office named in Paragraph A of Subsection (6) of this Section, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) After such investigation as it deems necessary, the Commission may in its discretion issue a private reprimand, or if the Commission determines that the situation merits such action, it may order a hearing to be held before it concerning the removal, or retirement of a person holding an office named in Paragraph A of Subsection (6) of this Section, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the record and report of a Master, the Commission finds good cause therefor, it shall issue an order of public censure or it shall recommend to the Supreme Court the removal, or retirement, as the case may be, of the person in question holding an office named in Paragraph A of Subsection (6) of this Section and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order public censure, retirement or removal, as it finds just and proper, or wholly reject the

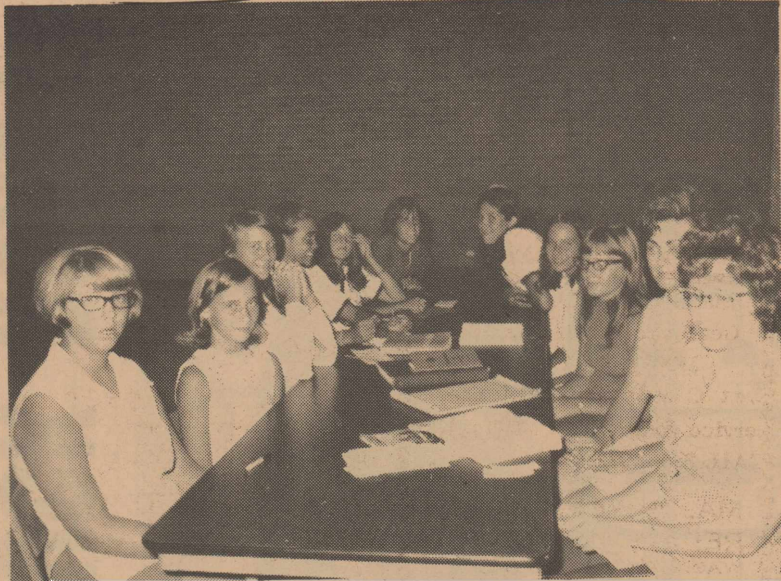

recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary."

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any person holding an office named in Paragraph A of Subsection (6) of this Section, against whom a proceeding is instituted to cause his retirement or removal, due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the person holding an office named in Paragraph A of Subsection (6) of this Section in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

"(12) No person holding an office named in Paragraph A of Subsection (6) of this Section shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to and cumulative of, the methods of removal of persons holding an office named in Paragraph A of Subsection (6) of this Section provided elsewhere in this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment relating to the removal, retirement, or censure of Justices, Judges, and Justices of Peace under prescribed circumstances."

She finished her shopping and was being checked out and ask, "Who are you going to hire to fill the vacancy?" Answer, "There was no vacancy created when George left." Baker said futher, "Be something and be somebody as a ball player; be something and be somebody in your community; and be something and be somebody in the church where you go. being a Christian takes an effort and some hard work." He closed his talk by saying how excited he was over the prospects of the football team at Texas Tech.

TEACHERS FOLLOW CHILDREN DURING THE SUMMER MONTHS

AUSTIN--The teachers who followed the children following the crops will spend August 13-14 at the Texas Education Agency exchanging ideas which may improve education for young Texans who don't get to spend a regular school year in one place.

Early this summer the 24 teachers traveled to 18 states, all part of the Texas Migrant Interstate Cooperation Project, to work with school officials. Each teacher already had experience in instructing migrants, and plans to continue on that job in a Texas school district this year.

They worked directly with classroom instructors of migrants and specialists in state departments of education. Through the hot summer the Texans visited approximately 300 schools, called on parents in labor camps, worked with and observed children, and talked migrant education with anyone who seemed interested.

They also stored up information and photographs. This school year they'll be telling individual Texans and civic groups the way it is when you're young and trying to learn in bits and pieces across hundreds of miles of crop land.

The teachers went to the following states: Ohio, Wisconsin, Washington, Iowa, Minnesota, Colorado, Indiana, Oregon, Illinois, Wyoming, California, Nebraska, Kansas, New Mexico, Montana, Idaho, Michigan, and Florida.

Information From Social Security Office

BY DOROTHY FEAZELL

DID YOU KNOW THAT THE SOCIAL SECURITY ADMINISTRATION OPERATES ONE OF THE LARGEST RECORD-KEEPING SYSTEMS IN THE WORLD? THERE ARE 183 MILLION INDIVIDUAL RECORDS AND 320 MILLION REPORTS OF EARNINGS THAT GO ON THESE RECORDS EACH YEAR.

THIS VOLUME REQUIRES USING THE LATEST ELECTRONIC COMPUTERS TO HANDLE THESE REPORTS QUICKLY AND ACCURATELY. BUT THIS IS ONLY PART OF IT. TO MAKE CERTAIN THAT EVERY WORKER GETS FULL CREDIT, HE AND HIS EMPLOYER MUST DO THEIR PART. WHEN YOU HIRE AN EMPLOYEE, TAKE A LOOK AT HIS SOCIAL SECURITY CARD. BE SURE YOU COPY HIS NAME AND NUMBER DIRECTLY FROM THE CARD. DON'T TRUST MEMORY OR AN UNOFFICIAL RECORD. THIS APPLIES TO THE WORKER, TOO----HE SHOULDN'T RELY ON MEMORY. HE SHOULD SHOW YOU HIS SOCIAL SECURITY CARD.

IF YOU OPERATE YOUR OWN BUSINESS YOU MUST SHOW YOUR CORRECT SOCIAL SECURITY NUMBER ON YOUR ANNUAL FEDERAL INCOME TAX RETURN TO GET CREDIT FOR YOUR OWN SOCIAL SECURITY. SO, BE VERY CAREFUL WHEN YOU MAKE THAT REPORT.

MRS. JERRY LEE AWALT

Vows Solemnized

The First United Methodist Church of Seminole was the scene of the marriage of Miss Lynda Jean Shults and Jerry Lee Awalt at 7:00 p. m. August 15, 1970. Dr. Tilden B. Armstrong performed the double ring ceremony before the communion table graced with an arrangement of gladiolas and mums flanked on either side with a candle tree.

Traditional wedding music was presented by Mrs. Dayton Elam, organist, who accompanied Mrs. Jerry Winchester, soloist, for "Whither Thou Goest" and "Because God Made You Mine".

Parents of the bride are Mr. and Mrs. H. W. Shults, Sr., 607 S. W. 16th St. and the bridegroom is the son of Mr. and Mrs. Virgil Awalt of Wingate, Texas.

Escorted to the altar and presented in marriage by her father, the bride was lovely in a Juliet gown of white satin faille and English net applied in alencon lace. The moulded bodice and sleeves were gathered to narrow cuffs of the faille accented with self fabric bows jeweled in pearls with lace ruffling falling over the hands. Plastrons of lace appliques were scattered over the controlled skirt of faille; with fullness at the back shirred to a lace yoke sweeping to a chapel length train. Her veiling of silk illusion drifted in tiers from a matching lace caplet. She carried a colonial bouquet of white roses with streamers tied with love knots atop a white Bible.

Miss Sammie Hill attended the bride as maid of honor. The matron of honor was Mrs. Milton Gibson, cousin of the bride, from Weatherford. Miss Norma Thompson, Abilene and Miss Tricia Edens of Dalhart were bridesmaids. The attendants were attired in floor length gowns of pink dotted swiss accented around the neck and empire waist with pleated lace. They each carried a long stem red rose.

Larry Awalt of Abilene served his brother as best man. Groomsmen were W. C. Dunn, Abilene, Johnny Patterson, Winters and Larry LeFever of Abilene. Ushers were Hollis W. Shults, Jr., brother of the bride and Milton P. Gibson, cousin of the bride from Weatherford.

Miss Cindy Borjas was flower girl. Her dress was identical to the bride's attendants'. The ring bearer was David Gibson, cousin of the bride. Michelle and Kelley McCabe of Grandfalls were candlelighters.

The reception was held in the Fellowship Hall at the M. S. Doss Chapel. The bride's table was spread with a lace cloth over pink. A three tiered crystal candelabra and the bride's bouquet graced the table. The tiered confection and bridal punch were served with crystal and silver appointments.

After a wedding trip and August 24 the couple will be at home at 1305½ Meander, Abilene, where they are both students at McMurry College. The bride is a graduate of Seminole High. The groom graduated from Winters High School.

Out-of-town guests were from Abilene, Winters, Wingate, Brownwood, Weatherford, Mesquite, San Angelo, Dalhart, Denver City, Odessa, Grandfalls, Lubbock, Brownfield, Hobbs and Albuquerque, New Mexico.

Vows Exchanged

Nelda Renea Todd and Dean Ray Ford pledged double ring vows August 15, 1970, at 8:00 p. m. in the home of her parents, Route 2, Seminole. Rev. A. W. Wellborn of Brownfield officiated the ceremony before a window edged in greenery under which a table covered with a white cloth stood with a candelabra and an improvised altar of white mums.

The bride is the daughter of Mr. and Mrs. O. C. Todd, Route 2, Seminole. The bridegroom is the son of Mrs. Ada Ford of Carlsbad, New Mexico.

The bride was attired in a street length dress made of white lace over satin. It featured a square neck and long lace sleeves. Her shoulder length veil of net was attached to a pill-box hat with petals and tiny pearls. She carried a cascade of red roses with long streamers atop a white Bible.

Maid of Honor was Miss Dorothy Beeks. She wore a street length, sleeveless, pale pink dress with a lace overlay. It was accented with a round neck trimmed with pearls. She carried a white mum sprayed red with white streamers.

Richard Parson served the groom as Best Man. Darrell Todd, brother of the bride, served as candelighter.

The reception immediately followed. The bride's table was beautifully centered with a basket arrangement of pastel flowers and swans. The traditional miniature bride and groom were atop the three tiered cake which was decorated with pastel colored flowers.

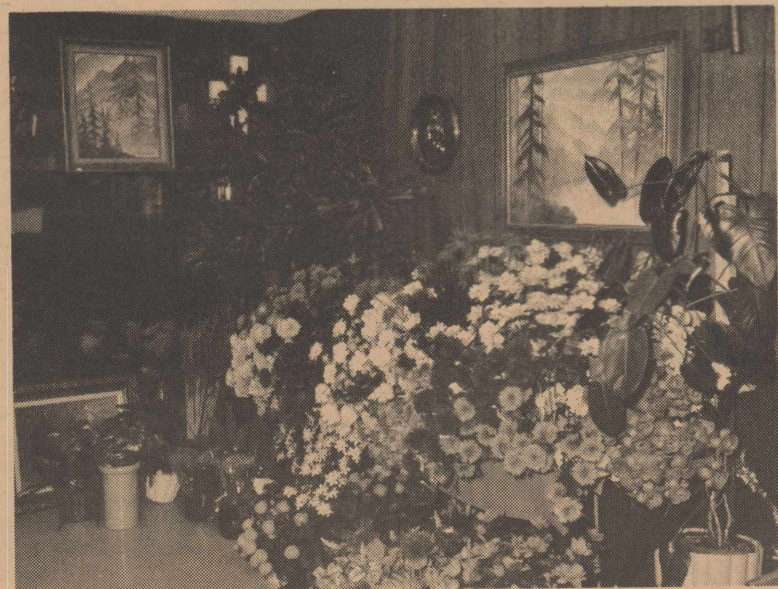

Guests were present from Carlsbad, New Mexico; Lubbock; Brownfield; Grand Prairie; and Fort Bragg, North Carolina.

After a wedding trip to Carlsbad, New Mexico, the couple is at home at 400 S. W. Ave. E.

PEACE SYMBOL?

Are You Sure?

This is the symbol worn by many of today's young people and is known by them as the "Peace Symbol."

We wonder how many of them, or you for that matter, know the real meaning of this symbol?

The "Peace Symbol" is not something that is the product of today's restless youth. It was well-known back in the Middle Ages and was known either as the "Crow's Foot" or the "Witch's Foot." Now are you ready for the real shock? THIS WAS THE SIGN OF THOSE WHO WERE OPPOSED TO CHRISTIANITY! It was (and is) the Anti-Christ symbol. Look at it closely. What do you see? It is a Broken Cross turned upside down. Now do you see why it is a subtle sign of those who are opposed to Christianity?

It is used today as a central part of the national symbolism of Communist Russia. It appears the Communists are winning their battle for the minds of our youth. They are making special efforts to capture the attention of today's youth in America. Many young people are familiar with the Peace Symbol and wear it as jewelry and even paint it on their cars.

There are those in the Garment Industry who have the Broken Cross embroidered on their jackets and many other garments. It is manufactured as a metal trinket and worn on a chain and many young people wear it as a "fad" gadget, not realizing they are supporting the emblem of the Anti-Christ, the Broken Cross.

Be sure of this---every person who knowingly or thoughtlessly wears this emblem is bringing joy to the hearts of those dedicated to the destruction of everything we hold dear. The Communists are gleeful when they see this symbol worn by Americans. It is the mark of Atheism.

SEMINOLE NEWS

Section II Seminole, Gaines County, Texas

Editorial

I would not care if the mail I send were postmarked Lubbock, Texas if it would improve the service rendered. At one time a letter could be sent to Loop, dropped off in Seagraves and go to Loop, but not so anymore. It has to go to Lubbock, taking it an extra day. A letter mailed in Loop, thirty miles away, on Monday, gets to Seminole on Wednesday. What retarded thinker figured out this system? Again, I would not care if the mail I send were postmarked Lubbock if the price were cheaper to send it. I have not heard anyone say the prices were going down. Have you? What computer figured out this system?

When I write from Seminole I'd like to think that the people receiving my letters would think that I stay at home some and am not running off to Lubbock every time I want to send a letter. Under the new system that exists today, only letters mailed in our town to people in our town have a Seminole postmark. I really rejoiced in Kerrville the other day. On Thursday the paper came in. I grabbed it up to read it, only to find out it was eight days getting there. I'm of the opinion that cancellation centers such as Lubbock are not really interested in when the Seminole mail gets out of their post office.

I am the first to agree that the post office system needs a revision and updating, but a great big sorting and cancellation machine in larger towns may not be all the answer. I think small towns deserve better, will demand better and get better service even if the postal department has to be sold to private enterprises. If they cannot straighten out their own system, let's try a new one. First of all, let's get back our home town marking and mark Seminole mail, 'Seminole mail'.

It seems that the mail problem is not local. But the problem arises once it leaves Seminole. It would be interesting to know when you receive your SEMINOLE NEWS. At one time newspapers were carried to the Post Office addressed, not so any more. They are bundled, if as many as five of one zip, and placed in respective mail bags. Mail trucks pick them up on Wednesday evening approximately 4:00 p.m. (one truck picks up mail at 4:00 p.m. and another one at 5:30 p.m.) for out of town delivery. We cannot blame the subscriber for cancellation if he is not getting the service he is paying for. "But it does make this newspaper feel mighty bad to lose a subscriber on account of the fact that he cannot get his newspaper on time, when this newspaper makes such an all-out effort to see that he does get it on time," from The Groesbeck Journal.

A student at Wayland College in Plainview said, "At the first of last year I received my paper on Thursday morning. Just before Christmas I did not receive my papers before Friday and then in the Spring I did not receive my papers before Saturday morning."

From Loma Underwood, Cleveland, New Mexico, "Please mail my paper one day early so I can get it before Monday."

Letters reach their destination so slow in Lubbock that important mail is being sent by bus to assure speeded delivery. Companies (example: Phillips), run their own mail cars and it looks like others may have to start.

There is a new sign up at the local Post Office at the out-of-town window which reads, "If you want a Seminole post mark on your letters drop out-of-town mail into the local drop inside the post office. This will not delay your out-of-town mail if it is dropped before 4:30 p.m."

School Time

Summer vacation comes to an abrupt halt for Seminole youngsters with the sound of school bells Monday morning. If it seemed a short summer, it was. Due to the action of the last Legislature in lengthening the school year from 175 to 180 days for pupils and to 190 days for teachers, Texas schools are getting off the mark approximately a week earlier than usual.

School officials are expecting about the same opening day enrollment as last year when 1963 pupils were present for the first day. Traditionally, enrollment builds during the harvest season and usually peaks shortly before Christmas with a moderate decline thereafter.

A full staff complement of 128 professional personnel shows eighteen new faces as replacements or additions from last year. Sixteen of these are replacements with the two additions being a second homemaking teacher in high school and a kindergarten teacher for educationally deprived students.

Monday will be a full day of school for all pupils with the exception of first graders and kindergarten pupils who will attend only until noon during the first week. Cafeterias will be open and buses will make morning and afternoon runs at the regular times.

Preregistration has been completed and pupils who were unable to pre-enroll may register in their respective buildings Monday.

Orientation and in-service activities for teachers begin Thursday with a general faculty meeting in the high school auditorium at 9:00 a.m. when Superintendent James Bramlett will greet teachers and make announcements. Immediately following this, the Chamber of Commerce will host a coffee in the school cafeteria for all teachers.

Workshop activities end on Friday afternoon when the Seminole Classroom Teachers Association has coffee and doughnuts at 3:00 o'clock in the cafeteria for all professional personnel.

First holiday will be Labor Day, September 7.

Letters to the Editor

Dear Mr. Walter Woods,

If you think you have the cutest and sweetest grandchildren in the country, I'll agree with you. You have. Sabrina, Stephine, and Shanna are three of the sweetest I know. Their mom and dad, Judy & Jim Wilson, are pretty nice too.

Mom and I read the Seminole News as if we know everyone in Seminole. Hope you get your doctors and hospital. There seems to be a shortage of doctors everywhere. We could use at least 3 more.

How's the peach crop this year? Sure enjoyed them last year.

Tell the family hello. We will be looking forward to seeing you all on your next trip north.

Again, thanks so much for the paper.

Sincerely,

Mr. Woods,

We have received a tape from Chet.

He is in Wuritzburieg, Germany. He sends regards to you and all his friends at the News office.

Said the country was beautiful but he is so lonesome for Seminole and all the home folks.

He ask you to put his address in the paper and ask all his friends to write him.

He is real good about writing and said he would write every-one.

His wife (Belinda) will be going in a few days.

He is going to school three nights a week and get his degree in English and taking a course in German.

He said they have a very nice college there.

He would like the address of Milton Jones, Larry Cypert and anyone else that might be there from Seminole.

I'm sure Madeline got his address but I'm sending it to you again so you can be sure he gets the News.

CAR OWNERS CAN CASH IN ON INSURANCE DISCOUNTS

Highways are happy ways for motorists on the way to the bank to stash away some currency of the realm. When you need cold cash there's nothing more comforting than nice warm money.

Car owners can pocket extra cash simply by saving on their auto insurance. Here's how:

--If you (and others in your household who drive your car) haven't been tangled up in a car accident that was your fault, and haven't been convicted of a serious traffic violation for the past three years, you qualify for a discount on your auto insurance premiums.

These money-in-the-bank discounts range up to 20 per cent, depending on the state where you live.

--Thousands of high schools and colleges offer drive education courses to teach young men and women how to duck disaster by not driving like a berserk jaybird. You may be eligible for a premium discount if the youthful operators in your household have successfully completed one of these safety courses.

--In some states, perhaps yours, a discount as high as 25 per cent is offered to young men and women students who make the grade with high marks -- in the upper scholastic strata of their class, have a 'B' or better average, or are on the "Honor Roll."

To be eligible for this financial bonanza, the student must be at least 16, a junior or senior in high school or a full-time college or university scholar.

AGRICULTURAL LAND ASSESSMENT STUDY COMMITTEE TO HOLD PUBLIC HEARING

AUSTIN -- The Agricultural Land Assessment Study Committee will hold a public hearing in Lubbock Tuesday, August 25, at 10:00 a.m. in the KoKo Palace, 5201 Ave. Q.

The Committee, headed by State Senator Wayne Connally of Floresville, is holding a series of statewide hearings to gather information needed to draft legislation establishing a uniform method of assessing land

for tax purposes. Constitutional Amendment #3 on the November 3 General Election Ballot, if passed, would authorize the Legislature to consider these bills next year.

E. L. Short, State Representative from Tahoka who is a member of the fifteen member committee, said, "I know from personal experience the tax problems that exist in the Plains region of West Texas. As a fact-finding group, the Committee needs to hear testimony from all viewpoints concerning the tax question in order to formulate a report to the Legislature in January. There are burdens on both the farmers' and tax assessors' shoulders that must have immediate attention."

Other Committee members are Senators Jim Bates of Edinburg, Joe Christie of El Paso, William T. Moore of Bryan, Ralph Hall of Rockwall; Representatives Jack Blanton of Carrollton, Steve Burgess of Nacogdoches, Honore Ligarde of Laredo, and Bill Swanson of Houston.

Also Michael L. Frost of McAllen, Alfred Negley of San Antonio, Sidney Dean and Jay Naman of Waco, and Bill Hoffmann of Jasper.

No, these are not three snakes that C. W. Chatman, Route 4 Seminole, is holding. They are green beans, 27" long. They were sent last year from Thailand from his son, Clifton, who is now retired and lives in Duncanville, Texas. Mr. Chatman is the manager of the CBK Peach Orchard (formerly Wolfe's). The Chatman's moved to Seminole from Weatherford, Texas, two years ago. Their daughter is Linda Hancock who's husband, Tommy is in the Air Force in Korea.

When one bean is shelled it looks like enough for about one good helping.

TRI-CITY ALL STARS GO DOWN BATTLEING

The Tri-City All Stars made up of players from Seminole, Denver City, and Seagraves went down battleing last Thursday night at Pampa and were beaten by the All-Stars from New Orleans 8-5. The Babe Ruth Squad from the three cities suffered an opening game loss 11-0 in a no-hitter thrown at them by Albuquerque. Then they jumped right back last Wednesday night and beat Pampa 7-3 with Cayce from Seagraves doing the pitching.

Playing from Seminole on the team were Donald Roberts, Jim Livingston and Renee Williams. The young ball club was disappointed as the the winner in the regional double elimination tournament would have traveled on to California and the Babe Ruth World Series.

ART SHOW BY MRS. ELIZABETH JOHNSON

Seminole artists may be interested, as I was, in the report of a recent show of arts and crafts which was held in the historic village of Salado, Bell County, Texas, August 1 and 2, 1970.

My sister, Mrs. F. Allamon of Austin, Texas, who is a well known artist, visited me just before she attended this show. She sends me this report of the show. From her recent letter:

"There was 10,000 to 15,000 pictures there--thats true. There were 135 booths and each booth had at least 50 pictures in it. I took 32 framed and many, many more unframed, and I had nothing compared to what some others had. I saw at least 20,000 people.

"The weather was hot!--102°, and I was a long way from the spring--no water available where I was--I kept the Boy Scouts busy buying ice"--etc.

Salado, a village of only a few hundred people, and birthplace of this writer, is about 17 miles from Camp Hood (Killeen, Texas) and 10 miles from Belton--on the Belton to Georgetown highway.

The Creek which runs through the village is fed by millions of springs--cool, clear, water, with water cress, water lilies, cat tails and ferns growing in profusion.

The name of the town and creek are spelled alike but pronounced differently. Salado Creek is still pronounced by the Spanish pronunciation "Sa'-la'-o." It was an Indian village before E. S. C. Robertson became agent or empresario and settled the second colony in what was then Coahuila, Texas (Austin's Colony 1821--and Robertson's Colony began as early as 1825, but had difficulties which caused a delay in complete settlement).

Here may be seen either the buildings or the ruins of The Robertson home, the ruins of Old Salado College (one of the two first institutions of higher learning in the state); The Old Stagecoach Inn (with its relay barns)--now a museum; a log cabin of Indian days and many other land marks of the past.

For Salado was first an Indian village, then on the stage coach route, the "old Corn Road," the military road, the main branch of the old cattle trail--and many many other points of history are associated with this little town.

The art fair was held on both banks of the creek (north and south banks). It is sponsored by the Chamber of Commerce, Salado, Tex. (zip 76571) and if you are interested you may obtain more information by writing to them now and asking for their printed program which was used this year.

The purpose of the fair isto attract artists to Salado and afford them the opportunity to present their talents to the public and to give the public a chance to discover new talent--etc, etc.

"With your support Salado can become the Taos of Texas"--reads their announcement.

There were food concessions, etc, available and the program this year included a 'melo-drama' entitled "John Brown's Body" (with excellent actors)-- "announcements of purchase, prize winners and other awards in the judged art show, and a drawing for door prizes--etc, etc.

Here is a quote from this year's program: "Appreciation: Our sincere appreciation to all of the artists and craftsmen who participated in the 1970 Salado Arts and Crafts Fair. We hope your stay has been both profitable and pleasant. Please plan to come back in 1971."

Forrest (Taddy) Gist, a former Seminole resident and now residing in Temple, was a patron of the Salado Art Fair.

GUN LOVER

If you're a lover of guns, if you enjoy cleaning guns, if you love to shoot guns, this article will introduce you to something new in guns. The new V/L rifle introduces the first new shooting system in over a hundred years. It is manufactured by the Daisy/Heddon, Rogers, Arkansas 72758 - Division Victor Comptometer Corporation

The new type of firearm shoots a new type of ammunition--no case and no primer. It is simpler, it is less expensive. No hammer, no firing pin, no extractor and no ejector. "It fires 29-grain missile at 1150 feet per second...comparable to conventional .22 Long ammunition."

When the trigger is pulled it releases a heavy spring that drives the piston forward in the cylinder. Attached to the lead missile is a plastic cap that houses the grains of powder.

It's hard to believe that the new rifle is the first innovation since incased rimfire replaced the old cap and ball.

If you want a demonstration contact Miles Warlick or Bill Wescott.
